The August meeting of the Elma Women's Institute was held in the Lutheran Church Hall, Dunbar. The president, Mrs. Melvin Dillabough was in the chair and opened the meeting with the ode followed by the Mary Stewart Collect. The roll call was answered with the location of a Canadian Industry by 22 members Fifteen visitors were present.

The W.I. pins which were ordered at the July meeting were distributed by Mrs. Maurice Beckstead. Further plans were discussed for the Pie and Ice Cream Social to be held August 9th on Elma Church Lawn.

Agriculture and Canadian Industries being the topic, Miss Gertrude Barkley, convener, had charge for the remainder of the meeting. She gave a very interesting paper on "Home Weaving". Four girls, Shirley Froats, Jean Merkley, Doonie Dillabough and Nelda Froats sang "When the Organ Played at Twilight". Mrs. Wray McPherson gave a reading. A solo by little Myrna Froats was very sweetly sang, "Teddy Bear's Picnic", accompanied at the piano by her mother, Mrs. Grace Froats, was enjoyed very much. Mrs. Maurice Beckstead gave a reading on Research in Margarine. Mrs. W. A. Morrison rendered a piano solo. A recitation, "The Dollar and the Cent" was nicely recited by Elva McMillan. Mr. Don Kyle rendered two solos, "An Evening Prayer" and "Galway Bay". Miss Gertrude Barkley read a poem "The Farmer's Lament". This brought the program which was enjoyed by all, to a close.

The committee in charge served a very delicious lunch and a social hour was spent. Mrs. Burton Beckstead moved a vote of thanks to the Ladies of the church for the use of their hall and the lovely evening spent. Seconded by Mrs. George McIntosh.

The September meeting will be held at the home of Mrs. Don Kyle on Thursday evening, September 8th. "Citizenship and Education" being the topic, Mrs. D. A. Dillabough, convener, will be in chage.

CAMPBELL—LOUCKS

St. Andrew's Presbyterian Church was a scene of a pretty wedding Saturday afternoon, August 6th, when Rev. H. Heustin united in marriage Betty Jean, daughter of Mrs. John Loucks and the late Mr. Loucks of Chesterville, and Stanley Ross Campbell of Ottawa, son of Mr. and Mrs. J. C. Campbell of Metcalfe.

Given in marriage by her brother, Ralph, the bride was attended by her sister, Dolores. Mrs. Don Morrell of Iroquois was the solosit.

The bride's gown of white satin was fashioned on flowing princess lines with a short train, a sweetheart neckline and long sleeves, and she wore three strands of pearls, a gift of the bridegroom. Her fingertip veil was held in place by a coronet of crystal beads. She carried an arm bouquet of red roses.

The bridegroom was attended by Arnold Kittle, and the ushers were Lyle Loucks of Chesterville, and Rolla Campbell of Metcalfe.

Following the reception the couple left for Toronto. For travelling the bride wore a blue crepe dress with white accessories and a corsage of pink roses.

They will reside in Ottawa.

FINCH WOMEN'S INSTITUTE HOLD THEATRE PARTY AT WINCHESTER

The Finch Branch of the Women's Institute chartered a bus to take the members to Winchester for a Theatre party. They were met and welcomed by the manager with whom arrangements had been made previously.

On their return the ladies were invited to the home of the President, Miss Nell Gillies, where a short meeting was held. The President read an address and Mrs. Charles Burd, 1st vice-president, presented Mrs. Cederic MacLeod with an Institute Badge, prior to her leaving to reside in Smiths Falls.

A lovely lunch was served by Miss Gillies. Mrs. Abraham moved a hearty vote of thanks to Miss Gillies for entertaining the members.

ENGAGEMENT

Mr. and Mrs. T. S. Barrington announce the engagement of their daughter Mabel Evron, to Harold Stanley, son of Mr. and Mrs. E. A. Lisk of Eganville. Marriage to take place on Saturday, August 20th, in Morewood United Church, at 3 p.m.

Commercial Feature To Be Innovation For Society Fair

An innovation in the Agricultural Society's plans for the Fair this year on September 6th and 7th will be the Commercial Class in Dairy Calves and Heifers. Any breed, grade or pure bred may be entered in the three classes with six prizes of $4. for the dairy calves under one year of age, six prizes of $5. for dry heifers over one year of age, and six prizes of $5. for fall-freshening heifers.

At the conclusion of judging all these cattle will be sold by Public Auction to the highest bidder. It is hoped that interest will develop in this feature and that quality calves and heifers will find a ready market in the area. Improvement of the dairy herds here is one of the objects of the Society and it is felt that good cattle as shown by judging and then sold, will be an excellent way to make a beginning in that direction.

In line with the regular practice of the various Cattle Associations, inequalities in the prize money for the winners in the many classes have been leveled out so that seventh man will win the same amount of money as the red ribbon winner. In this way, larger entries are expected and the time and trouble of fitting the cattle for showing is at least partially paid for if the entry gets in the prize money at all.

Nearly all the prizes have been increased in value this year. The increases range from fifty cents to five dollars, with the greatest increases shown in the 'Horses' classes. Interest in the Horse section in the last few years has not proven strong and the Society hopes to revive the 'old feeling' by an added attraction of increased prize money.

Prize lists are in the hands of the Secretary, C. Allison Graham, Phone 618, and ask for your copy.

NIGHT BLOOMING CIEROS IN HOME OF MRS. GEO. CASS

Saturday evening last Mrs. George Cass of town, had that rare satisfaction of having a Night Blooming Cieros come to its full perfection. Early in the evening it began to unfold its beauty which reached its perfection about four hours later, remaining in that condition for a considerable time, filling the home with a very delicate perfume. There had been three buds, but one failed to develop to its best. This particular plant came into the possession of Mrs. Cass about eight years ago, perhaps it was seven, as its custom is to bloom only every seven years. It is a long time to wait for the bloom but the amount of satisfaction at its appearance is well worth the anticipation.

THRESHING WELL UNDER WAY CROPS GOOD IN GENERAL

With the hot dry weather making ideal threshing weather, grain crops are coming off the fields in record time this year. The last week has seen the appearance of many stacks of straw outside the barns of the neighbouring barns which is the usual sign of a good crop. Reparts in general make the grain yield much better than was expected in spite of dry weather and bugs.

BETTY J. LOUCKS TENDERED PRE-NUPTIAL SHOWER

Thursday, last week, about sixty friends and neighbors of Miss Betty J. Loucks joined in tendering her a complimentary shower at the home of Mrs. George Edgerton. Miss Jean Kearns read an address as Miss Loucks was seated in a beautifully decorated chair, while Marjory Smith and Jean Feeley trundled in a little wagon laden with many beautiful and useful gifts. After Miss Loucks had thanked all her friends in a few well chosen words, dainty refreshments were served to the ladies gathered.

'Prevent Fires' Talk At Rotary On Monday

The speaker at the Chesterville Rotary Club last Monday night was L. P. MacRostie of Ottawa Fire Department. He spoke on the prevention of fires in homes and offices and proved most interesting.

The club entertained as guests members of the Chesterville Volunteer Fire Brigade, Chief Sidney Morris and Stanley Harper. Bert Meyers of Ottawa was also present.

Introduced by Chas. McMillan, the speaker stated flatly that most fires were started through carelessness. The great loss of life and property that occured in the Dominion each year was appalling and when disregard of the elementary rules of fire prevention caused most of the damage the picture was even blacker. Illustrating his statements, Mr. MacRostie cited personal experiences he had had in his inspection work. He told of going into one house in a long line of old wooden buildings. A stove pipe ran from the stove up through the floor above to a chimney bracket. Upon examining the pipe, he found that the pipe was wrapped with newspapers where it went through the floor. When the householder was asked to explain that condition, she stated that there was a hole in the pipe and she had wrapped it with papers to keep the sparks from falling out on the floor. Examples such as that were not exceptions, in the speaker's opinion, but all too commonplace. In conclusion, a few don'ts were read that if regarded with care will do much towards the prevention of so many needless fires.

The thanks of the club were expressed by Dr. S. H. Hutt.

CAN YOU GUESS?

Under the heading, "Can You Guess?" one of the larger companies in Toronto area has been using a novel method of interesting employees in the costs of material. Piles of different material thoughout the plant had display cards attached to them, inviting passing employees to guess their cost. The actual value was revealed by lifting a flap on the display card.

In one case, employees estimated the cost of a pile of pressboards at between $1,000 and $2,000, while the actual cost figures under the flap showed it to be $11,000. Similarly, employees did not realize that one good sized piece of pressboard cost the company $28. As a result, employees have not been as careless in their handling of this material as they were before they knew its cost.

To show that a lack of knowledge of actual costs is not confined to the employees in the plant, we would like to report the case of two of the company's executives who estimated the cost of a 26-ton pile of sheet steel at $800 and $1,600, respectively. The actual cost was $7,500!

The large number of thumb marks on each one of the flaps has indicated that both the display cards and the actual cost figures have been well read by those passing through the plant. This would appear to be a simple but excellent method of drawing to the employees' attention the high cost of raw materials. In this way, they might be expected to reduce damage to these materials as well as acquire a better grasp of the importance of inventory in a manufacturing establishment.

Master Machine for Modern Farmers

A recent survey showed the owners of self-propelled combines in Western Canada to be divided like this:

61.9% were owners of Massey-Harris

38.1% were owners of other makes

This is a very significant fact. Farmers don't choose their machines by whim or fancy. Such a high preference for Massey-Harris is proof beyond doubt that Massey-Harris combines give them the best all-round performance . . . in fast harvesting, clean threshing, freedom from field delays, low cost of operation.

If you were to visit the Massey-Harris combine factory and watch the long trainloads of combines pulling out of the railway siding, you would see something else that is noteworthy. Many of these train-loads are destined for United States points, because Massey-Harris combines are as popular in Kansas, Texas and the Dakotas as they are in the Canadian West.

And if you observed further, you would find many carloads destined for far-away countries like Argentine, India, Turkey, Tanganyika. All over the world, the Massey-Harris self-propelled combine is known and recognized as the master machine for modern farmers. Wherever you find modern agriculture, you find Massey-Harris combines in use and in demand.

LAWRENCE—PRESLEY

At an afternoon ceremony Saturday in St. Andrew's and St. Paul's United church, in Russell, Lois Bertha Presley, daughter of Mr. and Mrs. Earl Presley of Russell, became the bride of Gordon Wilfred Lawrence of Montreal, son of Mrs. M. Lawrence and the late Mr. Lawrence, also of Montreal.

Gladioli, baby's breath and fern decorated the church for the ceremony. Rev. Thomas McNaught officiated and wedding music was played by Miss Lorraine Morris.

The bride, who was given in marriage by her father, was attended by Mrs. Rose Finnegan of Ottawa, as matron of honor; Miss Edythe Presley, sister of the bride, as bridesmaid, and Nadine Lois Stewart of Morewood, niece of the bride, as flower girl.

Harold Presley of St. Catharines, was best man, and Harold Stewart ushered the guests to their places.

The bride wore a Colonial styled gown of brocaded satin styled with an inset yoke of nylon and pearltrimmed lace, a fitted bodice buttoned to the waist with self-covered buttons, long sleeves, and full hooped skirt caught up with bows to show a lace flounced underskirt. Her floor-length veil was arranged from a tiara of tiny beads and rhinstones and she carried a cascade bouquet of American Beauty roses and baby's breath.

Following the ceremony a reception was held at the home of the bride's pranets, and later the couple left for a wedding trip to western centers. Travelling, the bride wore a wine gabardine suit with white accessories and a corsage bouquet of roses.

Guests at the wedding included Mrs. M. Lawrence and William Neville of Montreal; Miss Ruth Olive, Miss Ann Malone, Mr. and Mrs. E. Finnegan of Ottawa; Mr. and Mrs. Harold Stewart of Morewood; Mr. and Mrs. Harold Presley, St. Catharines, Miss E. McLaren, Ottawa, and Mr. Ronald Lawrence of Montreal.

Church News

MOREWOOD UNITED CHURCH

The service at Morewood United Church was conducted on Sunday morning by the minister, Rev. W. J. Copsey, B.A. The sermon was on 1 Kings 18;44 "It came to pass at the seventh time, that he said, Behold there ariseth a little cloud out of the sea, like a man's hand."

The battle of true religion against the worship of a false idolatry is over. The God of Elijah has vindicated Himself by sending fire from heaven. Elijah is on his knees, with bowed head and agony of soul crying in fervent prayer for God to fulfill his promise and send rain upon the land dry and parched from three years of drought. The servant from the lofty look-out after the seventh ascent brings the news of the little cloud arising out of the sea, the pledge to the prophet that God had not failed; there is the sound of abundance of rain, that would bring physical and spiritual salvation to land and people.

So to us all the merciful works of God seem small and unimportant in the beginning; but thence they are seen to be nobler and greater in the end. Let us rejoice if we see even so much as a little cloud of divine mercy and peace upon the horizon of our life! The time approaches when the cloud of promise will cover our whole heaven. When the hour strikes help comes in with mighty power, all mistrust is put to shame with a sudden, but sure sound of the abundance of rain of divine blessing for land and people. The solo, "Hold Thou My Hand Dear Lord" was rendered by Miss Phyllis Walker of Ottawa, with Miss Ellice Smith at the organ.

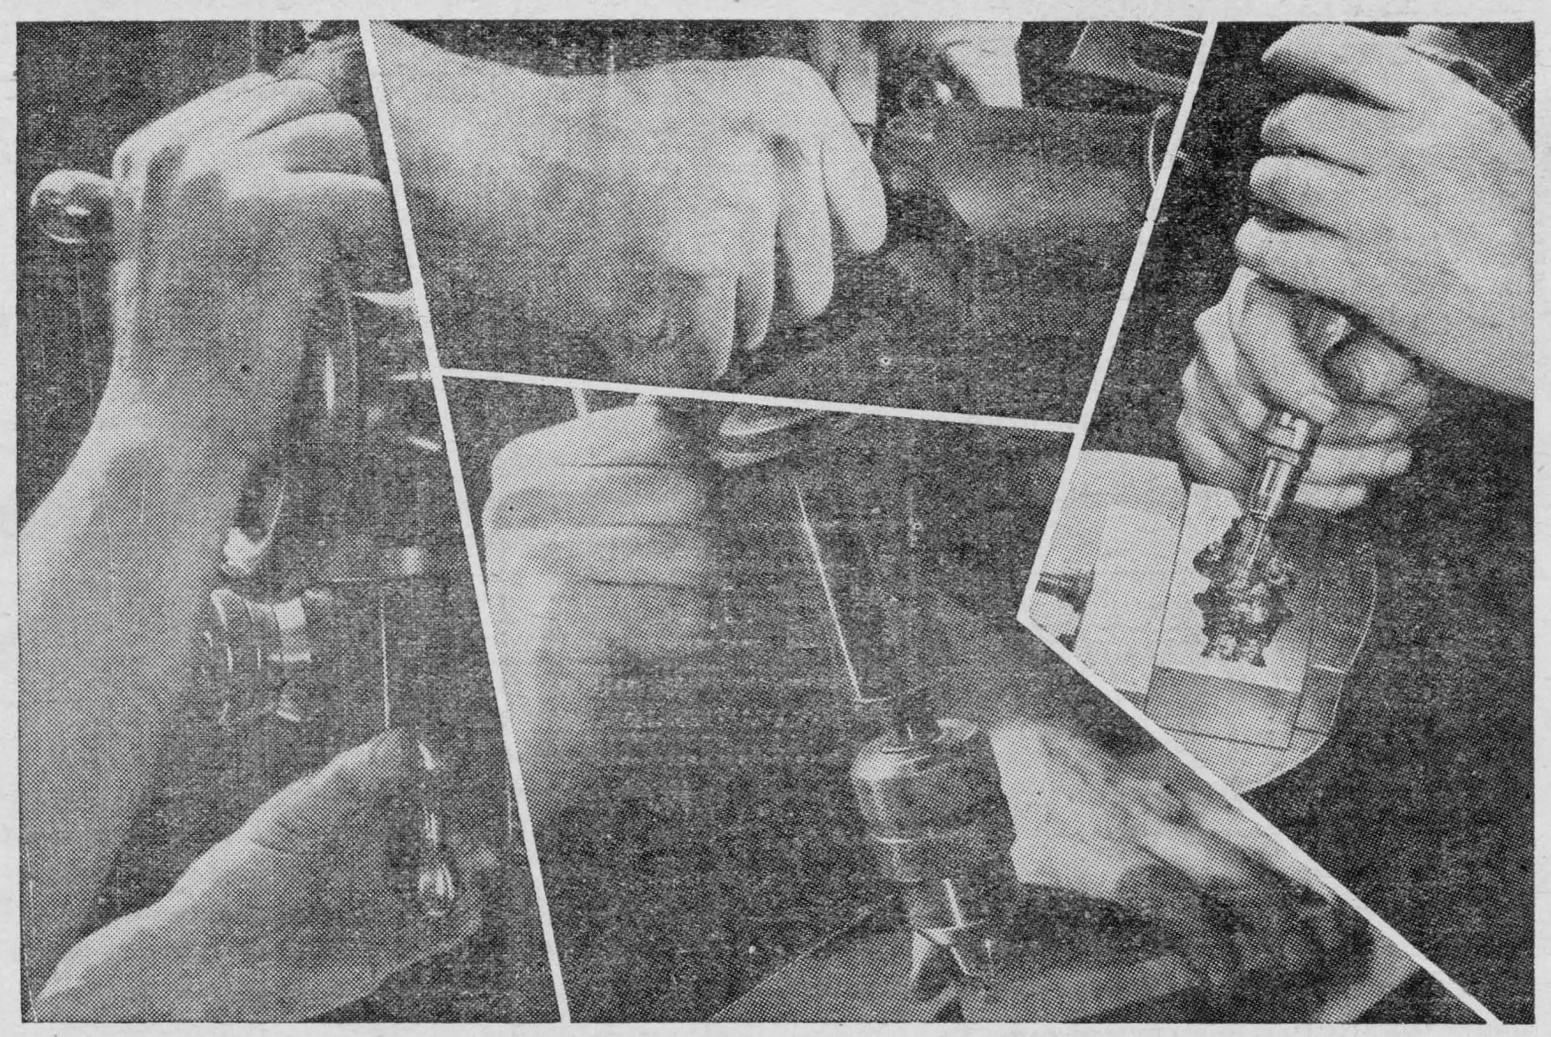
HANDS IN TRAINING...FOR ONTARIO



Learning to Make Plastics

IN Ontario the wheels of industry turn for the benefit of every single one of us. Our lathes, dynamos, drill presses, farm combines, tractors, business machines, etc. are producing goods and services which earn dollars. These dollars provide food, clothing, medical care and other necessities which contribute to our security and high standard of living. Every single one of us, therefore, has a very personal interest in the flow of a steady supply of trained workers to industrial plants. These workers will operate machines which are important to our way of life.

We should appreciate, then, the co-operative efforts of government, industry and labour in the field of employee training. In schools and in factories our workers, young and old, are given the opportunity to develop new and specific skills in every field of business and industrial activity. For instance, as in the pictures shown here, every effort of Ontario's newly-skilled plastics workers will mean better plastic products — will help to make Ontario a finer place in which to live and work.

THE BREWING INDUSTRY (ONTARIO)

Our Way of Life Rewards Trained Hands

Ontario workers know they can earn more, have executive responsibility and enjoy a higher standard of living in direct ratio to the skills they acquire and the way they make use of them. That's always true in a free economy — that's why our competitive system will continue to make Canada great and a great place in which to live.

If a new or used tractor would help you *we're interested*

You already know that you can borrow money from this Bank under the terms of the Farm Improvement Loan Act, to buy new farm equipment, construct new buildings, buy new stock, or make any other worthwhile addition to your farm.

But did you know that this Bank can also make these loans to finance the purchase of used farm equipment, and to make repairs or alterations to existing farm buildings?

If you want to sell your old tractor to get a new one, and your buyer hasn't enough ready cash, ask him to discuss his problem with the Bank of Nova Scotia. Remember, if farm improvements will help to make your farm more profitable, we're interested.

CHESTERVILLE SUBURBS EXTENDED NOW REACH TO RIDEAU

Chesterville, in the last few months, appears to have 'busted' its seams and we find a suburb of the town abuilding on the banks of the Rideau River a mile west of the Lighthouse near Osgoode.

The whole thing started last year when Charlie Munro purchased a few lots there and started construction on a boat-house and summer cottage. Before long Allison Graham, Harold Durant and O. L. King joined up as neighbours and Len Giles added to the group. Building has been going on at a rapid rate and took even more speed when W. O. 'Bill' Dixon bought up some lots, persuaded Howard Fulton that the Rideau was a good river, and in short order ran up a cedar-block house and garage.

Properties now being developed, starting from the creek bridge belong to C. A. Graham, Harold Durant, Len Giles, O. L. King, a neighbour unknown to us, Howard Fulton and W. O. Dixon. Chesterville West it will soon be called.

IN MEMORIAM

DURANT—In loving memory of a dear husband and father, Aden M. Durant, who passed away August 7th, 1946.

We are writing this verse for you, Father,
And thinking of you today,
To prove you are not forgotten
But remembered every day.
For that love so true and steadfast,
For that life so sweet and fair,
We thank the God above us
For you are in His care.

—Inserted by Ms. Aden Durant and family.

IN MEMORIAM

SHAW—In loving memory of our neice Shirley, who passed away August 11, 1948.

MR. AND MRS. GEO. SHAY HONOURED BY MANY FRIENDS

On Wednesday evening, August 10th, about 50 friends and neighbours invaded the spacious home of Mr. and Mrs. Stanley Shay to offer congratulations and spend a most enjoyable evening with their uncle and aunt, Mr. and Mrs. George Shay, who celebrated their 5s1t wedding anniversary on that date.

About 11.30 Mr. and Mrs. Shay were called to the floor and a most appropriate address was read by Mrs. J. A. Munro, while at the proper moment a sizeable purse of money was presented the honored couple by Mrs. Stanley Shay. A delicious lunch was served by the ladies. Mr. and Mrs. Shay were thanked for their hospitality in making their home available for the occasion.

IN MEMORIAM

SHAW—In loving memory of our darling daughter, Shirley Jean Shaw, who passed away August 11, 1948.

No one knows how much we miss you
No one knows the bitter pain
We have suffered since we lost you
Life has never been the same.
In our hearts your memory lingers
Sweetly, tender, fond and true
There is not a day our darling
We do not think of you.

—Sadly missed by Mother and Daddy.
