Barns Burned at Cahore.

On Wednesday morning, Sept. 12th, the barns of Mr. C. S. Johnston of Cahore, were burned, and the origin of the fire is unknown. One thoroughbred bull was burned also 100 tons of hay and 43 loads of bound grain, and 500 bushels of old grain from last year. Also 1700 feet of pine lumber. The loss is partly covered by insurance.

Mr Johnston is holding an auction sale of his cattle on Thursday, Sept. the 28th. See advt. in the Record.

Got Three Months.

An amusing incident occurred at the Pontiac county nominations, held at Bryson, Que. Thursday, when two of the special constables enlisted by the returning officer, Thos. Pichie and Camille Latour, were arrested for a breach of the peace. They got into an argument over the merits of their respective candidates, Messrs Hodgins and Cahill, which terminated in a free fight.

The constables appeared before Magistrate Armand this morning and Pichie was sent to jail for three months without the option of a fine while Latour, who was not the aggressor, was condemned to pay the costs of the action or go to jail for two months.

Hugh Cameron of Finch Dead.

Hugh A. Cameron of Finch died on Sept. 6, aged 58 years. He was a son of the late Alex Cameron and is survived by his wife, five sons and one daughter-Millian Hugh John, William Allan, David, Miles D. Cameron and Mrs John Dishaw, all of Finch. The funeral took place on Sept. 7 at his late residence. Rev. W. D. Bell officiated. The pallbearers were J. J. McMillan, Walter Carr, Angus D. McMillan, J. Beckstead, Kenneth Cameron and Henry Steele. Among the relatives from a distance were Mr. and Mrs W. N. McIntosh and John H. McMillan, postmaster, Cornwall.

Millinery Opening.

Miss E. Gauthier, Crysler, Millinery Opening, 23rd Sept., Saturday. I have children's trimmed hats and ladies' cheap felts \$1.00, ribbon 5 1/2 inches wide from 12 1/2 cts. up, wings 15 cts. up. Everything cheap and good. Full line of velvets, silks, plush, chennille, cords, fringe, etc. I have moved on the north side of the river in Mr. Parisien's residence. Orders filled immediately. Every caller will be welcome.

C. N. R. to Acquire Central Ontario.

Picton, Ont. Sept. 15—Although not officially announced, it is understood the Central Ontario Railway, from Coe Hill to Picton, comes under Canadian Northern control on Oct. 1. Canadian Northern officials have been here looking over the situation with an idea of giving Picton better train connection. A through service to Toronto is likely. There is a rumor that Picton will be put on the main line of the C. N. R. on its south shore route.

Born.

MONRO—At Finch, on Aug. 30th, 1911, to Mr. and Mrs Donald M. Munro, a son.
McMILLAN—At Finch, on Aug. 30th, 1911, to Mr. and Mrs Hosea McMillan, a son.

Married.

DENT—BOLSTER—At Norway House, Keewatin, Thursday, Sept. 14th, 1911, Eva Gertrude Bolster, 2nd daughter of Thomas Bolster, to Gordon Taylor Dent, M. D.

CASSELMAN—MERKLEY—At the home of the bride's parents, Dunbar, Ont. by the Rev. S. F. Newton, William Edmund Casselman, of Rowena, to Oral Jean Merkley, daughter of Mr. James Merkley.

Marriage at Finch.

A very pretty wedding took place at the home of Mr. and Mrs Jas. Steele, Finch, on Tuesday evening, the 12th inst., when their daughter Ethel, was united in marriage to Mr. Daniel Cassey. The marriage took place on the lawn under an arch of evergreens. Miss Euphemia

Steele, sister of the bride, acted as bridesmaid, while the groom was attended by Mr. Benton. The wedding march was played by Miss Marion Cassey, sister of the groom. The ceremony was performed by the Rev. W. D. Bell, of St. Luke's Presbyterian Church, in the presence of a large number of relatives and friends. Congratulations.

THE COMSTOCK LODGE.

A "Strike" That Was Destined to Influence the World's Finances.

"You've struck it, boys!" Thus said Henry Paige Comstock to Peter O'Reilly and Patrick McLaughlin, who were his fellow prospectors in a search for gold in Six Mile canyon, near the present Virginia City, then capital of Nevada. The date was June 10, 1859. In that remote spot in the American wilderness by these three obscure men was made on that day a discovery destined to affect the current of American politics for a score of years and to have for long a disturbing influence on the world's finances.

The thing which was "struck" on that June day of 1859 was the vein covering what came to be known as the Comstock lode, in which were hidden the richest deposits of silver ever found anywhere on the globe. Their development years afterward simultaneously with that of the silver mines of Colorado started the downward flood in the price of silver which broke the old ratio between the money metals, changed the monetary system of the leading nations from the double to the single gold standard, incited the movement, beginning in 1877 under the leadership of Richard P. Bland, for the reopening of the mints to silver on the same terms as to gold, led hence to the passing of the Bland-Allison limited silver coinage law of 1878 and to that of the Sherman silver bullion deposit act of 1890 and was the issue which split the two great parties and made havoc among the smaller ones in 1896, resulting in the act of 1900 which gave statutory recognition to the gold standard in the United States.—Atlantic.

THE EARTH'S CHANGES.

What the Fossil Remains of Plants and Animals Tell Us.

There was a time when even the polar regions bloomed with many of the splendid and varied forms of life that now adorn the tropics.

The fossil remains of these ancient forms preserved in the bosom of the rocks carry us back perhaps millions of years in the earth's history and show clearly what wonderful revolutions the surface of the globe has undergone since the first plants and the first animals appeared upon it.

Who would think of meeting a rhinoceros nowadays on the prairies of northwestern Canada unless perhaps a traveling menagerie should pass that way? Yet at one time, as discoveries of recent years prove, a creature closely resembling the rhinoceros of India and Africa dwelt in that now comparatively cold, snowy and barren region.

Remains of these extinct ancestors of an animal that in our day thrives only in the tangled tropical forests and under the hot equatorial sun have been found buried in the Canadian rocks, where now the cold blasts of winter blow over treeless plains and sweep the flanks of ice incrustated mountains.

The rhinoceros of that remote age was no less formidable a beast than its descendants, for the skull of one of the skeletons discovered is three feet long, while some of its teeth are four inches across.

The fossil remains of many other forms of animals have been found in the same region within recent years.—Harper's Weekly.

Charms of Labrador.

People are not apt to think of Labrador as a particularly delightful land to dwell in. No tourist thinks of going there for a summer vacation. Yet if Mr. H. H. Prichard's impressions, gathered while hunting big game, are to be accepted, Labrador possesses charms of scenery that it would be difficult to match elsewhere in the world. The words that he quotes from Salta-tha, a "Yellowknife Indian," best indicate the nature of these scenes: "You say the kingdom of heaven is good, my father, but tell me, is it better than the land of the musk ox in summer, when the lakes are sometimes misty and sometimes blue, and the loons cry often? That is good, my father, and if heaven is better I shall be willing to dwell there until I am very, very old."—Youth's Companion.

One Man Overcomes a Nation.

Jean Angot, who died in 1551, was a French merchant in the African and East Indian trade. When some of his ships had been taken by the Portuguese he fitted out an armed fleet that kept Lisbon blockaded until the government of Portugal indemnified him for his losses. At one time he was immensely wealthy, but he lost in speculations and in money lent to the king of France, and the closing years of his life were passed in destitution.

Coming to Chesterville

The Eye Specialist who Practices the New System.

HE LOOKS INTO THE EYE

An opportunity will soon be given the people of Chesterville and vicinity to have their eyes examined and glasses fitted by the new and wonderful "SHADOW TEST" method, which does away with all machines, drops and drugs in testing.

PROF. F. A. GRAHAM

Instructor in the new System, will be in Chesterville to fill a ten days engagement of Sight Testing at OUR STORE

From

MONDAY

Sept.

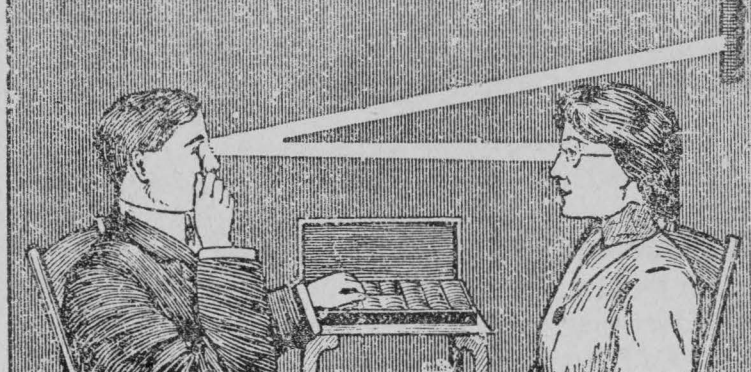

25th

To

WEDNES.

October

4th.

A new day has dawned for eye-sight sufferers. No long tedious sittings in the optician's chair to have innumerable pairs of glasses tried to your eyes, but a new and wonderful, quick and easy method by which the inside of the eyeball is illuminated and nature gives up the secret of poor vision. The "SHADOW TEST" has been so perfected by this Specialist that the correction of imperfect sight has been reduced to an exact science.

Cross eyes can in many cases be straightened.

Children's eyes can be accurately examined without asking questions.

Many cases of Chronic Headache due to Eye Strain can be cured by wearing glasses fitted by this System.

The visit of Professor Graham to Chesterville is a rare opportunity to those who are unable to visit these Specialists in their City offices, and who suffer from eye trouble or believe they need a change of glasses.

EXAMINATIONS FREE OF CHARGE.

HOURS—9.00 to 12.00 a.m.—2.30 to 6 p.m.—7.30 to 8.30 p.m.

The Evening is as good as the Daytime, as all testing is done by artificial light. Our Optician will complete his course of instruction in the new system while Prof. Graham is with us. This is a special engagement for 10 days only. We are now booking appointments.

W. G. BOLSTER,

Druggist and Optician. Chesterville, Ontario.

Reward Offered for Horse Thief.

Ogdensburg, Sept. 11.—The superintendent of the Ontario provincial police has notified Deputy Marshal E. C. J. Smith, of this city, that a reward of \$75 has been offered for the arrest of Edward Elmer McIntosh who is wanted on several charges in the Dominion, the last one being the theft of a team of horses from a farmer at Mille Roches opposite Massena on Aug. 18 last.

In November of last year McIntosh disappeared from Toronto with 4,000 half-signed \$5 bank notes of the Traders Bank of Canada, which he stole from the Dominion Express Co. He was traced to Smith's Falls, Canada, where he had been living quietly. Before the detectives could corner him he skipped and a search of the house revealed about half of the stolen bank notes stuffed down a register in the floor. Several months later an automobile was found in a farmers' barn near Maitland, a short distance east of Brockville. It developed that this machine had been stolen in Toronto by McIntosh when he made his get-away. The farmer in whose keeping it was found stated that the previous fall a strange automobilist had a breakdown near his place and arranged with him to store the machine until he could come back for it. It was thought at the time that McIntosh had crossed into the United States at Morristown.

When the horses were stolen at Mille Roches and smuggled to this side of the river the officers here recalled the McIntosh case, and after consulting a police circular giving a description of the man they became convinced that he and the horse thief were one and the same, as their descriptions were identical. It appeared that the man who took the horses had been hanging about the neighborhood only a day or two, and though he was known by sight by a few people, no one ever heard what name he went by.

The next day after the horses were smuggled to this side a man was seen driving a single rig and leading a pair of horses near Wadnington. The same night a stranger passed through here with a similar outfit, but as the theft had not been discovered up to that time, the police here were not forewarned. It has turned out since then that this was not the right man. Deputy Marshal Smith lost much valuable time in running this clue to earth, before he discovered that the driver of the rig was the same man who had been seen driving the rig near Wadnington.

LAURIER IS BEATEN

Government Goes Down to Defeat on Reciprocity.

"ANNEXATION CRY DID IT"

Quebec Stood Loyal to Its Beloved Chieftain, But Ontario Answered the Loyalty Speeches of the Conservative Orators and Returned 71 Members—Seven Minister Are Among Defeated Candidates.

Toronto, Sept. 22.—The Laurier Government has suffered a decisive defeat. Yesterday's polling gives the Conservatives thus far 130 seats, and the Liberals 80, a majority of 43.

The verdict was Ontario's, and the "annexation cry did it. As a whole the remaining provinces voted to sustain the Government, though losses were experienced both in the Maritime Provinces and the West. Eight of Sir Wilfrid Laurier's Ministers are defeated, and but four of them survived the battle of the ballots. Sir Wilfrid Laurier himself was elected in two constituencies Quebec East and Soulanges, but Hon. G. P. Graham, Hon. Mackenzie King, Hon. William Paterson, Hon. Sydney Fisher, Hon. W. S. Fielding, Hon. Sir Frederick Borden, Hon. William Templeman and Hon. Jacques Bureau were unable to hold up their end.

Hon. Dr. Beland, the new Minister, was also defeated in Montargy, although he was elected in Beauce.

Points for Mothers

The Shy Girl.

Only those who have themselves passed through the same experience can appreciate the trials of the really shy girl. Some girls are shy when first entering a room or on being introduced to a stranger, but recover their self possession within a short time, but that is not the kind of shyness to which reference here is made. The really shy girl is a victim of nerves. She may be an exceedingly capable young lady, but she shrinks within herself at the bare idea of publicity, even the limited publicity of a drawing room. Such a girl needs sympathetic treatment, but unfortunately she does not always receive it. Some people laugh at her and make her worse, whereas others bestow upon her a kindly, encouraging smile, and thus assist her wonderfully in passing through a trying ordeal. It too frequently happens that such a girl is pushed forward—thrust into the full glare of the light, so to say—for the purpose of making her accustomed to a crowd of strangers. The idea is that she will have the bashfulness knocked out of her very quickly and be transformed into a cool, collected young woman. That is a great mistake. A truly shy girl suffers agonies under such an infliction, and she is more determined than ever to keep in retirement.

Children Like Flowers.

"Children are the flowers of life and the mother a gardener who trains them into beautiful blossoms or useless weeds."

When Mrs. Ernestine Schumann Heins, the world famous prima donna gave voice to this interesting opinion she smiled in pardonable appreciation of the garden which she had raised. It is a product of which any woman might well be proud, consisting of six sturdy boys and two lovely girls.

"A little baby is like a delicate flower," continued the singer. "We mothers are only gardeners raising either blossoms or weeds."

"What are the rules for human gardening?" she was asked.

"The same as apply to nature," she smiled in response. "Plenty of sunshine and fresh air are needed in the successful rearing of children and flowers. My boys, and the girls, too, have lived out of doors almost entirely. In the winter the windows of their bedrooms are opened wide, no matter how cold it is. In the summer those who are still here at home with me are out in the open air all day. They ride their ponies, play tennis and croquet, and George Washington plays baseball. They have been brought up on the simplest foods—good milk, fresh eggs, juicy meats and few sweets."

THE SWINEHERD.

If sows are expected to raise a fall litter it is best to wean the spring pigs at from eight to ten weeks old.

If the pigs are allowed to remain with the sows too long and no attention paid to teaching them to eat they pull the sows down unnecessarily, and this means a loss. In such cases the sows would be in no condition for producing fall litters.

The young sows that are to be kept for breeders must be separated at weaning time from those that are to be fattened for market.

There should be placed in every pig yard and pasture a box with salt, charcoal, air slaked lime, bone meal and hard wood ashes so the pigs can help themselves at will.

It is necessary that pigs have a variety of food if they are expected to make rapid growth. They must have bone forming feed as well as fat forming.

Alfalfa has proved a splendid ration for hogs that are thin or a little off feed.

For the greatest profit the pigs should grow rapidly from birth to market day.

Taking Her Down.

Miss Elderbud (triumphantly)—Just think of it! At the ball last night I listened to five declarations of love. Her Friend—How mean of you, Alice! Who was the pretty girl you were sitting near?—Boston Transcript.

He is no whole man until he knows how to earn a blameless livelihood.—Emerson.

A DISCOVERY THAT IS BENEFITING THE WHOLE WORLD

CANADIAN PHYSICIAN MADE IT

Wonderful New Substance Formed By Combining Fruit Juices

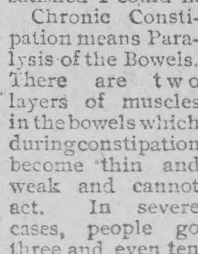

It takes Canada to do the really big things that are being done. For thousands of years, people have known that fruit was good for them without knowing exactly why. A Canadian physician experimented until he found out.

Fruit juice is about nine-tenths water and one-tenth solid matter. And this solid matter is eight-ninths sweet and one-ninth bitter. It is the bitter principle that is the curative part of fruit. To get the full benefit of fruit, one must eat great quantities of fresh fruit. By the discovery of this Canadian physician, the bitter or curing part of fruit juice is so combined that it is made to grow or increase many times. In other words, a stronger fruit juice is created. This is made into tablets which are known

MR. PROUDFOOT

all over Canada under the name of "Fruit-a-tives". "Fruit-a-tives" is the only medicine in the world that cures Constipation. JAMES PROUDFOOT Esq., of Vankleek Hill, Ont., says "If it were not for 'Fruit-a-tives' I am satisfied I could not live".

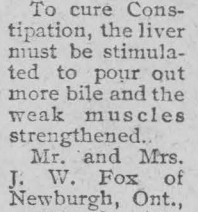

MR. JOUBERT

Chronic Constipation means Paralysis of the Bowels. There are two layers of muscles in the bowels which during constipation become thin and weak and cannot act. In severe cases, people go three and even ten days without the bowels moving. N. JOUBERT Esq., of Grande Ligne, Que., says "I heartily recommend 'Fruit-a-tives' to all who suffer with Constipation".

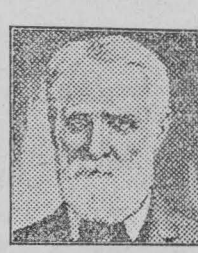

MR. WILLISTON

Bile, a liquid secreted by the liver, is the purgative of the body. Two pints of bile should be poured into the bowels every day. In severe constipation only about half a pint is secreted. With the muscles of the bowels weak and little bile, it is impossible for the bowels to move regularly. A. G. WILLISTON Esq., of Hardwick, N. B., says "I tried 'Fruit-a-tives' and now I am well from Chronic Constipation from which I suffered for many years".

MR. FOX

To cure Constipation, the liver must be stimulated to pour out more bile and the weak muscles strengthened. Mr. and Mrs. J. W. Fox of Newburgh, Ont., say "Our daughter was cured of Appendicitis by 'Fruit-a-tives' after doctors said only an operation could save her life."

MR. PARSONS

"Fruit-a-tives" is not merely a relieving agent but actually cures Constipation. It tones up the nerves and bowel muscles and increases the flow of bile. WM. PARSONS Esq., of Ottaville, Ont., says "I am eighty years of age and find 'Fruit-a-tives' do me more good than any other remedy". Remember—chronic Constipation cannot be cured in a day, but "Fruit-a-tives" will quickly relieve the trouble and certainly cure you if taken a reasonable time.

Senator JOHN COSTIGAN of Ottawa, says "I have been a dreadful sufferer from Constipation for over thirty years. After taking 'Fruit-a-tives' for a few months, I feel I am well from this horrible complaint".

"Fruit-a-tives" will cure you. 50c. a box, 6 for \$2.50, or trial size 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

Dates of Fall Fairs.

GROWING SWINE.

Secret of Success Is Pure Bred Stock and Proper Food.

Why more farmers do not make a specialty of raising swine is a mystery to me, and why more of them do not choose the thoroughbred instead of the scrub is still a greater mystery, writes a Pennsylvania hog grower in Farm Journal. It costs no more to feed a thoroughbred than a grade or scrub—in fact, not so much—and its progeny is always worth several dollars apiece more for breeding purposes than those of no particular breed.

I aim to get my spring pigs on pasture as soon as possible. An acre of alfalfa ought to support twenty pigs through five or six months in the year. Clover will do nearly as well. But it is a good plan to provide some other pasture for early spring and late summer. For the spring there is nothing better than rye. Pigs farrowed in March can be turned into the rye with their mothers as soon as they are old enough to follow, and in a few days will learn to eat.

In the fall when the clover and alfalfa have become dry and woody I feed fodder corn which has not been planted so thick that it will not grow a large percentage of ears. This I feed in the pens in addition to a thin slop of cornmeal and middlings. The cornmeal is fed sloppy and sparingly at first, but gradually increased until they are getting all they will clean up three times a day. I use plenty of water at first to make a thin slop, but later use only enough to make a crumpled dough.

Having no pasture for my fall pigs I do the next best thing—use a substitute. My experience has been that in order to grow a strong, thrifty hog with plenty of stamina and muscle you have got to give him a bulky food in connection with the concentrate, the same as you do other stock.

I do not do as the majority of feeders do—feed the entire clover or alfalfa—as I find they waste too much, and I never have any to waste. All hay is well shaken in the barn floor before it is thrown down the chutes for horses and cattle. These blossoms and leaves are swept up daily and sacked, and later taken to the hog entry. A quantity of these leaves and blossoms is mixed with cornmeal and middlings and thoroughly wet with hot water.

I never knew what it was to have fall pigs that would actually grow until I began using the foregoing method of feeding. They are compelled to chew the food which, if fed in slop, they would gulp down in a few minutes. The large quantities of this mixture a thriving bunch of shots will consume daily would make some of those fellows who laugh at the idea of feeding hay to hogs open their eyes.

Breeding For Fall Pigs.

Sows that are to be bred for fall litters will need rest and an abundance of nutritious feed to prepare them for the second litter. An open pasture with plenty of green, succulent feed such as clover and alfalfa is best. As for grain, any of the common feeds rich in protein will do. If corn is the sole grain fed, then some protein concentrate will be necessary. Actual practice has shown that breeding sows that get a ration high in protein do far better than those whose feed lacks the bone and muscle building elements found in protein.

The sows intended for fall litters should be bred as early as possible in order that the pigs will arrive in sufficient time to get a good start before actual winter comes. It will be found easier to bring sows up to fall farrowing and in better condition than is the case with spring litters. The reason for this lies in the unlimited amounts of green succulent feed that can be furnished and in the open air life that is possible for the sows during that time.—H. E. McCartney in Farm and Fireside.

Driving Wisdom.

Don't attempt to put the plodding draft horse on the road, neither put the driver into heavy field work.

Don't work the medium sized team all day in the fields, then drive it to town that evening.

Don't expect a colt to respond readily to every pull of the lines, but first let him become accustomed to the new order of things. He isn't used to a piece of iron in his mouth, nor does he understand why he should turn his head first one way, then another.

The Child's Plate.

Thin white oiled paper spread under the child's plate at the table and extending a little way beyond will protect the tablecloth. This will not be noticeable, especially if it is bought in sheets and the pieces are cut and laid smoothly on the cloth. When a piece of paper is soiled it may be thrown away or burned and a fresh piece substituted.

Children's Faults.

Don't keep on harping about a child's faults; don't keep on telling him how naughty and stupid he is; it doesn't do any real good, for it will awaken resentment in his heart. Use love and patience, and never lose your belief in a child.

Hair Beautifier

Refined Women the World over Use it.

Every woman knows that there is nothing so good for hair and scalp trouble as Parisian Sage. If Parisian Sage is used two or three times a week it will keep the scalp nice and clean and remove dandruff. It makes the hair lustrous and fluffy and keeps it from falling out.

We urge every woman who loves radiant and fascinating hair to go to W. G. Bolster to-day and get a large 50 cent bottle of Parisian Sage he guarantees it to cure dandruff, stop falling hair and itching scalp, or money back.

Longboat beat Shrub in a seven-mile race at the Listowel Fair.

The bodies of two more victims of the tug Martin have been found near Byng Inlet.

Agricultural Societies Act.

Section 24 of the Agricultural Societies Act is hereby amended by adding the following subsection:

(2) If the Superintendent on or before the thirty-first day December in any year receives proof by the joint affidavit of the President and Secretary or Secretary-Treasurer that rain or snow has fallen at the place of holding the exhibition and before three o'clock in the afternoon on any day of the holding of an exhibition, and upon his being satisfied that as a consequence the gate receipts were less than the average of the previous three years of holding the exhibition, the society shall be entitled to receive a grant equal to one half of the difference between the gate receipts of the current year and the average of the gate receipts of the previous three years, but the amount to be paid shall not exceed three hundred dollars, and the total amount so paid to all societies shall not exceed ten thousand dollars.

THE CENTAUR COMPANY, NEW YORK CITY.

The Record is Looked Upon as the Best Local Paper in this Section.

Synopsis of Canadian Northwest Land Regulations.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency, or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months, residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead. Price \$3.00 per acre. The applicant must appear in person at the Dominion Lands Agency, or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

In certain districts a homesteader in good standing may pre-empt a quarter-section along side his homestead. Price \$3.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to earn the homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot take a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.

W. W. CORY,
Deputy of the Minister of the Interior.

NERVOUS, LIFELESS DEBILITATED MEN

YOUNG MEN AND MIDDLE-AGED MEN, the victims of early indiscretions and later excesses, who are failures in life—you are the ones we can restore to manhood and revive the spark of energy and vitality. Don't give up in despair because you have treated with other doctors, used electric belts and tried various drug store nostrums.

Our New Method Treatment has snatched hundreds from the brink of despair, has restored happiness to hundreds of homes and has made successful men of those who were "down and out." We prescribe specific remedies for each individual case according to the symptoms and complications—we have no patent medicines. This is one of the secrets of our wonderful success as our treatment cannot fail, for we prescribe remedies adapted to each individual case. Only curable cases accepted. We have done business throughout Canada for over 20 Years.

CURABLE CASES GUARANTEED OR NO PAY

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion. Free of Charge. Books Free—"Boyhood, Manhood, Fatherhood." (Illustrated) on Diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. No names on boxes or envelopes. Everything Confidential. Question List and Cost of Treatment FREE FOR HOME TREATMENT.

Married on Horseback.

A wedding with most unusual surroundings took place in Ottawa on Thursday, when two members of the Wild West Show performing at the Exhibition, were united in marriage on the midway, the bride and groom being seated on horseback during the ceremony, which was performed by Rev. George Edwards, Methodist minister. The principals were attired in cowboy dress and when the last word was said by the clergyman the other members of the Company drew their revolvers in salute and for a time there was a fusillade that made the welkin ring. The wedding was hurriedly decided upon so there was little time for their comrades to secure presents. Nevertheless the offerings to the young couple were such as few brides have received. The presents include one mustang, three revolvers, two suits of cowboys' clothes, several knives and stilletos, moccasins, a live snake, alligator, and other Western and Southern effects. The bride and groom intend going to Texas to live on a ranch as soon as their present engagement is concluded.

BANK WAS LOOTED FOR OVER \$250,000

Five Burglars at New Westminster Rob the Bank of Montreal.

New Westminster, B. C., Sept. 15.—The sum of \$250,000 was stolen early to-day from the branch of the Bank of Montreal in this city. Five burglars entered the bank by the front door, broke through the metal coating of the vault, blew the safe by charges of nitroglycerine and got clear away with their booty without being seen except by a Chinese caretaker. They took all they could carry away, leaving all the silver and some notes of small denominations as well as damaged \$5 and \$10 bills lying around the floor and tables of the room of one of the clerks.

The first known of the robbery was when a Chinese caretaker appeared at the police station at 5.30 o'clock and gave the alarm. He had managed to work loose from the bonds with which he had been tied after the robbers had departed.

Manager G. D. Brymner, who has been in charge of the bank for twenty years, states that there was \$338,000 in the bank, and of this \$250,000 was taken. Of the amount taken one hundred and fifty thousand even were in five and ten dollar bills. These were all new and the bank still has the numbers, and asserts that payment on them can be stopped. There was \$38,000 in gold, of which \$20,000 was taken and the remainder left. An extra large amount of money was on hand for paying off fishermen and hands from the hop fields.

The police are practically at a standstill. All circumstances indicate that the robbers had the work had been very carefully planned, and the police believe that by noon they were so far away from Westminster that any attempt to scour the country would have been useless. They could be in Vancouver and have their booty safely housed before daylight to-morrow, and there are a dozen other different directions could have been taken.

The robbers left behind them a can of nitro-glycerine and a pick and crowbars, which they used in breaking into the vault. An attempt to steal an automobile belonging to T. J. Trapp has, in the opinion of the police, some connection with the robbery. The car was pushed by hand out of the garage, and when it could not be operated was left in the street.

How to Live Long

With healthy kidneys, one has a good chance to live long, but weak kidneys afflict old age with great discomforts. The back becomes becomes bent and lame, rheumatism is chronic, eyesight fails and too frequent or involuntary passages of the urine cause embarrassment by day and loss of sleep by night.

Booth's Kidney Pills bring new strength to old back and quick relief of weakened kidneys. They banish backache and rheumatic pain, regulate the bladder and uric kidneys in old or young and are guaranteed by the proprietors, The R. T. Booth Co. Ltd., Fort Erie, Ont. Sold everywhere 50c. box. Free trial sent on request. Sold and guaranteed in Chesterville by W. G. Bolster.

Booth's Kidney Pills

NEWINGTON.

Mrs William Boals died at the General Hospital, Cornwall, Thursday, Sept. 7th. Her maiden name was Feebe Lucinda Berkley formerly of Inkerman. She was 26 years of age, and leaves to mourn her loss a loving husband and infant daughter.

The funeral took place on Sunday afternoon, Sept. 10th, at the home of J. R. Boal, father-in-law of the deceased. The funeral service was conducted by the Rev. Mr. Buell, pastor of the Holiness Movement. The high esteem in which Mrs Boal was held was shown by the large cortege that followed the remains to the eighth line cemetery, where interment took place. The pall-bearers were Messrs John Osler, Stanley Mattice, Albert Mattice, Anson Mattice, Oscar Alguire and Edward Rutley.

"Her Ladyship" Garments are the newest creation in garment making. G. W. Bogart.

Morewood Continuation School.

Form 3—English composition Friday, 15th. Total 100.

Myrtle Moffat 62, Inda Casselman 61, Stanley Shaver 59, Jennie Dunbar 57, Richard Jervis 52, Ernest Swerdfeger 51, Blanche Countryman 51, Miles Swerdfeger 50, Archie McMillan 49, Douglas Hunter 48, Arthur Swerdfeger 47, Donald Collan 42, Jno. Dagenois 40. Four were absent.

In all three forms the general conduct has been good during the past two weeks. A very few have considerable room for improvement however at some future time we may report each pupils general deportment on a percentage basis.

At the Brockville Board on Thursday 14¢ was the ruling price. This is the highest figure in the history of the Board. The offerings were 1705 colored and 1115 white.

MANURE SPREADER!

MR. FARMER:

Are you interested in a Spreader. If so, let us show you the latest and most up-to-date Spreader on the market, equipped with the reversible self-sharpening graded flat tooth which will handle all

kinds of material with one-third less power than is used on other spreaders. Read the testimonial of one of our most progressive farmers:

F. W. Merkley, Agent, Chesterville.

Copy of Testimonial.

DUNBAR, ONT., Sept. 24th, 1910.

THE FROST & WOOD COMPANY, LTD.
Gentlemen,—Your agent, Mr. F. W. Merkley, of Chesterville, sold me one of your Kemp Spreaders, 70 bushels capacity, on conditions that it worked satisfactorily. I feel, therefore, that it is my duty to let you know how I found the Spreader to work. I may say we took out 140 loads of manure, some coarse and some fine, and after using it to put out those 140 loads I will freely say that your Spreader is a marvellous piece of machinery. We used one team weighing about 2400 lbs., no more, and they did it easily. I consider the Spreader one of the most up-to-date machines on the market, and I would most cheerfully recommend the Kemp Spreader to anyone who wants a first-class article in every respect, and I furthermore give this testimonial unsolicited, and anyone wanting any further information can call and I will freely give them my opinion on it.

Yours very truly,

(Signed) **GEORGE CARLYLE,** Con. 8, Lot 35, Dunbar, Ont.

FELL AMONG THIEVES.

And the Old Man Didn't Know Which Set Was the Worst.

An old man from rural England with his wife was on a holiday in London and decided on an evening at a theater. He looked up the advertisements in the papers and selected a house where "Ali Baba and the Forty Thieves" was being played. It was a "cheap" house, the price of stalls being given as two-and-sixpence. The farmer was surprised, however, on arriving at the box office to be met with a demand for 6 shillings for the two tickets. The extra sixpence per seat, it was explained, was for booking. Then he was called upon to pay sixpence for a program, and the female attendant who showed him to the seats also asked for sixpence, in addition to which there was a shilling to be paid for hats and coats being taken care of in spite of his protest that they could take care of them themselves. A footstool was brought for his wife and was accepted without suspicion that it would be charged for, but the attendant who brought it demanded another sixpence, and finally opera glasses were handed to them and payment of another sixpence requested. Then the farmer went in search of the manager and, finding him, said in a tone of deepest disgust: "You may do what you like with these tickets. There are so many thieves in front of the house that we don't think we want to see the forty on the stage!"—London Answers.

THUNDERSTORMS.

They Kill Over 300 Persons a Year in Madagascar.

Thunderstorms never occur in the arctic regions, and even the north of Scotland very seldom suffers from such a visitation. The nearer you get to the equator the more frequent and severe are the electric manifestations. In parts of Central Africa the average of thunderous days rises to the astonishing total of 250 per annum.

Yet there are curious exceptions. In Java and Sumatra, both intensely hot climates, there are but ninety-two storms yearly, and in Borneo only fifty.

The Gold coast of Africa has only sixty a year, which is less than occur in Florida, though the latter country is outside the tropics.

In Jamaica there is a thunderstorm every day during the rainy season, which lasts for five months. These storms almost always occur between midday and 3 in the afternoon.

Perhaps the most astonishing fact with regard to thunderstorms is that the island of Mauritius, which is only 550 miles east of Madagascar, has, on an average, only one thunderstorm in eighty years. Yet in Madagascar the lightning is more destructive than anywhere else in the world, the annual death toll being over 300.—Pearson's Weekly.

Train the Colts.

Train the colts, don't break them. Many a good horse has been spoiled by breaking him when a colt. Get his mouth accustomed to the bit before a harness is put on him. Be gentle and patient, and you can make a good horse out of almost any colt.

Little Travelers' Toys.

A lady while traveling about Europe with three small children devised a plan for their entertainment which proved successful, says Good House-keeping. A selection of their favorite toys was made, and these were packed together in one of the strong small straw suit cases. This was left in the exclusive care of the largest child. In this way the playthings were all together, and the children themselves were responsible for their safe keeping. When they grew tired of traveling they could open the suit case and take out what they desired without a long and wearisome hunt through various articles of clothing. If any of the toys were broken new ones were added to the collection. For such a scheme it is convenient to include one of the flat folding backgammon boards, not only to play backgammon or cards upon, but because it can be used as a small table.

Country Entertaining.

While in the country the children will need some entertainment, as ever the novelty of gathering wild dowers and running "wild" will wear off after awhile. One excellent way of entertaining them, or, rather, of teaching them to entertain themselves, is to have them make a bathing place for birds. This may be done by placing a shallow trough partially in the ground and keeping it filled with fresh water. It is astonishing how soon the feathered people will find this luxury and how merrily they will enjoy it. One seems to tell another, and soon the birds' pool will afford entertainment for many hours each day to the children who watch the happy bathers. They will thus become acquainted with the air folk and will be more eager to learn of their lives and their haunts.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Cline—McDonell.

The following item, taken from the Portsmouth (Ohio) Daily Times of Monday last, refers to two former well-known residents of Morrisburg: "Mr. Ralph Wilton Cline, a son of Mr. and Mrs. E. E. Cline, of East Eleventh street, who recently moved to this city from Morrisburg, Ontario, Canada, and Miss Mary Winnifred McDonell, of Morrisburg, Ont., were married Saturday evening at the Second Presbyterian church parsonage. Rev. Charles Robertson officiating. The attractive bride was attired in a becoming suit of tan cloth, with hat and gloves to match. For the present Mr. and Mrs. Cline are residing with the groom's parents, on East Eleventh street."

Queal Won 8-mile Race.

Toronto Sept. 16—Billy Queal, of New York, won the 8-mile professional race at the Island Saturday night after a hair-raising contest, in the fast time of 41.17, or just 1 minute and one second behind Shrubbs' world's record. So fast was the pace that Tom Longboat was obliged to drop out at 5½ miles, while Fred Meadows also found the pace too hot and had to retire. A. E. Wood the little Englishman, was second to Queal, the latter just beating him out at the wire, for both were on even terms when the head of the stretch was reached, but the New Yorker had a little too much left, Abbie Wood was third, a half lap back, with Hefferon fourth, a lap away. Shrubbs did not start, owing to injuring himself at Amherst, N. S.

Wanted—Apprentices to learn the millinery business. Apply to Mrs. C. W. Casselman.

Mr. Johnston Ouderkirk, who lives just south of the village, had the misfortune on Monday to have three of his fingers cut off at the centre knuckle joint. The accident occurred while putting corn in the carriers, his hand being drawn into the pulley.

The Ladies Aid of the Presbyterian Church intend giving Ye Olde Tyme Deestrik Skule on Thanksgiving night. Watch for posters.

There were 13 teachers-in-training in attendance at the re-opening of the Cornwall Model school. One of these was from Dundas—Arthur McGee of Chesterville.

Mr. C. H. Joy, formerly of Norwich branch of the Molsons Bank, is to succeed Mr. John G. Montgomery as manager at Williamsburg. Mr. Montgomery will rank as accountant in the St. Thomas branch.

WANTED—At once, a strong, capable, middle-aged girl or woman, for general housework for small family; good wages; every convenience. Apply box 105, Morrisburg.

A newspaper, in speaking of a deceased citizen, said: "We knew him as Old Ten Per Cent—the more he had the less he spent—the more he got the less he lent—he's dead—we don't know where he went; but if his soul to heaven is sent—he'll own the harps and charge 'em rent."

Williamsburg Council.

Pursuant to adjournment the council met in Pitts' hall, Williamsburg, on Saturday, Sept. 2nd. Members all present. Minutes of the previous meeting were read and adopted. The sum of \$25 was given to gravel the west towline in the first concession to meet a grant of the same given by Matilda council. The road superintendent of the N. E. ward was instructed to build a bridge across the Fetterly creek on Nine Mile road between lots 6 and 7, 8th concession, if suitable cedar could be furnished for the same not to exceed 5 cts. per foot. The reeve and the deputy-reeve were authorized to inspect the Casselman-Dawley drain in the first concession and make final arrangements to repair washouts and to have private dams and other obstructions removed. The reeve and the clerk were authorized to sign the Barkley Fetterly drain contract in duplicate and attach the corporate seal thereto. Orders were passed in favor of the following: Jas. McIntosh, 1 acre of gravel pit, \$500; John Bowman, hauling gravel, headline 2nd con. \$4.80; Adam Reddick \$6, Stanley Forward \$4.80; Geo. Merkley, work, wood and hauling water for crusher, \$7.25; Michael Burton, 58 rods of wire fence, \$8.70; Oscar Coughler, 83½ rods, \$12.50; Edwin Beach, 81½ rods, \$16.30; Alex Shennett, 38 rods, \$7.60; Geo. Colquhoun, 102 yards of gravel, \$25.50; Alfred Hall, 64 yds. \$16.00; Isaac McIntosh 15 yds. \$3.75; Alfred Hall, cleaning ditch Nash road, 3rd con. \$2; Rev. G. S. Anderson, relief of Mrs. Gonyai for Aug. \$5; Geo. Lane, account measuring gravel pit and drawing leases, \$4; F. M. Eagleson, services re Merkley-Kendrick drain, \$44.95; Thomas Coligan, repairs on crusher, \$5; W. H. Lane, building sluices on Merkley-Kendrick drain, \$25.63; Adelbert Fetterly, work on road \$2; M. S. Beckstead, measuring Weaver Gravel pit, \$1, and services re Barkley-Fetterly drain, \$2; council special meetings re Barkley-Fetterly drain \$10, and court of revision \$10; Allan Durant, repairing sluices north towline \$2, and time getting David Hall to make tile \$1.50; Geo. Lane postage and stationery, \$5.20. The council adjourned to meet at Bouck's Hill on Saturday, the 7th day of Oct. at 10 o'clock a. m.

Geo. Lane clerk.

McMillan—Pollock.

A very pretty wedding took place at the home of Mr. and Mrs. Jas. A. Pollock at Berwick, on Tuesday 12th, at 8 o'clock in the evening, when their daughter Jennie Christena was married to Hugh W. McMillan of Goldfield. The bride looked very pretty in a dress of white satin, trimmed with Saxony net, embroidered in silk. She entered the drawing room on the arm of her father, while her sister, Miss Minnie, played Lohengrin's bridal chorus. The bride was given away by her father. The marriage ceremony was performed by Rev. D. Bell, Presbyterian minister of Finch. After the congratulations the young couple and guests entered the dining room, where all sat down to a table well loaded with dainties. The room was tastefully decorated with flowers and bells.

The evening was very enjoyably spent with music, songs and games. The young couple left Finch next morning on the 8.43 train for Ottawa and other points, the bride travelling in a suit of navy, with hat to match.

On their return a reception was held at the home of the groom's parents, Mr. and Mrs. Wm. McMillan.

The young couple will make their future home at Goldfield.

They were the recipients of many valuable gifts, including silver ware cut glass and money. Their many friends wish them a long prosperous and happy life.

SPECIAL NOTICE !

I wish to inform the public that I have sold my Dental Practice in Chesterville to Dr. Bert Hutt, and that all accounts due me must be settled by the end of September, otherwise they will be placed in hands for collection, as I am leaving Chesterville by that date.

Thanking the public for their patronage during my sojourn here,
I am, yours truly,

K. M. McVEY.
