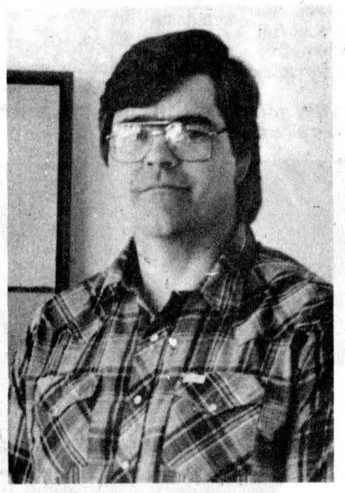
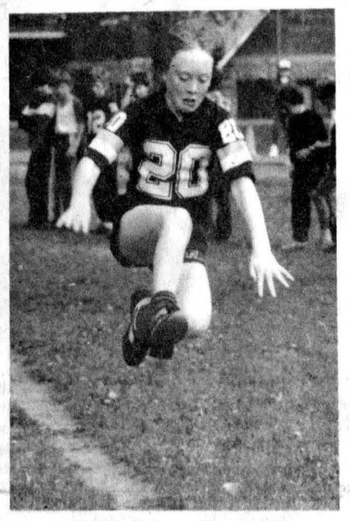
This week



Artwork displayed

Artist Michael Lapp, a resident of Crysler since 1974, says his love of the community is reflected in his landscapes depicting local scenes. His work has been on display in Winchester for several weeks.

7



High Flyer

Matthew Cotton flew to a sixth-place finish in the annual Winchester Public School track meet here last Thursday. Cotton's sixth in the long jump came in a division led by Tim Scott, winner of five events.

10

Giving it all they've got

Horse pullers from all over met in South Mountain last weekend to match their horse power against cement. This year's competition proved particularly rewarding for several local teamsters who took home many of the top place ribbons.

B-3

Tourney Time

This weekend marks the first of the area's many ball tournaments as South Mountain's annual intermediate fastball event takes place. Action will run Friday evening, May 23, Sat., May 24 and Sun., May 25. Organizers have planned a refreshment garden each day as well as a dance in the Agricultural Hall Saturday night.

Smoking policy left up to schools

CORNWALL — Students at North Dundas District High School will still be allowed to smoke in designated areas following a policy decision by the Stormont, Dundas and Glengarry County Board of Education here last week.

After more than an hour of sometimes heated debate, trustees agreed to accept smoking guidelines submitted by each individual school with one exception — each school must have at least one smoke-free staff lounge, unless a majority of the staff decide otherwise.

Earlier this spring, the board asked each school to provide input to the formation of a smoking policy. North Dundas District High School made two submissions to the board.

A special staff review committee recommended elimination of the current outdoor smoking area for students and suggested teachers should try to refrain from smoking on school property to aid in the anti-smoking campaign. However, the committee said a decision on the banning of staff smoking should be left to a majority vote of staff. Support staffers were to establish their own guidelines.

The NDDHS School Committee passed a motion April 24 proposing, "that a total ban on smoking in the school be recommended by the school committee to the SD&G Board of Education."

Trustees Basile Marchand and Joe Gunn sparked the debate by introducing a four-point motion asking schools to develop a smoking policy that met or exceeded their guidelines of:

1. Students will not smoke on school property;
2. Staff will not smoke in the presence of students;
3. Staff may smoke in designated areas only. Each school must have at least one smoke-free staff lounge unless the majority of the staff decide otherwise and;
4. The board will allocate up to $100 for each staff member wishing to enrol in a stop smoking program.

"As educators we have the right and the obligation to take strong measures against smoking," said Marchand in defending his motion. "We have an overwhelming signal here from parents and staff alike, they are entitled to smoke-free areas, and we should

Please see 'Smoking' on page 2.

Budget initiatives welcome, say farmers

TORONTO — Farm leaders are welcoming the initiatives announced in last week's provincial budget, but agree it's only one step toward helping a staggering agricultural community in Ontario.

Harry Pelissero, president of the Ontario Federation of Agriculture (OFA), said last week that his organization is generally happy with the budget. In a statement Tuesday, Pelissero said the liberals may not have solved all the industry's problems, but now farmers have some leverage. "We have a little more room to manoeuvre," he said.

While the announcement from Toronto came at a busy time for most farmers in this area, Martin Schneckenburger, a Dundas Federation of Agriculture (DFA) member and a past president of the organization, said he's pleased to see the government moving in the right direction by giving something to farmers rather than taking it away, as governments have done in the past. But he added, it's still not enough and the DFA will continue to lobby for more help for farmers.

Tuesday's budget expanded three programs to help farmers cushion interest payments on loans. The Ontario Family Farm Interest Rate Reduction Program, the Farm Operating Credit Assistance and Beginning Farmers Assistance Programs will all be extended.

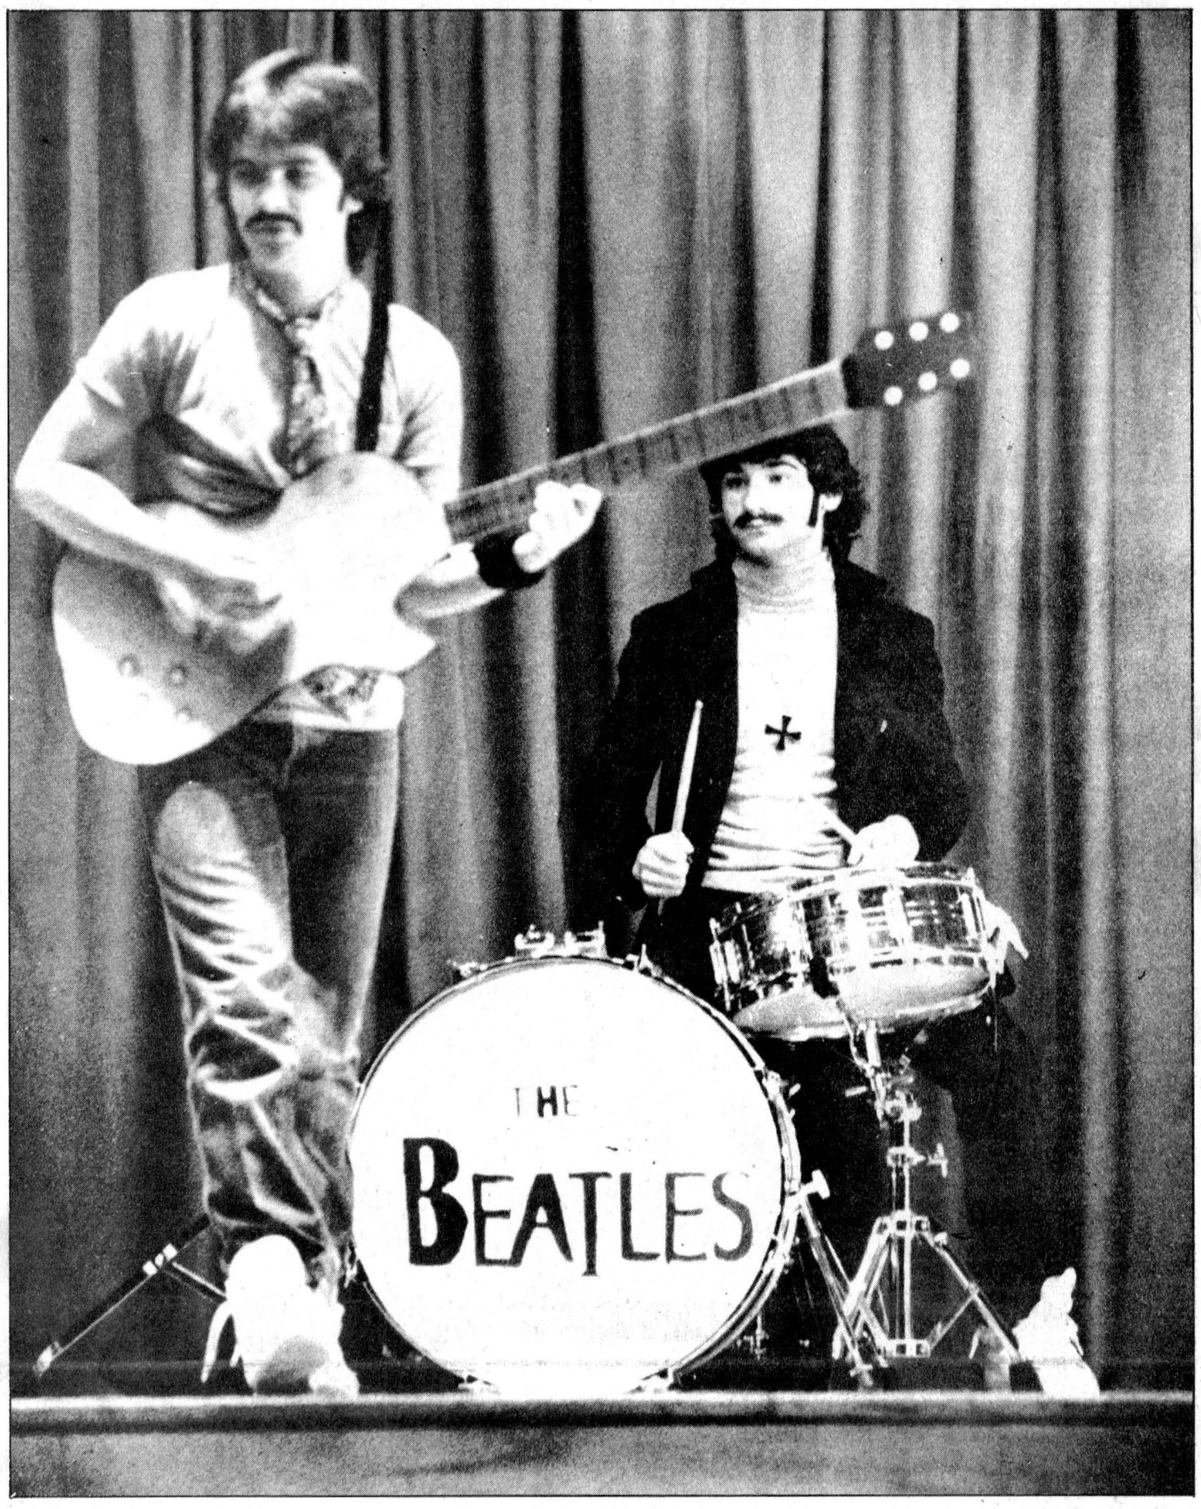
The liberals also increased the Ontario Ministry of Agriculture and Food budget to $457 million, an increase of 14 per cent, bringing the total agriculture portion of the budget to just under 1.5 per cent this year.

Missing from the budget was any action on the Liberal party promise to support the immediate introduction of a capital loans program based on a farmer's ability to handle the loan for capital improvements and for improving efficiency.

Noble Villeneuve, PC MPP for Stormont, Dundas and Glengarry, said he wanted the Liberals to inject more confidence into the agricultural community.

The extension of the farm assistance programs addresses those who are in real trouble, said Villeneuve, but it doesn't address the agricultural community as a whole.

Villeneuve also said he was disappointed to see the fuel tax for farm commercial vehicles (trucks) wasn't reduced in Tuesday's budget. The MPP did make some progress in having the tax removed two days after the budget, in a forced vote on his Private Member's bill to eliminate the tax.



Fab Four reunited?

Yes, Beatlemania swept Maple Ridge Senior Public School Thursday night as George and Ringo took to the stage as part of a program called "Musical Memories". The celebrated musicians were actually portrayed by Kirk Hutt, left, and Jason McNaughton, Grade 8 students.

Williamsburg taxes rise 5.2 per cent

WILLIAMSBURG — Williamsburg Township ratepayers will see their tax bills increase by 5.2 per cent in 1986 with council's approval of the annual township budget here recently.

The increase will add $28.23 to the tax bill for a residential property owner supporting the public school system with an assessment of $3,000. Last year the bill for the same ratepayer was $544.47.

Residents of the police village of Williamsburg will actually see a decrease in their 1986 tax bill. The levy for a ratepayer with the same classification as above will be $687.45, down from $692.76 in 1985.

Williamsburg township clerk treasurer Mike Waddell said Tuesday the slight decrease for police village residents was brought about by a 1985 surplus and the addition of the Park Drive Villa seniors project into the police village assessment area. Police village residents have higher mill rates than rural homeowners because of the increased services in the villages such as garbage collection, snow removal, and the provision of sidewalks.

The tax bill for a residential public school supporter assessed at $3,000 in the police village of Winchester Springs will be $592.50.

Education taxes account for approximately two-thirds of the township bill for both public and separate school supporters. The elementary public school mill rate jumped by 8.2 per cent for 1986.

Contributions to the United Counties of Stormont, Dundas and Glengarry comprise 11 per cent of the township tax levy.

Expenditures within the township for 1986 are projected at $1,011,355. Nearly 60 per cent of that money will go into the township's road maintenance program.

The township has added a new tandem dump truck to its fleet for 1986, complete with snow plow equipment. The Ministry of Transportation and Communication will pick up $62,000 of the $91,000 price tag.

Council also hopes to increase its road paving program to approximately seven kilometres this year. In 1985, the township paved or re-surfaced only five kilometres of township roads due to a shortage of funds.

The township will spend in excess of $160,000 on general government spending and another $200,000 will go into tile drainage and agricultural drains.

Six thousand dollars has been ticketed to commercial and industrial development and the preparation of a brochure for prospective developers. Recreation grants may be as high as $25,000 dependent upon provincial contributions to the township's recreation programs.

Ratepayers will also feel the effects of rising insurance rates. Costs for liability insurance for the township have almost doubled to more than $15,000 for 1986.

Taxation revenue will total $260,000. Provincial grants and subsidies will help balance the budget by contributing more than 60 per cent to the township coffers.

Spring round-up

Craig Baker, a Senior Kindergarten student at Winchester Public School, took advantage of the sunny weather Thursday to go for a spin on the merry-go-round.

Press Photo—Van Bridger

Hospital master plan to outline future need

WINCHESTER — It is too early to tell whether Winchester District Memorial Hospital will benefit from a provincial plan announced last week to spend $115 million to provide new hospital beds in Eastern Ontario, hospital administrator Bert Stel said Friday.

The hospital will have a master plan for future growth prepared by a consultant this fall, Stel said, and the results will be passed on to the District Health Council of Eastern Ontario. The decision on how to divide the allocation of beds for the area hospitals will be based on the recommendations of district health councils, many of which have conducted studies to determine which hospitals are most in need of beds.

An interim report from the district health council was released May 7, and is being discussed in a series of public meetings. A meeting was held in Chesterville town hall Tuesday night.

The interim report, which investigated the needs of five Eastern Ontario counties and the city of Cornwall, indicated that Dundas was the county most lacking in long-term health care facilities.

Health Minister Murray Elston announced Wed., May 14 that 608 new hospital beds will be added in Eastern Ontario counties over the next several years.

The capital allocation, the largest in the history of Ontario according to health minister Elston, is the first phase of a multi-year capital plan for the hospital system.

The second phase of the plan will provide for extensive renovation to hospitals to bring them up to current standards and to enable them to meet future needs such as more outpatient services.

The 608 extra beds planned for Eastern Ontario include 248 chronic care beds and 360 for short hospital stays. The counties to receive these beds include Ottawa-Carleton, Frontenac, Hastings, Lanark, Lennox and Addington, Prince Edward, Leeds and Grenville, Prescott and Russell, Renfrew and Stormont, Dundas and Glengarry.

Building search continues

WINCHESTER — A suitable building to house a centre for victims of family violence here should be purchased within the next two months, said Erva Durant, president of the board of directors set up to administer the centre.

"We have houses in mind in Winchester," Durant said. "There is one that the ministry likes, that the Counties like and that we like." However, she added, the decision has not been finalized.

In the meantime, Durant said, "we're putting our energies into thinking about what has to happen in that centre."

Known as a family resource centre, the facility will offer temporary shelter for battered women and their children, as well as a variety of community services. The building itself must be large enough to house up to 10 women and their children.

Durant said the Ministry of Community and Social Services will provide funding to hire an administrator and three-and-a-half house staff to run the centre, but more help will be needed. The board of directors wants to set up a volunteer training package for volunteers to assist the full-time staff members.

Durant said the board is seeking expert advice on staffing and programs for the centre.

Board members Durant and Dianne Harkin have also been visiting community organizations, primarily church groups, to discuss plans for the centre and the problem of family violence in Dundas. "There's great interest," said Durant. "There seems to be more interest generated after we have made our presentation." She said she has appointments to speak to area groups booked until November.

Capital funding of $155,000 to establish the centre will be administered by the United Counties, the municipality to be served by the facility. The board of directors will take responsibility for the $72,000 operating budget. The funds are provided through the Ministry of Community and Social Services, which Durant said is "100 per cent" behind the project.

Legion bolsters hospital drive

The Winchester Branch 108 of the Legion gave the hospital here a real boost last week when it donated a cheque for $20,000 to the facility's fund drive. From left, Duncan Levere, second vice; Wilf Summers, first vice; Dwight Hutt, president of Branch 108; Wayne Burns, chairman WDMH public relations committee; Betty Cooke, secretary of the branch; and Ron Workman, president of the WDMH board of governors.

Right wheel!

Members of the Fort Henry Guard were on hand to help celebrate Victoria Day at Upper Canada Village this weekend. The village celebrates its 25th anniversary this year, and a program of special events is planned for Sat., June 21.

Press Photo—McIntosh

OPP to use ALERT on suspect boaters

MORRISBURG — Area police forces will be using portable breathalyzers this summer to test boaters suspected of drinking while operating their vessels.

An amendment to the Criminal Code made last December now gives police the authority to use the ALERT machine on boaters suspected of drinking. Previously, police could only charge a boater of operating a vessel while impaired by alcohol, if an officer had reasonable and probable grounds to charge the person and take them to headquarters for a breathalyzer test.

The legal limit for boaters is the same as the limit for motorists. Conviction of operating a vessel while impaired carries a minimum $300 fine and a maximum sentence of five years in jail.

Cpl. Ralph Thompson of the Morrisburg detachment of the Ontario Provincial Police says the Morrisburg detachment has access to two boats, one from Lancaster and one from Manotick. He says the force will probably be using one of the detachment's two ALERT machines on board the OPP boat, periodically throughout the summer.

Thompson says the Lancaster-based boat is basically used to patrol the St. Lawrence although the detachment may use Manotick's boat for special occasions such as holiday weekends or the annual Tubie Weekend in Morrisburg.

Thompson says the number of boats in the water in the summer increases each year and admits "the potential hazards are great". He says the Morrisburg detachment would have no problem using their own boat full time to cover the 25-30 kilometres of shoreline within their jurisdiction.

"On a sunny weekend day you might see as many as 55 trailers at the Morrisburg dock alone," says Thompson.

Although convictions for the impaired operation of a vessel are rare, Thompson says they will be giving the St. Lawrence River as much attention as they can afford to.

OPP authorities say 74 per cent of victims of fatal boating accidents in the province were impaired at the time of the accidents.

Guides for boating safety and regulations are published by provincial authorities and are available at OPP detachment offices.

Industrial land could carry hefty price tag

WILLIAMSBURG — A 640-hectare plot of industrial land near Church Road, currently being eyed by Williamsburg Township officials for industrial expansion, could carry a price tag in excess of one-million dollars.

Representatives from Dupont Canada Inc., owner of the land, are expected to return to council's June 7 meeting with a definite asking price for the land. The two groups opened negotiations May 9 with a closed door meeting in Williamsburg.

Township reeve Johnny Whitteker said last week the land had been offered for sale several years ago at a price of $700 per acre or $1,750 per hectare. There has been no mention of a current price tag by either party.

The township has asked Dupont to return to council with asking prices for the property's eastern and western halves as well as the entire tract. The property is split by a spur line into the Rohm and Hass plant on Highway 2.

Both segments have potential merits to attract industry to the township. The western portion lies in close proximity to Morrisburg making it more easily marketable to industries requiring the village's resources. The eastern section offers developers the possibility of deep water docking facilities on the St. Lawrence River.

Because of the heavy price tag expected, the cost of even a segment of the land would mean debenturing the costs over a number of years. In addition the township would lose all or a portion of the $40,000 tax revenue it collects annually from the company.

Council is also looking at the possibility of striking an agreement with the company to promote the land to potential buyers even if a sale does not take place. The township is currently working on an industrial brochure to attract developers.

DuPont is also negotiating with Morrisburg council over a 20-hectare parcel near that village.

Twist and shout

The Maple Ridge Dancers were in fine form a theme of rock and roll through the years, last Thursday when the annual school Debbie Hart, left and Wendy Casselman concert was staged to a packed house. With offered a look back at the fads of 1955.

Smoking

Continued from front page

put our money where our mouths are."

Trustee Bill LaSalle supported Marchand citing smoking as "one of the few vices that one has that has proved to be dangerous to others you."

Several trustees expressed concern over the ability of administration to effectively police strict guidelines.

Trustee Sandra Enns said schools have more important things to police than looking for smokers in washrooms. "We have to be realistic," she said.

The motion was labelled "dictatorial" by trustee Rev. Rudy Villeneuve and his viewpoint was shared by trustee Dale Beckstead.

"Not everyone objects to smoking." claimed Beckstead. "Non-smokers are on a bloody galloping horse and they don't know when to stop."

In reference to NDDHS's strong opposition to smoking in the school, trustee Roy Hastings concluded the committee decisions might not be representative of the whole population.

"From a school population of 600-plus, the best attendance I've seen at a school committee meeting is five parents. "I'm not very disturbed about a recommendation from that much of a minority."

The proposal to ban student smoking on school property was defeated 11-5 in a recorded vote. Only the third clause of the Marchand-Gunn motion received approval.

Trustees also objected strongly to the expenditure of taxpayers' money to enrol teachers in stop-smoking programs. All agreed money could be better spent in an educational vein for the students.

Last week, an Ottawa Board of Education committee recommended spending more than $15,000 to help its 259 smoking teachers to kick the habit. The OBE will invoke a total ban on smoking in September of 1987.

Six schools, all elementary, responded to the boards request for guidelines with a total ban on smoking. Inkerman, Nationview, Maple Ridge, Morewood, Laggan and Lancaster Public Schools opted to totally smoke-free environments.

Director of education Rosaire Leger said these schools could continue with their policies, but he indicated a smoker could ask for a designated smoking area, following the board's decision.

Smoking is not permitted for students in elementary schools.

Area high schools currently allow students to smoke in designated areas outside of the school building. Students at NDDHS and Tagwi Secondary School are allowed to smoke at lunch, before and after school, and during spare periods (senior students only). Seaway District High School in Iroquois does not permit students to smoke during their spare periods, only during lunch and before and after school.

Stephen Plasko, principal at TSS, told the board, the attitude toward smoking at his school has been changing in past years, to the point where less than 10 per cent of the student body smoke. He also indicated there has been a significant decrease in smokers at the senior student level in the past three years.

Williamsburg WI samples summer milk recipes

WILLIAMSBURG — It looked more like a fair than a WI meeting when the ladies arrived at the Williamsburg IOOF Hall for their regular May meeting.

There were booths set up where visitors were encouraged to try out their skills. There were posters and free brochures and a bevy of pretty young girls. There were free samples of milk drinks and cheese cakes. And there was a princess complete with crown.

The convener for the meeting, Mrs. Roger Gilmour, had invited the 4-H club leaders and girls to display their work from the two most recent clubs, "Action Wear" and "Milk Makes It". A group of girls with leader Mrs. Sydney Johnston entertained with a skit in which each participant wore the action wear suit made in the winter club. Leader Mrs. Bruce Garlough introduced the girls.

Sherry Van Allen, Dundas Dairy Princess, who is also a member of this club, demonstrated, making interesting summer drinks using milk. Everyone enjoyed tasting and comparing the flavors. Then it was time to have the WI members moving from booth to booth to try their skills at judging menus, matching words with definitions and identifying different kinds of milk and milk products, while the girls looked on, highly amused at the mistakes being made by their elders.

The youngest girl present was Janice Gilmour, who sang "Monkeys", a song which won her a high mark in the recent Cornwall Music Festival. During the business part of the meeting, plans were made for a yard sale and food sale on June 14, the 80th anniversary of the branch to be celebrated on Oct. 4, and the next regular meeting which will be held on June 10 in the Park Drive Villa, with Doug Grenkie speaking about his recent trip to Russia.

All ladies of the community are welcome to attend any of the meetings of Williamsburg WI.

Ontario confirms hydro line approval

BELLEVILLE — The Ontario cabinet has confirmed a joint board decision giving Ontario Hydro approval for a 188 km long route for two 500 kilovolt transmission lines between the Kingston area and Ottawa.

The joint board approval, issued in November 1985 following a two-month public hearing, had been under appeal to the provincial government.

The route which has now been approved will follow existing rights-of-way for three quarters of its length. Property negotiations and survey work will begin shortly. The first of the two lines is expected to be in service in 1989.

These two lines are part of an overall plan to supply the future electricity needs of Eastern Ontario. The plan includes a third line, between Ottawa and Cornwall which was approved earlier this year.

This follows approximately four years of work by Ontario Hydro in co-operation with local residents and municipalities to determine acceptable routes for the lines.

On the beat

by Cst. A.C. Lummiss,
Winchester OPP

In an effort to evaluate the effects of the media campaign against drinking drivers and the new changes in the law since last December the following statistics have been compiled covering Jan. 1, 1986 to April 30, 1986 for Dundas County.

While there appears to have been a decrease in drinking and driving occurrences during the Christmas period (Winchester OPP report no arrests from Dec. 17, 1985 until Feb. 2, 1986 and Morrisburg OPP show no occurrences of this type from Dec. 19, 1985 until Jan. 12, 1986) our overall statistics show little change from this same period last year. During January/April 1985 there were 59 criminal charges laid and 30 12-hour suspensions issued while 1986 shows 55 charges and 38 12-hour suspensions with the majority of these occurring in the month of April.

To clarify the problem created by drinking drivers as it relates to accident potential, a person with a blood alcohol concentration of .08 (the legal limit set by the Criminal Code) is four times as likely to be involved in an accident as a driver who had not been drinking. At .16 the chances are 35 times greater and at .20, 65 times greater. In Dundas County alone for 1986 24 per cent of the drivers charged had readings in excess of .20 and 60 per cent had readings in excess of .16. For the year 1985 of the total persons charged 32 per cent had readings in excess of .20 while 60 per cent had readings in excess of .16.

It is important that we remember that our campaign to reduce drinking and driving is a community program that hopefully will reduce accidents, injuries and fatalities and is not restricted to a few weekends in December and January. Our statistics show the concern you have and your support last winter, now we have to continue to reduce this problem which reaches its highest levels during the summer months.

This summer, what are you going to do about it?

SUMMER STUDENT REQUIRED

MINISTRY OF ENVIRONMENT

REQUIRED:
1 Student
Available June 2

Applications available from Ministry of Environment in Chesterville and accepted until May 23.

FRAN HUIZENGA *Real Estate Inc.*

P.O. Box 305

New executive

The Greely-Manotick Station Women's Institute recently elected a new slate of officers for the coming year. From left are: Jennie Craig, immediate past president; Heather Bellinger, president; Wined Candler, secretary-treasurer; and Anna Mussell, past president.

Carleton Institute delegates honour Jennie Craig

GREELY — "The stress in on agriculture. If farmers cannot survive these critical times, consumers will pay because prices of food will climb drastically," said retiring president Jennie Craig, addressing the 48th district annual of Carleton East District Women's Institute.

She asked members to keep agriculture as a high priority. While most farmers are not going hungry, many are in a financial bind and do not receive a fair return for their investments in land and labor, she said.

At Greely Community Centre on April 30, delegates were welcomed to the meeting by the host branch, Greely-Manotick Station.

Board member Peggy Munro announced that the 90th anniversary provincial convention will be held in North Bay with dates tentatively set for July 8-10, 1986. Delegates were asked to indicate a choice of workshops.

Explaining the changes proposed to the sturcture of women's institutes, Munro stated that the idea of program co-ordinator did not mean that convenorships could not continue at branch level, but that they would be replaced by a program co-ordinator at higher levels. Members were asked to continue to donate funds to repair and preserve the home of Adelaide Hoodless, the founder of WI. Munro also asked members to encourage the use of the OMAF book "Helpful teaching resources for food systems and agriculture" in local schools.

Since Munro's term of office as board member is expiring, Jennie Craig presented a gift of a writing portfolio on behalf of Carleton East District.

Accepting cheques for Pennies for Friendship on behalf of the Associated Countrywomen of the World, vice-president Kay Johnston remarked that these funds were needed for administration and re-location of ACWW headquarters in London, England.

During the memorial service convened by Alice McKeown, Marion Hawkins sang "Oh love that will not let me be". A recollection of each deceased member and a flower in her memory was presented by her branch.

Election of officers, conducted by Peggy Munro, was as follows: president, Heather Bellinger, Vernon WI; past president, Jennie Craig, Gloucester Glen WI; first vice-president, Kay Johnston, Greely-Manotick Station WI; second vice-president, Laurie Curtis, Kars WI; and secretary-treasurer, Wined Candler, Leitrim WI.

Thanking her for her hard work, Wined Candler presented a gift of rose bushes to Jennie Craig.

"The Ambassadors", a group of children in Grades 7-8-9 at St. Mark's School near Manotick Station, gave an impressive and entertaining program. Mrs. Stowell, their music director, detailed the varied activities of the children. As well as singing, they entertain senior citizens, are involved in many worthwhile projects such as help for battered wives, the Red Cross, Unicef, water safety, babysitting courses, etc. Alexandra Simpson gave a humorous speech on "What it's like to be 13" and the children sang songs such as "Schooldays", "When I'm 64" and "Tomorrow". The Ambassadors also presented the ladies with buttons reading "Youth has a lot to give".

Thanking them on behalf of the ladies, Kay Johnston remarked that their activities showed that they were well named as ambassadors of citizens of tomorrow.

Reports of convenerships were given by Marion Hawkins, Jenny Dow and Peggy Scharf. Elma Sutherland, district PRO, spoke on publicity, pornography and radio active waste. The Tweedsmuir History report was read by Sadie Payne and Donna Cummings reported on the WI tearoom at the Winter Fair and Ottawa Valley Farm Show.

Wined Candler showed a sample of a Tweedsmuir History book cover and asked members who would like to order them to get in touch with Marjorie Wilson, district Tweedsmuir History curator at 489-3929.

Peggy Munro asked any members who wished to supply a night's lodging with breakfast to visitors from England in October to call her.

Anna Mussell of Kars WI extended an invitation to cross the Rideau to Kars for next year's district annual.

Golden Years rally June 18

by Eva Cinnamon

WINCHESTER — The monthly meeting of the Golden Years Society was held on Thurs., May 15, in the Lions Hall at 11am, with an attendance of 80, including three visitors.

The meeting opened with singing of "O Canada" played by Eva Cinnamon. The president welcomed everyone, mentioning especially those who had returned from the sunny south. We had three renewal memberships — Don and Emma Kelloway and Dorothy Jennings.

Two poems were read by the president entitled "A Thought for Every Day" and A Garden we can all Plant", very appropriate for this time of year.

Four birthdays were recorded, and one anniversary, a 63rd for Ken and Annie Carlyle.

Kay Beedie said that cards had been sent to four members in the hospital — Harold Merkley, Myrtle Derby, Rose Beeman and Evelyn Stewart.

Margaret Robinson, reporting for the church service committee stated that everything was arranged for the service in the Wesleyan Church on June 15. A sheet was distributed for those volunteering to sing in the choir at that service.

The president thanked Ian Reid for placing the pins on the memorial plaque.

After much discussion it was the decision of the meeting that we sell the unused sewing machine at a negotiable price. In a letter from the New Horizons Program they informed us they could place our carpet ball game, and would pick it up shortly.

Arthur Moorhouse reminded the members of the zone rally at Dixons Corners on Wed., June 18, where a pot luck dinner will be served at noon, each bringing his own cutlery. Transportation has been arranged for members who wish to attend.

The president thanked Willis Robinson for taking charge of the trip to Kemptville Tree Nursery and to Ottawa to view the tulips, also enjoying dinner at "Our Place" on Gladstone Ave.

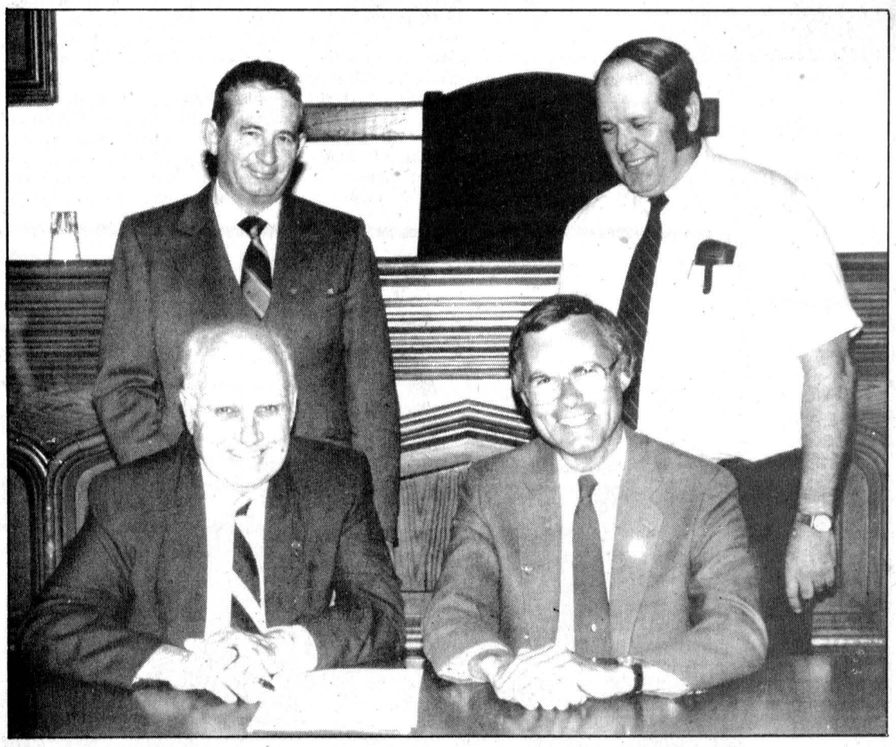
A paper was distributed among the members to sign up for a proposed Ottawa River Cruise around the end of June. The date will be announced at our regular June meeting, if there are a number of people interested.

Many favorable comments were made on the arrangement of flowers on the head table, which was placed there by Mary Simpson.

The president read a letter from the Lions Club giving in detail their numerous activities.

After grace was sung, lunch was served by Ron and Edna Trory and their assistants, after which our guest speaker, Wayne Burns, gave us an informative talk on the "dos and don'ts" of taking medication.

Conveners for the June luncheon will be Stanley and Bea Black.



Foster parent's week

United Counties warden Ralph MacKenzie of Finch has declared the week of May 18 to 24 Foster Parents Week in Stormont, Dundas and Glengarry. The annual banquet for the Foster Parents Association will be held May 23. From left, Tom Brien, executive director, Children's Aid Society; Warden Ralph MacKenzie; Cornwall Mayor Brian Lynch; Bill Freeland, president, Foster Parents Association of Stormont, Dundas and Glengarry.

TOWNSHIP OF WINCHESTER
FINANCIAL STATEMENT

For The Period Ending December 31st 1985

WARD MALLETTE CHARTERED ACCOUNTANTS

To the Members of Council, Inhabitants and Ratepayers of THE CORPORATION OF THE TOWNSHIP OF WINCHESTER

We have examined the consolidated balance sheet of THE CORPORATION OF THE TOWNSHIP OF WINCHESTER as at December 31, 1985 and the consolidated statement of operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of THE CORPORATION OF the TOWNSHIP OF WINCHESTER as at December 31, 1985 and the results of its operations for the year then ended in accordance with accounting principles prescribed for Ontario municipalities applied on a basis consistent with that of the preceding year.

Ward Mallette

President steps down

Betty Allen, retiring as president of the Dundas County chapter of the Heart and Stroke Foundation of Ontario, was honored at the chapter's annual meeting May 14. County co-ordinator Judy Baril, left, and Suzanne Lawson of the foundation's provincial office, presented her with a special corsage and plaque.

Betty Allen...

giving from her heart for 18 years

WINCHESTER — Betty Allen, a volunteer for the Heart and Stroke Foundation of Ontario for over 18 years, has retired as president of the foundation's Dundas chapter.

Allen, who became involved with the foundation when she was living in Kemptville in 1967, handed over the presidency to Alan Sharkey of Chesterville at the chapter's annual meeting Wed., May 14. Guests at the meeting included Suzanne Lawson, director of field services at the foundation's provincial office, Jeanette Scrimshaw, regional director for the Eastern Region and Judi Baril, Dundas County co-ordinator.

The chapter hopes to implement an eight-week program for former heart attack patients this fall. Plans for the Heart to Heart program began last spring with a survey of the county conducted through Winchester District Memorial Hospital, said organizer Kathy Flucke. The survey found that 29 people in the county had undergone heart surgery, in addition to 28 proven cases of heart attack, in the previous 12 months.

Members of the chapter later met with Karen Matte and Bob Lawson, organizers of the Brockville Heart to Heart program. A nurse, Matte set up the Brockville program two years ago.

A community-based program geared toward both heart patients and their families, Heart to Heart aims at helping them accomplish a smoother return to normal living after the traumatic experience of heart attack.

An eight-week project, Heart to Heart provides the opportunity for open discussion of a variety of subjects, from heart disease itself to diet and lifestyle modifications.

Dr. H.B. Prins had discussed the program with area doctors, Flucke said, and has been assured the doctors are willing to refer heart patients to the program.

Judi Baril applied to the foundation's head office in March to obtain funding and a start-up kit. Although the funding has not yet arrived, it has been approved, said Flucke. Organizers hope to register participants in September, and begin the eight-week program in October.

Also at last Wednesday's meeting, regional director Jeanette Scrimshaw reported the foundation is well over its regional fundraising goal for this year. Money raised in the Eastern Region, which stretches from Port Hope to the Quebec border (excluding Ottawa-Carleton) is expected to exceed $500,000.

Raising a total of $17,548.15, the Dundas Chapter has collected an estimated $2.40 for every person living in the county, Scrimshaw added. Campaign chairperson Ivy Coleman reported $14,941.05 was raised in the 1986 residential canvass, along with $1,501.10 in special donations, $950 through Roses for Research and $356 in the business canvass.

Money raised by the Heart and Stroke Foundation of Ontario is used essentially for research and education. The foundation is a voluntary organization whose policies are set by a provincial board and implemented by area chapters.

Muriel Etta Whitteker

Funeral services were held Tues., May 13 for Muriel Etta Whitteker of Morrisburg. Mrs. Whitteker died Sat., May 10 at Winchester District Memorial Hospital after a lengthy illness. She was 72.

Mrs. Whitteker was born July 16, 1913 in Morrisburg, a daughter of Harry Stanton Weegar and Etta Eleanora Bradley. She married Ward Jason Whitteker, who survives, at St. James Anglican Church July 19, 1956.

Mrs. Whitteker is survived by William S. Weegar, George Andrew Weegar, Clara A. Brighton, Marjorie W. Leslie and several nieces and nephews. She was predeceased by brothers Barney, Colborne and Charles.

Mrs. Whitteker, a graduate of Morrisburg Collegiate Institute, was secretary for the Morrisburg OPP for 17 years. She was a member of St. James Anglican Church.

Funeral services were conducted by Rev. David Crawley at Fairbairn Funeral Home at 2pm Tues., May 13. Interment was at Mount Pleasant Cemebery, Morrisburg.

Pallbearers were Harry Boyd, Roy Guse, Bill Renshaw, Frank Albert, Fred Langlotz, Harold Theriault, all member of the Morrisburg OPP detachment.

Bridal shower for Karen Rae

WINCHESTER — On May 10 Karen Rae of Winchester was honored at a miscellaneous bridal shower given by her friends in the community.

Miss Rae was presented with a bride's book designed by Mrs. Herb Allen and many beautiful and useful gifts.

Miss Rae thanked her guests and hostesses, Betty Guy and Ethel Mussell.

Prior to this Miss Rae was honored at a miscellaneous shower given by Mrs. Margaret Casselman and Mrs. Neil Williams.

DJ adds videos to full platter

Williamsburg music man includes visuals to keep in tune with the times

WILLIAMSBURG — The year was 1978. Dance floor tiles flashed with color as dancers mimicked the acrobatic moves of John Travolta to the music of the Bee Gees and the theme of the movie "Saturday Night Live". The disco era was thriving.

Disco music is dead now, music experts will agree, but the remnants of its popularity still remain; dance floors flash, colored floodlights blink on and off, and those silver balls hanging above the dance floor that gives the lights a spinning appearance are still operative, even though they only get used for special occasions like New Year's Eve.

And in Williamsburg's Pioneer Hotel lounge, the face behind the glass, the man who makes the music, remains unchanged.

At 29, Williamsburg's David Jodoin has been the Pioneer's music man for more than eight years, through the disco days and punk rock to the new age of rock videos.

"I originally began working for Danny (hotel owner Dan McGann) helping put in the dance floor and building the booth for the music system," recalls Jodoin. "The DJ from the company installing the system worked for two weeks and then there was no one to take over the job, so here I am."

"I was pretty stumbly at first," he admits. "My mixing and blending was terrible. I can remember seeing the needle on the turntable jump more than once."

In his first years in the control room, the lounge was full almost every night music was available — Wednesday through Saturday. Now he is technically on the job Thursday to Saturday although preparation time consumes a much larger portion of his time. He estimates he spends approximately 30-40 hours per week finding new music, blending, mixing, and organizing his titles.

The rising popularity of rock videos and the installation of two video screens in the lounge has increased his workload and has changed his work again. He doesn't mind.

"I think the videos make the music more exciting," says Jodoin. Since the Pioneer began showing videos in December, they have increased their collection to include more than 650 videos. Jodoin spends a good deal of his time blending and mixing these into packages which he can use.

Jodoin has done a little bit of disc jockeying in Ottawa, but he prefers his small booth in a rural hotel lounge. His trips to city bars are limited to occasions when he can check out a new system or talk to another DJ to pick up ideas.

"It's nice to have clientele that you know," explains Jodoin, about his liking for his current occupation. "I like what I have here."

Having a regular clientele also means catering to a wide selection of musical preferences. Country and western music is quite popular for a large segment of the lounge's patrons. Saturday nights see increased air time for upbeat country and western music.

"It depends upon who's here," Jodoin remarks. "I play it all. I can't please everyone all the time, but I like to try."

"Playing it all includes disco and punk rock, two areas which make Jodoin cringe a little bit. He admits he has had some disputes over what music he should be playing.

Jodoin's roots would appear to be carved in rock 'n roll. He's been playing drums since he was nine-years-old and he's performed with bands from Kingston to Ottawa, but he finds the commitment too overwhelming.

"I can recall playing 27 straight one-night stands. There were no roadies. You had to set up and pack up every night. The travelling was very tough."

Now he "picks his spots", filling in as a drummer when a local band might need him. He regularly pops up on stage at the Pioneer on Thursday nights for a few songs as a guest drummer.

"There's no doubt that playing records has helped me musically," he says. "Because I've listened and studied so much music, I can play the drums for any song just by listening to it a couple of times."

Currently Jodoin's control booth at the Pioneer is undergoing renovations as part of a refinishing program in the lounge, Records are stacked in cardboard boxes and milk crates everywhere. Still more discs are filed away at home. He estimates his record collection at "somewhere between 1,000 and 2,000", indicating he really isn't certain how many records he has accumulated through the years.

Standing in his booth (there is no chair). Jodoin seems quite content. Posters adorn the wall and a few small lights provide enough illumination to get him from song to song. There are no frills and Jodoin likes it that way.

"It's a sharp contrast from the music centres in some of Ottawa's downtown bars. There, the control rooms are often glass-enclosed and strategically decorated to be eye-catching. DJ participation through use of the microphone is encouraged.

In the Pioneer, the glass which separates Jodoin from the dance floor is tinted and the lights are low, as if he is trying his best not to be seen.

"I just like to see people have a good time. I don't need to be part of the show," he says. "People here come and tell you what kind of job you are doing."

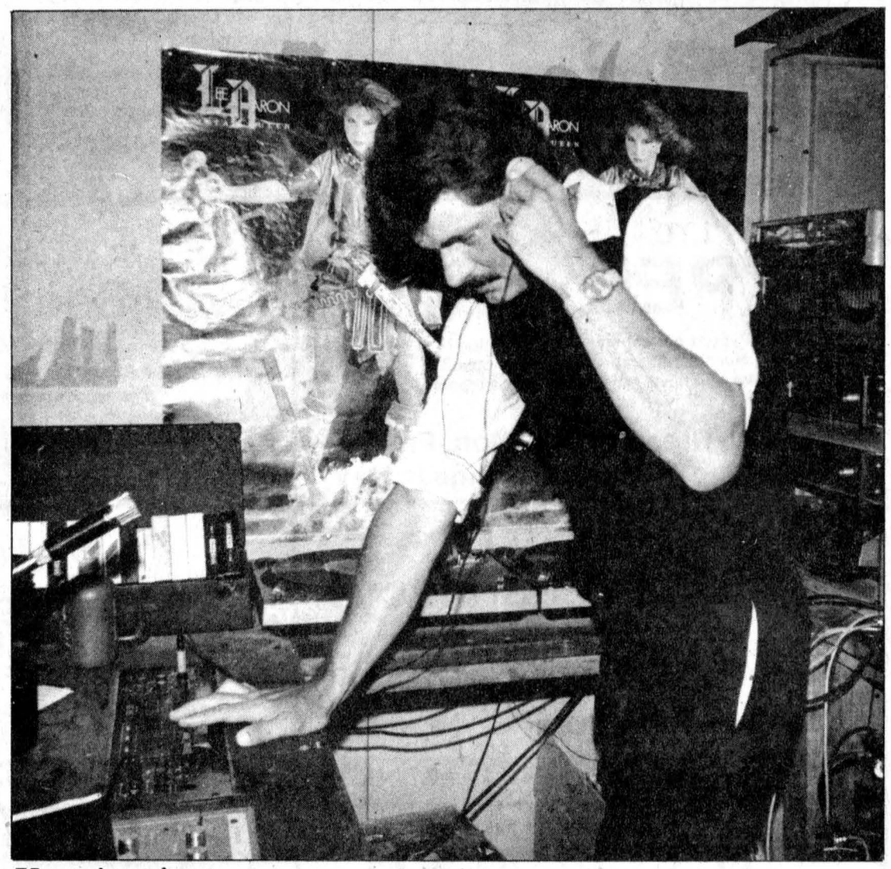
Jodoin admits there have been busier days for him, in terms of actual clientele. The hotel lounge is very seldom filled on weekends as it once was. Even attendance for live performances on Thursday nights has decreased.

"Sometimes it's a bit depressing to play to 10 or 15 people, but I just do my best to keep them happy," says Jodoin. He is hopeful the addition of videos and the interior renovations will help fill the lounge again.

Jodoin claims the lounge used to have a large following from Brockville and Cornwall and he believes tougher enforcement of drinking and driving laws has kept more people at home. He also feels that many of the area's younger patrons do not know what the lounge has to offer.

"I've seen a lot of people come in the door, look around and leave because there weren't very many people in here," he says. "But if all those people stayed we'd have good crowds."

Everything is changing around Jodoin — the music, the environment, the clientele, the technology. Yet he remains unchanged. He loves music and he loves to play it for people. It's that simple.



Keeping in tune

The Pioneer Hotel's music man, David Jodoin, continues to keep records spinning after more than eight years in his hometown lounge. With two video screens, Jodoin hopes to keep his small town in tune with the times. Press Photo—McIntosh

Guides add beauty to Care Centre

Work will soon be under way on the landscaping program at Township of Osgoode Care Centre. Metcalfe Girl Guides took advantage of ideal weather on May 10 to add a touch of beauty before the sod-layers arrived. Leader Erin Meek supervised the project, with help from husband Jeff, as the girls planted two trees and a colorful array of bordering flowers. In accompanying photo one tiny gardener displays sheer concentration as she follows Mrs. Meek's instructions. Photo—Rowan

YOU COULD GET $50 AND A NICE, WARM FEELING TOO.
WE'LL GIVE YOU $50 TO STOP LOSING MONEY TO YOUR OIL FURNACE.
If you heat your home with oil or electricity, your furnace is a thief, robbing you of up to hundreds of dollars every year. Hundreds of dollars you could be saving if you were heating with economical Natural Gas.
A Natural Gas heating system saves you money. And ICG Utilities gives you money!
ICG Utilities will give you $50 if you make arrangements between March 1, 1986 and May 31, 1986 to convert to economical Natural Gas. That's $50 in your pocket, if your conversion is completed before December 31, 1986.
LAST CHANCE. NO PAYMENTS FOR ONE YEAR.
Up until May 31, 1986, ICG Utilities also offers financing with deferred interest charges. There are no payments for one full year.
This is your last chance to take advantage of this offer. So sign up now, and get a $50 reward and deferred finance payments for one year.
MORE SAVINGS WHEN YOU CONVERT TO OUR ECONOMICAL NATURAL GAS WATER HEATER. SIGN UP BEFORE MAY 31, AND MAKE NO PAYMENTS FOR ONE YEAR.
Heating hot water with Natural Gas is another economically good idea. Natural Gas is less expensive than electricity and heats a full tank 40% faster!
If you are heating water with electricity and would like to switch to the savings of Natural Gas, now is the time. Call ICG Utilities to install a brand new Natural Gas water heater before May 31, 1986, and you make absolutely no rental payments for one full year.
You never have to buy your Natural Gas water heater and maintenance is free for the rental period. So call for installation before May 31, for a year of rent-free savings.
CALL YOUR PLUMBING AND HEATING CONTRACTOR NOW, OR OUR 24-HOUR TOLL-FREE NUMBER. 1-800-268-1121.

Record breaker

St. Lawrence High School's Dale Tuck, left, put on an amazing show at Tagwi High School Wednesday. The long distance specialist set three SD&G records winning the 800m, the 1,500m and 3,000m runs. North Dundas' Grant Groves, right, finished third behind Tuck and St. Lawrence's Dane Gustin in the 800m. Tuck won in 1:57:50 (a new record), Gustin clocked 2:09:45 and Groves 2:19:51. Press Photo—Van Bridger

Sports '86

MacDonald, Groves strike gold

AVONMORE — Seniors Shelley MacDonald and Grant Groves struck gold here at last Wednesday's SD&G tri-county high school track and field championships.

MacDonald turned her first attempt in the Senior girls triple jump into a new SD&G record of 10.40m.

Groves won his first event, the gruelling 2,000m steeple chase, in a time of 6:56.59, finishing well ahead of Glengarry District High's Michel Seguin, who stopped the watches in 7:05.34.

Those two 10-point performances helped North Dundas District High School establish a sixth place (overall) total of 197 points. In the field of five "AA" ranked schools in the tri-counties, North Dundas was fourth. La Citadelle was tops with 677.5 points, Glengarry District High was second at 398, CCVS of Cornwall third with 274, NDDHS fourth with 197 and General Vanier fifth with 124 points.

In "A" ranked schools St. Lawrence High, paced by Dale Tuck's three record setting performances, was number one with 405 points. Seaway District of Iroquois was number two (fourth overall) with 276, host Tagwi third with 177 (seventh overall), Char-Lan fourth with 130, St. Joseph's fifth with 96.5 and Rothwell Osnabruck sixth with 67 points.

In all, 13 new records were set, including Russell, Ont. Shelley MacDonald's Senior girls triple jump mark of 10.40m.

Dale Tuck of St. Lawrence set three of nine new boys' standards, running away with the 800m, 1,500m and 3,000m races.

In total North Dundas had 25 qualifying times and distances and will send representatives in those events to Thursday's (May 22) EOSSA competition in Carleton Place.

The top four finishers in each event qualifies for Thursday's EOSSA meet.

Shelley MacDonald led the North Dundas Senior girls with her record in the triple jump. She also finished second with a 1.43m jump in the high jump and was sixth in what she described as a big strong field in the shot put. Her best put was 7.45m while the gold medal effort was a 9.56m distance.

Runner Norine Milne of Mountain Township enjoyed a productive day qualifying in three events. She was second in the hurdles in 19.36 (first time was 16.35 seconds). Milne was third in the 100m, clocking a 14.20 (first was 13.72 seconds) and fourth in the 200m, finishing in 30 seconds (first place was a 28.11).

North Dundas' Senior girls relay team (400m) was third in 56.9, just off the winning time of 54.8 seconds.

Grant Groves of Morewood won the 2,000m steeple chase in 6:56.59 and was third in the 800m in 2:19.51, well back of Dale Tuck's record of 1:57.50. A back injury scratched Groves from the 1,500m and 3,000m events.

Tom Savary of Morewood qualified fourth in the 400m in 55.3 seconds. The red ribbon time was 53.6 seconds.

JUNIOR RESULTS

Five girls from NDDHS' Junior team and three boys along with the Junior 400m relay team have qualified for Thursday's EOSSA meet.

The 400m relay squad qualified fourth in 48.36.

Tara Berry of Winchester led the girls with a second-place finish in the hurdles. Her time of 15.58 was slightly off the winning time of 15.27.

Russell's Rose Rombough hit the fourth-place qualification standard in two events and finished third in the high jump with a mark of 1.46m, 1.58 won the event.

Rombough finished fourth in the long jump (4.58m, first was 5.57 by St. Lawrence's Marilyn Grant) and fourth in the triple jump (9.59m) also won by Marilyn Grant.

Brigit Sindram was fourth (7.94m) in the shot put.

Linda Hamelin of Russell qualified fourth in the 1,500m, clocking 5:52.54. Seaway's Debbie Cooper won it in 5:24.45.

Morewood's Kerry Lynn Thompson qualified in the 100m, finishing fourth in 13.38 seconds. The winning time was 13.22. Thompson also grabbed a bronze in the 200m, posting a third place time of 28.18.

Sherrie MacDonald of Russell completed in the shot put and high jump and earned fifth-place points for her school.

Jenny Ganter was fifth in the long jump and triple jump and the 400m relay team was also fifth in 57.1 seconds.

Doug Peters had the Junior boys top placing with a third in the 3,000m. His time of 10:42.99 was just off the winning standard of 10:31.21.

Sam Gibson of York Street, Winchester, qualified fourth in both the long jump (5.75m, third was 5.76m and the winner registered a 5.96m) and triple jump (11.63m). Gibson says he will concentrate on the long jump at EOSSA.

MIDGET RESULTS

Two girls and four boys will carry NDDHS' colors to EOSSA in the Midget division.

Corinne McDermott was third in the high jump with a mark of 1.32m. The winner posted a 1.43m jump.

Caroline Mulder was third in the 800m in 2:46.40, three seconds off the winning pace. She was also fourth in the 400m in a time of 68.2 seconds.

Sharon Empey was sixth in the 3,000m, Connie Armstrong sixth in the shot put, Cindy Cholowski fifth in the long jump, Michelle Helmer sixth in the triple jump and the girls relay (400m) team sixth in 58.1 seconds.

Ian Ford qualified second in the Midget boys 100m, clocking 12.3 seconds. GDHS' Mike Duval won in 12.2 seconds.

David Stephens was also a solid second in the javelin with a throw of 42.28m. The winner recorded a mark of 42.86m.

Team-mate Faris Cornell was sixth in the 200m in 26.21.

Chuck VanWinden qualified fourth in both the shot put (12.59m) and the javelin in 36.35m.

Jays split games

WINCHESTER — Winchester Ault Foods Blue Jays split their two Interprovincial Junior Fastball League games last week, downing the Smiths Falls Redmen 4-3 here at home last Tuesday and losing 3-1 to Glen White Sports (Ottawa R.A.) in Ottawa last Thursday.

The split put Winchester's record at two wins, two losses and a tie. This week they travel to Stittsville and Smiths Falls before taking part in the South Mountain Fastball Tournament this coming weekend, May 23, 24, 25. Tonight (Wed., May 21) the Jays are in Stittsville and tomorrow (Thurs., May 22) they will take on the Redmen in Smiths Falls.

Terry Carkner, recently returned from New York and the NHL Rangers' headquarters, dressed for Tuesday's win against Smiths Falls and warmed up, but didn't play. He took to the mound in Ottawa Thursday and dropped that 3-1 decision to the R.A.

Carkner threw a solid game in Ottawa, facing just 25 men. He retired 12 in a row (second through fifth innings), but was tapped for a run in the first frame and two in the sixth. He worked with catcher Mike Veltkamp and gave up three runs on three hits. He didn't walk a man and fanned eight.

P. Brisson doubled and scored on a J. Cepine sacrifice in the first inning. Brisson singled with two out in the sixth. Cepine doubled him home and made it 3-0 on Kurt Kritsch's base hit.

Winchester finally broke Tom Burchill's shutout in the top of the seventh. Eric Mussell led off with a single. Bobby Jack Hart singled and Steve Norton came up with a third single, but Hart was erased trying to score behind Eric Mussell, who had made it 3-1 on the Norton hit. Terry Carkner doubled to move Norton to third with two out. But Burchill fanned Derek Hyndman to end the threat and the game.

Burchill got the win. He allowed a run on six hits. He didn't walk anyone and struck out five.

Eric Mussell had two hits for the Jays. Bobby Jack Hart, Steve Norton, Terry Carkner and Ron Sloan had the others.

4-3 WIN OVER SMITHS FALLS

Here at home last Tuesday Rick Boyd drove in a run, scored another, enroute to a 4-3 win over Smiths Falls Redmen.

Boyd also combined with Mike Veltkamp for the victory, allowing three runs on four hits. He walked four, struck out eight and had eight errors commited by his defence.

Rob Dopson and Mike Pankow scored on a walk, an error and Mike Well's first inning double to get the Redmen on top 2-0.

Winchester stormed back in the second and took a 3-2 lead on four base hits. Chris Guy singled with two out to get things started. Brent Carkner followed with a single. Rick Boyd drove in Guy with a base hit. Doug MacEachern drove in Carkner with a single. Pete Holmes then grounded to shortstop, scoring Rick Boyd, putting the Jays up 3-2.

Brent Carkner doubled and scored on a misplayed drive by MacEachern to make it 4-2 Jays after four.

Smiths Falls' final run (4-3) came in the fifth when Shawn Johnston reached on an error and scored on Rob Campbell's sacrifice fly.

Brent Carkner led the Jays with two hits and two runs scored. Mike Cavan, Steve Norton, Chris Guy, Rick Boyd and Doug MacEachern each had one hit.

Jays next home game is slated for Tues., May 27 at 8:30pm.

Bird birdies way to golf title

BOUCKS HILL — What's in a name anyway? Ask Dave Bird, golfer, Cedar Glen Golf Club.

Bird appeared to be an abbreviation for "birdie" here Saturday as the Chesterville man captured top prize in the annual Dr. Locke tournament with a convincing seven-stroke victory over defending champion Rick Barkley and a three-shot bulge over "B" class winner, Bill Mullin.

Bird watched his first putt of the day drop for a three on the par four, first hole and then added two more "birdies" on the back nine to take the championship with a one-over-par 71.

A model of consistency all day, Bird held the lead or a portion of it for 15 holes of the 18-hole event. He trailed as late as the twelfth tee, but rattled off four pars and two birdies over the final seven holes while his competitors faltered. Going into the final hole, Bird carried a commanding three-stroke advantage.

Mullin fought his way into contention on the back nine with a birdie at 11 while Bird was making bogey. The two-stroke turnaround gave Mullin a short lived one-shot advantage. Mullin fell back into a tie with a bogey at 12 and then fell two shots behind with a bogey at 14 while Bird was knocking another stroke off par.

Defending champion Barkley completed the front tour in 37, one shot off the pace, but then sandwiched six bogeys around at birdie at 12 to fade from contention. Barkley finished with a 78 and took home a prize for second low gross in "A" flight. Don McMillan and Gary McMillan won net prizes in "A".

Mullin led all the way to win the "B" class title. Still even with par after six holes, Mullin edged from the pack on the back nine, finishing at 74, four shots ahead of low net winner Brad Mayhew. Bob Harper took second gross with an 80 while Bert McIntosh walked away with the second low net prize.

Randy Leclair overcame a two-shot deficit and then withstood a late charge from front nine leader Bob Youmelle to claim the "C" title. Youmelle was cruising along with a two-shot lead until disaster struck at 14. When the dust had settled, Youmelle found himself three strokes behind. A late recovery brought him to the clubhouse with a 89, three off the pace.

Mitch Hutt and Peter Van Kessel received prizes for low net scores in "C".

George Hillis pulled away from Claire McIntosh on the back nine to accept the "D" division hardware.

Flyers keep pace with Pacers

WINCHESTER — Pat Kelly and Mike Sargent each earned four points, helping Paul's Pacers to a 9-5 Winchester Ball Hockey League victory over the Red Wings here last Tuesday.

In the evening's opening contest the Fryer Truck Flyers stayed even with the Pacers, downing Gowdy's Rowdies 4-1. The Pacers and Flyers lead the league with five points in three games. Rowdies trail with two and the Red Wings are looking for their first point.

Mike Sargent scored twice in the first period and Pat Kelly snapped in the first of his pair with seven seconds on the clock to give the Pacers a 3-1 lead after a period. Kelly, Paul Helmer, who buried a shot up under the crossbar and John Sharkey upped it to a 6-3 lead after two periods.

Ken Rose, Jeff Thompson and Tom Plante all clicked in period three to make it a 9-5 final.

Mike Sargent and Pat Kelly each had two goals and two assists. Ken Rose hit for a goal and one helper while Jeff Thompson, Paul Helmer, Tom Plante and John Sharkey scored single goals.

Red Wings' captain Dean McIntosh and Gary Beisheim each potted a pair of goals

FLYERS WIN 4-1

The Fryer Truck Flyers improved their mark to two wins and a tie with their 4-1 victory over Gowdy's Rowdies.

Steve Watkins had his hopes for a shutout dashed by Rowdies' Mark Beisheim when he scored from Dean Hansma at 12:16 of period one. But his team came through with two second period and two third period goals to win the game 4-1 for him.

Lonnie McIntosh tied it up, scoring from James Milne at 3:51 of period two and then Mike Holmes won it, hitting on a relay from Bourk Boyd at 3:13.

Boyd's unassisted goal at 13:31 of period three made it 3-1 and then Rene Boulanger sealed it (4-1) swatting in a Mark Guy rebound with 2:09 remaining in the game.

Bantams enter Little League

WINCHESTER — The Enercombustion Bantams played their first baseball game here last Tuesday night and came up with an impressive 13-0 six-inning victory over Morrisburg.

It was Winchester's first game in the South Dundas Little League and when the regular season opens up next week they will be competing against Morrisburg, Riverside Heights and Williamsburg. Because it is their first year in the sport, Winchester has been afforded the luxury of four overaged players. J.D. VanNoy, Chris Rodney, Ben Henry and Mike Fawcett. Fawcett and Henry shared the pitching duties with Chad Benoit, all making their first attempt at firing the baseball from an overhand windup.

Benoit, Henry and Fawcett combined to hold Morrisburg to one hit in last Tuesday's exhibition game. They shared eight walks and combined for nine strikeouts.

Home games are slated for the Winchester Community Park each Tuesday at 6:30pm.

ShoneRoy still atop standings

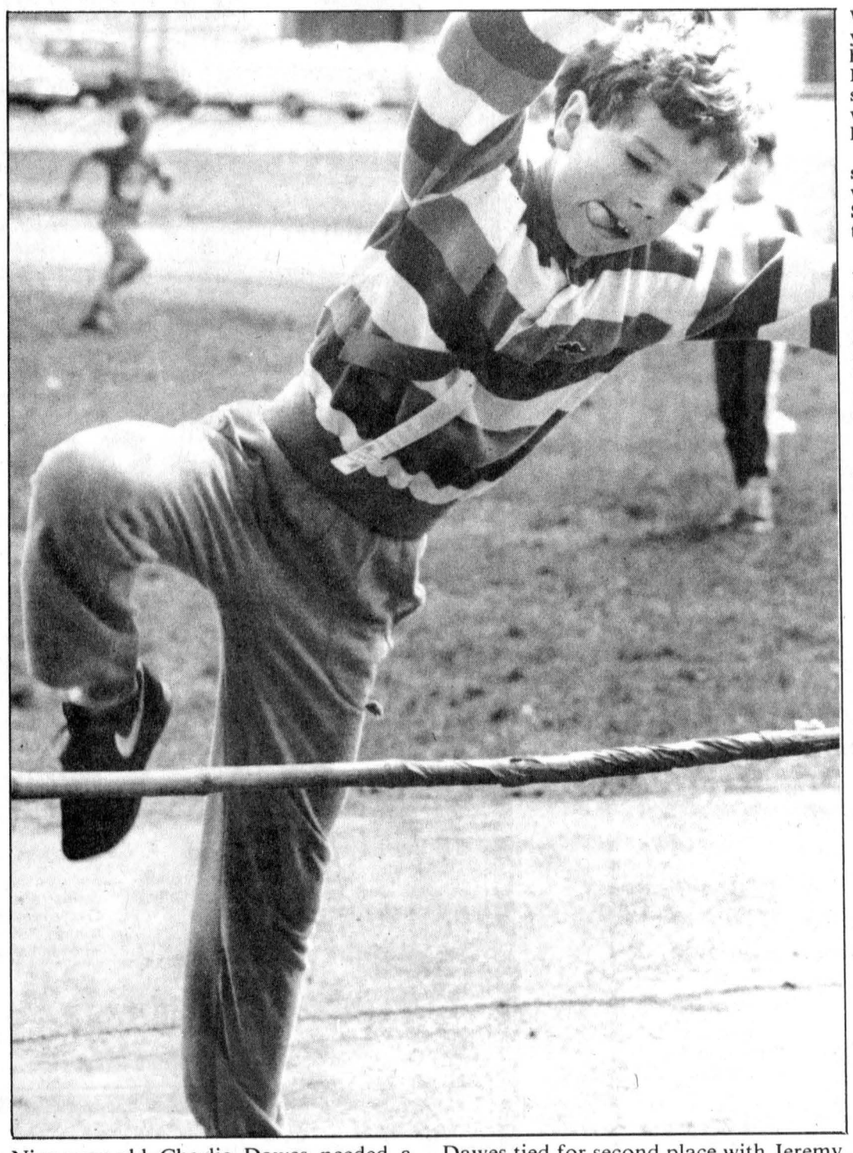
WINCHESTER — Defending champion ShoneRoy Farms remain on top of Winchester Lob Ball League standings, posting a 15-7 decision over the Backes Sunoco-Drewery Pontiac Blue Jays here last Wednesday.

The victory kept the champs a point up on the red hot Country-Boy Astros, who downed Stage West 15-9 in last Thursday night's game.

In last Wednesday's other contest St. Pierre's Fencers made it two wins in a row, edging winless Top Valu-Hansma 7-4.

Thursday night undefeated CountryBoy took a 3-1 first-inning lead on Terry Buske's two-out homerun and went up 8-1 in the second thanks in part to Tom Kirkwood's two-run shot. They added four in the sixth enroute to a 15-9 win over Stage West.

Andrea Lannin undefeated at WPS track meet



Nine-year-old Charlie Dawes needed a big effort to pass his high jump exam here in last Thursday's Winchester Public School track and field meet. Dawes tied for second place with Jeremy Rutley and Andrew Holmes, while classmate Barry Bell grabbed the red ribbon. Press Photo—Van Bridger

WINCHESTER — Several bright young track and field stars shone here last Thursday as Winchester Public School ran its annual school meet to determine who will represent them at the county level on June 3 in Iroquois.

Nine-year-old Andrea Lannin stole the show in her division, winning all six events. Carrie Swerdfeger ran a close second in the 50m, 100m and high jump.

Barry Bell was top gold medal winner in his nine-year-old boys division, taking the red ribbon in the 200m, high jump and long jump. Jeremy Rutley finished first in the 50m and 100m and claimed four seconds to qualify for the WPS team. Brent Barkley won the softball throw.

The 10-year-old section was dominated by Tim Scott who won everything but the softball throw, which was won by Perry Thompson. Thompson finished second to Scott four times while Jason Sloan took another silver in the high jump.

Stacey Churchill struck gold in the 10-year-old girls 50m, 100m, 200m and long jump and tied with Michelle Casselman for top spot in the high jump and was second to Linnea Pearson in the softball throw.

Margret Link owned the red ribbons in the 11-year-old girls competitions, winning all six of them. Lisa Campbell was second in the 50m, 100m and 200m, while Darlene Harper, Catie Clapp and Krista Rowe provided the competition in the other events.

Trevor Barkley reeled off four firsts in the 11-year-old boys section, winning the 50m, 100m, 200m and long jump. Troy McNaughton was second five times while Jimmy Baird won the softball throw and Erin Berry tied with Troy McNaughton for best high jump mark.

Danny Adams and Tina Proulx were the leaders in the 12-year-old bracket, each winning five events.

Proulx was first in the 50m, 100m, 200m, high jump and long jump. She finished second to tracey Holliday in the softball throw while Holliday was second to Proulx in all of the other events.

Adams nipped Jason Ouellette in the 50m, 100m, 200m and long jump. He also won the softball throw for five red ribbons. Jason Pollock spoiled Adams' string, winning the high jump. Darrell Bloom picked up second-place ribbons in the high jump (tying with Ouellette) and the softball throw.

Frankly speaking

by Frank Morgan

A REAL TREAT FOR ALL MUSIC LOVERS

If you are a lover of good music reserve the date of Wed., May 28, and that's next week, we have a real treat for you. It's hard to believe, but it is 20 years since the senior band at North Dundas was organized and director Norm St. Louis who has been the leader and main force behind this great group for most of its existance has planned a big reunion. All the old members have been invited back and they will get together at a wine and cheese reception before performing for the public in the arena and you are invited to attend the performance. Six bands and over 300 musicians will take part. The North Dundas Band has produced many good musicians over the years and Norm has always had a top notch program so don't miss this one. Date again, next Wednesday evening. For tickets contact a member of the band or phone the school. There may be a few available at the gate, if we have the space.

MIXED PARTY AND WEDDING THIS WEEKEND

We are planning the first of many big dances for the ice surface this summer and we start things off with a mixed party in honor of Lynn Smith and Todd Kirkwood this Friday night. Friends and neighbors are asked to drop in and join in honoring the young couple before their upcoming marriage. Age of majority is a must and music for dancing will be provided from 9pm until 1am. A large crowd is expected so come early. On Saturday night we will host wedding guests and friends of Karen Rae and Doug Froats at a dance in the upstairs hall following their marriage. If the wedding is as large as the mixed party, we will have another packed hall for this one. Congratulations Doug, take good care of one of my little girls.

JUNIOR FARMERS MAKE THE PARK A MORE ATTRACTIVE PLACE

We had an arena full last Saturday when the Dundas Junior Farmers held their annual Ball Hockey tournament and dance. As usual it was a smashing success and we all were the winners. Over the years the young farmers have contributed greatly to our recreation programs and the little fenced-in area with the flag poles that has the two attractive shrub beds is one of their many projects. A final figure has not been compiled as yet, but it is my understanding that profits will be made available to further improve the park with additional trees and shrubs. A big thanks again to this fine young group who combine a big fun day into a worthwhile benefit for the entire community.

IN SEARCH OF MEMORABILIA

We are attempting to find memorabilia for a book that is being compiled as part of our centennial celebrations and I will be involved with the part pertaining to recreational history. We would appreciate any memories you may have about our early days. You might have an old scrap book or some old family pictures depicting our early sports accomplishments. We realize that any such material is irreplaceable and we promise to photostat any materials and record information so that its value is protected. Any help you may offer will be greatly appreciated, so if you have something please contact me at 774-2006 or in the evenings at 774-2502. Thanks.

92 enter Cedar Glen mixed two-ball

BOUCKS HILL — The growth in popularity of mixed sporting events has been clearly evident in the past few years. Sunday night Cedar Glen Golf Club continued the trend with an all-time record crowd for a mixed two-ball.

Ninety-two golfers participated in the first mixed two-ball of 1986, cracking the former attendance record by more than 10. Club officials estimate their largest crowd previous to Sunday at 80 golfers.

In a mixed two-ball event, teams comprised of one man and one woman play the course, hitting the ball alternately. Although the emphasis is purely upon fun, some tandems do come up with some brilliant scores.

Winchester's Gary and Eunice Munro showed the way Sunday with a combined 42, one shot ahead of Gary and Dana McMillan. Randy Leclair and Carole Droppo teamed up for a 46 to finish four shots behind while Allen McNairn and Lisa Schell toured the course in 48.

The popularity of the two-ball events has grown consistently over the years. In the club's formative years in the late 1970's, the maximum number of players for a two-ball was 30. In those days the tournaments were held on Saturday evenings. A few years ago the club changed to a Sunday evening format, and, combined with an increasingly active membership, the popularity has skyrocketed. The course is full of golfers from every age group, an indication that the fun element is very much alive.

The majority of the prizes given out Sunday night went for hidden scores or hidden holes. Wally Vandekemp and Dianne Van Moorsel took home the hidden score prize while hidden hole awards went to Brian Keller and Kim Ball (nine on number eight), Doug and Debbie Blaine (13 on number seven), and Rick Morrow and Tracey McIntosh (five on number two). Arnold and Stella Haystead were the evening's most honest couple.

The club's next mixed two-ball is slated for Sun., June 1.

The Cedar Glen ladies membership opened their 1986 season with the inaugural Ladies' Night last Wednesday evening. Eighty ladies took advantage of some beautiful May weather to tour the links.

Janet Hillis topped the field with a 45 to take "B" class honors while Glenna MacIntosh captured the net prize. Sheila Crowder and Eunice Munro headed the winners in "A" flight.

Estella MacGregor fired a 49 to win top prize in "C" division while Joyce Armstrong finished with 50 for a victory in "D" division. Net prize winners in "C" and "D", respectively, were Sjenny Lightfoot and Myrtle Freeland.

The most honest golfer title went to Kelly Stanizak. Darlene Simms recorded the hidden hole score.

The ladies take to the course tonight (Wednesday) for another Ladies' Night.

Don McMillan carded an even par 35 to take first prize in "A" class Thursday evening at men's night. Dean McIntosh finished second to McMillan with a 37. Net prizes in "A" went to Dave Bird and Gary McMillan.

Lloyd Guy eked out a one-shot victory over Barry Casselman in "B" with a score of 38. Bob Harper and Dale Beckstead finished with the lowest net scores in the "B" field.

Glen Vasey emerged from a hotly contested "C" flight race to win with a 43. Peter Derooy kept pace with a 43 of his own, but Vasey claimed the win by virtue of the back holes tie-breaking method. Doug Blaine and Ran Wylie were the low net men in "C".

In "D" class, Harry Brownell's 49 was good enough to edge past Claire McIntosh by one stroke. Wally Vandekemp and Brian Williams rounded out the evening's list of prize winners. Rick Barkley authored the night's longest drive while Randy Leclair took the closest to the pin contest.

The men see action again Thursday. Tee off is slated for 4pm.

Junior golf is alive and well at Cedar Glen.

Under the supervision of Cedar Glen's Lyle Schell, the juniors had their first Monday night assembly last week with 18 youngsters taking to the course.

David Casselman led the boys with a 43 while Leslie Waddell captured the girls' low gross title. Paul Brown took home the hidden hole prize and Jennifer Topping was named the evening's most honest golfer.

The juniors play every Monday night through the golfing season.

Upcoming on Cedar Glen's busy 1986 schedule is the first round of the men's annual 4-club tournament at Cedar Glen this Sat., May 24. The annual Cliff and Agnes tournament is scheduled for Sat., June 14.

Rain washes out fastball

WINCHESTER — Rain washed out both the Winchester Town Fastball League and Winchester Lob Ball League doubleheaders here Monday night.

In both cases the circuits will replay the games as four pointers at a later date.

Sunday night's fastball doubleheader produced a 3-0 victory for the FBM Cementmen, who blanked Berwick's Brownlee Sports for their first win in five tries. The two points gained in this win moved FBM to within a point of fourth-place Chesterville Hotel.

Chesterville and the Toyes Hill Dynes battled to a 6-6 draw in Sunday's other encounter.

Last Wednesday evening Chesterville held on for a 2-2 tie with Williamsburg Oldtimers. Jim Morrell hurled for the 'Burg as his team came back from 2-0 and 2-1 deficits to tie the game. Chesterville's Stan Woods started and got reflief from Steve "Slick" Stewart. Chesterville put Graham Ball, leadoff triple, at third base in the seventh, but couldn't score him to break the tie.

In Wednesday's nightcap Toyes Hill "Dyne-omited" FBM Cementmen 14-0 in a laugher.

Toyes Hill and Williamsburg remained tied atop the standings with seven points in five games. Berwick was five points in five games, Chesterville four in five tries and FBM three in as many starts.

Ladies Fastball League gets underway this week

WINCHESTER — The umpires gave the signal to play ball here Tuesday night (May 20) as the Winchester Ladies Fastball League officially opened its 1986 season.

Tuesday's game featured a contest between Apple Auto Glass and the Drewery Pontiac Darlings.

Game two, set for Thurs., May 22, will pitt Erwin-Wagner against Aqua Fun Pools.

Play will continue through the remainder of May, June, July and the first week of August before the playoffs get under way. Games will be played each Tuesday and Thursday.

Flichel earns varsity letter

BOWLING GREEN — Todd Flichel of Osgoode earned his third varsity letter as a member of the 1985-86 Bowling Green State University hockey team.

Flichel, a junior defenceman and team tri-captain, scored three goals and added 10 assists for 13 points in 42 games for the Falcons. He also scored a last-minute game-winning goal in BG's season-opening 4-3 win over Ferris State, Oct. 11.

Playing with just one senior and five juniors, Bowling Green finished the 1985-86 season with a 28-14 overall record. BG tied for second place in the CCHA standings with a 23-9 conference mark, before making their fifth-straight appearance in the CCHA Tournament Final Four at Detroit's Joe Louis Arena.

With 21 lettermen expected back for the 1986-87 season, coach Jerry York's Falcons appear capable of claiming the top spot in the CCHA for the fourth time in the last six years.

Now that the beautiful summer season is here, become part of the

Williamsburg Warriors get ready for league-opener against Crysler

WILLIAMSBURG — The Williamsburg Warriors ladies softball team will open their 1986 Stormont-Dundas Ladies Fastball League season here Monday night with an encounter with Crysler. Game time is 8:45pm.

The Warriors ousted Crysler in the league's semi-finals last August before bowing to the pennant-winning Apple Hill ladies in a five-game final set.

Warrior coach Doug Brunt says the team will definitely have a new look for 1986 with the loss of six players, almost 50 per cent of last year's lineup. Brunt still has a solid core of eight veterans to work with, including SDLFL most valuable player, pitcher Roseanne Van Moorsel.

Theresa Van Moorsel will share the bulk of the pitching chores with Rosanne. Former Mountain ace Marlene Fawcett has not yet decided if she will return to the Warrior lineup. Fawcett provided the Warriors with much needed experience in the playoffs last year and was also a top performer in the provincial regional playdowns in Ottawa.

Brunt has added former Mountain first baseman Cathy Little to his lineup, providing the squad with a solid infield featuring Lisa Schell at second base, Debbie Patterson at third base and Teresa Van Moorsel. Also added to the lineup is Rene Laforge, a graduate of Williamsburg's Midget ladies team. Laforge has looked strong at practice and will definitely be an asset according to Brunt.

Dianne Van Moorsel will return to anchor the team's outfield, but the remaining two outfield spots will probably be manned by first-year players. Sandy Van Moorsel will handle the bulk of the team's catching chores.

Brunt does not appear worried about pitching or defence, but he says he will be emphasizing the offensive. Last year, Williamsburg struggled at the plate and their lack of hitting was an obvious problem in their final series with Apple Hill.

The loss of top notch hitters Janice Wells and Rita Byvels to out-of-town work commitments has left a gap in the Williamsburg attack that Brunt hopes to fill with his newcomers. Brunt has 14 players currently on his roster and he says he is still undecided about who will play where. The lack of lighting in Williamsburg's park has limited the team's practice time.

The Warriors will play a 12-game schedule with Finch, Crysler and Apple Hill. In addition, the team will once again be entering the Provincial Women's Softball Association playdowns with hopes towards reaching the provincial championships in Strathroy in August. Last year the Warriors dropped a 6-5 decision to Belleville after an opening round win over Ottawa Atlas Blues. Smiths Falls Roadrunners eliminated the Warriors from the double knockout event.

Also on the 1986 agenda is a tournament in Winchester June 20, 21 and 22. Tournament convenor Pete McIntosh says he hopes to have 16 of the province's best ladies intermediate fastball teams in Winchester for a round robin competition.

MacDonald shatters triple jump record

AVONMORE — Shelley MacDonald set a new SD&G Senior girls triple jump record here last Wednesday. The Russell, Ont. resident registered a distance of 10.40m, much better than the second-place mark of 9.56m.

MacDonald was second in the Senior girls high jump, hitting 1.43m and was sixth in the shot put with a measurement of 7.45, qualifying for this week's EOSSA meet at Carleton Place. She will represent North Dundas in both the triple and high jump events.

The NDDHS student set one of four records in the girls division of Wednesday's SD&G meet as a total of 13 new marks went into the SD&G record book.

St. Lawrence High School's Dale Tuck put on an impressive display, setting three new standards. He lowered the Senior 800m to 1:57.50, the 1,500m to 4:02.40 from 4:12 and established a new 3,000m mark of 9:08.37, lapping the field in the process.

Laura Dawley of Seaway District High in Iroquois was named top Midget athlete of the meet and shattered the girls shot put record in the process. Dawley 10.53m bettered the 1978 mark of 9.15m.

Although 13 new records were set under ideal conditions here at Tagwi, 10 tri-county records remained intact and those 10 all belong to former NDDHS students.

Shelley MacDonald's new triple jump record now stands with a Senior girls hurdle mark set by Winchester's Kathy Workman in 1978 (15.43 seconds) and a shot put record of 13.26m set in 1976 by Chesterville's Rose Hauch.

Other girls records still standing include three by Winchester's Julie Holmes, who lowered the 100m standard to 12.3 seconds, the 200m mark to 25.2 and established a long jump mark of 4.95m as a Junior in 1975.

Workman's '76 hurdle record of 12.1 and Hauch's 1975 mark of 11.41m in the Junior shot are still in the books.

Three boys records still belong to former NDDHS athletes. Gary Beckstead of Chesterville set a Midget boys mark of 11.5 seconds in the 1979 100m and the 1980 Junior 100m mark of 11.2 secons. While Williamsburg's Jim Thom's record of 1.70m in the 1979 Midget boys high jump is still the mark to beat.

Dundas Jr. Farmers b-h champs

WINCHESTER — Overtime goals by Ken Rose and Darrell Shelp lifted Dundas County to a thrilling overtime victory over Russell here in the men's "A" division championship final of the annual Junior Farmers Ball Hockey Tournament Saturday.

The final was deadlocked at 1-1 after regulation time. Shelp and Rose ripped in overtime markers for the 1986 champs while Steve Bekkers replied for Russell in O.T.

In the men's "B" division final Glengarry downed Stormont 4-1, winning the top prize.

Stormont defeated the host Dundas squad 3-1 and captured the ladies' division championship.

Dundas' goalie, Jeff Hope, was named the tournament's Most Valuable Player.

The one-day event was hosted by the Dundas Junior Farmers, who presented a dance in the Winchester arena hall Saturday night to conclude the competition.

The market is great, but...

Since the start of April I have personally made 15 real estate sales in this area. That's terrific! The market is great!

The problem is, I'm running very low on listings to work on. I have to increase my inventory, and for that I need your help.

Please call me if you are thinking of selling. Do you know anyone who can do a better job for you?

Crysler artist Michael Lapp is the first of a number of area artists whose work will be on display at the RE/MAX Homestead Realty office in Winchester in the months ahead. Press Photo—Must

Artist's back yard provides inspiration

WINCHESTER — All the inspiration Crysler artist Michael Lapp needs is in his back yard.

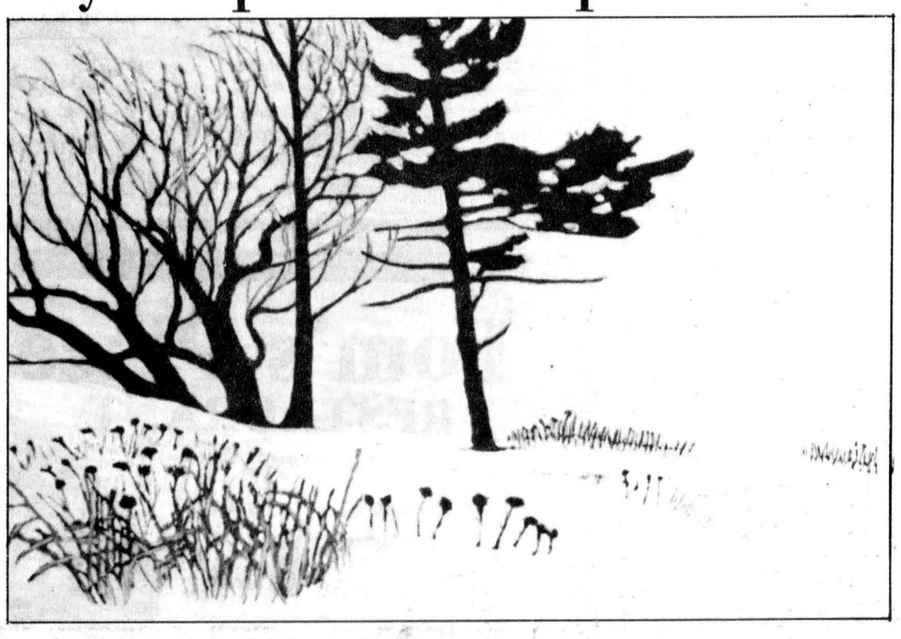
Among the full-time artist's favorite subjects are scenes of natural beauty to be found along the St. Lawrence and Nation River valleys. A resident of the area since 1974, Lapp says he's "come to really love the neighborhood."

A native of Toronto, raised in Ottawa, Lapp began painting in 1968 at the age of 20. Since 1981, when he gave up a teaching position to devote himself full time to his art, he has created from 30 to 50 original oil paintings each year.

Lapp says his own interest in art began with his father, an amateur painter and grew from there. "I started seeking more expertise, going to see people whose pictures I liked," he recalls. He visited galleries, read books and took courses in art. "Along the way I picked up a degree," he says. "I just never stopped."

The current exhibit of his works at the Winchester Re-Max office is the first since he began a six-year stint teaching art at Osgoode Township High School. His paintings were displayed at the McIntosh Art Gallery in London, Ont. in 1973, the Art Gallery of St. Thomas, Elgin, in 1974 and at the Visual Art Ottawa Survey Exhibition No. 1 in 1975.

Lapp says he admires the work of a number of Canadian artists, including the late Jack Chambers, Greg Curnoe, Alex Collville and Jean Paul Lemieux, a grandfather of the Canadian art scene. American favorites include Grant Wood, who produced the famous painting American Gothic. Lapp says he has not been strongly influenced by recent abstract, non-representational art.



Local scenes provide the inspiration for Michael Lapp's landscape paintings. The artist is especially attracted to the scenery along the Nation River.

Lapp says he has made no conscious effort to develop a particular style. "I have absolutely no concern or interest in creating a 'signature'," he says. "The most important thing to me in painting is the image, the idea, or the subject."

Local scenery has provided much of the subject matter for Lapp's paintings, and he has a particular fondness for landscapes surrounding the Nation River near his home and never uses photographs in creating paintings. "The way I see it, people keep the river in their back yards," he says. "When you get down there, it's teeming with life — it's not the ditch that people think it is."

Lapp says he tries to capture the harmony between man and nature in these landscapes. The output of paintings has decreased recently as he begins to increase the amount of detail in each one. "The recent ones are looking a lot closer at the subject," he says. "I think the reason for that is that I'm beginning to understand the landscape more."

Another recent series of paintings, entitled "Suite St. Lawrence," depict a number of different scenes along the river at different times of day, and combine human figures with the landscape.

Although he describes himself as being more successful at creating paintings than at selling them, most of his works do end up being sold. The paintings have sold mainly through private patrons in recent years, because Lapp has avoided "the official artist route" of taking part in shows. It takes too much time to get ready for the shows, he says, and most of them are held too far away.

"It's a real treat to have your work in front of your neighbors, your own community."

Mount A. grad

Mr. and Mrs. Roger Hornsby are pleased to announce the graduation of their daughter, Deborah Marie, from Mount Allison University in Sackville, N.B. Debbie received her B.A. at the Spring Convocation majoring in English and French. In the fall Debbie will be continuing her studies in journalism.

Morrison - Lowe

Carman and Evelyn Morrison of Metcalfe, Ont. are proud to announce the forthcoming marriage of their youngest daughter, Janet Ethel to Ross Lowe son of Frank and Gertrude Lowe.

Wedding will take place in Russell United Church at 4pm, June 7, 1986.

Accumulation to date	28.6 mm	36.8 mm	19.0 mm
Heat units	136	141	136

North Dundas notes

by Lisa Graafland

MAPLE RIDGE — Here it is, the beautiful month of May, and the students of North Dundas are working hard (in between glances out the window) in anticipation of summer.

About 40 successful students from last week's track day travelled to Tagwi to complete in the SD&G meet. Among the track stars were Grant Groves who was first in the steeplechase; Shelley McDonald, first in the triple jump; Tara Berry, second in hurdles; Norine Milne, second in senior hurdles. Miss McDonald's first was also a record breaking jump. These and others will travel to Carleton Place Thurs., May 22 to compete in the EOSSA meet. Good luck guys!

School spirit abounded this week as candidates prepared their campaigns for the elections of the student council executive for '86-'87. The elections were held Fri., May 16 and each position was filled: Cheryl Curran, president; Victor Dorey, vice-president; Tammy Coleman, secretary; Jenny Lamb, treasurer; Barry Helmer, social convenor; Jodi Steele, junior vice-president. Congratulations to all!

A band trip to Toronto and Windsor proved to be very enjoyable and very successful.

They played at various schools in each city, good practice for future competitions.

Wed., May 28 will bring about a band reunion at Winchester arena consisting of six bands and about 300 members.

Mr. Shane's marketing club has headed off to B.C. to Expo '86. They will return Tuesday full of experiences to share. Mr. Harper's French Club will be travelling to Quebec City next weekend for "un bon temps".

Finally, prom tickets have been sold and approximately 90 couples will attend the event at the Chimo Inn.

Stay tuned next week for one of our last articles, as the story continues...

Centennial book progresses

WINCHESTER — The Centennial Book Committee here is making considerable progress with a 100th birthday commemorative book about the village.

At the last meeting of the Centennial Committee, book committee chairperson, Madge Coons, told the group that they had decided on everything about the book, including layout, size and the type of cover.

Using back copies of the Winchester Press, Coons had taken accounts about the village and intends to have them arranged in chronological story form.

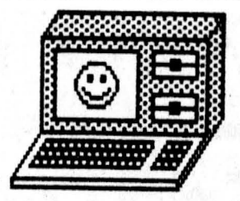
Advertising dollars from local merchants and organizations will pay a large portion of the cost to have the books bound. The prime selling period will be the weeks before and during Centennial Week — July 30 to Aug. 7, 1988.

The cover of the book which now has about 150 pages of researched material, will be cream colored. The committee is also looking into having a colored, aerial picture of the village printed on the cover, said Coons.

Keeping in line with celebrations, the centennial book will later serve as a momento of the week, because of the list of activities at the back as well as the list of all Winchester Village councils since incorporation in 1888.

Although the material has yet to be compiled, assembly of the information is scheduled to begin in September, with a tentative publishing date of July 1987.

Computer Corner



MORE VOLUNTEERS URGENTLY NEEDED

Last Thursday night, the members who came to the Computer Den found it closed. Why? Because there was no volunteer to look after it. That is why I am making this appeal. We need volunteers for some evenings and also for some of the afternoon club sessions. The latter have been covered, until recently, by the Computer Co-op Students from North Dundas District High School. They are not available this time of year.

BACK COPIES OF MAGAZINES WANTED

We are interested in back numbers of magazines oriented to the Apple computer such as "Nibble". So if you have magazines cluttering up your den, throw them in a box and drop them off at the Computer Den. We have a nice new bookcase to hold them. We are interested in programs and software descriptions they may contain. One member recently donated an excellent editing program he had found in a "Nibble" magazine.

GRAPHICS CONTINUED

Print Shop which I described last week got heavy usage this week ... Children were making Mother's Day cards.

This week we'll describe another graphics program called "The Newsroom", and an animation program called "Take 1".

The Newsroom: It is designed for the production of newspapers or similar publications such as newsletters, brochures or flyers. Sections of the program allow you to organize ideas, enter text, create photos from clip art, lay out the pages and print them.

The Newsroom's step-by-step instructions let even an amateur create a newspaper with relatively few problems. Each section of a page can be printed separately to preview it, but the real fun comes when you see the whole thing printed.

Because the Newsroom produces more complex documents, it is somewhat more difficult to use than The Print Shop. The screen formats and icons efficiently guide you through the operations. All options provide an eraser or "Oops" mode to remove unwanted text and graphics.

This software package allows you to create high quality animation without programming. Now even you can create animated movies constructed of many scenes, backgrounds and actors. You do not need to know anything about computer programming. It is easy to use. We have several copies at the den waiting for you.

SCHEDULE OF DEN ACTIVITIES

Club time: afternons: 3:30-5:30: Monday, primaries; Tuesday, juniors; Wednesdays, intermediates; Thursday and Fridays, and Saturday mornings, 9am to noon, all elementary ages.

Evenings: 7pm-9pm: Monday, elementary teacher training; and Tuesday, Wednesday, Thursday, Friday and Saturday afternoon, 1-3pm open to all members. If a member wants to make unscheduled use of the facilities, call either 774-3749 (den) or 774-3002 (Summers) and we will do our best to accommodate you.

Editorial

A whole-hearted response

The volunteer's influence is felt at every level of activity in a small community, from recreation to fire protection. Among the most vital — and sometimes overlooked — members of this hardy breed are the canvassers. Research to find cures for society's most deadly diseases would be sadly lacking without the efforts of those dedicated souls willing to go door to door in the unending quest for funds.

But the best efforts of any group of canvassers doesn't amount to much without one more key ingredient — the willing support of the community. The people of Dundas County have proven themselves to be a community in the best sense of the word.

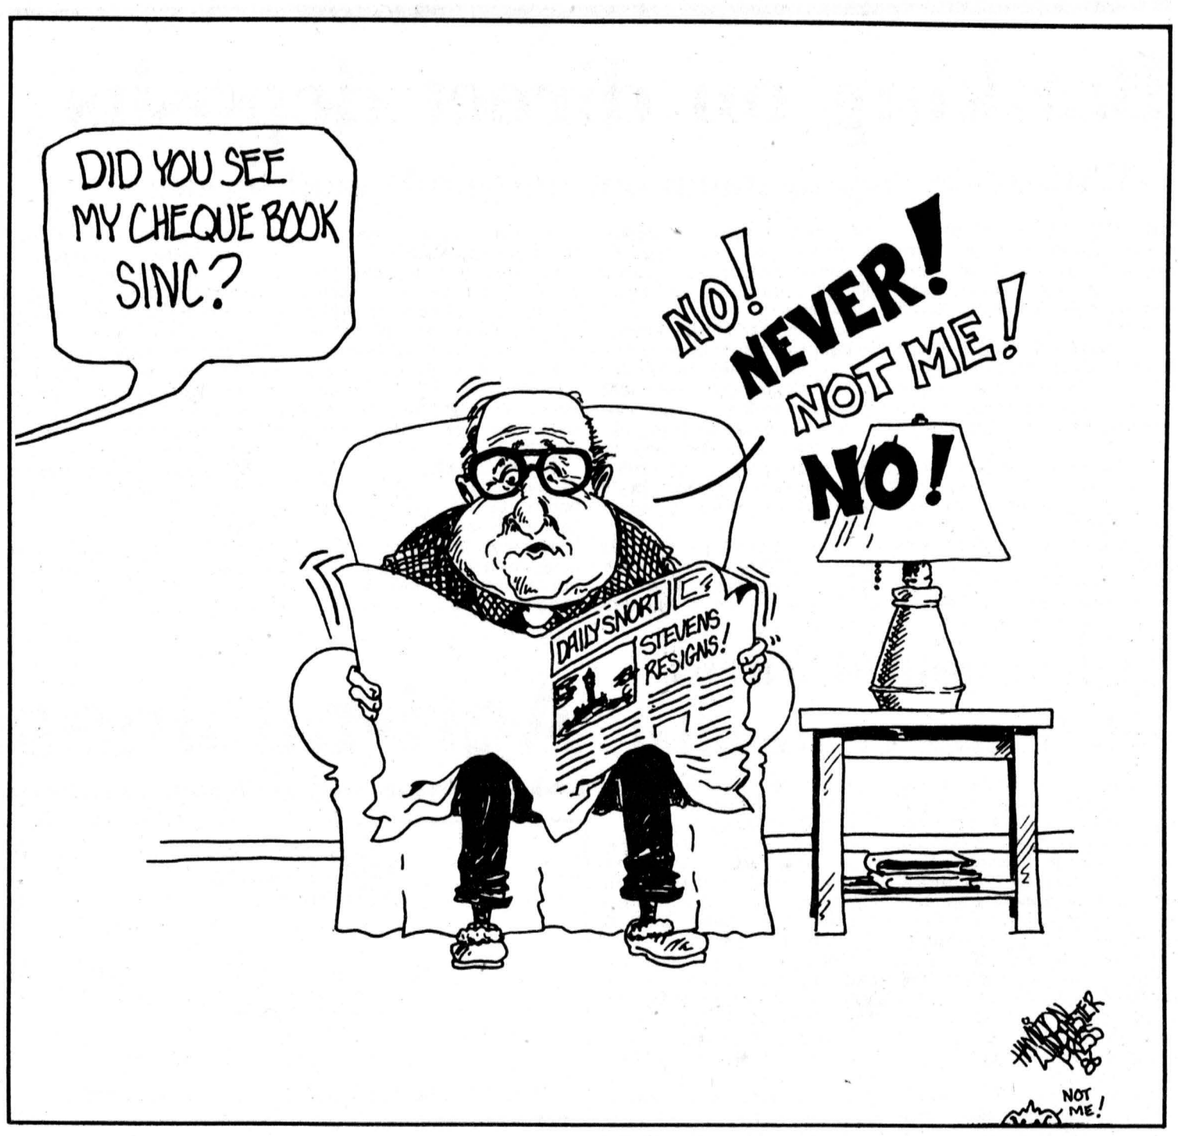
The county has always provided a warm reception for canvassers calling in aid of a wide spectrum of causes, from amateur sports to the fight against cancer and heart disease. The individual commitment of Dundas residents was recently highlighted once more at the annual meeting of the county chapter of the Heart and Stroke Foundation of Ontario. In this year's campaign, the chapter collected $2.40 for every man, woman and child in the county, once again raising well over $17,000.

No matter how small each individual donation may be, it is important to remember the donor is never alone. Fundraising campaigns to aid continuing research are held in every county throughout the province, and across the country as well. When Dundas County's fundraising total is added to the money raised all across the Heart and Stroke Foundation's Eastern Region, the total is boosted to over $500,000.

Sometimes it seems as if the individual is asked to empty his pockets to satisfy an endless procession of fundraising drives. But we must never forget our responsibility to the community around us.

Every donation toward research and treatment of disease is a small, but vital step toward ensuring a better quality of life for others — and perhaps, one day, for ourselves.

C.M.



Seventh Column

by Joe Rowan

Each year at this time, when a landscape that has lain dormant through a grim, cold winter suddenly comes alive with the beauty of spring, a special day is set aside to remember loved ones long gone. Special services at cemeteries bring together relatives and friends who often travel far to place a floral tribute, utter a silent prayer and, for a few brief hours, rekindle memories. One such service this Sunday will have a very special meaning to residents of our home town and the surrounding district. During the noon mass this Sunday, celebrated in the cemetery, the memory of a beloved pastor who had endeared himself to all he encountered along the road of life, will give the service a special significance. Because, during his life as soldier, priest and servant of all, he promoted and encouraged better understanding among people of all religious denominations, those who had the good fortune to know and work with Rev. M. Minvielle (**Father Mike**) are invited to participate in this fitting tribute to his memory. The dedicated "Man of God" came to Metcalfe in 1971 and despite failing health, guided the spiritual (and often temporal) welfare of his people till forced into retirement in 1984. He was called "home" by his "Master" Jan. 3, 1986. His memory will live on thanks to a beautiful plaque in the church where his name is engraved along with his 18 predecessors. But his name must also be linked forever in the history of such community endeavors as the Township of Osgoode Care Centre; Metcalfe Medical-Dental Centre; and his beloved Metcalfe and District Lions Club where his wisdom, experience and energy played a major role. As a military man he was usually requested to ask the blessing. His earnest, devout, brief prayer... **"For what we are about to receive, thank God"**... lived on with club members at last week's dinner meeting when Lion Stan (Hicks) offered the invocation. Perhaps a fitting prayer during Sunday's memorial might be... **For having known "Father Mike", thank God.**

Fourteen months have passed since the first morning we sat down at the battered old typewriter, gazed out the window and could no longer see the busy main street of the village with hurrying humanity hustling in and out of **George's Pizza Place; Diane's Beauty "factory";** and other thriving business establishments. That's right, we had moved — and belive it or not — we're still unpacking those boxes and "discovering" bits and pieces of yesteryears long gone. Guess one might say we've always kept practically everything "for future reference". Having considered it about time to begin "filing" most of this memorabilia a few kilometres west of Springhill (the township dump) we've been almost religiously sorting, considering, and (often against our better judgement) **saving** special items for more consideration at a later date. This week out tumbled a nine-page publication prepared and edited by those who participated in **Metcalfe Short Course 1939.** Obviously it was such a popular and sought-after bulletin the front cover had two "mastheads"... **The Cross Patch** and **The Sod-Buster.** Now the real question is how this rather ancient document found its way into our utterly confused archives? It's addressed to "Jas Rowan" (the kid brother) who possibly has this extensive course to thank for his super abundance (his own words) of wisdom and expertise. There's one page designated for autographs and we thought readers might be interested to know who benefited from that highly educational program co-ordinated by county agricultural representative W.M. Croskery. Editors were **Leslie McEvoy, Oren Stanley, Theresa Murray** and **Mildred Russell.** And those who proudly signed the autograph page included: Dorothy Loney, Delmer Morrison, Don Booth, Bill Mullins, Jim Rowan, Nona Carkner, Wilbert Boyce, Aldorio Bourbonnais, Bill Coombs, Harold Cowan, Forest Johnston, Wilhelmina Creighton, Gerald Morris, Ruth Conlin, Wilmer Dalgleish, Ormond Craig, Bill Casserly, Betty Clark, Doris Conroy, Edith Kemp, John E. Boland, Ruth Stanley, Philip Turner, Hazel Harrison, Harold Woods and Cora Lush. Oh, yes, we've refiled the precious document, (for future consideration). Maybe, with your permission, just one tiny sample of "humor from the past". **Ormond Craig;** "I feel like a better man every time I kiss you". **Roth Conlin:** "Well don't try for heaven in one night".

REMINDER: Date checked — double checked — and then checked three more times. **The Family Brown and Ronnie Prophet** "whing-ding" — **Metcalfe Community Centre** —this week — **Friday evening, May 23.** Are we forgiven Ida, please?

The life of Riley

by Wayne Riley

One of my colleagues is currently involved in that warm, loving and ultimately insane ritual known as wedding preparations.

For those unfamiliar with the ritual, its proceedings are comparable to those involved in staging a coronation. The obvious difference, of course, is that those staging a coronation can afford to pay a king's ransom.

My colleague is handling the pressure with remarkable calm. Overlooking her recent habit of using coffee as a sedative, one could easily mistake her for a woman planning nothing more nerve-wracking than a trip to the dentist to have her teeth removed.

The entire office staff admires her courage.

In these crazy days when you can prepare a gourmet meal in the space of a television commercial, it would be easy to get away with a ladder and flashlight elopement. "Well," the neighbors would say, "at least they got married."

More courageous and daring are the men and women who dare to tremble and perspire in front of all their friends and relatives, even after being informed that 12 dozen sandwiches for the midnight reception snack have been misplaced.

It's a scene that says, "Love conquers all."

Because spring is the traditional season of the traditional wedding and because I have some knowledge on the matter --married five years ago this month, a Hollywood silver anniversary - I thought I'd spend a little time this week going over the ritual of preparing for a marriage.

Evolved from a primitive ceremony to ward off evil spirits - "O, Great Spirit, do not let Uncle Ned get into the spiked punch and start dancing on the tables" - the ritual is now considered a socially acceptable form of panic.

If the preparations seem at times to be cruel, sadistic and rotten, it is because they are. This is basic training. This is marriage's boot camp. This is what love is all about.

The one drawback to the ritual is that it's woefully sexist.

Between asking "Will you marry me?" and saying "I do", a man has surprisingly few obligations under the guidelines of the ritual except to periodically encourage his wife-to-be by saying, "Hey, it's only a wedding."

An option for the male is the whine. Excess, however, is always a danger.

The whine should be limited to the suit fitting ("It's itchy, I'm hot, why can't we just buy off the rack?") and to the signing of thank-you cards ("Ow, I've got a cramp in my hand because of your relatives").

Everything else in the wedding falls into the territory of the bride-to-be. And her mother. And her aunts. And her future mother-in-law.

There seems to be no rationale for the uneven division of the workload except that it's more convenient for the groom and allows him to divert his attention to such equally important matters as the hockey playoffs.

That's the basic set-up. The important thing to remember is that you are expected to snap a few times. If only for the entertainment value.

And now, the ritual particulars in brief:

What to avoid:

1. Over-doing the baking. The one person-one pie rule of thumb is not practical.
2. Illness.

During this hectic time, relatives must also do their part. Think before acting. Do not, for example, festoon the wedding car with tissue flowers if there is any chance at all of rain.

Soggy tissue flowers are notorious for looking exactly like giant spit balls.

Relatives should also ensure that practical jokes do not prevent either the bride or groom from making it to the wedding.

In those cases where the happy couple is paying for all or a substantial part of the wedding, the general rule is not to be afraid to pinch a few pennies. Although a man and woman can live on love, scientific studies have concluded that living without food is not a well-balanced diet.

On the subject of gifts, there is a right way and wrong way to receive them:

Right way: "Oh my, what a beautiful state-of-the-art toaster. This is exactly what we need."

Wrong way: "Hey, this is unbelievable. We've already received four other toasters exactly like this. Did you guys get together and volume purchase?"

Don't forget about safety. If the bride and groom are not wearing safety goggles, rice should not be thrown overhand. Unless, of course, it's cooked.

In conclusion, if the pressure of getting ready for a traditional wedding makes it impossible to remember much more than your name, here is a condensed list of important things to pay attention to.

MEN

1. Check socks for static.
2. Learn how to dance.

WOMEN

1. Don't think about what you are going to do with all the sandwiches that people don't eat.
2. Pretend not to notice that your husband is stepping on your feet during the wedding dance.

And one final bit of advice. If you do it right, you won't have to do it again.

This week in . . .

1926

In this year, it was possible for phone users here to make calls without asking for long distance. Subscribers were advised to ask the operator for the phone number and the call would then go through. Bell rates for calling to Chesterville, Russell and South Mountain was 10 cents for five minutes.

At the theatre, Captain Blood, starring Errol Flynn and Olivia de Havilland, was popular with movie goers in this year.

1936

Heavy rains which were prevailing over the area in this year, left newly seeded fields under water and farmers were expressing grave fears that their early spring work had suffered a severe setback. Plowing on farms was also retarded due to the rainfall.

Several stores here were having Victoria Day sales. Hy Bessin, had neckties on sale for 10 cents and men's shirts were 79 cents each.

1946

Dundas dairy farmers were demanding a 35-cent per pound increase for cheese or $3 for 100 pounds of milk delivered to the cheese factories during this season. At a regular meeting of the Dundas County Cheese Producers' Association, farmers decided to dump their surplus milk if they didn't get the price increase they demanded.

1956

Charles St. Germaine, an Ottawa alderman was predicting that Winchester would need a new post office in the next five or 10 years. Addressing members of the 100 Club, St. Germaine told the group that a surge in industrial growth and the effects of the St. Lawrence and power expansion had prompted the need for a new postal facility.

Dr. S.W. Dawley, a veterinarian here, who practiced in the area for seven years, accepted a position with Colorado Agriculture and Mechanics, University of Colorado in Fort Collins, Colorado. Dawley left the area to become an instructor and clinical doctor with the university staff there.

1966

It seemed almost certain at this time, that the Winchester Public Library was going to be changed to a free library from an association library. Requests from the Department of Education prompted the suggestion. However, the impetus behind the move came after library officials realized the present situation limited the library's use of funds and prevented it from purchasing much needed reference material.

Blind lawyer, Graham Stoodley, was the guest speaker at the annual meeting of the Dundas County Advisory Board for the Canadian National Institute of the Blind. Stoodley, a native of Dundas, lost his sight at 13 months. He managed to complete his studies to become a lawyer and was admitted to the Bar in 1965.

1976

Dave Richards took two awards at the Hawk's annual banquet in this year. Richards won the Rookie of the Year and Most Improved Player awards. The Hawks finished fourth in the Junior "B" Southeast Division in 1976.

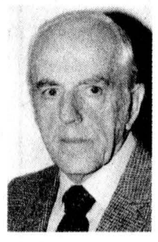
St. Matthias Church parish here, embarked on an ambitious venture to provide a desperately needed Sunday School and church hall facilities. The renovation got under way in this week at a total cost of $10,000.

Letters from Uncle Raymond

by Rev. Lloyd R. Smith

Dear Harold:

Thank you for your recent letter describing your debate on the death penalty. Your rebuttal shows you to be a thinker who is quick on his feet. Sorry you lost the decision, but glad you felt vindicated by the reviews in the media. By now you know that not all judges are fair and unbiased. O that everybody had a passion for truth!



Rev. L.R. Smith

Certainly, as Mark Twain remarked, truth is a scarce commodity. But we do not serve the interests of truth by being economical with it, even if he suggested it. Notice how truth is often concealed by news reports in the media. This may be seen in references to the cold war. When Mr. Gorbachev issues a statement, it is "propaganda"; when Mr. Reagan makes a statement, it is "a clear answer". I wonder if Gorbachev is incapable of clear answers, or if Reagan is incapable of propaganda.

In the same manner, different tags are used to identify the actions taken by one side or the other. If the west builds up arms, it is for "military preparedness". But if the Soviet bloc adds to its arms, it is a "new Soviet threat". "We" are peace-seeking, benevolent and trustworthy, while "they" are warlike, evil and untrustworthy. And we have learned to belive these ideas and think that they are truth itself.

If we are going to understand what is going on, we have to ask, how much of what we hear is truth? And in Canadian affairs too, how much truth do we hear every day about any issue, such as free trade? How much truth comes to us about decisions made in high places? Or to be more personal, how much truth comes from our own selves?

Truth turns out to be much larger than we had first thought, if we consider it a bit. For example, one Trident submarine could destroy every major city in the northern hemisphere. Is this truth for peace? Or do we find truth for peace in food to keep a child alive and a blanket to keep him warm at night?

It seems that truth, peace, love, laughter, homes, children, growth and hope are all interconnected. And truth becomes clearer when we each work out our purposes in life, our hopes and fears, and our relationships, in an attitude of respect for one another.

Possibly right now in the Soviet Union an uncle is sitting down and writing to his nephew in university. And that young man is studying hard for a profession, hoping to make a decent living. Possibly the uncle has children and grandchildren and places his hopes in them. And possibly the young man has a fiancee and wants to establish a home and raise a family. And probably if the truth (small T) were known, we would be able to understand them and they us. And is not this nearer the Truth (big T) than propaganda, threats and nuclear arms?

Please forgive me for rambling, but let me include a word from Psalm 51:6 — "Thou desirest truth in the inward parts." I guess that is the secret.

Now the truth is that I am getting anxious to see you, so why not come for a long weekend. It is also true that I have a good appetite and Aunt Martha is a good cook; so you can expect some truly good meals. And besides, we have lots to talk over. So please let us know when you will have a few days, and come.

Truthfully yours,
Uncle Ray

Letters

Two sides to cablevision coin

The Editor:

Although the introduction of cable television is often hailed as a great technological advancement for the Winchester community, there are negative consequences which could develop and should be taken into consideration.

Local businesses — the backbone of the community — will be the hardest hit. How can they possibly compete with the large cablevision companies? The Winchester theatre, the movie rental businesses, and even the restaurants will have difficulty persuading people to unglue their eyes from television sets and leave their "comfy" armchairs to support their businesses. They will undoubtedly suffer.

Their suffering may branch out to encompass the whole community. The money being spent on cablevision goes directly out of the community into the hands of big business. No longer is that money generating within the community itself.

Also, since the temptation to stay home and watch television may grow, community-oriented activities may suffer a loss of participation. These events, too numerous to specify, unify the community; the staying-at-home attitude does not.

Granted, some may find my view somewhat melodramatic, but sometimes that is what it takes in order for people to see the unfavorable side to progress and to make provisions in order to cushion its blow.

Farm update

A visit to one of the area's pick-your-own farms in the weeks ahead will provide a pleasant day's outing and ensure "just-picked" freshness. Strawberries are by far the most popular of Ontario's pick-your-own crops.

Banking on direct deposits

OMMB takes step to stamp out unreliable mail service

KEMPTVILLE — Milk producers in Ontario now have a third option to choose from when receiving payment from the Ontario Milk Marketing Board (OMMB).

Producers will soon be able to have their milk cheques deposited directly into their bank accounts rather than having them mailed to the farm gate or bank.

Farmers who have traditionally had bad mail delivery, will probably be the ones who take advantage of the new service, said Ken Crozier, OMMB fieldman for Stormont, Dundas, Grenville and Leeds Counties.

"If farmers frequently receive their cheques later than the 21st of every month, then they should seriously consider the direct deposit method of payment," said Crozier.

However, the OMMB is emphasizing in correspondence to producers, that if they haven't had any problems in the past, then they really shouldn't change now.

"The board also wants to make clear that producers won't be able to jump back and forth." Once the choice is made they'll have to stick with it, added Crozier.

The new service will also only allow one deposit per producer cheque. Producers will have to choose which bank, if they deal with more than one, they want the cheque deposited in.

Payment will be sent electronically on the 21st of every month. But statements which include deductions, will still be mailed out as usual, said Crozier.

At an OMMB annual meeting last fall, the majority of producers showed little interest in using the new system, said Crozier.

"It's really only going to benefit those farmers who've been burned by the postal system before," he said.

Last year, in Crozier's service area, about 200 farmers in Stormont County never received their cheques because they (the cheques) had been in a mail bag which wasn't completely emptied, said Crozier.

"For those farmers, it's understandable they want something a little more secure."

The farther farms are from the Toronto area, where OMMB head office is, the worse mail delivery appears to be, he added.

The direct deposit system is already in place and farmers who have already notified the OMMB will have their money in the bank on May 21.

Farmers who would like to apply for the service can still do so by filling out the form provided in letters the OMMB mailed to all producers.

Experimental Farm celebrates centennial

To mark the 100th anniversary of the research branch of Agriculture Canada, the Central Experimental Farm in Ottawa leads other government agencies, associations, non-profit organizations and private industry into a summer of celebratory events and special centennial exhibits. Centennial activities on the farm, which are free to the public, will begin on May 31.

The opening weekend will feature displays on the various research institutes and a large machinery tent.

The heritage exhibit "It Started with Saunders" developed by the National Museum of Science and Technology can be viewed. Antique horse-drawn carriages from the Eastern Ontario Pleasure Drivers Association will be touring the farm.

Steam engine farm implements will be displayed by the Eastern Ontario Steam Association.

A colorful exhibition of scarecrows, submitted by various elementary schools in the city will also be on site. Judging of the scarecrows will take place on Sun., June 1, at 2pm.

A series of prints depicting heritage homes and barns on the farm, produced by Help The Aged (Canada), will go on sale, along with Dr. T.H. Anstey's book **One Hundred Harvests**. These items, along with souvenirs, can be purchased in the information tent, just north of the new parking area for visitors off of Prince of Wales Drive.

This is the first time The Central Experimental Farm has hosted many of these exhibits specifically designed for visitors.

Pick-your-own popularity rises

WINCHESTER — Harvest season is just around the corner for strawberries, Ontario's most popular pick-your-own crop.

The berries are normally in season from the second week of June to mid-July, and over 70 per cent of the total harvest in Ontario is marketed through pick-your-own farms.

The pick-your-own industry is growing in popularity, with produce sold through these farms in 1985 valued at $21 million. This represents about seven per cent of total Ontario produce marketed.

Strawberries are the most popular crop, but apples, raspberries, beans and tomatoes are also favorites of pick-your-own enthusiasts.

The number of strawberry growers in Ontario has increased by about 100 per cent since 1979, but information from the Ministry of Agriculture and Food indicates that the total acreage of the crop has declined slightly this year for the first time. Strawberries were a $10 million crop in Ontario last year, with about 4,000 acres harvested throughout the province.

Pick-you-own operations continue to be favorites with consumers seeking just-picked freshness. Consumers can also save around 50 per cent of the price by picking the berries themselves.

Foodland Ontario recommends anyone planning a day's outing to a pick-your-own farm should telephone the farm before setting out, to ensure that supplies of the crop are available that day. A call will also determine whether a farm sells containers, or if they should be brought from home.

Arriving at the farm early in the day ensures the best selection and avoids the hot afternoon sun.

Produce is usually sprayed to prevent crop damage by insects, so it's wise to resist the urge to eat the berries until they can be thoroughly washed.

WHAT ARE YOU PAYING FOR TERM LIFE INSURANCE?

Compare these low non-smoker annual rates* for non-decreasing graded premium life.

AGES	$100,000	$250,000	$500,000	$1,000,000
25	$ 155	$ 245	$ 450	$ 860
30	160	247	455	870
35	182	260	480	920
40	230	330	615	1,155
45	323	445	835	1,575
50	471	677	1,275	2,405
55	720	1,007	1,905	3,605
60	1,180	1,637	3,105	5,885
65	1,315	2,682	5,095	9,665

Female rates are even lower! Slightly higher rates for smokers available on other plans.

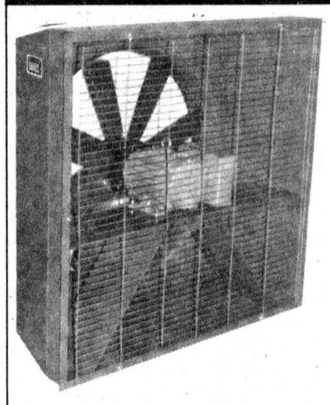
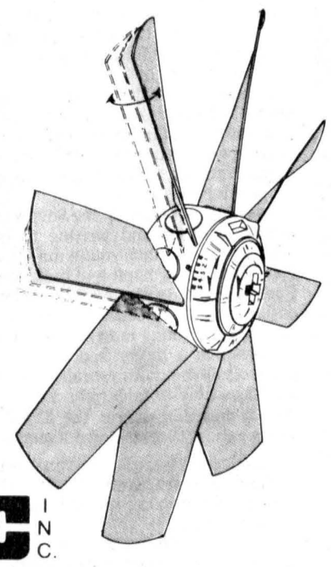
HAY DRYER


Are you looking for good hay?
To be able to store the hay soon after it has been cut?
Do you want a minimal risk of wastage due to bad weather, along with quality and an increase in the nutritional value?


WIC can get you all that!
With its new hay dryer, equipped with a propeller which can be adapted to a 5 or 7-1/2 H.P. motor.
*Ammeter included with hay dryer.
Propeller: 36" (91 cm) diameter, with 8 adjustable blades which enables you to change angles, allowing for adequate amperage and continual pressure in the tunnel.

Ken McNeely horsepower hauls in top money at South Mountain pull

SOUTH MOUNTAIN — Hot, muggy weather and threatening skies couldn't keep almost 500 people from coming out to the annual Victoria Day horsepull here on Sunday, where some 17 outside and local teamsters matched horsepower against cement.

Like athletes at a meet, massive horse teams weighing in at 3,300 pounds or under for the light class and 3,300 pounds or over for the heavy, pulled loads of cement blocks more than two or three times their own weight.

The winning prizes in both classes went to local teamsters this year. Ken McNeely of Kemptville took first place in the light class by pulling 8,800 pounds 10'1", Ralph Herman of Perth took second prize pulling the same weight just over seven feet, and Clifford Daly of North Gower took third place with a pull of almost six feet.

The heavy class pull saw Ken McNeely take first place again with a second team which pulled 10,300 pounds the full 15 feet. Mike McGarry of Hallville, gave McNeely a run for his money by almost pulling the full length but could only manage 14'8" and Eugene Hulgon of Wolf Island near Kingston, took third place by pulling the weight just over 11'.

A total of $1,350 in prizes were awarded to contestants on Sunday, who came from as far as West Quebec, the northern States and other parts of Ontario.

Organizers Roy and Pam Sherrer say the turnout is always good for the annual event which starts at 10am and lasts into the early evening.

Teams went into the first round of competition pulling a warmup load of 3,400 pounds, consisting of a 2,000 "stone boat" and 1,400 pounds of cement blocks. After each draw was completed successfully, another 800 pounds was added to the sled.

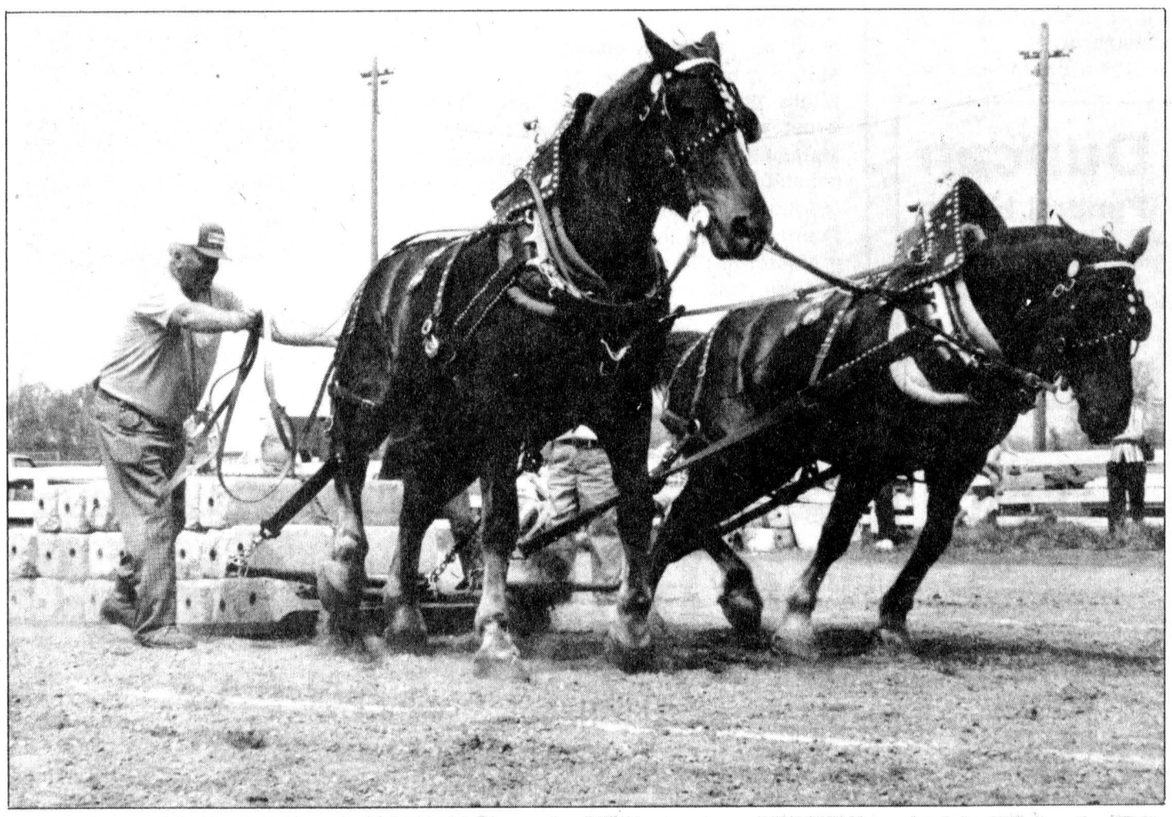
Each team was required to pull the load a distance of 15 feet to complete the draw. A teamster was given two tries to complete a draw, after which he was disqualified.

The tractor at Sunday's competition was donated by Weagant's Farm Supply, the stone boat was provived by Ken McNeely and the cement blocks were donated by Roger Pilon.

Teamster Roy Sherrer says technique, and a good relationship between puller and horse team are the most essential elements of a successful pull.

"You have to be alert and make sure the horses are ready to listen to you before they start to pull." As long as the teamster has his horses' concentration and they are comfortable with their straps and gear, they'll pull as much as they physically can, says Sherrer who's been pulling for four years and still calls himself a beginner.

When not pulling in competitions, horse teams are normally worked on farms doing field work, pulling stone boats during rock picking or exercised regularly by teamsters who aren't farmers, says Sherrer.



Teamsters participating in Sunday's horse pull had more than stiff competition to deal with. The humid weather didn't make the job any easier as horse teams pulled weights totalling 10,000 pounds at times.

KCAT principal on new board

KEMPTVILLE — A new 14-member Farm Products Marketing Board and Milk Commission for Ontario includes Kemptville College Principal John Curtis.

Curtis is one of three Ministry of Agriculture and Food representatives on the new board, which combines the Farm Products Marketing Board and the Milk Commission of Ontario, expanding the membership to include producer, processor and consumer representatives.

Previously, all members of the two agencies were civil servants.

The board's mandate includes supervision of the province's 25 community marketing boards, policy development and implementation, producer and consumer education, providing leadership to the boards and industry, and evaluating market research priorities.

The Farm Products Marketing Board was originally established in 1946 under the Farm Products Marketing Act. The board was intended to provide control and regulation of the marketing of farm products in Ontario. The Milk Commission was set up under the Milk Act for marketing of dairy products.

The new amalgamated board is chaired by Ken Knox, director of the farm products marketing branch.

The board includes a total of eight producer, processor and consumer representatives plus six civil servants. Among the producer representatives on the board is RR4 Kemptville dairy farmer Dwight Bennet.

Task force completes hearings, compiling data for fall release

WINCHESTER — The Ontario Institute of Agrologists' task force on the future of Ontario Agriculture has completed a series of hearings across the province and will release its report this fall.

According to task force member Dianne Harkin of Winchester, the task of reaching a consensus from the information presented in the hearings won't be easy. The members of the task force come from widely differing backgrounds and each brings a different set of biases to the issues said Harkin, founder of the Women for the Survival of Agriculture.

The task force on Future Directions for Ontario's Agricultural Industry, a nine-member committee, held a series of meetings to hear briefs from March 17 to April 18, visiting Winchester March 27.

Briefs were received from individuals and groups representing all sectors of the economy related to the agri-food industry.

Harkin said the members of the task force met in Guelph last week to discuss what categories to cover in the report, which will be written by task force secretary Don McArthur. The secretary will prepare a preliminary report to be debated by the task force before the final report is issued. "It has to be a report that is arrived at by a consensus," Harkin said. "Everyone is from different backgrounds, so it won't be a piece of cake."

According to Harkin, the topic most often addressed in briefs to the task force was the problem of soil conservation. Other major areas of concern included the need to make agriculture more profitable, the need for research, and the possibility of expanding the Ministry of Agriculture and Food's Farmers in Transition (FIT) program.

"There were a number of solutions presented, but whether we could implement them is another thing," Harkin said.

Before the report is released to the Ontario government, the research will be sent to a number of groups for outside input.

Dundas Junior Farmers win men's ball hockey tournament

WINCHESTER — Having spent a lot of time getting the fields ready and getting the crops in, many of the Dundas Junior Farmers have not been able to sell many of their draw tickets.

The draw is for a "Texas Mickey" or a $100 gift certificate at the Rideau Centre. Hopefully, most of us will be able to get out and sell them now that it's raining. Has no one knocked on your door yet, but you want "a few" tickets? Just contact Greg Holmes at 774-5572. He's got lots left.

Although there was a lot of slipping and sliding during our annual ball hockey tournament on May 17, our guys won the "A" finals. The ladies team from Stormont remained undefeated as they beat the Dundas ladies again.

Our square dancing team has been invited to dance with the Stormont Junior Farmers at the Finch Steam Show on June 20.

Also, the Dundas Junior Farmers will be hosting a guest from Britain in mid-June for a week or two.

Finally, our May meeting will be held on Wed., May 21 at the Winchester Community Centre.

Jampens host 4-H dairy club

by Angela Keeler

WINCHESTER — The May meeting of the West Dundas Dairy Club was held on May 14 at Rudolph Jampen's farm with the meeting being called to order at 8pm by club leader Greg Holmes.

After repeating the 4-H pledge the minutes of the last meeting were read and approved, followed by the taking of the roll call.

The meeting was then turned over to the club leaders and members assembled at the barn where they studied lesson two and received books explaining free stall and tie stall types of housing for dairy cattle.

Members then had the opportunity to see the calf barn and study the advantages of individual stalls and proper ventilation and insulation as they help in the raising of calves.

The club finished the meeting by studying and working on a crossword puzzle of the parts of a cow.

Members were then invited to the house where they were served a delicious lunch after which the hosts were thanked in the usual way.

The next meeting is to be held June 11 at 8pm at the farm of Mr. and Mrs. Tom Clapp.

Seed to Shelf members meet

by Karla Johnston

MOUNTAIN — The second meeting of the Hallville-Mountain Seed to Shelf 4-H Club was held on May 1 at the home of Howard Giles.

The composition of fertilizer and the different ways it provides plant nutrients was explained to the nine members present.

A demonstration on how to plant onions and other garden seeds and transplanting was given by Lindsay Rodgers, our junior leader. A quiz on garden tools was reviewed and a discussion on thinning, transplanting and watering was held.

For the next meeting, all members are supposed to record rainfall and temperature conditions for two weeks.

Birth Notice

AZMIER — Maureen (Sanborn) and Peter of Mountain are thankful for the blessed safe delivery of Zachary Nathan David, May 12, 1986 for breakfast. Siblings Robbin, Julie, Mimi, Barry, Andre, Don and Brian are pleased. Special thanks to Dr. Kate Darbyshire, Winchester Memorial staff and nurse Kay Jorgensen who gave beyond duty. 6-7

ASQUINI — Peter and Margaret and brothers Nicholas and Adam are pleased to announce the arrival of Joseph Burke, May 9, 1986. A special thanks to Dr. R. Dawes and the maternity staff of the Winchester District Memorial Hospital. 6

Card of Thanks

CARD OF THANKS — We wish to say thanks to our children Laurie and Michael, our families and friends for cards, gifts and their thoughtfulness in making our 25th anniversary and now our 30th, such special occasions. Thank you for remembering us, it was appreciated very much. These days have been very special to us.
—Mal and Donalda Byers 6

CARD OF THANKS — I would like to thank the Wesleyan Church Women and Dundas Manor for the lovely birthday party; Mrs. Earl Gallaher for making the nice cake; also Viola Richardson and Inez Byers. Your kindness will long be remembered.
—Jennie Leason 6

In Memoriam

HODGSON — In loving memory of a dear grandmother, Ellen Hodgson, who passed away May 22, 1985.
Every day in some small way
Memories of you come our way.
Though absent, you are always near,
Still loved, still missed and ever dear.
—Always remembered by Grandson Steve and his wife Ruth and Kevin and Scott 6

In Memoriam

BROOKS — In loving memory of a dear daughter and sister Amy, who passed away May 17, 1985.
As we loved you, so we miss you;
In our memory you are near,
Loved, remembered, longed for always,
Bringing many a silent tear.
—Antje and Jack Van der Veen and Family 6

HODGSON — In loving memory of a dear mother, grandmother and great grandmother, Ellen Hodgson, who passed away May 22, 1985.
If we had all the world to give
We'd give it, yes, and more,
To hear her voice and see her smile
And greet her at our door.
But all we can do, dear mother,
Is go and tend your grave,
And leave behind tokens of love
To the best mother God ever made,
We like to think, when life is done,
Wherever Heaven may be
That she'll be standing at the door
Up there to welcome me.
We miss you mom.
—Much loved by Dalton and Jean, Burton and Elva and Families 6

Annual Meeting

Winchester District Memorial Hospital
Main Conference Room

Tuesday, June 3, 1986
at 2000 hours (8pm)

BUSINESS

To elect Governors, to receive and adopt the Financial Statement, and to consider and transact such other business as may be brought before the meeting. Attention is drawn to the fact that any person of eighteen years of age, or older, residing within the recognized hospital area, is a member of the Corporation and entitled to attend this meeting and vote thereat.

If for any reason a quorum of 20 members is not present, the Hospital Bylaws provide that this meeting will stand adjourned until a day within two weeks to be determined by the Board.

Refreshments will be served in the cafeteria after the meeting.

H.P. Stel, Secretary
Winchester District
Memorial Hospital

Dated at Winchester, Ontario this 12th day of May, 1986.

Notice

Please be advised that Travelways Maple Leaf Ltd. will be reducing service on its Osgoode, Bourget and Limoges Line Runs from the current five days per week to a Saturday only service, effective June 13, 1986.

The new Saturday only service will commence on June 21, 1986.

We regret any inconvenience this may cause and we wish to thank everyone for their past patronage.

Travelways Maple Leaf Ltd.
