OBITUARY

LATE MRS. A. K. MacDONALD

The citizens of Ormond and district were shocked to learn on Friday morning last that Mrs. Allan K. MacDonald had passed away at her home, after an illness of about ten days. On the night before her passing, Mrs. MacDonald had shown a decided improvement in her condition, and members of her family were expecting that recovery from her illness was only a matter of a few more days. On Friday morning she suffered a relapse, however, and she closed her eyes in death.

Deceased was the former Ella Inez Marcellus, and was born in the Morewood district 47 years ago, a daughter of the late Mr. and Mrs. P. R. Marcellus. Prior to her marriage to Mr. Allan K. MacDonald in 1921, she taught school at Ormond.

The late Mrs. MacDonald was a member of Ormond Baptist Church and had taken an active part in all its work, including that of the ladies' organizations. As a leader and worker in community welfare work, and the Red Cross, she will be missed. As a devoted wife and mother, and a true friend, she leaves a vacancy in her home that can never be filled.

The funeral, which was largely attended, was held on Sunday afternoon with service in Ormond Baptist Church, conducted by Rev. L. H. Vail, of Kenmore. During the service, one of the deceased's favourite hymns was sung as a duet by Mr. and Mrs. Sheldon Robinson, of Winchester.

Interment was made at Ormond Cemetery. The pall bearers were: Messrs. Ralph Brown, Glen Campbell, Keith Carkner, Donald Craig, Ellwood MacDonald and Ross McConnell.

Besides her husband, she leaves two daughters, Miss Dallas MacDonald, Reg. N., and Miss Ann MacDonald, Reg. N., of Ottawa, and one son, James, at home; also four sisters, Mrs. George Brown, of Russell; Mrs. Jas. Lee, of Devan, Conn.; Mrs. Andrew Carruthers, of Nation Valley, and Mrs. Ed. Conklin, Winstead, Conn.; three brothers, Mr. Willis Marcellus, Ottawa; Sgt. Richard Marcellus, of the R.C.A.F., Lachine, and Graydon Marcellus, who resides in the West.

Testifying to the high esteem in which the deceased was held, were the following floral tributes:

GOFORTH HELPERS' GROUP

The Goforth Helpers' Group held its April meeting at the home of Miss Betty Anderson with fifteen members and one visitor present. The president, Ruth Watson, conducted the meeting, with Mrs. Wilson leading in prayer. A hymn was sung and business discussed. The secretary and treasurer's reports were read by Joan Watson and Betty Anderson.

The roll call was answered by the name of a missionary, with each member locating the mission field on the map.

Miss Betty Anderson presided for the program. Scripture lessons were read by Catherine Moffat, Lois Wilson and Audrey Durant, and the lessons explained by Mrs. Wm. Watson. A poem was read by Ruth Watson and prayer given by Betty Anderson. The missionary story was read by Betty Anderson, the convenor; Audrey Durant and Audrey McCoy. Miss Edgerton and Joyce Hay conducted a quiz on the lesson. The meeting closed with the Mizpah Benediction.

At the close, the girls wrote invitations for the Young People's Rally. Dainty refreshments were served by Mrs. Anderson and Betty, and a vote of thanks was extended to the hostesses by Miss Audrey Durant.

Pageant Presented At St. Paul's Church

An impressive candle-lighting ceremony was featured at the evening service in St. Paul's Presbyterian Church on Sunday evening, when members of the Agnes Glassford Auxiliary presented the sacred pageant, "The Light Eternal."

The service, which was well-attended, was presided over by the pastor, Rev. Wallace MacKinnon, who conducted the devotional period, which preceded the pageant.

During the presentation of the Drama, the lights in the church were turned low, with the candles being arranged at the front of the church.

The "Spirit of the Church" was portrayed by Miss M. Allen, who, from the choir loft, read the dramatized version of the twelve disciples of Jesus, the Apostle, Paul, and Christians, who since Christ was crucified, had made worthy contributions towards expanding the Christian Doctrine.

Ladies who lighted the candles and paid tribute to the memory of the Biblical figures: were Mrs. C. R. Robinson, Mrs. Chas. Cross, Mrs. S. Gillespie, Miss Ida Knowland, Miss Maude Edgerton, Mrs. H. Wilson, Mrs. R. Geggie, Mrs. W. F. Workman, Miss Clara Anderson, Mrs G. Gibson, Mrs. E, Gannon, Mrs. F. Armstrong and Miss N. Tonkin.

The candle-bearers were: Mrs. W. MacKinnon, Mrs. Clara Justus, Mrs. Neil Gray, Mrs. Earl Morgan, Mrs. L. Wilson, Mrs. A. W. Churchill and Mrs. C. Vancamp.

The Pageant was directed by Miss Emma Gardner, assisted by Mrs. A. G. Suffel, president of the Auxiliary, while Miss Clara Irving presided at the organ.

Adding to the enjoyment of the service was a duet by Messrs. Thos. Reid and Fred Gibbons and two sacred numbers by a trio composed of Messrs. Reid, Gibbons and S. Lindsay.

NATION RIVER CONSERVATION COMMITTEE PLAN ANOTHER TOUR

A tour of the lower reaches of the South Nation River was planned at a meeting of the Nation River Conservation Committee which met in Chesterville on April 2nd. This was the first meeting of the new committee which includes the reeves of all municipalities affected by the watershed; the conservation committee of Prescott and Russell; Agricultural Representatives of the counties affected, and several men of the district who are interested in conservation work.

With the President, Mr. Mahlon Zeron. as chairman, the committee corrected some inequalities in the representation and made plans for immediate action on the scheme.

A delegation, consisting of the president and vice-president, Mr. Marshall Rathwell, of Navan, with the secretary, Eric Casselman, as proxy, was appointed to interview the Hon. Dana Porter, Minister of Planning and Development, to urge an early start on an aerial survey of the watershed.

A committee, comprised of the Agricultural Representatives of the counties affected, and under the chairmanship of A. B. Wheatley, of Kemptville, was formed to organize a tour of the lower reaches of the River. A tour of the western portion of the river was held last September and the committee thought it would give the members a better understanding of the immediate needs of the watershed, if the eastern territory was also visited. The last week in June was set as a tentative date for the tour.

Mr. Wheatley, Zone Forester, spoke on the benefits which might be derived from the reforestation angle of the scheme. Some 200,000 of the 1,000,000 acres of the watershed is non-agricultural land. This acreage, after a period of 30 to 40 years after reforestation, might easily return $5.00 per acre, per year, or an annual income of $1,000,000, which would eventually be recompense sufficient to pay the costs necessary to carry out the recommendations of the proposed survey.

Long driving distances over roads badly heaved by frost, interfered with attendance. Most of those absent showed their interest in the scheme by writing to the secretary advising him of their inability to attend. Among those present were Mahlon Zeron, President; J. H. Methot, J. L. Gauthier, Raymond Butler, Mr. Joly, Kenzie MacGillivray, J. B. Potvin, Mansel Bennett, Geo. H. Barkley, Ernest Summers, Marshall Rathwell, Earl Tinkler, F. Larose, C. Tennant, H. W. Graham, A. B. Wheatley, W. E. Steele, and the secretary, Eric Casselman.

INKERMAN W. M. S.

The April meeting of the Inkerman United W. M. S. was held in the church on Tuesday afternoon, with an attendance of twenty ladies. Mrs. Arnold Suffel was in charge of the worship, the theme being "Ye shall be my Witnesses—Go tell!" Those assisting in the service were Mesdames Roy Barclay, George Suffel and Stanley Rennick.

Mrs. Percy Cummings, the sectional vice president, was the guest speaker and brought a splendid Easter message. She based her thoughts on Christ's journey to Jerusalem. The speaker also made mention of the Crusade for Christ and His Kingdom, and said the churches are going out to win the world for Christ, starting with the individual.

Mrs. Gervan thanked the speaker for her message, after which Mrs. Wallace Crowder and Mrs. Gervan rendered a beautiful duet, "Ivory Palaces," accompanied by Mrs. Russell Crowder.

A short business period followed, in charge of the President, after which a dainty lunch was served by the group in charge.

DOROTHY SPROULE HEADS AUTHORS' ESSAY GROUP

At the annual meeting of the Canadian Authors' Essay Group, Mrs. F. H. Sproule was unanimously chosen President for the seventh term. Mrs. Sproule, who writes under the name of "Dorothy Sproule," was a former resident of Winchester.

The guest of honor at this meeting was Constance Beresford-Howe, the twenty-four-year-old novelist, who won the Dodd-Mead Fellowship of $1200.00 for her book called "The Unreasoning Heart." The Red Book gave her $4000.00 for their copy in the March issue.

This meeting, at which refreshments were served by the Themis Club, is the closing one for the season.

HOSPITAL COMMITTEE MET ON THURSDAY

A meeting of the Winchester and District Memorial Hospital Committee was held in the Town Hall on Thursday evening last, with the president, Reeve Walter C. MacDonald, presiding. District representatives from Mountain Township and Williamsburg Township were present and discussed organization plans in these districts for making a canvass for funds.

Mr. H. E. Biccum, representative for Mountain Township, reported that progress was being made in that district and that canvassing chairmen had been appointed in all polls.

Mr. Harry Carruthers, of Elma, was appointed to act as organizer for Williamsburg district.

Neither Winchester Township nor Chesterville Village were represented at the meeting, but Mr. J. W. Webb, of Winchester Springs, was present, and is being asked to undertake the organization of Winchester Township for a canvass.

HOSPITALS NEED FUNDS

From May 27th to June 4th, an appeal will be launched to raise, by public canvass, the sum of $250,000 for the erection of a new wing to the Cornwall General Hospital. According to authorities, the extension is needed to relieve the serious overcrowding at the hospital. Slogan for the campaign will be "Very Truly Yours," and as one official puts it, "the Cornwall General Hospital belongs to the United Counties. If it is going to do its proper job, the general public must give its support." That is quite true, and we feel that this campagin is deserving of the best financial support the citizens of the three United Counties can give it.

Here in the north corner of Dundas County a committee is trying to establish a District Memorial Hospital, which is also to be financed by public subscriptions. The hospital, if the scheme goes through, is to be erected on an excellent site in the Village of Winchester. To date a partial canvass for funds has been conducted, and plans are now under way to canvass Mountain, Winchester and Williamsburg Townships and part of Osgoode Township, all these districts being in the hospital area. If this hospital drive is successful, it should help to alleviate the overcrowding at the Cornwall General Hospital.

Last year, according to figures we have on hand, 219 persons from Dundas County were patients in the Cornwall General Hospital, viz.: Morrisburg 72, Chesterville 42, Winchester 28, Winchester Township 18, Mountain Township 17, Williamsburg Townshipp 8, and Matilda Township and Iroquois 14 Of the three Counties, Dundas had the fewest number of patients in the Cornwall Institution—no doubt the number admitted to Ottawa and Brockville Hospital-exceeded the Cornwall number.

We believe the Cornwall Hospital needs to be enlarged and that the committee who will conduct the canvass needs every encouragement.

We also feel, however, that a new hospital, located in this section of the United Counties, such as the Winchester Committee proposes, is just as urgently needed, and should be given strong support by all district citizens. Of course, everyone cannot subscribe large amounts to the two funds. In the Winchester and district area, the larger donations should go to the local hospital fund—we need a hospital here and need it badly. In suggesting this, however, we do not want to give our readers the impression that they should ignore the Cornwall Hospital canvass. Most of us can spare a few dollars for that fund also.

THIS IS YOUR WAR

Health authorities say that the fear of cancer is more difficult to combat than the disease itself. This startling statement is made of a disease that is curable in a majority of cases if it is diagnosed and treated early enough. Yet cancer kills more people than any other cause except disease of the heart, and is on the increase in Ontario. This year, unless something is done, 7,000 men and 7,000 women in Canada will die of cancer.

Something can be done, and will be done to fight cancer—if you make it your war. During the month of April a war against cancer is being waged all over Canada and the United States. Ontario's battle is being carried on by the Ontario Cancer Treatment and Research Foundation. You will be asked to assist the Foundation in raising a minimum of $2,000,000. You may be helping to save yourself, or someone you love, for one out of every six to eight persons now living must expect to die of cancer.

The Foundation has blue-printed a three-year plan to fight this dread scourge. It will provide fully-equipped cancer clinics and prevention clinics at strategic points throughout the Province, and give partial financial aid to those who need it. It will institute research projects that may lead to the end of this second of all great "killer" diseases. Through education, the Foundation plans to teach every man, woman and child in Ontario to recognize the signs of cancer, and to substitute action for fear or ignorance.

The campaign opened the 1st of April and all banks are receiving centres for donations. Get in this war and fight. You may save yourself from death.

EDITORIAL NOTES

Your radio license expired on March 31st. The 1946-47 ones are available now at the Post Office. Better get one before an Ottawa inspector gets you.

Another reason why houses are exceedingly scarce in this country is to be found in the fact that it has witnessed more than 700,000 marriages since the year 1939.

There are all kinds of useful and necessary work in Canada awaiting to be done. In these circumstances it is difficult to understand why there should be tens of thousands drawing unemployment insurance.

There are indications that pressure brought on the Government to eliminate the price ceiling is having effects. It recalls the saying of Robert Walpole, British Prime Minister, when popular clamor forced him into war. He said: "They are ringing the bells now, soon they will wring their hands." And they did. That is the way it will turn out if price control is eliminated in this country. The poor dopes who have everything to lose by its removal are the loudest in their demands that it be removed, says an Exchange.

Other Editors' Opinions

SELF-DEFENSE

(Ottawa Citizen)

"Cops picked up a vagrant wearing seven shirts, four pair of pants and three overcoats." That was no "vag"—just an average citizen protecting himself from his wife's yen for giving his wardrobe away.

FORGETFUL EGYPT

(St. Thomas Times-Journal)

It is British capital invested in harnessing the Nile that prevented Egypt and the Sudan from being arid deserts and made them the greatest cotton-growing areas of the world. That, and British soldiers, made Egypt a prosperous instead of a dead country.

MORE THAN RATIONS NEEDED

(Cornwall Standard-Freeholder)

There is a feeling that the economies in butter, meat and sugar forced upon us by the rationing programmes is our fair contribution to the famine problem. It should be made clear that there is no such thing as our "fair" share in this. There is only a maximum contribution and something less than maximum; and if we waste so much as a half a loaf of bread we are not doing enough.

SOMEONE PAYS !

(Brockville Recorder & Times)

Toronto is protesting any removal of the subsidy on milk because it would cost consumers in that city an extra $2,660,000 a year. That is, of course, ridiculous because the same consumers, probably without realizing it, are already paying, in their Federal taxes, their full share of the subsidy.

THAT SINISTER FIGURE

(Cornwall Standard-Freeholder)

To be fair about it, we have always suspected that Mr. King must be a little more hard-boiled in dealing with political opponents than he looks in his pictures or sounds in his speeches. He could hardly have stayed at the top of the political scene so long otherwise. But the Moscow picture of him as a sinister figure, probably meeting the captains of his Gestapo in a secret hideout deep under Rideau Hall, is really more than we can take.

TRADE WITH BRITAIN

(Winnipeg Tribune)

We in Canada are slowly coming to understand that we too must accept more and more British goods and services if we are to sell our products in the United Kingdom. The problem of informing Canadian opinion on this point is not nearly as difficult as that of informing the American man-in- the-street, because Canadians have so much easier and closer contact with the United Kingdom and have long understood the extent of our dependence upon British trade.

Our Column

We can only secure the social benefits of Christianity if we are convinced of its truth.

You do not have an opinion about everything and if you do, you do not have to express it.

The Red Army newspaper Red Star says Russia wants a big army. And that's not all.

You can't change the moral climate of the world by waiting to see which way the wind blows.

We kill more people by the bottle than the bullet, and usually, in murders, the bullet follows the bottle.

"I see you've advertised your saxophone for sale."

"Yes, I heard that my neighbour had bought a gun."

We read a heading the other day which said: "Inquiry into income tax is Senate's No. 1 job at present." Hurrah! At last, the senators will have something to do.

Income tax time is rapidly approaching. It is a wonder the marriage rate does not shoot up around income tax time, when everybody feels fit to be tied."

A free press and a dictator cannot exist in the same country. "Where people aim at destroying free discussion, they must be regarded as ripe for destruction themselves."—John Milton.

USE RURAL SCHOOLS

(Guelph Mercury)

Urban municipalities all over the Dominion are considering the establishment of community centres for the entertainment of their citizens.

How about the country? At a recent gathering of educationists the desirability of utilizing the rural school houses of the province for that purpose was stressed.

This sentiment has been voiced before that the country schools could serve a wider purpose than merely being used as school houses. They could become centres for many community activities.

GOODYEAR'S DE LUXE ALL-WEATHER

● Here it is! . . . the new Goodyear De Luxe All-Weather. It gives you all the *proven* engineering features of the most successful tires ever built. More than that—it gives you the improvements that have resulted from Goodyear's vast wartime research and experience. All contribute to the long, safe economical service of this great new tire.

NO OTHER TIRE AT ANY PRICE GIVES YOU ALL THESE ADVANTAGES:

1. 4-way, non-skid diamond tread—*for greater safety.*
2. Cut-resisting compression tread—*for longer wear.*
3. Patented Supertwist cord—*for longer life.*
4. Buttressed sidewalls—*for greater strength.*
5. Self-cooling criss-cross ventilating tread channels—*for greater mileage.*
6. Goodyear research, skill and experience—*for long trouble-free service.*

You'll be driving on Easter week-end . . . equip with new Goodyears now! INT-C

IMPORTANT! In all present-day tires, regardless of make, correct inflation is essential. Over-inflation leads to hard riding, lessens traction, induces skidding. Under-inflation creates abnormal flexing, causes ply separation, shortens tire life—consult your Goodyear Dealer for proper pressure.

For Rural Telephone Service

One Customer Writes: "Do something about children using the telephone as a plaything"

WE know it's not always easy to keep little ones from playing with the telephone, or their older brothers and sisters from spending too much time on the line. We can only remind you that, until rural facilities can be increased, it is important for everyone to keep their calls as brief as possible.

If you have growing children, you can be particularly helpful in preventing needless inconvenience and delays. We ask your co-operation.

HINTS FOR THE HOME

Suede Shoes

Nothing is better for brushing suede shoes, and bringing up the nap, than a stiff vegetable brush.

The Range

To keep the range black and clean, wash while still warm with sponge, soap and water. If very greasy, add a little soda to the water.

Hot Lemonade

If the glass for the hot lemonade is placed inside another glass, the inside glass will become hot, but the outer glass will remain cool to handle

Without Crumbling

A nail can be driven into a plastered wall without crumbling the plaster if the nail is first dipped into hot water or melted paraffin for a few minutes.

Mending Stockings

All finger rings should be removed when running the hands into stockings to look for places that require darning. The rings are sure to catch threads.

Measuring Butter.

One pound of print butter, as sold in brick form, measures exactly two cups. So the easiest way to measure one cup of butter is to cut this brick into halves.

Buying A Mop

When purchasing a new dry mop, shake it and see if the strings are matted together. If they are, reject it. The strings of a good mop will practically stand alone.

Mud Stains

Let the mud stains dry on the clothing, then break the crust and rub lightly to prevent driving the dirt into the material. If there are any remaining marks, rub with a little alcohol.

Kitchen Utensil

Keep a strong screw driver in the kitchen cabinet drawer with the other utensils. It is excellent to use for prying off tin lids. A knife is not strong enough for this purpose and is also dangerous.

The Faucet

A dripping faucet can usually be stopped by putting in a new washer. Keep a supply of the correct size on hand. It is not difficult to learn how to change them and this will avoid the expense of a plumber.

Indelible Ink

It is much easier to mark a handkerchief or other article with indelible ink if the spot to be marked is first dipped into cold starch, then pressed with a hot iron. This will give a smooth, hard surface on which to write.

Draperies

Sometimes after draperies have been cleaned they do not hang as evenly as originally. Slip a curtain rod through the lower hem, adjust the folds, let the rod remain for a few days, and then remove it. The result will be pleasing.

The Storage Battery

To eliminate the green paste which is inclined to form at the positive terminal of storage batteries, first clean the parts and wash with a diluted solution of ammonia or sodium bicarbonate to neutralize the acid. Then apply some Vaseline petroleum jelly to the parts.

Transplanting Maple Trees

The best time to transplant a maple tree is the early spring, before any buds have appeared. Choose a rainy spell when the ground is soft, and preserve as much of the root as possible. This refers to trees not more than six to eight feet high. Then trim down the crown of the tree.

ST. PAUL'S W. M. S.

The April meeting of St. Paul's W. M. S. was held at the home of Miss Clara Irving with a large attendance. The presdient, Mrs. G. Wilson, conducted the meeting, assisted by Mrs. Empey as secretary. Mrs. Hay was pianist for the meeting. Following a hymn and the reading of the Scripture, the correspondence was read by Miss Empey. A letter was read from Cardinal, requesting the Society to visit them on the evening of June 12th, it being their 60th anniversary. Mrs. Johnston moved the motion that the invitation be accepted, seconded by Mrs. MacKinnon.

As the Presbyterial meets in St. Paul's Church on May 9th, there will be a morning and afternoon meeting. Several items pertaining to this were discussed. Reports of different branches of Society were read. Mrs. C. R. Robinson reported for finances. Mrs. Empey closed this part of the program with prayer.

The program committee, Miss Irving, Mrs. Anderson, Mrs. McCourtie and Mrs. Munro, gave a very interesting program. Mrs. Anderson read the Scripture and also gave a reading, "Don't Worry." Mrs. McCourtie read Current Events as contained in Glad Tidings on our Missionaries. Miss Irving gave an account of an African Church, from the Study Book. Mrs. Munro gave the prayer. The members were pleased to have Mrs. Steele, of Winchester Springs, and to be favoured with a vocal and instrumental number, "I Heard My Mother Call My Name In Prayer."

There are too many people who are blind to the needs of others, because they always look at themselves.

CAN SCIENCE HARNESS THE ATOM FOR YOU?

Atom-powered airplanes, trains and autos are possible within five years, but there's a catch . . . deadly radiation. It could kill users of atomic engines unless means are devised to overcome it. Read about it in The American Weekly with this Sunday's (April 21) Detroit Times. Read how this peril will not hinder building of atomic energy plants.

LOCAL AND GENERAL

Morrisburg Contract Let.

Contract for the construction of a factory building in Morrisburg for The Pyramid Paper Products, Ltd., has been let to Daoust and Sons, of Embrun, and construction is expected to start this week.

Died On Monday.

Mrs. Benjamin A. Cinnamon passed away at her home at Cloverdale on Monday, in her 73rd year. She was the former Mary Ann Merkley. The funeral was held yesterday afternoon. A full obituary will be published later.

Lost Purse Found.

While Howard Nesbitt, of South Mountain, was raking his lawn in front of his house a few days ago, he came across a leather billfold among the leaves which, when opened, was found to contain $63 in banknotes and other papers showing that it belonged to Bert Bolton, of Heckston. The latter explained he had lost the billfold while attending the South Mountain Fair a year and seven months ago and had despaired of recovering it.

Banquet Being Planned.

The Hallville Co-Operative are planning on holding a banquet to mark the opening of their new cheese factory, on Wednesday evening, April 24th. As the contruction work is nearly completed, the banquet is being held in the new plant. This will give visitors a chance to see the building, which will be one of the finest in the province. Several leaders of the dairy industry will be present and the directors are making every effort to make the evening an enjoyable one.

Send In The News.

The Press would like to publish a list of your Easter week-end guests, or if you spend Easter out-of-town, we would like to know that also. In fact we want you to report any incident that is news as soon as it happens. The Press is published on Wednesday afternoon of each week and we would like to receive local news as early in the week as possible, Monday if possible. If you wait till Wednesday morning to phone in news that happened the week before, that upsets our whole schedule and quite often we can't give it the space it deserves. Send us the news as soon as it happens—your co-operation in this regard will be greatly appreciated.

NEWLYWEDS HONOURED

A very pleasant time was spent at the home of Mr. Arthur Balkwill, Mountain, on Wednesday evening when neighbours and friends gathered to honour Mr. and Mrs. Clair Balkwill (nee Marjorie Hummell), who were recently married. The evening was spent playing crokinole and cards.

At about 10.30 Mr. and Mrs. Balkwill were called forward and Mrs. Lanson Hyndmann read an appropriate address and Mr. Ralph Shaw presented them with a purse of money. Following is the address:

Dear Clair and Marjorie:—

Life is a succession of sad times and happy times, but tonight it is the privilege of us, your friends and neighbours, to honour you on the occasion of your recent marriage.

We are always pleased when one of our own boys takes unto himself a wife, but we are further joyful when that couple settles down among us and becomes one of our neighbours. So, in that spirit, we congratulate you, Clair. and extend our best wishes to you, Marjorie, and sincerely hope that we may prove "good neighbours" to you both as you take your place in our community.

Although not familiarly known to most of us, we welcome you, Marjorie, and hope that you may not long remain a stranger among us. And our highest respect goes out to you, Clair, as one who has served his King and Country on our behalf, and nothing short of the best is due you.

So, as a slight token of our esteem for you both, we ask you to accept this purse of money. We hope that it may be used to further beautify your home, and always remind you of the good wishes of your friends and neighbours.

Signed on their behalf, Ralph Shaw, Lanson Hyndman.

Clare fittingly replied, and a dainty lunch was served.
