Wintario Turns Down Application

OSGOODE—Renovations planned for Osgoode Centennial Community Centre in the Village of Osgoode may have to be shelved since an application for a Wintario Grant has been turned down.

Grenville-Carleton M.P.P. Norman Sterling, who attended a special meeting of the Board of Directors last week, expressed both surprise and disappointment when informed Mr. Poirier of the Ministry of Culture and Recreation had turned thumbs down on the grant application.

The Board had hoped to be calling tenders this month for construction to begin in May, and Mr. Sterling promised concerned township officials, including all members of council who were present for the special meeting, that he will do his utmost to pursue the matter further in the hope the Queen's Park decision may be reversed.

Mr. Sterling and township council members were welcomed to the meeting by board chairman Fred Hickey who expressed the board's appreciation for the support received from such organizations as: Historical Society, Osgoode Quilters, St. James Choirs and many personal donations. He also thanked the O.D.S.A. for the movie screen donated to the Centre and expressed regret this organization is no longer functioning.

The 'ice season' has terminated and the next major function will by "Grand Ole Oprey Night", May 26.

From Sarah With Love

Daffodils herald the coming of spring — and spring, in turn, means renewed energy in the fight against cancer. Osgoode Township Reeve Albert Bouwers, a strong supporter of those who work tirelessly at fund-raising drives, last week interrupted a regular council meeting to accept beautiful flowers from 7-year-old Sarah Sterling.

Sarah, who resides at Manotick, is a daughter of M.P.P. Norman Sterling, and her mother is a key organizer for the Rideau-Osgoode Cancer Society unit.

"Cancer can be beaten," says the little lady, "and you can help by sending a donation either to my Mom, or to Mrs. Ray Wilson at Metcalfe." Press Photo—Rowan

Teachers, Enrolment Down

School Budget Up 10%

By Brian Sherratt
Press Staff Reporter

CORNWALL—More for less is the bottom line of the Stormont, Dundas and Glengarry Board of Education budget for 1979, announced last week.

Public school supporters will pay an average of $30 more in school taxes, despite a decline in enrolment and an expected drop in the number of teachers.

The board has endorsed a record-setting $38.7 million budget, an increase of $3.3 million over 1978.

In the elementary panel the budget has increased $473,000, or 3.7 per cent more than last year, to more than $14 million. The elementary costs will increase the average mill rate 6.6 per cent.

Total secondary school budget is more than $24.6 million representing a 4.4 per cent increase of $1,048,702 and average mill rate increase of 3.78 per cent.

When the figures are averaged out a homeowner with property assessed at $3,000 will pay $30 more this year. At present the average property assessed at $3,000 is charged $120 elementary and $110 secondary school taxes.

Ratepayers aren't the only ones affected by the budget increase. In order to stay within self-imposed limits the board has suggested an increase to the student teacher ratio in both the elementary and secondary school sectors.

The board wants the ratio in elementary schools increased from 18.1:1 to 18.5:1. This would lead to eight teachers losing their jobs, and with 13 others expected to leave through attrition the board is hoping for a reduction in teaching staff of 21 in the elementary sector.

In the secondary system the board hopes to lay off 15.5 teachers by increasing the ratio from 17:1 to 17.5:1. The board expects an additional 30 secondary school teachers will leave the board through attrition.

If the school board has its way (the Ontario Secondary School Teachers Federation has already objected 66.5 teachers, of a total 936, will be eliminated from the SD&G public school system.

That works out to a seven per cent decrease in teaching staff for next year.

The board is currently negotiating new contracts with both its elementary and secondary teachers. Both contracts expire in August.

David Moss, president of the OSSTF and Robert Lessard, president of the Association des Enseignants Franco-Ontariens Secteur Secondaire, said that, had last year's budget been realistic, this year's levy could be decreased with no change to the present staffing ratio.

In 1978, which Moss and Lessard noted was an election year, the board underlevied the secondary panel budget by $455,000 which has been added to this year's budget.

The board's total deficit for 1978 was $789,094.

OSSTF and AEFO spokesmen said it would cost .8 of one mill ($1.72 per student), to maintain the 15.5 secondary school teachers the board is seeking to layoff in order to help balance this year's budget.

They went on to say that the budgeted increase in costs per pupil, $2,069 in 1978 to $2,204 in 1979, represents a 6.5 per cent increase in a time of nine per cent inflation.

Plan August Sod Turning For Seafarers Training Institute

By Tom Workman
Press Staff Reporter

MORRISBURG—Construction on the Seafarers Training Institute planned for this Seaway town could start by Aug. 1, with the first classes beginning in June of 1980.

Gerry Beaulieu, administrator of the school, made the announcement at a speech to the Morrisburg Chamber of Commerce last Wednesday. Along with the impromptu speech Beaulieu also presented conceptual drawings of the school, slides and background information on the 60,000 square foot building.

The school, to be built on a 58 acre parcel of land in Williamsburg Township, east of the village, will teach all the professional aspects of being a seaman.

Beaulieu said construction won't be able to start until August since the design of the school is still in the formative stages.

"We still have to get the working drawings, and adapt them, get a building permit ... electricity, decide on the sewage system and a source of water," the administrator said.

A general contractor will be hired to build the school, with sub-contractors tendered for various work on the building.

The school will be run and funded by the Seafarers International Union of Canada, and the Canadian Flagship Carriers Association. The two groups are putting up all capital funding for the $1 million project and will finance all operating costs of the school once it opens.

With 100 per cent financial support from the organizations, students enroled in the school won't have to pay tuition.

The students will also be guaranteed jobs in the seafaring industry once they graduate.

While at the school students will be treated as though they are on a ship. They won't be allowed to leave the premises and their instruction will focus on three areas: deck instruction, engine techniques and galley skills.

Beaulieu said all of the school will be contained in one building, except for life boat drills which will be taught at the creek that borders the property.

With age requirements tentatively set at between 18 and 25 for new trainees, the school will offer six to eight week courses, with accommodation for 150 students, 50 of whom will be experienced sailors taking upgrading courses.

"Ships are getting more and more technically sophisticated," Beaulieu said. "Therefore the school has to keep up and train the men accordingly."

The emphasis of the courses will be on Great Lakes shipping, with an expansion in curriculum as industrial needs warrant it, he said.

Although the school won't be oriented on a military basis, students will be taught various drills, will march from class to class, and take part in a daily flag-raising ceremony. Much of the course will be designed to teach students self-discipline, Beaulieu explained.

The Institute, while being built on the east side of Nash Creek, also owns a 13.5 acre parcel of land west of the creek. Original plans were for the school to be built on the smaller parcel of land, but adjacent land wasn't for sale and the 13.5 acre site wasn't large enough for the planned building.

Beaulieu said the Institute hopes to expand in the future, and with the purchase of the additional 44 acres of land, can meet any plans for expanded facilities.

Doctor Applies For Rezoning

CHESTERVILLE—A local doctor has applied to village council for a zoning change so he can build a medical clinic next to his home on Mary Street.

Dr. Gabe Slowey made the application yesterday (Wednesday) for the clinic that is expected to house the offices of two doctors.

In a telephone interview with The Press on Tuesday, Dr. Slowey wouldn't name the doctor who will be sharing the proposed facilities with him.

"It's a little premature to say much about it," Dr. Slowey said.

The doctor admitted that an architect's sketch for the clinic has been prepared.

If Dr. Slowey goes ahead with the clinic it could put a damper on some local residents' wishes to build a clinic at the corner of Queen Street West and Highway 43. The lot, once proposed for a shopping centre, has been mentioned as the probable site for a clinic after the designated uses for the land were changed by the village and the Township of Winchester in January.

Under the zoning change the land must be used for dry commercial uses, which include a medical centre.

Dr. Slowey didn't say when construction would start on the clinic.

Industrial Milk Hike Raises Support Prices

By Anne Patenaude
Press Staff Reporter

OTTAWA—Agriculture Minister Eugene Whelan last week announced a 35c increase to $13.29 per hundredweight for industrial milk shippers.

The increase became effective April 1, coinciding with the official extension of the current dairy year to July 1, 1979. Resulting from the increase, support prices for butter have been raised from $1.32 to $1.37 per pound, and the support price for skim milk powder has been raised to 81c per pound from 78c.

Whelan said the price of other processed dairy products will increase accordingly, in order to achieve the new target returns level for producers.

The federal subsidy on industrial milk and cream shipments up to Canadian requirements remains at $2.66 per hundred for milk testing 3.5 per cent butterfat.

The minister announced that the present levy structure will remain in effect until the end of the four month period remaining in the current dairy year. The $1.00 per hundredweight in-quota levy now being assessed is used to offset export costs on surplus production. In addition, farmers will continue to pay a 20c per hundred levy on skim off butterfat in Class 1 milk and another 20c per hundred contingency levy to cover within-sleeve production not needed to meet Canadian requirements.

If the sleeve production is needed or if there is no production in the sleeve, the levy will be refunded with interest. The original estimate for Canadian requirements of 41.42 million hundredweights for the four month period is now estimated to be 42.43 million hundredweights in order to meet Canadian requirements for dairy products. A levy of $7.50 is charged on milk produced over individual quota allocations.

Last week's announcement included changes for the new dairy year beginning

Chamber Seeks Solutions To Town's Water Problems

WINCHESTER—Although there was the usual humourous banter at last Monday's Winchester Chamber of Commerce meeting, there was also a hint of desperation when president Don McIntosh mentioned the town's major problem — water, or lack of it.

Past president Basil Dawley expressed the opinion Chamber of Commerce is not sufficiently involved in what he termed 'a very urgent matter'.

"Today", he noted glancing around the table, "there is no member of municipal council present, indicating what I consider a sad lack of communication".

Mr. Dawley was sharply critical of Village council members for their apparent lack of interest at a time when every effort should be made to find a solution to the water problem.

"I suggest", he said, "they're just fooling around, and I say it's time we (Chamber of Commerce) provided the necessary 'push' ".

"No water — no more people — no industry — no growth — stagnation", he concluded.

RECOGNIZE PROBLEM

Other members, obviously in agreement with Mr. Dawley, offered some suggestions.

Frank Morgan felt perhaps the general public was not conscious of the real seriousness of the situation.

"Maybe", he commented, "we should organize public meetings to get the subject out in the open".

Ralph Sheldrick wondered if any consideration had ever been given to exploring the possibility of a trunk-line system providing a reservoir fed from surface wells.

"This water", he said, "although not suitable for drinking purposes, could readily fill other requirements".

Ray VanNoy was confident water could be found if wells were deep enough.

George Davidson asked if minutes of meeting were still being directed to Village council.

"By so doing", he noted, "we make them aware of our thinking".

In other business Ray VanNoy reported on the Scouts 'Clean-Up' day on Saturday, May 12th.

"The boys will be available to help", said VanNoy, "and all that is necessary is to call either Jack Alguire at Dundas Manor or Joel Steele at The CountryBoy and I will be the liaison between these two points and the boys themselves."

Trade Fair dates were tentatively set for Sept. 14, 15 and 16.

"But", said president Don, "this project is still in the planning stage and many valuable suggestions are under consideration".

Neal Lachance distributed copies of the new 'Welcome' brochure and all members were impressed by the colourful folder.

CENTENNIAL

Although no particulars were released Mr. McIntosh did remind fellow members that Winchester's 'Centennial' is, as he put it "just down the road".

"Now is the time", he warned, "to begin drafting plans."

mainline

Rural-Urban Centurian Meeting

Jim MacDonald, formerly of Ormond and a graduate of Winchester High School, will have a very special message for his friends when he delivers an address at the annual 100 Club Rural-Urban meeting next Thursday evening (April 19th). Mr. MacDonald, Principal of Centralia Agricultural College will have slides taken in China when he was a member of the Canadian Trade Mission. Members are urged to bring one (or more) agricultural friends, and reminded dinner will be served at 7:00 sharp. Since a sell-out is anticipated members should advise Basil Dawley of their intentions on or before April 16th.

Russell Township Buys Industrial Park

Russell Township has paid $140,000 for a 75-acre industrial park north of Highway 417. The park is designed to handle future industrial expansion of the township, with an emphasis on the Embrun area.

Wintario Draw Tonight In Kemptville

Tonight could be a lucky night for an area resident as the 103rd Wintario Draw is being held in Kemptville. If you wish to attend, the draw is being held at the W.B. George Centre, at KCAT. Admission costs $2.50 and includes a Wintario ticket. The doors open at 7:00 p.m.

Winchester UCW Partakes In Easter Worship Service

Easter and its spiritual meaning was the theme at the April meeting of Winchester U.C.W. members which was called to order by president Mrs. Joyce Francis. Mrs. June Armstrong and Mrs. Lillian Moore of Unit "2" led Easter Worship Service with a poem entitled "God Reviews His Promise", and a reading "Life Begins at Easter". Mrs. Jessie Fetterly was at the piano for Easter hymns.

Mrs. Francis expressed pleasure at the growing success of the newly formed unit which now has 16 young members who enjoyed a Gardening presentation by Mrs. Anna Hill.

A letter of appreciation was read from Mrs. Eleanor Robinson of Winchester Springs regarding a recent travelogue presented by Miss Helen Wright.

Members were reminded of the Seaway Valley Annual Presbytery meeting at Knox United Church, Cornwall on April 18th where Rev. Leonard Ferguson, Ottawa-Montreal Conference president, will be guest speaker. Those interested in attending were invited to contact Vera Moorhouse regarding bus transportation with a bus leaving Winchester at 11:30 a.m.

Attention was also drawn to a Retreat at Anicet, Quebec on May 15th and 16th with guest speakers Rev. and Mrs. Keith Brown of Cardinal.

The Outreach Committee requested guidance on their visiting program and also requested donations of good used sweaters from infant size to size 15 for Seaway Valley Presbytery. All members were also asked to save Dominion Stores cash register tapes to help purchase a lawn tractor for Rideau Hill Camp.

REPORTS

Five unit leaders submitted reports, Rev. Maxted explained the Holy Week church service agenda and urged all to attend a play entitled "Third Day Dawning" written by Michael Saver, a Presbyterian youth worker, to be presented in Winchester United Church on May 13th.

Following adjournment a delicious lunch was served by Unit "6".

Leonard Elects Official Slate

Leonard W.I. members, at their April meeting, elected a new slate of officers with Mrs. W. Kardulus assuming presidential duties for the new term.

Others elected included Mrs. H. Nooyen, first vice president; Mrs. J. Liptac, second vice president; Mrs. H. Moffatt, secretary; Mrs. G. Lowe, treasurer; Mrs. F. Wood, director.

Committee convenors were: Mrs. A. Nadon (agriculture and Canadian industries); Mrs. J. Corry (citizen and world affairs); Mrs. G. Lowe (education and cultural activities); Mrs. H. Nooyen (family and consumer affairs); Mrs. B. Heney (resolutions and public relations); Mrs. William Birch (branch director).

The meeting was well attended with all answering the roll call "Smile and pay your fees".

Members were reminded of the mother-daughter night on May 29th, and Mrs. G. Lowe was named convenor for a food forum to be held at Bear Brook on May 17th.

North Russell Institute Meets

The March meeting of the North Russell Women's Institute was held at the home of Mrs. Asa Sullivan, March 21 at 1:30 p.m.

The president, Mrs. Ernest Burton, conducted the meeting. Roll call was "Are you involved in any Canadian culture?"; the motto was "Something to hear, something to see, something to do". The convenors of Education and Cultural Activities, Mrs. Gordon Magladry and Mrs. Keith Dugdale were in charge of the program. Mrs. James Bertrand reported that the North Russell Women's Institute had won six prizes at the Seed Exposition at Embrun, Ontario, March 16 and 17.

Mrs. Walter Kinkaid gave a talk on her work as librarian. She described the various activities of a librarian and described the services provided by a library. Mrs. Gordon Magladry conducted a very interesting contest on how observant W.I. members are.

After the singing of The Queen and the Institute Grace, lunch was served by the lunch committee, Mrs. G. Bakker and Mrs. Geo. Hitsman, assisted by the hostess, Mrs. Asa Sullivan.

Manor Residents Celebrate

Dundas Manor celebrated its first anniversary Friday when residents gathered in the dining room to share some food, drink and friendship.

Press Photo—Sherratt

Breast Cancer

Examination of the breasts is important to all women as cancer of the breast can occur in women of all ages, though it is unusual below the age of 30.

However, there are certain categories of women who are at greater risk of developing breast cancer — women over 40 years of age, women who have a strong family history of breast cancer, especially on the mother's side, women who have had a previous carcinoma of the breast, a history of starting periods early and late menopause, and having a first child over the age of 30. These women should carry out breast self-examination at regular intervals although all women should be taught this examination since it is the most available method for regular examination.

If a woman discovers a lump in the breast, she should see her family doctor. After the doctor's examination, he or she may wish to order a mammogram, xerogram, or thermogram. The physical examination, along with any other test or examination indicated, have the potential to diagnose 80 to 90 per cent of all detectable malignancies present. Screening clinics have shown these to be of value in the detection of cancers at an early stage. Clinics using breast self-examination combined with mammography have shown mammography to be most useful in the detection of cancer in women over the age of 50. In women under 50 years, changes in consistency of the breast associated with menstrual cycles makes the mammograms more difficult to interpret. Xerography by itself only detects superficial lesions in the breast.

Much has been written about the danger of mammography related to high radiation dosage. With the current low dose methods, this should not be cause for alarm. However, they should probably not be repeated more than once every one to two years.

Thermography is not a diagnostic tool, but can help to detect an abnormal area in the breast which may be benign or malignant.

The final diagnosis of a breast lump is made by the pathologist after a biopsy has been performed on a lesion with any suspicious features, such as increasing size of a lump, pain or discharge from a nipple or abnormal features on mammography.

Finally, it should be noted that the majority of breast lumps in women are benign.

Recent Births at WDMH

The following are the recent births at the Winchester District Memorial Hospital.

On Tuesday, April 3, 1979, to Mr. and Mrs. Brian Casselman, Box 322, Winchester, Ontario, a son.

On Wednesday, April 4, 1979, to Mr. and Mrs. Larry Stewart, R.R. 1, Winchester, Ontario, a daughter.

On Thursday, April 5, 1979, to Mr. and Mrs. Andrew Dawson, Winchester, Ontario, a daughter.

On Monday, April 9, 1979, to Mr. and Mrs. David Arnott, Box 521, Winchester, Ontario, a daughter.

Announcement

COOPER—Wally and Gladys (nee Crewell) are proud to announce the birth of a son. Darryl Ritchie Harold, 8 lbs., 2 ozs., on April 1, 1979. Thanks to Dr. Rowan, Dr. Andrews and the staff of the Riverside Hospital. A brother for Jennifer.

Engagement

Betty and Hugh Latimer, Russell, Ontario are pleased to announce the engagement of their daughter Brenda, to Robert Hoople, son of Ross and Margaret Hoople, Ottawa. Wedding to take place May 19, 1979 - 4 p.m., Russell United Church. Reception — Dr. F. Kinnaird Community Centre.

Geggie Argues Wording - Complex Not 'Centre'

Local hardware store owner Bob Geggie says he isn't planning on building a shopping centre on the outskirts of Winchester that will turn the centre of town into a commercial vacuum.

"I'm not building a shopping centre", Geggie says.

He says he is planning to build a complex that would contain his hardware store, a food store and several smaller boutiques. And, he admits, there are no confirmed tenants for any of the space in the proposed building.

Geggie plans to build a 15,000 square foot building on a 6.5 acre parcel of land at the southern junction of Highways 31 and 43. In comparison a shopping centre proposed two years ago for Chesterville would have had 40,000 square feet of commercial space and 19 outlets.

Geggie is now going through the process of rezoning the land from rural to commercial. The change has been approved by the North Dundas Planning Board, and Winchester Township, and is now being scrutinized at the provincial level.

Winchester Village has voiced opposition to the move and drafted a letter to send to the ministry of housing regarding the matter.

In the letter the town takes exception to the reasons Geggie gave to the planning board for moving his store.

Geggie said there was not enough off-street parking in town, or commercial land available to expand to. The town states in the letter that both of these points are incorrect.

Twins Mark Milestone

They're twins and, perhaps reluctantly, they posed for this photo late in the summer of 1907. Earl (left) and Gerry Hill, who have been Kenmore residents ever since, last Tuesday celebrated their 72nd birthdays, both enjoying excellent health and looking forward to many more "Birthday cakes".

Board Recommends Three School Closures

Continued From Front Page

Moss and Lessard predict the budget will lead to larger classes, cancellation of courses and a reduction in special education and resource from services. They also said library, guidance and psychometry services may be curtailed.

"The federations (OSSTF and AEFO) are concerned with the board's attempt to by-pass the negotiating process by arbitrarily raising the present negotiated pupil-teacher ratio," concluded Moss and Lessard.

The budget also recommends the closing of three schools (yet to be named) effective September 1980. A decision on the subject is expected by June 1979 from a committee set up to deal with the proposal.

Finance committee chairman Sam McLeod said, "I think the teachers will be responsible and I don't think they will take a hard line."

T.R. Leger, secretary of the board said: "We are trying to maintain a reasonable service and still be good employers".

In the preamble to the budget presentation the board stated that it had "accepted a rationale which would see the combination of continuing constraint with a commitment for the continued delivery of educational services at an acceptable level."

In planning the budget the board of education decided to incorporate some long-term planning, the direct objective of which was seen to be two-fold. "To reduce expenditure levels for 1979 and consequently relieve excessive pressure on local taxation; and to incorporate in the 1979 budget a plan which will have long-term ramifications regarding dollar costs."

Increase To Industrial Shippers

Continued From Front Page

Aug. 1, 1979. Whelan said Canadian requirements for industrial milk are estimated at 98 million hundredweights plus a sleeve of 5.79 per cent for a total market sharing quota of 103.7 million hundredweights.

The in-quota and skim off levies will remain at their present level but the contingency levy will increase to 25c per hundred, while the over quota levy will rise to $8.00 per hundred from $7.50.

The subsidy on industrial and cream shipments will remain at $2.66 per hundred.

In quota, contingency and over quota levies can be collected either on each hundredweight of milk or on a butterfat basis, Whelan said. But the provinces will be responsible for the collection of the total amount of levy calculated on the basis of 3.5 pounds of butterfat.

With this provision in mind, the minister warned that the provinces must negotiate an agreement for a uniform method among themselves before Aug. 1, 1980. The continued success of the national plan depends largely on the provinces' efforts to co-operate, he said.

The cheese import quota will remain at 45 million pounds for 1979-80. Part of the funds used to finance export of dairy products could be used to promote Canadian cheese on the world market.

Council Launches Clean-Up Campaign

WILLIAMSBURG — Rusty derelicts adorning the front lawns of township residents will be a thing of the past, if Williamsburg Council has its way.

At the April meeting of the council on Saturday the councillors decided to apply to the ministry of environment for funding to pay for a program to get rid of old cars that people have sitting on their property.

Keith Schell, township clerk, said the next step will be passing a bylaw outlining the program. He said it would likely ban anyone from storing more than one vehicle in non-operating condition on their property.

While that bylaw will be tabled at a future meeting two bylaws concerning the Seafarers Training Institute were passed. Bylaw 14 certified the closing of Nash Creek Road, from Highway 2 to the St. Lawrence River and bylaw 15 changed the zoning of the land owned by the institute from industrial to institutional.

The zoning bylaw now has to be circulated and processed through the Ontario Municipal Board before it becomes law.

In other business council awarded tenders in several areas. Three new drain contracts were awarded: McMartin Drain to Dietrich with a bid of $60,250; T.A. Weaver Drain to Kerr Brothers at $51,778; and S.I. Casselman Drain to Fraser Excavation with a bid of $16,116.

D. L. Hess of Williamsburg will be supplying fuel oil, diesel oil and gas to the township for the next year, with a tender of 6c a gallon below the tank-wagon price.

Liquid calcium chloride will be supplied to the town by two suppliers, Ken W. Morris and Laferty Smith Ltd., both firms submitting the same tender price.

Coppers will be supplying culverts to Williamsburg on the basis of their bid, which was the lowest of 14 submitted.

Council also approved the $16,000 budget of the senior citizens group. All of the money comes from federal grants.

Admitted To The Bar

William John Stephen Workman, B.A., LL.B., was called to the Bar by the Law Society of Upper Canada at ceremonies in the National Arts Centre, Ottawa on Monday afternoon. Mr. Workman will practise law as a partner to Fred M. Cass, Q.C., in the law firm of Cass/Workman, formerly Cass and Cass, of Winchester and Chesterville. A graduate of Queens University and the University of Ottawa he is a son of Mr. and Mrs. Reg Workman.

20 years service to the people of this area...

As we reach our 20th anniversary of providing quality cemetery memorials to the people of this area, we pause to give thanks for your confidence and your patronage.

Our artistically designed and carefully crafted monuments create a lasting tribute to your loved ones, a tribute that will survive the ravages of time and weather. And to be absolutely sure of the quality and authenticity of our work, we use only the very best materials, and we perform all the work right here in our own shops, a most important factor in value and quality control.

We have approximately 100 monuments of various sizes and styles in stock at all times, so you may make a selection to suit your individual needs. We are also equipped to do all kinds of lettering on your present monument right in the cemetery without removing it from the foundation. This, along with the saving to you, since you are buying direct — eliminating the costly commission paid to a salesperson.

"Cemetery Memorials of Distinction"

SEALMARK ROCK OF AGES

TWEENS

Back row, left to right: Christine McCaragar, Jackie Young, Jane Kingsbury (coach), Kathy Anderson, Gail Leonard.

Middle row, left to right: Nancy Porteous, Cindy Pos, Lynn Perrier, Wendy Meldrum.

Front row, left to right: Janet Hall, Lori Duncan.

Season Ends

Metcalfe Ringette

Metcalfe ringette players, their coaches, managers, parents and friends enjoyed an awards-pot-luck dinner at the Lions Den last Thursday evening.

During the evening the girls were heartily congratulated for having displayed a combination of sportsmanship and ability during the entire season while bringing many honours to the community.

Co-chairman Marie McDougall and Doris Gallinger admitted the season had been a busy one with a total of 41 players competing in four different divisions. Scheduling necessitated much travel but the two ladies were quick to extend thanks to the many parents who had solved the transportation problems.

Financing projects of this nature are always an important factor since ice rentals and equipment are both victims of rising prices. However, according to one organizer the girls didn't rely on donations and contributions from other sources. Instead they raised much of the money themselves. Although initial registration fees were a definite plus factor, the girls managed to finish the season in the 'black' thanks to their own efforts at a skatathon and through the sale of Christmas cakes.

LOOKING AHEAD

Some of the senior teams, because of their impressive records, may next season advance from the GOLD (B) division to the GREEN (A) category.

None of the players will be lost because of age and early indications are that the teams will be even strong next season.

INDIVIDUAL TROPHY WINNERS

Back row, left to right: Nancy Porteous (Tweens M.V.P.); Kathy Duncan (team trophy); Barbara Craig (Belles M.V.P.); Wendy Welk (Belles Most Improved); Donna Eastman (team trophy).

Front row, left to right: Christy McDougall (Petites Best Defence); Janet Hall and Lori Duncan (tied for Tweens Most Improved); Karen Gallinger (Petites Top Scorer); Angie Robb (Petites Best Forward).

BELLES

Back row, left to right: Colleen Latimer (coach), Barbara Craig, Mary Anderson, Susan Kingsbury, Kim Hall, Kim Young.

Front, left to right: Wendy Welk, Shelly Duncan, Laurie Anderson, Nancy Blais, Nancy Giroux.

Lions Finding Rough Road To Southern Championship

By Al Van Bridger
Sports Editor

Morrisburg Lions are finding the familiar trail to the Southern Junior B championship a very rough one this spring.

In years gone by the defending Ottawa District Junior B champs encountered sporadic opposition until the always tough Northern champs appeared on the scene to challenge for the ODJHL Citizen Shield.

This season the title holders ran into a stubborn lot from Metcalfe and had to battle the opposing Jets through seven games before meeting the Challenge Trophy winners from Winchester.

Once again Morrisburg's attack prevailed and the Lions ousted Winchester Hawks in six hard fought games.

The same pattern has developed through the first four games of the best of seven Southern finals against Smiths Falls Settlers the South-West champs.

Morrisburg's vaunted offence got them a victory in the opening contest exploding for four overtime goals and an eventual 8-4 decision.

Game two's decision swung completely around with the Settlers walloping out a one-sided 8-3 win, evening the series at a game.

Game three last Friday night in Smiths Falls was a marathon overtime extravaganza with the Falls claiming victory in the third overtime period when Kevin Gunn shot in the fifth and winning goal. Final was 5-4 Settlers.

As was the case in the Winchester series Lions weren't down long after a defeat returning to knot the series at two games each with an impressive 6-2 decision on home ice Sunday.

Last Tuesday Lions played the first of two games in Smiths Falls emerging on the short end of an 8-3 score.

Steve McKenny paced the Falls attack with a pair of first period goals with Kevin Holmes and Brett Lowe scoring singles on Morrisburg goalie Gerald Scully.

Gary Jarvis' unassisted goal was the only puck to escape Kevin Hill in the opening session.

Morrisburg closed to within a goal firing the only markers in period two. Leo LaFortune and Bruce Barker closed the gap to 4-3 before period two was over. Jeff Cassell and Jim Whelan picked up assists.

The hometown Settlers poured four unanswered goals behind Scully in the final frame rounding out the 8-3 final. Kevin Holmes with his second, Dave Ferris, Dan Forler and Tom Henderson fired third period markers for the winners.

TRIPLE OVERTIME

Lions fans were screaming "robbed" after game three last Friday evening.

Morrisburg apparently scored a goal that was witnessed by everybody in the arena.

Everyone except the referee.

Despite pleas from the Lions bench the decision wasn't reversed and Smiths Falls eeked out a triple overtime 5-4 win and a 2-1 lead in the series.

Doug Begley and Kevin Holmes fired first period goals before Morrisburg tied it on counters by Leo LaFortune and Bob McNairn.

Doug Begley's second goal of the night made it 3-2 after two frames.

Jim Whelan at 9:08 and Jeff Cassell at 12:47 put Lions up 4-3 heading home.

Thirteen seconds were showing on the game clock when Steve McKenny popped the tying goal in Morrisburg's net sending the game into three overtime periods.

The game got underway at 8:33 p.m. and was completed at 12:50 a.m.

6-2 LIONS

Morrisburg regained some composure for Sunday's contest winning handly 6-2.

Junior B commissioner Pete McCooeye had the officials stop the game with 17 seconds to play saying he was only trying to avoid a possibly bad situation with tempers too hot to control.

Lions' Rob Reynolds and Kevin Mackler were penalized in the final minute as was Smiths Falls' Tim Hart. Hart and Mackler tangled and were assisted fighting penalties.

Smiths Falls led 2-0 after one period on goals by Dave Ferris and Dan Forler.

Lions roared into a 4-2 lead on four unanswered goals in period two. Jim Whelan, Scott Corden, Steve Richer and Mark Beaupre, all found the mark.

Bob McNairn and Leo LaFortune wrapped up the 6-2 win with third period markers.

Dave Tait earned three assists for the winners with singles going to LaFortune, Cassell, Whelan, Corden, Payment, Jarvis, McNairn and Beaupre.

Game five was played Wednesday, April 11th in Morrisburg.

Game six was slated for Good Friday, April 13th at Smiths Falls with game seven (if necessary) back in Morrisburg on Sunday, April 15th.

Leisure Lines...

MORRISBURG OLDTIMERS HOST TOURNAMENT FOR LAST WINTER EVENT

It was a first for Morrisburg Oldtimers and a first for the arena but from all reports Morrisburg will be having another Oldtimers Tournament again next year when they hope to host 22 teams. Ottawa Old Pros walked away with the honours with their smooth passing style being a bit too much for any teams who faced them in the two-day event. Participating teams were high in their praise for the organization and friendliness shown to them by the host club and although it is a big job to organize and run a tournament and a dance over two long days the boys and girls from our neighbouring town did a first class job in all departments. Thanks again from this corner, we had a terrific amount of co-operation from the guys and gals from Morrisburg and it was great to see their respect for our facilities, for this we thank you.

MINOR HOCKEY ANNUAL MEETING WELL ATTENDED

Things are running smoothly in our local minor hockey and it must be a relief to President Bob Carkner and his executive to see the kind of response and willingness to help shown when a record crowd turned up at last weeks hockey meeting. There was no trouble in filling all the positions necessary to carry on next seasons hockey and it sure is great to see people willing to do their part. With this kind of co-operation we should be in for a great year when hockey season rolls around again in the fall.

LIONS VOTE TO BUY NEW ICE MAKER FOR THE ARENA

When the fall season rolls around again not only will the arena have taken on a new look with a fresh paint job but we will be making ice with a new self-propelled ice maker thanks to the local Lions club who voted to foot the bill. Over the years the Lions boys have done a first rate job of operating our food concession which in itself is a monstrous job which entails many long hours of hard work but they have plowed most or more of the profits back into the arena. Both at the time of building as well as our expansion, the club was one of the main contributors and it was the Lions who bought the tractor and Zamboni which we have used to make ice till the present time. The tractor will be retained to do the mowing but the old Zamboni will be retired to a backup position when the new machine arrives. Application has been made to Wintario and with their approval we will be purchasing a new Olympia model which should give us great ice. A sincere thanks to the club for this generous donation which will be a benefit to all who use the arena. I'm sure that everyone appreciates your hard work and generosity over the years, it's guys like you that make this a great community.

WESTBURG UNION PLAY FOR FIREMEN THIS SATURDAY

Looking for a nights dancing this weekend? Then the place to be is at the community centre hall when the local firemen try to raise a few bucks with their Spring Dance. Music will be by Jim Wicks and Westburg Union who are always a popular group in our area and it's just five bucks a couple. I know the boys will appreciate a good turnout so try and attend.

HYDRO BIG WINNERS AT VANKLEEK HILL TOURNAMENT

Hats off to our local hydro team who won the "A" Division as well as most of the personal awards when the eastern region of Ontario Hydro held their tournament this weekend in Vankleek Hill. Bill Moran won the best defenceman, Ray Faith and Bruce Jones were the best netminders, Glen Taylor was the most sportsmanlike competitor and Big Doug Casselman was the most valuable player in the "A" Division. Good work fellows, that's quite a record.

Fourth Term For Carkner On WDMHA

Bob Carkner will head up Winchester and District Minor Hockey Associations executive again in 1979-80.

Carkner — also deputy reeve of Winchester village — agreed to act as WDMHA's president for a fourth consecutive term at last week's spring meeting.

Secretary-treasurer Millie McClatchie told The Press approximately 22 enthusiastic supporters turned out for last week's session eager to aid the minor hockey program.

The secretary felt there could have been maybe a dozen or more willing to attend but a last minute change in meeting nights caused some confusion.

Reg Gibson will fill the vice presidents chair with Mrs. McClatchie returning as secretary-treasurer.

George Hanes will again act as "referee-in-chief" with Ron Bell nominated to the assistants position.

Convenor's posts were all filled with Neil Williams heading the Juvenile Division, James Duncan will take over the Midget convenorship, Bill Johnston the Bantam, Ed Gibson the Pee Wee, Earl Casselman the Atom and Eldridge Oldford, Novice.

Duncan, Johnston, Ed Gibson and Oldford are all new faces to the WDMHA's executive table this term.

The executive had six offers to help represent the WDMHA at Carleton-Dundas Minor Hockey League sessions — a position that saw only one Winchester vote eligible last season.

Those offering to carry this association's views to the CDMHL were Phil Dorey, Ken McClatchie, Eldridge Oldford, Keith Guy, Howard Guy and Bill Johnston.

An important fact also emerged from the session.

Minor hockey registration fees will remain at $25 per boy for the 1979-80 season.

Secretary-treasurer Millie McClatchie was very happy to inform the gathering that the $25 registration (per player) will again apply in spite of an increase in operational costs.

"Three major fund-raising events — Oktoberfest, Minor B Tourney and Spring Fling — were successful enough to hold fees down for the upcoming season," she explained.

The association's newest endeavour — "Spring Fling" — was very well attended and financially successful with a profit of $1,200 realized.

"Parents have been wonderful with their co-operation and plans for Oktoberfest, September 8th, 1979 are already underway," she concluded.

Next Tuesday evening (April 17th) at 7:30 p.m. WDMHA will wind up the current campaign with a closing get-together.

All players, parents, coaches, managers and executive involved with the Winchester and District Association will meet in the arena hall for films, snacks and closing thoughts.

12 Teams Compete

Old Pros Top Morrisburg Tourney

Ottawa Old Pros — behind the extraordinary talents of high-scoring Ed Hatoun — captured the first annual Morrisburg Old Timer's Tournament here over the past weekend.

Twelve teams from around Eastern Ontario took part in the event played over two days at Winchester and District Community Centre.

Organizers — Morrisburg Old Timer's Hockey Club — chose Winchester over their own facilities because of the central location — to Ottawa — and for the proximity of the arena and hall.

Fans can watch a game from the upstairs hall and enjoy a glass of refreshment at the same time while at home (Morrisburg) there is no place to run a lounge on the premises and that cuts down on revenue," was how tourney organizer Jim Notman explained it.

Although the two days of thrilling old time no body contact hockey weren't met with capacity crowds the Morrisburg Club did realize a tidy profit and will bring a three-day - twenty-two team event - back here next fall.

Club official Joe Billings told The Press that ice from November 2 to 4 has been spoken for and many teams are anxious to enter.

"It's late in the season and many people are getting a little tired of hockey but things should go full tilt next fall when every one is ready for hockey again," commented Billings.

Billings went on to say that many teams sprinkled with former well known pro names have indicated interest in the earlier dates.

"We also hope to get a Winchester team into the lineup and bring even more fans to the rink," he said.

The Molson sponsored event got underway Saturday morning with two local teams squaring off. Stormont County trimmed Matilda Old Timers 3-1 with John Gove hitting twice for the winners and Harry Fetterly notching the single. Ian Hoole replied for Matilda.

Stormont went on to drop their first game on the "A" side by a 4-0 score to Ottawa Old Pros — the eventual "A" Division champions.

Matilda suffered their second setback entering the consolation side losing 7-4 to the Cornwall Civics. Jim Powers with two, Al Cassidy and Jack Notman scored for Matilda.

With the local competition out of the way Ottawa Old Pros and St. Albert headed for the "A" and "B" titles (respectively).

Ottawa played their first game Saturday Morning hammering Cornwall Civics 12-3 with Ed Hatoun spearheading the attack. The tourney's MVP ripped six of Ottawa's 12 goals and set up two more in the one-sided victory.

That win put Ottawa into the "A" division against Stormont County. The lads from Stormont were no match for the old smoothies and were beaten 4-0 with Hatoun notching a hat-trick for the winners.

Ottawa advanced to the semi-final against a tough entry from Lakefield - Six Foot Bay area. Ottawa took another 4-0 verdict with Ed Hatoun once again providing the scoring highlights. Hatoun, a former member of the Detroit Red Wing chain fired three of the four goals and assisted on the other.

Win number four for Ottawa Old Pros came in the championship saw-off against Ottawa Panthers. The Old Pros got three more goals from (you guessed it) Ed Hatoun enroute to a 5-2 championship win.

Hatoun's amazing 15 goal-two assist output, accomplished in just four games, earned him the Molson Most Valuable Player Award. It wasn't just his offensive abilities that caught the selection committee's eye. Hatoun's desire to play the game and tenacious two-way skating style made him a "shoe-in" for the award.

Team mate Harold La Hay was voted top defenceman while best goalie honours went to Six Foot Bay's Gary Halebrook.

Ottawa Panthers received $250 and medals as runners-up with the Old Pros winning $350, a Molson trophy and individual player medals.

St. Albert took consolation honours including trophy, $250 and medals eliminating Cyrville 6-1 in Sunday's "B" final.

Cyrville received $150 and runner-up medals.

St. Albert dropped their first game 4-2 to Cornwall Hubs but came on strong defeating Carleton Place 5-0, Cornwall Civics 6-4 (in an overtime shoot-out) and Cyrville 6-1.

TOURNAMENT SCORES

Stormont 3 Matilda 1; Ottawa Old Pros 12 Cornwall Civics 3; Milton 7 Cyrville 6; Cornwall Hubs 4 St. Albert 2; Ottawa Panthers 10 Oshawa 2; Six Foot Bay 6 Carleton Place 1.

"B" DIVISION

Cornwall Civics 7 Matilda 4; Cyrville 5 Oshawa 3; St. Albert 5 Carleton Place 0; St. Albert 6 Cornwall Civics 4 (overtime); St. Albert 6 Cyrville 1 — "B" championship.

"A" DIVISION

Ottawa Old Pros 4 Stormont 0; Ottawa Panthers 7 Milton 2; Six Foot Bay 4 Hubs 3; Ottawa Old pros 4 Six Foot Bay 0; Ottawa Old Pros 5 Panthers 2 — "A" championship.

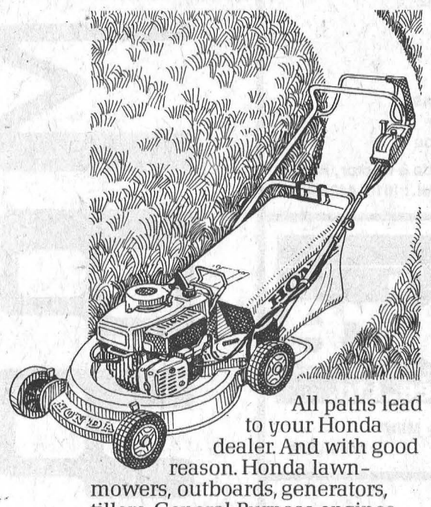
BLAZING TRAILS.



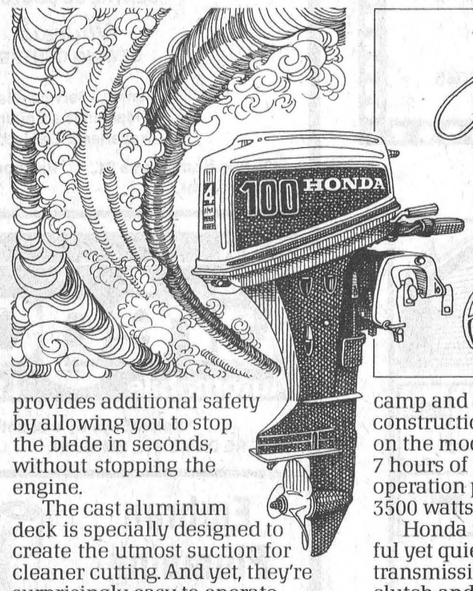
All paths lead to your Honda dealer. And with good reason. Honda lawnmowers, outboards, generators, tillers, General Purpose engines and water pumps are making news as powerful, economical alternatives to the competition.

That's because at the heart of every Honda power product is the world famous Honda engine. But we don't stop there. All major parts are Honda parts. Unlike some other manufacturers.

The result: maximum efficiency, reliability and long life.

Take our lawnmowers. Our exclusive Roto-Stop® clutch system* provides additional safety by allowing you to stop the blade in seconds, without stopping the engine.

MAKING WAVES.

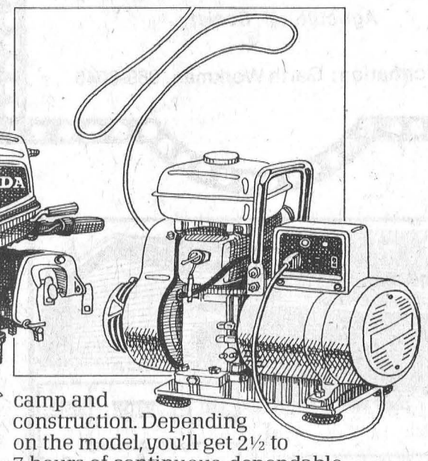


The cast aluminum deck is specially designed to create the utmost suction for cleaner cutting. And yet, they're surprisingly easy to operate.

Honda 7.5 hp and 10 hp outboards are equally outstanding. We offer the only 4-stroke water-cooled engines in Canada. Using regular gas, they require no oil mixing. Very efficient. Very clean. Very quiet. Very dependable.

Honda portable generators are great for home, cottage, farm, camp and construction. Depending on the model, you'll get 2½ to 7 hours of continuous, dependable operation per tankful with 300 to 3500 watts of power.

GENERATING INTEREST.



Honda tillers are super powerful yet quiet, with chain drive transmission, power take-off, safety clutch and folding handle.

Finally, there are our General Purpose engines and water pumps.

Interested?

Beat a path to your Honda dealer listed below.

East Carleton Junior Farmers Tourney Winners

The East Carleton Junior Farmers hockey team captured top honours in the Prince Edward County tournament played last weekend. In addition to bringing the coveted trophy home the club's star forward Keith Ritchie was named the tournament's most valuable player.

Eight clubs were represented in the competition and the East-Carleton boys edged York County in overtime for their first win with Ritchie scoring all three goals.

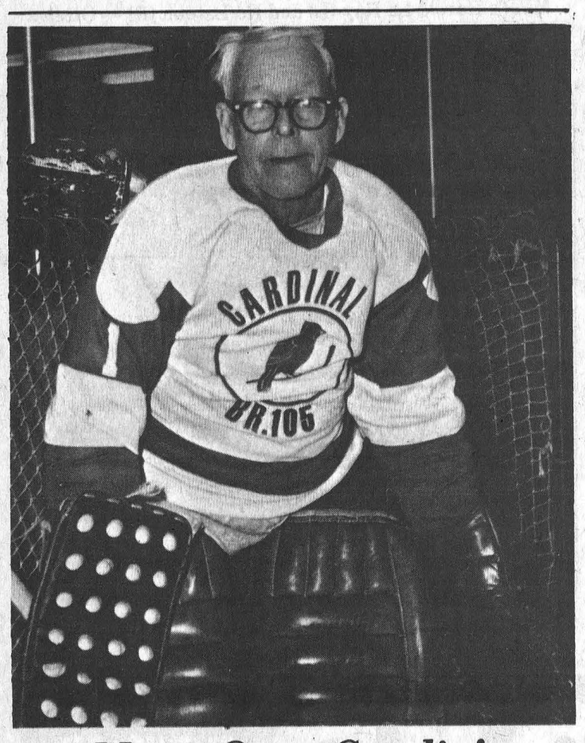
In semi-final play the opposition was Ontario County and the game proved a real thriller with Jim Kelly notching the winning goal in their 2 to 1 victory. Jeff Hyndman scored the other goal.

Victoria County emerged as the only other undefeated club and fans were treated to superb netminding in the final game which again was a real cliff-hanger ending 3 to 2 in favour of the Ottawa area boys. Marksmen for the winners were Ritchie, Mike Stanley and Bruce Hill. Junior Farmer president Jim Kelly was high in his praise of netminders Dwayne Lowe and Gord Jamieson.

"They earned star-rating in every game," he said.

MORE TO COME

Although the farmer-athletes are already planning summer activities they hope to pick up another hockey tournament win this weekend at Finch.



Move Over Gordie!

Gordie Howe? Oh, you mean that 51-year-old youngster playing in the W.H.L.!

"Come to think about it," says Cardinal Legion netminder Eddie Gilligan, "I'd been playing hockey more than 15 years when that lanky westerner was learning to skate."

Eddie, a Canada Starch employee, who led his team to victory at Metcalfe last week in a game against Greely Legion, wonders why all the ballyhoo about "that Mr. Howe."

"I'll be 65 in July," he grins, "and that will mean more practice time next fall when the new season opens."

Press Photo—Rowan

Broomball Champions

Williamsburg became 1978-79 Winchester League broomball playoff champions Sunday evening defeating Newington 2-0 in the fourth game in a best of five final.

Newington took game one in overtime but suffered back-to-back losses to Steinberg Motors in games two and three.

1978-79 champs - front (L to R): Don Mabo, Russ Garlough, Ron Whitteker, Lyn Whitteker, Kevin Duvall.

Back (L to R): Hugh Garlough, Brent McIntosh, Ralph Duvall, Tom Dawley, Jack Barkley.

Press Photo—Van Bridger

Pee Wees 'B' Champs At Rockland

The CDMHL's two-time Pee Wee A champions are still playing and winning hockey games.

Over the past weekend Winchester Ault Foods Pee Wee's won two of three games in the Rockland Optimist Tournament claiming the "B" championship title.

They opened in Rockland last Thursday losing 5-2 to the host team but rebounded with an exciting 3-2 win over Kanata on Saturday and a lopsided 5-1 win against Clarence Creek in the consolation final Sunday afternoon.

Later the same day Coach Warren had his charges on the ice in Morrisburg for a 4-2 exhibition victory.

Trevor McClatchie and John Guy were Winchester's marksmen in their opening loss to Rockland last Thursday. Linemate Kevin Torrie set up both goals.

The game was tied at one after one frame but Rockland pulled away to the 5-2 victory with three second period goals.

Brent Carkner netted what proved to be the winning goal in Saturday's 3-2 semi-final victory over Kanata.

Carkner whipped in Winchester's third goal at 6:42 of the final session giving his club a 3-1 advantage.

John Guy staked Aults to a 2-1 edge after one period of play, firing a pair at 4:14 and 9:45. Terry Carkner, Kevin Torrie and Trevor McClatchie earned assists on Guy's goals.

Kanata skated back into contention with a late goal at 2:03 of period three cutting Winchester's lead to one goal.

Winchester held off the late charge by Kanata enabling Carkner's goal from Paul Henry to stand as the winner.

"B" FINAL

Goalies Rob Baldwin and Rob Morrison combined for one goal against in Sunday's consolation win over Clarence Creek.

John Guy paced his team to the winner's circle firing a pair of second period goals and helping out on two others.

Period one was scoreless but Winchester took a 2-1 advantage after two periods adding three in the final frame.

Guy's linemates — Trevor McClatchie and Kevin Torrie set up both goals in the second and combined to lock the game up in period three.

McClatchie scored from Guy at 4:52 of the third, then it was Torrie from Guy and McClatchie before Terry Carkner hit from Torrie at 14:44.

EXHIBITION WIN

Aults wrapped up a busy weekend dumping Morrisburg 5-2 in an exhibition game Sunday evening.

Trevor McClatchie was the scoring ace marking four goals and an assist. Kevin Torrie bent the twine on Winchester's third goal.

John Guy and Torrie each picked up a pair of assists with the solo helper coming from Terry Carkner.

Winchester trailed 1-0 after one frame rebounding with four in the second and one in the third for the 5-2 final.

Brad Sloan and Robert Courier replied for Morrisburg.

Hawks Banquet May 12

Tickets for this year's Hawks Awards '79, Saturday, May 12, will be available from players, coaches and executive this weekend.

The $20 ducets will also be available at the CountryBoy store.

Team officials are urging all their faithful supporters to come out and help the team conclude a very successful season.

The evening will get underway with a social hour from 6:30 to 7:30 p.m.

A roast beef dinner complete with free bottle of wine will be served from 7:30 to 8:30 when this year's team awards will be handed out.

Once the very difficult decisions are all made, disco dancing will take over until 1 a.m.

The awards should be very interesting to see with the only sure bet being Barry Casselman as top scorer.

MVP, Top Rookie, Best Defenceman, the Presidents Award, Coaches Trophy, Most Sportsmanlike and the Play-off Silverware are all up for grabs.

Fastball League Boasts Seven Clubs

South - Carleton Fastball League, recognized as the oldest in the province having been operational continually since 1927 will again open the schedule late in May, this season with seven clubs competing.

There was some fear the league might be forced to fold when three strong teams withdrew but the determination of league president Keith Russell paid off.

Mr. Russell, at a March meeting, had suggested the loss of such strong teams as Gloucester, Richmond and Osgoode might encourage other local teams to compete.

He was correct in his thinking.

At a special meeting on Monday night the three existing clubs (Metcalfe, Carlsbad and Embrun) welcomed four new clubs into the league.

When the schedule opens the following clubs will be competing for both the coveted Bracken and Lytel trophies. In addition to Metcalfe, Carlsbad and Embrun competition will come from teams based at Russell, Kenmore, McVey Insurance and a Vars district club.

It is understood no constitutional changes will be necessary but senior-calibre players will not be eligible.

BEAVER MANUFACTURED HOMES

A DIVISION OF BEAVER LUMBER CO. LTD.

What is a Beaver Home & What does it mean to you?

Very simply, a Beaver Home is a partially premanufactured house. The "partially" means that wall sections, roof trusses and gable ends are manufactured at one of the Beaver Homes plants and then delivered to your lot. The remainder of your home is then delivered phase by phase...pretty much when you need it. What a Beaver home means to you is money-saving. You see, you can actually build a Beaver Home yourself. Not every last part of it, but certainly a great deal of it. For more information and a brochure mail the coupon or, visit your nearby Beaver Lumber store.

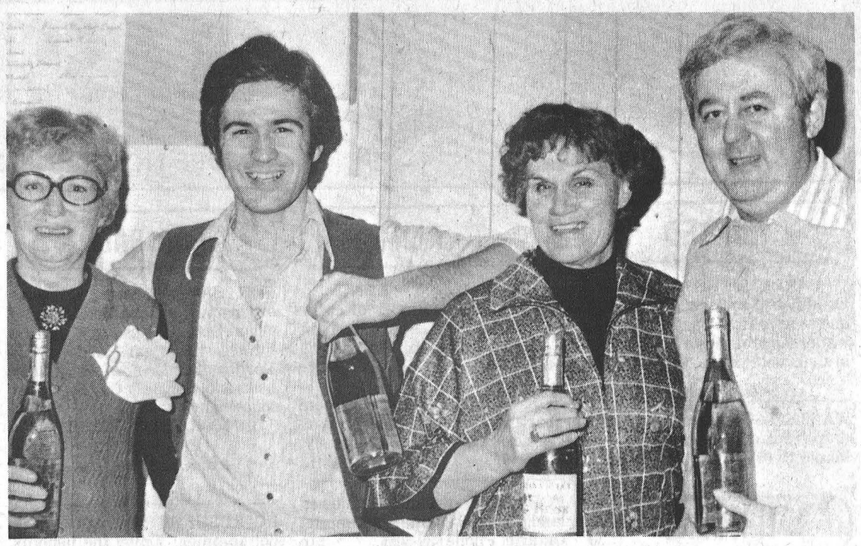
Players must be 16 years and older

$10 entry fee must accompany each registration

Paid members will be entered in a player draft to form teams

FIRST LEAGUE GAME MAY 2nd



Winners in the Winchester Curling Club's closing Funspiel (l to r): Doris Folkard, Bill Workman, Marg Boyd and Ed Boyd, skip, all won a bottle of bubbly.

Runners-up — actually they had the best won-lost record — (l to r): Pearl Empy, Marion Charleson, Marcel Soucie and skip Ted Robinson, had to settle for ginger ale.

Topsy Turvy Funspiel Closes Season

On Saturday a Fun Bonspiel was held with 16 teams taking to the ice. As part of the mixed-up affair, teams played four ends, and then moved to another sheet and assumed the score of the team with the same colour stones on that rink. When the points were added at the close of the spiel, the committee decided the team with the least points were winners for the day. Ed Boyd's rink of wife Marg, Doris Folkard and Bill Workman won the dubious honours.

During the day, all players who hogged a stone received a "hog" tag to wear. When the final count was made, Pearl Empey and Lana Larsen headed the list and each received naturally, a pound of bacon.

A Chinese dinner was enjoyed by 75 curlers and guests and dancing closed the end of the season.

The Committee in charge who is to be commended for their work and planning during the day, consisted of Bill and Sandra Casselman, John Gray, Linda Summerhalder, Phil and Anne Parry and Sheldon and Jean Cameron.

MIXED SCHEDULE

In a close finish, Ran Wylie's rink of Jean Cameron, Sheldon Cameron and Pauline Whitteker nosed out Orman Savage's team by one point in the final mixed schedule of the season involving 21 teams.

Going into the final games last Friday evening, Savage was leading with 52 points while Wylie's total was 46, with each team having one game to play. Teams already having completed the schedule held scores as follows: Gerald Holmes 53½; Hugh Eadie 50; Ed Boyd 49½. In his final game, Savage was defeated by Bill Casselman, picking up three points to finish with 55 while Wylie picked up ten points by winning out over Ed Smith's rink and ending up with a total of 56 points.

The Savage rink consisted of Orman Savage, Rita Savage, Rex Toxopeus and Hanney Toxopeus.

NOTE: In last week's report, due to an error in addition, Savage was reported as having 57 points, which should have read 52.

MEN'S SCHEDULE

Ted Robinson's rink outscored all other teams in the last men's schedule to win top honours. Art Folkard, Rex Toxopeus and Glen Cleland completed the team.

Second-place finisher was a rink skipped by Orman Savage with members Harry Hutchinson, David Sharpe and Bill Workman. Although Savage had one game to play, with ice time running short, he decided to settle for second place as the Robinson rink held an almost unsurmountable lead.

LADIES SCHEDULE

The last ladies' schedule was a fun draw, and scores were not tabulated. However, the girls enjoyed their weekly games.

Horse Club Aids Riding Disabled

An interesting and very worthwhile project, begun last August, reached a successful conclusion when East Carleton 4-H Horse Club members convened their March meeting.

The project, which involved all members of the club, was designed with a dual purpose in mind — to finance a trip to the Royal Winter Fair at Toronto, and to help the disabled.

Members, armed with beautiful photos of themselves and their horses, solicited sponsors among area business firms, and so successful was the scheme that the original goal was surpassed.

The bus trip was enjoyed, and while attending the exciting fair members donated $150.00 to the Community Association for Riding for the Disabled, a group presently in the process of building a riding complex for crippled and retarded children in the Metropolitan Toronto area.

But the young people found they still had unused revenue and, at the March meeting, while discussing plans for the new term, it was agreed to donate $100.00 to Silver Springs Farm, Ottawa, a riding centre that teaches mentally retarded children the art of horsemanship.

"This", said a club spokesman, "might be considered our contribution to International Year of the Child".

The young people emphasize that their project could not possibly have been successful without the generous and willing help offered by area businessmen.

CARD OF THANKS

CARD OF THANKS—We wish to thank our many friends and neighbours, who were so kind and considerate during the illness and the passing of our dear Mother — Clara Frances Walker. Special thanks are extended to Dr. Chandi, Dr. Diemert and Dr. Rosenquist; Winchester Hospital nursing staffs and the many friends who called on her during her hospitalization. Thank you for the tributes of sympathy and the many donations to the cancer fund in her memory.
—The Walker Family 51c

CARD OF THANKS—We would like to express our heartfelt thanks to this community for the generosity they have shown us. We are soon to move into our rebuilt home and would like to repeat to the people of this area, the Lions Club and Ken Millie McClatchie, thank you very much for everything.
—Eldridge, Monique and Christopher Oldford 51c

CARD OF THANKS — Sincere thanks to our family and friends for the cards, visits and gifts while I was in Winchester Memorial Hospital. Thanks to Dr. Argue and Dr. Dawes and the staff on first floor. All was greatly appreciated.
—Myrtle Erwin 51p

CARD OF THANKS—Bob and Irene Saunders would like to take this opportunity of thanking their family and friends and neighbours who have been so good to them, for the ones who went each night to see me, the ones who took Bob to the hospital and had Bob for so many meals and brought in so much to eat before I came home and since. For the nice people I met at the hospital, my room mates, the nurses and all the helpers. For Dr. H. Justus, Rev. J. Truman and all who prayed for us. We are sincerely thankful.
—Bob and Irene Saunders 51p

CARD OF THANKS—I would like to say a sincere thank you to my family, relatives, neighbours and friends who sent flowers, cards and letters and the many visits while I was a patient in the Riverside Hospital. This was all greatly appreciated.
—Elsie McRostie 51c

CARD OF THANKS—We would like to thank our friends, neighbours and relatives for their expressions of sympathy and kindness, memorial cards, floral tributes, sympathy cards and food sent to our home, during our recent bereavement of a dear wife, mother and grandmother Helen Elizabeth Barkley. Special thanks to Rev. Cathy York, Seaway Valley Pharmacy staff, members of the Elma U.C.W. and Vice and Craig Funeral Home Inc., Chesterville. Memories of your kindness will remain with us always.
—Egerton Barkley and Family 51p

CARD OF THANKS—We wish to express our sincere thanks to our neighbours, friends and relatives for the floral tributes, donations to the various societies, cards of sympathy and for their prayers and support at the time of our dear Albert's death. Special thanks to the staff at NDMC and Rev. Dobson.
—The Cardiff Family 51p

CARD OF THANKS—My sincere thanks to Dr. Slowey and Dr. D. Justus and the 1st floor nursing staff for their care while I was a patient in the W.M. Hospital. Thanks also to my family, friends, the Hawks Club, and to my fellow patients, for all the visits, cards and treats. Your kindness will always be remembered.
—Don Guy 51c

CARD OF THANKS — I would like to express my sincere thanks to my friends, neighbours for their visits and cards while I was a patient in Winchester Hospital. Special thanks to Dr. Duane Justus and Dr. F. Kinnaird, and the nursing staff for their excellent care on the 1st floor, and also Rev. Leonard Woolfrey for his prayers. Your kindness will always be remembered.
—George Hitsman 51c

CARD OF THANKS — To our friends and neighbours, the good people who organized a party on our behalf, the members of the Legion Hall at Boucks Hill for their great generosity, the band who donated their service so graciously for that memorable evening, the many friends who offered us their homes when we were without a home, to my sister and brother-in-law for our stay with them. The offers of help, sympathy and material things we shall never forget.
—Burrill and Gertrude Becksted 51c

CARD OF THANKS

CARD OF THANKS—I would like to thank my friends and neighbours who have sent me flowers and cards while I was in the Winchester District Hospital. Special thanks to Dr. Dawes, the nursing staff and to Miss Woolford from physiotherapy.
—Mrs. Andree Audenaert 51p

CARD OF THANKS—I would like to thank all my friends and relatives for the visits and cards when I was a patient in the Carleton Queensway Hospital. Also thanks to Dr. S. Kronick and Nurse P. Chapman for their special care. This will long be remembered. Thank you.
—Stanley Park 51p

CARD OF THANKS—We wish to extend sincere appreciation to our neighbours, friends and relatives for your kindness and sympathy at the time of our bereavement in the loss of a dear brother Donald Sheldon Rowe. Also thanks to Winchester Women's Auxiliary, staff of first East and the Gift Fund.
—Elinor and Bill Douglas 51p

CARD OF THANKS—We wish to express our sincere thanks to our relatives, neighbours and friends for memorial cards, flowers, many cards of sympathy and anyone who helped in anyway at our time of bereavement of a dear sister Mary Alice Loucks. Special thanks to Rev. Pamela McGee, L.C.W. for lunch served, pall bearers, to St. Jacques Nursing Home, Embrun, all the staff for such kindness and care, and the Fairbairn Funeral Home.
—Walter and Velma Loucks 51c

IN MEMORIAMS

STOBO—In memory of Mother, Eva Stobo, who passed away Sept. 29th, 1951; and Dad, Thomas Stobo, who passed away Apr. 14th, 1968.
Silently, we talk to you,
Through the memories you left us.
Ever remembered.
—Daughters Irene, Marguerite, Jean and Madeline 51p

McROSTIE—In loving memory of a dear father, grandfather and great grandfather Howard McRostie who passed away April 15, 1976.
In a quiet country graveyard
Where the gentle breezes blow
Lies the one we loved so dearly
And lost three years ago.
It's lonesome here without you
And sadness has been the way
For life, for us, is not the same
Since you were called away.
—Ken, Audrey and Family 51p

McROSTIE—In loving memory of my dear husband J. Howard McRostie who passed away April 15, 1976.
A page in our book of memories
Silently turns today.
For memories live forever
They never fade away.
—Lovingly remembered by Wife Ethel 51p

LAWRENCE—In loving memory of a dear brother-in-law, Gordon Lawrence, who passed away, April 8, 1978.
His charming ways and smiling face
Are a pleasure to recall,
He had a kindly word for each
And died beloved by all.
—Ron and Evelyn Presley 51c

THOMAS—Orval Frank, in loving memory of a dear husband and father who passed away April 11, 1974.
We often sit and think of him
When we are all alone
For memory is the only thing
That grief can call its own.
—Always remembered by wife and children 51c

McROSTIE—In loving memory of a dear father, grandfather and great grandfather, Howard McRostie, who passed away April 15, 1976.
Sadly missed along life's way
Quietly remembered every day.
No longer in our lives to share
But in our hearts you are always there.
—Ever remembered Oswald, Elsie and Family 51c

JEACLE—In loving memory of a husband, father and grandfather, Milton Jeacle, who passed away April 15, 1975.
Like falling leaves
The years slip by
But loving memories
Never die.
—Always remembered by Wife and Family 51c

WEBB—In loving memory of a dear husband and father Robert Webb, who passed away April 15, 1975.
From our happy home and circle
God has taken one we love
Borne away from sin and sorrow
To a better home above.
—Wife Mabel, Family and Grandchildren 51c

IN MEMORIAMS

FAWCETT—In loving memory of a dear husband, father and grandfather, Frederick E. Fawcett, who passed away April, 9, 1971.
Days of sadness still come o'er us
Tears in silence often flow
For memory keeps you ever near us
Though you died eight years ago.
Friends may think we have forgotten
When at times they see us smile
But they little know the heartache
Our smiles hide all the while.
—Sadly missed by Wife Emma, Daughter Jean and Family 51p

CASSELMAN — In loving memory of a dear husband, father and grandfather, George Casselman, who passed away April 18th, 1974.
Days of sadness still come over us
Tears in silence often flow
For memory keeps you ever near us
Though you died five years ago.
—Wife Luva and Family 51p

OPP Report

By Cpl. R.J. Lyon

ACCIDENTS

On Saturday, March 31, 1979, at 12:05 a.m., Roger Helmer, age 32 years, of Morewood, was southbound on Highway 31 approaching Winchester when a fire started in the engine compartment of his vehicle. Helmer was able to stop the vehicle, a 1976 Ford, and disembark with his three passengers before the vehicle was completely destroyed. There were no injuries. Constable Ken Hawkins is investigating.

On Sunday, April 1, 1979, at 12:45 a.m., Allan Legere, age 31 years of R.R. 2, Mountain, was driving southbound on Highway 31 approaching Winchester. A northbound vehicle forced Legere to drive onto the west shoulder. Legere lost control and entered west ditch striking the embankment. There were no injuries. Legere's vehicle suffered approximately $350.00 damage. The northbound vehicle did not stop and has not been located. Constable Ken Hawkins is investigating.

On Sunday, April 1, 1979, at 1:30 a.m., Paul Ewing, age 18, R.R. 4, Kemptville, was driving northbound on County Road 1, South Mountain. The vehicle travelled across Highway 43 and into the ditch on the north side of 43. There were no injuries. The Ewing vehicle received approximately $800.00 damage. Ewing has been charged with failing to stop and fail to wear seat belt and is to appear in Winchester Court on May 23, 1979. Constable Ken Hawkins is investigating.

On Monday, April 2, 1979, at 9:40 p.m., Arthur Hebert, age 18 years, of Morewood, was driving south on the Nine Mile Road when he failed to negotiate a curve. The vehicle went into the east ditch and struck a post, suffering approximately $1,000.00 damage. There were no injuries. Constable Bryan Helmer is investigating.

On Friday, April 6, 1979, at 6:10 a.m., Curtis Dillabough, age 27 years, R.R. 4, Crysler, was driving north on County Road 32, approximately 4 km north of Morewood in a 1976 Volkswagen. A severe gust of wind struck the vehicle causing Dillabough to lose control. Vehicle entered west ditch and rolled over suffering approximately $1,000.00 damage. There were no injuries. Constable Norm Sarault is investigating.

On Friday, April 6, 1979, at 4:15 p.m., William Leclair, age 21, of 38 King Street, Chesterville, was southbound on King Street, when he struck a parked vehicle owned by William Kielec of Newington. The Kielec vehicle suffered approximately $800.00 damage, and the Leclair truck $50.00. There were no injuries. Constable Bryan Helmer is investigating.

On Saturday, April 7, 1979, at 1:00 p.m., Thomas Van Koppen, age 18, R.R. 3, Winchester, Ontario, was driving westbound on Highway 43 just east of Winchester. Van Koppen lost control of his car when he struck an ice patch and entered south ditch striking a road sign. There was approximately $300.00 damage. No injuries. Constable Norm Sarault is investigating.

WILFUL DAMAGE

Gerald St. Pierre, Lot 13, Con. 1, Mountain Township, R.R. 1, Mountain, reported damage to his mailbox on April 9, 1979. Investigation revealed that a vehicle had driven by the St. Pierre residence and then stopped and deliberately backed over his mailbox. Charged with wilful damage is Kevin Crowder, age 17 years, of South Mountain. He is to appear in Winchester Court on April 25, 1979. Constable Howard Smith is investigating.

THEFT ON TRUCK

On Wednesday, April 4, 1979, at 9:00 a.m., a 1977 Dodge pick-up truck was stolen from Armstrong Construction Co., R.R. 1, Winchester. The theft was reported by the owner Harvey Armstrong. At 11:30 a.m. the truck was recovered and Richard Henri Sauve, age 18, R.R. 5, Ottawa, arrested. There was no apparent damage to the truck. Sauve has been charged with Take Auto Without Owner's consent and is to appear in Winchester Court on May 23, 1979. Constable Paul Peterson is investigating.

THEFT

Mernie Short of Short Farm Equipment, Chesterville, reported a theft to Winchester O.P.P. on April 4, 1979. The stolen property was 4 hubcaps, 15", with gold crown design in centre with the words Ford Motor Company around the outside. Value approximately $125.00. This theft took place between March 30 - April 4, 1979. Constable Al Lummiss is investigating.

Junior Farmers

Who Are They?

Everyone has heard it being mentioned at least once in a while, but how many really know what they are and what they do?

Mainly, they are just a youth group with a sole purpose of meeting people in mind. This is accomplished through conferences, sports, reunions and trips. Individual clubs elect officers which represent their club for an entire year. The club holds a meeting once a month to discuss various upcoming events and projects.

Each club in Ontario is requested to fulfill a Community Betterment Project. All members take part to aid a community in some way.

For instance, a club may hold a car wash and forward proceeds to some fund raising organization. Even picking up roadside litter or painting mail boxes are some means of betterment.

Dundas Junior Farmers encourage young people between the ages of 15 and 29 to come out and join the group. Be a part of a fun, friendly and helpful organization of young people, Junior Farmers.

Note: New membership meeting, Thursday, April 19, 1979, 7:30 p.m. at Monast Bowling Lanes, Chesterville.

Vernon 4-H Club Organizes For 1979

On Tuesday, April 3, Vernon 4-H Agriculture Club members held their organization meeting in conjunction with Metcalfe 4-H Club and East Carleton Horse Club in Metcalfe Public School.

Terry Stewart, Carleton County's Assistant Agriculture Representative explained the purpose of 4-H and discussed what was involved in the 4-H year.

Vernon's 30 members are involved in agriculturally oriented projects such as dairy, beef, corn, hay and other field crops.

The leaders of the Vernon 4-H Club, Ken and Liz Murdock led the election for a new slate of officers. Results were: President, Janet Velthuis; Vice President Marilyn McDiarmid; Secretary Donna Eastman; Press Reporter Paul Velthuis; 4-H Council Representatives Mary Anderson and Kim McDiarmid.

Activities for the year were then discussed. The next meeting will be held on April 17 at the Lions Den in Metcalfe.

W. I. Stresses Weight Control

Mrs. Daphne Ghee, a dietician at Ottawa Civic Hospital, told members of Vernon W.I. that 60 per cent of all Canadians are overweight.

Mrs. Ghee, guest speaker at the April meeting stressed that everyone should be made aware of proper weight, and she suggested willpower and low calorie food usually provide the answers.

During the meeting several low calorie recipes were handed out and following adjournment a 'diet-cautious' lunch was served by Mrs. Aolley and Mrs. C. Lewis.

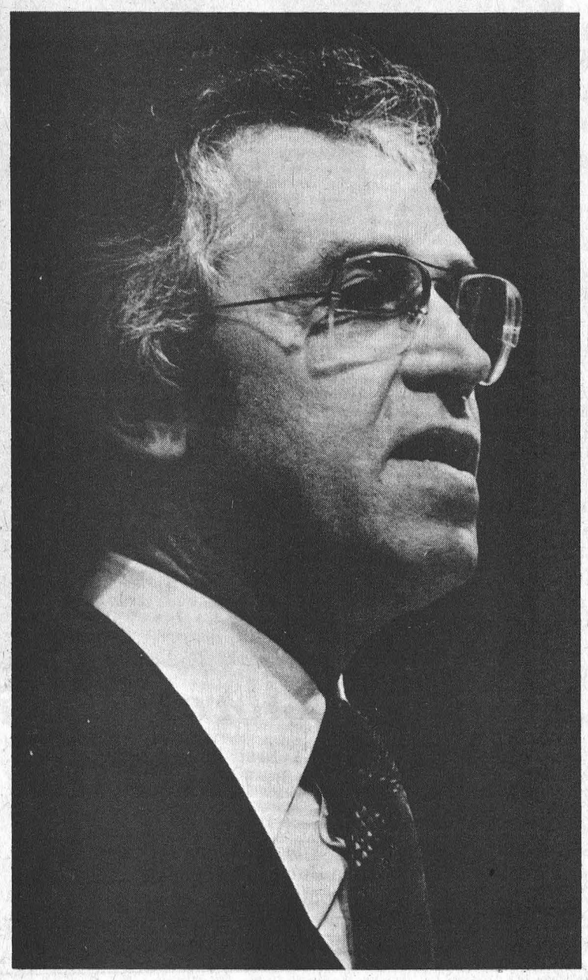
Glengarry, Prescott, Russell Liberals Acclaim D. Ethier



Denis Ethier, MP, Glengarry, Prescott, Russell, was acclaimed for the third consecutive time Monday night to carry the Liberal banner in the May 22 federal election.

Press Photo—Sherratt

ST. ISIDORE—More than 1,500 people were on hand here Monday night to see incumbent MP Denis Ethier acclaimed for the third consecutive time as the Liberal candidate for Glengarry, Prescott, Russell.

What is believed to be the largest crowd ever for a Liberal nominating convention in this riding, came as somewhat of a surprise to organizers since Ethier was not expected to receive any opposition.

The only other nominee Monday was former Hawkesbury Mayor, Philbert Proulx, who declined in favour of Ethier.

Ethier and Proulx had run for the GPR Liberal seat in 1972 when the incumbent defeated Proulx by two votes.

The only reference made that evening to P.C. candidate Gordon Johnson came from Proulx who said, "I hope he (Johnson) will keep a good, clean campaign."

Ethier said he was confident that both he and his party would run an efficient campaign with strong emphasis on national unity, economy, energy and labour.

"We must respect each others' culture in order to have a united culture," Ethier said. "We must do this to have peace of mind."

Attitudes have changed with the election of the Levesque government in Quebec, the French Canadian candidate said. "Some say let them separate but this is not the way to talk and it is not good for the unity of Canada."

"I am here for myself, my party and my leader and I have no room for discussion on the separation of Quebec."

The inflation spiral has been alarming, said the Glen Robertson resident, but the "picture of gloom and doom has been systemically supported by the mass media."

"The devaluation of the dollar has caused jobs in this country", he said, "because it has caused Canadians to shop Canadian where their dollar is still worth 100 cents."

The May 22 federal election comes down to one thing, concluded Ethier. "Who can best govern this country? Who is best qualified?"

Hydro Chairman Says All Safe Here

Evaluation of preliminary information received on the accident at Three Mile Island nuclear plant near Harrisburg, Pa., indicates no cause for concern about the safe operation of Ontario nuclear plants, Hydro Chairman Robert Taylor said recently.

Substantial differences exist between the reactor design and control system of Ontario Hydro's CANDU stations and the American plant.

"One fundamental difference," Mr. Taylor said, "is the vacuum containment system in the Pickering and Bruce designs which would immediately draw in any leak of steam or radioactivity and prevent it from escaping to the outside environment."

Williamsburg News

Mrs. G. L. Barclay has returned home from Winchester Hospital and Clifford Casselman from Kingston General Hospital.

We are sorry to report that Ethel Deeks is a patient in Winchester Memorial Hospital. She suffered a stroke last week.

The district will be saddened to hear that Lorne Barkley passed away in Winchester District Memorial Hospital, Monday, April 9th. Full obituary will appear in next weeks Press.

Mrs. Verna Beckstead spent Tuesday with Mrs. Ada Hanson.

Mr. and Mrs. Frank Tetzlaff and Carrie Lee of Carlsbad Springs, Bonnie Hummel and Jim Dunford of Brockville spent the weekend with Mr. and Mrs. Lee Hummel.

Mr. and Mrs. Mervyn Wells of Ottawa were dinner guests with their parents Mr. and Mrs. Graham Wells on Sunday.

Callers at the home of Mrs. John Erratt were Mr. and Mrs. Morley Erratt of Cardinal, Blanche Fulton of Hulbert, Mrs. Doris Erratt of Morrisburg and Mr. and Mrs. Graham Wells of Colquhoun.

Russell Township Council Gets Raise

EMBRUN—Russell Township council has voted itself an average annual salary increase of 20 per cent plus $2,400 to be paid to the Reeve for "public relations and office work."

The $2,400 boosts the average increase to 48 per cent.

Reeve Gaston Patenaude, who last year received an annual salary of $4,200 will get a 16 per cent increase to $5,000.

Deputy Reeve Albert Bourdeau has had his salary increased 15 per cent from $3,300 to $3,900 and councillors Leo Marion, Leo Provost and Baird McNeill will see their salaries jump 29 per cent from $2,500 to $3,500.

Total remuneration for council in 1978 was $10,000. In 1979 the figure will increase to $14,800 including the additional $2,400 for the Reeve.

Italy To Import 18 Calves

The 20th annual Eastern Ontario Holstein Calf Sale was held at Fawcett's Sale Arena on Saturday, with 53 calves sold for $88,875.

Oran Montgomery, of Avonmore, paid the top price of the day to Kenbrook Farm, of Elginburg. Montgomery paid $3,300 for Kenbrook Wynette, a November 1978 daughter of Agro Acres Unique. Wynette is from a Very Good dam with 197 per cent BCA for milk and 222 per cent BCA for fat, 4.2 per cent, and her granddam is Excellent with a six-lactation average of 155:167 per cent BCA.

Alex Snedden and Sons, of Almonte, paid the second highest price to J. E. Davidson of Winchester. The Snedden's paid $2,700 for a September 1978 daughter of Glenafton Man-O-War.

Two calves were tied for third highest price, at $2,550. One calf was bought by Murray J. Allen & Sons, of Alfred, for a September 1978 daughter of Mooreville Rocket Kemp owned by Martin Van Sleeuwen of Williamstown. The other calf was purchased from the Showcase Herd of Ottawa. The calf, an August 1978 daughter of A Northcroft Admiral Citation, will be exported to Italy.

Three calves, including twins born in July 1978 and owned by Elmer Cathcart of Stittsville, were sold for $2,500 each. Martin Van Sleeuwen also sold a September 1978 daughter of A Northcroft Admiral Citation for the same amount.

Dalton Ouderkirk, of Lunenburg, with a sale of $2,400, and Franklin Milne of Mountain, with a price of $2,350, also received good prices for their calves. Of the calves sold at the auction, 18, worth $36,000, will be exported to Italy.

The same day at the sale arena Ralph Fawcett held the Willola Calf Sale. More than $34,000 was paid at the sale for 11 calves.

The top price was $7,000, paid by R. J. Hipkin of Manotick, for Willola Crystal Reflection, a daughter of Romandale Reflection Security. Crystal, born July 1, 1978, is from a Very Good dam with 121 per cent BCA for milk and 122 per cent BCA for fat. Her granddam is Excellent with a six-lactation average of 145:146 per cent.

A July 1978 daughter of Agro Acres Unique received the second highest sale price of $4,300. The calf is from an Excellent dam with a 146:145 per cent BCA and is being exported to Italy.

Next highest price paid was $4,100, for a November 1978 daughter of Seiling Rockman. The calf is also being exported to Italy.

Fourth highest price for $3,050, was paid by Zephyrlodge Farms of Prescott for a January 1979 daughter of Langview Intensifier.

Russell WI Hears Report On Past Year

Looking ahead and looking back were two happy thoughts amidst the officers and members of the Russell Village Women's Institute, under the leadership of their highly respected president "Eileen" - Mrs. Richard Hamelin. The 1978-1979 term which concluded on March 31, showed success both in the harmony and in the achievements of the branch.

Reports of the past term were presented on their April 3rd meeting by Edna Curry, Diny Achtereekte, Judy Hubbard, Ada Latour, Lydia Nyenkamp, Georgie Gamble and Eileen Hamelin.

The Motto, "Participation makes a good organization", was presented by Mrs. Leo Bekkers, and the roll call was the time of joining for the new term. The institute welcomed some additions to the roll, and pledged itself to the Institute Welcome which each branch offers.

Mrs. George E. McCaffrey, a member with Life Membership in both the Branch and The District, and a past Provincial Board Director, presided for the election and installation of officers, which resulted as follows: Past President, Mrs. Robert W. Gamble; President, Mrs. Richard Hamelin; 1st Vice President, Mrs. Lloyd Hay; 2nd Vice President, Mrs. Leo Bekkers; Secretary Treasurer, Miss Edna W. Curry; District Director, Mrs. Norman Inglis; Alternate District Director, Mrs. John Achtereekte; Branch Directors, Mrs. Robert Buchanan, Mrs. L. C. Herweyer, Mrs. Warren (Kay) Lake; Public Relations Officer, Mrs. Robert W. Gamble; Committees, Agriculture and Canadian Industries, Mrs. Robert Campbell and Mrs. John Achtereekte; Citizenship and World Affairs, Mrs. Ronald Hubbard and Mrs. Norman Inglis; Education and Cultural Activities, Mrs. Russell Latour and Mrs. Kennedy Cumming; Family and Consumer Affairs, Mrs. Rudolf Bols and Mrs. Robert W. Gamble; Resolutions, Mrs. George E. McCaffrey; Tweedsmuir History Curator, Mrs. Walter Kinkaid; Music, Mrs. Jack Twiname; Nominating Committee, Mrs. Robert Campbell, Mrs. Hank Staal and Mrs. Shirley Rombough; Auditors, Mrs. J. P. Laviolette and Mrs. Milton Ruttle.

Hostesses of the evening were Mrs. Robert Wade and Mrs. Hugh Latimer, with the meeting place being the Russell United Church Hall. Refreshment convenors were the hostesses with Mrs. Peter Romme, Mrs. Jack Twiname and Mrs. Kennedy Cumming.

Plans for the new term included further recognition of the International Year of The Child, Family Unity month in May, donation to the Cancer Society, short courses including one on Nutrition on May 17th at Bear Brook Centennial Hall, visit to Upper Canada Village and the Theatre, and the Easter time greetings to former members, members in nursing homes, and shut-ins in our community. The "Home and Country" motto of The Women's Institute is keenly thought about in the Russell Village Women's Institute, and the new term again finds the branch members in leadership in the work of the 4-H Clubs.

In May the first meeting will be held at the United Church Hall, and will welcome any guests, men or women, to hear the speaker from the Taxation Assessment Office in Cornwall, and the meeting will commence with W.I. business at 8 p.m. and the speaker at about 8:30 p.m. Hostesses for the May 1 session will be Mrs. Rudolf Bols, Mrs. William Nyenkamp, Mrs. Robert W. Gamble, Mrs. John Achtereekte and Mrs. Leo Bekkers.

Library Officially Opens

Williamsburg Township's first library was officially opened Saturday, April 7th by Township Reeve Johnny Whitteker.

Reeve Whitteker declared the bright modern facility officially open following a brief ceremony conducted by United Counties Warden Hubert Quart of Maxville.

Larry Eschleman presented Herman Nyland — head of SD&G's library system — with a special publication marking the opening of the 19th SD&G Library. Mr. Eschleman is the director of the Eastern Ontario Library System.

Photo (L to R), Johnny Whitteker, Mrs. Herman Nyland, Chief Librarian SD&G, Herman Nyland, United Counties Warden Hubert Quart.

Williamsburg's new library is located in the new municipal offices — former public school — and is under the supervision of Beverly Richmire.

Press Photo—Van Bridger

Williamsburg UCW Easter Thankoffering

Mrs. Linden Barkley, with help from Mrs. George Wright and Mrs. Kenneth Beckstead, directed the Worship Service for the Williamsburg U.C.W. Easter Thankoffering which included a period of silence in memory of the late Mrs. Edgerton Barkley.

The Easter theme was emphasized in Scripture reading, and anthems under the direction of Mrs. George Wright, Mrs. Wilbur Garlough and Mrs. Kenneth Beckstead.

The offering was received by Mrs. Roy Hart, Mrs. John McIntosh, Mrs. E. L. Deeks and Mrs. Burl Robinson. Mrs. Barkley introduced Mrs. Keith Brown of Cardinal, stewardship convenor for the area, who brought a delightful Easter message.

Rev. Cathie York pronounced the Benediction and following adjournment all enjoyed lunch and a fellowship hour.

Metcalfe OYB Number 260 Draws For Meat Winners

The members of Metcalfe Orange Young Britons Lodge No. 260 recently held a Meat Draw. The draw took place in the Orange Hall in Metcalfe on April 7th, during the Provincial Grand Lodge Sessions of Ontario East.

The first prize was a hind quarter of beef, won by Mrs. Lois Brownlee, R.R. 3, Manotick. The second prize, a side of pork, was won by Mr. B. Dawson, Metcalfe. The third prize was a 12 pound turkey and was won by Mrs. R. J. Edwards of Ottawa.

The meat supplier was Armagh Meats, R.R. 1, Osgoode, Ontario. The proceeds will go towards the newly renovated Hall in Metcalfe.

Osgoode Township

Pioneer Days July 28, 29

VERNON—Area residents should circle July 28 and 29 on their calendars as the days this year's Osgoode Township Pioneer Days celebration is being held here.

Planning for the weekend of activities is already underway and organizers are expecting the largest turnout in the event's history.

Tentative plans call for a teen dance on Friday, July 27, to kick off the celebration. Saturday the annual parade, under the direction of Brock St. Denis, Emerson Irvine and Dick Sorensen, will wind its way through the town. The parade will be followed by greetings from various municipal, provincial and federal officials and a chicken barbecue, sponsored by the Women's Institute, at Club 31 grounds. In the evening the streets will again be blocked off, with a second street dance held.

Sunday morning a Pioneer service will be held in the Presbyterian Church, to be followed by a brunch. In the afternoon there will be a local talent show.

Events running both days of the celebration include a horse shoe tournament, a program for small children, a bicycle decorating contest, and a binder and threshing demonstration.

To help finance the celebration a twilight auction is planned for late June. Donations will be received by the committee and Mike Kenny, Carson Hill and Stewart James have agreed to donate their time to run the auction.

Archie Sayant, chairman of the committee, says Osgoode Township residents will give the celebration their full support and make it even more interesting than last year.

The next meeting of the committee is May 1, at 8 p.m., and everyone is welcome.

Mary Alice Loucks Dies In 85th Year

Miss Mary Alice Loucks, a lifelong, highly respected Williamsburg district resident, died at St. Jacques Nursing Home, Embrun, on March 31st following a long illness. She was in her 85th year.

Born at Williamsburg, a daughter of the late Mr. and Mrs. Charles Loucks, she was educated at area schools and throughout her life had been a dedicated church and community worker.

The late Miss Loucks is survived by brother Walter and sister-in-law Velma. She was predeceased by brother Arthur.

A Life Member of Williamsburg L.C.W., the funeral service at Fairbairn Funeral Home, Morrisburg, was conducted by Rev. Pamela McGee of St. Paul's Lutheran Church, Morrisburg, at 2:00 p.m. on April 2nd.

Pall bearers were Glenn Pemberton, Gordon Spearman, Ethan Alguire, Douglas Whitteker, Hubert Barkley and Connie McIntosh.

Interment was at Maple Ridge Cemetery.

Forthcoming Marriage

Mr. and Mrs. Heinz Winter are pleased to announce the forthcoming marriage of their daughter, Roselinde Ericka, to Rodney Blaine Steck, son of Mr. and Mrs. Leonard Steck of Winchester. Wedding to take place at St. Andrew's United Church, Hallville, on the 28th day of April, 1979. 51p

the way we see it

Never... Three Miles Away?

Despite the provincial by-elections, the federal election campaign, the execution of Zulfikar Ali Bhutto, the blacklisting of Egypt by Arab countries, and more RCMP disclosures, the lead news story every day last week was the accident at the nuclear power station on Three Mile Island in Pennsylvania.

It wasn't a case of sensationalism that led editors to run banner headlines and in-depth reports on the accident, it was the realization that the story had implications much more far-reaching than the power grid the power plant supplied with atomic electricity. In France sections of a nuclear reactor being built for a power station in Iraq were destroyed. In Germany and Japan thousands of people protested the construction of nuclear power plants and in Spain the government called for a meeting with American officials to check over the American-built power plants owned by the Spanish government. In Canada, while Maritime officials said nuclear power plants were needed for that area to provide cheap electricity, scientists and Ontario Hydro spokesmen were saying the accident could never happen here.

The officials should realize that never, is a very long time.

True, the nuclear power plant in Pennsylvania is American-designed and not the CANDU design that Ontario reactors are based on. And, true, the cooling system and fuel are different in the two designs. And it is also true that many of the safety systems employed in the two systems are different.

So, from a mechanical point of view, a person could argue that the accident in Pennsylvania could not be duplicated in Ontario, since the equipment is different.

That argument, however, doesn't account for the most important common denominator of all nuclear power plants: the human element.

As the saying goes, "to err is human," and as long as people work at nuclear power plants there is always the possibility of an accident occurring. If we're lucky it will be a minor accident that a back-up system or another employee will detect and counteract before any damage is done. Or, if we aren't lucky, as in the Pennsylvania case, the accident will be compounded by more human error and lead to a potentially cataclysmic series of events.

As long as machines break down and people make mistakes there is the potential for a serious accident at a nuclear power plant. Power utility officials may play down the protests of anti-nuclear demonstrators and say the chances are infinitely small of such an accident happening, but the accident in Pennsylvania has proved, once again, that the utilities can make mistakes.

With the accident at Three Mile Island the era of safe nuclear power is over. Until the plants can be made foolproof, and it is doubtful if they can as long as people are involved in their construction and operation, there should be an international moratorium on the construction of nuclear power plants.

Easter: By Dr. Gordon C. Smyth

Voltaire, the famous French writer, once cynically defined Easter as "a feast celebrated by Christians in remembrance of the God who was publicly hanged".

Voltaire's jibe, and the jibes of others who have found it easy to scoff at the resurrection of Christ, do not, however, change the basic witness of the New Testament.

All of it is undergirded by the conviction that Jesus Christ was risen from the dead. If the writers of the New Testament are not to be trusted with regard to an event on which there was unanimous conviction, in what can they be trusted?

There are essentially three approaches we can take to New Testament Scripture. We can say that those first Christians were mistaken, that they only thought that Jesus was risen. Then we should be consistent and refuse to accept as reliable ANY statement they made.

Or, we can say that they were base deceivers, deliberately lying and misleading the people. This point of view makes little sense in the light of the fact that those men were prepared to die on behalf of what they said, and many did.

Or, we can take them at their word, and accept them as reliable witnesses. If we do, we have a real foundation on which to erect our verdict of life beyond death, and a related conclusion that the final victory in this world is not going to be with the dangers we fear or evils we deplore, but with Almighty God.

Letter To The Editor

The Editor,
The Winchester Press,
Dear Sir:

The purpose of this letter is to express my thanks to you and to your staff for the courtesy that has been shown to me in allowing the publication of my weekly column reporting on events on Parliament Hill during the 30th Parliament.

The weekly newspaper is unique in that, unlike daily papers, it is usually read from one end to the other and therefore constitutes a very powerful and influential vehicle in the communities it serves. I am privileged to have had the opportunity of being part of that tradition.

I am truly grateful.

Sincerely,
Walter Baker.

One Of Those Days

By Bill Smiley

Right from the first, I knew it was a day, "I shooda stood in bed", as a third-rate pugilist, Kingfish Levinsky, once said after being flattened by the great heavyweight Joe Louis, in round one.

Got up, took a tug at the strap of my wrist watch to take it off and wash; broke the strap. Nothing serious. Cheap plastic junk. But it turned out to be applied to the watch by one of those unseen geniuses who lose one of your socks in the wash, and produce four extra beer bottles when every case of empties is full.

I'll probably never be able to wear the watch again, unless I glue it to my wrist. Serves me right. I hadn't a watch for 30 years, and never felt the need for one. But my wife bought me this one last summer, in the duty-free shop at London airport. And now I find myself neurotically flipping up my cuff and glaring at the hair on my left wrist, like all the other anxiety hounds in the country who are not going anywhere, don't need to know the time, but are constantly flipping up their arms like trained seals and looking at their watches.

Who needs a watch? Life is going quickly enough, without the evidence on a little dial. The very word has nothing but unpleasant connotations. "Watch what you're doing there. Watch out. Watch your step. Watch the late movie. Watch your wife. Watch that guy hanging around your daughter. Watch what you say in mixed company."

O.K. I shrugged off the watch. Went down and got my breakfast. Usually, it's toast and tea. This particular morning, I had more time, so I fixed the works: real coffee, bacon, fried bread and a nice sloppy fried egg on top of the bread. A drooly great breakfast.

Thought I'd eat in my favourite chair in the living room, and read my morning paper in the spring sunshine pouring in the window. So I put my grub on the kitchen counter and started cutting the fried bread and egg into bite-sized pieces, so that I'd need only one hand to eat.

Something skidded. The plate slipped off the counter, sprayed grease all over the front of my pants, and smashed to smithereens on the floor. I emitted a most unlady-like few words, salvaged the bacon from under the sink and started cleaning up.

Have you ever tried to wipe up just one lousy semi-fried egg from a kitchen floor? It reminded me of the old days, when I'd drop a quart milk bottle and sponge up what seemed like a gallon of milk. And it was the first time I'd had to change my pants since I was about two.

Well, I should have stopped right there, stripped to the skin and gone back to bed for the day. But, as faithful readers know, I believe that bad things come in threes, and then you have a good streak.

As it happened, I was going to buy a car from a chap that day. With impeccable logic, I reckoned one more minor disaster would occur, and I'd be home free for a while. If it didn't, the car would be a lemon, to complete the trio, and I wouldn't buy it.

It did. The minor disaster. I sailed out of the house, figuring I'd slip and break an elbow, or the car wouldn't start. Nothing of the sort. Stuck my hand in my coat pocket. No keys. No car keys. No house keys. And I'd left the latch on. Stood at the back door, dingdonging like crazy for five minutes. Blasted if I was going to climb in the cellar window and wreck my second pair of pants. Finally, the Old Lady appeared. She'd been in the bath tub. She was not ecstatic with our marital state. Grease all over the kitchen, my watch busted, and the second last set of plates also busted. She felt like busting me.

Anyway, I finally set off with a light heart. The three baddies had happened, and the rest of the day would be glorious, the car a winner, everything golden.

Well, you probably know the rest. Late for work. Thirteen decisions to make at same. A hair in my grilled cheese at lunch. Lukewarm coffee. Banker who had promised me the loan out to lunch for two hours. Tried to sneak in a quick visit to doctor for allergy shots; and he forgot I was there for an hour.

Late for my appointment to meet car seller. We'd both forgotten to pick up the safety check certificate. Rushed off to the garage, telling car seller and wife to wait for me at licensing bureau.

Arrived at garage breathless, but still time. Nobody home but gas pump jockey. Mechanics out jogging. Jogging! Phoned license bureau to tell short, ill-tempered seller with beard to hang on. They hadn't seen him since I left. Wait 25 minutes. Sweaty, gasping mechanics arrive, sign certificate.

Rushed back to license bureau. No sign of car seller, inside or out. Got all papers ready. Waiting, fuming, inside, them outside. "Turkey's probably gone to the bank or something".

At five to five, phoned his apartment. He was there. He and his wife had waited OUTSIDE the license bureau (not enough brains to stay in the keep warm), had decided I'd changed my mind and wouldn't be back, and were at the moment packing to go to the city for a week. With my car. And the license bureau closed at five.

Tottered home in a daze, expecting the house to be burned down and my wife pregnant. Or vice versa, the way things were going. And then I started to laugh. And laugh. I had to be administered a strong dose of cough medicine to cool me out.

Somebody once said that the Lord works in mysterious ways. He sure does. Wonder what He had against me that cold March day? Maybe it was a lousy car, and He was trying to warn me.

7th column

By Joe Rowan

If the weather has warmed up by the time you read this, then we'll award Howard Sheppard an "A" for weather forecasting. Last Friday, like everyone else, we were publicly lamenting about having to face icy blasts when warm April showers should have been coaxing flowers to life. The only touch of sympathy came from 'Accountant Howard' who assured us balmy days were on the way. "It may take a few days", he reasoned, "but the super abundance of 'Hot Air' being generated in British Columbia by Trudeau, Clark and Broadbent should be here by Wednesday."

We read it [likely you did too] but just couldn't believe it. So, we read it again, and sure enough there was our usually antagonistic sports editor writing all sorts of nice things about those 'vicious' Morrisburg Lions. First we thought ... oh, no, the lad's been drinking. But then, realizing the boy doesn't imbibe, we reached a second conclusion .... bought off!-sold out! However, after glancing at that youthful, innocent, honest face, we knew this just couldn't be possible. Then it hit us .... typical Hawk ingenuity ... butter up the river-front boys in preparation for next season's 'kill'. Wonder will it work.

Made any mistakes lately? If you have it might be a good idea to plan a 'cover-up'. How? Well, that's your problem, but here's how some do it. Architects cover theirs with ivy; doctors cover theirs with earth; and brides cover theirs with mayonnaise. How do columnists cover theirs? Friend, we'll have you know columnists don't make mistakes.

Here's a bit of advice for city-slickers ... and even some "country-slickers" with little knowledge of agricultural technology. Might add we had to learn the hard way while a guest at the home of a hard-nosed old man of the soil, It all started when we [while enjoying his hospitality] more or less casually mentioned the high cost of eating. Almost immediately the ancient, calloused plowman eased himself out of the weather-beaten wooden rocker and shuffled into the little room where he keeps his "cough medicine" [and other cure-alls]. Returning with a scowl on his face he placed a colourfully-engraved Motto on the table. It read -- "NEVER CUSS A FARMER WITH YOUR MOUTH FULL". Yep, Gord Boland is sure a bit edgy on that particular subject.

The 'sidewalk' story this week relates to a young man reported to have applied for a job at The CountryBoy enterprise. He didn't get the job and will not likely be applying again. According to the rumour Mr. Steele smiled and kindly explained the situation. "Sorry", he said, "but I don't need any help since I couldn't possibly find enough work to keep you busy". The lad wasn't quite prepared to give up. "You'd be surprised", he noted, "how little it takes".

Find it hard to believe but Donna swears it actually happened. When their telephone rang in the middle of the night last week Bob groggily climbed out of bed, searched blindly for the telephone, found it, and shouted "You have the wrong idiot, you number"!

And Morrisburg's Doctor Wayne tells us one of his patients called last week with a sad, sad tale. "I won't be able to pay you doc", he said, "I slowed down like you told me .... and lost my job."

With the dull, dark days now history and Easter heralding the approach of summer it might be appropriate to smile more often. Consider, if you will, the following definition.

A SMILE

A smile costs nothing but gives much. It enriches those who receive without making poorer those who give. It takes but a moment, but the memory of it sometimes lasts forever. None is so rich or mighty that he can get along without it, and none is so poor but that he can be made rich by it. A smile creates happiness in the home, fosters goodwill in business, and is the countersign of friendship. It brings rest to the weary, cheer to the discouraged, sunshine to the sad, and it is nature's best antidote for trouble. Yet it cannot be bought, begged, borrowed or stolen, for it is something that is of no value to anyone until it is given away. Some people are too tired to give you a smile - so give them one of yours. For no one needs a smile so much as he who has no more to give.

Feel sure our good friends, area clergymen, would want us to extend Easter Greetings to all readers, along with the hope you will celebrate the joyous occasion at the church of your choice.

THANKS. A very special 'Thank You' to readers who responded to last week's search for an ancient photo of Osgoode Township Hall. Mr. Mohaup is studying those received and your kind co-operation is deeply appreciated.

Jr. Farmers Invite New Memberships

By Howard Giles, P. Ag., Associate Agricultural Representative, Dundas County

The Junior Farmer organization is a group of young people dedicated to helping themselves and the community they live in. There are 7,500 Junior Farmers in Ontario, and 58 in Dundas County between the ages of 15 and 30. Members do not have to be a farmer or connected with farming at all. Out of the 7,500 members, only 1,500 are farmers. A small membership fee of $5.00 is all it costs to join for one year. This fee is for local and provincial association affiliation.

The Junior Farmer program provides social and educational activities which satisfy the needs of its members and of the community. Projects undertaken by the Dundas club include entertaining the mentally handicapped, gathering roadside litter, or raising money for club functions and local charities by sponsoring a dairy booth at local festivities and fairs, holding dances and sports tournaments, and by car washes.

As a member, what do you have to do? You should attend the meetings held once a month and by doing so you will be taking part in all kinds of activities. The meetings consist of a short business session, followed by some recreational activity. These range from sleigh rides, volleyball games, barbecues, baseball games, fishing, or anything members decide on.

Membership in Junior Farmers entitles you to participate in many zone and provincial activities. Dundas is in Zone 1 which consists of the 11 Eastern Ontario Counties. Zone Field Days, Executive Training Workshops, Tractor Rodeos and other area events are held.

Provincial activities include summer and winter games, leadership training workshops, a sing swing program, travel and hospitality opportunities such as the Saskatchewan and the Prince Edward Island Interprovincial Exchanges, Indiana State Exchange, Rural Youth U.S.A. Conference, the United Nations Tour, the United Kingdom Tour, and the Trip to New Zealand and Australia. Selected delegates from each club attend the Annual Provincial Conference held in Toronto.

Young people interested in belonging to Junior Farmers are encouraged to seek membership and become involved. More details can be obtained from:

Mike Vingerhoeds, Provincial Director, 448-2919; Gerald Beuman, President, 774-5121; and Howard Giles, Resource Leader, 774-2313. Deadline for joining is May 1st, 1979.

The next meeting of the Dundas Junior Farmers will be held on Thursday, April 19th, 1979, at the Chesterville Bowling Lanes, Chesterville, starting at 7:30 p.m.

Come and take part, you'll be glad you did.

Carleton Reps Attend Conference

Representatives of the Carleton Junior Farmers attended the Junior Farmers' Association provincial conference at Toronto recently. Front row, from left are: Trudy Kirk, Ottawa; Meredith Gilbert, Ottawa; and Steve McWatty, Kinburn. Back row, from left are: Dave Kemp, Ramsayville; Jim Kelly, Ottawa; Bruce Know, Arnprior; Bill Brophy, Ottawa; Betty Quinn, Metcalfe; Diane Carrigan, Richmond and Carol Smith, Stittsville.

KCAT Conference

On Farm Grain Drying

A conference will be held on April 19 from 9:30 a.m. to 3:45 p.m. at the Engineering Auditorium of Kemptville College of Agricultural Technology to update farmers on Farm Grain Drying. With the recent increases in the cost of energy, the emphasis is on improving the efficiency of the grain drying operation. As well, with the increase in corn acreage in the area and the need for grain corn in many new livestock operations, farmers are more interested in grain drying than ever.

The conference will begin with a review of the technology available. This will be covered by Engineers from the University of Guelph. Dr. Terry Daynard of Crop Science at Ontario Agricultural College will discuss the factors affecting top quality dried grain.

In the afternoon, two area farmers, David Joy of Wolfe Island and Clinton MacDonald of Finch will give everyone an idea of their progress in grain drying on their farms. The program will conclude with talks about "Add on Packages" for dryers and "Grain Storage and Aeration".

It is expected that many Eastern Ontario farmers, as well as companies in the grain drying business will attend. It is designed primarily for the farmer interested in getting into grain drying or improving his present system.

There will be a $5.00 registration fee which will cover a noon meal and a copy of the proceedings. For further information contact Don Wilkinson, Soils and Crops Branch, Ontario Ministry of Agriculture and Food, Kemptville.

Beef Producers Prepare For Calving

Calving time has begun on some Ontario farms, and on many it's just around the corner.

To help beef producers prepare for this hectic time of year, Ralph Macartney, Ontario ministry of agriculture and food beef cattle specialist, offered the following checklist.

Assess the overall condition of each cow. Cows that are thin prior to calving should be fed a higher energy ration. Improving body condition will result in earlier cycling after calving. Fat cows tend to have more calving difficulties. They should be separated and fed lower energy rations.

As calving time approaches, it is important that cows receive proper vitamins and minerals. Cows fed corn silage or corn stover should be fed or injected with vitamins, particularly vitamin "A". Make sure adequate supplies of salt and minerals are available.

Control lice and warble grubs, using pour-on or spray-on systemic insecticides. Assemble necessary medical supplies, such as iodine, clips or ties for navel cords, disinfectants, scour remedies, and ear tags for identification at calving.

Containers for colostrum should be readily available. Ice cube trays are ideal for freezing colostrum.

Make sure calving pens are in a good state of repair, and well-bedded with straw.

Official Opening

Ross Beckstead (L), and grandsons Tom and Rodney were on hand to greet Williamsburg Township Reeve Johnny Whitteker (R) at the grand opening of their new sales and service depot in Glen Becker Saturday afternoon.

Reeve Whitteker conducted a special draw for opening day prizes and congratulated "Ross' and his family on the re-establishment of their long-time Williamsburg business.

Steve Whitteker, R.R. 1, Williamsburg was the first prize winner of a new Homelite chainsaw.

Harold Gallinger, Ingleside, claimed the second prize — an Oregon chain.

Marion Johnston, Ingleside, won a gallon of chain oil, two cans of engine oil and a sharpening file as the third prize winner.

Beckstead's small implement sales and service is located at Glen Becker on the same site as County Flair Furniture.

Press Photo—Van Bridger

More Classes, Prize Money Features At Metcalfe Fair

Indications of preparations necessary to produce a successful fall fair come in the form of reports from early spring meetings throughout the area. At Metcalfe, for example, a board meeting last week outlined extensive plans, including new features, additional classes and increased prize money. At the same time it was agreed the Sunday tractor pulling event be deleted from the program.

NEW FEATURES

President Bruce Dow, reviewing early proposals, expresses confidence the new Sunday format will be enthusiastically endorsed by fair-goers.

One feature replacing the noisy tractors will be a heavy horse drawing competition. Also included on the Sunday program will be the spectacular quarter horse show and a colourful fashion show presented by two Winchester firms — Jo-Anne Shoppe and The CountryBoy.

Growing popularity of the quarter horse show has prompted fair officials to consider including the show in the Saturday program as well as all day Sunday.

4-H CHAMPIONSHIP SHOWS

Again the 4-H Championship Show will feature Saturday's agenda, but this year another major attraction will be the addition of the championship 4-H horse show.

The Shilo Riding Club will be back with their exciting Thursday night show in the arena and, for the first time, the Thursday night program will include a Disco dance in the Community Centre hall.

The following night, Friday, yet another first — an Amateur Talent Show in the hall.

GOOD NEWS FOR EXHIBITORS

"Prize money at the 1979 fair", says a spokesman for the association, "will be substantially increased in most livestock classes, and a new cattle class (perhaps guernseys) is being added to the prize list."

Following serious consideration the board also came up with a new scale of admission rates. Friday - general admission on Friday will be $1.00 with all students admitted free. Saturday and Sunday - admission both Saturday and Sunday is being increased from $2.00 to $3.00. Students (presenting student cards) will be admitted for $2.00, while those 12 years and under will continue to receive free admission.

NEW WELL?

Another project under consideration is a new well to serve the increasing needs, not only of the fair, but the entire recreational complex associated with the fair grounds.

Ag Club Elects Slate

Metcalfe 4-H "Agricultural Club" members elected a slate of officers at last week's meeting in the Public School.

New executive members are: Susan Kingsbury, president; Scott Racine, vice president; Marcel Zandbelt, secretary-treasurer; Sandra Jackson, press reporter. Youth Council representatives, Judy Mackie and Kim Hall.

It was agreed to hold meetings on the second Wednesday of each month with this week's meeting at the home of Kim and David Hall.

Farm Improvement Loans

Agriculture Minister Eugene Whelan and Finance Minister Jean Chretien recently announced the transfer of the Farm Improvement Loans program from the Department of Finance to Agriculture Canada, effective April 1, 1979.

The Farm Improvement Loans program provides government guarantees for loans made to farmers by banks and other designated lenders for a wide variety of purposes.

The farm development division of Agriculture Canada's food production and marketing branch will administer the program.

During 1978, 25,710 loans were made for a total of $222.3 million. This is a major increase from the 1977 total of $132 million. Since it was first introduced in 1945, $3,888 million in loans has been guaranteed under the program.

Beef Supply Tight In 1979

This year's slaughter of beef cattle could end up 12 to 15 per cent below the 1978 level, say Agriculture Canada economists who also predict a further 10 to 15 per cent drop in supply in 1980.

The price outlook for the remainder of 1979 is uncertain, the economists say.

So far this year, strong consumer demand appears to be responsible for the sharp increase in beef prices. But past economic relationships suggest that current prices are higher than consumers will be willing to support in the longer term.

However, a sharp drop in North American beef production could support current price levels.

The supply of other meats is increasing and will tend to moderate beef prices. Pork production is expected to rise by at least 15 per cent in North America during the second half of the year; poultry output is also increasing.

The economists note that the key factor in the beef supply picture is the greatly reduced slaughter of female cattle. This appears to be, in part, due to increased retention for breeding. It seems Canadian farmers are ahead of their American counterparts in rebuilding their herds.

Canadian heifer slaughter during January and February was about 20 per cent below the year-earlier level, while in the U.S., heifer slaughter was down only eight per cent.

Despite the sharply decreased heifer slaughter, the economists caution that all these heifers may not wind up in the breeding herd. They do not expect to see any cow herd growth until 1980.

The beef industry, on a continental basis, has since 1975 experienced its first major reduction in productive capacity since 1957-58; the expected decline in production during 1979 will be the sharpest since 1947.

A1 and A2 steers at Canadian markets began 1978 in the $65 to $70 per hundredweight range, and by late March were averaging $80 to $85 per hundredweight. D5's began the year in the high $40 range, but were averaging in the low $60's by late March.

HOG OUTLOOK

Canadian pork production is expected to rise by 12 to 14 per cent this year over 1978, surpassing the all-time record of 10.2 million head of hogs slaughtered in 1971.

However, prices should remain fairly strong for at least the rest of the year because of reduced beef supplies and good demand for Canadian pork on export markets.

Agriculture Canada economists expect that during the first half of 1979, hog marketings will be 15 to 20 per cent higher than in the same period last year. Prices for Index 100 hogs in Toronto may be expected to average near the $70 level.

In the second half of the year, marketings could average 10 per cent more than in the latter half of 1978. Prices are then expected to drop back into the $58 to $62 range.

A major factor behind the strong Canadian prices achieved during 1978 has been the American market.

United States hog production in 1978 was virtually the same as the previous year, despite relatively good enterprise returns in recent years.

Canadian output in pounds meanwhile increased by 15 per cent. On March 16, 1979, Canadian marketings were 23 per cent higher than a year earlier, while U.S. slaughter figures had only risen about two per cent.

Canada, as a result, has been exporting hogs and pork to the U.S. in relatively larger amounts, aided by the lower value of the Canadian dollar.

Including the net export value of $22.5 million for live hogs and $53.1 million for dressed pork products, Canada's pork trade surplus amounted to $75.6 million in 1978, compared to a deficit of $35 million in 1977.

While 1978 Canadian hog production and the price picture were fairly bright, 1979 will bring some price softening, especially through the latter half of the year, says the Agriculture Canada economists.

The U.S., which last year did not increase pork production, is expecting an overall increase of 10 per cent in 1979 with most of the increase in the last half of the year. This will make exports to the U.S. more difficult and will have a lowering effect on prices.

Beef Club Organizes

The first meeting of the Dundas Beef Club was held on March 22, at the OMAF board room in Winchester. Mr. Humphrey's, the agricultural representative for Dundas, opened the meeting with the 4-H pledge. Parliamentary procedures were explained and elections conducted.

This years President is Carol Cross, Vice President Audrey Loucks and Secretary Judy Vanden Broek. Press Reporter is unknown as yet. This years executive council is made up of Terry Palmer and the second one is unknown. After elections the duties were handed out to the officers.

Record books and gate signs were handed out and explained. On April 16, a press reporter workshop is being held at Winchester Press in Winchester at 8 p.m. April 18 is the first executive council meeting and on April 23, a workshop for Presidents, Vice Presidents and Secretarys will be held at the Bank of Montreal.

The meeting was adjourned and the next meeting was decided to be April 12, 1979 at 8 in the OMAF board room in Winchester.

Over $9,000 Grants To SD&G Groups

Three local groups have received grants totalling over $9,000 from two federal government programs administered by the Secretary of State.

The Association des parents et instituteurs de Stormont, Dundas et Glengarry has been awarded $2,000 and Loisir Jeunesse will receive $4,000 through the official language minority groups program. At the same time, the United Counties all stars basketball team has received $3,264 from the Open House Canada program.

While in Saskatchewan, the All Stars were hosted by their exchange partners, each participant being billeted in the home of one of the Saskatchewan group. On their visit to S. D & G., the Saskatchewan participants, in turn, stayed at the homes of the All Stars.

Under the Official Languages Minority Groups Program, financial assistance is provided to various organizations to foster the cultural development of both official language groups in parts of the country where they are in a minority position and to promote better understanding between members of both official language groups.

The $2,000 granted to the Association des parents et instituteurs de Stormont, Dundas et Glengarry has enabled that group to undertake an extensive program of activities geared to making parents more aware of French language educational opportunities in the community. Various school committees have been organized involving specific aspects of the French speaking community with a "Heritage Day" in the spring being the climax of the project.

The $4,000 awarded to Loisir Jeunesse will also assist the French community to increase awareness of its heritage. This project aims at increasing awareness of the French culture by enabling young people still in school to live such experiences. Thus, the young people will be involved in various cultural events prepared at the community level, and the best will be presented at the regional level.

Morrisburg COC Executive

The Morrisburg Chamber of Commerce introduced its new executive at a dinner last Wednesday night. From left, Roy Brister, president; Jim Langabeer, chairman; Cameron Martell, past president; and Nick Lee, first vice president. Thomas Harland Photo

Student Employment Centre In Cornwall

A special Canada Employment Centre for Students (CECS) will be opening April 17 at 45 Second Street East, Cornwall.

The Cornwall CECS will act as the focal point for information on summer jobs for young people of the community. Student placement officers will assist students in finding summer employment, and help employers in their search for summer help.

The CECS is one of almost 300 such offices that will be operating across Canada this summer, staffed by more than 1,000 young people.

Students who have previously registered with regular Canada Employment Centres for summer work will have their applications transferred to the student employment centres.

Student placement officers will be visiting local employers to discuss their summer employment needs and keep them aware of the availability of student help.

April 9 - 15

Poster Contest In Conjunction With Wildlife Week

More than 30,000 wildlife educational kits with the theme "Endangered Habitat" will be distributed by the Ministry of Natural Resources to public and secondary schools during National Wildlife Week, April 9 - 15.

The educational package includes a large colour poster for classroom display with a wildlife game on the reverse and a 12-page booklet which contains articles on saltmarshes, rare plants and their habitats, arctic landscape, status and habitat of Canadian fishes, prairie wetlands and national parks.

All material was compiled by federal and provincial wildlife agencies, universities and museums.

As part of National Wildlife Week, the Canadian Wildlife Federation is also sponsoring a wildlife poster contest to promote increased awareness of Canadian wildlife resources and to highlight 1979 — "The International Year of the Child". Winning entries will be exhibited by the National Museum of Natural Sciences.

"We are again most pleased to support the Canadian Wildlife Federation and its National Wildlife Week program", Natural Resources Minister James A. C. Auld said.

"The material we are sending out to public and secondary students in Ontario will, we hope, accent the need for everyone to recognize the importance of preserving habitat for wildlife, now and in the future."

National Wildlife Week is held annually to commemorate Jack Miner who established the internationally known bird sanctuary at Kingsville, Ontario, southeast of Windsor. After his death in 1944, the Jack Miner Migratory Bird Foundation, founded in 1931 to administer the Kingsville sanctuary, continued to operate under family direction.

Ohio-born, Jack Miner (1865-1944) came to Kingsville with his family when he was 13. As a young man, he launched the first Ontario game protection association, gradually established a haven for ducks and geese until it became widely known, and was a pioneer in the banding of birds to establish their migration patterns.

National Wildlife Week was established in 1947 by unanimous vote of the Canadian parliament to dedicate a special week as a reminder to Canadians of the infinite value of wildlife. The week always contains April 10, Jack Miner's birthdate.

Community Club

The second meeting of the Dundas Community Club was held on April 2, at the O.M.A.F. boardroom.

The topics discussed in the Goat Club Section were the five major breeds of goats and the basic parts of a goat.

In the Field Crop Section the topics under discussion were the three main types of nutrients for the soil and the deficiencies in the soil.

The next meeting will be held on May 7 at 8 o'clock in the O.M.A.F. boardroom, Winchester.

Baker On Campaign Trail

By Walter Baker

A General Election has been called — at last!

WALTER BAKER, M.P.

It is a time of great challenge of us and for our country and the campaign provides a unique opportunity to meet the people on their own doorsteps and I look forward to that.

During the election, the parliamentary office will be open for the normal parliamentary business. The constituency office will be closed during the campaign. Do not hesitate to call if the staff can be of assistance to you or your neighbours.

The returning officer for the riding of Nepean-Carleton is Colleen Brown and her headquarters will be located at St. Richard's Anglican Church, 8 Withrow Avenue, (corner of Withrow and Rossland), Nepean, Ontario K2G 2H6.

My own campaign is under the general chairmanship of Brian O'Connell and I look forward to the next period with a sense of excitement and anticipation.

If anyone wishes to speak to me, messages can be left at the parliamentary office or the campaign office. Lois and I look forward to meeting you on the campaign trial.

5th Anniversary

Cumberland Township "Pioneers" celebrated their fifth anniversary on April 3rd when more than 75 enjoyed a delicious dinner convened by Mrs. Albert Lowe and served by young ladies of the community.

Several birthdays and wedding anniversaries were acknowledged and all were reminded of the planned bus trip on May 5th.

The program included singing and special numbers led by Mrs. Gerta of Vars with her son accompanying on the guitar.

The next dinner meeting will be on April 30th.

Training Institute

$60 Million Centre To Open In Cornwall

CORNWALL—Double digit inflation has caused a $28.3 million increase to the original estimate of $31.7 million for the construction of a Transport Canada Training Institute located at the east end of Cornwall.

The figures were quoted during a sneak preview of the facilities to counties and city council members last week. The training centre will be officially opened some time next month.

The Facilities Director General, Jim Clarke said that original construction estimates presented in March, 1973 provided for an expenditure of $31.7 million. However, inflation has caused the final bill to reach $60 million.

The institute, which employs a staff of 320, covers an area of 610,000 square feet with accommodations for 628 students. Each student is provided with individual living quarters consisting of a combination bedroom-sitting room and bathroom.

The Training Centre holds classes lasting from three to 26 weeks on almost every subject related to transportation; air traffic control, meteorology, maritime and marine training.

The transfer of 320 instructors and their families to the new institute has resulted in an almost instant population growth of approximately 2,000 people to the area.

Physical training was also taken into consideration in the construction of the institute with the inclusion of a large gymnasium and indoor swimming pool.

Clarke said the building was designed to operate during the 1980's and beyond.

Virtually nothing has been left out that could assist the educational or recreational training program. As one visitor was heard to say with reference to the comfort of the environment, "this place is better than most hotels. It's worth your while to go back to school just to get to live here".

Clarke said the annual net budget of the institute is $10 million with almost all of this money being spent in the area.

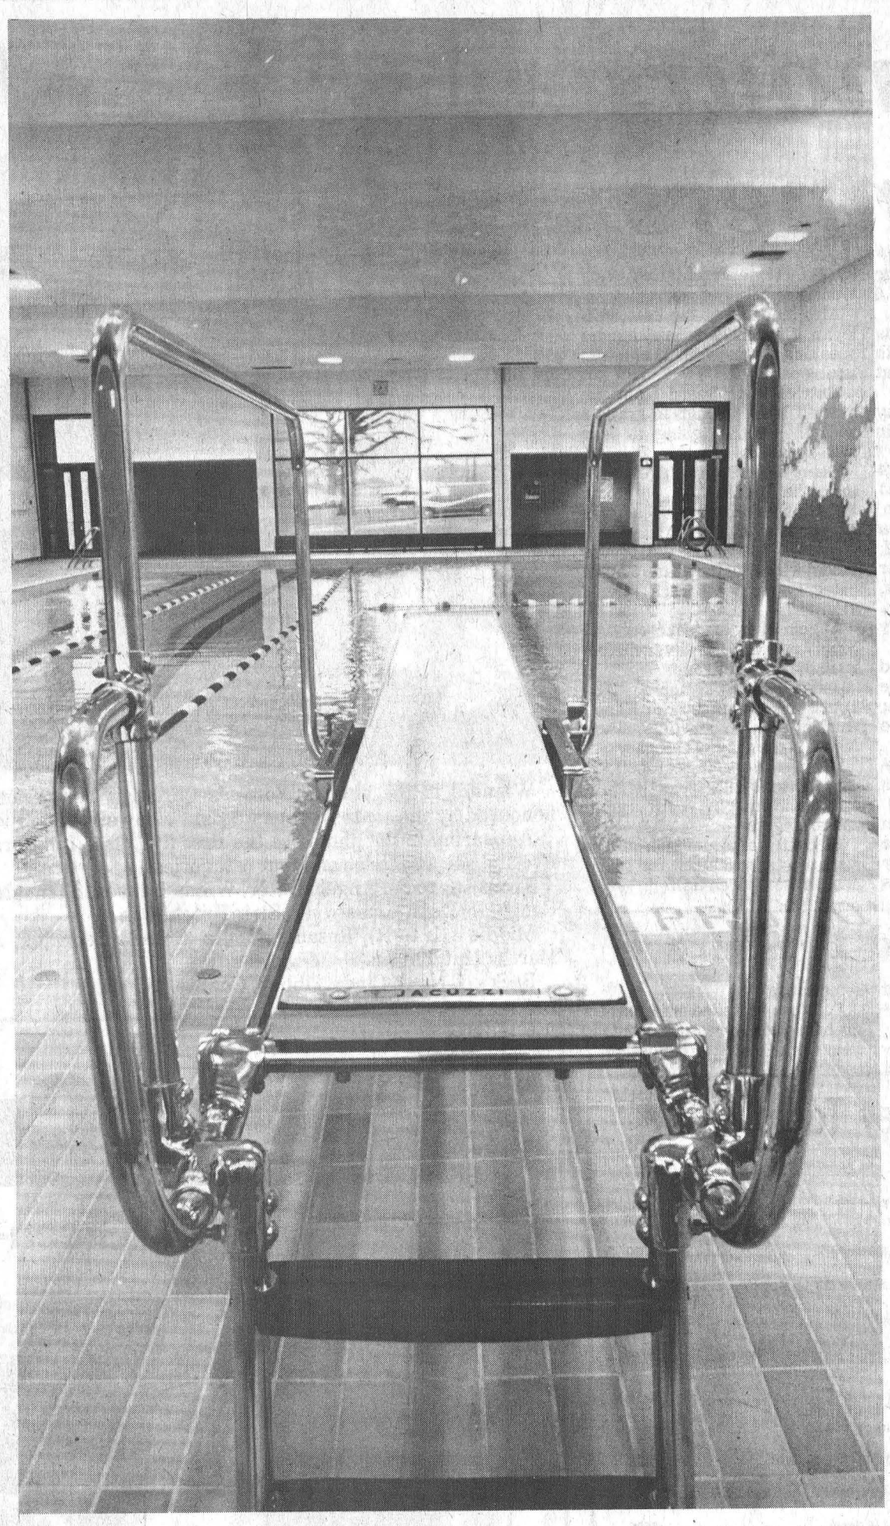
The armed forces also make use of the training facilities as do some large transportation companies which take part in the program.

Students taking courses are all employees of the federal government or recently hired and going through training procedures.

Most students, Clarke said, do their initial training in the area in which they will be employed, then come to Cornwall for conversion, advanced or upgrading courses.

The building, which is part of a 75 acre site, will have two more buildings added some time in the future for atmospheric research.

The original plans called for a $228,000 marina, but due to an expected lack of interest the marina was not built. However, the $228,000 allocated for its construction was not eliminated from the project. Instead, the money was used to pave the training centre parking lots. "Gravel parking lots are the pits," Clarke said.



One of many extras at the Transport Canada training centre in Cornwall is this indoor swimming pool. Press Photo—Sherratt

Margaret J. Munroe Succumbs To Illness

Margaret Jean (Hamilton) Munroe, of 8 Deerfield Drive, Ottawa, died in the Civic Hospital on March 17, 1979 after a lengthy illness at the age of 53.

Mrs. Munroe was born at Chesterville, July 16, 1925, a daughter of Mrs. Nellie Hamilton, Winchester, and the late Thos. Hamilton.

She was married to Kenneth Morley Munroe of Ottawa at Chesterville, on June 7, 1947 by the Rev. Wm. E. Wright. She received her education in Chesterville area schools and Ottawa Business College.

Besides her husband, Mrs. Munroe is survived by three daughters, Barbara (Mrs. John Pinhey), South Mountain, Marilyn (Mrs. W. Eagan), Ottawa and Deborah at home; also two grandchildren, Kelley and Krista Pinhey; two brothers Dwayne of Ottawa, George of Aylmer, Quebec and one sister Marjorie (Mrs. Hubert McLean), Cornwall.

Rev. Martin assisted by Rev. Leadbeater conducted the funeral service in the chapel of the Kelly Funeral Home, 2313 Carling Avenue at 2:00 p.m. on Tuesday, March 20. Interment at Capital Memorial Gardens.

Pall bearers were John Pinhey, Wallace Eagan, Max Munroe, Merrill Aubin, Guy Lavergne, Keith Munroe.

Retired Farmer Philippe Lafrance Dies In Hospital

Philippe Lafrance, a retired Winchester area farmer, died at Winchester District Memorial Hospital on April 1st in his 72nd year. Born at Embrun, a son of the late Mr. and Mrs. Alfred Lafrance, he received his education at local schools.

The late Mr. Lafrance is survived by his widow, the former Antoinette Rivait; one son and two daughters, Rudolph, Winchester, Mrs. Leopold Jean (Therese), Cornwall, and Mrs. Wilfrid Cayer (Jeanette), Russell. Grandchildren, Nicole Jean, Pierre, Guy and Chantel Lafrance also survive, as well as five brothers, Desanges Lamadeleine, Diane Racine, Yvonne Blanchard, Cecile Bergeron and Jeanne Desrosiers.

A member of Ste.-Therese D'Avila church, the funeral service at the church was conducted by Father Gilles Tanguay and Father Laurier Rivet (a nephew of the deceased), at 10:00 a.m. on April 4th.

Pall bearers were Rolland Cayer, Lucien Marion, Aurele Clement, Ernest Goulet, Rejean Marion and Albert St. Pierre.

Interment was in the parish cemetery.

Former Winchester Youth John M. Morris Dies

John Michael Morris, who lived with his parents at Winchester from 1962 to 1965, died March 23rd in his 18th year.

The youth is survived by his parents, Mr. and Mrs. John Morris and also by brothers Mark of Windsor, Greg and Brian, both at home. Also surviving are his grandparents Mr. and Mrs. Willard Morris of Leamington.

The funeral service at Essex United Church was conducted by Rev. Barry Robinson at 1:00 p.m. on March 26th and interment was at McDowell Cemetery, Essex, Ontario.

Invitation To Rainy River 75th Anniversary Homecoming

The citizens of Rainy River extend a friendly invitation to all former residents to join them for their 75th anniversary celebration and homecoming days, August 3 through 6.

Their celebration will feature a parade, ball games, a craft show, golf tournament, Armed Forces Day, dances, school reunion and many more events too numerous to mention.

It will be a time of family gatherings, meeting old friends and former classmates.

If any readers of this paper have lived or attended school in Rainy River or if you know of any classmates living in your area, send their names to M. E. Alice Brunn, Co-ordinator, Rainy River 75th Anniversary Comm., Box 220, Rainy River, Ontario P0W 1L0.

WCTU Honours Poster Winners

Andrew Bouwman, Karen Rae, Rosanne Dentz, Rhonda and Ron Coughlar were all double winners in this year's Women's Christian Temperance Union Poster drawing contest.

These young artists and public speakers were honoured last Friday evening at the Wesleyan Church in Winchester.

Their works were initially winners in the Dundas WCTU contest then qualified for the Dundas-Grenville competition.

Andrew Bouwman finished second in the local grade 7 and 8 contest ahead of Karen Rae's third-place entry. On the Dundas-Grenville level, Andrew was again second behind Heather Montgomery of Grenville County.

Karen Rae won three dollars as the third-place finisher representing Dundas County.

The brother-sister team of Ron and Rhonda Coughlar traded positions in the Dundas and the following inter-county competition.

Both children are members of the Winchester United Church Sunday School and were top prize winners in the grade 5 and 6 category.

Ron was first and Rhonda second in the Dundas contest with Rhonda edging out her brother at the Dundas-Grenville event.

Rosanne Dentz, Timothy Christian School, was third in both judgings.

Winners in the grade 3 and 4 poster competition (Dundas) were: first, Blair Hutchinson, Wesleyan; second, Shannalea Mark, Winchester United; third, Dean Armstrong, Winchester United; fourth, Angela Buter, Timothy Christian; and fifth, Brenda Geurkink, Timothy Christian.

Other prize winners included Martha Hutchinson, first in grade 7 and 8, Dundas competition; Cindy Tibben, fourth; and Joanne Donberland fifth.

Wilma Luimes and Connie DeJong rounded out the top five in the grades 5 and 6 art contest.

Each of the top five artists in these three age groups were awarded cash prizes for their 'Temperance' oriented posters by WCTU representative Nina Woods.

Also featured at the host Wesleyan Church was an annual speaking contest with 23 children taking part.

Entries were heard from the grade 1 level through to grade 8 with the medals going to four area speakers.

Dean Armstrong, age nine, took the bronze for the topic "Unguarded Houses". Dean won a bronze medal.

Angela Buter was the bronze medal winner in the grade 3 and 4 category for her speech "God's Temple".

Angela Holmes spoke on "Alcohol" and was the silver medalist in the grade 6 group.

Janet Shirley's topic "The Touch of the Master's Hand" earned her a sterling silver medal in the grade 7 category.

During the evening competition was dotted with selections of music and song by youth organization singers.

All contestants and their guests were treated to a lunch and social hour in the Church Hall.

Winners in the annual Women's Christian Temperance Union Poster Contest were honoured by the contest sponsors last Friday evening at Wesleyan Church in Winchester.

Appearing in the photo are the first five place finishers from Grades seven and eight, five and six, and three and four categories.

Front - (L to R), Angela Buter, Wilma Luimes, Shannalea Mark, Rhonda Coughlar, Ron Coughlar, Dean Armstrong, Blair Hutchinson.

Middle - (L to R), Rosanne Dentz, Brenda Geurkink, Andrew Bouwman, Karen Rae, Martha Hutchinson.

Self-Examination Clinic At Metcalfe, April 26

The Rideau-Osgoode Unit of the Canadian Cancer Society will hold a breast self-examination clinic at Metcalfe Community Centre, April 26 (9 a.m. to 9 p.m.),

It's the second clinic of its kind to be held by the Rideau-Osgoode Unit, which was formed about 18 months ago. The first was in Manotick late last year, and was regarded as an enormous success.

Breast self-examination is considered vital in the fight against breast cancer. The purpose of the clinic is to conduct an initial examination, and demonstrate to women how to conduct their own examinations.

The whole process takes only 20 minutes at the most, and there is no charge. Babysitting is provided. For more information call 722-7635.

Down With High Blood Pressure

You can't tell by looking in the mirror. You can't tell by the way you feel. Only a qualified health professional can tell whether you have high blood pressure because there are usually no symptoms.

High blood pressure, or hypertension, is the single most important and identifiable factor contributing to heart disease, stroke and kidney disease. It is estimated that between one and two million Canadians have this condition. Although the prevalence rate is particularly high in people 40 years or older, high blood pressure can occur in young children and adolescents as well.

Detection of this condition continues to be a significant problem. Between one third to one half of those with high blood pressure are unaware of it. Even worse, of those who know they have high blood pressure, only one half are receiving medical treatment at all, and of those only one half have achieved good blood pressure control.

Occasionally high blood pressure may be caused by an underlying disease which may be surgically correctable. However, in the vast majority of cases the cause is unknown. Although hypertension cannot be cured, it can be controlled in almost all cases with drug and-or diet therapy. Because it is incurable, treatment usually lasts a lifetime.

Despite the availability of efficacious treatment, compliance with anti-hypertensive therapy is distressingly poor and often is the major cause of uncontrolled high blood pressure.

A major obstacle in blood pressure control is the widespread misconception that hypertension is equivalent to nervous tension. While stress may aggrevate an already existing condition, it is not likely the underlying cause.

For free, detailed information on high blood pressure, contact your Ontario Heart Foundation.

Auxiliary Undertaking

Gift Shop Opens Doors

Winchester District Memorial Hospital Auxiliary Gift Shop was officially opened last Wednesday by Mrs. Nancy Keefe, president of the H.A.A.O.

Ed Hanson, chairman of the board of governors of the hospital, Mrs. Olive Cass, chairman of region 9 of the H.A.A.O., Bert Stel, administrator of the hospital, and auxiliary president Louise Sloan also spoke at the opening.

The accompanying photos show the gift shop, from the main floor waiting area, and Mrs. Millie McClatchie, secretary treasurer of the gift shop committee, beaming proudly as members of the auxiliary look over the new shop.

Award Advanced Honours

Stitchery Project Achievement Day

Mary Michels,
Home Economist

Another 4-H Homemaking project in Dundas County drew to a close on Saturday, April 7 at Maple Ridge Public School. The current project of needlepoint proved to be very interesting for all the 4-H members taking it. The half-day Achievement Program was very well attended by parents, friends and neighbours.

The members who took this project were taught seven different stitches. These stitches were then needlepointed onto a sampler. The members either made coasters or a pillow. The work was all on display for the public to see.

The afternoon was packed full of skits, demonstrations and exhibits. Six exhibits were presented on the following topics — The Essentials of Needlepoint by Hallville-Mountain with Paula Rhyndress commenting; The Last Detail with Pattie Carruthers representing the Morewood Club; Needlepoint — Past and Present by Matilda No. 1 with Susan Baker commentating; My Favourite Needlepoint Stitches by Winchester No. 2 with Mary Jane VandenBroek commenting; Designs for Needlepoint by Chesterville with Audrey Loucks commentating; and International Flavour in Needlepoint by Matilda No. 4 with Sabina Straube acting as commentator. Matilda No. 3 presented the single demonstration of the afternoon, with Cindy and Vicky Ault showing us how to transfer a design to canvas. Six skits were also presented on a variety of topics which included — what is bargello, how to finish your needlepoint, and famous people who needlepoint. The following clubs put on these presentations, Winchester No. 1, South Mountain, Matilda No. 2, Riverside Heights, Ormond and Winchester Springs. All of these skits utilized all the members of the respective clubs. The presentations were well done. The audience enjoyed them and were able to gather many interesting ideas.

The afternoon was broken by a slide presentation on needlepoint. The slides illustrated many projects that the members might want to do in the future.

Several very special awards were presented as well. Mrs. Bridget Vander Zweep from Iroquois was the recipient of a five-year leadership certificate. This certificate is presented by the National Council on 4-H clubs, to leaders who have led five, ten and fifteen years.

Advanced Honour Certificates and Pie Servers were awarded to two very hard working Dundas County members for successfully completing 18 4-H Homemaking Clubs. They were Diana Barkley from Matilda No. 1 and Karen McInnis from Matilda No. 4. Congratulations is extended to these two members. They have been a great asset to the program.

Two members received Provincial Honour Certificates and Pins for completing twelve clubs. They were Bonnie Smail, from Matilda No. 4 and Mary Jane VandenBroek from the Winchester No. 2 club. Following this, County Honour Pins and Certificates were presented to five members for completing six 4-H Homemaking clubs. These members were Kim Miltimore from Chesterville, Irene Houbraken and Margaret Westervelt both from Matilda No. 2, Monica Henophy from Riverside Heights and Rosemary Beuman from Winchester No. 2. Congratulations is extended to all of these members.

Each leader and member was presented with a silver teaspoon for their hard work.

Miss Mary Michels conducted the afternoon program and commented on all work done by the members. She mentioned the fact that there is a summer project entitled Outdoor Living open to all interested young people who are between 12 and 27 as of May 1. There are clubs in Chesterville, Riverside Heights, Winchester, Hallville-Mountain, Ormond and Morewood areas. This project deals with being fit, cooking outdoors, basic first aid, appreciating the outdoors and a club outing either overnight, or a day hike. Miss Michels, also told the audience that the fall project would be Essential Edibles which is a cooking club. This project will start in September. It will be a project entirely in metric. There are recipe ideas for breakfast and brunch and suggestions for adding life to a carried lunch. The members will enjoy the recipes for easy-to-prepare hot lunches and suppers. This project will be lots of fun so watch for the announcements come September.

The afternoon was completed with everyone repeating the 4-H pledge.

Mrs. T. Steele

Mrs. Thomas Steele, the former Annie B. Clarke, died at her Ottawa home on March 31st in her 86th year. The late Mrs. Steele, who was predeceased by her husband, is survived by son Robert, daughter-in-law Jean; brother Harold and five grandchildren.

The funeral service was conducted at the Hulse and Playfair Chapel on April 3rd and interment was at Maple Ridge Cemetery.

Former 'Springs Resident Dies

Clayton Bolton, a former Winchester Springs resident, died at White Rock, British Columbia on March 29th in his 65th year. A son of the late Mr. and Mrs. Simon Bolton he received his education at district schools.

Predeceased by his first wife, the former Peggie Draper, he is survived by his second wife, son Douglas and daughter Debbie.

Also surviving are three sisters: Mrs. Violet Irving, Mrs. Tressa Jackson and Mrs. Harry Hutchinson. He was predeceased by five brothers and three sisters.

Margaret Mulloy Dies In 97th Year

Miss Sarah Margaret Mulloy, a lifelong Inkerman area resident, died at Dundas Manor on April 8th following a long illness. She was in her 97th year.

Born in Mountain Township, a daughter of the late Mr. and Mrs. Patrick Mulloy she was educated at district schools. The late Miss Mulloy is survived by one brother, James. She was predeceased by sister Mary Winnifred in 1977.

A member of St. Daniel's Church, South Mountain, the funeral service at the church was conducted by Rev. Father Donald Cummings at 10:30 a.m. on April 10th.

Pall bearers were Arnold Holmes, Jack Woods, Arthur Farrell, Dwain Baldwin, Wray Holmes and Gordon Coughler.

Interment was at St. Daniel's Parish Cemetery.

Montreal Dietitian Lois A. Smith Dies

Miss Lois Amorette Smith, formerly of Chesterville, and more recently a dietitian residing in Montreal, died at her late residence on April 4th in her 54th year.

Born at Chesterville, a daughter of Mrs. Malcolm Fulton Smith and the late Mr. Smith, she received her early education at Chesterville public and high schools. She later graduated from St. Anne de Bellevue College, McGill University as a dietitian. Before coming to Montreal she had been employed at Toronto General Hospital and also Hamilton General Hospital.

In addition to her mother the late Miss Smith is survived by one sister, Mrs. J. P. Widdis (Ruth), and two brothers, Graham, Chesterville; and Dr. C. D. Smith of Peterborough.

A member of the United Church the funeral service at Vice and Craig Funeral Homes Inc., Chesterville, was conducted by Rev. L. M. Ferguson at 12:45 p.m. on April 7th.

Pall bearers were Russell Servage, Donald Servage, Douglas Durant, Earl Merkley, Keyes Smith and Robert Smith.

Interment was at Maple Ridge Cemetery.

Leonard Wood Dies March 21

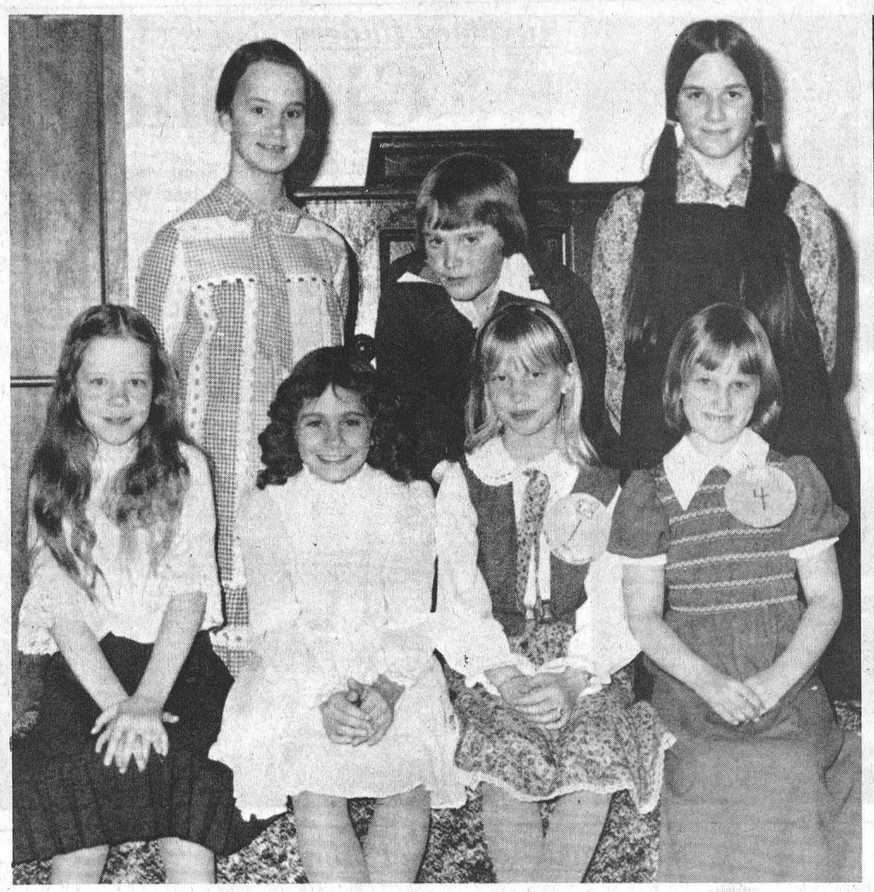
Leonard E. Wood, a lifelong Russell area resident, died on March 21st in his 83rd year. A son of the late Mr. and Mrs. William Wood he was educated at area schools.

Predeceased by his wife, the former Florence Wade in 1941, the late Mr. Wood is survived by two sons and one daughter: Osborne, William and Beatrice (Mrs. William Strader), all of Russell. Four grandchildren and two great grandchildren also survive.

A member of Russell United Church, the funeral service at Warner Funeral Home, Russell, was conducted by Rev. L. Woolfrey at 2 p.m. on March 23rd.

Pall bearers were Ernie Burton, Charles Armstrong, Bernard Dionne, Bruce Wilson, Keith Walsh and Stuart Trudel.

Interment will be at North Russell Cemetery in the spring.



Public Speaking Contestants

Other local contestants in the WCTU Speaking Contest were: front - (L to R), Shannon Dea, Carolyn Graham, Brenda Geurkink, Tanya Norg.
Back - (L to R), Martha Hutchinson, Blair Hutchinson, Daphne Weaver.

Winning Orators

Medal winners in the Women's Christian Temperance Union Speech Contest held last Friday evening at the Winchester Wesleyan Church were - (L to R), Janet Shirley, grade seven silver medal winner representing Wesleyan Sunday School; grade six silver medal winner Angela Holmes representing Wesleyan Sunday School; Angela Buter from Timothy Christian School was the bronze medal winner for grades three and four; Dean Armstrong was the bronze medal winner, grades three and four, representing Winchester United Church. Press Photos—Van Bridger

'Operation Provident' Protects Your Property

Operation Provident is basically the same as Operation Identification where the owner's property was marked with an identifying number (usually the driver's licence or Social Insurance number). However, Provident is applicably only to Non-Residential property. The purpose is to make your property and merchandise in a business environment readily identifiable for you and the police. This program's success depends entirely on the participation of the public. The identifying marks can be achieved by a rubber stamp, engravers, china markers, invisible marking pen, or any other method. A central numbering system has been developed which encompasses the entire Dominion of Canada. Each Province is issued a prefix code which only applies to that particular Province. In Ontario "O" stands for Operation, "P" for Provident. Five digits identifies Ontario, therefore, Ontario is the only Province that will have the prefix code "OP5". The sequential six-digit number system, i.e., OP5-250-000 would, when given to a citizen positively identify stolen property found anywhere in Canada.

Obviously the program has an enormous potential and, if the implementation is successful (which depends on the interest and participation of the public) the program would be an added deterrent to theft, and an investigative aid to law enforcement agencies.

Enquiries should be made at Morrisburg Detachment O.P.P. attention of Prov. Constable J. Watson. For the Chesterville and Winchester area contact Winchester Detachment O.P.P. attention of Cpl, R. J. Lyon.

Get a good thing going. Yourself.
