Celebrate Golden Wedding

A happy event took place on Monday of this week, when Mr. and Mrs. Dawson Beattie of this place celebrated the fiftieth anniversary of their marriage by being entertained at dinner at the home of Mr. and Mrs. Geo. Earle of Winchester. Other members of the family present were Mr. and Mrs. Geo. Beattie and family of Chesterville and Mr. R. D. Beattie of Iowa, the absent members being Mr. and Mrs. J. W. Beattie of Surf Inlet, B.C., and Rev. and Mrs. I.E. Smith of Edmonton, Alta., from whom messages of congratulation were received and regrets that they were unable to be present. Other messages of good wishes came from Mrs. M. A. McConnell of Vancouver, Mrs. Jas. Beattie of Revelstoke, Mr. and Mrs. Marlin of Sawyerville, Que, Mr. J. R. Dawson of Philadelphia and Mr. G. W. Dawson of Iowa, besides several local friends. Rev. J. K. Curtis, as master-of-ceremonies, presided with his usual grace, giving a short address, as also did Mr. W.J. Fisher and Mr. Guy Erret, after which Mr. Earle on behalf of the relatives, presented the bride and groom with a substantial purse of gold, to which the groom made a suitable reply on behalf of himself and wife, thanking their friends for their good wishes and gifts. Rev. J. K. Curtis read the marriage certificate which had been written and signed fifty years ago by Rev. John Holmes. Miss Claire Curtis gave two pleasing recitations and the afternoon was spent in social conversation with many friends who came in to offer congratulations.

Reception and Presentation

A very pleasant evening was spent at the home of Mr. Wm. Timmins, Inkerman, on Thursday evening last, when a number of the friends and neighbours gathered there to pay a tribute of respect to Mr. and Mrs. George Timmins after their return from their honeymoon trip. The evening was pleasantly spent in games and musical selections. After the serving of refreshments, the bride and groom were asked to the dining room where Mr. Leonard Bell read an address. The presentation of a beautiful quarter cut oak china cabinet and buffet was made by Mrs. Leonard Bell and Mr. A. D. Fawsett

Mr. and Mrs. Timmons were quite overcome by the kind address and presentation, and Mr. Timmins on behalf of himself and Mrs. Timmins said that it was impossible for him to express his feelings The beautiful gifts and kind expressions were really undeserved, and so unexpected, and he felt that in their great kindness of their hearts they have somewhat overestimated as he felt that they were not deserving of such great kindness. To say that they appreciated the gifts and good wishes was but lightly expressing what their full hearts felt and he wished to assure them that they did appreciate the thoughtfulness on their part, and the occasion would ever remain one of the brightest and most pleasant memories of their lives. He again thanked them, and hoped that in the days to come he and Mrs. Timmins would frequently see them in their own home. After singing "For they are jolly good fellows" a very pleasant evening was brought to a close.

James A. Pollock, Berwick

After undergoing a serious operation in the Royal Victoria hospital, Montreal, there passed away a prominent citizen in the person of James A. Pollock. The deceased was born in the township of Finch, being the son of the late John Pollock. He was 65 years of age. In 1882 he married Jennie H. McEwen, daughter of the late Donald McEwen of St. Elmo.

From early childhood the late Mr. Pollock had a strong call to christian work, being an elder in the Presbyterian church for over twenty years. He was also superintendent of the Sunday School since he was twenty-one years of age. He was also very much interested in the temperance cause.

Hearing the strong call for workers in the mission field he served three terms at stations in Manitoba and it was his desire to go again next spring but God had ordered otherwise.

He was a devoted husband and kind father and was ever ready to assist those in need of help and his many generous acts of kindness will ever be remembered.

The deceased is survived by his widow, four sons and four daughters—Geo. D. Pollock, Berwick: Dan W. and Miss Pansy at home, James at McGill University, Dr. Pollock of Moose Creek, Mrs. Geo. Carruthers, Virden, Man., Mrs. Hugh McMillan and Mrs. Silas Farrell of Goldfield.

The funeral took place Sept 1st from his late residence at Berwick to Knox church Crysler and the cemetery at Morewood and was very largely attended being under the direction of the Black Preceptory of which deceased was a member, brethren of the neighboring lodges being present. The service was conducted by Rev. Mr. Wilson of Finch, assisted by Rev. Mr. Stuart of Finch and Rev. Mr. Whitmore of Maxville. The pall-pearers were Messrs. J. D. McInnis, Wm. Paul, John Foster, Archie Hunt, Gordon Murphy and Walter Whittaker.

Many friends and relatives from a distance were present at the funeral.

The floral tributes were numerous and beautiful and headed the cortege in a special car.

Shot Coon Out Of Season

For having shot a raccoon during the close season a Montague farmer paid a fine of $10, with costs of $2.50, in Smiths Falls police court last week. Mr. J. H. Phillips, game warden, prosecuted. Between April 15th and November 1st of each and every year it is unlawful to take, kill or have in possession racoon, mink, martin, fisher The open season for partridge is between November 5th and November 20th, and no person shall shoot more than five in any one day or more than ten during the season. It will be noted that the open season for partridge coincides with the deerhunting season. Partridge seem to be plentiful in this district this year, many motorists reporting them along the roads during the past week.

Great Bvitain Warns Government of Russia.

Lord Curzon Accuses the Bolsheviki of Bad Faith, and Says That Their Boats Will Be Attacked at Sight—Russians Have Violated Promises and Plotted Against the British Empire.

LONDON, Oct. 12.—Any Russian submarines encountered on the high seas will be attacked on sight by British naval vessels, according to a note sent by Earl Curzon to M. Tchitcherin, the Russian Bolshevik Foreign Minister, on October 2, which is published along with other correspondence recently exchanged between Great Britain and Soviet Russia.

Earl Curzon points out that he previously sent a communication regarding a submarine launched in the Black Sea, in which he said that in view of repeated declarations of leading members of the Soviet Government that that Government considered itself in a state of war with Great Britain, and in view of the impossibility, in these circumstances, of waiting to ascertain whether the intentions of the submarine controlled by the Soviet Government were hostile or not, there was no alternative but to issue orders to British ships to attack the submarine should it be encountered on the high seas.

Upon hearing rumors that submarines of the Bolshevik fleet had put to sea in the Baltic, Earl Curzon sent his note of October 2. To it, M. Tchitcherin replied that Leonid Krassin, Soviet representative in London, would receive instructions in the matter.

Earl Curzon also demanded compensation for the widow and son of Charles Frederick Davison, who is alleged to have been "murdered in cold blood with no charge preferred against him" by the Soviet authorities, in January last.

Saturday Earl Curzon sent a lengthy reply to M. Krassin's note of October 6, in which the British Foreign Secretary says some of Krossin's points are trivial and farfetched, based on erroneous information. He points out that Great Britain, more than any other power, has sought to bring about peace between Soviet Russia and Poland and "has only been called upon to stand by its treaty engagements to its allies by the bad faith which characterized both military and diplomatic movements of the Soviet authorities.

Concerning the use of Danzig for the transmission of munitions, Earl Curzon asserts this was an obligation imposed upon the allies by the treaty of Versailles. Should Great Britain give to Gen. Wrangel the kind of assistance indicated in the Russian reply, he said, the position of southern Russia would be very different from what it is at the present time.

Delay in repatriation of Russian subjects, the British Foreign Secretary explains, has arisen solely from the constantly shifting demands madeb y the Soviet authorities and the imperfect data supplied. He charges the Soviet with trifling with the questions of the return of British prisoners and with sending troops to Persia in open violation of its promise.

Earl Curzon also charges the Soviet with having engaged in a military conspiracy which it assisted by the despatch of considerable numbers of Bolshevik troops to operate with the Turkish Nationalist party in Asia Minor, the movement ostensibly being directed against British interests, with threatening an invasion of Khorissan, in Persia, on the Russian trans-Caspian border; with having created a great organization in Taspent for marshalling the forces of Central Asia in an attack on British territory and British interests; with having brought about a revolution in Bokhara with the same object, and with having maintained envoys in Afghanistan in an attempt to conclude a treaty with the Amir openly aimed at inciting a tribal rising on the Indian frontier.

The Soviet launched a tornado of propaganda, intrigue and conspiracy against British power in Asia, the Foreign Secretary declares, and spent large sums thereon, while Russian representatives were enjoying the hospitality of the British Government and were engaged in friendly negotiations in London. This is a situation, Earl Curzon says, which must come to an end if the trade negotiations are to be concluded.

Regarding the repatriation of Russian subjects, the Foreign Secretary suggests they be taken to Riga or to Reval and Odessa, to be held at the disposal of Great Britain until the British Government has learned that the British prisoners have crossed the Russian frontier. He further suggests that the Soviet Government notify all British subjects that they are free to leave Russia with their removable property.

Earl Curzon concludes by saying that Great Britain will hold the Soviet Government faithfully to redemption of its new pledge to desist from hostile propaganda either direct or indirect, and more particularly from military action of propaganda aimed at British interests or the British Empire in Asia.

LOVE IS ABNORMAL.

Confession of Murder Not Believed by Authorities.

TORONTO, Oct. 12.—Arnel Love, the lad of 22 years, who confessed last July that he had murdered his mother at Ceylon, Ont., in December, 1912, will not be placed on trial. Attorney-General W. E. Raney issued the following statement on Monday:

"Arnel Love's father, Charles L. Love, was hanged at Owen Sound in May, 1913, for this murder, and before going to the scaffold made a written confession admitting his guilt. This confession has been produced to the Attorney-General and a copy of it is now on file in the Department. After his confession Love was taken in charge and placed in a reception hospital for observation. He has now been under medical observation for an extended period, and as a result the physicians have come to the conclusion that his story is a mixture of truth and imagination, so interwoven that it is impossible to tell where truth stops and imagination begins.

"The main facts leading up to the present situation are as follows: The young man was 14 years of age at the time of the tragedy, physically undeveloped, but mentally a bright boy. His mother was murdered and his father, to whom he was much attached, hanged. These events gave him such a shock that he admits that he has thought of the tragedy almost daily ever since. He gave evidence at the trial of his father and his testimony, although not very important was a link in the chain against his father. This fact was probably an added cause of mental disturbance.

"Taking the father's confession and the young man's statements into account and having regard to the report of the alienists who have had him under observation there is strong reason for believing that Arnel Love's confession is the product of a morbid imagination. At all events there is no doubt at all that on the facts within the knowledge of the crown no jury would convict him of the crime. He will therefore not be placed on trial."

MURDER SHOCKS BERLIN.

Death of Admiral's Wife Is a Deep Mystery.

BERLIN, Oct. 12.—The villa at Weimar of Admiral von Scheer, who commanded the German fleet at the battle of Jutland, has been the scene of one of the most terrible crimes which has taken place in Germany for a long time. Admiral von Scheer has a study upstairs, and on Saturday he was working there when he heard shots and loud screams. Rushing down to the cellar, he saw his wife, his eighteen-year-old daughter, a maid servant and a man all lying apparently dead.

It was found that the maid servant and the man were both dead. Frau von Scheer, who was shot in the head, was still breathing slightly when she was carried to the hospital, but died before reaching the institution. Fraulein von Scheer was suffering from serious wounds in the region of the lungs.

It was clear that the man, who was named Karl Buchner, shot all three women, and then turning the revolver on himself nearly blew his head off. When the alarm was raised another man was seen to rush from the house.

Some mystery currounds the whole tragedy. The house of Admiral von Scheer is a small one, and not likely to attract thieves. The admiral himself is far from wealthy and does not possess valuables to any extent. Nothing was missing from the villa. The murderer had shrouded his face with a pocket handkerchief, and in his pockets were found a razor and a packet of white pepper.

There is some doubt as to his identity. One report says he was a house decorator, but there is a belief he was an artist who painted a picture of the battle of Jutland.

LONDON WELCOMES IDOL.

Prince of Wales Home From a Long Trip.

LONDON, Oct. 12.—The Prince of Wales came home Monday amid one of the greatest demonstrations ever accorded a prospective ruler.

The prince's brothers, the Duke of York and Prince Henry, met him at Portsmouth. The reception began as the Renown entered the harbor, forts and war craft booming a salute. The prince landed at 10 a.m., and was given an official welcome by the mayor and other dignitaries. A huge crowd swarmed about the party. The royal smile was much in evidence.

At 12.30 the prince boarded a special train for London, where the Cabinet and members of the Royal Household composed the official welcoming party. He was placed at the head of a procession and escorted by Life Guards through Whitehall and Trafalgar Square to St. James' Palace. Hundreds of thousands of people lined the route, cheering madly at the prince passed.

After the reception by the crowds in the noisy and highly decorated streets, the prince joined his parents for luncheon. The King and Queen, after the brief greeting at the station, went direct to the palace, leaving the prince to receive alone the public's welcome.

Kingston Fair Had Rain Insurance

The weather man smiled on the Kingston fair Tuesday and Wednesday, but Thursday greeted it with a downpour of rain and Friday it was still raining. However, Manager Bushell took the precaution before the opening of the exhibition to take out a policy of insurance against financial loss from rain. Under the condition he receives $1,000 per day if it rains one-fifth of an inch between the hours of 9 a. m. and 9 p.m. He received $1,000 Thursday and the same amount Friday.

Winchester Rural School Fair Prize-Winners

The Rural School Fair of Winchester Township, which was held at Maple Ridge on Sept. 18th, was quite a successful event. We had a splendid attendance and although it threatened rain in the afternoon, fortuuately remained fine. The exhibits in the tent were a creditable showing indeed, and the school parade was an interesting feature. Maple Ridge Fair was easily the best in Greater Dundas as regards live stock. Some fine colts and calves were exhibited by the pupils. School Section No. 6, Maple Ridge, were again first in the standing of schools in the Competition, they having made a very fine showing this year. I would like to congratulate them upon their repeatee success. However, I would like to make an appeal that some of the other schools beat Maple Ridge, because we do not know where in the world we will get all the cups to supply their needs. Speaking of the success of the School Fair, we must not forget to tender our sincere thanks to Mr. Samuel Fulton for giving us the privilege to hold our Fair on his farm.—W. C. Caldwell, Agr. Rep.

EVEN SPLIT IN HOUSE

Premier Foster Does Not Control Majority.

As Result of New Brunswick Election, the Provincial Government Will Have to Win Support of Independents or Farmer Members In Order to "Carry On" When the Legislature Meets Again.

ST. JOHN, N.B., Oct. 12.—With some doubt still existing regarding one seat the figures available for the provincial general elections held on Saturday give the Government 24 of the 48 seats, the Opposition 13, the United Farmers 9 and Labor 2. The Government claims one additional seat from the Opposition in King's County. Even with this extra seat the Government will find it necessary to depend on the support of some Farmer or Labor members in order to carry on, but in a speech on Saturday night after the results had been made known, Premier Foster announced that assurances of support he had received made him perfectly confident that he would be able to carry on. Two of his Ministers, Hon. Robt. Murray, Northumberland, Provincial Secretary, and Hon. J. F. Tweeddale, Victoria, Minister of Agriculture, were defeated.

The success of Premier Foster and his three colleagues in St. John City, where formerly he had held only one seat, was one of the interesting features of the contest.

The candidates elected were as follows:

Madawaska, by acclamation—Michaud and Daigle, Government.

St. John City — Premier Foster, Hon. W. F. Roberts, Minister of Health; W. E. Scully, R. T. Hayes, Government.

St. John County—J. B. M. Baxter, leader of the Opposition; Dr. M. Curren, Government.

Moncton City—Hon. C. W. Robinson, Government.

Westmoreland—Hon. Fred Magee, F. E. Bourgeois, F. L. Fetabrooks, Reid McManus, Government.

King's County—O. W. Wetmore, Government; H. V. Dickson, G. B. Jones, Opposition.

Queen's—Hon. Dr. J. E. Hetherington, C. H. King, Government.

Northumberland—F. Fowlie, J. W. Vanderbeck, Farmers; J. S. Martin and C. T. Morrissey, Labor.

Sunbury—D. W. Mersereau and R. B. Smith, Government.

Carleton—R. Tracey, Fred Smith, S. Burlock, Farmers.

York—J. A. Young, S. B. Hunter, J. K. Pinder and C. D. Richards, Opposition.

Kent—A. A. Dysart, P. P. Malanson and A. J. Bordage, Government.

Restigouche — David A. Stewart, Henry Dyotte, Opposition.

Gloucester — Hon. P. J. Veniot, Hon. J. P. Byrne, S. R. Leger, John G. Robichaud, Government.

Albert—J. L. Peck, Lewis Smith, Opposition.

Victoria—George W. Warnock, D. W. Pickett, Farmers.

Charlotte—Dr. H. I. Taylor, J. M. Flewelling, Oposition; Scott D. Cuptill, Chauncey Pollard, Farmers.

Of the 48 members elected, 24 were members of the last Legislature.

The general impression here as to the outcome of the provincial elections seems to be that Hon. Walter E. Foster, Liberal Premier since 1917, will be able to carry on, although the returns show an absolutely even division of the House between the Government and the groups opposed to the administration.

There are several counties in which only a few votes separated the winners from the losers, and friends of the Government are hoping an additional member or two of the Government party may prove to have been elected.

On the other hand it is said that the Opposition will carry on the objections raised on nomination day in Queen's County to the candidature of George H. King, Government supporter re-elected on Saturday, deficiencies in his nomination papers being claimed by the Opposition. It is stated that Hon. J. B. M. Baxter, leader of the Opposition, is prepared to carry the objections to the courts and endeavor to upset Mr. King's election.

There are also questions of by-elections to be considered. Two Cabinet Ministers, Hon. J. F. Tweeddale, Minister of Agriculture, and Hon. Robert Murray, Provincial Secretary-Treasurer, have been defeated at the polls. It is suggested that Premier Foster may take the Finance Department, to which he has been giving personal supervision, but there are few constituencies which are regarded as safe to open, and in those which are safe, there do not appear to be many Cabinet possibilties.

Northumberland County once more looms up as an "import" constituency on New Brunswick's political horizon, as it did in the days of the late Hon. A. G. Blair, when the famous "Northumberland deal" resulted in Blair getting enough support to carry on. This county has elected an Independent ticket of four members this time and these may control the province's thirteenth Legislature. Two of them were nominated by the Labor party, J. W. Vanderbeck and J. M. Martin; the United Farmers nominated Fred Fowlie, and the Opposition convention nominated Charles J. Morrissey, son of Hon. John Morrissey, who was Minister of Public Works in the Government of Sir Douglas Hazen.

HOME GARDEN CONTEST

Results for Matilda, Mountain and Winchester Townships,

There were 28 entries and 22 completed the Competition.

1—Winnifred Bogart, Chesterville.

2—Vera Haggerty, Toys Hill.

3—May Russell, Mountain.

There were some splendid gardens in the Home Garden Competition this year. There would have been many more, if some of the boys and girls, who took them had not been so busy with other things. The nature of the summer tended to make it necessary that care be exercised comparatively late. The early dry spell was the time when the gardens could be k ept clean, fairly well. Then the rain in the mid-summer brought on the weeds as well as the garden, and those who took good care of the gardens certainly had a good one to show. Although all did not get the money, a number stood very high. The garden of Miss Bogart, which won first place was the best Home Garden in the Competitions embracing Greater Dundas.—W. C. Caldwell, Agr. Rep.

The Coming Winter

This Page had an opportunity on Saturday to interview the veteran Sampson Ingersoll, as to the probable character of the coming winter. To the question, "Are we likely to have a cold winter?" Sampson said, "Well, yes, pooty cold bimeby. Heap snow. Not now, but bimeby." "Can't you fix the date more definitely, Sampson?" Oh yes. Cold come say about the seventh uext month. Snow later. But plenty of it." "What do you judge by?"

Well the weather now. Fine fall like this generally followed by cold and snowy winter. You see daily papers yesterday?" Sampson continued. "I see prices of living going to come down. I like that." "But Sampson, you Indians have been doing well during the dear times. You have been getting big wages, great prices for your furs, and a ready sale for everything you produce. What have yon to complain of?" Sampson laughed and showed that even Indians do not keep their teeth to the last. "Guess just like to keck; thats all." Indian and white man are very much alike. Most of them "just like 'o kick; thats all."—Orillia Packet.

CATTLE MARKETS

TORONTO LIVE STOCK.

TORONTO, Oct. 12.—Receipts of cattle were fairly liberal at the Union Yards yesterday—around 4,200 head—with a large percentage of the medium to common class though there were a few outstanding loads as the prices of $13.60 will indicate.

Some fair good loads of western cattle sold around from $10.50 to $11.50, but the general range was around from $9.50 to $9.75. The stocker and feeding trade was a trifle stronger, and good milkers and springers were selling at satisfatcory prices. Altogether we would say the market was good and steady with last week.

With around 7,000 sheep and lambs on sale yesterday the market was a good dollar a cwt. lower on the lambs, excepting for a few early sales. Best lambs sold from 13¾c to 13¾c on the early sales, but later in the day the market sold lower at from 12¾c to 12¾c a lb., yearling sheep from 8½c to 9c, light handy sheep from 6½c to 7c, and heavy sheep from 5½c to 6c. The market closed with quite a number left unsold.

There was a fair run of calves and the market held steady for the choice veal, but all other classes sold lower. Choice veal sold from 18c to 19½c, medium veal from 16½c to 17½c, grassers and common calves 7c to 12c.

The hog market was unchanged, selling at 18¾c f.o.b., but the packer buyers are quoting 50c off for Monday's loading, making it 18¾c f.o.b., 19¾c fed and watered, and 18½c to the farmer.

Prohibition Enforcement.

WASHINGTON, Oct. 12.—Prohibition enforcement for the fiscal year ending June 30, 1920, cost the United States $2,100,000, according to a preliminary report by Internal Revenue Commissioner Williams, which shows that total collections of internal revenue for the year aggregated $5,408,075(468, as compared with $3,850,150,078 for 1919, an increase of $1,356,917,472. These receipts for 1920, it was anounced, include payment of the third and fourth installments of the 1918 taxes and of the first and second installments of the 1919 taxes, as well as various payments on account of additional assessments and amended returns of income and profits taxes for prior years resulting from field investigations and office adjustments.

Taming a Motorcycle

A Chinaman in Owen Sound caused a great deal of excitement in attempting to learn the intricacies and eccentricities of a motor cycle. He bought a new machine and started out to learn to run it. After starting it he forgot how to stop it, and ran wild in the streets for half an hour. He dashed up and down the main street of the city, causing people to scatter right and left as he violated all traffic laws with regard to the right and wrong side of the street. Finally, he evidently did the right thing to it, as it came to a standtsill.

Bird Flew Through Window

Mr. H. E. Reddick and family of Aultsville had a somewhat unusual experience on Friday of last week, when a partridge flew into the house through a window of double thick glass 24 x 24. The bird struck the window with such force that the glass was scattered all over the room. Mr. Reddick succeeded in caging the bird, which formed part of the menu the following day.

Lightning's Queer Prank

A peculiar prank was played by the lingtning recently, when a bolt of lightning struck on the farm of L. Fargo, out side of Barriefield, on the Kingston Mills Road. The lightning made a big hole in the ground, about three feet wide and three feet deep, and through the clay where the lightning struck a blue streak was left. Fortunately no one was in the vicinity when the lightning struck.

Real Handy

"How does the breakfast suit you Jack?" inquired the young bride, anxiously.

"It's just right, dearest," declared Jack. "I'm awfully fond of calves' liver for breakfast."

"So am I, dear," she responded, with enthusiasm, adding: "Oh, Jack, don't you think it would pay us to keep a calf? Then we could have liver every morning for breakfast."

Short and sudden was the call
Of one so dearly loved by all.

The pain of saying a last farewell.
Her memory is as dear to-day
As in the hour she passed away.
