## Here and There

by Kay Kay

Some people take their football seriously and there's one lady in town who sure goes all the way. As a matter of fact so certain was she that Ottawa was going to bring the Grey Cup home that she placed a few bets around. And got up Monday morning early (unusual in itself) to collect those bets. To top the whole thing off, she and her husband and dog went to the game and the dog was dressed in Ottawa's colours. We haven't found out whether they bought a seat for the dog or not or whether she carried the poor pup all around Toronto the night before and to the game.

The above was written with every good intention and for those who bet with her we have little or no sympathy. They should know by now that she only bets on a sure thing.

Absence makes the heart grow fonder . . . everybody knows that except those few people who don't like our column and were glad it was missed the past two weeks. If one of them hadn't said something it might have been missed again. Naturally you've been wondering why and the only reason we can give is that school board business in the counties has kept the old nose to the grindstone too much . . . and we're glad it's just about over

---

Last week's issue of The Farmer carried a picture of a farm in Dundas County . . . taken from the air . . . and already half a dozen people think it belongs to them. If we didn't know a couple of them as well as we do, we'd think they had been celebrating last weekend. Imagine a fellow not knowing his own castle!

Man has come to the stage where he's so busy running that he's lost the "man of the house" image and the castle he owns is just a place to throw his hat. No dragons around to fight (depending on who you married), no moats to fall into on the way home over the drawbridge that the little woman drew just for the fun of it; no heavy armor to clank to the floor as you get ready for bed (just a pair of shoes that hit the hardwood floor with a thump), and above all no kitchen maids to chase into the pantry. Even the pantry has gone the way of everything else in the name of progress.

**PRESENTATION OF HYMNARIES, IROQUOIS UNITED CHURCH**

During the Morning Service last Sunday in Iroquois United Church Mrs. John Gordier (Leona Jubb) presented forty copies of The United Church Hymnary to the Church, in memory of her late Father and Mother, Mr. and Mrs. Herbert Jubb. The Minister, Rev. J. Leslie Dean, accepted the gift on behalf of the Official Board and Congregation and dedicated the gift to the Praise and Glory of God. A hymn, written by the late Mr. Jubb, is included in each copy of the books presented. This hymn was used during Dedication Services in the present Church ten years ago. After the dedication ceremony the Choir and Congregation sang the hymn again, recalling the Dedication Service ten years ago.

President Association of Counties and Regions

# Veteran Reeve Brings Honour To Self, Community

A veteran of 21 years on the Iroquois Village Council, Reeve Lloyd C. Davis has been accorded the distinguished honour of being elected as the first President of the Association of Counties and Regions in Ontario.

In a letter to the Warden and Counties Council of Stormont, Dundas and Glengarry, from the Executive Secretary-Treasurer of the new Association, it was pointed out that Mr. Davis had been Chairman of the 1968 Convention Committee "performing his duties at the recent conference most proficiently". He chaired the Government Workshop at Perth and assisted in many other special projects during the past year. The letter went on to say "As well as thanking him for his valued contributions I have been asked to express the appreciation of the entire Association to the United Counties for their continued support and co-operation".

Born in Smiths Falls, Ont. in 1906, Lloyd C. Davis received part of his early education in that Ontario centre prior to moving to Marquis, Saskatchewan in 1916 In 1929 he returned to Ontario and settled in the Village of Iroquois where he has owned and operated a Texaco Service Station for 27 years.

Lloyd began his municipal career as a public school trustee serving five years in this capacity. four of which he was Chairman of the Board.

Elected to the municipal council of the Village of Iroquois in 1947 he became Warden of the United Counties of Stormont, Dundas and Glengarry in 1954. During his municipal career he has served on every board in county government; several years as Chairman of the Board for the Sanatarium and is presently Chairman of the Board for the Home for the Aged and also Chairman of the local Library Board. He is a past-president of the Red Cross.

He is a Past Lions Governor of District A-4, holding this office in 1957-58. A sports enthusiast, he is also past-president of the Ottawa and District Hockey Association having served three years during 1953-54-55.

During the construction of the Seaway, he served on the Government Board of Review which was established to deal with Ontario Hydro property settlements. He also served as a Director on the Eastern Ontario Development Association.

A member of the United Church, Lloyd is married and is the proud father of four sons and one daughter, is much beloved by his six grandchildren.

A highlight in the career of Lloyd C. Davis, now serving his twenty-first term as Reeve, came when he and Mrs. Davis together with his council and their wives were presented to Queen Elizabeth and Prince Philip in Iroquois following the official opening of the Seaway in 1959.

# Light Voter Turnout During Monday's Elections

The most confused election in the history of Ontario has come to a close with an evident lack of interest being shown right across the country, especially in the election for school trustees. The only places where there was evident interest was where the school election coincided with municipal elections and the voters came out to support their municipal candidates.

In the Village of Iroquois it was the lowest poll possibly in the history of elections in the village, with less than one-fifth of the eligible voters turning out to vote. The only votes in the village were for school trustees for both the new board of education and the new Separate School Board of Education.

Lorne Mellan will represent Iroquois, Matilda and Mountain on the Stormont, Dundas and Glengarry Board of Education, having defeated Keith Fawcett of Mountain with a total vote of 906 to 373.

Patrick Beavers of Morrisburg will represent the Separate School supporters on their new board of education, his area covering 11 municipalities, including Iroquois and Matilda to the west. Sarsfield O'Connor, of Chesterville, the only Dundas man seeking election on the board of education to represent Separate School supporters, was defeated.

In the Morrisburg, Williamsburg, Finch area, Douglas Barclay won a close one over Dale Beckstead, 534 to 526, to represent that area on the new board.

**MATILDA'S ELECTION**

Mahlon Zeron had been given an acclamation at the recent nomination meeting, but a fight for deputy-reeve and council had developed. John Thompson retained his deputy-reeve's seat with Douglas Irvine failing to upset him. Mr. Thompson polled 405 and Mr. Irvine 336.

George Cooper led the poll for a council seat with 481 votes, Harry Smail next with 420 and Charles Farlinger taking the third seat with 358. Losing candidates were Harold Boyd with 331 and Lee Shaver with 270.

## Santa Is Coming!

Arrangements are being made between the Iroquois Legion and Legion Auxiliary and the Iroquois Lions Club to bring Santa Claus to Iroquois.

Full details will appear in our next issue.

## Heavy Wet Snow Hits Area

Upwards of five inches of soggy snow is expected to hit our area before Wednesday is done, with lighter snowfall Thursday. Highways on Wednesday morning were extremely hazardous.

## Play With Birds

There are more birds flying each Tuesday night with new faces going about the courts and Thursday night is looking better. The old recruits (not by age) are appearing, so now if we could just get everybody out on the two nights the crowd would be good.

Next week bring along that person or persons who said that they had never played but would like to try the game and how about all those who used to play but just got away from the good sport.

Next week let's see everybody out.

## Let's All Complain!

Within a few weeks after an election it isn't difficult to find someone complaining about how our elected representatives are doing things. It seems inevitable that the citizenry can't find the time to go to the polls on election day but can find the time after voting is all over to come out with some pretty profound statements of policy . . . if they were doing it.

This Monday's election only concerned Village residents in respect to members of school boards; one being the new regional board of education and the other the Separate School Regional Board. Iroquois residents just didn't turn out; possibly the lack of interest stemming from the fact that no individual from the village itself was in the running for either board, and perhaps also since little interest has ever been taken in school elections. The electorate seem to feel that school board elections are not as important as elections for reeve and council. Yet the cost of education takes up the most of our tax dollar and the educating of our youth has become very important in today's demanding society.

The formation of regional government in school boards will soon be followed by regional government for councils and there will probably be a similar attitude taken at that time. Over the years we have asked our governments to do so many things for us and asked them to pay most of the shot, that the governments have now reached the state of mind that they feel they should tell us what we are going to do and how to do it. They, after all, are providing most of the money! Somewhere along the line politicians are forgetting just who puts up the money in the first place.

So apathetic have we become that government can actually tell us what we are going to do . . . not so much whether we want it or not but whether or not they want it. "They" being the people we have elected to serve us and our interests.

In many cases the political parties are becoming dictatorial in their attitudes and eventually we all may come to recognize this; but will it be in time?

The reorganization of schools in Ontario was brought upon the citizens and met with mixed reaction. Many were against so drastic a change. We cannot help but feel that the change may be just too drastic to swallow without many problems. We have stated in the past that the new system can work and will work; no matter what the cost. And we don't necessarily mean in dollars alone. As we take a look at the regional school system in our neighbours to the South we find that this year New York State is heading back to a system not quite so drastic as was first brought about. Then, perhaps, they didn't work at it.

All that bothers us is that local autonomy is on the way out. No longer is it practical to think of ourselves as individuals wanting a say in our local government, on any level. A good part of the blame may be placed right on our own shoulders. Looking back over 20 years we recall the lack of interest in local politics and this apathy has been a gradual thing eating away at our very existence. We have given way on every occasion to letting someone else run our affairs, keeping ourselves aloof from argument and dissention; being afraid to stand up and be counted. Regional government will come into our lives and shortly. It will be brought to us without any special consideration or vote and will be made work. Maybe not the way we would like to see it done but, in a sense, somewhat along the lines we've been facing for years. People will wait until it has happened, then will sit back and complain.

We're always just a step behind in making up our minds and being prepared to do something about it at a time when nothing can be done. Just recently we overheard a man say that he was completely against the new school system and suggested that every person involved go to Toronto and lay down the law. He had forgotten that the law has already been laid down and we'll abide by it or else. We can remember on one occasion some years ago in a slight disagreement with a government department. They laid down the law and intimated if we didn't go along, they'd cut off the grants.

There's an old saying that "you can't fight city hall" and if we're willing to stand aside and relinquish the right to assert ourselves, then it is absolutely true. Unfortunately to be a crusader takes a lot of time that most of us just haven't got if we want to keep on making a living. We're living in a pressure cooker and eventually the steam is going to blow the beans all over the place.

We hope to be around when it happens.

To sum it up, we have before us a new regional board of education which we're going along with and wish it every success. We can't afford to do otherwise. Coming up in a couple of years will be regional government. It will also go along and we'll wish it success. And with its coming we'll try to remember to write an obituary of another of our freedoms: the right to govern ourselves.

It may take another ten years before we have a general upheaval in our society, but it's heading our way. The people who will lead it are still in school or university, but these people are already flexing their muscles and testing their ingenuity. Just give them ten years' experience and we can expect an inner revolution in our society.

Let's all complain all we want right now; but it will be action that will get results in the future, just as our nation's history has proved it in the past.

GORDON BLAIR, M.P., REPORTS

# Keeping Track Of Parliament

The public must rely on the press, radio and TV for reports on the work of Parliament. Their task is not easy. They cover major debates and enliven their reports with personal stories on party leaders. But they can present only a partial picture — much of the most important and serious work is not publicized. This applies particularly to parliamentary committees.

This session committees are being used as never before. The ancient and beneficial rule is that the people's money cannot be spent by the government without careful study and the approval of the House of Commons. A new departure in this Parliament is the study of most of the government's spending by the twenty or more standing committees. For the first time, on an almost total basis, Members have a chance to probe deeply into expenditures and question officials as well as Ministers. This may make the life of a government more uncomfortable. Perhaps this is why past governments have not encouraged committees. Despite the difficulty the media have in reporting everything, this new procedure will, in the long run, keep the public better informed on how and why money is spent. It will also lead to greater efficiency and control of expenditure.

With very little publicity and after much delay caused by the antiquated procedures of parliament, the Farm Credit legislation introduced in September was passed in mid-November. Money is once more available under the Farm Improvement Loans Act, the Farm Credit Act and the Farm Machinery Syndicate Credit Act. All three Acts have been broadened and, because of the government's guarantee, money can be borrowed at lower interest rates and for a longer time than from private sources. The purpose, in short, is to support farmers seeking to enlarge and improve their operation by acquiring more land, necessary machinery and new buildings. Most important is the greater assistance given to younger farmers, particularly in taking over farms from their families. The government's purpose is plain — to extend major assistance to serious farmers. As your Member, I am interested to hear how these new Acts are working out in practice and would like to have your comments.

**LIMERICK REPORT**

by Alfred J. Campbell,
Management Forester

Hunters everywhere and not a deer in sight. To those people who think hunting is a slaughter take heart, the deer won this year in Limerick Forest. Disappointed hunting parties report tracks everywhere and many sightings but they couldn't get the deer moving. It would appear that perhaps weather was against the hunters, making the deer move in unusual patterns. Despite poor luck however, nine deer are known to have been taken in the main blocks of Limerick Forest, and there are lots left for next year.

This has been a very active manner in Limerick Forest. Site preparation has just been completed to ready the ground for the planting of ¾ of a million trees next spring. With the approval of the United Counties of Leeds and Grenville Council, two picnic sites were established in the South Blocks, just north of Roebuck. These areas will be completely ready for use next summer.

An agreement has been reached with Augusta township and the local people to have part of the township road north of Roebuck turned over to the forest so that it can be improved for good access to the picnic sites.

Snowmobiles were out in full force with arrival of the first snow. There are many miles of roads and trails in the older properties of Limerick that are ideally suited to this new form of recreation. We would like to make one request of the owners of snowmobiles. Please stay on the trails in young plantations. When young trees are frozen they break easily when run over by any type snow machine.

Visit your County Forest and enjoy it any time of the year.

## Dear Mrs. Popovich

We'll never forget Mrs. Popovich. My wife phoned from the bus station the other day, just home from her weekly stint at college. "Bill, I'm in a terrible mess." I groaned silently; "What is it this time?"

To cut a long story short, she had started out with a little act of Christian charity, or plain humanity, and wound up with a problem that would have made the Good Samaritan take to his heels.

Mrs. Popovich has Parkinson's Disease. She can walk by inches. On a good day, she might travel 40 feet in 40 minutes, possibly falling flat on her face twice during the procedure.

My wife helped her onto the bus in the city. Four days later, we practically hurled her onto a bus going back to the city.

In the intervening time, she was a thorn in the spiritual side, a scorpion in our minds. In short, we worried like hell about her.

She is sweet, and she has faith, and she has a sense of humor. And she's as stubborn as a mule.

She had come here to visit the Shrine, with a view to a spot of faith healing. The Shrine is closed in the winter. No priests, no services. Just a big, dark, cold church.

We got her settled in a motel room on street level because she can't climb steps. Arranged for hot food and drinks to be brought to her. Visited her. Made her promise to phone her daughter to come and get her.

She was adamant. Saturday, somehow, she got to the Shrine by cab. It takes ten minutes to get her into or out of a car. Told the cabbie to come back in two hours. Door of church was locked. She sat for two hours, high on a hill-top, in a bleak November wind, on the steps of the Shrine.

Sunday, after checking by phone, we took her to the Shrine. Two hours hard labor. Church like a holy barn.

She did begin to see that it was all a bit fruitless and agreed to take a bus back to the city on Monday. After an hour's struggle, we got her onto the bus, which is three minutes from the motel. Another chap and I carried her aboard.

Cane, baggage, purse, all in place. And the bus driver's look said loud and clear, "How can you be so rotten as to pour your poor old mother onto a bus when she can't even walk? What kind of people are you?"

I guess this is because my wife kissed her goodbye, and I patted her shoulder. And his voice said, "Who's going to help her off the bus?"

And we've been haunted ever since by her dark, sad eyes, and that sweet smile, and that indomitable spirit: "If I don't keep going, I'll be in a wheelchair for the rest of my life."

What got both of us was the coldness and the eager curiosity of the onlookers. The only person who offered aid, the chap who helped me carry her onto the bus, was a rough-looking character who was obviously a junkie or an alcoholic. He said he'd look after her.

What a paradox! All those well-fed, well-clothed, well-looking people sat there and watched, as though it were a horror movie. And the only guy in the crowd who looked as though he needed help himself said, "We have to help one another, don't we?"

**A certain Levite was mugged, rolled, and left to die. Two of his own race passed. One didn't wanna get involved. The other was late for church.**

And a Samaritan, an alien, heard his groans, and said, "Oy, boy, what's with you? You don't look so good." And bound his wounds and found him an inn with wall-to-wall.

And was probably charged for practising without a license. I often wonder what became of the Good Samaritan.

"You Should See The Other Guy!"

As a boy it was so easy to justify a fight. Publicly you gloated over your opponent's bloody nose (and privately you wished that his had been the black eye with its more-lasting embarrassment). But, somehow, the victory alone excused the battle.

As an adult how do you view the matter? Would the possibility of bloody victory be sufficient justification for attempting to beat the tar out of some irritating neighbor? You might be arrested for disturbing the peace . . . assault and battery!

But that is not the real reason we control brutal impulses. The real reason lies deep in our Christian heritage:
—a sense of human dignity . . .
—respect for fairness and justice regardless of might . . .
—the belief that peace can be a blessing for weak and strong alike . . .
—that patient understanding can enrich life.

Rooted in the same Christian faith are other great principles of life which challenge men's hearts and minds. We seek to understand and apply them as we worship God in our churches. They are essential in a world still threatened with a return to the black eye and bloody nose . . . or something worse.

## Combines Eke Out Victory

Morrisburg Combines' Captain Big Doug Casselman's goal at 18.6 of the 3rd period gave Combines a 6-5 victory over Embrun Panthers Friday night.

Combines led 3-1, and then 5-3 after the 2nd period, Jovan Marich and Big Doug scored 2 goals each, with singles by Allie Cameron, and Jack Duncan for the Combines. Jack Valiquette, Jacques Madore, Norm Charron, Morris Gregoire and Gilles Roy scored for the Panthers.

7 minors and 2 majors were handed out by Gus LeBrun, with the Panthers getting 3 of the minors. Gilles Roy and Rick Rushford squared off at 15.59 of the 1st period and each received a major for his pains.

Combines outshot the Panthers 40-30.

Friday, Dec. 6th, Combines will host Prescott and Buckingham on the 12th.

**TUTTLE AND HESS LEAD MORRISBURG TO VICTORY**

The Morrisburg Pee-Wee 'B' Hockey Team demonstrated plenty of scoring punch to defeat Iroquois Pee-Wee 'A' hockey club 4-0.

The scoring punch was one-two style, namely J. Tuttle and D. Hess who each blinked the red light twice and handed Iroquois their defeat.

Not only were they responsible for the four goals but they added another statistic to the game as each earned single penalties. Tuttle for holding and Hess for tripping.

It was a cleanly played contest with only the two penalties in the entire game.

Iroquois coach Ron Potvin stated after the game "Our boys are going to have to play a better passing style of hockey and less stick-handling to be able to outplay the Morrisburg team".

All players are reminded to attend the N.H.L. film presentation on Monday, Dec. 9th at the Civic Centre at 7:00 p.m. at which time they can watch the "Pros" demonstrate the finer fundamentals of offensive and defensive play.

The Iroquois line-up consisted of Rick Strader, Billy Mullen, Darcy Casselman, Jimmie Davies Donald Merkley, Stan Davis, Mickey Valiquette, Steven Merkley, Kevin Merkley, Wayne McKee, Ricky McKee and Lance Valcour.

**EXHIBITION MIDGET GAME**

The hometown Midgets will play an exhibition game on Thursday, December t5h at 7:00 p.m. in the Morrisburg Community Centre against the Cardinal Midgets. Drop over and view a good hockey game, no charge.

## *Herd Improvement*

# Large Attendance Awards Banquet

Around 100 members and their wives attended the annual Awards Banquet of the Dundas Herd Improvement Association held at Williamsburg United Church Hall on Wednesday, November 27th. Several of the speakers mentioned that for quantity of members and active interest, the Dundas group was second to none.

Gerald Adams, Dundas H.I.A. chairman told of the past year's programme, which included 4 meetings, organizing the awards and getting sponsors for same and in general, creating enthusiasm among the members for the association's work.

Thanks were extended to the groups and firms that helped sponsor this year's awards. These included the Dundas Milk Committee, the Chesterville Co-op, and the feed stores of D. L. Berry and Sons, C and L Feeds, T. S. Allison and F. Rooney.

Mr. Mel Thomas, director of promotion, Eastern Breeders, Kemptville stated it was well to keep in mind the main purpose of E.B.I. which was to further the improvement of cattle and thus give the farmer more production economically. He reminded those persent that new D.H.I.A. members were entitled to 1 free service from E.B.I.

Keith Holmes, chairman of the Dundas Milk Committee, congratulated the DHIA on their year's work and praised the individual trophy winners.

Mr. W. Byvelds was presented with the Royal Bank trophy for the herd showing the greatest improvement — 13½ points BCA over last year. Mr. Hatcher, Royal Bank manager, Winchester gave the award.

Mr. Henry Byker was presented with the Bank of Montreal award, emblematic of recognition for above average Ontario production. This was presented by Mr. Achison, Bank of Montreal manager, Williamsburg.

The following were nominated as committee members for the 1969 Dundas Herd Improvement Association: Messrs. Doug Durant, Ken Carkner, Wm. Byveld, Herbert Riddell, Ralph Barkley, Ted van der Zweep, Henry Hogeveen, and Harry Weerer.

Mr. Reg. Strader, newly appointed Supervisor, told of some of the details of his new job which entails travelling throughout Ontario. He stressed the importance of paying attention to individual cows in attempting to raise standards.

Gary Buck, Assistant Ag. Rep. talked on the Ten Top Producing cows in the County and then contrasted them with the bottom ten, stressing the importance of culling the low producing, money-losing cows.

The guest speaker, Mr. Chas. Gracey was introduced by Doug Keyes, Ag. Rep. Mr. Gracey is associate Livestock Commissioner of Ontario, a graduate of OAC (University of Guelph) and part of his experience included instructing for 4 years at Kemptville Agricultural School. He noted that the difference between a good herd and a mediocre one was not all that great —that good management makes most of the difference. Top performance is the result of heredity plus good management and especially proper feeding. Increased production can be helped by selecting better replacement females, by culling out low performers, selecting superior sires and again — good feeding and management. He noted larger immediate gains might be realized by feeding and management, but that the perhaps smaller gains realized by selecting better females and sires were permanent, spread over as they were, the entire life of the herd. Mr. Gracey also congratulated the DHIA for such a good turnout.

## Interest Rate Changes On Farm Loans

Changes in interest rates charged to farmers on Farm Credit Corporation loans were announced by Agriculture Minister H. A. (Bud) Olson.

Recent amendments to the Farm Credit Act now permit the Government to set interest rates by Order-in-Council.

The new rate, effective today and until March 31st, 1969, will be 7¾ per cent per annum.

Future rates will be adjusted automatically on the 1st of April and the 1st of October in each year. The rate will be set at one per cent above the average yield in the preceding six six months on Government of Canada bonds maturing in five to ten years.

Where a borrower already has a loan under the Farm Credit Act and this loan is being consolidated with a new loan, the interest rate will be adjusted to allow for the lower rate on the previous loan.

The FCC's lending rate under the Farm Machinery Syndicate Credit Act is also being amended to reflect current interest levels. Loans under this Act will now carry an interest rate of one per cent above the average yield on Government of Canada bonds maturing in one to 10 years.

Effective today the new rate on Syndicate loans will be 7½ per cent per annum. Rate of interest for Syndicate loans will also be established on a semi-annual basis.

The charges in interest rates for FCC loans are in line with interest rates charged under the Farm Improvement Loans Act, which is administered by the Department of Finance.

"Farmers will still be able to obtain large amounts of credit on very favorable terms," Mr. Olson said. "At the same time the new rates will provide for the operating costs of the Farm Credit Corporation on future loans, including part of the cost of making farm appraisals. Therefore it is now possible for the Corporation to reduce the appraisal fee charged to borrowers.

"Farm Credit Regulations have been amended to provide for a 50 per cent reduction in appraisal fees. From now on, the appraisal fees will be 20 cents instead of 40 cents for each $100 of a loan under Part II of the Act, and 25 cents instead of 50 cents for each $100 of a loan under Part III of the Act."

# Cardinal Notes

St. James Anglican Church Women's Guild held their regular meeting at the home of Mrs. Elmer King, with Mrs. William Burchell presiding and with the group prayer and Lord's Prayer being the opening.

Mrs. Dora Armstrong read the scripture and the roll call was responded to by eight members and three visitors.

Mrs. Sterling Typhair gave the treasurer's report, which showed a substantial balance and included was a report of the regular euchres every week, which are very successful.

A letter of correspondence was read from J. R. MacNeil, Principal of South Grenville District High School, stating if a speaker was wanted anytime, they have them available.

The parochial report, which is to be sent away, was given.

It was decided to buy new candles for the church and Mrs. Lawrence Burchell was elected to get the flowers for the Christmas Eve Service.

Plans were made to decorate the church for Christmas, on December 21st. Candy bags are to be made up on November 29.

Members of the group have volunteered their services for the Wagon Shop at the Brockville General Hospital.

Plans are being made for the Christmas concert on December 8th.

Mrs. Typhair thanked everyone for the gift she and her husband received from the groups, on the occasion of their 50th wedding anniversary.

Mrs. Eric Badmuller demonstrated on how to make raised doughnuts. Lunch was served.

The regular quarterly meeting of the Seaway Valley Presbytery of The United Church of Canada was held at Brinston, Ontario on Thursday, November 28th. Rev. L.M. Ferguson, President occupied the chair and guests included Rev. A. Cameron, B.A., B.D., President of the Montreal-Ottawa Conference and Rev. Donald Pipe, Field Secretary, Missionary and Service, formerly of the Avonmore-Monkland Pastoral Charge. A hearty welcome was extended to all by Mr. Shaver representing Sessions.

The Sacrament of The Lord's Supper was administered by the Rev. Ferguson, President, the Rev. J. Stewart, Pastor of the Brinston Church and the Rev. A. Cameron, B.A., B.D., who gave an inspriing meditation.

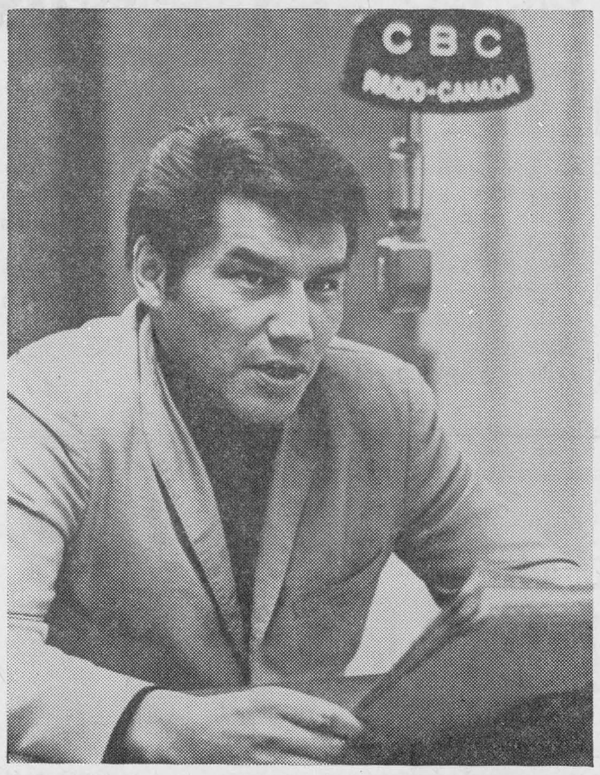
During the report of the Commission on Outreach of The Church it was announced that contributions from The United Church of Canada toward the Nigeria - Biafra Relief Fund has amounted to $249,419.00 to date. This is the largest contribution received towards overseas relief and represents almost 40 per cent of all amounts collected. A report on the summer student work in the South Dundas area was received and it was agreed Presbytery would provide some funds in order the work be continued in 1969.

Following up the action of General Council and of Conference a committee of Clergy and Laymen was appointed to discuss Church Union with a similar committee established by The Anglican Church.

The Commission on Administration reported the establishment of a new Postal Charge formed by amalgamation. This will be known as the Finch-Avonmore Charge and will become effective in February of 1969 with the Rev. H. A. Funge as Minister. A further amalgamation to be known as the Ingleside-Newington Pastoral Charge is expected to become effective June 30th, 1969. The report also contained the information that Rev's. W. E. Black, South Mountain, R. G. Percival of Kemptville, G. E. McPherson of St. Lawrence and L.S. Woolfrey of Glengarry East would be leaving this Court having accepted calls to other fields. They will be missed from this Court which has been enriched by their presence over the years and the Prayers and all good wishes of Presbytery will accompany them as they continue to labour in His Service.

The Commission on Congregational life and Work reported a special meeting to discuss the philosophy of camping will be held in Chesterville from 10:00 a.m. to 4:00 p.m. on January 9. Another event of importance will be a conference on Rural Life, sponsored by the Provincial Government, to be held at Kemptville on April 21st, 22nd, and 23rd. More details will be published in the near future.

The delicious lunch, served by the ladies of Brinston was much enjoyed by all present.



## INDIAN MAGAZINE

The voice of the Canadian Indian is growing stronger across the land on matters pertaining to his welfare. The voice of Ojibway Johnny Yesno is heard Saturdays on CBC radio on the program Indian Magazine — a national forum for the opinions of indians, Metis and Eskimos. It's also a means of letting non-Indians hear the Indian viewpoint and helps promote understanding. Yesno won a Wilderness Award for his role in a CBC-TV Wojeck episode.

**Report to Dairymen on County and District Milk Committee Executives' Conference**

From October 15 to 17th, members of the County District Milk Committee met in Geneva Park to hear a summary of papers dealing with Milk Committee proposals and dairy policy. The Dundas County Farmer brings as much of the information as it could get to your attention and because of the importance of some of the proposals, we print the context of the summaries in their entirety.

**Conference Summary**

A summray of conclusions and discussions arising out of the conference sessions:

1—Board Producer Communications.

Delegates felt both Committees and the Board could improve communications with producers. Strong support for the continued use of Information Bulletin, plus printing it in the magazine in digest form. Support for use of Information Cards with milk cheques and greater use of TV and Radio where possible.

Not much reaction to Milk Foundation report. This is taken to mean that Delegates are satisfied with the present program. Apparent approval with the advertising program.

Delegates were divided in their opinion as to whether or not the Board should market industrial milk, but the majority were in favour of the Board marketing industrial milk.

There did not seem to be enough time to discuss this item fully. There was recognition of the problem of pricing industrial milk on a provincial basis. Support for an increase in returns for industrial producers in any way possible. Support for trying to get a more long term of stability in the industrial market. There was general support for Dairy Farmers of Canada policies, but want Federal Subsidies negotiable.

General support for proposed quality program provided the Board move cautiously in implementing penalties and make certain that sampling procedure are on a fool proof basis if possible. Some reservations about imposition of penalties related to the Gel test.

6—Quota Policy.

The conclusion was that the Board should not reduce quotas to get a higher payout, at least not until the Pool has been in operation for a year. Some producers felt that the penalty clause is too severe but the majority think that the percentage should not be changed.

# Homemaker Group Is Active 4-H Club in Matilda

The seventh meeting of the Matilda 4-H Homemaking Club was held in the Dundela community Centre on November 9th at 1:30 p.m.

The president, Judy Lapiere opened the meeting with the 4-H pledge.

The roll call was answered by the members, my answer was a rug for my bedroom, material a large bath towel, I am fond of horses, so I drew one from a picture, enlarged it on a graph and put on my rug, the background is green, brown horse and sand, dark rocks, green grass with a few clouds and birds, with a bit of gold colour.

The minutes of the last meeting were read by Carol Law and adopted as read.

The collection was $1.96.

We decided to hold our eighth meeting in the Dundela Community Centre and begin at 10:15 a.m., bring our lunch and work on through the day till 4 p.m. and finish up all of our work.

We went over the uses of the crewel stitch and went over the other stitches again.

We filled in our answers to uses of the crewel stitch and then worked on our articles.

We talked some about our skit and planned on what to use for it.

Our home assignment was given out and we closed our meeting with the Lord's prayer.

Most of the girls and leaders went over to the church bazaar and had tea.

**EIGHTH MEETING**

The eighth meeting of the Matilda 4-H Homemaking Club was held in the Dundela Community Centre at 10:30 a.m. on November 16th.

The president, Judy Lapiere opened the meeting with the 4-H pledge.

The roll call was answered by the members, my answer was I did do a cushion cover and a small wall hanging, would like to do my tablecloth and a pair of pillow cases (they are already stamped) and I would also like to do a dress with embroidery down the front panel—I ordered the pattern, it is number 981 in the Free Press.

The minutes of the last meeting were read by Christine Mellan and adopted.

We are supposed to have all our work and books handed in to the leaders by Thursday, Nov. 21st and our Achievement Day is Sat., Dec. 7th at North Dundas District High School.

All the girls then worked on their articles, or finished up their books and samples.

The girls that are taking part in the demonstration are to meet again at a later date.

The meeting then closed with the Lord's Prayer.

# Ontario House Report - F. M. Cass

The Striking Committee of the House brought in its report and the Sessional Committees were established. These Committees, consisting of Members from all three political parties, meet regularly to deal with the various Bills introduced into the House and other matters of public importance. While no one not a Member of the Legislature may sit, or speak on such matters, in the House, anyone may appear, usually by prior arrangement, before each of these Committees and put before the Members his submissions and views with respect to matters being considered by the Committee. Hence, this is the forum in which the citizen can discuss, quite officially, with the House Members, matters of public or personal interest, affected by legislation.

Several private Bills have been introduced and these, of course, were referred to the Private Bills Committee for consideration as well as for the purpose of allowing sponsors of the Bills and opponents to be heard.

The week was spent mainly on the debate on the throne speech with all three party Leaders participating, and then of course, set out in his speech the views of his Party on current affairs in our Province and of the Government's record and plans. Since only the plans of the Government Party are likely to be implemented, it is interesting to note that Prime Minister Robarts committed the Government of Ontario to continued efforts to co-operate with other Provinces and with the Federal Government to secure a United Canada with fair division between Provincial and Federal spheres of Government of responsibilities and of revenue to meet these responsibilities.

He also announced that the formation of the Ottawa-Carleton regional government was but the first step in erecting all across Ontario new regions to replace our century old system of small municipalities. As yet, however, there does not appear to be any blueprint for, or even rumour as to our particular part of Ontario.

And finally, he discussed the possibility of radio and/or television coverage of House proceedings, indicating that the Government was favourably disposed to some trial of these innovations.

# Notice to Employers & Employees

## At 12.01 a.m. on January 1st, 1969, the new Ontario Employment Standards Act becomes law

**The New Employment Standards Act provides minimum standards for overtime pay, holiday pay and vacation pay; protects against long hours; ensures equal pay for equal work for women workers; sets higher rates of minimum wages.**

Ontario's employment standards program is concerned with the economic well-being of the Province's manpower resources. The new Act up-dates and broadens the minimum standards for wages and working conditions to safeguard workers against exploitation and to protect employers against unfair competition based on lower standards.

### *hours of work*

The working hours of an employee shall not exceed eight in the day and 48 in the week. However, under certain conditions a permit to work overtime may be obtained from the department. Employees whose only work is supervisory or managerial are exempted from the hours provisions of the Act. A girl under 18 years shall not be required to work more than six hours overtime each week.

### *overtime pay*

The Act provides that an employee will receive a minimum of one and one-half times his regular wage-rate for any work in excess of the maximum 48 hours per week. In addition to providing premium pay, this requirement is designed to curb the use of excessive overtime.

Special overtime provisions have been established for the following industries and may be obtained by writing the Employment Standards Branch of the Department: Sewer and Watermain Construction; Interurban and Municipal Transport; Local Cartage; Tourist Resort; Restaurant and Tavern; Fruit and Vegetable Processing; Taxi; Ambulance Service; Highway Transport and Road Building.

### *statutory holidays*

A regular, full-time employee and certain categories of part-time employees who work on a statutory holiday must receive a minimum of one and one-half times their regular wage rate. The holidays are Christmas Day, New Year's Day, Good Friday, Victoria Day, Dominion Day, Labour Day and Thanksgiving Day. Substitute holidays may be arranged with the approval of the Director.

*Minimum Wage Increase*

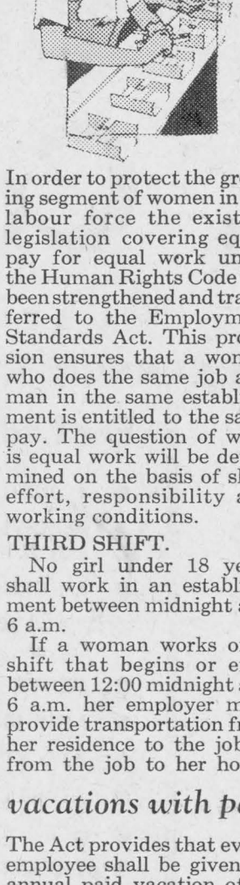
†if work is less than 48 hours per week *flat minimum, if hrs. exceed 48 & no records kept

### *equal pay for equal work*



In order to protect the growing segment of women in the labour force the existing legislation covering equal pay for equal work under the Human Rights Code has been strengthened and transferred to the Employment Standards Act. This provision ensures that a woman who does the same job as a man in the same establishment is entitled to the same pay. The question of what is equal work will be determined on the basis of skill, effort, responsibility and working conditions.

THIRD SHIFT.

No girl under 18 years shall work in an establishment between midnight and 6 a.m.

If a woman works on a shift that begins or ends between 12:00 midnight and 6 a.m. her employer must provide transportation from her residence to the job or from the job to her home.

### *vacations with pay*

The Act provides that every employee shall be given an annual paid vacation of at least one week after one year of employment. The vacation pay must not be less than 2% of the total pay received in the year in which the vacation is given. When an employee works for a period less than one year he is entitled to 2% vacation pay for the period worked. After three years of employment, the minimum is two weeks paid vacation and the pay must not be less than 4% of the annual earnings. The Vacation with Pay stamp book system for construction workers will be phased out between January 1, 1970 and June 30, 1970.

### *protection for homeworkers*

Any person doing homework as defined in the new Act is now considered to be an employee and is protected by the legislation.

Employers are required to provide a statement of wages and deductions to each employee at the time wages are paid. It must show: pay period, rate of wages, amount of wages, all deductions and the purpose of each, allowances and the net amount being paid the employee. Deductions include those authorized by the employee and such usual deductions as Unemployment Insurance, Income Tax, Canada Pension, Company Pension Plan and Hospitalization.

### *collection of unpaid wages*

The department may now collect unpaid wages for an employee including the amount of wages due, overtime pay and vacation pay up to a maximum of $1,000. Formerly collection could be made for wages only up to the level of the minimum wage.

*NOTE*

There are some industries in the province under the jurisdiction of the Federal Government such as banks, airlines, railways etc. These industries are covered by the Canada Labour Standards Code and are not under the jurisdiction of this Act. If you are in doubt which legislation applies to you, call the Employment Standards Branch (Telephone: 365-5251), for information.

**LACELLE—SMAIL**

Lany Doreen, daughter of Mrs. Gladys Smail and the late Almon Smail, and Milton Russell Lacelle, son of Mr. and Mrs. Cecil Somerville, exchanged wedding vows in a double ring ceremony at Winchester United Church on Saturday, November 23rd at 2:30 in the afternoon. Rev. A. J. MacDonald joined the young couple in marriage.

Appropriate wedding selections were played by the organist, Mrs. Howard Fetterly.

Carl Hutchinson and Erwin Skuce were the ushers, and Robert Lacelle assisted his brother as best man.

Given in marriage by her uncle, Raymond Cooke, the bride wore a floor-length brocaded satin gown with empire styled waist line and lily point sleeves, a chapel train extended from the shoulder line in back of the gown, and she carried a cascade of red roses and miniature white carnations.

The bride was attended by Dianne Turnbull, Linda Smail and Catherine Smail, they wore identical floor-length gowns of peacock blue velvet, with white lace accent at the empire waist lines and carried white velvet muffs with matching blue tint mum corsages.

The mother of the bride was attired in a wedgewood blue ensemble with brown accessories and a corsage of yellow mums. The mother of the groom chose a terra cotta lace sheath dress, matching accessories and a corsage of white carnations.

Guests from Ottawa, Montreal, Windsor, Prescott, Morewood, Spencerville, South Mountain, Cornwall, Perth and Winchester were entertained at the wedding reception at the Country Kitchen following the ceremony.

On a wedding trip to New York City, the bride travelled in a pink sheath dress, matching jacket, black accessories and a corsage of sweetheart roses. Mr. and Mrs. Lacelle will reside in Winchester.
