Santa here December 11

Just another reminder that Santa Claus will be in Chesterville on December 11 to meet all the children. The Chesterville Chamber of Commerce is organizing a parade with floats and bands which will lead to the Park Pavilion where Santa will hand out candy to the youngsters.

448-2137 unlisted

We learned early this week that our new telephone number hasn't been listed with the information operators. It seems to be a general mix up where Bell Canada thought we wanted the number unlisted. We straightened things out but the operators still won't have it in their directories until late this week. So if 448-2144 is busy call us at 448-2137.

Winchester Library to be relocated

The Winchester Library is going to be moved to a new location. The Stormont, Dundas and Glengarry County Library Board decided this at its meeting held in Chesterville, November 27.

The board said the present location next to an insurance office is too small and the move across the street to the former Royal Bank Building will provide an improvement over the present location.

Oh say have you seen?

Chesterville is pretty well decorated for Christmas as far as the village corporation is concerned. Reeve Keith Graham said that the town has spent about $275 on additional lights this year including two very attractive candles on the bridge.

Nestle donated another $300 doubling last year's amount to add to the festive decorations on the Community Hall. Reeve Graham said the company is hoping that other businesses and merchants in the village will follow suit and decorate their premises for the holiday season.

It is expected that Nestle will continue its annual contribution to beautifyng the village.

It never fails . . .

In the Record, dateline November 18, Earl's Meats ad showed sides of beef, cut and wrapped, at 43c a pound. The error was promptly brought to our attention in time to show a correction in last week's issue.

It never fails — the correction ad appeared lacking a sponsor.

We'll try again. Earl's sides of beef should have been advertised at 63c a pound.

Sorry about that Earl.

The photographer wasn't offside here, but the car was. Gordon Wicks of R.R. 1, Chesterville, was heading south into town Monday at noon when the rear tire on his 1964 car blew sending his car spinning into the ditch near Fyke's Garage. Mr Wicks wasn't hurt but it took Morrison's tow truck a while to right the vehicle. To make matters worse the area resident had just got his car ready for the road Sunday after putting $250 worth of work and repairs on it. — Staff Photo

RCMP Going Modern

If you've been following the news at all lately you've probably heard as we have, about the Royal Canadian Mounted Police and their new modernizing policy changes.

They say they want to create a new image, get rid of their equestrian riding forces, concentrate more on sociology and psycology and eliminate the "farm boy" recruits.

Well we didn't take kindly to those remarks because when someone else starts 'mean-mouthin' our own kind we get riled!

And now the officials of the RCMP are claiming they never made any kind of statement. We'll have to admit that sometimes it makes a better story if a newsman says there were 100 people at a banquet when there were really only 99, but we can't believe that the professionals of the news media would fabricate an entire controversial issue.

From what we hear the idea behind the RCMP's new policy is to hire the brighter and more alert urban boy's who can cope with the criminial mind and "catch his man."

We don't mean any disrespect to the general public but most of us here at the Record office were born and raised on the farm and we can tell you from personal experiences that during the farming year there are countless shady characters who roll in the lane and try to pull the wool over the poor dumb farmer's eyes.

Well those characters, probably better than anyone else, can tell **you that a farmer isn't so dumb.**

The mounted police want to modernize their force but maybe they should start by modernizing their thinking.

Although the farmers haven't launched a massive advertising campaign to make the public aware of their new image they have been changing and modernizing.

They had to. It was a matter of 'change or be left behind,' and believe us, the majority of today's agricultural businessmen are far from behind.

Today's farm boy doesn't quit school at grade six after learning the three R's. It's usually after some agricultural college training that he returns to run the family farm or start his own.

And even if he doesn't make it to college. He reads, he asks questions and he experiments to find ways of improving his techniques.

We would like to have the mounted police officials talk to a few farmers in the Chesterville area. We would like to hear the heated debate about the Ontaric Milk Marketing Board and its program of milk quotas, market sharing quotas and pool groups. We would be interested in hearing whether the RCMP think ROP testing is necessary or hear any suggestions they might have about improving the milk production and BCA.

We are not seriously suggesting that the mounted police should know the detailed ropes of farming or vise versa, because both groups are trained to do a specific kind of work, both with equal difficulties.

The farmer still lives in the country, because he hasn't found a way to get 300 or 400 acres of land to the town or city. And he still has bush land and most of them still own a tractor and plow and keep milk cows, pigs and chickens.

But he is a businessman, trying to keep a muti-thousand dollar business on the go. He is an economist, accountant, atmospheric analyst, soil specialist, carpenter, mechanic and more. And perhaps if some of the men working for the RCMP could take a look at the farmer's income he might wonder if he's any further ahead.

And even if a farm-born man doesn't take to the soil he still has the same chances in the world as anyone else. There are countless people born on farms who now are executives somewhere or running a government department. Probably the most recent example in this area is Grenville-Dundas MPP Don Irvine. Born on a farm, Mr Irvine became a successful businessman in Prescott and now is voice for the people in this area in Queen's Park. Where he goes from there is his own decision.

If modernizing the image of the RCMP really means eliminating the farm originated recruits we take it as an insult and step backwards.

If removing the horses from the force is another step towards creating a better image for the RCMP we consider it a tremendous cultural loss.

If the RCMP are saying "you can't make a silk purse out of a sow's ear" we'll answer by saying "you can't make a new broom out of a sow's tail either . . . you get more value if you use the whole animal".

Has the Roof Fallen in on Your Charity?

The Department of National Revenue is revoking the right of 3,000 Canadian charities to issue tax-exempt receipts to donors. Their names will be published in the Canada Gazette in mid-December and the revocation will become effective Dec. 31. This move by the tax collectors comes after long years of pleading with these charities to register formally with Ottawa.

In January, letters were sent out to 7,200 delinquent organizations, warning they must register or pay the consequences. Some 4,000 of them did comply — but nothing has been heard from the others. There are many other charities that can soon expect the same bad news.

How can you be sure your favorite charity still qualifies? You don't have to keep a collection of Canada Gazettes. Every district taxation office will have an up-to-date computer printout of all the qualifying charities.

A quick telephone call should get you the answer. "Some of the largest groups of offenders are the women's auxiliaries of churches," one tax official says. "They change their officers, and perhaps our mail goes to the wrong place. We wish they would let the churches handle their tax exemption for them — it would be a lot easier for all of us."

One encouraging point: as far as National Revenue is concerned, sinners may still repent and be brought back into the family. Any charity that his its tax-exempt status revoked may still reapply at a later date and be put back on the lists.

Letter to the Editor

Chesterville, Ont.,
November 29, 1971.

Editors,
The Chesterville Record,
Chesterville, Ontario.

Dear Sir:
letters from two of our citizens etters from two of our citizens which have appeared in your 'Letters to the Editor' column over the past two weeks, dealing with litter pollution. I heartily endorse these statements and identify therewith. We, too, live on an attractive residential street, at a location which we ourselves chose partly because of its landscaped and natural beauty. We, too, find ourselves in a vulnerable position as the unwilling recipients of candy wrappers and the like. Every few weeks I take two or three dozen pop bottles to a nearby store for redemption. We do not buy soft drinks at all; the bottles are those which end up on our lawn. The store is only next door. The purchasers and consumers could as easily step back in and cash in their empties. I would gladly forgo this income.

I believe that a concerted campaign against littering should be carried on through the channels of schools, Scouts and Cubs, and such agencies where children and youth are reached. We could have, as others have observed, one of the cleanest, most beautiful towns to be found anywhere.

While on the subject of litter pollution, there is another type of pollution to which we are unnecessarily subjected. I refer to noise pollution. Back in the early years of the century the country became very noisy, with auto horns, teamsters' and hucksters' raucous cries, street cars, gongs, policemen's whistles, etc. Then came an era of controlled noises as a result of which we hear most of these things no more. Most noise is limited to its proper place and time — horns for weddings, cheers and noise makers at ball games, hockey matches, and the like. On these occasions, and at these functions, I enjoy helping make noise, and

Mr and Mrs Arthur W. Hutt, Rochester, N.Y., spent a few days with Mr and Mrs Duncan McElheran and attended the 45th Wedding Anniversary dinner for Mr and Mrs McElheran.

Ann Landers . . .

Dear Ann Landers: I swore the next time it happened I would sit down and write to you. Well, today's the day. For the umpteenth time a working mother whose child goes to school with our son called and asked me to do her several favours because, as she puts it, "I'm working now, and you have more time."

So she's working now. Big deal. What does she think I'M doing? Mothers who want careers and try to palm off their responsibilities give me a royal pain in the esophagus. They like to create the impression that what THEY are doing is terribly important and because I stay home and take care of the kids, I am some kind of a slob. I don't want to get into the Women's Lib thing, but I'm sick of hearing the homemaker and mother downgraded, as if she were a mental defective. I wish you would say something in defense of the woman who wants to stay at home and take care of her family. — Content in New Jersey

Dear C. in N.J.: The woman who wants to stay home and take care of her family doesn't need defending. It's as honourable and exalted a career as the female executive's, and the rewards are every bit as great, if not greater. The woman who wants both a career and children, should, in my opinion, give her young ones a fighting chance by waiting until they are in school before she enters the work force. Of course, that doesn't include the mother who must take a full-time job outside the home for pressing financial reasons.

Dear Ann Landers: I am 17. Pete is 19. We plan to be married in two years. (If he's still alive.)

The problem is his car. He races on the street (against the law) and on the drag strip. If he gets caught again he will lose his driver's license. The money he spends on that bucket of bolts is sickening — $20 here, $50 there He has blown more transmissions than I can count and has totaled two cars already. He's lucky to be alive.

Then there are the evenings he spends on the junk heap. Pete's idea of a date is for me to sit in the garage while he fools around with the engine — trying to make it go faster or fixing something that went wrong.

After his last wreck he promised me he was through racing. His promise lasted three weeks. Should I lay down the law, bide my time, forget about marriage, or what? — Hope Fading

Dear Hope: Get smart. You're going with Pete and he's going with his car. These types are usually incurable. If you want a stable, rewarding life, give him a Methodist handshake and tell him to buzz off.

Dear Ann Landers: Our daughter is being married soon and I want to check something out with you. A friend told m[illegible]e read a story about you[illegible] said that when your da[illegible]r got married you gave her the key to your home and told her to use it any time but you would not visit her except by invitation.

Your reasoning was that once a daughter marries, she is head of her own home and her mother should be an invited guest. True or false? — Yakima, Wash.

Dear Yak: Like most secondhand stories, it is only half true. I told my daughter when she married that I would never drop in on her uninvited and that we were to be guests in one anothers home. That business about giving her a key is nonsense. Mothers are entitled to privacy, too.

Unsure of yourself on dates? What's right? What's wrong? Should you? Shouldn't you? Send for Ann Landers' booklet, "Dating Do's and Don'ts", enclosing with your request 35c in coin and a long, self-addressed, stamped envelope.

Moderator Nicolson makes official visit to Glengarry Presbytery

AVONMORE — Speaking on the occasion of his official visit to the Presbytery of Glengarry, the Very Rev. Dr. Murdo Nicolson, Calgary, Moderator of the 97th General Assembly of the Presbyterian Church in Canada, warned that the coming days would be difficult ones for the Christian Church.

Dr. Nicolson, who was elected to the Church's highest office last June, spoke a reassuring word as he told of the devotion and love that he has witnessed in recent months as he has visited the church across Canada and its far reaching missions overseas.

The Moderator preached the sermon at the evening service in St. Andrew's Presbyterian Church, Avonmore, Sunday evening. Dr. Nicolson based his message on the Apostle Peter's encounter with his Master, wherein he was confronted with the probing question, "Lovest thou me more than these?"

Rev. W. E. Sayers, M.A., Moderator of the Presbytery of Glengarry, conducted the service of worship and welcomed the members of Presbytery, the ministers, the men, women and young people from the various congregations within the Presbytery.

The choir of St. Andrew's Church led in the service of praise. Miss Wendy Lang sang a solo. Mrs Neil Bush presided at the console.

In the fellowship hour that followed in the church hall those present had the opportunity of meeting the Moderator and Mrs Nicolson.

Under the chairmanship of Rev. Mr. Sayers, there was a question and answer period in which the Moderator touched on a wide range of topics, ranging from missions in South Africa, term eldership and his views concerning the role of bishops.

Since his coming to Canada in 1944, Dr. Nicolson has ministered in the three western cities of Vancouver, Saskatoon and Calgary.

In his present church, Grace Church in Calgary, Dr. Nicolson has as his assistant Rev. Thomas Rodger, a Cornwall native. Mr Rodger was licensed in service under the direction of the Presbytery of Glengarry in St. John's Church, Cornwall, in August. Last week in Calgary he was ordained to the Christian Ministry.

SNOWMOBILE RECOMMENDATIONS

The Council of the Village of Chesterville Recommends:

1. That a 15 mph speed limit for snowmobiles be observed on all Chesterville streets.
2. That snowmobiles refrain from operating on sidewalks, with the exception of the Highway 43 Bridge in the event that the Nation River is not sufficiently frozen for crossing or due to adverse road conditions.

   Further, any snowmobile operator in using the bridge, should not proceed until the sidewalk is clear.
3. That access arteries to the Nation River be allowed as follow:
   - i Community Hall
   - ii Park Bank - East of Art Schrale's
   - iii Pump House - West of Village
   - iv River Bank - Southwest of Public School, and other access roads depending upon consent of the proprietors.
4. That it is hoped that snowmobilers will practice care, courtesy and common sense in operation of the snowmobiles in the village of Chesterville.
5. That late night operation should be limited to proceeding to one's residence, so as not to inconvenience the public.

230 on hand to help celebrate 100th anniversary of Farran - Ault Lodge

INGLESIDE — The 1971 Masonic year in Eastern District, reached it's climax Friday evening, November 19, when some 230 masons assembled in St. Matthew's Presbyterian Church Hall here, to celebrate the 100th anniversary of Farran-Ault Lodge No. 256 A.F. & A.M., GRC. They also attended a reception in honour of Most Wor. Bro. William Kirk Bailey, Grand Master of the Grand Lodge A.F. & A.M. of Canada in the Province of Ontario.

Upon his arrival in Ingleside, M. Wor. Bailey was welcomed by a reception committee composed of Wor. Bro. Wm. Disotell, W.M., of Farran Ault Lodge, V. Wor. Bro. Frank Dafoe P.G.S., and Wor. Bro. Keith Dafoe P.M., both of Farran-Ault Lodge. The party proceeded to Cornwall, where they were welcomed by Rt. Wor. Bro. Arthur Youngs, D.D.B.M. of Eastern District, and Wor. Bro. Earl Myers, District Secretary, both members of Cornwall Lodge No. 125. The complete delegation was received by his Worship, Bro. Nick Kaneb, Mayor of Cornwall.

After a brief visit the Grand Master was presented with a gift on behalf of the city and asked to sign the golden Guest Book.

The motorcade returned to Ingleside, for the reception at St. Matthews Presbyterian Church. The Grand Master held an informal meeting with all the masters and wardens of the 20 constituent lodges of Eastern District, prior to the banquet.

The banquet hall was filled, almost to capacity, with masons from Eastern District, and many visiting masons from various points in Ontario, Quebec and New York State.

The head table guests were piped into the banquet hall in true Scottish tradition by Wor. Bro. Ken MacKinnon of Corinthian Lodge No. 669, Cornwall. V. Wor. Bro. Frank Dafoe of Farran-Ault Lodge No. 256, Ingleside, acted as chairman for the evening program. After the invocation by Bro. Rev. Doug MacKay, District Chaplain and a member of Martintown Lodge No. 596, V. Wor. Bro. Les Presley of Excelsior Lodge No. 142 Morrisburg, proposed the toast to the Queen and the Craft.

Following the dinner Rt. Wor. Bro. Fred M. Cass of Henderson Lodge 383, Winchester, tendered a vote of thanks to the ladies on behalf of all masons present. Immediately following this the brethren were entertained by Bro. Bill Vipond accompanied by the piano. Both these brothers are members of Lancaster Lodge 207.

The chairman, V. Wor. Bro. Frank Dafoe in a few remarks commented on the significance of the occasion and the excellent attendance. He mentioned that it was a most unusual situation, but his good fortune on this occasion to be seated between two Grand Masters — on his right M. Wor. Bro. W. K. Bailey and on his left M Wor. Bro. Kenneth Aldridge, Grand Master of The Grand Lodge of the province of Quebec.

He explained to the masons assembled that one of the centennial projects of the lodge had been to procure picturs of as many of the past masters as possible. These had been collected and assembled in one composite picture. The Grand Master was asked to unveil the picture and he then complimented the lodge for a job well done.

Rt. Wor. Bro. Arthur Youngs introduced the head table which included the following: M. Wor. Bro. Bailey, Grand Master of the Grand Lodge A.F. & A.M. of Canada in the province of Ontario, M. Wor. Bro. Kenneth Aldridge Master of the Grand Lodge A.F. & A.M. of the province of Quebec, Rt. Wor. Bro. Clarence Bailey D.D.G.M. of St. Lawrence District and brother of the Grand Master, Rt. Wor. Bro. Harold Gilbert D.D.G.M. of Ottawa District 1, Rt. Wor. Bro. Mervyn Tripp D.D.G.M. of Ottawa District 2, Rt. Wor. Bro Arthur Claire D.D.G.M. Prince Edward District, eight members of the Board of General Purposes of Grand Lodge in the persons of Rt. Wor. Bro. Fred Cass, Winchester, Rt. Wor. Bro. Colin Lillico, Ottawa, Rt. Wor. Bro. Howard Polk, Ottawa, Rt. Wor. Bro. Ray Gunsolus, Belleville, Rt. Wor. Bro. Dave Stevens, of Kingston, Rt. Wor. Bro. Ivor Davies, Burlington, Rt Wor. Bro. Roderick Connor, Hamilton and Rt. Wor. Bro. Cameron Steele, London, Rev. Wallace McKinnon, Minister of St. Matthew's Church, Bro. Ken MacKinnon, piper, Bro. Bill Vipond, soloist, Rt. Wor. Bro. Ray Steele, pianist, V. Wor. Bro. Al Malcomson of Alexandria Lodge 439, Grand Junior Deacon and V. Wor. Bro. Stanley LeRoy of St. John's Lodge 21A, Vankleek Hill, Grand Steward V. Wor. Bro. John Stewart, P.G.S., Wor. Bro. Keith Dafoe, P.M. and Bro Glenn Crites, J.W. of Farran Ault Lodge. Other head table guests present were mentioned as they participated in the programme.

Rt. Wor. Bro. Arthur Youngs also introduced as a group approximately fifty Past Grand Lodge officers from Ont., Quebec, New York State and one from France.

A brief history of Farran-Ault Lodge was presented by Rt. Wor. Bro. Glenn Dafoe, Secretary of the Lodge, which traced the progress of the Lodge from the birth of Masonry in Osnabruck Township in the early 1800's to the Institution of the original Farran's Point Lodge 256 on June 28th, 1871. The resume continued with the move to Aultsville in 1902, the election of Rt. Wor. Bro. R. H. Hanes as the first D.D.G.M. of Eastern District 21A in 1904 and finally the move to Ingleside in 1960 as a result of the St. Lawrence Seaway. Here, Rt. Wor. Bro. Dafoe reported that with the approval of Grand Lodge the name of Farran's Point Lodge was changed to Farran-Ault Lodge so that a link with the former towns of Farran's Point and Aultsville would be retained.

Space and time permit only a fraction of the items that could be mentioned in a history of this sort, such as interesting events like the celebration of the 50th Anniversary in 1921 and the election and appointment of some six Past D.D.G.M.'s and six Past V. Wor's, two of whom were Rt. Wor. Bro. Frank Shaver and the much revered V. Wor. Bro. Dr. E. L. Brown.

A toast to the visitors was proposed by Wor. Bro. Gerald Cook W.M. of Cornwall Lodge 125, who drew to the attention of the visitors all the features to be found in each area of Eastern District, this toast was responded to by Rt. Wor. Bro. Clarence Bailey of Smiths Falls, brother of the Grand Master and D.D.G.M. of St. Lawrence District.

After more Scotch songs by Bro. Bill Vipond a very fitting address of welcome was tendered to the Grand Master on behalf of the lodge and the district by V. Wor. Bro. Russell Hay of Hawkesbury Lodge No. 450.

Following this a toast to the Grand Master and the Grand Lodge was proposed by V. Wor. Bro. George McCutchson of Cornwall Lodge 125, which was responded to by Most Wor. Bro. Bailey. He held the attention of his audience with an address entitled "Communications". After a brief resume of the history of the lodge he mentioned the changes that are being implemented gradually at Grand Lodge level. The communication between Grand Lodge and the District Lodges, the Wor. Master and members of his lodge, the Lodge and non-resident, ill and aged members was the key note of his address. He emphasized that the success of any group of people whether at home, school church or lodge was solely dependent on open communications.

Appreciation was expressed to the Grand Master in a well-phrased message by Rt. Wor. Bro. Ken McDermid of Martintown Lodge 596.

Wor. Bro. Bill Disotell W.M. of Farran-Ault Lodge presented Most Wor. Bro. Bailey with a gift on behalf of the lodge and Eastern District. Most Wor. Bro. Kenneth Aldridge of Ormstown, Quebec, Grand Master of the Grand Lodge A.F. & A.M. of the Province of Quebec was called on to speak. He brought greetings from the Grand Lodge of Quebec and it's constituent lodges.

Following the presentation of a floral arrangement to Rt. Wor. Bro. Youngs, for his wife, by V. Wor. Bro. Frank Dafoe, the chairman called on Bro. Glenn Crites, the Junior Warden of Farran-Ault Lodge 256 for the Junior Warden's toast.

This climaxed what could only be termed a very successful event which will be long be remembered in Farran-Ault Lodge and by all who were present for the occasion.

MacMillan - Simpson

ONMORE — A pretty late autumn wedding in St. Giles Presbyterian Church, Calgary, united in marriage Patricia Mary Simpson, Cochrane, Alberta, and Constable Keith Wayne MacMillan, Royal Canadian Mounted Police of Calgary.

The bride is the daughter of the late Mr and Mrs J. W. Simpson and the groom is the son of Mr and Mrs John H. MacMillan, Newington.

The candle light ceremony in dress uniform was conducted by Reverend David Crawford and Father R. Sullivan of Calgary. The organist was Mrs Dennis Jackson.

Teh bride, given in marriage by her uncle, J. F. Simpson, wore a long white fitted coat dress of polyester satin trimmed with fine lace. Her short, three tiered veil was held in place by a Juliette cap of stiff lace. She carried a bouquet of red Baccarro roses and stephanotis.

Matron of honour was Mrs Maureen Bissett, Toronto. She chose a long gold gown of peau d'elegance with an empire waist. She wore long white gloves and carried a bouquet of wheat, fireking roses and yellow mums.

Best man was Corporal Glen Perkins of Edmonton. Ushers were Constable Fred Wright, Cochrane, Alberta, and Constable Ross Martlock, Banff, Alberta.

A reception followed the ceremony in the Briar Hill Community Hall.

Guests included the groom's mother, Mrs John H. MacMillan and brother Arnold, Newington; his brother, Lyle MacMillan and Mrs MacMillan, Vancouver; his brother, Alfred and Mrs MacMillan, Toronto; and his brother-in-law and sister, Mr and Mrs Irwin Bender and their two sons from Monkland.

The young couple left on a wedding trip to Banff, Radium, and Hot Springs, and through the Okanagan Valley, British Columbia. On their return, they took up residence at 3843 Charleswood Drive, N.W., in Calgary.

In addition to his regular duties at the RCMP sub division headquarters in Calgary, the groom is studying at the University in Calgary. The bride is a public health nurse working in Calgary schools.

LETTER TO HE EDITOR —
(continued from page 2)

I challenge anyone to make any more than I do. — These are rejoiceful, good-time noises. The noise that we can do without is that which comes from auto exhausts and 'cut-outs'. Mufflers were devised and invented, and the cars equipped with such, to prevent this. I believe I am in a position to write with authority on this, as I drive an average passenger car more miles in a year than most of my fellow citizens. It is just an average car as I say. But I am sure my nearest neighbours do not as a rule hear me come and go. I practise what I have been taught, and continue to teach; — to operate a car quietly, safely, efficiently. We have laws governing unnecessary noise with a car, such as open cut-outs and screeching tires. But better than laws is the creation of a climate of approval of safe, efficient, quiet driving. Persuasion is better than enforcement, any day. Law enforcement has to be brought into operation to control the lawless minority. If teaching and example have their way, enforcement will not be necessary. The 'now' generation is seeking, above all else, approval. Concerted approval of thoughtful, considerate deportment, which is the hallmark of good neighbourliness, is the solution, from where I sit. In the parlance of a contemporary cliche, "Let it begin with me."

Earnestly yours
E. Earle Eaton.

Ingleside youngsters enjoy bowling

INGLESIDE — For 45 or 50 of the youngsters here under the age of 12, the usual cry "I've got nothing to do" has changed to "But Mom, I've got to bowl this morning". And bowl they do at Ingleside Lanes with Lou Bray's Youth Bowling League.

The youthful bowlers are all registered and organized and as someone suggested they might set an example for some of the senior teams.

There regular bowling season will be climaxed by a Young Bowler's Banquet at which time prizes will be awarded. Trophies for the high scorers came easy enough as a request to people to donate some of their dust collecting trophies paid off.

The banquet for the children will probably cost from $100 up and cash donations are already coming in.

About $20 has been received to date and of course the sportsmen are contributing a fair share by selling chocolate bars.

The bars purchased through the Ontario Bowling Council are sold at $1 each and the league keeps 14 cents.

Sixteen dozen bars have been sold so far netting $23.88. It is hoped that Ingleside residents don't confuse the $1 bars with the 50 cent bars sold by local schools.

The youngsters meet regularly at the lanes and thanks to Mr Bray they rent the lanes at a reduced price and get the shoes free.

Although Mr Bray says he is glad to see the children off the streets he would be pleased to receive some help from interested parents.

CARD OF THANKS

I wish to express my thanks and appreciation for the cards, and calls while I was a patient in Cornwall General Hospital. Special thanks to Dr. Anderson and the nursing staff on the first floor.

Hawks lead league split 8 games week's games

KEMPTVILLE — One win and one loss this past week end has kept the Junior B Hawks on top of the standings in their own division but they will have to cope with tough competition as they meet Prescott in back games this week end and Spencerville December 10.

Fans were scarce Friday night as the Hawks defeated Morrisburg at Kemptville by a score of 4 to 3. At the end of the first period the teams were tied 1 to 1 with a goal scored by Jacques Landry for the Hawks. Bill Moran and Landry each potted one in the second, giving the Hawks a 3-1 lead. Morrisburg caught up in the third period but a goal by Ducky Swerdfeger assisted by Randy MacDonald won the game for the Hawks.

Saturday night, the local team didn't get off the ground as Cardinal sank two goals in the second period blanking the Hawks 2-0.

Team officials say they are impressed with the action of Bill Byers. The young rearguard has shown steady improvement throughout the year and has good potential.

Hans Petersen of Winchester won the 50-50 draw Friday night at Kemptville taking home $73.75.

Teachers ... VIEW

Pupil-Teacher ratio misses mark — and how

In a recent article in the Standard Freeholder (Pupil-Teacher Ratio Misses Mark — Wednesday, November 10, 1971) a somewhat biased and deceptive picture of the pupil-teacher ratio in our secondary schools was presented to the tax paying public by the S.D.&G. County Board of Education. We as teachers in this system feel that it is only fair that our viewpoint is presented and given equal space.

The article quotes the board as saying that the schools have " — an average pupil-teacher ratio of 16.57 to 1". A visit to any of the schools by the public would not, however, confirm this statement as the actual number of students in the classroom is somewhat higher.

The difference between the board's statistical ratio and the actual number of students in the classroom is due to the different interpretation of the word "teacher" as defined by board members and teachers. The Random House Dictionary of the English Language defines the term as 'a person who teaches or instructs' and that is the interpretation accepted by the teachers themselves. The board, however, defines the term so that it will include " — all teaching and supervisory personnel in the schools, including principals, vice principals, and guidance councillors — ". This is where the basic fallacy and deception occurs.

The secondary school teachers do not object to the statistics published but rather to the blatantly incorrect manner in which the term 'teacher' was interpreted which results in a totally false impression of the pupil-teacher ratio in our schools.

As quoted in your article the board feels they " — have to give the teachers the facts" and this action on their part is very commendable. It is also our responsibility as educators to give the public the facts. So while the board members are busy patting themselves on the back for a job well done (and we congratulate them on it) we shall strive to keep the tax paying public informed of the feelings and viewpoints of the people who are doing the teaching and the educating of our youth through this column in your newspaper.

Canada Works

You can be a moving force in creating jobs for Canadians.

Canada works when Canadians get involved together. So the Federal Government is putting 498 million dollars to work, through a series of specific programs, to help create jobs for Canadians.

CANADA WORKS WITH YOU

You're a major force in making the program work. We're counting on you, either on your own initiative or through your community groups, to come up with ideas for the Local Initiatives Program. For example, you may have a social service project or an idea such as a cultural program, improvements to substandard housing, assistance to the handicapped, or others that create employment and make your community a better place.

The Training-on-the-Job Program will expand opportunities for training for those who are unemployed or have little work experience, and will work through business and industry.

For those with some basic work experience, the Canada Manpower Training Program has been extended to help provide additional learning.

CANADA WORKS WITH BUSINESS AND INDUSTRY

A program of tax credits or direct payments to employers encourages them to add trainees to their staffs through the Training-on-the-Job Program.

CANADA WORKS WITH MUNICIPALITIES

The Local Initiatives Program will help municipalities create additional jobs through worthwhile community projects. Provincial governments will work with municipalities to use this program to support and spur community projects.

CANADA WORKS WITH THE PROVINCES

There's a Federal-Provincial Employment Loans Program designed to create jobs by financing additional capital works projects throughout Canada. We'll be speeding up the program of the Central Mortgage and Housing Corporation to get more homes, student housing, and sewage treatment projects under way.

Loans will also be made to exhibition commissions, boards and associations to get people working on multi-purpose fair and trade buildings.

CANADA WORKS WITH FEDERAL PROJECTS

There will be more job opportunities in expanded maintenance and improvement activities on Federal buildings; transportation facilities; forest and park projects; and many others.

WHERE IT ALL WORKS TOGETHER

It starts at your Canada Manpower Centre. For advice and assistance on any of the programs you feel apply to you or your community, contact your local Canada Manpower Centre. They'll be happy to help you.

When Canadians get involved together, **CANADA WORKS.**

IN MEMORIAM
In loving memory of a dear mother and grandmother, Blanche Barkley, who passed away December 5, 1966.
We do not need a special day
To bring you to our mind
For the days we do not think of you
Are hard to find
If all this world were ours to give
We'd give it, yes, and more
To see the face of mother dear
Come smiling through the door
Vaughn, Reggie, Helen, Doug and grandchildren
