Successful Men Always Saved

They were thrifty. They were shrewd enough to see that the habit of saving meant the strengthening of character. With the money saved they were able to take advantage of opportunities as they arose.

Canadian-American Trade Relations

In America's last fiscal year Canada sold $400,000,000 of her products in the U. S. Market, but purchased there $700,000,000 of goods. Thus $1,100,000,000 of Canadian-American trade was affected by the fluctuations in Canadian Exchange. We maintain separate Foreign Exchange Departments under specialists at our New York, London, Montreal, Toronto, Winnipeg and Vancouver Branches, to offer you the fullest measure of assistance in your trade financing.

Home Bereaved in Edmonton

The many friends of Mr. and Mrs. (Mabel Harrop) Arthur McRae, Edmonton, will be sorry to learn of the death of their only daughter, Vera, who died on Dec. 6th, aged ten years and three months from the effects of the flu. There remains to mourn her loss, her father, mother and three brothers. Burial was at Edmonton on Dec. 8th.

U. F. O. President Elected in North Ontario

The United Farmers added another to the number of their representatives in the Federal house on Tuesday when the president of the U. F. O. was elected by a majority of 46 voters over the Unionist Candidate, Neil D. McKinnon, in North Ontario. The townships with one exception went strong for the farmers' candidate while the towns and villages voted Unionist, giving almost sufficient majorities to carry the government candidate to victory. The vacancy was caused by the death of Col. Sam Sharpe, the bye election being set for Oct. 27th, but was postponed on account of the sudden death during the campaign of the Unionist candidate, W. J. Cowan.

Big Increase in Hydro Rates

Hydro Electric matters are very much to the fore in Eastern Ontario at present and when the raw deal which has been handed to Chesterville becomes known to the citizens there will surely be some hard things said about Sir Adam Beck's pet. The latest attention from the Commission is a boost in the charge for power supplied to this municipality of over sixty six per cent adding a combined burden to the ratepayers and the users of Hydro power of approximately two thousand dollars per year. The price per horse power has been increased from $46 to $76 giving Chesterville the unenviable distinction of being the highest charged municipality served by the Commission in Ontario. Just how we are going to be soaked will be better understood when it is known that municipalities in Western Ontario get power as low as $9.00 per horse power. All the municipalities of Eastern Ontario are charged too much for their power and to remedy this discrimination a fair share of the profits earned on other circuits should be apportioned to reduce the rates charged inl ess favored locations. The whole Hydro undertaking and developement is a provincial undertaking owned by the whole province and it should not be so manipulated that the real benefit is enjoyed by but a small part of the province. If the undertaking had turned out an expensive failure each part of the province, whether served by the commission or not, would have had to pay its share of the loss, and by the same token should share in the success of the undertaking and a division of profits.

A meeting was held in Brockville this week of the reeves of practically every municipality from Kingston to the Quebec border for the purpose of organizing an association for the purpose of having an Eastern Ontario representative on the Hydro Electric Commission, looking to securing cheaper power for Eastern Ontario. Last week a deputation representing the U.F.O. of Eastern Ontario waited on Premier Drury for the same purpose asking that an elected member of the U.F.O. be appointed to the Commission and suggesting that the member for Dundas be chosen. The Premier saw the logic of our member being the man, from the fact that Hydro Electric has greater ramifications in Dundas than any other Eastern Ontario County, besides the advantages of his being a member of the Legislature which would naturally place him in closer touch with the Commission than an outsider could be. Dundas municipalities should take the initiative and seek the assistance of the others of Eastern Ontario in this matter and make the demand so insistent that it will be made easy for the Premier, who is favorable to it, to make the appointment.

Hospital for Sick Children

TORONTO

Upkeep of Big Charity Requires Fifty Cents a Minute.

Dear Mr. Editor:

The 44th annual report of the Hospital for Sick Children, Toronto, shows a notable advance in every department of its service to the suffering and crippled youngsters of this province. The ward accommodation has been taxed to its capacity, and the summer annex, the Lakeside Home, was opened for the first time since the outbreak of war.

The daily average of cot patients has increased during the year from 192 to 223, including children from practically every county in Ontario. Even had the cost of supplies and labor remained stationary, the substantial increase in the number of patients would alone account for the addition to the charity's debt, which at the close of the fiscal year was $109,000. This debt has become an embarrassing burden. Further increase must threaten impairment of an enviable efficiency.

The Hospital is in the forefront of all institutions upon this continent devoted to the care of sick children. It cost $335,399 to maintain last year. This great sum not only puts at the service of the children of Ontario all the resources of medical science, but, in addition, provides for a training school for 120 nurses and for unsurpassed clinical facilities for the University students who are preparing to engage in their profession throughout the province.

The income which must be forthcoming to finance this absolutely esseutial work figures out at seven hundred dollars a day; and, as there is no endowment fund, all but a fraction of that amount has to be derived from individual benevolence. Therefore the Trustees are making a Christmas appeal to every lover of children to foot the bills for some period of time, no matter how short it may be. A minute of mercy costs fifty cents.

For churches, societies, lodges, etc., who have more ample funds wherewith to assist the youngsters to a fair start in life, the naming of cots is suggested. A number of memorial cots have been thus dedicated in honor of the overseas service of fellow-members. This privilege is extended in recognition of gifts of $2,000 to the Main Hospital or $500 to the Lakeside Home, which can be paid in annual instalments if so desired.

Literature, illustrative of all branches of the past year's work, together with any other information desired, will be gladly furnished on application to the Secretary, the Hospital for Sick Children, College street, Toronto. Contributions should also be addressed to the secretary.

IRVING E. ROBERTSON,
Chairman of Appeal Committee.

NATION VALLEY

Wedding bells are ringing very loudly. The more the merrier. A quarter of a hundred girls still left to set them humming.

Mr. Duncan McKercher of Winchester, was calling in the Valley.

Some from here attended the cottage prayer meeting at the home of Mr. and Mrs. E. Casselman, Cass Bridge, on Friday evening.

The Rev. C. A. Mullin, B.A., and Mrs. Mullin of Chesterville, spent Thursday last at the homes of Mr. and Mrs. John Jamieson and Mr. and Mrs. Wm. Elliott.

You would think to hear some people converse that the old farmer was the only person had the privilege of three full course meals per day, an automobile and bank account. It would be interesting to know how (a family man) keeps free from debts living in town or city on a twelve hundred dollar salary. Can it be done?

Mr. Garnet Summers has returned home recently from Canada West where he was doing farm work.

We see by the Chesterville Record the people of Ormond have been "seeing things". If they want to see really big game come to Nation Valley.

Mr. George Riddle and brother of Ottawa, were guests of friends at Iroquois last week-end.

Don't forget our Valley Xmas concert.

Mr. and Mrs. Archie Loucks of the Springs, were visiting at the home of Mr. Hugh Jackson.

ELMA

The Lutheran League was held at the home of Miss Violet Weegar last Wednesday evening.

Miss Kezia Pemberton spent one day last week with Miss Beatrice Fetterly of Dunbar.

Miss Nellie McQuaig of Bouck's Hill, spent the week end with Mrs. Meredith.

Miss Luella Barkley returned home Sunday evening, after spending a week with her brothers Bruce and Hugh of Dundela.

Mr. Frank Johnston is visiting his sister Mrs. G. Marcelis of Finch.

Misses Luella and Eva and Ernest Harper spent Monday in Winchester.

Another of Elma's oldest ladies passed away Monday night in the person of Mrs. Hubbard at the ripe old age of 96.

The Ladies Aid met at the home of Mrs. W. A. McMillan on Tuesday afternoon.

Visitors at the home of Mr. and Mrs. R. Harper on Tuesday were Mr. and Mrs. Illion Harper from Toys Hill and Mrs. James McLaughlin from the Springs.

Children Cry for Fletcher's
CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.
