Murder and Suicide in Williamsburg

Monday morning a tragedy occurred on lot 28, Concession 5 of Williamsburg township, adjoining the village of the same name, which has stirred to the depths the whole countryside. William Cline aged about 70 years shot and instantly killed his tenant Gordon C. Fetterly aged 28 years, with a muzzle-loading shot gun loaded with lead slugs cut from a section of lead pipe, afterwards killing himself wish a revolver.

The tragedy is the culmination of bad feeling between the parties extending over some time, which was brought to a head by Fetterly making a charge against Cline before a Cornwall magistrate alleging that he had attempted to do bodily harm to Mrs. Fetterly and on March 2nd had threatened to shoot her.

Cline it appears has been employed doing chores and light work for Dr. Locke of Williamsburg. On the morning of the killing instead of going to the doctor's barn to attend to the horses, he went to his farm where he had a couple of rooms reserved, where he took a position at a window, watching for Fetterly to come from the barn, fifty or sixty yards distant. When Cline went to his room Mrs. Fetterly becoming alarmed sent her little four-year-old daughter to the barn to bring Fetterly to the house on some slight pretext. They were returning, the little girl with her hand in her father's and about half way to the house when Cline fired from the upstairs window, the charge tearing a gaping wound in Fetterly's chest and he fell prostrate. Mrs. Fetterly seeing her husband fall rushed to him and was also fired on by Cline but was fortunately missed. As she stooped over to assist her husband it is presumed that the murderer thought he had shot her too and that she was falling, then turned to get the revolver with which he ended his own life.

Donald Barklev, a neighbor having heard Mrs. Fetterly scream was the first to reach the scene. Dr. Locke, coroner, was notified who immediately got in touch with County Crown Attorney Harkness of Cornwall.

What About Baseball Grounds?

At Friday night's meeting of the Village Council the matter of again remitting the taxes on the Driving Park to the amount of seventy dollars, in return for the use of a portion of the grounds for an athletic field was discussed with several of the owners, who declined to accept the amount offered. We would suggest that an amount up to seventy dollars be spent in conjunction with the High School Board in laving out and preparing a baseball diamond suitable for the ball club on the High School grounds.

The Late Mrs. Countryman

The death of Mrs. Alvina Countryman on March 18th, in her eighty-sixth year removed one of the pioneer settlers of Morewood, where with her husband, the late Jacob Countryman, had settled on the farm where she died sixty-seven years ago. After the death of her husband twenty-eight years ago the deceased lived with her son William. During her long life she had enjoyed remarkably good health until about three years ago when as the result of a stroke her memory was affected and she began to fail. Mrs. Countryman was a good neighbour and a valued friend in time of sickness and trouble always ready to help the poor and needy. Five daughters and two sons survive their mother;—Mrs. Harriet Glasgow, Ottawa; Mrs. Wm. Hall, Morrisburg; Mrs. Thos. Parker, Maple Ridge; Mrs. Wm. Durant, The Boyne; Mrs. D. Gault, Manotick; Ezra and William Countryman, Morewood.

The funeral took place on March 17th at the Methodist Church, Morewood when service was conducted by Rev. Dr. Philp. Floral tributes were placed on the coffin from the family, Mrs. Harriet Glasgow and family and Mrs. Wm. Durant.

No Action Taken

The announcement of the sale of a building lot on King street, in what has been looked upon as a strictly residental area, for the purpose of building thereon a public garage was resented so much by those most directly interested that a petition was presented at the last meeting of the village Council asking to have such a building prohibited. No action was taken by the council.

Horticultural Society Meeting

Rev. A. H. Scott of Perth, in the interests of the Horticultural Society, gave an informal address before a small audience in the Town Hall on Tuesday evening, in which he illustrated the benefit that would come to the home town if all would get behind the society and make an effort to beautify it by the cultivation of flowers and shrubs. Reeve Hamilton asked the citizens to make an especial effort to make the surrounding in keeping with the proposed new highway which will be built through town.

If you break a lens or a frame of your eye glasses Mr. A. E. Bolster can fix it for you—day or night every day—at W. G. Bolster's Drug Store, Chesterville.

CARD OF THANKS

Mr. and Mrs. Wm. Countryman wish to thank their friends and neighbors for their kind sympathy in their late bereavement.

Armenian Relief

The Sunday Schools of Canada are asked to supply $150,000 towards the support of the 250,000 Armenian children, now called the wards of the Allies. These children have no hope of any help except what comes from Christian generosity.

It costs $60 to supply food for one of these starving children for a year. How many will the children of Chesterville save from starvation? Envelopes have been or will be given to all children attending our Sunday Schools and the parents are asked to see that generous contributions are sent in these envelopes on either of the two first Sundays in April.

Dodge Motor Cars

As long as they build motor cars they will be the best motor cars Dodge Brothers can build.

As long as the name is attached to their motor car, Dodge Brothers may be depended upon to safeguard and protect it.

The name has come to suggest integrity—integrity in the car, and integrity in manufacturing and business methods of the men who build it.

The first thought that follows, wherever it is seen, is the thought of a car that is reliable.

They call up a picture of a particular kind of a motor car.

Or, to be exact, a particular kind of motor car workmanship, which people have come to associate with the name Dodge Brothers.

It has grown because the users of these cars have given Dodge Brothers a good name as careful, conscientious manufacturers.

The result is that wherever these two words—Dodge Brothers—are seen, they stand as a symbol of exceptional motor car value.

Income Tax Returns

Many people may need reminding that it is at this time of year income tax returns are to be made to the Department of Finance. The newspaper advertisements and the posters in red and black type that are put up in post offices and other conspicuous places, may escape the notice of some persons who are eligible for assessment on income. Returns falling under Class 1 are not in many cases likely to be behind time, for that class, has to do with people whose methods are supposed to be strictly business-like. It includes trustees, executors, administrators, agents and assignees; it inclndes employers who are to make a return of the names and amounts paid to all directors. officials, agents or other employes; and it includes joint stock companies, who are required to make a return of all dividends and bonuses paid to shareholders and members during 1919. For Class 1 the forms must be filled in and sent in by the 31st of March.

Class 2 is the one particularly required to stand at attention now. It takes in all individuals, farmers, and ranchers, and corporations and joint stock companies. The returns for Class 2 must be filed on or before the 30th of April. The individual's memory sometimes needs to be jogged. It is a serious matter for any person who is liable to taxation to fail to make the return with the time limited. The person who neglects to make his return within the time limited is subject to a penalty of 25 per cent. of the amount of the tax payable, and any person, whether taxable or otherwise, who fails to make a return or provide information duly required under the provisions of the Act shall be liableson summary conviction to a penalty of $100 for each day during which the default continues. The penalty for making a false statement in any return is not to exceed a fine of $10,000 or a term of six months in prison, or both. And the Act does not require the Government or the Commissioner of Taxation to issue any notice or demand. People are expected to keep mindful of their annual duty in this respect, and the newspaper advertisements and the posters are expected to keep them from forgetting.

Every unmarried person, every widow and every widower without dependants, as defined by the Act, who during the calander year 1919 received or earned $1,000 or more must make a return. All other individuals who during the calendar year 1919 received or earned $2,000 or more must make a return. Every corporation and joint stock company whose profits exceed $2,000 during the fiscal year ended in 1919 must make a return, Each person knows his own affairs, and is expected to send in a return if his receipts for the year 1919 come up to the amount specified. The unmarried person, the unencumbered widow or widower who received the gross sum of $1,000 in the calendar year 1919 must obtain a form fill it in and file it on or before the 30th of this month. All other individuals who in that year received or earned $2,000 must do likewise. People who never had occasion to make income returns before are in danger of being inattentive to that duty when their income rises to the taxable limit. It is the new additions to the taxable class who are particularly in need of reminding that they are in that class and will be required to contribute to the Federal Revenue.

The first thing to be done is to obtain a form. That can be had from the local Postmaster or from the Assistant Inspectors of Taxation. When the form is obtained it is to be read caretully and its blanks filled in. The country is divided into Taxation Districts over each of which there is an Inspector. To him applications for forms and tor information can be sent. Inquiries and applications will receive prompt attention. The all-important thing is to have the return filed before the end of next month. The sooner that business is attended to the sooner it will be off the citizen's mind. The return is the basis on which the person making it will be taxed.

Lost for 42 Days

Several weeks ago a turkey was missed on the farm of Mrs. Chas. Rintoul, Ramsay, and notwithstanding diligent search could not be found. On Sunday last the bird was found wedged in behind a disc harrow which had beeh stored away. Although the turkey had been missing for torty-two days it was still alive and with care is coming about again all right.

A member of a national medical association tells the following story at the expense of a physician:

"Are you sure", an anxious patient once asked, "are you sure that I shall recover? I have heard that doctors have sometimes given wrong diagnoses and treated a patient for pneumonia who afterwards died of typhoid fever".

"You have been woefully misinformed", replied the physician. indignantly. "If I treat a man for pneumonia, he dies of pneumonia".

Presentation at Elma

A large number of friends and neighbours gathered at the home of Mr. and Mrs. Willie Moriarty on Friday evening to bid them farewell before they left for their new home.

Dancing was enjoyed by every one till lunch was served and then the following address was read by Mrs. Deb. Dillabough.

Elma, Feb. 6th, 1920.

Mr. and Mrs. Willie Moriarty.

Dear Friends:—

It is with deep regret we, your friends and neighbours, gather here to-night to bid you farewell from our midst. Although you have been but a short time with us you have won a warm corner in our hearts. You have always been willing to help us, when in need and we have certtainly appreciated your kindness and you will be greatly missed in our community. As a slight token of the respect in which you are held we ask you to accept this rocker, trusting that it will cause you many pleasant remembrances of friends you have left behind. We extend our good wishes to you that you will carry all kinds of good luck with you in your new home, and that you may long be spared to enjoy the blessing's you so well deserve.

Signed on behalf of friends and neighbours.

Although taken by surprise Mr. and Mrs. Moriarty in a few well chosen words thanked the people for their thoughtfulness. After which dancing was continued and every one present returned home having spent a very enjoyable evening.

If you want to realize your own importance, put your finger into a bowl of water; take it out and look at the hole.

Miss Jennie Flemming daughter of Mr. R. Flemming, passed away at her home on Sunday February the eight. Death was due to typhoid-pneumonia. The deepest of sympathy is extended to the bereaued parents, sisters and brother.

Mr. and Mrs. Frank Ezard of Osnabruck Centre, were the guests last week of Mr. and Mrs. H. Smith.

A certain man had been dining well but not to wisely, and as he was staggering along homewards, a friend met him and suggested that perhaps he would be better if he were to sit quietly in a picture show for a time. They accordingly went in together, and in a little while the friend found the inebriated one sobbing quietly to himself, although the picture then flickering across the screen was certainly not a pathetic one. "What's the matter?" he hissed. "Why can't you sit quiet and look at the picture?" "'Sno good, ol' man," sobbed the other. "I've gone stone deaf. I can't hear a single word they're saying."

Mr. Alex Thom

Morrisburg Leader—Mr. Alex Thom, for many years a prominent and prosperous farmer of Williamsburg Tp., died at his home on Sunday evening at 9 p. m. Deceased was 68 years of age. He was born in Dunbar, and in 1873 was united in marriage to Lydia Harrington of Williamsburg. Early in life, he took possesion of the farm east of Morrisburg, now occupied by his son, Walter. His health failing him about a year ago, deceased retired from active life, and moved to Morrisburg, where he had since been able to be about until about four weeks ago when he became confined to his room gradually becoming weaker until death came on the above-mentioned date.

The funeral service was held at his late home on Wednesday afternoon at 2. p. m., Rev. Hugh Cameron officiating.

Besides his wife, he is survived by two sons, Rowat Thom of Montreal, and Walter of Morrisburg.

Among relatives at the funeral from a distance were: Mr. Rowat Thom and Miss Muriel Thom of Montreal, Mr. and Mrs. Gove, Aultsville, Mr. and Mrs. Arthur Thom and Mr. McKenzie Thom of Elma; Mr. Henry Merkley, Miss Dora Merkley, Mrs. Short and Mr. and Mrs. Iden Merkley of Williamsburg; Mrs. Geo. Chambers of Brockville and Mr. Chas. Hanson of Dundela.

Some Profitable Hens

The following is the record performance of a flock of 150 Barred Rock hens owned by Russell Thompson, of Dixon Corners. In the month of December last these hens laid 87 dozen and 2 eggs which amounted to $70.50. The same number of hens laid in the past month; January, 1,462 eggs or 121 dozen and 10 which amounted to $99.75. This makes a daily average of nearly 48 eggs for the whole month. The highest days eggs, 64, were laid on Jan. 17th, and the lowest day's eggs. 33, on Jan. 26th. Russell says he regrets now he not enter a pen of his famous Rocks in the Canadian Egg Laying Contest, conducted by the Experimental Farm, Ottawa, which started in November last and continues for 52 weeks.—Iroquois News.

Head and shoulders above the crowd stands Thomas A. Edison!

"Head and shoulders" above the crowd of ordinary phonographs and "talking machines" stands Edison's great contribution to the world's enjoyment—

THE NEW DIAMOND AMBEROLA

No product can be bigger than the brain that evolves it. No other brain in the world today has the inventive ability of Edison's. That fact alone is sufficient proof of the absolute superiority of the Amberola.

But the Amberola can quickly and easily prove its own superiority. Its *tone*—oh, what a revelation, compared to metallic "talking machines" and shrill-sounding phonographs! None but Edison could work that miracle of tone.

Then the *Amberol Records*, made for the Amberola alone! They are practically *unbreakable* and *everlasting*—what a contrast to the costly fragileness of other phonograph records.

And for range of music—the widest in the world—all the best, all the greatest, all the latest. An endless feast of fascinating melody.

FREE Trial Offer

We will place an Amberola in your home for *3 Days' Trial*, which will not put you under the slightest obligation or expense. Come here, select an Amberola and a number of records and we'll send them to your home. At the end of 3 days, if you do not want the Amberola, we'll call and take it away. If you *do* want it, we'll arrange terms of payment to suit you.

PRICES
$62.00 & up

Yet the biggest surprise of all is the *price!* This wonder phonograph *costs less* than inferior competitors! There is not a single draw-back to your owning an Amberola *right now!*

Don't listen to the *claims* of other manufacturers—listen to their *machines.* Then come in and *compare* the matchless tone of the Amberola. Edison's wizardry will win you every time.

We'll expect you in *today*—now *don't* forget.

Milking 25 Cows In 60 Minutes

PRETTY good milking you will admit! Yet it is by no means unusual for one man with a Macartney double unit to milk a herd of this size in less than an hour.

What this means in dollars and cents is easily illustrated. The average person milks about 8 cows in an hour, by hand. Figuring wages and board at 25 cents an hour, handmilking one cow costs about 3 cents or 75 cents for the entire herd. Twice a day for 365 days means a wage expense of $547.50.

At 25 cents an hour the labor cost per cow with the Macartney Milker works out at 1 cent, or 25 cents per day. Twice a day the year 'round, this would mean a milking cost of $182.50 or a yearly saving of $365.00 through the use of the Macartney Machine Milker.

Simple figures but very expressive. And remember that Macartney means profit in other ways. It means more milk per cow, longer lactation periods, less hired help and more time for other important work in the fields.

The Macartney Machine Milker is a real money making investment. You are losing money without it. You **gain** in every way when you adopt it.
