Minto Skaters At Local Arena Tonight

This evening (Thursday) the centre of attraction will be at the Winchester Arena, when the local 100 Club sponsors its Annual Fun Frolic and Ice Carnival. A fine program of entertainment has been prepared for the enjoyment of all who attend. Feature attractions will include an exhibition of fancy and acrobatic skating by several members of the Minto Skating Club, of Ottawa; Winchester High School Skating Revue, Maypole Skaters, Scotch Dances and Comedy Acts; Broom Ball Game between Kemptville Rotarians and Winchester Centurians. In addition there will be good prizes offered for the best costumes and boys and girls' classified races. See posters or last week's Press for complete list of these events.

As an added attraction, Winchester's own Fancy Skating Artist, Bobby Keyes, will be featured in a solo number, and in a duet with Miss Dorothy Servage.

A draw for six valuable prizes will take place during the evening. If you have not yet purchased a ticket for the draw, they will be obtainable at the rink this evening. See prizes in Jo-Anne Shoppe Window.

For an evening of fun and entertainment, don't miss to-night's program at the Arena. Proceeds are in aid of the 100 Club's Hospital Fund.

WINCHESTER THEATRE NEWS

"Prince of Foxes," which opens at The Winchester on Monday next for three evenings showing, is one of the greatest films to emanate from the studios of the 20th Century Fox Corporation. It is a superbly handsome production photographed in Italy, utilizing the actual countryside and palace interiors in which the scenes of this story of a gallant stand against the power and conniving of Caesar Borgia, one of the greatest despots of all time, supposedly took place. It is spectacular, colorful, crammed with romance and intrigue. The principal parts are played by actors of the very first rank—Tyrone Power, Orson Welles and Wandra Hendrix; and the cast is probably the largest ever used for any picture.

This week-end picture is one of adventure and romance, "Fighting Man of the Plains," featuring Randolph Scott. Filmed in color, with a good story behind it, it is a rugged drama of the west,—the battle of a courageous fighter against a dangerous and lawless band.

"The Big Wheel" comes on Thursday of next week. This is smartly fashioned thrill stuff about the auto racing game, with scene after scene of brilliantly filmed racing shots, and culminating in the classic on Memorial Day at the great Indianapolis Speedway. Mickeky Rooney is the hero of the piece, with Mary Thatcher providing the romantic angle.

Appointed Justice of the Peace.

Mr. C. R. Robinson, local Municipal Clerk, was notified this week of his appointment of Justice of the Peace for the Village of Winchester.

COMMUNITY

Starring Gilbert Roland in this exciting story of the West.

LOCAL HIGH SCHOOL GIRL SCORES HIGH AT KINGSTON MUSIC FESTIVAL

Miss Doreen Cross, daughter of Mr. and Mrs. Irvin Cross, of Maple Ridge, and a student at the local High School, is receiving the congratulations of her friends for the fine showing she made as a contestant at the Rotary Music Festival, Kingston, recently. She received honour standing in her class and stood fourth among 14 competitors, all of whom had taken vocal lessons. Although Doreen had never taken vocal lessons, she was awarded 82 points for her efforts.

Looking Over The Bowling Scores

(By Uncle Ezra)

Nothing unusual took place at Flora's Bowling Lanes last week. There were no challenges and no new records established, but there was just as much fun and excitement as ever. We did notice a few new faces in the alleys on Saturday, among them being our old friend, Doc. Hutt, from Chesterville. Doc, we knew, was a skilled lawn bowler and curler, but his prowess as an indoor bowler was something we hadn't learned. We watched him and his friends bowl a triple set, and noted that Doc's record for the three games were 183, 125 and 209—not bad for a fellow who is not as young as he used to be and who does not bowl too often.

Len. Porteous, of Ottawa, was another alley visitor on Saturday. He took on Herb Balkwill, the local Bank Manager, in a couple of friendly games, but we were sworn to secrecy not to reveal the scores.

One thing we like about our Bowling Alley is the friendly atmosphere that exists. There is no profanity, at least none that is audible to the ear—what those chaps say to themselves when they blow a frame after registering three consecutive strikes is a horse of a different colour, but now let us take a glance at last week's Bowling Records.

In the High School Staff group on Monday evening, Phyllis Flegg walked off with both the ladies' high single and high cross with games of 104, the 200 high single and 154, to cross 458. Robt. Robinson took the men's high single with a 215. Mr. Droppo had the men's high cross with 460.

In the Inkerman mixed league, Lois Rennick's high single of 170 was the best for the ladies. Billie Yates with games of 135, 138 and 142 took the ladies' high cross with 415. The men's high single and high cross went to Ben McEwen with games of 165, 243 and 174 to cross 582.

In a town mixed group, Marion Dawley rolling games of 192, 226 and 175 to cross 593, took the ladies' honours. Men's high single and high cross went to Harvey McIntosh with strings of 163, 223 and 289 to cross 675. Harvey's single of 289 was high for the night.

In the Morewood Mixed League, Shirley Young rolling games of 180, 149 and 174, to cross 502, took both the ladies' honours. Ray Thompson's high single of 209 was the best for the men. Doug. Feeley took the men's cross with 497.

The South Mountain League again had good games on Wednesday evening with the ladies' high single going to Jean Beamish with a 239, and the ladies' high cross to Freda Berry with games of 189, 226 and 193 to cross 608. Both men's honours were taken by Glenn Blanchard with a high single of 265 and other games of 153 and 154 to cross 570. In the other South Mountain group, Chas. Hyndman with games of 230, 167 and 214 took the men's high cross with 611. The men's high single went to Cliff Berry with a 235. Rose Ann Morrow's high single of 170 and cross of 444 were the best for the ladies.

In the Bell Telephone League the Weiners beat out the Coconuts by sixteen in total pin fall and took three points. Lula Dawley, of the Weiners walked off with both the ladies' high single and high cross with games of 219, 211 and 255 to cross 685. Jim VanBridger, of the same team, with a high single of 209 and high cross of 517 was the best for the men.

In the Community League, Marjorie Crummy bowled the high single for the ladies with a 278 score. She also had the high cross with 660. For the men, Lloyd Kenney had the high single and cross with scores of 285 and 714. Runner-up was Archie Rice with counts of 225, 196 and 263 to cross 686.

In the Legion League the high single was a tie, with Frank Dunlop and Norman Utman each having 227. Frank took the high cross rolling games of 227, 220 and 158 to cross 605.

In the Reynolds' group on Thursday evening, Helen Holmes walked off with the ladies' honours rolling strings of 169, 250 and 161 to cross 580. Dalton Kenney with games of 227, 236 and 271 to cross 734, was best for the men.

Bob Woods took the men's high cross with games of 172, 233 and 207 to cross 602, while Bob Ledgerwood's game of 233 won the men's high single. Mrs. Woods took both the ladies' high single and high cross with a single of 178 and cross of 424.

In the Melvin Motors League, Frank Dunlop rolling games of 189, 277 and 189 to cross 655 took all the honours.

On Tuesday of last week, Phyllis Henderson, who held the ladies' Record High Cross with 698, set a new record rolling games of 276, 254 and 217 to cross 743.

MINISTERIAL ASSOCIATION

Rev. L. B. G. Adams, Rector of St. Matthias' Anglican Church, was the speaker at the regular meeting of the Winchester and District Ministerial Association, held in St. Matthias' Church on Monday, February 20th.

Mr. Adams presented an exceedingly interesting and informative talk on the subject: "Christian Symbolism," in which he outlined the use of symbols in the worship of the Christian Church, with specific reference to their use in the Church of England. "Symbols," he said, "have been used in the church as visual aids to worship for many centuries. A symbol is an object or an act representing the idea or the quality of something else, and if improperly used and misunderstood the use of symbols can degenerate into idolatry. The use of symbols in worship is as old as the world itself. The Jewish worship of the Old Testament was full of symbolism, and Christianity has taken a great deal from the Jewish religion. The earliest symbols came from the catacombs, and religion in all ages demands some symbolic expression."

In his address, Mr. Adams explained the significance of the plan and structure of the Anglican Church building, the meaning of the altar and its decorations, the chancel, and the nave of the church, as well as the different articles of furniture in the building. He presented also the meaning of the various vestments of the priest, based largely on the 28th chapter of Exodus.

Some discussion followed regarding the significance of the gowns and vestments used by the clergy in the different denominations of the Christian Church including the "clerical collar" and "bands" worn by many ministers and priests. Rev. N. J. Thomas outlined the meaning of the "Great Seal" of the United Church of Canada, and Dr. C. Younger-Lewis spoke of the meaning of "The Burning Bush" as the emblem of the Presbyterian Church.

Mr. Thomas moved a hearty vote of thanks to Mr. Adams for his instructive and interesting address. This motion was seconded by Rev. W. H. Huestin, and unanimously carried.

The meeting was presided over by the President, Rev. C. Younger-Lewis, D.D., of Vernon. Rev. W. J. Copsey, of Morewood, tendered his resignation as secretary-treasurer of the Association because of his inability to be present at all meetings. His resignation was reluctantly accepted and Rev. I. D. MacIver was appointed to act as secretary-treasurer.

The next meeting of the Association will be held in the Winchester United Church on Monday, March 20th.

Russell Wins Third Game of Finals 7-2

WINCHESTER LEADS SERIES TWO GAMES TO ONE

After suffering two defeats at the hands of the Winchester Junior Hockey Team, in the first two games of the Russell-Dundas Junior Hockey League Finals, Russell came back strong on Monday night to trounce the locals 7-2. Winchester won the played here last Friday, 5-3, and as first game 7-5 and the second game, a result are leading the best of five series by one game. The teams clashed again last night and the series could be either settled or tied, according to which team won it.

Last Friday the local team had a decided edge over their opponents from Russell, every man on the team turning in an excellent performance in spite of sticky ice. The game was clean with only six minor penalties being meted out. Winchester opened the scoring early in the initial frame and were never headed.

When the teams took the ice on Monday evening, it was evident from the start that it was do or die with the Russell squad. Another defeat meant elimination, and the visitors opened up. They provided much stiffer opposition than in the first two contests and it made the local team look as if they were a bit laggy. Midway through the initial frame, a penalty was meted out to one of the local boys and while he was serving time in the sin-bin, Russell scored their first goal. Five minutes later the visitors registered their second counter from a scramble in front of the Winchester nets. Although the locals missed several good scoring chances, the Russell goalie was their big handicap. He turned in a star performance. Up until the end of the second period the game was comparatively clean, but in the final stanza the boys started mixing it up, and as a result three minor and two major penalties were dished out by the referees.

At the 15-minute mark, two of the players got into a scuffle and before they could be separated, other members of both teams started slugging it out. The spectators swarmed onto the ice and individual fights occurred on all fronts. While nobody was seriously injured in the brawl, several of the participants were sporting slightly discolored eyes and swollen noses the next morning, which should serve as a reminder for them to stay off the ice when a fight starts and let the referees and players restore order.

Should Russell win the fourth game (played last night), a fifth and deciding game will be played here on Friday evening. If Winchester should win the fourth game, the series will be concluded, and they will be declared league champions, and holders of the Winchester Press Trophy for the year 1950.

The line-ups were:

Russell—Goal, Lewis; def., Hume and Robinson; centre, Fader; wings, D. Barkley and Smith; subs., Chambers, Hicks, Dozois, Sullivan, Eastman, Dillabough, Duncan, Elliott.

Winchester—Goal, Clar. Morgan; def., R. Timmins and Nesbitt; centre, McIntosh; wings, K. Timmins and D. Hutt; subs., C. Bailey, L. Bailey, E. Bailey, Justus, Kirkwood.

Referees for last Friday's game were Mel. Scott, of Winchester, and Mickey McIntosh, of Finch.

Referees for Monday's game were Jack McEvoy, Ottawa, and Mickey McIntosh, of Finch.

Summary:

FRIDAY'S GAME
First Period

Winchester, Hutt (McIntosh, K. Timmins) 4.12
Penalties: McIntosh, Justus, Barkley.

Second Period

Winchester, McIntosh (K. Timmins) 3.00
Russell, Duncan 4.30
Winchester, K. Timmins 10.15
Russell, Hume (Chambers) 12.00
Penalties: Duncan, Justus.

Third Period

Winchester, D. Hutt (K. Timmins, McIntosh) 7.00
Winchester, McIntosh (K. Timmins) 9.20
Russell, Dozios 10.10
Penalty: K. Timmins.

MONDAY'S GAME
First Period

Russell, Dozois (Hicks) 10.15
Russell, Duncan (Fader) 18.00
Penalty: K. Timmins.

Second Period

Russell, Chambers (Dozois) 1.30
Russell, Hicks (Duncan) 7.30
Winchester, McIntosh 15.00
Penalties: Barkley, Elliott, Fader.

Third Period

Russell, Dozois (Chambers) 1.05
Russell, Barkley (Dozois) 2.00
Winchester, McIntosh (Hutt) ... 6.20
Russell, Chambers (Hicks, Duncan) 15.00
Penalties: Elliott, McIntosh, R. Timmins, Smith, Justus.

WON MUSIC SCHOLARSHIP

Miss Christine Stewart, at present attending Queen's University, who on Tuesday night was presented with the Armstrong Scholarship in Singing, which she won by coming first in the vocal solo class for girls, 19 years of age and under, at the Rotary Music Festival, Kingston. The Scholarship was valued at $50.00.

INKERMAN ROCKETS TO PLAY OFF WITH CORNWALL SPORTS CLUB

At an O. H. A. meeting, held at Ottawa last Thursday, the Inkerman Rockets and the Cornwall Sports Club, the two Junior A teams who participated in the Central Ottawa Valley League with Intermediate teams this season, were ordered to play a four-out-of-seven series to determine which team would qualify to meet the winners of the Ottawa City Junior League. The first game was played at Cornwall last night. The second will be played at the Ottawa Auditorium on Saturday afternoon. All games in this series will be played on artificial ice, either at Ottawa or Cornwall.

Last week-end the Inkerman Rockets played two exhibition games at Maniwaki, Que., with the Intermediate team of that town. On Saturday night they were defeated 9-6, but on Sunday afternoon they trounced the Maniwaki team 9-1.

WEDDINGS

HUCKABONE—DURANT

The marriage of Miss Vivian Elinor Durant, only daughter of Mr. and Mrs. Percy S. Durant, of town, to Mr. Arthur Thompson Huckabone, of North Troy, Vermont, took place on Saturday, February 18th, at the home of the bride's parents here.

The ceremony was performed by Rev. Dr. G. E. McIntosh. Mrs. Dudley Craig played the wedding music, and Miss Jean Beach, of Ottawa, sang "The Lord's Prayer" during the signing of the register.

For her marriage, the bride chose a Forget-Me-Not Blue Mannequin Crepe floor-length dress. Her hat was a bandeau of Sweetheart Roses and hyacinths.

The bride's mother wore a teal blue crepe dress with a corsage of yellow roses. Mrs. Gordon E. Durant, sister-in-law of the bride, wore a coral satin dress with a corsage of Talisman roses. She was in charge of the guest book.

A reception followed the ceremony. Later Mr. and Mrs. Huckabone left on their wedding trip. For travelling the bride wore a dress of Wood Rose Kokette Crepe, muskrat coat and brown accessories with a talisman rose corsage.

Out-of-town guests were Dr. and Mrs. R. O. Earl, of Kingston; Miss Georgia Earl, of Hamilton; the Misses Jean Beach, Giva Openshaw, Annie Campbell, and Mr. and Mrs. Roger Patrice, of Ottawa, and Mrs. H. Campbell, of Finch.

Prior to her marriage, Mrs. Huckabone was presented with a beautiful set of luggage by the employees of the Department of External Affairs. She was also guest of honour at a dinner given by her associates of the Administrative Division and a luncheon at the Chateau Laurier.

WINS IN KINGSTON MUSIC FESTIVAL

Miss Christine Stewart, 17-year-old daughter of Mr. and Mrs. W. J. Stewart, placed first in the soprano solo competition for contestants, 19 years and under, at the Eastern Ontario International Rotary Festival of Music, Kingston. There were seventeen competitors, and the adjudicator was John Stirling, of London, Eng. Miss Stewart and her sister, Betty, of Sharbot Lake, were the only competitors in the ladies' adult duet class.

Mrs. Stewart went to Kingston on Tuesday for the final concert at which Christine sang.

100 Club Installs New Officers

The installation of the 1950 slate of officers was the main item of business on the agenda at the local 100 Club's regular Luncheon-Meeting, held at the Golden Pheasant last Friday evening. Centurian Robert Woods presided, prior to the installation ceremonies, with Centurian Albert Turner as secretary.

The Creed was recited by Centurian H. O. Balkwill, while community singing was led by Centurian Chester Timmins.

Winners of a prize boost, sponsored by four of the Club members, were Centurians Leslie and Nelson Dixon.

Two guests were present at the meeting in the persons of Mr. Robert Graham, of Orillia, introduced by Centurian Fred Cass, and Mr. Wm. Evans, Winchester's new druggist, introduced by Centurian Earl Morgan, and welcomed by the president.

Prior to vacating the chair, President Woods gave a very interesting report on the Club's activities during the past year, and outlined the financial condition of the Club. The report indicated that there were 66 members on the roll at the present time. Balance on hand at the start of 1949 was $259.19. During the year, receipts included $644.48 realized from the annual "Night of Fun" at the arena; $500.00 from the Annual Race Meet and about $500.00 from the Monster Bingo in the Fall. These items, along with membership fees, brought the total to $3,600.00 raised during the year.

Expenditures included $400.00 for Community Park maintenance, $150 for welfare work; $100 donation to Minor Hockey Club; $500 donation to the District Memorial Hospital.

Centurian Harry Flora installed and presented the gavel to the new president, Centurian David Melvin, and presented a Past master's Certificate to the retiring president, Centurian Robert Woods.

The other officers, installed by Centurian Leroy Boyd, are as follows:

Vice Presidents—Centurians C. R. Robinson and Jack Rennison.

Secretary - Treasurer — Centurian Albert Turner.

Directors—Centurians Robt. Ledgerwood, Ralph Walker, Randall Wylie and Robert Robinson.

During the meeting, Centurians Dave Melvin and Robt. Robinson reported that plans were complete for the 100 Club's Annual Fun Frolic, being held at the local Arena this evening. Members were urged to accelerate their efforts to sell tickets on the draw, which is to take place during the program. Members were also asked to volunteer their services to assist the committee at the rink. The meeting closed with the National Anthem.

Youth For Christ Rally

Youth For Christ Rally in Winchester Town Hall, Sunday, February 26th, 1950, at 9 p.m., featuring Ken. Opperman, outstanding young speaker presenting the gospel challenge; Mr. R. Isaacs, with his piano accordian, also Harmonious Vocal Duets by Mr. and Mrs. Rowat Deeks. Testimonies, Group Singing, Suprises. Come one, come all!

GRAIN SUPPLY TIGHT

Parrish & Heimbecker Ltd. have issued the following report on the Western grain situation:—

"There has been considerable concern lately because of the tight supply situation in coarse grains. Available stocks of oats for sale, all grades, at the Lakehead are pracitcally nil and new deliveries are very light. It has been said that this is due to the severe snow storms which the West had in late December and early January, which not only tied up country roads but made it very difficult for railways to move grain from country points to the Lakehead. There is still 2 Feed Barley available for immediate delivery at the Lakehead, but no one has any way of telling how long these supplies will last. There is no improvement showing yet, as even with more favourable weather on the Prairies, farm movement of wheat and coarse grains continues small and on February 13th a total of all coarse grains delivered to country elevators was only 91,000 bushels.

2-12-10 FERTILIZER

We are sending in all orders for 2-12-10 and other high potash brands of fertilizer for immediate shipment. The car is to be shipped about March 1st. Because of the scarcity of Potash the Company cannot promise to fill orders later than that date. **Please phone in orders for 2-12-10 or 4-8-10 this week.**

The shortage is only in brands high in Potash. Other brands such as 2-12-6, 2-16-6 and Superphosphate 20% are in good supply and we will have a car of these brands later. 2-16-6 is available in granular form.

Fennell Feed Company
WINCHESTER - - ONT.

The 7th Column

Never again will we complain about the absence of snow for Christmas or during the month of January. The big storm of last week and Sunday's blizzard were convincing evidence that life is much pleasanter without the fleecy stuff. Clearing out paths and driveways is a back-breaking job, and when the car gets stuck in the snow, the words and thoughts of the driver are not pleasant ones. We have come to the conclusion that too much snow is worse than none—and from our experiences of the past week, we favour none.

* * * *

All sorts of things are being said about the youth of to-day. For the most part, older generations are charging their own failures against the young people whose neglect has been the price of pre-occupation with other concerns.

* * * *

Maybe you've heard this before:

A farmer was driving past an insane asylum with a load of fertilizer. An inmate at the asylum saw him and asked him: "What are you hauling?"

"Fertilizer," the farmer replied.

"What are you going to do with it?"

"Put it on the strawberries."

"You ought to live in here, we get sugar and cream on them."

* * * *

A prominent local citizen, who takes pride in the appearance of things about town, made a very unfavourable comment the other day about the front of the Winchester Post Office Building, which has been undergoing renovations for the past several months. He thinks it is anything but modern and wouldn't do justice to a cheap store front. His criticism of the Post Office front has been echoed over and over by local citizens, and we agree that such unfavourable comments are justified. A few days ago, we made it our business to inspect the interior of the office and can truthfully say that it is modern in every respect. There is plenty of working space for the Post Office staff, a private office for the Postmaster, a back entrance for the use of the mail couriers, an ample supply of modern mail boxes, a smaller lobby than before the alterations were made, but quite adequate. The office is well-lighted, has a modern heating and plumbing system, and the interior decorations are pleasing to the eye. The apartment on the second storey has also been renovated. The exterior of the building has been painted and a high wire fence placed around the lot at the rear of the building. Just why the Government would go to so much trouble to modernize the interior of the building and show such lack of taste about the front is something we cannot figure out. That cold bluish-grey corrugated panelling in front is not only cheap looking, but is not in keeping with modern architecture. It does not compare with the modern fronts of other new buildings erected in Winchester in recent years—neither does it compare with Government-owned post office buildings in other centres. Local citizens have been so outspoken about the front of

THRIFTY BUT SPENDTHRIFTS

Individually, comments The Financial Post, most honest people readily understand that when they continuously spend more than their pay cheque they are heading for trouble. No matter hoy they would like to have some extra luxury, whether it be a bedside radio or a high powered yacht, most of them realize that they have to be able to raise the necessary money.. But when some vote-seeking politician promises the moon, they never seem to think that sooner or later they will have to pay for it. That sort of childish nonsense is responsible for some very grave trouble in the world today.

EQUAL PAY FOR EQUAL WORK

In the towns and villages, and on the farms, most folk work a six or seven day week. In the cities, many people now work only five days a week.

Much of what city people buy is produced by a long work week in the country. Much of what rural folk have to buy is produced by a short work week in the city. Yet earnings in the towns, villages, and farm hamlets are, on the average, lower than those of city dwellers.

This means that most country folk are working longer hours for less money so that some of their urban neighbours can earn more money working shorter hours.

Equal pay for equal work might lead to an economic revolution and a consequent decentralization of commerce and industry which would yield major benefits in trade, health, and citizenship.

IDEOLOGY

What a lot of trouble that long, jerky word ideology causes us. So many people don't like it. They prefer old ways and old words. Ideology is as old as Christendom. For Christ brought an ideology into the world, though some of us, ever since, have been trying to contract it into a more comfortable mould of mere theology. He brought a vision of what the whole earth is meant to be. He painted the shape of a new world order. He asked men and women to relate every private and public action towards that vision. He offered us the secret of how to rise above self-interest, and of planning our lives or our nation's life. He gave all men an illumination, a source of direction outside themselves. And He offered the secret hope of handling individuals by changing human nature—one's own nature, one's own nation, and ultimately the wide world.

That is Christian. It is not quite Canadian yet. But it can become so.

WILL IT TAKE A BOMB?

In the days of free trade between city and country, the country was a reasonably prosperous place in which to live and raise a family.

In the country, folks were content to work a bit harder and a bit longer to take care of the extra cost of delivering their produce to the city markets.

In the city, manufacturers and merchants knew that rural business was important and their costs would have to be controlled so that country folk could afford to buy in sufficient volume to keep urban commerce profitable.

That was in the days of free trade.

Before the government bureaucrats and the unions stepped in.

Now manufacturers in unionized industries have to pay about the same rate of wages and work the same hours whether their plants are located in the remote village or in a large metropolitan centre. As a result, with the economic advantages of the smaller community gone, industry has centralized to protect itself.

We have through our government condoned this trend. We have, in fact, encouraged it by giving the force of law to such industry-wide bargaining agreements. Government-approved transportation rate schedules have similarly reduced the competitive advantage of certain communities. Municipalities have been restricted by provincial legislation in attempts to encourage industry to locate outside the major cities.

While Great Britain has, in the face of an atomic age, given legislative encouragement to decentralization, Canada's metropolitan areas continue to expand.

Will a bomb be necessary to awaken our economic and social common sense?

TAKE HIM AT HIS WORD

Father Divine has told his followers in Harlem that he personally was instrumental in causing New York City's water shortage. The Father said that he took this action because the city did not love him. In his own words:

"If you do not love men and keep my commandments I will curse your going out and I will curse your coming in and I will curse you in your storehouses and in your baskets! I said, I will dry up your rivers and I will dry up your streams. This water shortage in New York City has been just a slight sketch and a reflection of what I will do. Unless they repent, they shall in like manner perish as Sodom and a Gomorrah."

We think that the New York City authority should take Father Divine at his word, for such charlatan-like remarks, and bill him for the damage caused the city and its residents by the water scarcity, damage running into hundreds of thousands if not millions of dollars.

If such action was taken, Father Divine would be the first to cry out publicly that he had no connection whatsoever with the trouble in New York City. Some of these jokers ought to have their bluffs called occasionally, just for the fun of the thing, if for no other reason, comments the Brockville Recorder & Times.

EDITORIAL NOTES

There is a danger of following precedent too closely. Many of our cities are snarled in traffic jams today because we are following crooked paths made by cows centuries ago.

When a flattering male tells a girl she's wonderful she smiles for two reasons: She knows it isn't true and she's delighted to hear it. If the male then smiles it's always for one reason. He thinks he's making progress.

So eggs are down in price! That makes it look bad for the politicians in the next election. If the trend continues, the hen fruit may be economical enough to throw at unpopular candidates, observes the Corner Brook (Nfld.) Western Star.

Already some municipalities in the province have set their dates for 1950 when daylight saving time will be in effect. To avoid the variations of days or weeks in the period of this measure where it has been approved, the federal government at its coming session should pass a by-law naming the hour and day when daylight saving time starts and ends.

Last week's snow storm was the heaviest we have had in this district in several years. Nearly 18 inches of the white fluffy stuff is reported to have fallen on Tuesday and Wednesday. Regardless of how mild the weather is, February can always be depended upon to produce at least one severe snowstorm, and the one we had last week was it, for this winter—we hope.

"Ignore schedules" is standard instruction from bus and transport companies to their drivers when road and weather conditions are bad. The bus and truck drivers themselves, many of whom have passed the million mile mark of safe driving in all seasons, say that motorists should follow suit and adjust the speed of their cars to the condition of the roads and weather.

Other Editors' Opinions

A WINTER DREAM

(Virden (Man.) Empire-Advance)

The greatest achievement for the health of mankind during the second half of the 20th century would be the development of a really effective cold preventative.

LEGAL DISTINCTION

(Barrie Examiner)

Last Thursday a town resident sought permission from the police to shoot a skunk on his property. The skunk made a note on the police blotter, "Permission granted, provided it is a four-legged skunk."

THE ABSENT VOTERS

(Val d'Or Star)

So things don't suit you here at home, perhaps, or in wider fields of affairs. At any event, you want good government. Quit voting and see what happens. It's the quitters who have got things where they are.

MISSING A MARKET

(Pembroke Bulletin)

Costs and shortage of help on the farm are probably the reason that many eastern Ontario farmers no longer grow potatoes in commercial quantities, but with a market right at their door it seems strange that they pass it up.

A LOSING GAME

(Huntingdon Gleaner)

Experience has so far taught us that the use of subsidies is not a solution to the problem of maintaining prices. If more and more subsidies are required, we shall all have to pay it in increased taxation. Thus it will affect the farmer as well as the other person.

Ride with Roy Rogers to Old West adventure! Follow this great new Western comic, in Color, in The Detroit Sunday Times, and also see Roy Rogers in The Daily Detroit Times. Get The Detroit Times, daily and Sunday, and thrill to this new Western comic, "Roy Rogers, King of the Cowboys."

MODERN ETIQUETTE

Q. How should the invitation to act as a godparent be extended?

A. Either verbally or by formal note. The request can hardly be refused, and one should consider it an honor to be asked to stand sponsor for a child.

Q. When introducing a person to a group of people, is it necessary to repeat his name to everyone in the group?

A. Uusually just once is sufficient. However, if the group is rather large, and there is a chance someone did not catch the name, it may be repeated.

Q. If a bride wishes to wear her engagement ring during the wedding ceremony, on which finger should she wear it?

every time she serves one a dish?

A. No; but one should acknowledge any special service, such as bringing an extra spoon or fork.

Q. Why is it necessary for the parents of the bridegroom-elect to call at the home of the bride?

A. Because the girl is not welcomed by the family until they do so. This call should be made just as soon as the news of the engagement has been received.

Q. Is "I know Miss Brown" the proper thing to say when being introduced to her for a second time?

A. No. This sounds as if it were trouble to make a second acknowledgement. Say, "I have already had the pleasure of meeting Miss Brown."

this building that we think it still should be changed. If the sections containing the corrugated material were bricked in, the building would look much better. We would like to publish a picture of the Post Office building, when it is re-opened for business, but the front as it appears at present causes us to hesitate for fear of censorship, as the front before alterations were made looked more modern than it does today. Unless some change for the better is made, the front of our post-office building is going to be an eye-sore to the majority of citizens here.

* * * *

One never realizes how the human voice can change until a woman stops scolding her husband—and answers the telephone.

* * * *

The 100 Club's Annual Ice Carnival and Fun Frolic is to be held at the local arena this evening, with all proceeds earmarked for the Club's Hospital Fund. It is hoped that Winchester and district citizens will patronize the event in greater numbers than they have the local Junior Hockey Games. We are pleased to see that amusement centres, operated by private individuals as purely business ventures, are being well patronized, but like patronage should be given to such community events as those sponsored by the 100 Club, the Women's Institute, Junior Hockey Club, church and other societies, otherwise the welfare work in this community is going to suffer.

* * * *

Winchester has its parking problems, and local authorities are doing their best to remedy the situation, which causes us to offer a suggestion. We note that there is to be no double parking on the section of St. Lawrence Street between the main intersection and Church Street. That is as it should be. But, supposing cars are parked all along both sides of the street and a fruit or grocery truck stops to unload at Reynold's Store. These trucks usually come around about the same time every day, and our suggestion is that parking be restricted in certain areas for a couple of hours, say from 8 to 10 a.m., for the convenience of unloading these trucks. Restricted areas should be set up for certain periods in front of the Colonial Bus Stop, the egg-grading station and some other business places. Parking should not be permitted in front of service stations or garage approaches. The parking of cars in front of private driveways should be checked more closely. The other evening a local citizen had to wait two hourse before he could take his car out of his garage, because a thoughtless motorist had parked his car in front of a private driveway. The car was locked and could not be moved.

ATTENTION, FARMERS!

We pay prevailing market prices for dead horses, cows, etc. Prompt pick-up by special truck. Phone Long Distance at our expense. Ottawa 3-7102. 25tfc

Weak, Tired, Nervous, Pepless Men, Women

Get New Vim, Vigor, Vitality

Say goodbye to these weak, always tired feelings, depression and nervousness due to weak, thin blood. Get up feeling fresh, be peppy all day, have plenty of vitality left over by evening. Take Ostrex. Contains iron, vitamin B1, calcium, phosphorus for blood building, body strengthening, stimulation. Invigorates system, improves appetite, digestive powers. Costs little. New "get acquainted" size only 60c. Try Ostrex Tonic Tablets for new, normal pep, vim, vigor, this very day. At all druggists.

THE MIXING BOWL

BY Anne Allan HYDRO HOME ECONOMIST

Hello Homemakers! In some European countries, cheese is the staple food. Too many Canadians do not pay enough attention to cheese. They never seem to realize that cheese is a good food, regarding it solely as an accessory—something to be cut in slivers and served with apple pie.

There is a lot of value in a pound of our Canadian cheese; it yields one's money worth. It contains the protein and fat from a whole gallon of milk, to say nothing of calcium, minerals and some vitamins. To be really shrewd, plan budget menus using cheese, during lent. Of course, you would not serve a cheese souffle to a hungry man who has been cutting wood all day, but the average white collar worker enjoys a change from heavy meals. There are savory cheese dishes such as cheese soup or cheese omelette which are more filling than souffle.

Cheese plays an important role in adding flavour to other foods. The bland cod or haddock is more appreciated when baked with grated old cheese. Rice croquettes, with a blanket of hot cheese sauce, are so cheap and so good you will wonder why you did not try them before. Hot cheese poured over halves of hard boiled eggs on toast make a good supper dish.

Finally, that old custom of serving cheese and biscuits at the end of the meal, is, for our part, the piece de resistance.

Cheese Souffle

1 cup cheese, 3 eggs, 1 cup milk, 3 tbsps. flour, 3 tbsps. fat, 1-2 tsp. salt, pepper.

Make a white sauce of milk, flour, fat and seasonings. Add the cheese and beaten egg-yolks and stir until the cheese has melted and the yolks are set. Fold in stiffly beaten egg-whites. Pour into a greased dish, or individual molds, and set in a pan of hot water. Bake in a moderate electric oven (375 degrees) fifteen minutes, or until the egg-white is set, and serve at once. It begins to fall as soon as removed from the oven.

Baked Rice and Cheese

3 cups cooked rice, 2 cups cheese, 1-2 tsp. salt, cayenne, 1 cup milk, 2 tbsps. butter, crumbs.

Put a layer of cooked rice in a greased baking dish, cover with a layer of grated cheese, season with salt and cayenne. Continue adding layers until the dish is almost full. Add enough milk to come half-way to the top of the rice. Cover with crumbs, dot with butter and bake in a moderate electric oven of 375 degrees for 15 to 20 minutes.

Cheese Biscuits

3-4 cup grated cheese, 3-4 cup flour, 1-2 cup shortening, cayenne, 1 egg yolk.

Mix the cheese and flour, then cut the shortening into this mixture; add a little cayenne pepper and moisten with the yolk of the egg. Roll out to one-quarter inch thickness, cut into long, narrow strips and bake in a very hot electric oven, 500 degrees, for 9 minutes.

Mexican Rarebit

1-2 tsp. fat, 1-2 sliced onion, 2 cups grated cheese, 1 egg, 1 cup canned corn, 1-4 tsp. salt, 1-2 cup canned tomatoes, 1-2 cup bread crumbs, 6 slices buttered toast.

Melt the fat in the top of the double boiler over direct heat. Add the sliced onion and cook until slightly softened, but not browned. Set over hot water, add the cheese and stir constantly until the cheese is melted. Mix beaten egg, salt and corn and stir into the cheese mixture; then add the canned tomatoes and crumbs. Allow the mixture to heat through and serve on toast.

TAKE A TIP

1. Cottage cheese is very tasty when flavoured with one of the following: chopped parsley, caraway seeds, chopped olives, or pimentos.

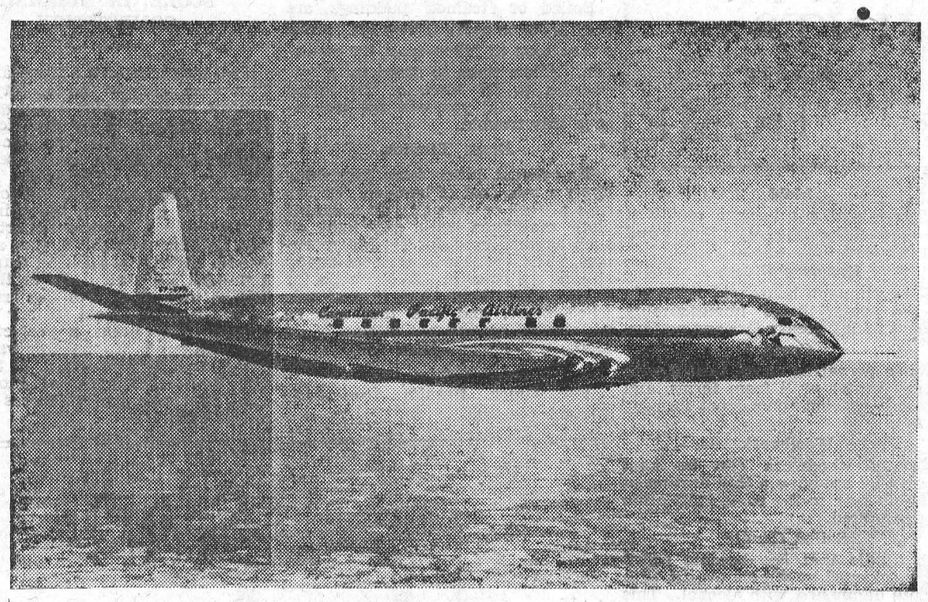
2. Add cream cheese to cereal for breakfast, heat just long enough to melt.

3. Spread grated cheese on thin crackers, season with a dash of paprika and heat in a hot oven until cheese is just melted. Serve with soup or salad.

4. Cheese souffle may be baked in large custard cups and served as a cheese cours for supper.

5. A cheese Fondu should be oven-poached; that is, place casserole of cheese-egg mixture in a pan of hot water and bake until firm on top.

C.P.A. ORDERS HUGE JET PLANES



Canadian Pacific Air Lines have ordered two 500-mile-an-hour de-Haviland Comet jet-propelled air liners, pictured above, for service from Vancouver to Tokyo and Hong Kong. The jet planes, first to be ordered by a North American air line, will be delivered in 1952, it is announced by G. W. G. McConachie, president of C. P. A. Powered by four deHaviland Ghost jet engines, the plane cruises at an altitude of 40,000 feet, almost eight miles, and will be able to carry 48 passengers from Vancouver to Tokyo, 4,700 miles, in 10 hours, with two stops for refuelling.

PROJECT MEETING HELD

The 1950 Project Meeting of the Dundas Crop Improvement Association was held on Tuesday, February 14th, in the Agricultural Office, Morrisburg, with over 30 members in attendance. The purpose of this meeting was to select experiments and projects to be carried on by the Association this year.

Mr. H. W. Graham reviewed the 1949 projects and led a discussion on them to determine which ones would be retained this year and which ones would be replaced with new projects. It was decided that this year the projects should place more emphasis on the aspect of soil building in relation to crop production. It was felt that there was a great need in the County for experimental work to be done, so that farmers could make better use of their poorer soils, and as a result some of the new projects were designed to meet this need.

As well as the new projects, it was thought very necessary to continue the old ones which were set up to test new varieties of cereal grain and corn under local conditions.

It was also realized that due to the importance of pastures in type of farming carried on in the County, it was necessary to carry on the experimental work with new pasture mixtures, emergency pastures and pasture rotations. In this connection, it was decided to conduct two experiments with Birdsfoot Trefoil, a new hay and pasture crop now being introduced.

In all, fifteen projects were decided on for 1950 with co-operators in all sections of the County. Mr. William Graham, of South Mountain, president of the Association, was chairman for the meeting, and Mr. John McRae, Seeds & Weeds Branch, was also present to give his advice on setting up the year's work. Mr. Allan Wall acted in the capacity of Assistant Secretary.

HINTS FOR THE HOME

Mold
Cheese will not become moldy if the cut part is rubbed with butter and then covered with waxed paper.

Removes Grease
Some common household ammonia in the water helps immeasurably when washing greasy jars and bottles.

Cocoa
When preparing cocoa, beat it with an egg beater until foam forms, and this will prevent scum from forming on top.

Woodwork
Painted woodwork can be kept cleaner by applying a thin coating of colorless wax to the parts most often finger-spotted.

Soiled Candle
A candle that has become soiled can be cleaned by wiping over it with a cloth dampened with alcohol. This will not harm the luster.

Pimple Scars
The scars from pimples will soon disappear if they are bathed with a solution of boracic acid, followed by an application of zinc ointment.

The Whisk Broom
Trim the old whisk broom to a point in the centre and it will be very useful for removing dust from the corners of the room or stairs.

Scalp Treatment
A cut lemon rubbed into the roots of the hair followed by a wash in warm water, will strengthen the hair and tend to reduce excessive hair fall.

Suede Shoes
Suede shoes and purses can be cleaned with a dry rubber sponge. This brushes off the dust and raises the nap of the material, making it look like new.

Glassware
When washing delicate glassware, slip it into the water edgewise. It is when it is placed in bottom first that it is liable to crack from the shock of the hot water.

Potato Chips
Potato chips will keep fresh much longer in bags that do not permit strong light to reach them. than in clear or opaque waxed bags. A tight tin container is best.

A Shampoo
You can make a good economical shampoo by melting small pieces of castile soap with a little water and putting away in a bottle, after adding a few drops of olive oil.

Appliance Covers
If you do not have plastic covers for the toaster, waffle iron, mixer, or sandwich grill, try making slip covers for them. These can be attractively made out of remnants of cotton material.

Soaking Clothes
If clothes are soaked too long, an ugly color is imparted to the clothes because the dirt is distributed. When soaking overnight, be sure that the water is cold, otherwise the clothes will be a poor color.

Wrinkled Patterns
If the pattern is wrinkled and one attempts to cut out a garment from this, the chance of success isn't too bright. Use a lightly warmed iron and press out smoothly. Then spread the pattern out on the material and cut.

Puddings
Boiled or steamed puddings are very liable to break if they are turned out as soon as taken from the saucepan. Allow them to stand for a few minutes to let some of the steam evaporate, and you will not experience this trouble.

Brass Tarnish
To prevent brass from tarnishing apply a thin coat of lacquer. Or rub once a week or oftener with a flannel cloth moistened with any light oil such as that used for sewing machines. The metal will then gradually assume the color of fine bronze, a far more artistic finish than that of polished brass, and one that can be maintained by the application of oil alone, without polishing.

MOUNTAIN CALF CLUB MEMBERS SCORE IN JUDGING COMPETITION

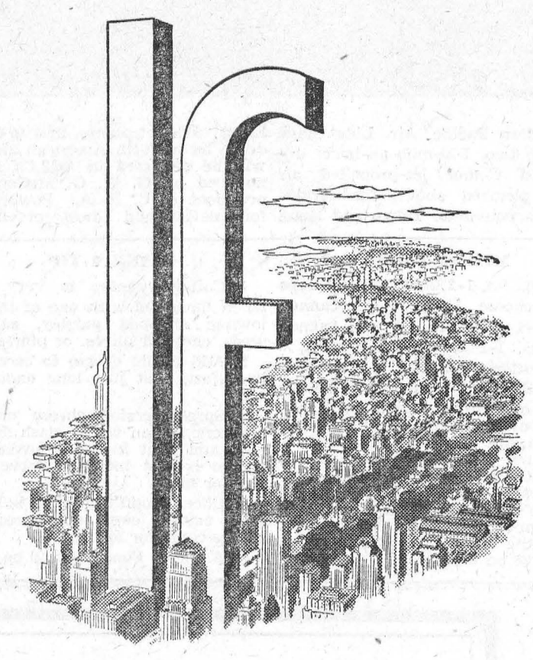
Two members of the Mountain Calf Club were amongst the top fifty competitors in the Junior Judging Competition, sponsored by the Holstein-Friesian Association of Canada in connection with the annual selection of All-Canadian show cattle. Arthur E. Milne, Mountain, was tied for sixth place with a score of 144 points out of a possible 150, while Robert Milne was tied for 26th place with a score of 140. A total of 562 Calf Club boys and girls from all parts of the Dominion took part. For the first time in the eight-year-old history of the Junior Competition, a perfect score was registered. In fact this was done twice, both Robert Sitter, of Sarnia, and Lester Bauman, of Floradale, Ont., receiving perfect scores of 150 points each.

It is interesting to note that among the 24 entrants scoring 142 points or more, eighteen different clubs were represented.

BIRTHS
At the Winchester District Memorial Hospital on Monday, February 20th, 1950, to Mr. and Mrs. Bert Fawcett, of Chesterville, a son.

* * * *

At the Winchester District Memorial Hospital on Sunday, February 19th, 1950, to Mr. and Mrs. David Monteith, of South Mountain, a daughter.



* * * *If all the people who work for the telephone company,*

And all the people who earn a living by making the things the telephone company needs,

And all the people who have their savings invested in the telephone company,

And all the people who depend on good telephone service to run their businesses and manage their homes;

If all these people, with their families, lived in one city,

This City-With-No-Name would be by far the largest in Canada, and one of the largest in the world.

Keeping pace with the growing needs of communities everywhere for more and better telephone service has taken lots of work and lots of money.

Only a financially healthy telephone company can carry on this big job.

Telephone users, employees, shareholders — everyone has a vital interest in a service that means so much to the welfare of so many people.

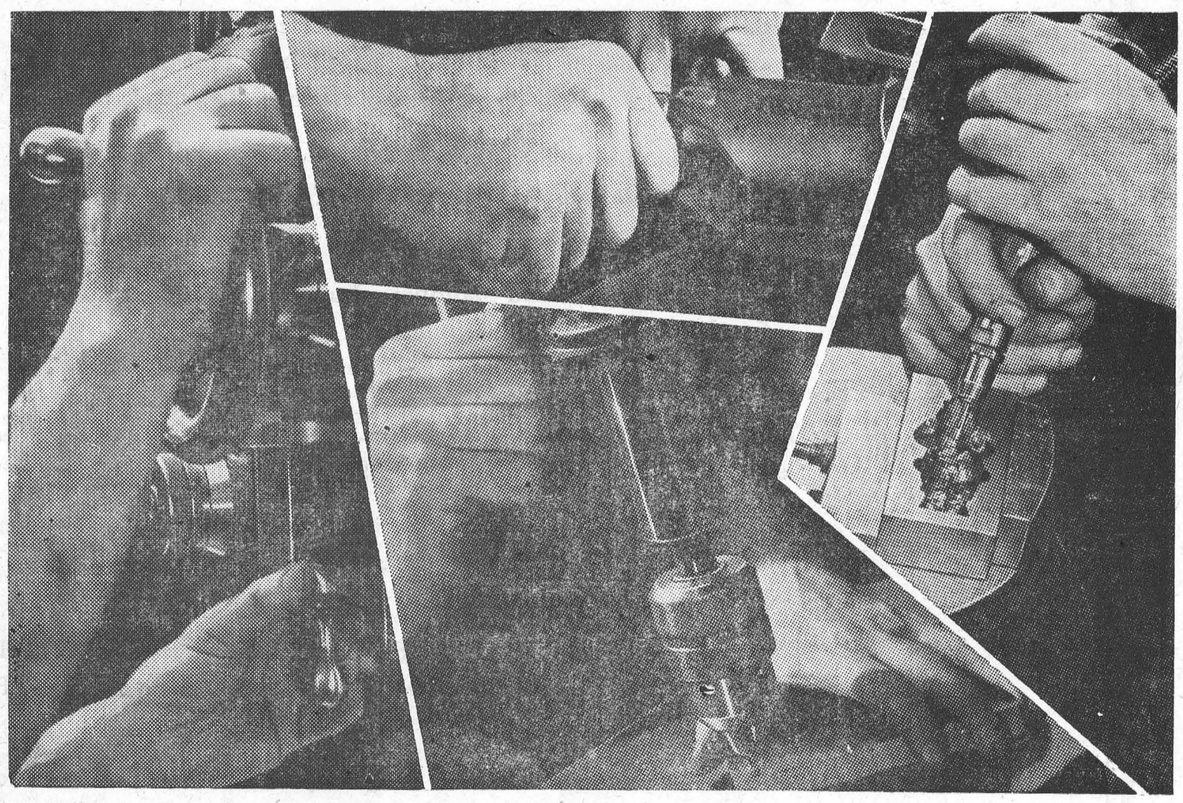
HANDS IN TRAINING...FOR ONTARIO



Learning to Make Plastics

IN Ontario the wheels of industry turn for the benefit of every single one of us. Our lathes, dynamos, drill presses, farm combines, tractors, business machines, etc. are producing goods and services which earn dollars. These dollars provide food, clothing, medical care and other necessities which contribute to our security and high standard of living. Every single one of us, therefore, has a very personal interest in the flow of a steady supply of trained workers to industrial plants. These workers will operate machines which are important to our way of life.

We should appreciate, then, the co-operative efforts of government, industry and labour in the field of employee training. In schools and in factories our workers, young and old, are given the opportunity to develop new and specific skills in every field of business and industrial activity. For instance, as in the pictures shown here, every effort of Ontario's newly-skilled plastics workers will mean better plastic products — will help to make Ontario a finer place in which to live and work.

Our Way of Life Rewards Trained Hands

Ontario workers know they can earn more, have executive responsibility and enjoy a higher standard of living in direct ratio to the skills they acquire and the way they make use of them. That's always true in a free economy — that's why our competitive system will continue to make Canada great and a great place in which to live.

THE BREWING INDUSTRY (ONTARIO)

News From Our Neighbouring Districts

TOYES HILL

Miss Lois Coons and Miss Valerie Lafevre, of New Liskeard, were week-end guests of the former's parents, Mr. and Mrs. Dalton Coons.

Mr. and Mrs. Joe Steele spent Thursday in Ottawa.

Mr. and Mrs. Earl Johnston, of Iroquois, were week-end guests of Mr. and Mrs. Dwaine Johnston.

Mr. and Mrs. Alex Davidson, of Winchester, were dinner guests on Thursday evening with Mr. and Mrs. Robert Kirkwood.

Mr. and Mrs. Kenneth Hutt and family, of Inkerman, spent Wednesday evening with Mr. and Mrs. Joe Steele.

Mr. and Mrs. Byron Steele were recent guests of Mr. and Mrs. Blake Durant, of Ottawa.

Mrs. Beulah Cassidy, of Morrisburg, spent the week-end with her parents, Mr. and Mrs. Robt. Kirkwood.

WINCHESTER SPRINGS

Mr. and Mrs. Irwin Holmes spent Thursday in Brockville with Mr. and Mrs. Oliver Holmes, and Mrs. A. E. Holmes returned home with them after spending three weeks in Brockville.

Mr. and Mrs. Earl Adams and family of Kiars, spent Sunday with Mr. and Mrs. Arthur Adams.

Miss Lois Munro, Reg. N., of Kingston, spent the week-end with her parents, Mr. and Mrs. Earl Munro.

Mr. and Mrs. B. Short and Carolyn and Mr. and Mrs. Clarence Sears, of Cardinal, and Miss Betty Kirkwood spent the week-end with Mr. and Mrs. Geo. Kirkwood.

Mr. and Mrs. Ralph Allison, Keith and Dale, had tea Sunday evening with Mr. and Mrs. Harry Holmes.

Mrs. Merritt Campbell, of Finch, has been visiting here for a few days.

Mr. and Mrs. John Thompson and Mrs. G. Boyd were into Ottawa on Thursday.

Mrs. John Forrester was a guest for tea with Mr. and Mrs. John Cameron on Wednesday.

Recent guests of Mr. and Mrs. Thos. Thompson were: Mr. and Mrs. Allen Thompson, of Smiths Falls, and Mr. and Mrs. Angus McCrae. They later visited Mrs. Archie McCrae, who is a patient in the hospital at Winchester.

The ladies of the United Church W. A. held sewing bees at the homes of Mrs. Lloyd Montgomery and Mrs. C. Stirtan last week, and also at the home of Mrs. G. Boyd on Monday evening of this week.

We are sorry to report Mrs. Harold Baldwin is a patient in the Winchester District Memorial Hospital.

W. I. Meeting

The regular monthly meeting of the Women's Institute was held in the I.O.O.F. Hall on Thursday, Feb. 16th. The president, Mrs. Gordon Mulholland, was in the chair, assisted by the secretary, Mrs. Justin Morrow. The roll call was answered by giving the history of your home. Mrs. Gordon Cleland gave a report on what they have learned at the Course up-to-date on refinishing of furniture.

Mrs. Gertus Montgomery had charge of the program on Historical Research, which consisted of community singing, a paper on the early history of our town, written by W. J. Duncan, was given by Mrs. J. Morrow. A quartette, by Marion Mulholland, Beatrice Thorpe, Murray Graham and Fred Swan. A knitting contest by the grandmothers was won by Mrs. Lorne Armstrong. A duet by Mrs. Lorne Armstrong and Murray Graham; a reading, "British Socialized Medicine," by Mrs. G. Cleland; a contest on guessing the first photo of the different members was won by Mrs. G. Cleland. Lunch was served by the committee in charge and the meeting closed by singing the National Anthem.

MOREWOOD

Mr. and Mrs. Harry Hutchinson visited on Thursday night with Mr. and Mrs. Harold Windsor, Chesterville.

Mrs. J. V. Fetterly and Mrs. A. Dillabough visited on Friday with Mr. and Mrs. Dalton Docksteader.

Mr. and Mrs. F. S. Barrington spent the week-end in Eganville with Mrs. Harold Barrington and Mr. and Mrs. Harold Lisk.

Mr. Glen Dillabough, of Navan, spent the week-end with his parents, Mr. and Mrs. Stanley Dillabough.

Miss Vivian Barrington, of Moose Creek, spent the week-end at her home here.

Miss Lois Steinburg visited on Friday evening with Mr. and Mrs. Harry Hutchinson and boys.

Miss Margaret Carlyle, of Ottawa, spent the week-end with Mr. and Mrs. W. B. Carlyle.

Mrs. Roy Fetterly visited on Friday with Mrs. Wm. Hamilton, of Chesterville.

Mr. and Mrs. Jack Nadeau, Mrs. Hume McConnell and Mrs. Don Carruthers spent Friday in Ottawa.

Morewood W. I. Meeting

Forty-five members and visitors attended the February meeting of the Morewood Women's Institute, held at the home of Mrs. J. B. Loughridge. Mrs. A. Steinburg presided, with the assistance of Mrs. S. Mattice as secretary. The roll call was answered with a Valentine verse.

The guest speaker was Mr. H. W. Graham, of Morrisburg, Agricultural Representative for Dundas. His subject was "Agricultural Readjustments." He was introduced by Mrs. Steinburg and thanked by Mrs. Donald Runions.

Mrs. J. Frank Casselman gave a talk on public relationships and community activities. Used Christmas cards are to be collected and sent to the Andrew Davison Industry in England. The next meeting will be the election of officers and will be held at the home of Mrs. Hume McConnell. Mrs. Dwight Marcellus was pianist for the meeting.

WINCHESTER HOME & SCHOOL ASSOCIATION TO MEET

The monthly meeting of the Winchester Home and School Association will be held at the Winchester Public School on Monday, February 27th, at 8.00 p.m., sharp. The meeting is open to any person interested in the welfare of children.

The children of Grades 5 and 6, under the direction of Mr. Gerald Droppo, will provide the entertainment. The special speaker will be Miss Mary I. Hill, specialist in speech correction in the Ottawa Public Schools.

Miss Hill is a native of Cobden, Ontario. She received her early education at the Renfrew Collegiate and, later, received a First Class Certificate from the Ottawa Normal School and Dept. of Education certificates as a teacher of Auxiliary Classes and as a teacher of the Deaf. For two summers she studied speech in New York at Columbia University.

Her teaching experience has been varied. She began teaching in a rural school, and then spent a short time at the Cobden Public School. For some time she was on the staff of the School for the Deaf in Belleville, Ontario. In Ottawa she taught a Junior Auxiliary Class for two years before occupying her present position as specialist in Speech Correction.

The subject of Miss Hill's address will be "Your Child's Speech."

HONOURED ON 30th WEDDING ANNIVERSARY

On Saturday evening, Feb. 18th, friends and relatives gathered at the home of Mr. and Mrs. Simon Garlough, Winchester, to celebrate their Thirtieth Wedding Anniversary.

Mrs. Garlough (nee Mabel Feeley), of Cannamore, and Mr. Simon Garlough, of Casselman, have spent practically all their wedded life in this community where they are so favourably known. Their family were all present on this happy occasion, namely: Mr. and Mrs. Earl Garlough and only grandson, Gary, of Mountain; Mr. and Mrs. Carl Garlough and Mr. and Mrs. Bert Garlough, of Winchester.

The only decoration in the home was the table with an elaborate cloth, centred with a beautiful and artistically arranged wedding cake. The evening was spent in playing euchre, after which a dainty lunch was served.

Relatives from a distance present were: Mr. and Mrs. E. Garlough, of Walles; Mrs. Garlough's only sister, Mrs. Borden Armstrong, Mr. Armstrong and son, of St. Albert; Mr. and Mrs. Lorne Feeley, of Chesterville; Mr. and Mrs. Floyd Feeley, of Chrysler; Mr. and Mrs. Lorne and Benny Baker, Mr. and Mrs. Ken. Stuart and Mr. and Mrs. Leo Butler, all of Ottawa.

Among the many gifts received was a beautiful electric clock from the family.

The many friends of this esteemed couple extend best wishes for many more years of happiness together.

Farm Forum Column

FIFTH LINE FARM FORUM

Seventeen members and three visitors met at the home of Mr. and Mrs. Cecil Waddell for the Feb. 13th forum meeting. The radio programme was listened to and then a good discussion took place on the subject: "Is there enough Land." A short business period was held and it was agreed that the Forum would be the sponsors for the Township Rally at Metcalfe Town Hall on Feb. 27th.

Mrs. Waddell conducted two contests and two games, which everyone enjoyed, after which lunch was served.

At a meeting of Mountain Township Agricultural Society, held in the I.O.O.F. Hall, South Mountain, on Friday evening, the officers and directors decided to sponsor a Car Draw at the Annual Fall Fair, to be held at South Mountain in September. This will be the first time that the Society has sponsored a ticket sale on a car. The tickets will not only entitle the purchaser to a chance on the car, but will be good for admission to the Fair. Associated with the Society in conducting the ticket sale on the car, will be the Employees' Union of the Ottawa Transportation Commission.

The dates of Mountain Fair have been set for September 7th and 8th, and already the directors are busy making plans for a bigger and better exhibition than ever. Steele's grandstand attraction, which proved so popular last year, has again been engaged for performances on both nights.

At Friday's meeting, plans were also made for the Annual Dominion Day Race Meet, to be held at South Mountain on July 1st. In addition to pari-mutuels, several new features will be included in this year's program.

The meeting was presided over by Reeve W. A. Cameron, president of the Society, with Mr. Ray Berry as secretary.

CHAMBERS OF COMMERCE MEETING

A meeting of the Chambers of Commerce of the towns likely to be affected by the St. Lawrence waterway development, was held at the Rosedale Inn, Morrisburg, on Wednesday last. Despite the storm, there was a good attendance of delegates, and there were also present Mr. W. J. Turnbull, of the Trade and Industry Branch of the Provincial Department of Planning and Development; Mr. T. R. Hamill, of the Canadian Chamber of Commerce, and Mr. H. D. Callan, President of the Eastern Ontario Association of Boards of Trade, who conducted the meeting. Mr. Callan urged the importance of concentrated unity and greater effort to "sell" the industrial merits of the Eastern Ontario region.

A resolution was passed urging the immediate development of the St. Lawrence for power and navigation purposes, and a committee was appointed to draft a suitable memorial in that connection.

The Winchester and District Chamber of Commerce was represented by Mr. H. T. Meldrum, President, and Mr. Robert A. Vice, a member of the Council.

Historical Sketch of Mulloy School

WHAT'S IN A NAME?

(By Mrs. Lou E. Lazier)

Possibly the younger generation wonders why S. S. No. 11 in Mountain is known as Mulloys, when no one of that name attends. The association started 120 years ago, when a young man from Castlebar, County of Mayo, Ireland, George Mulloy by name, yet in his teens, began to clear the 100 acres of tall timbers known afterwards as Maple Grove Farm. As soon as he had established a home, he married Miss Margaret Kennedy, a sister of the late Andrew Kennedy. He sent for his parents, and soon all but one came to make their homes in the new country.

With their little family around them, Mr. and Mrs. Mulloy began to yearn for educational advantages, and school section No. 11 was organized, possibly about 1849. The first school was no doubt of logs; teachers "boarded around"; the more pupils in the family the longer the teacher stayed in a given home. Conditions improved and a newer stone structure was built about 1875. George and James Mulloy were very active in school matters, and the land where the school now stands was given by Gift Deed by James Mulloy. In the original deed there is a clause permitting the use of the building for religious services, if so desired.

To perpetuate their interest in the school, the two had together a total of 25 Mulloys enrolled there. The nine children of Wm. John Mulloy also attended. Of course the George Mulloy family with two marriages and two sets of twins counted materially in the grand total. The Squire, for by that name magistrates were known, used to reply when asked where he lived, "Go west of Bates' Corners two miles, turn north and you will see a place that looks like a country school, let out for recess. That is where I live." That was Maple Grove farm.

Count 'em. The children of the first marriage were Mary Ann Robinson, Wm. John Mulloy, Margaret Beatty and George Mulloy. In 1855 George Mulloy and Miss Mary Elizabeth Redmond, teacher, were married. Their children were: Martha Reid, Katherine Dickson, Maude Boekenoogen, Marcus Mulloy; the twins, Knox and Wellington; six years later another pair of twins, Clem and Clugston; Fred Mulloy, Lorne W. Mulloy, Lou E. Lazier and F. Pearle Mulloy.

James Mulloy lived a mile south of the school, and across the fields came his family of 10; two sons, Wm. of Vancamp, and John R., of Morrisburg; and Ira Mulloy, an adopted son; seven daughters, Ann Barrington and Mirnade Hamilton, living east of Winchester; Mary Faith, of Winchester; Margaret, wife of Rev. Mr. Pearson; Betsy Keegan, of Oxford Mills; Judith Maribee, and Jane Ross, wife of John Ross, Winchester mortician.

William John Mulloy sent his quota from his home east of the school: George, Bill, Dewitt, Dr. John Knox and Ralph Mulloy, all living in Alberta. Four daughters accompanied their brothers: Ida Lee MacNamara, Margaret McHattie, Elizabeth Forsythe and Mary Mulloy.

Also attending were the children of Mrs. Mary Mulloy Robinson: Mrs. Maggie Timmins, of Calgary; Mrs. Effie Timmins, of Winchester, and Mrs. Annie MacEwen, of Ottawa. It might be said in passing that there might have been some more Mulloys attending even now if Fred Mulloy, bachelor, of Winchester, had lived up to the family tradition. We wonder how many of these mentioned etched their names on the old desks.

Teaching in S. S. No. 11 were: Mary E. Redmond Mulloy, Mrs. Grace Stuart Mulloy, Lorne W. R. Mulloy (Lt.-Col.), and Lou E. Mulloy Lazier. The names of those serving as trustees were George Mulloy, James Mulloy, Wm. John Mulloy, Wellington and Fred Mulloy.

Many schools are identified by the names of pioneer families. Is there one in Dundas County having more substantial reason for the perpetuation of the name than Mulloys?

LOCAL WOLF CUB TROOP HOLDS PARENTS' NIGHT

An enjoyable event took place in the Susie Annable Meomiral Hall at the Public School on Monday evening when the members of the local Wolf-Cub Troop entertained their parents, under the direction of their leaders, Rev. L. B. G. Adams and Messrs. Gerald Droppo and George Gibbnos. Following a brief program, featuring Cub work, refreshments were served by Miss Jean Wyatt and Miss Madge Coons.

During the evening the following Cub Citizens' Committee was appointed: Dr. W. A. Sherwood and Mr. R. Wylie, 3 years; Messrs. H. Willard and Robt. Woods, 2 years; Rev. N. J. Thomas and Mr. Gordon Coons, 1 year. Chairman of the Committee is Mr. H. Willard.

CARD OF THANKS—I wish to thank my friends and neighbours for their many acts of kindness during my illness and while I was a patient in the District Memorial Hospital. The treats, cards and personal visits were sincerely appreciated.—Clifford McKee. 41p

IN MEMORIAM

IN MEMORIAM—In ever loving remembrance of our darling little daughter, Rosemary Margaret Elizabeth Adams, who went to Heaven on February 26th, 1948.
"They that love beyond the world can not be separated by it. Death can not kill what never dies.
41c —Mommie and Daddy.

IN MEMORIAM—In fond and loving memory of "Mother," Mrs. Thomas Annable, who passed away February 24th, 1948.
When a mother breathes her last farewell,
The stroke means more than tongue can tell;
The world seems quite another place
Without the smile of mother's face.
41p —Son and Daughters.

IN MEMORIAM—In loving memory of my dear husband, Wilburn Lloyd Coons, who passed away February 23rd, 1947.
One by one they go before us,
They are fading like the dew,
But we know they're waiting for us
In that Land beyond the blue.
They are beckoning us to follow
To that Land of Endless Day,
Where our sorrow is gone forever
And our tears are wiped away.
41p —Sadly missed by Wife.

IN MEMORIAM—In ever loving memory of John Cumming, who left us February 28th, 1947.
The rolling stream of life rolls on,
But still the vacant chair
Recalls the love, the voice, the smile,
Of the one who once sat there.
41c —Wife and Family.

WILL-POWER PAYS OFF

Will-power pays off when it comes to leaving the vegetables alone while they are cooking. When the lid is off the pot, valuable vitamins and minerals escape, and the cooking is prolonged. With the lid on the food is not only more nourishing, it is more tasty as well.

FUN OUTDOORS

Children need plenty of exercise in the open air all year 'round. Don't let the cold weather keep your child indoors. Well bundled up against the cold, your youngster will enjoy the outdoor play in the frosty weather. And the glow on his cheeks will testify that it is good for him.

THE BEST OF HEALTH

An expectant mother should not consider herself an invalid. Pregnancy is a normal condition and should be treated as such. However, a pregnant woman should take care not to overexert herself during her regular daily exercise. She needs a well-balanced diet and plenty of sleep.

GOLDEN VALLEY FARM FORUM

The Golden Valley Farm Forum met at the home of Mr. James McAndrew on Monday evening with eight present. "Conservation is Everyone's Business" was well discussed. In this locality it would seem that there is need for better drainage, more reforestation, and the planting of crops that would hold the soil from being washed away by the spring floods.

A soil conservation could only operate successfully in this community if grants were received from both federal and provincial governments, and enforced through the municipal council. A soil conservation committee would see that the non-productive soils were reforested, the present bushes preserved, that soil analysis be made and the proper treatment for more and better production encouraged.

This Forum will join the others in the Township for a Forum Rally in the Town Hall, Metcalfe, on Feb. 27.

Special Sale

of Summers' Home-Made

White & Chocolate Layer Cake

THIS FRIDAY and SATURDAY

Because we would like you to know that we can give you a good home-type Layer Cake, fresh, ready to serve, for the price that you would pay for a Cake Mix, we are making this Special Cake Sale. No bother mixing, baking or icing, just drop in and take home a fresh cake for supper. So for Friday and Saturday only, we make this offer:

With each purchase of One Layer Cake at the regular price of 40c, you may have your choice of one dozen Tarts, Matrimonial Squares, or Oatmeal Jam Cookies, all 35c sellers, for only 10c. Here is 75c value for only 50c.

We invite you to take advantage of this special offer, and be convinced that when it costs no more than a cake mix, it would be smart to drop into Summers' Bakery anytime and take home a Fresh Layer Cake, ready to serve for supper.

G. W. SUMMERS & SON - Winchester, Ont.

For Parents Only

(By Nancy Cleaver)

HOMEWORK HINTS

"It is not the pupils who make the "homework problem" but parents!" a teacher said recently.

"An antagonistic attitude to all homework on the part of mother or dad, is very quickly reflected in the child's work. Children, in the matter of homework, and other things too certainly "take their home to school with them!"

Another teacher who was listening said quietly: "Some parents are honestly doutful of the value of homework—but since some of it is necessary for the older scholars, it might as well be done willingly and well."

At this point a mother expressed her views:

"The catch is getting Junior to do it himself! He comes from school with envious reports of the praise Phillip gets from the teacher for his neat, correct answers to all the homework questions—and Junior says Phillip's dad does his homework for him . . . and that little Blank girl's mother always work out her arithmetic problems for her! Goodness knows, I have enough to do without taking on a public school evening course! Teachers should see to it that it is the scholar's own work and then the parents won't be nagged by their children for "just" a little help with my homework."

"Perhaps some teachers are poor detectives!" another mother said with a laugh.

"But I do think a teacher should make a guess at how long it would take an average pupil to do one evening's homework, and keep the amount assigned within a reasonable limit. Many children take music lessons or have other valuable hobbies. They should do a few home chores—and they do need a little time to play—they should be in the fresh air after being indoors so many hours on a school day!"

How often the pros and cons of homework have been discussed! There is something to be said for the convictions of both teachers and parents in this conversation—the doing of homework, unfortunately, is a most contentious subject. It is a battle ground in far too many homes. What are some practical useful suggestions to parents on homework hints?

If your child has homework which his teacher has given to his class, don't make it harder for him by pouring scorn on homework, criticizing the teacher, or by being too anxious for a perfect record from your child in his school marks.

Accept homework as a job to be done regularly without fuss. This piece of work, if done well by the pupil "on his own," will help him in habits of concentration and self-discipline. It will also add to his knowledge and grasp of his school work.

Provide a place for your child to study—if possible a table and chair in a room by himself. See that he is comfortable and that the lighting is good. The family living room often has a radio on as well as other interesting interruptions. Neither does the kitchen table, if people are coming in and out, provide the quiet atmosphere for academic work.

Help your children to budget his hours out of school wisely. Have a set time when he agrees to begin homework each evening. A definite other substitute time between four o'clock and supper is necessary on the special occasions when this evening schedule is broken in to.

Many boarding school students have "study hours" begun and ended by a bell. This is an easy way to remind a youngster that homework time has come Boarding schools also usually provide a simple "snack" at bed time of crackers and cheese or some other light refreshment. This is a jolly session! Mother or dad should take a few minutes to be sociable with a boy or girl at home at "snack time" after homework is done, just before "sleep time."

Have a casual attitude to your child's homework. Remind him it is his job, not yours. (You have your own evening tasks to see to.) Be very sparing in your assistance. School subjects are taught so differently now from what they were when parents were young, that chances are your help will only confuse your youngster as well as tend to make him a "leaner."

ST. PAUL'S W. M. S.

On Tuesday evening, Feb. 14th, the monthly meeting of St. Paul's W. M. S. was held at the home of Mrs. H. Cinnamon. In the absence of Mrs. A. G. Suffel, president, Mrs. W. Moffat conducted the opening part of the meeting. The minutes were read by Mrs. R. J. Empey, and roll call was responded to by a verse of Scripture containing the word "Shepherd." A duet by the Misses Clark and Milne, accompanied by Mrs. Hugh Wilson on the piano, was much enjoyed. Mrs. H. Wilson gave an encouraging treasurer's report. Other departmental reports were not given, owing to the absence of the secretaries. Mrs. Geo. Wilson gave an interesting paper on "The Shepherds." Mrs. Cinnamon gave "Timely Messages" and a paper on Japan's customs and religion, the first part of the Study Book. Mrs. Wilson gave the second part on the different ways of worship. These papers were of much interest. Up-to-the-minute news of foreign and home missionary news were given by Mrs. H. Wilson.

The World's Day of Prayer is to be held Feb. 24th in the United Church. Plans were made for the annual Tea and Money Shower. The meeting closed with a hymn and prayer. Mrs. Cinnamon, assisted by Mrs. Geo. Wilson, served delicious refreshments, and those present enjoyed a social hour, with grateful thanks to the program committee and hostess.

CANADA'S *health*

SNOWSHOE TRAILS

When the snow lies deep on the ground and the temperature is shivering in the bottom of the thermometer, the grand old sport of snowshoeing comes into its own again. Canada's woods and fields provide ideal settings for this healthful exercise which requires less expensive equipment than many other winter sports.

CANCER AND FEAR

One of the worst features of cancer is the fear it instils into people. In many cases this fear prevents men and women who suspect they may have cancer from consulting a doctor at once. If you have cause for suspicion, see a physician right away. To delay may be dangerous.

DEATHS FROM DIPHTHERIA

In a recent year 360 Canadians, nearly all of them children, died from diphtheria and whooping cough. Many of these victims could have been saved by immunization. Immunization is free, safe and practically painless. And it gives almost 100 per cent. protection against these diseases.

SHUR-GAIN FEED SERVICE

18% Chick Starter

Good Layers Start With Good Chicks

A good laying flock depends first on the type of chick and then on the feeding and care till laying. Ensure the best possible chicks by feeding them the best. SHUR-GAIN Chick Starter is an entirely new feed high in TDN. High TDN (food value) means that your chicks get more value from every peck than from ordinary feeds. You buy the best when you buy SHUR-GAIN.

UNICEF©

To 20 Million Kids That Spells "FOOD"

UNICEF stands for a long name. But in plain language it just means help for a lot of sick, hungry, and helpless children.

UNICEF is an arm of United Nations which reaches across Europe and Asia to feed, clothe, nurse and rehabilitate millions of children. It is supported by the VOLUNTARY contributions of many nations and many individuals.

UNICEF has fed 5 million children in Europe—but it lacks funds to feed another 15 million. It has tested 15 million for disease and vaccinated 8 million—but it hopes to test and immunize 100 million.

In even simpler terms—YOUR contribution of ONE dollar will pay for enough leather to make a pair of child's shoes—or it will buy a glass of milk for 10 children every day for a week—or it will give 300 kiddies a day's dose of cod-liver oil. A dollar bill or a dollar cheque sent to "UNICEF, Ottawa" will do these things. UNICEF is just as simple as that.

© UNICEF stands for United National International Children's Emergency Fund.

Letters to the Editor

To the Editor of the Press:—

Dear Sir:—The following excerpt from the "Speech From The Throne," the address in which His Excellency, the Lieutenant Governor of Ontario, on February 16th, outlined to the members of our Provincial Parliament the legislation which the Government proposes to introduce at the present session of the Legislature, should receive the attention of the citizens of Winchester.

In reference to the Municipal Development Corporation the speech said:

"It is proposed that methods be provided which will facilitate the construction of water works, sewage disposal plants, incineration plants, works for the elimination of pollution and related services, especially within the smaller municipalities. You will have submitted to you a measure providing for the creation of a Municipal Development Corporation the purpose of which will be to loan to municipalities at a favorable rate of interest, the money necessary to carry out such projects where the burden of other methods of financing may be too heavy."

Yours faithfully,
H. T. Meldrum.

INGRID BERGMAN

(Leamington Post & News)

Many people thought and hoped that Hollywood had reached its all-time low in the Rita Hayworth-Aly Khan episode of last year. But they reckoned without Ingrid Bergman.

A generation has passed since the tragic results of a Hollywood drinking party wrecked the career of the once popular Fatty Arbuckle. That episode resulted in a drastic clean-up.

Is it significant of steadily progressing moral deterioration that the movie fraternity seems to be taking these later and far more nauseating peisodes in its stride.

This is not by way of criticism of the movies as a whole. Hollywood has some appealing and respectable figures—notably the sterling and upright character who played the roll of "Blue Boy" in "State Fair."

But of course the pig had something on Ingrid. He might wallow in the dirt in his off moments, but the dirt in his case was purely external.

PARKING NOTICE!

I have been instructed by the Municipal Council to enforce the local Parking By-Law without fear or favour. According to the By-Law, all cars and trucks parked on St. Lawrence Street, between Main and Caleb Streets, must be parallel with the sidewalk. Double parking and angle parking is not permitted in this area. Cars may be parked on an angle on Main Street. Motorists are asked to observe these rules when parking their vehicles, otherwise I will have to issue a violation ticket, and a fine will be the result.

Constable Gilbert Raistrick.
40-41c

Auction Sale!

FARM STOCK AND IMPLEMENTS

The undersigned will offer for sale by Public Auction on Lot 5, Con. 4, Township of Winchester, on Highway 43, half mile east of Highway 31, on

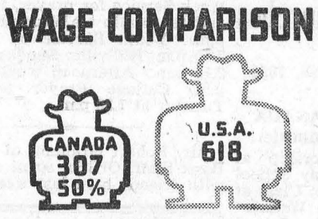
R. O. & WILFRED DURANT, Prop.
MAHLON ZERON, Auctioneer.
40-41c Ray Wilson, on Pedigrees.

WAGE COMPARISON: CANADA AND UNITED STATES



POPULATION

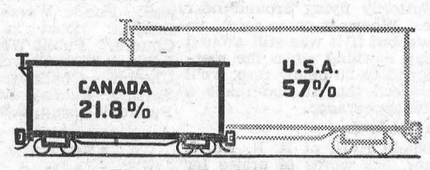
per mile of railway

NATIONAL INCOME

PER CAPITA	PER MILE OF RAILWAY
$873. in Canada	*$262,000. in Canada*
$1,407. in U.S.A.	*$894,000. in U.S.A.*

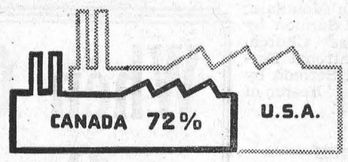
MATERIAL

$100. will buy only ⅔ as much coal in Canada



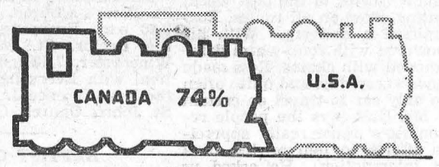
FREIGHT RATES

Overall increase since 1939



WAGES

average hourly earnings in all manufacturing
$0.986 in Canada — $1.373 in U.S.A.



WAGES

average hourly earnings in railways
$1.099 in Canada — $1.479 in U.S.A.

The Canadian railways are now contesting before a Conciliation Board in Montreal, union demands for a 40-hour week and pay increases which would add $84,147,000 to the railway wage bill. One of the major railway contentions in the negotiations is that there is no justificaton for comparing wages and working conditions as between Canada and the United States. The above charts illustrate some of the factors used in the railway argument. Population and national income, which in the final analysis mean the number of people and the amount of goods available for handling by railways, are the essential factors in railway operation. In Canada, the number of people per mile of railway averages only 50 per cent. that of the United States. National income for each man, woman and child in Canada is 62 per cent. that of the United States, while the national income for each mile of railroad is only 29 per cent. At the same time, the railways of Canada have to pay more than those of the United States for most of the materials and supplies which railways have to buy to keep operating. Coal costs 51.7 per cent. more in Canada, diesel locomotives cost 24.2 per cent. more, while freight and passenger cars, rail and all steel products are more expensive here. Only forest products can be bought more cheaply in Canada, among the items most heavily purchased by railways. While the costs of operating in Canada have increased rapidly, freight rate increases since 1939 have averaged only 21.8 per cent. as compared with a 57 per cent. increase during the same period in the United States. Despite all these factors which make the ratio between net earnings and gross revenue lower for Canadian railways than any Class 1 road in the United States, the wages of Canadian railway workers come closer to the American scale than the wages of those employed in all manufacturing industries in relation to the average scale in all American manufacturing industries. The chart above shows that railway wages, averaging $1.099 an hour, are 74 per cent. of the average American railway wage, while manufacturing wages, averaging $0.98 per hour, are only 72 per cent. of the American scale.

MULLOY SCHOOL BOX SOCIAL AND ENTERTAINMENT

The Mulloy unit of the Women's Hospital Auxiliary sponsored a well attended Box Social at the school, three miles west of Winchester, on Friday night, with programme arrangements in charge of Mr. and Mrs. Homer Patterson. Over $70.00 was raised from gaily decorated boxes auctioned off by Mr. Patterson. Mr. Dave Bruce was the highest bidder, and won a special prize of a set of kitchn scales, donated by Messrs. Wm. McVey, Basil Dawley and Roy Baker of Kemptville. The prize for the best decorated box, judged by Mrs. N. J. Thomas and Mr. W. A. Rowat, went to Miss Eva Grace Riddell. The judging of boxes resulted in a deadlock, and Mr. Roy Baker was arbitrator in a final decision on the best out of four boxes selected by the two judges. Programme numbers were piano selections by Miss Dorothy Servage; community singing led by W. A. Rowat; dances by Miss Esther Patterson in Scotch costume; readings by Mrs. Thomas and Mr. W. A. Rowat, and the showing of pictures by Messrs. Roy Baker and Basil Dawley. Colored talking pictures by Mr. Baker included views of local interest taken on farms in Grenville and Dundas counties, also scenes on the farm of Mr. Frank Ryan, owner of station CFRA, with views of "Grassview Queen," the 3-year-old mare donated by admirers of Mr. Ryan to replace the horse lost by him in a parade sponsored by the Optimist Club of Ottawa.

Mrs. Ralph Watson was chairman, and Mrs. Wm. McVey thanked the entertainers, the auctioneer, and Mr. and Mrs. Patterson, on behalf of the Hospital Auxiliary.

Odors on Dishes

Remove odors of fish or onion from dishes by soaking them for a few minutes in warm soapsuds, to which has been added one teaspoonful of ammonia. Then scald and wash as usual. Or, try a tablespoonful of vinegar in the washing water.

An Important Announcement about

NEW MARGENE

When the sale of Margarine in Canada became legal 12 months ago, MARGENE was the first brand to appear on the market.

At that time Margarine had been banned from Canada for 25 years. There was no way of knowing what flavour and what texture would best appeal to the Canadian palate.

In the intervening 12 months, Canada Packers has carried on week-to-week tests to find out exactly the flavour Canadians wish.

We feel we have it in the NEW MARGENE—the flavour and the texture Canadians like.

If you have not tasted the NEW MARGENE try it now.

SPREAD IT on hot toast.
SERVE IT with hot vegetables.
BAKE with it.

You will like the NEW MARGENE

SOCIAL AND PERSONAL

Mr. and Mrs. Leonard Porteous, of Ottawa, were calling on friends here on Saturday.

Miss Audrey McCoy, of Richmond, spent the week-end the guest of Miss Shirley Redmond.

Mr. Morris Finklestein, of Montreal, spent the week-end with his niece, Mrs. Louis Weiner, Mr. Weiner and Auby.

Miss Marjorie Summers, Reg. N., of the Royal Victoria Hospital, Montreal, spent the week-end the guest of Mr. and Mrs. Lloyd Wilson.

Mrs. J. Meltzer and niece, Miss Sandra Weiner, of Montreal, were week-end guests of the former's brother, Mr. and Mrs. Louis Weiner and son.

Mrs. W. A. Rowat, of town, received word on Tuesday morning of the sudden passing of her younger brother, Mr. John J. Moore, of Chatham, Ont.

Mr. and Mrs. Hart Melvin and daughter, Miss Eleanor, left by motor last Thursday for Florida, where they will enjoy a six weeks' vacation. They were joined enroute by Mr. and Mrs. Carl Melvin and daughter, of Winnipeg, Man.

CORNWALL TRUCK DRIVER HAD NARROW ESCAPE

William Greer, 23, of 233 Danis Street, Cornwall, was discovered half frozen and in an unconscious state by Ontario Provincial Police Constable W. F. Kroll, of Ottawa, about 10.30 o'clock Tuesday morning, in the back of the truck he had been driving, on Highway 31, two miles south of Vernon.

Greer, a truck driver for Gamble-Robertson, operating out of Cornwall, left that place at 9.30 on Monday evening for Ottawa. When he failed to arrive at his destination, Mr. Hubert Quart, Manager of the firm's Cornwall Branch, notified the police.

Constable Kroll set out in search of the driver and the truck, locating it parked along the highway near Vernon. As the driver was not in the cab or anywhere to be seen, the officer opened up the door on the van of the truck. There he discovered the driver lying on the floor, half-frozen and unconscious. He summoned assistance and had the man rushed to the local hospital, where he was attended by Dr. G. Barton, of Chesterville. The hospital being filled to capacity at the time, a bed was prepared for the patient in the basement. He was detained with a private nurse from Cornwall, and removed to a Cornwall hospital on Tuesday evening.

According to police reports, Greer had encountered trouble with the gas-line on the truck enroute to Ottawa, and after trying to repair it in the 15-degree below zero weather, he decided to crawl into the van of the truck to get warm, there being a small charcoal stove in the van. Evidently he fell asleep and was overcome by the fumes from the stove, and suffered from exposure to the bitter cold.

Had the constable not located the driver when he did, the man would have probably died from carbon dioxide poisoning.

WOMEN'S INSTITUTE HOLDS ANNUAL "AT HOME"

Th regular meeting of the Women's Institute was held in the town hall on Tuesday evening and took the form of an "At Home," with the husbands and friends of the members as guests. There was an attendance of about sixty.

Prior to the program, a brief business period was held, under the chairmanship of the president, Mrs. Geo. C. Wilson, with Mrs. Thos. Edgerton presiding at the piano.

As the annual meeting will be held in April this year instead of March as has been the custom, the executive was appointed to arrange for the March meeting.

Several letters of appreciation, sent from the recipients of overseas parcels, were read by the secretary, after which the balance of the evening was spent in contests, singing and games.

A feature of the program was the presentation of her prize-winning address on the Des Joachims Hydro Power Development Project, by Mrs. Lynden Hough, of Newington. It was thoroughly enjoyed and Mrs. Hough was thanked on behalf of the W. I. by Miss Jean Wyatt.

A quiz, prepared by Miss Emma Gardner and Mrs. E. Walker, was presented by Mr. Reg Finnemore. It took the form of a question and answer contest between two mixed teams of four. Personnel of the teams were: Mr. Erle Helmer, captain; Mrs. M. Bowden, Mrs. N. Hutt and Mr. Fred Cass; Mr. Arthur Christie, captain; Mrs. Geo. McConnell, Mrs. Wm. Lannin and Mrs. H. Fetterly. The time-keeper was Mrs. Jas. Crummy. The team, captained by Mr. Helmer, won the contest by a very narrow margin.

Other items on the program included a reading by Mrs. N. J. Thomas and a vocal solo by Mrs. Percy Durant, accompanied by Mrs. Howard Fetterly.

Appreciation of the guests for the fine evening's entertainment was voiced by Mr. Helmer, while Mrs. Wilson thanked the committee in charge of the meeting and all who had contributed to make the program so enjoyable.

At the close of the meeting refreshments were served by the following committee: Mrs. C. Rice, convener; Mrs. J. Crummy, Miss E. Gardner, Mrs. G. Parish, Mrs. E. Walker, Mrs. J. Barrett, Mrs. N. Bowman, Mrs. Wilfred McKercher and Mrs. Geo. Atchison.

The World Day of Prayer will be observed at a special prayer service to be held in the local United Church tomorrow (Friday) afternoon at 2.30 p.m. Ladies of all local churches are invited to attend and take part in the service.

Saw Large Butterfly.

Mr. Fred Hutt informed the Press last week that he had seen a large brown Butterfly flying around near his home. Where it came from, no one knows, but if it was still around on Monday morning when the mercury dropped to 20 below zero, we'll bet it realized that it had made a premature appearance.

Mailman Praised.

Mr. Arnold Hutt, of R. R. No. 3, Winchester, has words of praise for the mail-courier who serves his route, in the person of Mr. Ross McConnell. Rain, snow or sleet, Ross adheres to the postal slogan "the mails must go through." During the heavy snow storms of the past week, and drifting snow on all routes, Ross never missed a delivery. With his Jeep, powered with four-wheel drive and equipped with chains, Ross made the rounds every day, and quite often was the only car to travel on certain roads. Mr. Hutt says the people residing on Ross' route really appreciate his efforts to deliver the mail without interruption. He asked us to make note of the mail-courier's efficiency in the Press. We complied with that request and now we would suggest that the boys up there around R. R. 3 show their appreciation further by presenting Ross with a box of cigars or some other gift he would enjoy.
