PRIZE LISTS READY FOR METCALFE FAIR

The Prize Lists for Metcalfe Fair, to be held on Friday and Saturday, Sept. 17 and 18, have been printed and will be available to exhibitors this week. The value of prizes in nearly all departments has been increased and a few new classes have been added. Prizes in the live-stock classes, particularly, are the largest offered by any rural fair in Ontario, and in many cases eclipse those offered by City Exhibitions.

The directors are planning to make this year's show one of the biggest and best ever held in Metcalfe, and as an added attraction are giving away a brand new 1948 Oldsmobile Sedan to the holder of the lucky admission ticket. Tickets are being offered in advance at 25c each or 5 for $1.00. They are available at several local business places, including the Press Office. Adult admission at the gate is 35c, so you can save money by buying your tickets in advance.

CROCHETED LACE TABLE-THROW BEING OFFERED AS DRAW PRIZE

A few months ago, Miss Mary Marcill, of Ottawa, formerly of Winchester, donated a beautiful handcrocheted tablecloth to the Winchester District Memorial Hospital to be disposed of in whatever manner that would bring the most money to the hospital. This gorgeous tablepiece is valued at $250.00, and any woman would be proud to own it.

The hospital committee has decided to put the table-throw up as a draw prize, and tickets will be sold at 25c each or 5 for $1.00, the draw to take place at the official opening of the hospital. The tickets are now on sale and if you want to try your luck at winning this beautiful table-throw, buy a few tickets—you may be the lucky winner.

OBITUARY
LATE MRS. WM. JOHNSTON

Winchester lost one of its most highly esteemed citizens on Friday evening last, in the passing of Mrs. William Johnston, in her 77th year. Deceased had been in ill health for several months and succumbed to a heart condition.

Born at Cass Bridge, she was the former Margaret Grace Patterson, daughter of the late Mr. and Mrs. Richard Patterson. She was married to Mr. William Johnston on February 6th, 1895, and in February, 1945, she and her husband celebrated their Golden Wedding Anniversary.

In 1920 Mrs. Johnston and her husband and family took up residence in Winchester, and since that time she had been an active worker in the several ladies' organizations about town. She was a devout Christian and an active member of St. Paul's Presbyterian Church. A life member of the Women's Missionary Society, she had served as president of that organization, and at the time of her death was an honourary president. She was also a member of the Ladies' Aid Society and had served on the executive as president and occupied other offices. She was also an active member and past officer of the W. C. T. U. She possessed a cheerful and kindly disposition, and her passing will be regretted by a wide circle of friends.

The funeral service, which was largely attended, was held in St. Paul's Presbyterian Church on Sunday afternoon, with Rev. Harry Rodney, of Knox Presbyterian Church, St. Thomas, a friend of the deceased, officiating. The choir was present, under the direction of Miss Clara Irving, and led in the singing of the congregational hymns. A special hymn, "Beautiful Land," was rendered by the Winchester Male Quartette, composed of Messrs. Thos. Reed, Fred Gibbons, Howard Biccum and Hugh Wilson.

Interment was made in the family plot at Maple Ridge Cemetery. The pall bearers were: Messrs. Walter Moffat, Ernest Munro, Colin Hay, George Wilson, Wm. Watson and Robt. Empey, all members of St. Paul's Session.

Besides her husband, the late Mrs. Johnston leaves five sons: Albert, of Kemptville; Earl, of Sarnia; Lloyd, of Toronto; George, of Ottawa, and Gordon, of London; also four brothers, Mr. Wesley Patterson, of Brockville; James, of Cass Bridge; Army, of Mountain, and Richard, of Inkerman.

Testifying to the high esteem in which the late Mrs. Johnston was held, were floral tributes from the following:

Mr. and Mrs. C. R. Robinson, W. J. L. Boyd and family, J. Fred and Margaret Patterson, Mrs. May Donaldson, Miss Marjorie Kemp, Mrs. Martha Smith, Husband and sons, Mr. and Mrs. John Jackson, Rev. J. and Mrs. Logan Vencta, Mr. and Mrs. W. F. Workman, Mr. and Mrs. Gilbert Raistrick, Mr. and Mrs. Raymond Douglas, Mr. and Mrs. Robert Durant, Mr. and Mrs. Ronald Freeland, Mrs. H. L. Hughes, Mrs. Geo. Angus, Mrs. Agnes Smith, Staff of Johnston Motor Sales, Kemptville; Mrs. David Melvin, Sr.; Mr. and Mrs. I. P. McIntosh, Mr. and Mrs. Cecil McIntosh and family, Session of St. Paul's Presbyterian Church, Board of Managers of St. Giles' Presbyterian Church, Ottawa; St. Paul's W. M. S., St. Paul's Ladies' Aid, Mr. and Mrs. Lovica Johnston and family, Mrs .Belle McCourtie, Mr. and Mrs. Howard Annable, Mr. and Mrs. Jas. Johnston, Mr. and Mrs. Ira Bower, Mr. and Mrs. Stan. Shaver, Mr. and Mrs. H. A. MacLean, Mrs. Laura Smith, Miss Phyllis Henderson, Mr. Harry Flora, Mr. and Mrs. Ed. Turner, Mr. and Mrs. Fred Patterson, Mr. and Mrs. Hart Melvin, Mr. and Mrs. David Melvin Jr., Mr. and Mrs. Richard Patterson and family, Kemptville Bowling Club, Mr. and Mrs. James Patterson, Mr. and Mrs. Wesley Patterson, Mr. and Mrs. Army Patterson, Mr. and Mrs. Thos. Johnston and family, Manager and Staff of Bank of Nova Scotia, London; Manager and Staff of Bank of Nova Scotia, Ottawa; Mr. Albert McIntosh, Mr. and Mrs. Chris. Johnston, Mr. William Fisher.

Cafeteria Social Was A Success

The 100 Club Community Park was the scene of an enjoyable event on Tuesday evening, when the newly-organized Ladies' Hospital Auxiliary sponsored a Cafeteria Social and Program. There was a good crowd present and the evening was one of good wholesome entertainment. Financially and otherwise it was a grand success. At time of writing this report, the net proceeds of the evening had not been figured out, but the committee expected that the social would net them over $240.00, to be used for the Auxiliary's work in connection with the Winchester District Memorial Hospital.

During the evening a Bingo Booth was in operation and received wide patronage. It was operated for the Auxiliary by members of the 100 Club.

Winners of the special Bingo games were: Mrs. Howard Fetterly, who received a motor rug; Mrs. W. H. Owens, of Kemptville, and Mr. Jack Fader, who each won wool Bathroom Rugs.

Refreshments were served in Cafeteria style in the Park Pavilion, with sandwiches, pie, cake, ice cream, chocolate milk and coffee being sold. Nearly everyone patronized the refreshment stand, and all eatables were disposed of.

The evening's program opened with a softball game between Winchester Royals and a district team composed of Vernon and Ormond players, with a couple of Winchester boys being used to complete the line-up. The game was keenly contested, with Winchester winning by a score of 6-2. The local team scored all its runs in the first inning. From then on it was a close game. The line-ups were:

Vernon—J. McDonald, Erwin Duncan, W. Porteous, B. Duncan, Glen Carkner, Ed. Duncan, G. MacLean, Ron. Workman, D. Melvin.

Winchester—C. Morgan, H. Stewart, R. Reaney, H. McIntosh, D. Kenney, R. Alexander, G. Windsor, L. Kenney, R. Campbell.

Good Program

Following the ball game, a program of music and addresses was presented, with Mr. F. Erle Helmer acting as chairman.

Numbers on the program, which were greatly enjoyed, were: Piano duet by Misses Dorothy Servage and Catherine Moffat; three bagpipe and Scottish dance numbers by Miss Connie Kippen, lady piper, and Miss Jean McInnis, dancer, of Maxville; two vocal duets by the Saddlemire Twins, Helen and Hilda, of Williamsburg; violin and piano duets by Mr. Chas. Rattray and Mrs. Howard Fetterly; and a step-dance by Mr. Harold Helmer. All numbers were heartily applauded.

During the program the Chairman of the Hospital Board, Mr. Walter C. MacDonald, gave a brief address, outlining the progress of the hospital to date and inviting the people to come and inspect the building on Sunday afternoons during August. At the conclusion of his address, he introduced Miss Marquiss, the superintendent of the Hospital, whom the Board had engaged a few weeks ago.

Miss Marquiss, during her address, explained the work that would be done by the Ladies' Hospital Auxiliary. She paid high tribute to the members of both the Hospital Board and the Medical Board. She predicted that after the hospital was opened, it would prove to be an asset to the district in general and would provide a service that was so urgently needed in this area.

During the social, tickets on the hand-crocheted Tablecloth, donated to the Hospital Board by Miss Mary Marcill, of Ottawa, found ready sale. This gorgeous table-piece, valued at $250.00, was on display in the pavilion during the evening.

Mrs. (Dr.) W. M. Byers, convenor of the Ways and Means Committee of the Auxiliary, and Mrs. C. R. Robinson, president, wish to sincerely thank the ladies who assisting in serving; citizens who made donations of food; members of the 100 Club and other men who donated their services during the evening; members of the ball teams, and all others, who in any way contributed to the evening's success.

MANY LOCAL AND DISTRICT CITIZENS INSPECT HOSPITAL BUILDING ON SUNDAY

It is estimated that close to 800 citizens of Winchester and district visited the site of the new Memorial Hospital on Sunday and gave the building the "once over." From the comments heard during the afternoon, all were agreed that the building was a substantial one and was well laid-out, with plenty of floor-space.

The inspection period on Sunday was arranged with the contractor by the Hospital President, Mr. Walter C. MacDonald, and there were several Hospital Directors on hand to escort the visitors through the building and answer questions. There will be another visiting period this Sunday afternoon.

While the building is nearing completion, there is still considerable work to be done, such as hanging doors, installing electric fixtures, painting, etc., but this is expected to be completed so that the official opening of the hospital can take place in the early autumn.

If you have not inspected the building yet, you are invited to do so this Sunday afternoon, and if you intend to make a donation towards the hospital equipment, you might make your intentions known to one of the directors present on that day.

COUNTY ORANGE CHURCH PARADE HERE AUGUST 29th

The Annual Orange Church Parade for Dundas County will be held at Winchester on Sunday, August 29. The Brethren will assemble at the Community Park at 2.00 p.m. and parade to the United Church, where service will be held at 3.00 p.m., with the pastor, Rev. Bro. Norman J. Thomas, officiating. It is expected there will be a big turn-out of Orangemen on that day, and arrangements have been made to have the Memorial Hospital open for inspection during the afternoon, so that the visitors may have the opportunity of inspecting it. It will also be open for inspection this Sunday afternoon, August 22nd.

Local C. P. R. Station Has Been Transformed Into Fine Modern Depot

During the past few months considerable work has been going on at the local C. P. R. depot, and when the job is completed, Winchester is going to have a station second to none in rural Ontario. C. P. R. carpenters have completely transformed the building, which was badly in need of repairs.

The writer inspected the property this week and was really surprised at the change that had been effected by the repair work.

A spacious basement has been placed under the building and a hot water heating system installed. The office, waiting room and baggage rooms have all been renovated, with hardwood flooring and V-joint side walls. The office fixtures, such as desks, couunters, etc., have all been replaced, with plywood construction and arbonite tops. Flush toilets have been installed in the waiting rooms.

The station agent's living quarters, which are included in the building, have been thoroughly overhauled and modernized These consist of a good-sized kitchen with built-in cabinets, dining and living rooms, downstairs, and three bedrooms with clothes closets and bathroom upstairs. The rooms are finished with gyproc sidewalls and plywood wainscoting in the kitchen and dining rooms, and hardwood floors throughout. The apartment is steam-heated and has a complete waterworks system.

The outside of the building has been repaired and covered with red brick-siding, with large cut-out signs of "Winchester" at each end, identifying the name of the station.

The work of renovating the local station had been under consideration by the C. P. R. for the past five years, but no action was taken until repeated requests were made by the local Chamber of Commerce and Municipal Council to have the station renovated and modernized in keeping with the town's plan for local improvements. The C. P. R. acceded to these requests and really have gone further in improving the property than the municipal bodies had anticipated.

A good agent deserves a good office and apartment. We have a courteous and efficient station agent in Mr. Robert Ledgerwood, and when he and his good wife get settled in their new apartment, we know they are going to be well satisfied.

During the period of renovation, the local C. P. R. business offices, baggage room and waiting room were located in passenger coaches placed on a temporary siding west of the station.

It is expected that the work at the station will be completed by the end of August and the C. P. R. are planning to hold "Open House" on the afternoon of Monday, August 30th, to give all who wish a chance to inspect the building. A definite announcement about this will be made in next week's Press.

PLANS MADE FOR RE-OPENING OF ST. MATTHIAS' CHURCH

Tuesday, September 7th, is to be an important day in the life of the local Anglican congregation. This past Sunday, Rev. Leon B. G. Adams announced that two special services would take place on that date, together with an all-day session of the Stormont Deanery Chapter.

At 10.30 a.m., there will be a celebration of the Holy Eucharist at which the Rector will officiate, assisted by the clergy of Aultsville, Newington and Iroquois.

At 7.30 p.m., The Venerable H. A. E. Clarke, M.A., Archdeacon of Cornwall, will officiate at a special service for the re-opening of St. Matthias' Church, which has been undergoing extensive alterations and repairs in the past few weeks. The Archdeacon will be assisted by the clergy of Cornwall, Wales, Newington, Aultsville, Morrisburg, Iroquois and Winchester. The Sermon will be preached by Rev. L. J. F. MacMorine, LS.T.,, Rector of Wales, Ont., and Rural Dean of Stormont.

Both services are open to the public and an invitation has been extended to all friends of St. Matthias' Church to be present on this occasion.

COOL CAUTION

Hot, humid weather is exhausting weather, particularly if we do not make an effort to replace the liquid and salt that the body loses through excessive perspiration. Fluids, cold or hot, fruited or salted, are very important to health. Fruit drinks deserve attention not only for their value as fluids only, but for their nutritional value as well. Many of them contain vitamin C as well as other vitamins and minerals needed by the body.

Plans Taking Shape For Park Opening And Peanut Day

The 100 Club committees in charge of the Official Opening of the 100 Club Community Park on Wednesday, September 15th, report that a fine program is shaping up for the afternoon and evening entertainment, and that they expect to be able to make a definite announcement next week. In our last issue we stated that peanuts would be sold from the "Planter's Peanut Float" from 5 cents up. We have been informed that the peanuts are not being "sold" but are being given as a token for donations of 5 cents and up.

As the committee are planning a fine program for the Official Opening, all local and district citizens are asked to reserve the date, September 15th, and come out and take part in this community effort. Watch next week's Press for a more definite announcement and for those who have not yet visited or seen the 100 Club Community Park, we may publish a couple of pictures, which our local photographer, Reg Finnemore, is taking for The Press, and when Reg takes a picture, it's always a good one.

ELECTED GRAND LODGE OFFICERS

Two Eastern Ontario men received Masonic honours at the Annual Communication of Grand Lodge of A. F. & A. M., held in Toronto recently. Mr. J. C. Edwards, of Aultsville, was appointed D.D.G.M. for Eastern District, and Mr. Arthur Christie, of Winchester, was appointed Grand Steward for the year.

FEED NEWS

CUSTOM MIXING

With a good crop this year, more local grain will be used in balanced feeds. Concentrates and Supplements added to home grown grain will supply the proteins, vitamins and minerals which are lacking in a straight grain feed. Experience has shown that it pays well to feed carefully balanced rations. We have these Concentrates and Supplements in stock all ready to add to ground or rolled grain. Bring in the grain and have rations made up to order.

The charge for mixing is $1.00 per ton with a minimum charge of 25c for any one lot.

POULTRY CONCENTRATE

X-L-O Poultry Concentrate has 35% Protein and everything needed for heavy egg production.

For a 20% Laying Mash add 100 lbs. Concentrate to 200 lbs. ground or rolled grain.

For an 18% Laying Mash add 1 of Concentrate to 3 of grain.

For a 16½% Laying Mash add 1 of Concentrate to 4 of grain.

At least two kinds of grain should be used and a mixture of three different kinds makes a better job.

X-L-O Poultry Concentrate is $5.30 per 100 lbs.

HOG CONCENTRATE

We have "Shur-Gain" made by Canada Packers and "Gro-Mor" by Swifts.

Add 1 of Hog Concenntrate to 5 of Grain for a 16% mix. This makes a good growing ration for younger pigs. The amount of Concentrate may be decreased to 1 to 10 or even less as pigs reach marketing weight. It is recommended that Middlings or Shorts be added especially for young pigs.

Hog Concentrate sells at $4.90.

24% DAIRY SUPPLEMENT

X-L-O Dairy Supplement is made with Linseed Oilmeal, Soybean Oilmeal, Gluten Feed, Bran and Minerals.

For a 16% Dairy Ration add 100 lbs. of 24% Supplement to 200 lbs. of ground or rolled grain.

24% Dairy Supplement is $3.50 per 100 lb. bag.

TIMOTHY SEED

A considerable quantity of Timothy Seed has come in for cleaning and although we are glad to take care of any lots that come in, we would like to remind those who have seed that there is no very good market yet and it will not be possible for us to store it. It might be better to hold the seed until there is a market. That would save having to take it home again after it is cleaned.

Some lots of Timothy Seed are quite tough and inclined to heat. We cannot make a right job of cleaning when it is like that. The only thing to do is to spread the seed out and dry it before it is brought in for cleaning.

We expect to be able to handle all marketable lots at highest prices a little later on.

LARGER HIGH SCHOOLS

Commenting on the growth of the high school areas, the Orangeville Banner says that one of the reasons for the movement for larger high schools was the determination to give the children of rural Ontario, the children of Ontario villages and small towns, equality of educational facilities that will approach the standard of the facilities that the large collegiate institutes give the children of the cities and our larger towns. Let us consider the situation that existed in Ontario prior to the formation of the first of these larger High School districts.

Until 1945 some 190 continuation schools in Ontario were operated by districts of which 80 per cent. had assessments of less than $500,000. Similarly until 1945 some 200 high schools were operated by districts of which 40 per cent. had assessments of less than $500,000. That is, more than 150 continuation schools and 80 high schools were being operated by districts over which a one mill levy would not raise $500.

Such districts cannot possibly afford to operate efficient secondary schools. As a result, rural and semi-rural people have been obliged to carry on with accommodations that have been definitely poor and with equipment that has been pitifully inadequate. School gymnasiums, school auditoriums and such modern conveniences as the school lunch-room or cafeteria were out of the question. They taught only the academic courses, despite the fact that the great majority of their students should have been receiving some vocational training Their trustee boards did what they could to retain efficient staffs, but the best teachers were soon spotted and picked up by the larger city schools, whose boards were in a position to pay more attractive salaries. Furthermore, the pupils were obliged to walk, hitchhike or bicycle to and from school or get a lift in some neighbour's car. In some places bus fares have run as high as $2.50 per week and in other places the pupils have been obliged to board in the town or village in which the school was situated.

Adding it all up, there was not anything like equality of opportunity between rural and village secondary school pupils on the one hand and city and large town pupils on the other. Larger high school districts and better equipped high schools are planned to remove this inequality and handicap. It might be noted in closing that the financing of the small continuation and high schools that we have been speaking of has never been an easy matter. Their difficulties have been increased greatly in recent years by the rapid increase in teachers' salaries, equipment costs and other running expenses.

MILITARY TRAINING

The U. S. has enacted a draft law by which one year's military training is required of all men after they reach 19 and before they reach 25. A recent poll of public opinion in Canada shows that almost two-thirds of our population favour such training

The reasons behind military training are well known Canada is the world's most vulnerable country if war comes between Russia and the U. S. Such a war would be of lightning speed and would give no time for training. The Hong Kong affair was surely lesson enough for Canadians as to the use of men without training.

Military training is excellent for discipline too—an item unfortunately lacking in the training of most young people to-day. Travel advantages are another argument in favour of compulsory training.

There is little to be said against military training But we should make sure that it is real training and is well oranized. It should feature modern weapons. It should be specially designed, too, for the defence of Canada. Methods suited to European warfare do not all apply to warfare in Canada. Every emphasis should be placed on defending Canada on our own soil.

WHERE MOTH AND RUST . . .

Many a midsummer clothes closet is dark, warm and woolly—an inviting pasture for the browsing moth. The children's heavy winter clothes may be hanging there while the children are off romping in green pastures—adding rapid inches to growth and even now making obsolete last winter's inelastic heavies.

The Save the Children Fund reminds us that it is none too early to rescue all possible garments from the delicate tooth of time and send them off to children who will face another winter's cold with even more threadbare resources. It takes time to sort, repair, pack, and distribute such gifts of clothing.

This is no time for wastefulness of any sort. The moth may go wool-gathering, the children go camping, but the ready-witted and warm-hearted adult remains alert to today's urgent needs.

LO, THE POOR ESKIMO !

Canadian school children, their noses in geography books on a fine June day, have often envied Eskimo youngsters. They had no schools, spent their days spearing fish and seal, and from the schoolbook pictures, seemed to get along all right without baths.

The kids down south can quit envying the copper-skinned children of the Arctic. Progress has caught up with them and Canada's first Eskimo day school has been established at Port Brabant on the Beaufort Sea, just about as far north as you can get without stepping on the ice cap that covers the pole.

We suppose it had to come some time. The Eskimo children couldn't be expected to go on forever without learning the undisputed fact that bathing is healthy once you get used to it. They had to be told some day that there are other things in life besides fishing and paddling a kayak and building an igloo. Detentions and examinations, for instance.

The Indians and some Eskimos who wandered that far south have been going to school for some time in Yellowknife in the Northwest Territories. And at Aklavik on the Mackenzie delta they've had Boy Scouts, Girl Guides and Brownie groups.

But we didn't think the truant officer would ever catch up with the kids on the rim of the Arctic Ocean. They've been doing without schooling since the first Eskimos crossed over from Asia in a century the new Eskimo kids will be able to identify better than we can.

No doubt their health will benefit and they should pick up enough arithmetic to put up a battle against sharp fur traders. Ottawa says they are given "practical training in their own environment." All we can hope is that it includes a bit of instruction outdoors in how to spear fish and pick off a running cariboo with a 30-30.

Cheer up! In six months, residents of this district will be wishing for some of this heat as they walk over the crinkly snow and place a hand over the eyes to stop that chilly breeze.

Children, as well as young people and older folk, must realize the grave danger in disobeying one or any of the important rules of swimming and bathing, if the number of accidents is to be decreased.

A good cry helps a woman. The indulgence in the same is one of the reasons women live longer than men. Suppressing emotions is bad for the health. Giving them full play helps keep the human machine in good working order. All experts on the subject are agreed that a good cry on certain occasions would help a man as much as it does a woman. Think this over, Mister. The next time your emotions get to the fever point, do not suppress them, but slip away by yourself and have a good cry. It may prolong your life, says an Exchange.

According to figures from the Industrial Accident Prevention Associations, The Workmen's Compensation Board of Ontario awarded $1,689,090.95 for compensation and medical aid in July. This amount was only slightly higher than July of 1947 when the total was $1,677,193.10.

The total accidents reported last month were 15,576 including 27 fatal cases. The reports in July 1947 totalled 15,103, but there were 35 fatalities. The total number of fatalities in all of industry under Workmen's Compensation in July of this year at 27 was less than half of the number of fatal cases which occurred on the highways of Ontario.

Dimming headlights is such an easy thing to do, and it is so essential to highway safety at night, that anyone who does not do it should be ruled off the road for a week or two, at least.

What this country needs much more than a good five-cent cigar is an economic system that will permit one body of workers to enjoy a raise in pay without others being deprived of an equal amount.

ONTARIO'S WHEAT HARVEST
(Niagara Falls Evening Review)

We can remember seeing great series of trains moving out of the old Union Station in Toronto, filled with harvesters from Ontario and even from Britain going out west to help harvest the crops there. Now the tide seems to have turned and Ontario is seeking and getting harvesters from the West.

WASTED EFFORT
(Winnipeg Tribune)

If the poster now being circulated by the Department of National Health and Welfare is a fair sample of the much -publicized health campaign to be conducted by Ottawa, then it is time to call a halt before it is properly started and save public funds.

The poster in question depicts a chirpy little character in the bathtub reaching for a cake of soap and bears the slogan: "Reach for better health—keep clean!" Judged from an artistic standpoint, it is a monstrosity. The best that can be said for it is that it looks like a poor advertisement for some brand of soap. Surely no sane person can think for a moment that it can do anything to inspire Canadians to guard their health!

IN WAKE OF NAZIS
(Ottawa Citizen)

Little known to the world at the time, the Nazis in 1944 ravaged 60,000 square miles of Norway's Arctic province of Finnmark and left 60,000 persons without homes. To-day, of the 55,000 persons who have been able to return, 20,000 have been provided with permanent housing while the remainder are still living in provisional houses and barracks.

GETTING TALLER
(Vancouver News-Herald)

Canada's children are growing taller. Dr. Douglas V. Hutton, Ottawa child health specialist, who is at present surveying Vancouver children, is authority for the statement.

The increase in average stature has been so great in recent years that private schools in Eastern Canada have had to discard beds installed 15 years ago and replace them with longer beds, Dr. Hutton says.

(Victoria Times)

After all it is conceivable that the individual in his own country, while being deeply sensible of his debt to the United States for material assistance, may not be inclined to accept a mode of life which he might consider to be tailored to the style of mental and spiritual crew-haircuts and bobby-sox. A natural pride may incline them to repudiate efforts to mold them in the pattern approved by the United States.

The bacteria that cause food poisoning lurk almost everywhere. Poor sanitation is not always the essential cause, although it may be suspected. A minimum of care might save a lot of discomfort in cases like this.

FENNELL FEED CO'S TREAT

'Twas on August eleven, year forty-eight,
This Company treated their staff so sedate
To a picnic and outing on St. Lawrence Park
At Brockville. returning before it got dark.

Now in order to get these folk well away,
A chartered bus was secured for the day;
With lots of room for husbands and wives,
Who spent a grand day, which made happy their lives.

This treat to employees they long will admire,
And of their praise to employers ne'er tire;
How pleasant it is where friendships abide,
When lab'ring with those in whom they confide.

Now may this good friendship continue for years,
And in each other confide without fears;
That aught may arise to mar present day love
For one another till all meet above.

BARKLEY RE-UNION HELD

Th annual Barkley Re-Union was held on August 15th at the Aultsville Community Park, with members of the family of the late Mr. and Mrs. Jeremiah Barkley being present, also friends and relatives from Massena, N. Y., Saskatoon, Sask., Chesterville, Finch, Aultsville, Morrisburg and Winchester.

Everyone did ample justice at the dinner table, after which a social visitation followed, until interrupted by an accident, when little Ranald Kearn, son of Mr. and Mrs. Angus Kearn, of Finch, was hit by a car, which was backing out. He was taken to Dr. Brown's office, who advised that an X-ray be taken to determine the extent of his injuries.

After the evening meal, it was decided that the gathering would be held at the same time and place in 1949.

MRS. R. LYMAN KERR HONORED GUEST AT DINNER PARTY

Mr. and Mrs. H. W. Campbell, of Mountain, entertained a number of friends to dinner at Rosedale Inn, Morrisburg, last Monday evening, in honour of Mrs. R. Lyman Kerr, on the occasion of her birthday.

The tables were artistically arranged with summer flowers. Covers were laid for twenty. After a sumptuous dinner, a decorated birthday cake was placed before Mrs. Kerr. Mr. D. E. Beggs proposed a toast to Mrs. Kerr and also voiced appreciation of the guests to Mr. and Mrs. Campbell. Mr. and Mrs. Campbell spoke briefly. Many lovely gifts were received by Mrs. Kerr, who, although completely taken by surprise, graciously expressed her thanks.

Later ,the guests wandered about the spacious grounds and enjoyed the various games until a late hour. Guests were present from Mountain, Ottawa and Winchester.

FIRE DESTROYS RACING STABLE AT CHESTERVILLE

The fine new racing stables of the Chesterville Driving Club were razed by fire last Wednesday morning about one o'clock. Answering the warning blasts of the factory whistle in record time, the volunteer fire brigade were unable to check the raging fire that destroyed the stables at the race track. The fire had a head start when discovered and the buildings were a complete loss.

The stables were new this summer, having been constructed by volunteer labour, mostly, by members of the Club. The directors are at a loss to explain the cause of the fire.—Chesterville Record.

WEDDINGS

BLAIR—KIRKWOOD

A very pretty wedding was solemnized in Knox Presbyterian Church at Winchester Springs on Tuesday afternoon, August 10th, at 2.30, when Dorothy Eileen Kirkwood, youngest daughter of Mr. and Mrs. George Kirkwood, of Winchester Springs, became the bride of Wilbert Blair, youngest son of Mr. Edward Blair and the late Mrs. Blair, of Cardinal. The church was prettily decorated with summer flowers, which made a lovely setting for the ceremony.

Given in marriage by her father, the bride looked very charming in a gown of white slipper satin in an off-the-shoulder effect, with a nylon yoke edged with Chantilly lace and caught with seed pearls. The tight-fitting bodice was buttoned down the back, with long sleeves extending in points over the hands. The long, full skirt was caught up in front with bows of satin to reveal a hooped petticoat edged with tiers of lace. Her trailing veil was held in place by a tiara of Pearl orange blossoms, and she carried a bouquet of American Beauty Roses.

The bride was attended by her sister, Mrs. Clarence Sears, of Cardinal, as matron of honour, who wore a floor-length gown of baby blue net over crepe with fitted waist and flattering side drapes. Her dutch style bonnet and gloves were of blue. She carried an arm bouquet of salmon gladioli.

Miss Audrey Kirkwood, sister of the bride, who acted as bridesmaid, was gowned in a pale pink net over taffeta, also made on fitted lines with full floor-length skirt. Her dutch style bonnet and gloves were matching pink, and she carried an arm bouquet of white gladioli.

Jo-Anne Blair, niece of the groom, acting as junior bridesmaid, wore a floor-length gown of pink taffeta with bonnet and mitts to match. She carried a bouquet of crimson gladioli. Betty Kirkwood, little niece of the bride, as flower girl, wore a floor-length gown of canary taffeta with bonnet and mittens to match. Stephen Kirkwood, 4-year-old nephew of the bride, acted as ring bearer and carried a white satin cushion with the two rings, for the double-ring ceremony. He looked very dignified in his white flannel trousers and blue blazer.

The best man was Mr. Howard Kennedy, of Cardinal. The ushers were Messrs. Kenneth Mair and Kennneth Kirkwood, of Cardinal and Winchester Springs.

The bride's mother wore a powder blue faconne crepe dress and had a corsage of white carnations.

The ceremony was performed by the Rev. W. H. Huestin, of Morewood. During the signing of the register, Mrs. Dalton Robinson, of Winchester Springs, sang very sweetly, "I Love You Truly." She was accompanied at the organ by Mrs. Clarence Thompson.

Following the ceremony, a reception was held in the Orange Hall, Winchester Springs. Some sixty guests attended, and a four-tier wedding cake adorned the bride's table. The hall was prettily decorated with pink and white streamers and a profusion of summer flowers. The six friends of the bride who served a very dainty luncheon were: Madeleine Steele, Keitha Morrow, Irene Bailey, Lillian Rice, Elizabeth Brennan and Irene Ball. Mrs. Leo Brennan poured tea. The toast to the bride was proposed by the Rev. W. H. Huestin, and very ably responded to by the groom, after which Mrs. Dalton Robinson sang: "Because," accompanied at the piano by Mrs. Clarence Thompson.

For going away, the bride donned a white wool suit with black accessories and wore a corsage of crimson carnations. Mr. and Mrs. Blair left from Brockville for a honeymoon trip to Toronto and Niagara Falls, using her matching suitcases, a gift from the groom.

The bride received numerous and costly gifts. Mr. and Mrs. Blair's many friends wish them much happiness.

ORMOND ELIMINATED BY RUSSELL SOFTBALL TEAM

In the final series of the Carleton County Softball League, Ormond was eliminated by Russell, two games out of three. Russell won the first game 11-10, Ormond won the second game here last Friday night 14-7. The third and final game was played at Russell on Monday night, with Russell winning by a score of 7-2.

ODE TO THE OLD TREES

They rocked and sang, and the stately trees
Blest of my boyhood grew;
A gladsome goad on the homeward road,
Seen from the distant view,
Beneath their shade where an old house staid,
Heaven was limned I knew.

No saplings they, of a score of years,
But of a hundred old,
Rooted at birth in the rock-ribb'd earth,
Proved by the storm and cold,
Towering grand in a gorgeous land,
Kings of a mountain hold.

Tolerance failed,—and the war began;
Wood was the war's demand.
The trees were sold for a pouch of gold,
Slain by the Laird's command.
I saw them go with a breast of woe,
Reft of their native land.

My rustic home of its timbers shorn,
Seemed but a lonely thing
Left, stand there as a tombstone bare,
To sad winds murmuring;
I seek relief from my soulful grief
Writing and wandering.

Class V—Tractor plough in sod, two furrows. Open to all. Prizes, same as above. Directors in charge, Harry Williams, Mountain; E. B. McMillan, Chesterville.

Class VI—Tractor plough in sod, two furrows. Open to boys and girls of Dundas County who have not reached their 18th birthday. Prizes $10, $8, $6, $5, $4, $4. Directors in charge, Arnold Bouck, Iroquois; Glen Cunningham, Aultsville.

Class VII—Tractor plough, two furrows in sod. Open to residents of Dundas County only. Prizes same as above.

Class VIII—Tractor plough in sod, three furrows. Open to all. Prizes same as above. Directors in charge, Jack Falshaw, Iroquois; Morris Beckstead, Chesterville.

Class IX—Plough teams, best team and equipment. Teams score 10 per cent. for equipment, 16 for performance, 30 for confirmation. Prizes $5, $4, $3, $2, $2, $2. Director in charge, H. W. Graham, Morrisburg.

Judge of plough teams—Dr. D. L. MacLean, V.S., Winchester.

Judges for the ploughing will be furnished by the Ontario Department of Agriculture, Toronto.

Another meeting of the directors will be held in the Winchester Springs Hall during the week of Sept. 6th. The purpose of this meeting is to make final arrangements for the match, lay out the ground, accept special prizes and make arrangements for the banquet and any other necessary business.

CANADA'S health

CALL A DOCTOR

First aid is not intended to take the place of medical or surgical treatment but to provide immediate temporary assistance to an accident or sickness victim. First aid is rendered on the spot and before removal—unless danger makes removal absolutely necessary—and before the arrival of a doctor. A doctor should be called at once, however, and as scon as he arrives the first aider should be prepared to answer questions about what has happened and what first-aid treatment has been administered.

NUTRITIOUS NUISANCE

Dandelions have their nuisance value, but they have a nutritional value as well. They are high in vitamin A, vitamin C and iron. Dandelion greens are delicious when prepared properly. They should be washed thoroughly and boiled from five to ten minutes in salted water. The proper mixture is one-half teaspon of salt to a pint of water. Fresh beets greens and turnip tops can be cooked and used in the same way.

SLOW SUNTAN

Frequently a short holiday in midsummer may be spoiled by a bad dose of sunburn acquired the first day. With a little care the ill effects of sunburn may be escaped and a healthy coat of tan acquired instead. The best way of avoiding a painful sunburn lies in making the first sunbaths brief. The length of succeeding sunbaths may be gradually increased. Taken in proper doses, the sun has a most beneficial effect on the body.

ARTIFICIAL RESPIRATION

One of the most valuable means of saving human life when endangered by electrical shock, gas asphyxiation or drowning is the use of artificial respiration. Everyone should be in a position to use resuscitation if an emergency arises. The prone pressure method is easy to learn and is efficient in practice. Theory is not enough. Practice is necessary to ensure that a working knowledge of the method has been gained.

SUMMER SANITATION

Sanitary conveniences require strict attention on holiday. From a disregard of such facilities may spring many serious maladies which can do a great deal more than just spoil a pleasant vacation. Holiday sites which are to be occupied for some time should be provided with sanitary privies. Plans for such privies are available on request from provincial health departments. Covered pits are also advisable for the disposal of kitchen wastes, wash water, garbage and rubbish.

CANADA'S POPULATION IS SOARING

Canada's population is slipping ahead in numbers, at a faster rate than ever before.

The Dominion—aided by both natural increase and immigration—gained a record-breaking 301,000 persons during a 12-month period ending June 1, and Ontario led the way.

The country's population now stands at 12,883,000.

With an estimated rise of 108,000, Ontario showed the greatest increase, outstripping Quebec with 80,000, the Dominion Bureau of Statistics reported recently.

All provinces but Prince Edward Island showed population gains during the year.

Births were at the highest level, while deaths were reported low, the bureau said.

The 301,000 increase compared with the former record of 275,000 between June 1, 1946, and June 1, 1947. Of the 301,000 boost, 211,000 were due to natural increase and 90,000 to immigrgannts.

Together Ontario and Quebec supplied more than half of the total boost. Next came British Columbia with 38,000. Alberta pitched in with 24,000, Manitoba and Nova Scotia added another 14,000 each, and New Brunswick and Saskatchewan came in last with 12,000 each.

Canada's northern areas added nothing to her population boost. The Yukon reported 8,000, the same number as in 1947, and the Northwest Territories 16,000, also the same as reported in the previous period.

Prince Edward Island's numbers at 93,000, declined 1,000 from the numbers reported a year ago.

Hello Homemakers! "The sky is the limit" when our folks talk about a picnic. (And I often wish it were literally so when a tribe of ants attack the lunch and me!) But a picnic is no picnic if you try to serve a three course meal in the park. Plain fare such as hearty sandwiches and saladburgers with whole fruit and cookies is a convenient handout. This type of informal outdoor meal creates a carefree attitude for the day.

TAKE A TIP

1. Provide man-sized sandwiches of chopped or minced ingredients. Salmon, egg, cucumber, ground meat, relish spread, creamed cheese or various combinations of these are suggested.

2. Small raw tomatoes, hard-cooked eggs, trimmed radishes and cucumber wedges go well with plain buttered bread and a tiny package of salt and pepper.

3. For a special lawn picnic cold cooked chicken and tossed green salad with soft rolls will please your guests.

4. It is easy to take along chilled fruit juice in one thermos and either cold milk or flavoured tea in another.

5. Those who use the park tables require a paper cloth, paper plates, serviettes, paper cups and spoons.

6. Leave the park area as you would like to see it on your return.

Mrs. J. M. asks for a baked egg plant recipe.

Answer:

EGG PLANT WITH CHEESE

Dice 1 medium-sized onion, 1 green pepper from which the seeds have been removed and 4 slices of bacon. Add 2 tablespoons of flour and stir until browned. Slowly add 2 cupfuls tomato juice. Season with salt and pepper and cook until smooth and thick.

Pare and dice 1 medium-sized eggplant. Put half the diced egg-plant into a greased baking dish. Add tomato sauce and vegetable mixture and a layer of grated cheese. Add remainder of egg-plant and then the rest of tomato sauce. Top with grated cheese and bake in electric oven at 300 degs. for 1 1-2 hours.

Miss M. T. requests ingredients for a tasty potato salad.

POTATO SALAD

6 medium-sized new potatoes, 1 medium onion minced, 1-2 tsp. celery seed, 1 tsp. salt, 2 tsps. sugar, 1-4 tsp. pepper, 2 tbsps. chopped sweet pickle, 1-2 cup garlic French dressing, 1 1-2 cups diced celery, 1 1-2 cups thinly sliced radishes, 1-2 cup mayonnaise.

Cook potatoes, peel and cut into fairly small cubes. Add onion, celery seed, salt, pepper, pickle and French dressing.

Chil in electric refrigerator and then add celery, radishes and mayonnaise. Yield: 8 servings.

Miss J. H. asks what to add to raspberries and soda water for a good fruit drink.

RASPBERRY PUNCH

1 1-2 cups raspberry juice, 1-2 cup lemon juice, 1 cup orange juice, 2 tbsps grated orange rind, 1-2 cup sugar, 1 quart carbonated water.

Combine all ingredients except carbonated water. Put in container and cover tightly. Let stand in electric refrigerator for several hours. Strain, add carbonated water and pour over chipped or cubed ice.

Yield: 2 quarts.

Mrs. R. J. asks for Refrigerator Cream using evaporated milk.

Answer:

MARBLE CREAM
(12 servings)

2 cups evaporated milk, 1 can of sweetened condensed milk, 1 cup cold coffee beverage, 1 tsp. vanilla extract, 1-8 tsp. salt, 1 chocolate bar, 3 tsps. boiling water 4 tbsps. milk.

Chill evaporated milk in freezing tray until fine ice crystals begin to form around the edges. Turn into bowl, and whip until milk peaks. Fold into sweetened condensed milk, which has been combined with coffee, vanilla, and salt. Pour into freezing trays, with temperature control at coldest setting, and freeze until quite firm, stirring every 30 minutes.

Meanwhile, melt chocolate in saucepan over boiling water. Add boiling water and milk, and stir until smooth. Cool, but do not chill. Pour in thin layer over top of the "quite firm" cream. Return to electric refrigerator and freeze until firm enough to serve. Or stir chocolate into "quite firm" cream in streaks or marbled effect; then freeze until firm.

BEWARE OF LOOSE-TONGUED WIVES

One man's wife smoked a pipe . . . another talked too much. And both men were fired! See how a single eccentricity in a woman can make or break her husband's career! Be sure to read "Beware of Loose-Tongued Wives," in The American Weekly, famous magazine with this Sunday's (August 22) issue of The Detroit Sunday Times.

REDUCED FARES ON C. P. R. FOR OTTAWA EXHIBITION

Reduced rail fares for persons travelling to the Central Canada exhibition to be held at Ottawa from 23 to August 28, inclusive, were announced last week by J. A. Brass, chairman of the Canadian Passenger Association.

Reduced rail fare tickets may be purchased from stations in the Province of Quebec, Montreal and west, and all stations in the Province of Ontario, except those west of Toronto and North Bay but including the Toronto-North Bay line via Huntsville.

Round trip fares will be sold for the normal one-way first class and coach class fares plus one-third. Tickets will be honored going from Saturday, August 21st, to Saturday, August 28th inclusive. On the return trip tickets will be accepted leaving Ottawa up to midnight (EST.) on Monday, August 30th.

HINTS FOR THE HOME

Tastier Fudge

A teaspoonful of corn starch added to the fudge will greatly improve its texture and flavor.

Mosquitoes

If mosquitoes have invaded the room, burn a piece of camphor gum and see how quickly they will vanish.

Silks and Woolens

Silks and woolens can be ironed safely on the right side if they are covered with a slightly dampened cheesecloth.

Pie Crust

Add just a bit of sugar to each cup of flour used in making pie crust. It will improve both the flavor and texture of the crust.

Paint on Tile

Paint spots on tile can be removed by dipping a cloth into nail polish remover and simply wiping the marks away.
much of the soreness.

Laundering Sweaters

Before laundering sweaters, sew the buttonholes together to prevent them from stretching and becoming unshapely.

Canning Corn

Use a small hand brush to remove the silk when preparing corn for canning or for the table. It performs the work much quicker than the fingers.

Oily Skin

If the skin of the face is oily, try washing it once a day in fresh water, to which the juice of a lemon has been added.

Mildew in Shoes

To prevent shoes from mildewing in a dark closet during warm, damp weather, keep them on shoe trees or stuffed with paper and placed in a well ventillated, dry, light place. If any mildew is found, wash it off with warm water and soap, or simply wipe off and dry the leather well afterwards.

Shoe Polish on Rug

Shoe polish on a rug can be removed sometimes with cleaning fluid. Follow this with a regular washing with soap and water and a little ammonia.

The Saucepan

Never scrape a saucepan with a knife. This tends to make the pan burn quickly the next time it is used, to say nothing of injuring the knife.

Table Decoration

Always keep a small fern growing in a low, attractive bowl, and it will serve as a table decoration when there are no cut flowers.

Room Fragrance

Try burning an orange peel on a shovel or tin pan, and see how it sweetens the atmosphere of the room, and the pleasant fragrance it produces.

Washing Glass

When washing a glass, dip both the inside and the outside in hot water at the same time. It is the heating of one side too suddenly that causes a glass to crack.

Dirty Wall Paper

Often grease spots and other similar blemishes can be removed from wall paper by rubbing with a piece of fresh bread. Let the bread crumble away as you rub, and often the dirt will crumble with it.

Moths

When moths are in a rug try covering with a wet towel, then apply a hot iron until the towel is dry. This will kill both the moths and the eggs. Then sprinkle with salt every week before sweeping.

Gilt Frames

Gilt frames and chandeliers easily become fly specked. You can remove the specks by wetting a sponge with alcohol and carefully washing off the specks. Then wipe with a dry chamois.

Dyeing

Before dyeing or tinting curtains run a few lengths of white cotton thread through the ends of the curtains and dye them at the same time. Pull out after dyeing and use these threads for darning or hemming.

Screw in Plaster

If the hole in a wall becomes too large to hold a screw, remove the screw, pack the hole wtih steel wool and replace the screw. Or, insert a wooden match into the hole, break it off at the wall surface, and then reinsert the screw.

When Gardening

Before beginning your gardening, scratch your fingernails over a moist cake of soap so the soap will get up under the nails. This will prevent soil from getting there instead, and makes for easy hand-washing when your work is completed.

Enameled Woodwork

Enameled woodwork can be cleaned by mixing one cup of kerosene, one cup of vinegar, and half a cup of water in a bottle. Shake this up thoroughly, apply to the woodwork with a soft cloth, and follow up with a dry, clean cloth.

Removing a Splinter

A splinter may be removed from the flesh as follows: Take a wide-mouthed bottle, fill with hot water, and press the open neck against the splinter. The suction will draw the flesh down and the steam will cause the splinter to come out unless it is very deep. This will also draw out

Washing Window Shades

Spread the shades upon a flat surface and rub briskly with a sponge dipped in warm water. Wipe off with a soft cloth and repeat with sponge if necessary. Rinse thoroughly with clear water applied on a soft cloth. Wipe with another soft cloth and turn over and wash the other sides. Let the shades lie flat upon the floor until dry.

UNITED CHURCH AFTERNOON AUXILIARY

Mrs. W. A. Angus, assisted by her committee, entertained the Afternoon Auxiliary of the W. M. S. in her spacious home in the Annable Settlement, on the afternoon of their regular meeting. A goodly number of members and visitors were present. Mrs. E. Fennell presided, and Mrs. Steele was pianist.

Mrs. S. Christie and her committee, Mrs. Fowler, Mrs. R. Scott, Mrs. E. Black and Mrs. J. Barrett, presented a playlet "What Price Freedom," which dealt with the theme for the month: "A Christian's Responsibility toward the Liquor Problem."

The Thank Offering Meeting will be held on September 9th, and take the form of a supper meeting.

Mrs. J. W. Ault expressed the appreciation of the ladies present to Mrs. Angus and Mrs. Christie and assistants for the pleasant and well-planned meeting.

SUMMER

Heat shimmering over green fields . . . the good smell of rain on warm earth . . . and of drying timothy and clover . . . the barn a shadowy refuge from the sun . . .

Time now to be making arrangements for extra help, for harvesting and threshing crews . . . and money to finance operations till the crop is sold. Money to meet this need is always available at the Royal Bank. Call on your nearest branch manager and discuss your loan requirements with him. Ask him, too, about Farm Improvement Loans and how they can be used for the benefit of the farm, the farmer and his family.

"Where Quality Counts."

Just received our Winter Overcoats from Cambridge. We have a good selection to choose from. As our stock of Overcoats sold out quickly last year and I was unable to get any later for several of my customers, you would be well advised to drop in early. Choose your coat, and a small deposit will hold same until later. We have Dark Greys, Browns, Blues and Tweeds, and the price is right.

Due to arrive—Men's and Boys' Suits. These will be well-made Suits which we will be proud to offer you at a popular price.

We have received a new supply of Harvey-Woods Kroy Unshrinkable Wool Dress Socks, for men, from $1.25 to $2.50.

We have a fair stock of Fine Shirts by Forsyth, in Country Club and Man About Town brands. In Pyjamas we have the Club Royal by Forsyth, also Boxer Shorts. Ties and Harmonize Pocketwear Redi-Fold for breast pocket, to harmonize with tie and shirt.

Walker Overalls due to arrive this week.

Another shipment of Greb Boots in several styles, Hunter 16" Boot to be included. We have several customers wearing the Greb who have told us we could use their names and recommends on same.

We have nearly everything in High Quality Men's Wear, both Dress and Work Garments.

It is a pleasure for us to please you.
