Board Balks At Boundaries For School Area
CHS Trustees Refuse Winchester Request
Meaning Of 'Area' Leads To Deadlock

Chesterville High School Board and Morewood High School Board could not reach an agreement with Winchester High School to define a boundary between the areas served by the High Schools. This lack of decision holds up for the time being the plan of Winchester to set up a Greater High School Area. Winchester Township cannot act on the petition of the area served by Winchester High School until definite boundaries are settled between the three boards on this side of the township.

A joint meeting was held in the clerk's office of the Community Hall in Chesterville, Wednesday night, between members of Chesterville High School Board, Morewood High School Board and a spokesman of the Winchester Board, Mr. Earle Helmer. The object of calling the meeting was to define an eastern boundary for Winchester High School so that they could proceed with the plan of becoming a Greater High School Area. Winchester Council waited on the boards for their findings.

Mr. Helmer, as a member of the Winchester High School Board and chairman of the petitioning committee who canvassed the area served by the WHS stated the wishes of his board. Upon inquiry, he explained that Winchester wished to set up a High School Area for two reasons only, namely, to provide transportation for the present pupils that would be paid for by the Province to the extent of 70% and to hold the pupils who are being transported from Osgoode Township into the Winchester area. Osgoode has until January 1st, 1950 to decide what area their pupils may attend. If by that date, an area is not set up in Winchester, then the pupils must go to the Area school that services Osgoode. Carleton County is already formed into an Area so that Winchester would lose the pupils numbering about 40 to the school that is projected for either Manotick or Richmond or some other location in Carleton County.

Mr. Helmer was emphatic in his statement that Winchester had no other objects in mind than those expressed above. He explained that the residents of the Township served by WHS had been circularized and a petition had been signed by a majority of these to form an Area. He pointed out that care had been taken not to encroach into the areas served by Chesterville and Morewood and hoped that no difficulties would result in the setting up of a definite boundary between east and west.

Mr. Walter Carr, chairman of the Chesterville High School Board, explained that at a meeting of that Board held last Tuesday evening a unanimous decision had been reached not to set up a boundary. To qualify the decision, Mr. Carr and members of CHS Board called the fact to Mr. Helmer's attention that there seemed to be a large field of dissagreement between Chesterville and Winchester as to what constituted a Greater School Area. With the Winchester Board stating that their proposed Area will mean nothing but subsidized transportation, with no increase in school plant, Chesterville Board feels that their view of a School Area will stand until the Board of Education can clarify the meaning of a Greater High School Area. Representatives of the Board of Erucation have made it plain to Chesterville that a Greater High School Area means more than just the solving of a transportation problem. An Area, in the view of the CHS Board means much more. The only reason for dissolving the Chesterville Board would be to join with the larger scheme of a central school, one school for the county, that would provide the best teachers, best plant and best location to serve the secondary education needs of Dundas County. To have that area would mean an assessment of approximately $7,000,000. Chesterville is on record since 1947-48 as having this opinion. To agree to an Area that would supply none of these things and operate on an assessment of approximately one half of the amount as stipulated by the Department, seemed out of the question. While no immediate effects would be felt in this district if Winchester formed the smaller Area, it was felt that future plans for a Larger Area would be bound to suffer. The fact that the Townships of Williamsburg and Matilda have enough assessment to go ahead with a Larger Area of their own, is another fact that Chesterville must take into consideration. If these Townships formed their own Area on their adequate assessment of over $7,000,000 Chesterville will lose their Williamsburg pupils as Morewood has lost the Stormont pupils who must go to that area school.

Mr. Helmer expressed his regret that agreement could not be reached with Chesterville and turned to Morewood Board for their views. Mr. Roy Fetterly as spokesman and chairman of that school called Mr. Helmer's attention to the stated desire of Morewood to have the boundaries moved to those of the 1911 agreement which would give Morewood a greatly increased assessment for their school and more area from which to draw pupils. Mr. Helmer agreed that the request was reasonable and intimated that WHS Board were willing to agree to that request. A start was made to define a boundary between Morewood and Winchester, and everything went swimmingly until Morewood realized that the 1911 boundaries included part of the area that Chesterville now services. It was with regret that Mr. Carr felt he must express the opinion of the board that if no boundary could be set with Winchester, the same opinion must apply to the definition of boundaries between Morewood and Chesterville. From then on, it was apparent that a deadlock had formed and that further discussion could not solve it that evening.

Mr. Helmer called it unfortunate that an agreement could not be reached but he thought that there were other 'shots in the locker' that might prove effective in breaking the deadlock. It would be their intention, he said, to make a further representation to the members of the communities involved and see what could be worked out from that.

Winchester Township Council was called in at this point to hear the report of the findings. Members E. B. McMillan, B. Dawley and Wm. Brown heard the report. Deputy-Reeve McMillan had clerk Jake Steen read the resolution of council that had necessitated the calling together of the Boards. He explained that Winchester Board, in making application for an Area must fill in a prescribed form to present to council and that that form called for a definition of the boundaries of the proposed area. The resolution on the council books made it clear that boundaries are to be set by agreement between the High School Boards involved. With the situation as it was, Mr. Dawley moved and Mr. Brown seconded a motion to have the original resolution stand on the council records until a boundary is worked out. Until then, council felt that it was a School Board problem and must be worked out by them.

In the course of the meeting between council and the school boards, Mr. Steen read out the boundaries of the Schools as defined in the 1911 agreement, now no longer in force. They were as follows:

For Winchester High School:

Concessions 1 to 7, lots 1 to 12 inclusive; Con. 8 and 9. Lots 1 to 9 inclusive; Con. 10 to 12, Lots 1 to 5 inclusive;

For Chesterville High School:

Con. 1 to 6, Lots 13 to 24 inclusive; Con. 7, Lots 13 to 24, except Lot 17;

For Morewood High School:

Con. 7, Lot 17; Con. 8, Lots 10 to 24 inclusive; Con. 9, Lots 10 to 24 inclusive; Con. 10 to 12, Lots 6 to 24 inclusive.

Mr. and Mrs. J. H. Turvey wish to announce the engagement of their only daughter, Madeline Pearl, to Kenneth Douglas Dillabough, son of Mr. and Mrs. R. C. Dillabough, Chesterville. The wedding will take place at Wesley United Church, Brantford, Friday, December 23, 1949, at 4 p.m.

W. I. Met Wed. Eve. For Colourful Christmas Meeting

The Christmas meeting of the W.I. was held in the auditorium of the Community Hall, Wednesday evening when about 80 members and guests were present, with the president, Mrs. Shaver in the chair.

Committees were appointed to take charge of sending Christmas gifts to member shut-ins and to pack food parcels for overseas.

It was decided to gather as much information as possible pertaining to and to view various cairns before making a final decision as to the amount of money to be pledged to the Park Committee for the memorial to pioneers who braved the unknown to settle this district and to the boys who braved the unknown to die.

Mrs. O. L. King, program convener, introduced the quartette which comprised of Mesdames Carl Merkley, Jas. Fyke, Jack Doering and Milton Phillips accompanied by Mrs. Greer who sang two lovely Christmas carols. Mrs. King then introduced the speaker of the evening, Mr. R. C. Dillabough who spoke on "Florida". The names of fascinating places flitted like the bright pieces of a kaleidoscope throughout the address. It was interesting to note that like Ponce de Leon Mr. Dillabough did not find the famed water to be the 'elixir of life'. Agricultural and historical aspects were also included and everyone felt that for a time they, too, had taken a journey to faraway places.

Mrs. O. L. King thanked the speaker and as a token of appreciation presented him with a small gift.

The President, Mrs. Fay Shaver, explained that she will be away from the community for the next few months. She thanked the members of the W.I. for their co-operation and support to her as president and hoped that the vice-president, Mrs. Hubert McCloskey would be accorded the same measures: Mrs. McCloskey will assume the office to be vacated by Mrs. Shaver until the end of the W.I. year.

The exchange of gifts among members and guests was effected, the tree being beautifully decorated as was the stage with lights and greenery.

The singing of carols and the National Anthem accompanied by Mrs. C. A. Graham closed the meeting.

Tea was then served from a charmingly appointed lace covered table by Mesdames O. L. King, Geo. Barkley, Wm. Forward, A. Jarvis, Stanley Shay, H. Justus, Howard Fulton, Harry Edgerton, Harold Merkley, Cameron Baker, T. D. Ross, Gordon Cummings and A. Ringrow.

TRINITY UNITED W.M.S. AFTERNOON AUXILIARY ANNUAL MEETING

On December 8th, the annual meeting of the Afternoon Auxiliary of Trinity United Church Woman's Missionary Society was held in the dining hall. The business part of the meeting was attended to by the president, Mrs. Wright. Mrs. Wm. Hamilton, treasurer, gave the yearly report of $330.00, as givings, and $50.25 the total of the Autumn Thankoffering. The remainder of the reports are to be given at a joint meeting of the old and new executives, in January.

The Christmas program was under the convenership of Mrs. Lyle Marcellus, assisted by members of her group. A Christmas story and poem read by Mrs. Marcellus and Miss Edith Johnston urged all to have room in their hearts for the Chief Guest Jesus at this season and all time, also to have love for their fellow men. Mrs. Campderros and Mrs. Gertrude Gray read the story of the birth of Jesus as told in St. Luke's Gospel, while Mrs. Mac Smith led in prayer. Some of the lovely old Christmas carols were sung by all during the meeting with Mrs. Stanley Shay as pianist.

TRAGEDY IN THE BUSH

A hunter creeps stealthily through the forest. A twig snaps in a thicket ahead. He freezes in his tracks, his ears cocked. Dry leaves rustle. Another twig breaks. Something moves in the alders. A deer? It must be. Heart thumping wildly, he pulls up his rifle and lets fly at the moving shadow. A human cry is heard almost simultaneously with the crack of the rifle. The hunter rushes forward. What he sees chills his blood. A fellow hunter is sprawled in the dry leaves—dead.

This scene, with variations, was repeated many times in the woods this past fall. Hunters were accidently killed because they were mistaken for game. Hunters were killed because fellow hunters tripped and discharged their weapons. Hunters killed themselves while climbing over fences and their guns went off accidently.

Out of all the investigations into such tragic deaths, one fact came out with stark clarity. No trigger happy hunter belonged to a national shooting organization. This is borne out by the National Rifle Association in the U.S. which claims that in the many years for which statistics were compiled none of its 200,000 members had accidently shot anyone. A senior official of the Canadian Small Bore Association (now the Canadian Civilian Association of Marksmen) maintains that for the 15 years he has been connected with it, not one of this group has been responsible for an accidental killing.

This revelation is highly significant. It obviously indicates that safety rules drilled into one on the target range are observed in the bush. It gives the answer to how accidents with firearms can be drastically reduced. That answer: join your local shooting club or organize one if there isn't one already. Become an active member and practice safety regulations until they become part of your instincts. If every would-be hunter did this, hunting would indeed become a safe sport.

Prebyterian Prebytery Meeting Held Last Week At Winchester

The Presbytery of Brockville of the Presbyterian Church in Canada met in regular session in St. Paul's Church, Winchester, on Tuesday, December 6. The Moderator, Rev. W. H. Heustin, B.A. of Morewood, conducted the devotional period assisted by the Rev. Iver D. MacIver of Winchester, the Rev. Eric Larsen of South Mountain, and Mr. George Wilson of Winchester. The Clerk, the Rev. William Merrilees of Westport took the minutes.

The Clerk presented a minute which was approved and a copy of which was given to the Rev. J. C. Ross of Iroquois, in which appreciation was expressed for his services during his term last year, as Moderator of the Presbytery. Mr. Ross retired from the ministry during the past summer although he is still stated supply in the Iroquois congregation. The Presbytery also expressed its good wishes to Mr. and Mrs. Ross for health and strength and continued service in advancing the Kingdom of God.

A call from the Prescott congregation to the Rev. B. Simpson Black, B.A., B.D. of Bonar Presbyterian Church, Toronto, was presented by the Interim-moderator, Rev. Henry Cousens, B.D., of Brockville. The Presbytery sustained the call, ordered it to be transmitted to the Presbytery of West Toronto, and requested the Rev. Edgar Foreman, B.A., to prosecute the Call for the Presbytery of Brockville. Tentative arrangements were made for Mr. Black's induction, the Rev. Iver D. MacIver to preach the sermon, the Rev. William Merrilees to address the congregation and the Rev. Arthur C. Young, B.A., of Lansdowne to address the newly inducted minister.

Committees were appointed to deal with the remits from the General Assembly. The Rev. Iver MacIver was named convener of the general committee, and the Rev. William Merrilees as convener of a committee on the specific remit of the Articles of Faith. Both will report at a special meeting of the Presbytery to be held in Prescott on the day of the new minister's induction.

Reports were received from standing committees. The Rev. Eric Larsen reported for the committee of Sabbath Schools and Young People's Societies, and the Rev. William Merrilees for the Budget Committee. He submitted the new allocations for the congregations which were approved. They include additions from the allocations of last year in the sum of $1700.00. The Budget of the Presbyterian Church in Canada has been increased 50% by an addition of $250,000.00 for 1950. This is a part of the leadership being given in the Presbyterian Advance for Christ.

The Rev. Henry Cousens, convener of the Missions Committees who is also a member of the General Board of Missions and of the sub-executive, in his report submitted the name of the Rev. Dillwyn T. Evans, B.A. of Norwood, Man., one of the two Assistant Superintendents of Missions for Western Canada, and the Presbytery approved his name as its nominee for the position of Superintendent of Missions for Western Canada. The former Superintendent, the Rev. Jas. Allan Munro, B.R., M.C., was appointed Associate Secretary of the General Board of Missions by the General Assembly last June.

The next regular meeting of the Presbytery was appointed to be held in the First Church, Brockville, on Tuesday, March 7, 1950, at 10 a.m.

Dinner was provided for the Presbytery by the Goforth Girls Group of St. Paul's Church.

Church News

MOREWOOD UNITED CHURCH

The service at Morewood United Church was conducted on Sunday morning by Rev. W. J. Copsey, B.A. The text was taken from Matt. 5,16, "Let your light so shine before men that they may see your good works and glorify your Father which is in Heaven."

The beneficent influence of a good and kindly Christian life is as light to those with whom such a life comes in contact, illumining, cheering, guiding, transforming, beautifying, vitalizing and energizing. Each Christian has a light that must be kept shining brightly, reflecting in purity, and Christian humility the love of Him who is indeed "The Light of the World". The function of a light is not to call attention to itself; but to give light to all that are in the house. So the believer has a great opportunity and a solemn responsibility. The privilege of so living as to commend the Gospel of Christ and the responsibility of so reflecting the spirit of Christ that others may see back of the individual Christian life to the gracious God who has wrought a living epistle to be known and read of men. So we glorify our Father who is in heaven.

The anthem by the choir was "Gentle Mary Laid Her Child". Mrs. Sam Barrington presided at the organ.

DECEMBER is here and with it lurks the "common cold"! Ontario citizens are reminded now of a few simple helpful rules to safeguard their health, and that of others.

Prevention of the common cold is the responsibility of all, and if everyone plays his part much unnecessary illness, expense and discomfort may be avoided.

With the holiday season looming ahead, when so much happiness depends on everyone feeling fit, why run the risk of "catching cold"—or letting members of your family face that danger?

In the interest of parents and families, the Ontario Department of Health recommends every Ontario citizen to study the common sense precautions suggested below and act upon them.

Five Simple Precautions

1. Take plenty of rest. Avoid becoming unduly tired. Endeavour to follow a well-balanced diet.
2. Avoid becoming wet, chilled or overheated. If clothing becomes wet, it should be changed as quickly as possible.
3. If a cold overtakes you, go to bed until it improves. If it does not clear up rapidly, do not hesitate to seek medical advice.
4. Be thoughtful of others. If suffering from a cold, do not spread germs by coughing or sneezing openly.
5. Avoid crowds as far as possible.

No one wants to be "laid up" with a cold ... especially at this holiday time of year. By following these five common-sense precautions you can help yourself and others enjoy a happy, healthy holiday ... free from the seasonal misery of the "common cold".

Dundas Breeders' Association Met Last Thursday

The annual meeting of the Dundas Holstein Breeders' Association was held Thursday, December 8th, at 1.30 p.m. in the Orange Hall, Winchester Springs, with a large number of members in attendance.

The President, J. Frank Casselman of Chesterville, acted as Chairman and A. A. Wells, Assistant Agricultural Representative, as Secretary, the regular Secretary, H W. Graham, being unable to attend on account of illness. The Club expressed regret for his illness and appreciation for his efficient work as Secretary. The Secretary's report showed the County Herd had placed second against nine competitors at the Ottawa Exhibition.

Ray Wilson, President of the Holstein-Friesian Association, guest speaker for the meeting, was introduced by the President as one of the outstanding breeders in Eastern Ontario and one of the youngest Presidents the Association has had.

In his opening remarks the speaker complimented the Club on their choice of President also on the showing they had made in the past year. He said more breeders should exhibit cattle and not leave it to a few, thus making for a better show. He stated there were more vaccinated cattle here than in any other County in the Province. The work of the Club had been good but there was still room for improvement. The topic of his address was "Farm Operations and Live Stock Breeding", the latter he said being one of the biggest gambles in farm work and for that reason probably one of the most interesting. All were bound to make mistakes but they could learn much from these. There was he said no better education than visiting other herds and seeing what others had and what they did. He asked assistance from the older breeders for those starting that they give them the benefit of their experience.

The foundation of a good herd he said was good females. Dealing with popular blood lines, he said it was necessary to have what others wanted to buy. Statements of owners were often misleading as they believed they had in many cases the popular blood lines but when traced back it was so slight as to be almost negligible. He dealt with some of the ways for improving herds such as selective registration and testing the herd which was done by only a few breeders. The right time to start was in the beginning and records should be kept. He felt also that breeders should show at the County Shows. If they could not win at the small show they could not at the large ones. Dealing with pedigrees, he said 65 to 75% could not give proper information on extended pedigrees nor performance which often had much to do with the prices buyers would pay. Speaking of artificial breeding units he said the Jersey Breeding Unit at St. Thomas was the oldest in Canada. He believed the basis very sound but in too many cases it had not been successful. Results had not been as good as he would like to see but this might be improved.

Dealing with other phases of farm work he said, good tillage and good seed practices were followed by too few. If half as good a job could be done on better crop programs as in vaccination it would be a wonderful step. He thought many farmed too small an acreage and with improved machinery this could be enlarged. There was getting to be too much overhead for small farms. The labour situation here was becoming similar to England where farm labour wanted an eight hour day. The time, he thought, was coming when the farmer would have to choose between a unit small enough for his family to work or large enough for two eight hour shifts.

Grant Smith, Eastern Ontario Fieldman, expressed his pleasure at working with the breeders. There were, he said, good breeders doing a good job but they could do better. Dealing with extended pedigrees, he said he hoped to have meetings in the County to explain the reading of these properly.

W. J. Fawcett, Eastern Ontario Director of the Holstein-Friesian Association of Canada thanked the Executive for their help in making this the most successful year. They had the biggest Black & White Day ever held, most cattle and exhibitors. He advised all members to make exhibits as there were few herds not having one or two animals that could be shown. He thanked Frank Casselman for donating a pure bred heifer calf as a door prize for the meeting. This was won by Hugh Smith, Chesterville.

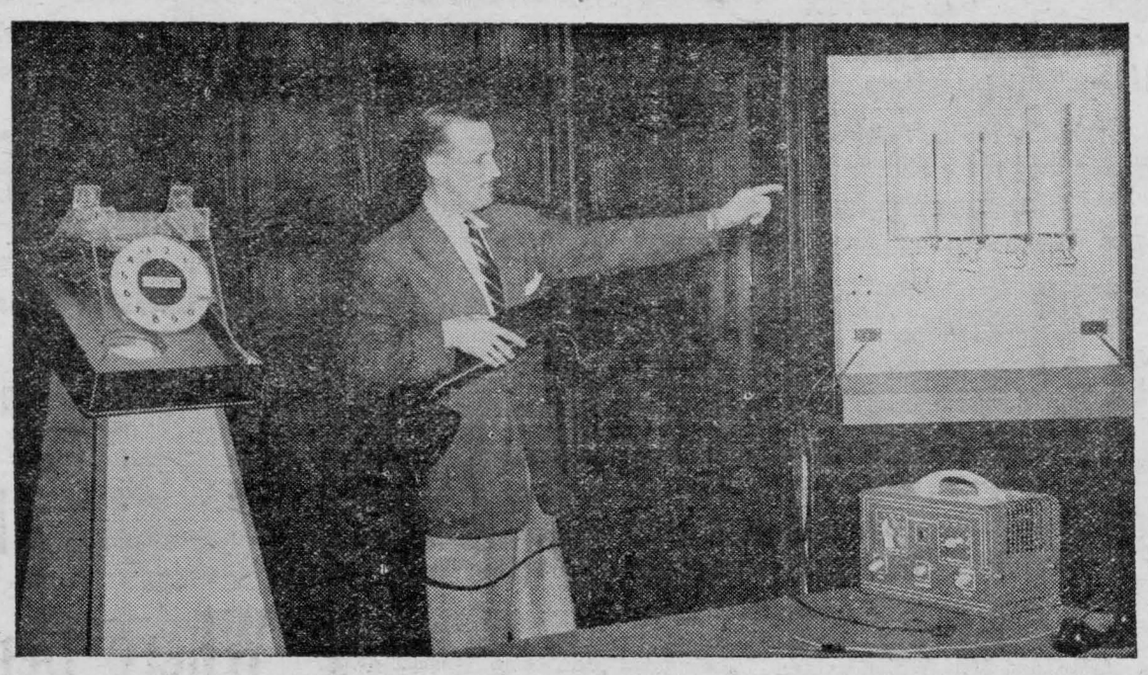
The following officers were elected for 1950:

Hon. President: J. Frank Casselman, Chesterville; President: John Thompson, Brinston; Vice-Presidents: George Brooks, Chesterville; Gordon Mulholland, Mountain; Treasurer: Harold McMenomy, Inkerman; Secretary: H. W. Graham, Morrisburg.

Directors—Hon. Directors: W. J. Fawcett, Winchester; H. W. Graham, Morrisburg; Williamsburg Township: Raymond Casselman, Williamsburg; Harry Holmes, Winchester Springs; Graham Wells, Williamsburg; Parker Locke, Williamsburg. Winchester Tp.: Angus Smith, Chesterville; Allison Graham, Chesterville; Sherwood Coons, Inkerman; Clark Smith, Crysler. Mountain Tp.: Russell Arbuthnot, Mountain; Larson Hyndman, Mountain; Ronald Carkner, Vernon; William McVey, Winchester. Matilda tp.: Carl Empey, Iroquois; Pat McGinn, Dixons Corners; Wm. Lennox, Brinston; Orville Smail, Brinston.

Gordon McVey of Winchester was selected as the boy to attend the Short Course at Queen's University this month.

The meeting also decided to present the retiring President, Frank Casselman, with a Model Cow.



W. D. CARNIE, BELL TELEPHONE REPRESENTATIVE, ADDRESSING CHESTERVILLE ROTARY CLUB

Nowhere in the world are speechways constructed more carefully or guarded more jealously than in Canada and the United States, W. D. Carnie, Bell Telephone representative, told the Chesterville Rotary Club at a meeting in the Community Hall this week.

With the aid of energized display equipment Mr. Carnie demonstrated some of the methods by which modern voice transmission has been brought to its present high state of efficiency.

In the earliest days of telephony, the speaker said, voice currents were sent out over a pair of iron wires. Transmission was faulty, there was noise on the line, and the range of speech was distinctly limited. Gradually, limitations were overcome, until "there were no earthly limits to speech".

Mr. Carnie showed his audience samples of the various devices which have increased the range of speech: loading coils, vacuum tubes at various stages of their development, and latest of all, the transistor, distantly related to the crystal of early radio sets. Smaller than a paper clip, it can perform many of the functions of the vacuum tube.

The constant search for even better methods of transmission will continue in the quest for better and more dependable telephone service, the speaker said. But still, the basic principle of the Indian signal drum is still used in the telephone diaphragm, and modern radio relays from one hilltop to the next follow the age-old pattern of beacon fires used by primitive man to relay messages.

H. G. Bigelow introduced the speaker, and also J. Fred Gardiner, Manager of this Bell district. The speaker was thanked by Don Hutton.

Groomsmen were Laurence Schindel, brother of the bride, and George Elliott.

The bride's mother wore a grey dressmaker suit and matching accessories, with a corsage of pink carnations.

A family dinner was followed by a reception held at the Farmer's Institute Hall, Strawberry Hill, where a four-tier wedding cake was cut by the bride and groom. One hundred and fifty guests were received.

Following the reception the bride donned a pale blue moire dress topped by a winter white coat with matching accessories. The bridal pair left for Vancouver where they will reside.
