Local Hydro Board Thanks Consumers, Ask Co-operation

The Winchester Hydro Commission wishes to thank local power consumers for their co-operation in conserving electricity during the past week. Through your efforts, the total amount of power used was down to 4400 Kwt. hours on two daily recordings last week. This, of course, is still above Winchester's quota of 4125 Kwt. hours, but is much lower than the previous week. The commission still emphasis the fact that further conserving is necessary on the part of all householders, because we have to keep below the 4125 Kwt. hours each day, or the power will be cut periodically each day later on and this would prove to be a great inconvenience, particularly to the local industries. Don't use lights only when absolutely necessary, and then use as few as possible. Use your electric stove sparingly and keep your verandah light off at all times, is the advice of the Hydro Commission. From the appearance of some homes in town, where nearly every room in the house is lighted, it would appear that they are indifferent to the request to conserve electricity. We appeal to them to give the matter some consideration and fall in line with the other consumers who are making an honest effort to cut down on the electrical energy requirements. We must all sacrifice a little at this time to avoid the inconvenience of periodical black-outs, so please co-operate.

INKERMAN ROCKETS TOOK THE ICE ON SATURDAY

Although the local hockey season is several weeks away, Lloyd LaPorte is losing no time in getting his Inkerman Rockets whipped into shape for the season's grind. The team had a work-out at the Auditorium on Saturday afternoon, and there were plenty of players present trying to catch a place on the team. Several of last year's star performers, including the Duncan twins, will be missing from this year's Rocket line-up, due to the age limit, but Coach LaPorte can be relied upon to come up with some star performers who will fill the gap. He has already picked up a few new players, and from our observations it would look as though the Rockets are going to be a much heavier team this year than usual. The Rockets won distinction last year when they won the O.D.H.A. Championship and became representatives of the Ottawa District in the Memorial Cup Playdowns, losing a close series to Halifax St. Marys. They are the envy of all young hockey players, and Coach LaPorte has plenty of material to choose from.

WEDDINGS

FREELAND—ARMSTRONG

A wedding of local interest took place at Edgehill Tourist Inn, on the river road east of Morrisburg, at 2.30 o'clock on Saturday afternoon, when Mrs. Louise Armstrong, daughter of Mr. and Mrs. Frank Kirkwood, of Inkerman, was united in marriage with Mr. Stephen Earl Freeland, son of Mr. and Mrs. R. A. Freeland, of Winchester.

A profusion of autumn blooms decorated the rooms of the Inn.

Rev. George Innes, pastor of the Lutheran Church at Williamsburg, performed the ceremony, and the wedding music was played by Mrs. Hugh Thompson, of Williamsburg.

Given in marriage by her father, the bride chose a gown of blush pink marquisette, embroidered in lovers' knot design over satin. The fitted bodice had a sweetheart neckline, and was buttoned down the back, and the long close fitting sleeves came to points over the hands. Her fingertip veil was of blush pink tulle, and she carried a cascade bouquet of tiny red roses.

Mrs. Hamilton Thompson, of Iroquois, was matron of honor for her sister, and wore a pale blue taffeta gown with full skirt, and low neckline, long blue lace gloves and blue Ostrich Plume headdress. She carried a bouquet of yellow roses.

Mrs. Kirkwood, mother of the bride, chose a grey faconne crepe dress, with grey accessories and corsage of red roses.

The best man was Mr. Archie Walsh, of Ottawa.

Following the reception at Edgehill, Mr. and Mrs. Freelannd left on a motor trip through Western Ontario. The bride travelled in a mulberry gabardine suit, with black accessories, and a corsage bouquet of white carnations.

Among the out-of-town guests were, Mr. and Mrs. L. G. Rice, Kingston; Mr. Archie Walsh, Ottawa; Mr. and Mrs. W. A. Buchanan, Mr. and Mrs. H. S. Stirson, Manotick; Mr. and Mrs. D. F. Giffin, Maitland.

GIBBONS—LEVERE

The local United Church was the scene of a pretty September wedding ceremony at 3 o'clock on Saturday afternoon, when Miss Audrey Hazel Levere, youngest daughter of Mr. and Mrs. Harold Levere, became the bride of Mr. George Miller Gibbons, only son of Mr. and Mrs. Fred W. Gibbons, of town.

The altar of the church was decorated with evergreens and late Summer blooms. The guest pews were tied with white satin ribbon. Rev. Norman J. Thomas, pastor of the church, officiated.

The wedding music was played by Mrs. Howard Fetterly, and during the sining of the register, Miss June Rowat sang: "Because," and "O Promise Me."

Given in marriage by her father, the bride chose a gown of brocaded organza. Fashioned with an off-the-shoulder effect, the nylon yoke had a lace trim caught with seed pearls. The hoop skirt fell to the floor, and was caught up in the front by small satin bows showing the lace petticoat underneath. Her long flowing veil of silk net was held in place by a tiara of lily of the valley and seed pearls, and she carried a bouquet of pink roses.

The bride was attended by her twin sisters, Mrs. Joy Miller, who wore a gown of blue brocaded taffeta and headdress of blue feathers and veil, and Mrs. Joyce Felhaber, wearing a pink taffeta gown with headdress of pink feathers and veil. They both carried arm bouquets of gladioli and baby's breath.

Mr. Duncan Levere, brother of the bride, acted as best man for the groom, and the ushers were Mr. Dwayne Hamilton and Mr. Roy Campbell.

The bride's mother wore a two-piece black crepe dress trimmed with blue and matching accessories. Her corsage was of American Beauty Roses.

Mrs. Gibbons, mother of the groom, wore a grey wool suit with matching grey accessories, and a corsage of American Beauty Roses.

Following the ceremony, a reception was held at the home of the bride's parents on Church Street for the 80 guests who were present.

Later Mr. and Mrs. Gibbons left on a wedding trip to Toronto and Niagara Falls. The bride travelled in a suit of wool beige with green hat and green accessories. She wore a corsage bouquet of small pink rosebuds.

Among the out-of-town guests were Mr. A. W. Felhaber, Mr. and Mrs. Kenneth Duncan, Mr. and Mrs. M. Duncan, Mrs. K. Schwalm, Mr. and Mrs. C. Goodman, Mrs. Annie Coulthart, Miss Margaret Coulthart, all of Ottawa; Mr. and Mrs. Bryson Foster, of Richmond; Mr. and Mrs. W. H. Reid, Miss Dorothy Reid and Mr. A. Reid, Perth; Mr. Clare Miller, Baden; Mr. and Mrs. Wilbert Duncan and Mrs. Mary Duchesneau, of Vernon; Mrs. Dan Campbell, Ormond; Mr. and Mrs. Edward VanBridger, South Mountain; Mr. and Mrs. Thos. Reid, Ormond; Mr. and Mrs. David Duncan and Mrs. Donald Lindsay, of Kars; Miss Beatrice Duff, of Detroit; Miss Betty Collins, Ottawa; Mr. and Mrs. Russell Crowder, Mr. and Mrs. Gerald Crowder, Mrs. Dwayne Hamilton, Mrs. J. Stewart, Mrs. N. J. Thomas, Mr and Mrs. W. McKercher, Mr and Mrs. D. Kenney, Mr. and Mrs. M. Scott, Mr. and Mrs. W. Bezanson, Mr. G, Stienburg, and the Misses M. Armstrong, A. Rice, L. Dawley, B. Anderson, A. McGregor, D. Hutt and W. McKercher, all of Winchester.

PRE-NUPTIAL SHOWER

A very enjoyable evening was spent at the home of Mr. and Mrs. T. W. Holmes on Thursday last when about seventy-five friends and neighbours assembled in honour of their daughter, Irene, prior to her marriage. After games and a social time, Miss Holmes was called to the chair of honour. Miss Murla Holmes read the address and the bride-to-be was presented with two occasional chairs and an enameled kitchen stool. Miss Holmes made an appropriate reply. Lunch was served by the ladies, and the evening brought to a close. Following is the address:

Dear Irene:—We, your friends and neighbours, have gathered here tonight to extend to you our best wishes for your future happiness. You have grown up amongst us and your pleasant manner and kind disposition has endeared yourself to us. You have always been willing to take part in our community activities.

And now, on behalf of the friends and neighbours of this community, we ask you to accept these gifts, as a token of the esteem in which you are held. May they be of use to you in your home, and as you use them, may they remind you of our friendship and this happy evening we have spent with you.

May health and happiness always be your good fortune.

Signed on behalf of your friends and neighbours, Mr. and Mrs. George Atchison, Mr. and Mrs. Preston Rodney.

Letters to the Editor

FIGURES RE HOSPITAL GRANT IN WINCHESTER TOWNSHIP

Dear Editor:—

Since the Notice to Winchester Township Electors in regard to the Township Grant to the Winchester District Memorial Hospital, appeared in your paper, I have been asked a number of times how much a property owner would have to pay yearly for twenty years in order to pay the $20,000.00 with interest at 4%, so I have calculated the total yearly payment of principal and interest on the following assessments for the benefit of interested property owners.

On a $500.00 assessment, the annual payment for twenty years would be 31c; on $1,000 assessment, 61c; on $1,500, 91c; $2,000, $1.22; $2,500, $1.52; $3,000, $1.82; $3,500, $2.13; $4,000, $2.43; $4,500, $2.74; $5,000, $3.04; $6,000, $3.65.

Thanking you for your valuable space.

J. STEEN, Clerk,
Township of Winchester.

MOUNTAIN REEVE MAKES HIS STAND CLEAR

Mountain, Ont.,
September 27, 1948.

Editor, Winchester Press:—

Mr. Editor:—If you will allow me space in your valuable paper, I would like to make clear my stand regarding the recent canvass in Mountain Township in connection with the Winchester District Memorial Hospital's request for a grant of $20,000, a report of which appeared in the columns of your paper on Sept. 23rd. I do not think any council should issue debentures for that amount of money without first going to the people and giving them a chance to express their opinion by ballot at the polls. This has been my contention right from the start. It's the only fair way and would give each ratepayer an equal chance to study the issues. There is no doubt in my mind but that the canvassers made a good honest canvass. However, it being in the hands of their own committee, with the opposition having no part whatever, does not appear to be very democratic. If the issue goes to the polls, the same as it is in Winchester Township, and is supported by a majority of the ratepayers, regardless of what percentage casts their ballots, it will certainly have my approval.

WM. A. CAMERON, Reeve,
Mountain Township.

Ministerial Ass'n Objects To Service Clubs Holding Bingos

The September meeting of the Winchester and District Ministerial Association was held in the Osgoode Baptist Church at Vernon on Sept. 20th at 10.00 a.m. Rev. A. H. Jones minister of the church, extended words of welcome to the members and conducted devotional exercises.

Rev. Younger Lewis, D.D., presided over the business session during which a motion of appreciation of the fellowship enjoyed with the Rev. A. H. Jones, regret that he was leaving Vernon, and warm wishes of success and happiness in his new charge at Renfrew, was passed and heartily endorsed. After discussion, a committee was appointed to prepare a letter to be sent to the Chairman of the Hydro Electric Commission of Ontario and the Secretary of the Lord's Day Alliance protesting against the action of the Hydro Chairman calling industry to move as much as possibly for work over the week-end with Sunday as a day of work for the purpose of conserving hydro power.

A motion was also passed re Gambling as follows: "We regret exceedingly that some service clubs and other organizations stoop to such unchristian methods of raising money as Bingo and other gambling devices for presumably Christian purposes, and urge upon them to consider more seriously in the future the use of methods more in keeping with the highest moral and spiritual tone of the Church and the community.

The topic was introduced by Rev. H. Heustin on "God—Three Persons," who gave a scholarly and painstaking presentation of the theme. The discussion will be continued as the next meeting to be held in the Wesleyan Methodist Church in Winchester on Monday, October 18th, commencing at 10.00 a.m.

FEED NEWS

CORN COMING ON MARKET AGAIN

Corn has been so scarce and high in price that it has been practically off the market for some time now. With a good crop in the United States as well as Ontario, we should have all the corn needed for feed this winter.

The new crop will be ready around the first of December. After that the price should come down to the level of Wheat or below it.

Although the price of Corn is still high, we are putting it in our X-L-O and XXX Laying Mashes so that they will have the same ingredients right through the season.

WESTERN GRAIN

New crop Western Oats have not come East in any quantity yet. Prices are down from what they were in the summer. Estimates show a much larger crop of Oats in the West than last year.

Western Barley also shows an increase in quantity and the quality is reported as excellent. Malting companies are after available stocks of Barley and bidding the price up on the eastern feeder.

Recent estimates of the Western crop as compared with last year, are as follows:

	Bushels Estimate 1948	Estimate 1947
Wheat	365 million	319 million
Oats	239 million	194 million
Barley	154 million	131 million

MILLFEEDS

Bran is offered freely but Shorts and Middlings are not too plentiful. Dealers are carrying light stocks of Millfeeds so that the first sign of cold weather may make a fairly heavy demand. It might be a good time to put in some Bran.

BEET PULP

October is the month for Beet Pulp. It is too bulky to carry much of a stock but we will be pleased to supply anyone who can take delivery when the car comes in.

We expect to have a definite price by the end of this week. Call and arrange for the season's supply.

"STABLE-PHOS"

We are booking up "Stable-Phos" these days for delivery from the car in about two weeks.

"Stable-Phos removes slime and slipperiness from the floors, deodorizes and disinfects. It adds phosphorus to stable manure. Eastern Ontario soils, according to soil tests, are deficient in phosphorus and it is claimed that the use of "Stable-Phos" doubles the value of manure.

Sprinkle "Stable-Phos" at the rate of 1½ lbs. per animal per day on floors and in the gutter.

The price of "Stable-Phos" is $35.50 per ton in ton lots or more delivered from the car. Please phone orders as soon as possible.

SAVE POWER IN HOME TO PROTECT OUR JOBS

Ontario Hydro is not fooling. The warning that unless consumption of electric power is severely curtailed, it will be necessary to adopt measures to ensure that such is done, was not made in jest. Ontario is facing the greatest shortage of electric power in her history.

This situation cannot be regarded as something for some one else to worry over. It directly concerns us—right here in Winchester—as much as it does people in Toronto, Windsor, or indeed, any other Ontario municipality.

Unless power consumption is reduced by domestic users particularly, industry will face shut-downs with resulting loss of employment upon which each one of us depends for our livelihood. It is simply a case of doing without a little power at home in order to keep our jobs in industry. When wheels do not turn, production slows, and so does employment.

That is why Hydro is urging domestic and commercial users of power to be careful with it until new power developments are ready for use in 1950 and 1951. This will include Rapides des Joachims where some 450,000 horsepower will be developed.

The acute shortage now is caused primarily by low water levels in Ontario and Quebec which prevent existing generating stations operating at capacity as they have been doing. Water levels will not rise until the spring break-up. We did not have this trouble before because electricity was not as common as it is today—particularly since the war.

The advertisements being published by Hydro and warnings from our local Commission are not in jest. The situation is serious and will continue so for some time.

All of us can co-operate. We can easily do with less home lighting for a while. We can make less continued use of water heaters, electric ranges and other appliances that consume great amounts of power. We can do it and we must; otherwise we may be wondering why we will not continue to have steady jobs.

SAVING PLAYS IT SAFE

A familiar October activity is brewing once again and when that Thanksgiving month rolls around we will all be hearing and reading a lot about Canada Savings Bonds. The government has just announced its plans to issue a Third Series of this popular savings instrument, keynoting its campaign with the slogan: "Play Safe—Save Now."

Saving money is one activity which contradicts the old adage about anticipation being better than realization. A good many of us have found in the past that, while investing in bonds didn't sound like the most exciting pastime in the world at the beginning, there was quite a kick a few months later in the realization that our little nest egg had grown to interesting proportions. The most reluctant of us had to be practically dragooned into buying bonds as a patriotic gesture seven or eight years ago, but now it would seem that most of us are very glad we were. Because now we have the savings habit and it is not nearly as hard to keep the habit going as it is to acquire it in the first place.

The world will probably keep spinning on its axis whether we save money or whether we don't. But it doesn't require a chartered accountant to tell us that we're playing it safe when we save our money, particularly in these days of high prices. A good thing to remember is that, as the margin of money available for saving decreases, the need for saving increases.

Canada Savings Bonds have been issued as a conveniennt means of establishing that safety margin. Plan to save the Canada Savings Bond way.

HOW TO STAY YOUNG

Youth is not a time of life—it is a state of mind; it is a temper of the will, a quality of the imagination, a vigor of the emotions, a predominance of courage over timidity, of the appetite for adventure over love of ease.

Nobody grows old by merely living a number of years; people grow old only by deserting their ideals. Years wrinkle the skin, but to give up enthusiasm wrinkles the soul. Worry, doubt, self-distrust, fear and despair—these are the long, long years that bow the head and turn the growing spirit back to dust.

Whether seventy or sixteen, there is in every being's heart the love of wonder, the sweet amazement of the stars and the starlike things and thoughts, the undaunted challenge of events, the unfailing childlike appetite for what next, and the joy and the game of life.

You are as young as your faith, as old as your doubt; as young as your self-confidence, as old as your fear; as young as your hope, as old as your despair.

So long as your heart receives messages of beauty, cheer, courage, grandeur and power from the earth, from man and from the infinite, so long you are young.

When the wires are all down and all the central place of your heart is covered with the snow of pessimism and the ice of cynicism, then you are grown old indeed, and may God have mercy on your soul.

EDITORIAL NOTES

A nationally known physician tells us that the human body is composed of various ingredients which have a material value of only about 67 cents. How does he explain a doctor's bill of $500 for repairs on a 67-cent machine?

Being neighborly these days means in part, although you may have rented a locker, you have refrained from putting away a box or more of butter as protection against the winter's prospective shortage, says the Brockville Recorder & Times.

Those signs that say "School—Drive Slowly," mean a lot more now than they did during the summer months. They mean that little children are around after their long summer holiday. They probably aren't thinking about traffic dangers, and that's why you must be on watch to avoid accidents whenever you drive near schools or children anywhere.

Other Editors' Opinions

MORE UNEMPLOYMENT

(Kitchener-Waterloo Record)

An era of unprecedented unemployment may be in the offing. A scientist says the time will soon come when people will do only mental work.

HE IS TIRED

(Australian News Letter)

A farmer wrote to a Sydney practitioner asking advice on diet.

He says he finds he gets more tired than he should be after a day's work and wonders if it's due to wrong food.

He was 97 1-2 years old, he added.

A SIMPLE FORM

(Financial Post)

The income tax form for those earning up to $3,000 a year has been greatly simplified. It still isn't as simple as one suggested by a tormenter form filler. His contained only four lines:

1. What was your income for the year?
2. What were your expenses?
3. How much have you left?
4. Send it in.

ONE WOMAN'S MEAT

(Mrs. Antonio Ridge on BBC)

I think the fashion designers have a nerve to call it a New Look. They're just offering us styles that we discarded long ago—and with previous few regrets. Now if they invented something really new, something really original, something to which our hearts and judgment would rush straight out, then we'd adopt it all right, coupons or no coupons. And they wouldn't have to pour out hundreds of articles pointing out its charm and beauty either. We'd recognize a good style all right, if we saw one.

RADIO RESULTS

(Woodstock Sentinel-Review)

Probably the greatest single factor in reducing public interest in elections has been the radio. Candidates blandly think that by latching onto a microphone they can get their ideas across to their prospective constituents. Nothing could be further from the truth. Survey after survey have proven that not ten per cent. of the radio listeners will tune in on the average political broadcast. And of those who do tune in, only a small number stay with the speaker until the bitter end.

WORK IS REQUIRED

(Pembroke Bulletin)

Canada is a rich country, rich in resources, rich in inherited manhood, rich in the inherited wealth of a generation who had fathers and mothers who toiled and saved that their children might have a good start in life. Let us tell this generation that if they would enjoy life they too must work the same as did their fathers and grandfathers.

A POINTED QUESTION

(Brandon Sun)

When the British Government has taken care of everybody, who will take care of the government?

When a public speaker asked the chairman how long he should speak he was told to watch the audience's reaction. "If you haven't struck oil in five minutes," the chairman said, "quit boring."

"WATT'S A KILOWATT"

Ontario citizens know they must save thousands of kilowatt hours, due to the present power shortage, but for those bewildered by the term an Ontario Hydro official explained. "If you left a 60-watt bulb burning for 16 hours and 40 minutes, you'd use one kilowatt hour of electricity. It would cost a little less than one cent."

Your banker works

For You

As a depositor or borrower, you value privacy in money matters. Your banker protects that privacy. Your banking transactions are not open to the eyes and ears of your competitor, your neighbor, your community.

In other words, the manager of your branch bank and his whole staff are working for *you*.

Contrast this Canadian way with conditions in lands where freedom is denied—where every bank is a political tool, every banker a public official working for the State! State monopoly of banking, proposed by Socialists here, would open your banking transactions to political intrusion.

HECKSTON ANNIVERSARY

St. Andrew's United Church, Heckston, celebrated their Anniversary on Sunday, September 19th, when a former beloved pastor occupied his old pulpit again. Great crowds were present at each service and at night chairs had to be placed in the aisle to accommodate the overflow crowd. The church was beautifully decorated with flowers, fruit and grain. The eloquent sermons were closely followed and deeply appreciated by all. The augmented choir, under the organist, Mrs. Mansell Bennett, rendered several anthems. At the evening service a male voice choir of 18 voices led the singing, assisted by the Winchester Quartette, who rendered several anthems most acceptably. The Thank Offering was the largest ever received.

At the close of the service thanks were tendered to the Winchester friends for their assistance at the service by the minister, and they were later entertained by the choir at the home of Mr. and Mrs. Fred Singleton.

MAN'S MEASURE

A man's no bigger than the way
He treats his fellow-man,
This standard has his measure been
Since time itself began.

He's measured not by tithes or creeds
High-sounding though they be;
Nor by the gold that's put aside;
Nor by his sanctity.

He's measured not by social rank,
When character's the test;
Nor by this earthly pomp or show,
Displacing wealth possessed.

He's measured by his justice, right,
His fairness at his play,
His squareness in all dealings made,
His honest, upright way.

These are his measures, ever near
To serve him when they can;
For man's no bigger than the way
He treats his fellow-man.

OBITUARY

LATE MRS. PAULINE LOCKE BRAYTON

The many friends and acquaintances of Mrs. Pauline L. Brayton will be sorry to hear of her passing away on Saturday, September 19th, at the Syracuse Memorial Hospital, where she had been a patient for several days. Mrs. Brayton was born May 22nd, 1910, at Winchester, a daughter of Edgar Locke and the late Ella Jones Locke. She was a member of the Free Methodist Church at Cortland, N. Y.

Besides her husband, she is survived by 3 children, Maxine, Vaughn and Donald; her father, Edgar Locke; and two sisters, Mrs .Thos. Reveler, of Morewood, and Mrs. Herbert Simzer, of Mountain; three brothers, Cecil Locke, of Homer, N. Y.; and Ernest and James Locke, of Canton, N. Y.

Funeral services were held on Monday at 2.30 p.m. in the Free Methodist Church, Cortland, and were conducted by her paster, Rev. Arden Reed. Mrs. Joseph Forkman rendered a beautiful solo, "Some Day We'll Understand," also Mrs. Forkman and Mrs. A. Reed sang very sweetly "Home Sweet Home." Interment was made at Atwater Cemetery, Homer, N. Y. Many beautiful floral tributes testified to the high esteem in which she was held.

VAST LABOR IN HONEY
(Guelph Mercury)

To turn out one pound of honey, it is estimated that honey bees must have taken in the nectar from more than 60,000 clover blossoms, and to accomplish this there would be required some 2,750,000 visits to the blossoms by the bees.

In other words, to collect sufficient nectar to make up one pound of honey, a bee must proceed from hive to flower and back again 2,750,000 times.

CANVASS FOR FUNDS FOR BLIND

Once again The Canadian National Institute for the Blind appeals to the people of Winchester for funds to maintain its work for the 21 registered blind people throughout Dundas County. The appeal will be sponsored by the Women's Institute, and will take the form of a canvass carried on by some of the members during the week of October 4th, and will close with a Tag Day on Saturday, October 9th.

It is hoped that this worthy appeal will meet with the most generous response. Blindness plays no favourites. It can happen to anyone. It has happened to over fifteen thousand people living in Canada to-day. These people are of all ages, from every walk of life, and from every racial and religious group. So if blindness should come upon you or one of your friends, you will know that there is only one organization to which you can turn having the specialized services required by the blind. These services are available to any blind person, absolutely without charge. The funds required to provide these services are provided by those people of Canada who are grateful for the precious gift of good eye sight. This is your opportunity to express your gratitude for good sight by making a generous contribution to the C. N. I. B. when the canvasser calls. Remember, the Institute has no paid canvassers. It depends upon the friendly voluntary service of public spirited persons in each community who have the welfare of their blind fellow citizens at heart.

All of the 21 registered blind persons of Dundas are eligible for Institute services, which are, very briefly, as follows: Regular visitation by Institute workers for the purpose of ascertaining problems and needs; instruction by the blind home teacher in home adjustments, reading of embossed type, handicrafts, typing, etc.; use of the C. N. I. B. library of over 25,000 books in embossed type and on talking book records; occupational training and employment for the employable blind under Institute supervision; radio service such as free licenses, sets on loan and batteries and repairs for those in need; special and emergency assistance in cash, clothing, fuel, artificial eyes, dentures, etc., for necessious blind persons; suitable Christmas gifts and birthday remembrances; concessions obtained by the Institute, as discounts, reduced travel rates, and free theatre and city bus passes.

For those unable to learn to read braille, the Institute is developing its talking book service, providing books on records for those who have a suitable reproducing machine. In addition, there are other special services too numerous to mention, and the Institute officials feel that there are still many more types of service that can be developed for the advantage of the blind, if the Canadian people still continue to have confidence in, and to lend support to, this important humanitarian agency.

ANGLICANS OBSERVE HARVEST FESTIVAL

At the three Anglican Churches in the Mission of Winchester this past Sunday the Festival of Harvest Thanksgiving was observed with all due solemnity.

At the Church of the Holy Trinity, Chesterville, the Rector celebrated the Holy Communion at 8.30 a.m. and at 11.00 a.m. officiated at the Sung Eucharist. The sermon was preached by The Venerable H. A. E. Clarke, M.A., Rector of historic Trinity Church, Cornwall, and Archdeacon of Cornwall. The Church was beautifully decorated with autumn flowers and the fruits of the Harvest. A special collection of foodstuffs was made to be sent to a needy family in Liverpool, England.

At 3.00 p.m. The Rev'd. Leon Adams officiated at Evensong in the Church of St. Matthias, A. & M., Winchester, assisted by Archdeacon Clarke who read the Lessons and preached a fine sermon on the parable of the Mustard Seed.

The last service of the day was at St. Peter's Church, South Mountain, at 7.30 p.m., when a large congregation assembled for Festal Evensong. The Rector officiated at the service, and once again the Archdeacon read the special Harvest Lessons and preached for the third time.

Day and night, more dependable than ever

TODAY, telephones are four times as free from "trouble" as twenty years ago, and there are twice as many of them!

Each month 10,000 are being added so that soon all may have dependable telephone service and the security that goes with it.

This is being done in spite of rising costs, yet up to now there has been no increase in the basic telephone rates established 21 years ago.

For you, this means greater value than ever before; for us, the satisfaction of providing "the best telephone service at the lowest cost".

Sunday In The Churches

By Rev. N. J. Thomas, B. Th., Church Editor

SUNDAY, OCTOBER 3rd, 1948

A World Family of Faith

On World Communion Sunday Christians from all over the world will assemble about the Lord's Table in their respective places of worship to partake of the Holy Communion. At this table will gather Christians of many colours, races and nations, to be enfolded by Christ's unfailing love. They will come together in response to His request, "This do in remembrance of me."

This fellowship of Christians on World Communion Day is a source of inspiration and strength. It is a witness in a broken world to an unbroken world Christian fellowship. Each one of us is part of this glorious company. Although it is an unseen company of believers, yet our fellowship with this family of faith is very real. Our unity is in Him. Our fellowship is with Him and with one another.

Many of our fellow Christians across the world are in great need. Some are homeless, others are in prison camps and still others are sick and hungry. Many are starving spiritually for lack of faith, hope and love. On this day, let us pray for them and enter into their fellowship of suffering.

Because of the indescribable needs of men in our troubled sinful world, Christ calls all Christians everywhere to a rededication of life to increase His Church numerically and spiritually to extend His imperishable Kingdom in the hearts of all men. A world without God is a world doomed to atomic dust.
