Cornwall To Be Training Centre

Cornwall has been selected as one of the three training centers in Military District No. 3, under the federal government's compulsory military training scheme, it was announced a few days ago.

Work on a parade ground and quarters for the 750 men and the permanent instructional staff of 150, who will be stationed there, will commence this week. It is expected the first group of trainees numbering 750 will arrive about October 1, and as each group completes its 30-day training period another group of the same size will take its place.

Complete Camp Plans.

Arrangements for the establishment of the camp at Cornwall were completed last week when government officials leased 35 acres of land owned by the Dingwall Estate. The land is immediately north of Cornwall armouries and will be used for training purposes for the duration of the war.

Mayor John A. Phillips has explained that the task of clearing and levelling the ground and erecting the 25 permanent type huts needed for the scheme must be completed by September 21. He said that approximately 250 men will be required to complete the work within the scheduled time, and issued a call for all available carpenters, contractors and laborers, and men with excavation equipment, power tractors, etc., to be on the site yesterday.

In addition to the facilities of Cornwall armouries, those training will have the use of Cornwall athletic grounds, considered the finest in Canada. The grounds are immediately south of the armouries and already have been used extensively by Stormont, Dundas and Glengarry Highlanders, C. A. S. F., as well as the second battalion N.P.A.M. unit.

Albert E. Holmes Dies In 65th Year

Winchester Springs lost one of its most highly esteemed citizens at midnight on Sunday when Mr. Albert Edward Holmes passed away in his 65th year. Deceased had been in ill-health for about a year and, during the past three months, had been confined to his bed. He was born in Gloucester township, a son of the late Thomas Holmes and his wife, Adelia Howes.

When a young lad he came to this district with his parents, and for the past 36 years had resided at Winchester Springs, where he was widely known as a farmer and drover.

He was a member of the United Church and of L. O. L. No. 580, Winchester Springs.

Always interested in the welfare of the community, he was a member of the trustee board of Winchester Springs Public School for several years.

Besides his wife, the former Miss Louisa Turner, whom he married 41 years ago, he leaves four daughters, Mrs. Alvin Steele, Winchester Springs; Mrs. Almon McIntosh, Inkerman; Mrs. Blake Ball, Chesterville, and Mrs. Leonard Worster, at home; eight sons, Thomas and Harry Holmes, Winchester Springs; Oliver, of Brockville; Leslie, of Williamsburg; Nathaniel, of Hinton, Alta.; Edwin, of Spruce Lake, Sask., and Robert and Irwin, at home; also three brothers, Clarence and Hobart Holmes, of Winchester, and Oscar Holmes, of Inkerman; three sisters, Mrs. John Francis, Mountain; Mrs. Wm. Smith, Chesterville, and Mrs. Charles Summers, Kemptville.

The funeral is being held at 1.30 o'clock this afternoon from the family residence to the United Church, Winchester Springs, where the service will be conducted by Rev. R. S. Smith. Interment will be made at Maple Ridge Cemetery. The pall bearers are: Messrs. Ernest Munro, Frank Nesbitt, Fraser Bolton, Clarence Thompson, Roy McIntosh and Heber McIntosh.

Many beautiful floral tribiutes testified to the high esteem in which the late Mr. Holmes was held.

Ont. Government Asks Co-operation

Every boy and girl of school age in Ontario, will be given an opportunity to play a part in Canada's war effort, Prime Minister M. F. Hepburn revealed this week at Queen's Park.

The Ontario Governmnt's plans in this direction entail setting up a "Soldiers of the Soil" committee in each county, and once this preliminary organization is completed, mustering the full strength of this Province's young people at useful tasks in the furtherance of war activities.

First duty to be assigned to the "Soldiers of the Soil" will be to assist in the harvesting of Ontario's crops. Faced with an acute shortage of farm labour, the Ontario Government is enlisting the co-operation of local school boards in keeping primary schools closed until September 16th, and secondary schools until October 2nd.

"This will make available to the farmers of Ontario a vast reservoir of farm help," Mr. Hepburn said. "Not only will it permit farmers to keep the asistance of their own children during a period when they would normally be at school, but it will also make available for farm work a great number of city children. In each county a committee has been set up to include the agricultural representative, school inspector, superintendent of employment offices, warden and reeves of the various townships for the purpose of registering both the farmers who require assistance, and the school-age children willing to fill in at this work.

"Young people who are trained this year will be just that much better equipped to help out in 1941. This war is not going to be over in a day. We must look to the future and prepare ourselves for what is likely to develop in the immediate years to come."

Under the direction of the Ontario Government, a special committee is now engaged in working out details of a scheme to put across a gigantic drive for the sale of War Certificates. When the proposal was first made by Mr. Hepburn to the Ottawa Government, it was enthusiastically received, and the Province is now proceeding with a plan which will enlist the help of all the Secondary School girls.

They will be enrolled by the local Soldiers of the Soil Committees and school teachers will be asked to help by exercising supervision over the plan's operations.

"The Dominion Government considers the sale of War Savings Stamps and Certificates as one of the most important links in the whole chain of war undertakings," Mr. Hepburn said. "Here is a tangible way in which every child can assist, in the sale of stamps or by earning money for their purchase. It is a two fold program that cannot fail to be of immeasurable worth."

Where And How To Register

Local citizens are reminded that next Monday, Tuesday and Wednesday are the dates on which the national registration is taking place. Every person in Canada 16 years of age and over, must register or they are liable to a heavy fine. Contrary to general opinion and news items which have appeared from time to time, there is no age limit, except under 16 years, which will exempt you from registration.

The local registration booths will be located in the town hall. Citizens residing on the north side of Main Street will register in the library rooms, while all residents south of Main Street will register at the Clerk's office. The registration booths will be open from 8 a.m. to 10 p.m., Standard Time. In addition to Messrs. A. E. Goodfellow, E. M. Shaver, H. L. Flora and C. E. Cross, who have been appointed deputy registrars, there will be about 20 volunteer workers to assist with the local registration.

As workers and other citizens with daytime occupations will, no doubt, register during the evening, it will be of great assistance to the registrars if all who can possibly do so, will register during the day. Those who are bedridden or who are indisposed, should notify the registrars. In such cases, one of the officials will visit their homes and complete the necessary forms there. This only applies to invalids.

As we stated last week, the registrars need all the co-operation you can give them. When you go to register, be prepared to answer all questions promptly—study the form before you go and decide what the proper answers are—don't try to figure out the answers after you go to the registration booth—that will be delaying the work of the registrar.

Maple Ridge Man Loses Left Arm

Mr. Frank Helmer, well-known farmer of the Maple Ridge district, suffered painful injuries, which necessitated the amputation of his left arm just above the elbow, on Friday morning last, when he beacme tangled in a binder, on which he was working when his team of horses took fright and ran away.

He was given first-aid treatment at his home by Dr. H. S. Gross and then rushed to the Ottawa Civic Hospital, where an examination revealed that the man was suffering from a dislocated hip, severe body bruises and badly crushed arm. The arm was so severely lacerated and crushed that the physicians at the hospital were unable to save it. An operation was ordered and the member was amputated just above the elbow. Due to loss of blood, Mr. Helmer was left in a weakened condition and had to have a number of blood transfusions. At present, he is resting comfortably.

The accident occurred in a grain field near Mr. Helmer's home. He had driven out to the field to bind grain. After making a couple of rounds, he decided to oil the machine. It was while he was off the binder and in the act of oiling it, that the horses became frightened and started to run. Mr. Helmer, in an effort to get hold of the reins, became entangled in the machine and was dragged around the field for a considerable distance before he was thrown free.

Nearby neighbours rushed to the man's asistance and medical aid was immediately summoned. Although severely injured, Mr. Helmer did not lose consciousness.

WEDDINGS

ACRES—ALLEN

The Osgoode Baptist Church at Vernon was the scene of a pretty wedding ceremony at 3 o'clock on Saturday afternoon, August 10th, when Miss Irma Jean Allen, daughter of Mr. and Mrs. Lindsay Allen, was united in marriage with Mr. Howard Edward Acres, son of Mr. and Mrs. Geo. W. Acres, all of Vernon. Rev. L. H. Vail, of Kenmore, officiated.

The church was beautifully decorated for the occasion with cut flowers and potted foliage, while the ceremony was performed amid a profusion of pink and white summer blooms, which were banked around the altar.

The wedding music was provided by Miss Norma McDiarmid, of Ottawa, and during the signing of the register Miss Jean Vail, of Kenmore, sang: "I Love You Truly."

The ushers were Donald McDiarmid, cousin of the bride, and Ross McDiarmid.

Given in marriage by her father, the bride was charming in a street-length model of Dusty pink crepe. The gown was fashioned with a lace top and bolero jacket of lace. Her hat, of the same shade, was an off-the-face model, designed in halo effect with shoulder-length veil. Her shoes and gloves were in matching tones and she wore a corsage of roses in sunset shades.

Miss Vera Allen, sister of the bride, was bridesmaid, and wore a gaiety blue crepe model with three-quarter length sleeves and pleated skirt. Her hat, of turban style, was in matching tones, and she wore a corsage of crimson roses.

Mr. Arthur Anderson was best man.

Immediately after the ceremony, a buffet luncheon was served to 60 guests at the home of the bride's parents.

Later, Mr. and Mrs. Acres left on a motor trip to Quebec City, and a boat cruise up the Saguenay River. For travelling, the bride wore a navy blue dress with white trimmings, wide brimmed hat and navy and white accessories.

On their return they will reside at Ottawa, Ont.

Three Morrisburg Youths And Cornwall Man Drowned In St. Lawrence

Tragedy struck a terrific blow at the Laurin family reunion at Sheek's Island, popular picnic spot about ten miles west of Cornwall, early Sunday afternoon, when two young daughters and a son of Mrs. Leo. Laurin, of Morrisburg, were drowned while bathing in the St. Lawrence river. While attempting a rescue of several other bathers caught in the whirling waters immediately below the rushing Longue Sault Rapids, a Moulinette man lost his life.

The victims of the tragedy were Mary Laurin, 16; Leonard Laurin, 23; and Frances Laurin, 10; all of Morrisburg, and Charles W. Baker, Cornwall automobile salesman and operator of the restaurant at Sheek's Island.

The bodies of Baker and Mary Laurin were recovered during the afternoon, but police unsuccessfully dragged the dangerous waters for the bodies of the other two Laurin children until dark, when the search was abandoned to be resumed the next morning. The body of the second girl was recovered on Tuesday, and the body of the boy located but not yet recovered.

Leonard and Francis Laurin disappeared from sight almost before watchers realized what was happening.

Paul Laurin, 21, miraculously escaped a similar fate which befell his brother and sisters when the strong current carried him away from the whirlpool and several hundred yards below the rapids near Barnhart's Island across the river. Rescuers brought him back to Sheek's Island and he appeared none the worse for his experience.

Cornwall Soldier Hero.

Hero of the tragedy, which unfolded like a drama before several thousand picnickers at Sheek's Island, was Thorold Locey, 27, member of Stormont, Dundas and Glengarry Highlanders, C.A.S.F., in training at Cornwall. Locey was responsible for the rescue of three other persons from the whirling waters, and also brought the body of Mary Laurin to Sheek's Island, where police and doctors worked over it for more than two hours in a vain attempt to restore life.

Isobel McMillan, Alexandria; Ralph F. Ross, Cornwall, and Sanford Werely, of Cornwall, all owe their lives to Locey, for it was he who was successful in rescuing them and bringing them to shore.

Battled Current in Boat

Locey was the first to take action. He jumped into a small rowboat and, after much difficulty, succeeded in rowing to the point where the bathers were battling the current. Locey hauled Miss McMillan into the boat, then Ross and, as the boat swung around the current, Mary Laurin grasped the back, but she was unable to hang on and just as Locey was about to help her into boat she let go and sank beneath the surface. Locey reached out and grabbed her by the hair, but she died from exhaustion just as she was hauled into the boat.

Formed Human Chain

With the small boat loaded beyond its capacity, Locey struggled with the oars in an attempt to reach shore, but was unable to make headway against the fast current and the boat kept circling in the whirlpool. Men on shore realized the plight of Locey and the others and a human life line was immediately organized. Baker and Sanford Wereley were on the end of the line, which comprised about 30 men, and had nearly reached Locey's boat when they lost their grasp after stepping suddenly into deep water. Wereley grabbed the back of the boat as it circled by, and Locey attempted to row the boat to Baker, but the latter told him to get the others to shore and that he would be all right.

Tossed Oar to Victim

Knowing he was unable to reach shore without assistance, Locey threw one of his oars to Baker, who was last seen floating down the river holding onto the oar.

Then, for more than an hour, Locey sat in the small boat with his three passengers and Werely holding onto the back. He paddled the boat the best he could to keep the waves from swamping it while another boat was secured.

After an hour had elapsed, Frank Markham, Cornwall, rowed out into the river and succeeded in throwing a piece of wire clothesline to Locey, who was hauled to shore with his cargo of exhausted passengers. Police and doctors A. J. Lalonde, H. E. D. Bateman and George Bateman immediately commenced artificial resuscitation on the body of Mary Laurin and continued for more than two hours before giving up.

Rescuer Faints.

While Locey was awaiting help from shore, Baker floated down the river about a quarter of a mile and was seen to disappear below the surface. Locey was aware of what had happened to Baker and, after reaching shore, rushed out in another boat to locate Baker's body. He found it in about eight feet of water, but was exhausted from his gruelling efforts and was forced to return to shore, where he dropped in a faint. He was given medical attention and revived.

Charles W. Baker was born at Moulinette 45 years ago, a son of Mrs. Stephen Baker and the late Mr. Baker. For the past 16 years he had been employed at Cornwall Motor Sales as salesman, and prior to that had operated a general store and hotel at Moulinette. He is survived by his wife, two sons, Renwick, a member of the R.C.A.F., Ottawa, and Selby, and four daughters, Audrey, Lillian, Rowena and Enelda. He is also survived by his 82-year-old mother at Moulinette; one brother, George B. Baker, Mille Roches, and two sisters, Mrs. George Derousie, Mille Roches, and Mrs. Wm. Moss, Dickinson's Landing.

Leonard, Mary and Frances Laurin were children of the late Leo Laurin, for many years publisher of the Morrisburg Leader, and Mrs. Laurin. They were all born at Morrisburg. Surviving them are their mother, four sisters and two brothers, Mrs. Harry Wilkins, Brockville; Miss Irene Laurin, R.N., at home; Miss Rita Laurin, R.N., Port Chester, N. Y.; Miss Leola Laurin, nurse in training in Ottawa General Hospital; Arthur Laurin, now managing the Morrisburg Leader, and Paul Laurin, associated with his brother in the newspaper business.

W. M. S. GARDEN PARTY

St. Paul's W. M. S. Garden Party and Money Shower was held on Friday afternoon, Aug. 9th, on the lawn at the home of Mrs. J. H. Ross.

The spacious lawn, with its neatly arranged flower beds and shady trees, made an ideal setting for the occasion.

The many guests, who attended, were received by the president, Mrs. George Wilson, and the vice president, Mrs. Wm. Johnston, and ushered to the tea tables by the hostess, Mrs. J. H. Ross, and Mrs. A. G. Suffel. The tables were centred with bouquets of snapdragon and similax.

Ladies who assisted in serving were Mesdames Walter Moffat, Wm. Watson, Hugh Wilson and Miss Clara Anderson, while tea was poured by Mrs. Margaret Moffat and Mrs. Albert Edgerton.

The tea room was in charge of Miss Grace Irving, Miss Ida Gardner and Mrs. C. R. Robinson, and the money donations received by Mrs. Geo. Angus and Mrs. Stewart Anderson.

100 Club Street Dance Was Largely Attended

Attended by upwards of 1500 people, the 100 Club's Annual Street Dance and Carnival of Fun was held here, last night, and was a decided success. In the early evening the large gathering was entertained by a band concert, presented by the combined Chesterville and Winchester Citizens' Bands, under the direction of Mr. Jack Morris.

Music for the street dance was provided by an Ottawa Orchestra.

A feature of the evening was the bingo booth, which was patronized continuously from early evening until after midnight, and which is expected to net the 100 Club over $100.00 in clear profits.

Other games also received good patronage and proved to be money-makers. Refreshment booths did a thriving business as nickels and dimes seemed plentiful.

Winners of the War Savings Certificates in the draw were Messrs. J. A. Crawford and A. W. Churchill, Winchester, and Mr. Jack Stewart, Ormond.

While receipts from the event has not yet been figured, it is expected that the net amount will be higher than for previous years.

THURSDAY, AUGUST 15th, 1940.

THE TWO ROADS

There are two methods of carrying on a war—the democratic and the totalitarian. We have chosen deliberately the democratic concept. It leaves something to the individual. He still retains, in large measure, his freedom of action. He seeks the work for which he is best qualified, he directs his effort towards the things which he feels he is best fitted to do. The state, it is true, may exercise certain powers of persuasion, economic forces direct his steps, but he is drawn towards the task in which he is best fitted to do. The state, it is true, may exercise certain powers of persuasion, economic forces direct his steps, but he is drawn towards the task in which he is engaged by his personal likes or dislikes, his training, his qualifications for the work, and by the reward which he receives for his effort.

In the totalitarian state it is different. Direction comes from the central authority. Men are placed in industry. They remain there until they are called to some other task. Industry takes care of the men engaged. The pay is limited. The standard of livnig is low. Rationing in food, fuel, clothing, started from the beginning of the war—even earlier than that. The work is directed by the state—the state is everything, the individual is nothing.

There are advantages in both lines of approach. If the conscious effort of the nation is to be devoted at all times to the task of war, to the enslavement of men—if the individual is always to be of relative insignificance and the state alone is the sole factor, then it may be admitted that for a time at least there is greater striking force and power within the totalitarian method. But it carries with it the seeds of destruction. It leaves nothing to the play of the human emotions. It does not measure the desire for freedom which has always been an element in the lives of men, and always will so long as men are free.

It assumes that man is a machine, that he is capable of functioning as a machine. The tragedy of Germany is not that the people have become enslaved to a mad ideal but that they no longer care "to cancel their own captivity."

We desire to live in freedom, to live under a democracy. We must mobilize the manpower and womanpower of the nation. That is the plan back of national registration, which opens on August 19. It is an effort to organize on a larger scale for earlier victory than might otherwise be achieved.

A FINE EXAMPLE

Over 9,000 Canadian commercial and industrial firms have already set up the system of voluntary salary deductions to enable their employees to purchase War Savings Certificates by easy and regular instalments. The same plan has been extended to include parts of the Civil Service and government pensioners.

More than 1,250,000 employees come within the scope of this plan. A large proportion have already pledged themselves to purchase War Savings Certificates in this way. In many cases the deductions are for small amounts, perhaps fifty cents or a dollar each pay-day, but in the aggregate the investment of these employees in War Savings Certificates reaches an impressive sum every month.

Now, anyone in Canada who operates a bank account may emulate this fine example in practical patriotism. Every chartered bank in Canada has available a special "pledge form" to be used by depositors to instruct their bankers to purchase War Savings Certificates for them on the 15th of each month by means of automatic deductions from their regular accounts.

The applicant simply fills in this pledge and with it a relative application form for one or more Certificates as stated in the pledge, without any further instructions or bother to the depositor.

The actual Certificates will be mailed to the depositor at his home address, or any other address he may designate.

Here is an opportunity for everyone to put system into his purchases of War Savings Certificates. Incidentally, it is an admirable and simple way to accumulate over the months a valuable "nest egg" of Canada's finest securities.

Canadians can now take advantage of this pledge system which is so admirably adapted to the needs of the average man and woman, and follow the lead of over one million employees purchasing through the pay deduction plan.

BACK UP OUR FIGHTING MEN

The civilian population have a most important duty to perform in this war, and that is to keep their courage as high as that of the fighting troops, says the Stirling News-Argus.

We in Canada have not had much experience of wars; but in the few we were in, our fighting men made a very excellent job of their end of things. And it can certainly be said that they didn't let their home folks down.

We are now in another war. It is one in which the enemy is leaving nothing undone to debauch and demoralize the home folk. Knowing that, and remembering that the job of our sailors, our soldiers and our airmen needs all their concentration on the task at hand, the very least they have a right to expect from you is that, in your turn, you don't let your fighting men down.

You don't belong to the breed which lets itself be panicked by the bluster and bragging and the bogey-man threats of these teutonic tinmen, scarecrows and cowardly lions, by the hysterical screeches of beer-hall Napoleons.

You have got lots of stuff that the Nazis don't have. The main element of that is Liberty. Fight to retain it—and you will.

EDITORIAL NOTES

Americans are able to form their opinion of conditions in Europe either by consulting Colonel Lindbergh who flew there or General Pershing who fought there.—Globe and Mail.

It has been said that sweet music is soothing to the soul. Unfortunately all music, or so-called music, that is broadcast over the radio, is not sweet—in fact it's worse than sour and, at times, is enough to drive the listener crazy—that is if he persists in listening to it.

In the opinion of Mrs. Rhoda Anne Allison, of Trenton, who celebrated her 101st birthday, recently, Hitler will never win this war. Mrs. Allison says that the British are too proud and stubborn to be conquered by the Germans—and we think she has something there.

The crowning gift of your success is the power it confers upon you to help others. However easy or difficult you have found the road to achievements, having reached the goal you are in a position to point others the way. So you should give generously of your experience, counsel, and even your money where it is desirable.

When even Hitler's newspaper, the Volkischer Beobachter, admits that the contemplated German invasion of Britain will be "anything but a pleasant stroll through the countryside" and that "Englishmen and Scotsmen are not cowardly and no doubt will defend themselves courageously," it is probably preparing its readers for casualties in the event of such an invasion being undertaken.

It is said that Hitler posed in front of the Eiffel tower at Paris, the other day, and with his inordinate vanity, said to his official photographer: "Hoffman, snap this one. The next will be in front of Buckingham Palace and the next in front of the skyscrapers of New York." It has been said: "Pride goeth before a fall," and it is to be hoped the German monster is no exception to this rule."—Almonte Gazette.

When we build, let us think that we build for ever. Let it not be for the present delight, nor the present use alone; let it be such work as our descendants will thank us for; and let us think as we lay stone on stone that a time is to come when those stones will be held sacred because our hands have touched them, and that men will say as they look upon the labor and wrought substance of them, "See! this our father did for us."

If this war continues long enough, Europe will be faced with a bigger menace than Hitler. That monster, Famine, is showing evidence of an uprising in several European countries—and, of course, Hitler is the man responsible. It's too bad that there are not other nations, besides Great Britain, anxious to rid the world of Hitlerism. The job might be accomplished much quicker, but all glory to the British Empire if she accomplishes this task alone.

A few days ago the editor received complimentary copies of two songs, inspired by the war. The titles are: "You Started This Thing, Mr. Hitler," and "Dear Dad, I'm Lonesome Here Without You." The words and music of these two songs were composed by Mr. Harry M. Moore, of Trenton, and are both worthy of his efforts. Incidentally, Mr. Moore is editor of the Trenton Courier-Advocate, and does as fine a job at editing a newspaper as he does at composing music. We have played both of Mr. Moore's compositions and recommend them to our readers.

The National Registration, which takes place next Monday, Tuesday and Wednesday, is a big job. Winchester citizens can assist the local registrars in their work if they will study the questions beforehand and be prepared to answer them promptly when they go to the registration booths. All the questions appeared in the Press on August 1st. Look up your copy, fill in the answers to the questions and take them with you when you go to register. This will save both you and the registrar much valuable time. Remember, everyone—16 years of age and over, must register.

Mayor Camillien Houde, of Montreal, was taken to an internment camp last week, after his arrest on a charge under the War Measures Act, resulting from his defiance of the National Registration law. As the Ottawa Journal states, it need cause no great excitement in Canada, as Mr. Houde is not sufficiently important. He has been relieved of practically all administrative power in the Quebec Metropolis. However, this case will help to impress upon Canadians the fact that any one guilty of a breach of the War Measures Act, regardless of their station in life, will be punished by the government—which is as it should be.

The Ontario Government's decision to delay the opening of schools this year, in order to allow students to assist the farmers in harvesting their crops, may be a good idea, but we doubt it. For one thing, the harvesting of hay and grain is generally completed by the end of August, and corn-cutting doesn't take place until the latter part of September, and this year it will probably be October. As we see it, the great majority of students will be getting an extra month's holidays for no good reason at all. No doubt, the Ontario Government means well in its endeavour to provide help for the farmers—but a little foresight should prove that there is no wisdom in keeping the schools closed for an extra month for the purpose named.

Have you noticed the many beautiful flower gardens and flower boxes about the village. Not wishing to discriminate, we are not going to mention any names, but they all are very attractive indeed, and together with the many well-kept lawns, add much to the beauty of the village. Visitors to our village, or tourists passing through cannot but notice the progressiveness and community spirit of the citizens.

MILITARY TRAINING

(Trenton Courier-Advocate)

You are going to learn in a few short days which foot is right and which is left and you will know which end of a rifle is for the enemy and which end is for yourself. Further than this, you will learn to hit a target or a Hun, you will learn the words of command and if an exasperated drill sergeant tells you that your grandfather was a horse thief, you will be seasoned enough by that time into believing him. Canada is now at war and every man must do his bit.

IS THIS DEMOCRACY?

(Smiths Falls Record-News)

We note where Senators Meighen and Hardy have expressed themselves in favor of and advocate abolishing the immunity from garnishment of salary against debt now enjoyed by civil service employees. We are heartily in accord and strongly feel that there is no justifiable reason why an emlpoyee of the government should be so privileged. No other employee is protected against having his wages or salary garnisheed, so why should a civil service worker, particularly when Canada is still in the category of a democratic country.

UNEMPLOYMENT INSURANCE

(The Financial Post)

The obstinate determination of the Federal Government to proceed with a scheme of national employment insurance at this time is a profligate and unwarranted dissipation both of administrative and national energy.

One argument put forward by the Government is that now is the time, when industry is reaching a peak of employment, to inaugurate the insurance plan.

This argument confuses the wisdom of some sort of post-war savings cushion, with the folly of launching into a vast and untried programme of social reform at a time when every last atom of energy should be concentrated on the supreme task of winning the war.

CLOSING OF SCHOOLS SEEMS TO BE UNWARRANTED

(Perth Courier)

Apparently the reopening date for the fall term in Ontario schools is to be postponed, ostensibly to permit students to assist in the harvest; to help relieve a reputed labor shortage.

If there was an actual labor shortage, concerning which there is some doubt, certainly public school children in towns and cities would be of no help in giving relief and in very few instances would high school or collegiate students be of much value, except those with previous experience at their own homes.

Locally, much of the harvesting will be completed early in September; some of it before the end of August. Then there will be some potato picking in the neighborhood of Oct. 1 to 7. All of which can be completed easily without the necessity of outside or student help.

Elsewhere in the province there may be some work in picking and basketing the various fall fruits, but it is hard to believe that there is enough of it to warrant closing schools for a month.

The whole scheme does not make sense.

LAWN BOWLING

(Leamington Post & News)

For middle-aged men past the stage of competitive sports of a strenuous character, there's nothing like a friendly game of bowling on the green to take their mind off troubles. That this is fully realized can be judged by the fact that the local bowling greens are enjoying a fair amount of activity this season.

One of the undoubted charms of bowling is that age is not a determining factor in the success of a player. The brawniest athlete can meet defeat at the hands of a veteran who can look back along the allotted span of years and, on the green, young and old assemble on equal terms.

There is about bowling the splendid spirit of comradeship generally associated with clean and wholesome sport. For the player the chief qualification is a love of the game and an enthusiasm that will keep him in the open air for hours at a time in spite of all the mosquitoes in the world.

There's something about bowling that gets in the blood after one has learned all the little tricks of the game. When that stage is reached a bowler passes by with great difficulty a game in progress in which some player with a broad Scotch accent is bellowing out, "Ah want a guar-r-d here, Mac!"

"MARE NOSTRUM"

(Brockville Recorder & Times)

Attention might be directed by the reader to a despatch by a United Press correspondent in recent news, cabled July 31, from aboard the British fleet in the Eastern Mediterranean. For weeks past, the boast has been made at Rome of Italian command of the Mediterranean. Only this week, Mussolini's highly touted press agent, Virginio Gayda declared that Italy's task was "to engage and wear down British naval forces concentrated largely in the Mediterranean, the Red Sea and the Indian Ocean." The story told by the United Press man, the first to be admitted to a ship of the line for a cruise in the battle zone, is very illuminating. Neither under the rays of the sun high in the heavens nor with powerful searchlights at night could the British ships find hide nor hair of the Italians, says the St. Catharines Standard. And the correspondent was permitted to say that the battleships in search of the enemy were 24 years old, the Renown and the Repulse, most likely, as they were laid down 24 years ago.

Italy is playing a strange role in this war, hungry for any spoils which may drip from Hitler's table, but dependent upon smoke and speed for a safe distance from British guns.

THE POET'S CORNER

TESTING TIME

Heads and hearts are heavy,
Hopes are hidden in dread;
Ears are glued to the radio,
Papers are eagerly read.

Is faith in the Father so faint
That it's dimmed by words we hear?
Let's beware lest we crucify
Faith on a cross of fear.

Though the world is in a tumult,
Has He ever failed in the past
To bring order out of chaos
And victory to justice at last?

The past is ever before us,
To help us the future to face;
So trust in the tried Defender—
Trust where we cannot trace.

R. Jean Besee, Lyndhurst.

A MAN

I want to walk by the side of a man
Who has suffered and seen and knows,
Who has measured his pace on the battle line
And given and taken the blows.
Who has never whined when the scheme went wrong,
Nor scoffed at the failing plan—
But takes his dose with a heart of trust
And the faith of a gentleman;
Who has parried and struck and sought and given,
And scarred with a thousand spears—
Can lift his head to the stars of heaven
And isn't ashamed of his tears.
I want to grasp the hand of the man
Who has been through it all and seen
Who has walked with the night of an unseen dread
And stuck to the world-machine;
Who has bared his breast to the wind of dawn
And thirsted and starved and felt
The sting and bite of the bitter blasts;
Who has tempted and fell and rose again,
And has gone on trusty and true,
With God supreme in his manly heart
And his courage burning anew.

DON'T ENVY OTHER FOLKS

Don't think when you have troubles
That your neighbor goes scot-free,
Because he shows a smiling front
And battles cheerfully.

No, man. He, too, has troubles,
But therein the difference lies,
While you go idly moping round
The other fellow tries.

Don't envy other people;
Maybe if the truth you knew,
You'd find their burdens heavier far
Than is the case with you.

Because a fellow, rain or shine,
Can show a smiling face,
Don't think you'd have an easier time
If you could have his place.

'Tis hope and cheery courage
That incite one to retrieve
One's past mistakes, to start afresh,
To dare and to achieve.

So smile, and if perchance you light
The spark of hope anew
In some poor sad and burdened heart,
All honor be to you.

THE UNITED CHURCH

Rev. Thos. Meredith gave a message of advice and wisdom to the children on Sunday morning on making the most of their time in preparation for the days ahead when they will take the place of the men and women of to-day.

His text was Exodus 4:2, which was Moses' call to service. From this it was shown that each one should use the opportunities at hand with which to serve God and his fellowmen.

Miss Luella Allison was the pianist for the church service and Miss Mabel O'Neill for the Sunday School. Mr. O. W. Wallace, the Assistant S. S. Supt., had charge of the session, as Mr. E. Fennell is away.

Next Sunday the guest preacher will be Rev. J. P. Jull, B. A., of Brooklin, Ont. Rev. Mr. Jull was President of the Bay of Quinte Conference. A welcome is extended to all to come and hear him. Rev. Mr. Atchison will occupy the pulpit at Brooklin on Sunday.

Honoured On Birthday.

Mrs. John Milne entertained delightfully over 20 ladies at a surprise party, held at the home of Mrs. R. Beggs, of town, last Tuesday. The party was given in honour of Mrs. Beggs' 76th birthday.

During the afternoon, Mrs. J. McGillis read an address and Mrs. Thos. Coleman presented Mrs. Beggs with a beautiful breakfast shawl and correspondence pad, on behalf of the ladies present.

Mrs. A. Hoy also presented an artistically arranged basket of summer blooms. All the guests signed their names on a birthday card.

Mrs. Beggs, taken by surprise, thanked the ladies in a few well-chosen words, for their gifts.

The hostess served lunch, assisted by Misses Audrey and Dorothy Milne. The tea table was centred with a beautifully decorated and delicious birthday cake.

Red Cross Notes.

Mountain Township Branch of the Canadian Red Cross Society held their executive meeting at Mountain on August 12th. During the past month the following contributions have been gratefully received:—Vancamp Red Cross Unit, $108.00; Vancamp Women's Auxiliary, $10.00; South Mountain, $39.00; Inkerman, $6.00; Hallville Y. P. Union, $5.00.

The Branch is not ordering sewing materials for this month, but urge that the knitting be continued. Gloves and mitts, caps and helmets will be needed in great numbers soon. We also would like some seamen's socks knit. The knitters are asked to concentrate on these articles.

The following articles were packed for shipment to Toronto: 38 sheets, 280 comfort bags, 77 towels, 65 pillow slips, 11 gauze handkerchiefs, 18 hospital gowns, 3 suits of pyjamas, 31 surgeons' gowns, 19 surgeons' caps, 100 pairs of socks, 7 sweaters, 14 scarves, 3 caps, 1 pair wristlets.

NEWLYWEDS HONOURED

The home of Mr. and Mrs. George Thoms, Mountain Township, was the scene of a happy gathering last Wednesday evening, when a large number of friends assembled to honour Mr. and Mrs. Robert Jennings, who were recently married.

The guests of honour were presented with many gifts, including a pair of occasional chairs, by Mr. H. J. Patterson and Miss Glenna Thoms, while an appropriate address was read by Mr. Victor Thoms.

Both Mr. and Mrs. Jennings replied to the address and thanked their friends for the beautiful gifts.

The address was as follows:

Mountain, Aug. 7th, 1940.

Dear Helena and Bob:—

Having learned of your recent marriage, which you made sure your friends didn't witness, we couldn't let the most important milestone of your life pass by without giving you a boost to start you on that long, winding, up and down road of wedded life.

But really we have come to-night to extend to you our best and heartiest good wishes. As a stranger here, Helena, we welcome you to our midst, and hope that you will find life in our community congenial to you. As for you, Bob, we think you will make the best of husbands. By your cheerful ways and sterling qualities, you have already won our friendship and esteem. We wish you both many happy years of contented and prosperous married life.

We beg you to accept this gift as a token of our good wishes, trusting that its use will recall happy friendships and associations in Mountain.

Signed on behalf of the community, H. J. Patterson, V. G. Thoms, Glenna Thoms.

At the close of the evening, dainty refreshments were served by Glenna Thoms, Hughetta Stewart, Doris Empey, Mrs. H. Patterson, Herman Hutt and Douglas Johnston. Messrs. Homer Patterson and Victor Thoms poured lemonade.

Before leaving, all present registered in a bridesbook, which was presented to the guests of honour by Miss Joan Thoms.

ST. PAUL'S LADIES' AID

A very pleasant afternoon was spent recently at the summer cottage of Mr. and Mrs. C. R. Robinson on the Rideau, when members of the Ladies' Aid, with friends, held their regular meeting. The President opened the meeting with a hymn and Lord's prayer. The secretary gave her report. Miss Mary Empey and Mrs. Alex Summers offered to look after flowers in the church for August. Roll was called with 41 ladies responding and three visitors. A harvest home supper was proposed to be held the last of September, the committee to be appointed at next meeting. The Society joined heartily in a sing-song conducted by Miss Lillian Bruce. Games and contests were enjoyed under the supervision of Miss Clara Anderson and Mrs. Hugh Wilson.

A very dainty lunch was served, which brought this very enjoyable meeting to a close. The committee in charge were, Mrs. J. H. Ross, Miss Ida Gardner, Mrs. Ed. Payne, Mrs. G. Reynolds, Mrs. Fred Smith, Mrs. Alex Summers, Mrs. Herb Poole, Mrs. C. R. Robinson. A hearty vote of thanks was given the committee by Mrs. M. Moffat and Mrs. Wm. Johnston.

Beauty for YOU

The Secrets of Good Looks by

Barbara Lynn.

AWAY WITH WRINKLES

It is easier to avoid wrinkles than to eradicate them. Begin early by taking regular care of your skin. A few minutes each day will accomplish wonders.

Here are some specific hints if you already have wrinkles: For the skin about the eyes and on the temples, take a dab of Three-Purpose cream and pat it in very gently with the finger-tips, along the lines of the wrinkles, from the wrinkles, from the centre of the brow to the temples. Do this frequently during the day. At night massage with cream in the same way.

These simple rules will help to PREVENT aging lines: First, wash regularly with gentle palmolive soap and warm water. Follow with a cold rinse. Secondly, make it a daily habit to give yourself the "six-minute make-up treatment" with the aid of the new Three-Purpose cream that is at once a cleansing cream, a foundation base for powder and a skin cream.

If you have any personal beauty problems, write me for confidential advice, and enclose four one-cent stamps for my booklet on Beauty Care. It contains a wealth of interesting new information on many beauty points. Write: Miss Barbara Lynn, Box 75, Station B., Montreal, Que.

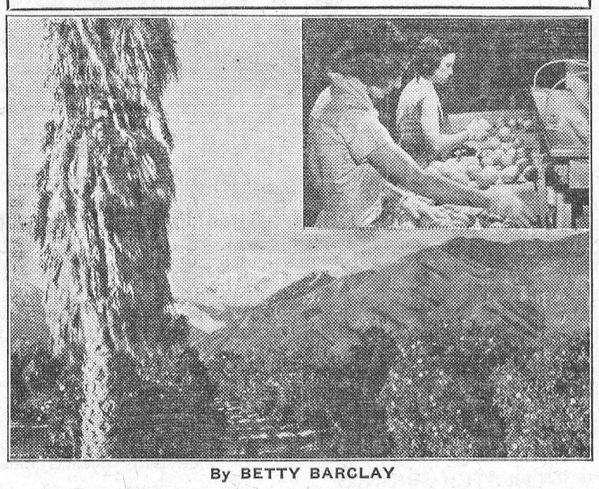
For Your Late Summer Menu



By BETTY BARCLAY

Not so many years ago in this country oranges were strictly a winter fruit. They ripened in sufficient quantities for commercial shipment only in winter until California growers discovered that Valencia orange trees planted in that state brought forth a summer ripening orange.

It is these California Valencias, known for juiciness and sweetness, that make possible our breakfast orange juice in summer, and which are always available throughout the warm months for refreshing salads and desserts. Summer orange plantings in the Golden State have been developed until today they are even more extensive than acreage of Navel oranges, the winter variety for which California first became famous. Development of the industry keeps workers busy around the calendar, picking fruit and preparing it for shipment. From the groves the oranges are trucked to packing houses where they are washed, graded, trademarked and packed with care for consumers throughout this country and in foreign lands.

Here is an excellent menu for late summer or early fall, topped off with a new recipe for one of the most delicious desserts you can make from summer oranges. If you wish, you can use oranges also in the fresh fruit cup suggested as the first course: they blend with other summer fruits and add flavor.

Fresh Fruit Cup
Devilled Ham Loaf with Mustard Sauce
New Potatoes with
Browned Lemon Butter
Succotash
Salad of Mixed Greens with
Cucumber and Red Radish Slices
French Dressing
Orange Chiffon Pie Coffee

Devilled Ham Loaf with Hot Mustard Sauce

1½ pounds lean pork shoulder, gr'nd
1½ pounds smoked ham, ground
1½ cups milk
1 whole egg
2 egg whites, beaten stiff
1 cup cracker crumbs
⅛ teaspoon pepper

Combine all ingredients and form into a loaf. Bake at 350° F. for 1½ hours. Serve with:

Mustard Sauce

1 tablespoon flour
¼ cup butter or substitute
½ cup boiling water
1 beef extract cube
½ cup prepared mustard
¼ cup sugar
2 egg yolks, beaten
½ cup fresh lemon juice

Cream flour and butter together over low heat. Add boiling water, beef cube, mustard and sugar. When slightly thickened, carefully add the egg yolks. Cook 10 minutes. Remove from flame and add lemon juice, stirring well. Serve at once.

Orange Chiffon Pie

1 tablespoon gelatin
¼ cup cold water
1 cup sugar
3 eggs, separated
¼ teaspoon salt
1 cup fresh California orange juice
1 teaspoon grated orange peel
2 tablespoons fresh lemon juice

Soften gelatin in ¼ cup cold water. Mix sugar, beaten egg yolks, salt and orange juice in top of double boiler. Place over boiling water and cook until thickened, 10 to 15 minutes. Add softened gelatin and grated orange peel to hot mixture. Stir and cool. Add lemon juice. When mixture begins to thicken fold in stiffly beaten egg whites. Pour into prepared 9-inch shell of Orange Pastry, or a crumb shell made of a dry flake cereal, wafers, or crackers. Chill in refrigerator until firm enough to cut. Serve with or without whipped cream.

Mrs. J. E. Lanoue, of Ottawa, had tea at the home of Mr. and Mrs. J. A. Erratt on Saturday, and called on many of her old friends and neighbours while visiting at the home of Mr. and Mrs. M. R. Black last week.

Mr. Morley Erratt, Miss Evelyn Erratt and Mr. Charles Patterson attended the Y. P. U. Picnic, held on the grounds of the Kemptville Agricultural School, on Tuesday.

The regular meeting of the Red Cross Society was held at the home of Mrs. A. St. Pierre on Wednesday, with a good attendance of women and girls.

ST. PAUL'S YOUNG PEOPLE

The regular meeting of St. Paul's Young People's Society was held on Monday, August 12th. Lillian Bruce, the president, presided for the first part of the meeting. The meeting opened with a hymn and the Lord's Prayer was repeated in unison. The roll was called and the minutes of the last meeting were read by the secretary, Ruth Payne.

Maude Edgerton took charge of the Citizenship program, which opened with a hymn and Ruth Payne led in prayer. Sybil Empey read a meditation on the verse of Scripture, "Shall your brethren go to war, and shall ye sit here." A well rendered solo was sung by Mary Brown. This was followed by a prayer by Doris Utman. Maude Edgerton gave a reading "What can we do to improve our Community." An appropriate hymn was sung, and some questions were discussed. The meeting closed with prayer by Clara Anderson.

UNITED W. M. S.

The August meeting held last Thursday in the S. S. Rooms was in charge of Mrs. R. Dukelow, 1st vice president.

An opening hymn was sung, with Mrs. M. Allison at the piano. Prayer was offered, after which the minutes were read and reports given by the Treasurer, the Cor.-Sec'y., and the Community Friendship Sec'y. Mrs. W. N. Lannin gave a reading on how hard it is to bring people to a realization of stewardship. The Temperance Secretary, Mrs. K. Helmer, spoke on reasons for abstaining. The offerings were taken by Mrs. E. Steele and Mrs. E. Merkley.

The theme for August was "The Use of our Possessions." The aim was to determine what motives should govern the acquiring of possessions, to discover that these possession come from God a trust to be administered faithfully, honestly, diligently, gently and always with the interest of others at heart.

Those assisting in the programme were Mrs. A. Duncan, Mrs. O. Wallace, Mrs. W. N. Lannin, Miss Mae Rose and Mrs. E. Steele, besides Mrs. Dukelow, who thanked those who took part and also Miss Tottie Reveler for typing the parts. The Mizpah Benediction closed the meeting.

FEARFUL WASTE

(Orillia Packet & Times)

As the result of public protests against extravagant wages paid for overtime in Camp Borden, instructions have been issued that overtime shall be cut out, except in case of extreme emergency. This is one solution of the difficulty, but not a very courageous or satisfactory one. Neither is it one that shows confidence in the patriotic spirit of the workmen, who, we believe, would rise to the occasion and agree to work overtime when necessary, at regular rates, if appealed to. However, it shows the influence and usefulness of public opinion, when aroused. The next step is to put a stop to the fearful waste that, if stories current are to be credited, is going on, originally in connection with construction and latterly in the commissariat department. In the Borden garbage there is said to be enough food to feed a regiment.

OBITUARY

LATE ROBERT D. McMASTER

A highly respected resident of Kemptville, Robert D. McMaster, passed away at his residence on Monday, August 5th, in his 82nd year. He was well known in the lumber business, having conducted mills at Kemore, Ottawa and Kemptville for the past 52 years.

Mr. McMaster was born at Ormond, a son of the late Angus McMaster and his wife, Catherine Dewar of Scotland. He was a member of the Baptist church but while residing in Kemptville had been connected with the United Church. He was also a member of the I. O. O. F.

Surviving are four daughters, Miss Anna McMaster of Ottawa, and the Misses Katie, Jennie and Minnie, of Kempvtille; one son, Ellery, of Kemptville; also one brother, Mrs. James, of Kemptville, and one sister, Mrs. Margaret Montgomery, of Hawaii.

The funeral was held on Wednesday afternoon of last week at his late residence, where the service was conducted by Rev. George Edwards of McPhail Baptist Church, Ottawa.

Interment was in the Kemptville public cemetery.

MODERN ETIQUETTE

Q. Isn't it ill-bred for one who is travelling to praise his home town constantly, describing how superior it is to the town he is visiting?

A. Yes. A person of good breeding will never do this.

Q. What hours are really meant by a wedding breakfast?

A. Many people interpret this to mean if the ceremony takes place before 4 p.m. This is an old English term applied to any daytime wedding feast.

Q. Would a tailored suit be suitable for a woman to wear to a luncheon party in a hotel?

A. Yes.

Q. Should a young girl be cautious in the selection of her associates?

A. Yes. She should follow the advice of Bishop Coleridge, "Be cautious with whom you associate, and never give your company or your confidence to persons of whose good principles you are not certain." This applies to young men as well as girls.

Q. Should a woman of thirty, when referring to friends of her own age, call them girls, ladies, or women?

A. Women.

Q. Should one throw down a lighted cigarette on a beach?

A. Not unless he immediately covers it well with sand.

WHO THROWS AWAY THEIR NEWSPAPER?

The answer to the above is, no doubt, "nobody." The subscriber paying good money for newspaper service does not cast it off like a useless rag. He appreciates it and peruses its contents weekly. Consequently, we feel justified in saying that whereas handbills, of which there are so many, usually find the waste basket almost immediately, the weekly paper, suffering no such fate is the best advertising medium at the disposal of the space-buying merchant.

Get the weekly advertising habit. It will pay good interest on the money invested, in increased business.

HINTS FOR THE HOME

Turkish Towels.

The frayed edges of a Turkish towel can be cut off and bound with fresh edges of gingham trips. This will keep the towel attractive.

Stained Blouses

Fruit, ink and many other stains can be removed from washable blouses if the spots are wet with camphor before they are put into the wash.

Purchasing Linen

When purchasing linen, select the half-bleached. It is stronger than the bleached, and after washing several times it will become perfectly white.

Sewing Thread

If the spool of thread on the sewing machine is loose and tangles, try placing a piece of cloth, cut larger than the spool on the post under the spool. This will keep it steady.

Cleaning Bottles

To remove the discoloration from the interior, fill nearly full with buttermilk and potato parings. Let stand for several hours, empty, and then rinse thoroughly with clean hot water.

Spots on Oiled Floors

To remove spots from oiled floors, try sponging with turpentine. For obstinate spots, dip the moistened rag into powdered rottenstone, and when clean, renew the oil on the treated part.

Cabbage Water

Do not pour water from boiled cabbage down the drain, as it causes the odor to permeate the house. Pour it on the things such as fruit trees, rhubarb, and ground; it is a good fertilizer for many hardy plants.

White Frocks.

To keep the white silk sport dresses snowy white, wash in cold water and white suds, and dry in a dark place. If washed before they are allowed to soil very badly, it is not difficult to get the soil out with colder water.

Dirty Pans

The dirty, black bottoms of aluminum pans can be cleaned readily by placing them in a shallow pan, in which a teaspoon of soda has been dissolved in a little water. Heat the water and let it simmer for a few minutes.

Soiled Collars

When the back of a man's collar begins to acquire that greasy, soiled appearance, dissolve a little salt in some alcohol and rub the collar with this solution on a clean cloth. The discoloration will be entirely removed.

A Neater Lawn

Perhaps the reason one's front lawn does not have the trim appearance of others is due to the fact that the edges of the lawn next to the sidewalk have not been cut. A tiny trench cut along the grass edge gives a neat appearance and crispness to the lawn.

Hardened Paint Brushes.

When the paint brushes have not been used for some time and, through carelessness, they have become hard and dry, heat some vinegar to the boiling point and soak the brushes in it for about 20 minutes. Then boil gently in a strong soapsuds for a few minutes. The brushes will be like new.

NO POLISHING OF BAYONETS BY SOLDIERS

Soldiers who served in the last Great War will rejoice when they learn that in future blades of bayonets must not be polished by the "troops." The men who served in infantry units will recall the hours they spent polishing their bayonets for inspection. District Orders of July 29 says:

"Components of bayonets and scabbards must not be polished. Blades of bayonets now being issued have been sand blasted and must not be polished."

HELP THE REGISTRATION

There are many ways in which you can help the work of national registration. First, of course, register—and register early.

It is anticipated that eight million people will register during the three days—August 19, 20 and 21. That is not quite twice the number who polled their votes in the last election, but it's fairly close to it.

Perhaps the deputy registrar in your own territory could use your services. You might help on the day of registration.

It ought to be a matter of honour in this particular district to have the registration as full and complete as possible.

How About Gooseberries?

By Frances Lee Barton

HOW about having a gooseberry treat or two now that their short season is here? Grandmother's year would have been spoiled without a gooseberry pie, and even though she may have seemed a bit old-fashioned to us, you may be sure that a gooseberry pie is just as up-to-date today as it was in the gay nineties. Try this recipe for a surprise dessert:

Delicious Gooseberry Pie

4 cups prepared gooseberries; 2 tablespoons quick-cooking tapioca; 1½ cups sugar; ¼ teaspoon salt; 1 teaspoon grated orange rind; 2 tablespoons melted butter; 1 recipe pie crust.

Remove stem and blossom ends from gooseberries, wash thoroughly, and cut in halves. Add tapioca, sugar, salt, orange rind, and butter, and let stand 15 minutes. Line a 9-inch pie plate with ½ of pastry rolled ⅛ inch thick. Fill with gooseberry mixture. Moisten edge of pastry with cold water and adjust top crust, cutting several slits to permit escape of steam. Bake in hot oven (450° F.) 15 minutes, then decrease heat to moderate (350° F.) and bake 30 minutes longer, or until filling is cooked.

PROTECTION FROM LIGHTNING

If you are out-of-doors in a severe electrcial storm, it is well to observe the following rules for your own protection:

1. Keep away from wire fences. They may carry a dangerous electrical charge long distances. Cattle in pastures are frequently killed from the neglect of farmers to ground the wire of the fence.
2. Keep away from isolated trees. Oak trees are frequently struck; beech are seldom struck. You are safe in a dense forest.
3. Keep away from hedges, ponds and streams.
4. Keep away from herds of cattle and crowds of people.
5. Do not hold an umbrella over you.
6. It is safer to sit or lie down in an open field than to stand.
7. Drivers should dismount and not stay close to their horses.
8. Do not work with any large metal tool or implement.

If you are in-doors:

1. Keep away from the stove and chimney. The hot gases from the chimney may conduct the lightning to and down the chimney.
2. Do not take a position between two bodies of metal, as the stove and water-line, for example. An exception to being near metals is the case of an iron bed. One of the safest places is on a mattress in an iron bed, provided you do not touch the metal. The metal surrounding you makes a safe cage, which will prevent the lightning from reaching a person inside.
3. Do not stand on a wet floor nor draw water from the well or faucet.
4. Do not stand directly under a chandelier, near a radiator, nor on a register.
5. Do not use the telephone.

SANTA CLAUS ALREADY BUSY WITH ADVANCE DELIVERIES

Santa Claus cast a cooling shadow over two sweltering railway expressmen at Brantford in the height of the heat wave last week.

The men said they handled two parcels marked 'Don't Open Till Christmas.'

There was an explanation. The parcels were destined for Hay River, Northwest Territories, and were sent early to catch the last summer boat from Waterways, Northern Alberta, into the far north.

LET'S HAVE THE NEWS

Vacation season is here, and it brings a steady stream of visitors to the community, while scores of local residents are holidaying at other points from time to time. Every one of these visitors is a news item of interest to at least some of our readers, and we are anxious to receive these items. Send them in, or bring them in, phone them in, or if you live in the country, let your district correspondent know. We do not wish to miss any of these "comings and goings," but if someone doesn't tell us, how are we to know? May we count on your co-operation?

FAITH—GREATEST FORCE

Every pioneer, explorer, adventurer, prophet and dreamer is a plunger. He lives by taking plunges into the depths of the unknown. Of course, he takes risks; he swims or sinks. He is under the urge of the greatest inspiration and uses the greatest force in life—faith.

Faith makes possible new worlds, new ideas, new viewpoints, progress and advancement. Without it life cannot exist.

That being so, it is our business to come to an understanding with it, make it our ally, accept its terms and conditions, understand and then use it.

Cheerfulness is just as natural to the heart of a man in strong health as color to his cheek; and wherever there is habitual gloom, there must be either bad air, unwholesome food, improperly severe labor, or erring habits of life.

THE WEED OF THE WEEK— PERENNIAL SOW THISTLE

Excessive moisture this year has been a contributing factor responsible for a marked increase in Perennial Sow Thistle. This weed spreads rapidly in heavy damp soils, particularly where drainage is poor and has become such a pest it is known as "Public Enemy No. 1" among farmers.

Three species of Sow Thistle are common in Ontario. The Perennial is the worst and it has two comparatively harmless cousins, the Common Annual and the Spiny Annual, says John D. MacLeod, Ont. Dept. of Agriculture, Toronto.

The Perennial Sow Thistle is a tall, coarse growing, deep rooted weed with large and vigorous running rootstocks. Once it establishes itself in a field these underground rootstocks spread in every direction and send up new plants from buds which appear every few inches along the stock and soon chokes out cultivated crops.

The perennial thistle is taller and more slender than the annual. It has numerous underground running rootstocks, while the annuals have only tap roots. The leaves of the Perennial are deeply cut with segments pointing backwards and flowers are a deep yellow in colour and an inch and a half across, while those of the annuals are a pale yellow and less than an inch in diameter. Flower cups and flower stems of the Perennial are covered with short glandular bristles while those of the annuals are nearly smooth.

Perennial Sow Thistle can be controlled. The first essential is to prevent seeding, as a few patches if allowed to mature may seed down a whole neighbourhood. Each seed of Sow Thistle bears a conspicuous tuft of white milky hair which when dry acts as a parachute and makes it possible for the seed to be spread far and wide by the wind. An average plant may produce several thousand seeds and every precaution should be taken to prevent seeding. Blossoms which are five days old may develop viable seed, therefore, standing crops containing Sow Thistle should be cut just as soon as the first few flowers appear. Destroy all plants which have been in blossom from 3 to 5 days.

Briefly the following control measures should be kept in mind when combating this weed. Drainage, the use of clean seed, maintenance of soil fertility, thorough cultivation and early seeding, a short rotation, the use of early maturing varieties of grain, smother crops, particularly buckwheat, hoed crops, hay and pasture mixtures with a view to obtaining a crop and at the same time prevent seeding, roguing, mowing of patches before seeds mature, working of patches separately, eradication of patches by the use of chemicals, smothering of patches with manure, straw or tar paper; care in the use of such implements as the disc harrow which may cut rootstocks into short pieces each of which may produce new plants; clovers, pasturing summer fallowing, the use of fall wheat and fall rye; after harvest cultivating and careful threshing with a view to controlling the spread of Sow Thistle seed on to neighbouring farms.

The following "Dry Cleaning" method was proven effective on hundreds of farms throughout the province, particularly on heavy clay soils. Start to plow infested fields immediately after the crop has been removed. This newly plowed land should not be touched for a week or more depending on weather conditions. It will be roughly set up with large clods, lumps and holes. Surface soil and subsoil will be separated. Moisture will be cut off and rootstocks will be dried out and killed; hot dry weather will insure a more satisfactory job.

Many Municipal Councils throughout the Province where Perennial Sow Thistle is confined to patches have developed a policy of supplying ratepayers with a quantity of chemical weed killer for its eradication. This plan has much to commend it and should receive the consideration of every Municipal Council. The individual who has no Perennial Sow Thistle on his property should be just as interested in its eradication as the one who has difficulty in controlling it. Co-operation is essential in controlling this menace to Ontario Agriculture, Mr. MacLeod states.

More detailed information regarding its control may be obtained from your Agricultural Representative or Weed Inspector, or by writing direct to the Crops, Seeds & Weeds Branch, Parliament Buildings, Toronto.

WELL DONE, CHESTERVILLE!

Chesterville isn't the biggest community in the United Counties by a long shot, with a population just a little above the thousand mark. But there are few municipalities of the size more enterprising or more patriotic.

An all-day street fair was staged in Chesterville on Monday of last week. A program of water and land sports took up most of the afternoon and there were two dances in the evening. Various booths and games provided amusement for the throngs and the energetic committee in charge missed no bets either in affording entertainment or in extracting nickels and dimes from those attending.

The result was that a cool $1,000 was turned over to the Red Cross Society out of the day's proceeds. Well done, Chesterville!—(Editorial in the Cornwall Standard-Freeholder.

EST. 1832—OVER A CENTURY OF BANKING EXPERIENCE

REGISTRATION STARTS ON MONDAY August 19th

Commencing Monday, August 19th, Canada calls on her citizens, 16 years of age and over, regardless of nationality, to register. Because of the magnitude of this task the Government asks those who must register to study the questionnaire carefully. Every question must be answered truthfully and without evasion. It is imperative that every one 16 years of age and over register. You will make the whole task easier for yourself and the Government by registering early. Registration will last for three days only.

REGISTRATION DATES
August 19th, 20th, 21st

EVERYONE CAN HELP—To keep the cost of this registration at a minimum the Government is asking the co-operation of all public-minded citizens in the work of registration. You can help by getting in touch with your local registration officials and offering your services.

WHERE TO REGISTER

Registration offices are being set up by electoral districts in the same manner as in the last Dominion election.

Registrants are required to register in the regular polling subdivisions of their own constituencies. But should a registrant be in some other province or district out of the regular polling subdivision on Registration Days, he or she may register at any registration office convenient, upon satisfactory explanation to the local deputy registrar.

Your Registration Certificate

To every person answering the questionnaire fully and satisfactorily a certificate of registration will be issued by the local deputy registrar. This is a small card which must be carried on the person at all times.

Penalty for Non-Registration — Failure to register will make any male or female, married or single, over the age of 16 years, liable to a fine not exceeding Two hundred dollars, or to imprisonment for a term not exceeding Three months, or to both such fine and imprisonment, and moreover to a further penalty not exceeding Ten dollars for each day, after the day upon which he should have registered, during which he shall continue to be unregistered.

LOCAL AND DISTRICT NEWS

Appointed N. P. A. M. Officer.

Lieut. Leonard Porteous, formerly of the Grenville Regiment, has been appointed to the staff of the Stormont, Dundas and Glengarry Highlanders, N. P. A. M. Lieut. Porteous will take charge of the company of Recruits at Morrisburg.

Will Judge Lawns.

Arrangements have been made to have Mr. Thos. E. Fraser, florist of Morrisburg, come on Saturday next, the 17th, to judge the lawns and flower and vegetable gardens here, in the annual competition for the Royal Bank Cup, and the Aaron Sweet Cup.

Morrisburg Girl Engaged.

Mr. and Mrs. M. A. Robertson, of Morrisburg, announce the engagement of their eldest daughter, Ruth Anna, to Capt. George E. Edgerton, eldest son of Mr. E. L. Edgerton, and the late Mrs. Edgerton, of Lancaster, Ont. The marriage will take place early in September.

Metcalfe Fair Dates Changed.

The dates of Metcalfe Fair have been advanced to September 20th and 21st. This was decided on at a meeting of the directors, held a few days ago. The Prize Lists are now being printed and will be ready for distribution within a couple of weeks. Prospective exhibitors desiring a copy should write to J. Eldon Craig, Secretary, Metcalfe, Ontario.

Call Is Extended.

The congregation of Spencerville and Roebuck met in Spencerville last week and extended an unanimous call to Rev. L. M. Sommerville, of Heckston United Church, to assume the pastorate at Spencerville. Mr. Sommerville will succeed Rev. W. P. Wornell, formerly of Spencerville and now of Athens, where he succeeded Rev. A. S. Cleland, who retired at the end of the conference year.

Trousseau Tea Held.

Mrs. Lindsay Allen, of Vernon, held a Trousseau Tea on Wednesday of last week, in honour of her daughter, Miss Irma Jean, whose marriage took place on Saturday. There were 125 guests present. The rooms were beautifully decorated with pink and white streamers and wedding bells, and baskets of cut flowers in pastel shades. The tea table was centred with a silver bowl of pink and white flowers and pink tapers. Mrs. R. A. Campbell and Mrs. Willard Acres poured tea.

Will Play At Morrisburg.

Following its policy of bringing only the foremost attractions to Morrisburg in its drive for funds, the Red Cross committee has contracted the services of Len Hopkins and his Chateau Laurier Orchestra for the next Red Cross Dance which will be held in the Morrisburg Arena on Thursday, August 29th. Len and his boys are widely known as Canada's foremost exponents of "mellow music." They broadcast regularly from Ottawa and are one of the CBC's most popular programmes.

Local N.P.A.M. Units Filled.

Units of the Stormont, Dundas and Glengarry Highlanders, N.P.A.M., at Winchester, Chesterville and Morrisburg, are up to full strength of 50 men each and no more recruits can be taken on at the present time. Lieut. F. M. Cass, O. C., reports that the work of enlisting the men in the N.P.A.M. has been encouraging, and that there are still several men anxious to take the training, but due to the fact that the local units are already overstrength, they cannot be signed up at the present time.

Registration Age.

All persons, male and female, 16 years of age and over, must register under the National Registration Act, C. F. Swayze, registrar for Leeds county, pointed out. Registration during the period will be in the polling sub-division where the person normally resides. Those who have to be absent from home during the registration period will be required to register at the nearest registration sub-division to where they are at the time. Such persons must furnish satisfactory proof to the registration official in charge of the sub-division as to his or her absence from home.

Newlyweds Honoured.

A reception was held at the home of Mr. and Mrs. Harvey Smith, Cass Bridge, recently, in honour of their son, Leslie, and his bride, who were married a few weeks ago. About 200 friends and neighbours were present. The presentation of a rocking chair, fern stand and other gifts was made on behalf of Cass Bridge and Winchester Springs friends by Doris Coons, Rae Hirst, Vivian Casselman and Douglas McIntosh, while an appropriate address was read by Mrs. Robert Fowler.

Following the presentation, refreshments were served by the hostesses, and before leaving, all present registered their names in a beautiful bride's book, designed by Mrs. Fowler.

Apple Blossoms In August.

It is a rare occurrence to find apple trees in blossom at this time of year, but Mr. Irwin Haggerty, of the Toyes Hill district, has a tree in his orchard that has several blossoms on it, as well as a number of matured apples. Mr. Haggerty brought a branch of the blossoms to the Press Office this week and the little white flowers showed every evidence of developing into little apples, if Jack Frost doesn't interfere with them. We have often heard of strawberry vines producing blossoms in the late summer, but this is the first instance that we know of where an apple tree has blossomed for the second time in one season. Oh well, blame it on the war!

First Aid Course Postponed.

The St. John's Ambulance First Aid Course, which was scheduled to start here this week, has been postponed until a later date.

Is Dividing Store.

This week a partition is being built in Mr. T. O. Keyes store to separate the Grocery and Hardware Departments from the Dry Goods and Small Wares Departments. It is Mr. Keyes' intentions to dispose of his grocery and hardware business and to rent that part of his store to the buyer. He will continue to operate the Dry Goods Department in the front section of the store, as at present.

Hospital Patients Doing Well.

We are pleased to report that Mr. Frank Davidson, who underwent an operation at the Ottawa Civic Hospital last week, is progressing favourably and will be able to return to his home, here, some time next week. Dickie, the infant son of Mr .and Mrs. Gordon Gibson, has shown steady improvement, following his operation at Cornwall General Hospital, last week, and his parents expect they will be allowed to bring him home on Sunday. The youngster's operation was of a serious nautre, but physicians assure the parent it was a complete success and the child will be restored to normal health.
