The Best To All!

Even with the energy crisis facing us in unknown situations this coming Winter, with high food prices, with increased costs in just about everything we buy and use, there is one thing we can all be grateful for...that Christmas is despite all the changes of the years, a time for goodwill.

If only for the moment we renew our faith in mankind, Christmas will have accomplished much more than mankind's efforts have accomplished during the rest of the year.

Today's world is not much different than that at the time of the birth of Christ. Wars were commonplace, disease was commonplace and greed was upon the face of the earth. In comparison we might think that we are in worse shape today but the faith generated by Christmas leads us to believe that this is not true.

For all our modern technology, for all the advances we have made in medicine, in knowledge on all subjects we know today, we are not all that far removed from the human being of 2000 years ago.

The houses are different, the mode of travel has changed, our food and clothing is different, our society is different...but man still looks to the future with anticipation that all things will be better as the years roll on.

Certainly the man and woman and child living 2000 years ago must have had the same dreams and ambitions. Walls around our cities and countries today are not that far removed from the walls of yesteryear. We are still trying to protect ourselves from our enemies, or suspected enemies. We are still filled with greed and with suspicions about our fellow man.

The times have certainly changed but how many of us can honestly say that we as human beings have changed that much? Just what have we learned in 2000 years? And where are we going in the future?

During the next few days as we celebrate the Christmas season, we might have time to think about our future and its relationship with the past. We might assess how far we've come in all these years in learning how to get along with our fellow human beings on this planet. And while we're at it, let us also think of those people in other countries and what they are loooking forward to in the coming life of this world. Do we seem to share the same interests, the same problems, the same blessings or are we still many miles apart in all these things?

If our memories could recall all the good things that have happened in 2000 years, what could we single out as the most important in our lives as it affects them today. Without doubt the birth of Christ stands out alone in our thoughts as the major event of the centuries and one which has made the most lasting impressions on our minds and our lives.

Looking towards the coming days let us all remind ourselves of this great event and let it help to renew us for the year ahead. It will bring a contentment and peace within us that lends itself fully to the meaning of the wish for a Merry Christmas and a Happy New Year.

THIS WEEK from Ottawa

NEW ENERGY POLICY

Prime Minister Trudeau announced measures leading to a new National Oil Policy. These measures include the creation of a National Petroleum Corporation, the extension of the price freeze on domestic crude oil and heating oil, the extension of a pipeline to Montreal, abolishing the Ottawa Valley line and the promotion of new sources of energy.

The next day, in Vancouver, he assured Canadians that they would have adequate fuel supplies at reasonable prices, regardless of where they lived in the country.

GALLUP POLL RESULTS

A Gallup poll released December 12, showed the Liberals with 43% of the popular vote, the Conservatives with 33% and the N.D.P. with 18%. This differs significantly from October when the polls showed the Liberals at 35%, the Conservatives at 35% and the N.D.P. at 20%.

UNEMPLOYMENT DOWN

The seasonally adjusted unemployment rate for November was 5.6%, down from 5.8% recorded for October.

HUMAN RIGHTS

Minister of Justice, Otto Lang announced December 10, Cabinet approval for a Commission on Human Rights and Interests. The Commission would act as an Ombudsman and tribunal to protect individuals against discrimination and would promote research and public education in relation to human rights.

Mr. Lang noted that the Commission would put special emphasis on the rights of women to protect women from discriminatory practices.

FAMILY ALLOWANCES

The House of Commons gave final approval to a Bill to increase Family Allowances to an average of $20 per month, per child, starting January 1974. This is part of Health Minister Lalonde's total package to revamp Canada's Social Security system.

STUDENT LOANS

Finance Minister John N. Turner announced that loans totalling $106,627,593 to 122,396 students were authorized under the Canada Student Loans Plan during the year July 1, 1972 to June 30, 1973.

LIP PROJECTS

1,142 projects under the federal government's Local Initiatives Program were approved, creating 9,120 jobs. Federal contributions to LIP to date total $23.7 million.

Bill Smiley

GHOSTS OF CHRISTMASES PAST

When there are no kids around, Christmas loses a lot of its excitement. At least that's the way it seems around our house this year.

We've always had a family Christmas, most often at the farm of the grandparents. Those were great old traditional festivities.

We drove to the farm, left the car at the highway and staggered through the snow up the lane to the house, loaded with gifts. The kids, wrapped to the noses, were fairly hysterical by the time we entered the big, warm farm kitchen.

There we were assailed by the enveloping scents of roasting turkey and pine needles, a wonderful combination.

Then came the opening of presents, with everybody protesting, "Oh, you shouldn't have . . ." Except the kids. They would rip off the wrappings, scarcely glance at the contents and start looking under the tree for another package with their name on it.

A lot of love and thought went into the gifts, and sometimes there were tears of pleasure.

The women talked a blue streak and caromed off each other as they charged around the kitchen. The men sat around drooling. And the children were the centre of attention, funny and delightful, and they loved it.

Then came the great orgy at the table, with everyone from the littlest to Grandad tucking into the turkey and trimmings until their eyes were bulging.

This was sort of the climax of the holiday, and like every climax, it had its anti-climax: great stacks of dishes to be washed; distended bellies; exhausted kids. In its way, it was a pretty pagan celebration.

But by evening, everything was cleared up, digestions would begin operating again, and there'd be carols and quiet talk and a general feeling of warmth and love and security.

This was the culmination of several weeks of Christmas pageants and Christmas parties at the Legion Hall for the kids, and writing cards to old friends, and scrambling around for gifts, and putting up the thrice-blasted tree and pretending there weren't going to be a lot of presents this year.

They were good times, and I miss them, but I don't know whether I could stand the pace any more. I was working about twelve hours a day, and there seemed to be a festivity or something every night.

There were a couple of Christmases that are funny in retrospect, though at the time there was a marked lack of Christian spirit.

One was the time we bought the television set for the grandparents. It was in the early days of TV, and we all chipped in to buy the set. None of us could afford one for ourselves. There was tremendous secrecy. It was to be the surprise of the century. My brother-in-law and I dragged the great brute of a box up the lane on a toboggan and wrestled it into the farmhouse. It was to be opened under the tree.

Kim was about three, and full of that wild excitement that invests kids at Christmas. We had barely deposited the big box in the house when she piped, "Hope you like the tee-bee, Granny." Some secret. Some surprise.

And there was the Christmas we held at our place. The grandparents and the aunts and other assorted bodies were invited. My wife had spent two hours the night before scrubbing and waxing the kitchen floor. I had spent three hours preparing the turkey. We were going to show them that we could entertain in style.

All was in readiness. The Old Battleaxe told me to take the turk out of the oven. I did, skidded on the wax, and roasting pan, turkey and all went flying through the air. Wall-to-wall grease. Turkey basted in floor-wax. It was one of the less-memorable moments in a happy marriage.

And I remember Christmases a long time ago, in the Depression, when a child's one and only present might be a suit of long underwear, or a handknit sweater. Depressing, was the Depression.

Of recent years, our kids have come straggling in from university, sometimes with a friend, for Christmas. And we've had music and good food, and fun.

Last year we were alone. If I remember correctly, we dined on frozen meat pies. I had bought the usual two trees. I got the little one up. The big spruce was leaned in a corner, and I threw it out on Boxing Day.

This year, we'll be alone again. But things are going to be different.

Son Hugh won't be home. He's off in deepest Quebec. But he's already had his present. Daughter Kim won't be home, because I don't particularly want my grandchild born on a bus.

So. We're thinking of closing up the joint and going to the city. My wife can supervise the layette. I can write cheques. We'll stay in a hotel, where somebody else had to grapple with the tree.

And, if things turn out just right, we might get the finest Christmas present we've ever received. A bouncing baby grandchild.

Christmas Spirit Evident Aux. Meet

The Christmas spirit prevailed throughout the December meeting of the Winchester and District Hospital Auxiliary. Mrs. Fred Cass, president, opened the meeting with a reading - Keeping Christmas. Decorations had been completed throughout the hospital.

Three needlepoint pictures, the work of Mrs. Brownlee of Finch, were on display, as was the large rug hooked by Mrs. H. Latimer. It was decided to use these as prizes for the Annual Special Event.

A letter was read by the Secretary with reference to location of future conferences of District 9.

Mrs. Clapp, Chairman of the Board of the Red Cross Homemaker's Service in Dundas County, spoke of the benefits of such a service. For information call the hospital number and leave your number. Mrs. McLean at the hospital number, would appreciate names of interested Homemakers in each locality.

All hospital departments had a busy schedule in November as reported by Miss Legris.

Mr. Stel announced that a Policy and Procedure Manual has been approved and will be ready for distribution in the near future.

A busy agenda was authorized for the Purchasing Committee.

Magazines for the new book cart will be graciously accepted.

Mrs. F.L. Beamen was commended on her work with volunteer Service. The Auxiliary approved joining the Provincial Organization of Volunteers.

The Christmas Party for patients in One East, Thurs. Dec. 20 was finalized. Donations for Christmas favors and treats were named and recognized by the President.

Mr. Stel drew the winning tickets for a successful venture. Janet Meadors, Athens - electric warming tray; Mrs. Russell Hoy, Osgoode - hand painted picture donated by Mrs. E. Maartney; Mrs. Nelson Patterson, Osgoode - playing cards.

Meeting adjourned with Season's Greetings. Next meeting Jan. 10, 1974.

Annual Meeting of Dundas Soil-Crop Association December 13th

The Annual Meeting of the County Soil and Crop Improvement Association was held on Thursday, Dec. 13th. The morning program commenced with a discussion on the county projects. The county had mixed grain plots at the farm of Gerry Brugman, Chesterville; direct seeding plots at the farm of Neil Williams, Winchester and Lorne Henderson, Brinston; Faba Bean plots at the farm of Fred Zandbergen, Brinston and Bill Hardy, Inkerman. Carl Moore, K.C.A.T. commented on the programs at Kemptville College. He indicated that a lot of emphasizes is being put on the haylage system. Bob Hawley of the Crop Insurance Commission reviewed the program in the past and indicated the changes in the program for 1974. Bob Kelly, Agricultural Engineer, spoke on the tile drainage in Dundas. The amount of tile laid in 1973 exceeded 2 million feet. Again he indicated that because of shortages of plastic that plastic tile will be more expensive. Plastic tile costs now are about 17-18¢ per foot while clay is about 12¢. The cost to systematically drain next year will be about $210 per acre with clay, $240 per acre with plastic.

The afternoon program commenced with the election of officers. The new executive is President, Baden Renwick, Mountain; Vice President, Aurie Cayer, Winchester; Secretary-Treasurer, Tom Clapp, Winchester and the Past President is Lorne Henderson.

Then announced was the Dundas County nominee for the McNish Award who is to be Mr. Harold Lannin, Winchester. Mr. Hugh Blaine, on behalf of the Dundas Federation of Agriculture was called on to announce the Dundas Farmer of the Year. The winner was Mr. Lorne Henderson who was presented with the Eric Casselman Award.

The first guest speaker John Gardiner of K.C.A.T. spoke on Seed and Fertilizer Supply. To sum up his talk, fertilizer will be in short supply due to lack of energy and transportation problems. Prices now are 15% above last year but by spring they will be up 30%. The price of fertilizer will then be the same as it was in 1963. Therefore, he recommended that you buy now that which you can get now and store it yourself.

The second speaker, Don Rutherford, a former Dundas Agricultural Representative, now with Plant Food Council and the Livestock Feed Board spoke on the availability of livestock feed and price. He recommended that you substitute local grain corn for western grains. He stated that the best way to have an adequate feed supply is grow your own - if you can. Don also reviewed the reasons for fertilizer problems and answered questions.

Membership for 1974 is one dollar per person. This membership provides you with a quarterly newsletter, fact-sheets, on current material, invitations to various meetings plus many other programs. Therefore, to become a member contact your local director or the Agricultural Office in Winchester.

Question: We're about to close our vacation home for the winter, and I notice that a lot of metal things are looking rusty and shabby—gutters and downspouts, fuel storage tank, hose rack, boat trailer, wrought iron lawn furniture, etc. Is there a good paint that will stop the rust and improve the appearance of these items, but will also save us time?

Answer: You should use Tremco Tremclad Rust Paint. It can be applied right over paint, bare metal, and solid rusted metal. So you'll save time in the big part of the job: surface preparation. Just clean off dirt, oil, and grease, and scrape or sand off any *loose* rust and paint.

That's all the preparation you'll need, because Tremclad actually penetrates solid rust and binds to the bare metal. It *stops* rust on rusted metal and *prevents* rust on clean metal. You don't need a primer, and most colours will cover in one coat. It'll dry overnight to a smooth, durable finish.

You can buy Tremco Tremclad Rust Paint in ten popular colours in Imperial ½ pints, quarts, and gallons, and aerosol spray cans. And it's easy to apply with brush, roller, or sprayer.

For more information on the many uses of Tremclad Rust Paint, see the instructions on the back of the can, or write to Tom Tremfix, The Tremco Manufacturing Company (Canada) Ltd., 220 Wicksteed Avenue, Toronto, Ontario M4H 1G7.

May it bring our good friends many moments rich with peace and contentment.

To The People of Grenville-Carleton:
MY BEST WISHES
FOR CHRISTMAS and the NEW YEAR

Walter Baker
M.P. Grenville-Carleton, Deputy Opposition House Leader, House of Commons, Ottawa

Knox P.Y.P.S. Enjoy Dinner

The Knox P.Y.P.S. hosted former members for the annual Pre-Christmas fellowship dinner in the church hall, Friday evening, Dec. 14th. Catered to by the Knox Presbyterian Women's Auxiliary, under the convenership of Mrs. Madge Ward, a delicious smorgasbord meal was served, with sumptuous servings, topped-off by an excellent dessert. Close to 20 members and guests gathered together, with the Rev. John Hibbs offering prayer at the beginning of the proceedings and the Society being toasted for the new year.

A round of carol-singing was enjoyed by the members following the repast, with the hall gaily decorated in the festive season decor, and in candlelight. Favourites and some new "seasonal" songs were sung. John Dewit and Gail Fusee were then appointed to be "Santa Claus and his helper" for the distribution of the gifts under the Christmas tree, "funny gifts" which brought howls of laughter as they were unwrapped.

A short business meeting followed, with members being reminded to get all candle, pens, and calendar sales in to the P.Y.P.S. Treasurer, Norman Ladouceur, within a week's time. The President, Margaret Dewit, then thanked the Presbyterian W. A. for the excellent dinner, applauded to by all the members.

The evening's activity concluded with a night of bowling at the Cadillac Bowling Lanes in Brockville, Rose Marie Lavallie, Lorraine Norton and the Rev. Hibbs being considered "the most improved players" of the evening.

The new year meeting of the P.Y.P.S. will be on Monday evening, Jan. 7th, 1974. Thank you to all members of the congregation and of the community for supporting our work in this past year, and much blessing to all in 1974.

ISH EVERYONE THE BLESSINGS OF CHRISTMAS

"Personal" Christmas Greeting

The Iroquois United Church Women wish to take this opportunity to acknowledge with thanks the co-operation received during the past year as regards to press coverage given our events. We extend to the Management and Staff of the Iroquois Post Printing Office most sincere greetings for a Happy and Blessed Yuletide Season.

We would like to wish our friends, relatives and neighbours and our co-workers a very Merry Christmas and Happy New Year. 1p
Mr. & Mrs. John Lewis

Wishing you all the joys of Christmas and a Happy and Prosperous New Year.
Roger & Lise Coulter & Family

I would, in this way, like to wish my friends, neighbours and relatives a very Merry Christmas and a Happy New Year.
Special thanks for kindness shown me in the past. 1p
Dorothy M. McQuaig

Just a Christmas how-do-you-do, and a wish for your happiness all year through, to our friends and relatives in Iroquois and surrounding district. 1p
Lorne & Christ Keeler and John.

To our friends and relatives: As on the day of his birth, may the world be filled with peace, today and forever. 1p
Harold & Freda Tibben and Family.

To our friends and relatives in Iroquois and surrounding district: Best wishes to all for a peaceful and Happy Christmas & New Year. 1p
Jim, Judy Aspin & Boys

To our friends & relatives in Iroquois and surrounding district, a brief but sincere Yule wish: Merry Christmas and Happy New Year. 1p
David, Ann & Jane Keeler

The Rector and Wardens of the Parish of Iroquois and South Mountain wish you a holy and blessed Christmas Season. We graciously invite those who are free to do so, to attend our Christmas Eve Services, 8 p.m. St. Peter's, South Mountain and 11:30 p.m., St. John's, Iroquois. The best of the Christmas Season is centred in your act of worship. 1p
Rev. Allan Rogers

We extend greetings of the season and best wishes for the New Year to all our neighbours and friends.
Lyle & Jean Mattice 1p

Thinking of you at Christmas and wishing you every blessing, now and in the year ahead. 1p
Mrs. Edith Roberts

A Blessed Christmas!
In lieu of sending Christmas card greetings, a donation will be made to the Seaway Community Services. Wishing all the blessings of this Christmas Season. 1p
The Rev. John Hibbs

May your Christmas be as a doorway to good cheer,
Through which you will pass to a Happy New Year. 1p
Walter, Doreen Bailey and Boys

It's time to send a greeting
And a wish that's most sincere.
To good friends I'll always cherish
"Merry Christmas! Happy New Year!" 1p
Donnie Thompson

May this happy season
Instill in your heart
The joy and hope of Christmas
That never will depart.
Merry Christmas!
Sue and Leonard Roberts 1p

Happy are the Christmas bells
That ring the long night through
Happy are the memories
That golden hours renew.
But happiest of all are thoughts
Of good friends far and wide,
To wh m we send this age-old wish....
A Joyous Christmastide.
Every happiness at Christmas and through the New Year!
Ken, Shirly & Laurel Kirkby

SHANLY

Mrs. Ernest Pitt spent Friday with Mr. & Mrs. Charlie Kearns of Hyndman.

Mr. & Mrs. Vic Woodland, Cardinal, were supper guests on Thursday with Mr. & Mrs. Walter Pitt.

Sorry to lose Mr. & Mrs. George Aitken from our community. They moved the last of the week to Spenceryille. We welcome Mr. & Mrs. Blair Reilly and family.

Miss Bonnie Pitt, who is attending Waterloo University, came home on Friday for the holidays.

Mr. & Mrs. Tom Bennett and Joey of North Augusta visited his parents Mr. & Mrs. Cecil Bennett on Sunday.

Mr. & Mrs. Hillias Jackson and Mr. & Mrs. Peter Jackson of Brockvilll of Brockville, were Sunday guests of Mr. & Mrs. Charlie Thorpe.

Mrs. Leslie Taylor who spent the past week with her daughter Mrs. Walter Froom, Mr. Froom and family, returned on Monday to her home in Ormstown, Que.

Season's Greetings!

Let us add our voices to those of the young carolers here, as we wish each and every one of you the very best of the Christmas season — all the merriment it holds. And may we extend grateful thanks.

Don & Eleanor Irvine & Family

SANTA VISITED IROQUOIS LAST SATURDAY

Moving Days For The Past

When most grown men in their so-called right mind were snug indoors pouring their second cup of coffee last Sat. morning, Pat Wohler, pipe clenched in the centre of his beard, was kneeling in the middle of a frozen field beside an ancient log barn trying to piece to gether a motley collection of old boards plastered with frost, snow and dead leaves.

He wasn't alone. Above, on the loft planking of the barn were four students carefully fitting equally old planks over the roof's ridge poles and attaching some weathered trim around an open loft window.

"Hey, sir," yelled a student in an army fatigue jacket, "I'm not sure this is the right board here. It fits at the top, but it's not flush with the one next to it."

"Good, good. That's exactly the way these old fellows did it. We wouldn't want to spoil it by having a nice neat fit," said Pat after studying a small sketch of the gable in a field notebook. Every board in the sketch was numbered.

To a modern-minded progressive farmer, the "barn" might appear to need burning, rather than building.

But to the workers the ancient structure is a masterpiece of slapdash, functional, get-'er-up-before-the-snow-flies pioneer architecture. They are in the process of rebuilding it in an old sugar bush on the National Capital Commission's historic log farm in the Greenbelt's Stony Swamp Tract. It was dismantled log by log and trucked from another NCC property seven miles away.

In the rebuilding no modern improvements will be made. The building is to be faithfully restored with all irregularities intact so it will be standing evidence of how crude life once was in the Ottawa area. No one is more committed to this than Pat Wohler, one of the three instructors in Algonquin College's three-year museum technology course. The only one like it in Canada, one of its main purposes is training people to preserve the past.

For this class of first year students the restoration of the old barn is a critical learning process which started more than a month ago. Their old logs and weathered boards are serious business.

The old barn which Pat believes was constructed from logs out of an even earlier building will provide a protected rest stop for cross-country skiers on Stony Swamp's long number one trail and also a respite from spring rain for elementary school classes that visit the log farm's sugar bush operation. A modern frame shelter on a pioneer farm seemed to be out of the question. The solution involved four separate organizations.

The NCC gave permission to move the old barn from a farm near Kanata. The Ontario ministry of natural resources, who administer the Greenbelt Forest, lent a three-ton truck and trailer and manpower for the move. The idea came from the staff at the Ottawa Carleton Conservation Centre, Incorporated, a nature study resource centre for Ottawa area schools who use the log farm as one their focal points for outdoor studies.

Fortunately, Pat and his first year students in museum technology welcomed the chance to tackle the moving operation and restoration.

The barn was sketched, photographed carefully and each piece was numbered. Then came the careful dismantling and loading of the logs in pouring rain.

On the new site one technical problem arose. The old barn's rear side was built over a rocky rise, missing at the new location. To compensate field stones from the floor of the old barn were carefully arranged to fill in the small gap.

Hundreds of pieces, including small logs used to fill in the larger cracks, were fitted together from the sketches and photographs. Even wooden pegs hidden in the walls to keep the logs straight were replaced. Wooden keys that were cut to fit into notches for more support were fitted back in their old cuts and the walls, with original bends and warps, slowly rose again.

Only the roof will receive new material. To provide proper shelter cedar shingles will replace the old covering.

"This is the only log building we'll do with this group of students," said Pat. "There's just too much to learn about working in other areas. We have to move on to ivory, or furniture, or registration which is the cataloguing of artifacts, or exhibits. There's a tremendous body of knowledge to absord," he said.

To speed that absorption process Pat firmly believes in the "hands on" method where students one day of every week drop their books and actually work with their hands refinishing furniture, building displays, polishing, whittling or lugging slippery logs in the rain.

"That's an important part of what it's all about. If you're going to get a feel for this work,

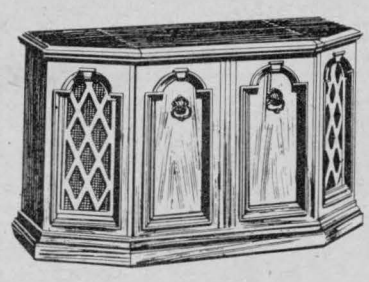
WE'RE INTO COMPONENTS ...
Whether components or console. — Whether modestly priced or elegantly-crafted with optional accessories. This year Electrohome offers a complete range of components for your choices; there are 100 Watt, 150 Watt, and 300 Watt models from which to choose. You can buy a receiver with or without changer, some models have built-in SQ* decoder, others you can add it later; the 100 and 150 Watt models have 4-channel speaker matrixing and a balanced Electrohome Speaker System.

BUT WE'RE NOT OUT OF CONSOLES!
Long before stereo, long before the first successful television set, Electrohome had built an enviable reputation for quality sound reproduction. It was a reputation since enhanced by developments that include 360° Satellite Sound . . . all-electronic FM tuning devices . . . and Environment "concert-hall" sound. In this day of 4-channel solid-state components, you can be assured that Electrohome maintains its leadership in superb sound.



ELECTROHOME
. . . an extra degree of excellence.

Scouters Winter Program

Winter Sprots Days, "Klondike Derby", Winter camp-outs, Spring Camporee, ball tournament, bowlarama, were some of the future events discussed and planned by St. Lawrence District Scout and Cub leaders meeting Wednesday evening at St. John's Anglican Church in Prescott. For the Scouters, the annual dinner-dance was a matter of prime interest. Morrisburg, Chesterville and Maitland were designated communities to host some of the planned events. The meeting was called to order by Commissioner Allan Thom of Roebuck. District Scoutmaster George Lewis of Morrisburg met with Scout Leaders, while Assistant District Commissioner Bob Bryden met with the Cub leaders. Organization, promotion and finances were matters under discussion. Steve Brown of Cardinal and Ron McLean of Morrisburg were named delegates to the winter training course at Blue Springs. District officers present and participating included Coordinator Frank Bates of Cardinal, District President Bill Sheldrick of Morrisburg, Commissioner Thom and assistant, Bob Bryden of Roebuck, District Scoutmaster Lewis of Morrisburg, and public relations representative, the Rev. E. Earle Eaton of Chesterville. Scoutmasters, Cubmasters and Committeemen were present from the communities of Prescott, Morrisburg, Cardinal, Iroquois, Spencerville, Roebuck, Johnstown, Chesterville, Winchester and Kemptville. Refreshments were served by the local committee.

PeeWee "A's" Shut Out Prescott Squad

Saturday afternoon saw our Pee Wee "A" team travel to Prescott where they came out on the long end of a 5-0 count. Mike Moran paved the way with a 2 goal effort. Kim Adams from R. Adair and G. McMartin made it 3-0. The final 2 goals were scored by Martin Hamilton and Robin Adair. Kim Adams had 2 assists and Kevin Brown 1 in the encounter.

Sunday's exhibition tilt against Alexandria proved disastrous for Iroquois. First of all, the final score was 3-1 in favour of the visitors and secondly, defenceman Wayne Styles suffered a broken arm and will miss 6 weeks of action.

On Friday night, our Atoms played to a 3-3 draw in Chesterville. Chesterville held a 3-1 lead going into the final minutes of the game. With 2.02 to play, Tim Patterson scored unassisted and with 1.36 to go Scott Brennan tied the game up, the assist going to Patterson. Our first tally went to Brennan unassisted.

In Saturday's league game our boys took a 2-1 victory from Prescott. Steven Kirker after receiving a pass from S. Brennan, slipped a shot between the goalie's feet to give Iroquois their first goal. The winner came on a nice pass play that went from Patterson to Kirker to Brennan who hit the corner of the net from just inside the blue line. Iroquois held the edge in play but the Prescott netminder came up with several fine stops.

In Chesterville on Sat., our Pee Wee B team were 3-2 winners. Ken Lapier notched 2 goals with Kevin Whittaker assisting on one. David Cherry from Kevin Smith gave us our other goal.

Sunday's game saw Iroquois take a 5-0 victory over the Chesterville B group. The combination of Kent Smith from K. Lapier accounted for 2 goals. Another came from Neil Cherry assisted by Brent Mattice. The final 2 were by Bruce Graham from N. Cherry and Peter Vanboven unassisted.

In a game against Osnabruk on Sat. our Atom B team went down to defeat by a 6-1 count.

The lone Iroquois marksman was Kevin McEwen with Chris MacDonnel drawing the assist.

The Midgets only league game this week was against Spencerville where the final score was 3-2 for the visitors. Donald Merkley on an unassisted effort and Brian Moran from Neil Cameron made it 2-0 for Iroquois going into the third period. However, the Edwardsburg team played a strong third period and put 3 in our net to take home the victory.

Playing in the Morrisburg tournament on Sat. our Midgets were eliminated, after losing their first two games.

In a home game against Cardinal last Tuesday, the Bantams were beaten 4-0.

Morrisburg took a 8-2 win over the Bantam squad on Thursday in Morrisburg. Steven Brennan scored twice for Iroquois assisted by B. Casselman and Steve Moffat on the first and by M. Styles and Casselman on the second.

The Iroquois Tykes played to a scoreless tie with Cardinal on Sunday.

DOLLARS & GOOD SENSE

by WILLIAM J. MARTIN
Special Consultant to
Avco Financial Services

A few dollars spent for a fire extinguisher is one of the best bargains around, either in an emergency or simply for greater peace of mind.

Household extinguishers, which can also be used in your car, boat, etc., are readily available and easy to use. Most home models are designated "ABC" and can be used on any type of fire.

An "A" fire is one formed by combustibles, such as wood or paper. "B" fires are oil based, caused by grease or flammable liquids and "C" fires are electrical, caused by faulty wiring, etc.

Although the best advice when confronting a rapidly spreading blaze is to get out and call the professionals, having the right extinguisher in the right place can keep a lot of little flare-ups from becoming large fires.

The new "ABC" extinguishers use chemicals and are pretty compact and easy to use, compared to the old water models which were only good on type "A" fires anyway. The best place to keep an extinguisher, say the experts, is in the kitchen where most daytime fires start from burning grease.

Be sure to get a large enough unit to do the job. The small aerosol can extinguishers don't have enough spray. Get one with at least a five-pound capacity, but even these empty surprisingly fast so practice a little so you know how and where to spray in an emergency.

CARDS OF THANKS

Many, many thanks to all our good friends and neighbours who, along with our family, made our 25th anniversary party the wonderful surprise it was.

When the shock wore off, it was a great night and the purse of money will be used to purchase a lamp and table so we will always be reminded of your kindness. The very appropriate address we intend to frame, for all to see along with the other beautiful gifts given to us.

Again, we thank you sincerely.
Lee and Jean Shaver
27-1-c

Sincere thanks to my friends, neighbours and relatives for their cards, gifts and visits while I was a patient in Winchester Hospital and since my return home. These kind acts will not be forgotten.

Special thanks to Dr. D. Justus and 1st floor nurses. 2-1p
Carol Thompson

I would like to say thank you to friends, neighbours and relatives for cards, gifts and treats I received while a patient in Winchester Hosp. Special thanks to the girls who are helping me out with my school work. 27-1-p
Vicki Bailey

I would like to express my deepest appreciation to all those who sent flowers, cards and gifts while I was recently a patient at Winchester District Memorial Hospital.

Special thanks to the nurses and staff and very special thanks to Dr. Houze, Dr. Diemert and Dr. Domanko and to Rev. Morrisons and Rev. Rogers. Thank you again. 1-p
Miss Brenda Ellis

We would like to take this opportunity to say "Thank You" to the fire departments who came to our aid in Hainsville Nov. 26, namely Iroquois, Williamsburg and Spencerville. Without their prompt services other neighbours could have been in trouble too.

Thanks also to Basil and Ethel Reynolds and Bert and Betty Baker for giving us shelter and to all those who so generously offered help.
The Murray Family
1p

Mr. A. J. Fox of Iroquois wishes to extend his thanks and appreciation to all his friends and neighbours for spiritual and floral offerings in his recent bereavement of his beloved wife Sylvia. 28-1-c

We wish to express our thanks to the many people in the White Church district for their kindness to us while living among them as well as kindness on the occasion of our coming to Morrisburg. Your gifts will be remembered long and cherished always.

The words of Helen Stenis Rice expresses our thoughts:

People everywhere in life
from every walk and station,
From every town and city
and every state and nation,
Have given me so many things
intangable and dear,
I couldn't begin to count them all
or even make them clear.
I only know I owe so much
to people everywhere.

Thank you all and the best of all of us to all of you and wishing you a Merry Christmas Season.... and a good New Year.
Charlie, Ethel and Grace McInnis 27-1-c

28-1-p

St. Andrew's Church School Present Christmas Program

The Fellowship Hall of St. Andrew's Presbyterian Church, South Mountain, was filled to capacity, Sat. evening, Dec. 15th, as the annual Christmas Program of the Church School was celebrated.

Master of ceremonies was the Rev. John Hibbs, pastor, who officially welcomed the many children and parents and friends and congregational members present, and led in the opening round of carol-singing, Mrs. Arnold Shaver, pianist.

The excellent program offered by the children themselves, under the guidance of Mrs. Shaver, and Misses Joanne and Barbara Scott, began with a "Welcome" sign from the children and the singing of "We wish you a Merry Christmas". The "Story of the Christmas Tree" was pantomined by the older members of the Church School, who also sang the song "O Christmas Tree".

A word-expression "Christmas Day", spelled out in letters by each pupil, with recitation, was enjoyed, with the song "I should like to have known".

The highlight of the evening was the presentation of the Christmas play "Bring Back the Baby Jesus" with all the children participating, concluding with the song, "Away in a Manger".

Miss Jennie Cameron of the Adult Bible Class gave an appropriate reading for the occasion, and the Rev. John Hibbs showed two films "The Birth of Jesus" and "The Shepherds Visit".

A very enjoyable evening concluded with a visit from Santa for the children, the giving of gifts from under the gaily decorated tree, and an excellent lunch served by the staff and assistants, Mrs. Gordon Cumming and Mrs. Bill Robinson. The Minister thanked all and led in a round of applause.

December Supper Meeting

At 6:30 on Tuesday evening last, about 25 members and 5 visitors sat down to a bountiful meal as they marked the occasion of their Christmas gathering. The table settings were in keeping with the festive season and candlelight set an atmosphere of warmth and fellowship.

The business meeting presented the annual reports in printed form. These were most encouraging both in terms of social action and finance. The nominating committee presented the slate of officers for 1974; this was accepted by the membership.

Programme co-ordinator the the Christmas presentation was Mrs. Brian Gee, assisted by Mrs. Clarence Carter. "Christmas Around the World" told of customs associated with Christmas in 9 other countries. A contest was conducted in which each one recalled characters from childhood stories. The worship service centred around the scripture, Matthew 2:1-12.. A poem entitled "Three Wise Kings" was read. Mrs. McQuaig and Mrs. M. Fetterly offered the duet "The Christmas Babe". Mrs. Gee read a condensed version of Henry VanDyke's classic story of "The Other Wise Man". All joined in singing the hymn "As with Gladness Men of Old". Mrs. Carter led in a closing prayer in which all joined in asking that the true meaning of Christmas, as experienced by the Wise Men, enter our hearts this Holy Season.

PERSONALS

Mrs. M.D. Lauder of Vancouver, who flew East for the wedding of her niece, Heather Welester, spent some days with her mother, Mrs. Batchelor.

Mr. John G. Webster of Brockville was a recent visitor at Mrs. Batchelor's.

Mrs. A.W. Batchelor attended the marriage of her granddaughter, Heather Webster to Jim Cameron in The Creek Church, Foster, Que.

Good King Wenceslas

Good King Wenceslas looked out
On the feast of Stephen,
When the snow lay 'round about,
Deep and crisp and even.
Brightly shone the moon that night,
Though the frost was cruel,
When a poor man came in sight,
Gath'ring winter fuel.

"Hither, page, and stand by me,
If thou know'st it telling,
Yonder peasant, who is he?
Where and what his dwelling?"
"Sire, he lives a good league hence,
Underneath the mountain,
Right against the forest fence,
By St. Agnes' fountain!"

"Bring me flesh, and bring me wine,
Bring me pine logs hither:
Thou and I will see him dine,
When we bear them thither."
Page and monarch - forth they went,
Forth they went together;
Through the rude wind's wild lament,
And the bitter weather

"Sire, the night is darker now,
And the wind blows stronger;
Fails my heart, I know not how;
I can go no longer."
"Mark my footsteps my good page,
Tread thou in them boldly:
Thou shalt find the winter's rage
Freeze thy blood less coldly."

In his master's steps he trod,
Where the snow lay dinted:
Heat was in the very sod
Which the Saint had printed
Therefore, Christian men, be sure,
Wealth or rank possessing,
Ye who now will bless the poor,
Shall yourselve's find blessing.

Hark The Herald Angels Sing

Hark the herald angels sing,
"Glory to the new-born King,
Peace on earth, and mercy mild,
God and sinners reconciled!"
Joyful, all ye nations, rise,
Join the triumph of the skies,
With the angelic host proclaim,
"Christ is born in Bethlehem."

Refrain:
Hark the herald angels sing,
"Glory to the new-born King,"

Christ, by highest heaven adored,
Christ, the everlasting Lord,
Late in time behold Him Come,
Offspring of a virgin's womb,
Veiled in flesh the Godhead see:
Hail, the incarnate Deity,
Please as Man with man to dwell,
Jesus, our Emmanuel!

Hail, the heaven-born Prince of Peace!
Hail, the Son of Righeousness!
Light and life to all He brings,
Risen with healing in His wings,
Mild He lays His glory by,
Born that man no more may die,
Born to raise the sons of earth,
Born to give them second birth.

L.I.P. Grant Awarded Meals on Wheels In Iroquois

Word has just been received that the Iroquois village and wider community will benefit from the awarding of a L.I.P. Grant for a project sponsored by the Kirk Session of Knox Presbyterian Church entitled "Operation Well-Being for Senior Citizens" and which will primarily provide a "Meals on Wheels" outreach to senior citizens, the handicapped, and post-operative patients. The objectives of the project, as outlined in the application, are twofold: 1) to provide planned nutritious meals, once-a-day, five days a week, at a very nominal cost (noon-hour period of 12 noon to 1 p.m.); and 2) to enable people in their housekeeping needs, relative to property care, hospital-clinic transportation, grocery purchasing, cleaning of approaches to residences, etc, through a volunteer service.

Preliminary inquiries by the sponsoring group, confirmed the need of the "Meals on Wheels" project, which hopefully will now be instituted by the end of January, 1974, as a pilot-project, enabled through Federal Government support (Local Initiatives Project), and hopefully to become a self-operating care-structure for senior citizens in the village and concessions in the days and years to come.

Moral support for the project has been received from the medical profession, through the St. Lawrence Medical Clinic and the Dundas County branch of the Canadian Red Cross Homemakers Service, the details of which will be published to the community shortly, for senior citizens, handicapped and post-operative patients who would appreciate having this service, in their homes, throughout the winter months.

A description of the service, what is entailed, and the scope of the village/concessions areas (routes) to be covered, will be drawn-up, including a referrals means of including anyone in need of a "Meals on Wheels" service, for a short or long period of time. This information will be provided by a home-visiting team, as requested, and following a survey of the village and concessions in the early part of January.

The awarding of the grant, through the Ministry of Manpower and Immigration, was announced by the L.I.P. Project Officer, Toronto, and confirmed by the Prescott Manpower and Immigration Office and Mr. Walter Baker, M.P., Grenville-Carleton. The Project will both provide needed employment during the winter months and enable community improvement on a personal scale.

Look Out For Those Fumes

Six Ontario residents have died as a result of carbon monoxide escaping from defective propane stoves and refrigerators so far this year. Ten persons died in 1972.

The Ontario Provincial Police advises residents utilizing this kind of equipment to have it installed and serviced regularly by a licenced propane fitter familiar with these units.

Propane equipment with a blocked flue passage or with a burner improperly adjusted or partially plugged can produce deadly carbon monoxide fumes. Tourists, campers, ice fishers, hunters and others with propane cooking and heating units should ensure adequate ventilation while using them. Only a short length of time is required to produce a fatal quantity of carbon monoxide in a closed tent, trailer, ice house or small cabin

Keep the HAPPY In New Year... DRIVE CAREFULLY!

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Glen, ten, is waiting for parents. Somewhere there must be a family waiting for Glen as their son.

This healthy, sturdy boy is extremely handsome with his fair hair and blue eyes. His background is Anglo-Saxon. Because of a troubled time he has been in a treatment centre. He is now ready to leave — if only he had a home to go to.

Friendly, outgoing Glen gets on well with other children and is especially understanding of small ones. He enjoys the company of adults, who find him an entertaining conversationalist.

In school Glen is working below his potential, at the Grades 3 and 4 level. It is felt he will do better when he knows he is settled with parents who have chosen him for keeps. Art and reading are his favorite subjects. Maths are a struggle.

Glen loves camping and swimming but is otherwise not athletically inclined. He likes making models and does nice work on little boxes, ashtrays and such made of plaster of paris. He enjoys music.

Glen needs an interested involved father and a warm loving mother who will both want to spend a great deal of time with him. His adopting parents should understand his earlier problems and be prepared to work with a psychiatrist if needed.

To inquire about adopting Glen, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

Seaway Students Supporting Child In Brazil

A very special commitment has been made by members of our community. Seaway District High School of Iroquois have joined Foster Parents Plan. They have adopted little Monica Cristina Silva, aged dour years, of Brazil. The school's monthly contribution of $17 brings material and financial assistance to both child and family and is aimed at strenghtening the family unit by helping each member.

$17.00 a month provides the family with a monthly cash grant, distribution of goods such as vitamins, blankets, towels, soap and other useful items, medical and dental care, the sustained guidance and counselling of social workers and the benefit of special programs. A strong emphasis is placed on education. All Foster Children (and their brothers and sisters, if possible) must attend school. Vocational training courses are available to Foster Children, their brothers and sisters and in some cases, their parents. The aim is to give the family the tools to help them become independent and self-supporting. Special programs adapted to the needs of each country also meet these aims.

Foster Parents and Foster Children correspond monthly (letters are translated by PLAN) and often develop warm and affectionate relationships which mean as much to the child as the material and financial aid.

Foster Parents Plan is currently working in ten countries in South America and Asia. Over 50,000 children are currently being aided by individuals, groups and families in Canada, the U. S. A. and Australia. For more information on this non-profit, non-sectarian, non-political independent organization, write Foster Parents Plan of Canada, 153 St. Clair Avenue West, Toronto, Ont. M4V 1P8.

THE IROQUOIS POST

DOLLARS & GOOD SENSE

by WILLIAM J. MARTIN
Special Consultant to Avco Financial Services

With rapidly rising prices, many families seem to wish for a return to the "good old days" when life was simpler and everything was cheaper. But was it really?

A recent study by Boston's Investors Mortgage Insurance Co. reveals that maintaining a budget was just as much of a problem in 1933 as it is today—even more so.

Steak for 29 cents a pound, bread for a nickel a loaf and a good shirt for 47 cents sounds pretty good compared to today's price tags, but stop to think about wages back then. Compare the $15,000 annual family income now to the $1,000 to $1,200 of 40 years ago.

Even with the higher prices, the average family is better off today.

A gas stove cost $23.95 in 1933, and we'll never see a $2.00 electric iron again. A public school teacher who earned an average of $1,227 in 1933, however, now enjoys an income of $10,114. An electrical worker's current $16,848 salary is a far cry from the $1,559 of 40 years ago.

Worried about housing costs? In the early thirties, it was much tougher on the budget to buy a six-room house and garage for $2,300 with a 35 to 40% down payment than to purchase a $25,000 home today.

Plan Your Long Distant Calls This Yuletide

Bells are the happy sound of Christmas. And, more and more each year, telephone bells, ringing around the world, are joining the chorus of silver bells and jingle bells, sleigh bells and city bells in spreading holiday season cheer.

Last year, more than 60,000 ringing telephones in overseas countries heralded holiday greetings from relatives or friends in Canada. That was an increase of more than 16,000 such calls over 1971. The vast majority, some 55,000 went through the Montreal "gateway" office to Europe. The rest passed through the Vancouver "gateway" office to the Pacific and Far Eastern countries.

With a 20 percent increase in holiday calling expected again this year, the Trans-Canada Telephone System companies and the Canadian Overseas Telecommunication Corporation have been planning for months to cope with the calling rush. For many years now, COTC has augmented its overseas calling facilities at the holiday season. Again this year it is putting in as many extra circuits as possible, especially to those countries to which the great majority of calls are placed. However, even with the augmented facilities it is still an impossible task to accommodate all calls on Christmas Day itself.

Christmas is a busy time of year everywhere and it is the wise callers who telephone greetings overseas early in December. The extra facilities provided from both the Montreal "gateway" operated by Bell Canada and the Vancouver "gateway" operated by the British Columbia Telephone Co. will be available well before Christmas and will remain available until Jan. 2. Spreading overseas calls over the month of December s should ensure a happy exchange of greetings between Canadians and their families and friends overseas.

Remember that special rates apply on Sunday and/or evenings to most of the countries to which the highest percentage of calls are placed from Canada. No special holiday rates apply on Christmas Day itself.

One positive way in which calls to most overseas countries can be speeded is by providing the Overseas Operator with the foreign number. This saves the extra call necessary to obtain the number from the distant Directory Assistance Operator.

Overseas Operators here can obtain foreign numbers ahead of time for Canadian callers. Just dial Zero and ask for assistance. The operator will get the number as quickly as the "gateway" office work load permits. Such requests should be made as soon as possible, well before the busy holiday period.

Long distance calling on this continent also increases during the Christmas season, and, at times, this can result in delays in reaching the Overseas Operator. On Christmas Day last year there were 102,813 long distance calls made to points in the United States plus the 876,169 within Canada.

Just as drivers plan to leave early to avoid traffic-plugged expressways and to have the correct change for toll booths to avoid delays, planning ahead for Chritmas calling can prevent frustration over delays on telecommunications "highway". Calling before or after Christmas or New Years Day and providing the foreign number should help make the "trip" overseas more relaxing and enjoyable.

How Fish See Color

For years fishermen have wrested with the question of whether fish see colors. Some recent research made available to Red Fisher of Mercury outboard's outdoor recreation department shows that fish not only see color, they change their vision perception to black-and-white at certain times.

To understand how fish see color, it is first necessary to know what happens to color underwater. Short light waves (blue and green) take longer to be absorbed by water than do long light waves (red). Thus fish see blue and green lures in their true colors, deeper in the water.

Red lures rapidly lose their color as they go below the

seen by fish as simply grey or black. On the other hand, yellow and orange—although in the long light wave category — retain considerable color to nearly 30 feet of depth.

How do fish change from color vision to black-and-white? It's a complicated process that uses both cone and rod receptor cells in fish eyes (not all fish have both).

Cone cells see colors while rod cells see only black-and-white. Cone cells are used during daylight, while rod cells come into use at night. The changeover isn't abrupt, often taking several hours.

Arrives

The first snow storm of the season hit Iroquois and district Monday, making road conditions treacherous. High winds made snow drifts of up to three feet at places.

Tuesday morning saw most residents out with shovels, cars that wouldn't start, and some snowed under.

Looks like its going to be a white Christmas after all!

The Tale Of The Enchanted Toys

Once upon a time, in a far away land called Adanac, in a province called Rionota, there was no Santa Claus.

Apart from that, life was pretty much the same as in Canada and the province of Ontario. There were even more stores with more Christmas gifts and more television messages advertising all sorts of beautiful toys and fun games.

But because there was no Santa Claus, all the children asked their own parents for the gifts they wanted. The parents were responsible for buying the gifts and making their children happy.

This was pretty hard because very few parents were millionaires and children in all countries, Adanac included, have a tendency to ask for much more than they expect. But the parents did their best, and like Santa Claus, they did it with love and cheerfulness.

Parents spent a lot of time selecting the right toy for the right child. They were always careful never to buy toys with sharp edges or small removable parts which could be put in the mouth. They made sure before they bought a painted toy that there was no poison in the paint. They bought easy to clean toys. They never gave their younger ones stuffed animals with glass or button eyes that fall off as babies have a tendency to swallow them. Children were told never to expect toys that caught fire easily, shooting sets that could blind them, ill-balanced wagons and tricycles that could topple, electrical toys that were not approved by the Adanac Standards Association, and above all, each gift was chosen with consideration for the child's age.

With all this care and consideration, one would think that there was not much choice left. Well, maybe. But Rionota children were a lot happier and their Christmas was even more joyful. No child was ever hurt because of a bad toy. And the toys children were receiving for Christmas had a special magic due to the love and care of the parents who bought them. They were enchanted toys. They all had the magic of Safety built into them.

They were simple toys, not very complicated, and everyone understood that one safe toy was better than ten dangerous ones. The children soon learned to discover the magic in them. A hobby horse, for example, would last for years and had marvelous properties. It became a friend, a rocket, a car, a motorcycle, an airplane, a snowmobile or anything the child wished. It was simple and uncomplicated. It allowed the child to use the infinite magic of his own imagination.

When Santa Claus heard about Adanac he was very pleased to see that safety minded parents had such consideration for their children. "Now why couldn't Ontario be like that?" he asked the Ontario Safety League. Why not, indeed!

Christmas Eve Special Story

Shown planning the Christmas eve special are left to right: Danny Tucker "Joseph", Michael Saver "Herod" and Rev. Brian Gee "Innkeeper" and "Simeon".

On Christmas Eve, at 8 p.m., you will have a prime opportunity to experience the real Christmas story. The youth of the Iroquois area are presenting a dramatized version of the Bethlehem story at the Iroquois United Church, and everyone is invited to come. An offering will be received for the purposes of the Inter-School Christian Fellowship work in our area.

Look in on the Wise Men of the East, as they study the heavens, and set out to find the new King. Listen to their subsequent talks with King Herod. Experience the awe and wonder of the Shepherds. Finally, come to the manger with all of them, to worship the Christ-child.

The youth group who brought you "Treachery and Triumph" and "The Way" now bring you "The Bethlehem Incident".

Sweet sentimentalism gives way to realism in this thought-provoking presentation which hopefully will deepen faith.

Society Moves To Save Deer

The Ontario Humane Society will begin Dec. 22 to save the deer herd in Rondeau Park.

The Society stepped in after the ministry of natural resources announced earlier this year its plan to shoot 300 deer in the park near Chatham to bring the herd down to a manageable number of 100. The 400-deer herd was overbrowsing the park, killing vegetation.

The Society, helped by local animal lovers, convinced the ministry to abandon its shooting plan. On Dec. 22, a start will be made on moving the first 50 animals. The Society has assembled a team of veterinarians, biologists, game wardens and experts in the use of tranquilizer guns.

The deer will be moved to locations at the University of Guelph, the Lion Safari Park at Rockton, the Upper Canada Zoological Society at Wasaga Beach, and a site owned the Ontario Humane Society at Belleville.

A ministry spokesman said that minister Leo Bernier had agreed that the Society could move 50 animals to the four locations as a pilot project. Society general manager Tom Hughes said the Society will prove to the ministry that moving the herd is a feasible proposition.

"After we move the first 50 deer we hope that the ministry will move the rest," Mr. Hughes said. "We expect to do the job on weekends and whenever time permits, and we need support from local people and organizations."

Local volunteers should contact Inspector Richard Reade of the Kent County Branch, Ontario Humane Society at 354-2399.

Exhibit and Collection At Iroquois Library

Just arrived at the Iroquois Public Library is an exhibit and collection of new Canadian books on the theme Canada - From Sea to Sea.

This is one of 15 "Books of the Month" theme collections of 25 books each being circulated by the Eastern Ontario Library System to 43 public libraries in Eastern Ontario.

Each collection stays at, and is circulated from any one library for about three months and then is rotated to other libraries.

The themes for the collections include such topics as "Politics in Canada", "Canada - From Sea to Sea", "The Arts in Canada" plus hobbies, gardening, sports, cooking, home improvement and money management.

Three of the collections are French language books entitiled, "Autour de la Maison", "En Plein Air" and "livres et Auteurs Canadiens"

These travelling collections were made possible through a $3,000 grant received by the Eastern Ontario Library System from the International Book Year fund of the Federal Government's Secretary of State Department.

At the end of the project, the books will be given to a number of small libraries across Eastern Ontario to improve their limited collections of Canadian books.

Celebrate 25 Years Married

Lee and Jean Shaver were pleasantly surprised by a large number of friends and relatives on December 8th when they gathered to honour the couple on their 25th wedding anniversary. The couple were wed on December 3rd, 1948 by Rev. W. L. Thomas, rector of St. John's Anglican Church. Vivian and Thelma Ault attended the bride and groom.

The evening was spent in reminiscing old times and a presentation made on behalf of the group by Shirley and Allan Fisher. Lee answered the presentation in his usual manner... as few words as possible, but sincere thanks for the hospitality of their friends.

The couple was extended best wishes from all attending and a most pleasant evening was enjoyed.

DOLLARS & GOOD $ENSE

by WILLIAM J. MARTIN
Special Consultant to Avco Financial Services

A hot summer day in the 30's or residential speed limits of 50. Sound crazy? Well it's the metric system of measurement and it's coming.

In Canada, the Federal Government proposed adoption of the metric units in 1970, and a Metric Preparatory Commission will direct the conversion, expected to take a minimum of 10 years.

The U.S. will soon be the only major country using the "English system," but even that may change soon. A recommendation has been made to Congress that a target date be established for conversion.

The metric system, although confusing at first, is really simpler to use, especially when it comes to computing multiples. A kilogram equals 1,000 grams (about 2.2 pounds), for example, and a millimeter is 1/1,000 of a meter. More exact measurements can be expressed by the use of the decimal point. One kilogram, 375 grams, is 1375 grams or 1.375 kg.

With conversion comes new packaging, not only new designations but eventually, totally new sizes. First, a one pound package would be called 454 grams, but then that package would probably become a 500 gram package.

MOVING from Page 24

you have to handle the objects" he said.

It's also an important part of what the old log farm is all about too. Instead of a slick new shelter, skiers and students will be able to huddle in out of the weather and muse on the chinking, the old marks of broad axes and all the little irregularities that earlier residents accidentally built in to their shelters amid the tough struggle with the land.

Thanks to Pat and his students, all those irregularities will be preserved.

Seaway Services Host Area Children

A cross-section of the children/youth served on Sunday afternoon.

The Iroquois Civic Centre auditorium was filled, almost to capacity, on Sunday afternoon, December 16th, as the Seaway Community Services hosted children and adults of the Dundela and Glen Becker areas of the Seaway Valley to a delicious turkey dinner in pre-Christmas style. Members of the Seaway Community Services Board of Directors and women of the St. Cecilia Roman Catholic Church and Knox Presbyterian Church, plus youth leaders of the summer camps, served over 150 people on this occasion. Food preparation was done by the S. C. S. Board of Directors, and there was ample for everyone. Gifts of food and money from local churches and civic groups, plus a special gift from the Iroquois Ministerial Association to purchase the turkeys, enabled the event to come off with very fine results of goodwill and outreach. Mention was made of the "God-send" of these enabling groups of people, who helped bridge the gap between the need and the answer to it, in this instance.

A busy crew of ladies worked in the kitchen and moved through out the guests, as the serving began, preceded by an invocation prayer by the Rev. Allan Rogers and a brief sing-song. The Rev. Hibbs and the Rev. Rogers also found themselves assisting in the serving arrangements. Those who dropped-in to pay their respects to the children and the workers were Mr. Leo DeBellefeuille, representing the Royal Canadian Legion, supporters of this outreach work of S. C. S. and Councillor Frank Rooney of the Village Corporation. Wendy Earl and Brian Barkley, leaders of S. C. S. Summer Camps in 1973 were also present, along with youth leaders of former camps, Wendy Steele, Madeline Keeler and Arlene Markell.

The Rev. Hibbs showed a film entitled "Christmas Birth" and led in some carol singing, and Wendy Earl showed a selection of film-slides on the past year's Summer Camps, and those of former years, the children exclaiming their praises as "their own picture popped-up on the screen".

A very enjoyable and appreciated event in the lives of people concluded with a few words from the Rev. Hibbs, member of the Board of Directors, who also expressed the thanks of all to other Board members, Mrs. Nadine Corbett, Mrs. Geraldine MacKinnon, Mrs. K. Peppers, Mrs. Marie Barkley for their "work behind the scenes" to make this event a memorable one.

The Seaway Community Services organization is a non-profit group, dedicated to an outreach program of self-help to communities of the Seaway Valley, and involves the support of the local churches and some civic groups, relative to serving both local and valley communities. The organization would wish all supporters a very merry Christmas and the blessings of a good new year, 1974.

Highland Dancing Winners

Highland dancers from this area did very well in the competition held on Sat. Dec. 8th in Cornwall.

Iroquois dancers who took part were Tracy Gilmer and Cindy Patterson.

Results are as follows:

Baby (6 & under) Karen Gowanlock of Morrisburg placed 3rd in the Fling.

Beginner (10 & under) Cindy Patterson of Iroquois placed 5th in the Fling and 1st in the Sword; Pam Gowanlock of Morrisburg placed 5th in the Sword.

Novice (11 & over) Tammy Ouderkirk of Berwick placed 3rd in the Fling and 1st in the Sword.

Girls attend the Robertson's School of Dancing at the Iroquois Civic Centre.

Bridge Winners

Ladies: Collette Dixon
Kay McGinn

Gents: Lorne Bouck
Harold Lapier

Inject New Vigour Into Your Livestock with Shur·Gain Injectable Vitamins A,D and E

In situations where stress conditions, over-work, or inadequate feeding have caused vitamin deficiencies, vigour and good health can often be fully restored with SHUR·GAIN INJECTABLE VITAMINS A, D AND E.

Incoming feeders (cattle and sheep), bulls in service, high producing and freshening cows, prevention of scours, getting newborn animals off to a healthy start . . . these and other situations prove the value of injectable vitamins A, D and E.

Cattle, horses, swine and sheep can all benefit from SHUR·GAIN INJECTABLE VITAMINS . . . where the highly concentrated solution permits small volume injections, and rapid treatment of large numbers of animals.

Detented Controls . . . Electrolok*, Electrotint*, and Electrocolor* have a factory preset position (referred to as detent or click position). Under normal conditions this setting will provide perfect results. Should your personal requirements vary, or signal conditions become extreme, all that's required for readjustment is a simple turn left or right of the appropriate control. The control will automatically hold the setting until you readjust. Proof of just how perfectly this system functions is evidenced by the Electromatic Controls hidden behind a trap door; once adjusted, there is normally no need to readjust them.
