

Henry Sauve named president of "Good Companions"

On Thursday, May 17 at the Drop-In Centre on the Plaza in Iroquois, Mr. Henry Sauve was elected President of "Good Companions--Iroquois and Community".

The name "Good Companions--Iroquois and Community" was chosen unanimously by the Board of Directors after several suggestions were made; and it was especially emphasized that this Senior Citizen's Organization is for interested people not only in Iroquois but also from the surrounding community.

Membership is for any interested person who is 60 and over there is a \$1.00 a year affiliation fee. Associate Membership is available for the post-fifty generation at the same rate of \$1.00 per year.

In addition to Mr. Henry Sauve as President, other officers include Mr. Charlie Mc Innis, Vice President; Mrs. Betty Whyte, Secretary; and Mrs. Edith Norton was elected Treasurer. Other members of the Board of Directors include Mrs. Maud Batchelor, Mrs. Vi Hare, Miss Kay Morgatroyd, Joe Elliott, Ed Casentree and Frank Bueley. Clergy who minister in Iroquois and Community were accorded honorary membership, with voting privileges.

The Board will meet again on Monday, June 4th at 1 p. m. at the Drop-in Centre to shape a Good Companions Party to

be held during Senior Citizens week, on Wednesday, June 20th. Luncheon guests for the occasion will be the residents of the Senior Citizen complex in Cardinal.

Mark your calendar for Wednesday, June 20th, the Civic Centre, for a pot-luck luncheon to be served at 12 noon. There will be a program, inclusive of a Membership Drive to give not only identification, but strength of numbers too. The Board of Directors are now paid-up members of the Good Companions, and the Treasurer Edith Norton has opened a Bank Account.

On Thursday the group heard from Mr. John Foster who is Secretary-Treasurer of the Morrisburg Senior Citizens Club. Also heard from was, a guest Mr. Harrison of Hamilton who is a member of a church-operated Senior Citizens Club. Both men were heard with much interest and appreciation.

The hope is to welcome a large number of people who are interested in "Good Companions" on Wednesday, June 20th at 12 noon at the Civic Centre. Bring Pot Luck for the luncheon, and share it with the Senior Citizen apartment holders in Cardinal, as special guests. A good program is being arranged, which will bring much pleasure to all.

Branch 370 installs new slate

The Iroquois Royal Canadian Legion Branch 370 installed their executive for 1973-74 on May 17th, 1973.

The New OFFICERS Are:

Front Row: Left to Right: Past President and Secretary Elect, Ed. HITCHINSON, President Kenneth EASTER, Second Vice President Ray DELGARDE. Back Row: Left to Right: Sgt.-At-Arms Louis BAILEY, Life Member and Executive Jack FALSHAW, Conferring Officer Rolly ASHMAN Zone Commander of 63, Membership Chairman Fred GOODMURPHY, Treasurer Fred T. LLOYD. Absent when the photograph was taken were First Vice-President Leonard H. ROBERTS and Sports Officer Willis DOUGLAS.

Scouters meet for election

Scout and Wolf Cub leaders from the St. Lawrence District Boy Scouts of Canada, met Wednesday evening, May 16, at St. Paul's United Church Prescott. Frank Bates of Cardinal, Coordinator, called the meeting to order. Mrs. Donald Roberge of Chesterville was secretary. George Lewis of Morrisburg, District Scoutmaster, presided at the Scout section. Bob Bryden of Roebuck, District Cub Commissioner, presided at the Cub section. Commissioner Allan Thom of Spencerville was present, and brought greeting to the combined groups. Future camping events were discussed and dates and locales set. There were several citations for extended years of service. The Reverend E. Earle Eaton of Chesterville, District Publicity Chairman, received a citation for fifty-five years of continuous service to Scouting. District officers were elected. Bill Sheldrick of Morrisburg was elected president. Mrs. Marlen Wade New Wexford, secretary. Gordon Mills, Prescott, treasurer; members at large: Clare Tucker of Iroquois and Gordon Modler of Prescott. At the conclusion of the business session refreshments were served by the

Lions float here Fri.

District residents can have the time of their lives watching one of the best parades that has ever come to Eastern Ontario. The event, a part of the Lions District A Convention, will be staged this Sunday starting at 1 p. m. in Cornwall.

Members of Iroquois Lions Club will have a float in the parade which usually has about 300 entries and the Lions Parade has become the largest parade of its kind in Ontario.

Be on hand this Sunday at Cornwall to watch the show of the year.

And it's all free.

This Friday evening at about 8 p. m. the Iroquois Lions Club float will be on display at the shopping plaza. Its theme is on the 25th anniversary year of Lionism in Iroquois.

PERSONAL NOTES

Gwen Shaver is a patient in Kingston General Hospital.

local committee. Representatives were present from Prescott, Iroquois, Cardinal, Morrisburg, Chesterville, Winchester, Spencerville and Kemptonville.

Legion Ladies' Auxiliary Installation

The Iroquois Royal Canadian Legion Branch 370 Ladies Auxiliary installed their executive Officers for the 1973-74 term on May 17th.

They are as follows:

Front Row-Left to right: Executive committee members Mabel Roberts, Lil Roberts, President Norma Delegrade, Treasurer Doreen Bailey and Secretary Edna Hogarty. Back Row: Former Treasurer Phillis Leckie, Executive committee members Hazel Anderson, Fern Goodmurphy, First Vice-President Cora Easter, Conferring Officer Rolly Ashman, Executive committee member Helen Marsters, Sgt.-At-Arms Cora Coulter, Executive committee member Judy Barkey and Second Vice-President Monica Hutchinson.

Work for all ...

Recent reports indicate that the number of jobless in Canada has taken a sharp decrease, corporation profits are up and the economy is again in fair shape. Except for confusing and at times contradictory reports on the costs of food, all seems in pretty good shape in Canada these days.

That is, all except for the penal institutions with their escape hatches open.

Many people have thought that in the past couple of years there were more jobs available than the number of unemployed would indicate, and that if a man really wanted to work it was possible for him to find a job. It may not be the job he would like...but then, we all have to do jobs we don't particularly care for.

Now it seems there are more jobs to be taken and this drops the number who are unemployed. Or just maybe, once the Manpower and Unemployment Insurance Commission people got a bit tougher, many of those unable to find a suitable position, decided to take some of the jobs that weren't all that appealing before.

When one suggests in today's society, that everyone capable of working should work, you can find yourself being called all kinds of unsavoury names. But a bit of hard times and a bit of worry about where the next meal is coming from, can do wonders in some quarters. Certainly none like hard times and for those who have worked hard all their lives, they too might well say they've had a hard time of it. But they did work to make something of themselves and for themselves, without asking anything more than a chance to support themselves.

So let's all take heart in the progress being made in this country. It's a great land -- but more and more people are learning that if you don't sow some good seed, you can't expect to get a bumper crop.

There are still jobs available around the countryside for those still unable and willing to find work. Just try to get some garden or lawn or flower bed work done. Anyone wishing to place an advt. in The Post looking for work of this nature may do so without charge.

Community pride ...

Every community has projects which come along now and then that can't seem to satisfy everyone but when the project is in the interest of the majority, the odds are that it should go on if full thought has been given.

In going ahead with a community project it is inevitable that problems will arise, that interest will ebb and flow with the tide but the fact that it is in the interest of the community in which we live should give us the incentive to get behind and support these projects that come along.

The community must develop a spirit of co-operation and thrust of it is to grow. And in working towards the betterment of our own communities will we also grow in stature as citizens. That's what "living" is all about.

The Old Iroquois

Section of Old Iroquois residences

This picture of the Old Iroquois shows a section of residences on King Street, East, starting with the Williamson Nursing Home (R. J. Ellis residence) behind the tree at left, and gives some idea of the fine homes that existed in the old village.

HOW WE'VE RUINED SCHOOLS AND STUDENTS

by Bill Smiley

There appears to be a general and growing concern about the quality of education these days. Not only are teachers concerned, and they are, but students and parents are beginning to feel that they are being short-changed.

A couple of letters to the editors of two daily papers recently were revealing.

In one, a university student stated that he had read a 2,000-word essay written by a friend, who was an honour student. In the essay, there was one (1) sentence which did not have a spelling or grammar error. And that was the sentence in which he repeated the professor's topic.

In the other letter, a girl who dropped out of school three years ago because of the rigidity of the system, was flaming mad. She returned to Grade 12 this year and discovered, as she put it "that education had disappeared in the interim."

This young lady said flatly that while teachers used to teach for the average in the class, they are now teaching toward the poorest students, with the keen and bright ones left to fend for themselves. In her opinion, standards had dropped drastically in three years.

There are few teachers who would not agree with her on the last point. Administrators and "educationists", whatever they are, right up to the minister, blandly assure the public, via the media, that standards have not been lowered.

Perhaps they should take off their rose-coloured glasses and take a good, clear look at reality. But they have managed to wrap themselves in such a fog of educational

Bill Smiley

jargon that they wouldn't know reality unless it came up and bit them.

What's happened? Maybe I'm prejudiced, but I don't think the fault lies with the teachers. To my definite knowledge, they are working harder than ever, under steadily worsening conditions.

They are teaching as many as two more classes a day than they were three years ago. They are doing more of the unpleasant and uneducational chores than they did. Such a one is "trough patrol" as some teachers call cafeteria supervision. The name is not inaccurate.

A few years ago, supervising a students' dance was an extra chore, but few teachers really minded it. One chatted with the students, deplored their taste in music, but felt that a good time was being had by all.

Everybody was dressed up and happy. The lights in the gym were turned down but not out. There might be the odd case of a kid smoking pot or slightly under the influence but they were rareties. A regular Sunday school picnic.

Nowadays it's more like Saturday night in Dodge City. A darkened gym except for the stage where four or five baboons caper and scream incomprehensibly to the accompaniment of a volume of sound that would make a boiler factory sound like a cemetery.

Someone has thrown up again in the boys' washroom.

Two grim-faced cops stand by the entrance. A teenage girl is caught rum-running not one, but six mickeys of rye.

In the good old days, years ago, a young buck could wear his own mickey in his hip pocket, covered by his jacket. Today, his pants are so tight he couldn't get anything in that pocket so he has some little girl take it in for him. But six!

I'm drifting away from my topic, but not entirely. The defiance of rules, the demand for new "rights" is all part of the school scene today. It's a curious mixture of apathy and mindless defiance.

I sound as though I'm blaming the kids. I'm not. They're human. They'll take what they can get and demand more. They're a pretty decent lot, on the whole. But what girl won't wear hip-huggers if she's allowed to wear jeans, or a blouse slit to the navel if she doesn't have to wear a bra? What young man of sixteen wouldn't like to have a crack at growing a beard?

No, the real culprit is neither teachers nor kids. It is the little empire-builders in the system. They are so far away from the classroom, and the taxpayers, that they have acquired a god-complex.

They've never been in a classroom, or not for years. And if they are to preserve and expand their empires, they must appear to be doing something. So they scratch

SEE PAGE 11

Change In Area Employed

The number of unemployed clients registered for work (which in no way reflects the unemployment situation in this area) has shown a slight increase over last month. The total figures show 998 for March as against 1102 for April. The increase is due largely to continued lay offs by R.C.A. Ltd.: a small but continued influx of women into the labour market and a small increase in the number of students registered here.

The clerical, fabricating, and material handling categories have all shown a slight increase over last month.

All manufacturers with the exception of R.C.A. Ltd are continuing to hire gradually. Construction projects appear to be quite bright for 1973 and it is expected that a large number of the 636 males registered here will be employed on construction work during the summer months.

The Ontario Ministry of Natural Resources commenced their annual seedling shipping and tree planting operations in the Kemptville area. About 160 employees are required for these operations.

Being optimistic about Dundas weather

As I sit here and attempt to meet my commitments to the press, I suddenly realize that I should turn up the thermostat. Yes, the weather has changed since I wrote my last Press release. As you can remember those balmy weeks in April the sun was shining, and the temperatures were up in the high 60's and low 70's. Now it seems that the weather is going backwards instead of ahead. With the memories of last year still in our mind we shudder the thought of another miserable summer.

Those early weeks of good cropping weather may have spoiled us. The actual rainfall for the last month is not that much higher than normal. The previous months rainfall is reported to have been 1.75 inches. The rainfall for the month of May is already below the expected average. I believe the cold weather, the lack of sunshine, and the expected heat units are combining to make the situation appear worse than it really is.

I know that all farmers are anxious to get out and get their crops planted. I remind you that spring grains respond with higher yields to early seeding. One management factor that I have noticed is that a lot of farm people hold off planting until the entire field has dried up. I urge you to get out and plant those areas that are acceptable to cropping and leave those wet spots until later. Spring grains, especially barley, are acceptable to slightly damper and cooler conditions, therefore, plant as soon as possible.

In the area of corn I do not believe that the problem is as

serious as one thinks. With the new hybrids it is not as essential now as in the past to plant early in order to harvest. It is still recommended that the optimum planting date in Eastern Ontario is May 10th. I personally feel that we are still safe in planting as late as May 24th or even June 1st.

I realize your frustration at not being able to get the cows

out of the stable and on to the pasture. It has only been in the last two weeks that the grass has noticeably started to grow. I urge you not to pasture the fields at this time. It may be financially better for you to continue feeding in the stable or the barnyard until the pastures are ready. From various surveys that I have made from farm visits and travels throughout the county it appears that all new seeding and hay crops are coming well, considering last year. I would also recommend direct seeding of alfalfa in areas where new seeding has been killed out. If one is able to get out and work these areas in the next few days there should be a harvestable crop this year.

In wrapping up all I can say is that hopefully this year will bring better fruits and benefits from our labour. The situation is not as bad as it was last year at the present time. There is an old saying that I believe lends itself to this situation and that is "Pessimism leads to disaster." With this in mind I hope you will be optimistic.

Our office has not started to record the rainfall and heat units for this area at the present time. Hopefully, this coming month we will have those reports for you. I might also mention as a finishing note, that oatlage, sorghum, sudans, and other insurance crops can be used efficiently to fill a pasture or hay mow gap. Therefore, smile and remember, that tomorrow is the first day of the rest of your life.

Presbyterial UCW annual meeting for 1973

Close to 250 women, representing about 80 local organizations of United Church Women, registered for the Annual Meeting of Seaway Valley Presbyterial UCW held Wednesday May 9, in St. Andrew's United Church, Long Sault. Mrs. Robert Welland, President, chaired both sessions. The afternoon session opened with a worship service conducted by Mrs. Milton Hillis and Mrs. Willard Presley of Lunenburg UCW. Mrs. Ann Rumions, president of St. Andrew's UCW, extended greetings and a warm welcome to those present, on behalf of her church, to this fifth annual meeting of Seaway Valley Presbyterial. A brief business period followed.

Speaker for the afternoon, was Mr. Orloff Dorion, Director of Volunteer Organizations since 1969, at Rideau Regional Hospital School in Smiths Falls. He referred to the retarded as "God's poor". Two to three percent of the population have suffered brain damage, he stated. The school in Smiths Falls is run by the Ontario Ministry of Health, and at present has about 1800 registered. He emphasized the important role played by volunteers, and told of a 16-year-old high school girl who volunteered her services for the summer months. She was assigned to a girl of 14 who was confined to bed, had never walked, or talked. At the end of two months she could walk, talk, feed herself, and could thus participate from then on in the school programme and thus continue to develop. He said that 150 to 200 volunteers per week assisted, but that many more could be used. Our thinking has changed since the 1950's - we now realize that the retarded need, not medical care, but understanding of how they may be developed and motivated. Mr. Dorion answered several questions which showed the interest of his audience. Mrs. Lynne Frances led in an enjoyable

sing-song. Mrs. A. S. Allen reported on the Summer Event planned for August 20-22 this year, with both men and women invited. Theme speaker is to be Dr. Harold Beck. The report of the nominating committee was given by Mrs. Arthur Woodland. Mrs. Donald Scoates, President of Montreal & Ottawa Conference UCW, brought greeting from Conference. "What would happen if all our UCW members got together behind a single project?" she asked. She then installed the officers for the coming year, as follows: Past President Mrs. Welland; President, Mrs. Cooper; Vice-President, Mrs. R. M. Scott; Recording Sec'y, Mrs. Allen Hanna; Corresponding Sec'y, Mrs. Dwight Bennett; Treasurer, Mrs. David Frappier; Regional Vice-Presidents for Regions 1 to 4, Mrs. Willard Presley, Mrs. C. A. Penniston, Mrs. G. Allison, Mrs. Allen Van Allen; Citizenship, Mrs. Hugh Coons; Christian & Missionary Education, Mrs. Harold Kemping; Stewardship & Vocations, Mrs. Wellwood Adam; Nominating Chairman, Mrs. Woodland; Community Friendship, Mrs. Mansell Brownlee; Leadership Development, Mrs. Gordon Ennis; Literature & Publications, Mrs. A. S. Allen, Mrs. J. Armstrong; Programme, Mrs. Earl Gaw; Supply, Mrs. Walter McLean; Public Relations, Mrs. Penniston. Brief reports were presented by the various committees and portfolio secretaries.

The evening session opened with a sing-song, again conducted by Mrs. Francis. Rev. Robert Pentinga brought greet-

ings from Presbytery. Speaker for the evening was introduced by Mrs. Cooper. Born and educated in Toronto Dr. Wilbur Howard also attended Columbia University, and is now minister at a United Church in Ottawa. He began with a brief tribute to Mrs. Scoates, Conference President, and to Mr. Pentinga, Chairman of Seaway Valley Presbytery. He went on to say that women had a very special place in the Easter story -- they had been first to the tomb, and first to encounter the risen Christ, and had then carried the message quickly to the disciples. He pointed out certain urgencies that exist - the need to find time for personal devotion - the need to work with men in the church - the need to concern ourselves with the machinery of government in order to get things done - the need to elevate the image of the family. Another urgency is to think regionally, and Dr. Howard mentioned as a case in point the last day of Conference, June 3rd in St. James United Church, Montreal, where there will be a choir of 500 young people and it is hoped, representatives from every corner of Presbytery. Dr. Howard closed with the words "Keep on! Let's go!" Mrs. Adam thanked Dr. Howard for his sensitivity and real understanding of women, and also extended thanks to all those who had taken part during the day. She thanked the women of St. Andrew's United Church for their hospitality, which included a delicious turkey dinner with all the trimmings. Mr. Loree pronounced the benediction.

Fire down below

Fighting forest fires in southern Ontario - the area northerners like to think is so settled and congested they have the trees numbered - might sound at first like a soft touch.

People like Doug Mumford, Tweed District forest fire control supervisor for the Ministry of Natural Resources' Eastern Region, know better. They've been rousted out of bed in the middle of the night, worked too many weekends and put in too much overtime fighting potentially dangerous blazes in the southern part of Ontario's "fire district" which includes the Tweed area and most of Lanark County.

Granted, the north has the tremendous draw - hundreds of square miles of flames exploding through the tree tops, armies of men, helicopters, chemical bombers, whole horizons billowing smoke and sheets of flames, not to mention the grisly heritage of disasters like Baudette-Rainy River (300,000 acres, 42 dead) Porcupine (500,000 acres, four towns, 73 people dead), Matheson (four communities, 224 killed) or the most recent, Haileybury in 1922 (18 townships reduced to cinders, 43 dead). Even office workers in modern cities like Sudbury keep an eye on the fire hazard rating during the summer.

But to a professional forest fire fighter, it's not quantity, but quality. A two acre fire that

The Iroquois Royals ball team, formerly known as "Jack's Chicken Indians", are seeking help. The team was supplied with a set of jerseys last year by former business man Jack Goodin. Which was a fine gesture by Jack, because the boys brought excellent publicity to both the Llo-Mar Restaurant and the Village Of Iroquois. However I must agree with members of the team that the "nickname" of last years squad had something to be desired. This week I received a call from Mrs. Ronald (Leona) McIntosh. Leona asked if we could make an appeal to secure a sponsor for the ball team this summer. A member of the team, Stanley Davis presented a verbal brief to the Iroquois Recreation Committee May 17th, but his efforts were unsuccessful.

I do not wish to open a can of sour beans on this sports group, but there are a few questions that are puzzling me. They are seeking a sponsor to supply them with an up dated set of uniforms. If my memory serves me correctly, last summer several projects were

operated by the team to raise funds. Sources have informed me that club jackets were purchased for the team and its staff of coaches and managers. Let's be realistic, if this organization are in need of uniforms to enter the area Midget Softball League, why then were club jackets purchased instead of a set of uniforms?

These players range in age of approximately 15 to 17, which inserts them into the minor sports category. Therefore they should be operated under the local Recreation Committee's jurisdiction. Boys at these age levels if properly organized as a team, should be given local and civic co-operation. Because believe you me they could be doing many other "things" -- other than wanting to play ball. Regrettably all boys aged 15 to 17, in this area are not thinking of playing sports of any nature this summer. Therefore, these ball players should be offered assistance soon, before they join the ranks of the "undesirables". If they do who will raise the loudest complaints about their personal conduct? In all probability it will be the people who refuse them the help they are seeking.

The method of operating local minor sports has been a loose operation. My feeling is that every athletic event played by boys and girls, year round, should be controlled by the Recreation Committee, and NO group in this age bracket be allowed to operate independently and be permitted to use community funds, as they see fit -- even if this revenue was secured by public drives and appeals. According to the Village of Iroquois Financial Statement for the year ending December 31st 1972, the itemized cost of recreation is listed as follows:

Minor ball and Annual minor tournament	\$916
Receipts from ball tournament	\$646
Net cost of ball program	\$270.

Lets stop here for a moment. Several minor aged boys and girls from 8 to 17 played ball last summer at a cost of \$270. How reasonable. Now the question, if the Iroquois Royals ball team want assistance financially, it does not seem senseable that they do not receive it, providing they operate under the control of the Vil-

KINDERGARTEN REGISTRATION

The Stormont, Dundas & Glengarry County
Roman Catholic Separate School Board

is holding its Kindergarten registration for September 1973 during a five-day period from May 28th to June 1st, 1973.

- 1 — This applies to all English and French schools under the jurisdiction of the S.D.&G. County R.C.S.S. Board where Kindergarten classes are held.
- 2 — Your child must be 5 years old on or before January 31st, 1974. Proof of age in the form of a birth certificate or baptismal certificate must be presented.
- 3 — To facilitate matters, parents are advised to obtain the required forms from the school principal and complete them in advance of the registration dates.
- 4 — Parents will receive more detailed instructions from their local school principals as to which of the registration dates they prefer, depending upon when the school nurse is available.

Royal Canadian Legion News Bulletin

by Leo DeBellefeuille

Comrades we wish to inform you and the public that they may bring their questions on Veterans' rights to the Branch. The Ontario Provincial Command Service Bureau Officer Ian Urquhart wishes all ex-service personnel and their dependants are invited to take advantage of a free Legion service. Mr. Urquhart Service Bureau Officer from Ottawa, will be at the Legion Branch 370 on Tuesday June 5th, 1973 at 2:00 p.m. to give skilled advice on Veterans' benefits. Anyone wishing to see Mr. Urquhart is urged to call or write Mr. Gerald Cornell, who will arrange an appointment. You may phone Comrade Gerry Cornell at 652-4424.

A special and important message of interest to all Comrades who are sixty years of age or over.

The Village of Iroquois Senior Citizen Apartments, if you are a resident of Iroquois and district, if your income is modest, if your present accommodation is inadequate, then, this project should be of great concern to you. The Ontario Housing Corporation, an agency of the Ontario Government, at the request of the Iroquois Village Council, is considering the development of senior citizen housing in the village. To determine the interest locally in this project, you can show your interest by completing a questionnaire, by doing so, you can help to determine whether a project of this nature should be developed. Act now for the future betterment of this community, for more detailed information, contact the Village Clerk Mr. Fred T. Lloyd at the Civic Centre, Dundas Street, Iroquois or Reeve L. C. Davis at his office located in the Iroquois Shopping Plaza. On Thursday May 17th a joint Installation Meeting was held

whereby Zone Commander ROLLY ASHMAN of Zone 63 conducted the installation of both the Branch Executive and the Ladies Auxilliary of Branch 370 Iroquois. (For names of new Executive's see photographs) The meeting was held in the Legion Hall. Past President Ed Hutchinson officially opened the session and introduced the Zone Commander Rolly Ashman of Manotick Ontario. The chairman conducted the opening service led by the Color Party. Ken Easter read the minutes of the April 26th general meeting in addition to the executive meetings of May 6th and 15th.

A discussion period followed dealing with Branch business revolving an updated system for the stewards, the purchase of a lawn mower, and items of interest in regards to the operations of Branch 370.

Treasurer Fred T. Lloyd reported on the finances of the Branch's business for month ending April 30th. Approval was given to pay accounts for service and community work to the amount of \$673.92.

Correspondence was received from the Provincial Command Office in reference to the Ontario Convention and delegates credentials.

Entertainment chairman Joe Roberts gave a sound report on the progress of the weekly bingo, the regular dances and bookings of the hall.

Sgt.-At-Arms Louis Bailey presented a fruit basket to Mr. Hillard Serviss who is a patient at Winchester District Memorial Hospital.

The dates for the Legion sponsored Annual Fastball Tournament were announced as July 20-21-22nd, and a steering committee will be appointed at the next meeting to draft plans for this year's tournament.

Zone Commander Rolly Ashman complimented the past

executive and offered encouragement to the 1973-74 officers. He stressed the excellent work being done by Branch 370 and in particular the contribution of \$10,000 to the Iroquois Medical Centre.

Past President Ed. Hutchinson thanked the former officers for the excellent co-operation they afforded him during the tenure of his office and also thanked the Ladies Auxilliary for all their efforts in the past year in assisting to make several Branch activities so successful.

President-Elect Kenneth Easter offered a vote of appreciation to the membership for the support they gave him at the Annual Meeting and requested that they continue to support him and the new slate of officers in their new term of office.

President-Elect of the Auxilliary, Norma Delegrade thanked the Past President of the Branch and his executive for the assistance afforded the Ladies during the past year and hoped this good-will would continue in the year ahead.

The meeting was adjourned at 9:00 p.m. and a luncheon and social hour followed with a presentation being made to Zone Commander Rolly Ashman on behalf of the Branch by Ed. Hutchinson.

Iroquois couple celebrate 40 years

Congratulations to Mr. & Mrs. Harry A. Gilmer who celebrated their fortieth wedding anniversary Sunday May 20th, 1973. On Saturday night they were pleasantly surprised on arriving home from Kingston with Mr. & Mrs. Percy Gilmer to find their immediate relatives, neighbours and friends assembled at their home. Their daughter Erma, (Mrs. Garry Stover), from Little Current Manitoulin Island was also present.

Mr. & Mrs. Gilmer were married at the United Church

parsonage South Mountain by the late Rev. W. R. Johnston. Their attendants were Mr. & Mrs. Kenneth Hunter (nee Della Gilmer) sister of the groom of Pleasant Valley.

They were the recipients of several lovely gifts and cards. On behalf of all present Mr. Dwight Gilmer spoke a few words of congratulations and extended best wishes to the happy couple. He then presented them with a purse of money

form the families.

Approximately 45 guests were present from Hamilton, Montreal, Kemptville, Lyn, Dixons Corners, Brinston, Pleasant Valley, Prescott, Williamsburg and Iroquois.

Harry replied very fittingly thanking everyone for their gifts and for joining with them on this happy occasion. All joined in singing "For they are jolly good Fellows". A delicious lunch was enjoyed by all.

ENGAGEMENT

Mr. & Mrs. Fred Miles wish to announce the engagement of their daughter Deborah Ann Ryan to Donald Colin McInnis, son of Mr. & Mrs. Landon McInnis. Marriage to take place August 4th 1973 at St. John's Anglican Church, Iroquois.

Mrs. Alice Ennis died at Brockville

Mrs. Alice Gertrude Ennis died at the Brockville General Hospital early Thursday morning May 17, at the age of 65. She had been a patient there for the past five weeks and in declining health for the past year and a half. Her home was at 24 Church Street, in the Devonshire apartments.

She was born at Iroquois on February 20, 1908, a daughter of the late John Harkness and his wife, the former Adelaide Fink. She was raised and educated in the Iroquois area where she spent her early life, coming to Brockville in 1937.

Her husband, Lawrence Edward Ennis, predeceased her January 25, 1949. Mrs. Ennis had formerly been employed at the Fulford Home for Women as a housekeeper. She was there for four years prior to her illness.

She is survived by two sons, David (Junior) Ennis of Anchorage Bay, west of the city, and Gary Ennis of Brockville, two grandchildren, Jeffrey and Lisa.

She also leaves four sisters and four brothers, Mrs. Mary Andress and Mrs. Allan Joy (Ruth) both of Brockville, Mrs. Florence O'Brien of Cardinal, Mrs. Barbara Lawler of Ottawa, John Harkness and Robert Harkness, both of Brockville, Dave Harkness of Kemptville and Donald Harkness of Stittsville, as well as several nieces and nephews.

Mrs. Ennis was a member of Trinity Anglican Church and enjoyed sewing as a hobby. She lived quietly and her main interests centered around her family.

Her remains rested at the Paul Funeral Home Ltd., 33 James Street East, from Thursday evening until Saturday morning when the funeral service was conducted there at 10:30 a.m., with Rev. Douglas P. Burns officiating. Burial followed in Iroquois Point cemetery. The pallbearers were relatives.

Proper meals are preventive medicine

This is the slogan for the MEALS-ON-WHEELS program for the Cornwall area. Mrs. R. Mel Scott, Chairman of Meals-on-wheels, spoke to the members of the Women's Auxiliary of the Winchester District Memorial Hospital at their May meeting and traced the progress of Meals-on-Wheels since its inception, three years ago.

One of the main features of Meals-on-wheels is the delivery, five days a week, of a hot noon meal to recipients, thus keeping them in their own home when otherwise they would be forced to enter nursing homes or homes for the elderly.

The 'recipients' are fold who are incapable, because of physical disabilities, weakness or in the case of men alone, through lack of knowledge and skill, of cooking in full course nutritious meal for themselves. For many post-operative patients, a temporary delivery of meals is a life saver.

Names of persons requiring daily service of a hot noon meal are referred to Meals-on-Wheels by members of the Clergy, V.O.N., Public Health Services Doctors and neighbours or friends. A committee is set up to interview each prospective 'recipient' to make sure there is a definite need for Meals-on-Wheels.

This service is of greatest importance to those people requiring special diets eg. salt free, sugar free, bland, high

CNIB plan annual dinner meeting

The Dundas County Advisory Board of The Canadian National Institute for the Blind will hold its annual meeting at the United Church Hall in Morewood on Wednesday, May 30th, Mr. Howard Biccum, Chairman of the Board, announced today. Dinner will be served at 7:00p.m. and tickets obtainable at the door will be \$2.25.

Dr. Adrian G. Ten Cate, F.R.C.S., who is an Ophthalmic

Surgeon practicing in Brockville will be guest speaker for the occasion. Born in the Netherlands he took his Medicine training in Canada for 3 weeks during each of the past two summers has worked for the CNIB in Labrador. He also goes to Grenada in the West Indies for three weeks each year to perform eye surgery. He will talk chiefly about his work in Grenada.

residue etc. In Cornwall the meals are prepared at the Hospital and Villas and ordered a week at a time. The dietitians in these institutions are invaluable in the planning of these meals. Each Monday, the 'recipient' pays for the full week's meals.

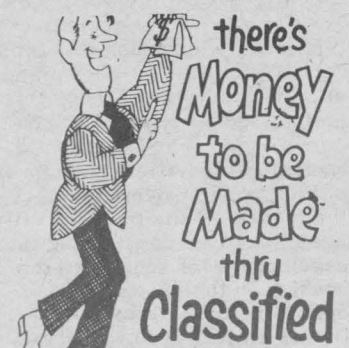

The funds for operating this program come from donations from Service Clubs, Church Organizations, Women's Clubs & Institutes, the Medical Profession and interested people.

At present the Volunteers of the Cornwall Meals-on-Wheels deliver meals to 48 'recipients' daily. A corps of 175 Volunteers are recruited for this work, giving special attention to Birthdays and doing a little visiting 'on the side'.

As a result of Mrs. Scott's talk, it is evident that suitable recipients, drivers and helpers and suitable sources of nutritious meals must be found. Considering the size of our area and the number of Volun-

teers and people interested in this project, it might be that a Volunteer would be called on once a month to deliver Meals-on-Wheels. In addition, other Volunteers will be necessary to set up and maintain the paper work for the project.

Any person interested in more details of Meals-on-Wheels may get information from the Director of the Hospital Unit in your area.

Valley dog show at Ogdensburg

The Seaway Valley Dog Club will conduct its second "Fun Match" in conjunction with the Ogdensburg Arts Festival on Sunday May 27th at the U. S. Plaza of the Prescott International Bridge.

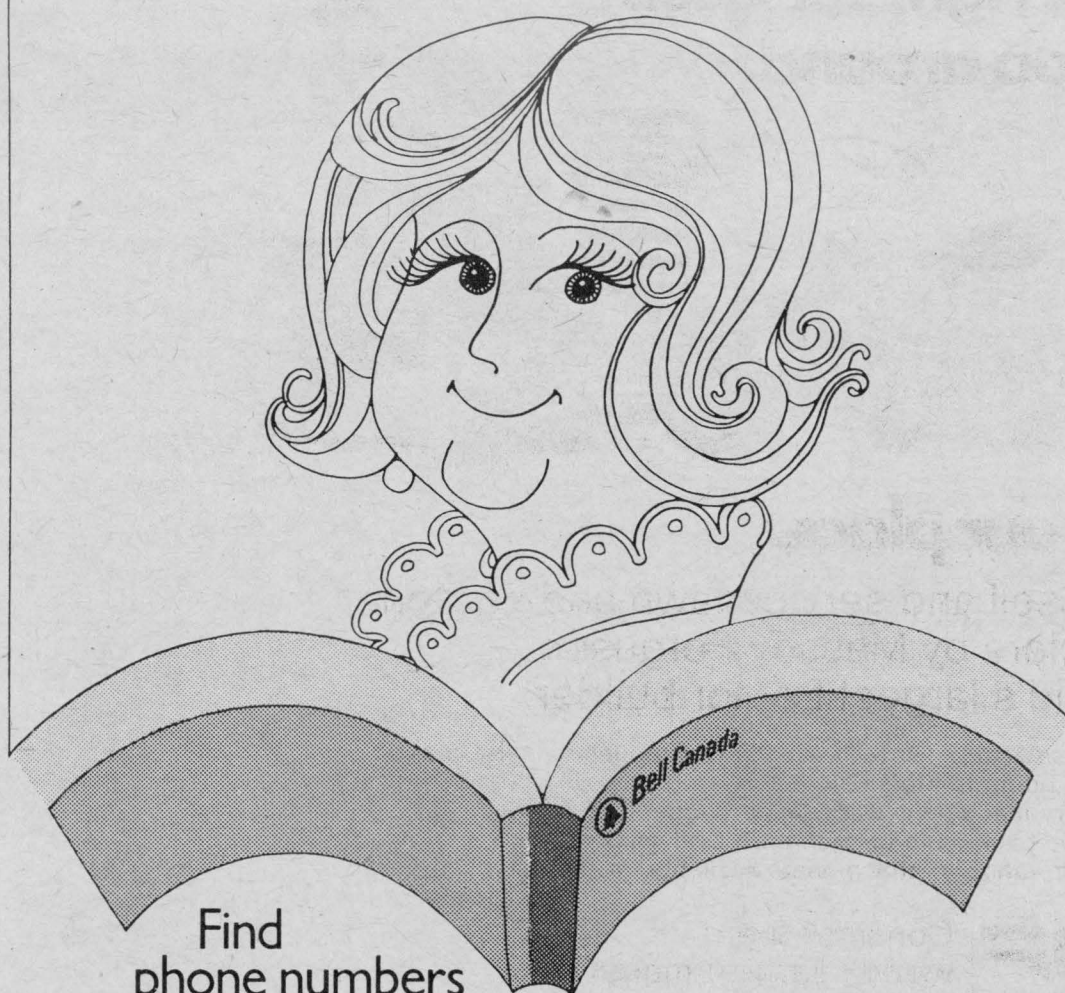

Over 200 entries are expected with the Parade of Champions featuring several class winners from including the "Winner's Dog" in the Samoyed class from Westminster. There will be AKC registered judges.

The Seaway Valley Dog Club has worked closely with Brockville Kennel Club and many entries from Ontario are anticipated.

The Fun Show encourages participation among dogs with less than 3 show points with the match starting at noon. Advance entries may be made with Fredi Free, R#1, Canton, New York 13617.

This event is part of the Ogdensburg Summer Festival which will feature an antique show and sale, arts and crafts display, a classical film festival, outdoor band concerts, and summer theater and performing arts. The Bridge Plaza location offers complete picnic facilities and special accommodations for campers.

Golf game to help retarded children

Al Balding, one of Canada's outstanding professional golfers and Gary Cowan, the leading Canadian amateur will play a golf exhibition with clinic at the Upper Canada Golf Course at 12:30 noon on Saturday, June 2nd.

Public gallery tickets at \$2.00 per person are now on sale to help the participating associations assist the cause of mentally retarded. The event is sponsored by the St. Lawrence Parks Commission.

Both of these golfers have impressive records. Al Balding of Toronto was the winner of the 1968 World Cup Individual Trophy in Rome. He is recognized as one of the classic swingers on the tour and Al was the first Canadian professional ever to win an American Professional Golfers Association sponsored tour event in 1955, the Mayfair Inn Open.

He has won no less than four Canadian Professional Golf Association titles. Al turned professional, in 1949 and has been a steady capable tour

player ever since.

Gary Cowan, Canada's outstanding golf amateur, has recorded impressive victories. Gary was winner of the 1966 and 1971 United States Amateur Championship, in 1961 the Canadian Amateur Championship and in 1964, 1968 and 1971 the Ontario Amateur Championship. In 1968 he won the Ontario Open Championship and in 1956 was winner of the Canadian Junior and Ontario Junior Championships. Gary has been on Canada's International Golf Team 17 times and has won many other golf tournaments.

Tickets are available in Cornwall at A.R.C. Industries; in Long Sault from Mrs. Clare Desjardins; in Ingleside from Eric Dafoe; in Morrisburg at Red's Barbershop; in Iroquois from John Haldane; in Winchester from Melvin Black and in Alexandria from Mrs. John Grant.

It is hoped the public will strongly support this very worthwhile cause of the mentally retarded and at the same time enjoy seeing two of Canada's best golfers in action.

NOTICE!

All ex-service personnel and their dependents are invited to take advantage of a free Legion service. Mr. Ian Urquhart, Service Bureau Officer from Ottawa, Ontario, will be at Legion Branch 370 on June 5th, 1973 at 2:00 p.m. to give skilled advice on Veteran's benefits. Anyone wishing to see Mr. Urquhart is urged to call or write Mr. Gerald Cornell, Iroquois. Phone 652-4424, who will arrange an appointment.

Signed: Comrade Gerald Cornell,
 Branch 370
 Service Officer

FETTERLY'S

Iroquois - Ontario

Changing Eastern Ontario's image

Always thought of the eastern part of Ontario as just farmland with a healthy tourist-lake region? Well, revise that image to include "mining country".

For the first time there's a provincial government mines engineer based in the middle of Eastern Ontario to administer the Ontario Mining Act.

Gerald E. Thomas, mines engineer for the Ontario Ministry of Natural Resources' Eastern Region, is now on the road carrying out inspections and informing and advising operators about their responsibilities under the "Regulations Governing the Operation of Mines".

Of course, Eastern Ontario always was a mining area and covered by staff from the former Department of Mines and Northern Affairs, now part of Natural Resources. However, the area office was always to the west, in Peterborough, and since 1971, in London, Ontario.

From his Kemptonville headquarters, Mr. Thomas covers not only the Eastern, but the Algonquin Region, an area stretching from the Quebec border west past Trenton and north to Parry Sound, including Algonquin Park area.

Eastern Ontario Mining Country? Not like Sudbury and Timmins, but don't laugh. In this area it's an \$80,000,000 business directly employing approximately 1500 people. In

turn, these people create jobs for up to eight more people apiece, another 10,000 people.

Under the Ontario Mining Act a "mine" is almost any opening in the ground from which material is taken for commercial purposes. The law also covers "plant", any above-ground facility for processing the diggings.

In the Eastern Region, there are two underground mines, one surface mine, two plants, 55 quarries and 125 pits operating. In Mr. Thomas' total inspection area there are 235 separate mining or plant operations. In Ontario, mining is a \$1.5 billion business, second only to the timber products industry which racks up \$1.7 billion annually.

But not all "mines" are small: Canada Talc at Madoc produces 25 tons a day, Marmathon Mining near Marmora exports 1.3 million tons of ore annually, Chromasco near Pembroke employs 200 and Canada Cement and Lake Ontario Cement in Belleville-Picton area process a total of more than 1.7 million tons annually. Aside from collecting data and processing all the legal and government mining forms and licences, his big job will be advising operators and bringing them up to date on every aspect of the mining laws.

If necessary, he has the power to issue stop work orders or close down facilities, but this is used only in emergencies.

Former area teacher dies

A former school teacher of Rowena Public School, Phyllis MacDonald beloved wife of Ivan Wills passed away at the Public Hospital Smith Falls, Friday May 18th. She is also survived by one son Donald at home, sister of Edward and Angus of Sudbury and John of Cardinal. She rested at the Scotland Funeral Home Elgin, and Funeral was held Sunday, May 20th at St. Peter's Anglican Church, Newboyne.

In the case of fatalities and "special occurrences" such as accidents, fires or explosions, Mr. Thomas will investigate, report and take part in court proceedings. He is also responsible for seeing mine operators clean up and leave their sites safe for the public after closing down.

With more than 30 years of varied experience in mining - the Northwest Territories, the Thompson Mines in Manitoba, the gold, copper and zinc mines of Timmins and Rouyn-Noranda and the nickel and silver mines of Sudbury - Mr. Thomas should be invaluable to big and small operators in the east.

He's had experience with unions and has investigated more than 30 fatalities.

"I'm here to see the number doesn't get any higher and that everyone concerned with excavations in my regions gets the full benefit from the regulations," he said.

For anglers in the Eastern Region of the Ministry of Natural Resources, that annual period that could bring the thrill of a lifetime is fast approaching - Mucky season. In the Eastern Region which includes part of Northumberland County, Hastings and Prince Edward Counties the Maskinonge season opens June 2. In the rest of the eastern counties the season opens June 16. Bass season opens June 16 in the St. Lawrence and Ottawa Rivers, and everywhere else in the east, June 30.

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

HE LIKES ANIMALS

Richard's anxious and eager smile typifies his attitude towards life and especially towards the future.

He would love to be settled and to know he belongs somewhere. Yet he is fearful: "Maybe I won't be adopted." Or: "Maybe I will and it won't work out."

At 13, a boy should be able to take his next few years for granted. But Richard can't - unless he finds a home where he knows he is welcomed and loved.

Slightly built Richard is small for his age and pleasant-looking with blue eyes, brown hair and fair skin. He is in good health.

Richard is in Grade Seven and though not academically minded, he is a great reader, regularly taking out books from the school library.

Tense, sensitive and shy, Richard is inclined to choose solitary projects like fishing. But he enjoys swimming and last summer played baseball when he found that being part of a team could be a pleasant experience.

This boy loves animals. His foster home is on a farm and he spends some of his happiest hours helping with the chores. He enjoys feeding the cattle and milking.

Richard needs understanding parents who can get through the protective shell he has built around himself and can help him believe that he is really part of a family.

To inquire about adopting Richard, please write to Today's Child, Box 888, Station K, Toronto.

Change Rules

OTTAWA - Following notification from the World Health Organization, travellers entering Canada from London, Eng. as of May 13 1973, will no longer have to present a valid smallpox vaccination certificate, Health and Welfare Minister Marc Lalonde announced today.

Although the global incidence of smallpox cases up to May 1 this year showed a 79% in-

crease over the total recorded in the corresponding period in 1972, it is considered significant that four countries -- three Asian and one African -- have accounted for all but 51 cases.

The Minister noted that intensified efforts were being

made to eradicate smallpox in these four countries. At the same time he pointed out that because of the speed and volume of international travel, there is a need for continuing vigilance to prevent the disease from being brought into Canada.

Their Excellencies at Upper Canada

Their Excellencies The Governor General of Canada and Mrs. Michener will visit Upper Canada Village on Monday May 28th 1973.

Arriving at 10:30 a.m., Their Excellencies will be in Upper Canada Village until noon. Brief ceremonies will be held in front of Cook's Tavern where 2 thousand school children, a group of Senior Citizens and the public will greet Their Excellencies. The Cornwall General Vanier Secondary School Band will play the Vice Regal Salute.

While in Upper Canada Village, Their Excellencies will visit Cook's Tavern, Christ Church, Doctor's House, Schoolmaster's House and McDiarmid Craft House. The Governor General and Mrs. Michener will be transported, while in the Village, in the horse-drawn Farlinger Barouche.

This is the first occasion on which the Governor General and Mrs. Michener have been to Upper Canada Village and a

cordial welcome is extended to the public.

What Makes A Good Fisherman?

How much of a role does attitude play in a fisherman's ability to catch fish? Is the way you think about fish important to your angling success?

These questions are among those considered recently by Red Fisher the fishing authority at Mercury outboards, when he sought to find out just what makes a successful fisherman.

First consideration, he decided, must be given to a fisherman's knowledge of his equipment. If he is proficient in the use of at least one type of fishing gear, whether fly rod, bait casting rod, or spinning rig, then part of the battle is won. With this, of course, must go a knowledge of lures and baits, and how they can best be used. Then there is the matter of knowing fish habits, feeding tastes, spawning times, and a multitude of other data about fish behavior.

A third factor is knowledge about a particular body of water. Familiarity with a stream or lake, and its underwater characteristics, as well as other facts such as normal level, temperature, etc., can bring about better fishing.

As a final point, the matter of confidence is important. When pursuing any species of fish, be sure in your own mind that the methods you use are good, and that the fish you seek is about ready to take the lure.

Now that you've read and considered all these semi-scientific views of what makes a good fisherman, the best advice the lads at Mercury can give is to forget about the reasons why... and just go fishing! It's a lot more fun that way.

building \$9 481. Which is only used on a seasonal basis. Car-men House Museum \$2 944 - Parks Maintenance \$5,968. Yes, recreation is costly. But on the other side of the ledger, there is to be weighed the good that is done by such a program for both adults and youth in general.

So, if anyone is interested in aiding the Iroquois Royals boys Midget Ball Club -- please contact Mrs. Leona McIntosh Maple Street, Iroquois.

The Iroquois Royal Canadian Legion Branch 370 have announced that their Annual Fastball Tournament will be held Friday, Saturday and Sunday, July 20th, 21st, and 22nd. If you are interested in this tournament, give Ken Easter, Ray Delegrade or Ed. Hitchinson a call.

This is the last issue of "Sports Slants, News and Views" until September. We hope you enjoyed our coverage over the past months. We hope to bring you an even better column in the fall, so look forward to the next release September 5th. And in conclusion, I wish

HAPPY REUNION

A very happy occasion took place on May 3rd when Mrs. Sam Collison, Mrs. Susan Moore and Billy Collison visited Mr. & Mrs. Dwight Collison at their home in Alice Arm, B.C.

Mrs. Collison & Mrs. Moore had not seen their son & brother for 31 years. Mrs. Collison and Mrs. Moore spent 5 days with Dwight and Ruby before returning home. Billy stayed with his Aunt & Uncle.

to convey to all of you a safe sane and healthy summer of fun and pleasure.

Remember, always be careful on the highways and byways, the water and on the sports field, in order that we will all be together again in the fall. Have a good off season!

And remember, if you play sports, be a good one and keep your eye on the ball!

lage Recreation Department. After all, this team is midget aged, and the tournament shown above was also a midget tournament. Therefore, if they organized this rally again and operated on a two day basis (Sat. and Sun.) at least \$1200 could be realized from their efforts. In addition, silver collections at all league and playoff games, paper and bottle drives, car washes etc. could be organized to raise funds to operate the entire summer ball program.

Further, Sports Lottery -- sponsored by Sport Ontario to provide sports organizations with an opportunity to raise funds without risk of investment in prizes, promotion, or administration. Books of ten one-dollar tickets are available at six dollars per book. The groups profit four dollars per book. Seller's prizes equal to 10% of any prize awarded. For further information contact the Ontario office at 559 Jarvis St. Toronto 5, Ontario.

What is needed to properly operate a Recreation Program is a Co-Ordinator who will function closely with any group who applies for local funds and services, in order that all elements receive equal time and equal funds on a per capital membership basis. In other words, if any activity has 200 girls and boys enrolled for four months of recreation they should be given equal consideration to a group who operate with only 125 boys for the same period of time. Locally, getting back to the cost of recreation in Iroquois, the entire program cost \$9,249 in 1972, as follows. Minor Ball \$270 -- Minor Hockey \$1,784, Winter Carnival \$236, Summer Carnival \$121, Supervisors and Instructors \$2,672, Advertising and administration \$745, Heat, Lights, maintenance \$2589. Equipment repairs and renewals \$587. Miscellaneous \$245. Looking at these expenses, one must realize that this money was not all spent on the community's youth. Keep in mind the following, the net cost of recreation was \$9 249, with a revenue of \$654. Addition to rink

70 delegates attend W. I. district annual

The Annual Meeting of the Dundas District Women's Institute was held in the I. O. O. F. Hall at South Mountain on May 16th, 1973 with about 70 delegates in attendance.

The District President, Mrs. Alfred Carkner, was in the chair. Mrs. H. M. Barry welcomed the delegates and visitors to South Mountain. Special guests were Mrs. Donald MacLachlan, Board Director, Miss Lorraine Holding, Home Economist, Mrs. Neil Cleary, President of Stormont District Women's Institutes, and Mrs. Arthur Johnson, Representative from the Central Canada Exhibition.

Mrs. Carkner reported that she had had a very busy year attending the many special 75th Anniversary Activities along with her more regular visits to the branches and the 4H Achievement Days. She illustrated the theme of the meeting with the story of the little girl who on being sympathized with on the loss of her home by fire replied simply that she had not lost her home, her family just needed a house to put it in; and went on to emphasize how important it is that women retain their role of homemaker in these modern times.

The conveners of standing

committees reported on the activities of the branches throughout the year, and Miss Lorraine Holding, the Home Economist for the United Counties, spoke of the work of the 4H Clubs and congratulated the Dundas Institutes for their strong support of these clubs. She also mentioned the very successful "Sewing with Knits" course that had been held during the winter.

During the Luncheon intermission the Reeve of Mountain Township, Mr. Ewart Simms welcomed the Women's Institute to the township and invited them to co-operate with the Council in studying the new developments in Municipal Government. Mr. Gary Gates provided very enjoyable entertainment singing several songs with his own guitar accompaniment.

At the afternoon session Mrs. Donald MacLachlan of Williams-town gave her final report before her retirement from the Provincial Board. She said she had enjoyed the many contacts that her three years on the Board had made possible and invited all Institute members to plan trips to visit the Erland Lee Homestead at Stoney Creek, now the property of the F. W. I. O. after the official opening on July 1st, 1973. She also explained

Create Tropical Flavors At Home

Old West Indies Dish Is Served At Caribbean Inn

Christopher Columbus first sailed to the dry, sunny isle of Antigua in 1493 on his second voyage to the West Indies. And there, with the Caribbean Sea on the west and the Atlantic Ocean on the east, was a tropical paradise with fish waiting to be caught and fruit waiting to be plucked.

Remembrances of pirates and sea battles that stormed the island during the eighteenth century are preserved at Nelson's Dockyard, a restored British Naval Base. The old stronghold once with-held Spanish, Portuguese, French and Dutch invaders.

Modern-day travelers can revel on the same white sandy beaches Columbus saw and taste the same native foods the English admirals ate. To give the exotic flavor of the West Indies to your own family and friends, prepare Shrimp and Banana Curry in your kitchen. This dish, from the Marmora Bay Holiday Inn at Antigua, combines seafood with the tropical delights of bananas and coconut.

The coconut can be grated early in the day and stored in the refrigerator to cut down preparation time immediately before the meal, or use canned coconut. Time the shrimp and curry sauce so it will be done just in time to pour over the hot cooked rice for a tempting one-dish meal.

The Banana and Shrimp Curry recipe is from the Holiday Inn International Cook Book, a collection of family-size recipes from chefs all over the world.

Shrimp And Banana Curry

- | | |
|---|---|
| 1 medium coconut, grated*
or 1 can (4 oz.)
shredded coconut | 1 bunch green onions,
chopped |
| 1/2 cup boiling water | 1 medium green pepper,
chopped |
| 3 cups chicken broth | 1/2 cup diced peeled and
seeded fresh tomato |
| 1/4 cup cornstarch | 1/2 teaspoon salt |
| 1 1/2 tablespoons curry powder | 1/8 teaspoon pepper |
| 2 firm ripe bananas | 2 cups hot cooked rice |
| Melted butter | |
| 1 pound fresh shrimp,
shelled and deveined | |

In a bowl, combine coconut and boiling water. Stir and press down with a spoon; let stand at room temperature for 20 minutes. Press and strain through cheesecloth until all liquid is extracted. (If using shredded canned coconut for this procedure, increase chicken broth to 3 1/2 cups. Canned coconut milk may also be substituted.) Makes about 1 cup. In a medium saucepan, combine coconut milk, chicken broth, cornstarch and curry powder. Cook, stirring constantly, until sauce is thickened and smooth.

Cut bananas in half crosswise and lengthwise. Arrange in shallow baking dish. Brush with melted butter. Pour half of the curry sauce over bananas and bake at 350° for 15 minutes or until bananas are tender.

Meanwhile, cook shrimp in remaining curry sauce for 10 minutes, or until tender. Add green onions, green pepper, tomato, salt and pepper. Cook 2 minutes longer, stirring now and then. Serve over rice with bananas. Makes 4 servings.

*Note: Puncture eyes of coconut with ice pick or screwdriver and hammer; drain and use as desired. Bake empty coconut at 400° for 15 minutes. While coconut is still hot insert long screwdriver through eye of coconut until it reaches the other side. Hit screwdriver with hammer to split coconut. Scrape meat from shell with sharp knife. Grate in blender on high speed.

Dial Doser
Saves
Baby Pigs

When you consider what you have invested in the new-born litter at birth, and that nearly 25% of all baby pigs die during the first 7 days, doesn't it make a lot of sense to reduce losses caused by baby pig scours?

Prevention is made simple with SHUR-GAIN DIAL DOSER... for easy, accurate, no waste treatment. And very economical too... about 9¢ a dose.

Active ingredients in SHUR-GAIN DIAL DOSER are Bacitracin and Streptomycin... a combination of antibiotics proven to effectively fight scours. Be ready when those next litters are due. Pick up your supply from our SHUR-GAIN ANIMAL HEALTH SERVICE display.

education.

A brief In Memoriam paid tribute to the four District members who had died during the past year: Mrs. Hubert Carkner of Winchester, Mrs. E. Earl Eaton, Mrs. Tom McCadden and Mrs. O. L. King of Chesterville. During the Reception of the Pennies for Friendship, Mrs. James Lemon, 2nd Vice-President, spoke briefly on the use to which they would be put in the developing countries.

Mrs. Arthur Johnson of Stittsville encouraged W. I. Members to exhibit their work at the Central Canada Exhibition.

One of the highlights of the day was the presentation of a beautiful box of sample products, donated by Nestles of Chesterville, to the youngest member of the W. I. present at the meeting, Mrs. Robert Weagant, South Mountain, and a bag of flour given by D. L. Berry and Sons of South Mountain to Mrs. John Johnston, who had persuaded her to join the Institute.

A brief business session during which the revised By-Laws were accepted brought the meeting to a close.

The following slate of officers for the year 1973-74 was installed by Mrs. Donald MacLachlan, retiring Board Director.

Past President:
Mrs. F. W. Hyndman, Mountain
President:
Mrs. Alfred Carkner, Elma

New KOA campground open north of Cardinal

Edwardsburg township's newest industry is ready to open this weekend, but don't look for belching smoke stacks or polluted rivers. It is a clean, tourism industry, the newest member of the Kampgrounds of America system of family campgrounds, located at Pittston, four miles north of Highway 401, off exit 117 at Cardinal.

Kampgrounds of America (KOA) is the nation's largest network of privately owned, franchised campgrounds, stretching from coast to coast. They are easily identified to the traveller by the unique "A" frame central building.

At Pittston, as at all KOA sites the attractive central building houses the registration office, shower rooms, laundry machines, a grocery store and family lounge.

Edwardsburg's new KOA site is owned by Helen and Eric Clark, former Montreal area residents who, over the years have become familiar with the area through visits to relatives in Cardinal and district.

Known officially as Cardinal KOA Ltd., the new site has been under construction for almost a year now, when Mr. Clark left his job as an electrician in the Montreal area, and together with his wife, purchased the farm property at Pittston.

The area being used for the 75 campsites has been reforested and the sites are liberally planted with tall, green Scotch pine. Practically all of the clearing, building and landscaping has been done by Mr. Clark himself over the past year.

Campers, Mr. Clark pointed out, range from the gregarious types who pull into congested areas with fancy, expensive trailers, to the rugged individuals who head for the primitive forest with little but a sleeping bag and the utensils needed for survival.

The Cardinal KOA will appeal to mostly that large population

of campers who fit in between these two extremes.

As at all other KOA sites the Cardinal KOA will feature free hot showers, attractive camping locations, adequate trailer spaces, clean restrooms, laundry facilities, groceries, sundries, adequate lighting, recreation areas, level parking, clean grounds, insect and weed control, mail service and free advance campground reservations.

In addition, the campground will feature a swimming pool and other utilities, picnic tables, camp supervision for safety and

tourist information, and will carry for the convenience of campers such supplies as ice, firewood, briquets and white gas. Cost for an overnight stay and use of all these facilities is \$3.50.

Outdoor camping in Canada and United States has experienced a tremendous boom in recent years and the government predicts a 250 percent increase in camping activity by 1975.

The National Sporting Goods Association reports that in the last two years the retail sales of tents and sleeping bags has

increased to 70 to 50 million dollars respectively. The manufacture of recreational vehicles has jumped 25 percent each year.

"The KOA system," Mr. Clark points out, "is expanding rapidly to meet this camper explosion. These campgrounds pamper the camper and the US Bureau of Outdoor Recreation claims there are a lot of campers to be pampered nowadays... over 40 million of them, in fact!"

The KOA Kampground system, of which Mr. & Mrs. Clark's site is a part, is heavily

advertised in all major consumer and camping magazines, guide books and outdoor sign posters as well as by exhibits at 30 major US and Canadian travel shows.

Nearly two million copies of the KOA Kampground directory are printed annually, and the new Cardinal KOA site has been listed in this year's directory. Copies of the directory are available from the Clarks, and the public is invited to visit the site this weekend or any time in the near future to tour Edwardsburg's newest industry.

WINCHESTER - 774-2205

90 graduate from KCAT in '73 classes

Ninety students, 40 in home economics and 50 in agriculture received their diplomas from Dr. Ford A. Stinson, Principal of the Kemptville College of Agricultural Technology, at the annual graduation recently.

The graduation address was given by T. R. Hilliard, Deputy Minister of Agriculture and Food who contrasted the world into which he graduated at the beginning of World War II with that of new graduates. He graduated into a world on the threshold of unprecedented scientific and technological development while 1973 graduates are graduating into a world which is increasingly concerned about the quality of life because of the side effects of this technological explosion. "It will", he stated, "take as much hard work and ingenuity to correct the side effects as was needed to develop the technology originally. This is the challenge for young graduates today."

Dr. Ford A. Stinson, Principal of the College recognized two students for their special achievements. Richard Foster of Campbellcroft received the Ottawa Journal award for general proficiency in the agricultural course, the A. M. BARR award for the highest ranking student in farm business management, and the Stanley G. Anderson shield for the student ranking highest in practical agricultural engineering.

Miss Kathryn Stevenson of Lyn

was the recipient of the Royal Canadian Legion award for a graduating student in agriculture or home economics with a good academic standing and qualities of leadership and citizenship. She also won the Ottawa Citizen award for the graduating student in home economics ranking highest in academic and practical subjects.

A reception for graduates, parents and guests followed the graduation ceremony in the lounge of Bell Hall.

FIRE From Page 4

kills one person is a disaster, the first priority being human life, the second, private property, the third, public forests.

So, in the south with hordes of summer vacationers who, not expecting it, might panic in a fire and with the amount of private property in or near forests the potential for a quick disaster is there.

Already this year Doug Mumford headed an operation that stopped a small but deceptively quick forest fire a hundred feet short of a gas station and some homes. To date there have been 41 fires in Tweed and Lanark this year. And the snow disappeared from the forest only a month ago.

For fire control officers like Doug in Tweed or George Campbell in Lanark the key to whipping a fire fast is the "Warden System". Doug helps supervise what might be one of the biggest organized volunteer fire fighting forces in Ontario. He advises 102 Wardens, one from each township in his District, and each one has four or more men they can muster within minutes to help fight fires. Under an agreement with the Ministry of Natural Resources and the Province, these men provide a township detection system, manpower and equipment to suppress fires and undergo three days training every year. If a fire starts on private land the province pays 50 per cent of the out-of-pocket expenses incurred by the township such as gas, food and funds for hiring helpers. If the fire starts on Crown land, the province pays the whole fire suppression bill. The Ministry provides

Winchester hospital auxiliary 'monthly'

The monthly meeting of the Winchester Hospital Auxiliary was held in conference room at the Hospital with 60 ladies representing 8 units present.

Miss Legris reported 85.24% occupancy in hospital during the month of April.

Plans are proceeding towards the Anniversary Tea & Volunteer Day. A Volunteer conference to be held on June 4th in Toronto.

The highlight of the meeting was Mrs. Mel Scott from Cornwall, who spoke on the subject

organized detection such as regular aerial patrols during periods of high or extreme risk, advises checks and repairs township equipment and reserves the right to step in and take over control in fighting a fire that may overtax the resources of the township. The province also agrees to pay all expenses after a township has spent more than three per cent of its annual tax levy squelching fires.

The system is a southern strategy and invaluable. More than 50 per cent of all fires in Tweed are reported to township Fire Wardens who have done an excellent job of informing the public what to do in case of forest fires. In densely forested townships with heavy summer tourist traffic and, therefore, more than a few instances of fire outbreak, being a Warden or a crew member can involve sacrificing a lot of time and a great deal of sweat.

The Ministry is also responsible for a full investigation and the laying of charges if laws have been broken in connection with the fire.

One of Doug Mumford's most important tools for fire suppression is his action plan, a "Bible" listing Wardens, volunteers, equipment and where it can be found and every conceivable resource that could be used to knock out a bad fire. He keeps a copy at home and one at the office. The action plan also lists the names of all newspapers, TV stations and radio stations and contains prepared messages for use in broadcasting and print. He hopes the plan is never put to the test it was in 1968 when a difficult fire in Sheffield Township taxed local resources heavily.

There's another side to Doug's job that perhaps many people around Tweed aren't aware of. Because of his training and background fighting fires he is often called away in emergency situations and put in charge of some facet of a big time northern fire fight. What happens hundred of mile away can reach down suddenly into the Tweed area and change his whole life style for more than a month at a time. For the past six years, it has happened without fail.

"Meals-on-Wheels", Mrs. Scott was instrumental, three years ago in the spear-heading of this most worthwhile project. This has proved as helpful in many, many ways, to the elderly, sick, and lonely, and has answered the needs of many.

Her talk was most interesting and gave many people food for thought of how such an idea, could work in this area.

Tuck cart to be taken care of by Golden Valley Auxiliary during the month of June.

The June meeting will be held on June 7th 2 p.m. one week earlier than usual.

Summers' Hearing Aid Centre

Winchester Ontario

One Saturday night Doug, who plays in a local country and western band, was called out of a dance at 11 o'clock and told to be in Peterborough at six the next morning to catch a plane. The night of that same day he went to sleep exhausted in a tent at the other end of Lake Superior with 15 Indians from a place called Sandy Lake. They had just finished their first hours fighting a big fire in Quetico Provincial Park.

Unlike Nero, Doug rarely gets a chance to fiddle while anything burns.

IN MEMORIAM

COLLISON Charlene - In loving memory of our darling baby girl who passed away suddenly on May 14th, 1966.
No stain was on her little heart, Sin had not entered there, And innocence slept sweetly on, That pale sweet brow so fair, She was to pure for this cold earth.
Too beautiful to stay And so God's holy Angels bore Our darling one away.
Always remembered and sadly missed.
Mommy, Daddy, brothers & sisters. 49-1-p

MCGOWAN - In loving memory of my dear wife Joyce McGowan who passed away May 28th, 1972.
No one knows the heartaches. Only those who have lost can tell.
Of the grief I bear in silence For the one I loved so well.
Sadly missed by husband Kenneth. 1-c

Iroquois entertains residents

Some thirty people left Iroquois on Tuesday May 15 to go to Cornwall and provide the annual Birthday Party for the residents at Glen-Stor-Dun Lodge.

Mr. Ray Parmeter was the Mistress of Ceremonies for a lively program of music and entertainment that was provided by the various Church Ladies' Organizations together with the Women's Institute.

Those taking part in the program included David Tucker, and the accordion; Ruby Bell at the piano; and a group of singers inclusive of Sister Mary Jane Leonard Shirley Scully Mrs. Carl Verhoeven. Mrs. Libby Peterson and Mrs. Theresa Chartrand. Mrs. Jane Graham played the piano for an old fashioned sing-along. We were favoured also with a very good solo from Mr. Harry Claxton.

The birthday table was attractive with flowers and mom-moth birthday cake, and about twelve residents who celebrate their birthday in May. Two members especially are known in our community. Mrs. Edith Morrison and Mr. St. Pierre. Each birthday celebrant received a little gift from the Women's Institute.

Rev. Allan Rogers was present as one who knows the residents at Glen-Stor-Dun very well. Mr. Rogers shared the news of the formation of "Good Companions" for Iroquois and Community; the news of the Iroquois Lions Club's free trip for Senior Citizens to see the tulips; and he also reminded the party about the Lions big Convention Parade Sunday afternoon June 24th in Cornwall. For those who love a parade, it's something they should not miss. The same goes for the Iroquois sponsored May birthday party at Glen-Stor-Dun Lodge!
