100 Club Holds Ladies' Night

The local town hall was the scene of an enjoyable occasion on Friday evening last, when the Winchester 100 Club held its annual Ladies' Night. There was an attendance of about 90 members and guests.

Following a sumptuous turkey dinner, catered to by the management of the Golden Pheasant Steak House, a prize boost was conducted by Centurian Nelson Dixon, on behalf of the Jo-Anne Shoppe, who also donated the prizes. The winners were Mrs. J. L. Dixon and Mrs. Walter Moffat.

Prior to the dinner, Grace was said by Centurian Walter Moffat, while Centurian H. O. Balkwill recited the 100 Club Creed. Community singing was led by Centurian Chester Timmins, with Centurian Clare Morgan presiding at the piano.

The meeting was presided over by the president, Centurian Dave Melvin, who extended a welcome to the ladies and other guests, which included Mr. and Mrs. Cecil Acres and their young son, Dwayne, of Vernon.

The president expressed thanks on behalf of the Club to the Jo-Anne Shoppe for donating the prizes for the Ladies' prize boost, which has been its annual custom. He also expressed regret that Centurian Arnold Dukelow was unable to attend the luncheon, due to illness, and wished him a speedy recovery.

In announcing that Centurians Leroy and Max Boyd were absent on this occasion, due to a fire which damaged their garage on that date, the regrets of the Club were extended by President Dave.

With reference to the new Legion Hall Opening, on Saturday last, the president and Centurian Erle Helmer extended an invitation for all to attend.

Centurian Earl Freeland presided during a brief, but enjoyable program, which followed the dinner. Several well-executed piano solos by the Club pianist, Centurian Clare Morgan, were listened to with rapt attention and heartily applauded.

Another feature of the program were several cowboy numbers, presented by Master Dwayne Acres, talented 9-year-old son of Mr. and Mrs. Cecil Acres,. Vernon. Dwayne's rendition of two Western classics, playing his own guitar accompaniment, were well received, and the young artist was given a big hand for his efforts.

To close the program several games of Bingo were played ,the prize winners being: Mrs. J. L. Dixon, Mrs. J. H. Willard, Centurian Adair Fisher, Mrs. R. Walker, Centurian Harvey McIntosh, Mrs. Eldon Davidson, Mrs. W. F. Workman, Mrs. H. Biccum, Mrs. H. McIntosh, Mrs. H. Lannin and Centurian Dave Melvin.

The meeting ended with the singing of the National Anthem.

Firemen Fraternize At Annual Dinner

The Golden Pheasant Dining Hall was the scene of a very enjoyable time on Tuesday evening, when the Winchester Fire Brigade held its Annual Dinner, with members of the Chesterville Fire Brigade and representatives of the press as guests.

Fire Chief Gilbert Raistrick presided and welcomed the guests. Following a sing-song, Grace was said by Mr. F. Erle Helmer, after which one minute's silence was observed in memory of Fireman J. T. Enaugh, who served this community so faithfully for several years; and a toast offered in honour of Fireman Herbert Helmer, 85, the oldest member of any Fire Brigade in the County of Dundas.

Heard in humorous talks were Messrs. F. Erle Helmer, W. F. Workman, W. A. Rowat, Sid Morris and Stanley Morris, Chief and Deputy Chief, respectively, of the Chesterville Brigade.

Fire Chief Raistrick gave a brief history of the local Brigade, stating that it was organized in 1888, the first Fire Chief being the late Ezra Fader. The first pumper, a hand operated machine, was purchased in 1902. More modern equipment was purchased in 1927 and 1942.

Presiding over a program, which followed the turkey dinner, was Fireman Harold (Cy) Helmer. Those contributing to the entertainment were: Mr. Clare Morgan, pianist; Mr. Chas. Rattray, violinist; Mr. Les. MacDonald, soloist and guitarist; Mr. Jack Brian, of Chesterville, accordionist; Mr. Sid Morris, vocalist. A quartette, composed of Firemen Wm. Scott, Clair Helmer, Harold Levere and Gilbert Raistrick, of Winchester, was heard in two selections, while a Chesterville quartette, composed of Firemen A. Kilty, C. Barkley, S. Lattone and Sid Morris, also contributed a couple of numbers. An imitation of "Pop-Eye" by Fireman Walter Whitteker, of Chesterville, and a step dance by Cy. Helmer, of the local Brigade, completed the program.

At the close of the program a hearty vote of thanks was extended to the management and waitresses of the Golden Pheasant for the splendid meal and service. Appreciation of the Chestervile Brigade was voiced by Fireman Grenvile Fyke.

WINCHESTER THEATRE NEWS

"Saddle Tramp," at The Winchester for this week-end, is basically a yarn of Western adventure; but it also is a screen portrayal of strong human interest and entertainment. It was filmed in Technicolor. Joel McCrae, one of the best in the pictures, has the part of a wandering cowpoke who finds himself saddled with social responsibilities which leads him into strong situations. So that, while there is a fast-moving action and gunplay in the picture, there is also a great deal of humor and a strong element of romance. Altogether, it is a good all family picture.

On the following Monday comes a film, "They Were Not Divided," which is one of the most spectacular and striking war pictures yet produced. It gives in earnest, realistic fashion, the story of the days when British and Americans fought, and died, as comrades, in their terrific struggle to win back France and the Low Countries to freedom. It is a picture which has properly commanded the highest commendation of our miltary authority.

"Rock Island Trail," also in Technicolor, is billed for next week-end; and is undoubtedly one of the finest films of its type. It is the portrayal of a prodigious pioneering feat, the construction of a railway into a new land, in the face of the hostility of rival moneyed interests and savage Indian attack. The cast is excellent, the color wonderful, and the tale of thrill-laden adventure is interspersed with episodes of entertaining comedy.

Mr. Leslie Summers, of Montreal, spent the week-end at his parental home here.

Legion Club Rooms Formally Opened

"The result of a common purpose and a common sacrifice, the Canadian Legion to-day stands for a common service to our vast Dominion and is competently doing its part in the preservation of peace and democracy in a world that is once again threatened with a major conflict," Mr. Douglas Thompson said in an inspiring address at the official opening ceremonies of the new Legion Club Rooms, last Saturday afternoon.

Mr. Thompson, a past District Commander of the Canadian Legion, said that, regardless of size, no other branch was more active than the one in Winchester. He went on to say that the opening of these new club rooms was a fine achievement and held special significance at this time, as the Canadian Legion was observing its Silver Jubilee this month. The prayer offered by Rev. Mr. Kielty was evidence that the Ministerial Association is keenly interested in the Legion activities, Mr. Thompson said, and emphasized that first things must be placed first and, consequently, all credit for any success we may have must go to God alone. Concluding his address, Mr. Thompson walked over to the main doors of the Legion Hall, severed the ribbon, and officially declared the building open.

Mr. F. Erle Helmer, former president of the Winchester Branch, acted as chairman and, in an introductory address, he briefly outlined the work of the Legion and how the hall had been obtained. He extended a hearty welcome to the goodly number of citizens of Winchester and district who were on hand to witness the dedicatory ceremonies.

Following the singing of "O Canada," Reeves Walter Moffat, Harold Durant and William Cameron, of Winchester, Winchester Township and Mountain Township, respectively, spoke on behalf of the municipalities they represented, bringing words of congratulations and wishing the Winchester Branch continued success.

Mr. Allen Piper, Chief Deputy Pension Officer of the Dominion Command, B.E.S.L., addressed the gathering, and in a brief, yet well chosen address, said it was a distinct pleasure for him to attend the opening ceremonies at Winchester, as he considered this section of Ontario his home. He said that he had taken particular notice of the progress of this branch, which was in keeping with the town, and stressed the fact that the various branches throughout the Dominon served as a backbone for the Legion. He went on to say that the Canadan Legion to-day offers its services to all veterans whether they reside in Canada or some foreign country. Mr. Piper also offered his personal service to the local branch and asked the members to contact him if the time occurred when aid was needed. The chief deputy pension officer was particularly pleased to see a member of the Women's Division of the Royal Canadian Army Medical Corps present, and paid high tribute to the splendid work that division had performed during the war.

Immediately following the dedicatory prayer by Rev. H. Kielty, Secretary of the Winchester Ministerial Association, Mr. Thompson officially opened the new hall. Nursing Sister Phyllis Henderson, escorted by President Stuart Corry, then proceeded through the open doors and unveiled the memorial plaque in honour of the fallen heroes of two world wars. Two minutes' silence was observed, which was followed by a lament, played by the Pipe Band, and the Last Post, sounded by Trumpeter Arnold Hogaboam.

The ceremonies concluded by singing God Save The King. Chairman F. Erle Helmer cordially invited everyone to inspect the new club rooms and to enjoy the refreshments being served by wives of the members.

Directing the singing for the day was Mr. Frank J. Casselman, of Chesterville, with members of the S., D. and G. Pipe Band, from Cornwall, offering special numbers. The colour party consisted of Mr. Lloyd Dixon and Mr. George McConnell.

On hand to welcome the several hundred people who visited the building during the remaining part of the afternoon and evening was the District Commander, Mr. Henry Harvey, of Ottawa.

Members' wives who acted as hostesses for the day included: Mrs. F. Erle Helmer, Mrs. Ross McConnell, Mrs. Melvin Scott, Mrs. George McConnell, Mrs. Stuart Corry, Mrs. Archie Rice, Mrs. George Elliott, Mrs. Sam Ault, Mrs. Fred Cass, Mrs. Alva Alexander, Mrs. Mike Dunlop and Mrs. George Corry, of Inkerman; Mrs. Lyle Marcellus, Chesterville; Mrs. Stirling Dawley, Mrs. Max Boyd, Mrs. Dave Melvin, Mrs. Gordon Coons, Mrs. Abbie Crawford, Mrs. Arnold Casselman, Winchester Springs.

CHESTERVILLE BRIDGE OFFICIALLY OPENED ON TUESDAY

The new steel and concrete bridge spanning the Nation River in the Village of Chesterville was officially opened on Tuesday forenoon of this week by the Hon. George Doucett, Ontario Minister of Highways. The new bridge, erected at a cost of nearly $150,000, will replace the present single-lane steel span, erected in 1887, at a cost of only $2570.60. Mr. Wm. O. Dixon, Chairman of the Bridge Committee, presided at the opening ceremonies and also at a banquet held during the noon hour. In addition to Hon. Mr. Doucett's address, speeches were given by Col. A. C. Casselman, M.P. for Grenville-Dundas; Hon. Geo. H. Challies, M.L.A. for Grenville-Dundas, and Hydro Commissioner for the Province of Ontario, and Mr. Frank Ryan, of CFRA, Ottawa. Reeve Chas. McMillan, of Chesterville, and representatives of several other neighboring municipalities also spoke briefly. Over 200 citizens attended the banquet in the Community Hall. As a night-cap to the memorable event, a dance was held in the evening and attended by a large crowd.

Sunday School Rally Held At Mountain

The annual rally of the Sunday School Association of the Presbytery of Brockville was held Saturday afternoon and evening in Knox Presbyterian Church, Mountain. There was a fine representation of teachers from many congregations within the bounds of the Presbytery.

In the afternoon the Rev. M. N. MacDonald, of Kemptville, opened the session with devotions. A word of welcome was given by Mr. H. T. Graham, superintendent of Knox Church Sunday School,and this was responded to by Mr. Donald Walker, the president of the Association. In the absence of the secretary, Mrs. Gordon Blow was elected secretary of the meeting. Two Sunday Schools extended invitations to hold the next meeting in their church, Prescott and Merrickville. The invitation from Merrickville was accepted.

The highlight of the afternoon session was the discussion that followed the introduction of two topics Weekday activities of children, and the use of the Flannelgraph in the Sunday School. The first topic was introduced by Rev. Eric Larsen, convener of Presbytery's committee on Sunday Schools. Several delegates took part in this discussion, sharing their experience and stating their problems. Mrs. E. Larsen demonstrated on the Flannelgraph board, a Bible lesson and some newer ideas in making greater use of this medium of instruction. This means is being used with great success in many of the Sunday Schools. The afternoon meeting was brought to a close with a hymn and prayer by Rev. Wm. Fitzsimons. The ladies of Knox Church served a splendid supper, which was enjoyed by all present.

In the evening Rev. E. Larsen led in the opening devotions and brought greetings from the Presbytery of Brockville as moderator. The nominating committee appointed in the afternoon reported the following slate of officers for the ensuing year: President, Donald Walker, Winchester Springs; 1st vice president, Horace Smith, Cardinal; 2nd vice president, Gordon MacOdrum, Brockville; 3rd vice president, Miss Eva Brown, Merrickville; secretary-treasurer, Robert Robinson, Winchester. These officers were installed by the convener, Rev. E. Larsen.

A musical selection, "In the Service of the King," was rendered by a ladies' trio from South Mountain, Mesdames Arnold Shaver, Marston Shaver and Eric Larsen.

The guest speaker for the Rally was the Rev. B. Simpson Black, of Prescott, who was ably introduced by Rev. Wm. Fitzsimons. Mr. Black chose as his subject, "The Teacher's Peerless Vocation." He gave a highly inspiring message stressing that it was not so much the method as the personality of the man that achieved success. It was a real challenge to all the teachers present to consecrate themselves for this important task. Rev. Harold Heustin, Morewood, pronounced the closing Benediction.

In the opinion of many present, the rally was one of the best in recent years and a real encouragement to greater zeal and earnestness in the year to come.

MILITARY TRUCK CONVOY VISITS WINCHESTER

Last Sunday afternoon, a convoy of military trucks, manned by officers and other ranks of the 1st Corps Troop Column, Canadian Army Transport Division, under command of Major J. R. Christholm, of Ottawa, stopped at the Golden Pheasant Restaurant, enroute to Ottawa, for their noon meal. The unit was very efficient in the parking of their vehicles and carrying out safety measures when leaving and turning onto the highway. The men were well-disciplined and were not lacking in courtesy and good manners. Before leaving town, the troops cleaned up every article of refuse in the vicinity of their parking area.

Both the management of the Golden Pheasant and Chief Constable Gilbert Raistrick were so impressed with the high standards of efficiency displayed by this unit that they invited them back to Winchester whenever they wished to come.

Local Garage Damaged By Fire

A spark from a welding torch, which ignited a small can of gasoline, was responsible for a blaze which caused over $4000.00 damage to the garage of Messrs. W. J. L. Boyd & Sons, located on Louise Street, during the noon hour last Friday.

The building, which is of granite block construction, with iron roof, was insulated with shavings between the ceiling and attic floor, and this was responsible for the flames spreading so fast in the upper part of the building.

Shortly after the alarm was sounded, the local fire brigade was at the scene with both the chemical engine and water pumper. With three streams pouring water and chemical solution into the building, the fire was brought under control before it broke through the walls or roof. Fire Chief Gilbert Raistrick conducted the fire-fighting operations.

A new automobile, which had been delivered to the garage only a few hours previously, was badly scorched by flames, but workmen managed to remove it from the building, along with some accesories, a valuable acetylene welding unit, and rubber tires.

Although three mechanics, Messrs. Wesley Lewis, Wm. Tripp and Roy McKendry were in the garage when the explosion occurred, none were injured.

The garage is surrounded by a number of frame residences and other buildings and it is fortunate that the fire was brought under control within the garage, otherwise several other buildings would have probably fallen prey to the flames.

The garage and contents were partially covered by insurance.

Mr. and Mrs. Alvin Steele, of Winchester Springs, spent Saturday evening with Mr. and Mrs. Robert Holmes.

FEED NEWS

THE VALUE OF OATS

Following are the comments of a prominent feed authority on the feeding value of Oats:—

"Oats is the outstanding grain for the dairy herd, whether it be calves, heifers, milk cows or bulls. For years the horseman has preferred oats to any of our other grains, and we are today beginning to appreciate its feeding value in the ration of all livestock.

Oats is the richest single grain in vitamin content. It is higher in vitamin B1, vitamin G and pantothenic acid than the other common grains. Also an excellent grain source of pyridoxin, biotin and choline.

It is also interesting to note that oats rank first as an important grain source of minerals. There is no doubt that oats build better bones than any other of our common grains. An oat-fed animal develops a small, clean, better quality bone. This, no doubt, is the reason why breeders of fine horses for years have preferred oats to any other grain.

Good bones help to produce good blood, since the red corpuscles are formed in the marrow of the bone. When we take into consideration that the red corpuscles are primarily the carriers and protectors of the body, we realize how vital good bones are to good health. And good health means a more rugged, higher producing animal.

In addition to the vitamin and mineral value of oats, we find it is a flesh building grain and not a fattening grain, like corn. In a growing or working animal like the dairy calf or dairy cow, the building of sound flesh without excessive fat is mighty important."

HIGHER GRADES OF OATS THE BEST BUY

For some time now we have handled only the higher grades of Oats and we believe they are the best value.

Grades like 3 C. W.'s and Extra No. 1 Feed are heavier and cleaner than the No. 1 Feed or lower grades. Also the higher grades are more uniform in quality. They cost two or three dollars a ton more than No. 1 Feeds but they are worth it and most people prefer the higher grades, especially for poultry. We have 3 C.W.'s in stock and can supply them whole, rolled or ground.

WESTERN GRAIN

There is a lot of feed grain in the West but the problem is to get it to the East. A shortage of box cars is caused by so many of our cars going over to the States and not being returned promptly. They prefer to use them over there and pay the rent on them.

Another reason is that the Wheat Board has ordered the milling grades of Wheat moved first, leaving Oats, Barley and feed Wheat in the farmers' hands.

All this means a shortage of feed grains coming east and a premium on the price. An effort is being made by the grain trade to get a stock of feed grain in eastern positions for winter feeding, but at present very little feed grain is coming East and the demand is increasing.

The 7th Column

If you can possibly spare the time, drop in at the Municipal Nomination meeting, being held in the local town hall tomorrow (Friday) evening. Members of our Municipal Council have served this municipality faithfully throughout the year and it is only fit and proper that we, as citizens, should turn out at this particular time and hear what our public servants have to say regarding their tenure of office. If you have any suggestions to make, any fault to find or any bouquets to hand out to the members of the Council or School Boards, this is the place and time to do it. If you think you have anything to offer your fellow-citizens by being a member of the 1951 Board, let your ambitions be known—and if you are nominated, don't hesitate to qualify. In any event, plan to attend the Nomination tomorrow evening from 7 to 8 o'clock. We don't expect there will be any fireworks, but the information presented by the Council members and school trustees should prove of interest to every taxpayer.

Last week we intended to extend congratulations to our old friend, Art Laurin, editor of the Morrisburg Leader, and his good wife, who recently observed their tenth wedding anniversary, but we slipped up on it. However, we will do so this week, and also express the wish that Art and his Missus continue to enjoy many more years of happy wedded life. During those ten years, Mr. and Mrs. Laurin have accumulated a family of eight children. Whether or not they will all be printers, Art cannot say, but he admits he could use a little extra help during the rush hours.

It's "hats off" to members of the local branch of the Canadian Legion for the splendid job of renovating they did to their newly acquired club rooms, which were officially opened last Saturday. One will have to go a long way before a more beautiful or comfortable club room will be located in Legion circles. The committee responsible for the purchase and renovating of the building are to be heartily commended for a job well done. The new club rooms are not only a credit to the Legion but an asset to the Village of Winchester.

We note that the Curling Rink has been moved from its original location near the local arena to a new location on York Street, east of the Winchester Theatre. It was moved in eight sections and is now resting on a substantial concrete foundation. Near the site a well has been dug and has produced a good supply of water. We understand that the transfer of the building, the cost of the lot and laying of the foundation entailed an expense of over $3000.00. The Curl-

COD LIVER OIL TREATMENT

Little Eskimos and Indians of the Northlands love codliver and all the other fish oils and swallow them enthusiastically. White children haven't the same relish for the original fish flavour, but they have the same need for the Vitamin D, of which these oils are so rich a source, to help build strong bones and teeth. However, it is possible to buy the oils in forms that are tasteless or that are given some flavour that children enjoy. Modern science also produces Vitamin D chemically, in tablets, drops or capsules.

TEMPER TANTRUMS

Temper tantrums are features of the child's third year. This is the stage where he has left babyhood behind and wants to make some decisions for himself. If reasonably possible, let him do the thing he wishes. If his tantrum is violet, try leaving him alone for a while, but never in a dark room or any place which he may find terrifying. Usually, a short time by himself will take his mind off the controversial subject and he will be amenable to his parents' wishes without further trouble.

STRONG MAN STUFF

Don't try to lift heavy weights beyond your normal capacity. Hernia, or rupture can be developed by men or women through such strains. Hernia can also be caused by violent sneezing or coughing, a fall that wrenches internal muscles, or even through severe constipation. Your doctor can correctly diagnose the trouble and prescribe the necessary treatment, but care in preventing the condition is much better.

SMALL CITIZEN

All babies have a battle for survival during their first year of life. To help the little fellow along his way, his weight and growth should be checked regularly to assure that he is making normal development. Immunization will help to protect him against those diseases that beset infants. A regular checkup by doctor, nurse or well-baby clinic will help to bring Canada's smallest citizens through a dangerous period.

"NOW, MY HEADACHE, FOR INSTANCE"

One's own health is a fascinating subject, but it can be very boring to other people if it becomes an obsession with its owner. Long "organ recitals" don't help to make one popular. If you feel well and can do your days work, eat normal meals and enjoy them, don't hunt through magazines and medical books for interesting diseases to raise as pets. Imaginary ills grow with very little cultivation. If you think you have the symptoms of a disease, mild or serious, consult a doctor and let him be the judge—he is the one best qualified to decide upon matters of health.

HINTS FOR THE HOME

Jar Tops

If the tops of fruit jars refuse to turn, set them upside down in hot water for a few minutes.

Oily Rags

Do not store oily rags, but burn them to avoid spontaneous combustion. If you use oily chamois cloths for polishing, keep them in a covered glass jar when not in use.

Eggs

To soft-cook eggs, put them into a pan of water that is boiling hot. Remove the pan from the fire and let the eggs stand in it from eight to ten minutes. When cooked in this way the whites of the eggs do not become tough.

Cough Remedy

Coughs can often be relieved by a home mixture of honey and lemon juice. Butter in hot milk, taken before retiring, will ease the throat and induce a pleasantly drowsy feeling.

Foot Aid

If one's work requires standing on the feet all day, thus making them sore and tired, try placing in the heel of the shoe a discarded powder puff. This will do much to lighten the shock of the foot's contact with the floor, acting as a sort of shock absorber.

Match Stains on Walls

Marks on painted walls that have been caused by carelessly striking matches on them will disappear if rubbed first with the cut surface of a lemon, then with a clean cloth dipped in whiting. Afterwards, wash the surface with warm water and soap, and then quickly wipe with a clean cloth wrung out of cold water.

NOMINATION MEETING

To bring this anti-aircraft gun into action calls for a *full* crew — skilled men trained to fight as a fast-thinking, fast-acting team. To train such a crew takes time: gun crews must know how to handle modern scientific equipment — electronics, radar, radio, telephone; men must work together with the closely timed co-ordination of a championship football team.

The Canadian Army Active Force needs men today ... keen young men who can begin training immediately as anti-aircraft gunners. You can take your place at the side of the men who defend Canada by reporting for training without delay. Act now — and help make Canada strong.

CANADA'S health

COD LIVER OIL TREATMENT

Little Eskimos and Indians of the Northlands love codliver and all the other fish oils and swallow them enthusiastically. White children haven't the same relish for the original fish flavour, but they have the same need for the Vitamin D, of which these oils are so rich a source, to help build strong bones and teeth. However, it is possible to buy the oils in forms that are tasteless or that are given some flavour that children enjoy. Modern science also produces Vitamin D chemically, in tablets, drops or capsules.

TEMPER TANTRUMS

Temper tantrums are features of the child's third year. This is the stage where he has left babyhood behind and wants to make some decisions for himself. If reasonably possible, let him do the thing he wishes. If his tantrum is violet, try leaving him alone for a while, but never in a dark room or any place which he may find terrifying. Usually, a short time by himself will take his mind off the controversial subject and he will be amenable to his parents' wishes without further trouble.

STRONG MAN STUFF

Don't try to lift heavy weights beyond your normal capacity. Hernia, or rupture can be developed by men or women through such strains. Hernia can also be caused by violent sneezing or coughing, a fall that wrenches internal muscles, or even through severe constipation. Your doctor can correctly diagnose the trouble and prescribe the necessary treatment, but care in preventing the condition is much better.

SMALL CITIZEN

All babies have a battle for survival during their first year of life. To help the little fellow along his way, his weight and growth should be checked regularly to, assure that he is making normal development. Immunization will help to protect him against those diseases that beset infants. A regular checkup by doctor, nurse or well-baby clinic will help to bring Canada's smallest citizens through a dangerous period.

"NOW, MY HEADACHE, FOR INSTANCE"

One's own health is a fascinating subject, but it can be very boring to other people if it becomes an obsession with its owner. Long "organ recitals" don't help to make one popular. If you feel well and can do your days work, eat normal meals and enjoy them, don't hunt through magazines and medical books for interesting diseases to raise as pets. Imaginary ills grow with very little cultivation. If you think you have the symptoms of a disease, mild or serious, consult a doctor and let him be the judge—he is the one best qualified to decide upon matters of health.

HINTS FOR THE HOME

Jar Tops

If the tops of fruit jars refuse to turn, set them upside down in hot water for a few minutes.

Oily Rags

Do not store oily rags, but burn them to avoid spontaneous combustion. If you use oily chamois cloths for polishing, keep them in a covered glass jar when not in use.

Eggs

To soft-cook eggs, put them into a pan of water that is boiling hot. Remove the pan from the fire and let the eggs stand in it from eight to ten minutes. When cooked in this way the whites of the eggs do not become tough.

Cough Remedy

Coughs can often be relieved by a home mixture of honey and lemon juice. Butter in hot milk, taken before retiring, will ease the throat and induce a pleasantly drowsy feeling.

Foot Aid

If one's work requires standing on the feet all day, thus making them sore and tired, try placing in the heel of the shoe a discarded powder puff. This will do much to lighten the shock of the foot's contact with the floor, acting as a sort of shock absorber.

Match Stains on Walls

Marks on painted walls that have been caused by carelessly striking matches on them will disappear if rubbed first with the cut surface of a lemon, then with a clean cloth dipped in whiting. Afterwards, wash the surface with warm water and soap, and then quickly wipe with a clean cloth wrung out of cold water.

IN MEMORIAM

IN MEMORIAM—In memory of a beloved husband and father, the late George C. Merkley, who passed away two years ago, November 21st, 1948.

Though you went first and we remain
To walk the road alone,
We live in memorys garden
With happy days we've known.
We cannot bring the old days back,
Your hand we cannot touch,
But we treasure happy memories
Of a loved one who meant so much.

—Sadly missed by wife and family. 27p

ELMA W. I. MEETING

There was a large attendance at the regular meeting of the W. I. in Elma Church Hall when Brinston Institute was entertained at a Halloween Party. The president, Mrs. M. Dillabough, opened the meeting with the Ode and the Creed, and extended a few words of welcome to the guests.

Mrs. Wm. Dillabough was in charge of the programme, which opened with the parade of 15 masked persons. The judges, Fred Beckstead and L. Presley, awarded prizes to the following: Best couple, Mrs. Mac Smyth and Mrs. Everett Empey, Brinston; funniest, Mrs. Wendell Harper, Elma; Gypsy, Mrs. S. Waddell, Brinston; and lady of gay nineties, Mrs. D. Dillabough Elma.

A recitation was given by little Gordon Froats; piano duet, Arthur Brian and Fred Becksted; reading, Mrs. Wendell Harper; piano duet, John and Mary McMillan; recitation, Carole McIntosh. The orchestra rendered several popular numbers. Two selections were sung by Ronnie Clackett, Carl and Gordon Becksted; piano duet by Mrs. Hugh McMillan and her daughter, June. A violin solo was also given by Mrs. McMillan. Little Margaret Dillabough closed the meeting with a recitation.

Several contests conducted by Mrs. Graham McPherson and Mrs. J. H. McMillan were won by Mrs. D. A. Dillabough, Fred Beckstead and Mrs. Hanson.

A short business period followed with Miss Jean Armstrong acting as secretary in the absence of Mrs. W. McPherson. Twenty-three members were present, and the treasurer reported $89.23 on hand. Bills presented were paid. Correspondence was read and the Institute accepted an invitation to attend Colquhoun W. I. meeting on Nov. 22nd at 8 p.m. A letter was read from Mrs. H. A. McMillan from a Co-operative Insurance representative, stating he hoped to be present as guest speaker at a public meeting in the church hall on Dec 5th.

The foods collected for Donation Day at the Memorial Hospital were valued at $83.66 plus a carload from Beckstead district that was taken in later. The amount of $1.50 was also donated and it was decided to buy fruit juices for the hospital with this amount.

Refreshments were served by the committee in charge and a social hour spent. The next meeting will be the annual Christmas meeting with an exchange of gifts. Conveners for the program are Mesdames H. McIntosh, D. Dillabough, H. Pemberton, B. Barkley and Miss Gertrude Barkley.

WINCHESTER'S NEW TELEPHONE DIRECTORY

Back in 1878, a telephone subscriber could pull out a sheet about 18 inches long from his inside pocket, unfold it and find there the names of 68 people who had a telephone. That was Canada's first telephone directory

You couldn't do that today with Winchester's new directory. The one page listing has grown into a sizeable book which contains 4,912 new and changed listings alone. The new November, 1950 edition of the telephone directory was delivered to subscribers here this week.

There are 88 alphabetical pages in the new book which contains listings for Cornwall, Avonmore, Chesterville, Finch, Lancaster, Maxville, Morewood and Winchester.

In view of the large number of changes, J. G. Gardiner, Bell Telephone manager here, advises subscribers to discard last year's green-covered book. He also suggests that office desk-pads, notebooks or cards pinned to the wall should be checked and changed, if necessary, in line with the thousands of revisions appearing in the new edition.

Subscribers should also give the obsolete directories a thorough shaking out before they are discarded, as old books have been found to contain documents, folding money and letters.

GOLDEN VALLEY FARM FORUM

The Golden Valley Farm Forum was held on Monday night at the home of the Campbell Bros., with 13 present. Mr. Ted Mootham was appointed secretary of the Forum, and the chairman will be the host or hostess. Mrs. John Campbell was appointed press secretary.

The topic was Government Supervized Forests, and it was agreed that this would be satisfactory if this land were tax exempt. We could increase the growth and value of our own woodlots by more knowledge of the diseases and insects that attack the trees, keeping the cattle out and replanting land that is of no use for growing crops.

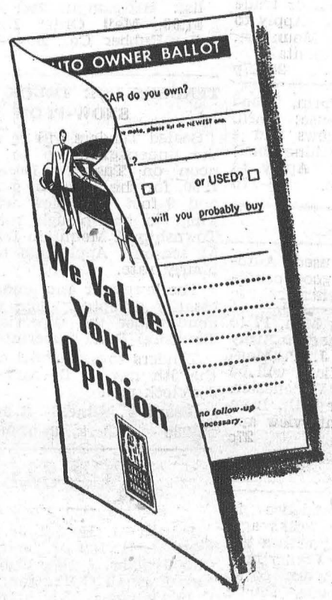
Chevrolet's Reputation makes Chevrolet the Leader!

A GENERAL MOTORS VALUE



The high reputation of Chevrolet . . . its makers . . . and its dealers . . . were three main reasons why Chevrolet led all other makes in popularity according to recent impartial surveys among automobile owners!

What safer guide *can* there be than reputation, when it comes to choosing a motor car? For reputation is based on the day by day and year by year experience of *Canadian* motorists — driving their cars in every *Canadian* season, on every kind of *Canadian* road. Every car can *claim* top quality. But only one car can be Canada's favorite in popularity, in sales, in value — with the highest reputation in all parts of the country . . . *and that's the car to buy!* Recent nation-wide surveys among automobile owners have established beyond question that Chevrolet is the leading car in reputation, *three ways*—the high reputation of the car itself; the high reputation of its manufacturers, General Motors; and the high reputation of Chevrolet Dealers. What safer guide *can* there be? You simply can't go wrong when you buy the leader — Chevrolet!

For Parents Only
(By Nancy Cleaver)

"LOSING FACE"

"If you want to live happily with children or with Orientals, you must not make them "lose face," a friend of mine who had spent many years in China, said recently. No one likes to "lose face" and to a child this experience is particularly hard to bear. A child covets the esteem of his friends and those who know him. He hates to be reprimanded and punished before others. Parents and teachers, too, sometimes ruthlessly ignore the child's need to be well thought of by those he loves.

One of the most common ways by which a small child "loses face" is when a mother discusses his faults or misdeeds with another adult, often a visitor in the home in his presence. Who has not heard words like these from a parent's lips?

"Johnny has been picking up the most undesirable words from the older children whom he plays with on the street."

"Margaret has become so disobediently lately. I've told her not to touch her father's tools and this morning I found her with the saw. I don't know what has got into her."

"Tommy's older sister was so clever at school. She was near the top of the class, but poor Tommy is near the bottom of the list. I hope he soon shows he has a few brains."

Swearing, disobedience, and low grades at school are seldom helped by discussing them with a caller. Matters like these should never be talked about in a child's hearing. A child needs to know that mother and daddy love him and are trying to help him overcome his faults or difficulties. Mothers do well to speak of a child's good points rather than his failings if they feel they must speak of their youngster when another mother calls.

"Losing face" at school is hard for a child from a happy home but it is poison for an insecure boy or girl from an unhappy family environment. If trouble with the law, or scandal, or divorce have caused his parents to be in the public eye, it is the worst time for him to be scolded in public.

A teacher in a large school offered to teach a class which had acquired a particularly bad reputation because there were so many problem children in it. The former teacher had only made matters worse by "making an example" of each child who committed a misdemeanour. The new teacher was really interested in her scholars. They felt her understanding and desire to help them. She praised whenever she could. As the weeks passed she got to know the children who had been labelled as "incorrigible." She found out about their home environment. Without exception the difficult child came from a broken home or a home where the parents were constantly quarreling. The children felt uncertain of love at home and they were sensitive that their family life was different from other peoples. The "losing face" method of the former teacher, had discouraged them or aggravated their rebellions against an unfriendly world.

There is an old saying, "Give a dog a bad name and hang him." Anyone who has anything to do with children should be particularly careful not to destroy a child's good opinion of himself. This does not mean that bad habits and wrong doing must be ignored. No—a child should be helped to face his wrong habit or misdeed. His parent or teacher should do this and show him how he can break this habit or not repeat his misdeed. Punishment should not take place in front of others. Isolation, or a time spent by himself which ends when he is willing to act in an acceptable way is a good plan with many children. When an incident like this is over—it is over. A child needs to "save face" by knowing that mother or father or teacher believe that he will outgrow his present difficulties. This in the long run pays big dividends—consideration of a child's feelings in character and happiness.

SOCIAL AND PERSONAL

Married 41 Years.

Mr. and Mrs. Edgar Summers, of the Summers Settlement, will celebrate their 41st Wedding Anniversary tomorrow (Friday). The Press joins in extending congratulations.

Underwent Operation

The many friends of Mrs. Victor Barton, of South Mountain, will be sorry to learn that she underwent a major operation at Kingston General Hospital last week, but will be pleased to know that she is making satisfactory progress at present.

Birthday Greetings.

The Press extends many happy returns of the day to our good citizen, Mr. T. O. Keyes, who will be 82 years young tomorrow (Friday). T. O. was, for many years, reeve of Winchester, a former fire chief, and well-known throughout Dundas as a former merchant. He is still enjoying good health and is quite active.

ROCKETS SPLIT TWIN BILL BEFORE 5700 FANS

Proof that the Inkerman Rockets' popularity is becoming widespread was in evidence last week-end when the local Juniors journeyed to Clinton N. Y., via C. C. L., to play a two-game series with an intermediate team in that town.

In a closely contested game played on Saturday night before 2700 fans, the Rockets played one of their best games to date and took a close decision from the fast-moving club across the border by a score of 7-6.

Playing to an overflow crowd of 3000 on Sunday afternoon, the Clinton intermediates tied up the series and edged the Rockets in another hard-fought game by 5-4. Big gun for the Rockets was Savard, of Cornwall, who collected all four goals for his team on Sunday afternoon. Special mention goes to Ron. Diguer who was outstanding in the nets for Inkerman in both games.

Coach LaPorte said he was well satisfied with the team's playing, and was more than pleased with the hospitality of the Clinton team and fans.

Among the 3000 fans witnessing the game on Sunday afternoon was Miss Barbara Anne Scott, World Famous Figure Skater, who, according to Lloyd, was the Rockets' most ardent fan throughout the game.

The Rockets expect to play another series with Clinton in mid-January of next year.

Sunday In The Churches

UNITED CHURCH OF CANADA
Rev. Norman J. Thomas, Minister.

Winchester, Saturday, Nov. 25th, at 8.00 p.m., under the auspices of the Board of Stewards, the Cathedral film, "Like A Mighty Army," will be shown. This is a powerful film drama of Christian Stewardship. St. Paul's Church, Harrison City, was so self-satisfied its members went to sleep. No one seemed to care except Eddie Collins, a gas station operator. "Are we a social club or disciples of Jesus Christ?" he asked. How this layman stirred his congregation into action—how this congregation gained new strength as it brought the Gospel to others, is the story of this powerful motion picture, "Like A Mighty Army." Every character is someone you know and, before the end of the film, you're sure to find yourself in it!
