French program for rural kids scotched in SD&G

CORNWALL (Staff) - The County Board of Education for Stormont, Dundas and Glengarry will not be providing early french immersion programs in its rural schools. Instead the board has decided to defer introduction of such a scheme.

The trustees decided last week to wait at least two years before launching an early immersion system, currently being offered from grades 1-8 in some of the board's Cornwall schools.

The trustees agreed, however, to consider provision of bus transportation for rural children wishing to attend early immersion programs in Cornwall.

Dundas school trustee Gerry Rosenquist said "although there is evidence of some interest in the rural area for the early French immersion program, its introduction at this time would create serious problems."

Trustees said that some of these harmful effects might be triple grading, school boundary changes and possible school closures due to the drain of students into the program.

"The introduction of the early French immersion program may disrupt some of our English-language programs which is the last thing we want to do," said Dr. Rosenquist.

He added introduction of the early program should wait until some assessment of the late French immersion (LFI) program has been done. This was introduced at some are schools recently.

"We've only recently begun the late French immersion program and we're not quite sure how it works."

Dissenting with the board's decision was Osnabruck township trustee William Fleming.

"I couldn't go along with the deferral because there are a number of families especially in the Ingleside area who want this program."

"I also believe we could offer this program at the Ingleside school and by not acting now we could lose many students to the separate school system."

The stamp's the thing

The official trapper's stamp, issued to licensed trappers by the Ontario government, is visible in the photograph. The pelt in the picture is a raccoon fur, destined to be turned into a high fashion coat when sewn to many others of similar coloring. The fur is turned to the inside to protect it. "Pelts Fur Sale" at Lunenburg

Trappers in the area had the opportunity last weekend of selling their furs close to home. Gregory Davis was in the district Saturday and Sunday to receive government stamped pelts. A licensed fur buyer, Mr. Davis said it would take time to build up a business in the area but several licensed trappers had sold him their furs of muskrat, raccoon and rabbit. A Marlbank resident, he said he would try his luck again some time. He set up shop at the residence of Roger Sexsmith just outside the village of Lunenburg, at Morning Meadows Livery Stable.

Career Week useful for Tagwi

AVONMORE (Staff) - Finding a good job these days doesn't come easy. It requires determination and a lot of planning...at the high school level.

And that's why the guidance department at Tagwi Secondary School went in big this year for Career Week, a program dedicated to helping students see the job opportunities available to them.

For the last two weeks students have had the chance to participate in seminars and attend workshops on career opportunities. They've heard guest speakers talk on everything from archeology to hairdressing to police work. Many of the speakers are local professionals who donated of their time to tell about their careers.

Students have listened to technicians and foresters, funeral directors and chiropractors chemical engineers and pilots.

They've attended workshops on 'how to handle an interview', lectures on 'career opportunities in the Armed Forces' looked into agriculture as a career, and attended seminars on 'non-traditional careers for women'.

Gil Boyce, guidance department head, said that the real purpose of Career Week is to get the students' attention. "The job market is changing so rapidly and the students know it," Mr. Boyce said. "They want to start working towards a career now," he said. "They are really interested."

Francine Proulx, of the Tagwi guidance department, organized the list of impressive guest speakers -- judging from responses to a survey that was distributed to the students. She describes the student response to the Career Week as "overwhelming" and added that many of the workshops were filled to capacity.

Mr. Boyce added that he was impressed with the sessions. "Students didn't sign up for them just to get out of class," he said, "they really wanted to learn... really wanted to ask questions."

Many post secondary institutions were also on hand for Career Week, as well as representatives from Manpowers' Career Access Program.

Toy and food drive

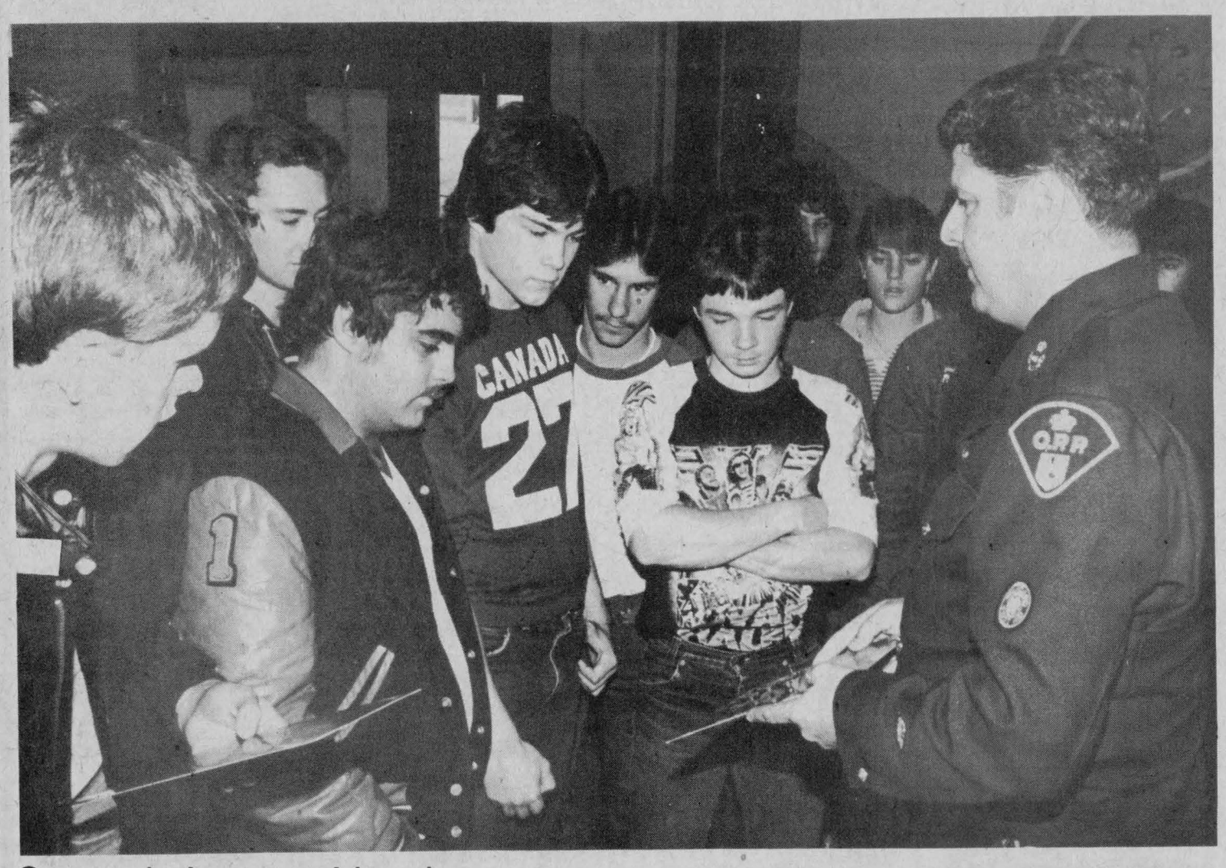
Pat's Hairstyling of Chesterville is sponsoring a used toy drive during the Santa Claus Parade this coming Saturday, December 8. Toys in good condition may be dropped off at either the retail outlet or the office of the Chesterville Record for distribution if donors cannot be present during the parade. Residents who wish to help this cause should have their toys ready along the parade route and hand them to members of the Chamber of Commerce who will walk in the parade. As well The Record float will be collecting tinned goods and other non-perishable food for distribution later by Mark Hart of Social Services. Please help at this caring time of year.

Don't snow on our parade

(Staff) - Everyone loves a parade and this Saturday provides area residents with a feast to choose from. The first spectacle of the day on December 8 is the annual Chesterville village parade at 10:30am.

Along the route members of the Chesterville and District Chamber of Commerce are walking in the parade to collect used toys to distribute to kids who need them. As well The Record's float will be a drop-off point for tinned and other non-perishable food. This will be distributed for Social Services in the district by Mark Hart.

Later on in the day the Finch parade starts at 2pm. A second one, beginning at 2:30, will be held in the village of Morewood. There are goodies for the kids as well as hot chocolate and coffee being offered in all three locations and organizers are hoping for a good turnout and good weather.



Career choices considered

Constable Bernie Gadbois, of the Long Sault detachment of the Ontario Provincial Police, keeps the crowds attention with a talk on job opportunities in the OPP. Constable Gadbois was one of the guests at a Career Week Open House held at Tagwi Secondary School last Friday afternoon. Throughout the last two weeks students have had the opportunity to attend workshops and seminars, and listen to guest speakers from the work place.

UCV tourist tally

MORRISBURG (Staff) - Visitors to Upper Canada Village during the 1984 season matched the 1983 level with approximately 250,000 people passing through the gates. Figures declined after the 1978 peak but have started to climb back up again. The visits to Canada by the Pope and the tall ships are credited with the boost in numbers this past year.

Tory delegates uncommitted

AVONMORE (Staff) - Local Tories chose their contingent to send to Toronto for the Progressive Conservative Ontario leadership convention in January. A total of 10 delegates along with their alternates will represent the riding of Stormont, Dundas and Glengarry.

Representing the youth section are Diana McBean and Steve McCormick. In case they cannot attend the convention they will be represented by alternates Mariette Frigon and Ken Rock. The youth delegates said they were uncommitted to any particular leadership candidate at this time.

Ladies delegates are Elizabeth Locke McIntosh, Linda Kennedy, Yvonne McDonnell and Jill Alguire. All said they were uncommitted and said they would be attending the convention with open minds regarding the candidates.

The ladies' alternate delegate is Liz Grenkie.

The male delegates are David Guy, Basil Dawley and Gerard Smits. The men's alternate delegate is Jim Cook. In their one minute pitches to the Tory faithful the delegates said they were uncommitted although alternate Jim Cook, Chesterville village deputy reeve, said he was considering both Frank Miller and Dennis Timbrell, not necessarily in that order.

It depends what they do during the campaign," Mr. Cook said after the meeting was concluded.

EO favors Miller in race for leadership

(Staff) - Although the majority of delegates in the east 14 eastern Ontario ridings remain uncommitted, PC leadership candidate Frank Miller is ahead of his rivals in the battle for convention voters.

About 90 delegates have yet to make up their minds or refuse to say which way they're tilting during the January leadership convention to be held in Toronto. Trailing Mr. Miller in terms of committed delegates in eastern Ontario are Dennis Timbrell and Roy McMurtry followed in fourth place by Larry Grossman with only three or four supporters.

Miller has been well in front since the delegate selection process began in the area. He is tops with 32 declared supporters compared with 14 for Attorney-General Roy McMurtry and nine for agriculture minister Dennis Timbrell.

Drug arrests

MORRISBURG (Staff) - Four persons were charged by Morrisburg OPP here last Friday morning when police seized 1,600 grams of marijuana with a value of approximately $10,000.

Facing charges were Wayne Wolfe, 22, RR3, Williamsburg, who was charged with possession of a narcotic for trafficking and possession of stolen property over $200; Albert Dunphy, 42, RR1, Morrisburg, possession of a narcotic for trafficking; Steven Kirker, 18 and Laurie Marchand, 18, possession of a narcotic.

The drug bust came about as a result of a police investigation. Search warrants were issued for the residences of Albert Dunphy, Wayne Wolfe and Steven Kirker.

They were released following a promise to appear. A court date has been set for December 11 at Morrisburg provincial court.

No home for computers

WINCHESTER (Staff) - They've got the computers, they've got guaranteed funding for the first three months of the co-ordinator's salary, but where in the world is the Winchester Computer Den going to put all the stuff?

Designated an official computer centre by the provincial government, members of the community formed a club two weeks ago. The aim is to introduce local people to the world and mystery of computers. The snag, though, is that there's nowhere to base the club.

The basement room of the local public school was vetoed by the fire marshal's regulations. There's a possibility of using an unused portable classroom located at North Dundas District High School but the school board's decision is not known yet.

For the first three months of operation the government is paying the co-ordinator's $18,000 per year salary but the community has to pick up the tab after that. The village's branch of the Royal Canadian Legion is contributing $2000 to move the computers to the portable classroom should it become available in the near future.

Stormont 4-H prize-winners awarded honors at banquet

AVONMORE (Staff) - "Together Today For A Terrific Tomorrow." That's been the slogan of 4-H'ers across the province in 1984. This year also marks the bringing together of 4-H homemaking and agriculture clubs for the first time, and according to SD&G Rural Organizations Specialist Kathy Simpson, the combination has been a success.

At the Stormont County 4-H Awards program last Thursday at Roxmore Public School, Miss Simpson outlined some of the achievements of 4-H'ers in 1984. She also hinted about the "Terrific Tomorrow" of the program noting that next year everything from basic baking to safety sense clubs have been planned for 4-H members.

Banquet honors top Ayrshire breeders

WINCHESTER (Staff) - "Farmers speak with many voices and nobody listens," CFRA's Hal Anthony told members of the Grenville-Dundas Ayrshire Club Thursday.

According to Anthony, guest speaker at the Club's annual banquet at St. Paul's Presbyterian Church Hall, farmers need a truly national lobby to promote their interests in Ottawa.

"I want to tell you what people know about you," Anthony said. "They don't know very much at all about you...

"You are laboring unseen and unheard in Canada."

To illustrate his point, Anthony said he asked each person at CFRA what an Ayrshire was, and not one of them knew. One woman, he said, had a heated argument with him. She said she was sure an ayrshire was a dog, because her brother had one.

Anthony, also shared in memories of his childhood on a farm during the Depression era, before the advent of mechanized farming.

"I was in my youth one of the finest hand milkers in all the Dominion," he said.

The banquet was also the occasion to recognize outstanding milk production and performance by club members during the year.

Dundas Federation of Agriculture president Herman Jansen, also president of the Ontario Ayrshire Cattle Club, received the Royal Bank Award for best-uddered cow, presented by Al Dyson.

The Imrie Fuels Trophy for Grand Champion Female at South Mountain Fair was presented by Ray Imrie to David Merkley, president of the Grenville-Dundas Ayrshire Club.

Herman Jansen also received the Petro Canada Trophy for Breeder's Herd, presented by Don Guy.

Charles and Fred Taylor were recipients of the Bank of Nova Scotia Award for greatest increase in average herd BCA from 1982-83.

Silver seal certificates for production of 50,000 kg or more of milk during the year went to Wayne and Dianna Bourne, with Venture Acres G. Star and Venture Acres G. Stella and to Donald S. Rose with Rosayre Megs.

Production awards for highest composite BCA in the club were awarded as follows:

Junior two-year-old: first, Gordon and Bruce Garlough, Greencrest Freda, BCA of 204; second, David Merkley, Darymor Golden Gloria, 184.

Senior two-year-old: first, Donald Rose, Rosayre Carlotta, 200; second, David Merkley, Choise Rena, 189.

Junior three-year-old: first, Gordon and Bruce Garlough, Greencrest Emma, 187.5; second, John L. Seguin, Venture Acres Aster G., 154.

Senior three-year-old: first, Herman Jansen, DeKoppel Lucille, 185; second, Donald Rose, Elm Creek Dixie, 166.5.

Junior four-year-old: first, Gordon and Bruce Garlough, Greencrest Heather, 176.5; second, David Merkley, Balquidder Cathy, 168.

Senior four-year-old: first, Donald Rose, Hallawell Lucky Supreme, 181.5; second Edward Rose, Twinventure Yvonne, 158.

Five to nine year-olds: first, Donald Rose, Rosayre Patsy 2, 209.5; second, Gordon and Bruce Garlough, Greencrest Katie, 181.5.

Ten years and over: first, Donald Rose, Rosayre Bellflower, 198; second, Gordon and Bruce Garlough, Greencrest Kitty, 158.5.

Eleven 4-H members who completed dairy projects this year with ayrshire calves received $5 cash awards and pens from the club.

Grenville 4-H members receiving the awards were Stephen Bourne, Peter Coughler, Chris Lang and Roderick Sandfuchs. Dundas County members were Carol Johnson, Shelley James, Ian Porteous, Jane Porteous, Janice Rose, Marjorie Rose and Amanda Whetter.

Milk price hike

TORONTO (Staff) - Ontario consumers will pay at least three cents a litre more for milk beginning Dec. 31, the Ontario Milk Marketing Board announced last week.

The three-cents a litre, or 6.1 per cent increase in the price the board charges dairies, is to cover added expenses incurred by dairy farmers, according to OMMB chairman Ken McKinnon.

The marketing board, however, has no control over the setting of retail prices and the cost to the consumer may rise by more than three cents.

Raw milk prices in Ontario are derived by a cost of production formula set to give farmers a rate of return on their investments, plus the costs of livestock, feed, equipment and other expenses, according to the OMMB.

GAINS level up

(Special) - Effective December, 1984 the monthly GAINS levels will be $678.64 for single pensioners and $565.84 per person for qualified married couples. On an annual basis, these guaranteed levels are $8,143.68 and $6,790.08.

As a result, a former employee, Allen Windsor, 16, of Chesterville, and Sebe Vogel, 17, of Wichers Way, Winchester, have been charged with two counts of thefts. They are to appear in Winchester Court on January 11, 1985.

Deb's Delights

by Debbie Young

Recipes for our Dec. 19 Christmas issue are starting to roll in. For those of you who haven't brought your recipes in yet we've extended the deadline until this Friday, Dec. 7. For this week we have a recipe from Doris LaPierre. Here's what she says about it.

"This is very quick and easy to make, looks very nice for Christmas and if you put it in the freezer it tastes even better after a couple of weeks - very much like a light fruit cake."

Give it a try when you're doing your Christmas baking. Until next week - Keep on cooking!

EGGNOG-CHERRY NUT LOAF

2½ cups all purpose flour
¾ cup sugar
1 tbsp. baking powder
1 beaten egg
1¼ cups dairy eggnog
1-3 (one-third) cup cooking oil
½ cup chopped nuts or pecans
½ cup chopped maraschino cherries
1 tsp. salt

In mixing bowl stir together flour, sugar, baking powder and salt. Mix egg, dairy egg nog and oil. Stir this into dry ingredients and mix well. Fold in nuts and cherries. Turn into 2 loaf pans or cake pan. Bake in 350 degrees oven for 45 to 50 minutes. Cool in pan 10 minutes, remove and cool on rack.

Safety for the holiday season

(Special) - Natural Christmas trees are still as volatile as ever, particularly after they have dried out for a couple of weeks or so in the house. Take these simple precautions outlined by the Ontario Safety League. Use a fresh tree, not one that has dried out through weeks of storage.

Bend a needle - if it breaks, the tree is too dry. Make a fresh diagonal cut at the base. Stand the tree in a tub or bucket and keep the butt immersed in water to help the tree from drying out. Check the water level daily.

Think about tree placement

(Special) - When setting up your Christmas tree make sure it doesn't block any exits, warns the Ontario Safety League. Keep natural trees away from such heat sources as fireplaces, heating ducts and television sets.

OFA: farmers participate

OTTAWA (Special) - The banks should take a bigger part in handling the financial affairs of the rural community, the president of the Ontario Federation of Agriculture, Harry Pelissero, said at the Canadian Bankers Association agricultural credit conference in Ottawa recently.

"I believe the new era of agricultural credit will demand more and better advice from your branches, your credit officers and your agricultural extension staff," Pelissero said.

He suggested several ways bankers could help farmers reduce their debt load. "You can offer time, still the scarcest commodity...You can help make the transition from the dated equity-financing method to the pragmatic science of cash flows."

The delegates were asked to treat farmers" as well and as fairly as other creditors. If you ask for a waiver of rights against equity to secure a loan, then you should offer something in return, like a better rate or a more favourable repayment schedule," Pelissero said.

He said bankers should work with farmers to investigate co-operative ownership of machinery and should consider encouraging some farmers to rent additional land instead of buying it.

The OFA's two major thrusts to stabilize the farm economy are agri-bonds and market risk insurance (Stabilization). Pelissero said that if the banks joined the OFA is lobbying the government for agri-bonds, "we would be as certain of success as you could ever be in politics."

Agri-bonds are an investment vehicle that offer low interest rates in return for tax concessions. The provincial government has indicated its support of the agri-bond concept.

Market risk insurance, or stabilization, would take care of the income side of farmers' financial problems, Pelissero said. He said the OFA's market risk insurance plan "would stabilize farm income without leading to over-production, like in the U.S., and without hampering the laws of supply and demand, like in Europe."

Farmers and both the federal and provincial governments would pay into a market risk insurance plan.

PRESLEY — In loving memory of our father and grandfather Willard Presley who passed away December 4, 1980.
Beautiful memories are treasured ever
Of happy days when we were together.
Loving remembered
Ab and Joyce
Rory and Tammy
15

IN MEMORIAM
WALDROFF — In loving memory of a dear husband, father and grandfather Carl G. Waldroff who passed away suddenly, December 5, 1978.
We will always remember the way you looked
The way you spoke and smiled
The little things you said and did
Are with us all the while.
You never said "Good-Bye" to us
Perhaps it was just as well
For we never could have said good-bye
To the one we loved so much.
Lovingly remembered and sadly missed by
Wife, Edith, daughter Marjorie
Roland and grandchildren
15

IN MEMORIAM
CAMPBELL — In loving memory of a dear father, Elborn, who passed away Dec. 9, 1981.
Nothing can ever take away
The love a heart holds dear
Fond memories linger every day
Remembrance keeps him near.
Dearly loved,
Jean and George.

Cornwall nursing graduates tops in Ont.

CORNWALL (Special) - The 1984 graduating class of the nursing program at the Cornwall campus of St. Lawrence College has scored the highest class average in the province in nursing examinations written in October.

The results were contained in a report received at the college last week from the Ontario College of Nurses which administers the examinations.

Nursing graduates from eight other programs in the province also wrote the examinations in October.

Anita Roy, dean of health and human studies programs at the college, said of the results: "We're all pretty excited about them."

"This achievement is one measure of the success of a program, and it is certainly a reflection on the quality of our teaching staff, our curriculum and our students.

"We congratulate our students and their teachers on these results."

Mrs. Roy also noted that in achieving the top average in the province, all 33 Cornwall nursing graduates who wrote the examinations passed. They have now received the designation, Registered Nurse (R.N.), which is their licence to practice nursing.

The Cornwall class scored an average of 553 on the examinations. The national average is standardized at 500, said Roy.

In 1983, the Cornwall class earned the second highest average in the province when it wrote the examinations.

Young people's job opportunities

TORONTO (Special) - Ontario will spend $13-million this year to provide training and on-the-job experience for 1,500 hard-to-employ young people under the new Youth Start program, Colleges and Universities Minister Dr. Bette Stephenson announced last week.

Dr. Stephenson said the program is aimed at young people who left school early and now are having difficulty finding a job. "The program combines basic academic upgrading, skills training and life-skills counselling with on-the-job experiences in businesses and industries to give these young men and women a new chance at finding steady employment," she said.

Trainees will be paid an allowance of $100 a week throughout the program which lasts up to 42 weeks.

Ken Dryden, Ontario Youth Commissioner, said Youth Start will most benefit young people "who lack not only basic job skills but motivation and self-esteem. They need special counselling in how to deal with others and in what's expected of them in the workplace."

Youth Start was announced by Treasurer Larry Grossman in the 1984 Budget as part of Ontario Youth Opportunities -- a three-year, $450-million package of programs to increase youth training and employment. It is co-ordinated by the Board of Industrial Leadership and Development (BILD) and administered by the colleges of applied arts and technology.

"We are looking to Ontario businesses and industries to step

Fast food restaurant for UCV

MORRISBURG (Staff) - Visitors and residents may soon be benefiting from the facilities of a fast food restaurant along highway 2 at the site of Upper Canada Village.

Plans call for a new hospitality facility offering such items as beef-on-a-bun and corn-on-the-cob to match the village's heritage style. Apparently Chinese food and other traditional fast food dishes are not being considered.

The facility has not received final approval but would be located in a spot along the highway accessible to passing motorists and to village visitors. If all goes well the restaurant should be opened in time for the 1985 season at the village. The complex opens mid-May.

Chesterville's past

24 From The Record, Thurs., Dec. 25, 1924

Saturday afternoon the weather turned very cold and continued so for the week end and until Tuesday morning when a slight moderation was in evidence. Those people wishing for a good old fashioned winter have surely come into their own this Christmas time. During Saturday night the mercury slumped to sixteen below zero and did not appear for about two days.

A very successful school concert was held at the Bethune Bush school on Wednesday evening, Dec. 17, under leadership of their teacher Miss Greta Earle, and also Mrs. D. Dillabough. Mr. S.O. Kenrick made a most capable chairman. The children and young people of the community acted their parts very efficiently in the various drills, dialogues, and choruses. The programme concluded with a visit from Santa Claus.

With plenty of snow for good sleighing and good ice at the rink for skating, surely this must be the old-fashioned Christmas we have heard so many sigh for during the past twenty-five years.

S.S. No. 16 Winchester: Order of merit to Gladys Kenrick, Sr. IV level. Sr. II merits go to Francis Merkley, Willis Short, Burnis Short and Bert Colquhoun. Jr. Primer students are Dwayne Munroe, Rose Colquhoun, Harold Munroe, Eva Munroe and Anna Merkley.

Dr. Ernest Thomas of Toronto visited here on Sunday morning last. Dr. Thomas is the president of the Department of Evangelism and Social Service in the Methodist church. Despite bitter cold, a considerable congregation was present. Dr. Thomas preached at Morewood in the evening, and then proceeded on to Kingston.

An "Old Time" dance is billed for Crysler for tomorrow night in the Music Hall at that place when our Orchestra will supply the music, the old time square dances will be featured under the management of a prompter. Admission is $1.25 with the tax extra.

With the big game on for Saturday night it is hardly necessary at this late hour to go into particulars about the games are already won by Chesterville Nestles, when they won from Winchester, by four to one; from Avonmore in Chesterville by two to one in an overtime game; and beating Avonmore again on their home ice by 7-1. The calibre of the Finch team has yet to be tested out by the Nestles and this will be done Saturday night on Chesterville ice. The usual price of admission will be charged at the gate while the names of those coming over the top of the fence without paying will be taken and published if not immediately settled at the rink house.

The annual meeting and banquet of the Dundas Holstein Breeders' Club was held at the Community Hall in Chesterville last week. The following officers and directors were elected for 1945: Pres., Allison Graham, Chesterville; vice pres., Harold McMenomy, Inkerman; Sec., H.W. Graham, Morrisburg; and Treas. Mahlon Zeron, Iroquois.

At the annual meeting of the Grantley Women's Association held Wednesday evening, Dec. 6 at the home of Mrs. Bert MacMillan the following officers were elected: Pres., Mrs. S.B. Casselman; Vice Pres., Mrs. Mason Robinson; Sec. Treas., Miss Feader; Flower Sec., Mrs. Claude Carr; Press, Mrs. Donald Gordon; Pianist, Mrs. Bert MacMillan; Parsonage, Mrs. S.B. Casselman, Mrs. Mason Robinson, and Mrs. Frank Darling.

Considerable snow was added yesterday afternoon to the very large amount we have already received. Roads are in fairly good shape, with the plows going almost night and day.

Pte. Cecil Plantz was among the Canadian soldiers to arrive home in the contingent of those repatriated reaching Montreal on the weekend. His brother Pte. Percy (Bud) Plantz, who has been overseas for about four years is among the Canadians fighting on the Western European Front.

Fire of unknown origin Tuesday night destroyed the Merrill Auto Supply and Furniture Store in Morrisburg's main business block resulting in damage estimated at $8,000. Firemen fought the blaze for two hours despite the handicaps of freezing hose and hydrants. Owned by A.S. Merkley the auto supply store was operated by D.C. Merrill.

A fire in the Cheese Factory at Elma last Sunday afternoon caused some excitement in and around the vicinity when Miss Mildred Newburry, on going upstairs, felt intense heat on the stairs and on close inspection noticed flames throughout the cracks. The boards were pryed open and the shavings under the stairs were found to be on fire. A call for help brought immediate response from the fire department and the fire was extinguished.

Santa came to town Saturday afternoon, and it seems that every child in the area -- and every child's parents -- were out to greet him. Fourteen floats, majorettes and the band from NDDHS did their bit to honor the affable old fellow from the north.

Janie Casselman, daughter of Mr. and Mrs. Richard Casselman, Chesterville, was chosen Snow Queen at North Dundas District High School. Athletic Queen is Sharon Holmes.

George Hehir of Newington was elected president of the Stormont Ayrshire Breeder's Club at their annual meeting in Cornwall last week. He succeeds Emery Dingwall of Finch.

An exchange of gifts and gay Christmas decorations were a feature of the December meeting of The Chesterville W.I. Mrs. Geo. Merkley, president, conducted the meeting assisted by the secretary Mrs. Orma McElheran.

The Farmer's Wife

by Wyn Thompson

Nobody asked me but...the window of winter opens with the first snowflake that drifts innocently from the gray, blustery sky. And until the last flake falls and is swallowed up by the thirsty soil, its icy fingers hold the land in its grip.

In eastern Ontario winter brings nature's beauty to the land but its weather is as capricious as a woman whose moods constantly change.

Winter transforms the trees from green to sparkling white. The ground becomes a rumpled blanket of shimmering snow; blizzards sweep up and down the concession roads and snow huddles into drifts in house corners to escape the wind's wrath.

Some people consider winter their favorite season. Others consider it too fierce and fickle for their liking. Yet they too will admit to a certain fascination with it.

Winter is footprints in the snow and snowflake designs swirled handsomely on the windowpanes. It is bluejays scolding pigeons on the corn cribs and dogs romping in the snow under a winter moon. It is the silky sheen of eavestrough icicles and the black velvet of night skies.

Winter is rising early to plough the driveway so the milk truck can get up the lane, and having breakfast in morning darkness. It is digging out extra blankets from the cedar chest, frowning over the monthly heating bills, being jolted into wakefulness in the night by the roar of the snowplow. It is thinking longingly of the sunny southland.

Winter is Christmas decorations strung along the Main Street of every little town in our valley. It is winter skaters gliding around the outdoor rinks or along the length of the village creek.

Winter is making popcorn to munch while beginning the latest romantic saga and shivering through murder thrillers on dismal gray afternoons.

It is people gathering together over a game of cards or at the market to defy the forces of nature. It is hot cocoa with marshmallow shared with the grandchildren; it is blurry eyes, rosy cheeks, frozen toes, wool mittened hands...

Winter spells frosty days. Yet it never seems so cold after the ground is covered deep with snow.

Winter means Christmas in the northern hemisphere. And I unashamedly admit to loving Christmas and to believing in Santa Claus. It is a time for dreaming, giving and receiving, a time to surrender ourselves for a short time to the magic and mystery of the season.

It is a time of hope, of looking back over the old year and looking forward in anticipation to the new one. It is a time to be savored to the fullest, like a delicious candy mint one holds in the cheek to slow its melting down.

It seems we cease to struggle with winter as we approach its pinnacle, Christmas. We simply let ourselves enjoy its coziness for Christmas is the best day of winter, or so it seems to me. For on this day we call to our minds and hearts the very tenderest thoughts about friends far and near.

I do not chase the Christmas spirit. I await its coming. If I am lucky I catch it on the wing; if not, perhaps it will come unbidden another year.

Be that as it may, with the Farmer and grandchildren I go to the woods to pick out the biggest and best tree to grace our living room. The Farmer places it securely in the big bow window, fixes the star in place, declares his job is done, while the grandchildren and I hang the cherished ornaments and watch the tree burst into bloom.

The radio is never turned down as we thrill to some of the finest music written specially for this season. Bathed in the music of the season, I enjoy writing a long letter to a friend I haven't seen in some time. And I love to receive a warm, newsy letter or a pretty card. It is the best Christmas gift I can get.

I unashamedly confess that I like looking at other people's outdoor lights, or peeking through their windows at their trees and decorations. Especially on a snowy December night.

I like to take a solitary walk back a country lane to experience the sights, sounds and smells of this special month. If I am in the city, I head for the market square and observe how the different cultures prepare to celebrate Christmas. Last year we purchased some chestnuts for roasting. This year, with the memory of the Carolina persimmons fresh in our minds, we hope to purchase a few of them for a special persimmon pudding.

Then too, there is an afternoon when I simply find myself in the old Boston rocker before a happy fire in the grate re-reading Dicken's A Christmas Carol, A Visit from St. Nicholas and the mystical, magical, joyful story from the Gospels of Matthew and Luke.

I am glad that winter will come again this year and within it Christmas, in a wonderful, unchanging order in our changing, disordered world.

The Editor's Notebook

Treading troubled waters

The Tories are treading in rough waters these days. Having spent most of the past two weeks valiantly endeavoring to shoot themselves in their collective foot, they're now bending over backwards to protect the cabinet secrecy of the former administration. Curiouser and curiouser.

External Affairs minister Joe Clark, through that little peek we had into his habits of dictation, revealed a pitiably uninformed man who either does not know how to direct his flunkeys to consult a directory of diplomatic postings or has no idea that the Canadian telephone service is at his beck and call and a 10-second buzz on the blower would reveal everything he ever wanted to know about the ambassador from Nicaragua. Such as, do we have one?

What with Michael Wilson leaving his papers all over the place and saying reporters should not have looked at them, we're beginning to think these government ministers are careless in the extreme. Doesn't he know that reporters are born knowing how to read upside down, never mind rightside up at files left on coffee tables in public lounges?

With the PM trying to keep the lid on what Trudeau paid for PetroFina we have a truly laughable situation because a few short months ago he was howling in the House of Commons at the deviousness of the Liberals in refusing to tell the public how they had spent the public's money to buy the company. One wonders who Mr. Mulroney is protecting and concludes it is probably himself because he is continuing a tradition of cabinet secrecy which may prove convenient to him later on. Canada's foremost expert in constitutional law, Senator Eugene Forsey, says there's no need at all in law to maintain the secrecy of these cabinet documents.

Who can blame the public for waxing cynical when its rulers cavort through the country as though they had invented the silly season?

Then there's the matter of the Gimli Glider. You've no doubt become aware that the public is financing a $1 million study into the affair of the empty patrol container aboard the Air Canada plane that floated to a graceful landing somewhere out near Winnipeg.

It seems the legion of inquirers into this gaffe are conducting themselves in the lap of luxury daily ever since over the past year to the tune of up to $800 a day in expenses and salary. They've spent $1 million of our hard earned money on this caper so far with no end or answer in sight.

The most sensible solution to the matter of filling airplane gas tanks seems to have come from the Israeli airline, El Al. It seems their ground mechanics simply check manually to ensure the tanks are full. Seems eminently sensible and probably takes five seconds to do. Over here, though, we're obsessed with a combination of technology and bureaucracy which tends to make the simplest matter almost too difficult to accomplish. What will our present rulers offer us as a divertissement next week?-**Alvah Hanrahan**-

Santa Claus is coming to town

Come on, everyone, let's get out and see the parade on Saturday. Or parades, because there are three in the area with Chesterville leading off the morning and Morewood and Finch staging their own spectacles later in the day.

We hope as many as possible will support this first effort of ours to collect tinned food this Christmas. Already one kind person dropped a carton of groceries, supplies for one family from coffee to tuna, last week because she was unable to be present at the parade. So we set up an area in the front office to receive items people might just want to drop off on their way to a shopping expedition in the village.

As well, we're delighted that another retail outlet in the village is organizing a used toy drive also scheduled for pick-up along the parade route. The village is rallying around, this festive season, and there's lots of evidence that the more fortunate are thinking of others at this time of year. Please support us on Saturday. See you there.-**Alvah Hanrahan**-

NDDHS news

By Vicki Brown
and
Carole Droppo

Never did North Dundas students look so gawky as on last Friday, Official Nerd Day. Participants came to school garbed in flood pants, ugly tweeds, and horned-rimmed glasses taped for practical purposes around the nose-piece. It was amazing to see the results of confiscated closets and basements wandering timidly through the halls, especially past the Guidance Office where the judges were hanging out. Winners of the contest for best costumes were Stacey Donaldson and Steve Molloy. Of course, the student body is not without its usual nerds, who probably dressed normal so as not to win the contest by accident.

For two long weeks, the students population has been bombarded with massive propaganda advertising the coming of Honeymoon Suite in a concert to be held on Dec. 15 at the school. The brainstorm of social convener, Damian Laflamme and his committee, the campaign led to the selling of all available tickets in four days.

The Torn Curtain Drama Club and associates are gearing up for their first performances on Dec. 6 and Dec. 7. The night promises to be a spectacular one as the agenda includes a mystery drama, skits, airband performances and dance numbers.

KEEPING HER IN LINE

It's something you may have overheard but will seldom hear discussed. Yet it's a brutal reality. For every year, one woman in ten is abused by her husband. Put down verbally. And beaten up physically–to the point of unconsciousness, hospitalization or death. In fact, wife assault is involved in one fifth of all Canada's homicides.

Clearly, physical abuse of any kind is against the law. Violence against wives is especially repugnant. The children in these homes may grow up conditioned to accept abuse, or renew the cycle by abusing others.

From cheese factory to residential units

This was once a cheese factory but a remarkable conversion has taken place within the space of 10 short weeks. Claude Cousineau says his apartment units in the village of Morewood are almost ready to step right into. The spacious units have pleasant views of the surrounding countryside. Record Photo-Hanrahan

Something old to something new

MOREWOOD (Staff) - If you thought that large building at the south end of Morewood village was a cheese factory, look again. Suddenly there has appeared, over the course of the last 10 weeks, a modern residential complex. In the area's first convert-to-rent housing project entrepreneur Claude Cousineau is presenting much needed housing in the village.

With views overlooking the rural vistas in the vicinity the apartments are spacious yet warmly insulated for winter and feature modern kitchens and bathrooms. Each has two bedrooms and lots of closet space.

What led to the project? "We did a housing study," said Mr. Cousineau, a Winchester township councillor, "which showed the vacancy rate was zero."

With the idea of converting his former cheese factory, which had also accommodated an upholstery business, a dairy bar and an arcade over the years, into government-authorized housing Mr. Cousineau felt he was supplying a much needed feature to the village.

Already nine people have applied to rent the units with four still to be rented. The complex was built along the guidelines of a provincial program which was at first open only to Toronto and Ottawa. The provincial government then opened up availability of the program to the rest of Ontario. Cornwall has opened a similar complex, utilizing the old Canadian Tire store on Pitt Street. Through the program the Ministry of Housing provides incentive money to developers to make better use of existing buildings. Minister Claude Bennett said at last week's opening of the Cornwall apartment building that vacant factories, schools and warehouses all have a capacity of being converted into residential facilities.

Under provincial regulations the apartment building here in Morewood can be rented to a maximum amount of $350 per month. For that rent the occupant will enjoy a spacious apartment with parking facilities and plug-in in the winter months.

Inside there are designer kitchens, full bathrooms, wall to wall carpets, fridges and stoves supplied, a large playground and full laundry facilities in a separate laundry room. There are units on both the ground and second floors. The complex is equipped with smoke and fire alarms throughout in accordance with government codes. As well, the Morewood Apartments, as the complex is called, stands in a rural setting, attractive is every season.

Anticipated occupancy date is December 15 and the units are going fast. There'll be a grand opening soon with several dignitaries on hand to cut the ribbon.

WDMH unionized employees gain five per cent salary increase

WINCHESTER (Staff) - A five per cent raise in salary for unionized Winchester District Memorial Hospital employees (CUPE service group) has resulted after negotiations. The agreement covers the period September 29, 1984 to September 28, 1985.

Negotiations regarding the CUPE clerical-technical group will commence shortly for the September 28, 1984 - September 28, 1984 contract year.

In other hospital business there has been additional parking space provided as a result of construction by Sullivan Bros., Chesterville, of 22 extra spaces. A new arrangement for staff parking has eliminated a problem for visitors' parking at the hospital. Further modifications of the parking area in terms of providing space for visitors to the outpatient department and for disabled persons is being investigated.

Winchester District Memorial Hospital has benefited from the estate of Roy Shaver from which source $70,000 was donated. Winchester Public School students contributed $300 for the cost of a feeder chair. Mr. Art Leason, Winchester, donated $100. The Stewart Fisher estate bequeathed $1000 to the hospital and Mrs. Helen Elgar contributed $5 in memory of Mrs. B.J. Saver. An anonymous donation left the hospital $300.

Hospital administrator informed the board of directors that only $18,000 remains to be raised for the new laboratory building. The project cost a total $538,304.

There are indications that the Ministry of Health may restrict the funding to WDMH to under five per cent for the coming fiscal year. In this case, board members were told the hospital will find balancing the budget a difficult task.

Queen's Park Report

BEEF TASK FORCE REPORTS

Agriculture Minister Dennis Timbrell has tabled the report of the Beef Agency Marketing Commission in the Ontario Legislature. The report proposes a major overhauling of our system of selling cattle in the province. This week, I would like to take a look at some of the task force's findings and recommendations.

Currently, a significant proportion of cattle are sold in private arrangements between cattlemen and meat packers. The task force proposes that the private sales be done away with in favor of a marketing system administered by a new Ontario beef marketing agency. The system would be open to public view and all beef producers would have access to the kind of meaningful price information that the industry requires to operate efficiently.

The new Agency would include representation from all sectors of the beef industry. The board would be appointed by the Ministry for the first two years and elected by all cattlemen after that. The report also recommends that the Ministry provide a start-up grant of $250,000 to help offset organization and operation costs.

By eliminating drovers, the middlemen in the cattle selling system, the task force believes that the changes it proposes can boost farm profits with little or no impact on retail prices.

Our $1.2 billion red meat industry is important to the economy of Stormont, Dundas and Glengarry as well as to the economy of Ontario as a whole. The report of the Beef Marketing Agency Commission is now being discussed by producers across the province. Out of these discussions should come a cattle marketing system that is fair to both the beef producers and consumers of Ontario.

If you need information pertaining to the Ministry of Agriculture and Food, please contact your local Agricultural Representative. Dundas County - Mr. R.A. Humphries, Box 488, Winchester, Tel. 774-2313.. Glengarry County - Mr. G.J. Smith, Box 579, Alexandria, Ont. K0C 1A0. Tel. 525-1046. Stormont County - Mr. D.C. Miller, Box 655, 109-11th St., Cornwall, Ont. K6H 5T3. Tel: 933-1581.

I recently had the pleasure of attending the annual meeting of the Stormont County Federation of Agriculture. Diane Harkin gave a most informative talk on her trip to China which I found particularly interesting. Congratulations to the Federation on their choice of speaker and to the new executive.

The Ingleside-Osnabruck Rotary Club has celebrated its 10th anniversary. I was proud to be on hand to help commemorate a decade of fine community service for the club.

The Dundas County Federation of Agriculture also has a new executive. Again, many thanks to their outgoing executive and congratulations to the dedicated new people who have taken on the tasks of the Federation.

The official opening of the new Summerstown airport was an exciting event for the residents of the area. The airport will provide service for the United Counties and for the city of Cornwall.

Parks party

MORRISBURG (Staff) - A number of events including a heritage fashion show, an old English country dance festival and a Victorian tea party have been planned for 1985 to celebrate the centennial of Parks Canada.

S,D&G delegate nomination meeting

Arden Schneckenburger was one of six men alternate delegates nominated at last Friday's meeting to select representatives to vote at the January PC leadership convention. Unfortunately, only one could be chosen so the candidates drew names from the cardboard box proffered by Chesterville's Jim Sullivan. Jim Cook was the final winner of alternate delegate status for the riding.

Chesterville Rotary

By C.A. Graham

The Monday night Rotary meeting started with the usual fine supper prepared by our caterer Mrs. Espanoza and sing-song led by Rotarian Chuck accompanied by pianist, Elsie Graham.

Once again the business part of the meeting involved a discussion of how to raise some much needed money. Starting this week the Rotarians will be selling cans of mixed nuts about town as an effort in that direction.

Rotarian Jim Sullivan suggested that we sponsor a Downing program in the arena that proved so successful for the sponsors last year. We will get more particulars at next meeting.

Rotarian Jack Dubois was in charge of the program and his speaker was Rudi Derstroff, who looks after the scouts. There are 62 boys in the scouts, cubs and beavers. The Rotary club has donated $300 to the scouts to help pay the expenses of the scouts who will be attending a large scout meeting in Toronto.

Mr. Derstroff said that they need a cub leader and is looking for volunteers.

Rotarian Jerry Vesterveld thanked the speaker and congratulated him on fine work with the scouts. He was presented with a jar of Nestle's coffee.

Junior C's whip Cornwall

(Staff) - Chesterville Junior C Flyers whipped the Cornwall Twp. Flyers 8-3 at Chesterville Arena, scoring a power-play goal early in the second period.

Mike Ganter started Chesterville off to their win last Tuesday at 10:12 of the first period. Gary Beishem got the assist on Ganter's goal.

Defenseman Vince Cousineau increased the lead, making it 2-0 at 6:23 of the first period. Jerrold Boulanger playing left-wing got the assist.

Play halted at 3:25 after Cornwall's goalie Marc Aubin went down on the ice after a flurry of activity in front of the net. First aid was applied for a cut from a skate blade catching Aubin on the neck. Several minutes later, play was resumed and Aubin finished the game.

Condy Ward set up Kevin Stewart for a power-play goal at 13:19 of the second period, while Chesterville's Rene Boulanger was serving two minutes for tripping. Pat Carson tied it 2-2 for Cornwall with an unassisted goal at 12:51 of the second period.

Kevin Moore and Steven Craig combined on a play, allowing Darren Kelly to put the rubber between the posts at 10:03 on a power-play goal. Cornwall's Darrin Stewart was warming the penalty box on a tripping charge.

Goal four for Chesterville was scored after Carl Bartholemew made a smoking slap-shot which was stopped by Cornwall's goalie Marc Aubin and flew from his stick, over his head, landing neatly in the net. John Guy got the assist on the goal, which came at 9:57.

Cornwall's Ken Wilkens scored on the power-play at 7:54 with Pat Carson and Ron Chisholm getting the assists. Mike Ganter was off for roughing at 8:23. This was Cornwall's final goal of the night and made it 4-3 with Chesterville having the advantage.

Kevin Moore set up Larry Faulkner at the 7:32 mark. With 2:05 on the clock, Dale Simms and Vince Cousineau fed the puck to John Guy, scoring goal six.

After assisting on two goals, Kevin Moore scored Chesterville's seventh goal at 10:20 of the third period. Kelly and Mark Guy got the assists.

With 56 seconds left on the clock, Mark Guy caught the jazz and scored the 8-3 clincher with Moore and Kelly assisting.

Minor Hockey Roundup

Morrisburg edges C Flyers

(Staff) - Two unassisted goals by Morrisburg's Neil Beckstead and another unassisted goal by Chris Sloan edged Morrisburg to a 4-3 win over the Chesterville Peewee C Flyers.

Chesterville's Bruce Belanger opened the scoring at 12:13 of the first period at Chesterville Arena, last Tuesday. Troy Helmer and Steve Bisson got the assists on Belanger's goal.

Chris Sloan tied the game 1-1 with his unassisted goal at 9:40. With less than 6 minutes to play in the period, Neil Beckstead gave Morrisbrug the edge as the teams headed to the dressing room.

Trevor Beckstead, playing left-wing and Dan Casselman on right-wing combined on a play and set up their centre Bob Boulerice to widen the gap to 3-1 at 14:33 of the second period.

Michael Hutt fed the puck to Bruce Belanger to edge Chesterville up 3-2 at 8:25. Belanger and Bisson combined on the play this time setting up Troy Helmer and tying it 3-3 with 39 seconds remaining in the second period.

Third period saw Neil Beckstead get his second unassisted goal of the night, which clinched the 4-3 win with 3:34 remaining to play in the game.

Chesterville 1, Russell 0

(Staff) - Chesterville Atom C Flyers played a shut-out game last Tuesday, beating Russell, 1-0 on the Flyers home ice.

Keith Armstrong playing centre scored unassisted with 13:16 remaining in the first period. Chesterville's goalie Peter Forrester was the net minder for the shut-out game.

The whole Atom C team should be congratulated on their performance. Neither the Flyers or the team from Russell were penalized through the entire game.

Flyers down Royals

(Special) - Chesterville Peewee B Flyers continued to hold down second place in the Eastern Division II of the Upper Canada Minor Hockey League by posting a 4-1 victory over the Kemptville Royals last Friday night at Chesterville Arena.

Flyers' only loss in the league competition this year has been at the hands of the powerful and still undefeated Metcalfe Mustangs.

Last Friday night, Royals jumped off to a fast 1-0 lead with only 2:13 gone in the first period as D. Tataryn beat Matthew Giles, from linemate T. Durrie.

The only redeeming factor in Flyers' play was that each line figured in the scoring. Troy McMillan brought the Flyers even with 6:54 left in the first frame from linemates Kyler Wells and Andrew Henderson.

Then with only 2:30 left in the second, Jason Kennedy and Jeff Miltimore sent David Harper on a breakaway and the youngster made no mistake, giving his mates a 2-1 lead. A little over a minute later, Craig Smith gave Flyers a 3-1 lead on Kennedy's second assist.

With 20 seconds left in the game, Todd Marcellus fired the puck into an empty net, giving his uninspired teammates a 4-1 victory.

Midget B's sack North Leeds

(Staff) - Chesterville Midget B Flyers sacked North Leeds 6-1 on Friday at Chesterville Arena, with a strong second period for Kevin Byers who scored a pair of goals.

Captain John Moran gave Chesterville the edge at 11:53 of the first period after receiving the puck from Kevin Byers and Ricky Bourque (Nelson). About a minute and a half later, North Leeds tied it 1-1 with a goal by Mark M. with Brian Alford and Scott Smith getting the assists.

Ken Byers edged Chesterville ahead, off a play from Moran and Tim Grose.

Second period saw Grose get one this time and James Cheney did the assisting.

With 6:42 left to play in the second period, Kevin Byers got his first goal of the night after John Moran and Dick Geertsma combined a play. Goal five for Chesterville also came off the blade of Kevin Byers. Moran and Ken Byers set Kevin Byers up this time with 19 seconds on the clock in the second period.

Jeff Countryman put the rubber between the pipes to get the clincher for Chesterville. Assisting honors went to Danny Dubois and Rudy Witteveen.

Flyers down Long Sault

LONG SAULT (Staff) - Unassisted goals by Ross Giles and Bobby Van Delst helped the Chesterville Bantam Flyers down Long Sault 4-1, in an exhibition game last Tuesday at Long Sault.

After Long Sault got a 1-0 lead early in the first period, Mike Desormeaux got one back for Chesterville with 10:36 left to play in the period. Ross Giles got the assist for Desormeaux's goal.

With an even eight minutes left to play in the period, Joey Barkley set up Kerry Irven to allow Irven to put the puck between the pipes, giving Chesterville the 2-1 lead.

Ross Giles got one of his own for Chesterville with an unassisted goal at 12:12 of the second period.

Bobby Van Delst got the unassisted clincher with less than five minutes left to play in the third period, making it 4-1 for the Flyers.

Bantam C's lose to Kemptville

(Staff) - It just wasn't Jeff Caird's night or the rest of the Bantam C's either as Kemptville No. 2 downed Chesterville on their home ice on Thursday.

Kemptville's Kevin Tallman put in half of the goals for his team. He started at 1:21 of the first period off a play by Mike Strong and Jeff Lennox.

Lennox set up Tallman on his own, allowing Tallman to put his second goal of the night between the pipes with 52 seconds remaining in the second period. This brought the score to 2-0 in favour of Kemptville No. 2.

Lennox got one of his own off a play by Tallman at 11:26 of the third period. K. Albert then made a pass over to David Sparling, putting it past Chesterville's goalie Jeff Caird.

The Strong-Lennox combination set up Tallman for his third of the night at 6:18, making it 5-0. Strong got one for himself with Tallman setting him up this time at 5:29.

Chesterville finally got on the board with Clinton Young scoring off a Chris Hart pass with 4:32 remaining to play in the game. Hart's goal made it 6-1.

Dunbar still No.1 in Winchester broomball

WINCHESTER (Staff) - Dunbar still remains in first place with Ormond in second and Morewood and Finch in third and fourth place with Dunbar edging Finch 2-1 and Ormond tying Morewood 2-2 in the Winchester and District Broomball League action on Sunday.

Crysler, Toyes Hill, Osnabruck and Newington are ranked fourth to seventh place respectively after Sunday's games.

Gerald Eby started things off for Morewood as he whacked the ball into the net off a pass from Brian Como early in the first period. Rob Scarth of Ormond whisked the ball to Jim McDiarmid, allowing McDiarmid to tie it 1-1 with 19:35 on the clock.

Chris McKibbin scored unassisted to give Morewood the lead at the 18:01 mark.

It was Rob Templeton who started things off in the second period as he passed the ball over to let Keith Young tie the game 2-2 with 16:28 remaining in the game.

Glen Petersen opened the scoring for Toyes Hill at 18:29 of the first period. Bill Steele assisted in the play. Steele got a goal for himself as he received a pass from Glen Petersen with 12:11 on the clock, which made it 2-0.

Deadline, Mondays 5pm

(Staff) - Now that the Minor Hockey season is under way, score sheets from those games, as well as from the various other leagues in action are coming in at a good pace. However, some of the score sheets are coming in as late as 10 or 11am on Tuesday morning. I am asking the coaches or statisticians to please have the score sheets in no later than 5pm on Mondays. There are a few exceptions, where teams play on Monday nights, and I urge these people to continue to bring the score sheets as early as you possibly can.

Your co-operation in this procedure would be greatly appreciated.
