Huge Expansion at Cardinal Starch Plant

"The highest capital expenditure program in the company's history is now underway at Cardinal," M. E. Fee, president of The Canada Starch Company Limited, said on Tuesday at the Legion Hall in Cardinal. "This expansion," he added, "is necessary to keep pace with the growing markets in Canada and will make a substatial contribution to the economy of Cardinal and the adjoining area".

Mr. Fee's remarks were made in the course of the annual dinner and presentation of 25-year service awards to employees of the company.

Nine employees complete 25 years service in 1963: M. E. Fee, president; Janet McGarry, Keith Johnson, Raymond Pearen, Irene Rozon, Howard Sayeau, Charles Smith, Robert Snider and David Williams.

The new members bring to 209 the total number of Canada Starch employees with 25 years service or more. K. O. Weldon, personnel manager at Cardinal, acted as chairman of the event, which was preceded by a social hour, and Cardinal plant manager Kent Knechtel welcomed the new award winners and guests. Dinner was provided by St. onica's Guild.

Mr. Fee noted that the total grind during the year and the total days worked by the plant exceeded all previous records. He added that the number of employees had also reached record levels and complimented the efficiency of the organization which made record production possible.

With reference to the increasing need for efficiency, Mr. Fee said, "Each year we will be requiring higher standards of education in our employees". He strongly urged that parents keep their children in school as long as possible, and added that the future well-being of individuals required that they obtain as much schooling as possible.

"The Moffett scholarships", he said, "pay large sums of money to children of employees every year to encourage this policy of higher education".

Mr. Fee told the gathering that plans were underway for a new Glu cose refinery which would more than double the Cardinal plant's capacity to produce this product. He also said that the company was making plans for an Oil Extraction plant which would help to reduce oil imports which this year reached record levels.

The company president also made reference to sunflower test plots the company is operating in conjunction with the Department of Agriculture. "If this experiment is successful", he said, "the crop could become very important in the farm economy of the Cardinal area, and would enable us to obtain a source of high quality corn oil close to our plant".

Letters To The Editor

Editor, Morrisburg Leader,
Morrisburg, Ont.

Dear Mr. Editor — I have read the letter to the editor in your last issue re Sunday Sports for gain; it would seem that the gentlemen who have signed their names to these articles are a bit late in their endeavours to point out the danger of a vote on Sunday Sports passing in the Village.

We already have Sunday sports in the village. We play golf for gain we curl, we go to the beach and have to pay to swim or see Upper Canada Village; we also can pay for a boat ride, all on Sunday, which is usually the biggest day of the week for the Parks Commission and they have also started a new golf course. Now the people who operate these many enterprises feel they are doing their community a service, which I believe they are, but they are only good for the summer season.

The good men who have objected to Sunday Sports are entitled to their opinions, but when you add up the other side, our Province would not be able to operate if the Lord's Day Act were strictly enforced. You wouldn't be able to buy gasoline or cigarettes, and if our country lost the tax revenue from 4 Sundays a month, I am afraid our school grants wouldn't be quite so large,— also our hospitals would suffer.

We never had any great show of strength from the Clergy when we wanted the liquor vote taken —it was supposed to be a great thing for the tourist business in our Village, or are they afraid of offending some group?

One also hears the word "bingo" mentioned from the corner of the mouth. Well, Mr. Editor, the Lord's Day Act has nothing to with bingo. These games are allowed by the law only for certain worthy purposes, and no council has any say as to when or where they are played.

If the above article can be proved wrong, I will vote open, against Sunday sports.

GORDON McKOY.

Editor, Leader, Morrisburg, Ont.

GOOD ATTENDANCE AT REMEMBRANCE DAY SERVICES HERE

Rev. C. H. MacLean, C.D., D.D., Deputy Chaplain of the Fleet (P) Naval Headquarters, Ottawa, was guest speaker at the Remembrance Day Services held Sunday November 10 at Morrisburg Civic Centre.

Dr. MacLean said "Men have short memories. We make vows of devotion in the flood of Victory, but with the passing of time we do break faith. The value of Remembrance Day services, is to have us pause and think of the things for which our soldiers died and to dedicate the future to ensuring peace through founding good faith among individuals and nations".

With the Kemptville Pipe Band in attendance, Legionnaires, members of the Women's Auxiliary, Boy Scouts and Cubs paraded from the Legion Hall to the Cenotaph at Morrisburg Civic Centre. Services were held in the auditorium at 3 p.m. followed by laying of wreaths at the Cenotaph at 3.30.

Rev. F. L. Howald, Rev. C. W. Earle and Rev. Everett Hawkes assisted with prayers, psalm and Scripture lesson. John Rice, president of Morrisburg Branch No. 48, briefly reviewed activities and services rendered during the past year Dr. D. M. Robertson, representing the Municipality, welcomed guests and paid tribute to the Legion.

NOV. MEETING OF HOSPITAL AUXILIARY

The November Hospital Auxiliary meeting was held in the Board Room of the hospital on Thursday, November 7th. The meeting was conducted by the new president, Mrs. G. W. Gilbert of Chesterville. Of special interest among the reports read was the request of the purchasing committee. After discussion on the subject it was decided to purchase for the nursery ten individual bassinettes at a cost of $150.50 each. One such bassinette already in use was demonstrated for those present.

Miss Gladys M. Bayne of Morrisburg gave a report of the regional conference held in Cornwall General Hospital. A well organized program was planned for the delegates including a tour of the Chalet Glass Plant. Guest speaker at the meeting was Mrs. Keith Carkner of Winchester who spoke on the organizing and servicing by volunteers of the medical library in the smaller hospital.

The annual provincial convention was held in the Royal York Hotel, Toronto. Mrs. Arthur Thom, of Williamsburg, who was the delegate, read a report of the three-day convention. It was emphasized that the three most imporant phases of auxiliary work are (1) public relaitons; (2) volunteer services; (3) fund raising, in that order.

Mrs. Gilbert, who also attended, was one of the panelists heading a very lively discussion on memberships. One of the highlights of this event was the presence of Madame Vanier, who received an honorary life membership in the hospital auxiliary.

Following these reports, Dr. Howard Justus showed slides of his trip to South America including sections of Brazil and Buenos Aires.

After the adjournment, everyone enjoyed a delicious lunch in the cafeteria.

If there is anyone who would like to make or knit articles for the showcase in the entrance, the auxiliary would be pleased to supply the yarn or material. If interested, get in touch with your unit director.

The 1961 census reported that 67.4 per cent of Canada's population spoke English only, 19.1 per cent French only, 12.2 per cent both English and French, 1.3 per cent neither English nor French.

REPORT ON THE SPECIAL SESSION OF THE ONTARIO LEGISLATURE

(By Hon. Fred M. Cass)

The first special session of the 27th Ontario Legislature was opened by the Lieutenant Governor, the Honourable Earl Rowe, on Tuesday, October 29th. The Government of Prime Minister John Robarts, of course, had been returned with a large majority just one month previously in an election which accomplished the personal defeat of the Provincial Liberal Leader and a reduction in the number of Liberal Members in the Legislature.

The Session was called to enact legislation to enable municipalities to participate in the Federal Government's Municipal Loan Fund, and of course, could have been confined to this one matter. However, Prime Minister Robarts in his opening remarks, indicated, that he, like former Prime Minister Frost, did not ever wish to restrict public debate on matters of importance. As a result, there was a day of speeches by the Leaders and Members of both Opposition Parties, ranging over the whole area of the Legislature's powers and duties. In particular the matter of a fall session of the Legislature was exhaustively debated. The Prime Minister pointed out that government administration just couldn't cope effectively with the split session of the past three years and that he intended to call the Legislature into session early in the new year and there would be more extra sitting days in January than would be lost by not having a fall session.

The Act to Assist Municipalities to Finance Capital Works finally was duly passed and received Royal Assent. Our Ontario municipalities are now, therefore, able to participate through the Ontario Department of Municipal Affairs in the Federal scheme.

At the opening of the 27th Legislature a new Speaker was elected. All of us in Eastern Ontario, I am sure, are pleased and proud to know that Donald H. Morrow, a native of Winchester Springs in Dundas County and Member for Ottawa West, was the unanimous choice. The Hon. Don has already demonstrated, during the short special session, that he will be one of the outstanding occupants of the chair of Mr. Speaker.

When the House reconvenes in January, it is my hope to bring you again, by courtesy of The Editor, a short weekly report of events at Queen's Park.

BETTER COMMUNICATION NEEDED, SAYS AIR YICE-MARSHAL BEAN

A plea for better communication between the armed services and the public was made on Saturday, November 9, by Air Vice-Marshal Wilfrid W. Bean, air member for technical services in the RCAF.

Speaking at the annual homecoming dinner at Waterloo University College, the arts faculty of Waterlo Lutheran University, Air Vice-Marshal Bean said: "I believe that we have in some respects lost contact with the general public, that there is insufficient public discussion of the broader problems to keep the people informed.

"It is true that men in uniform have no monopoly on thoughts about any aspect of strategy or the use of military forces.

"On the other hand we haven't as yet nearly as many informed writers on military subjects as one finds in the United Kingdom or in the United States. As a result, I believe that our Canadian people are less well informed about militarry affairs than the people of either the United Kingdom or the United States".

Air Vice Marshal Bean said that some steps, such as the creation of the Defence Committee of the House of Commons, had been taken to improve communication.

University students, he said, have been trained to think, and are the ones who must take an intelligent interest in these major national issues and problems if our democracy is to work.

Air Vice-Marshal Bean was named 'Alumnus of the Year' at he WUC homecoming celebraions. A naive of Kitchener, he graduated from WUC in 1934 and joined the RCAF in 1939.

During World War II he served in coastal reconnaisance on both the east and the west coasts and, in 1941, overseas as a flight commander and later as officer commanding No. 145 Torpedo Bomber Squadron.

Since the war Vice-Marshal Bean served as staff officer, operational training, Western Air Command, Vancouver; director of operational training at Air Force Headquarters Ottawa; director of Air Intelligence at AFHQ; Commander RCAF Station Centralia, Ont.; RCAF member of the directing staff at the National Defence College, Kingston, Ont.

In July 1954, Vice-Marshal Bean was appointed chief logistics officer at the Air Material Command Headquarters, Ottawa, and in Jainu ary 1958, was moved to AFHQ to serve as chief of operational requirements. In July 1961 he was appointed deputy air member for technical services at Air Force headquarters and became Air Mem ber for Technical Services, November, 1962.

$100,000 SHIPMENT OF HOLSTEIN CATTLE TO MEXICO

A shipment of 207 head of purebred Holsteins occupying eight rail way cars have just left Woodstock, Ontario, for Central Mexico. The cattle were purchased by Carlos, Manuel and Ignacio Urquiza of Queretaro. Just previously, their brothers, Alejandro and Miguel Urquiza, had shipped 50 head of purebred Holsteins from Woodstock.

The combined value of the two shipments was approximately $100-000.

This is one of the largest and most valuable shipments of Holsteins to leave Canada in some years. All the cattle were bought in Oxford County and they are largely daughters of bulls in service at the Oxford and District Cattle Breeding Association unit at Woodstock. A high percentage of the females are in calf to the noted Rosafe Centurion.

Included in the 207 head shipment were 45 milking females and 120 bred heifers and 42 open yearlings.

The Urquizas have an excellent milk market in Mexico City. Their large herds are all descended from Holsteins bought in Canada.

KNOX WOMEN'S MISSIONARY SOCIETY

Mrs. Hugh Wilson of Avonmore was guest speaker at a recent meeting of the W.M.S. of Knox Presbyterian Church, Morrisburg. At the 8.00 p.m. meeting held in Knox Church, Mrs. Wilson painted a moving picture of "the great need for our help, our money and our prayers for the urgent work among the thousands of neglected and forgotten people in India". "How fortunate we are", the speaker said, "and how humble we should be when we compare our overflowing food supplies with the crust of bread or the tablespoon of rice, which is all these people dare hope to have". Rev. Hugh Wilson and Mrs. Wilson are former missionaries in India.

Mrs. A. N. Riley welcomed guests from sister churches in Morrisburg. The speaker was introduced by Mrs Everett Hawkes and thanked by Mrs. H. Wagner. Mrs. Edwin Jones and Mrs. Don Merkley contributed toward the program with a duet, "Promises Divine" with Mrs. G. M. Gorrell at the organ. The meeting closed with the benediction by Rev. Everett Hawkes.

At the social hour which followed in the lecture room of the lecture room of the church, greetings were brought from various auxiliaries represented at the meeting.

Combines Lose 4-2; Brockville Here Fri.

Morrisburg Combines lost their game in a row on Tuesday night as they went down to defeat by a 4-2 score to Cornwall Emards. However the Combines looked muc stronger than last Friday night when they bowed 10-3 to Kingston Frontenacs.

On Wednesday night the Combines held their own for two periods before finally slowing up a bit in the third period. The score was 1-1 at the end of the first period of the second periodntwonHJohpa on goals by Russ Casselman and Mink Dewar who fired his first of two. Larry See for Morrisburg and Linden Wells and rookie Ron Branchaud for Cornwall rounded out the scoring.

The addition of Obie O'Brien, a former St. Lawrence University star should help the club as O'Brien looked like a real play-maker on 2 or 3 different occasions, and the Cornwall goalie, Claud Cousineua, had to save on a couple of good plays he started. He should be a real help to the club when he gets in a little better condition.

About the only place the club looked weak was along the blueline with Bert Morrow the only dependable defender at that position.

The next game is Friday night against the Brockville Ramblers, and could be termed a bit of a grudge match as the Brockville club hijacked three or four players who were working out with Morrisburg, but who had not yet signed.

Game time will be 8.30.This club is presenting the best brand of hockey played in the district and the best by a local team in many years and they really deserve your support.

Trophies Awarded At Golf Annual

Judy Ing of Morrisburg was awarded the Ladies' Championship Trophy at the annual meeting of the Morrisburg Golf Club held on Thursday in the club rooms. Robert (Red) Cook was Men's Champion. Red has held this trophy since 1954 except for 1962 when the competition was not completed.

Lloyd Kenny was winner of the Hydro Trophy—16 and over handicap, while the Armstrong Trophy for match play went to Doug Barclay. The vice president and the president of the club formed teams to compete for the Beavers Trophy. George E. Beavers, president, and donor of the trophy was winner.

Steven Casselman was junior champion, and Billy Gale won the schoolboys' championship. Runners up in this competition were Tommy Brown and Tommy Whelan.

Officers elected for the 1964 season were: S. G. Finnie, honorary president; George E. Beavers, president; Ron Blackburn, vice president; Robert Smith, secretary and Walter Bowman, terasurer. Robert Cook will be Club Captain, while Alton Bolton will continue as chairman of the grounds committee, Red Cook, the games committee and Mitch Cassell, entertainment and refreshments. Auditors are Gordon Walroth and Robert Smith. Robert Smith was re-elected trustee for a three-year term.

KEMPTVILLE EDGED MORRISBURG 14-13 IN SUDDEN DEATH SEMI-FINAL FRIDAY

(By Mart Prost)

Kemptville's win over Morrisburg last Friday put the MHS. Blue Tornados out of the finals despite their prior unbeaten record.

Both teams were off to a hard-fighting but low scoring start. In the first quarter only 1 point was gained for the Tornados by Bob Barclay. In the beginning of the second quarter, Morrisburg scored two touchdowns within 35 seconds of each other. These touchdowns were accomplished by Wayne Smith and Cameron Dillabough. The converts were incomplete.

The Kemptville team also came on strong in the second quarter, with Carl Steward gaining 6 points with Jim Dinsmore completing the convert for 1 point. The Kemptville team accomplished their remaining 7 points with Garcy Folkkard's touchdown and Dave Benekritis' convert.

Neither team scored in the fourth quarter, leaving the score slightly in favour of Kemptville. This was the final football game for Morrisburg for this year.— Maybe better luck next year.

LIBRARY BOARD MET THURSDAY

A meeting of Morrisburg Public Library Board was held Thursday afternoon in the Library. Mrs. S. G. Finnie, chairman, reported that of the 25 books ordered at the October meeting, eight have arrived and are on the shelves. These orders have been carefully balanced with one-half Juvenile and the adult portion having a goo dproportion of non-fiction.

West.

How to make Flower Decorations by Patricia Esterbrook Roberts tells how to make flowers from paper, wax, metal foil, tin, plastic, beads and felt. It is generously filled with illustrations showing permanent flower decorations in imaginative arrangements and interesting containers.

Both are members of the Unite aNtions Observer Mission based in Sanaa in Yemen.

Ontario government hostesses Nita Zachary and Olga Galamaga work on a publicity poster for the province's forthcoming Manufacturing Opportunities Show, while Economics and Development Minister James Allan lends a helping hand. Report on Canada's

Parliament . .

—By Mrs. Jean Casselman, M.P.—

There have always been cartoons and harpoons on politics and politicians, but these seem to have become more frequent recently. Some of the general criticism is undoubtedly justified. Unfortunately by the necessary process of political parties needing popular support to obtain a majority by which to form a government, there has been a tendency to look for popular measures and popular attitudes. This tendency as it grows obviously creates a serious danger of avoiding unpalatable truths. We are naturally proud of our standard of living in Canada, proud of the rapid development of a country which was in a very primitive pioneer state only a hundred years ago.

Because we have come so far so fast, it is easy to forget that there is still a great deal of physical development to be done in Canada, and that basically this is where our tax dollars should be spent. This is where the foundations of increased productiveness can be built and without increased productivity we will reach a plateau of development and there will be no increased income on which to draw for the steady progress of social measures so much desired.

It is with regret that Canadians must observe so much time taken up in the House of Commons by what is rightly called "petty political wrangling" and even worse, "petty political bickering". It seems to me that there should be a great deal more concentration on principles and policies and a great deal less on the eccentricities or weaknesses of individual personalities.

This week in the House of Commons we had the distasteful episode of Mr. Asselin from Notre Dame de Grace bringing up the question of privilege regrading a nalleged threat of personal attacks in the House of Commons. This statement was somewhat dramatic and therefore caught the attention of reporters whose job it is to observe anything new and startling. By this criterion it got widecoverage in the daily newspapers, but one could not avoid the impression that Mr. Asselin was attempting to vindicate himself for recent newspaper criticism which he had received over some business deals in the City of Montreal.

It seemed to me a weak means to cover such criticism, however right or wrong it may have been, to attack his Conservative opposition in the last election campaign on the floor of the House of Commons, where this defeated candidate had no mechanical means of answering back.

Personal attacks on the floor of the House do not contribute to the business of the country and should not take place, but if they do, it is a matter for each Member of Parliament to meet with a strong enough personal record to combat it and a strong enough participation in legislative policies to ignore it.

We have evidence of this same superficial approach ie thn treatment of Howard Graftey, the Conservative Member for Brome-Missisquoi. Mr. Graftey is an undeniably conscientious and honourable Member of Parliament. It is to be hoped that the personal ridicule he is subjected to because of his size, his youth, and possibly personal mannerisms, will boomerang as an unjust way to treat a properly elected Member endeavouring to express his opinion on the subjects under discussion.

It is encouraging to remember that while these events are noted in the press, there is another strong steady side of government where a great deal of valuable undramatic work takes place. Every day committees sit on major subjects of importance and Briefs are heard from outstanding groups and individuals. The knowledge gained from this workmanlike approach to the country's problems forms a solid base for Government and Party policies. For instance, the Food and Drug Committee has met for several weeks to study the worrisome problem of pesticides and insecticides. One could not help but be grateful for the calibre of people who gave time to bring before this Committee most complete reports of many years of scientific study. From such thorough reports an objective ballanced attitude can be developed. The very excellent witness Professor Brown of the University of Western Ontario, expressed the aims of the Committee when he concluded his valuable comments with the poe that the public should have a true picture on insecticides which hasn't yet been given.

Since 1900 the annual death rate in Canada has declined from 1,310 to 784 per 100,000 persons.

Of Canada's 4,592,000 households, at last May, 71 per cent were equipped with automobiles.

From 1946 to 1962 immigrants to Canada brought in $1,117,000,000 of capital and settlers' effects to a value of $422,700,000.

In 1960 profits earned by Canada's 17,130 manufacturing companies totalled $1,593 million before taxes, compared to a peak of $1,655 million earned by 15,079 companies in 1956.

From 1946 to 1962 tax revenues of all governments in Canada increased from $2.9 billion to $10.1 billion, or from $243 to $546 per capita.

Dundas dairy cattle and swine brought home many prizes from the recent Ottawa Winter Fair.

Reserve Grand Champion Holstein Cow was the award received by Ralph J. Fawcett on the cow Maggie Pabst Walker. This cow is an outstanding individual for both type and production, in that, she is graded Excellent and has produced over 25,000 lbs. of milk in one lactation. This cow also stood third in the best udder class.

The first prize two year old in milk was exhibited by Basil Dawley Winchester. This extremely dairy female won in a class of more than thirty quality entries.

A total of 318 Holsteins were in the show before Judge J. M. Fraser of Streetsville, Ontario. Other Dundas exhibitors were Lorne Henderson, Brinston; Johannes Byvelds & Sons, Williamsburg; Allison Fawcett Winchester; Hugh Blaine, Mountain; J. Dwight Dawley, Winchester. From these exhibitors a strong county herd was selected to represent the Dundas Holstein Breeders' Club. They were beaten however, by the entries of Glengarry and Renfrew Counties and had to be content with the third prize in the class of 11 entries.

Wm. McRoberts & Son was the County's only Ayrshire exhibitor. This herd brought home many prizes including the Reserve Grand Champion Bull on Bridgeholm Royal Victor. They also received first prize on their mature cow dry as well as many other second and 3rd prize ribbons in other classes.

The Guernsey breed was well represented by the herds of Malcolm MacGregor, Crysler and Lloyd Walker, Winchester Springs.

The MacGregor herd won the coveted Premier Breeder award and did so on the basis of six first prizes and 12 second prize awards. Rated as one of the op herds of Guernseys in Eastern Ontario, the winning of the breeder award has become a habit for the MacGregor herd.

Lloyd Walker also had a fine exhibit at the Show and exhibited

In Yorkshire swine classes, Morton Stobo, Winchester, had both the Grand Champion Awards as well as Junior Champion Sow. In all the herd won seven first prize awards.

This herd is always brought out in excellent condition for the Show and much of the credit here goes to Mr. Thomas Stobo, father of Morton, who plays an important part in the care and feeding of the show herd.

The 4H Championship Show had 575 boys and girls exhibiting their calves. Dundas County was well represented by 27 4-H Club exhibitors. Ruth Walker received the Championship award on her junior Guernsey calf and the Williamsburg Club had the reserve Champion junior group of three calves. Ruth also represented the County in the Championship Showman Class and was a strong contender in this event.

Eight out of fifteen Holstein calves were in the first prize group and the South Mountain and Brinston Club were first in their division for a group of three calves. Exhibitors were Gordon Empey, Francis Henderson and Garry Smail.

Five Ayrshire calves and three Jerseys rounded out the County exhibit.

E. K. Pearson, Agricultural Representative foh Dundas was Chairman of the Junior Agricultural Committee and in charge of the 4-H Show.

This 4-H Show is the largest in Canada. The Club members receive free transportation for their calves. They also receive free lodging and meals for the two days of the Show

The grand finale of this mammoth 4-H Show is the trophy presentation and the parade of 200 boys and girls and their calves at the evening horse show.

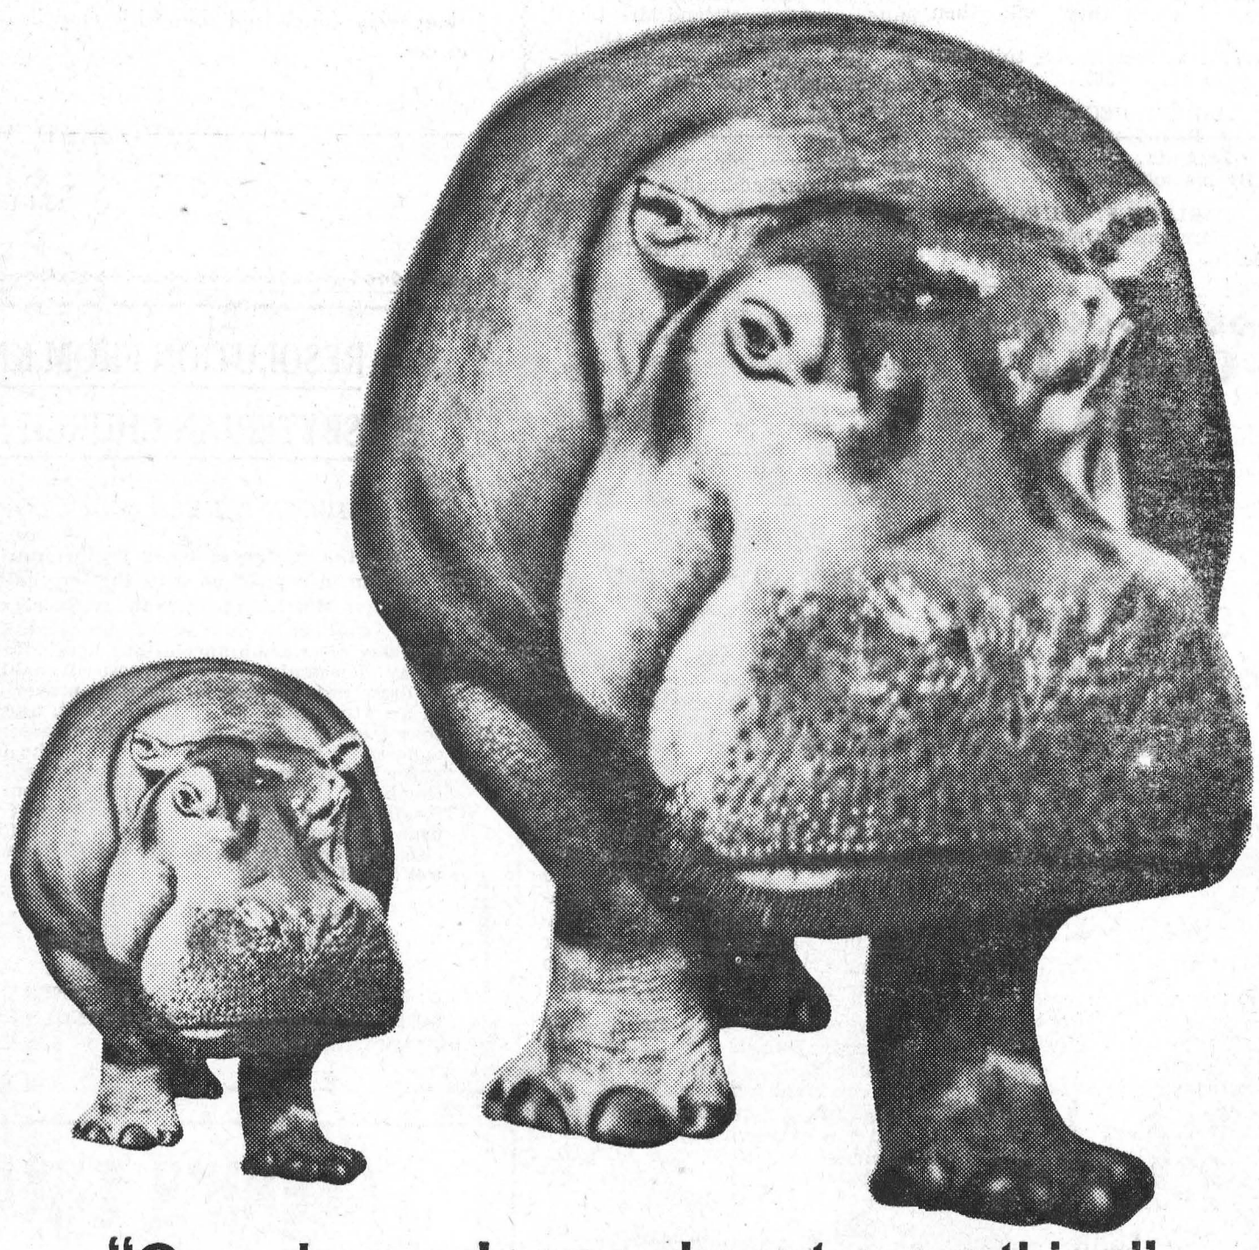
Imperial Oil Photo

It's not the mail that assistant steward-cook Gord Brand is handing over the rail of the Great Lakes tanker "Imperial Simcoe." It's garbage, of all things, packed in one of the new disposable polyethylene bags which Imperial Oil's tankers are now using. The bags and their contents are taken ashore, deposited in large refuse containers which the company has provided, and subsequently incinerated. It's part of a program adopted by Imperial tankers to avoid lake pollution.



"Canada produces almost everything"

IF YOUR HOME is not complete without a hippo, you'll have to import one. Search as you will, not a hippo can be found from St. John's to Victoria.

But almost everything else can, and the wise buyer knows that every dollar spent on Canadian goods keeps Canadians working.

To keep our economy strong, to make better job opportunities, to create jobs for those young people coming on to the labour market, we all must be "label conscious." Before you buy, look at the label. If the price, design and quality are right, buy the product that is made here.

If each of us could divert just $2.00 a week from imported to domestic goods, the result could total $600,000,000 in Canada in one year! And that could help create 60,000 new jobs!

Buy a hippo if you must, but for almost everything else, check the label before you buy. It's in your own best interest. You help yourself, your neighbour and the whole province by giving Canadian products the opportunity to serve and satisfy you.

RESOLUTION FROM KNOX PRESBYTERIAN CHURCH SESSION

AT A MEETING HELD ON OCTOBER 8, 1963

We, the session of Knox Presbyterian Church, wish to affirm in connection with the impending vote in the Village of Morrisburg on "Sunday Sports and games for gain", that since Sunday has been established by God as a day of remembrance of our Lord's Resurrection and a day of worship for the purpose of enabling His people to draw near to Him by worship, prayer and reflection, in an atmosphere of rest and quiet, and since we feel that Sunday Sports for gain will create an atmosphere opposed to the proper observance of the Lord's Day and and will tend to draw the youth of our village away from the beneficial habits established by our God-fearing forefathers, we, therefore, the session of Knox Church, urge the members of Knox Presbyterian Church to exercise their vote to the Honour of God and the spiritual welfare of His Cchuch.
