Bits & Pieces

Panthers to play Georgetown

The Embrun Panthers are another step closer to winning the Central Canada Intermediate A Championship following their victory over the Lively Cyclones last weekend. Embrun defeated the Northern Ontario team 5-3 and 5-2 respectively in the first two games of the three game series. An estimated 1,000 were on hand to watch both games. The Panthers who have lost only one game this year will now enter a series against the Southern division champions from Georgetown. Three games will be played in Embrun this weekend. The Friday game is at 8:30 p.m., the Saturday game at 8 p.m. and Sunday at 2 p.m.

April is Cancer Month — give generously

April 1 marked the beginning of Cancer Month in Canada and local branches will soon be starting their annual collection campaigns. The monies collected will be combined to help combat and prevent this dreaded disease. When the local canvasser calls, give generously, it's no April Fool's joke.

The first time in 20 years

Talk about the last rose of summer, Harry Hutchinson of Morewood was into our office last week with an ivy vine which had just bloomed for the first time in 20 years.Mr Hutchinson said his wife had been putting the plant outside in summer and bringing it in again in the fall for nearly two decades and all of a sudden this year it bloomed. It had seven bursts of flowers on it last week and some were already going to seed. Some of the neighbours of the Morewood family said ivy vines aren't supposed to bloom which proved to be true for 20 years, but flew out the window this spring.

Can we share your cooking secrets?

Are you a good cook? Do you have a few tricks hidden in your oven mitt on how to turn that plain dinner into something special? We'd like to know your recipe. Starting next week the Record will be accepting recipes for all types of food, meats, vegetables, desserts, cakes, pies, anything at all. This isn't a contest but we would like to share your cooking secrets with all our readers. One recipe will be published each week on a first come, first served, basis. Sign your name and we'll tell our readers who has the good recipe. If you'd rather not that's alright too, just send along your cooking secrets.

Smith Cow completes good record

Sunnylodge Heather Rockman, a purebred Holstein cow in the herd of Angus and Carl Smith, Chesterville, has recently completed a good Record of Performance production test. As three-year-old on twice-a-day milking in 305 days, she produced 20,481 lbs. milk containing 836 lbs. fat, average test 4.08 percent which is a Breed Class Average of 196 percent for milk and 218 percent for fat. She is a daughter of the Excellent and Class Extra Sire, Seiling Rockman.

Reeve warns of tax hike to clear village deficit

To no one's surprise the figures of Chesterville's financial statement are written in red this year indicating a deficit of $15,818.

Total expenditures in 1972 came to $372,093 while income from taxes, donations from other governments and unnamed sources came to $327,499.

Add to this deficit another $20,000 in unfinanced capital spending and taxes will have to increase to account for approximately $40,000 more this year.

Chesterville Reeve H. K. Graham described the situation as good considering the bills council was faced with last year.

The two major expenditures of the year were for recreation and education. Public funds used to build the Chesterville and District Community Arena totalled $83,962 while the school boards gobbled up another $87,613.

Public works costs were high at $51,339 while the United Counties levy came to $45,089. General government operations came to $19,615; protection costs were $26,000 and sanitation and waste removal totalled $32,184.

Total monies raised through taxation came to $232,295 with provincial and federal governments contributing $47,477 to the village purse, other sources accounted for income totalling $47,727.

The reeve said the financial statement shows an actual unfinanced capital outlay of more than $73,500 but this does not take into consideration the government grants and pledges yet to come. "All things considered," he said "the amount really outstanding is only about $20,000."

"Taxes will have to increase," he said, "to make up for this $20,000 and the $15,000 deficit."

Chamber sponsors numbering project

Chesterville Chamber of Commerce has taken up the cause for house numbering in Chesterville it was announced recently at the regular meeting.

The move came following a request from minor hockey coach Bernie Harperasking for financial support from the C of C to purchase hockey equipment.

The Chamber decided that they could involve the minor hockey players themselves in the numbering project and the money raised could be used toward necessary equipment.

In other C of C business it was decided to join with the Chesterville Agricultural Society in purchasing some 800 chairs for the Chesterville and District Community Arena.

The chairs will come in handy for the numerous events to be held in the structure in the coming months which include dances and concert performances.

Plans for a Pub Night, April 28, with Del and Rodger to be held in Chesterville Community Hall were finalized along with an appearance here May 26 by the Country Clansmen.

New C of C executive

George Countryman has been named president of Chesterville Chamber of Commerce to suceed retiring president Charles Graham.

The change in the executive came recently at the regular meeting of the organization.

Assisting Mr Countryman as vice president is Bryan Kennedy and second vice is Erik Thompson.

James Moran was renamed secretary-treasurer while Lester Holmes was appointed publicity chairman. Sarsfield O'Connor will head the industrial committee, Martin Derks the Entertainment Committee and Mac Lasalle and Jim Sullivan, membership.

The financial statement read by the secretary indicated a very successful winter carnival thanks to the efforts of all organizations who participated.

A crowd estimated at close to 400 was on hand in Finch Arena last Friday night to watch a skating program presented by the Minto Skating Club and sponsored by the Finch Lions Club. The above photo shows some of the more than 50 figure skaters who participated. Also showing off budding talents were approximately 70 members of the newly formed Finch Figure Skating Club. Staff Photo.

Council hears recreation delegates

A light agenda but a lengthy discussion opened the April meeting of Chesterville Village Council last Monday night, with recreation, policing and government projects dominating the session.

Following the approval of accounts totalling more than $10,800, clerk Lloyd Graham told village fathers that the winter works project had ended with the village spending some $2,575 for removing 50 dead trees within the community.

It was noted that this was substantially more than the $2,000 Ontario government grant covered. Total labor costs during the project came to $1,851 while other costs for equipment and rentals came to $723. The village will have to pay the $575 balance out of the general fund.

With the arena closing down next Sunday, Chesterville Recreation Committee executives were anxious to determine the duties of arena supervisor Robert Larose now that his work at the community centre was drawing to a close.

Recreation chairman Grenville Fyke and secretary Nancy Lasalle met with council to iron out the matter.

Reeve Keith Graham said it would almost be impossible to establish cut and dried responsibilities for the Committee and Mr Larose but that the committee should concern itself more with organizing and planning recreational events and leave the maintenance and actual operation of facilities to Mr Larose.

"While he was hired as supervisor-caretaker," said the Reeve, "we don't expect Mr Larose to cut grass and wash floors as the main part of his job."

"He will be there to make sure the pool is kept clean, to keep the park in order, to ensure the ball diamond is well kept and to open and close the Community arena when needed," said Mr Graham.

"If work needs to be done he will contact Town Supervisor Harold Sharkey to get some men in to do it but Mr Larose must be prepared to run a lawnmower himself if necessary."

The reeve suggested that the recreation committee draw up their summer program in order that Mr Larose can determine his work schedule. Primarily he will be an assistant to the town foreman in charge of recreation facilities.

STRONGER POLICING

Chesterville and area motorists had better let up on the accelerator when driving through the community in the future. Chesterville Council approached Chief of Police Leonard Shane

(continued on page 8)

1 killed, 15 injured in six area crashes

A Morrisburg area man was killed and 15 other people were injured last week in six accidents investigated by area provincial police detachments.

Paul Meyers, 30, of R.R.1, Morrisburg was killed instantly last Thursday night when he walked in front of an eastbound Colonial Coach bus on Highway 401 near Morrisburg.

Morrisburg Provincial Police said Meyers was walking to his home on the first concession road north of the highway when the mishap occurred. His car had apparently stalled on Highway 2 south of 401 and he was walking home, police said.

Const. Fred Langlotz who investigated said bus driver Gordon James Brown of Bowmanville had little chance to avoid the 10:30 p.m. collision.

Meyers was the father of three children, his wife predeceased him last year.

Three Chesterville youths were admitted to Winchester Memorial Hospital last Wednesday night after the car they were riding in left County Road 7 south of Morewood and flipped into the ditch.

Police said the 1957 Volkswagen driven by Charles McMillan, 18, of Chesterville was northbound when it failed to negotiate a curve about a mile south of Morewood and flipped end over end two or three times.

McMillan and a passenger John Elliott, 16, of R.R.3, Chesterville, were both admitted to Winchester Hospital with broken backs and lacerations. A second passenger Robert Sharkey, 18, of Chesterville was also admitted for observation and released Tuesday.

Const. Norm Sarault who investigated the 11:15 p.m. mishap said the vehicle was demolished.

Two teenage Ingleside girls escaped serious injury Saturday night when they were in collision with a car as they walked along St. Lawrence Street in Ingleside.

Long Sault Provincial Police said Linda Amell, 17, and Peggy Malone, 16, both of Ingleside suffered cuts and bruises when they collided with a car driven by Harvey Harold Armstrong, 33, of Ingleside.

A third pedestrian, Cindy Malone, 14, of Ingleside was not injured.

A complete police report was not available but a spokesman said the girls were not admitted to hospital. Const. Rick Barnett estimated the damage to the car at $150.

Two Kingston men were taken to Hotel Dieu Hospital, Cornwall early last Saturday morning after the car they were riding in left Highway 401 near the Texaco Service Centre west of Ingleside.

Police said driver William S. Werney, 22, of the Royal Military College, Kingston and a passenger, Barry Bradshaw of the same address were taken to hospital following the 3 a.m. crash.

Const. Larry Cleary estimated the damage at $2,500.

A one car crash south of Avonmore Saturday night sent four Newington teenagers to

(continued on page 8)

Edgar MacLean and family of Goldfield are doing a little recovery work for the United States Government. Mr MacLean was out looking over his farm last week when he discovered a small styrofoam box attached to a parachute and balloon in a plowed field about half a mile from his house. The box which weighs less than a pound and measures about 12" by 6" is owned by the Untied States Weather Bureau. Writing on the box said it was a radiosonde used to measure the temperature pressure and humidity at various heights. It operated as a radio transmitter which was tracked for wind measurement. Instructions on the box said to return it to the nearest post office. The MacLeans are going to hold onto it for a few more days until their grandchildren can see it and then turn it in. Above Mr and Mrs MacLean display the unusual objects found. — Staff Photo.

Christian Farmers

Dredging project endorsed

WILLIAMSBURG — The Dundas County Christian Farmers Association is urging Matilda Township to approve plans of dredging the Nation River which will cost taxpayers of the Township approximately $42,000.

At a meeting of the organization here recently a motion was passed calling for council to accept the recommendations in the R. M. Kostuch Associates report.

The report outlines improvements to 9.14 miles of the river from Chesterville to Salter's Bridge. While all municipalities within the watershed of the Nation would be levied a certain percentage of the estimated $560,000 cost, the townships which would benefit the most have to pay the greatest share.

The Dundas Branch of the organization represents some 25 farms in the county while the provincial body has a membership of more than 400.

In a letter presenting the resolution to council Dundas County C.F.F. president William Harbers of Brinston and Elbert van Dokersgoed, secretary manager of the C.F.F. pointed out that "most farmers today have more than $42,000 invested in just their own farms. A township-wide investment of this size is but a drop in the bucket whereas the potential benefits are huge for the economic well-being of the whole county."

The Dundas CFF also passed a resolution calling for the Ontario government to pay for 90 percent of the proposed cost of the dredging work instead of the present offer of 75 percent.

Mr van Donkersgoed said "The thinking behind this resolution was not to save the South Nation River Conservation Authority any money but to make that money go farther. This change would make it possible for the Authority to tackle additional improvements in the watershed immediately rather than wait for the completion of the channel improvements now under consideration.

Police probe Carl-Don theft

MOUNTAIN — Winchester Provincial Police are continuing the investigation this week into the break and entry and theft of an estimated $2,000 worth of chain saws here last Friday night.

Police said the break-in at Carl-Don Equipment was discovered Saturday morning. A window had been smashed and 18 brand new chainsaws stolen.

Corp. Earl Graves said no one had been arrested yet, but the culprits knew what they wanted and where to find it. Nothing else was believed taken.

Top award winners at the annual S.D.&G. Feed, Seed and Forage show held in Maxville last week are shown above with program chairman, Jim Humphries. From left are Bernard Villeneuve of Maxville, John Peters of Martintown, Mr Humphries and Staley Chambers of Chesterville. — Staff Photo.

Chambers, Peters win again 97 exhibits rated good

MAXVILLE — Staley Chambers of Chesterville and John Peters of Martintown shared the honours again this year at the annual S.D.& G. Seed, Feed and Forage Show held here last week.

For the third year in a row Mr Chambers placed second in top showing while Mr Peters was named Premier Exhibitor.

Some 97 exhibits of top seed grains, hay and forage harvested in the summer of 1972 were displayed in the Community Centre here. The judging was completed on the first day of the show last Wednesday with a program of talks, films and presentations on Thursday.

Jim Humphries, ag-rep for Glengarry County was host for Thursday's program with presentations made by Don Dielby of the Ontario Ministry of Agriculture and Food and Harvey Wright of Kemptville College of Agricultural Technology.

The show is sponsored by the Soil and Crop Improvement Associations for the United Counties with the president of each branch speaking briefly at the meeting.

Mr Humphries said while the number of exhibits were down and the quality was not as good as the 1971 crop, the exhibits were very good considering the extremely poor growing conditions last year.

In the special awards division Mr Peters earned top honours with a total of 70 points collected, while Mr Chambers finished with 47 points. The Martintown farmer was also named Champion Exhibitor for his shelled corn entry and received the Warwick hybrid Special for best grain corn.

The Alex M. Stewart Special for the best 4-H corn went to Kevin Robertson of Martintown while the Pride Hybrid Special for Best Silage Corn went to Heinz Mulitze of Ingleside.

Champion Hay exhibitor was John Jans of Avonmore with a second cut exhibit and Champion Haylage entry went to Bernard Villeneuve of Maxville.

Winners in the various classes were as follows: Oats, 14 lbs., first and second to Florian Bourgon of Moose Creek; Barley, 14 lbs., first to Weldon McIntosh of Dunvegan; Soybeans, 14 lbs., first to Stewart Arkinstall of Dunvegan.

In the Registered and Certified Classes, Florian Bourgon of Moose Creek was first in the Timothy division, 6 lbs.; John Jans of Avonmore and Staley Chambers of Chesterville were first and second respectively in the Special Feed Class, a 1,400 lb. dairy cow producing 60 lbs. of 3.5 percent milk daily.

In the field crop classes, Bernard Villeneuve of Maxville and John Peters of Martintown were first and second for first-cut alfalfa. S. Van Loon of Alexandria and Harry Pollock of Lunenburg shared the honours in the first cut other legume division, while Lorne Henderson of Brinston and John Peters of Martintown were top winners in the first cut mixed division.

In the first cut grass section, Al Malcolmson of Alexandria and Harry Pollock of Lunenburg were first and second and Hugh Blaine of Mountain and John Peters of Martintown were tops in the second cut Alfalfa division.

Top awards in the second cut mixed section went to John Jans and Hugh Blaine while the Haylage award went to Bernard Villeneuve and Denis VanLoon.

Heinz Mulitze of Ingleside was first place winner and Weldon MacIntosh second in the Corn silage class while Bert Beaudette and John Peters were first and second in the Grain Corn class. The shelled corn award went to John Peters with Kathy Robertson coming second. Kevin Robertson showed the best grain corn.

Winner of the 4-H Club Display award was Dundas Dairy Beef Club.

Editorial Comment . . .

A Boycott - Why Just Food ?

It's too bad the Canadian government didn't give out awards for nonsense. There's a group of Toronto house-wives who would win it hands down this year with the international honors going to our wise endearing neighbor to the south.

You sometimes begin to wonder how people survive in this world when they demonstrate their thinking ability. The boycott of food or meat products is one of the most backward steps we've seen used to cope with any given situation.

We suggest to all the broad-based, curl-headed Metro housewives, bugeyed from watching TV, that they buy a farm in Ontario — Lord knows there are many of them empty — and start producing these farm products any cheaper than they are today.

We're not saying the cost of food hasn't increased, but then what hasn't, except maybe for one cent bubblegum. Wages and prices in virtually every aspect of life have risen steadily, and while we still believe food is the best bargain today, people are just realizing that food is not immune to inflation.

For some mystical reason the finger of blame is always pointed at the farmer. The man who's characterized as a 'sodbuster' with a team of horses, who throws the seed to the wind and lets God do the rest. And the truth of the matter is we have yet to see a Ben Cartwright or a Ponderosa.

Today's farmer has changed from 10 years ago or even five years ago. He has become an agricultural businessman. A man who doesn't just let things grow, but makes things grow, using to the best of his ability the chemicals and products proven through scientific research to be the best suited for certain environmental conditions. A man who watches a market for his products and has struggled with inflation more than any other businessman in our economic sphere

He has steadily watched the prices for his products crawl up, while his costs have rocketed many times faster. He has changed, he has become more efficient, more business-like perhaps, but he has not become rich. Any price increases have quickly been gobbled up by rising machinery, feed, fertilizer and labor costs.

So where does anyone earn the right to say the farmer is lining his pockets. In the food industry, we don't believe that anyone makes a bundle. Rising food prices are a culmination of several small increases and many are darn small.

If Toronto housewives want to boycott something why don't they tackle dentist bills, which run $20 or $30 an hour, licence plates for cars and snowmobiles which increase steadily, or the ever increasing Hydro and Bell Canada rates, the cost of automobiles or anything else which has inflated.

Compared to our living standard, Canadian food is still the best bargain when lined up with other living standards and food prices.

And Richard Nixon should have been an ice-cream salesman rather than a president, he's so handy with the big freezes.

We're not going to say too much about the U. S. because some people get upset. Nixon appears to be grasping at straws, using fanatical tactics to save a declining nation before it is recorded in history as the fall of the American Empire. Richard Nixon would try to freeze the world if he thought it would help the American cause.

We believe the food prices will eventually reach a levelling off period. Because of low supply and great demand the prices have shot up. But once production increases to meet this demand, prices won't drop, but they'll maintain a relatively steady level. Toronto housewives aren't helping anyone and only confuse the issue. They may think by yelling that they'll scare the "dumb farmer" into giving his products away, when actually the ladies will only gain a little exercise by carrying their placards around.

Remember When . . .

10 YEARS AGO

April 4, 1963

Gerrit Wemerman was the successful bidder for the contract on the new funeral home in Chesterville.

Judy Ross, Lynda Ross, Shirley Presley and Susan Thompson of Newington took part in the Cornwall Kinsmen Music Festival recently and all came home with top honours.

Miss Sandra Price, daughter of Mr and Mrs Earl Price, Finch, has been chosen to be a member of the United Nations Youth Pilgrimage.

Mel Baker presents trophy to the winning Nestle broomball team of the season; Cecil Plantz and Casey Van Gessel accept.

Mrs Wm. Bush celebrated her ninetieth birthday on March 25 at her home with Mr and Mrs Elias Bush and Charlene, Lunenburg.

---

20 YEARS AGO

April 9, 1953

Don Kyle was the winner of the door prize at the Colquhoun euchre this week.

A large number attended a farewell party held in honour of Mr and Mrs Clifford Knapp who have been cheese-makers at Dundas Station Factory for the past eighteen years.

At the annual meeting of the Montreal Graduate Nurses' Association Miss Agnes Jameison was unanimously elected honourary president.

Grade VIII, S.S. No. 10, Winchester: Terry Chambers, Claude McPhail, Barbara McCadden, Bernard Patenaude.

Lieutenant Commander Don Fulton has received a posting to London, England. He and his family sail from Quebec, April 17.

---

30 YEARS AGO

April 15, 1943

Mr and Mrs Robert Beattie will celebrate their 65th wedding anniversary on April 16.

The members of Chesterville Masonic Lodge gathered at the Temple last week to wish one of their members Jack Cross good luck and safe return.

The Riverside Sewing Club held a euchre at the home of Mr and Mrs Jas. Link. Mrs Stan Casselman and Harvey Wells were first prize winners.

The farm house and large adjoining shed of Mrs Jas. Green was completely destroyed by fire Saturday.

A very pleasant shower was held in Morewood United Church Hall in honour of Miss Hazel Gordon, one of this month's brides.

40 YEARS AGO

April 6, 1943

Mr and Mrs Jay Quart of Winchester, were host and hostess at a dinner in honour of M Mr and Mrs Solomon Shaver, who celebrated their 50th wedding anniversary.

Congratulations to G. W. Forrester, of Morewood, who recently graduated from the Eastern Ontario Dairy School, Kingston.

Willie P. MacLean of Finch, was guest of honour at a social evening held at Dingwall's Hall before his departure for his new post at the Bank of Montreal, Buckingham, Quebec.

Mr J. J. Casselman of Calgary, who has spent the winter months with friends in Chesterville, left for his western home this week.

S.S. No. 8, Winchester, Grade 1: Bert McIntosh, Alice Smith, Edith Smith, Marjorie Hummel and J. R. Johnston.

Lower bus rates for Senior Citizens

Effective April 1st, Voyageur Bus Lines will offer greatly reduced fares to the Senior Citizens in the areas served by Voyageur in Quebec and Ontario.

All persons 65 years and over will be able to travel on any of "Voyageur" bus routes in the 2 provinces at a reduction of 50 percent of the regular tarriff.

This reduction will apply to one way tickets only, and the minimum reduced fare will be $2.00.

These special fares will be good for travel from Monday to Thursday inclusive, year round.

Voyageur services cover all the main points in Quebec and Ontario, such as Toronto, Ottawa, North Bay, Rouyn, Montreal, Quebec, Sherbrooke, Chicoutimi and Gaspe.

Mainly About People

Mr and Mrs Gerald Murphy, Colleen and Maureen spent last week with friends in Syracuse and Rochester, N.Y.

Mr and Mrs Hector Courville and Mr and Mrs Murray Manley have just returned from a ski tour of Austria and visited parts of Holland, Germany and Italy.

"SHALL WE TAKE AN EXOTIC CRUISE OR GO TO THE SUPERMARKET ?"

Ann Landers . . .

Dear Ann Landers: I am a competent, experienced woman who has been trying for seven months to find a position commensurate with my talents and background. I have come to the conclusion that if I were a male, or a black or a homosexual I would have been hired at least ten times already. Since I am straight, white and female I keep getting polite rejections and doors closed in my face.

My field is fashion design but the homos control it. Only a woman whose husband is a big wheel in fabrics or clothing manufacturing has a chance. In the field of interior decorating the queers are all over the place. The same goes for jewelry design, artistic furniture creation, hair styling and every esthetic field you can think of. A black fairy really has it made. The rest of us can forget it.

I have shown this letter to a friend and she said she'd eat the Sunday Sun-Times if you printed it. How about it? — Fedsville In Fun City

Dear Fed: Tell your friend to start nibblin', honey. As for your letter, it is so full of ignorant, offensive misstatements that I have neither the space nor the patience to go into it.

Dear Ann Landers: I have a feeling you will never be finished with readers who want to have the last word in response to the brain-teaser question, "If you run in the rain will you get wetter than if you walked?" You said the faster you run the dryer you will be, but the graphics editor of the Washington Post disagreed with you. (He happened to be a Notre Dame graduate.)

Well, darned if that columr didn't show up on our exam at Cornell University last week. I am an industrial engineering student and herewith enclose the four pages I wrote to explain the theory. By mathematical deduction I concluded that you were right, Ann. It might interest you to know that 47 students in the class plus the professor agreed. — Assignment 9 Friday Lab

Dear Good Man Friday: Your four pages were Greek to me but I'm glad to get the nod from Cornell. Thanks for letting me know.

Dear Ann Landers: Well, I got it today. Your column was shoved right under my nose with the letter signed "Hungry For Sex" circled in red ink.

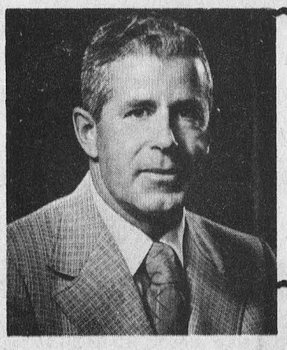
I happen to be one of those "lousy lovers" the writer referred to . Here's why: After work I come home to a house that hasn't seen a vacuum cleaner for at least a month. The dust under the furniture is so heavy you can pick it up. The ironing board is still up from last week and now has become another table. The dishes from two days ago are piled on it waiting to be put in the dishwasher. The load of washing from three days ago is still in the machine.

My wife says there's not enough time to do everything. But she knows what's going on in five soap operas, plus all the gossip in town. She has put on 35 pounds and doesn't feel well most of the time. Or she is tired. Who wouldn't be tired carrying all that extra weight around? I say if you want honeymoon action you need a honeymoon setting. So now I'm a "lousy lover" and — Just As Hungry As She Is

Dear Just: You didn't ask for any advice, but here it is. Your marriage is going under for the third time. Both of you are miserable. Get some joint counseling and see if you can find out where the marriage left the track. You didn't feel this way when you married the girl — and neither did she. Get going and good luck.

Is alcoholism ruining your life? Know the danger signals and what to do. Read the booklet, "Alcoholism — Hope And Help," by Ann Landers. Enclose 35c in coin with your request and a long, stamped, self-addressed envelope to this newspaper.

A dry exehandle is more brittle than one that has some moisture in it



Queen's Park Report . . .

Donald R. Irvine

On March 20th, the Third Session of this Parliament opened with the Speech from the Throne. This document, read by the Lieutenant Governor in an atmosphere of impressive pomp and colour, sets out the legislative intentions of the Government for the next several months. It covers an awful lot of ground and for that reason it traditionally seems a trifle vague. Of course, if it went into considerable detail, we would be there all night. This year's Throne Speech is no exception to the rule but there are, nevertheless, many highlights of both a general and specific nature.

This Session will see a great emphasis on environmental and ecological matters covering a wide area. These measures can roughly be grouped under headings such as anti-pollution, land use control and energy policy.

Under the general heading of land use control, the Government intends in the next short while to introduce legislation to ensure preservation of the Niagara Escarpment. The total area that will be subject to various forms of planning and control, all in the public interest, will be in excess of one million acres. In addition, the Government plans to proceed with the Parkway Belt System from Dundas near Hamilton in the west to Oshawa in the east. While serving to provide a buffer zone to separate individual urban communities, it will at the same time provide open space and recreational land for urban centres and bring to a halt our spreading residential and commercial sprawl.

Also under the same head is a program to increase Government activity in forest management. This program will include the regeneration of treed-out land, establish new forests on private land and improve conditions in existing forests.

A matter of tremendous interest to the public of Ontario and particularly to farmers is covered in a very brief three lines in the Speech and that is the intention to take steps to ensure co-ordination of initiatives involving land use controls so that good farm land will always be retained for agricultural purposes and not disappear under miles of asphalt. This is a matter of great concern to our farmers but it is just as vitally important to urban dwellers, whether they're entirely aware of it yet or not.

In the area of anti-pollution programs, our Government, as most people are aware, has been for some time a leader in the abatement of air and water pollution. The Speech from the Throne heralds new initiatives in the struggle to improve the quality of life in our Province. No one can doubt for a moment that noise is a very important and even harmful form of pollution. In co-operation with the municipalities throughout the Province, the Government intends to institute a noise abatement program.

Also in the area of pollution control, the Government is committed to introducing legislation on the very important subject of the disposal of solid waste, the elimination of derelict vehicles that scar our countrysides and measures to control the sale of pesticides.

In the area of energy development, the Government has clearly recognized the need to place questions on energy in a balanced social perspective where the environment as well as the economic interests of the people of Ontario are protected.

Perhaps most important of all these considerations of environmental protection is the decision to establish a permanent agency for ecological and environmental protection. This agency would have the responsibility of assessing and evaluating the activities of Government and the private sector as far as their environmental significance was concerned. Presumably, they would be in a position to bring considerable pressure to bear where some form of environmental damage might occur.

Aside from the fact that it is clear that we will have another busy legislative Session, I think that this Speech from the Throne clearly signals the changing priorities of Government into the 70's and beyond. Its emphasis on quality of life and protection of the environment is visionary yet does not set unattainable goals. There are, of course, many other areas of concern covered in the Throne Speech and I'll have more to say about those next week.

The Reverend E. Earle Eaton spent Friday and Saturday in Hamilton, attending the convention of the Gospel Fellowship. Mr Eaton was one of the founders of the Hamilton regional fellowship several years ago. Sunday he conducted services in one of the Cornwall churches.

the Reverend E. Earle Eaton was in Ottawa on Wednesday for a luncheon meeting of the Ottawa Branch Red Cross Executive. In the evening he was at Morrisburg for a choral rehearsal. Thursday Mr Eaton was at Williamsburg for a church tea.

The Reverend E. Earle Eaton paid hospital calls in Ottawa, Winchester and Smiths Falls last week, and called on friends at Vars, Finch and Berwick.

OUT OF THE ARCTIC ICEBOX: A GREAT NEW STEEL

For years, the Free World has been agog over the discovery of vast resources of oil and natural gas on the North Slope of Alaska. Estimates range as high as 427 trillion cubic feet of natural gas and untold billions of gallons of oil. One of the greatest strikes of all time!

But what a fiendish location. Far beyond the Arctic Circle. Snow that buries earthmoving equipment. Temperatures of 60 degrees below zero and lower. Ground frozen solid in spots up to 1800 feet deep. A soft top layer, called tundra, that goes soggy in summer. Towering mountains to block easy laying of an overland pipeline to feed natural gas southward through Canada to the United States. Above all, cold. Cold so bitter that no ordinary pipeline steels have the impact strength, toughness and weldability to stand up.

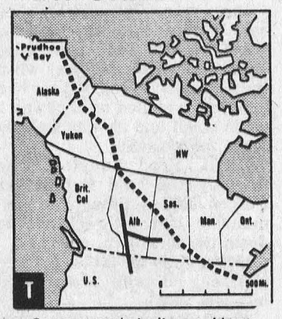
But thanks to an all-new metallurgical formula with new ratios of alloying agents, a pipeline may yet be the most economical and ecologically satisfactory means of transporting the natural gas overland.

One of the most magical of the alloying agents in the new pipeline steel is molybdenum, pronounced mo-*LYB*-den-um, familiarly called "Moly" as in the girl's name.

Moly has long been used as an alloy in metals because of the incredible range of its properties. It makes steel almost unbelievably tough. It doesn't melt until reaching a temperature of 4750 degrees which is 2000 degrees higher than the melting point of steel and 1000 degrees higher than the melting point of most of the world's rocks!

Most amazing, the new combinations of Moly and other alloys in the new pipeline steel resist the almost unbelievable sub-zero temperatures, so bitterly cold that most steels would crack like peanut brittle.

The new steel was developed in an intensive cooperative program between Interprovincial Steel and Pipe Corporation Ltd. of Canada and Climax Molybdenum Company of Michigan. Over 80 miles of 42-inch diameter pipeline are now in operation under tough climatic conditions of Canada. One proposed pipeline to the U.S. border (*shown here*) would run 2500 miles.



One proposed pipeline would run about 2500 miles from Prudhoe Bay, Alaska, to the Great Lakes, U.S.A. Solid line is the 80-mile or more pipeline already in operation.

Many steel companies are now taking a long hard look at the new steel for new applications of vast significance. These include railroad cars, automobile bumpers, heavy mobile and industrial equipment, where even the strongest steels to date haven't been practical because of cost. Thus, Moly in steel from the Arctic icebox may soon be improving the lot of man in the boiling Tropics.

Hardly a day goes by that new applications of Moly prove it is, indeed, a "Gee Whizz" metal. Moly is now a magic ingredient in chemicals, inks, paints and in fertilizers that increase the yield of certain crops by as much as 30% to 300%. In a chemical called molybdenum disulfide, Moly gives the toughest, longest-lasting lubricant ever known in industrial and automotive applications. Or in your power mower or teenager's bike, for that matter. Incidentally, Moly adds little to the cost of lubricants, a good reason to say, "Moly grease, please," when you get your next lube job for your car. Or lubes for industrial fleets, farm equipment or your community's school buses.

Experts at Climax Molybdenum Co., an AMAX Division, world's largest producer of Moly, never cease to be amazed at where Moly bobs up next from engineering departments across the country. Talk about new frontiers! Moly is breaking down barriers everyday!

Sixty-six district scouts hold Winter Sports Day

Sixty-six Scouts and nineteen leaders representing seven troops gathered at the Arena in Cardinal on Sunday afternoon for their annual Winter Sports Day. Hockey was the order of the Day. Communities represented included Cardinal, Morrisburg, Prescott, Iroquois, Spencerville, Chesterville and Roebuck. Members of the St. Lawrence District Council, Boy Scouts of Canada, present and participating included Frank Bates, co-ordinator, of Cardinal; Allan Thom, Commissioner, of Roebuck; George Lewis, District Scoutmaster of Morrisburg; Bob Bryden and Ray Baker. Chesterville was winner in the day's events, defeating both contestants, Cardinal and Roebuck. Eleven Chesterville Scouts participated, led by Lyle McNab, Amell Pitkanen and Francis Sharkey.

The annual men's bowling tournament at Monast Lanes was held last Sunday with the Monday Young People's League coming out the victors. Ten teams entered the competition with the high single going to Lorne Byers with 305 and the high triple to Harold Armstrong with 751 who play for the Community Bowling League, second place winners. Above team members receive their awards from left Otto Sartor, Des Larmour (standing in by Brian Larmour), Jack Hill, Larry Laframboise, Brian Stewart and Pete Monast. — Staff Photo.

Bears Like Trout

BY MIKE ROWDEN

Several years ago when my youngsters were small, one of the most pleasant ways of spending summer months to us was camping. I don't mean camping in the modern sense of the word. Often, in fact more often than not, there were few if any, organized campsites as we know them today. One really roughed it.

A little later on, we found ourselves near Englehart, just south of Kirkland Lake and were pleasantly surprised to find a relatively newly-built campsite in that vicinity. With good swimming in the river and a well stocked camp presenting no problems to my family, I had a bit more time for scouting the surrounding woods, looking for little known trout streams.

The camp warden loaned me a map of the area and I found one or two likely spots to fish. They didn't however, prove as fruitful as I had hoped and I was bemoaning the fact to a fire-ranger, who made periodic visits to the camp and with whom I had got on friendly terms. Dave as he was called, told me to go into the Matachewan Forest and try some of the streams in there and I would likely do alright.

Following his directions, I drove down a bush road and parked the car and walked about a mile and a half, through the bush on an overgrown trail, until I came to the creek he had mentioned. As it was after our evening meal before I left, I wasted no time trying the first pool. jackpot! Within a few minutes I had four eighteen inch speckles landed and was baiting up to try for a couple more, when I heard a noise off to my right in the dense clumps of wild raspberry bushes.

Thinking it might be Dave coming in, I called and told him where I was. Instead of receiving a human answer all I heard was a deep "Woof", more crashing and a large black bear came into an open area, standing on his hind feet and sniffing the air. Startled, I hollered and the animal made off, only to reappear a few moments later to the other side of me, where he repeated the same performance. Again I chased him off and went back to my fishing. As it was dusk and my bait just about finished, I decided to give it one more try and then leave. I didn't fancy being in the bush in the dark with the furry company I had seen. Intent on getting that final trout, I heard no sound but suddenly I felt the hair on the back of my neck beginning to crawl and knowing from past experience, something was watching me, I turned around for a look and there, not more than ten feet away was the same black bear, standing on his hind legs and again sniffing. It dawned on me, he was after the trout, hanging on a dogwood twig beside me. I quietly turned back, wound up my line, took the trout off the twig, gathered up my gear and made ready to leave, if the bear had no objections. I didn't have even a knife on me, but knowing a little about bears, I felt I could scare him off, so I quickly turned let out a bellow and ran up the shallow bank towards him. Startled, he dropped to all fours and took off through the raspberry canes in headlong flight, in one direction, while I made equally good speed going the opposite way. I had covered perhaps a hundred feet or so and was just getting close to the trees, when I heard a grunt off to my left. Despite the gathering dusk, it was still light enough for me to see a large, antlered moose feeding on some small bushes. Now bears may be easily bluffed but moose are a different proposition. There's precious little that scares them and they often need little or no excuse to charge anything. With my heart in my mouth I made a careful detour, all the time watching him closely until I got to what I figured was the safety of the trees. Fortunately, the animal was more hungry than belligerent and I soon got back to where my car was parked.

The next morning I was up shortly after daybreak and had the campfire going, coffee on and biscuits baking in the skillet, when I heard Dave's truck coming down the trail. I went to the edge of the road, held up a coffee cup and Dave pulled in. We sat on a log, had coffee and a biscuit and Dave casually asked, "How did you make out with your fishing last night?"

"Great," I told him, "I got four beauties" and went and got them out of the cooler and showed him the fish.

"Boy, they are dandies", said Dave. "I told you there was good fishing in there if you knew what you were doing."

"Yeah, I was lucky to get them," I told him. "In fact I was even luckier to keep them", and I told him about the bear that had been intent on stealing them.

"Did you run across a bear in there?" he asked with an amused look on his face.

The look tipped me off.

"You son of a gun, you knew darned well there were bears in there didn't you."

"Of course I did but I figured if you knew your way around the bush like I thought you did, it wouldn't bother you. Just having a bit of fun.

"Sure like your idea of fun," I complained, "It wasn't so much the bear that scared the wits out of me, it was seeeing that damned great moose and wondering what he was going to do that had me worried."

Dave laughed and said some rangers had shot seventeen bears at that same place only a month ago as they were becoming quite a nuisance. Then he swore up and down he didn't know there were moose in there, but he didn't get me to believe him.

Newest equipment to fight cancer costs $650,000

A linear accelerator, the newest radiation tool to fight cancer, costs $650,000. That's not including thousands of dollars in freight charges, installation and spare parts, which would bring the total cost to nearly $1,000,000.

A blood cell separator, used in the treatment of leukemia patients and in the study of malignancy, costs about $44,000.

A thermography machine detects heat patterns in the body and so is used to search for the "hot spots" of an early cancer of the breast. It costs $40,000.

Research, funded through public contributions to the Canadian Cancer Society, also requires new buildings to house research centres. Salaries need to be paid to full-time scientists, laboratory technicicans and assistants. Materials and equipment must be purchased.

"April is campaign month for the Canadian Cancer Society," said Allison Graham, Campaign Chairman for Chesterville. "Without the generous donations of the Canadian public our support of cancer research would not be possible. Nor would the Society be able to continue its program of public education and service to cancer patients," he continued.

The entire emphasis of the 1973 fund-raising and education campaign is on action: the action of protecting oneself against cancer; the action of protecting others through this support of cancer research.

"Each dollar given to the Canadian Cancer Society goes to work in three ways against this cruel disease," said the Campaign Chairman. "The first part of the program - support of research - is well-known."

"The second, education, is approached from the public and the professional standpoint. Throughout Canada the Society carries out public education on the importance of early detection of cancer, when prompt treatment could result in a cure. Cancer prevention is also stressed. Society films, publications and conferences bring cancer news and facts to members of the medical and allied professions."

"And then much is done for the cancer patient through the making and distribution of dressings, transportation for cancer patients, and hospital and home visiting."

"This work can only be supported through the generosity of the Canadian public when they respond to our appeal for funds during the annual April campaign," concluded Mr Graham.

Tykes battle for MacIntosh trophy

The Tyke division of Minor Hockey began their playoffs for the honour of holding the Ian McIntosh Trophy as best in their division.

The two evenly matched teams have been battling each other every Tuesday and Saturday for the season and in the past nine games each team has won 4 with one tie.

Saturday morning Erik Thompson Electric met Earl's Meats. Both teams were held scoreless until nearly the end of the second period. Fast, rugged hockey with action at both ends had both goalies John Kelly and Kelly Mitchell kicking and batting pucks out of their nets like old pros. The coaches pulled all stops, switching lines in an effort to get the most effective combinations. Duff Mitchell scored from Scott Richards and Scott Mitchell, only to have Erik Thompson's Jimmy Lefebvre score from Terry Barkley, which left the score at the end of the second period tied 1-1. The fine calibre of play continued into the third period with Terry Barkley scoring to put Erik Thompson

MARCH 27, 1973

Electric into the lead 2-1. This two-game total point contest continues Tuesday. the game was refereed by B. Harper and B. O'Connor who called penalties on Roberge, Richards and Craig.

Earl's Meats blew a 2-0 lead and were defeated by Erik Thompson Electric 3-2 on Tuesday. Scotty Richards scored early in the first period when Earl's Meats put on a great show of strength bottling up the Electric team and swarming around John Kelly in nets. Scott and Duffy Mitchell assisted on Scott Richards goal, and Duff quickly scored again for Earl's Meats with help from brother Scott. Then Kenny Shay opened up on Earl's Meats goalie, Kelly Mitchell with two rushing breaks and scored twice, both goals unassisted. Terry Barkley scored the third goal to end the scoring and give the win to Erik Thompson Electric.

Mainly About People

Mr and Mrs Hilliard McCorriston of Berwick and Mrs Brian Daye of Long Sault spent Sunday in Kingston, the guests of Mrs Eileen McCorrsiton and Doris. While there they spent the afternoon with Doctor James McCorriston, Pamela and Janet and the Doctor's mother, Mrs Grace McCorriston of Montreal.

The Reverend E. Earle Eaton was in Toronto for the annual convention of the Evangelical Fellowship of Canada. He was an overnight guest of the Reverend and Mrs W. H. Heustin of Bradford. Mr Eaton also chaired a meeting of the Seaway Community Services Committee at Williamsburg, participated in a temperance speaking contest program at Winchester, attended a luncheon meeting of the Health and Welfare Section of the Ottawa Social Planning Council and called on friends in Ottawa and at Vars.

People of all ages and all walks of life do important and essential jobs as Red Cross volunteers.

YOU CAN HELP TOO. ✚

89 jobs created in Cornwall expansion

OTTAWA — The Honourable Don Jamieson, Minister of Regional Economic Expansion today announced that Atlas Hoist and Body Inc. of Montreal has accepted a regional development incentive offer from his Department for a new facility in Cornwall, Ontario, to manufacture stationary compactors and containers and steel U truck bodies. The project is expected to create an estimated 89 additional jobs.

The incentive of approximately $200,000 is based on a rate of ten percent of the approved capital costs, estimated at $670,000, plus $1,500 for each job created.

The offer is subject to conditions specified under the provisions of the Regional Development Incentives Act.

O.F.A. welcomes pollution study

TORONTO — The decision by Environment Minister James Auld to name a committee of farmers to investigate farms that are targets of pollution complaint is welcomed as a positive move by the Ontario Federation of Agriculture.

"The Federation's pollution committee proposed an all-farmer inspection team, because we knew it would be the most practical way to solve the conflict between livestock farmers and their neighbours," says Enniskillen beef and mixed farmer, Bruce Taylor. he is a member of the OFA's seven-man provincial executive and heads the pollution committee.

"Mr Auld is to be congratulated for acting on our suggestion. The decisions of this group of farmers will result in immediate action - a preferable alternative to the festering feuds that have been going on in some areas for months and even years."

Varna hog farmer Gordon Hill, who is OFA president, calls the committee, "a progressive step as a means to eliminate community comflict when uses of land are not compatible."

"It was a responsible move to name an all-farmer committee. Farmers are the only people who know the habits, problems and costs other farmers have in storing and disposing of animal wastes."

Hill adds, "I'm sure that these men will be fair to both livestock farmers and their neighbours because failure to do so will bring disrepute to livestock operations across the province."

In a big way

Task force on policing goes public

The Task Force on Policing in Ontario which was appointed last November has been inviting briefs from all interested citizens and groups for the past several months. It is now preparing for an extensive series of public hearings to allow the public to become involved in the deliberations which will eventually lead to a report to the Government of Ontario recommending the pattern of policing in the 70's.

The Task Force Chairman, Edward B. Hale, of Waterloo, Ontario stated today "that the great need for the success of the Task Force at this point is for the public to become vitally involved in the subject of policing in Ontario. The Terms of Reference are very broad and far reaching and the subject is one which can vitally affect every man, woman and child in Ontario. The many briefs received to date from members of the community, interested groups and organizations reflect some excellent thinking on the subject which will assist materially, but the time has now come for the general public to become closely associated with the aims of the Task Force."

Part of the job of the Task Force has been to visit Police jurisdictions in other countries and representative areas of Ontario in order to evaluate the effect of rapid social change on policing.

Many of these jurisdictions have test programs aimed at overcoming the rise in crime and lawlessness, but at the same time, directed toward the achievement of a closer relationship between the police and the public. These experiments are being carefully sifted in order to arrive at a plan which will incorporate the best elements of each. Hopefully, this plan will include innovations which, after careful consideration of all factors including meaningful communication with the Ontario public, will make a vital contribution to the improvement of policing in the Province.

Policing is a subject upon which practically everybody has some opinion. The majority of the public have strong feelings and impressions on this matter and feel that they can contrubute something of value to future planning in the interests of their own safety and security.

Inherent in these studies by the Task Force is the importance of setting out specific recommendations which will be instrumental in safeguarding the rights and safety of individuals. It is possibly in this area that the most useful dialogue between the Task Force and the general public can be attained.

Task Force on policing in Ontario
Terms of Reference

The task force will examine the state of policing in Ontario; analyze present and future needs; study alternative approaches related to these needs; and make recommendations to the Solicitor General.

Specifie matters to be examined will include';

1. An analysis and forecast of the extent and nature of future policing needs in the Province in the 1970s.
2. The division of policing responsibility between the Ontario Provincial Police, regional and Municipal police forces and their relationships and jurisdictions with respect to other police forces - both geographically and in respect of services provided. This will also include examination of the division of responsibility in such areas as criminal intelligence services, the enforcement of traffic by-laws, the King's Highways and Provincial Parks.
3. The financing of police services in Ontario.
4. The process of designation of municipalities including the amalgamation of forces and alternate means of designation.
5. Police manpower planning and development, including recruitment; manpower utilization; promotional qualifications and procedures; and management development, training and standards.
6. The administration of police forces including the concept of Boards of Commissioners of Police and other governing bodies, as well as their make-up.
7. The functions and role of the Ontario Police Commission and the relationship between the O.P.C. and the Ontario Provincial Police.
8. The relationship between the police and the public in the light of changing social attitudes and expectations.

A knot is an embedded Branch in the wood of the tree trunk.

CARDS OF THANKS

CARD OF THANKS

We would like to take this opportunity to thank all friends, neighbours and relatives for acts of kindess, for sympathy, flowers, donations to the Heart Fund and food brought into our home in the recent death of our dear wife, mother and daughter-in-law, Jean. Special thanks to Dr. Ford Connell, and staff of 10th Floor Kingston General, Dr. H. E. D. Bateman and staff of second floor north of Cornwall General and Brownlee Funeral Home, Finch. These acts of kindness will long be remembered and never forgotten.

Herb and Danny, Bismark and Pauline Froats and family

30-1

CARD OF THANKS

We would like to thank friends, relatives and neighbours for cards, treats and visits and other acts of kindness and messages of sympathy received while our Aunt, Alice McMillan was a patient in Winchester District Memorial Hospital and since her death. Special thanks to Dr. Barton, nurses and staff at the hospital for their care. Also thanks to Rev. Boyd, Rev. Gordon and Rev. Eaton for their visits and kind words.

Niece and Nephew, Keith and Norma McMillan

30-1

CARD OF THANKS

I would like to thank my friends and neighbours for their cards, visits and gifts while I was a patient in Winchester Memorial Hospital.

Isabell Young

CARD OF THANKS

Auldy and Pat Homes wish to express their appreciation to all their friends, neighbours and friends of their children who made their stay in Chesterville a pleasant one and wished them well on parting.

30-1

CARD OF THANKS

I wish to thank my relatives and friends who so kindly remembered me with flowers, cards and letters with messages of cheer, gifts, treats and visits while I was a patient in Ottawa Civic Hospital. All these kindnesses helped make my stay less lonely and will always be remembered.

Betty Beckstead

30

CARD OF THANKS

I would like to thank all the patients and friends whose greetings I received during my recent sojourn in Ottawa Civic Hospital. They were appreciated very much. In the meantime, I expect to resume work on May 1st at Chesterville and Finch.

Dr. G. Slowey

30-1

CARD OF THANKS

I wish to express my sincere thanks to my friends and relatives for cards, letters, gifts, flowers and personal calls while I was a patient in the hospital. Special thanks to Dr. Howard Justus and nursing staff on the first floor.

Mary Van Dongen

30-1

CARD OF THANKS

Mrs George Cunningham wishes to thank everyone for their personal calls, cards, flowers, letters on the occasion of her 95th birthday. Special thanks to Mrs Lyle Marsellus for a lovely birthday cake.

Conservation Club meets at Berwick site

BERWICK — The nearly completed nature trail just east of here was the site of the second meeting of the Stormont 4-H Forestry Conservation Club.

Keith Holback, the leader, reviewed twig identification followed by a brief business meeting and lunch.

IN MEMORIAM

IN MEMORIAM

In memory of my dear husband Leslie Whittaker, who passed away April 3, 1970.
When all is still and silent
And sleep forsakes my eyes,
My thoughts are in the silent grave
Where my dear husband lies.

Ruth

30-1

In Memoriam

WHITTAKER — In loving memory of our dear brother, Leslie who died April 3, 1970.
His weary hours and days of pain
His troubled nights are past.
And in our aching hearts we know
He has found sweet rest at last.

Remembered always, brothers and sisters

IN MEMORIAM

HUGHES — In loving memory of a dear husband and father, William Alfred Hughes, who passed away April 6, 1970.
Three years have passed
Since that sad day
A link in the family circle had been broken.
The rolling strea.. of life flows on
But still the vacant chair
Recalls the love, the voice, the smile,
Of one who once sat there.

Always remembered by wife Lillian and family

30-1

IN MEMORIAM

In loving memory of a dear father and grandfather, Stanley Barkley, who passed away April 4, 1970.
Nothing can ever take away
The love a heart holds dear
Fond memories linger every day
Remembrance keep him near.

Helen, Doug, Vaughn, Reggie, and grandchildren

IN MEMORIAM

BARKLEY — In loving memory of a dear brother, Stanley Barkley who passed away April 4, 1970.
It was in the month of April
We stood by an open grave
And watched them lower our beloved brother
We would have given our lives to save.
But we knew our thoughts
Could not waken
That soul in the silent clay
So we laid our hearts down beside him,
And silently walked away

Sisters, Velma, Kathleen and Orlean

30-1

Controversial play 'Strawberry fields' to visit Cornwall

CORNWALL — Toronto Factory Theatre Laboratory's avant garde production of "Strawberry Fields" by Mike Hollingsworth will open April 13 for a two night run at St. Lawrence College of Applied Arts and Technology, Cornwall Campus.

Cornwall is the most easterly point on a tour of five colleges and universities following a two week engagement at The Gallery Theatre, London. The play is scheduled to open at the Cafe La Mama in New York at the end of the month.

"Strawberry Fields" has evolved from a 30 minute one act play in a manner typical of Factory Lab's technique of co-operative writing and gutsy improvised acting. It joins the forty-eight Canadian plays the Lab has produced since 1970, including David Freeman's "Creeps" and David French's "Leaving Home."

The subject matter is controversial and requires a strong stomach to act and watch. Based on an actual episode observed following a Rock Festival at Mosport, Ontario, the violence and sexuality has been compared to James Dickey's "Deliverance." Critics have also compared the play to Becket's "Waiting for Godot" and the film "Easy Rider". It is the black side of the drug-oriented counterculture.

Director Paul Bettis stresses the minimum use of props and special effects and suggests that the audience is dressed casually and bring a cushion or blanket for sitting on the floor. An equally improvised area for playing at the College will be selected by the director when the cast of three and the technician arrive.

Admission will be $3.00 ($1.00 for students) with the warning that this is not a "family show."

INSIDE BELL

by MR. KEN MENARD,
249 Pitt St., Cornwall, Ont

Part of my job as manager for Bell Canada in this community is to travel throughout the region and get acquainted with the residents. I always return from these trips with the feeling that much could be done to further our mutual understanding. We at Bell Canada do not always understand your problems and needs. No doubt, there's much we could do to explain our actions and the particular problems we meet in trying to provide you with the best available telephone service.

Bell Canada's job is to provide the technical facilities to make communications easier. But being in the communications business, I am constantly aware that equipment alone does not make for good communications between people. What is important for beneficial communication is the interaction or two-way flow of information between people.

Writing this column is one of the ways in which I am trying to encourage communication between residents of the area and myself in order to help prevent or overcome confusion and misunderstanding.

I have received questions from many of you which have been answered personally by letter or by phone. I'm sure many of these questions concerning Bell Canada would be of interest to other people too. So I plan to publish your question and the answers in this column from time to time. If you do not want your questions answered in a public column, I shall be happy to answer them privately.

If any of you at any time have a question you would like to ask me, or anyone else in Bell Canada, please write to me:

The St. Lawrence Parks Commission

GARBAGE COLLECTION

SEALED TENDERS, marked clearly on the outside as to contents, will be received at the Head Office of the Commission (Box 340, Morrisburg) until

5:00 p.m., E.S.T., Thursday, April 19, 1973

for the collection and disposal of garbage from all campsites and parks on the Long Sault Parkway on Mondays, Wednesdays and Fridays of each week during the three-year period from

Friday, June 15, to Monday, September 17, 1973
Friday, June 14, to Monday, September 16, 1974
Friday, June 13, to Monday, September 15, 1975

Pick-ups will also be necessary on an "as required', flat fee basis between mid-May and mid-October of each year (excluding the above periods), to be quoted on separately in the tender submission.

More specific information re tendering procedure and other related matters may be obtainel by calling the Purchasing Officer at Morrisburg, 613-543-2951.

The Commission reserves the right to reject any or all tenders and the lowest tender will not necessarily be accepted. 30-1

Bell proposes Information Charge

The odds are at least seven to three that the local telephone number a caller asks the Directory Assistance operator for is in the new telephone directories now being delivered in Brockville and the surrounding area. And, those are pretty good odds. On the average, 70 percent of the calls to Directory Assistance are for numbers available in the caller's telephone book.

These figures are one of the reasons Bell has asked the Canadian Transport Commission for permission to charge 25 cents every time a Directory Assistance operator gives a caller a number he could have found himself.

The purpose of the charge is not to eliminate the service. It is intended to discourage unnecessary use by encouraging callers to use their telephone directories, thereby giving the DA operator more time to devote to people who really need her help. It is also intended to offset the cost of providing Directory Assistance service to people who don't take the time to look the number up in the book.

Calls for numbers not listed in directories will not be subject to the charge, nor will calls from anyone who cannot use a directory because of a physical impairment. Calls from pay phones, hotels, motels, hospitals and calls for help in emergencies will not be charged.

So the 'Look In The Book' message on the cover of the 47,200 books being distrubuted here, is still a very valid one.

More than 10 million directories will be produced this year to help Bell Canada customers find telephone numbers they require. The introductory pages list specific numbers for operator and Directory Assistance, repair service, business office, long distance service, local calling areas, area codes, and long distance calling rates. They are designed specifically for the area in which the directory is distrubuted.

MIXED STAG — In honour of Diana Laroche and Richard Poirier to be held Saturday night, April 7, in Finch Community Center. Refreshments available. everyone welcome. 30-1

COUNCIL HEARS —
(continued from page 1)

about putting a little more bite on speed violaters.

Councillor Archie Black raised the issue by suggesting a few fines might deter those who were accustomed to racing along village streets. He said Chief Shane had been perhaps inactive in this area and fines might slow people down.

Reeve Graham said council couldn't expect Chief Shane to nab everyone who exceeded the 25 mile an hour limit by a narrow margin but he said those who surpassed the limit by a dangerous increase could be penalized.

The matter was to be taken up with Chief Shane to see if stronger supervision couldn't be inforced.

ONE KILLED —
(continued from page 1)

Cornwall General Hospital with multiple cuts and bruises and head injuries.

Long Sault Provincial Police said a car driven by Albert Timmers, 20, of R.R.2, Newington left County Road 15 about one mile south of Avonmore around 11:15 p.m.

Timmers was treated at Cornwall General for cuts and bruises and released. A passenger, Chris Timmers, 17, was also treated and released while two other occupants, Martin Timmers, 14, and Rick Alguire, 14, were admitted to hospital with head injuries.

Const. Gerry Tremblay estimated the damage to the 1967 model car at $900.

A one car crash near Newington early Saturday morning sent 4 teenagers to hospital two in serious condition.

Long Sault Provincial Police said the car driven by Carson Haney, 18, left County Road 12 west of Newington shortly after midnight.

Haney was admitted to the Intensive Care Unit at Cornwall General Hospital following the crash. A passenger Conny Froats, 15, was taken to the Montreal Neurological Institute with head injuries while a second passenger, Bonny Brunet, 17, was admitted to Cornwall General Hospital.

A third passenger, Robert McMillan, 17, was treated and released.

Damage was estimated at $1,000.

ARENA PROGRAMME

Thursday, April 5 — 4 to 6 p.m. - Minor Hockey; 7 to 9 p.m. - Ladies Broomball; 9 to 10 p.m. - Bantams; 10 to 11 p.m. - Bert Beckstead Hockey.

Friday, April 6 — 4 to 6 p.m. - Skating Club; 6 to 7 p.m. - Pee Wees; 7 to 9 p.m. - Ladies Broomball; 9 to 10:30 p.m. - Williamsburg I.O.O.F.; 11 to Midnight - Clement Feed Hockey.

Saturday, April 7 — 8 a.m. to 1 p.m. - Minor Hockey; 2 to 4 p.m. - Skating; 4:30 to 5:30 p.m. - Pee Wees; 7 to 9 p.m. - Skating; 9 to 11 p.m. - Hockey.

Sunday, April 8 — 12 noon to 6 p.m. - Skating.

The arena will reopen sometime in October. I wish to sincerely thank all who have helped with the cleaning of the ice during this season. Without this assistance we would not have been able to operate as efficiently as we did.

Bob Larose, Supervisor.

CARD OF THANKS

We wish to express our sincere thanks to our relatives, friends and neighbours for the many floral tributes, donations to the heart and cancer funds, acts of kindness and messages of sympathy during our recent bereavement in the loss of a dear wife, mother and grandmother, Ellyn (Helen) McMillan. Thanks also to those who sent food and were so helpful at home. Special thanks to Rev. L. M. Ferguson, Dr. H. W. Justus and Vice and Craig Funeral Home. Your kindnesses will long be remembered.

The Family

73rd annual

Finch farmer Ralph MacKenzie chairs Canadian Jersey Cattle Club meeting

The Annual Meeting of the Canadian Jersey Cattle Club held in Ottawa, the nation's capital, was a resounding success. The Skyline Hotel provided a luxurious setting for the three day schedule of events. Friday, March 9, Jersey breeders gathered and toured the Parliament Buildings, had lunch as guests of the Honourable E. Whelan, Minister of Agriulture, at the Sir John Carling Building, visited the Showcase Herd at the Canada Experimental Farm, and toured Rideau Hall, home of the Governor General of Canada. The Annual Business Meeting of the Jersey Club took place on Saturday, March 10, with over 200 delegates registered. Awards were presented to Jersey breeders at a noon banquet. An enjoyable buffet and dance provided a pleasant evening for Jersey breeders and their invited guests. The weekend of activities concluded on Sunday with a tour of Jersey farms in the Ottawa area.

C.J.C.C. ANNUAL MEETING

Mr Ralph MacKenzie of Finch, Ontario, President, chaired the 73rd Annual Meeting of the Canadian Jersey Cattle Club.

Reports presented to the meeting indicated a year of increased activity and enthusiasm in the Jersey breed.

Production increased significantly during 1972 and the selling price of breeding and replacement stock rose sharply, bringing new prosperity to breeders.

One of the more interesting reports was presented by the Building Committee, which is searching for a new site for the Jersey Club office. Locations have been investigated in the Guelph, Toronto, and Ottawa areas. The Guelph area seems to be the logical choice for several reasons; it is the centre of the largest concentration of Jersey breeders in Canada and the University of Guelph and United Breeders are located there, institutions with which the Club has a close association.

The present Jersey Club Office Building located in Toronto was sold in November, 1972. The Club is presently renting space in the old building until the fall of 1973.

Several Constitutional changes were approved at the meeting: the Annual Meeting can now be held prior to March 31 rather than March 15; and special extra charges for registering imported animals have been dropped from the fee schedule.

SPECIAL JERSEY AWARDS

Jersey breeders from across Canada were recognized for the excellence and high production of their herds at a noon banquet of the C.J.C.C. at the Skyline Hotel, Ottawa, March 10, 1973.

Cecil Mortson, Shanty Bay, Ontario, formerly of Queensville, Ontario, was declared a Master Breeder of the Canadian Jersey Cattle Club, a very exclusive honour that recognizes his achievements with his Jersey herd and the great contribution he has made to the Jersey Club over the years.

Another very special award, Honourary Life Membership was presented to J. Hume, Grisdale, Toronto, Ontario, former Secretary-Manager of the Club, for his dedication and contributions to the progress of the Jersey breed in Canada.

Robert Younge, Shawville, Quebec, won the Lindsay Trophy for the highest B.C.A. Jersey record in Canada in 1972 on Willow Hill V. Sharon, B.C.A. (250-231).

The President's Trophies for Long Distance Production were presented to Pat Reid and Son, Salmon Arm, B.C., for Milk and Sherwook Taylor and Sons, Galt, Ontario, for Butterfat.

Trophies were awarded to Fairlawn Farms, Delta, B.C. for All Canadian Jersey Cow and to John C. Sheardown, Thornton, Ontario, for All Canadian Jersey Bull.

Constructive Breeder awards were presented to John Batty and Sons, Brooklin, Ontario; Don Head Farms, Richmond Hill, Ontario; Featherstone Bros., Oakville, Ontario; Cameron Honderich, New Hamburg, Ontario; D. H. McCaig and Son, Huntingdon, Quebec; Robert Mellow and Son, Bolton, Ontario; and T. C. and A. M. Polson, Delta, B.C.

C.J.C.C. BOARD OF DIRECTORS

The Board of Directors and officers for 1973 are: Cameron Honderich, New Hamburg, Ontario, President; Percy Caswell, Wolseley, Sask., 1st Vice President; John Batty, Brooklin, Ontario, 2nd Vice President; Ralph MacKenzie, Finch, Ontario, Immediate Past President; John MacKenzie, Finch, Ontario, and Oliver Evans, chilliwack, B.C., Honourary Presidents; Gilbert Robison, Harvey Station, N.B., and Clifton Berry, Lachute, Quebec, Additional Members of Executive; Ralph Barichello, Langley, B.C.; Donald Langrock, Lacombe, Alberta; Robert Younge, Shawville, Quebec; and Floyd Dingwall, Berwick, Ontario, Additional Directors on Board.

Tax Tips

Q. The expression, moving expenses, probably means many things to different people. Can you be specific regarding the types of moving expenses which can be deducted from income for income tax purposes?

A. Yes. Moving expenses would generally include the cost of travelling from a former to a new residence, including meals and lodging while en route, transportation and storage costs for household effects, and the cost of up to 15 days' temporary board and lodging near the former or new residence.

Q. What about the cost of cancelling a lease, advertising and legal costs, or real estate commissions. Are costs of this nature regarded as moving expenses?

A. Yes. Each of the items you mentioned is included in moving expenses. We should probbably mention that expenses for any work done to improve a property before sale, or mortgage penalty when the mortgage is paid off before maturity, or any loss incurred on a sale are not included in moving expenses.

Q. I have received a scholarship from a university which requires me to move to another city. I understand that the amount of the scholarship over $500 must be reported as income. Can I deduct my moving expenses to the university?

A. Yes. The amount of the scholarship over $500 must be declared as income and you may deduct moving expenses to the extent of such income declared in your return. Moving expenses include travel costs, meals and lodging while in route, transportation and storage costs of your household effects, temporary quarters, etc., for yourself and your family. Enquire at your District Taxation Office for a brochure on "Moving Expenses".

Q. I am a full-time university student and have obtained temporary employment some 200 miles away. I am required to pay my own travel expenses to get to this temporary job. Can I deduct this expense from the income I earn during the summer?

A. Yes. If you have been in full-time attendance at a university or other post-secondary education institution in Canada, and you move to take a job, including summer employment, you may claim moving expense deductions. This applies only to moving expenses to get to the employment and not to those for your return to the university.

Q. I am a resident in Canada and receive a retirement pension from the United States company I worked for, and also U.S. Social Security. If this is subject to the Canadian income tax, is the tax calculated before deductions were taken off in the United States or on the amount I receive here?

A. First of all, the gross amount of the pension from the United States company and also your U.S. Social Security are income for taxation purposes in Canada. When calculating the amount of your income you should convert both these amounts into the Canadian dollar equivalent. if you pay income tax in the United States you will be entitled to a foreign tax credit on your Canadian income tax return.

Q. My husband received strike pay from his union office in the United States although we live in canada and the strike was here. Does he have to report this strike pay?

A. If your husband performs no services (other than picketing) in order to draw strike pay, he need not report it. However, if he is required to perform specific services (such as acting as a special chauffeur) in order to draw strike pay, it is considered to be a payment for services, and therefore taxable income to him.

Q. Since filing my income tax return, I have been transferred to another province. I am expecting a refund. What do I do about my change of address? Do I write to the Taxation Data Centre or do I write to my old or my present District Taxation Office?

A. You should write to your former District Taxation Office, giving your full name, new address and any other identification such as your account number, Social Insurance Number and your previous address, and advise that you are expecting a refund. (you should also notify your post office of your change of address.)

Good cow milking in an economical package
The Surge
PACEMAKER
Pipeline System
The new PACEMAKER pipeline system puts the convenience and efficiency of pipeline milking within the reach of every dairyman. It is built around the Surge Com-Pak, a milk pump receiver panel pre-assembled for easy, low-cost installation. The complete PACEMAKER pipeline system incorporates the Surge Alamo Vacuum Pump, Surge Breaker Cup Milker or Mini-Cup Milker and Electric Pulsation. It delivers the necessary capacity and good cow milking traditional with Surge.
Whatever your present herd size or your plans for the future, there is a pipeline system suited to your needs. Your Surge dealer is waiting to hear from you.

Your best tire BUYS
CANADIAN TIRE
The strongest of all Glass-Belted Constructions—
4+2=6 PLIES UNDERTREAD
Almost all belted tires have a 2-ply body. Our *Belt O' Glass* is one of the few exceptions. It has 4. We doubled the body plies of the strongest Nylon: Dupont 66, to give you the most in strength, in miles, and by actual test, more than twice the safety in event of air loss (see Nevada Test posted in your Canadian Tire store). The 2 belts are 2nd generation glass, the kind that will be built into high performance radials.
PAY US DOUBLE THE PRICE AND WE COULDN'T BUILD YOU A BETTER PERFORMING GLASS-BELTED TIRE THAN OUR 'BELT O' GLASS'
If you're satisfied with 2+2 Belted Construction (4 ply undertread), we have soft, cushion-ride POLYFLEX—the best value anywhere in North America. We are so sure of it we ask you to search and we will allow you double any savings you find on comparable quality! See Guarantee posted in your local Canadian Tire Store.
5-Year Road-Hazard Insurance on both Belt O'Glass and Polyflex. Belt O'Glass: 44-Month, 44% Pro-rated Wear-Out Discount Allowance. (36-Month Allowance on Compact sizes).
Polyflex: 30-Mth. 30% Pro-rated Wear-Out Discount Allowance.

5-Year Road-Hazard Insurance on Whippet and Contender: 20-Month, 20% Pro-rated Wear-Out Discount Allowance. (The Standard is not insured—you save the insurance cost. Meets or exceeds Government safety-standards).

No charge for tire installation
When you buy our Dill/Schrader Valve at our regular catalogue price of $1.00. We must install tire and valve together "A tire isn't new unless the valve is too!" Static-Balance, tire and wheel, $1.00.
*Discount for Cash is in lieu of Bonus Coupons

RADIALS...
They're the greatest! YOUR MONEY BACK IF YOU DON'T AGREE!
All makes of Radial Tires roll more freely. Under test, they are reported to save gas, outwear close to 2 sets of ordinary tires, and rarely puncture. But they are not entirely immune to problems. The bulging sidewalls can be a target for road-debris. But safety '99' sidewalls are different. Built of moisture-proof, fatigue-resistant Polyester, they stay stronger longer.

Atoms have busy week as season draws to an end

Last week was a busy one for Chesterville Atoms as Record, Fultons, Leafs, Atom B's and All-Stars took to the ice.

The Chesterville Atom B's travelled to Morrisburg last Friday to tangle with a tough Morrisburg B squad. Despite good defensive work by Michael Genier, Ronnie Jones, Barry McMillan, Mark Thompson and Jeff McIntosh, Morrisburg took the game 3-0. The forward lines playing together for only the third time, couldn't get organized. On Saturday, the B's travelled to Winchester and in a very evenly disputed game, escaped with a 1-0 victory. Ronnie Jones set up Danny Mattson who scored the winner. Bruce Casselman and Wayne Ball shared the shutout.

In house league exhibition play, Leafs tangled with Chesterville Record and despite a hard-fought game, the result was 0-0. Chris Laflamme and Eddy Witteveen each posted the shutout.

In Leaf's 5-4 win over Fulton's, Gary Beckstead gave Fulton's a short-lived 2-0 lead. Then Leafs scored five unanswered goals before Beckstead notched his third and fourth goals to end the game 5-4.

Scoring for the smooth-skating Leafs were Marque Laflamme with two, Donnie Richards with two and Tony Wouters.

The All-Stars had a very heavy schedule as they played Ottawa Canterbury All-Stars twice, the Pee Wees, Winchester A's and Morrisburg Legion Atoms.

The Canterbury squad is a selection of Stars chosen from 12 Ottawa house league teams who were preparing for a weekend tournament in Peterborough. The locals, perhaps a little star-struck, were way off their game as they took a 6-0 drubbing from Ottawa in their most ineffective display of the season.

On Friday evening, they travelled to Winchester to play the same Canterbury team, showing a lot of heart and desire. The All-Stars skated and checked their way to a 3-2 win behind the excellent goaltending of Eddie Witteveen. The locals jumped into an early 2-0 lead on goals by Garry Beckstead and Marque Laflamme. The tough Canterbury team came roaring back on goals by Mike McGahan and M. Sullivan. Then it was speedy Marque Laflamme who put away a Garry Beckstead shot to score the winner. Mike Beckstead also assisted on the goal.

Against Ross Casselman's Pee Wees, the All-Stars were way off as they refused to pass the puck and this resulted in a 4-1 loss. David Phifer opened the scoring for the Pee Wees, only to have Donnie Richards tie the score from Marque Laflamme. Then Jeff Leclair was set up by brother Ron to give the Pee Wees a 2-1 lead. Then, with minutes left in the game, Ron Leclair put the game out of reach and Jeff Leclair added another to cinch the 4-1 win.

On Saturday, Winchester A's travelled to Chesterville to play the All-Stars. having dominated Winchester all season, the Stars were a trifle overconfident and were fortunate in escaping with a 2-2 tie against the greatly improved Winchester squad. Winchester opened the scoring with Peter Marriner and Kevin Gowdy setting up Michael Guy. Gary Beckstead then tied it up for the Stars. Then it was Michael Guy assisted by Peter Marriner to give Winchester a 2-1 lead. Star defenceman Garry Beckstead scored his second goal to tie the score 2-2.

Last Sunday saw Morrisburg come to Chesterville to play the All-Stars. After a scoreless first period which featured very close checking on both sides, Morrisburg opened the scoring with T. Jarvis scoring from M. Binks.

From that point on Morrisburg was held to a standstill, thanks to a fine defensive performance by defencemen, Glendon Shay, Donnie Servage, Derrick Van Delst and Garry Beckstead. Winger David Byers skated miles in checking Morrisburg star defenceman G. Howald.

Then Stars tied the score with Donnie Richards scoring from Marque Laflamme and Glendon Shay.

With two minutes left in the game, the Kid Line - all 9-year-olds - composed of Mike Beckstead, Marque Laflamme and Garv Beckstead was sent on in an effort to break the deadlock. With an incredible one second left in the game, Marque Laflamme took a pass from Mike Beckstead and Garry Beckstead and slid the puck under startled Morrisburg goalie Paul McAllister to give the All-Stars a hard fought 2-1 win.

This weekend the All-Stars travel to the Maxville Atom tournament and will close out the season in Alexandria Sunday night.

March 25, 1973 — Mr and Mrs Siegar Mulder, R.R.3, Winchester, A Daughter.

BUCK-A-CUP

PLAID OF CANADA'S CRIPPLED CHILDREN

"Buck-A-Cup"

"People may start callin me 'Dollar Bill-y' Watson," joked Canada's best known wrestler and long time friend of crippled children as he handed this year's first "Buck-A-Cup" campaign dollar to Ontario's 1973 "Timmy", young Richard Ware of Scarborough, while pretty Gillian Regehr, Miss Canada, laughingly poured Whipper his Buck-A-Cup of coffee.

Watson, as Honourary National Chairman of the Canadian Restaurant Association's annual charitable campaign, had just addressed the CRA's national committee by informing them as to what their support means to the Ontario Society for Crippled Children.

Buck-A-Cup's national chairman, restauranteur Harold Martin, went on to explain just how the CRAs campaign works.

From April 9 to April 19, staff of CRA restaurants, cafeterias and other outlets will offer buttons to patrons at a dollar each. On Buck-A-Cup Day, April 19, wearers will be entitled to all the free coffee or tea they can drink at any paritcipating restaurant on any number of occasions.

Last Year, Buck-A-Cup raised over $100,000 across Canada for crippled children with $26,000 of that amount raised in Ontario.

"This modest success", said Mr Martin, "indicates what great possibilities exist for our 3,000 CRA members to help crippled children's societies across Canada and we are looking forward to even better results this year".

Incidentally, members of the media will have an opportunity to be among the first to get their 'Buck-A-Cup' button for a dollar when they attend any one of a number of press conferences being held in various cities immediately prior to the campaign opening date of April 9.

Each host restaurant will offer media representatives their choice of ten fortified coffee beverages created for the occasion by a CRA member from each province, such as a Matador Special or Caribou Coffee.

Bookmobile Visits

The S.D.&G. United Counties bookmobile will visit the following locations during the week of April 9:

Monday, April 9 — Glen Walter 9:15 - 10:00; Summerstown 10:15 - 10:25; Bainsville 11:00 - 11:15; Glen Nevis 11:45 - 12:00; Glen Robertson 1:15 - 1:45; Glen Sandfield 2:00 - 2:30; Dalkeith 3:00 - 4:00.

Tuesday, April 10 — Williamsburg C. 11:30 - 12:00; Inkerman 1:30 - 3:00; Hallville 3:15 - 3:30; Mountain 3:45 - 4:15.

Thursday, April 12 — Laggan 1:15 - 2:30; McCrimmons Corner 2:45 - 3:15; Dunvegan 3:30 - 4:15.

Friday, April 13 — Bonville 10';15 - 11:00; North Lancaster 1:00 - 3:00; Glen Norman 3:15 - 3:30.

Chalmer's United Church holds St. Patrick's Tea

FINCH — A very delightful and colourful St. Patrick's Tea was held here in the sunday school hall of Chalmers United Church.

The gala occasion was opened by Rev. H. A. Funge whose artisitic abilities were displayed in the gay decorations and unique table centre pieces.

Guests were received at the door by Mrs Earl Droppo and Mrs John Cunningham.

Pouring tea were Mrs George Smith, Mrs Earl Bicks, Mrs William Johnstone, and Miss Lillian Droppo, treasurer. In charge of the various tables were Mrs Walter Burd and Mrs Charles Brownell, Aprons; Mrs Gordon Ouderkirk and Mrs Ruby Doran, Housekeepers; and Mrs Lois Montgomery and Mrs Glendon Smith, Tea Table.

Assisting these ladies were Mrs Basil Crawford, Mrs C. Lafaver, Mrs James McMilllan, Mrs B. MacLean, Mrs Bruce MacLeod, Mrs Henry Nugent, Mrs E. Neville, Mrs Robert MacLean, Mrs Lynden Hough, Mrs Reg Burd, Mrs A. B. Graham, Mrs Carl Nugent, Mrs Alan Neville, Mrs Ford Carruthers, Mrs Carl Beckstead, Mrs Johnstone Ouderkirk, Misses Lori Shaver, Beverley Smith and Ruth MacLean.

MONKLAND

Spends week-end at Whitford home

Mrs Albert Whitford's son, Morris Cameron and her mother, Mrs B. Parisien, of Madawaska spent the weekend at the Whitford home.

A large crowd attended the euchre in Victory Hall, last Wednesday with 22 tables played.

Visitors for the weekend with Mr and Mrs C. Haley were Mr and Mrs Gordon McNaughton of Smiths Falls.

Mrs Mabel Bender also called on Mr and Mrs Raymond Renwick, Mrs Gus Barton of Vankleek Hill and Mrs Alex McDonald of Lancaster on her way home from Florida.

Mr and Mrs Robert Jackson and Basil Gallinger were dinner guests at the home of Mr and Mrs Donald McDonald, Eamer's Corners, Thursday.

Basil Gallinger returned home Sunday from a week long bus tour of Florida.

Have you claimed your credit?

Even if you don't pay income taxes you may benefit from the Ontario Government's new Property Tax Credit Plan, but you must apply by filling in a 1972 Income Tax Return.
You'll find a special mauve claim form just for that purpose in the 1972 income tax kit. An explanation of the plan is right on the form.
The new Property Tax Credit Plan provides greater benefits for more—the elderly, roomers, boarders, and low income families.
If you paid property taxes or rent last year, you may be eligible.
Pick up a tax return kit at any post office, if you haven't already got one. And send in both the tax return and the mauve claim form. But do it quickly—remember returns and claims are to be filed by April 30th.
Your federal District Taxation Office will be glad to answer any questions you might have.
The Ontario Property Tax Credit Plan: we thought of it, but we'd like you to get the credit.

KITCHEN CORNER

DESSERT VARIETY

Cherry Blossom Cheese Tarts

18 vanilla wafers
16 oz. cream cheese
½ cup sugar
2 eggs
2 tsp. vanilla
1 can cherry pie filling

Beat cheese, sugar, eggs and vanilla together for 5 minutes at medium speed. Place paper cupcake liners in muffin tins. Put one vanilla wafer in each liner. Fill with above mixture to about ¼" from top of liner. Bake 12 to 15 minutes in 375 degrees F oven. When cool, spoon cherry pie filling on top, refrigerate.

Maple Cottage Pudding

Bring 1 cup maple syrup to the boiling point. Pour into loaf pan. Then with the electric mixer, beat the following until very smooth.

1 tbsp. shortening
3 tbsp. sugar
1 egg
¼ tsp. salt
½ cup milk
1 cup flour
2 tsp. baking powder

Pour this batter over syrup. Bake at 400 degrees F for about 25 minutes. Turn upside down on platter. Slice. Serve with whipped cream and chopped nuts.

Cherry Coffee Cake

Cream together:
½ cup sugar
2 tbsp. salad oil
1 egg

Add:
1 cup flour
2 tsp. baking powder
½ cup milk

Fold in:
¼ cup chopped walnuts
1 doz. chopped maraschino cherries

Turn into greased cake pan and sprinkle over the top a mixture of:
¼ cup brown sugar
½ cup chopped nuts
1 tsp. cinnamon
1 tbsp. melted butter

Bake in a 375 degree oven for 25 minutes.

Maple Frosted Golden Cake

2 cups sifted all-purpose flour
1¼ cups sugar
2½ tsp. baking powder
1 tsp. salt
1 cup milk
½ cup shortening
2 eggs
1 tsp. vanilla

Sift together flour, sugar, baking powder and salt. Add ¾ cup milk and the shortening. Beat 2 minutes with electric beater. Add remaining milk, eggs and vanilla. Beat 2 minutes more. Pour batter into 2 greased 8" layer pans. Bake in moderate oven 350 degress 35 to 40 minutes. Cool.

Maple Frosting

In saucepan, cook 1¼ cups maple syrup to soft ball stage. Gradually add hot syrup to 2 stiffly beaten egg whites beating constantly. Add ¼ cup sifted confectioners sugar and beat till blended.

NORTHFIELD STATION

Mr and Mrs Ralph Dillabough of Ottawa visited Mr and Mrs J. V. Fetterly Sunday afternoon.

Spruce fibres average about three millimeters in length.

VILLAGE OF CHESTERVILLE
FINANCIAL STATEMENT

March 5,1973

The Reeve,
Members of Council, Inhabitants
and Ratepayers of the Corporation
of the Village of Chesterville.

I have examined the 1972 financial statements of the Corporation of the Village of Chesterville and its local Boards, with the exception of the Hydro-Electric Commission which are listed on the index. My examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation of the Village of Chesterville and its local Boards, with the exception of the Hydro-Electric Commission, as at December 31, 1972, and the results of their operations for the year then ended, in accordance with accounting principles, generally accepted for Ontario Municipalities, applied on a basis consistent with that of the preceding year.

John D. Leward, C.A.
Municipal Licence No. 4411

STATEMENT OF REVENUE AND EXPENDITURE
for the year ended December 31, 1972

	1972 $	1971 $
Accumulated net revenue (deficit) at the beginning of the year	28,776.	14,102.

Other current assets	25,945.	23,504.
	99,647.	120,544.
Capital outlay to be recovered in future years	284,052.	219,980.
	383,699.	340,524.

LIABILITIES

Current liabilities		
Temporary loans	78,000	
Accounts payable and accrued liabilities	54,524.	36,164.
Other current liabilities	2,226.	6,979.
	134,750.	43,143.
Net long term liabilities	207,313.	216,114.
Reserves and reserve funds	65,680.	64,114.
Accumulated net revenue (deficit) and unapplied capital receipts	(24,044.)	17,153.
	383,699.	340,524.

NOTES TO FINANCIAL STATEMENTS

(1) CHARGES FOR NET LONG TERM LIABILITIES:

Total charges for the year for Net Long Term Liabilities were as follows:

Principal payments including contributions to the Ontario Water Resources Debt Retirement Fund	$ 8,801.
Interest	16,465.
Total	$ 25,266.

The Total Charges shown above of $25,266., were recovered from the Municipal Enterprise (Water Supply System) for which the related Long Term Liabilities were incurred.

(2) BASIS OF CONSOLIDATION:

The Consolidated Balance Sheet reflects the assets and liabilities of the Revenue Fund, the Capital Fund and the Reserve Funds of the Municipality. The assets and liabilities of local Boards of the Municipality have not been consolidated.

(3) NET LONG TERM LIABILITIES:

Total Long Term Liabilities incurred by the Municipality and outstanding at the end of the year amount to 432,610.

Of the Long Term Liabilities shown above, the responsibility for payment of principal and interest charges has been assumed by others for a principal amount of (139,000.)

The total value of the balance in the Ontario Water Resources Debt Retirement Fund which has been accumulated to the end of the year to retire the outstanding Long Term Liabilities included above amounts to (86,297.)

Net Long Term Liabilities at the end of the year $207,313.

(4) CAPITAL OUTLAY TO BE RECOVERED IN FUTURE YEARS:

Some Capital Outlay does not represent a burden on General Municipal Revenues, as it is to be recovered in future years from other sources:

Municipal Enterprises	$207,313.

(5) LIABILITY FOR VESTED SICK LEAVE CREDITS:

Under the Sick Leave Benefit Plan, unused sick leave can be accumulated and employees may become entitled to a cash payment when they leave a Municipality's employment.

The liability for these accumulated days, to the extent that they have vested and could be taken in cash by an employee on terminating, amounted to $1,766.57, at the end of the year. No provision has been made for this liability in the books of account of the Municipality as at December 31, 1972.

(6) UNFINANCED CAPITAL OUTLAY ANALYSIS:

As at December 31, 1972, the unfinanced Capital Outlay of the Municipality may be analyzed as follows:

Community Centre	$ 73,518.
Hydro Electric Commission re Street Lighting System	3,221.
Total	$ 76,739.

Of the total amount for the Community Centre, Ontario Municipal Board approval has been obtained for a loan of $35,000., to be repaid over a period of five years. The balance of $38,518., which has been extended on this project to the end of 1972, appears to be the primary responsibility of the ratepayers of the Village of Chesterville. I understand that the Township of Williamsburg will be contributing an additional sum estimated at $9,000., on this project and that there will be a payment forthcoming from the Chesterville Fair Board for an undetermined amount at this time and the balance of the unfinanced costs. together with any additional expenditures on the project in 1973, will have to be borne by the ratepayers of the Village of Chesterville in 1973.

(7) SEWAGE SERVICE CHARGES:

The Council of the Corporation of the Village of Chesterville is disputing the amount of the billing for Sewage Treatment Service in 1972 by the Ministry of the Environment.

As at December 31, 1972, there were additional charges against the Municipality totalling $13,536., which have not been set up in the books of account of the Municipality as a liability as at that date. As at December 31, 1972, the Municipality was holding $8,226., in the form of revenue in excess of the charges recognized by it for Sewage Service. Pending settlement of this claim by the Ministry, the Municipality would appear to be contingently liable for the excess billing of $13,536., referred to above.
