THEY slog ahead with the dirt and anguish of modern war.

They slog ahead—reduce another pillbox—capture another village.

They keep on driving the enemy back until he breaks.

And what of us at home? In comfort, safe, clean, without fear of sudden death or wounds. Sometimes happy enough, but still worried. And we want to help. We'd like to be in there with them until it's over and then come home together. Few of us can do that but surely we *can* help. We have helped before by buying Victory Bonds and we can do that again. We can keep on providing the money for all their needs; to keep them equipped, to keep them strong and healthy; to care for them if they are sick or wounded and soon, we hope, to bring them safely back to us.

There is a real way to help. We can purchase generously in the 8th Victory Loan.

Dear Mrs. Foxton, Eileen and Gordon:

For many years the name of Foxton has been associated with this community, and as you are about to leave our midst as residents, we, your friends of this neighbourhood, have gathered to express our regrets at your departure. I'm sure we will always remember you, Mrs. Foxton, for your kindness and friendliness to all. We have always admired your ambition, and for these many years you have been a good neighbour.

Eileen and Gordon, we have valued your worth as citizens, and you have always been willing to assist in any community project. We are sorry that ill health has forced you to seek employment elsewhere. We hope that you will like your new environment and work, wherever it may be, and as you make new friends, may you not forget the old ones.

As a token of our respect and good will to you all, we would ask you to accept this gift as a remembrance of your neighbours and friends of your old home.

Signed on behalf of the community.

Mrs. Foxton made a suitable reply to the address and thanked her friends and neighbours for the beautiful gifts, and asked all to visit them in Brockville. Local Boy Scouts and Cubs Entertain Parents and Guests at Annual Dinner

A very enjoyable evening was spent in the Town Hall on Tuesday evening, when the local troop of Boy Scouts and Cubs entertained their parents and representatives of the several village organizations at their annual supper. About 100 persons partook of a delightful meal, which was planned and prepared by the mothers of the boys.

Chairman for the occasion was Mr. Walter Moffat, member of the Citizens' Committee for Boy Scouts. He welcomed the guests and extended thanks to all who had contributed to the success of the Scout and Cub Movement in Winchester.

Representatives of the various organizations present were: Centurian W. J. L. Boyd, 100 Club; Reeve Albert Turner, Municipal Council; Mr. W. J. Cass, K.C., High School Board; Mr. Howard Fetterly, Public School Board; Mrs. Mary Bowden, Women's Institute; Mrs. W. J. L. Boyd, L. O. B. A.; Mr. Alva Alexander, Canadian Legion; and Mr. Gordon Rice, L.O.L. Local churches were represented at the gathering by Rev. D. W. Summers, of the Wesleyan Methodist Church, who gave the opening prayer; Rev. Wallace MacKinnon, of St. Paul's Presbyterian Church, and Rev. Norman Thomas, of the United Church.

Following the supper, an enjoyable sing-song was led by Rev. Norman Thomas, with Mrs. Howard Fetterly presiding at the piano.

This was followed by the presentation of a medal to Rev. Mr. Thomas for lengthy and efficient service in the work of the Boy Scouts. Prior to coming to Winchester, Mr. Thomas had been connected with Scout work for over ten years, during which time he organized troops in several places and acted as Scout Master on different occasions. The presentation was made by Mr. Edward Jones, Field Commissioner of the Boy Scouts of Ontario. He congratulated Mr. Thomas on his splendid record as a Boy Scout leader.

In reply, Mr. Thomas gave a summary of his affiliations with several troops of Scouts and said that working with these boys was one of the most pleasant tasks he had ever undertaken.

The chairman then called on Scoutmaster Raymond Summers for a few remarks regarding his troop.

Raymond said that the past year had been the best in his life—working with these boys was a pleasure and it helped to keep a fellow young. He praised the members of his troop for the interest that they had taken in their work and on the progress they had made to date. He then presented badges to the following Scouts who had completed 8 tests, qualifying them as Second Class Scouts: Chas. Bowden, Bob Graham, Ron. Stevenson, Ron. Workman, Mel. Johnston, Allan Kellogg and Jack Wilson.

He extended thanks to Mr. Gordon Rice, Rev. Norman Thomas and Mr. H. G. Graham for the assistance they had given him in instructing the Scouts in preparation for the several tests.

An exhibition of Semaphore signalling was then presented by the following boys: Bob Graham and Ron. Stevenson; Chas. Bowden and Jack Wilson; Ron. Workman and Mel. Johnston; and Allan Kellogg, who signalled a message, asking everyone to support the 8th Victory Loan. This exhibition was an evidence of the good training the boys were receiving under the leadership of Scoutmaster Summers and his associates.

Cubmaster Arnold Dukelow then spoke briefly, expressing his appreciation to Mrs. Ed. Libera, Mrs. Howard Fetterly, Mrs. H. G. Graham and Mrs. Wm. Servage, for their assistance with the instruction work of the Cubs. He said he enjoyed his work as Cubmaster, although by times it was a real test of one's patience. He then called upon Mrs. Libera and Mrs. Graham to present 1st year stars to several Cubs who had qualified for them throughout the year. They were: Billy Beardsall, Malcolm Steinburg, Les. MacDonald, Merlin Robinson, Ken. Thomas, Chas. Meldrum, David Graham, Bruce Steinburg, Dick Gross, Frankie Libera, Donnie Wilson, Doug. Wilson, and Reg. Fetely. John Corry, also eligible for the award, was unable to be present.

The Cubs then favoured the gathring wth several of their songs, led by Mrs. Servage and Mrs. Howard Fetterly. This feature was thoroughly enjoyed.

Introduced by Mr. Moffat, the guest speaker for the evening, Mr. Edward Jones, of Ottawa, Field Secretary for the Scouts, delivered a most interesting address. He noted, with pride, the progress made in Scout and Cub work, since his last visit here, and asked the parents and local organizations to continue lending their co-operation in this great the local leaders for their splendid leadership, and said they were deserving of high praise. The topic of his address was "Fighting." He informed the boys that life was no empty dream—no bed of roses—no blue heaven. It was a fight from start to finish. All the good things in life were worth fighting for. The observance of the Sabbath, the Four Freedoms, good habits, a good job, a good home, a good education, happiness, etc., were all worth fighting for. Overcoming the temptation to smoke or indulge in alcoholic beverages in this day and generation demanded an extra fight, he said, and he urged the boys to fight against these with all their might.

He also issued a challenge to parents to encourage their boys along these lines and to take a deeper interest in their Scout work, which was designed to prepare the boys to become better citizens and to accept their responsibilities in the years that lie ahead.

A vote of thanks was extended to Mr. Jones for his very timely address by Mr. W. J. L. Boyd.

An interesting report on the financial standing of the Scouts and Cubs was given by the treasurer, Mr. Alva Alexander, who thanked all those who had made donations throughout the year.

On motion of Messrs. W. J. Cass and Albert Johnston, members of the Citizens' Committee were all re-elected, with the addition of Rev. Mr. Thomas. Personnel of the committee is: Walter Moffat, W. J. L. Boyd, Gordon Rice, Alex Davidson, Alva Alexander and Mr. Thomas.

In his motion, Mr. Cass congratulated the committee on their good work and in view of the success they had achieved, felt that there was no need for a change at the present time.

The meeting closed with the National Anthem.

Two Local Men Receive Safe-Driving Awards

S. A. Gillespie and E. F. Kellogg, of Winchester, were among the 423 Bell Telephone employees who have been awarded safe driving buttons for 1944 by the Ontario Safety League.

Both awards were for one year at the wheel without an accident. In Cornwall, M. A. Collette completed 11 years of safe driving, C. H. Merkley three and R. W. Brown one. In Maxville, W. C. Woods received a four-year award; W. M. Bezanson, of Hawkesbury, received a three-year button, and C. Stansfield, of Chesterville, a one-year button.

The awards consist of buttons inscribed with the number of years of safe driving, and certificates signed by H. G. Fester, manager of the league, and L. G. Buck, the company's eastern division plant superintendent.

Of the grand total of 423 awards, 25 were for 12 consecutive years' driving of a Bell vehicle without an accident of any kind, 27 for a similar record extending over 11 years, and 8 for ten years' safe driving.

W. M. S. THANK-OFFERING MEETING

The Thank Offering Service of the United Church W. M. S. was held on Sunday evening at 7.30 o'clock, in the church, with the President, Mrs. E. Fennell presiding. During the service the choir rendered an anthem, "I Head the Voice of Jesus Say," with Mr. H. Graham taking the solo tenor parts, and a solo, "Come Unto Me," by Mrs. W. J. Cass, accompanied by the Choir Director, Miss Isabel Brown.

The guest speaker for the evening was Air Commodore W. Ewart Cockram, Director of Chaplain Services, Ottawa, who took his text from Eph. 6:11: "Put on the whole armor of God." In simple language Mr. Cockram pictured a bird's eye view of the work done by the chaplains at home and overseas. The response of the boys to religion and to each other individually; the standards of every soldier is measured by his loyalty to his King and Country. Whether they be white or black, Jew or Gentile, these boys are all one, comrades in arms. What ought to be the approach of the Christian Church towards the rehabilitation of the returning men and women of the armed forces? the speaker asked. The Christian Church should put on the whole armor of God and keep it on. The church, to be a living church, must be a friendly church, reaching out among the people, bringing them into the fold of Christ. The church must also co-operate with one another, as the soldier meet with their padres, and are all one in Christ Jesus.

The speaker also gave many personal references and illustrations of his work among the Air Force for over five years.

Mrs. Eldon Fennell thanked Mr. Cockram for his splendid address, and all others who had helped in the service.

The meeting closed with a hymn and Benediction.

The meeting closed with the Lord's Prayer.

Splendid Address Given By Mr. Preston Timmins at 100 Club Luncheon-Meeting

Mr. Preston Timmins, B.A., of Kingston, Field Secretary of the Canadian National Institute for the Blind, was the guest speaker at the monthly luncheon of the local 100 Club, held in the town hall last Friday evening, and presided over by the president, Centurian W. J. L. Boyd.

Mr. Timmins was introduced by Centurian W. J. Cass, who referred to him as a son of one of Winchester's best known families, and a young man who, in spite of the handicap of poor eyesight, had been successful in making a career for himself. He graduated from Queen's University, Kingston, with the Bachelor of Arts degree. After teaching for awhile, he became an insurance agent and later was appointed Field Secretary for the National Institute for the Blind.

Mr. Timmins, in his opening remarks, thanked the 100 Club for the invitation to be their guest speaker and also for the welfare work the Club was doing in providing glasses for children of needy families. The speaker then proceeded to give a brief outline of the history of the Canadian National Institute for the Blind since its inception. He pointed out that before the Canadan National Institute for the Blind was established twenty seven years ago, it was doubtful if there was a single blind woman in regular employment in Canada. Now in the apron and dress factory of the Institute in Toronto there are 44 blind girls and women regularly employed. Five of the stenographers in the head office are without sight. The nine home teachers of the Institute in Ontario are totally or partialy blind. There are two girls without sight employed in government offices in Ottawa as stenographers and there are others in private offices. Several blind women operate concession stands or small industrial cafeterias. These girls and women earn their own living. They would not be employed if it were not for The Canadian National Institute for the Blind. It is an organization which means all the difference between happy life and dull existence in the lives of hundreds of women and men without sight.

The Institute, said Mr. Timmins, is financed mostly by staging tag days for the blind, public donations, etc. About one-third of the money is derived from government grants and proceeds of articles made and sold in the Institutes' shops and factories.

The speaker also pointed out that when donations for the Institute were being solicited, that work would be done voluntarily by people in the community where the canvass is being made. No stranger or outsider is ever given authority to do this work on behalf of the Institute.

His address was very instructive and most interesting. He spoke without referring to notes, and his voice and delivery was most pleasing.

In moving a vote of thanks to Mr. Timmins, Centurian W. J. Stewart highly recommended him for his interesting and instructive address.

Present at the meeting as guests were three members of Canada's Armed Services, all of whom had recently returned from overseas. They were Flt. Lieut. Lloyd Rowat, Chief Petty Officer Robert Barkley and Cpl. Creighton Robinson, all of whom were given a hearty welcome by the Centurians, as was Mr. Ernest Brown, a local guest.

Prior to the business period, a sing-song was conducted by Centurian Chester Timmins with Centurian John Burke as pianist.

A suggestion by the Executive that membership fee for the Club from now on should be $10.00 instead of $5.00, and that the fee for individual guests be 75c instead of 50c, was discussed and will be voted on at the next meeting. With limited facilities for serving, the Club at present has no alternative other than to control its membership. Members who miss three consecutive meetings without notifying the secretary or president will not be eligible for membership the following year.

Centurian W. J. Stewart reported that the Child Welfare Committee had purchased glasses for a local youngster and had investigated another case, which will require an examination by a specialist. This has been arranged.

Centurian Albert Turner reported that the committee had taken a local woman to Mr. Turner, of the Acousticon Better-Hearing Clinic, during his recent visit here, and the hearing aid which suited her case would cost $122.00. After some discussion, the Club decided to purchase it for the woman, who is on relief.

Centurian Hart Melvin, Chairman of the Park Committee, said that there was still much work to be done at the Park, but funds were running short. The program committee was asked to see what could be done about raising some money, and are giving this their attention at present.

The Club decided that their part in the V-E Day Celebration would be to decorate the town, and a committee was appointed for this purpose.

Prize winners in a boost, conducted by Centurian Nelson Dixon on behalf of the secretary, Centurian Chester Robinson, were Centurians Hart Melvin and Hugh Slater.

Ladies of the Red Cross who served at the luncheon were: Mrs. Mary Bowden, convenor; Mrs. S. Corry, Mrs. W. F. Workman, Mrs. Leonard Poteous, Miss Eileen Bolton and Miss Eleanor Hitsman.

The vote of thanks to the ladies on behalf of the Club was extended by Centurian Herbert Watson.

LATE MRS. JOHN REOCH

In ill-health for several weeks, Mrs. John Reoch died suddenly on Sunday morning at her home on Alexander Street. Born at Vernon 64 years ago, she was the former Mildred Howell, daughter of the late Mr. and Mrs. John Howell. Sixteen years ago she married Mr. John Reoch and resided on a farm in the Vernon district, prior to coming to Winchester.

The late Mrs. Reoch was a devoted member of the United Church, the W. M. S., the Women's Institute and the Red Cross Society.

As a neighbor, friend and esteemed citizen of this village, she will be greatly missed.

Besides her husband, she leaves four brothers, Wallace Howell, who resides in the West; Hamilton, of North Bay; Erskine, of Kars, and Dr. Harold Howell, of Ottawa.

The funeral was held on Tuesday afternoon with service in the United Church, conducted by the pastor, Rev. Norman Thomas, assisted by Rev. Wallace MacKinnon, of St. Paul's Church.

Interment was made at Springhill Cemetery. The pall bearers were: Messrs. E. J. Merkley, W. J. Stewart, Neil Hutt, W. G. Porteous, Duff Crerar and Dan Hill.

Many beautiful floral tributes bore testimony to the high esteem in which the late Mrs. Reoch was held.

Warning TO DOG OWNERS

Owners of dogs within the Corporation of the Village of Winchester, are hereby notified that all dogs must be kept under control on and after May 1st. Owners must not allow their dogs to run at large after that date. The By-Law governing the keeping of Dogs within this municipality reads as follows:

"Any dog found running at large, being vicious or doing damage to person or property, **may be killed** by the Village Constable."

"Any violation of this by-law leaves the owner liable to a fine of not less than $1.00 and not more than $10.00 and costs."

Dog-Owners are also reminded that their dogs must be shut up from sunset to sunrise the following day, throughout the year, as a safeguard to sheep. Heavy penalties will be imposed for any infraction of this by-law.

Owners of dogs are further warned that every dog must wear a tag, which may be obtained at the Clerk's office upon payment of the necessary dog tax.

The Dog By-Law will be strictly enforced and dog-owners are asked to respect it.

E. M. SHAVER, Clerk.

TWO WILL CALL

Soon there will be a knock at the door of the Canadian home. On the threshold will stand the Victory Loan salesman, confidently expecting an invitation to come in. It will be the eighth time that he knocks at the door and his confidence will not be badly founded. For more than three million Canadians have long since learned that he is indeed a friend and brings with him something of real value for the householder. The Victory Bonds he offers are now visualized everywhere as instruments to guide individuals towards a more secure post-war situation.

But let us not forget that there are two callers at the door when the salesman knocks. Behind him, in spirit, is the Canadian boy in uniform who is backing up the salesman in his effort to increase the size of individual Victory Bond purchases, not so much because of his concern for the future material benefits to the purchaser, but because those purchases help to guarantee the continued flow of arms and ammunition to the battlefronts.

The Canadian who decides to buy a hundred dollar Bond after listening to the Victory Loan salesman may change his mind if he looks over the shoulder of the salesman into the eyes of that sailor, soldier or airman who counts on folks at home to back up his efforts overseas. Such a look may prompt a two hundred dollar purchase.

CLEAN RAW MILK NOT ALWAYS SAFE

Many safeguards can be taken to assure clean milk but even clean milk, if unpasteurized, can carry germs. Clean milk can be obtained by the following protective method:

1. Farm control in the form of sanitary inspection.
2. Veterinary and nutritional control of the herds.
3. Medical supervision of the milkers and handlers of milk.
4. Properly cleaned cows and clean barns.

Clean milk is essential from a sanitary point of view and safeguards health to a certain extent in that from it is eliminated much disease-carrying dirt. However, it is not always dependably safe.

Dr. Frank Pedley of McGill University's medical faculty, has stated that infectious diseases in cattle often occur and contaminate milk between tests which are made only about twice a year. The same is true in regards to milkers and handlers of milk.

Also in connection with clean milk, Dr. John R. Fraser, another member of McGill's medical faculty, says that "milk is one of the most difficult foods to produce, draw, keep, handle and deliver in a clean state. Most foods usually are cooked well enough to kill any harmful or disease-producing germs that are in, or may get in them, whereas milk, to a great extent, is consumed in the uncooked state."

Dr. Fraser added that "unsafe milk has been responsible in the past for more deaths and illness than all other foods grouped together."

Milk may be clean and necessarily so, but cleanliness does not make it safe. Milk must be pasteurized to make it absolutely safe.

EDITORIAL NOTES

Every man has a paradise around him till he sins, and the angel of an accusing conscience drives him from Eden. And even then there are holy hours, when this angel sleeps, and man comes back, and with the innocent eyes of a child looks into his lost paradise again—into the broad gates and rural solitudes of nature.—Longfellow.

The Legion's proposal to Council that their new Memorial Hall could be erected as an addition to the present town hall, is something that should be taken advantage of at once, and not shelved as so many other suggested projects have been. Winchester needs a hall and needs it badly. Here is an opportunity to get one with the assistance of the Legion. What are we waiting for?

In the midst of what Winston Churchill described "as one mighty heave" to finish the war in Europe, Ontario is to be "heaved" into a provincial election. It is unfortunate that this should occur now when it appears it will be sandwiched in between Canada's most important Victory Loan and a Federal election. The minority groups who combined to defeat the Drew Government may find their strategy backfired when the ballots are counted.

Some of the atrocities committed by the Germans are being discovered by the Allied Armies as they continue their march into Germany. They are most brutal and treacherous, and it is hard to believe that a nation of humans could inflict such suffering on their fellowmen. Little mercy should be shown the Germans, whether they be Nazi sympathizers or not. They are all of one stripe and it would be a blessing if they were wiped from the face of the earth.

A young Presbyterian minister in Halifax, in a sermon, suggested we are declining spiritually although the social side of life is not being neglected. The Liverpool Advance, always staunchly outspoken, opines that possibly the truth did hurt. (Because there was quite a controversy over it). The modern tendency to leave salvation out of the picture, or at least place it down the list of essentials, and discuss first the worldly topics of the day, is not just our conception of the Bible.

Hon. W. D. Herridge: A quarter of a century ago there was a revolution in Russia. That revolution cut the world in two. For it set up two standards of economic justice. Russia's, the higher; Democracy's, the lower. Today, there is not room in this small world for two standards of economic justice. Therefore, the lower must be raised to the level of the higher. Only a revolution in Democracy can accomplish that. This time it must be peaceful revolution. Peaceful revolution is the one alternative to a third world war. If there is war, Democracy will pass away in bloody revolution. And we want Democracy to live. It cannot live unless we set it free.

Mr. Kenneth Betzner, President, Ontario Federation of Agriculture, made the following statement last week, which is quite timely and to the point:

"It is said no matter how busy farmers are they can always find time to do a little more. That saying is very true today when the farmer is facing the problem of planting another crop which he hopefully anticipates will yield a bountiful harvest to be used as in the past to augment the total war effort of Canada.

"Knowing farmers, I feel sure that just as they optimistically and with faith plant their crops they will with equal optimism and faith be ready to support the Eighth Victory Loan and will welcome and assist the canvassers in doing this job well. They feel with everyone else that this loan will surely be the Victory Loan."

It likewise takes all sorts of politicians to make a world—including those who seize the opportunity of Victory Loan rallies to make campaign speeches.

A SAD SITUATION
(Ottawa Journal)

One almost breaks down at the thought of the poor German princess whose Rhine castle was taken over by American troops and who was forced to get along herself with 14 of its 300 rooms. She knows at first hand about the horrors of war!

EXPLODED IS RIGHT!
(Brockville Recorder & Times)

Back in 1940, or maybe it was 1941, Goebbels declared that the North Sea had been renamed the "German Ocean" and would remain so forever. The Allied navies operating in concert with the Allied armies and air forces have just about exploded that theory.

THE VALUE OF BIRDS
Chatham News)

In some places in England owners have saved their planted forests by putting up bird-houses and inducing certain kinds of birds to come to their plantations. In Canada in the past, insects have been kept in control by the birds. If the birds are destroyed or driven away, the insects multiply exceedingly and the farms and the forests suffer. Cats are inveterate bird killers and cat owners both in the city and country should be on the alert to prevent such destruction.

TOO MANY DIVORCES
(Brockville Recorder & Times)

Divorces may not be procured in Canada with the ease that prevails at Reno, for instance. But the steady growth in the number of decrees granted in this country is something that must arouse considerable misgiving. It is, of course, exactly what was forseen by a good many people when legislation was adopted making it easier to secure divorce.

PARENTS TO BLAME
(St. Thomas Times-Journal)

When a Chinese child has done wrong it is the parents who are haled into court and penalized. They are charged with neglecting the moral training of their child. For that reason, Chinese parents bring their children up to do right. When they do wrong the parents "lose face" among their neighbours.

INFLATION NOW
(Almonte Gazette)

Talk about the danger of inflation should be dropped. Inflation is already here—the bird has been on its way for some time. Go to the city and see the pitiful examples of wearing apparel they are asking outlandish prices for. Look at the women's hats—about as big as your fist—they want eight and ten dollars for. Of course if people are big enough fools to pay prices of that kind for articles not worth a quarter of the marked up value, they have no one to blame but themselves.

Your income tax returns must be filed before the 30th of this month. But the date for payment of the tax has been extended to August 31. The Minister of Finance has done this to enable and encourage people to invest in Victory bonds during the present drive.

SEEDLING TREES NOW AVAILABLE FREE OF CHARGE

Falling in line with plans to prevent a recurrence of last winter's serious water shortage, the Department of Lands and Forests of Ontario has announced through the office of the local Department of Agriculture that seedling trees are now available free of change. These seedlings may be used for planting on wasteland, reforestation of suitable lands for the protection of forest crops, for windbrbeaks, shelter belts, or for planting around schools or public properties.

The trees may be obtained by applying to the Department of Lands and Forests at Toronto on forms which are available at the local agricu,tural office, Morrisburg, Ontario. These forms should be mailed in at once to ensure a supply of trees being received.

Some schools in the district have announced their intention of doing some school planting, and these are advised to send in their applications early.

THE MIXING BOWL

BY Anne Allan
HYDRO HOME ECONOMIST

Hello, Homemakers! Your spring housecleaning will be made more pleasant if you refinish the furniture before beginning the actual cleaning. You will be surprised at the results that can be achieved if you are willing to spend the necessary time. We propose to discuss the most common mishaps that befall wood surfaces.

Scratches: If a scratch is light, a little raw linseed oil will darken it. If the scratch is deep, apply a little weak stain to match it; allow to dry; repeat until scratch is the same colour as rest of surface. Then polish or wax the whole surface.

Heat Bloom: Hot dishes may cause white marks on table tops, etc., due to the heat drying out the finish. Rub in furniture polish or raw linseed oil and let stand on the spot for some time. Then polish until oil is entirely removed.

Grease Spots: (a) Wash with washing soda; or (b) make a thick paste of Fuller's Earth and water.

Apply paste to spot and leave on over night. Remove paste and wash the wood.

(c) If grease is soft when spilt, cover the spot immediately with cold water to harden it and to prevent the grease from soaking in.

Water Spots: These are very persistent, especially if the water is hard, in which case it is necessary to remove the stain by sanding before refinishing the surface. However, the following methods are effective in most cases:

(a) Rub with a good furniture polish if the surface is finished with varnish.

(b) Rub the spot with a cloth soaked in weak ammonia, wrung dry as possible. Polish with a furniture oil.

(c) Place a clean blotter or woollen cloth above the spot and then apply a warm iron cautiously. Repeat if necessary.

(d) Waxed surfaces may be treated by rubbing briskly with a soft cloth, or by applying liquid wax to the spot, or turpentine followed by liquid wax. Polish.

TAKE A TIP

1. Do not attach a percolator, toaster or other electrical appliance in such a way that the cord is left trailing for someone to trip over.

2. Do not touch an electrical appliance if you are touching a water faucet.

3. Never pour water on burning grease. Cover with a pie plate or sprinkle with baking soda.

4. Soap allowed to dry thoroughly before using will last longer.

5. Seal lotion and perfume bottles with a small amount of nail polish. This is a good way to keep the special lotions you use once in a while or to prevent leakage when you are travelling. The tops come off easily when you dip the bottles in hot water and lift off the seal.

THE QUESTION BOX

Mrs. M. Mc. asks: How to prevent tinware from rusting.

Answer—If it is practicaly new, rub tins inside and out slightly with lard or salt-free fat and heat in electric oven for 20 minutes. Always keep tinware dry when not in use.

Mrs. S. T. says: To keep the teakettle free from lime, leave an 8-inch piece of cheesecloth in it. Remove every 2 or 3 weeks.

Mrs. B. J. asks: Recipe for Cream Puffs.

Cream Puffs

1 cup boiling water, 1-2 cup butter, 1 cup all-purpose flour, 1-2 tsp. salt, 4 eggs, unbeaten.

Have the water rapidly boiling. Add the butter and stir until melted. Add the flour and salt both at once, stirring vigorously. Continue cooking and stirring until the whole mass leaves the sides of the pan. Remove from the heat and cool one minute. Add the eggs, unbeaten, one at a time; after the addition of each egg beat until the white is absorbed into the batter. Dip a teaspoon in oil; then dip out spoonfuls of the batter on oiled cookie sheets. Shape up each puff high in the centre. Bake at 450 degrees in electric oven for 10 mins., reduce the heat to 400 degrees and continue cooking for 25 mins. The puffs should be high and golden brown. Cool them, cut a slit in the side and fill with cream filling.

Anne Allan invites you to write to her in care of The Winchester Press. Send in your problems on homemaking and watch this column for a reply.

MOUNTAIN TWP. RED CROSS

The regular monthly packing and executive meeting of Mountain Twp. Red Cross was held in the I.O.O.F. Hall, Mountain, on April 12th, with the vice president in charge. The treasurer gave the campaign returns which were very satisfactory. Complete returns are not in from Hallville Unit, but each unit has contributed as follows: Inkerman, $715.90; South Mountain, $636.45; Mountain, $483.25; Vancamp, $206.05; Hallville, $260.00; Mulloys, $164.02; Reid's Mills, $141.90, making a grand total of $2607.57. The treasurer was instructed to send 85% to National Headquarters. New sewing and knitting quotas are to be asked for. A splendid assortment of knitting garments, also sewing, were handed in. The following articles were forwarded to Toronto: 69 large quilts, 21 single quilts, 32 pr. of navy gloves, 27 scarves, 17 turtle neck sweaters, 37 pr. socks, 6 pr. shorts, 7 undervests, 126 diapers, 87 pr. underpants, 45 blouses, 29 girls' coats, 2 pr. seamen's socks, 26-inch; 1 pr. 18-inch seamen's socks, 2 pr. khaki gloves, 2 children's sweaters, 2 ladies' sweaters, 1 helmet, 1 pr mitts (donated).

FAREWELL PARTY

On Wednesday evening of last week Mr. and Mrs. Dan MacLaren, were honoured by their friends and neighbours when upwards of 45 gathered at their home for a farewell party. During the evening the guests of honour were presented with a walnut chest of silver, the presentation being made by a lifelong neighbour, George McEwen, while an address was read by Mrs. Stewart Fisher.

Mr. and Mrs. MacLaren replied in well-chosen words, emphasizing the fact that they had farmed for nearly fifty years on this homestead, and that in selling the farm he had particularly stressed the fact that a better community couldn't be found, thus assuring the new owners, Mr. and Mrs. Vance Porteous, of the co-operation and neighbourliness they would find as he, a veteran of this war, takes up the reins and carries on.

After a generous lunch was served by the hostesses, the party came to a close as A. K. MacDonald led in the singing of "For They Are Jolly Good Fellows," and "Auld Lang Syne."

Mr. and Mrs. MacLaren leave shortly to take up residence in Kenmore. The best wishes of all follow them to their new home.

What every housewife should know... about SUGAR FOR CANNING

For tasty, nourishing and economical winter desserts, most Canadian housewives will again do some preserving this year... jams, jellies and all kinds of fresh fruits.

Sugar is still very scarce. We must continue to conserve our supplies.

This year, the allowance for home canning will be the same as in 1944—ten pounds per person. Be sure to use your ration sparingly.

HOW TO GET SUGAR FOR CANNING

Instead of special home canning sugar coupons, twenty extra preserves coupons in Ration Book No. 5 are being made available for the purchase of sugar for canning.

These coupons are good for half a pound of sugar each or the stated value in commercial preserves, for they are the same as any of your preserves coupons.

You may use any other valid preserves coupons to purchase sugar, also at half a pound each.

No exchange is necessary. Your grocer will accept any valid preserves coupons when you purchase sugar for canning.

There are now only two kinds of coupons for sugar. The regular sugar coupon, good for one pound of sugar, and the preserves coupon, worth half a pound of sugar.

CLIP THIS CALENDAR FOR READY REFERENCE

SUGAR FOR CANNING COUPON CALENDAR

USE ONLY AS REQUIRED

The twenty extra preserves coupons for sugar for canning will remain valid until declared invalid by the Ration Administration. You do not have to use them immediately. You will be given plenty of notice of their expiry date.

GUARD YOUR RATION BOOK

If you lose your ration book, the extra preserves coupons which have already been declared valid will not be replaced. It is up to each consumer to look after his or her ration book.

HINTS FOR THE HOME

Perspiration Odor

A solution of bicarbonate of soda in water for bathing will absolutely kill the odor of perspiration.

Corks.

To keep corks from sticking to the necks of bottles, apply a little glycerine to the surface of the corks.

Gasoline

The flames of a gasoline fire can be smothered immediately if flour is thrown onto the flames.

Cream Substitute

Two or three marshmallows to a cup of coffee or chocolate make a delicious substitute for cream.

Kitchen Sink

If a fine wire mesh is fastened over the sink drain, it will prevent foreign matter from clogging the pipe.

Ornaments

To keep ornaments from scratching furniture, paste a piece of blotting paper on the bottom of each ornament.

Tomato Soup

A pinch of soda put into the tomato soup before the milk is stirred in is a good insurance against curdling.

Lemons

Place lemons in water until they are wanted for use. The skin will not only be kept from hardening, but the flavor will be improved.

Copper and Brass

Copper and brass vessels are brightened by using vinegar and salt in the water when washing them.

Hot Bread

To cut bread when it is hot, use a piece of common twine instead of a knife and it will not crumble.

Water Bugs

A little kerosene poured down the kitchen sink at night is a precaution against water bugs.

Perspiration Odor

A solution of bicarbonate of soda in water for bathing will absolutely kill the odor of perspiration.

Fresh Bread.

When cutting fresh bread for the table, dip the knife in hot water and see how much easier this work becomes.

Tea.

To give a delicious flavor to the tea, add a piece of dried orange peel, one inch square, to each drawing of tea.

Cake Pans

Use lard instead of butter to grease the muffin and cake tins. Cake will stick to buttered tins but not when well greased with lard.

When Canning

When canning, if one will paint the ends of the first finger and thumb with collodion and let it dry, there will be no stained fingers.

Umbrella Stand

If a towel bar is screwed against the kitchen wall, or on the back porch, with a shallow pan beneath, it makes an excellent umbrella stand.

Table Linen

Never put the table linen into soapsuds until all stains have been removed. This can often be done by pouring boiling water through the linen.

Cake Flavor

When baking a white layer cake, a very delicious flavor may be obtained by placing two or three rose-geranium leaves in the bottom of the pan. Remove them when the cake is put together.

Tar

Tar can be removed from the hands by rubbing with a slice of lemon or orange peel. The oils in the skin dissolve the tar so that it can be wiped off very easily.

Cleaning Carpets

Cut one-half cake of ivory soap into small pieces, or one cup of ivory flakes, into 1 quart of boiling water and add 1 tablespoonful of ammonia. Boil for ten minutes. It makes the carpets like new.

Sewing Hints

When drawing threads for drawn work or hemstitching, wet a small brush, rub it across a cake of soap and then over the threads to be drawn. The threads will come out easily and without breaking.

HON. HOWARD FERGUSON IS NAMED CHANCELLOR

Hon. G. Howard Ferguson, former premier of Ontario and later for five years high commissioner for Canada in Great Britain, was named chancellor of the University of Western Ontario. Mr. Ferguson succeeds the late Hon. Henry Cockshutt, of Brantford, and if he accepts the office, will preside over the university convocation next month and officiate at conferring of degrees.

HIS MAJESTY—THE KING

Hail! King and Emperor of the British Throne,
Honour: your Christ-like motto as its base;
You hold the trust of Britain in your hands,
King George the Sixth, custodian of our race.

Your royal Father's mantle falls on you,
The honour and the glory of the past,
Though whirlwinds, wars, and tremors shake the world,
The House of Windsor ever will stand fast.

Close at your side, there blooms a Scottish Rose,
Elizabeth, your help-mate and your Queen,
All hearts proclaim her loveliness and worth,
Regnant in beauty—modesty in mien.

You hold the trust, your Kingly Father left,
To build a fairer world than we have known;
A Leader, marching 'mid the storms of war,
A wise successor to the British Throne.

We all acclaim you our beloved King,
And look to you in this our time of need;
To hold the flaming torch of freedom high,
Your subjects follow, where you choose to lead.

—Dorothy Sproule.
