A Wise Merchant

A well known wholesale merchant says that every time a retail merchant buys a credit consignment from him he subscribes to the papers published in the town where the retail merchant is established. As long as he sees the retailer's advertisement all is well, but as soon as the advt. drops, measures are taken looking to the collection of the account.

A Profitable Crop

Last week Robert Harper of Williamsburg township, threshed eleven loads of second growth clover from which he secured one thousand and seventy pounds of seed, the quoted price for which by the wholesalers last Saturday was slightly over fifty-six cents per pound, making the value of the crop worth six hundred dollars. Besides the seed recovered sixteen loads of clover hay was taken off the seven acres at the first cutting.

Hoople-Rainey

A quiet wedding was solemnized at The Manse, Morewood on Wednesday (yesterday) afternoon when Miss Geneva Hoople was united in marriage to Mr. David Rainey, the Rev. K. A. Gollan officiating. The young couple who were unattended left immediately after the ceremony for a short visit to Montreal, the bride wearing a suit of brown serge with a set of taupe wolf furs, the gift of the groom.

Address and Presentation at Riverside.

A very pleasant event took place at the home of Mrs. Sim Ouderkirk on Friday evening Nov. 21st, when about thirty of their neighbors and friends took them by surprise, taking possession of their home, where a pleasant evening was spent in games, songs and music. After refreshments had been served by the ladies, Mr. Dan Pollock asked Mr. and Mrs. Ouderkirk to come forward, while he read an address when a purse of money was presented to them. Both Mr. and Mrs. Ouderkirk feelingly replied.

Mr. Ouderkirk has bought a farm in Mountain Township and is moving there shortly.

John Sanders, Kemptville Passes Away

A figure familiar to residents of Chesterville and vicinity was removed on Thursday, Nov. 20th when John Sanders, a prominent and much respected citizen of Kemptville, passed away at his home in that town at the age of 76 years.

The deceased was a native of Martintown, Glengarry County, from which place, when seven years of age he moved with his parents to Kemptville, where he resided until his death. He entered early into business and for many years was one of the largest dealers in farm products in Eastern Ontario. When the McKinley Bill became effective in the United States, it destroyed the principal foreign market for Canadian eggs and poultry. The Dominion Government of that day sent Mr. Sanders to Great Britain to investigate the possibilities of a market there for those commodities and from that visit has resulted our large export of those goods to that country.

Mr. Sanders served for a time on the Council Board of his home town and was a member of that body when the present town hall was built. At the incorporation of the Sanders, Soule and Casselman Co. Ltd. of Chesterville, about twenty-five years ago, he became president of the company which position he retained until his death. His wife, Susanna Barnes of Kemptville, passed away six weeks ago. Three sons and three daughters are now left to mourn their parents—Dr. John and Miss Essie at home, Dr. Charles, Red Deer, Alta.; Mrs. O. D. Casselman, Mrs. Vene Robinson and Fredrick of Chesterville. One brother James L. P. Sanders of Kemptville, also survives.

The funeral was in charge of Mount Zion Lodge A.F.&A.M. of which he was a charter member, Rev. Mr. Dumbrille, officiating.

Somebody Is Butting In

Starting last week-end the rumor has been industriously circulated throughout Eastern Ontario that the constituency of Dundas will be opened by the resignation of W. H. Casselman, U. F. O. member who was elected in October by the largest majority ever known in the riding, for the purpose of giving a seat to the new Attorney General, Hon. W. E. Raney. The county director of the U. F. O. in Dundas, Mr. Thos. Houlehan, has authorized us to contradict the rumor and to say that as far as the U. F. O. in Dundas is concerned consent will not be given for the re-opening of the constituency to any member of the Cabinet. Dundas has a capable representative who would have worthily filled the portfolio of Agriculture in the Drury Cabinet and at the same time given Eastern Ontario fair representation in the Cabinet. No doubt Mr. Raney would like to come back to this county and be elected by the old home folks but it is unlikely that he could carry this riding if the opportunity offered and he certainly could not get an acclamation.

Mr. Casselman was perhaps the most surprised man in the county when the statement that he would resign was brought to his notice. He has not been approached on the matter and if he were would not consider such a proposition unless it came from the U. F. O. organization of the county of Dundas.

Dairymen Seek to Join Hands

Tuesday evening, Mr. W. L. Carr, secretary of the Montreal Milk Shippers Association, met the directors of the Chesterville Live Stock Association, with the view of affiliation with or the absorption of the local association, in the matter of the sale and control of all milk going on the Montreal market or produced within the area supplying that market, having the effect practically, of the control of prices and seeking to secure for the producers at all times, a price which would ensure them an adequate return for their labor and investment in their business. It would at the same time seek to obtain a graded price in Montreal for milk instead of a flat price for every quality and condition of milk as now paid, in that way getting for the finest milk the highest price and for the poor quality only what it might be worth. It is believed if this were done the general quality would be raised and a higher average price paid all round. That would be to the advantage of condensery patrons in-as-much as the price paid here is regulated by the average price of milk in Montreal.

Mr. Carr went into all the details of the organization which was carefully listened to by those present, who after consideration, decided to place the matter before the members of the Chesterville association at a meeting to be called for that purpose when Mr. Carr will again go into details.

BETTER COOLING

(FARMERS CUT THIS OUT.)

At this time of the year when the sun is hot, and the flow of the milk is high, remember that more water is required to cool milk to the desired temperature. The more milk you have the more water is required. Don't try to cool eight cans in water that will only cool four cans. Change the water often. Milk cooled and not kept cool will sour.

The Work Day

The miners who prefer a six-hour work day five days a week may regard work as an enemy. Thoughtful men regard work as a friend. What men think of work, however, matters as little as what they think of the weather. Inexorable nature says "work or die."

It is good for man to work. The man without work, whatever his income is no man at all. Work brings health, appetite, sound sleep. It is health to mind also. And in deep sorrow the Great Physician's best prescription is work.

Bella—I think Harold must have loved before.

Fourteen-year-old Lad Had Mania For Mutilating Live Animals

William Lounds, son of James Lounds, Essa Township, near Alliston, pleaded guilty before Judge Vance Saturday last on several charges of mutilating cattle. During September and October a number of farmers at considerable distances apart on the west side of the township had animals severely slashed with a knife. These included a number of calves, a ram, a two-year-old bull, which died from the effects, and a two-year-old heifer, which not only had a big gash in its side but had several inches cut off the end of her tongue.

After his arrest, the boy for a long time denied any knowledge of the mutilating, but finally admitted everything. Asked as to why he had done such a thing, the lad said he did not know. In the course of his examination it came out that young Lounds, who is nearly fourteen years old, had practicatly no schooling, though living within two miles of a school. That such a thing should be permitted was severely criticized by the judge. The prisoner was committed to the Industrial School for an indeterminate term.

Caught a Silver Fox and Sold for $800

A story is going the rounds this week that Mr. J. Wilnetz, who is working up the Indian River, had the good fortune to kill a silver fox in that district, and that he sold it for the sum of $800. It is said that while he was strolling through the woods one day he saw the animal and that the following day he went out to the place with a chicken in a basket and left the chicken tethered in a hollow stump, setting a trap at the entrance. True to the liking of the fox family for chicken, it scented the fowl and decided to partake but was intercepted in entering by the snapping of the trap. Silver fox are very rare in this section of the country and are now among the most valuable furs. If the find is authnetic it is a decidely lucky strike.—Pembroke Standard.

Fined $1,000

R. Bruce Gray, a Pembroke druggist, was fined $1,000 in police court by Deputy Police Magistrate Johnson for making a false statement regarding the size of his income on his return in accordance with the income tax law. Mr. Gray stated that his income was $24,440, whereas investigation by Mr. K. Fellows, Dominion inspector of incomes, revealed the fact that it was considerably more than that and now it is given as $23,000, Mr. Gray did not appear in court but was represented by Mr. J. H. Reeves, who pleaded guiity to the charge. Most of this income is derived from stock investments, Mr. Gray claiming that his store nets him only a little more than $1,000 per year.

What Does a Fellow say Then?

(Exchange)

SAY!
When the Minister comes
To your house
To make you and the wife
A little call,
And the conversation gets to be
About prohibition,
And the minister remarks
How thankful he feels
That so many homes have been freed
From the curse of beer and whiskey,
And you say "Yes, indeed;"
And keep nodding your head
Agreeing with him heartily
In all that he says;
And then your little son
Comes in
While the minister is there,
Carrying a pint bottle
And says,
"Look, Pa, a bottle of the
Home brew broke—"
Listen Here:
What does a feller say then?

Chesterville District Leads

The final Victory Loan bulletin from the United Counties' headquarters at Cornwall, issued last week end, is a document to be proud of by the people of Chesterville and vicinity. Winchester township was divided into four districts and an objective placed for it of $230,000. The actual amount bought from the four canvassers was $411,000 of which amount $164,750 was bought by 182 residents of Chesterville and district, being the largest amount taken in any one district in the three counties and placed in the greatest number of hands. The second largest amount sold was by one of the Winchester canvassers, being $143,050, sold to 43 buyers, one hundred thousand dollars of it coming from Montreal from a former Winchester man. Of the $44,600 placed directly through the banks of the township, the Chesterville banks have had almost twenty thousand placed through them.

Get in Debt to Yourself

Get in debt to yourself and then imagine you are the other fellow.

Decide, for example, that you owe yourself $100.

Then get after that hundred as though you were trying to beat yourself out of it. Give yourself no rest till you clean up your debt.

When you have paid yourself the $100 and have it safely deposited in the savings bank where it is earning interest for you go in debt to yourself again. Try to make $125, $150 or $200 this time.

Keep up the process.

Get so you follow yourself around from place to place demanding payment on your debt.

Stick up to this plan for a few years and you'll have a snug little sum back of you for the days of old age or enforced idleness.—Thrift Magazine.

Always a Limit

A certain good woman was so painfully neat she had made life wretched for her family. One of her rules was that all the members of the household must remove their shoes before entering the house.

"Bill", she whined one day to her husband, "I found a grease spot on one of the dining-room chairs, and I think it came off those pants you wear in the shop.

"Well Mirandy", shouted Bill, his patience exhausted, "for the last 15 years I've taken my shoes off every time I came into this house, but I'll be hanged if I'm going to go any further".

Appreciated Kindness

Always Something to be Thankfnl For

An Irishman, awakening in the night, saw in his room what he took to be a phantom. He seized a shot-gun, fired at the ghost-like object, then went back to sleep. The next morning he found that the "phantom" was nothing but his shirt, which he had hung over a chair.

"What did you do Pat, when you found out your mistake?" asked a friend to whom he told the story.

"I knelt down," he answered, "and thanked the Lord with all my heart that I was not inside my shirt when I fired."

Duncan McMillan of Stormont Noted Wrestler

The Vancouver Sun of recent date contained an interesting history of the career of Duncan McMillan, son of Angus R. McMillan of Osnabruck, and brother of John McMillan of Cornwall Township and D. R. McMillan of Osnabruck Township, as a wrestler.

Many will remember the meeting of McMillan and Lundin at the Cornwall fair grounds some years ago. While Mr. McMillan is now too old to follow up the wrestling game, he was a top-notcher in his day, as the following story will show:—

Wrestling is a cosmopolitan sport. Almost every country in the world boasts of its famous wrestlers. Russia has its Hackenschmidt, Poland its Zybszko, India has its Gama and the United States has its "big three" or "big four".

But when it comes right down to who was the greatest wrestler of modern times at least, Canada has 'em all beaten.

Fans, have you ever heard of Farmer Burns? Some say he was of the greatest. But a Canadian wrestler defeated Farmer Burns in five different styles of wrestling in Minneapolis in 1883. Moreover, this Canuck—D. A. ("Dunc") McMillan, now of Vancouver—was never beaten in the five styles.

Everybody who has heard of wrestling has heard of Gotch. But it took even the mighty Gotch, when he was right in his prime, one hour and 45 minutes to win the first fall from McMillan, when the latter was 51 years old.

Probably many fans would not believe that any man past the half century mark could w thstand Gotch, the conqueror of Hackenschmdt, the Russian lion, for an hour and 43 minutes. But McMillan did that in Spokane in 1905.

McMillan is now 65 years of age. He has, of course, given up wrestling now, not so much on account of his age, but owing to illness which would probably have killed an ordinary man. He is devoting his time to the promoting end of the game.

Dunc was born in Stormont county, about 12 miles from Cornwall in 1854, and left there at the age of 15 for the California goldfields. He was in Goldfield in 1874, during the time of the boom there, and, besides doing a little wrestling, was a runner, jumper and threw the hammer and shot. He once threw the 16-pound shot 49 feet, 7 inches. The world's record is 50 feet, 2 inches, made by Ralph Rose, Dunc threw a 16-pound hammer 154 feet once.

McMillan's first wrestling contest of note was in 1877, when the miners held a big wrestling tournament at Brodnie, Cal., 7 miles from the Nevada line. He was head timberman in one of the mines, being a carpenter by trade. There were 138 entered in this tournament, there being contestants for every weight from 130 to 200 pounds. All the matches were in Cornish style, a style not unlike jit-jitsu, used now by the Japanese.

In this tournament Dunc got second prize in the heavyweight class. He weighed about 185 then. The miners were crazy over the game, and Dunc has seen as much as $25,000 bet on one match in the little town. First prize for the heavyweights at this tournament was $2,500. A wrestler named Pasco was first, but Dunc beat him afterwards. In 1878 Dunc was first at the same tournament.

The next year he started to wrestle catch-as-catch-can style, which from then on became the popular style throughout this continent. His prowess as a wrestler became widespread and whenever he heard of a wrestler he challenged him.

Six years after the first tournament at Brodnie, Cal., McMillan was wrestling at Minneapolis for the five-style championship of the world. His opponent was Farmer Burns and he defeated Burns in all five styles. No wrestler has ever since taken the title from him—he is the undefeated five-style champion, though he has long since retired. Here are the five styles:—Catch-as-catch-can, Graeco-Roman, Cornish, side-hold, and collar-and-elbow. They wrestled one fall at each style and Dunc beat the famous wrestler at all of them.

Roomy Wardrobe

Passenger (after first night on board ship)—"I say, where have all my clothes vanished to?" Steward—"Where did you put them before you got into bed last night?" Passenger—"I folded them up carefully and put them in that cupboard over there." Steward—"I see no cupboard sir." Passenger—"Are you blind man? I mean that one with the round glass door to it." Steward—"Lor' bless me, sir, that ain't no cupboard; that's the port hole."

A man was brought in court for the illicit distilling of whiskey.

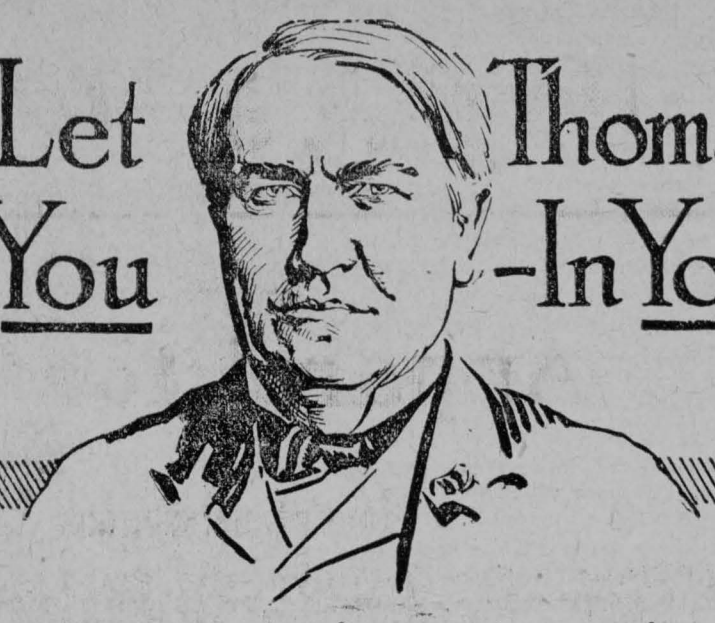
"What is your name?" asked the judge.

"Joshua," replied the prisoner.

"Joshua?" repeated the judge. "Ah! Are you the Joshua who made the sun stand still?"

"No, sir, judge", was the answer. "I is the man who made the moon shine."

Will You Let Entertain You



Thomas A. Edison -In Your Home?

That is what happens when an Amberola comes into your home. The wizardry of Edison—the Master Product of his Master Mind—furnishes you with years and years of entertainment—all the best music of all the world—reproduced in a superior way that none but Edison could accomplish.

EDISON'S NEW DIAMOND
AMBEROLA

Among the large number of phonographs and "talking machines" on the market, the genius of Edison makes the Amberola stand out as the *one* perfect instrument for *your* home.

Thousands of families in Canada have purchased phonographs hastily, without careful comparison—and as a result they are repenting their choice at leisure.

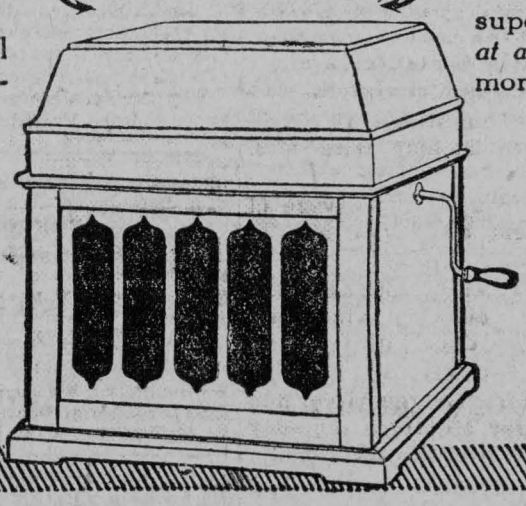
You can safely trust the phonograph that has been perfected by the greatest inventor of the age. Choose the Amberola, and you will never regret your selection. The longer you possess an Amberola, the more you will appreciate its marked superiority over ordinary phonographs and "talking machines."

Its marvelous, pure *tone* will afford perpetual delight to yourself, your family, your friends. No metallic sound or shrillness—common phonograph faults—nothing but pure melody in every note from your Amberola.

FREE TRIAL In Your Home

We will place an Amberola in your home for a *3 Days' Trial* which will not put you under the slightest obligation or expense. Come here, select an Amberola and a number of records and we'll send them to your home. At the end of 3 days, if you do not want the Amberola, we'll call and take it away. If you *do* want it, we'll arrange terms of payment to suit you.

PRICES $62.00 & up



No needles to change, with constant bother and expense. The genuine *Diamond Point Reproducer* of the Amberola is *permanent.*

And the wonderful *Amberol Records* are practically *unbreakable* and *everlasting.* You can handle them quickly, carelessly—yes, drop them—without fear. (You know how easily *other* phonograph records are broken.) And on these Amberol Records you have all the world's best music—the greatest singers, the latest songs and dances—to select from.

We will gladly demonstrate the superiority of the Amberola to you *at any time.* Come in today, tomorrow—bring the family along.

A Credit to Canada

Canada has every reason to be proud of its great family and farm paper The Family Herald and Weekly Star of Montreal. It is now issued in a new form, sixty-four pages weekly, and is more easily handled and read. The Family Herald is the great home paper of this Continent. Each and every issue is brimful of the choicest and most interesting and instructive reading matter. It costs but $1.25 a a year and every subscriber for 1920 is receiving a handsome souvenir portrait of the Prince of the Wales, 16 x 22 inches. This portrait alone could not be bought for the money. How the Family Herald can give such a beautiful souvenir to all subscribers is indeed a mystery, still they do it and their subscribers receive the benefit of their generosity.

DOMINION CRYSTAL SUGAR

Every sparkling crystal is absolutely pure: every process of its manufacture is safeguarded with unceasing vigilance. Dominion Crystal Sugar adds to the natural deliciousness of pie fillings—sweetens too tart fruits without destroying their fresh fruit flavor.

Dominion Crystal Sugar is the only sugar that may rightly be called "Canadian from the ground up." We do import the finest of raw cane sugar and refine it. But our pride is in the product we make from Canadian sugar beets—its use is dictated by good judgment as well as patriotism.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now kuown to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hnndred Dollars for any case that it fails to cure. Send for list of testimonials.

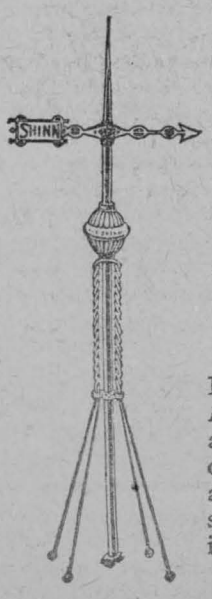
Shinn-Flat

Lightning Rods
Prevent Lightning Losses

WHEN your buildings are protected with Shinn-Flat Lightning Rods, you may be absolutely sure that they're safe from Lightning damage Shinn-Flat Lightning Rods are the only kind made in the form of a flat cable—which has 36% more conducting surface for electricity than the same amount of material made into a round cable.

Lightning Can't Strike if Shinn Gets There First!



Shinn-Flat prevents the accumulation of electricity in the building, by permitting it to gradually pass from the heavily charged ground and building into the atmosphere above.

Bonded to Protect

A large Bonding Company issues a Surety Bond to the owner of every building we protect, guaranteeing that Lightning will not damage.

W. H. DAY

Professor of Physics at the Ontario Agricultural College for many years, and Canada's recognized authority on Lightning Protection is now Manager of the Shinn Mfg. Co., and assists in training Shinn Dealers thus insuring correct installation.

Mr. and Mrs. Dan W. Allen and Mrs. McDonald of Long Island, were the honored guests at a delightful little dance on Monday evening, Nov. 10th, arranged by their old Chesterville friends. After the dancing, the music for which was so ably supplied by the Chesterville orchestra and which every one enjoyed to the full, refreshments were served. By special request Mr. Allen as in times gone by entertained the company present by singing several songs, his own composition, rounds of applause following each selection. Messrs. Ed and Pat Flynn sang in their usual good style and were enthusiastically received. After the singing of "For they are jolly good fellows" and "Auld Lang Syne," Mr. Allen in his genial and capable way thanked those present for this demonstration of their long standing friendship for Mrs. Allen and himself and said they would treasure this occasion as one of their most precious memories.
