BATTLE OF THE ATLANTIC SUNDAY IS MARKED MAY 2

VICTORY AT SEA—The German submarine U-190 slides quietly to a mooring in the harbour of St. John's Nfld., one of two surrendered U-boats taken to Canadian ports 20 years ago this month. The other was U-889 which wase scorted to Shelburne, N.S. From September 1941 to March 1945 RCN warships destroyed or helped destroy a total of 29 enemy submarines, most of them in the Battle of the Atlantic which waged unremittingly throughout the Second World War. Battle of the Atlantic Sunday is observed annually across Canada with church parades and ceremonies by present and former naval personnel and merchant navy veterans, this year on May 2.

Noted Geographer is Canadian Club Speaker

"Geographically, the Communist countries in Asia seem to form a fortress surrounded by a belt of pro-Western countries", Dr.Bodgen Zaborsky, told members of Morrisburg and District Canadian Club Wednesday at a meeting in Morrisburg Civic Centre.

Dr. Zaborsky, o fthe Institute of Geography, University of Ottawa, spoke on the subject "Some Political Problems of Southern Asia as seen b ya Geographer'.

Using an ethnic map, the speaker pointed out that China and other Communist countries are surrounded by an almost continuous belt of pro-Western and non-committed countries politically sympathetic to the West. These are countries ideologically ready to defend democracy, freedom and the Western type of civilization.

"The beseiged communist countries are politicall yand militarily making efforts to disrupt this belt of pro-Western countries to find gaps to expand", he said "Guerilla, undeclared wars appear to be battles of local population, but in reality, these people are puppets of World Communism, which is trying to find outlets across the surrounding belt of freedom. Most significant are: the wars in Viet Nam, the border trouble between India and Pakistan, and the fighting between Indonesia and Malaysia."

"The stress now is to join Communist countries across Viet Nam and Indonesia. The southwest sector of southern Asia seems quiet today, but" Dr. Zaborsky pointed out, "fifteen years ago Iran was the scene of savage civil wars and much may happen in the future.

"Western unity", he said, "is far from ideal. The attitude of De Gaulle in France, the differences between Greece and Turkey because of Cypress, and the Kurds, fighting in Iran, add to the difficulties on our side. However the Communist ruled countries have similar problems. China and Russia say they will fight together in case of war, but no one knows.

"The split between Russia and China, and Russia and the sattelite countries is growing, and we can only hope that peace will be kept, because of Western and pro-Western countries animated by Christian religion and ideals.".

In conclusion, he said: "The rulers of Communist countries are not foolish. The relation of power between Western Countries and the Communists is approximately 3 to 1, and we hope that unless a war by escalation occurs, as in Viet Nam, democratic ideals will triumph and peace can be maintained".

Dr. Zaborsky was introduced by President George Elliott of Winchester, and thanked by vice President Douglas McGillis of Morrisburg.

The next meeting of the Canadian Club is May 12th, when the guest speaker will be Dean F. Allan Leal, Q.C., of Osgoode Hall.

REPORT FROM RIVERSIDE HEIGHTS COMMITTEE

Ask New Meeting With Twp. Council

At a recent meeting of the Riverside Heights Community Committee, two new names were elected on the executive council to help serve our communities in Williamsburg Township. They are Mr. Earle Baker and Mr. Fred Deeks, both of Mariatown, men keenly interested in progressive civic service and both experienced in community affairs.

The Riverside Heights Community Committee welcomes them to the Council Board.

Any delay that may appear in arranging the next meeting with Williamsburg Council, and area taxpayers is due to time absorbed obtaining the necessary data relative to the problems of fire protection, fire insurance, and removal of fire hazards, which both the Riverside Heights Community Committee and the Williamsburg Township Council were delegated to acquire, at the last meeting.

On April 9th, Mr. Richardson, secretary to the Riverside Heights Community Committee, by letter, informed Mr. Keith Schell, Williamsburg Township Clerk, that the Riverside Committee had secured the necessary information, as required of them, and trust that the Williamsburg Colncil had been successful in compiling their particulars, asking that a meeting be arranged by the Williamsburg Council, to meet with the Riverside Heights Community Committee, and area taxpayers, as formerly agreed, as early as convenient. It was requested that two weeks advance notice be given in order that representative people may be present to give their authoritative point o fview.

Expected to attend this meeting will be insurance agents and officials, and Mr. Rousseau, Counties' Fire Warden.

Due to the seriousness of the situation and the heavy, newly imposed insurance rates that may be incurred on taxpayers in the Township, it is hoped that all taxpayers interested in their present hazardous position will attend.

On May 1st, the Williamsburg Township Council will be holding a regular meeting, when it is expected they will discuss the matter, and set a date for the meeting, which will be announced in The Morrisburg Leader.

The meeting will be held at the Anglican Church Assembly Hall as before, at the usual time, 8 p.m., Riverside Heights, Morrisburg

Some citizens in other parts of the township have expressed a desire to attend, realizing the matter concerns them too. Everybody is welcome. It is to the benefit of all township taxpayers that they attend the meeting.

It is interesting to note that an editorial appeared in a daily newspaper, commenting on our action, stating how important the outcome of this meeting can be to taxpayers in this, and other communities faced with a similar problem.

RIVERSIDE HEIGHTS WOMEN'S INSTITUTE

Mrs. Lee Casselman will be the delegate to represent Riverside Heights Women's Institute at the annual area conference to be held at the Chateau Laurier, Ottawa in October. This and other items of interest were discussed at the annual meeting of Riverside Heights organization held Wednesday April 21 in the Institute Hall.

President, Mrs. Gerald Erratt conducted the meeting, when annual reports by committee convenors were read and accepted. The treasurer reported that a recent food sale had been successful.

Mrs. Erratt outlined coming events of interest to the Institute and the community: April 30, Mr. Eugene Benware will present slides on Japan in the Institute Hall. A silver collection will be taken, with everybody welcome; May 5, A course entitled "Colour and Your Home will be held at the Legion Hall, Chesterville; May 15, Summary Day for 4-H Clubs will be held in North Dundas High School; May 19 will see a Tupperware paty at the Institute Hall.

The treasurer was authorized to pay insurance premium on contents of the Institute building, and to engage Mr. Everett Rush to tune the piano prior to the district annual meeting which will be held at Riverside Heights in June.

Short study courses for the fall were selected in the following order: Focus on Finishes, Vegetables With a Flair, and Hats for You.

Roll call was answered by payment of dues.

LACROSSE ASSN. ANNOUNCES GRANT

The Morrisburg Lacrosse Association again announces the receipt of a grant of equipment from the Ontario Athletics Commissioner. This year's grant is again in the form of sticks (3 dozen, plus 2 goal sticks). This equipment can be used only for minor lacrosse.

These sticks should be available in the next two weeks and will be distributed when they are received.

The grant was made available through the efforts of the local executive and both the federal and provincial representatives for this riding, Mrs. Jean Wadds and Mr. Fred Cass.

The association hopes to operate the same three minor teams as last year and will start registration as soon as the arena becomes available.

POPE SENDS BLESSING TO ONTARIO GOVT. RECONSTRUCTION PROJECT

LONDON, Ont.—Pope Paul VI has given his blessing to the reconstruction by the Ontario Government of Ste. Marie among-the-Hurons near Midland, Ontario.

Word of the Apostolic blessing was brought here by Dr. Wilfrid W. Jury, honorary curator of the Museum of Indian Archaeology and Pioneer Life at the University of Western Ontario, and reconstruction director for Ste. Marie I.

Dr. Jury and his wife, Elsie McLeod Jury, were granted an audience with His Holiness during a recent tour of Italy and France to research seventeenth century architecture, construction techniques, crafts and trades.

"Pope Paul was eager to hear details of the rebuilding of the Jesuit mission-home of North America's eight martyred saints and the first white settlement in Ontario", reported Dr. Jury. "He asked me to carry his blessings to the University of Western Ontario, which is conducting the research and reconstruction, and all others associated with this hallowed undertaking".

The Ontario Government is financing the reconstruction of Ste. Marie I, which is under the administration of the Huronia Historical Development Council. Work started last summer and will continue for another two summers in the expectation that the completion will coincide with Canada's Centennial in 1967. Ste. Marie among-the-Hurons is not designated a centennial project of the Province.

During his visit to Rome, Dr. Jury was welcomed by an old friend, Rev. John L. Swain, S.J., a native of Kemptville, Ontario, former provincial of the Society of Jesus in the Province of Upper Canada and now vicar-general of the order in Rome. They became acquainted during Father Swain's residence in Toronto when from 1948 to 1951 Dr. Jury was excavating Ste. Marie I.

"I reported to Father Swain that the University was proud to have charge of the research and that we had a grou pof dedicated workmen, many of French Canadian descent, who realized they were privileged to work on the ground where six o fthe martyrs lived more than three hundred years ago", Dr. Jury said. "He sent his blessings to the workmen".

In a subsequent letter to Dr. and Mrs. Jury, Father Swai nexpressed hope that the Ste Marie I reconstruction would "make Canadians more appreciative of their common heritage and help to ease the tensions and strains of Canadian federation".

Samuel de Champlain, commandant of the Colony of New France, and a Roman Catholic priest, Father Joseph Le Caron, left Quebec in 1615 in separate canoe flotillas to introduce Christian civilization to Huronia, the home of 30,000 Huron Indians. The first four missionaries were Recollets, succeeded in 1626 by the Jesuits, who founded Ste. Marie I in 1639 as a mission-home and administratvie centre. After the Iroquois defeated and destroyed all but a few hundreds of the Hurons and martyred six of the missionaries — three near Auriesville, N.Y., and three in Huronia — the Jesuits fired and abandoned their settlement. Today, Ste. Marie I is rising again in the shadow of the Martyrs' Shrine, Canada's national shrine of the eight North American martyrs.

The text of Father Swain's letter reads:

"It has been a great pleasure for me to have this visit with you in Rome to get first-hand news of the project of the reconstruction of Sainte Marie des Hurons. I shall be following the completion of the work with great interest and I look forward to seeing it myself before too long.

"Your long association with the site of Sainte Marie and your profound knowledge of the archaeology and the history of the Huron Missionaries are a guarantee that the present project is in the best possible hands . . .

"May the completed work of Sainte Marie make Canadians more appreciative of their common heritage and help to ease the tensions and strains of the Canadian federation.

"In my own name and on behalf of the Jesuit order I thank you for all you are doing. God bless you both".

Dr. and Mrs. Jury are Protestants.

HOW'S YOUR DRIVING I.Q.?

Most automobile skids are the result of (1) under-inflated tires? (2) too much snow or ice on the road? (3) over-inflated tires? (4) driving too fast on slippery road surfaces?

According to the Ontario Safety League (4) is correct. But remember, you're more likely to skid if the treads on your tires are worn. If your car does start to skid, you should turn the front wheels in the direction the rear end is swinging.

Lions Club Will Sponsor Film May 6

At 8 p.m. Thursday, May 6th, the Morrisburg Lions Club is sponsoring a general meeting for the benefit of the public in featuring the magnificent colour film produced by the Industrial Division of the Canadian National Railways, entitled "1964 in Review". There is no admission fee.

This sound, colour film will be directed by Mr. Stanley Durrant, chief industria lagent for the C.N.R. It is an educational must, covering an hour of entertaining travelogue, that no one should miss.

It is an opportunity for the public to view the massive work done by the C.N.R. Industrial Division, in promoting industry into new areas. Giving an exciting preview of what goes on behind the scenes generally unknown to the public. Annually, man ymillions of dollars are spent by C.N.R. in promoting the nation's industry, exploring, developing and building across Canada. You see enormous, formerly unseen machines at work and the big clerical staff at work in research and compiling a wealth of unusual data. On the other hand, the film presents a splendid travelogue showing the scenic beauty of Canada from coast to coast, into the Arctic, and including Newfoundland.

Mr. Durrant is well known to the civic officials at Morrisburg, having worked hard in close association with the municipal councils and industrial committees, in bringing industry to our area. He is probably the best informed man on industry and planning in the Province of Ontario, and highly respected.

The Morrisburg Lions Club is to be congratulated in sponsoring this instructive sound, colour film. Another star in their crown in their splendid efforts to serve.

In conjunction with the Lions Club, the Morrisburg Council is sending a special invitation to neighbouring Council Boards and Industrial and Planning Boards, to attend. Mr. Durrant will also discuss some of the planning problems we are facing in meeting the demands that incoming industry imposes on a community. It is to the interest of the public to be well informed for the great changes that lie ahead of the community Be sure to attend. Bring your friends and enjoy this spectacular film, and see what the C.N.R. does in promoting industrial prosperity to our country.

The Lions Club are making no admission fee. It is a free gift for all to enjoy. Do not miss it, and remember the date, and time. 8 p.m., May 6th, in the Morrisburg Civic Building.

DEPARTMENT OF LANDS AND FORESTS

Weekly Report

SPRING HERE REFORESTATION ACTIVITIES BEGIN
By E. L. Kelly, R.P.F., Farm Forester

Although somewhat behind schedule, Spring has finally arrived in Eastern Ontario. Lifting of transplant stock started at the Kemptville forest tree nursery on Monday, April 19, some ten days later than normal. Seedling stock which comprises mostly of Scotch Pine and Jack Pine will probably not be available until May 1st.

A total of six million trees will be distributed from the nursery this Spring with approximately 1¼ million going to private landowners for plantation and windbreak projects on private lands in Eastern Ontario. The remainder will be planted on Crown Lands in Northern and Eastern Ontario.

Department Foresters will be visiting as many private planting projects as possible to advise on planting methods and management techniques.

Rural landowners in the nine eastern counties of Ontario who wish to obtain planting stock for next Fall or the Spring of 1966 should contact the Ontario Department of Lands and Forests at Kemptville for application forms and related information. In addition, a Forester will be available to visit proposed planting sites and to assist the landowners in selecting the most suitable species for his purpose and growing conditions.

Remember — proper species selection is probably the most important step towards a successful reforestation project.

SPAWNITIS
By R. L. Irvine, Fisheries Management Officer

There are two predominant subspecies, namely Pike Spawnitis and Walleye Spawnitis, and while others exist, they are not so prevalent in this area. Each Spring, after the ice leaves, this disease of the mind causes a rash of illegal taking of fish by thrill-seeking individuals who apparently believe that their wants and desires should take precedence over those of law-abiding and conscientious conservationists. An unfortunate aspect of this disease is that it is, except on rare occasions, only fatal to the innocent nuptial-seeking bystanders.

This year our Conservation officers have the excellent assistance of the Ontario Provincial Police and several Deputy Conservation Officers in contolling the spread of this disease.

There has been some evidence of it here and convictions have resulted in fines of $50.00 and $100.00 plus costs with an alternative jail sentence.

P.S.I. SPONSORED COMMUNITY HEALTH PLAN COMES TO S. D. & G. COUNTIES

The Stormont, Dundas and Glengarry Community Health Plan sponsored by Physicians Services Incorporated (P.S.I.) will officially open for enrolment next Monday, May 3, 1965. An office has been established in the City of Cornwall at 337 Pitt St. Telephone No. WE 2-4104.

The office will be staffed with P. S. I. personnel whoare trained to answer questions on the program and to complete applications. The office will remain open from 9 a.m. to 5 p.m. Monday to Friday for the duration of the campaign.

Physicians Services Incorporated, a non-profit service sponsored by the Ontario Medical Association an Doctors of the province, will provide any permanent resident of Stormont, Dundas and Glengarry Counties with a low cost prepaid medical plan. The plan pays right from the first call, includes surgery, administration of anaesthetics, unlimited X-ray services, eye examination, inoculations and vaccinations, and many other important benefits.

Mayor Dr. E. Emard of Cornwall, has recently introduced the program to the residents of Stormont, Dundas and Glengarry in the form of a letter. Every permanent resident of these counties will be sent a brochure giving full details on the program and an application card which, if completed and returned to P.S.I. before the official closing, will effect coverage on July 15, 1965. To further assure that all permanent residents of Stormont, Dundas and Glengarry Counties are contacted, P.S.I. representatives will canvass throughout the Counties .

Douglas Brown, spokesman for the Plan, advised this newspaper that every permanent resident of Stormont, Dundas and Glengarry Counties is eligible to enrol in this comprehensive coverage, regardless of age or condition of health. There is no age limit for adults, there is no medical examination or statement of health required, there is no enrolment fee, there are no exclusions for chronic or pre-existing conditions, and while you must be a permanent resident to enrol, if you leave the area for any reason, the P.S.I. Plan can be taken with you at no extra cost.

Mr. Brown further expressed the hope that every permanent resident will contact the P.S.I. office to discuss the plan and obtain complete information. Mr. Brown stated that this is a unique opportunity permanent residents have to obtain the comprehensive coverage of P.S.I., that now covers so many thousands of people in Ontario.

BIG SHIPMENT OF DAIRY CATTLE TO ITALY

One of the largest groups of Holsteins ever sent from Canada to Europe left Montreal by ship on April 24th for Italy. These total 340 head, consisting of 210 purebreds and 130 unregistered grades. Most o fthe animals were bred heifers, but 80 open yearlings, eight heifer calves and five bulls were included.

The cattle were assembled and shipped by Tom Hays of Oakville, Ontario and were selected by John Maranesi, representing the importing company in Italy. This company will distribute them to Italian dairymen.

Mr. Hays is hopeful that this large scale shipment will prove that it is possible to supply dairy cattle from Canada for Italy on a competitive basis with traditional European sources.

TWO ONTARIO STUDENTS WIN REPEAT BANK OF MONTREAL FELLOWSHIP

Two brillliant Ontario students have each won their second successive $3,000 fellowships for university study at graduate level under the Bank of Montreal Canada Centennial Scholarship Plan. They are among the nine Canadian scholars receiving awards of $3,000 per annum under the bank's plan.

The awards, for study anywhere in Canada or abroad, were announced by G. Arnold Hart, chairman and president of the bank.

The Ontario winners are Catherine Reid of Willowdale and Michael Church of Downsview. They will compete their first year of fellowship studies this spring, also under the bank plan.

Miss Reid is studying classics at Oxford University and Mr. Church is studying geography at the University of British Columbia. Both were top ranking graduates at the University of Toronto last year.

The winners were chosen by an independent national selection committee of five leading university professors representing all regions of Canada.

Depending on the quality of the students' work, the fellowships of $3,000 per annum can continue until the end of the current phase of the program in 1967. The awards are subject to annual review.

SECOND STAGE

Award of these nine fellowships is the second stage in the third phase of the B of M's seven-year scholarship plan, a highly competitive educational program.

The phase will continue until 1967 with awards of $3,000 per annum, subject to annual review, "provided a satisfactory standard of work has been maintained".

In reporting the selection committee's decisions to the bank, Professor Harry Logan, University of British Columbia, committee chairman, cited representative comments by university supervisors on the scholars, such as "without any doubt, the best graduate student in my experience", and "continues to astonish me in the truly remark able way in which she has been able to carry out her research program".

FIRST CENTENNIAL PROJECT

The B of M Scholarship Plan, inaugurated across Canada in 1960, was the first project undertaken by a Canadian corporation to observe the nation's centennial in 1967. It will also commemorate the bank's 150th anniversary the same year.

In its first year, the plan provided 48 top high school gaduates with $750 scholarships for university study in 1960-61, on a quota basis covering all ten provinces and territories.

This highly competitive plan in 1961 called for the 16 best scholars to receive awards of double the amount — $1,500 per annum for secnod, third and fourth year undergraduat estudy.

TWO $5,000 AWARDS

In 1967, the bank will make two final awards, one in the arts and one in the sciences, for study anywhere in the world — each worth $5,000. For each of the final winners, if he has participated throughout the full seven-year plan, the bank will have provided a total of $19,250.

The plan provides that all students who earned B of M. Scholarships in 1960 will be eligible for admission to the final competition.

IN MEMORIAM

BAKER — In loving memory of a dear husband, Wm. S. Baker, who passed away April 29, 1961.
When evening shadows are falling
And I am sitting all alone
In my heart there comes a longing
If you could only come home.
It's a lonely life without you;
Sad has been the way.
Life at home is not the same
Since you were called away.
—Ever remembered by his wife, Ethel.

The first six months will tell...

It's a pretty picture! But for you, there must be profit in it, too. So start building those calf profits right away. Feed CALF-PAB and Blatchford's CALF PELLETS from 3 to 30 days. From four weeks to six months old, feed CALFADINE (Calf Grower), just as it comes from the bag . . . with good hay, of course, and water too. It's as simple as that!

Blatchford's CALFADINE (Calf Grower)
. . . assures maximum calf growth and development. Remember, those first six months can increase or lessen a calf's natural productive capacity. For top production and profits feed Blatchford's Calf Grower. It's a complete feed containing molasses. If you have your own grain, feed CALF PELLETS.
