YOUTH FOR CHRIST RALLY WELL ATTENDED

A well-attended Youth For Christ Rally was held in the Winchester Theatre on Sunday, April 9. Hymns and choruses, led by Mr. Art. Jackson, were enjoyed by all. Four teen-age girls from Ottawa favoured the audience with a quartette number, also giving their encouraging testimonies.

A challenging message was presented by Rev. Mr. Battles, pastor of the Ottawa Gospel Tabernacle, and well-known radio pastor.

WEDDINGS

PRESTON - MacPHERSON

St. Matthias' Anglican Church was the scene of a fashionable Spring wedding at 4 o'clock yesterday afternoon, when Miss Dorothy Joyce MacPherson, elder daughter of Mr. and Mrs. Ralph MacPherson, of town, was united in marriage to Mr. Robert Delong Preston, son of Mr. and Mrs. G. D. Preston, of Merrickville. Rev. Leon B. G. Adams officiated, while Miss Annie Walker presided at the organ for the Wedding March. The bride's attendants were her sister, Miss Mary MacPherson, bridesmaid, and Miss Charlotte Preston, sister of the bridegroom, maid-of-honour. The best man was Mr. Glen Ogilvie, of Merrickville.

Mr. Ron. Workman was soloist and sang "Because" during the signing of the register, accompanied by Miss Dorothy Servage.

The ushers were Mr. Lloyd Fanning, of Ottawa, and Mr. Ray Lannin, of Merrickville.

Spring flowers and ferns and pink and white ribbons were used effectively to decorate the church.

Given in marriage by her father, the bride was charming in an Ivory Satin gown, fashioned with a slight train. The front of the skirt was caught in scallops with tiny satin bows. The gown had a nylon yoke with small covered buttons in the back, a fitted bodice, and long tight sleeves ending in points which fell gracefully over the hands. Her floor-length veil was held in place by a coronet of Orange blossoms, and she carried an arm bouquet of American Beauty Roses, Lily-of-the-Valley and Maiden Hair Fern. Her only ornament was a set of rhinestone accessories, the gift of the bridegroom.

Miss MacPherson, as bridesmaid, wore a floor-length gown of net over pink taffeta, fashioned with full skirt and brocaded bodice with nylon yoke. It had small buttons down to the waistline and short puffed sleeves. Her halo of pink net was adorned with small rosebuds, and she carried a wristlet of pink Sweet Peas and Lily-of-the-Valley.

The maid-of-honour, Miss Preston, was wearing an orchid taffeta gown, with high neckline and bustle back. Small covered buttons extended from the neckline to the waistline in front and the skirt was full-fashioned. Pink rose buds held her halo of orchid net in place, and she carried a wristlet of Sweet Peas and Lily-of-the-Valley.

The bride's gift to the groom was a Travelite Case.

Following the ceremony, a reception was held at the Golden Pheasant Dining Hall, attended by 50 guests.

Mrs. MacPherson, mother of the bride, wore a gown of Navy Tissue Faille, with silver gray and navy accessories and corsage of pink roses.

Mrs. Preston, mother of the bridegroom, chose a figured silk dress with white background, Lilac-coloured hat and gloves, and corsage in matching tones.

Later, Mr. and Mrs. Preston left on a brief honeymoon trip to points in Northern New York State. For travelling, the bride wore a Forest Green gabardine suit, with beige and brown accessories and corsage of Talisman Roses. On their return they will reside at Powassan, Ont., where Mr. Preston teaches school.

Out-of-town guests present at the wedding included Mr. and Mrs. S. Fanning, Miss Judy Fanning, Mrs. Norman MacPherson, Mrs. A. McAllister, Miss Judy McAllister, all of Carleton Place; Mr. and Mrs. G. D. Preston, Miss Dixie Preston, Mr. Glen Ogilvie, Mr. and Mrs. Ray Lannin, all of Merrickville; Mr. Dave Addyman, of Peterborough; Mrs. A. D. Sherman, of New York City; Mr. Lloyd Fanning, of Ottawa; Mr. Raymond Clements, of Ottawa; and Miss Charlotte Preston, of Montreal.

DUCOLON—DURANT

In a quiet wedding ceremony, performed by Rev. Iver D. MacIver at St. Paul's Presbyterian Manse, on Saturday afternoon, Miss Audrey Beth Durant, daughter of Mrs. Milton Durant and the late Mr. Durant, was united in marriage to Mr. Thomas David Ducolon, son of Mrs. Bertha Ducolon and the late Mr. Ducolon, of Montreal.

The bridal attendants were Miss Betty Casselman and Mr. Mason Durant, brother of the bride.

The bride, who was given in marriage by her mother, looked charming in a street-length dress of turquoise blue crepe with gracefully tiered front and falling into unpressed pleats down the back. Her dress had a square neckline held at the corners with clusters of pearls. Her hat and gloves were pink and she wore a corsage of pink roses.

The bridesmaid wore a blue crepe dress with corsage of pink roses.

Following the ceremony, lunch was served to 40 guests at the home of the bride's mother, Mrs. Durant.

WINCHESTER THEATRE NEWS

"Massacre River" is a stirring tale of an Army post in pre-Civil war days. It is a super-Western, superb in its panoramic sweep of Arizona scenery, with rugged outdoor romance and Indian arauders. It is played by a youthful name-heavy cast which turns in colorful and virile performances. There is red hot action throughout, and, in addition, a strong romantic angle.

Such is the main picture for this week-end. An attractive supporting item is a Featurette entitled "Hollywood Wonderland."

The feature for the opening of the following week is a suspense drama of very high order, "Whirlpool.. The gifted Gene Tierney has a part of a woman with a neurosis married to a successful phsyco-analyst, but under an evil hypnotic influence. It is an absorbing play with wonderful acting by Gene Tierney and Jose Ferrer, and strong supporting parts by Richard Conte and Charles Bickford.

"Pirates of Capri," coming next week-end, is swashbuckling costume melodrama strongly reminiscent of the Scarlet Pimpernel. It was filmed in Italy against an 18th Century setting. Louis Hayward as a court dandy by day and a pirate wearing the sword of justice by night, gives a wonderful performance. It is a colorful film based on an historical happening but with a fictional setting; and it is packed with action and adventurous episodes.

Easter Services Well Attended

There were large attendances at all local churches on Sunday, where services featured special Easter Music and sermons that emphasized the importance of the death and resurrection of Christ, and what it means to Christians.

At the morning service in the United Church, Rev. Norman J. Thomas took his text from I Cor. 15.20: "The first fruits of them that are asleep." The anthem, "Alleluia, Christ Is Risen," by Van Wert, was rendered by the Junior and Senior Choirs, accompanied by Mrs. Dudley Craig at the piano, in the absence of the organist, Mrs. Howard Fetterly, who is convalescing from a recent illness. The Junior Choir was heard in the anthem, "Hail, Mighty Victor," by Guonod, while Miss June Rowat rendered a vocal solo, "Beneath The Cross."

The pastor's subject at the evening service was "He Is Risen," while the Senior Choir was heard in the anthem, "King of Kings," by Simper. Soloist at the evening service was Mr. Ron. Freeland, who sang: "The Holy City."

A baptismal ceremony took place during the morning service at St. Paul's Presbyterian Church when three babies were christened by the minister, Rev. Iver D. MacIver. They were: Marilyn Susan M., infant daughter of Mr. and Mrs. Clarence Presley; Susan Leanne, infant daughter of Constable and Mrs. T. J. Wedge, of Toronto; Nadine Jen, infant daughter of Mr. and Mrs. Kenneth Derick, of Montreal.

A special Easter anthem, "He Lives," was rendered by the choir, under the direction of Miss Clara Irving, organist, while Miss Doreen Cross was heard in a vocal solo, when she sang "Love Brought Him To Calvary."

At the evening service, "When I Survey The Wondrous Cross" was sung as a duet by Mrs. Iver D. MacIver and Mrs. Hugh Wilson.

The flowers which adorned the pulpit were in memory of the late Mr. and Mrs. Wm. Dickson and the late Mrs. Albert Edgerton, donated by members of the respective families.

At the Wesleyan Methodist Church, a Sunrise Service was held at 7 o'clock on Easter Sunday morning, with the pastor, Rev. H. Kielty, officiating. Other services were held at the regular hours. During the week, Rev. J. H. Walker, evangelist, of Brockville, conducted a series of Youth Services, the final meeting being held on Easter Monday, with special music by the Y. P. S.

Rev. M. J. R. Gibson, of Calvary Bible Church, Smiths Falls, was special speaker Easter morning at the local Baptist Church, exchanging pulpits with Pastor Ben Richardson. In the evening, services were conducted by a layman soloist, Rowat Deeks, of Ottawa. Special Easter music was under the direction of Mrs. P. Cummings and Mrs. T. J. Keyes.

ANGLICAN CHURCH EASTER SERVICES

All the joy of Him who is "the Resurrection and the Life" was evident in the Easter services in the three Anglican Churches in the parish of Winchester this past Sunday.

At 8.00 a.m. Rev. Leon B. G. Adams officiated at the Sung Eucharist in St. Peter's Church, South Mountain, assisted by Mrs. Gertis Montgomery at the organ. The Altar was richly adorned with gold dossal curtains, tall lighted candles, and vases of daffodils which had been given to the Glory of God and in loving memory of Olive Casselman, Mr. and Mrs. F. R. Davies, Melvin Black, Cora Laushway, Eva Barclay, Donald Laushway and Gwendolyn Casten.

At 9.30 a.m. the Holy Sacrifice was offered at St. Matthias' Church, Winchester, with the Rector officiating, assisted by Mrs. L. Mattice at the organ. Flowers were placed on the Altar to the Glory of God and in loving memory of Emily Bolton.

At 11.00 a.m. the Rector celebrated the Holy Eucharist at the Church of the Holy Trinity, Chesterville, assisted by the church choir and Miss Edna McGee at the organ. Servers were Jack Julyan and Jack McGee. Robbie Sutherland was Crucifer. The Altar was flanked with giant-sized Easter lilies given in memory of the late George W. Brooks, while on the Altar itself were vases of carnations and daffodils in memory of the late Thomas McGee. A large congregation filled the church to capacity.

The Easter Day festivities were brought to a close with Evensong at 7.30 p.m. in St. Matthias' Church, Winchester. In the Anglican Church, Easter is observed for a 40-day period until the Feast of the Ascension.

At these services, the Rector announced that there would be a memorial service (Requiem Eucharist) for the late Rev. J. A. Louis Ellacott, former Priest in charge on this parish, at the Church of the Holy Trinity, Chesterville, on the first Sunday in May at 11.00 a.m.

WILL REPAIR HIGHWAY 31

Highway No. 31, between Morrisburg and Ottawa in the area extending from the Carleton boundary north for eight miles, will be put in first class shape, according to Hon. George Doucett, Minister of Highways for Ontario.

"It is my plan to have a high standard highway all the way from Ottawa to the Quebec-Ontario border just as soon as it is possible to do so," Mr. Doucett said at Toronto recently. "At the earliest possible date we shall commence this work"

At present, part of the Vernon-Winchester road is only gravel covered. Mr. Doucett said he has inaugurated a five-year plan which will result in good roads throughout Eastern Ontario. He said he is pushing the program as fast as he can.

A columnist in the Iroquois Post says: "Not so long ago we read where the Minister of Highways reported the highways in this district to be in fairly good condition. Over the week-end we travelled over several of these fairly good roads and nearly lost our uppers. One stretch near Vernon has a sign "Road Under Repair." We think a new sign should be erected with "Road Still Under Repair" . . . the paint is wearing off the old one."

At last week's meeting of the Municipal Council, decision was made to purchase a new two-ton truck for the local Public Works Dept. That the purchase of a new truck was a necessity, we heartily agree. We are, however, inclined to doubt the Council's wisdom in selecting such a light vehicle. In our opinion a heavier truck could be used to much better advantage, and at the same time save the taxpayer a few hundred dollars each year. The cost of a heavier truck would be greater, but it's not always the initial investment that should be given first consideration. The type of work that a heavy truck is capable of doing should be considered. For instance, with a heavier truck, the Council could, by an additional investment in a snow plow, keep the local streets cleared of snow in the winter. The money paid out each year for this purpose would soon offset the difference in the price of a heavy and light truck and the amount paid for the purchase of a snow plow. A heavier truck could also be used to better advantage for hauling gravel and sand, and for collecting garbage. As a much bigger load could be carried on such a truck, fewer

NATIONAL WILD LIFE WEEK, APRIL 9-16

In April 1947, the members of the House of Commons and the Canadian Senate at Ottawa voted unanimously to create National Wild Life Week to fall on the week in which April 10th, the birthday of the late Jack Miner, comes. This year the dates are April 9 to 16 inclusive.

The week is sponsored by the educational department of The Jack Miner Foundation and its only motive is strictly an education week when no apples, no tag day or appeals for money in any way is allowed to be made, but on the contrary, it is hoped the public of not only this generation but of the generations to come will benefit from same because the wild life of our community is one of Canada's largest assets and no one ever did so much to awaken public interest as to the value of same as did the late Jack Miner who lectured throughout not only Canada but the entire continent and wrote books and magazine articles which appeared in every publication, saying nothing about his radio broadcasts.

As a living monument to the late Jack Miner, this National Wild Life Week was created and every Provincial Premier has co-operated with the result that every Fish and Game Department as well as his educational departments in the respective provinces with the result that every school teacher in this Dominion has been asked to stress the value of bird and animal life in the schools as well as the conservation of our timber and other natural resources.

Every preacher, regardless of denomination, has been asked to observe Sunday, April 16th, as National Wild Life Week Sunday and preach on God's great out-a-doors. All service clubs are providing special speakers on the subject during their weekly meetings, while all radio and newspapers are giving time and space to publicize and awaken public interest and in this way will be carrying out one of Jack Miner's statements which has gone down in history when he said; "I stand for more education and less legislation."

SOMETHING TO TALK ABOUT

"Ideas, things and thoughts are something to talk about. The idea back of accident prevention is sound. The things, such as guards, protective goggles, foundry boots, which will prevent injuries, are good. The thoughts which develop accident prevention plans are good for the men and women in industry."

The foregoing item is taken from the monthly letter to industrial executives issued from the head office of the Industrial Accident Prevention Associations of Ontario and is based on one of the posters sent out to industries across the province for display on their bulletin boards. Under the heading "Something to talk about!" the poster asks the question of men and women in industry: "When you are hurt who runs the risk of impairment causing permanent disability?" and answers "You do!" with the caution, "Remember, a moment of thoughtlessness on your part may mean a lifetime of regret. You can do something about it."

The item in the letter goes on to state that "The ideas in the bulletins enclosed are to assist your people in using the safeguards provided and in thinking of accident prevention."

EDITORIAL NOTES

A health tip: To avoid a nose bleed, keep your nose out of other people's business.

Scientists have proved the moon isn't made of cheese, after all. But all they know about it concerns the 50 per cent. of the moon's surface visible from earth.

The Red-dominated Czechoslovakian army has banned the singing of Western songs, especially those "expressing the corrupt life of the capitalist world." "Home On The Range" displays a dreadful interest in ownership of private property.

There seems to be a tendency on many sides to ignore the importance of conservation of natural resources. Perhaps if more people understood that a nation, ignoring conservation and wasting natural resources, is bound to end up just like an individual who spends his capital as well as his interest, greater public attention would be focused on this serious matter.

trips would have to be made to the garbage dumping grounds and the work could be completed in one day. This would mean a saving in labour costs. These are only a few of the advantages that a heavier truck would provide. They are not possible with a two-ton vehicle.

In the interests of economy and better service, Council should give the matter further consideration.

We do not believe that local taxpayers would complain about the investment made in the purchase of a heavy truck, when it is going to mean a great saving in the costs of snow-ploughing, garbage collecting and municipal hauling, for years to come. The costs of maintaining a heavier truck would probably not be as great as that of a lighter truck, especially when the latter is being used for work beyond its capacity. Outside of having a smoother running truck, there is little to be gained by purchasing a new two-ton truck, but there are great advantages to be had by the purchase of a heavy truck, and in the long run it will mean the saving of hundreds of dollars each year to this community.

The Winchester Theatre has been used to good advantage on two recent Sundays for the holding of "Youth For Christ Rallies." The comfortable seats and cozy atmosphere adds to the comfort of those who attend—and the attendance at these interesting Youth Rallies has been increasing. Complaints have been heard that a theatre is not a proper building for the holding of religious services. The only answer we can give those folk is the following reference from St. Matthew 18, verse 20, which reads: "For where two or three are gathered together in My name, there am I in the midst of them." Those were the words of Jesus, and He didn't make any exceptions as to where such meetings were to be held. Some of the greatest evangelistical meetings on record have been held in theatres and many men and women have found a new way of life as a result of attending those meetings. If these rallies in the local theatre are attracting young people and causing them to take a deepen interest in the Christian religion, by all means let them continue. The local churches will be the benefactors. Don't let anyone convince you, be he a minister or otherwise, that a theatre is not a proper place for the holding of a religious meeting. If you are a true Christian, you can worship any place, be it a theatre, a church, a school house, a tavern, a wood shed or a barn. The type of building or what it has been used for does not matter. All buildings are made of material substances, such as brick, stone, mortar and lumber—even our church buildings. It isn't the building that makes the church, it's the people who make up its membership.

We were somewhat surprised to learn that certain people wanted to attend the Youth For Christ Rallies, but refrained from doing so because they were told that the town hall and the theatre were not proper places for holding religious services. That is not only a narrow-minded opinion, but is not a Christian attitude, and contrary to the teachings of Christ as stated in the verse quoted above.

What gets us is the darn politeness of the telephone girls. We say, "Why can't you get our call through?" And they say, "I'm terribly sorry, sir, but the line is out of order, etc." Gals, your patience is amazing.

According to an item in the "Mill Tattler," they have a dog on their hands down at H. S. Lannin Limited. The item reads: "Sandy", the stray dog, has apparently made up his mind to stay with us. Some good-hearted "Be Kind To Animals" enthusiast has placed a "piggy-bank" in the front office, to receive our contributions towards buying Sandy meat bones. But the problem is, who will buy the dog license, and who will be responsible for keeping him tied up, after May 1st, if we decide to adopt him?"

* * * *

The Mill Tattler also carried this little joke, which might create a bit of laughter: "A minister was very fond of cherry brandy, and one of his elders thought he would play a joke on him. "I'll give you a bottle of cherry brandy," he said, "if you will promise to acknowledge it publicly from the pulpit on Sunday." The minister agreed. During the next Sunday's announcements, the minister thanked the donor "for the fruit, and the spirit in which it was given."

Other Editors' Opinions

ONLY ONE TAXPAYER

(Barrie Examiner)

It is incorrect to say that the Dominion has any greater sources of taxation than the provinces. Every government has exactly one source of taxation, and that is the income of the man on the street.

A SOCIAL VIRTUE

(Granby Leader-Mail)

It is not always easy to be courteous and polite to all one comes in contact with in a day. Yet, courtesy is one of the greatest virtues to be cultivated and has great effect on the individuals one meets day by day.

THE WEEKLY PAPER

(Prescott Journal)

Looking over the weeklies of Eastern Ontario and Quebec that come to our desk every week, we are amazed at the effort put forth by the editors and staffs—no world-shaking news event like the dailies can indulge in, but homey stories about the people we know best, our neighbours; and editorials about the things that touch us most intimately—the municipal tax rate, the local Red Cross appeal, education week as it is related to the particullar community, the farmers' struggles with prices—nothing about the Hydrogen Bomb and the horrible implications voiced by "those who know"—the effect of news is its relation to the individual.

FEED THE HUNGRY

(Val d'Or Star)

A hunger for knowledge, implanted in the human mind by the Creator, should not be neglected. Public libraries stocked and maintained by co-operative community efforts can do much to provide good reading for all ages and aptitudes.

A LARGE RESPONSIBILITY

(Campbellton (N. B.) Tribune)

The fact that salary increases may be deserved does not alter the need for teachers with proper qualifications. In their daily task of training young minds which will one day rule our land, only those teachers who are properly fitted should be permitted so great a responsibility.

TAX INFORMATION

(Pembroke Standard-Observer)

It would be a good thing if people were made aware of the so-called hidden or indirect taxes, which add substantially to consumers' costs. If each of us knew exactly what we pay in a year in government taxes we might take more interest in what goes on at Ottawa and Toronto.

PAINFUL PROCESS

(London News Chronicle)

The man who can find a truly painless method of paying income-tax will be as great a benefactor to the human race as Sir James Simpson. It was he who first used chloroform in operations. But until such a happy discovery is made, we must adopt what means we can to ease the pain. The latest method of doing this is a declaration form devised in Australia. There are only seven entries to be made, and the form takes less than two minutes to fill. We are grateful for the idea, but it is still reminiscent of the dentist. "Out in a minute!" he says cheerfully, and bares his arm for the task. And we have an unhappy feeling that such forms can never really help. Money is the root of all evil. Its extraction is bound to be painful.

Quiet minds can not be perplexed or frightened, but go on in fortune or misfortune at their own private pace, like a clock during a thunderstorm.—Stevnson.

The Chinese Way

The Chinese method for removing ink stains from clothing is to wash the spots with boiled rice. Rub the rice on the stain as you would soap, and wash with clear water. If the first application is not effective, repeat the process.

For Parents Only

(By Nancy Cleaver)

"A CHILD'S GARDEN"

If your child has never had a garden of his own, do let him have one this Spring! He may not grow very much in the way of vegetables or flowers, but what is important, he will grow himself. There are many lessons which a child learns in caring for a garden—lessons which will help him on the long road to becoming a useful, mature, happy adult.

Mother or dad should work with a boy or girl, giving just enough but not too much supervision to his gardening activities. First find a seed catalogue, a pencil and paper and have a plan drawn for the child's garden. If he is just a little child, tell him that he can grow one kind of vegetable from a group of early common ones, such as lettuce, peas, beans, and one kind of annual flower. Offer to share some of your small plants with him as well.

After he has watched a parent at work, let the child do all he can in raking the ground, making the drills and planting the seed in his own tiny plot. Often it is a good idea to use a couple of planks, one for him to walk and kneel on, and the other on the far side of the line he is planting. These help to keep the rows of seed straight, and prevent the child from trampling the freshly-raked ground.

Patience does not come naturally to many children. They will look for the first sign of their seeds growing many times before a green shoot actually appears. Because the small gardener is so eager to see something "happening" in his garden, do let him transplant a few small plants. Show him how to water these carefully and protect them with a shingle or box for two or three days from the too hot sunshine.

Weeding can be very tedious, but a school age boy or girl can be responsible for keeping his own small garden clean as well as helping weed the family plot. A small child may be a poor weeder, but he loves playing with water and will be a faithful waterer. In his own enthusiasm he may even wash away the seeds or drown out the plants, unless watched when he is using the hose to give his garden "a drink"!

Many children's sets of tools are cheap and not made to stand up to strenuous use on a real garden. They are more suitable for playing in the sand. Thus a light weight standard hoe, (the handle may be shortened) is more satisfactory for a child's use. Teach him how to handle a tool, and clean it and return it to the place where it is kept when he is finished with it.

Lots of praise and little criticism should be used by the parent of a small gardener. Of course, he will make mistakes—but if he perseveres he will know the joy of seeing his own plants growing. There is a very special satisfaction in arranging one's own vegetables!

Participation in gardening strengthens the family bond as parents and child work together in the fresh air and sunshine. A garden pays big dividends in health and happiness. Don't miss out on it—even if you have no land of your own and have to rent a small plot. In a vast country like ours, every family should have the opportunity to cultivate their own garden!

48p —Wilbert Johnston.

IN MEMORIAM—In sad and loving memory of our dear son and brother, Bert Hummel, who passed away on April 21st, 1937.

Sad and lonely do we wander
To a grave of covered clay,
Where we laid our dear son
Just thirteen years ago today.
The rushing stream of life rolls on,
But still the vacant chair,
The face, the smile, the voice,
Of the one who once sat there.
He often said he would be missed,
His words have all come true,
We lost our best and dearest pal
Dear son, when we lost you.

—Dad and Mother, Brothers and Sisters, Lee, Myles, Earle, Lola, Lera and Cussie. 48p

IN MEMORIAM—In fond and loving memory of a dear husband and father, Robert Alpin Campbell, who passed away April 15th, 1947.

It was in the beautiful springtime,
We stood by an open grave,
We watched them lower a loved one,
We would have given our lives to save.
But we knew our thoughts couldn't waken
That soul in its silent play,
So we laid down our hearts beside him,
And silently walked away.

48p —The Family.

W. H. S. NEWS NOTES

(By Clair Bailey)

The Shop Club, which has recently been formed by Grade 10 boys, has done a great deal to stimulate pride and interest in our school. The members have done many helpful things for the school outside of regular shop activities. They recently finished painting the girls' club room to give it a smart, attractive appearance. The boys have also been assisting the Girls' Home Economics Class whenever possible. Twelve weaving frames and shuttles, along with a few masonite washers, have just been completed and given to the Home Economics Class. They have also made 125 hurdles for athletics, and these will be appreciated in due time by our athletes when they turn out to train for our Annual Field Day next Fall. The Shop Club has been very co-operative and has been ready to lend a helping hand whenever asked. They have repaired chairs and stools, made shelves in the boys' entrance for dinner kettles and lunch boxes, and helped with decorations for the formal dance.

In the Spring they are planning to build a brooder house for the Agricultural Classes. It is the desire of the Shop Club to assist in improving the school whenever and wherever possible, and its work is deeply appreciated by all the students.

We're Big Spenders!

That doesn't mean we're careless. It's just that in the course of turning out those fine Tex-made cotton products you know so well, we have to buy a great many things from all parts of the country.

We need packing cases and cardboard cartons, construction lumber, paper, potato and corn starches, coal, sulphuric acid, caustic soda, oils, lubricants and a hundred and one other things which we buy from fellow Canadians who grow or make them.

In addition to this the 12,500 men and women working in our plants, earn many millions of dollars a year in wages, dollars which are spent on foodstuffs from the farms of Canada, grains, cattle, hogs and poultry, fish from the fishermen on both coasts and the Great Lakes.

We are the customers of our fellow-Canadians just as they are our customers. We're proud to have a part in Canada's economic life by buying the goods which other Canadians grow, make or provide.

THE MIXING BOWL

BY Anne Allan HYDRO HOME ECONOMIST

Hello Homemakers! Glamour at moderate cost is what we all want in desserts. There is nothing like a new dessert during the spring season to perk up a meal. Even a different presentation of an old standby will often do the trick.

At this time of the year, fresh fruits are practically non-existent. However, there are preserves, jams, and jellies, not to mention the innumerable canned or frozen fruits, which we can serve alone or in interesting combinations or as garnishes to add colour and extra goodness. With your own home-canned fruit, cracked eggs for baking and a little top milk saved for a few days to use as whipping cream, the cost of desserts will be very modest. Finally, always consider an attractive arrangement on a pretty plate.

For Sunday dinner, you can be a bit extravagant in your selection of a crisp meringue tart filled with strawberries or tinned pineapple topped with whipped cream. On Monday, the left-over cake from Saturday along with the egg yolks left over from the baking of meringues, may be concocted into a tasty dish of Trifle topped with jelly. Then Tuesday, a Rhubarb Betty, using bits of maraschino cherries in the biscuit crust may be a good choice. Next day, serve rice pudding, another creamy dessert; this time try adding slivers of candied ginger in place of raisins. Come Thursday, try a jelly roll filled with a raspberry jam and accompanied by chocolate peppermint sauce. Then don't forget to have prunes for breakfast that day so you can have prune whip with oatmeal cookies on Friday. Saturday is one day when there will be someone home to set the table for you—a good time to make a last-minute dessert but a hearty one—Fruit Dumplings.

TAKE A TIP

1. Use peppermint extract most sparingly for flavouring.

2. Beat cream with two drops of vinegar to speed up whipping.

3. When you use the electric beater for meringue shells, put egg whites, baking powder, salt, vinegar, water and vanilla in the bowl all at once. Beat at high speed until stiff and then fold in the fine sugar. You can make meringue shells one day previous to serving them.

4. Add a few drops of red colouring to rhubarb for a stronger colour or some pineapple for extra flavour.

5. In place of jam in our suggested Jelly Roll dessert, use a package of custard powder mix.

MERINGUE TART

1 cup fine white sugar, 3 egg whites, 1-2 tsp. baking powder, 1-8 tsp. salt, 1 tsp. vinegar, 1 tsp. water, cubed fruit, cream.

Sift the sugar. Put egg whites, baking powder and salt into a bowl and beat until frothy. Pour vanilla, vinegar and water into egg whites and continue beating until stiff. Add the sifted sugar very slowly, about 1 tsp. at a time. Grease an ovenproof platter and then, using a spatula or knife, shape the meringue in large tart shells with high sides. Bake them in a very slow electric oven of 275 degrees for one hour. When ready to serve, fill the centre of meringues with sweetened cubed fruit, fresh or stewed. Top with lightly sweetened flavoured cream. Makes 6 to 8 servings.

TRIFLE

3 tbsps. sugar, 1-8 tsp. salt, 1 tbsp. corn starch, 1 1-2 tsps. milk, 3 egg yolks, 1-2 tsp. vanilla, cake slices, jam or jelly.

Mix sugar, salt and corn starch thoroughly. Add milk and cook over boiling water until mixture is thickened, stirring about ten minutes. Beat egg yolks slightly. Add some of the hot mix, then return to double boiler. Cook for three minutes, stirring the while. Cut cake in strips, spread with jelly and arrange in sherbets. Pour in the cooked custard and top each with maraschin cherry. Makes 4 servings.

JELLY ROLL

4 eggs, 1 tsp. baking powder, 1-4 tsp. salt, 3-4 cup sugar, 1 tsp. vanilla, 1-4 cup sifted cake flour, 1 cup Jelly.

Mix eggs, baking powder and salt in a mixing bowl placed over a smaller bowl of hot water. Beat, adding sugar gradually until slightly fluffy. Fold in the vanilla and flour. Prepare a shallow jelly roll sheet 15"x10"x1" which has been lined with wax paper and greased. Pour on the batter and bake at 400 degrees in electric oven for about 13 minutes. Quickly cut off the crisp edges of the cake and turn from pan on to a towel covered with powdered sugar. Remove paper and quickly sprinkle with sugar, spread with jelly and roll. Wrap in towel to hold shape.

CHOCOLATE MINT SAUCE

2 square unsweetened chocolate, 6 tbsps. water, 1-2 cup sugar, 1-8 tsp. salt, 3 tbsps. butter, 1-2 tsp. peppermint extract.

Add chocolate to water and place over electric element turned low until blended. Add sugar and salt, cooking until sugar is dissolved. While stirring constantly, add butter and peppermint. Serve hot or cold. Makes 3-4 cup sauce.

QUESTION BOX

Mrs. J. T. asks: Do you use raw or cooked pineapple in a cream rice dessert?

Answer: We use freshly cooked pineapple at this season and because we use milk in place of water. Here's the recipe: Scald 1 cup milk and add 1-4 cup washed rice. Cook over hot water for 45 minutes (or 15 minutes for Minute Rice). Then rub through a sieve, and add 2 tbsps. sugar, 1-4 tsp. salt and 1 cup diced cooked pineapple to rice paste. Chill. Just before serving, fold in 2-3 cup of whipped cream. Makes 6 servings. Garnish each with a red cherry.

Mrs. H. G. asks: How do you store Maple Syrup?

Answer: Pour cold syrup into sterilized pint jars. Place on rubber band and partially seal. Use a deep pressure saucepan with an inch of water in it and on the rack place 3 or 4 pints of syrup. Heat to steaming point, then to 10 lbs. pressure and at that time count 15 minutes. Let pressure saucepan cool, seal jars tightly and store in dark place.

LATE JOHN W. CASSELMAN

On March 30th ,there passed away a lifelong resident of the Finch district in the person of John Waters Casselman. Mr. Casselman went to Montreal at Christmas time to spend the winter with his daughters, and was in his usual health up to the time of his sudden death. His passing will be regretted by his many friends in the district.

John Waters Casselman, who was in his 84th year, was born at Goldfield, Finch Township, a son of the late Philip Arnold Casselman and his wife, Catherine Sutherland. Mr. Casselman was an elder of Chalmers United Church, Finch, for many years.

His wife, the former Orena Carlyle, died twelve years ago. He is survived by one son, Philip, at home, two daughters, Helen and Dorothy, at Montreal; two grandchildren; two sisters, Mrs. Helena A. The funeral service was held at Chalmers United Church on Saturday afternoon with his pastor, Rev. H. M. Beach, officiating. Interment was made at Grantley Cemetery.

The many floral tributes received showed the high esteem in which the late Mr. Casselman was held by those who knew him. Among those attending the funeral were friends from Montreal, Ottawa, Mountain, Morrisburg, Iroquois and Burritt's Rapids.

EVENING AUXILIARY THANK-OFFERING

New system put in Melvin Motors Service Department assures better performance and greater trade-in value for cars and trucks

"Case History" is one of the great improvements in automobile service. Automatically it keeps the complete record of a car's maintenance—from 1,000 to 60,000 miles. This record makes it easy to prevent service oversights that cause break-downs. And the car or truck is sure to get all 18 of the free check-ups at the time when each check-up is needed.

When you drive into this Service Department you are shown your car's "Case History" which, in simple terms, is a complete maintenance "picture" of your car. This takes only a few seconds.

With this "Case History" service you not only eliminate many repair jobs and inconvenient breakdowns, you also enjoy such extra benefits as worry-free driving, better performance at lower cost, longer car life and, last but not least, better trade-in value. All these at no cost to you!

You are cordially invited to come in for a friendly demonstration of this "Case History" system. No obligation, of course.
