Iroquois United Church Adopts New System

On Sunday, October 17, following the eleven o'clock hour of worship, the combined congregations of White Church and Iroquois United Church met to consider a proposed "One Board System" for the whole Pastoral Charge.

A committee of the Charge had been working for several months on the design of the proposed system, and had presented it to the Official Board in September. It received the Boards' unanimous approval at that time. Sunday's meetings of the congregations was to vote on approval or rejection. Members of the congregations had previously been given detailed copies of the proposed system. As a result of the meeting, approval was given by a large majority of those present. Thus the new One Board System will take effect at the annual meeting of the congregations in January 1972.

The present practice of the Elders and Stewards will be discarded, and all members of the new Board will be Elders. They will be elected to the Board for a term of three years, followed by an obligatory year off. This will assure continued renewal on the Board. Membership will be open to any member of the Church, man or woman. This feature of the recommended structure calls for four youth members to serve the Board in the regular capacity of Elders.

The new Board will be headed by a Chairman, who will act for one year. He or she will be followed by a person who, during the same year, has been chairman-elect. This means that there will always be a person "in training" for the position.

There will be five Commissions on the Board; 1) Sacraments and Worship, 2) Education and Outreach, 3) Administration, 4) Finance, and 5) Trust. The Trust Commission will be made up of the present Boards of Trustees of the two Churches, and the Cemetery Board, and will remain largely unchanged as they are presently constituted

In all, there will be about 40 members of the Board, each involved on on e of the Commissions, and each assigned a district for visitation. This visitation is designed for greater involvement of the people, and a better informed fellowship. Also built into the design of the Board is constant evaluation and planning by each Commission, to keep informed and in pace with the overall mission of the Church.

The Iroquois Pastoral Charge is not alone in moving to a one board operation. Across the whole of the United Church of Canada, there has been considerable movement in this direction. Closer to home, Kemptville, Cardinal, and St. Paul's United Church in Cornwall, have recently made the same change, with apparent satisfactory results.

RCMP Degree Team Visits Lodge Here

Masons from all over the district attended Friendly Brothers Lodge, Iroquois last Wednesday evening to witness the exemplification of degree work by the Royal Canadian Mounted Poliee Degree team from Ottawa. The members of the team were uniformed with red tunics and put on a splendid displayof Masonic work before the 85 attending.

Representatives of lodges from Chesterville, Spencerville, Prescott, Kingston, Morrisburg, Cardinal and Ingleside as well as from Ogdensburg, N.Y., attended the meeting held in the Fraternal Hall on Victoria Street.

The team members took over from the local lodge officers and in drill fashion presented one of the best evening's of Masonic work ever enjoyed in the local lodge.

Following the ceremonies, all attending were invited to a social hour in the hall with members of the local lodge serving lunch. Master of the Iroquois lodge is James Styles..

Being A Canadian

Being a resident of Ontario gives us the privilege to vote on Thursday, October 21st in the provincial election. We have the undisputed right to vote for whatever candidate we choose and select whatever party we want to lead us in the years ahead.

There has been a vigorous "visitation" campaign in our Riding but no major issues have emerged and voters will have to make their choice either along party lines or the personal appeal of the individual candidate.

Our major concern is not which candidate you choose so much as whether you take the time to vote. Major problems face this province, and the nation, and all of us must play our part, even if our part only means voting. Vote as you wish, but as a good Canadian - - - Vote!

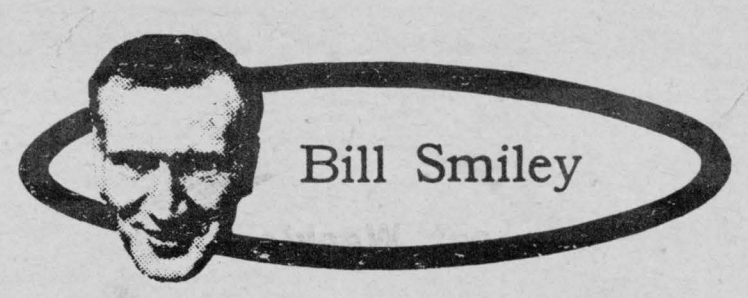
THE MOOD'S RIGHT IN GOLDEN DAYS

By Bill Smiley



Early autumn, when the weather behaves itself, is a time when no Canadian in his right mind would care to live anywhere else.

This fall, after a moody summer, has been as close to perfection as anything this side of heaven. Golden days to sit around and listen to the acorns fall.

Weeks of frostless nights when it was sheer delight to be out and breathing that ineffable scent of fall.

Golf course almost deserted and offering magnificent vistas of golden trees and lush fairways and off in the distance, vivid blue water of the bay.

And speaking of water, I can scarce believe it, but we swam at the beach until well into the first week of October. And that's no heated swimming pool, dear reader, but the water of one of the greatest inland lakes in the world.

The beach in October is something. No howling kids who've stubbed their toe on a rock. No mothers screaming at kids who have gone out too far. No beach boys horsing around with a football. No distracting bikinis. No fat old ladies with varicose veins staggering through the sand carrying more beach junk – towels, umbrellas, lawn chairs – than you could load on a mule. No transistor radios blatting the latest rock. No teenagers lying around smoking dear knows what.

Nothing. Just miles of clean sand with the odd piece of driftwood. The sun is warm, gentle, not scorching, abrasive. The water is, uh, refreshing, but so clear you can stand up to your belly-button, look down, and tell whether your toenails need cutting.

My wife and I and another couple swam all through September and set our eyes on breaking the October swim barrier. Usually, by October 1st, the water would freeze the brains of a brass monkey.

On the first Saturday in October, we swam and drowsed and talked and read and argued for seven hours. Good company is just the little frill to such a day, when even the gulls seem to co-operate by sitting quietly on the water, bobbing gently, rather than screaming around looking for potato chips and ends of hot dogs, which they do all summer.

Our friends have children and many of the same problems with them that we have had. She is Scottish, with a lot of good sense, a good sense of humour and a refreshing indifference toward owning things and keeping up with the Joneses, and what the neighbours think.

He is German, and we have a lot in common. He was captured in North Africa and spent most of the war in a prison camp in the States. I was a prisoner in Germany. We compare notes. He is a Doctor of Philosophy, teaching high school mathematics. I needle him by calling him Herr Doktor, and occasionally click my heels. He just plain needles me.

We walked down the deserted beach. He's a great walker. He's about six feet two and I have to take one and a half strides to his one. He talks while I puff.

"What is it with these teenagers?" he asks. "They talk all the time about how they love nature and how they want to get away from it all, and there's not one in sight on such a beautiful day." I puffed back that the boys were in the poolroom and the girls were strolling

Iroquois Minor Hockey Plans Progressing Well

The Iroquois Minor Hockey Association is rapidly preparing to start the 1971-72 Hockey Season. Within the next few weeks the Cardinal and Morrisburg Arenas will b be in operation, and then the local minor hockey teams will be hitting the ice surface for the first time.

After a week or ten days of pre-season training the boys will commence league play for the new season. The local coaches will contact the players shortly in forming them of their schedule for the practice sessions.

Although the official registration period has expired, any boys from the ages of 5 to 16 years who may desire to play minor hockey this season are requested to register at Johnny's Spot in the Iroquois Shopping Plaza.

Following is a list of players who have registered: Randy and Barry Casselman; Jimmy Davis, Kent Holder, Donny Adams, Steven Montpetit, Larry Belmore, George and Norman Mason and Larry Reddick-this brings at press time the total registration to sixty-three players.

Several players are required for the Bantam age team 13 and 14 years and Midget age players 15 and 16 years. The older divisions are usually last to register-however it maybe well to consider that all teams must be entered into the league by November 1st, 1971 therefore if boys wish to play this season they must register by November 1st or they could be some difficulty in working them into a team after that date. So hurry fellows you have only 12 days left.

The Association at present is conducting a 50-50 draw to assist in meeting financial obligations for the up coming season therefore if you wish to obtain tickets for this promotion and aid Minor Hockey tickets can be received from Leo De Bellefeiulle at the S & F Markets in the Iroquois Shopping Plaza.

The Iroquois Minor Hockey Association wishes at this time to thank the many people who have supported the 50-50 Draw-which will be held October 30th, 1971.

DOING GOOD JOB ON TICKET SALES

The following Minor Hockey Players assisted greating by serving as ticket canvassers and did a tremendous job of distributing and selling the 50-50 Draw-these boys are to be highly complimented for their efforts. If you have not as yet bought any 50-50 draw tickets you many obtain them also from any of these boys.

Steven and Stewart Moffat-Rickey McKee, Mark Nesbitt, Steven Eddy, Scott and Steve Brennan, Tom Waddell, Pat De Bellefeuille, Wayne Styles Lance Valcour, Bruce Graham, Kenneth Merkley, Ken Lapier, Ken Lee, Jamie Thompson, Garry Crawford, Kevin Brown, and Lorne Sutherland.

Onee again boys congratulations on a fine effort. If other boys wish to sell tickets they ma do so my contacting Mr. De Bellefeuille. The boy who sells the most tickets will be given a refund on his registration fee.

In conclusion remember boys you only have 12 days left in which to register.

Anglicans, Presbyterians, Roman Catholics, and United Church laymen and women who are interested in an eight hour workshop on the Christian faith should inquire about registration through their respective clergy.

The Chicago Ecumenical Institute was started through the World Council of Churches, and the Montreal House will be responsible for the direction of the workshop. The local Women's Institute will provide the supper meal Sunday evening.

Registration for the workshop has not been as high as the Ministerial might have desired. though the success of the event is not dependant on numbers. Sunday afternoon and evening will provide a good length of time and 8 hour working day, to think about and examine our Christian commitments.

In the basence of the president, Mrs. Colin MacGregor, the vice-president, Mrs. Keith Carkner chaired the meeting, opening it with the auxiliary prayer. As the 8 units, represented, answered the roll call, each convenor gave a report of the activities and the canvass progress of her unit. From the September minutes it was no ted that three new convenors should be appointed to lighten the work of the treasurer. Nominated from the floor, Mrs. A. Butcher is now knitting convenor; Mrs. Willard Acres is in charge of the Memorial Fund and Record Bank and Mrs. Harold Lannin will convene the tuck cart service.

From the report of the Administrator, Mr. Stel, it was learned that the services of two physiotherapists had been obtained. This will mean a step-up in occupational theraphy. Mr. Stel also mentioned that the hospital Baord of Governors had authorized the Seaway Valley Hospital Association to prepare and develop a master plan to cover the growth of the hospital for the next years.

Convenors of committess were called upon for reports, and speaking for volunteer service, Mrs. Boyd mentioned a letter of appreciation from Mrs. Marion Smith on behalf of the patients in the One East, for efforts of auxillians and teenage volunteers. A motion to present certificates of merit and volunteer service pins to the girls who gave of their time so willingly this summer, was approved. This action will take place at the Novemeber meeting, when the girls and their mothers willl be guests of the auxiliary.

Mrs. Chester Robinson, the auxiliary's first president, presided for the election and installation of officers, the slate being presented by Miss Gladys Bayne, chairman of the nominationg committee, the followingk officers being elected:

President-Mrs. Keith Carkner; 1st Vice-President-Mrs. F.M. Cass; 2nd-Vice-Mrs. D. Bader, Secretary, Mrs. G. Flucke; Treasurer-Mrs. R. Summers. In Mrs. MacGregor's absence, Mrs. D. Caryle presented Mrs. Carkner with a president's pin.

A nominating committee consisting of Mrs. G. Lancaster, Mrs. D. Carlyle, Mrs. Harvey Barkley, and Mrs. Weldon Caryle was appointed.

Mrs. H. Lannin, reporting for the year for the purchasing committee, listed some of the auxiliary's purchases for the hospital as cubicle curtains, fans oxygne tent, cyrostat, air conditioners, refurnishing of the out-patient X-Ray waiting room, and some up-to-date pediatric equipment such as cribs, mattresses, bedside cabnets, mobiles and goodiebage a total expenditure of over $6,500.00.

The annual financial statement, as prepared by the firm of accounts in charge of the formal audit of the hospital accounts, was presented by Mrs. R. Summers and showed a good working balance to begin the new year.

Refreshments were served in the cafeteria tat the conclusion of a lenghty and varied business meeting.

The Woodlot Defoliators

Autumn is in the air.

The splatter of falling rain through the yellowing forest camopy is broken by yet another sound-a sound heard exactly a year ago in the same woodlot.

A socre ofyoung people clad in in bush jackets, rain gear and boots stop momentarily and gatherr around a small tree. One member plucks off a leaf and the group gathers closer. This member is obviously an instructor. Now he explains how to recognize that small tree, and how it will one day be one of the largest in the woodlot-why it should be left to grow while its neighbours sbould fall prey to the critical eye and axe of the wise woodlot owner. He is explaining why farm woodlots should be managed.

You see, the instructor is a forester working for the Ontario Department of Lands and Forests and the young people in all students at the Kemptville College of Agricultural Technology. For the past several years, forestry courses has been offered at the college, and each year more students are enrolling. Tree identification, forest management, measurement and sale of forest products, tree planting, woodlot improvement, protection of woodlots from insects and disease, as well as laws of the province affecting forests are studied. By December, the students know how to choose trees for seed collection, how to plan for maple syrup production and how to grow Christmas trees. They may never see a commercial timber harvesting operation, but they will know where to begin in managing and improving a farm woodlot, that ten or twenty "acres of bush" that is so often neglected.

Now each student collects a leaf from the tree and it is nearly defoliated, ready for winter. A sudden gust of wind drives the rain harder and the air is filled with a flurry of golden leaves, the group continues on. Exactly a year from now that same sound will again be heards in that same woodlot.

Laity Sunday At Knox Church

Laity Sunday was observed in the congregation of Knox Church, Sunday, October 17th, with a presentation by the various organizations of the congregations, entitled, Panorama of Concern, witnessing to the work and mission of the several areas of congregational life and outreach.

The sanctuary front was decored by thirteen groups within the congregation, with an exceptional display of talent and originality, tables having been set up, and upon which study materials, projects, creative works, etc., were on view, complete with wall posters that told the "story" of the organizations' purpose and witness within the total life of the congregation, and the community and world.

This Laity Sunday service was conducted by the Minister Mr. J. John Hibbs, with representative members of the various congregational groups coming forward to speak, from 2-3 minutes, on their respective ministry, during the presentation. The Knox Senior Choir offered the stirring anthem selections, during the worship service, "My Lord Has Set Me Free" by J. Frick.

Members of the congregation viewed the displays and art-work at the conclusion of the service, with many expressing complimentary remarks concerning the excellent presentation of the congregations' total work and witness, and commending those who spoke on behalf of the groups.

Those participating in the service, expressing the specific area of concern of their respective groups were: Kirk Session, Mr. Wayne Murphy, Elder; "These Days" Publication, Mr. Arie de Hartough, Elder, Church School, Miss

Need Workers? Call Counties' Department

The County Council of Stormont, Dundas and Glengarry at the recent session recommended the publication of the costs of welfare for the 9 months ending September 1971 which were as follows:

$509,575.00-this includes cost of General Assistance, drugs and other services. 2.42% of the population of the counties received General Assistance in September. These figures were released today by E. P. Thompson, Director of the Department of Social Services.

The money expended represent the equivalent of a payroll for 130 men at $2.50 per hour for 9 month work, 40 hours work per week. Most of the recipients are able and ready to work if only work can be provided for them.

Mr. Thompson said, "In a properous country such as this one where we are so fortunate to reside, it seems a pity indeed that employment is not available to all who wish to work and provide support for their families. There is much that can be done to improve our environment and government sponsored projects towards this end would help to provide jobs for the unemployed.

The Provincial Winter Works programme of the past year was highly successful as was the succeeding Provincial-Municipal Incentive Programme and these two programmes provided work for many county residents to the end of June this year. However, it is hoped new programme will be available again soon and the counties council have petitioned the Minister of Municipal Affairs in this regard. The Department of Social Services of the United Counties are working in close co-operation with the Canada Manpower Centre in the placement of unemployed people and would welcome contacts from any employer who has need of help either temporary or permanent. Knox W.M.S. Thankoffering Meeting Calls For Ecumenical Sharing

The church-hall of Knox Presbyterian Church was filled to capacity on Wednesday evening, October 13th, for the annual Women's Missionary Society Thankoffering Meeting, attended by sister auxiliaries from Morrisburg, South Mountain , and Winchester and by Women's groups of the United, Anglican, and Roman Catholic churches of the village, as well as special guests.

Mrs. J. Moke, President of the local W.M.S., presided over the meeting, with Mrs. S. W. Perry leading the gathering in the opening Responsive Call to Worship, (Psalm 100). A Litany of Self-Giving was presented in dialogue from by Miss Dacie MacKenzie, Mrs. John Thompson, and Mrs. Clifford Murphy and a Responsive Ascription (Psalm 8). Mrs. J. B. Fenton offered two special solo selections during the Ministry of Music, "Sometimes a Light Surprises" by J. Hullah, and "My Task", by J. Ashford; the President conducted the Thankoffering Responsive, with Mrs. M. Hyslop and Mrs. W. Safford acting as usherss. All hymn selections were accompanied by Mrs. Ruby Bell, pianist for the evening.

The Guest Speakers for the evening were introduced and thanked by Miss Anne Yee, and Mrs. Mearns, being Mrs. Ellen Addinton and Mrs. Charlane Forbes of the Ecumenical Institute of Studies, Montreal, and who spoke to the issue of the "Church's Care In the Community". Mrs. Addington presented the concern of the evening in a very responsive free delivery, emphasizing, f from her experiences of living in a small town in the Midwestern U. S., and of serving in the missional work of the church in Chicago and Montreal, and the possibilities of ecumencially sharing the Care needed in any community of people... a Care which is of, by and through the Christian Church. Illustrating her remarks with blackboard statements, Mrs. Addington covered such areas of Care Structuring for community needs, as 1) the local community is the key; 2) involves depth development of persons; 3) all problems are dealt with at the same time; 4) all age groups are involved; 5) new ways are established to deal with issues; 6) the local community has global significance. Mrs. Forbes led the group in the singing of a community song entitled, Seaway Valley is where we Live, and which was greatly enjoyed by all in attendance.

The President, Mrs. Moke again expressed the appreciation of all in attendnace for the excellent presentation of the topic by the guest speakers, and invited everyone to a social time of fellowship following the closing Benediction by the Rev. John Hibbs pastor.

It was announced that Mrs. Addington would be one of the team-members coming to the Seaway High School "Mission '71 Followup Workshop", sponsored by all the local churches and the Ministerial Association.

First "Reunion 70" Scholarships Awarded!

Two scholarships of $200 each were awarded recently by the Reunion 70 Scholarship Committee at the Commencement Exercises of North Dundas and Seaway District High Schools, respectively. The recipients were students from the former Mountain District High School area-John Jansen of R. R. #4, Osgoode, now attending University of Toronto, and Suzanne Baldwin of R. R. #1, South Mountain, in her first year at Carleton University. .

The Reunion Scholarship Fund was established during the highly successful Reunion held just before Mountain District High School closed in June, 1970. So generous was the response to the est-establishment of a Reunion '70 Scholarship Fund that the Committee will be able to award two $200 scholarships annually for the next 15 years. These scholarships will go to students from the former Mountain District High School Area who achieve high standings in their Honour Graduation (Grade Thirteen)year at North Dundas and Seaway District High Schools.

Both of this year's winners were named Ontario Scholars, and won a number of other scholastic awards as well.

OFF THE CUFF

By Charles Edwards

We heard one of those typical "great watchdog" stories on the news the other day. You know the type--he's found fast asleep beside the open window while the family jewels and silver are nowhere in sight. There's hardly a week goes by that you don't hear one such story.

It got us thinking about some of the watchdogs we've had experience with and you'll probably be able to recall a few such episodes of your own.

Almost every family has a dog at one time or another and whether it's the smallest chihuahua or the biggest St. Bernard, it eventually gets referred to as a watchdog. We used to have a dog of rather dubious ancestry who tried his hand (or is it paw) at standing guard over the homestead. But like most dogs, his stomach was his downfall. Luckily for us, the family silver had all come from Woolworth's and the only art treasures came from paint-by-number sets.

However, if anyone who had been foolish enough to plan a heist at our place, he would only have needed to bring a doggie-type picnic lunch to guarantee entry. If this pooch had been guarding the St. Lawrence River in 1812, the Statue of Liberty could be in Montreal harbour today.

Then there are the dogs who have the unfortunate talent of being good watchdogs/only part of the time-the wrong part. They know what to do but they can't be sure who to do it to.

They're the ones who will give chase to the mailman, the milkman, or even the minister, but will practically open the front door for any number of encyclopedia or magazine salesmen.

Not too long ago we went to visit some relatives who live out of town. It was pretty obvious when we pulled into the yard that there was no one at home but we decided to try anyway. Their fearless watchdog was on duty, and seeing that we weren-t having any luck at the front door, he took it upon himself to lead us around behind the house and point out the unlocked door.

There are those who would say that the dog was not too bright, but we prefer to think that he knew we were family.

When it comes right down to being psyched out by a dog there's nothing any better at it than a farm dog. Everybody has had the experience of pulling into a farmer's yard only to be met by one, or if you're lucky, two good sized dogs. They'll bark and growl as they circle your car and give you a look that implies that they dare you to try and get out. Then as you sit there pondering whether or not they're serious, the farmer comes along and calls them off, explaining that they're only playful pups. And all the time you know that the dogs know that you're terrified and all the chummy greetings of "Hiya big fella!" aren't fooling anyone.

We've come to the conclusion that if you want to guard your home, buy a burglar alarm and keep fish as pets. You never heard of anyone having his ankle bitten by a guppy.

Then I was betrayed. We rounded a spit and there was a male, definitely young, because his moustache was just a glimmer of hope, lying back against a driftwood log, reading. I couldn't resist. Asked him what he was reading. C.S. Lewis, of all things, a brilliant English writer and theologian. Once again my faith that young people are complete hedonists was shattered. Lewis is tough reading, as the lad admitted.
