H. S. Commencement Held Last Week

Before a capacity audience of parents and friends, the local High School held their annual Commencement Exercises in the Winchester Theatre last Wednesday afternoon. With the continuous increase in enrolment during the past few years, a number of new awards have been added to the already numerous list, and the presentations this year were the greatest in the school's history.

Principal Howard Willard presided over the commencement, and the program was opened by singing O Canada. Mr. F. Erle Helmer, of the Winchester High School Board, gave the introductory address and said that the school had doubled its enrolment in the last six years and was now the only school in Dundas County providing transportation to all its students. He said that the Board hoped to inaugurate some technical courses in the school, and a special commercial department as soon as practical. An inspiring valedictory address was given by Mr. Eric Steele, now serving his one-year apprenticeship before entering the College of Pharmacy at Toronto University.

Following the exercises, two movie shorts, "Outboard Shenanigans," and "Sight and Sound" were provided by the management of the theatre. Both were enjoyed, and appreciation was voiced on behalf of the school to Messrs. MacDonald and Meldrum for the co-operation they have given since the opening of the theatre.

Miss Dorothy Servage and Miss Jean McRoberts were pianists for the afternoon.

Mr. O. D. Casselman Dies At Chesterville

Mr. Orren D. Casselman, one of Chesterville's oldest and most highly esteemed citizens, and a former Member of Parliament for the riding of Dundas-Stormont, passed away at his home on Wednesday morning of last week, following an illness of several weeks' duration. He was in his 89th year, and was born at Chesterville, a son of the late James Casselman and his wife, the former Vina Rose. Deceased was educated at Morrisburg and Hamilton Collegiate Institute, and taught school for several years before returning to Chesterville, where he established a General Store business.

The late Mr. Casselman entered politics in 1917 when he was elected to the Dominion Parliament as a member of the Borden Government. He was familiarly known as "O. D." to both young and old in his home town, and was a great philanthropist, donating large sums of money to various charitable enterprises. Prior to his death he had made a large contribution to the Chesterville Community Park and to the Winchester District Memorial Hospital. Fraternally, Mr. Casselman was a member of Chesterville Masonic Lodge No. 320 and was a past district deputy of Eastern District A. F. and A. M.

He is survived by his wife, the former Olive Saunders, of Kemptville, also several nephews and nieces.

The funeral was held from his late residence on Friday afternoon. The service was conducted by Rev. W. E. Wright, pastor of Chesterville United Church, and was held under Masonic auspices. Interment was made in Maple Ridge Cemetery.

Gerald Helmer Heads Hockey Club

Mr. Gerald Helmer was re-elected President of the Winchester Junior Hockey Club, at a meeting of hockey enthusiasts, held in the town hall on Monday evening. Other officers named for the 1951 term are: Hon. President, Mr. J. L. Dixon; Vice President, Mr. Harry Keyes; Secretary-Treasurer, Mr. Randall Wylie; Coach, Dr. Stirling Dawley; Manager, Mr. Gordon Coons; Assistant, Mr. Keith Carkner; Executive Committee, Messrs. Don. Christie, Harvey MacIntosh, Dave Melvin and Dr. D. L. MacLean; Equipment Manager, Mr. Roland Barriger.

According to the treasurer's report, the Club has a balance on hand of $160.64, with which to start the year.

The meeting was presided over by Mr. Helmer, with fifteen sport fans in attendance. As soon as ice is available all district players eligible will be given an opportunity to try out for a place on the team.

The Club will compete in the Russell-Dundas League in competition for the Winchester Press Trophy, at present held by the Russell team.

Election Here Next Monday

With six nominees qualifying for the four Council seats on Winchester's 1951 Council Board, an election will be held here next Monday. The aspirants are: Messrs. Howard Fetterly, Arthur Summers and Hugh Wilson, all members of the present Council; ex-Reeve John Fader and Messrs. Ralph Walker and Ed. Boyd. Others who were nominated but failed to qualify, were: Messrs. Harold Lannin, Basil Dawley, Melvin Dawley, J. K. Ault, Earl Freeland, Robt. Robinson, W. A. Rowat, Dr. S. Dawley, Albert Crawford, Jack Rennison and Eldon Fennell.

Reeve Walter Moffat was returned to office by acclamation, when the other nominees, Messrs. H. Fetterly, John Fader and W. C. MacDonald, all withdrew.

The three vacancies on the Public School Board were also filled by acclamation. Those acclaimed were: Messrs. Randall Wylie and Howard Biccum, members of the present Board, and Mr. Ken. Annable, a newcomer. Others nominated were Messrs. Earl Freeland and Lloyd Kenney.

The nomination meeting, which was presided over by the clerk, Mr. C. R. Robinson, was attended by about 60 citizens.

At the close of nominations, members of the Council each gave an account of the year's work, in relationship to the Department with which he was associated.

Reeve Moffat was the first speaker. In his informative address to the ratepayers he outlined generally the Council's activities during the year and emphasized that the costs of running the municipality were consistently increasing. Mr. Moffat paid special tribute to the Winchester Legion for the fine new building and to the local 100 Club and Chamber of Commerce who played such an important role in community affairs. He gave a detailed report on the new Craig and Bronson drains and explained that after much difficulty the Council had gone ahead dwith these drains under the supervision of the district engineer. The chief hold-up on the drains was the fact that an understanding could not be reached with the Dept. of Highways who control a main drain running south on St. Lawrence St.

Reeve Moffat gave a detailed report on Counties' Council, of which the new Home for the Aged was the chief topic of discussion. The new building, which will cost $821,400.00, is divided into four wings, which can be extended if necessary, and houses 200 beds. It is expected the new Home will be ready next year. The old Home had been sold to a Catholic institution for $136,500.00. The counties' share in the payment of new building is such that it will probably increase the mill rate of the town next year. Mr. Moffat explained that the town's share toward the counties' upkeep has been gradually rising. Last year it cost the Municipality of Winchester $3500 for County Roads. Another costly item is the Children's Aid work, which cost the counties $75,000, of which Winchester paid $1050.00. The Counties' Health Unit took another $450 from the town. Mr. Moffat said the County levy is higher, amounting to $8,491.02.

Following his address, the Reeve held an informal discussion with the ratepayers at which he answered many questions covering the town and counties' activities throughout the past year.

Councillor Arthur Summers gave a resume of receipts and expenditures up to November 20th, also an estimate of expenditures to the end of the year. The statement was not complete and, as it was not audited, was subject to errors or changes. Here are the figures as presented by Councillor Summers:

Receipts

Bank balance, Jan. 1, 1950,	$4,618.99
Receipts to Nov. 20, 1950	37,776.99
Bal. in tax account, Nov. 20,	3,271.66
Unpaid taxes, 1950 & before	8,998.50
Tp. Winchester, P. S. Deb.	200.00
H. S. Board, Deb., return of Loan	2,809.00
Bal. 1950 Road Subsidy	1,500.00
Total	$59,175.14

Disbursements

Expenses to Nov. 20, 1950	$36,611.44
County Rates	8,491.02
Salaries to end of year	680.00
Town Hall	500.00
Fire Department	500.00
Street Lights	1,400.00
Snow Removal	1,000.00
Garbage Removal	200.00
Sewers	1,000.00
Truck, repairs to snow equipment, etc.	150.00
Relief	150.00
Election	75.00
Debentures	4,145.74
Allowance for unpaid taxes	2,000.00
Miscellaneous	1,000.00
	$57,757.46
Balance at end of 1950	$ 1,417.68

Councillor Fetterly outlined what work had been done on the roads and streets duringthe year, which included the opening up of York Street and the construction of two new sewers. He said he was disappointed in the attendance at the nomination meeting. Sixty persons present out of a population of over 1200 was not very encouraging to the Council, he said.

The Property Committee's report was given by Councillor Hugh Wilson, who stated that during the year a new truck had been purchased, extensive alterations made to the heating system in the town hall, a 42-foot Aluminum ladder had been ordered for the Fire Brigade, in addition to two hoze nozzles, a searchlight for the fire truck, and helmets, already purchased.

Councillor Lannin gave a very interesting report on the local Hydro Finances. The cost of cutting and trimming trees during the year had been responsible for a lower operating balance, which at the beginning of the year was $4,115.78. The present balance is $2516.22. Total receipts were $29,655.90, including $410.00 interest on $10,500.00 Hydro Bonds. Expenditures were listed at $29,574.60. Councillor Lannin pre-

LOCAL POLLS WILL BE OPEN FROM 9 A.M. TO 5 P.M. NEXT MONDAY

Electors of the Village of Winchester are reminded that in next Monday's municipal election, the polls will open at 9 o'clock in the morning and close at 5 o'clock in the afternoon. There will be two polling booths, both located in the town hall. The election is for Councillors only, four to be elected. There are six candidates. Vote how you like, but be sure and vote!

Home and School Association Meet

Mr. W. K. C. Kendrick, Principal of Ottawa Normal School, was the guest speaker at the November meeting of the Winchester Home and School Association. The subject of the address given in the Susie Annable Memorial Hall, was "The Child Goes To School." Mr. Kendrick said that parents should be educated to the responsibility of preparing their children for the many adjustments that are necessary when the change is made from the home environment to that of the school. Many types of child personalities were described by the speaker. The influence of the home was reflected, he said, in the child's reaction to the discipline of school. In the matter of discipline, Mr. Kendrick did not favour the modern methods of some teachers in "getting the child interested," in preference to the old fashiond method of regimentation. Mr. W. J. Stewart, Inspector of Public Schools for Dundas County, introduced the speaker, and Mrs. W. M. Byers moved the vote of thanks.

Mr. Arthur B. Summers presided at the meeting. The School Board was represented by Messrs. J. Eldon Fennell and H. E. Biccum. In response to a request of the committee appointed to investigate the cost of starting night classes, Mr. Fennell addressed the meeting. He said the school board was willing to supply the building, heat and light for holding such classes, and suggested that the High School Board might also be willing to assist. A motion was passed that the existing committee continue considering ways and means of financing night classes, and obtain the support of the High School Board if possible. It was decided to organize a class in sewing and leathercraft, and advertise such classes in the Press. The next meeting was announced for January, and it was decided that posters advertising this meeting be prepared by the pupils of Mr. Potter and Mr. Droppo, and a prize given for the best poster displayed.

During intermission Rev. L. B. G. Adams conducted a musical drill, in which members of the audience participated. Refreshments followed the proceedings.

EASTERN ONTARIO FINALS IN PUBLIC SCHOOL ORATORY TO BE HELD HERE SATURDAY

The Eastern Ontario Finals of the Public Speaking Contest will be held in the Susie Annable Memorial Hall of the local Public School this Saturday. Public School pupils from various counties in the eastern section of the province will be on hand to represent their schools. The winner will represent Eastern Ontario in the All-Ontario Public School Oratorical Contest next April held in Toronto during Education Week.

Eight contestants, the winners of the district finals in Carleton, Lanark, Leeds, Russell, Stormont and Dundas Counties, along with those from Brockville and Smiths Falls, will compete in the Eastern Ontario finals of the Public Speaking contests, sponsored by the Ontario Trustees' and Ratepayers' Association, which will be held in the local Public School on Saturday afternoon commencing at two o'clock.

All contestants will speak on a subject of their own choice and will give a two minute extemporary speech on a subject to be chosen by the committee.

Members of the committee in charge of the contest are: President, Charles W. Scace, Brockville; vice president, W. E. Steele, Kemptville; Executive, D. J. Hynes, Cornwall; W. J. Stewart, Winchester; Mrs. R. S. Shields, Brockville; J. W. Barber, Perth; Secretary-Treasurer, Mrs. G. E. McCaffrey, Russell.

WINCHESTER THEATRE NEWS

There are three great "action" pictures offered for the entertainment of patrons during the coming period.

"Rock Island Trail," starting tonight, can be properly termed a film of blazing adventure. There are interludes of comedy and romance, but it is essentially a picture of action. The story is of the building of a railway into new country. Rival steamboat and coaching interests hampered the work by ruthless sabotage, and they incited savage Indians to attack the workers. Every construction man had to be also a fighting man, and it was a matter of fight all the way. Filmed in Trucolor, it is a picture of wonderful beauty and color, and there is action from start to finish

Following on Monday, comes a powerful melodrama featuring two great artists, Dana Andrews and Gene Tierney. The hero is a hard-fisted police detective, who when assigned to investigate a murder, accidentally kills one of the suspects; and then tries to dispose of the body and of the gnawings of his own conscience. It is tight, taut, drama which will grip one's interest and emotions to a tremendous degree.

"Desert Hawk" is next week-end's offering, a magnificent spectacle filmed in Technicolor. It is the portrayal of the efforts of a Robin Hood of the desert to free his people from the oppression of their over-lords. Here is depicted all the wild excitement and the lavish splendour of adventure's most thrilling days.

Severe Wind Storm Hits Winchester

Winchester and district are quickly recovering from scattered damage caused last week-end from a high windstorm that swept across the eastern provinces of Canada and the United States. Gusts of wind reaching a velocity as high as 80 m.p.h. slashed Winchester and district and left many sections without power and telephone services for several hours.

Although the extent of the damage in Winchester was comparatively small, many neighbouring communities report barn and house roofs being torn off. In Winchester Springs the roof of G. Coughler's store was virtually ripped from the rafters.

Greatest damage was done in Williamsburg early Sunday morning when the roof of the big Barkley Store, opposite the Picadilly Theatre, was torn off, crashing across a 44,000 volt high tension line, a 4,000-volt primary, and a secondary, and taking down three large poles across the highway. Hydro authorities were on the scene in a short time, and police authorities, aided by Messrs. Ramon Casselman and Paul Steinburg, directed traffic, detouring it south of the village.

In Winchester, several large trees were blown down, one taking out a Hydro and telephone line on Centre Street, disrupting service in that section of the town. Another tree narrowly missed Mr. Ted. Payne's automobile, parked in his driveway. The back-stop to the double tennis court at the local high school was completely flattened, and several roofs and signs throughout the town were damaged.

On Tuesday afternoon, power to Winchester and district was cut off again for approximately three hours while Hydro crews were making permanent repairs to the damaged lines in Williamsburg.

No reports came in of anyone being injured during the storm, and much credit should go to local Hydro and telephone personnel for doing such a fine job in keeping the lights on and the telephones going, most of the time, throughout the storm.

HARRY'S SPORT SHOP NEARS COMPLETION

With construction of the interior of the new store rapidly coming to a conclusion, it is expected Harry's New Sport Shop will be opened on Saturday, December 9th.

Judging from the design, this store is going to be one of Winchester's smartest, and will offer everything in the line of men's and boys' wear, sporting goods and sporting equipment. Watch next week's Press for the official announcement of the store opening.

LATEST SEED CROP REPORT

A Government Seed Report, dated November 15th, showing 1949 production and an estimate of 1950 production of Timothy and Clover seeds will be of interest to growers who have seed to sell.

Kind	lbs. 1949	Est., 1950
Timothy	7,406,000	14,249,000
Alfalfa	8,845,000	10,631,000
Red Clover	4,542,000	3,096,000
Alsike	3,183,000	1,702,000
Sweet Clover	22,297,000	22,823,000

Timothy Seed—There has been an increase of about a million and a half pounds in estimated production of timothy seed from that reported in the preliminary estimate of Sept. 1st. The crop is about double that of 1949, considerably more than average, and is one of the largest crops ever harvested.

Alfalfa—The second estimate of production of Alfalfa seed indicates a reduction of nearly a million pounds from the preliminary estimate of October 17th. This is attributable to a reduction in the crop in Manitoba and Ontario where returns were not as high as earlier indications had suggested. Nearly 70 per cent. of production originates in Alberta and the Peace River Block of British Columbia, where a near record crop has been harvested. The early Fall frosts in that area did not damage the crop as much as was first anticipated. Considerable alfalfa is not threshed in Saskatchewan due to unfavourable harvesting weather.

Red Clover—There has been an upward revision in the estimated production of Red Clover seed from the first estimate published October 18th. More recent information in Alberta has indicated substantially more seed will be harvested than first reports have suggested. There have been no appreciable changes in the estimates in any other provinces. The total crop will be about two-thirds of that of 1949 and about half of the 13-year average. This will not be sufficient to meet domestic requirements and, in view of this, imports of Red Clover seed from the United Kingdom from July 1st have already exceeded a million and a half pounds.

Alsike—The total crop is one of the smallest in years, being only slightly more than half of that of 1949 and less than half of the 13-year average. The Ontario crop was virtually a failure due to drought conditions in 1949 as well as a poor seed set this year.

The 7th Column

Hurrah! We have worked up enough interest in Winchester to have a Municipal Election this year. That is a good sign. Next Monday local electors wil be given an opportunity to elect four councillors out of a slate of six contestants. All are able men, and regardless of which four are elected, they should make good representatives on the 1951 Board. Reeve Walter Moffat received an acclamation, as did the three Public School Trustees, and we are not finding any fault in that respect.

A few days ago a funeral cortege was passing by the school house in the Summers' Settlement, just east of the Four Corners on Highway 43. The primary classes of the school had just been dismissed, and instead of the youngsters dashing in all directions for their homes, they stopped just outside of the school gate and, after removing their hats and caps, stood at rigid attention until the funeral had passed. Now that's what we call good manners. These youngsters have been taught the fine arts of discipline, either by their parents or school teacher, or both. They are to be praised for displaying their mark of respect to a passing funeral, and their parents and teacher are deserving of a word of praise for training the children to act as they did on this particular occasion. The people travelling in the funeral cortege noticed this act of courtesy and brought it to the attention of the writer of this column. We are pleased to commend these youngsters for their mannerly acts on this occasion. It's a fine example for other youngsters to follow.

Governments may legislate until Doomsday, but the basis of our national economy is still an honest day's work.

Talking of the publication of first papers in Canada and Ontario, another lady subscriber wants to know when and where the first paper in North America was published. Trying to stump us, no doubt. Well, according to our records, the first newspaper on the American Continent was published in Boston, Mass., in the year 1690, but don't ask us the name of it! Incidentally, that was the same year as the historic Battle of the Boyne, fought in Ireland and still celebrated by Orangemen all over the world on July 12th each year.

If you think the life of a telephone or Hydro linesman is a cinch, consider their duties when a severe wind, snow or electrical storm hits the district in which they serve. The "Big Blow" that swept over this area last Saturday caused considerable damage to both telephone and Hydro services, espccially the latter. Falling trees and branches snapped wires and many lines were out all over the district. The power was off at frequent intervals and when the high tension line at Williamsburg went out of commission, Winchester and many other centres were without power until early Sunday morning.

TRY OUR STORES FIRST !

Glancing at the calendar and suddenly realizing that the Yuletide Season is only twenty-four days away, and that there are only twenty shopping days left until Christmas, seems almost incredible. However, it is a reality that must be faced, which means we should start doing some Christmas shopping.

This year, most stores will be well equipped with everything we would like to buy. True, there have been some recent restrictions on certain goods but these same restrictions should not affect our Christmas list to any great extent.

The majority of business places in our town have redecorated their stores for the big occasion and have already placed their Christmas stock on the shelves for the benefit of the patrons. Every year, there are quite a few persons who do their shopping elsewhere, thinking that what they want cannot be obtained in our local stores. This idea is misleading and unfair.

Our busines section is one of the finest and most modern, for the town's size, in Ontario. The variety of gifts is large, and the prices are as reasonable as you will find anywhere.

In another week Christmas buying will be in full swing. To avoid disappointment, shop early; to keep the town progressive, try our stores first, then if you can't buy the gift you would like at home—go elsewhere !

IMMIGRATION AND INDUSTRIAL EXPANSION

Canadian industry has undergone a decade of unprecedented expansion and diversification. During the war years there was a rapid increase in the productive capacity of our heavy industry to provide the sinews of combat. Since 1945, the capital expansion program of industry has broadened out, as well as increased in total volume. Each of the past four years has seen a successive increase in dollars expended by private business to build, modernize, and to provide more jobs—and a better standard of living for all Canadians.

In the present year it is estimated that Canada will be spending 22 per cent. of her gross national product on capital expansion—a rate which exceeds that of any other country on this side of the Iron Curtain. Since 1945 more than $10 billions have been spent on additions to our real assets. The huge housing program, together with the outlays of industry, have also constituted a very heavy demand on the labour force. There are many opportunities for both heavy labour and skilled artisans in the tremendous construction program now underway. As a corollary of this wave of industrial development, there is inherent in the expansion itself a challenge to many small industries to provide component parts as well as specialized services—with the need for manpower that implies.

Our ability to absorb immigrants quickly has, in the past, been most marked in periods when our economy was expanding. We are now in the midst of the greatest era of growth since Confederation. It can truly be said that immigration on an intelligent, liberal, but selective basis, cannot only be readily adjusted to this pattern, but moreover contributes very materially in productive terms.

EDITORIAL NOTES

Election day in those municipalities where more than a sufficient number of candidates are running, will be held this Monday. Keep in mind the old motto—Vote as you like, but vote !

Once again the time of year has come for the annual Christmas Seal campaign. Every business and every individual should keep this important campaign in mind. It is not only an inexpensive way to buy Christmas Seals but it should give the buyer a bit of personal satisfaction in knowing that he is contributing to an organization that is continually fighting one of Canada's most dreaded diseases, tuberculosis.

The cost of newsprint has gone up again. This is one commodity that has been continually rising, and as it is the chief material in any newspaper publication, many weeklies have found it necessary to increase their subscription rates. It would not be so bad if newsprint was the only thing that was increasing in price. Practically every type of paper has increased in price to such an extent that in the future higher prices may have to be paid for job printing. It is just another case of the old story: cost price governing sale price.

The local Hydro boys were hard-pressed to keep the lines repaired and restore Hydro service. Every available man was on duty from early Saturday evening. They worked continuously until Sunday morning, took time out for breakfast, and went back on the job. The telephone boys also worked overtime to repair damage and restore telephone service. We all enjoy the conveniences offered by Hydro and telephone service, but do we appreciate the efforts of the maintenance crews who brave all kinds of weather to keep the lines in repair? Next time the power goes off or your telephone line goes dead, do not be too hasty to complain—just remember that the servicemen will lose as little time as possible in getting the service restored.

Since the start of the deer season Conservation Officers have been very busy in the Rideau District. They have seized numerous articles and have obtained more than thirty convictions for violations of the Ontario Game and Fisheries Act. It is unfortunate that some people must learn the hard way. The offences included hunting deer without a license, carrying loaded firearms in motor cars, shooting partridge out of season, and being in possession of slugs and SSG shot without a deer license.

Canadian automobile drivers, with nothing to guide their course and no co-drivers, are legally free to drink and drive.

No one is allowed to take charge of a railway locomotive without years of experience and training.

No one is permitted to pilot a passenger plane without a thorough and arduous series of examinations and hundreds of hours of flying experience.

An automobile driver's license can be secured in Canada following a most casual examination or, in some provinces, by merely sending a dollar or two through the mail.

Yet, while railway engineers and aeroplane pilots are forbidden to drink and drive, there is no similar restriction on a car driver.

Traffic on the railways is regulated by persons other than the locomotive engineers.

Traffic on the airways is regulated by persons other than the pilots.

Traffic on the highways is almost entirely controlled by individual car drivers.

Yet a railway engineer and a pilot cannot drink and drive, but a car operator can.

COMPETITION?

(Brockville Recorder & Times)

Competition between Toronto and Montreal for the title of "the Canadian Metropolis" has reached the point where a new municipal party has been formed in Montreal with the specific objective of incorporating all municipalities of the Island of Montreal to prevent Toronto from exceeding Montreal in size. Competition is a fine thing, but it can be carried beyond the bounds of reason. The prime purpose of annexation is mutual benefit, rather than an effort to increase the size of any one municipality.

WHY? WHY? WHY?

(Midland Free Press)

Rule G of the North American railways makes it an offence for any employee to drink while on duty. Yet trains run on steel rails.

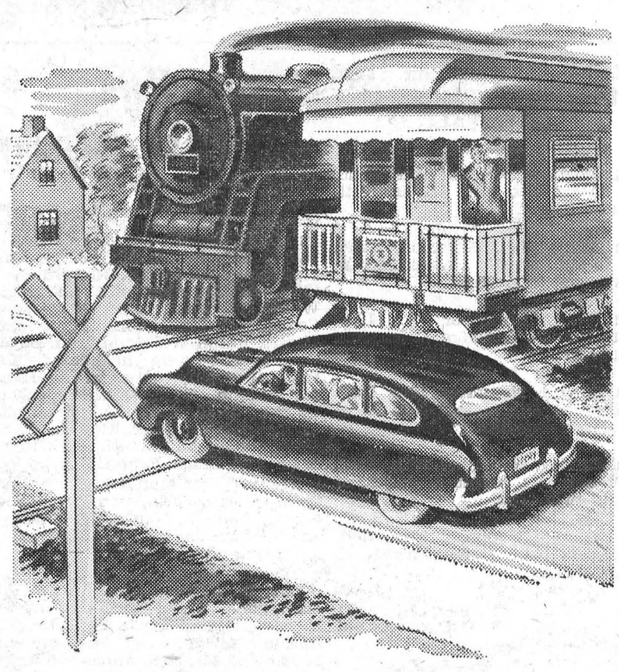
Aeroplane companies forbid pilots to fly within 24 hours of taking an alcoholic drink. Yet co-pilots are available to take over the controls in case of emergency.

NEED SKILLED WORKERS

(Almonte Gazette)

Premier Frost states that Ontario needs over 15,000 skilled workers and he would like to get them from the United Kingdom. With that view most people of this province will heartily agree. Already officials of the Hydro Commission have been in England scouting out the land for such a migration. It goes without saying that the Frost Government will get very little co-operation from the Administration at Ottawa. With it the British settlers are not popular for several reasons. But if Ontario is ready to help finance the movement and the British authorities are agreeable, there seems little that Prime Minister St. Laurent and his supporters can do about it. But they won't like it.

DON'T HAVE A SINGLE TRACK MIND ON A DOUBLE TRACK RAILROAD!



IT PAYS TO WAIT !

Many railway crossings have more than one track, which multiplies the hazard to the motorist and makes the need for caution doubly great. The drawing above emphasizes one of the prime dangers of the multiple-track crossing—the train on the farther track obscured by the train moving in the opposite direction on the near track. This motorist would have saved himself trouble if he had waited a second or two to see if the farther track was clear before proceeding. The Board of Transport Commissioners for Canada received reports of 443 railway crossing accidents in the 12-month period ended June 30th last. These accidents took 140 lives and injured 549 others. In some cases motorists disregarded protective devices placed at crossings for their protection, and in others disregard of the basic rules of safe driving was responsible for needless loss of life and injury.

GOLDEN SILENCE FOR A NICKEL

(Smiths Falls Record-News)

It was inevitable. It had to come. We heard some news last week that was most pleasing. In an Eastern Ontario centre (name withheld for various reasons) there is a restaurant with a juke box with a blank record, which produces three minutes of silence for a nickel—the same price as the musical discs.

The proprietor is coining money with this new idea—the blank record is getting a terrific play. Customers fall all over each other to pay their nickels for silence.

This finally gives the person with the tender ears some chance to compete with the juke box crowd in public places. Up to now the man (or woman) who liked his (or her) meals in peace and quiet has had them shattered by the people who seem to need jive tempo for proper mastication. Now the craver of silence can linger over his repast in serenity by buying peace with 5c.

It is wonderful to have this right again—the right to be quiet and not to listen. May the silent platters be put in every juke box.

DOG ODDITIES

For Parents Only

(By Nancy Cleaver)

HOMEWORK HINTS

"It is not the pupils who make the 'homework problem' but parents!" a teacher said recently. "An antagonistic attitude to all homework on the part of mother or dad, is very quickly reflected in the child's work. Children, in the matter of homework, and other things too, certainly 'take their home to school with them'!"

Another teacher who was listening said quietly: "Some parents are honestly doubtful of the value of homework—but since some of it is necessary for the older scholars, it might as well be done willingly and well."

At this point a mother expressed her views: "The catch is getting Junior to do it himself! He comes from school with envious reports of the praise Phillip gets from the teacher for his neat, correct answers to all the homework questions—and Junior says Phillip's dad does his homework for him . . . and that little Blank girl's mother always works out her arithmetic problems for her. Goodness know I have enough to do without taking on a public school evening course! Teachers should see to it that it is the scholars' own work and then the parents won't be nagged by their children for 'just a little help with my homework'."

"Perhaps some teachers are poor detectives," another mother said, with a little laugh.

"But I do think a teacher should make a guess at how long it would take an average pupil to do one evening's homework, and keep the amount assigned within a reasonable limit. Many children take music lessons or have other valuable hobbies. They should do a few home chores—and they do need a little time to play—they should be in the fresh air after being indoors so many hours on a school day."

How often the pros and cons of homework have been discussed. There is something to be said for the convictions of both teachers and doing of homework, unfortunately, is a most contentious subject. It is a battle ground in far too many homes. What are some practical, useful suggestions to parents on homework hints?

If your child has homework which his teacher has given to his class, don't make it harder for him by pouring scorn on homework, criticizing the teachers, or by being too anxious for a perfect record from your child in his school marks.

Accept homework as a job to be done, regularly without fuss. This piece of work if done well by the pupil "on his own," will help him in habits of concentration and self-discipline. It will also add to his knowledge and grasp of his school work.

Provide a place for your child to study—if possible a table and chair in a room by himself. See that he is comfortable and that the lighting is good. The family living room often has a radio as well as other interesting interruptions. Neither does the kitchen table, if people are coming in and out, provide the quiet atmosphere for academic work.

Help your child to budget his hours out of school wisely. Have a set time when he agrees to begin homework each evening. A definite other substitute time between four o'clock and supper is necessary on the special occasions when this evening schedule is broken into.

Many boarding school students have "study hours" begun and ended by a bell. This is an easy way to remind a youngster that homework time has come. Boarding schools also usually provide a simple "snack" at bed time of crackers and cheese or some other light refreshment. This is a jolly session. Mother or dad should take a few minutes to be socialable with a boy or girl at home at "snack time" after homework is done, just before "sleep time."

Have a casual attitude to your child's homework. Remind him it is his job, not yours. (You have your own evening tasks to see to). Be very sparing in your assistance. School subjects are taught so differently now from what they were when parents were young, that chances are your help will only confuse your youngster as well as tend to make him a "leaner."

WOMEN'S INSTITUTE MET ON TUESDAY EVENING

The November meeting of the local Women's Institute was held in the town hall on Tuesday evening, with a good attendance of members present. Mrs. Floyd Armstrong presided, with Mrs. Bower Potter as secretary. The roll call was answerd by members reciting an event that happened during the War of 1812-14.

Following the singing of the Institute Ode and Mary Stewart Collect, the minutes were read and routine business attended to.

It was decided to make a canvass for the Blind before the end of November.

The date for the December meeting was changed to Monday evening, December 11th.

The entertainment committee for this meeting included Mrs. Oscar Wallace, Mrs. H. Fetterly, Mrs. J. Nesbitt, Mrs. T. Edgerton and Mrs. A. Christie.

Following the singing of "O Canada," Mrs Wallace gave a few facts about Dundas County, which were very interesting, while Mrs. Nesbitt gave a recitation entitled "60 Years Ago," and Mrs. Fetterly rendered several numbers on the piano.

At the close of the program a dainty lunch was served by the committee, who were thanked on behalf of the other members by Mrs. Wm. Lannin.

The Institute would like to remind local and district citizens that the Used Clothing Drive is still on. Notify Miss Madge Coons if you have a donation.

NEW TELEPHONE RATES

EFFECTIVE JANUARY 1, 1951

The Board of Transport Commissioners for Canada has rendered judgment on the application we made in October, 1949 for our first general rate increase in 23 years. The Board has now ordered new rates that will replace the temporary rates which it authorized in its interim order last July.

NEW RATES FOR

WINCHESTER

CLASS OF SERVICE	NEW MONTHLY RATE Effective Jan. 1, 1951 See note below
RESIDENCE	
Individual	$ 2.90
2-Party	2.55
Rural	2.35
Extension	1.00
BUSINESS	
Individual	4.50
2-Party	3.75
Rural	3.00
Extension	1.25

NOTE: The new rates are for services provided with any standard type of telephone supplied by the Company.

PRESENT LONG DISTANCE RATES AND MOST OTHER RATES AND CHARGES REMAIN UNCHANGED

An explanatory folder will be enclosed with the first bill you receive affected by the new rates. If you wish to obtain further information, please call our nearest business office.

2

FAIR and REASONABLE RATES

These rates will adjust the temporary rates ordered by The Board of Transport Commissioners last July, and in most cases will result in only small differences.

While some rates will increase, others will not change. The changes and adjustments provide reasonable rates that will fairly reflect the difference in value of the various classes of service.

IMPROVEMENT and GROWTH TO CONTINUE

The additional revenue from the new rates will enable us to maintain and improve your service and to keep pace with growth in the territory we serve. We will keep on working to give the kind of service you want, when and where you want it.

TELEPHONE SERVICE MORE VALUABLE

Today more of your friends have telephones than ever before. You can call more people and more can call you. More telephones and better service mean bigger value for you.

The cost of telephone service has not gone up as much as most other things you buy. The telephone bill is one of the small items in your family budget. When you think of its many advantages, telephone service certainly gives you big value for your money.

Looking Over The Bowling Scores

(By Uncle Ezra)

A cross of 615 and a single of 255 gave Bill Scott top honours in the Fennell Feed League on Monday.

Ellery McMonagle roiled a high single of 264 and other strings of 153 and 246 to cross 663 and take all the honours in the Finch Men's League.

In the Russell Group Miss Doreen Cochrane's single of 184 and cross of 508 was best for the ladies. Floyd Cochrane with a single of 272 and other games of 198 and 177 to cross 647 took the men's honours.

Mrs. Marion Dawley walked off with the ladies' honours in the Craig Group, rolling a high single of 258 and other games of 190 and 220 to cross 668. George McConnell took the men's honours with a single of 272 and cross of 637.

In the Helmer group, Miss Wilma Casselman took the ladies' honours with a single of 223 and cross of 561, with Mac Steinburg taking the men's with a single of 196 and cross of 493.

Ernie Dixon continued his good bowling to take the honours in the Kenmore League with a high single of 227 and other strings of 182 and 200 to cross 609.

Miss Lillian Hicks topped the ladies in the Community League last week with a high single of 227 and cross of 580. Archie Rice rolled the men's high cross of 652 consisting of games of 235, 204 and 213. Arnie Riley's single of 262 was best. Other good scores included Gordon Knapp with 249 and 628, and Frank Dunlop with 229 and 602.

In the Bell Telephone League on Wednesday, Mrs. Gordon Knapp led the ladies with a single of 258 and cross of 596. Art Atkins took the men's high cross with games of 204, 254 and 218 to cross 676, with Tom Fairie taking the high single with 282.

Ray Berry's games of 176, 206 and the high single of 216 were good enough to take all the honours in the first section of the South Mountain League. In the second section Mrs. Jennie Graham took the ladies' high cross with 598, with June Marriner rolling a string of 232 to take the ladies' high single. Keith Beamish's cross of 566 was the men's best, with James Downham taking the men's high single with 207.

A cross of 609 and single of 252 gave Glen MacGregor top honours in the Morewood league on Thursday.

Reg. Workman was best in the Press Group with a single of 224 and cross of 516.

In the High School Staff Group, Mrs. Gordon LaRose took the ladies' honours with a single of 209 and cross of 508. Robert Robinson's single of 209 was best, with Gerald Droppo taking the men's high cross with 517.

Harry Flora put together games of 230, 244 and 214 for the high cross of 688 in the Country Gentlemen's league on Friday. Reg Finnemore took the high single honours with 269, closely followed by G. Helmer's 266. Other good scores included: Roy Campbell, 232 and 649; Mike Thompson, 262 and 651; Dave Melvin, 222 and 600.

ELECTION HERE NEXT MONDAY

(Continued from Page 1)

dicted that an increase in Hydro rates would be necessary if costs of power, etc., continued to rise.

At the conclusion of his address, he paid tribute to the efficient work of the clerk-treasurer and secretary-treasurer of the Hydro Commission, Mr. C. R. Robinson, and also praised Constable Gilbert Raistrick for the fine work he was doing, especially in organizing a Safety Patrol and for his interest in the youngsters in general.

In the absence of the chairman and vice chairman of the High School Board, Trustee Robert Woods gave an outline of the work being carried on at the school, and of what progress was being made towards the organization of a new High School District, to include Winchester, Chesterville and South Carleton.

Mr. Eldon Fennell, Chairman of the Public School Board, presented the financial report for that institution, which indicated a balance on hand on November 15th of only $99.42. Total receipts were $11138.59, while expenditures were listed at $11,039.17. An additional amount of $1040.00 had been received since the report was compiled, he said, and the Board expected to break even on the year's financing. Balance at the start of the year was $1019.59. Under the new system of government grants, said Mr. Fennell, the local school had suffered to the extent of about $1000.00.

Present enrolment at the school was 166, which is almost up to the capacity of the present equipment.

Following brief addresses by the nominees for the several offices, ex-Reeve N. W. Beach moved a hearty vote of thanks to the 1950 Council for the efficient manner in which the members had conducted the municipality's business affairs. Ex-Reeve Walter C. MacDonald seconded the motion.

ELECTIONS WILL BE HELD IN MOUNTAIN AND WILLIAMSBURG TOWNSHIPS.

Another son, Elgin, resides at Cornwall, and a daughter, Mrs. Earl Barnhart (Luella), at Ottawa.

Relatives who attended the Anniversary Dinner were Mr. and Mrs. Elgin Biccum, Mr. and Mrs. Ralph Biccum, Mr. and Mrs. Gordon Biccum, Mr. Robert Clark and little Patsy, all of Cornwall; Mrs. Earl Barnhart, Irma and Eric, and Miss Joyce Biccum, of Ottawa, and Mr. and Mrs. Howard Biccum and family, of town.

Letters to the Editor

STUDENTS' VIEWS !

Dear Editor:

An editorial which appeared in the November 23rd issue of the Winchester Press, under the heading, "Physical Training," has not been met with the approval of the students of the Winchester High School. We welcome criticism, if the criticism is justifiable, and of a constructive nature, but we do not feel that the criticism, as outlined in this article, is just, or of a true character when the true facts are known.

In the article referred to above, the Press is directing its criticism against the "Physical Training Program," and wishes the Board and Teachers to revise it. Can it be that one so well informed as the writer of this article, does not know that the programmes for all schools are outlined and directed by the Dept. of Education at Toronto, and that it is the duty of the schools to follow these programmes, which have been planned by authoritative experts?

The Winchester High School has expanded over the past few years until now it has an enrolment of 217 students.

Our present training facilities consist of a room 27' by 24' with a 9' by 5' ping pong table in the centre. This allots approximately 6 sq. ft. for each pupil to participate in Physical Training.

Do you consider that we are working under the most favorable conditions? Why not boost a new gymnasium, where the students have suitable accommodation, to practice adequately the instruction given?

According to the advice of our parents and teachers, we have been told since early infancy that "playing the game" was more important than winning it, and that the main object of games and sports was not always to be the winner, but to develop traits of character and sportsmanship.

We are not making any apologies for our Rugby team, nor our accomplishments in competitive sports. We feel that we don't need too! True, our Rugby team lost many games this season, and we were unsuccessful in winning the Meikle Cup, but we did put up a good, keen competition.

The Winchester High School, during the past few years, has a record in the athletic field which is second to none for its size. The Winchester High School has won the Strathcona Trust Medal, dedicated for Physical Training, won formerly by the famed military college Academie de La Salle; as well as the Capt. W. O. Findlay Trophy, won formerly by Ashbury and Trinity Colleges and by Carleton Place and Brockville High Schools.

As stated before, we feel that the Press has not been exactly fair or school. Last Spring, an editorial criticized the social programme of consistent in its criticism of our the school, and questioned how much time was being devoted to serious study. We would appreciate any constructive criticism or suggestions for improvement from time to time, but we would like these criticisms directed to the correct authorities, and to be based on authoritative knowledge.

We enjoy the course in Physical Training, as it is being given, under the most adverse conditions. When we have accommodation for improved training, possibly criticism as has been given would be justifiably received by the students.

It is our hope that the Press will have a "change of heart" and will boost the things which we so badly need.

Signed by a Representation of W. H. S. Students.

HINTS FOR THE HOME

Raisin Cake

The raisins will not go to the bottom of the cake if they are rolled in butter before stirring them into the batter.

Bleeding Gums

If the gums bleed every time the teeth are cleaned, consult a good dentist. A tonic to build up the gums is probably needed.

Marking Linen

Starch and iron linen articles before marking them. If this is done, the name or initials can be written very small, and yet will be distinct.

The Mouse Trap

When setting a mouse trap cover it with tissue paper. The mice will attempt to discover what is under the paper and their curiosity usually proves.

Lemon Economy

Instead of cutting a lemon in half when just a small amount of juice is desired, make a small incision in the end of the lemon and squeeze out the amount of juice wanted.

Rice Pudding

When making rice pudding with raisins, cook the raisins separately, as they frequently curdle the pudding. Drain off the water and add to the pudding when the rice is done.

Wrapping Gifts

When, at the last minute, you find that you have no pretty ribbon to use for wrapping a gift, use a piece of colored yarn. It will prove very attractive, especially if two colors of yarn are used.

Water Pipes

Before the coming of cold weather, wrap the water pipes in the cellar with folded newspapers, using an extra thickness where the pipe is close to the wall. There will be no danger of the water pipes freezing.

Grease

Grease spots can be removed from the pages of a book by sponging with benzine, then placing the page between two blotters and pressing with a hot iron. The grease that is not removed by the benzine will come out with the heat and blotters.

Gravy

If the gravy is lumpy beat it with an eggbeater until the lumps disappear. When the gravy does not brown as it should, add to it a tablespoonful of strong coffee. The addition of a tablespoon of cream to brown gravy makes it delicious .

Saving Butter

One can save butter by bringing half a cupful of good milk to a boil, then setting aside to cool. When just lukewarm, add 1-2 pound of melted butter and beat with eggbeater until mixture is thick and creamy. Then put in refrigerator to harden.

TO THE ELECTORS OF THE TOWNSHIP OF MOUNTAIN

Ladies and Gentlemen: — Having served you for the past three years as Reeve, I ask you to return me again for the year 1951. It is true, your taxes, in some cases, are higher, but it is no fault of your Council or Reeve, for the tremendous rise in the cost of Education is the big factor, and would you want to see your children or others deprived of their education? And to have your Township roads plowed during the winter, is it not a benefit to you if you need a medical doctor, a veterinary surgeon, or, if a death in the family you can have your yard cleaned for cars? To this my opponent was opposed when in office. I ask you, does not one good turn deserve another, and may I have the pleasure and satisfaction of your support at the polls on December 4th? I thank you.

FINAL RESULTS OF DUNDAS CALF, POULTRY AND TRACTOR CLUBS FOR 1950

All phases of Club work for Dundas County for the 1950 season have been successfully completed. The number of members entering Club projects this year was not quite as large as for the previous year. However ,there was a higher percentage of the membership completed their season's programme.

There were five Clubs carried on in the County this year. There were three Calf Clubs, one Poultry Club and a Tractor Maintenance Club (the Tractor Maintenance Club being a new Club this year). These Clubs were sponsored by the following organizations: Mountain Agricultural Society; Chesterville Rotary Club; Chesterville and District Agricultural Society and the Mountain Junior Farmers. To all of these organizations, the Club members wish to extend their thanks and appreciation for the assistance which they have so kindly given.

All the work was under the supervision of the Dominion and Provincial Departments of Agriculture and in charge of the Agricultural Representative, Mr. H. W. Graham and his assistant, Mr. W. D. Clutton, except for the Tractor Maintenance Club which was primarily in charge of Mr. R. D. Keily, of the Extension Department of the Kemptville Agricultural School.

The final standing in the different Clubs is as follows:

Mountain Senior Calf Club

1, Donald Rose, Mountain; 2, Gordon McVey, Winchester; 3, Gordon Fawcett, Winchester; 4, Malcolm Graham, South Mountain; 5, Frank Milne, Mountain; 6, Edward Rose, Mountain; 7, Robert Milne, Mountain; 8, Raymond Smail, Brinston.

Mountain Junior Calf Club

1, Jessie Carkner, Vernon; 2, Gerald Fawcett, Winchester; 3, Ralph Fawcett, Winchester; 4, Earl Johnston, Winchester; 5, Estella Fawcett, Winchester; 6, Jack McCargar, Mountain; 7, Allan Milne, Mountain; 8, Marion McVey, Winchester; 9, Don Moorhouse, Mountain; 10, Rose Suffel, Inkerman; 11, Ronald Smail, Brinston; 12, Lorne Holmes, Winchester.

Chesterville Calf Club

1, Raymond Dawley, Winchester; 2, Allan McRoberts, Winchester; 3, Harry McRoberts, Winchester; 4, Robert Dawson, Winchester; 5, Carl Beckstead, Chesterville; 6, Raymond Porteous, Winchester; 7, Peter Dawson, Winchester; 8, Gerald Stobo, Winchester; 9, Bruce Steinburg, Winchester; 10, Bruce Porteous, Winchester; 11, William Douglas, Winchester; 12, Keyes Smith, Chesterville.

Chesterville Poultry Club

1, Ronald Moore; 2, Ralph Ambridge; 3, Raymond Moore; 4, Philip Moore; 5, Earl Johnston; 6, Hazel Merkley; 7, Leo Barrett; 8, Verna Merkley; 9, Blake Feeley; 10, Doreen Cross; 11, Terry Chambers; 12, Rene Moss; 13, Earl Merkley; 14, Charles Kearns; 15, Julia Kearns; 16, Dwayne Servage, all of Chesterville.

Mountain Tractor Maintenance Club

1, Gordon Fawcett, Winchester; 2, Gerald Fawcett, Winchester; 3, Malcolm Graham, South Mountain; 4, Ronnie Graham, South Mountain; 5, Frank Milne, Mountain; 6, Gordon McVey, Winchester; 7, Bill Hyndman, Mountain; 8, Carl Simms, Mountain; 9, Keith Baldwin, Winchester.

The three Calf Clubs were represented at the Championship Calf Club Show held recently at the Ottawa Winter Fair. Eighteen members and their calves were in competition at this show with Club members from all over Eastern Ontario. Of the eighteen calves there were 12 Holsteins, 5 Ayrshires and one Jersey calf.

For the third year in a row, Donald Rose was adjudged the best dairy calf showman, thus he gains permanent possession of the W. R. Barnard Trophy. He also showed the champion Ayrshire calf. The runner-up in the dairy calf showmanship class was Gordon McVey, Winchester. The calf clubs did fairly well considering the keenness of the competition and the fact that this was the largest such show ever held in Ottawa. The Mountain Junior Calf Club group of three Holstein calves stood fifth out of 40 groups. In the Ayrshire groups, the Chesterville Calf Club stood 10th out of 14 teams. In the Judging Competition for members of Boys' and Girls' Clubs at the Central Canada Exhibition, the team representing the Mountain Tractor Maintenance Club stood first among 87 teams competing and thus were winners of the World of Mirth Trophy. The Chesterville Poultry Club stood 18th and the Mountain Senior Calf Club 21st. Dundas County was represented at the Inter-County Competition held at the Agricultural College at Guelph in October by two teams, a Tractor Maintenance Club team and a Dairy Calf team, with the former coming third in their division.

The Purina Challenge Trophy, awarded to the boy or girl having the highest number of points at the close of the season, was won by Donald Rose, of Mountain. The Blatchford Feed Ltd. Special for the boy or girl standing highest in showmanship in each of the Calf Clubs was won by Robert Dawson, Winchester, in the Chesterville Calf Club; Donald Rose, Mountain, in the Mountain Senior Calf Club, and Marion McVey, Winchester, in the Mountain Junior Calf Club. The W. O. Dixon Trophy, awarded annually to the member, 15 years or younger, standing highest in showmanship in the Chesterville Calf Club, was won by Allan McRoberts, Winchester. Prizes of cash and calf halters, donated by the Dundas Holstein Breeders' Club, the Grenville-Dundas Ayrshire Breeders' Club and the Eastern Ontario Jersey Breeders' Club, to boys and girls exhibiting their calves on Achievement Day, was an incentive to the members to make a special effort to be at their respective fairs to compete. There were also spcial cash prizes donated by a number of men in the County interested in the promotion of Club work which helped considerably in creating interest in various phases of Club work.

Throughout the season considerable responsibility fell on the shoulders of the Club leaders, whose work was recognized by the Ontario Department of Agriculture in a free trip to the Royal Winter Fair for two days Appreciation is extended to Messrs. Allison Graham and Jack Fulton, Chesterville; Gerald Kittle, Chesterville; Keith Fawcett, Winchester; Arthur Milne, Mountain; and Harold McMenomy, Inkerman, who acted as Club leaders for this year for a very fine effort on behalf of their respective Clubs.

CANADA'S health

TOO GENEROUS WITH GERMS

Plenty of fresh air and outdoor exercise, wisely chosen food and dry-shod feet will help you to avoid colds provided you also avoid the other person who coughs and sneezes without covering his nose and mouth with a disposable tissue. If he is negligent, protect yourself by covering your nose and mouth while he is distributing cold germs.

EPICURE'S DISH

Cheese is an important source of calcium, protein, Vitamin-A and riboflavin It should be included in the diet at least three times a week. Cheese has for centuries been the pride of men who prided themselves on their knowledge of good food, and today there are literally hundreds of ways of serving cheese by itself or in combination with other foods. Many dishes that include cheese as an ingredient are good for children.

WATER BABIES

It isn't easy to convince children that wading through puddles is not an enticing adventure but just another way to encourage colds and chills through wet feet. Youngsters should be provided with rubbers to protect their feet, and raincoats or capes to keep their clothes dry in wet weather. After school, when children demand something to eat, soups made with plenty of milk will give them a good warm snack that will not spoil their appetites for the regular meal.

WATCH OUT FOR RINGWORM

This most unpleasant and contagious disease attacks school children and grownups. It is primarily a disease of the scalp and if your child develops any symptoms, the doctor or school nurse should be consulted immediately. Steps should be taken to protect other members of the family from becoming infected. To prevent epidemics of ringworm, medical authorities have methods of treating these cases so that most children do not lose time from school.

SUFFOCATION

Many infants have died from what appeared to be "mechanical" suffocation, usually attributed to bedclothes covering the child's face. It has been found in many such cases that death has been caused by respiratory diseases hitherto unsuspected. Exposure of the infant to known cases of infection should be avoided. The possibility of inherited tendency to respiratory diseases should be taken into consideration and a doctor consulted at the first sign of respiratory irregularity in a child.

ANNUAL W. A. BAZAAR HELD AT INKERMAN

The basement of the United Church at Inkerman had a gay holiday look on Friday evening, the occasion being the annual W. A. Bazaar. Mrs. Ray Brown, President, called on Rev. C. R. Sutherland to open the bazaar, and with words of appreciation to the members of the W. A. he declared the bazaar open.

There was a splendid attendance and around $240.00 was realized.

Conveners of the various booths were: Candy, Mrs. A. B. Allison and Miss Hazel MacDonald; Aprons, Mesdames Wallace Crowder, R. A. Allison and R. Ennis; Pillow Cases and Towels, Mesdames Herman Crowder, C. R. Sutherland, H. McMenomy, Geo. Suffel and R. A. Crowder; Quilts, Mrs. H. Baldwin; Touch and Take, Mrs. Earl Bailey and Mrs. S. Rennick; Knitting and Fancy Work, Mrs. John Guy and Mrs. Lorne Guy; Cooking and Tea Tables, Mesdames Roy Barkley, Wm. Patterson, F. G. Hutt, A. Baker, Wm. McMenomy, Geo. Corry and M. Dunlop.

The W. A. were well pleased with the efforts of all its members and wish to express thanks to all those who were in attendance.

MATILDA W. C. T. U. MEETING

The monthly meeting of the Matilda W. C. T. U. was held at the home of Mrs. James Burden on November 23rd, at two p.m., and was in charge of the president. Mrs. Edward Thompson had charge of the program. Readings were given by Mrs. H. McQuaig, Mrs. Ed. Thompson, Mrs. Alton Riddell, Mrs. James Burden and several other members. During the business part of the meeting it was decided to hold no more meetings until February, when that meeting will be held at the home of Mrs. Alton Ridell on the fourth Thursday. The program committee will be Mrs. Edith Mellan, Mrs. C. N. Murphy and Mrs. Chas. Coons.

The meeting closed with prayer by Mrs. Edward Thompson and the Lord's Prayer in unison.

HIGH SCHOOL COMMENCEMENT

(Continued from Page 1)

Doris Fawcett, Norma Hanes, Joyce Hay, Jean McRoberts, Marjorie MacAndrew, Phyllis MacDonald, June Saunders, Dorothy Servage, Helen Rose.

The Dominion-Provincial Student Aid Bursary of $100.00 was presented to Miss Dorothy McRobbie by Miss Elizabeth Stewart.

Mr. Clair Bailey, president of the Literary Society, presented the Society's Proficiency Awards to the students gaining highest academic standings in Middle School, to the following — Grade XI, 1st, Jean Wilkes, 88%; 2nd, Shirley Brown, 84%; Grade XII, 1st, Dorothy Servage, 82%; Jean McRoberts, 81%. These awards are for $10.00 and $5.00 respectively.

The Banff National Cadet Camp Award, a distinct honour to any student, was proudly accepted by Mr. Bill Porteous. It was presented by Mr. W A. Servage. Bill was one of the few cadets chosen across Canada to attend the camp at Banff this year.

Mr. Hugh McMaster presented the McMaster Cup, emblematic of the best speakers in Grades XI, XII and XIII, to Miss Dorothy McRobbie.

One of the newest prizes, valued at $10.00, was given by the donor, Mr. G. H. LaRose, Phm. B., to the student holding the highest standing in Chemistry. This was won by Jean McRoberts.

Upper School

Secondary Honour Graduation Diplomas (Sr. Matriculation) were presented by Mr. Erle Helmer to Eric Steele, Earl Park, Leverett MacDonald, Elaine Coons and Melba Barrett.

The H. S. Board Proficiency Awards, for Grade XIII students only, were also presented by Mr. Erle Helmer as follows: 1st, Clair Bailey, $15.00; 2nd, Donald Acres, $10.00.

Mrs. E. Slingerland presented the Girls' Athletic Cup to Helen Clark and Irene Campbell, who tied for the honours this year. Bert Duncan, for the second consecutive year, received the Boys Athletic Cup from Mr. A. Fisher.

Having placed among the top three since its re-organization in 1946, the W. H. S. Cadet Corps placed first in their group this year, ahead of schools like Carleton Place and Ashbury College, etc. The Captain W. O. Findlay Trophy, emblematic of this honour, was presented by Mr. Melvin Scott to the Cadet Commander, Capt. C. Bailey.

The S., D. & G. Shield, given annually to the best all-round Cadet, was won by Mr. Eric Steele, who received the award from Mr. M. Scott in the absence of Major F. M. Cass, the shield donor.

More PROFIT Recommendations

The Better Milk Production, The Higher the Profit.

MORE PROFITS MUST COME FROM THESE TWO THINGS:

1. **More Milk-Making Capacity.**
2. **Longer Milking Life.**

Cows in most herds are sold because of low production or through "Breakdown" before they have finished their third lactation. Any dairyman not troubled with disease should be able to keep cows through an average of 7 milking periods. Such cows should pay for themselves in less than two years and have five years to make good profits.

By following the complete Purina Program, you can come closer to reaching the above goal.

SOUTH MOUNTAIN W. I.

The members of South Mountain W. I. met in the hall for their November meeting with the president, Mrs. G. Cleland, presiding, assisted by Mrs. J. Morrow, secretary. The meeting opened with the Ode and Mary Stewart Collect, after which the minutes were read and roll called. The husbands of the members were invited as guests for the evening. It was decided to pack a bale of clothing for relief and Mesdames L. Monteith, H. McKee, Wm. Crowder and J. Morrow were named a committee to look after same. It was decided that the Institute serve turkey at the Holstein-Friesian Association Banquet on Dec. 7th, and plans were left in the hands of the executive.

On account of other arrangements the December meeting of the Institute is to be held on the third Friday instead of Thursday as usual, and instead of the members exchanging gifts they are requested to bring a gift for a shut-in.

A splendid program under the convenership of Mrs. Wm. Graham was presented. Community singing was enjoyed, with Mrs. Roy Graham at the piano, after which a quartette, composed of Mesdames L. Monteith, H. Barry, L. Montgomery and R. Graham rendered two numbers, and Mr. Preston Gilmer sang several selections, accompanying himself on the guitar. Mrs. Wm. McIntyre gave an interesting reading on "What is a Boy?"

At the beginning of the program each person was given fifteen beans and a forfeit of one bean was to be made each time a question was answered by the words "Yes" or "No." At the end of the program a count was made and Mr. Glen Scott had the greatest number and Mrs. G. Cleland the least.

Mrs. D. L. Berry and Miss L. Erontmire were hostesses for the evening, and the conveners for lunch were Mesdames S. Marquette and G. Monteith assisted by Mesdames H. McKee, Ed. Shaver, Geo. Nelson, G. Montgomery, K. Laushway, G. Weir and Misses M. Barkley and R. Harper. On behalf of the guests, Mr. G. Mulholland voiced words of appreciation to the members of the Institute for the enjoyable evening, and singing the National Anthem brought the evening to a close.

HINTS FOR THE HOME

Tablecloths

You can keep the tablecloths looking fresh longer by folding neatly in their creases each time after using.

Starch

To make a light starch for delicate materials use the water in which rice has been boiled and add a little bluing to it.

Shoulder Straps

Fasten one snap on the shoulder seams of dresses and the other side of the snap on the straps of the slips. The straps will not slip off the shoulder.

Storing Jellies

An ideal place to put jellies and preserves is on a hanging shelf in the basement. It is cool and dark there and will not be so accessible to pests.

Peeling Onions

Onions will not make the eyes water if they are peeled under the running cold water faucet. When grinding, place a wet cloth over the top of the grinder and work underneath.

Silver

As a time saver when cleaning silver, make a solution of 1 quart of boiling water, 1 teaspoon baking soda, and 1 teaspoon salt. Pour into an aluminum vessel and place the silver in it. Allow it to remain for a few minutes, then rinse with clear hot water. Clean the kettle at once.

POULTRY WANTED

All kinds of Poultry Wanted at all Seasons. Also Hides and Wool. Highest Prices Paid and you are assured of a Square Deal.

THE MIXING BOWL

BY Anne Allan
HYDRO HOME ECONOMIST

Hello Homemakers! Cheese is an amazing food. When you realize that a highly perishable fluid such as milk can be made into a long-keeping, good-to-eat, solid food like cheese it is something to talk about. As you know, milk under certain circumstances will thicken and separate into two different substances—whey and curd. Cheese is the curd of milk and can be eaten as is, or it can be treated and ripened into a surprising number of varieties. One of the new species of curd to people in Ontario is in the form of Yoghourt or Omega.

Four hundred different names for cheese does not mean that there are four hundred different varieties. There are about 18 basic types of cheese which 'crop up" under a variety of names both in the same country and in other countries. Italian Gorgonzola, English Stilton and Danish Blue were the first blue-mold cheese but now there are others. To add to the confusion, different cheese manufacturers sell their own cheese under a variety of brand names, though they may be very much alike. However, cheese is cheese and it is all made from milk.

To make cheese the milk is pasteurized; the cheesemaker adds a "starter" to get the right amount of acidity; then the rennet is added to make the milk curdle. When the milk has curdled the art of the cheesemaker really begins, though he has to know all about the "starter" and the type of rennet. Curd knives are used to cut the mixture evenly and the whey is drained off before it is put into molds. One method of salting the cheese is rubbing the perforated mold with salt. The cheese is then ripened by bacteria and molds. This sounds queer until you remember that there are many helpful and necessary bacteria in other foods as well as in cheese. The temperature time and atmosphere must be just right for finishing the cheese.

The majority of the cheese made in Canada is Cheddar which is what people mean when they ask for plain cheese. It was first made in the village of Cheddar, England, as a white cheese. Now we use a yellow vegetable colouring to p'ease the public.

We could tell you a lot more about the types of foregin cheese but instead we shall try to describe the difference between natural, process cheese, cheese food and cheese spreads. The natural kind has been previously described while process cheese is blending of a number of cheeses of different age to achieve the desired blend for flavour and texture. People seem to like the blandness and the absence of the rind. Cheese food is a processed mixture from cheddar with cream, non-fat solids and mineral salts added to it. It melts easily and keeps well.

There are a great many cheese spreads that come in attractive glasses and jars. These are reprocessed cheese with added stabilizers and flavourings—such as pimento, bacon, nuts, etc. You have to experiment to find the kind that suits you best.

TAKE A TIP

1. Soft cheese or cheese food should be sliced or grated on a coarse grater to save the flavour. Hard cheese should be grated on a fine grater. Prepare just enough to use.

2. Very dry grated cheese will not melt when heated, unless moisture (such as soup) is added.

3. Cheese that is dried out is perfectly good. Add it to stews and soups..

4. Wrap cheese in wet vinegar-cloth and place in a sealed jar.

5. If mold has formed on cheese simply cut it off. It will not harm you or the cheese.

6. Cheese should always be cooked at a low temperature if the dish to cook for any length of time—otherwise it should only be melted under a broiling element a few minutes.

7. Grated cheese should be stored in air tight containers on the kitchen shelf. It is wise not to keep it in the refrigerator where it may absorb moisture and lump easily.

Ham and Noodles

2 cups cooked noodles, 2 tbsps. of butter, 2 tbsps. flour, 1-2 tsp. salt, dash of pepper, 2 cups milk, 1 cup diced cooked ham, 1 cup diced cheddar cheese.

Cook noodles according to directions on box. Meanwhile melt butter, blend in flour and gradually add milk, mixing until blended. Cook over low heat, stirring constantly. Add ham and cheese, then the noodles. Pour into a greased casserole and bake in preheated electric oven at 350 degrees for 20 to 25 mins. Makes 5 servings.

Cheese Dessert Dumplings

1 cup (1-2 lb.) cottage cheese, 1-2 cup sifted flour, 2 tbsps. sugar, 1-2 tsp. salt, dash of nutmeg, 2 eggs, well beaten; 4 tbsps. melted butter, boiling water, melted butter, fine sugar.

Mix cheese, crumbs, flour, sugar, salt and nutmeg. Gradually add eggs and butter, mixing until smooth. Drop from tablespoon into boiling salted water. Cover. Cook 3 to 4 minutes. Remove from water with slotted spoon or large fork. Serve, sprinkled with powdered sugar and melted butter. Makes 12 to 16 dumplings. (May use fruit juice in place of water.)

Country Salad

4 cold boiled potatoes, 1-2 lb. of cheddar cheese, 1 cup diced celery, 1-4 cup cropped nuts, 3-4 cup mayonnaise, 1-2 tsp. dry mustard, 1-2 tsp. Worcestershire sauce, lettuce.

Cut potatoes in cubes. Dice cheese to make 2 cups. Mix with celery and nuts. Stir in mayonnaise, dry mustard and Worcestershire sauce. Let stand 1 hour in refrigerator. Serve on lettuce. Garnish with tomatoes or tomato jelly.

GOLDEN WEDDING ANNIVERSARY HELD

Mr. and Mrs. A. H. Ransom entertained at a reception recently at their residence, 22 Windsor avenue, Westmount, to celebrate their golden wedding anniversary, when their guests included their son-in-law and daughter, Mr. and Mrs. Harold W. Vrooman, of Hamilton, and their two sons; their son and daughter-in-law, Mr. and Mrs. Rosmore H. Ransom, and their two small sons; and their son, the Rev. Malcolm Ransom, just returned from Kunming, in Communist China, where he has been engaged in missionary service for the past four years, and his small son, Malcolm, of Vancouver, B. C.

One hundred and seventy-five guests signed the register, which was designed by Mrs. Alberta Bendus, of St. Petersburg, Florida, Mrs. Ransom's cousin, and in charge of Mrs. Ruby English, the only person present who was a guest at the wedding fifty years ago.

Bronze and yellow chrysanthemums and other fall flowers were used as decoration.

Mrs. Douglas Brenner, assisted by Mrs. Ronald Robertson, Mrs. Gerald Clements, Mrs. Robert Stanyer, Mrs. Clarence Wylie and Mrs Ewart Hinds was in charge of refreshments. Pouring tea were Mrs. William Geraghty, Mrs. F .W. Kerr ,formely of Mountain, Ont.), Mrs. J. I. Brown, Mrs. Arthur Jones, Mrs. Sid Moreland and Mrs. A. E. Middleton Hope.

The toast to Mr. and Mrs. Ransom was proposed by the Rev. D. M. Grant, of St. Andrew's United Church, and a short musical program, arranged by Mrs. Harold Mills, formerly of Merrickville, was given. She sang a selection especially composed for the occasion by the well known writer, Mrs. Dorothy Sproule, set to the Bridal March from Lohengrin. Mr. Philip Motley acted as accompanist.—Montreal Gazette.

TO THE ELECTORS OF THE VILLAGE OF WINCHESTER

On Nomination day I was nominated for the position of Councillor. After some thought I have qualified for this position. I have served for the past two years on the Village Council.

I believe in a sound progressiveness and, if elected, will serve this municipality to the best of my ability.

If you consider me worthy I will appreciate your support at the polls on December 4th.

28c A. B. SUMMERS

TO THE ELECTORS OF THE VILLAGE OF WINCHESTER

Having been requested by a number of citizens, and after much thought and careful consideration of the task before me, if elected, I have decided to allow my name to go before the electors of Winchester, for Councillor, for the year 1951.

As a young business man, having always lived in Winchester, I am keenly interested in the welfare of this village.

If elected, I will endeavour to work in the interests of Winchester, and will do my utmost to fulfil the obligations entrusted to me.

May I solicit your support at this time?

28c RALPH E. WALKER

TO THE ELECTORS OF THE VILLAGE OF WINCHESTER

Dear Friends:—

As I have again decided to be a candidate for the 1951 Municipal Council for the Village of Winchester, I would appreciate your confidence and support at the polls next Monday. Having served you faithfully as a member of the Board for the past two years, I feel that this experience should increase my qualifications for another term at least If re-elected, I promise to serve this community to the best of my ability.

Thanking you for past favours and soliciting your continued confidence, I am,

Your Obedient Servant,

28p HUGH WILSON

TO THE ELECTORS OF THE VILLAGE OF WINCHESTER

Dear Citizens:—

In recent years the cry has been for younger men to offer themselves as candidates for the Municipal Council. As one of the younger ratepayers, I have decided to accede to your wishes, and will contest next Monday's election for Councillor for Winchester Village. I have nothing to offer in the line of past experience as a municipal servant, but I am anxious to serve the municipality and am willing to learn as I serve. All I can promise is that if you elect me as Councillor I will do all in my power to promote legislation that is in the best interests of the village in general.

Your vote and confidence would be appreciated. Sincerely yours,

28c EDWIN BOYD.

TO THE ELECTORS OF THE VILLAGE OF WINCHESTER

Dear Friends:—As the time for electing a new Municipal Council has again rolled around, pressure has been brought upon me to allow my name to remain as a candidate for Councillor for Winchester's 1951 Council. I have enjoyed serving on the Board during the past two years, so much so that I would like to be re-elected for another term. I have always tried to support policies which I believed to be in the best interests of the municipality as a whole, and if re-elected will continue to do so.

At this time I would like to thank the electors for the support they gave during my first election, and trust that I will warrant their confidence in next Monday's contest.

Your Obedient Servant,

28c HOWARD FETTERLY

TO THE ELECTORS OF THE VILLAGE OF WINCHESTER

Dear Ratepayers and Friends—

At the request of many citizens, I have decided to re-enter Municipal Politics as a candidate for the 1951 Council for the Village of Winchester. Having served several terms, as both Councillor and Reeve, in the past, my record as a municipal servant is known to you all. I have always endeavoured to serve in the best interests of all the ratepayers, and, if returned to office next Monday, I assure you that your confidence will not be misplaced.

If you feel that my past experience is sufficient to qualify me for being elected as a member of the 1951 Council, I would appreciate your support.
