Perth Man Wins Refrigerator At Rotary Club Fun Fair

Wednesday night saw a fine crowd enjoying the games and fun of the annual Street Fair of the Chesterville Rotary Club. The weather was cool and the crowd generous and the coffers of the club are swelled by a good amount to enable the club to continue their program of service work.

The Dog Parade opened the show with a fine assortment of pups competing for the prize money. Audrey Baindese copped the first, with Caroline Durant getting second and Carol Harper third. In the Bicycle Parade, Jimmy Moran was top of the class with Carl McMillan, Reggie Harper, Hubert Daniels and Jimmy Shorton runners-up.

The main event of the evening was the grand drawing for the big refrigerator and the other prizes. George Barr of Perth was the lucky winner of the refrigerator; Bernard Lynch of Berwick collected the watch; J. H. McGinnis of Wales held the ticket on the Mixmaster and Milton Hillis of Lunenburg was the holder of the slip for the travelling bag.

The Chesterville Rotary Club is very grateful for the generous response of the public in their efforts to raise money for a good cause. The suppliers of the prizes deserve special mention. Dixon and Rowe were most generous in enabling the club to acquire the refrigerator for the grand prize. Wenger's Ltd. of Montreal made an outright gift of the fine Gladstone watch to the club through their dealer, P. J. Gilroy. The other prizes and merchandise were purchased at a generous discount, given willingly by the merchants.

The evening entertainment carried on in the Auditorium to the music of Russ Hayes' orchestra, and many couples circled the floor.

OUT, FALSE NOTION !

Some think, as a child might think, that if a little sulphur and molasses is good, then a whole lot must be better. It is this type of poor reasoning that is followed by proponents of the complete welfare state.

Today, we have a degree of government aid in Canada—there is the baby bonus, among other things—but, by world standards in 1949, only a pessimist would say we are a socialist state. There is, however, a feeling among a goodly section of the community that government should extend its system of welfare benefits, that more and more taxes should be levied to cover more and more welfare projects, that the weak should be carried permanently on the backs of the strong.

The straight - from - the - shoulder preaching of socialism has thus far failed to convert Canadians, but the undercurrent thinking persists that we can have a welfare state without embracing the paternalism of all-out socialism.

It is a false notion because, with the acceptance of more and more state hand-outs, brought into being by increasing the burden of taxation on the shoulders of the recipients themselves, there will arise a loose sentimentality that will lump the many who are parasites and incompetents with the few who are truly unfortunate. Eventually these parasites, living upon the strong, will destroy the strong and the direction of our lives will be taken over completely by political regulation.

Let us think carefully before we demand added social security measures. In receiving them, we will be paying for them out of our own pockets, because no government can create these things without taxing the people to pay for them; no government can increase its hand-outs without assuming more and more power over the taxpaying citizen.

We must beware the slow corruption of our minds by the propagandists who claim we can have a welfare state without its attendant evils. We must guard against swallowing the ideology whole just because we have tasted a few of the responsibilities that are part and parcel of the welfare state.

Conversely, if we sue for and win paternalism, we must be prepared to behave and obey like the irresponsible children we would certainly be.

Season Shortened For Deer Hunting

The Counties of Leeds, Grenville and Dundas are included in the general open season for deer this year and the season has been shortened to nine days - November 14th to November 23rd, inclusive. It is hoped that the pressure of hunters will be slackened in Lanark and Carleton west of the Rideau, and that the people who used to take deer illegally in the southern counties will convert to legal hunters who will assist in checking the jacklighters.

Reports indicate that deer jacklighting has started again. An unknown number of deer were killed last year as well as two horses, eight cows and thirty-seven sheep, reported to the Ditrict office. Anyone who sees suspicious persons or conditions is asked to report the matter immediately, and so help in the preservation of law and order as well as of game.

Owners of dogs running at large, and Sunday hunters have been chief subjects of prosecution.

Church News

MOREWOOD UNITED CHURCH

The service at Morewood United Church on Sunday morning was conducted by the minister who preached from Heb. 12,1; "Run with patience the race that is set before you." To the early disciples there was a race to run and that race was set before them. There was the church to establish; the gospel to preach; the world to have. For the carrying out of their task they would need patience for there would be much to suffer and a big price to pay. The courage to carry on; the fortitude to endure and the strength to win could come from only one source and could be secured by "Looking unto Jesus the Author and Finisher of their faith. To all believers today, there comes the call to carry on. Recent pronouncements by men of science declare that the atom bomb is comparatively speaking obsolete; that biological weapons are so deadly that the whole of humanity could be utterly destroy in a matter of a few hours. If the next generation persists in the standard of values that are held today, humanity is doomed. Jesus Christ is the only answer to the world's needs. The application of the principles of the Cross of Christ offers the only salvation for the individual and for society. All Christians are called to carry on through the activities of the Church to convert humanity to the Christian way of life.

An appropriate anthem was rendered by the choir under the direction of Miss Ellice Smith.

If a new or used tractor would help you *we're interested*

You already know that you can borrow money from this Bank under the terms of the Farm Improvement Loan Act, to buy new farm equipment, construct new buildings, buy new stock, or make any other worthwhile addition to your farm.

But did you know that this Bank can also make these loans to finance the purchase of used farm equipment, and to make repairs or alterations to existing farm buildings?

If you want to sell your old tractor to get a new one, and your buyer hasn't enough ready cash, ask him to discuss his problem with the Bank of Nova Scotia. Remember, if farm improvements will help to make your farm more profitable, we're interested.

THE MIXING BOWL

By ANNE ALLAN

Hydro Home Economist

Hello Homemakers! Delicate in flavour, tender in texture, attractive in colour and shape and altogether delicious is the way all vegetables should be served. But too often common cooking methods leave vegetables soggy and colourless. So we review do's and don'ts to encourage you to keep the true colour and goodness of fresh garden produce.

1. Never use soda in cooking vegetables. It destroys some of the vitamins and flavour.
2. Recommended cooking methods are baking, steaming and steam-boiling. This latter method is cooking in as small a quantity of water as possible, such as half an inch. It is recommended for young, fresh garden vegetables.
3. Over-cooking and too much water cause loss of minerals and vitamins and destruction of true colour and flavour.
4. The liquid in which a vegetable has been cooked or canned should be used for soups, cream sauces, gravies or vegetable juice drinks.
5. Fresh or dried herbs, leaves from celery tops often add flavour and variety to vegetables or other dishes.
6. Serve a raw vegetable once a day.
7. Scrub tender young vegetables. Trim wisely. When you peel, peel thin. When you cut, cut even pieces. When prepared, do not allow them to stand in a warm room, keep in a small amount of water in the refrigerator. Better still, prepare vegetables in time to dash them onto the stove to cook.
8. Add 1 teaspoon of salt to each pint of water and then it is not necessary to add salt when they are eaten.
9. No matter what some people say, a tight-fitting cover maintains an even, constant boiling point and prevents too much steam escaping, therefore reducing the danger of burning dry.
10. When the pot of vegetables begins to boil, reduce the heat to keep boiling, but never allow to "rushing" boil.
11. Do not cook to death. Keep track of the time. When a fork can be gently pushed into a piece, drain the liquid into an enamel or heat-resistant glass jar.
12. To serve as a buttered vegetable, shake the fresh cooked food over a warm electric element, then add 1 tbsp. of butter for each cup of vegetables. Fold a piece of cheesecloth over the food if it is not being served immediately. Serve in a warm vegetable dish.

TURNIP SCALLOP

3 cups turnip
¼ cup margarine
¼ cup flour
2 cups milk
salt and pepper

Slice turnips thin, cut circular pieces in strips. Place a layer of turnip in greased casserole, sprinkle with flour, salt and pepper. Now add second, then third layer, lightly sprinkling with seasoned flour. Cover with milk. Bake in a preheated electric oven for 50 minutes.

TOMATOES STUFFED WITH SALMON

6 tomatoes
1 tsp. grated onion
1 tbsp. butter
½ cup bread crumbs
salt and pepper
½ cup salmon

Prepare tomatoes as for Stuffed Tomatoes. Cook onion in butter for 5 minutes. Add crumbs, salmon, salt and pepper. Stuff tomatoes and place them on a baking sheet. Sprinkle on a few more salted crumbs. Bake in preheated electric oven of 400 degrees for 20 minutes.

SPICED SUMMER SQUASH

Wash, quarter, or cut in thick slices. Steam or cook 15 to 20 minutes until soft, in a small amount of boiling, salted water. Drain thoroughly, mash, and season with butter, salt and pepper and nutmeg.

SPINACH RING

6 cups spinach
1|3 cup butter
¾ tsp. salt
2 cups cooked buttered beets

Cook washed spinach, sprinkle with the salt for 12 minutes. Drain and dot with butter. Press into a ring on a platter, leaving centre for the buttered beets. Garnish with slices of hard-cooked eggs.
