Every department of that great paper is edited by men and women of long experience, and there is not a dry department in the whole paper. Any person who is not familiar with the Family Herald should give it a trial. Those who know it would not be without it. Wounded Deer Used Feet

James Dudley and Henry Packard, of Cornwall, shot a fine big buck in the South Meadows' district, on the south side of the St. Lawrence, and when the former attempted to cut the animal's throat it kicked out and Dudley got a blow in the eye, which may blind him for life. Packard rushed in with his knife as the deer struggled to its feet, but received a kick which broke his kneecap and tore his trousers. The deer escaped.

Ye Olde Folks Concerte.

"Ye Olde Folks Concerte in Ye Goodlie Town of Chesterville," under the auspices of the league of Trinity Methodist Church, was most enjoyable and successsul. The S. S. Hall was filled with an audience of upwards of 200, whose interest was maintained throughout. Candle and Candlesticks were in evidence in obedience to the announcement that the proceedings would begin at "earlie candle lyte" Spinning wheels reminded us of the days when homespuns were made in many farm homes. The contest in running the spinning wheel was most amusing. The costumes worn were very quaint and carried the audience back to the early 50's and 60's. Some of the dresses and garments were heirlooms handed down from grandmothers and grandfather long since gone to their peaceful rest.

The Social Committee of the League are to be congratulated upon having provided such a pleasing program.

Refreshments were afterwards served and ample justice done to the baked beans and pumpkin pies.

SUFFERED FOR YEARS WITH STOMACH TROUBLE

"Fruit-a-tives" Promptly Cured Him

DANIEL SAUNDERS, ESQ.

Mr. Daniel Saunders, of Shoal Lake, Manitoba, is one of the best known gentlemen in Canada's great wheat country. He lived for years in the West—made a success of his farming—and has now retired from active business life to enjoy the fruits of his work.

When a man of such financial and social standing voluntarily testifies to the great benefits he has received from taking "Fruit-a-tives" there can be no doubt but that "Fruit-a-tives" deserves the confidence of every reader of this paper.

SHOAL LAKE, MAN.,
JUNE 11th, 1910.

"For years, I was bothered with persistent Dyspepsia and Indigestion, having severe pains after meal time. I tried everything that I could get but the pain in my stomach became no better.

Last summer, Mr. Oatway, a druggist of my town, recommended "Fruit-a-tives" to me. While taking "Fruit-a-tives", I in no way gave up any foods that I was in the habit of eating, neither did I stop smoking. Yet in spite of all, "Fruit-a-tives" has done wonders for me and I strongly advise all my friends to use it."

DANIEL SAUNDERS.

"Fruit-a-tives" is the only medicine in the world made of pure fruit juices, and will always cure Indigestion, Dyspepsia, Sour Stomach, Biliousness, Constipation and any other disease that comes from disordered Stomach, Bowels, Kidneys or Skin. 50c. a box. 6 for $2.50, trial size, 25c. SWINDLER SELECTS CLERGYMEN AS VICTIMS

Stranger Representing Himself as Son of Prominent Irish Clergyman Robs Home of Benefactors Around Ottawa

Ottawa Nov. 13.—A smooth swindler who has been operating in the vicinity of Hull, Chelsea and Wakefield during the past month, has succeeded in getting away with a considerable amount of valuable jewelry and a large amount of money. The unwelcome visitor, who represents himself as a son of Rev. Dr. Foy of Armagh, Ireland, makea a specialty of swindling clergymen and his methods are unique inasmuch as he manages to become for a short time a guest in the houses which he afterwards robs.

Rev. J. A. Lackey of Chelsea, was one of the first victims of the rascal, and as a result of his visit mourns the loss of a gold watch, a diamond and ruby ring, a gold locket, and a plain band ring and two chains. Canon Smith of Hull, was imposed upon for a sum of money as was also Rev. Mr. Boyce of Wakefield. and half a dozen other clergymen.

"Mr. Foy," as the stranger announces himself, first appeared at Mr. Lackey's a few weeks ago and after giving his credentials asked the clergyman's help in securing a position. He declared that he was an Orangeman and also a Free Mason and an ex-trooper in the South African war. Mr. Lackey invited the stranger to stay a few days with him while he looked about for a position for him. Failing in this after some effort, Mr. Lackey took Foy to Ottawa to see Col. White in regard to a position on the Northwest Mounted police. Col. White, upon hearing that Foy was an ex-trooper stated that his discharge papers would have to be produced before he could accept or recommend him. Foy stated that his luggage was in the Central station, from Montreal, and that he would at once go after it. In the meantime he was also to see Dr. Echlin to pass the required physical examination for the mounted police. Mr. Lackey and Col. White waited in vain for Foy's return and eventually a 'phone message to Dr. Echlin revealed that Foy had not appeared at his office. This was the last Mr. Lackey saw of Foy but several days afterwards the clergyman discovered that Foy had robbed his home while a guest there. The property stolen consisted of a lady's gold watch a ring set with diamonds and rubies, a gold band wedding ring bearing the inscription J. A. L. and M. V. May 29 1893 a gold locket with a monogram J. A. L and the inscription M. V. to J. A. L., August 1886, and two gold mounted horse-hair chains.

Mr. Lackey at once informed Sheriff Wright of the theft and also notified the Ottawa detective department but although rumors of Foy's operations continue to come in the police have been unable to locate him.

Foy also obtained a sum of money from Canon Smith on a similar tale to that told Mr. Lackey. He worked the same game on Rev. Mr. Boyce of Wakefield but the latter became suspicious and thereby probably saved his jewelry. From several other clergymen reports of the visit of Foy have been received by the police.

Foy is of fair complexion, five feet eight inches in height, of medium build and weighs about 165 pounds.

Mr. Lackey has written to the Orange Sentinel warning Orangemen to be on the lock-out for Foy and has also notified as many local clergymen as he can reach of the character of the stranger whose despicable violation of the hospitality of the clergymen is deserving of the severest penalty.

There is an agitation for cheaper gas at Montreal.

WINNIPEG WORST CITY IN CANADA

"Rottenest Condition of Things" There, Declares Rev. Dr. Shearer

Toronto. Nov, 11—Rev, Dr. J. G. Shearer, who has just returned from a month's trip in Western Canada and the United States as one of twenty speakers of the Intercolonial American Purity Feneration pronounces Winnipeg the worst city in Canada.

"They have the rottenest condition of things in Winnipeg in connection with the question of social vice to be found in any city in Canada," Dr. Shearer said, "Two years ago they had no vice district in Winnipeg. One year ago they had twenty-nine houses in a restricted area. Now they have 53 houses with probably 250 inmates. Every one of these is criminal under the terms of the code of Canada yet they are permitted. Instead of the Criminal Code, certain rules and regulations are established for them. Here are some of them; They must not play the piano too loudly; they must not make noise enough to attract attention on the street; they must not have white female cooks; they must not solicit from the windows and doors,"

"Every one of these criminal dens is also an illicit liquor dive. Remarkable to say the inmates receive summonses regularly each quarter from the provincial magistrate and pay over $100 and costs. Then they are not disturbed for another three months. These dives sell liquor 24 hours a day, seven days a week, and, as the price of being permitted to do so, each house pays $400 a year. This money therefore must go into the provincial treasury or into some grafter's pockets. It is generally believed in Winnipeg that the whole criminal business is founded on graft, but naturally any man hesitates to name the grafters.

Armstrong—Waddell.

The house of Mr. and Mrs. William Waddell, at Edwards, Ont., was the scene of a very pretty wedding on Tuesday, November 9 when their fourth daughter, Emily Gertrude, became the wife of Mr. Thomas J. Armstrong, of Ormond, Ont, third son of Mr. and Mrs. Henry Armstrong, of North Osgoode. The ceremony was performed by Rev. Dr. Larmer of Metcalf Methodist church, while Mendelssohn's Wedding march was rendered by Miss Nettie Blair of Metcalfe.

Percisely at 6 o'clock, the bride entered the drawing room leaning on the arm of her father, and looked very sweet and winsome in a dainty robe of cream silk eolienne made with a tunic and richly trimmed with passementry, and wore the customary wreath of orange blossoms. She was attended by her cousin, Miss Anna B. Quail, of North Osgoode, who looked charming in a pretty gown of cream voile trimmed with applique. The groom ably supported by his brother, Will Armstrong, of Ormond.

After the signing of the register and the happy couple had received the congratulations and best wishes of those present, the guests, who number over one hundred, repaired to the dinning room, where a sumptuous dinner was awaiting them. That the young couple possessed a wide circle of friends was manifest from the large collection of beautiful and costly presents they received, including checks from the groom's brothers, a complete set of household furniture from the bride's parents, and cutglass, silver, linen, from friends in Moosomin, Sask., Toronto, Montreal, Ottawa and other points. Mr. and Mrs. Armstrong have taken up their residence at Ormond

WOMAN FOUND DEAD

Had Gash in Head—Her Male Companion and Another Man Arrested

Kingston, Ont., November 11—Collins Bay, a village seven miles west of Kingston on the G. T. R. was throwen into excitement this morning on finding the dead body of a woman, indentified as Mrs. Mary Emma McAlpine, of Ottawa. The body was found in a kneeling position near the railway tracks, and as she had a gash on her head the Kingston police, who were called, suspect foul play, and Dr. Ross, corner, ordered an inquest.

Deceased had been travelling around the country with Samuel Slattery, also of Ottawa, an umberella mender. They were in Kingston yesterday and walked out to Collins Bay. It was pouring rain and they took shelter in the woods at the Bay. They built a fire and had something to eat in gypsy fashion. Slattery claims that after they had their meal a man came on the scene, who had a bottle of whiskey, and that the three drank. He remembered no more. He went to sleep, and at daylight when he awoke he found his woman companion dead at his side and the stranger gone. George Simmons, living at Collins Bay, was the man alleged to have given the whiskey and he was arrested in Kingston and held for the inquest. Slattery notified the villagers of the affair, and when the police went out they took him in charge to give evidence at the inquest. Deceased's maiden name was McDonald.

According to Slatter's story, the woman has been going around the country with him for some time. She thought her husband was dead and the two were to be married. While out west they heard that McAlpin was alive, and the wedding was called off. She has two children in Port Arthur or Fort William; two brothers; one sister in Ottawa, and one sister in Pembroke. She was about forty-five years of age. Slattery is fifty years old.

At the inquest tonight Prof. W. T. Connell, who conducted the post mortem, deputed that death had been due to suffiocation from drowning in the water in a ditch. The wound on the head was received some time before death, and had no direct bearing on her death. She had evidently been under the influence of liquor.

Ceorge Simmons, held by the police, admitted giving the woman whiskey, but stoutly denied having laid a hand on her.

Samuel Slattery, who was travelling with the woman, could not throw any light on the cause of her death. He denied having abused her.

The jury returned a verdic that deceased came to her death by suffocation from drowning, and Geo. Simmons and Samuel Slattery, held in counection with the case, were given their liberty by the police.

Concrete Sidewalks are Safe, Sightly and Everlasting

LUMBER used in damp places and on wet ground—as, for instance, in walks—has a very short life. It requires almost constant repairing and, in a few years, needs replacing.

Concrete, on the other hand, improves with age, and the very dampness which destroys lumber calls out the best qualities of the cement by making it harder and harder—until neither time nor traffic can affect it.

The best of wooden walks keep getting out of repair, and are a continual menace to life and limb. They are also a frequent source of expensive doctor bills and lost time. Then again, they are likely to eat up the original cost in repairs before they are replaced.

Concrete walks are sightly, everlasting and safe. They cost less to build and need no repairing nor painting.

Write for our *free* book, *"What the Farmer Can Do With Concrete."*

It tells in plain, simple language, how you can save money on farm construction by using cement for Barns, Dairies, Foundations, Fence Posts, Troughs, Feeding Floors, Hitching Posts, Stalls, Silos, Stairs, and so forth. The Book is well illustrated with photographs, plans and diagrams. Fill out the coupon or send a postal *to-day.*

Simply address it to

Card of Thanks

Dear Friends and neighbors, during my recent illness my friends and neighbors have done so much for me that I feel it my duty to make known in some way my appreciation of the many kindnesses I received at their hands. When I first took my bed I felt that owing to my being a bachelor I could only expect a few of my male friends in to see me, but men and women of all classes and creeds showed their desire to help me by calling in person and offering their worthy aid and tender sympathies. I therefore take this way of thanking you one and all for your kindness and trust that some day I may be enabled to repay you in some way besides mere words, for the many favors I received. Again thanking you for your kindness I remain as ever, very gratefully yours,

Dairy Cattle Breeder's Opportunity.

$1,200.00 in cash prizes for the five principal breeds of dairy cattle is what breeders will compete for at the Eastern Ontario Live Stock and Poultry Show at Ottawa Jan. 16 to 20, 1911.

The various breed associations recognize the advertising value of having their breeds well represented at the Show and are supplementing the regular prizes by the following sums: Holstein Ass'n, $225.00; Ayrshire Ass'n, $200.00 Shorthorn Ass'n, $50.00. Besides the classes for pure-bred animals there is a class for grade dairy cattle The special prizes which are offered for animals of the different breeds include nine silver cups.

Prizes are awarded in the dairy cattle department on the basis of production during a three days test. As so much value is being placed by buyers on the animal's record as a performer, the winning of a prize in this test means a great deal more to the exhibitor than the amount of prizes. In one instance a cow valued at $200.00 before the test was sold for $500.00 immediately after it was announced she had won a first prize. A comfortably heated well lighted and ventilated stable is provided for the dairy cattle.

There is no better place in town to buy your Fall Suit or Overcoat than at Bogart's. You will always find a large range to select from.

C. P. R. Calendar for 1911

The Canadian Pacific has got well ahead of time by issuing a handsome calender for 1911, in which it not only sets fourth the usual days and months of the year but it also gives the information that it owns and controls over 16,000 miles of railway, and operates 67 steamships on two oceans and a number of rivers and lakes, and sixteen hotels. The calender is embellished with a picture exhibiting the whole C.P. R. fleet, which presents very much the same effect as a mobilization of the British navy. It is a handsome production, worthy of the company it represents.

97th Anniversary Of Battle At Crysler's Farm.

Ninety-seven years ago Friday fought the battle of Crysler's Farm when 900 British soldiers, Canadian volunteers and loyal Indians defeated 3,000 United States troop of General Wilkinson's army of invaders. Three years hence, on the hundredth anniversary, it is planned to have a demonstration on the scene of the battle to commemorate the historic event. Already a granite column marks the spot where General Covington and 92 others of the United States army fell.

Fire Bug Busy Around Brockville.

Brockville Nov. 11—Two small frame buildings immediately east of the town were destroyed by fire last night. Incendiarism is suspected. The burned structures were a small frame building situated in the orchard directly north of St. Alban's school and a cottage boat house located on Point Pleasant. The fires followed quickly the one at St. Alban's school no sooner having burned itself out than Mr. Lehigh's building was noticed in flames. This week a barn owned by John O'Neill in the same district, was burned under similar circumstances. There is no clue, but that a firebug is at work here there is little doubt.

Need Missions Worse Than China.

J. Kelson, Toronto, lecturing in Napanee, auspices of the Children's Aid Society on the protection and culture of children protrayed the neglected social conditions prevailing in the northern sections of Lennox, Hastings and Frontenac. Missionaries were kneeded in these outlaying districts as badly as in China or India, for the people had few social advantages and showes marked signs of degeneracy Parente were desperatly poor and whole families of children went all winter without shoes or stockings, and suffered greatly from lack of ordinary comforts, in addition to never attending a school or church service.

The high-cost-of-living has hit the counties' council of Leeds and Grenville, and at last the growing demand for increased allowance for attendance at council has been put through. Tuesday afternoon the councillors raised their fee from $3 to $5, putting travelling expenses at 10 cents per mile.

John J. Keeman, of Westport, rubbed some gasoline on his hands to cure a sprained thumb. In lighting his pipe shortly afterwards the gasoline caught fire and before he could get the flames extinguished both hands were terribly burned.

AT QUEBEC.

By Jean Blewett.

[Mrs. Jean Blewett was born at Scotia, Lake Erie, Ontario, in 1862, and is the daughter of John McKishney. She was educated at St. Thomas Collegiate Institute and achieved her first success when she published her series of sketches entitled "Cabinet Articles."]

Quebec, the grey old city on the hill,
Lies with a golden glory on her head,
Dreaming throughout this hour so fair, so still,
Of other days and all her mighty dead.
The white doves perch upon the cannons grim,
The flowers bloom where once did run a tide
Of crimson, when the moon rose pale and dim
Above the battlefield so grim and wide.
Methinks within her rose a mighty glow
Of pride, of tenderness—her stirring past—
The strife, the valor, of the long ago
Feels at her heartstrings. Strong, and tall, and vast,
She lies, touched with the sunset's golden grace,
A wondrous softness on her grey old face.

How Queen Elizabeth Ordered a Coat.

In a sale at Southby's, in London, the following document written on vellum and bearing Queen Elizabeth's sign manual was sold:

"Elizabeth, by the grace of God Quene (sic) of England, ffraunce (sic) and Ireland, defender of the faith, etc., wee will and commande you forthewithe uppon the sighte hereof to deliver, or cawse to be delivered to our well beloved servante, Ralf Brooke, Esquire, alias Yorke, one of our heraulides of Armes, one cote depicted with our Armes on Satten with fine golde in ovle of like stuxe lengthe and breadeth as heretofore hath bene accustomed.

"Wesminster, the XXIVth daie of Januarye. In the thirey fourth yere of our raigne.

"To our trustie and well beloved servante, John Ffortescue, Esquire, Master of our great wardrobe."

For Visitors Only.

A young southern woman who moved to Buffalo sent to her mother for a cook who had been brought up in the family. Aunt Venetia's first public trying out was at a luncheon. The fish course was to be crabs; hence the necessity of a lecture on ptomaines and food poisoning. "Now, be sure, Venetia," said the young woman, "to see that the crabs are alive and healthy before you put them on the fire."

The day the luncheon came, bringing with it the crabs, which looked all that could be desired as they were brought to table. Pinned to one of them was a note from the cook reading:

"Miss Florence—They was all kicking alive except this one. Don't eat it yourself."—Buffalo Express.

"The Laocoon."

The famous work "The Laocoon" was modeled by the great artists of Rhodes about A. D. 70. It represents the death of the Trojan hero Laocoon, priest of Neptune, and his two sons, as described by Virgil. It was discovered near Rome in 1506 and purchased by Pope Julius II. It is now in the Vatican. "The Laocoon," like "Hamlet," has provoked a world of comment, but all agree that it is one of the masterpieces of artistic expression.—New York American.

Shy, but Observant.

The average man's wife is a shy little woman who can see more out of her sitting room window than he can see from the top of a skyscraper.—Galveston News.

Got It Exact.

"Why is it that the butcher always sends me more meat than I order, never by any chance less?" complained a young housekeeper to her husband.

"Let me give him an order," said he, and, stepping to the telephone, he called up the market.

"Send me two pounds of porterhouse," he ordered, "and, say, if you can't cut two pounds make it a pound and a half."

He got the two pounds by the next delivery.—New York Sun.

A Fearsome Order.

She—Dear me, I hope the man at the next table is not a fighter, but his order sounds like it! He—What was it? She—He told the waiter to bring him a club sandwich and something to drink with a stick in it.—Baltimore American.

True.

An Irishman on applying for relief and being told to work for a living replied, "If I had all the work in the world I couldn't do it."

True Bill For Murder Against Blondin.

L'Orignal Ont. Nov. 14—A true bill was returned this afternoon by the grand jury against Albert Blondin of Vars accused of murdering Dr. W. A. Empey of the same place. The shooting took place on August 18, Dr. Empey being fired upon by the accused after going to the latter's home to give him medical attendance.

Blondin this afternoon pleaded not guilty and asked for a speedy trial. The case will come up tomorrow at the local assizes. Mr. Justice Britton of Toronto will preside. E. Meredith K. C of London is prosecuting and is assisted by County Crown Attorney Maxwell of this place.

It is understood that the crown will allege the motive of jealously on the part of the prisoner, while A. Lemieux, K. C. of Ottawa, counsel for the defence will plead along the line of accidental shooting Twenty-two witnesses will be called by the crown, and thirty for the defence, Detective Reburn of Toronto is here in conuection with the prosecution's side of the case.

Helmer—Kettle.

A happy event was solmenized at the Parsonage' Prescott, on Nov. 16th, 1910 at 3 p. m. when Miss Bessie E. Kettle, daughter of Mr. and Mrs. Kettle of Chesterville, and Mr. John L. Helmer of Maple Ridge were united in holy bonds of matrimony, Rev. A. E. Runnels B. D. tying the nuptial knot. The bride was attired ln cadet blue silk with silk velvet hat to match, while her going away dress was of green with a waist of white silk mull. Miss Mable Alford, Chesterville, friend of the bride, and William Helmer Maple Ridge brother of the groom were the attendants. The bride and groom are both well and favorably known and the many friends unite in extending their hearty congratulations and wish them a long, happy and prosperous career.

Next Of Kin Lose Fight Against Will

Next of kin contesting the rather eccentric will of the late Canon Mountain, lost their fight at Osgoode Hall, Toronto, when Chancellor Boyde, dismissed the argument that the bequest to the Anglican church in Cornwall offered law concerning perpetuities

By this decision, construing the Canon's will, the way is opened for election of a suffragan bishop as coadjutor to the Archbishop of Ottawa. The will provided funds for a salary of $2,000 a year for the creation of a bishropic of Cornwall. The diocese of Ottawa provided by by-law two years ago for creation of the office of coadjutor bishop, but the diocese has lacked funds to carry out his intention.

Canon Mountain left $99,000 of which $44.000 was in real estate and Hudson Bay shares. This latter sum was left in trust to supply an income for a bishop of Cornwall, or, if such a bishop was not elected within twenty-five years the money was to go to the University of Bishop's College at Lenoxville endowment of a professorship of natural science.

Shot Two Women

Toronto, Nov. 15:—Infuriated by drink and a fancied insult, Jas. Shaw, a laborer, aged 25, shot and seriously wounded two waitresses in ths American restaurant, 233 King street east, yesterday afternoon. The victims are Bessie Jones, aged 25, and Georgina Carr, aged 16 years, and both are dangerously wounded. All three lived at the restaurant. No reason for the shooting can be given, except that Shaw had for some time been drinking heavily and that on Saturday night he had been ordered out of the restaurant by Georgina Carr. He refused to go and the girl called for help from the police and had him ejected.

Yesterday afternoon Shaw was idling at the rear of the dining room above, one of which he occupied. He was standing in the passage leading to the kitchen and the Jones girl requested him to move. He went upstairs and coming down shot them both.

Fraser a Fugitive From Justice

Brockville, Nov. 12—Frank Fraser, the young man who accompanied Geo. Nash from Montreal on a freight train Thursday night, it now turns out, is a fugitive from justice.

Nash lost his life by falling from the train west of Maitland station early yesterday morning, and Fraser did not miss his companion until the train pulled in here. He then returned to Maitland and that is the last the local police have heard of him in this locality. It was thought he returned to Montreal, but apparently he changed his direction, as he is wanted not only in Montreal but in Shawbridge Que.

Last evening at nine o'clock Chief Burke received a telephone message from Geo. Matthews, superintendent of the reformatory at Shawbridge, stating that Fraser had escaped from that institution.

This was followed this morning by a telegram to the Chief from Chief Detective Carpenter, of Montreal, as follows:—

Chief Burke, Chief Constable of Brockville:

Kindly inform me if Frank Fraser will be prosecuted there. If not hold him pending action here.

Silas H. Carpenter
Chief of Detectives

At the Brockville police did not know yesterday that Fraser was being sought by the law he was not apprehended.

A Good Position.

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from $70 to $90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R.R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.

MI-O-NA

An Excellent Stomach Remedy

Mrs. J. R. Whyte, Killarney Manitoba, who says: "I have found great comfort and relief from Mi-o-na. I had been greatly troubled for months with heartburn and a heavy burning feeling in my stomach. A fair meal would disturbe me so much that I would have to sit up at night—the food would sour my stomach and form a gas which would cause belching and dizzy spells. These distressing troubles disappeared after using Mi-o-na and I shall always speak highly of this excellent stomach remedy.

Mi-o-na is the best prescription for stomach trouble ever written. It gives quick relief and cures permanently. Mi-o-na is put up in tablet form and is small and easy to swallow. Sold by leading druggists everywhere. 50 cents, with a guarantee to cure or refund your money. Or postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. You will search the world over and not find a stomach remedy half so good as Mi-o-na. Sold and guaranteed by W. G. Bolster.

LIVE STOCK, POULTRY and HORSE SHOW

Ottawa, Jan. 16-20 '11

The purpose of the show is to give to the farmers of Eastern Ontario the results of the practical experience of those who have made a close study of the breeding, feeding, rearing and marketing of the classes of live stock and poultry most profitable to the farmers. This is accomplished by having at the show high class exhibits of Horses, Beef Cattle, Dairy Cattle, Sheep, Swine, Poultsy and Seeds, and by supplementing these object lessons with addresses by experts in which they tell how the best can be produced profitably.

Many who have attended past Shows say they got pointers worth many times the money and time expended in attending.

For Race Track

A number of prominent American capitalists who form a racing association which controls race tracks at Toronto, Montreal, Detroit and New York, together with the Hon. Clifford Sifton, have taken an option on the Ritchie farm which consists of a tract of land eighty acres in extent near the Alymer tollgate, for the purpose of constructing a race track. The option taken on the property is for $50,000 and extends until November 1st.

The syndicate propose to spend $50,000 in erecting stables to accommodate 600 horses, and it is planned to construct a grand stand to cost $25,000 and $20,000 will be spent on improving the property.

An electric railway extension will be run from the Hull electric company's tracks to the property and plans are being formulated for obtaining an efficient water supply from the Ottawa river which is a mile distant.

A race track for Ottawa is a question that has often been mooted before in the Capital, but while nothing has ever been done in the matter, it is understood on good authorities that the present system will be taken up by the syndicate, and the work of constructing the track gone ahead with according to the plans, already under consideration.

An Appreciation

At a recent meeting of the session of the Morewood Presbyterian Church the following minute was entered in the session records.

The session of the Morewood Presbyterian Church desire to place on record the sense of their great loss in the death of the late Wm. Moffatt, the senior member of the session. He has been associated with this congregation from its earliest days and has taken an intelligent and active interest in the church life and work. Many a one within the church and beyond will rise up and bless him for his wise counsel, and his kindly, helping hand.

As an elder he was faithful, true and loving in service. As a citizen he was Christian, honourable and courageous. As a husband, father and friend, words fail, Heaven alone can record his worth and blessing as such,

These frail words express, only in a measure, the session's appreciation of the character and worth of this noble life. Signed, Rev. S. A. Woods, interim moderator ; Jas. Smirle, clerk ; Rodney Marcellus, Robert Rainey, James Moffatt, John Smirle, David Nado.

Threw Up School Contract

There was considerable discussion at the Smith's Falls School Board held on Monday evening, in connection with the contract for the new Collegiate Institute. According to the contract the contractor is required to put a marked cheque amounting to five per cent. of his tender, and then the Board retains twenty per cent. of the amount of work done each month. John Davidson, contractor, thought the conditions too severe. He was willing that the Board retain ten per cent. The Board finally offered to amend the contract so that the amount retained be fifteen per cent. but Mr. Davidson would not sign on those terms. A resolution was afterwards adopted, awarding the contract to R. N. T. McFarlane, of Kingston, for $38,050, on the original conditions.

The late Mr. Finlay was the founder of the Norwood Wheel and Bending Works, which he established in 1866, and through his business connection was known from coast to coast. He was Reeve of Norwood for seven years and County Councillor, and in 1904 was elected to the House of Commons as Liberal Representative for East Peterboro. He was in his 74th year.

Mr. Christie, of Inkerman, while going down the concession road west of Brinston, had the misfortune to have his traction engine go through what is known as the Ennis bridge, across Black Creek, about a mile west of Brinston. The engine weighed six tons, and had also a threshing machine attached. Mr. Christie intended uncoupling the thresher, and had got about half way between an abutment and the center of the bridge and had stopped to uncouple, when the engine was precipitated into the creek, a distance of about fourteen feet. There was another man on the engine with Mr. Christie, and both went down, but fortunately, were uninjured. The engine, however was considerably damaged. —Leader

The loss is covered by insurance.

PHONE NO. 6.

This maid so fair
With ringlet hair,
And a picture hat a-top her
To Dixon's will go.
Where Furniture glows,
No argument can stop her.

The reason why?
Well, this I say
Is the reason—'tis the best Sir.
There they to sell,
The plain facts tell,
And yon must do the rest, Sir,

Their goods they show,
Furniture row and row,
Yet never urge to buy Sir,
But not elsewhere
As well you'll fare
No matter how you try, Sir.
