LETTER WRITING SHOULD BE A JOY

Do you enjoy letter writing? If not, maybe it's because you do it in a place more suitable to a medieval castle than a twentieth-century home.

It's hard to make daily correspondence sound like Dickens or Hemingway at a cluttered, poorly equipped or poorly lighted desk. Yet, although the average family's members spend many hours a week writing letters, homework, menus, notes or checks, little planning is given to the writing spots in many homes.

Homeowners whose writing desks or tables could stand modernization, improvement or more scientific placement should profit from the following suggestions offered by Miss Jerlyn Madison, consumer consultant of the Sheaffer Pen Company:

1. Most important, the writing corner should be well equipped. A good pen is essential. A modern pen holder—desk set—adds charm and reminds users to return the pen to its place instead of carrying it away.

2. Every writing corner, whether it's in living room, kitchen, work room or children's room, should be well lighted. Situated close to a window, it will have good natural light and will be close to an air supply on stuffy days.

3. Living room writing desks need not be new, expensive furniture pieces. An unfinished desk can be matched to surrounding furniture by a finish of colored lacquer or an expert varnishing job.

4. The kitchen "business corner," equipped with fountain pen, mechanical pencil and a spindle for bills, is a boon to any housewife. A desk conveniently built into a corner takes little space. An extra telephone in the "housewife's office" will enable her to do all her writing while keeping an eye on her cooking.

5. The children's writing corner should be in a quiet spot away from home traffic lanes, preferably the children's bedroom. It should be equipped with fountain pen, ballpoint and mechanical pencil to give the small fry practice with each. Writing equipment won't disappear if attached to the desk by a gaily colored cord.

6. The family writing desk is being transferred from living room to dining room in many modern homes. A seldom-occupied dining room corner can be converted into productive space by a simple desk or table, built-in or ready made, painted or lacquered to match dining room furniture.

No matter where the writing corner is or how it's finished, it should always have a calendar and dictionary and afford easy view of a clock, according to the Sheaffer consultant. She's convinced writing thank-you notes, composing letters, paying bills and planning for shopping is less a chore and more a pleasure if done in surroundings planned for utility and charm.

THAT APPLE A DAY

This fall, it is expected that Canadian growers will have harvested one of the largest fruit crops in the country's history. Ths would not be possible had not the chemist taken a hand in helping the grower to control a horde of insect pests and plant diseases which invade our fruit crops annually.

Take apples for example—the largest fruit crop we have. Entomologists claim there are more than 100 diseases and insects which can infest an apple orchard. Among these are apple scab, codling moth, apple maggot, European red mite, rosy aphid, cankerworm and many others. At one time orchardists were helpless against such destructive pests. Scabby, wormy fruit on the market was the rule rather than the exception.

Then came the chemists. Working hand in hand with entomologists and growers, they developed lethai chemical sprays and dusts. Bordeaux mixture, calcium and lead arsenate, ferbam, DDT, and parathion came from their laboratories after painstaking research. A chemical was even produced to prevent premature dropping of fruit before it was picked. In all, an apple grower has to apply about a dozen sprays to his orchard during the year to stave off the diseases and insects which would destroy it.

The results not only show in cleaner and more succulent fruit, but in greatly increased yields and higher profits to the grower.

CIGARETTES AND TAXES

If the government still has its fingers crossed on whether or not it pulled a boner in slapping a huge extra tax on cigarettes last April, present figures should give the answer.

Right now the statistics appear to show the law of diminishing returns operating full blast. June releases of cigarettes for consumption were off seventeen per cent. to 1.357 million against 1.643 million in the same month last year. The drop for May and June combined is thirteen per cent., and it can be argued that the government is now collecting less money at the higher tax rate than it did at the old and smaller rate.

This trend is not exactly an unexpected one, although it must be causing considerable concern in our government, especially after being warned last April that such a drop might occur. As well, the Government is forced with controlling a country-wide upsurge in smuggling, especially cigarettes, because the spread in Canadian and U. S. taxes is so great.

The present U. S. rate is $3.50 per thousand. It is now unlikely that Congress will boost this more than fifty cents at the most. Against this, the Canadian rate is now eleven dollars and fifty cents.

EDITORIAL NOTES

The Bible is still the best seller in Canada, as it is in all Christian nations.

Traffic fatalities remind us of the fine job our local Public School Safety Patrol is doing. Since its inauguration there have been no accidents. The patrol this year is once again in action and doing a fine job. Keep up the good work!

The City of St. Thomas could well be an example for all Canadian municipalities to follow when it comes to not having traffic fatalities. In approximately the last 365 days that city has not had a traffic fatality, a record held with much pride. With schools opened for another semester, motorists will have to be extra cautious in school areas for all students, especially the younger ones.

With final preparations made, and with several months of hard work behind them, Mountain Township Agricultural Society saw all their 1951 dreams washed away when their 59th annual exhibition at South Mountain was not only rained out but nearly frozen away, with cold and wet weather. The fair—known to its thousands of followers as "The Friendly Fair," invariably puts on a good show. This year's display promised to be one of the best. Disappointed but not discouragad, the industrious executive of the Agricultural Society are clearng up this year's accounts and are already making plans for a bigger and better show next year.

Some concern was voiced at a farm economic conference at Guelph over a decline in the land under cultivation in the last 10 years. In one five-year period, it was reported, some two millions acres ceased to be used for agriculture. Such a trend does not mean that we have passed the saturation point in farm production. Far from it, asserts The Financial Post. Not the best, but generally the poorest agricultural land has been given up. There are no signs yet that Canadian agriculture has reached anything close to its maximum production. True, there are no longer any vast tracts of virgin land waiting the plow, but new methods, new machines and new crops all point to still greater output in the years ahead.

As I Stand On Life's Threshold

Dear Lord, I'm just entering High School,
And You know I'm awfully keen;
So, please may I come in to tell You
I'm starting a copy-book clean.

It's cover is radiant with colour—
But its pages are spotless and white,
And that's how I'm planning to keep it—
Forever fit for Your sight.

By no blot or erasure, I promise,
Will its purity ever be scarred,
And you'll know I'm doing my utmost
To make it a record unmarred.

Then, maybe, when its last page be written
Of struggle and strife without end;
Dear Lord, You'll be pleased to inspect it,
And see that I strove to amend.

All the little mistakes and erasures,
Careless writing, mis-spelling and such,
For I want it to be almost perfect,
Dear Lord, 'cause I love You so much.

VERNON W. M. S. AND L. A.

The W. M. S. and Ladies' Aid of Vernon Presbyterian Church met at the home of Mrs. Les. Folkard on Thursday, Sept. 6th, with an attendance of 13. The W. M. S. meeting opened with a hymn, followed with Scripture reading and prayer by Mrs. Les. Folkard. Plans were made to hold a Thank-Offering meeting in October. A chapter of the Study Book was taken by Mrs. Robin Campbell and Miss Alma Hanes, the topic being Formosa—its churches, young people's work, etc. The meeting closed with a hymn and the Lord's Prayer.

Mrs. McRostie presided for the Ladies' Aid meeting which opened with the reading of the minutes. Correspondence included letters of thanks from Mrs. L. McDiarmid and Mr. and Mrs. Lloyd Goth. A name was drawn from the travelling apron and Mrs. Harvey Cameron was the lucky one to receive the apron. The repeating of the Mizpah Benediction closed the meeting. Refreshments were served by Mrs. Milton Stoodley and Mrs. L. Folkard, and everyone enjoyed a social time. A vote of thanks was moved by Mrs. W. Dow.

I ASK OF LIFE

I ask that life should give to me
An understanding unity,
An introspectve will to press
Above the tide of pettiness.
A zeal to seek, and find the cause
That makes men slave to Nature's laws.

And wisdom, tempered with desire
To set the lamps of truth on fire.
A will to make me unafraid
Of every step that I have made
Toward a purpose, or delight
Steadfastly sure that right makes might.

I ask that life should bring to me
A stronger sense of certainty,
That still within the souls of men
The good may rise and walk again.
I ask for calmness in defeat,
A spirit bearing no retreat.
A full development of mind.
A keener sense of being kind.

I ask for sight that I may see
The beauty thus surrounding me;
From Autumn leaves and twilight skies,
To trusting faith in children's eyes.

I ask for thankfulness of soul,
A faith that makes the spirit whole.
At close of day, rest sweet and deep,
The blessedness of dreamless sleep.
These things I ask of life most rare,
In humbleness of quiet prayer.

—Mabel Burdett Keenan.

THE MIXING BOWL

BY Anne Allan
HYDRO HOME ECONOMIST

Hello Homemakers! It is not always the bride who puzzles over many common cooking problems! Husbands and teenagers are often confronted with the cooking of vegetables when the homemaker has been delayed with car trouble or such. We are often asked such questions as—does this vegetable go into hot or cold water? How much water does it take? How long shouild I cook it?

So here's a pin-up note for the wall beside the range.

TAKE A TIP

1. Start vegetables in boiling salted water (1 tsp. salt per quart of vegetables). Use the smallest possible amount of water, 1-4 inch deep in heavy saucepan; 1 inch deep in lighter saucepan).
2. Cover saucepan tightly to avoid loss of Vitamin C.
3. Bring vegetables to a boil quickly, then turn electric element to low.
4. Cook vegetables just until a fork can easily pierce or cut into a piece.
5. Drain as soon as they are cooked, saving the water for gravy or sauce.
6. Keep vegetables hot by covering with a piece of cheesecloth and insert the saucepan in a kettle of hot water, if necessary.

Cooking Time Chart
(4 servings)

Any Greens or Tops, 12 to 20 mins.; Cauliflower, cut in sections, 8 to 12 mins.; String Beans, cut lengthwise, 10 to 18 mins.; Green Limas, shelled, 20 to 25 mins.; Beets, diced, 10 to 20 mins.; Carrots, small, whole, 20 to 25 mins.; Celery, cut 2 inches, 15 to 20 mins.; Corn, cobs, 5 to 7 mins.; Onions, whole, 15 to 20 mins.; Marrow (2-inch. pieces), 10 to 15 mins.; Peas, shelled, 10 to 15 mins.; Potatoes, halved in skin, 25 to 30 mins.; Pumpkin, Squash, (2 ins.), 25 to 30 mins.; Sweet Potatoes, whole, 30 to 40 mins.; Tomatoes, cut, 10 mins.; Cabbage, cut in sections, 8 to 12 mins.

THE SUGGESTION BOX

1. A good saucepan with a tight-fitting cover is a wise investment for veegtable cookery.
2. For extra delicious flavour add some fresh young pods when cooking peas. Serve with peas.
3. For fluffy mashed potatoes mash them with 1-2 cup milk to 8 potatoes. Add a pinch of baking powder and beat until fluffy.
4. For French Spinach drain the cooked spinach in a strainer and chop. Return greens to saucepan and add a thick white sauce seasoned with nutmeg or onion. Use a small amount of sauce—(1 tbsp. per cup of greens.)
5. To retain the full flavour of corn which has been gathered for hours, remove the silk but not all the husks. Boil in unsalted water (10 to 15 mins.)
6. Serve raw cauliflowerets on the relish tray. When you boil cauliflower cook the tender leaves too—and serve with browned buttered crumbs.
7. Beets may become the favourite by cooking as shredded. To shredded beets add 1-3 cup cream, 1 tsp. horseradish and salt.
8. Lima Beans combine deliciously with celery, carrots and tomatoes.
9. Parboil sweet peppers before you bake them. Wash and cut out seeds. Place 6 peppers in 2 cups hot water and 1 1-2 tsps. salt. Cover and boil 5 minutes. Drain and place in muffin tins or custard cups. Fill peppers and bake 20 minutes.
10. Serve stewed tomatoes hot or cold. Our favourite seasoning for 6 cups tomatoes is: 1 tsp. minced onion, 1-2 tbsp. sugar, 2 tbsps. butter, 1-8 tsp. pepper and 1-2 cup soft bread crumbs.
11. Fried Onion Rings: Slice large onions crosswise, 1-4 inch thick. Dip in slightly beaten egg, then flour. Fry in 1-4 inch hot fat until delicate brown. Drain on absorbent paper and serve.
12. Corn patties are a meat accompaniment. Blend together 2 egg yolks, well beaten; 1-2 tsp. salt, dash of pepper, 1 1-2 cups cooked corn, 3 tsps. dripping and 3 tsps. flour. Fold in 2 egg whites, stiffly beaten. Drop by teaspoonfuls onto a hot griddle. Cook until brown on each side.

Mrs. T. S. asks: How do you cook bacon for 12 people?

Answer: A large quantity of bacon may be easily baked. Place separate slices on broiling pan rack or a wire cake rack in a baking pan. Bake at 400 degrees until brown, about 10 minutes.

HALLVILLE YOUNG WOMEN'S STUDY GROUP

The Hallville Young Women's Study Group was held on Wednesday evening, Sept. 5th. at the home of Mrs. Geo. Coutts. The meeting opened with a short reading, followed by a hymn, scripture reading and prayer. Mrs. Lanson Hyndman had charge of the devotional part of the meeting and took as her theme on Missions, "The Supreme Task of the Church."

A very interesting travelogue was given by Miss Doris Simser, who had recently returned home from a tour covering some nine thousand miles. Doris displayed many interesting souvenirs. This part of the meeting closed with the Mizpah Benediction.

Mrs. Ralph Shaw took charge of the business part of the meeting. A presentation of a china cup and saucer was made to Mrs. B. B. Black, who is leaving the community shortly. Mrs. Coutts displayed a couple of souvenirs, one from Persia. Mrs. Trevor Thompson demonstrated a vegetable and a jello salad.

After lunch was served Mrs. Robt. McConnell thanked the hostess. The next meeting will be held on Oct. 5th at the home of Mrs. Alex Adams.

MORRISBURG WILL BE TERMINUS FOR GAS PIPE LINE

Advice has been received by the Morrisburg Council that that village will be the southern terminus for a branch pipe line to Ottawa, carrying gas to the nation's capital, from a trans-Canada line between Princess, Alta., and Montreal, Que.

The line will be built, providing permission is granted by Trans-Canada Pipelines Ltd., who on August 24th, filed an application with the Board of Transport Commissioners for Canada. If completed, the line will, in total length, rank with the largest in the world.

There will be one other branch line, from Brooklin, Ont., to serve the communities of Guelph, Kitchener and Stratford.

It is understood that the Morrisburg end of the pipeline to Ottawa would be about two miles north of the present village site. The pipe line to Ottawa would parallel Highway 31 and would pass through the outskirts of this village.

CHESTERVILLE CALF CLUB ACHIEVEMENT DAY

Thirteen members of the Chesterville Boys' and Girls' Calf Club, completed two phases of their club work for the season at the Chesterville and District Agricultural Society Fair, held in Chesterville on September 5th, 1951.

Mr. H. W. Graham, Agricultural Representative, and his assistant, D. M. Rutherford. were in charge of the contest. Five Ayrshire calves shown by Harry McRoberts, Allan McRoberts, Doris McRoberts, Carl Beckstead and Bruce Porteous were judged by Mr. Ray Simmons, of Newington, and stood in the order as listed.

Seven Holstein calves were shown by Raymond Dawley, Clarence Bell. Keyes Smith, Maxwell McRobbie, Sven Agre Jorgensen, Gerald Stobo, and Raymond Porteous, and were judged by Mr. M. Ray Wilson, of Kenmore, and stood in the order as listed.

The contestants were then scored on individual showmanship by Mr. Ray Taylor, of Brantford, official grader for the Holstein-Friesian Association. The members of the Club stood in the following order on their showmanship ability: Allan McRoberts, Raymond Dawley, Doris McRoberts, Keyes Smith, Harry McRoberts. Bruce Steinburg, Carl Beckstead, Maxwell McRobbie, Bruce Porteous. Gerald Stobo, Sven Agre Jorgensen.

Allan McRoberts, who stood first in showmanship. won the Blatchford Feeds Limited Special of $5.00 and also the Dixon trophy, donated by Mr. W. O. Dixon, of Chesterville.

Special thanks is extended to the Chesterville Fair Board who sponsored this Club, and also to the judges who so ably assisted.

Know Your Hospital!

It is likely the fact that we do not like to dwell in our thoughts upon such an unpleasant subject as sickness, that keeps us from giving more consideration to that more or less mysterious community institution—the hospital. Life holds so many pleasant things for us that the average person is inclined to give hospitals only a passing thought until the day when they or their loved ones fall ill. Then the hospital becomes to them the most important building in the community. It would seem like a good idea to pause for a moment to consider just what the community hospital is, who owns it, and how it came into being.

Suppose you were to move to a remote location where you are miles from your nearest neighbour, and many more miles from a town or city. Now, among the necessities for living in such a place would be a few medical supplies for use as first aid in the case of unexpected illness or accident. This little first-aid kit would represent a measure of security to you. You would feel protected against minor physical ailments.

It is quite possible that, as time went on, new neighbours would move in, bringing their first-aid kits with them too and, if the prospects in the area are bright enough, more and more neighbours will appear and pretty soon some young physician will hang up his "shingle" and the basis for a community health programme will have been laid.

It won't be long before the community doctor will be taking acutely ill patients into his home where he can give them constant care, and as the number of patients thus cared for by the doctor increases, the services of a nurse will be required and pretty soon his home will be too small.

It is at this point that the doctor or some community-minded citizen will suggest that it is about time for the people of the community to provide themselves with a hospital for the care of the sick. The first hospital may be, and usually is, a converted home big enough to accommodate those in the community who are too ill to be cared for at home. But it is their hospital made possible by their combined efforts as members of the community, and they are mighty proud of it.

It is sometimes difficult for us to look at an up-to-date modern hospital and visualize its history back through the first converted home, the doctor's office,, and the first-aid kit on the homesteader's shelf, but in most cases that is, in essence, exactly what lies behind even our largest hospitals. They are the giant oaks that have sprung from the acorns of the past. Some of them are very large, it is true, and, by circumstances, have been forced into the realm of "big business." They employ many people; their expenses are high as they must pay adequate wages and purchase their supplies on the open market, but they are still your own hospitals. As a community enterprise, they make no profit, have no selfish ambition—their one and only purpose is to provide facilities for the health care of the people they serve.

The next time you visit or even pass your community hospital think of it as the "first-aid kit" on your community shelf. Realize that the voluntary Board of Directors who guide its affairs are people like yourself who have an interest in the health welfare of the community and are willing to give their time and, in many cases, money to make sure that their community first-aid kit is equipped to provide the best possible service. Realize, too, that there are problems in running a hospital—problems beyond the comprehension of any except those constantly engaged in hospital work.

Your sympathetic understanding and support of your hospital can do a great deal to encourage those who are concerned about the health and lives of you and your family—your neighbour and his family.

EVENING AUXILIARY MEETING HELD AT RIDEAU HILL CAMP

A Pot Luck Supper was enjoyed by the members of the Evening Auxiliary at Rideau Hill Camp on Tuesday evening, September 11th, where they had assembled for their monthly meeting.

Mrs. K. Ault, in the absence of Mrs. W. M. Byers, convened the worship service, assisted by Miss Bertha Coons and Mrs. R. Wylie. The theme of the service was "The Church of the Frontiers"—this is Canada Year in the United Church of Canada. The two new study books, "Canadad" and "Home Missions." were introduced, and it was shown how much Canada has done in home missionary work. This part of the meeting closed with the Mizpah Benediction.

In the absence of the president, Mrs. K. Ault presided for the various reports. She welcomed the members and guests and voiced appreciation for such a good turn-out. It was decided to canvass each member for an extra donation rather than have a food sale, to help make up the allocation.

The meeting closed with the Lord's Prayer.

IN MEMORIAM

IN MEMORIAM—In fond and loving memory of a dear husband and father, George B. Folkard, who passed away September 16th, 1949.

Shall we blame our Father's wisdom?
Shall we sit enswathed in gloom,
When we know our loved one's happy,
Waiting in the other room.
He is not dead, our well beloved,
Nor has he travelled far,
Just stepped inside the other room
And left the door ajar.
—Ever remembered by Wife and Family. 16p

IN MEMORIAM—In memory of a dear wife and mother, Mrs. Mary Goodfellow, who passed away at her home in Toronto on September 11th, 1950.

My thoughts wander as daylight fades
To the land of long ago,
And memory paints the scenes of old
In the gold of the twilight glow;
I seem to see in the soft dim light
A face I loved the best,
I think of her when the sun's last ray
Goes down in the far-off west.
—Lovingly remembered by Husband, Lockie, Edna and Grandchildren. 16p

MacIntosh Clan Held Annual Re-Union At Doran's Point

The annual gathering of the MacIntosh Clan was held at Doran's Point, Iroquois, on Labour Day, September 3rd, with Dr. Pember A. MacIntosh presiding, assisted by Mr. Alex Ross, of Prescott, as master of ceremonies. Despite a smaller than usual attendance, due to threatening weather in the forenoon, the event proved highly enjoyable. The guest speaker was Mayor A. L. McAuley, of Prescott.

Following the usual dinner at the MacIntosh camp, in which the menu featured the Haggis, boiled tatties, "fiddleshooks" (a product from a certain type of fern or bracken), cheese, tomatoes, and other choice articles of food, the programme, conducted under the oak and maple trees in the grove in which the MacIntosh camp is located, was opened with the customary service of remembrance for those of the Clan who had died during the past year.

One minute's silence was observed in memory of the following members of the Clan deceased since last year's gathering: Mr. Thomas L. McIntosh, Woodstock, in his 88th year; Mr. William Forsythe, Waddington, N. Y., Mrs. Clinton MacIntosh, Toronto; Mrs. Robert Reynolds, Spencerville; Mrs. Charles Hart (Rose MacIntosh), Aultsville, and William W. Neal, Prescott.

An inspiring set of Highland and Irish dances by Barbara Atchison, Bonnie and Mickey Cross, Lillian Lane and Barbara Heagle, of Aultsville, all of whom presented a colourful spectacle in Highland costumes, and accompanied by the pipes, was enjoyed.

Christening

Considered by members of the MacIntosh Clan as the most important part of the annual gathering was the baptizing of three children, new members of the clan, by Rev. John Hurst, of Shanly. The dignity of the baptismal service, with its traditional solemnity and beauty, was enhanced by the natural surroundings in which the ceremony was held, beneath a mighty old oak, in bright sunshine, and with the majestic St. Lawrence in the background.

The children, to whom the sacrament of baptism was administered, were: Lorna Nellie Pearl, daughter of Mr. and Mrs. Lloyd Sullivan, of South Mountain; Gail Irene, daughter of Mr. and Mrs. John Wesley Hart, R. R. 1, Aultsville; and Sylvia Jean MacIntosh, daughter of Mr. and Mrs. Graham MacIntosh, Cornwall.

"Jock" F. Reid, formerly P.E.R.C. Director at Prescott, outlined some of his experiences in Canada since his arrival from Scotland three years ago. A native of Ayr, Scotland, the birthplace of Robert Burns, the celebrated poet, "Jock" extolled the virtues of the poet, stating that his outstanding characteristics were his almost sublime understanding of humanity, its frailties, weakness, and his fierce and bitter hatred of hypocrisy. "It is unfortunate," the speaker declared, "that the majority of Burns' poems were written in his native dialect, for he penned beautiful phrases in his Mother tongue, and most of these can only be enjoyed and appreciated by people who understand the Scots tongue."

Races

Prize winners in the sports programme were:

Boys under 12—Len Johnston.
Girls under 12—Margaret Macdonald.
Boys over 12—John MacIntosh.
Girls over 12—Barbara Atkinson.
Thin Man's Race—Gordon Kenyon.
Putting the Shot—Walter Johnston.
Tossing the Caber—Walter Johnston and Lyle Sullivan, tied.
Fat Man's Race—Dr. Pember MacIntosh; 2nd, C. E. MacIntosh.
Free-for-all Race (Boys), Bruce Reid.

The tug-of-war contest between representatives of Grenville and Dundas counties was won convincingly by a much heavier Dundas team. The Grenville team put up a valiant fight, however, before admitting defeat.

Greetings From Chief

In the course of the programme, Dr. MacIntosh made reference to a message of good wishes received from Vice Admiral Lachlan MacIntosh, of MacIntosh. There was also on display on the historical board an excellent photograph, autographed by the MacIntosh, in which he is shown standing in front of historic Moy Hall. Dr. MacIntosh also referred to the water used in the baptismal service, explaining that it was a mixture from the River Jordan and from Loch Moy on the MacIntosh estate near Culloden Moor.

The customary group photograph was taken during the afternoon, when the crowd had swelled to something like usual proportions, with a welcome improvement in weather conditions.

Guests at the gathering included: Mayor and Mrs. A. L. McAuley, Mrs. William Neal, Miss Betsy Neal, Mr. and Mrs. Ralph Haines and family, Mr. and Mrs. Robert McVey, Mr. and Mrs. John A. Morris, Mr. and Mrs. C. E. Nesbitt, Mr. and Mrs. Perry and son, Mr. and Mrs. George Baldwin and family, Mr. and Mrs. Lachie Macdonald and family, Mr. and Mrs. Alex Ross, Mr. Allan Reid and son, Bruce, and Mr. Jock Reid, all of Prescott; Mr. and Mrs. Frank Shaver and family, Mr. and Mrs. Wilbert Coons and family, Mr. and Mrs. Jack Latimer and Mr. and Mrs. Sam Hamilton, all of Cardinal; Mr. and Mrs. N. ADAMS REUNION

The annual picnic of the Adams Clan was held at Brinston Memorial Park on Monday, Sept. 3rd, with about sixty members present. The arrangements for the day were planned and carried out by the president, Rev. Basil Adams, and the secretary, Mr. Delmar Adams.

After all had partaken of a sumptuous dinner, Rev. Mr. Adams conducted several contests. Linda Jane Halane, of Brinston, was the youngest member present, and Mr. Hugh Adams, of Prescott, was the oldest member present.

Guests were present from Prescott, Johnstown, Montreal, Kars, Winchester Springs, Cardinal, Iroquois, Mainsville, South Mountain, Williamsburg, and Brinston. During the afternoon all enjoyed a sing-song and softball game.

Plans were made for a similar reunion in 1952 to be held at Brinston Memorial Park on the first Monday in August, with Mr. Gerald Adams, of Williamsburg, president, and Mr. John Bell, of Brinston, as secretary-treasurer.

HULBERT W. M. S.

The monthly meeting of the Hulbert W. M. S. was held at the home of Mrs. Addie Graham on Sept. 5th at two o'clock. The meeting was opened by the president with the call to worship. Prayer from the Study Book was given by Mrs. Percy Ellis. The introduction of the new Study Book was taken by Mrs. Ira Ellis and Mrs. Nelson Scharf. A short poem was read by Mrs. Annie Graham. Readings were given by Miss Florence Roode, Mrs. Nelson Scharf and Mrs. Maud Keyes. Mrs. Jas. Burden offered prayer and read a poem. Following the business portion of the meeting, lunch was served and a social hour spent.

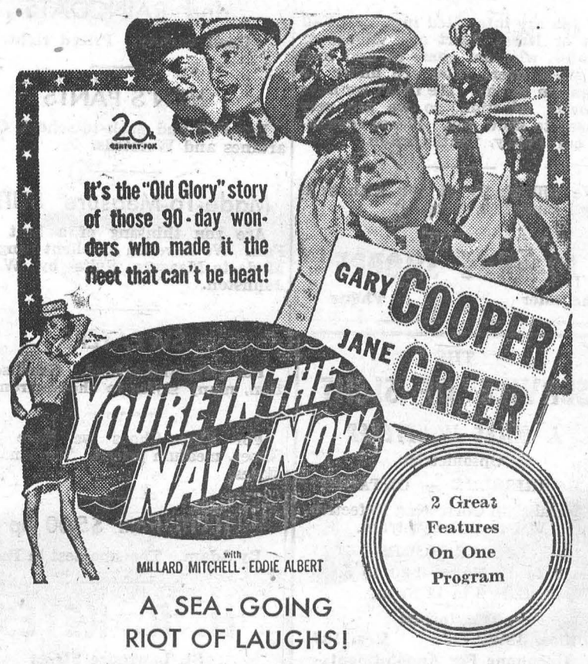
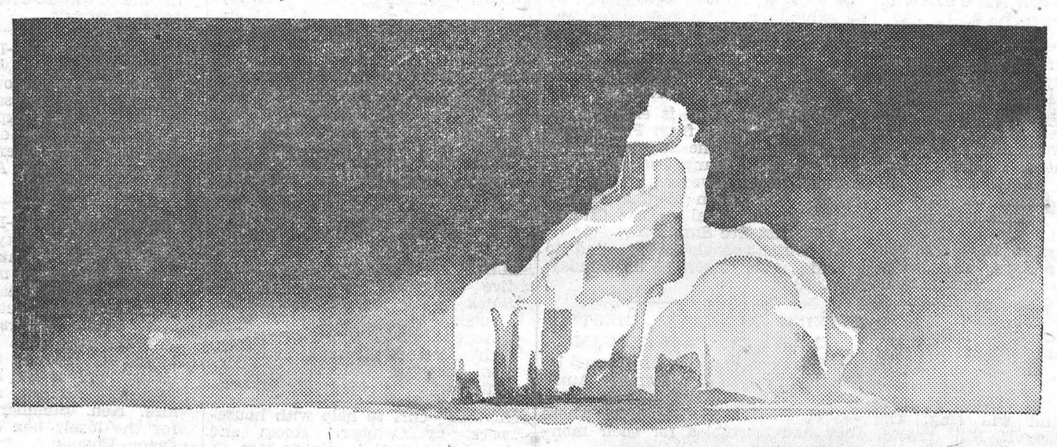
CO-BILLED WITH THIS GREAT HIT





THE SHIP'S CAPTAIN is not content to steer his course by what he sees of the iceberg in the distance. He knows that seven-eighths of the berg is below water and plenty of room must be allowed for the *unseen*.

When you are a patient or visitor in a hospital, you see only a fraction of the service that goes to make folks well and strong again.

who said they've seen an iceberg!

There is a host of *unseen* people — X-ray and laboratory technicians, dietitians, medical records librarians, nursing assistants, orderlies, laundry workers, housekeepers, office and maintenance staffs, stationary engineers, electricians, carpenters and others — making up the team that gives the patient the care and comfort needed at the most critical time of his life — when illness or accident strike.

Our hospitals do not display much of what they do for the sick of the community. We, as citizens, owe a great deal to these non-profit public institutions which, in the face of inflationary times, are doing everything possible to give us, at low cost, *priceless* life and health.

Because we believe that our hospitals provide an indispensable humanitarian service, we feel privileged to bring you this message . . .

WINCHESTER and DISTRICT MEMORIAL HOSPITAL

Know your hospital - know your doctor Better

Keep Covered

Never leave bottles containing cream or milk uncovered in the refrigerator. Odors from other foods are quickly absorbed by cream and milk.

Double Strength

Be sure, when making coffee, tea or chocolate, that is to be served ice-cold, to double the strength. This allows for the ice used in cooling the beverage.

"What's new?"

AS HE PULLS UP at the end of his day's run, it's just his friendly way of saying "hello". But if there *is* some important development in town, he expects his friend the bank manager will know about it: . . . plans for enlarging the school . . . the chance of a new factory opening up . . .

It's part of the bank man's job to know his community. His customers expect him to know "what's new" in other parts of Canada and elsewhere, too . . . business facts, leads to new markets at home and abroad for farm as well as factory.

You will find *your* bank manager well posted, and ready to serve you. Chartered banks work that way.

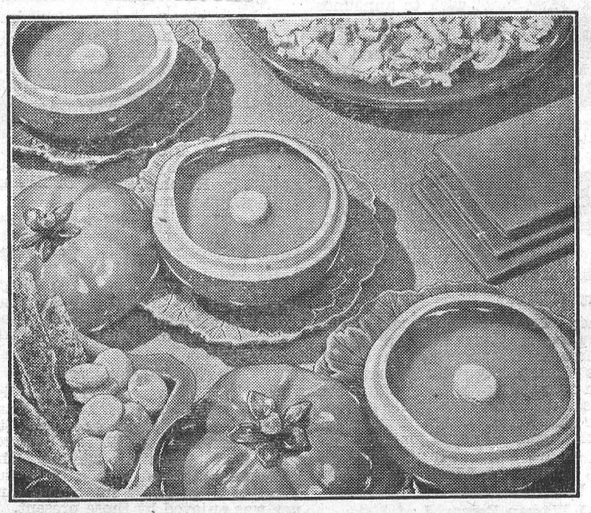
Tomato Is Tops In Soup



FIRST place among soups belongs to the rosy red tomato kind. It's the soup that "most folks like best."

Select tomato soup as the main meal feature and all kinds of menu combinations suggest themselves. For instance, take tomato soup with sandwiches — most any sandwich is a good "soup-mate." Or introduce a fresh new note at each serving of soup by sprinkling on a different garnish or tidbit. Combinations — tomato with another soup — are good for a change also.

SANDWICHES THAT MAKE enticing eating with tomato soup are bubbly grilled cheese-wiches or juicy hamburgers with tasty trimmings. Another favorite with soup is a rich peanut butter sandwich with a crisp topper like cole slaw or shredded carrots.

TOMATO SOUP COMBINATIONS can give you that "something different" to serve as a special treat for supper now and then. Just blend together one can of the tomato with one can of another soup; then add liquid as directed. Sure winners among combinations are tomato with any of the following — cream of celery, clam chowder, chicken gumbo, and beef noodle.

FOR GARNISHES and snack-bits to go with tomato soup, you can "shoot the works." Make your own or take advantage of all the "crunchables" at the grocery store. A sprinkle of popcorn, crisp little corn chips, a crisp or a puffed cereal is a happy surprise on a bowl of soup.

Croutons and toast sticks also have many possibilities. These tidbits are magical mouthfuls that you can make so easily from dry bread. Just mix a flavorful ingredient like garlic salt into butter or margarine; spread mixture on both sides of dry bread. Cut into strips or dice-size squares; then toast bread in a moderate oven about 15 minutes. Here are some super spreads for croutons and toast strips.

GARLIC: Blend ¼ teaspoon garlic salt into 1 tablespoon softened butter or margarine.

CHEESE: Mix ½ teaspoon grated parmesan cheese into 1 tablespoon softened butter or margarine.

SEED: Mix ½ teaspoon poppy seed or ¼ teaspoon caraway seed into 1 tablespoon softened butter.

HERB: Blend ¼ teaspoon thyme into 1 tablespoon softened butter.

SOUP SCOOPS

TWO-IN-ONE SANDWICH: Glorify a hamburger or hot dog by topping it with a spoonful or two of pork and beans before you close the bun. A little mustard and lettuce, if you like, makes this a meal in a sandwich.

• • •

"HAM-ETTI": The last odds and ends from a piece of ham are wonderful to add to prepared spaghetti. Brown the ham and a little chopped onion in hot shortening in a skillet. Open a can or two of spaghetti (the kind in tomato sauce with cheese) and put it in the skillet. Stir all together and heat well. Folks go for that.

MEMORIAL HOSPITAL LADIES' AUXILIARY MEETING

The regular meeting of the Winchester District Memorial Hospital Auxiliary was held in the Town Hall, Winchester, with 26 members present, representing seven units. The president, in her opening remarks, welcomed back everyone after the summer recess.

Following the approval of the minutes of the June meeting, a letter was read from the Board of the Hospital, expressing their appreciation of the help and co-operation received from the Auxiliary.

Miss Wilson reported bountiful donations of vegetables and flowers, as well as a gift of $50.00 from the Women's Institute of Carleton County for use in the Laboratory. The purchases authorized by the Auxiliary were received, as follows: one juicer, cautery, book case for the doctors' room, portable beater, and a vegetable slicer On order at present are a suction machine and a meat slicer.

The treasurer reported membership fees from Russell of $8.00 and Morewood of $37.00, as well as donations amounting to $43.00. After the purchase of the above articles, the bank balance shows $1824.36. It is suggested by Miss Elliott that the financial statements from the various units be sent to her before the October meeting, which is the annual meeting.

A short diversion in the form of a reading by Mrs. Marcellus 'The Ups and Downs of Married Life" was greatly enjoyed.

The meeting agreed to the motion by Mrs. Faye Scott, seconded by Mrs. Neil Hutt, that the Financial Statement be published in the Chesterville Record, the Winchester Press and the Russell paper.

Mrs. C. R. Robinson and Mrs. Archie Rice were placed in charge of refreshments for the annual meeting, with power to add to their committee if necessary.

The meeting closed with the singing of the National Anthem.
