The Value of Saving

All successful men began by saving. Later, perhaps, they invested, but they first had to accumulate capital.

The first step towards wealth is to open a ings Account. The second is to save regu-

me in and ask about our simple, convenivings Accounts. Interest compounded every six months soon amounts up.

Winchester Springs Entertainment

The entertainment to be held in the Methodist church, Winchester Springs, Tuesday evening, Dec. 23rd, promises to be very interesting. The programme consists of choruses, motion songs, dialogues, solos, instrumentals, recitations, pantomimes and monolgues. Admission 25c and 15c.

Mickey is Coming to Chesterville

The heart interest in "Mickey" has never before been surpassed in motion picture history. Although the incidents attending Mickey's courtship are unusual, they are as beautifully human and natural as love itself.

The glorious romance, which starts in the early scenes, holds and fascinates to a happy ending.

There is a deep, heartfelt appeal in the unaffected, wholesome love of this adorable little girl.

See next week's advertising.

Next Week's Record

Next week The Record will be printed on Wednesday. We would ask all our correspondents to have their news letters reach us not later than Tuesday at noon. Advertisers will require to have copy for changes of ads in our hands first thing Monday morning. Personal items of Christmas visitors and family reunions will be much appreciated by us as The Record will reach the homes of this district on Christmas Day. Will you send us a personal or two, signing your name so we may know to whom we are indebted.

Six Club Hockey League

Last week representatives from Berwick, Finch, Chesterville, Winchester, Kemptville and Merrickville hockey clubs met in the latter town and formed a six-club league for this season, playing home and home games. Dr. S. H. Hutt of town was elected president of the new league. Arrangements were made for a meeting this week to arrange a schedule and other details. The six-club league will be an improvement on the three team affair of last winter when too many games were played with each other team to keep the interest up. With a schedule of ten games this year it means that every team will have to fight right from the drop of the hat to keep in the running.

Maple Leaf Arena Almost Ready

With the thermometer ranging down as far as eleven below zero Heber Hooks, chairman of the skating rink committee and Angus Merkley the ice maker are going around as pleased as Punch. Everything is getting in good shape at Maple Leaf Arena and in another day or two everything will be in readiness for the opening. Many improvements will be found, the dressing room has been moved to the east end of the rink next to the rink house, a new hockey cushion has been put in at the south side and the lighting arranged to make the rink almost as bright as day, in fact Mr. Hooks promises that Chesterville rink will be second to none in Eastern Ontario. By-the-way, the activity of the head of the Maple Leaf Condensery in providing the best conditions for healthy amusements is only in line with the policy of the Nestles Food Co., the parent company, in such matters, which is extended to the head office employees in New York, where it is arranged that squads of employees meet at different points in the city when coming to work in the morning and walk briskly two by two to the office for the sake of the exercise in the fresh air before settling down to office work.

Capt. Stewart Forbes of Carleton Place, will occupy the pulpit of the Presbyterian church next Sunday evening speaking on the problems resulting from the war and their bearing on the countries of the tar east.

The Young Man's Best Recommendation

A Savings Account is more than a start towards financial independence—it is a mark of character.

One of the strongest recommendations in the world of business that a young man can present, is a Merchants Bank Pass-Book, showing a record of consistent savings.

A Savings Account may be opened with $1.00, which shows how highly we regard the accounts of those who desire to save.

Teachers Ask for $1000 Salary

Public school teachers in Ontario will demand a minimum salary of $1,000 a year, so a committee of the Ontario Educational Association decided at a special meeting in Toronto on Saturday, and a deputation was appointed to wait on the Minister of Education with regard to the salary question. Many rural school teachers receive only $500 or $600 a year.

There had been a slight accident in a coal mine, with the result that Casey was partly buried by a small quantity of earth.

Callahan, the leader of the rescuing party, called down to Casey: "Keep alive, Casey. We're rescuin' ye".

Whereupon there came from the earth a muffled voice: "Is that big McIntyre up there wid ye?"

"Shure he is".

"Thin ask him plaze to step off the rooins. I've enough on top o' me without him".

The young people of the Valley, surprised Miss Edna Shane at her home on the evening of Dec. 9th when learning that Miss Shane intended taking her departure from our Valley her many friends here deemed it their duty to bid her farewell at her own home. Miss Shane was greatly taken by surprise but gave her friends a hearty welcome and she made so charming a hostess that everyone present felt free to enjoy themselves in music and games of many kinds. Before lunch was served Miss Shane's attention was called and the following address was read by Miss Evelyn Merkley.

Miss Edna Shane,
Nation Valley.

Dear Friend:—

It is with deep regret that we, the young people of Nation Valley, have learned of your intended departure from our midst and we felt we could not permit of your leaving us without gathering to bid you a kind "Au-revoir" and showing in some tangible way our appreciation of your kind, amiable disposition and your genial hospitality. As a friend and neighbor you have endeared yourself to us in your sojourn here by your readiness and willingness to assist in all enterprises of the community, whether social or otherwise, and we have learned to respect and appreciate your sterling worth and character. In leaving us you leave behind a host of friends who will ever be ready and eager to welcome you back to a warm place in our hearts and homes. In token of our esteem and good fellowship, we beg of you to accept this little gift and we trust that as you use it your thoughts will oft times revert to your friends in Nation Valley. Signed on behalf of the young people:—Mrs. Jno. A Munroe, Miss Ida Barkley, Miss Reta Pickering. The presentation was made by Mr. Donald Darling of a solid leather folding correspondence pad. Miss Shane made a suitable reply after which all joined in "She's a jolly good fellow" and in the "wee sma' hours" her friends bid her an affectionate Good-Bye.

Messrs. Andrew Carruthers and Ernest Beckett visited the Capital on Friday.

WINCHESTER SPRINGS

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aiding the assimilation of Food; giving healthy and natural sleep. Deer Killed When Caught in Wire Fence

It is not always necessary to take along a gun to get a deer in hunting season as was proven by Charles Hull who went with the Westport Hunting Club not long ago. Armed only with a milk pail and a jack knife, he started one morning from camp to get the supply of milk about a mile from camp. After getting the milk he was returning along the line of the K. and P. Railway when he heard a dog barking just as he entered a cut along the right of way. In a few minutes a deer came to the edge of cliff above him. He yelled at it and away it went. He proceeded down the track and as he emerged from a cut a deer followed by a dog came down the track behind him. It came quite close before he yelled again and it turned off the track and ran against a wire fence. Here it became fastened by a hoof and a horn and a few minutes Mr. Hull, picking up a large stone, stunned the deer and then cut its throat. While wondering how to get his deer and supply of milk to camp an employee of the K. & P. came alone on a motor jigger, and with his help took the load to within a short distance of camp. Great was the surprise of the rest of the "gang" when he arrived.

Mr. Lawrence Brown of Russell, had the misfortune of breaking his arm at the wrist, while cranking his car last week.

South Mountain has organized a hockey club among its male population, while the ladies have formed a gymnastic club and are going in for athletics.

While hunting deer on the Madawaska river, John S. Box of Calabogie, shot a horned doe the first of the kind to be captured in that district, although Geo. LaFontaine of Tweed, shot one several years ago in his country.

County Crown Attorney Harkness and Inspector Foster, secured a conviction against a resident of Finch district of selling liquor without a license. A fine of $300 was imposed.

D. P. MacKinnon formerly of Finch, died at his home in Calgary on Nov. 27th, where he moved about twelve years ago.

A house on York street, Cornwall, narrowly escaped being destroyed by fire when being fumigated after scarlet fever. The carpet caught fire but was noticed just in time by the owner to save his property.

Miss Irene Sherlock, Carleton Place High School had a near call when, during the period in the chemistry room Wednesday morning her hair caught fire. She succeeded in extinguishing the fire however and escaped injury.

The 1920 auto licenses for Ontario are to be a combination of blue and white colors. The letters and figures are to be imprinted on a field of white. This was the decision of the pre-election Department of Public Highways and the plates have likely been ordered already.

Mrs. Tom Thumb, who died recently and who was the smallest in size of any woman in the world, once held Mrs. D. Reid of Perth, in her arms when Mrs. Reid was an infant. Mrs. Thumb was on a tour of Canada at the time.

It is now unlawful for any person to peddle eyeglasses from house to house in the province and by an act passed at the last session of the Legislature there is a maximum fine of $100 for any person convicted of "selling, fitting or supplying glasses by going from house to house or from place to place, or in any other manner than from a permanent place of business." This law has come into force by the publication of a proclamation in Ontario Gazette.

Mr. Samuel Brunton of Russell, who recently purchased a farm in New York state has been joined by Mr. Wm. Stearns who sold his farm at Metcalfe a short time ago, and purchased a farm of 200 acres in the vicinity of Mr. Brunton's farm and will move across the line in the spring.

Embrum is building a new Town Hall. The Council passed the necessary authority to proceed with the work at the last council meeting, and the Reeve had a gang of men at work the next morning.

Provincial Detective Greer of Toronto, who spent a couple of days in Russell, investigating the recent case of burglary came back on Friday bringing one of the young men implicated along with him who went to Henry Tweed's bush and disclosed the hiding place of the missing jewellery.

St. Mary's College, which is nearing completion on the river road, three miles east of Brockville, had a narrow escape from being destroyed by fire, which broke out in a frame building near the structure by the explosion of a quantity of kerosene. The flames were kept from the scaffolding surrounding the smoke stack of the main building.

The smallest knife in the world has been made by Solomon L. Baxter, a jeweller of Wellesley, Mass. It is so small it could pass through the eye of an ordinary darning needle. The little knife has two blades measuring three thirty-seconds of an inch. Three tiny steel rivets hold the sides and blades in position.

"Yes, they sometimes launder the soiled money at the treasury."

"Can you tell me where they hang it out?"

Cannot Help the Delay With Election Accounts

Hon. W. E. Raney has issued a statement explaining the delay in the accounts of enumerators and election officials, etc. He refers to the fact that prior to the late general election voting took place upon lists prepared with the municipal voters' lists as a basis and the only expenses to be audited were the expenses of the returning officers and deputies in connection with the election. In the past election, however, entirely new lists were prepared under the system of enumration provided for by the Act of 1918, and as a result the Auditor of Criminal Justice Accounts, on whom the duty of auditing election accounts rested, has had four times as many accounts to pass upon as usual.

"The Government has given the aditor every assistance and has appointed additional officers to advise and assist him," said Mr. Raney, "but under the new and unexpected conditions it is impossible to do more than partially relieve the congestion."

Bushby was sorely in need of an extra farm hand and advertised.

"What'll ye pay?" questioned an early applicant.

"I'll pay you what you're worth", promptly replied Bushby.

The applicant meditated thoughtfully for a moment, then, turning on his heel, decisively announced.

"I'll be durned if I'll work for that!"

The teacher had been lecturing on finance.

"Now, Tommy", she said, "Who was the greatest financier who ever lived?"

"Noah, ma'am!" replied Tommy, at once.

"Noah! Why?"

"Because, ma'am, he floated a big company, when the whole world was in liquidation!"

Mrs. John Henders, Toronto

Mrs. John Henders, a highly respected resident of Toronto, who was well known to many in Cheterville, passed peacefully away in the triumphs of faith at noon on Friday, November 28th, 1919 at her home 143 Sunnyside Avenue, Toronto.

Mrs. Henders, who had reached the age of 68 was born at Omemee, Ontario, and spent the earlier years of her life there and in Lindsay, moving with her husband and family to Toronto some sixteen years ago. She was of a gentle disposition, kind and affectionate by nature, and of unassuming manner. Besides being ardently loved by the members of her own household she had a host of friends who mourn her loss. The remains were interred in Prospect Cemetery on Monday afternoon December 1st, the funeral service being conducted by the Rev. Balfour pastor of North Parkdale Methodist Church assisted by Rev. Dr. Speers and Rev. Morgan both former pastors of the deceased lady.

Besides her husband all of her children—Mr. R. J. Henders and Mr. Newton Henders, Mrs. Jas. Cunningham and Mrs. G. H. Tyndall of Toronto, Mrs. O. B. Hill of New York and Mr. W. R. Henders of Winnipeg, were present at the funeral as well as a great many other relatives and friends. Seldom has such a wealth of floral offerings paid tribute to the love and appreciation in which a noble life has been esteemed.

The late Mrs. Henders had several times visited her daughter Mrs. Jas. Cunningham when the latter resided in Chesterville, and made many friends amongst those who met her here upon those occasions.

MOREWOOD

The Presbyterian Ladies Aid Bazaar came off in good style on Friday. Bad weather has no effect now on the doings of this Society as a storm is generally part of the program. By supper time the best of the beautiful fancy and plain needlework had been bought up but in the evening the candy stall, oyster table and orange tree did a good business. $227 was realized.

Mrs. McEwen of Lumsden, Sask. accompanied by her daughter, arrived on Saturday to spend Christmas with her parents, Mr. and Mrs. Alex Feely.

Born—On Tuesday Dec. 2nd, at North Winchester, to Mr. and Mrs. Willie Coulthart, a son.

Mr. and Mrs. Roll Shaver moved into Chesterville on Wednesday last. They will be much missed in Morewood and espically in the Presbyterian church, of which they have for many years been good supporters and regular attendants.

On Sabbath morning, there passed peacefully away from our midst, Mr. Finlay Coulthart, one our most respected citizens who had reached the ripe age of 80 years. The funeral took place on Tuesday afternoon from his late residence at Cannamore, to the Presbyterian cemetery. The service in the church was conducted by the pastor Rev. K. A. Gollan assisted by Rev. Dr. Philp and at the grave by the Orange Order of which the deceased gentleman was for many years an esteemed member. Much sympathy is felt for Mrs. Coulthart in her loneliness after 36 years of happy married life.

Mr. and Mrs. Russell Mason of Bearbrook, spent Monday with Mrs. David Moffatt, the latter's mother.

We regret to report Mr. Geo. McGregor on the sick list, suffering from acute indigestion and neuralgia.

Miss Hough and Miss Danby spent the week end in Ottawa.

Mrs. Walker and children of Winchester, are visiting her parents Mr. and Mrs. J. W. Smith.

Lawrence Nadeau has gone into Ottawa, to attend the soldiers vocational school.

TOYES HILL

Mr. and Mrs. E. Haggerty and children and Miss Dora Lizert, teacher, spent Saturday at Williamsburg.

A meeting of the trustees of the Hill School was held at Mr. Sterling Coon's, Monday evening to consider the matter of giving our present teacher a raise of fifty dollars. When the work of the past was considered and the splendid advance of the pupils and the excellent conditions of the school and grounds, it was decided to give her $800 instead of $750 which she was previously hired for.

Margueret Ryan Gets Baby Irene

The famous "Baby Irene" case which, in its progress through the law courts, attracted more than usual interest on account of sensational allegations of kidnapping, reached a new settlement Tuesday when Mr. Justice Lennox, at Osgoode Hall, gave judgment declaring Margueret Ryan to be the mother of Irene. His Lordship gave Margueret Ryan, the defendant in the suit, the custody of the child, but directed that Irene must not be removed from without the jurisdiction of the Supreme Court of Ontario until the time for lodging an appeal had expired.

Mrs. Frederick Matters, the plaintiff, who claimed to be the mother of Irene, and Mrs. Ryan were inmates of the same hospital in Ottawa at the same time and the story, as unfolded during prolonged litigation, was to the effect that the woman Ryan was told that her baby had died on the day it was born.

Under the will of her late husband, Frederick Matters, Mrs. Matters was left a considerable fortune provided she became the mother of a child, and the allegation was that baby Irene Ryan was kidnapped at birth and afterwards became baby Matters.

In his judgment Mr. Justice Lennox criticizes very severely the actions of the doctor who attended at the birth of baby Irene.

CARD OF THANKS

Mr. Gordon Murphy of Connaught, wishes to express his thanks to the people of Crysler and his neighbors, for their kindness in his recent bereavement in the sad death of his only sister Mary Ann.

How to Test Eggs

The international committee of experts which has recently been sitting in London to decide what a "new-laid" egg is have not been able to give a definition. The object of the committee was to standardize eggs all over the world, but they have failed because the idea of what a fresh egg is varies so much in different countries.

There is no need, however, why the ordinary housewife should not be able to tell the age of an egg without actually cracking it. All that is required is a glass of water.

If the egg is perfectly fresh it will remain resting in a horizontal position on the bottom of the glass. If not quite fresh it will remain with larger end raised higher than the small. The higher the larger end the older the egg. A three-months old egg, for example, rests vertical, while if it is one of those unfortunate eggs which have been too long in the world it just floats.

The reason for this is that the older an egg is the more the inside dries up and creates a big space in the large end of the egg, thus making it more and more capable of floating.

More Girls Than Boys Reach Marriageable Age

The United States Census Bureau has taken the trouble to enquire into the subject of longevity and has reached the conclusion that the age of 106 is possible for a human being, but that no man or woman has ever seen his or her 107th birthday, all stories to the contrary notwithstanding.

In point of longevity women are far ahead of men, generally speaking. They are more resistant to diseases and they live longer.

Out of 1,000 girls born into the world, 750 live to reach the marriageable age of 18. Out of 1,000 boys, only 700 survive that long—an excess of 50 male deaths. Of the boys, 250 will live to be 69 years old, but 250 of the girls will safely pass their 72nd birthday.

Five boys (nearly) die for every four girls in the first month of life. Out of 1,000 males born during the present year half will be dead in 1971. Out of 1,000 female babies born in this year, half will be living in 1976,

And yet women are called the "weaker sex". So they are, muscularly, but it is manifest that they are the stronger sex constitutionally. They possess what biologists term greater "viability"—a superior ability to survive.

Why nature so arranges matters is beyond explaining. Apparently she tries to make up for it to some extent by bringing into the world 1,043 boy babies to every 1,000 girl babies. But it is not enough. So much more hardy are the girl babies that they are actually a majority before the second year of life is reached.

Will Eliminate One Exam.

As a result of negotations with the University authorities, Hon. Dr. Cody in making his last official announcement as Minister of Education, was able to impart the good news that arrangements have been made for joint examinations for matriculation and for entrance to the Normal Schools and Faculties of Education. In the past the High Schools have been required to prepare candidates for two types and standards of examinations based on the same courses. By the new arrangement, the work of the schools will be materially lessened, and the pupils will have the opportunity of qualifying at the same examinations for entrance to the Normal Schools and to the Universities. Under the old system the examinations were under separate control, but in accordance with the arrangement just completed, the supervising board of examiners, the board of examiners who are to prepare the examination papers and the associate examiners who are to read the papers of the candidates, are to be nominated by a joint committee representing the Department of Education and the Matriculation Board representing the Universities.

Seek Experiences of Settlers in Canada

In order that the department of immigration and colonization may have at its command authentic accounts of the experiences of successful settlers in various parts of Canada it has decided to offer cash prizes for letters or articles not exceeding two thousand words written by settlers in each of the nine Canadian provinces. The articles will be judged by a committee to be appointed by Hon. J. A. Calder, minister of immigration and colonization, and should be mailed not later than February 14th, 1920, to the director of publicity for the department. Three cash prizes will be given, one of fifty dollars and one of twenty-five dollars, in each of the nine provinces.

It is explained that the competition is not a literary contest, the official announcement stating that;—"Literary style, correct spelling, etc., will not be considered essential. Tell your story in your own words". It is believed that the procuring of a number of graphic and truthful stories of how success has been won from the soil in all parts of the Dominion will do much to contribute to a future movement to Canada of the right class of settlers.

Full details of the competition are given on a poster hanging up in every post office throughout Canada.

A Matter of Spelling

A sailor who was taken ill with a bad attack of rheumatism while mine-sweeping on a trawler.

The sick man was promptly ordered to hospital, but later on the doctor found out, quite by accident, that he was still on board ship.

Angrily he asked why his order had not been obeyed.

"Well", replied the captain, "we tried to send him ashore, but a sergeant of police hailed us and said that on no account was he to be landed or we'd be fined £100, so we just kept him on board."

"But did you not signal to the depot, as I said."

"Yes, we did; but neither me nor the signalman knew how to spell rheumatism so we called it smallpox".

A childish wail rang through the house and the anxious mother sprang to her feet. Rushing into the hall, she met her little daughter coming in from the garden and carrying a broken doll by the leg.

"Oh, m-o-ther," howled the child, "Willie's broken my do-ll!"

"The naughty boy! How did he do it?"

"I—I—I hit him on the head with it!"

Thomas A. Edison wants every family in Canada to have a Phonograph this Christmas

That is how we are able to make you this remarkable offer on

EDISON'S NEW DIAMOND AMBEROLA

Come to our store today, tomorrow—the sooner the better—pick out the Amberola model you like best (prices, $62.00 up) together with a generous selection of records, and

Name Your Own Terms

Tell us how much or *how little* you can afford to pay every week or month. We will meet you more than half way in coming to a satisfactory arrangement because we are eager to carry out the spirit of Mr. Edison's wish—which is in effect that *money must not stand in the way* of any family possessing a phonograph this Christmas. Then, upon a small payment down, we will immediately deliver your Amberola and records to your home, where this wonderful phonograph will fill your Christmas with music and your family with delight.

The Amberola is Supreme

Back of the Amberola is all the wizardry of Thomas A. Edison, the world's greatest inventor. No wonder the *Amberola tone* is pure melody—free from the metallic sound and shrillness of ordinary phonographs and "talking machines". No wonder the genuine *Diamond Point Reproducer* has solved another phonograph nuisance—the bother and expense of changing needles. No wonder the *Amberol Records* are almost unbreakable, and last for years after ordinary phonograph records have broken or worn out.

All the world's best music is yours on Amberol Records—the greatest opera singers, the latest popular dance and song hits, ballads, hymns, military bands—in endless variety. New records issued every month.

Don't Hesitate A Minute

to accept this offer because Christmas giving will tax your resources—remember Edison *wants you* to have an Amberola. Please *don't delay*—our stock of Amberolas may soon be exhausted. We will consider it a favor if you will come in to see us *right away.*
