## Barns Destroyed By Lightning

Struck by lightning about 1.30 o'clock last Thursday morning, the barns on the farm of Mr. Garfield Baker, south of this village, were completely destroyed by fire. Consumed with the building were the season's crop of hay and grain, two calves, a hay loader, a wagon, and some other farm equipment. The fire also spread to an adjoining building, used as a pig pen, and levelled it to the ground. Volunteer fire-fighters were successful in saving the drive shed and house which for a time appeared to be in danger.

The lightning bolt shattered nearly all the window glass on the east side of the house, blew the electric switch box off of the wall in the kitchen and blew out all fuses on the premises. It also split three large Maple trees and chewed the ground up beneath them, before jumping to the barn where it started the blaze.

Mr. Baker had gone to Cornwall the night before, as his marriage to Miss Nancy Curry was to take place the next day. He was not informed of the fire until after the wedding ceremony, and as a result postponed his honeymoon trip.

The loss, estimated at about $4,000, was partly covered by insurance. Mr. Baker will build a new barn as soon as a contractor is available. In the meantime, he has sold all his cattle, owing to lack of stable accommodations.

**LATE MRS. C. LEE CASSELMAN**

Mrs. C. Lee Casselman, for many years a highly respected citizen of Winchester, passed away at the home of her son, Mr. Murray Casselman, Montreal, on Friday last. She was the former Mary Christena Beckstead and was in her 80th year. Her husband, who was a former merchant here, predeceased her a few years ago, as also did a son, Dr. Bert Casselman, of Chesterville.

The funeral was held on Sunday afternoon from the home of her sister, Mrs. Geo. Hummell, Chesterville, to Trinity United Church, where service was conducted by the pastor, Rev. W. E. Wright. Interment was made in the family plot at Maple Ridge Cemetery.

## H. S. Student Injured In Fall From Bus

Mora Lee, 13-year-old daughter of Mr. and Mrs. Harry Lee, Vernon, suffered painful injuries last Wednesday afternoon, when she fell off the school bus, as it was stopping in front of her home. Both of her legs were run over by the rear duo wheels of the vehicle, but fortunately no bones were broken. Dr. Morrow, of Metcalfe, was summoned, and after carefully examining the girl's injuries, said that she was suffering from two badly bruised and crushed ankles. With no bones broken, she is expected to make a complete recovery.

Mr. Samuel Robinson, driver of the school bus, which is owned by Mr. W. J. L. Boyd, of town, said that a number of the youngsters were standing up near the front door of the vehicle, getting ready to leave the bus as soon as it stopped. He was unaware that the Lee girl had fallen off until he felt the bump as the rear wheels passed over her limbs, and heard her scream.

Only the day previous, the girl's two brothers were injured in an auto accident at the town-line corner, west of Winchester. All the injured children are reported to be making satisfactory progress.

## OBITUARY

**LATE MRS. SAMUEL KENNEY**

Following a brief illness, Mrs. Samuel Kenney, a highly respected resident of Winchester, passed away at her home on Alexander Street, early last Saturday morning. She was the former Evah Elizabeth Froats and was born at Williamsburg 64 years ago, a daughter of the late Mr. and Mrs. Wm. H. Froats.

Following her marriage to Mr. Samuel Kenney, 38 years ago, she took up residence in this district. Prior to moving to Winchester about five years ago, she resided with her family in Mountain Township and later in the Summers' Settlement.

The funeral, which was largely attended, was held on Monday afternoon from the family residence to the Wesleyan Methodist Church, where an impressive service was conducted by the pastor, Rev. D. W. Summers, assisted by Rev. Wallace MacKinnon, of St. Paul's Church, and Mr. Mervyn Summers, pastor of Hallville and Inkerman Wesleyan Methodist Churches. During the service, Mrs. Sheldon Robinson and Miss Idena Jones sang as a duet: "There Will Be No Disappointment In Heaven."

Following the service, interment was made at South Gower Cemetery. The pall bearers were Messrs. John Fader, Thomas Wylie, George Wilson, Robert Lang, Earl Gallaher and Clarence Deeks.

Besides her husband, she leaves one daughter, Mrs. Floyd Coons; five sons, Bryson and Dalton, of Brockville; Hilliard, of Spencerville; Donald, of Osgoode, and Lloyd, of Winchester; also 8 grandchildren; three sisters, Mrs. Wm. Logan, of Kemptville; Mrs. John Baldwin, of South Mountain, and Mrs. Charlotte Storey, of Kempville; six brothers, John and Bruce Froats, of Ottawa; Elza and Harve Froats, of Hulbert, and William and James Froats, of Dafoe, Sask.

Testifying to the high esteem in which the late Mrs. Kenney was held were floral tributes from the following:—The Family; Don, Ruby and family and Mrs. Allison, Mr. and Mrs. John Froats, Mr. and Mrs. Hillias Froats and Barbara, Mr. and Mrs. John Baldwin and family, Mr. and Mrs. Harve Froats and family, Mr. and Mrs. Elza Froats and family, Mrs. Wm. Logan, Winnie and Gladys, Mr. and Mrs. Howard Richardson and family, Neighbors, W. M. S. of Wesleyan Methodist Church, Mr. and Mrs. Paul Sanders, Mr. and Mrs. W. F. Workman, Mr. and Mrs. Randall Wylie, Miss Jessie Gordon, Mr. and Mrs. Milton Fennell, Mr. and Mrs. Eldon Fennell, Regimental Police O. T. C., Members of Brockville Police Dept.

## Interesting Letter From Major Harold Beach

Following is a letter received by Mr. and Mrs. N. W. Beach from their son, Major Harold Beach, on active service in France, also an excerpt from a letter written on a later date:

August 23rd, 1944.

Dear Dad and Mother:—

Had your letter, Mother, of August 5th, and yours of the 9th, Dad, the other day. Needless to say, I was glad to receive them. The day they had arrived I had written to Mr. Spurgeon Boyd re seeing Nairn's grave in one of our Canadian cemeteries. The crosses give the name, initials, rank, regiment or corps of the soldier buried. I did not know he had been killed when I saw his grave, but later on a letter from Fred Cass said his name was in the casualty lists, so that confirmed it. Another officer was buried on his right but I do not recall the name of the soldier buried on his left. I will try and make another visit to the cemetery. I could not find Bud Utman's grave at that time. Will get the location through Graves' Registration as soon as I have a chance.

As usual I am busy. Last night I was treating German prisoners-of-war, and expect to do the same again tonight. Some of them speak French and in this language we are able to converse with one another. They are almost all glad to be out of the war. One of the medical officers (prisoner-of war) was a Russian captured by the Germans, held prisoner for a year and then forced to go with the German army into France or be killed. He said he was young and did not want to die, so went. Now he is afraid the Russians won't believe him and wants to get to the U. S.

The news is good. Hope it's over soon—just like the Jerries. Best wishes, love and prayers.—Harold.

Sunday, Sept. 3rd.

Have just returned from a short walk during which we looked over one of the flying bomb sites. This one had not been used. Perhaps our advance was a bit too swift for them. A Belgian (came to France after the last war) on whose farm the site was located, told us they had not known that it had been constructed for flying bombs. They were told that guns would be installed "for firing into the sea." In their retreat the Germans requisitioned his car giving him a slip promising payment. He had his car requisitioned in Belgium in the last war and was paid for it, so he has hopes of the same treatment in this case.

## A FRONT PAGE EDITORIAL!

In a letter, which was published in last week's Press, Dr. J. J. McKendry, at present Winchester's only active physician, outlined the need for a hospital in this community. His reasons for suggesting this are only too clear, as those who have had to seek hospital accommodation in the cities, know only too well. He believes that a hospital, located in Winchester, would serve a long-wanted need, and would greatly assist local and district physicians to maintain efficient medical services for this district, at least.

We believe that Dr. McKendry has given this matter much thought and can foresee a situation in medical circles which would leave this community without any medical services whatsoever, if steps are not taken at once to remedy the situation.

It is a foregone conclusion that a hospital will be established within this county sooner or later. Winchester is the centre of the county and strategically situated for a hospital. What are we going to do about it? Are we going to remain silent and inactive, and let some other municipality jump in ahead of us? Or are we going to show that spirit of progressiveness which prompted this community to build the arena, transform the Fair Grounds into a Community Park, etc., and see that steps are taken at once to establish a hospital here? We believe the citizens of this town realize the necessity of having such an institution established here and would be willing to lend both their moral and financial support to such a project, if some organization or group showed some leadership towards the cause.

We have been informed that members of the Municipal Council are in sympathy with the hospital plan. If this is the case, we would suggest that this honourable body call a public meeting of all business men, representatives of the 100 Club, Women's Institute, Church Societies, etc., and with local and district physicians present, thoroughly discuss the pros and cons of the hospital question. This should be done without delay.

We understand that there is a large,well-built residence, ideally located in this village, which could be purchased at a reasonable figure, and without too heavy an expenditure, could be transformed into a hospital which would accommodate at least 25 patients—and in time the building could be enlarged if necessary, as there is plenty of land adjoining it. This is worth looking into.

Dr. McKendry concluded his letter by saying:—"This community can well afford a hospital of 25 beds, which, for the present, would be adequate. Such an institution will be self-supporting, will provide a much needed public service, will add to the health of the community, and will mark a progressive step in the history of this locality.

"Hospital accommodation is a crying need in this locality. It can be be done, and when it is, you will be proud and feel an effort in the right direction has been accomplished.

"Dr. Gross and myself have talked over this project and we feel the time has come for such an undertaking."

The Press concurs with the above statements and is anxious that some movement be started at once towards establishing a hospital here. We will back the project to the best of our ability.

We call upon the Municipal Council to start the ball rolling—and we would like to intimate here that our present council has always displayed a spirit of aggressiveness in the past, and there is every reason to believe that the members will not hesitate to act upon this suggestion.

Citizens of Winchester and district, for your own welfare, it's up to you to take an interest in this matter. A hospital is urgenttly needed here—the time is ripe for establishing one—both the people and present-day physicians realize that a hospital, located in Winchester, would add greatly to the efficiency of medical services, and would be of great benefit to the health of this community.

What are we waiting for? Let us put our shoulders to the wheel and make this hospital plan a reality—not just a dream. It can be done and, unless we've lost all the aggressiveness of our forefathers, it will be done. Mr. Reeve, let us hear from you now!

**ATTENDANCE AT LOCAL HIGH SCHOOL SHOWS INCREASE**

According to the enrolment at the local High School, there is an increase of twenty-five students over the number that enrolled in 1943. The following table shows the attendance of boys and girls in each grade for 1943 and 1944.

## Bessin's Purchase Store Property From Sweet Estate

This week Mr. Hy. Bessin and Mrs. R. Bessin completed an agreement with the estate of the late Aaron Sweet and Mrs. B. L. Carr for the purchase of the property known as "The Big Store," on the corner of Main and St. Lawrence Streets, Winchester. The Bessins' have had this property leased since the death of the late Aaron Sweet, where they continued to operate a general dry goods, grocery and hardware store, and egg-grading station.

This property has long been established as a business centre. Formerly owned by the late Andrew Broder, it was purchased by Mr. Aaron Sweet in the year 1883. He continued to operate the business until the time of his death a few years ago.

Mr. Bessin's intentions are to completely modernize the front part of the buildings early next spring. This will include the erection of a new front on the north side of the store. This portion will be extended out closer to the sidewalk and will be mostly plate-glass and granite blocks.

On the vacant lot, west of the store, Mr. Bessin will erect a new building to be used as an egg-grading station. Of granite block construction, it will be 20 x 40 feet, one storey high. Work on this building has already been started and is expected to be completed next month.

Blue-prints for the new store front are being prepared by the Hobbs Glass Co., of Ottawa.

## WEDDINGS

**BAKER—CURRY**

A marriage of local interest took place at the home of the bride's aunt, Mrs. Margaret Sherman, 328 Victoria Ave., Cornwall, on Thursday, September 7th, when Miss Nancy Paton Curry, daughter of Mr. and Mrs. W. G. Curry, of Montreal, became the bride of Mr. Garfield H. Baker, of Winchester, son of the late Mr. and Mrs. Samuel Baker. The ceremony was performed by Rev. W. S. Atchison, pastor of St. Paul's United Church, Cornwall.

Guests present were the bride's parents, Mr. and Mrs. W. G. Curry, and Mr. and Mrs. Ainslie Ivall, of Montreal, and Mr. and Mrs. Wm. Kittle, of Cornwall.

**DOCKSTEADER—DILLABOUGH**

In the drawing room of the "Ship's Mate' at Morrisburg at three o'clock on Wednesday afternoon, September 6th, the marriage took place of Sybil Christiena, daughter of Mrs. Dillabough and the late Mr. A. Dillabough, of Morewood, to Dr. Dalton Ross Docksteader, of Chesterville, son of Mr. and Mrs. T. Docksteader, of Winchester. Rev. W. E. Wright officiated. Miss Evelyn Marcellus played the wedding music, and the soloist was Miss Helen Barrie.

Given in marriage by her brother-in-law, Mr. Ralph Allison, the bride was attended by Miss Dorene Campbell. Dr. Glenn A. Schiedel was best man.

The bride wore a gown of white sheer over taffeta, with Chantilly lace inserts. Her finger-tip veil was held in place with white flowers. She carried a shower bouquet of American Beauty Roses.

Following a reception, the couple left for Montreal and Quebec City. The bride travelled in a blue tailored wool suit, with black accessories, and a silver fox fur. They will take up residence in Chesterville. Dr. and Mrs. Glen Schiedel, of St. Mary's, Ont., were out-of-town guests.

## Metcalfe Fair Starts Tomorrow

The 88th Annual Exhibition, sponsored by Metcalfe Agricultural Society, is being held on Friday and Saturday of this week, and promises to be the most successful Fair in the Society's history. Entries have been coming in steadily and indications are that all classes will be well-filled. Final arrangements for the big show have been completed, and with ideal weather, there should be a new attendance record established.

An excellent prize list has been issued this year, with many open classes and special awards in each department. Entries are steadily coming in to the secretary, J. E. Craig.

Heavy entries are expected in both heavy and light horse classes and cattle. The "Black and White" day will be featured as usual by the Carleton-Russell Holstein Club, and in addition a new item of interest will be the "Red and White" day for breeders of Ayrshire cattle in the Ontario section of the Ottawa Valley Club.

In sheep and swine classes, worthwhile premiums are offered, including the T. Eaton Co. Limited, special award for bacon hogs, and the calf and swine classes for juniors offers one week's scholarship at Kemptville Agricultural School to winners.

The list for home cooking and manufactured goods has been revised, according to wartime standards, with definite changes in Red Cross and win-the-war sections, girls' garden brigade and school displays. The Women's Institute exhibit will be non-competitive.

The race track has been enlarged and improved, and the sports committee with Hilliard Thompson as chairman, and J. L. Dowser as secretary, have arranged for races in 2.27 and free-for-all classes. During the day music will be provided by a pipe band, with musical chairs as a novelty number. In the evening a concert in the Town Hall and dance in the Armories will complete the day.

As in previous war years. 20 per cent. of all gate receipts will be donated to the gift box fund for boys on active service overseas. All men and women in war service uniform will be admitted to the fair grounds free of charge.

**DO YOU WANT A BOY?**

Bright young boy, 14 years old, would like to locate in good farm home. Is willing to assist with chores and do light farm work in exchange for board and privilege of attending school. If interested, enquire at Press Office. 19-20p.

## FEED NEWS

**STABLE PHOS**

**We are booking up a car of Stable Phos to arrive this month or first of next.**

Stable Phos supplies phosphate and it is claimed that the value of manure is doubled where Stable Phos is used.

Stable Phos prevents accidents by removing slime and slipperiness from stable floors.

Also, Stable Phos has a disinfectant value in the stable.

The use of Stable Phos is increasing each year—it has a double value—first in the stable and then in the soil.

Use about one pound of Stable Phos per animal per day. Spread it in gutters and along the floor or in box stalls.

**Call and leave an order for delivery when the car arrives.**

**The price is $28.00 per ton at the car or $29.00 delivered in ton lots or more.**

### SCHOOL IS IN—DRIVE CAREFULLY

Winchester schools are now re-opened, which means hundreds of local youngsters are on the streets again, before and after school. Motorists, whether they realize it or not, have a duty to school pupils in that they should exercise particular care when passing or in the zones of schools. Not only in town or other urban centres, but also on highways in the rural areas car drivers should strictly observe the signs "Go Slow, School."

Motor vehicle operators should realize that it only takes a moment of inattention to bring a tragedy. Children cannot be expected to be as careful in avoiding street hazards as older persons. This lack must be made up by motorists in observing strict safety requirements. The excuse that the child victim of a fatal or serious accident had "darted out in front of the car" will lack force if it is applied to an accident in a school zone. Operators of cars in such areas should control their vehicles so as to be able to stop them on a moment's notice. Alertness and care on the part of drivers will go far in keeping down the accident rate involving school children.

### ONE-THIRD TAX CUT SEEN POSSIBLE

Assuming that the post-war budget works out along the lines now officially indicated, Dominion Government taxes could be decreased a third within three years of the end of the war, a survey in The Financial Post reveals. For the current year, it is stated, individuals will pay $804 millions in direct taxes, and corporations $648 millions, exclusive of $85 millions refundable, but whether any post-war cuts would be made in the same proportions is not certain.

Says The Post, "Of course, political factors, the trend of national income and public policy regarding the taxing of corporations might vary both the size of the over-all tax reduction and the amount by which either taxpayer would benefit. In addition, there is no certainty that tax relief would be proportionately equal for taxpayers from different income brackets. Politics may bring a 100 per cent. reduction in some brackets, virtually no relief in others."

### MAIL FOR OVERSEAS FORCES

Have you the mailing of Christmas mail to the men and women in the forces overseas in mind?

The Christmas mailing period this year is September 15-October 25. Naturally parcels sent to those serving in the more remote theatres of war should be sent the earliest. Suggested "deadline" mailing dates are:

September 15—The Far East, India, Burma, Ceylon, etc.

October 5—The Middle East area—Egypt, Iran, Iraq, Syria, etc.

October 10—Central Mediterranean forces.

October 25—The United Kingdom and France.

In view of the rapid progress of the war these dates might possibly be subject to change.

However, in the meantime, use them for mailing, and there will be no regrets.

### EDITORIAL NOTES

The next food ration book is to last for 50 weeks, at the end of which time—or before—we hope all necessity for such rationing will have passed and coupons will be valuable only as souvenirs.

Last week the Stirling News-Argus started its sixty-sixth year of publication, and to the Editor and Staff, the Press extends heartiest birthday greetings. Established in the year 1879, the News-Argus has continued to show marked progress, and is today one of Ontario's best weekly newspapers.

September brings the autumn season, and the beginning of Autumn marks the resumption of activities of all the local organizations that have taken a holiday during the summer. Those bodies of interested workers have launched upon another season of labour in the hope that even bigger and better results may be obtained in the coming year, and it is our hope that their ambitions may be realized.

If you are burning dead leaves or rubbish out-of-doors, we caution you to use extreme care, and be sure to see that all trace of the blaze has been extinguished before you retire. A strong wind may come up in the night and unless the fire has been put out completely, it will start the fire going and scatter the embers far and wide—and flying embers can start fire to buildings. A word to the wise is sufficient.

Talking of a hostipal for Winchester, one lady offers a very timely suggestion. Why not make it a "Memorial Hospital," in memory of those brave lads who gave their lives for their country, in both this war and the last one. In most communities, a monument, park, or hall has been erected in memory of their war dead. In Winchester, we have nothing. A Memorial Hospital would serve two purposes, she says. We think it is a good suggestion and one that should be given some consideration.

"A young couple sitting on the veranda steps at the girl's home felt the earth tremble and the steps shook under them. The young woman screamed and threw her arms around the young man's neck."—No, that's not a paragraph from one of our ten-cent Love Story Magazines—it's the way one reporter explained an incident that occurred during the earhquake at Cornwall last week. "I never hugged my husband as tight in my life" was the exclamation of another woman. It certainly takes an earthquake to bring people together.

## Our Column

There is always a great satisfaction in paying your debts—for the other fellow.

Canadian soldier becomes brigadier at 27 and Canada becomes a world nation at 77.

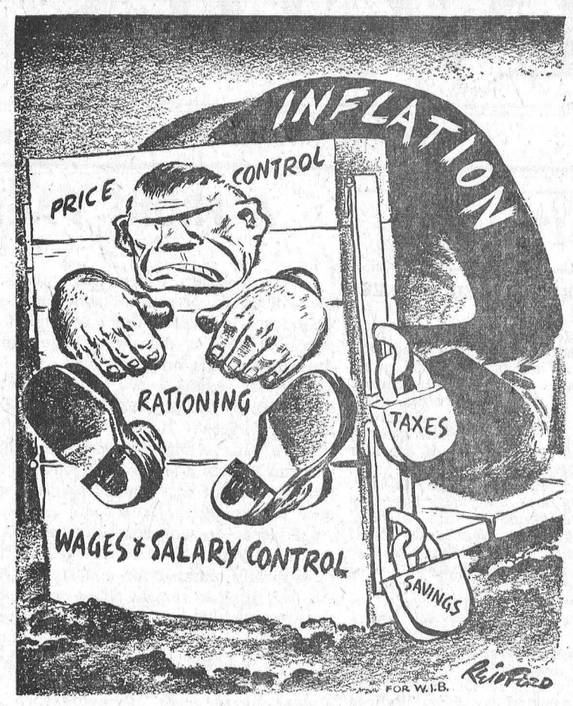
An authority states that "the flower of the German army has been destroyed." Well, to the allied peoples it smelled like garlic anyway.

Don't worry unduly over the fate of civilization. It has more lives than a cat. Eleven layers of civilization have been found in one excavation in Mesopotamia.

Now that there are women freight-handlers it appears the only jobs likely to be left to the men will be pushing baby buggies and washing dishes.

Many a man has thought he heard the trumpet blast of fame, when it was only his loud foolish laughter that echoed through the hollows of his understanding.

The key to every man is his thought. Sturdy and defying though he look, he has a helm which he obeys, which is the idea after which all his facts are classified.—Emerson.



### PRESS WIDELY QUOTED LAST YEAR

Last week-end brought to hand the annual batch of editorial and news clippings from the Dominion Press Clipping Bureau, Toronto. Every paper is interested in seeing to what extent other papers refer to the individual publication, and being human, we went to the trouble to count and sort them.

We find that The Press was quoted 268 times, or an average better than five times for each issue. Press editorial comments appeared at widely separated points—taking in territory from Newfoundland on the east to British Columbia on the west. Newspapers in other provinces included in the list are located in Nova Scotia, New Brunswick, Quebec, Ontario, Manitoba, Alberta and Saskatchewan. Thus it will be seen that the local paper carries the name of Winchester far and wide.

Included in the list of clippings were many from Daily Papers as well as weeklies.

### THE DOCTOR KNOWS

(Ottawa Journal)

The family doctor in innumerable cases fills the role of friend, of confessor, or adviser; he knows the secrets of the family and holds them inviolate. He knows the family in sorrow and joy and tragedy, knows its weaknesses and its strength, and if sometimes this type of physician is ignorant of the very latest advances in medical science, he has on his side a tremendous body of personal experience which serves him extremely well.

## Other Editors' Opinions

### WHO GETS THE BEEF?

(Pembroke Bulletin)

Well, who gets the good beef? We are told that it is the soldiers. Well, nothing is too good for them, but if it goes to the conscientious objectors, or to the Zombies, then it is time for the tax-paying, red-blooded British subjects to kick.

### THE SMITHS HAVE IT

(Trenton Courier-Advocate)

There are 5,118 Smiths in the Canadian Army. 362 of these are William Smiths, of whom 44 come from Toronto. The Browns number 3,071, while the Joneses are only 1,693. It should be no difficulty for the Smiths and the Browns to keep up with the Joneses in this case.

### WHERE IT IS HOT

(Australian News Letter)

When a nursing sister at the hospital at Innamincka, in Australia's centre, removed the thermometer from her patent's mouth, the mercury ran upwards. She tried again and this time read the temperature before she took it out.

Because outside in the sun it was 135 degrees. Treatment was controlled by radio by a doctor in Broken Hill, 300 miles away.

### NAZI WALLS MAY SOON COLLAPSE

(Christian Science Monitor)

How fast and far the crumbling of the German walls will go may be surprising to those who have been thinking of the Battle of France in terms of 1918's trench warfare. Now that the "fortress" walls have been so thoroughly breached on east, south and west, now that so much Allied power is inside, the process of chain-breaking may move like chain-lightning—even into Germany itself.

### TIP FOR FISHERMEN!

(Trenton Courier-Advocate)

Here's a tip for the bass fishermen: When September comes, the water in lake and river and bay becomes much colder and the small-mouth bass leave the depths and night and morning come up into the shallows to feed. Now is the time to use crabs (crayfish), while artificial minnows cast from a boat shoreward are sure to get them. Bass will put up a better fight at this time of year and will often be taken in water three and four feet deep.

### ABSOLUTELY NONE!

(Smiths Falls Record News)

The French newspaper La Patrie, of Montreal, in discussing peace terms, claims that "it is essential that the victors act as victors while respecting the human dignity of the vanquished." That is to say the human dignity of the Nazi Germans who have massacred helpless people by the thousands, made millions their slaves, and even in the past few weeks have murdered captured Canadian soldiers and practiced the most revolting of atrocities upon people in those parts of France which are now being liberated. What human dignity is there among them that should be respected?

Let a DURO Pump be Your Hired Man

RUNNING WATER UNDER PRESSURE SPEEDS FARM PRODUCTION

THE Dominion Government has authorized increased production of farm machinery and equipment which includes Duro Pumping Systems.

We are doing our utmost to produce more Duro Pumping Systems. However, the greatest part of our production is still required for the Armed Forces. We are also handicapped by shortages of materials and labour and it is impossible to produce all the Duro Pumps required.

If running water under pressure will increase your production of farm products, see your Duro Dealer near you. He will gladly assist you in completing the necessary application form which has to be approved by your W. P. & T. B. Rationing Officer.

*Be sure to order a Pumping System large enough to take care of your needs. The cost is only a trifle more and you will be well repaid.*

victorious Canadians enter Berlin . . .

Every Canadian looks forward to that headline. Every Canadian believes that some day soon a great victorious convoy will thunder down the road to Berlin. Huge Canadian trucks . . . Canada's crack battle equipment, and gallant Canadian soldiers, world's finest fighting men, will all be there.

Will you be with them on the road?. . . or at least, on the way?

The smashing defeats we must inflict upon the enemy before that day, however, cannot be won except by fierce, determined fighting . . . and the First Canadian Army, you may be sure, will help to deal the hammer blows that punch the way along the Berlin road.

That's why Canada's Army needs men and needs them NOW!

Join for General Service TODAY!

When Peace has come, you'll be proud to know (and know that the world knows) you had your place in the mighty force that fought its way to final VICTORY.

## KARS NEWS

### Kars Red Cross Shipment

Kars Red Cross shipped the following in August: 2 baby's blankets, 24 diapers, 1 pr. each of baby's bootees and mitts, 1 sleeveless sweater, 1 long-sleeved high neck sweater, 1 pr. women's knickers, 2 pr. service socks, 5 infants' nightgowns, 6 suits pyjamas, 8 quilts. A number of articles were selected and sent to Richmond Fair for the Red Cross entry. The workers were very pleased to learn that this entry won first prize.

On Friday, September 15th, the Mobile Blood Donor Unit will hold a Clinic at Kars where it is hoped that the good record already made will be upheld.

### Ladies' Guild and W. A.

The Sepember meetings of the Anglican Ladies' Guild and W. A. were held at the home of Mrs. Winston McLeod on Wednesday evening last. Owing to the absence of the president of the Guild, no special business was discussed. The W. A. was presided over by the President, Miss E. Drew, with Mrs. H. Rice acting as secretary pro-tem. A very interesting letter from the newly appointed Prayer Partner, Miss Audrey Morris, was read by Mrs. Drew. Mrs. Drew also drew attention to several interesting items in the "Living Message." Mrs. H. James read the annual Little Helpers' letter, and the members voted $5 towards purchasing hospital supplies. A sum of money was voted for Dorcas work. Tentative plans were made to have Miss Dorothy Dumbrille, of Alexandria, give a recital of her poems sometime in October, the date to be decided by Miss Dumbrille. The annual United Thank Offering was taken at this meeting by the U. L. O. secretary, Miss Helena Lakeman. The next meeting will be held at the home of Mrs. Alex McLeod when the W. A. bale will be packed.

The Continuation and Public Schools at Kars opened on Tuesday. The staffs for this year are: Mrs. Hyers and Miss Hill, principal and assistant of the Continuation School, and Miss D. Clingen and Mrs. L. Templeton in the Public School.

### HULBERT W. M. S.

The monthly meeting of the Hulbert W. M. S. was held in the Hulbert Church on Wednesday last, at 2 p.m. The meeting opened with the President reading a poem. A hymn was read in unison as a prayer. The introduction of the new Study Book, "West of the Date Line," was given by Mrs. Harold Mellan. Prayer was offered by Mrs. Christopher Mellan and Mrs. Herbert McQuaig. Readings were given by Mrs. Howard Mellan and Miss Florence Roode.

Mrs. Howard Mellan is in charge of the program for October. Christian Stewardship was given by Mrs. C. Mellan. Friendship's Corner was given by Mrs. Arthur Graham, and a Temperance reading by Mrs. Wm. Flegg. The meeting closed with the Lord's Prayer.

### ST. PAUL'S W. M. S.

St. Paul's W. M. S. was held at the Manse on Tuesday, September 12th, with the President in the chair. The meeting opened with prayer by the President, and a hymn sung, followed with the reading of the 40th Psalm by the President. The minutes of the last meeting were read, also correspondence given by Mrs. Hay in absence of Miss Empey. The treasurer's report was read by Mrs. Suffel. The Fall Thank Offering was discussed but it was decided to wait until further notice. It was moved by Mrs. Wm. Johnston and seconded by Miss Irving that we have our family night at our regular October meeting, and invite the Vernon ladies. Roll was called and 13 responded with a verse of Scripture containing the word "Trust."

The offering was taken and departmental reports given. Mrs. Robinson gave a report of the supply work and also read a letter from Rev. Mr. McLeod regarding bale sent to the fire-stricken area at Val Dor.

As Mrs. Porteous was convenor of the programme, she and her committee then took over. Mrs. MacKinnon read the 115th Psalm, and prayer was offered by Mrs. R. J. Empey. Mrs. Porteous then gave an interesting paper on India. The meeting closed with all repeating the Lord's Prayer in unison, after which Mrs. MacKinnon served candy.

### BURNED BY GASOLINE. ELEVEN-YEAR-OLD BOY DIES

The death occurred last Thursday morning of Ernest Fleming, 11-year-old son of Spr. James Fleming, of Chesterville, now overseas. The boy, who was visiting an uncle, Mr. Jennings, of Mountain Township, was present when the latter was putting gasoline into an engine on the farm. Unnoticed, Ernest took up the wires leading from the battery and was producing a spark. This spark ignited the fumes from the open gasoline can, and the boy's clothing took fire. It is said the surface of his body was eighty per cent. burned. Little hope was held out for his recovery, but he was given the best of medical care, prior to his passing.

Ernest, his brother, and mother, have made their home with Mr. Frank Hummell, Chesterville, where the husband was employed before going overseas.

### CAPT. "BILLY" MacPHAIL KILLED IN FRANCE

Capt. W. W. "Billy" MacPhail, former aide de camp to Lt. Gen. E. L. M. Burns, is reported killed in action in France according to recent news received by his mother, Mrs. Beulah Shaver MacPhail, 395 Albert St., Ottawa. A member of the Governor General's Foot Guards, his death is reported to have occurred August 22nd.

A native of Moose Creek, Ont., he was educated at Winchester and Ottawa schools.. Formerly employed at the Bank of Canada, Ottawa, and at Dustbane Products Ltd., he enlisted in the army in 1939, and for the past 2 1-2 years had served overseas. Attached to the staff of Gen. Burns as aide de camp, he remained one year, joining his unit in August as it embarked for France. His death occurred shortly after his arrival in France.

Well known in the Capital, Capt. MacPhail was a prominent member of the Ottawa Drama League. He was a member of the cast of "French Without Tears," which play won the Drama Festival at London, Ont., in 1938.

He is survived by his mother, a younger brother, Milton, with the R. A. F. in India, and a sister, Beryl, who is connected with the British Admiralty at Washington.

### MOUNTAIN BOY KILLED ON ACTIVE SERVICE

Mrs. Millie Wood, of Mountain Township, received the sad news recently that her son, Gunner Freddie Franklin Wood, had been killed while on active service in France on August 8th.

Gunner Wood was born at Mountain Station on Nov. 1st, 1908, and was in his 36th year. He attended school at Mountain and Hallville and was prominent in sports. He was also a member of Hallville L. O. L.

Eighteen years ago he went to Western Canada. When the war broke out he enlisted at Moose Jaw, Sask., going overseas with the First Canadian Division in 1939. He was wtih the Canadian Troops at the time of the Spitsbergen Raid, Norway, and also in the Dieppe Raid, where he was wounded. He went to Frannce with the Invasion Forces in June.

Besides his mother, he leaves two brothers, Charles, of Mountain, and W. H. Wood, of Rochester, N. Y.

### PROUD OF HIS PRODUCT

This Army baker, Pte. Gordon McMaster, of Brighton, Ont., proudly displays an iced cake which he turned out at a cooking school operated by the Royal Canadian Army Service Corps in England. Army cooks must learn how to bake bread, buns, pies and other staples as well as more fancy products, and to bake under field service conditions far different from the modern kitchens of permanent Army camps.

## What Does Inflation Mean to You and Me?

**Why, we couldn't buy enough food to keep our families healthy under inflation. For wages and salaries never catch up to prices when they start to soar!**

**How would we like to pay $1.10 a dozen for eggs? You say it *can't* happen? Don't forget it's already happened right here in this Dominion, during the last war. And it will happen *again* . . . unless we're on our toes to keep the cost of living down. Every Canadian must face this challenge! It's our responsibility.**

**But be of good heart. Living costs have risen LESS in Canada than anywhere else. Canada *leads the world* in the fight against inflation.**

**HERE'S HOW IT'S DONE—**

**In 1941, Canada determined to *control* the cost of living. Price ceilings were established on wages, rentals and commodities; subsidies were paid on essential foods; goods in short supply were rationed . . . so that *everyone* could get their fair share at a price they could afford to pay!**

**But control of prices is a two-way responsibility. It needs *your* support if it is to continue working effectively.**

**So make this Pledge Today!**

**I PROMISE to give my support to keeping the cost of living down. I will buy only what I need—I will observe the ceiling whether buying or selling goods or services. I'll pay off old debts, save for the future, invest in Victory Bonds and War Savings Certificates—and will support taxes which help lower the cost of living.**

# OBITUARY

### LATE HENRY BARRIGAR

In ill health for some time, Mr. Henry Barrigar died in a Brockville Hospital September 1st, in his 81st year. Mr. Barrigar was a brother of Mrs. James Slater, of Winchester. The funeral was held on Sunday afternoon from the Hammond Funeral Home, Spencerville, with Rev. L. H. Sommerville conducting the service. Interment was made at the Knight Cemetery. Rev. H. Higginson officiated at the graveside service. Mr. Barrigar's wife, Sarah Erratt, predeceased him 21 years ago. One son, Delbert, survives.

### LATE HENRY KEOGH

There passed away at the General Hospital, Ottawa, on September 5th, Henry Keogh, in his 69th year. The deceased left Ireland at the age of nineteen, and after travelling over the greater part of the United States and Canada, came to the home of J. T. Mulloy, Inkerman, 28 years ago, and remained there till his death. One year ago he had an operation for double hernia at Hotel Dieu Hospital, Kingston, and while there he was given four blood transfusions for hemorrhage of the stomach. He has been in failing health since then. He was taken to the Water Street Hospital for treament on August 28th.

The remains were brought to Armstrong's Undertaking Parlours and requiem mass was celebrated in St. Daniel's Church, South Mountain, on Thursday, Sept. 7th. The body was laid to rest in the Mulloy family plot. The pall bearers were Messrs. Jas., Thos. and Lawrence Mulloy, Lawrence Cameron, Harry Deeks and Avery Francis.

Two sisters and one brother of the deceased live in Ireland.

### SUGAR RATION MAY BE REDUCED SOON

Prices Board Chairman Donald Gordon said this week that the world sugar supply is "in such a precarious state we may even have to face the possibility of some cut in the sugar ration." The statement was made in a reply received Monday to a telegram sent by Toronto Controller Fred Saunders asking for more canning sugar for rural communities.

Controller Saunders' telegram said fruit was going to waste because of lack of canning sugar. Explaining that no considerations can be given at present, Mr. Gordon said:

"I think it can be safely said that the sugar supply position represents the most difficult situation we have to face today in any rationed commodity."

The Food Administrator has also announced that there is a shortage of butter, and has asked all miliary camps to go easy on both butter and sugar. Civilian rations in both these products will likely be temporarily reduced if the situation doesn't improve.

### NEXT VICTORY LOAN OPENS ON OCTOBER 23rd WITH AN OBJECTIVE OF $1,300,000,000

Finance Minister Ilsley this week gave Canadians a new high target of $1,300,000,000 for the Seventh Victory Loan campaign which, he announced, will open Oct. 23.

The $1,300,000,000 figure, which he described as "the minimum objective," is $100,000,000 above the objective of the Sixth Victory Loan campaign which last May yielded $1,407,547,650.

In his announcement, Mr. Ilsley said the borrowing requirements for the current fiscal year still stood at the $3,200,000,000 figure estimated in his budget speech June 26. Provision has been made in the budget for uncertainties, and it appeared likely that an increase of $500,000,000 might have to be made in estimates of war expenditures.

Individual subscriptions have an objective of $600,000,000 in the October campaign, a $75,000,000 increase over objective in the sixth loan.

### WORLD LEADERS MEETING AT QUEBEC

This week Prime Minister Winston Churchill, of Great Britain, and President Franklin D. Roosevelt, of the United States, together with their chiefs of staffs and other high ranking officials, assembled at the Chateau Frontenac, Quebec City, for an important War Conference. This historic meeting of the two great leaders is expected to settle issues regarding the war with Japan, and no doubt plans will be made for bringing about her early defeat as soon as Germany's surrender has been forced. It is also expected that post-war policies will be settled. Prime Minister King is acting as host to the distinguished parties, during their sojourn in Canada.

### HOUSE IS DAMAGED

The old "Wallace Home," a pioneer stone house at Iroquois, now owned by George Renwick, sustained $2,000 damage as a result of the earthquake last week. The building, a ten room structure, with walls two feet thick, took a rough ride under the earth vibrations, and had many of its original stones jarred out of position. This was the only serious damage done in the village.

ANSWERED BY THE
**VOICE of PROPHECY**
INTERNATIONAL BIBLE BROADCASTER

**Question—What was the Son of God like when He was with the Father in creation? Did He have a form?**

Answer—We must let the Word answer. "Let this mind be in you which was also in Christ Jesus: who, being in the form of God, thought it not robbery to be equal with God: but made Himself of no reputation, and took upon Him the form of a servant, and was made in the likeness of men: and being found in fashion as a man, He humbled Himself, and became obedient unto death, even the death of the cross." Philippians 2:5-8.

**Q.—Since Genesis 5:24 says that "Enoch walked with God: and he was not; for God took him," don't you think that Enoch was the most loved of all the Old Testament characters?**

A.—Whether or not he was the most loved we cannot say. Abraham was called the "Friend of God" (James 2:23), and the prophet Elijah was translated, as Enoch also had been. (See 2 Kings 2:11.)

**Q.—Please tell me where we have the scriptural example for calling our pastors "Reverend."**

A.—The Scriptures use the word "reverend" once only, and then it is applied to God. The text is Psalm 111:9: "He sent redemption unto His people: He hath commanded His covenant for ever: holy and reverend is His name."

**Q.—Are not the angels the souls of our loved ones who have gone before?**

A.—Angels existed before anyone had ever died; therefore, they are not the souls of the dead. Read Genesis 3:24, where we are told that cherubims (angels) were placed as guards to the tree of life in Eden. And this was before Cain killed Abel.

**Q.—I have had heart-break in family affairs and much trouble. Do you consider it proper to ask for the prayers of others in such matters?**

A.—While in personal matters it is generally best to maintain a becoming reticence, it is also most proper to seek help in prayer. The apostle Paul gives good advice in Philippians 4:6,7, where he says: "Be careful for nothing." By careful is meant full of care, nervousness, tension, worry, sleepless nights, etc. But how are these things to be avoided when our affairs go wrong? By reading the whole passage, we find the answer: "Be careful for nothing; but in every thing by prayer and supplication with thanksgiving let your requests be made known unto God." Give your heart to Christ—in His keeping there is peace. He says to His friends: "Peace I leave with you, My peace I give unto you: not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid." John 14:27.

"Don't say that," moaned the sick man. "It's only the hope of dying that's kept me alive so far."

### FAWCETT WINS BOTH GRAND CHAMPIONSHIPS IN STRONG SHOW AT SOUTH MOUNTAIN

The Dundas Black and White Show held at South Mountain September 1st in conjunction with Mountain Township Fair was a very strong show, even surpassing the high standard set last year. The 79 head shown by 9 exhibitors all came out in great form and keen interest in the placings of Judge James R. Henderson, Portsmouth, was shown by the large ringside. W. J. Fawcett, Winchester, carried off both Senior and Grand Championship awards and also exhibited the Junior Champion Female. His entry in the aged bull class, Montvic Rag Apple Supreme, was named Senior and Grand Champion male, and his winning dry Aged Cow, Wilola Car Born Bell, took the Senior and Grand Championship award for females. His junior heifer calf, Willola Lula Pathfinder, was named Junior Champion female. Reserve Senior and Grand Champion male was the aged bull, Willola Sir Rag Apple Car Born, exhibited by John W. Guy, Inkerman, while the Reserve Senior and Grand honors for females went to W. R. McMenomy & Sons, Inkerman, on their dry aged cow, Sallie Bonheur Pontiac. W. R. McMenomy & Sons also took Reserve Junior honors on the Junior bull calf, Harwil Rag Apple Admiral, and had the Reserve Junior Champion female in the Senior Heifer class, Harwil Rag Apple Addie. Altogether 6 exhibitors won at least one first prize. W. R. McMenomy & Sons had nine, W. J. Fawcett, seven, and D. W. Cameron, Mountain, J. Dwight Dawley, Winchester, Ronald Carkner, Vernon, and W. O. Dixon, Chesterville, one each.

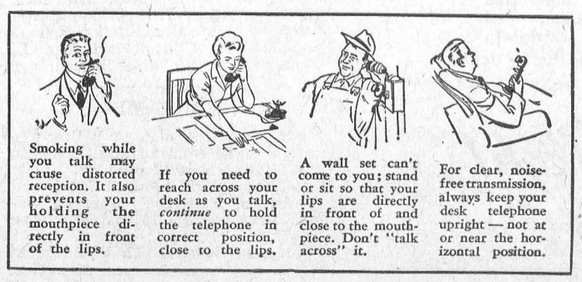
CHECK THIS DISTANCE
Engineers designed the mouthpiece of your telephone to give best results at *one-quarter of an inch* from the lips. When your lips are farther away than this, your voice is transmitted less strongly . . . less clearly.
Failure to remember these simple facts accounts for the great majority of "trouble" reports.
Help avoid needless service check-ups, and at the same time let those you talk to hear you without strain. Just remember: *Talk clearly, normally, directly into the telephone, with your lips just one-quarter of an inch from the mouthpiece.*
*On Active Service* THE BELL TELEPHONE COMPANY OF CANADA LONG DISTANCE TELEPHONE *Giving Wings to Words*


Smoking while you talk may cause distorted reception. It also prevents your holding the mouthpiece directly in front of the lips.
If you need to reach across your desk as you talk, *continue* to hold the telephone in correct position, close to the lips.
A wall set can't come to you; stand or sit so that your lips are directly in front of and close to the mouthpiece. Don't "talk across" it.
For clear, noise-free transmission, always keep your desk telephone upright — not at or near the horizontal position.

# THE MIXING BOWL

By ANNE ALLAN
Hydro Home Economist

Hello Homemakers! Co-operation and working together for a common cause are more important to-day than at any time during the last decade—and the women of Ontario are rising to the occasion. An analysis of our mail will vouch for that. ...od old-fashioned neighbourli- and willingness to share with ...are expressed in your let- ...ey are reminders of those ...n neighbours everywhere ...a loaf of bread for a jar over the back fence. ...ant of this growing to- ...e times that Mrs. M. recipes gathered during war and sends them for you and me. We do appreciate all suggestions and discussions pertaining to our problems.

**Spiced Cottage Pudding**

Suggested by Mrs. C. B.

1-2 cup shortening, 3-4 cup sugar, 2 tbsps. honey, 1-2 tsp. cloves, 1-4 tbsp. cinnamon, 1 tsp. baking soda, 2 cups sifted flour, 3-4 cup water.

Cream shortening, add sugar and cream well together. Add honey. Mix cloves, cinnamon, baking soda and flour. Add water alternately with the flour and spices. Stir well and pour into greased cake pan. Bake in a slow oven of 325 degrees F. for 1 hour. Serve hot with Grape Sauce.

**Grape Sauce**

Suggested by Mrs. D. M.

8 cups grapes, 6 cups granulated sugar.

Wash and crush grapes of any variety. Cook slowly on electric element turned low for 15 minutes. Press through a coarse sieve. To the pulp add the granulated sugar. Mix well and cook for 15 minutes, stirring frequently to prevent scorching or sticking. Seal in sterilized jars for future use. Serve with puddings or ice creams.

**Melon Ambrosia**

1 cup melon, cubed; 1 cup diced watermelon, 1 cup sliced orange, 6 tbsps. powdered sugar.

Mix all ingredients and chill thoroughly. Pile into sherbert glasses and serve garnished with fresh mint leaves. Yield: 6 servings.

**Damson Plum Conserve**

(Requested)

2 pounds Damson plums, 1 chopped orange, 1 pint water, 1-2 cup of raisins, 2 2-3 cups sugar, 1-4 cup of nut meats (if obtained).

Pit and halve the plums, put through food chopper or cut in small pieces. Cook the chopped orange with the 1 pint of water for 20 minues. Add plums and raisins and cook until about one-half the liquid has evaporated. Add sugar and cook rapidly until mixture will heap up on a spoon. Add nuts and pour into hot sterilized jars. Paraffin and cover.

Varieties of apples good for cider are Baldwin, Golden Russet, and Gravenstein.

Varieties of apples good for baking are Tolman Sweets, Northern Spy, McIntosh Red, Baldwin, Wealthy and Baxter.

**Coddled Apples**

2 cups boiling water, 1 or 1 1-2 cups sugar, 6 apples.

Make a syrup by boiling water and sugar together for 5 minutes. Core and pare apples, lower into syrup and cook slowly. Cover and watch carefully. When tender lift out apples, add a little lemon juice to the syrup and pour over the apples.

**TAKE A TIP**

1. To plant slips of geraniums, etc., put some lumps of charcoal in the pot—wood ash charcoal keeps the earth sweet.

2. For potted plants on the window-sill, use glass gliders that you buy for furniture. They are convenient to use on a narrow ledge.

3. Always water plants with a little warm water—preferably at night.

4. Do not forget to pot some parsley. It grows easily and supplies a summer green for winter salads.

**THE QUESTION BOX**

Mrs. G. S. asks: How can the flat flavour of fish be prevented?

Answer: Sprinkle well with salt and let stand a few hours, then rinse off. Soaking fresh-water fish in water destroys flavour.

Mrs. B. J. asks: Recipe for Boiled Salad Dressings without eggs.

Answer: 3-4 tsp. mustard, 1 tsp. salt, 1-8 tsp. pepper, 1-4 tsp. celery salt, 1 tbs. flour, 1 tbs. sugar, 1 cup cream, 3 tbsps. vinegar.

Mix dry ingredients together; add cream and stir until blended. Then add hot vinegar and cook until smooth and creamy. (3-4 cup milk and 1-4 cup melted butter may be used instead of cream).

Mrs. N. M. asks: Why do meringues liquefy on some pies and not on others made from the same beaten egg whites?

Answer: Filling should be cooled slightly before meringue is put on or meringue will liquefy underneath. Beaten egg whites should be kept cool and should not stand too long before used.

**SCHOOLS URGED TO CONTINUE THEIR FINE WAR SAVINGS RECORD**

In a circular, sent out to all schools in Dundas County, Inspector W. J. Stewart included the following information on War Savings Stamps and Certificates:

"Investments of pupils in Elementary Schools of the Province last year exceeded $1,800,000. Dundas County pupils sold or invested to the extent of $8557. An investment of $10,000 would have given the schools the honour of having had a training plane named for the County. Do you think the schools can reach an objective of $10,000 for this school year? I do. This would mean that the pupils must either buy themselves or sell to other people a minimum of $1000 worth per month. Let us all see just how good a start can be made during September. I believe that the older pupils could locate people in the community who would pledge themselves o purchase each month say one certificate of the denomination $5, $10, etc. If one pupil in each school would get one person to purchase a $5.00 certificate each month, this alone would amount to an investment of $2760 during the school year. Of the eleven inspectorates in Eastern Ontario, Dundas County was third last year. Stormont and South Frontenac were ahead of us, each gaining the coveted honour of having planes named for them. Teachers and pupils! Let us put Dundas County over her new objective of $10,000 for 1944-45!"

"I have again the offer of Mr. Albert Turner, Reeve of Winchester Village, to present a $5.00 certificate to the pupil selling the largest number of stamps to anyone, during the Autumn term. Teachers please report on this at end of December, giving name of pupil, and certifying the value of stamps sold."

Farmer Corntassel retired and moved to the city. In the morning after spending the first night in the new home, his wife said: "Well, Pa, ain't it about time you was gettin' up to build the fire?"

"Nope, not me," he replied, "we might as well git used to these city conveniences right from the start; I'll call the fire department."

DONT LET IT FLY OUT THE WINDOW!

That *post-war car*—or radio, or home—may never materialize should you decide to "cash in" now on the Victory Bonds you have been buying so faithfully.

Your need for ready cash may be urgent: for taxes, or a sudden illness, or one of a hundred other emergency situations. But if you sell, you not only reduce your share in the *financing* of the war . . . you also reduce your chances of ever owning what you had planned to buy, *after* the war.

So don't sell your Victory Bonds. Instead, use them as security for a bank loan. Pay off your loan by convenient instalments . . . and get your Bonds back when the loan is repaid.

**YOU CAN *ALWAYS* BORROW ON YOUR VICTORY BONDS**

Any branch of The Royal Bank of Canada will immediately lend you money on your Victory Bonds at special low rates. It's an important *extra* reason for buying all you can.

*about the things you buy in wartime*

When you go to a store to buy and can't get the things you want, remember that war upsets the whole machinery of production and supply. This is true not only in Canada but throughout the whole world.

As Canada is devoting over half her production making things for war it is inevitable that civilian supply must be reduced.

We just can't produce all the things required to fill the greatly increased civilian demands, but production efforts are being directed to see that the best use is made of materials and labour that are available for the production of civilian goods.

Remember these facts when you have difficulties in your shopping.

Chairman
Wartime Prices & Trade Board

THE STORY OF
CHILDREN'S UNDERWEAR

OBVIOUSLY babies and children must have underwear. So—the Wartime Prices and Trade Board has given special attention to the production of these garments.

The problem has not been so much one of a lack of raw materials, but of getting the raw materials (wool, cotton, rayon), spun into yarns—and then knit into garments. Canada has never produced all the wool, cotton and rayon yarn she requres. We have always had to get a substantial part of our requirements from other countries, even in peacetime. But since the war, there has been an acute shortage of underwear yarns everywhere.

There has been a greatly increased demand in addition to production difficulties. The efforts of the Board to meet the problem are given below.

**THE INCREASED DEMAND RESULTED FROM·**

More babies . . . It's apparently always the way in wartime.

Reduced use of second-hand or "hand-me-down" garments.

Extra buying . . . Perhaps too many people wanted to be "on the safe side."

Increased consumer buying . . . More people with more money.

Less home sewing . . . Mothers have been working outside the home.

Huge demand for underwear by Armed Forces.

**MORE UNDERWEAR: but still not enough!**

The reason is that it just has not been possible to produce with the skilled workers and machines available to the United Nations enough yarn and garments to meet the increased demands all over the world.

**WHAT HAS BEEN DONE ABOUT IT**

✓First of all the Board found out the kind and quantity of garments Canadian children must have.

✓This showed that the public is asking for more than is actually needed.

✓So plans were made to see, by directing production all down the line, if we could meet the swollen demand as nearly as possible.

✓Each manufacturer was told to produce an increased number of garments.

✓A constant check is kept on mills to see that they are producing the required number.

✓Manufacturers not previously making children's underwear were induced to go into its production. An additional 600,000 garments will be provided this year from these sources.

✓Negotiations were conducted with production authorities in other countries for supplies of yarn to Canadian knitters for use in children's underwear.

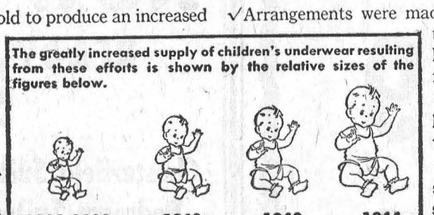
✓Primary cotton mills were required to divert spinning facilities from fabric manufacture to the spinning of underwear yarns.

✓Arrangements were made through National Selective Service to direct more labour to the underwear mills.

✓A special campaign was launched to enlist part time workers.

✓Distribution to retail stores was organized to ensure equitable supply to all areas.

**The greatly increased supply of children's underwear resulting from these efforts is shown by the relative sizes of the figures below.**



1935-1939 average | 1942 | 1943 | 1944

# LOCAL AND DISTRICT NEWS

**New Assessor Appointed.**

At a recent meeting of the Municipal Council, Mr. Robert Geggie was appointed to succeed Mr. H. S. Carkner as Municipal Assessor. Mr. Geggie has already started his duties and to date his work indicates that he is going to make a very efficient civil servant.

**Mailing Lists Corrected.**

The Press Mailing Lists have been corrected up to Friday, September 8th. Subscribers are asked to check their labels and if proper credit has not been given, to please notify this office at once so that any errors may be rectified. If your subscription is due, it should be paid promptly, as all overdue subscriptions will be dropped from our lists in future.

**United Church Announcement.**

The regular services for September 17th at 10.30 a.m. and 7.30 p.m., also 3 p.m. at Harmony, will be conducted by the Rev. Thos. Bird, of East Templeton, who will be the guest speaker for the day. Rev. Mr. Bird is a comparative stranger here, having resided in the Canadian West until a few years ago where he held some important positions. It is desirable that there will be full attendance at each service.

**Are You Guilty?**

The Board of Managers of St. Paul's Presbyterian Church report that certain parties have been in the habit of depositing rubbish, etc., in the church sheds, and that from time to time men have to be hired to clean the premises. These church sheds are private property and should not be used as a place for depositing rubbish. If you are guilty of this offence, please discontinue the practice, as the Board is anxious to keep the sheds in a tidy condition.

**Publishes New Book of Poems.**

The editor is indebted to Mrs. Dorothy Sproule, noted Canadian Poetess, for a complimentary copy of her new book of poems, entitled: "Poems of Life." The book is dedicated to her son, Hubert Sproule, who died at the early age of 28 years. He will be remembered by many here, as he attended school during the time his father was pastor of the local United Church. The introduction to Mrs. Sproule's new book was written by Lloyd C. Douglas, author of "The Magnificent Obsession." We will publish a review on this book in our next issue. In the meantime, we extend our sincere thanks to Mrs. Sproule for sending us the booklet.

**Married At Williamsburg.**

The marriage took place at the Williamsburg United Church on Tuesday of Miss Ruth Genevieve Locke, daughter of Mrs. Locke and the late Dr. M. W. Locke, of Williamsburg, and Flying Officer William Lennox Rowe, son of the Hon. and Mrs. W. Earl Rowe, of Newton-Robinson.

**Predict Early Fall.**

Despite warm weather this week, and cold weather, says the Gananoque correspondent of The Canadian Press. A number of flocks of wild geese were seen flying over that town in a southern direction. Authorities on such happenings claim that this is a sure sign of an early fall and cold weather.

**Will Sell House.**

Recently the Municipal Council purchased from Mr. Neil Holmes, the lot and residence on Centre Street, adjoining the town hall. Reasons for acquiring the property was that the lot north of the Town Hall was needed if, at any time, it was decided to enlarge the hall. The Council, having no particular need for the house, is now offering it for sale, according to an Advt. appearing in the Press Classified Columns.

**Earthquake Felt Here.**

About 7.30 o'clock last Saturday night, there was a rather pronounced earth tremor, which was distinctly felt in Winchester. It was the heaviest one since the earthquake that caused $1,000,000 damage in Cornwall last week. The epicentre of the Saturday evening earthquake was said to be on Cornwall Island. No damage was done here, but Cornwall reports additional damage, and the opening of the Vocational School was postponed indefinitely.

### ST. PAUL'S LADIES' AID

St. Paul's Ladies' Aid Society held its regular meeting at the home of Mrs. R. J. Empey on Thursday afternoon last, with a good attendance of members present. Opening devotions were conducted by Mrs. S. Anderson. Many items of business were disposed of. Miss Sybil Empey rendered a piano solo. The meeting opened with "O Canada," and closed with the National Anthem. Homemade candy was served at the close.

### MUNICIPAL COUNCIL MET ON WEDNESDAY

As Monday, September 4th, was a holiday, the regular monthly meeting of the Municipal Council was held on Wednesday evening last, with Reeve Albert Turner presiding, and the following council members present: Councillors C. R. Robinson, W. C. MacDonald, John Fader and F. Erle Helmer, and the clerk-treasurer, E. M. Shaver.

Municipal accounts totalling the sum of $336.26 and Hydro Accounts of $1284.34, were passed and ordered to be paid.

Regarding fire equipment and other matters, Council decided to meet with all members of the local Fire Brigade this evening.

Reeve Turner was instructed to have a consultation with Dr. McKendry and Dr. Gross regarding the establishing of a hospital here. All council members expressed the opinion that some action should be taken in this matter.

## Letters to the Editor

Winchester, Ontario,
September 12th, 1944.

Dear Sir:

I wish to express my interest in Dr. J. J. McKendry's proposal of a hospital for Winchester and District. A hospital here would be a great help to the local doctors in their medical work and a blessing to the citizens of this community in time of illness.

I give this project every encouragement and will gladly support its undertaking in whatever way I can.

Rev. Wallace MacKinnon.
