Victory Loan Still Lags In This District

Up until Tuesday evening, Winchester and district had raised a little over 30 per cent. of its objective in the Sixth Victory Loan campaign. Total sales of bonds on Tuesday evening amounted to $48,150, the objective is $150,000. With half the time of the campaign elapsed, this district will have raised only one-third of its quota. That means that local salesmen will have to accelerate their efforts, and that local and district citizens will have to purchase bonds to the limit of their capacity if our objective is to be reached —and there is no reason why it shouldn't. Victory Bonds are Canada's finest security for investment— and by investing in them you are backing our boys on the fighting fronts.

Mr. E. R. Summers is at present the leading salesman in this district His total is $16,600.00. Mr. Allen Summers is close behind with a total of $16,100.00, while Mr. Leroy Boyd has a total of $13,450.00. Bonds sold at the local bank to date total only $2,000.00, but the manager, Mr. Stevenson, says he is ready and anxious to serve all who may wish to take advantage of the bank for their Bond transactions.

Chesterville and district have the highest percentage in the United Counties with 45 per cent. of their objective reached.

Up in Mountain Township they have raised about one-third of their objective of $90,000.

Next week is the final week of the campaign and we would urge all citizens to give the matter of investing in Victory Bonds serious thought. The boys in the services are buying bonds, so why should we at home hesitate. Put Victory First and Buy Another Bond Today.

This amounts to $1245.00, which will be deducted from the consumers' hydro accounts at some future billing. It is quite a while since this community enjoyed a rebate on hydro bills and, no doubt, all concerned will be happy to learn that one is due soon.

PROMISE REPAIR OF 7 MILES OF HIGHWAY AT VERNON

A promise that repairs on seven miles of the Morrisburg highway at Vernon would be given immediate attention was promised by Highways Minister Doucett, to Ottawa's delegation to the Tourist Travel Conference in Toronto, it was reported at a meeting of the city's industrial and publicity committee, last Friday.

Alderman McCulloch said that he and Alderman Hamilton, who attended the conference, had urged that the road be repaired, since it was the shortest route from the United States to Ottawa.

Mr. Doucett told them that as soon as repair work is started the highway would be given first consideration.

Alderman McCulloch, in his report of the conference, said the delegates were given every consideration by Municipal Affairs Minister and Provincial Secretary George Dunbar, Provincial Treasurer Leslie Frost, and Ontario Tourist Director Douglas Oliver.

It was agreed that letters of thanks be sent to the three officials.

Alderman Pingle was chairman of the meeting.—Ottawa Journal.

Army Show Was Greatly Enjoyed

On Saturday evening last, the "Victory Loan Army Show" from C. I. (B.) T. C. No 31, Cornwall, with a cast of 40 soldiers and C.W.A.C.'s, was presented in the local town hall, which proved to be wholly inadequate to accommodate the crowd which attended. The hall was packed to capacity, with many being turned away, unable to gain admittance. An admission fee of 25c was charged and the proceeds, which amounted to $60.00, were donated to the Red Cross Society.

The program, while not too lengthy, proved to be one of real entertainment, and the large audience voiced their appreciation by hearty applause after each number.

Reeve Albert Turner, chairman of Winchester's Victory Loan Committee, welcomed the cast to Winchester. In a short address prior to the opening of the show, he urged all citizens to put their shoulder to the wheel and help carry the war load in the same manner as the armed forces were doing. To do this, Reeve Turner called upon the citizens of Winchester to buy Sixth Victory bonds to the utmost of their ability in order to ensure an early Victory and bring the boys back home.

The Victory Show opened with the entire cast marching onto the stage, with a rendition of the current hit "The Victory Song." The Glee Club, comprising 12 male members of the cast, received hearty applause in their renditions of "The Marine Hymn," "There'll Always be an England," and "Tipperary."

Sheila Quigley of the C.W.A.C. was charming in her singing of "My Heart Tells Me" and "When Day is Done," and was repeatedly encored by the enthusiastic audience.

A novelty tap dance was then given by the diminutive member of the cast—Mrs. Greta Barks, who was attired in a very becoming Highland costume.

Lucien Caron had his audience mystified in his opening number, when he impersonated a coloratura, "Madame Cerise," in French opera songs. Following this number, Gaston Laroche, Phillip Cloutier and John Gervais rendered several French folk songs.

Frank McKeown and Romeo Huot then gave a comedy skit entitled "We Are In The Army Now," and introducing Elmer Snodgrass, which drew rounds of applause from the audience.

Sgt. Thibeault, a newcomer to the show, proved a versatile singer and guitar player. His Swiss yodelling numbers were very well received.

"The Dempsey Sisters and Webster" featured the next number in which they appeared as a "Hill Billy Trio." These three winsome members of the C.W.A.C. received a big ovation at the conclusion of their singing. They were accompanied by Pelletier and Jannack, the guitarists.

During the intermission, the "Army Swingcapaders" consisting of 12 talented musicians under the direction of Sgt. P. Cloutier, rendered musical selections including popular Southern airs.

The second part of the Victory Show opened with George Pelletier and his guitar, in which George sang popular Western songs. Five of the Army "Swingcapaders" then combined to render a "Swing Session," with Cpl. Mulligan and Pte. Motard rendering saxophone and clarinet solos.

The "Yodelling Cowboy," in the person of Pte. Jannack, was the next item, and he drew several encores from the audience. A skit entitled "The Bootlegger's Daughter," evoked much mirth and laughter, with Romeo Huot and Frank McKeown both endeavoring to define the contents of a large suitcase in possession of a very attractive and becoming traveller, played by Carey Hughes, C. W. A. C.

Miss Hughes then appeared as a soloist and rendered the popular song "I Surrender Dear."

A short skit entitled "The Paper Doll," was then presented by Carey Hughes, Jack McColl and Joe Soehn, with the latter acting as vocalist.

The highlight of the victory show was that staged by Bernie Bergeron and Bill Brown in a skit entitled "Kiss Me Goodnight, Sgt.-Major."

In the finale, the entire cast appeared on the stage and rendered current Victory Loan song hits.

C.S.M. Romeo Huot made a very efficient Master of Ceremonies.

During the performance, Joe McDerby, public relations committee chairman, addressed the audience and pointed out the desirability of investing heavily in 6th Victory Loan Bonds. He congratulated the citizens of Winchester on the splendid showing they made during the 5th Victory Loan drive, but urged them to buy bonds to an even heavier extent during the present campaign.

Following the program, the entire cast was served refreshments by the members of the local Women's Institute, of which Mrs. E. Libera is president. Mrs. Neil Hutt was convenor for the evening.

On behalf of the cast, the W. I. was thanked for the delightful lunch by Capt. H. W. J. Barnett, after which they all joined in singing "For They Are Jolly Good Fellows," and the troupers from Cornwall giving three rousing cheers for the ladies.

Arrangements for the show were made by W. F. Workman, local publicity manager for the War Finance Committee, and the chairman, Reeve Albert Turner.

Officers who accompanied the show to Winchester were: Capt. H. W. J. Barnett, Lieut. W. Adams, Capt. F. Burns, Lieut. B. Bergeron, Lieut. C. McPhee, Lieut. Wm. Mutch, Lieut. G. Laroche and Lieut. J. Mann, C.W.A.C.

Mr. Ken. Cockburn, assistant Victory Loan organizer for the United Counties, was also present.

LOCAL BOYS RETURN FROM OVERSEAS

Two local boys were among the soldiers recently returned to Canada from overseas. They are Pte. Frank Day, of the R. C. E., who has been overseas for the past three years, part of which time he served in Sicily; and Pte. Keith Cameron (Lang) of the Hastings and Prince Edward Regiment. Keith has been overseas for over four years and, prior to returning to Canada, had spent several months with the Canadian Forces in Italy.

Capt. Harold Beach Promoted To Major

The Press learned last week that Capt. Harold Beach, son of Mr. and Mrs. N. W. Beach, had been promoted to the rank of Major. Harold enlisted in the Royal Canadian Dental Corps in January, 1940, serving at Rockcliffe and St. Thomas airports until February, 1941, when he went overseas. He served in England until 1943 and was then transferred to the Mediterranean area and served with General Montgomery's Eighth Army through the Sicilian campaign and up the Adriatic coast of Italy. Two months ago he was sent back to England for lighter duty, following an illness. His present address is: Major H. N. Beach, No. 4 Company, Canadian Dental Corps, Canadian Army Overseas."

The Press joins with Harold's many friends here, in extending congratulations on his recent promotion to Major.

ST. PAUL'S W. M. S.

St. Paul's W. M. S. was held at the home of Mrs. Geo. Angus on Tuesday, May 2nd, with the President in the chair. The meeting opened with prayer by the president and a hymn was sung, followed by the Bible reading from Acts 8. The minutes of the last meeting were read and also a letter read from Mrs. Fitzsimmons, regarding the Presbyterial to be held in Brockville on May 9th. Mrs. A. G. Suffel was appointed delegate to attend the Presbyterial. It was decided to hold the June meeting in the S. S. rooms and to have as our guests the United W. M. S. and members of the Agnes Glassford Auxiliary. The treasurer's report was given, and roll was answered with a proverb by 13 members. The National Anthem was sung, followed by prayer by Mrs. A. G. Suffel.

Departmental reports were given and a very interesting report of the Provincial held at Hamilton was given by Mrs. J. G. Wilson. Miss Grace Irving then took over the meeting as convenor of the programme. A hymn was sung and prayer offered by Mrs. Angus. A very interesting paper on "British Guiana," was given by Miss Irving. A well rendered duet was sung by Mrs. W. Moffat and Mrs. C. Hay. The Bible Study was the story of "Ruth," told by Mrs. Angus. The meeting closed with a hymn and prayer by Mrs. Wm. Johnston.

By Jim Greenblat

An interesting sidelight on price control is one which crops up in the annual report of the Wartime Prices and Trade Board and which we pass on as food for thought, not propaganda. Just how do family budgets fare when war hits this country? In this housewives are directly concerned. Without a control organization during the last war, consumers found that in March, 1919, it took $1.54 to buy what one dollar bought in 1914. Today, with price control, it only takes $1.18 to buy what a dollar bought in 1939. Each taxpayer's share in the operation costs of this government Board amounts to about 10 cents a month. Total administrative expenditures from April 1st to December 31st, 1943, were $9,901,439.

Canadian householders will be able to toast their toes in comfort next winter if they co-operate as they did last year, says Canada's coal controller, who has given out a tentative forecast of what you can expect for the 1944-45 heating season. Canada will get about the same amount of U. S. anthracite as last year, but incoming Welsh coal will show a reduction and maybe they'll have to divert some U. S. anthracite, normaly used in Ontario and Quebec, to the Maritimes for consumers whose equipment is not suitable for burning Maritime coal. Supplies of Canadian and U. S. coke will be about the same, but lower quantities of low volatile bituminous (Pocahontas type) in household sizes, is predicted. In New Brunswick, Nova Scotia and P. E. I., enough Maritime coal will be handy for those using bituminous, and sufficient anthracite and coke will be available to tide them over the colder months of the year.

A great dust control campaign is being carried out in Canadian Army camps, following the highly effective experiment carried out in Camp Borden last winter. It proved so successful in immobilizing germs of airborne diseases such as pneumonia, tuberculosis, scarlet fever, tonsillitis, and mumps, that respiratory diseases dropped 50 to 65 per cent. This should have far-reaching effects in peace-time preventative measures. "R. D." casualties in Canadian military hospitals in Canada alone, have been averaging 35,000 a year, costing the taxpayer about nine million dollars annually. In 1942 alone the loss to the army amounted to 500,000 man-days, enough to fight the whole Canadian part of the Sicilian campaign and 200,000 man-days left over.

Full time sugar rations are not coming back immediately after the war, according to Sir William Rook, British sugar controller who was in Canada conferring with Wartime Prices and Trade Board officials recently. The view that all that is lacking is enough shipping space to transport sugar, he takes as erroneous. He warns that world supplies of sugar are so short that the present supply is insuffciient to meet essential needs without strict rationing.

The Department of Labour at Ottawa makes it clear in the plea for teachers to take essential work during vacation time that there is no intention of interfering with those who have to carry on further courses to qualify for their profession. It is the others. Many have had experience in farming, which would help the situation greatly, but there are also other essential jobs available through Selective Service.

* * * *

Of course the war has made for the bettered business conditions. The Dominion Bureau of Statistics Report showing that 1943 saw a new low in commercial failures in Canada since records were first kept from the beginning of the century. There were only 314 failures reported under the Bankruptcy and Winding-Up Act as compared with, say, 1,392 in 1939, the year the war started.

There seems to have been some misunderstanding about the incorporation of cost of living bonus in basic wage rates. Employers subject to Wartime Wages Control Order have to establish a new wage rate inclusive of the cost of living bonus previously paid, commencing with the first payroll after or on February 15th last. These same are also required to pay a cost of living bonus of 60 cents a week starting with first first payroll on or after August 15, 1942, to adult male employees and other employees earning $25 or more a week and 2.4 per cent. of the weekly wage to male minors and female employees receiving less than $25 a week; and that beginning wiih first payroll on or after November 15, 1943, it became obligatory for employers to increase this bonus to 95 cents a week or 3.8 per cent. of the weekly wage rate.

RUMOR MONGERING

(Altona (Man.) Echo)

Attention has often been called to the widespread destructiveness caused by idle rumors. Like a snake rearing its ugly head and striking at a most tender spot, so idle rumor likewise damages reputations; defames and embarrasses; hurts individuals and organizations of every kind. All stories should be queried, and definite facts should be ascertained before gossip of any kind is repeated.

AN OLD MAN'S WORD

(Printed Word)

The line-up ran for a full city block and ended near a street window bearing a sign in block letters of red: "Blood Donor Clinic."

The old gentleman on the tram turned to his wife, "There, my dear, is an illustration of what I was saying at breakfast. It's a bitter morning, but the need is great and those people are quick to respond. There lies our national strength—in the spirit of our people."

At times even age and failing eyesight can be a blessing. The line-up was for the Liquor Commission shop next door.

SOMETHING WRONG

(Trenton Courier-Advocate)

The boys are coming home from the war and they slip into town so quietly that no one knows they are here until they chance to see them. Toronto returned men have complained of the lack of some sort of public reception. The whole thing appears to be all balled up. We can remember during the previous war when the boys were met at the train with cars, the bells rang, and a parade followed. This time there is none of that, and the only reception given our men is some affair that is staged later on and usually in the form of a banquet or something of that nature. This column feels that if a reception is due these fine fellows, who have been through the mill, it should be held in some public place where even those who have no use for banquets might be able to drop around to pay their respects.

Our Column

Some of the wartime salaries of which we hear don't seem nearly so big after the deduction of income tax.

It won't be surprising this summer if the old buggy is hauled out for sparking instead of the auto for parking.

News of a reduction in Hydro rates will be glad tidings to local consumers who have been complaining of the "charge of the Light Brigade!"

It is reported that asphalt boils in the streets of Berlin during air raids. If the Nazis want to know what's cooking, often the answer is 'Berlin.'

What's a Victory Gardener, who is also a member of the Audubon Society, to do when he sees a long-billed bird pulling up his sprouted peas?

Beer coupons for May became valid April 26th, according to an Ontario Liquor Control announcement. Sort of a lend-lease arrangement for thirsty souls.

It is agreed that labor, business and agriculture will sit down together after the war—and if his laundry comes back, maybe the white-collar worker can make a fourth.

Toronto woman tells police that $7,000 in Victory Bonds, "hidden in various parts of the house," have been stolen. It might have paid her to rent a safety deposit box.

Judging from the jittery news items coming from Germany and occupied France, it would appear a most popular ditty in Herr Hitler's domain is "The Invasion Blues."

VICTORY BONDS in action

When we look at a picture such as this, showing Canadian soldiers in the Morro River Valley in Italy blasting the enemy from close range, there is some satisfaction in the realization that our Victory Bond purchases keep a steady flow of ammunition for these lads.

Thousands of bombs like these have been paving the way to victory in recent months. Observers overseas report that an important factor contributing to the splendid morale of Canadian troops in action is the confidence they have in the folks back home to replace ammunition as quickly as they expend it.

DEATH IN BIRTH

For there is nothing lives but something dies,
And there is nothing dies, but something lives;
For thus the fallen acorn buds the trees,
And pulses beat where chill of death has been;
So groping blindly for the light, unseen
As does the flower, I have no word to say
But just in simple faith, greet each each new day.

—Dorothy Sproule.

AS TIME PASSES

I hope as long as time endures
My guarding arms be always yours,
That if there's ought that I can do
To help somehow to see you through,
That I might lift the heavy load
To help you on life's lonesome road,
Lest you should ever walk alone
With cares and troubles all your own;
That you will know this much I care:
That should you need me, I'll be there.

I'm at War with the Axis and at Peace with Myself

Now I feel RIGHT
I bought a Bond
A bigger Bond than I intended to buy
And stretched myself a bit
To buy it.
Instead of "double-trouble" dollars
Burning a hole in my pocket
Or lazing in a bank account
Just asking to be spent
I bought a "triple-action" Bond
My contribution
—to the fight overseas, for freedom
—to the fight at home, against inflation
—to my own post-war security.
It seems to me
That if a fellow can't put on a uniform
He shouldn't put off buying a Victory Bond

NOT
If he wants to be at War with the Axis
And at Peace with Himself.

BUTTER COUPONS TO FALL DUE AT RATE OF TWO PER FORTNIGHT

Those who have examined the Consumers' Coupon Calendar for May will have noted that later in the month there will be a reversion to the former practice of having butter coupons fall due at the rate of two per fortnight. For some weeks they have become valid at one per week.

This has led to certain difficulties on the part of both consumers and the trade, which is not always able to supply butter in half-pound prints. Consequently, it has been deemed advisable to revert to the earlier practice of making two butter coupons fall due at one time. This will take effect May 18th.

WARNING
TO DOG OWNERS

Owners of dogs within the Corporation of the Village of Winchester, are hereby notified that all dogs must be kept under control on and after May 1st. Owners who allow their dogs to run at large will be severely dealt with. So many complaints have been received regarding the dog nuisance, that the Council has issued orders to the Constable to take steps to see that every dog owner obeys the law or have them penalized for any infraction thereof. The By-Law governing the keeping of Dogs within the municipality of the Village of Winchester, reads as follows:

"Any dog found running at large, being vicious or doing damage to person or property, **may be killed** by the village constable."

Any violation of this by-law leaves the owner liable to a fine of not less than $1.00 and not more than $10.00 and costs. This law will be strictly enforced during 1944, so dog-owners are hereby warned to observe the by-law.

Dog owners are also notified that their dogs must be shut up from sunset each day to sunrise the following day, throughout the year, as a safeguard to sheep. Heavy penalties will be forthcoming for any infraction of this by-law.

Owners of dogs are further warned that every dog must wear a tag, which will be supplied by the Municipal Clerk on payment of the necessary Dog Tax. Dogs found running at large without a tag will be impounded and their owners summoned to court. If the owner of the dog cannot be determined, the dog will be destroyed by the town Constable.

Do YOU think the going is tough because you have to pay taxes, because you are asked twice a year to invest in Victory Bonds . . .

It was tough at Salerno—too. It's tough at Cassino, and on the Anzio beach-head—

It is tough dodging flak over smouldering Berlin—

It is tough herding convoys on the raging North Atlantic—

It is tough to be away from home for two, three, four long years . . . or more.

Let's be realistic. We still have this war to win, and the part *we* are asked to play is to "Put Victory First"—to *invest in Victory Bonds and keep on investing to the limit of our resources until Victory is won.*

A Message to Our Customers

We urge all our customers to buy Victory Bonds. There is no better investment. Victory Bonds are as good as cash—the best security you can have for a bank loan when needed—and they earn interest. We have no hesitation in suggesting that our customers withdraw money from their savings accounts to invest still more in Victory Bonds.

THE ROYAL BANK OF CANADA

"I'M MOVING UP FRONT NOW ...Are you with me?"

● "The going's getting tougher. It's raining again. The mud is like gumbo. Over on the other side of the hill, the enemy is shelling us. In a few hours we attack. I've got to go on, now. My job's up ahead."

Your job lies ahead too, just as clearly defined as this Canadian soldier's at the battlefront. Are you backing him . . . to the limit? You're not giving up anything when you buy Victory Bonds. All you are asked to do is *lend*, not give; *invest* not *donate!* Surely the buying of extra Bonds is no hardship compared to the sacrifice of the lad who is "moving up front" today.

Beauty for YOU

The Secrets of Good Looks by Barbara Lynn.

YOU CAN HAVE ATTRACTIVE HAIR

Your hair is one of your most noticeable features, so it will add much to your attractiveness if you will spend a little more time on it. And you can have fun with your hair, too—alter your whole appearance by changing the style of its dressing now and then.

First, though, make your hair healthy and glossy—alive. If the scalp is scurvy, your hair will look dull and lifeless. Buy a good hair tonic and massage your scalp thoroughly with it two or three times a week. Follow with a really brisk brushing to remove loose dandruff and stimulate the scalp. Use a brush with strong bristles; a soft brush is useless.

A secret of lovely hair is to have regular shampoos. And it is so easy and delightful if you will shampoo my way. Halo shampoo will bring out the natural beauty of the hair and is suitable for every type of hair. Halo shampoo is simple to use, too. Make a halo of your head by using Halo shampoo.

Dry hair should be dressed with brilliantine regularly. For greasy hair, treat the scalp with a good spirit tonic. The following is a good recipe you can get made up for you: methylated spirits, four ounces; salicylic acid, one-eighth ounce; liquor picis. carb., half ounce. Incidentally, a permanent is an excellent thing for a greasy hair; it tends to dry up surplus oil.

It is possible to make a face look entirely different by changing your style of hairdressing. Try to accentuate the good points and conceal the bad ones. I'll help you if you'll write me and tell me what you look like and what style of hair dressing you are now using. Send five one-cent stamps and I'll include a copy of my up-to-date booklet on Beauty Care. It is crammed with useful and easy-to-follow hints on self-beautifying. Address: Miss Barbara Lynn, Box 75, Station B., Montreal, Que.

HINTS FOR THE HOME

Grease Spots.

Grease spots on wall paper can be removed with a flannel cloth dipped in alcohol. Rub the paper lightly.

Rolling Dough.

If a piece of muslin is fastened tightly around the rolling pin, the dough can be rolled as thin as desired.

Meat

Take the meat out of the paper before putting it in the ice-box, as paper has a tendency to absorb the juices.

Laundering Lace Curtains

If a creamy shade is wanted for the curtains, add cold, clear, strong tea to the starch and it will give the desired effect.

Rusty Knives.

When a knife blade becomes rusty plunge the blade into an onion and allow it to remain for two hours. Then polish it.

Hanging Wash.

Try pinning all small articles such as handkerchiefs and collars, to the towels and larger pieces before going out to hang the wash. It saves much time.

Bread.

Place a saucepan of boiling water in the oven when making bread or rolls. The steam will keep the crust smooth and tender.

Bay Rum

To make bay rum, mix 1 dram of oil of bay, 18 ounces of alcohol, 18 ounces of water. Then filter it through magnesia.

White Kid.

Mix equal parts of powdered alum and fullers' earth. Dip a flannel cloth into this and rub on the soiled spots. When clean, brush with a clean flannel.

Varnished Floors.

To keep the polish on a varnished floor, try sprinkling coarse salt on the floor; allow it to remain for five minutes and then sweep it off with a soft broom.

Mushrooms

Mushrooms can be distinguished by sprinkling a little salt on the gills. If this turns the gills black, they are fit for food; if yellow, they are poisonous.

The Ironing Board.

If one will make a slip of unbleached muslin to fit the ironing board, open at both ends, it is far better than using a sheet, or sewing or tacking it to the board.

Screw Tops.

To unscrew can tops that seem stubborn in yielding, keep a few narrow strips of sandpaper on hand. Press a strip around the side of the screw top and it seldom refuses to yield.

To Clean the Hands.

Where dirt is ground into the hands, rub them thoroughly with vaseline, allow it to remain for 30 minutes, and then wash the hands.

Feet

To prevent perspiration of the feet powder the stockings with one part of chlorinated lime, one part of prepared chalk, and one part of powdered starch. Bathe the feet daily in cold water.

Old Stockings

Old stocking tops make good dusters and polishing cloths for oiling or rubbing down the furniture and the floors. If several stocking tops are cut into strips and dipped in paraffin oil, they can be made into an excellent dustless mop for the floors.

Hair Dye

To darken the hair, mix 2 ounces of bay rum, 2 ounces glycerin, 2 ozs. alcohol, and 10 ounces infusion of black tea. The tea should be mixed 1 ounce to 12 ounces of boiling water Let the tea steep for 30 minutes and then cool. Then add the other mixture.

Old Putty

Old putty can be removed without injury to the glass or to the sash, by passing a hot soldering iron or red-hot poker over it. Do not let the iron touch the glass; or it might crack it. Or, cover the putty with a soft soap and allow it to stand for several hours. It can then be removed with any sharp instrument.

THIS IS THE JOB WE HAVE TO DO

THIS COMMUNITY MUST BUY $150,000 WORTH OF VICTORY BONDS

That is our share of the one billion, two hundred million dollars ($1,200,000,000.00) objective set for the Sixth Victory Loan.

We Must Do Our Share

It's a big job. We've done big jobs before. We've put five Victory Loans over the top up to now. But just because we've put five loans over the top is no reason why we can be indifferent about this loan. We must not assume that the job will be an easy one. We must realize that it's a big job—and assume that it will be a hard job—and make sure that the job will be done: then it will be done.

ALL MUST BUY BONDS

AND ALL OF US MUST BUY

ALL THE BONDS WE CAN

It must be plain to all of us that the opening of new battle fronts means a more costly war. More equipment will go into action. Losses will be heavy. Replacements must go through without let-up. Our men on the fighting fronts must have everything they need.

There is no let-up on the fighting fronts. There must be no let-up on the home front. We've got to raise the money. Every Canadian must save and lend. Most of us are earning more. We can save more. Others are risking their lives, surely we can lend our money.

Buy Bonds With Savings

BUY MORE OUT OF INCOME

DURING THE NEXT SIX MONTHS

Most of us have some money which we have saved. We can buy Victory Bonds with this money . . . and we can buy more bonds on convenient Deferred Payments, paying for the bonds as we earn the money, over a period of six months.

Fulfill your obligations to the men who are fighting.

VISITS FRIENDS IN WINCHESTER, ENGLAND

Ever since the visit of a party of Educationists to Winchester, Canada, from the ancient capital of Winchester, England, Miss Muriel Barkley, daughter of Mr. and Mrs. Walter Barkley, of town, has been exchanging letters with an unseen girl friend, Miss Peggy Willard, in Winchester, England. Miss Willard learned, through this exchange of letters, that Muriel's brother, Leading Seaman Robert Barkley was in England, and extended him an invitation to visit her home. On a recent furlough, Robert accecpted the invitation and spent several days at the Willard home in Winchester, England, and was extended every courtesy, with a standing invitation to return as often as he could. Bob says that the Willards' have a fine home and are a very hospitable family, and that he intends to make frequent visits there.

The exchange of letters started when Muriel was in Public School It was a plan to get the youngsters of the two Winchesters acquainted with each other In this particular case the idea served a good purpose.

Our New Year.

With this issue, The Press starts on its 57th year of continuous publication as a weekly paper. That the Press is still a popular family journal, is evidenced by the fact that our subscription list is the biggest in the history of the paper. At present, slightly under 1500 copies are sent out each week. Read by an average of five people per copy, that would indicate that the Press has 7500 readers each week—and probably more. As an advertising medium, the Press has no rival in Dundas County. Results are the proof of the pudding and Press advts. bring results in nearly every case.
