Lemon Tree Oh So Pretty

Well, maybe not a tree, but would you believe a lemon plant that produced a lemon measuring about 12" x 12". Ernie and Mrs. Jackson, Stampville, believe it because they have a plant that did produce such a fruit. It weighed in at close to fourteen ounces and is shown here beside a regular-sized lemon.

Variety '70 Best Program Yet Offered at School

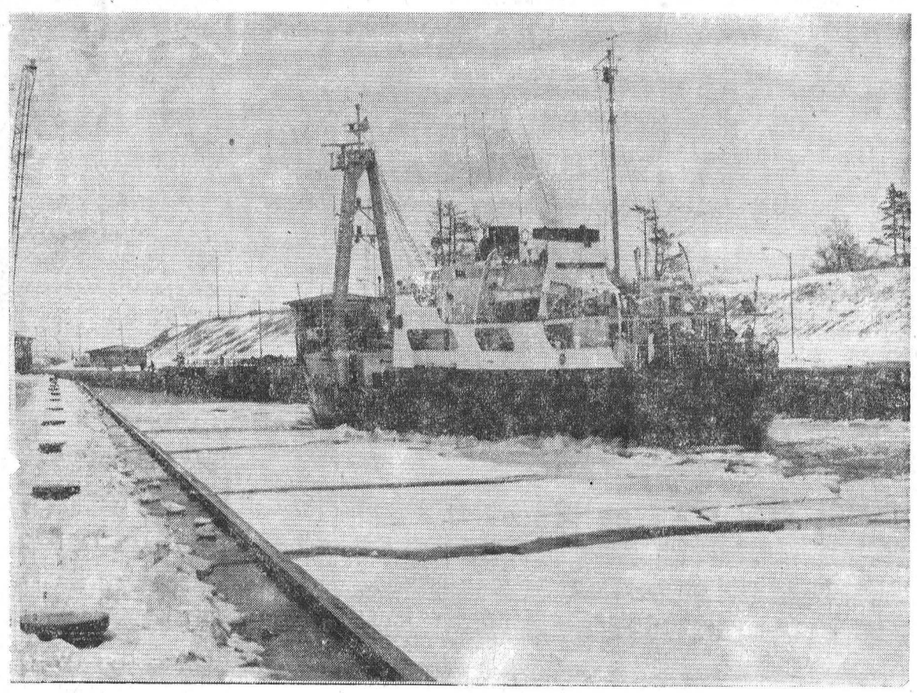
Billed as "Variety '70", this year's two-evening program of entertainment provided by the students at Seaway District High School proved to be worthy of the talents of area scholars-turned-performers. And while there were several hundred at each performance Thursday and Friday nights, the parents and friends who couldn't make the scene missed one of the highlights of the year in the community.

Possibly the real enjoyment stemmed from the fact that all the various parts of the show were kept brief and fast. The behind-the-scenes crews did an excellent job of keeping up with the fast changing acts which in turn captured the attention of the audience throughout the evening.

It would be impossible to name all those taking part in the skits, dances and songs, not to mention the acrobats, the pianists, guitarists, the costume, lighting, make-up, properties, sales and promotion, set design, soung, stage and TV crews, plus the ushers.

It was a form of entertainment that made the audience feel they were part of the program, drawn in by the jokes, the modern and square dancing, solos, duets and group singing, and many a toe tapped along with the music.

Jim McCrank was MC for the evening and the entire crew and cast paid tribute on closing night to the director, Wayne Johnston, who did a magnificent job in guiding the show to a successful conclusion.



First Ship Through Lock in '70

While the shipping season hasn't officially opened, the CCGS Simcoe made its way through the ice in the locks here Monday as she headed downriver to help open the St. Lawrence for navigation next month. A sure sign of Spring in the air.

Mrs. W. Heuvel Hosts March Weavers Guild

The March meeting of the Carman Forward Weavers Guild was hosted by Mrs. W. Heuvel, RR3, Prescott. Twelve members and two guests were present. Sponsoring of a course in weaving was discussed, and at present it appears as if this will be held in the falll, rather than in the spring as originallly planned.

The programme for the evening was under the direction of Mrs. W. Heuvel, assisted by Mr. and Mrs. L. Quick of Brockville. The members were introduced to the making of fabric designs by the tie and dye method, and were able to try the method themselves and end up with a sample to keep. A social hour followed the main part of the meeting. The April meeting is slated for the Iroquois Civic Centre.

Easter at St. John's

Holy Week events in the Anglican household include the Palm Sunday Service of Ecumenical witness at St. Peter's, South Mountain, folllowed by a reception in the Presbyterian Hall. Rev. John Hibbs, Rev. Ray Rowley and Father Lloyd Cummings took part in the service, and Rev. Allan Rogers spoke as a Jewish Rabbi to his Synagogue congregation the week before the Passover in the year of the Crucifixion.

At St. John's, palm crosses were given to the congregation and the Confirmation class enacted in instant drama the story of the coming to the Passover, the triumphant entry, and the cleansing of the Temple.

On Maunday Thursday, the Memorial of the Lord's Supper willl take place at 8 o'clock at St. John's with address on the theme of the Passover.

While Mr. Rogers conducts the three hour Good Friday devotion at Trinity Church, Cornwall, the guest preacher at St. John's will be the Reverend Kent Doe, the Curate of Trinity Church.

Easter Day will see services at 8 a.m. and 11 a.m. at St. John's. Special music will include Stullts' "The Lord is Risen Indeed", in addition to the traditional Easter music under the leadership of Mr. George Eddy, and with Chris Styles as organist.

We look forward to a large attendance at the Easter Services, because the Message of Easter is at the heart of the Christian Gospel.

Bridge-Euchre Winners

Bridge— High Lady, Mildred McGinn; low lady, Helen Bouck. High Gent—Brent Lapier; Low gent, Harold Lapier.

Euchre — High Lady, Mabel Locke; Low Lady, Norma Webb. Hiigh Gent, Howard Locke; Low Gent, Pearl Campbell.

Next bridge and euchre willl be April 13th.

SIMON FRASER LIBRARY PORTS OF CALL

Thursday, April 2, Williamsburg, 11.30 to 12; South Mountain 2.35 to 3 p.m. and Mountain 3.15 to 4 p.m.

ASSOCIATION TO MEET

A meetiing of the Dundas County Associaition for the Mentally Retarded willl be held in the Civic Buildling, Iroquois, on Tuesday evening, April 7th, 1970 at 8:00 p.m. sharp. As this meeting is intended to re-organize this Association, Election of Officers will take place. All interested citizens are invited to be present at this important Meeting.

IROQUOIS UNITED CHURCH

Elders Are Inducted

Palm Sunday Communion Services were held at White Church and Iroquois United Church last Sunday, with a good attendance at both Services. During the Service in Iroquois four newly-elected Elders were admitted to the Board of Session, Grant Cougler, John Haldane, Ross Jamieson and Frank Bates. At White Church six young people were received into Communicant Membership on Profession of Faith. These were Betty Casselman, Debra Jane Casselman, Debra Ann Barkley, Allen Casselman, Bonnie Casselman and June Robertson. Fourteen members were received into the felllowship of Iroquois United Church by transfer of membership.

Celebrate Silver Anniversary

Friends and relatives gathered at the home of Mr. and Mrs. Harry Smail to honiour them with a surprise party on the occasion of their 25th wedding anniversary.

The table was centered with a lovely cake and floral arrangement.

The couple received many beautiful gifts and cards.

Mr. and Mrs. Smaill have two children, Dianah of Brockvillle, and Brian at home.

Brinston PeeWees Showing Well

The Brinston PeeWees have been showing very well in a series of exhibition games they are playing now. Tuesday, March 10 against Spencerville they played to a 3 to 1 win and on Tuesday, March 17, to a 3-all tie.

Their final game willl be at Morrisburg arena Saturday, 28 of March, between 2 and 3 p.m. against a team from Osnabruck Centre.

Play Series Win'rs

The score between Shawville and Kemptville on Sunday night March 22, was 3 to 2 for Shawville with a second game of the 2 of 3 series to be played at Shawville Tuesday, March 24.

Combines will play the winner of this series.

BIRTH

COPE—To Mr. and Mrs. Colin L. Cope (nee Fetterly) a son, David Lewis, 3610 grams, March 20, 1970, at the Toronto Western Hospital.

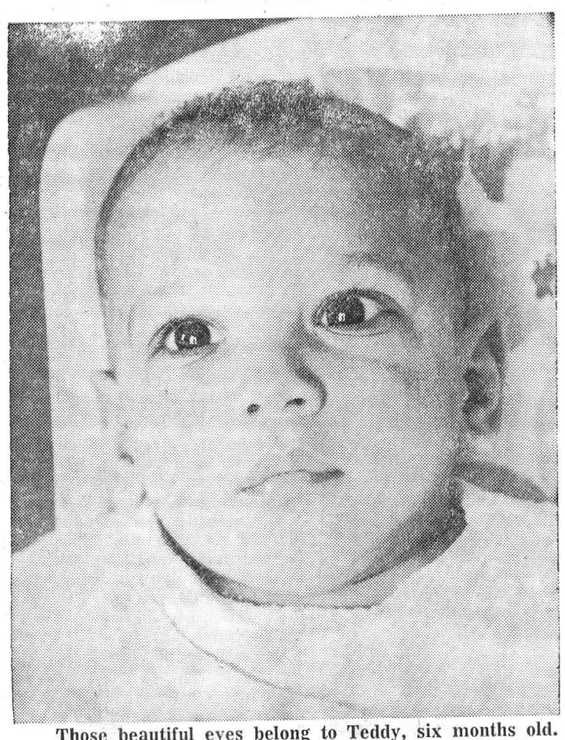
PLAYING GOLF

Mr. and Mrs. Ed. Thompson and Mr. and Mrs. Douglas Peacock and Steven, and David Styles are spending a week in South Carolina enjoying golf.

TODAY'S CHILD

BY HELEN ALLEN

Toronto Telegram Syndicate



Those beautiful eyes belong to Teddy, six months old. He is a healthy, happy baby of white Canadian and black West Indian parentage. A strong, well-proportioned boy, he has light brown hair just beginning to curl, long curly lashes and light coffee-colored skin.

Teddy is an alert, friendly, responsive baby who loves people and is not a bit shy. He smiles readily, laughs aloud and is quite chatty with his toys.

He likes to watch anything moving — the TV picture, the mobile over his crib and especially children playing. He enjoys playing with small articles he can handle.

Teddy is a hearty eater and sleeps well. This lovely baby needs parents who will appreciate his heritage.

To inquire about adopting Teddy please write to Today's Child, Department of Social and Family Services, Parliament Buildings, Toronto 182. For general adoption information ask your Children's Aid Society.

Complete Facilities Ready May For Parks Golf Course

The relaxed atmosphere and scenic beauty of the Upper Canada Golf Course will, in a matter of weeks, again offer enjoyment and recreation for golfers. This year, however, complete facilities will be available when the new Golf Club House is opened in May.

The facilities and services planned for the Club House will be an important new factor both in helping to lengthen this aspect of the tourist season in this area and in providing first-class accommodation for thousands of golfers each year.

In addition to golf cart and club rentals, sales, and men's and ladies' change rooms and showers, provision is being made for a modern dining-lounge including bar service.

The number of players has increased dramaticallly in recent years and in total have become a significant economic entity in the total tourist package.

With the availability of these new services, the spending potential of 15,000 to 20,000 golfers each year, including many from Quebec and the United States, will be realized more quickly in this area.

At the First Canadian Travel Trade Congress held in Ottawa on February 11th and 12th this year, the Committee on "Attractions and Events" made this observation:

". . . Canada is not short of travel resources or potential attractions. The problem is how to develop them to the point where they are marketable to other countries. Related to this is the problem of tailoring our attractions to the specific needs of our visitors . . ."

The travel industry in the Seaway Valley, as elsewhere, is competitive and diversified. Increased dollar benefits will not just automatically happen. Research and sound planning offer great promise for the future and "tailoring our attractions to the specific needs of our visitors" is a must.

The importance of tourism in Eastern Ontario's economy is greater than perhaps most people realize. In 1967, the latest year for which statistics are available, 4,491,633 tourists spent $104,011,610 in the Seaway Valley which represents 36 percent of the total area spending. These figures compared to 1965 when 2,154,407 tourists spent $83,088,140 are very encouraging and reflect well on the total tourist establiishment. Projected tourist expenditures for 1969 exceed $300,000,000.

Present and future planning by the Parks Commiission, as part of the Seaway Valley Tourist complex, willl be progressively apparent in the upgrading and expansion of facilities and services to meet the challenge of the 70's.

Winter is no longer the "off season". The potential and opportunity which winter recreation offers will be recognized in future Commission planning.

Since 1961 over 21,000,000 visitors have been recorded at Commission sites. The present complex includes two major historic sites, Upper Canada Village and Old Fort Henry, 7,000 acres of parklands, 2400 campsites, day use areas, airstrip, marina, riding corral, maple sugar bush, golf course, nature trails and the wildfowl sanctuary.

All of these components were developed to meet, at least to some extent, very diverse preferences of visitors to "our Valley". However, the demands of the tourist industry are no different than those of other industries and therefore change as the years go by. The jumbo-yet age is just around the corner and it seems obvious that more and better services for visitors will be required in the Seaway Valley, as elsewhere, if it is to capture an increased share of tomorrow's tourist dollar.

The provision of an up-to-date modern Golf Club House with accommodation and services which reflect the expectations of the 70's, is in keeping with Commission plans to provide attractions which will play a part in maintaining a healthy tourist industry in the Seaway Valley.

BEAUTY WINNER

Seaway D.H.S. is very proud of her Grade XII student, Arlene Summers, who was second runner-up to Miss Eastern Ontario's Beauty Queen in the Pageant held at Perth on Saturday, March 21. Arlene received many valuable gifts and is the cynosure of both the municipality's and Seaway's neighbouring eyes.

—Margot Webster

Personal

Mr. and Mrs. Byard Taylor and son, Wade, and Mr. William Taylor, London, were visitors with Mr. and Mrs. Robert Davidson and family.

Mr. and Mrs. Kenn Taylor of Picton spent the weekend with Mr. and Mrs. Ken Kirkby.

Winter Slowly Dying

As the snow gradually melts away we find ourselves looking at mounds of rather dirty remnants of Winter left in its wake. The dirt that has accumulated over the months stands out as a reminder of what we are leaving behind as Spring approaches. Messy as Spring can be, it brings a pleasant thought of the warm, moist days just a month away and the smell, sights of old Mother Earth once again springing to life.

Let those March winds blow if they want to; they will soon pass away and with April showers to clean up the Winter's soiled earth and start the grass growing and the flowers sprouting through the ground, we look forward to just one month more of a climate we can do without.

Each year, around about the first of May, we suggest a village clean-up day, but have met with little success. Perhaps the only reason we suggest it, is to see the school children get off to help clean up the town. It gives them a sense of citizenship, makes the village look cleaner, and saves the taxpayer money. So the idea can't be all that bad!

This year we've suggested it in lots of time for the idea to sink in and take root. Maybe with a little rain sprinkled on, it might grow into being. Who knows?

OUT FOR HOLIDAY

Students are out of schoolll for the Easter recess—all ten days of it.

Sorry about thiat, Mother!

Real Signs Of Spring

The snowmobiles are being jacked up and put on blocks, the motorcycles and bikes are coming out. What more proof of Spring?

Got Your Boats Ready?

If the Spring run-off goes gently they won't be needed; if a hot spell forces a fast melting, then those who live along the Nation had better have their boats ready. So far, none has been able to guarantee which way Spring will hit. Want to take a chance this year?

Just Another Spring Sign

Just about every other day we see someone with nice brown Florida tan, back in time to see Spring come whirling around the corner. It's just another sure sign!

The Principle Of Life

(A guest Editorial by Rev. Allan Rogers)

Deep at the heart of the Christian message is the principle of life, new life in Jesus Christ, risen from the dead.

The Christian Church came into being because a company of people pinned their simple and profound faith in the risen Christ. By repentance and baptism, they entered a new relationship with the living Christ as their head, and as their Hope. The hallmark of the first Christian community was the remarkable newness in their personal lives through the power of the Holy Spirit, and a tremendous sense of fellowship one for another, within their new family in Christ. The observation of an early historian was: "See How These Christians Love One Another".

It is centuries later now, but still the person who sincerely seeks the name of 'Christian' if one who ever seeks in his life the principle of newness of being, that becomes his life, his hope and his fulfillment. For him, Jesus truly lives; and the test begins when he truly lives for Jesus. Death to self means life for others.

Optimism Is A "Must"

Taking a look at what the future might hold for this area, say in the next ten years, and with nothing but an uneducated guess to back us up, we feel that the area from Riverside to Cardinal will prosper and grow at a rate far exceeding that of the past ten years.

To make a prediction like that in a day of cut-backs, unemployment and a sad state of the economy, one has to be either a nut, a prophet or one who has a great deal of faith in the people and area in which we live. We're not only optimistic about this, we're downright enthusiastic.

And we say again . . . with not one darned thing to back it up, other than the way we feel. And we don't pretend to be luke-warm about the idea either. For many a year we've all watched other areas grow and in some cases mushroom into society, while we've drifted along slowly but gradually into and out of the sixties.

Uneducated as our prediction might be, we do honestly think we can't help but forge ahead. Here we have anything anyone would want for the basis of a fine up and coming community. Right now we have but a handful of serviced residential lots left and by the end of this year we doubt if there will be any left in the present built-up area in Iroquois. This fact alone means we will have to expand as a community into the zoned residential area north of No. 2 Highway.

Here we sit just a few miles away from the growing industrial areas within 25 miles, an ideal residential community just sitting back waiting for people to find us. By taking the bull by the horns and all of speaking out to expound the virtues of this community at every opportunity, we can fill our residential areas to overflowing.

If you wonder just why we should want to grow, we'll tell you. First of all, to help keep our growing tax burden down we must have more assessed property, to help keep our industries and businesses prosperous enough to employ more people at better wages, we must have more customers. And success itself tends to bring success, whether it be to an individual or to a community.

Take a look around at growing communities; sure they have their problems and their mistakes. But they are growing, they are providing opportunities for their young people as well as their middle-aged and older residents, and are taking advantage of what the seventies have to offer.

Let's not wait until the eighties to have what the seventies have already offered others. Join in and be one of he boosters of your town, it could work wonders for us all.

All forms of classified advertising — for sale, for rent, wanted, cards of thanks, in memoriams, engagements, coming events, etc., are charged at FOUR cents per word (Minimum of $1.00) and THREE cents per word (Minimum of 75c) if advertisement is paid for at time of insertion, for the first insertion and TWO cents per word for each additional insertion (Minimum of 50c). PUBLISHER'S RESPONSIBILITIES

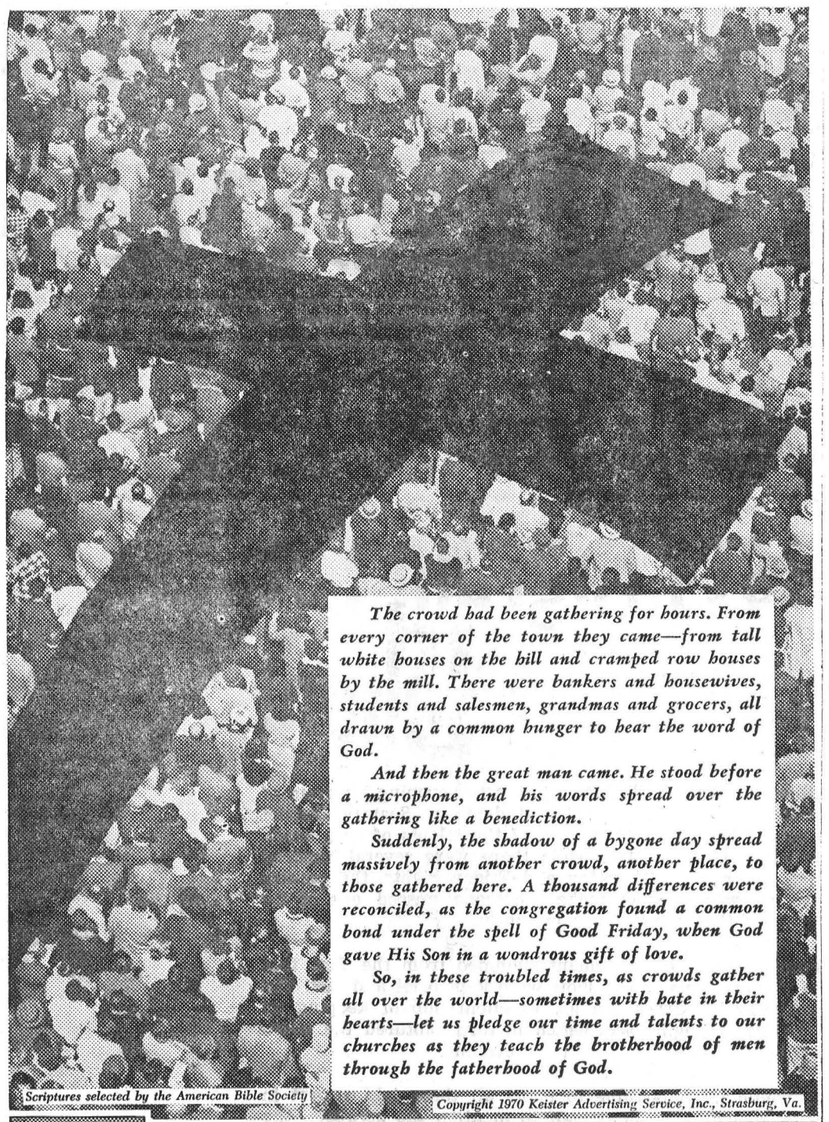
The advertiser agrees that the publisher shall not be liable for damages arising out of errors in advertisements beyond the amount paid for the space actually occupied by the portion of the advertisement in which the error occurred whether such error is due to the negligence of the publisher's servants or otherwise, and there shall be no liability for non-insertion of any advertisement beyond the amount paid for such advertisement.

The Great Man Came



The crowd had been gathering for hours. From every corner of the town they came—from tall white houses on the hill and cramped row houses by the mill. There were bankers and housewives, students and salesmen, grandmas and grocers, all drawn by a common hunger to hear the word of God.

And then the great man came. He stood before a microphone, and his words spread over the gathering like a benediction.

Suddenly, the shadow of a bygone day spread massively from another crowd, another place, to those gathered here. A thousand differences were reconciled, as the congregation found a common bond under the spell of Good Friday, when God gave His Son in a wondrous gift of love.

So, in these troubled times, as crowds gather all over the world—sometimes with hate in their hearts—let us pledge our time and talents to our churches as they teach the brotherhood of men through the fatherhood of God.

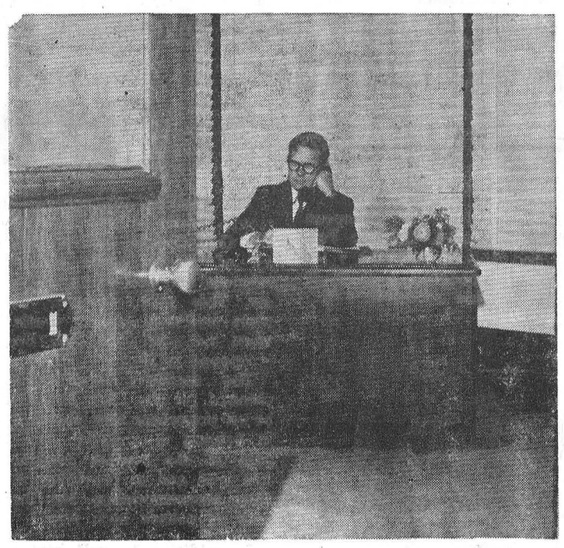
GORDON BLAIR, M.P., REPORTS ON PARLIAMENT



Right of Privacy

Do we realize how our privacy is threatened? Modern devices make the tapping of our telephones possible without either ourselves or the telephone company being aware of the fact. Computers have stored away information about most of us — what protection have we got against it falling into the hands? What used to be called "wire tapping" is now described as "electronic eavesdropping" and no person is now properly protected against it.

JUSTICE COMMITTEE REPORT

The Justice and Legal Affairs Committee studied this grave problem for several months. Four bills to protect privacy have been proposed by private members. The Committee heard evidence from police and other experts. We also inspected some of the terrifyingly sophisticated devices which can be used for surreptitious eavesdropping. Faced with a spectre of the world depicted in George Orwell's famous book, "1984" the Committee recommended strong measures to protect our privacy in a report filed with the House of Commons last week.

PROHIBITIONS AGAINST ELECTRONIC SNOOPING

The Committee recommended it should be a criminal offence.

1. To engage in electronic eavesdropping.
2. To use any unauthorized information obtained by such eavesdropping.
3. To engage in industrial espionage — i.e. spying on business competitors.
4. To take or use any unauthorized information from a computer system.
5. To manufacture, import, sell, use or possess devices primarily designed for such eavesdropping.

EXCEPTIONS

The Committee recognized that police forces —, to keep abreast of sophisticated criminal activities — must sometimes engage in electronic eavesdropping. At present, our police forces can do this on their own initiative without outside control. The Committee recommended that two steps must be taken by police authorities. First, the action must be authorized by the Attorney General of Canada or one of the provinces depending on the category of the crime. Second, the action must be approved by a Judge of a Superior Court. In this way specific responsibility for the act will be imposed on our governments and the citizen will be protected further by the law enforcement authorities having to persuade a high court judge that the action is necessary.

MODERN PROTECTION ASSURED

The government will introduce a bill to give effect to these recommendations at an early date. This should give to us in Canada the best and most modern protection of our privacy of any country in the world. I would be glad to send copies of this most important Committee report to anyone interested.

$$ & Sense

Since many letters we receive indicate an awareness of practical buying and saving techniques the column this week will be devoted to some "do's and don'ts" of planning, buying and saving. The following suggestions should help you solve some of your money problems:

DO

Keep track of your income for at least two months so that you'll know where your money is going.

Determine how much you have left after all the necessary expenses (rent, food, clothing, payments, etc.) are taken out.

Set up a regular savings program to cover extra things in the future — vacation, car repairs, insurance, etc., so you will have enough cash to pay for them.

Plan your spending by pay periods so you won't run out of money between paydays.

DON'T

Spend more than a week's pay in cash or sign up for any major purchase on credit without thinking about the situation over night. You'd be surprised how less attractive the offer or deal looks in old light of morning.

Purchase anything you don't need — no matter how inexpensive it may be — or just because it's on sale.

Buy any item just because you can get it on credit — or because no down payments are required — or because payments are small. Whatever the case remember that you'll pay the full price in the end plus the cost of the credit, which of course will be more if no down payment is required or if payments are so small they will extend over a longer period of time. Make sure you can keep up with the payments before you sign up for credit (and be sure you understand everything before you sign).

Panic if you run into a financial crisis and can't meet your payments because of illness or injury to the family breadwinner. Keep in touch with your creditors; tell them the facts and perhaps something can be worked out for you.

Following these simple rules may not lead you into a financial utopic, but they may help keep you from running headlong into a financial quagmire.

EASTER SERVICES

Iroquois United Church and White Church

Easter Morning Services will be held in White Church and Iroquois United Church at 9:30 and 11:00 respectively. At White Church the Junior Choir, under the direction of Robert Thompson and Organist Mrs. Charles McInnis, will sing the Anthems, "At Easter Time" and "Loud And Long The Bells Are Ringing". In Iroquois The Choir will present part of the Easter Cantata, "Crown After Cross", by Fred B. Holton. From this Cantata they will sing the numbers:

"O Lamb Of God"—Solo, Mrs. Ralph Marcell
"At The Rising Of The Sun"
"Easter Sunrise Song" — Solo, Mrs. Clarence Carter
"Ring, Bells Of Easter"

Sermon subject for both Services: "The Holy City"

The two Congregations will join for an Easter Evening Service in Iroquois United Church at 7:30. The Junior Choirs will lead in the Service of Praise. "The Gates Of Dawn" guitarists and singers will assist in the Service, accompanying the Choir in certain numbers and presenting Folk Songs and Music. The Service will consist mainly of music and singing, with the Minister speaking briefly on the subject "The Easter Hope". A cordial invitation is extended to everyone for this Evening Service.

Adopt Child

A nine-year-old Taiwan youngster has been adopted by the Iroquois United Church Sunday School as part of the Family Helper program. Her name is Hsiao Shui-Mei, she was born May 22, 1960, and is in the fourth grade at school.

Her father lost his eyesight during the war and the mother had a difficult time trying to keep the home going. Through the Christian Children's Fund of Canada this little girl was adopted by the local Sunday School.

The attendance of the Sunday School this week was 64, the same as last week. Mr. Rice's Red Team succeeded in beating the Blue Team 38-10.

Next Sunday night the Junior Choir will unite with the White Church Choir for a special program, so be with us.

O.P.P. REPORT

HOW TO DRIVE AND STAY ALIVE.

The following few rules could prevent you from being involved in a serious accident.

1. KNOWLEDGE — Know the traffic laws and obey them. Accidents are caused by those people who break the laws.

2. FORESIGHT — Keep your car in first-class mechanical condition.

3. SEAT BELTS — Wear them always when travelling in a car. Each passenger should have a seat belt and use it.

4. PLAN AHEAD — Know your route, where you are going and where to turn.

5. NIGHT DRIVING — Slow down when driving at night. Never overdrive your headlights.

6. RAILWAY CROSSINGS — Never ignore signals.

7. PASSING — Pass only when lane is clear and on a straight stretch of road.

8. TURN SIGNALS — Signal your intention to turn at least 100 feet before you make the move.

9. MIRROR — Be aware of what's going on behind you by glancing in your rear view mirrors every 5-10 seconds.

10. BACKING — Know what is immediately behind your vehicle. Look behind your car and then back slowly.

11. ADVERSE WEATHER CONDITIONS — Don't drive if you can avoid it. If you must drive, beware of road conditions and control your speed accordingly.

12. FREEWAY DRIVING — enter at the same speed as freeway traffic. Make lane changes only after signalling and don't tailgate. Allow one car length for every 10 miles per hour speed.

13. ATTITUDE — The most important key of highway survival. Drive defensively. Respect the laws and forces involved in driving, including your 3000 pound weapon. Be a friendly and courteous driver and don't let your feelings explode on the highway. Don't drive competitively. Remember, driving is a full time job.

Ontario Provincial Police in Dundas County patrolled 10,219 miles while working 1,009 hours. During this time officers laid 41 charges while issuing 56 warnings under the Highway Traffic Act of Ontario.

Officers from Morrisburg and Winchester Detachments investigated 1 theft, 2 break and enters, 1 disturbance and 26 miscellaneous complaints. Nine persons were charged under the Liquor Control Act of Ontario while three persons were arrested and charged with Impaired driving.

Officers were kept busy on area roads investigating 9 property damage accidents and 2 personal injury accidents in which 2 persons received minor injuries.

Provincial Judges Court was quiet with officers spending 19 hours in court while registering 46 convictions.

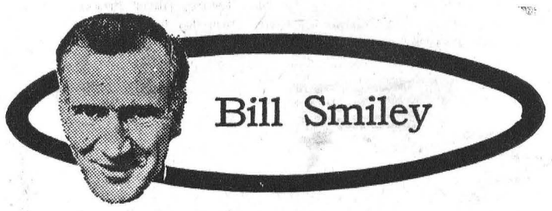
"Seaway" News and Views .



Spring needs some zing

Haven't tried a bit of doggerel for quite a while, so I hope you'll forgive me if I succumb to that rare and insane urge to write non-poetry.

Ode to Spring

Spring!
You are simply not doing your thing.
Most seasons enter with a certain
Equanimity.
You have been coming in with utter
Asininity.

You're behavior's absurd
And only a bird
Would be dumb enough to take wing
This spring.

Let's see a little zing,
Spring!
I don't mind the slush
And the snow and below
But it's not exactly the thing.
Spring.

And I don't know about you, but that's all I can stomach of that particular poem.

It promises to be an interesting spring. In Ontario, the teachers in Metro Toronto asked for a sturdy increase. The Board refused. The teachers' federation "pink-listed" the Board. This means that any member of the federation will be frowned on from a great height if he or she takes a job with that Board.

The Trustees' Council of the province has retaliated by baring its claws and exposing its yellow fangs. It has pink-listed all the school boards in the province. The result should be a barrack-room lawyer's delight, and an educational schmozzle.

At least (though I doubt it) this might put an end to the annual cattle sale, a demeaning aspect of a fairly fine profession where teachers are lured with booze, bigger salaries and other benefits, into teaching at Great Slave Lake secondary school. And at which school boards become panders.

Along this line, don't get too excited by the government's expressed determination to "hold the line" and "take a firm stand" against inflation. The government is merely trying to trim a little fat off the cat, trying to conceal the fact that she is pregnant and nobody wants the kittens.

The rich will continue to be rich, and the poor will continue to be poor. And the middle-class will howl bloody murder, as they always have.

I couldn't care less. I'll pay my income tax, and support an entire family on welfare. Maybe they need it. I've lived on bread and water for three weeks, and I know what it's like.

But there are two things I object to in the White Paper on tax reform. I don't like to be taxed on taxes. That is, if I'm paying $500 in real estate tax, and I have to pay income tax on that $500, I object.

Strenuously. And I object just as violently to the fantastic capital gains of land speculators. This field is full of downright crooks working with other people's money and producing nothing except fat profits for themselves. Sock it to them, Mr. Benson.

This has nothing to do with tax reform, but Kim Smiley is alive and well and living in Limbo. That's the favorite residence of a lot of young people these days. It's a sort of crossroads between Utopia and the salt mines.

Limbo is not a bad place to live, actually. No taxes, no demanding job. I wouldn't mind the odd holiday there. But I wouldn't like it as a permanent residence. I'd miss the old toil and struggle and sweat of real life. It's cool in Limbo, but who wants to be cool all the time?

I'll take the arena of life, where you have to face the bull (and you can take that any way you wish) and either not flinch from the horns, or run like hell for the barricadoes. At least there's a choice.

Toronto Telegram Syndicate

PUBLIC SPEAKING

Seaway's Public Speaking contest took place last week. All speakers made praiseworthy presentations and the program was enjoyed by all. Mary Rooney spoke on "Packaging" and was placed first by the judges. Judy Hough followed a close second with the topic "Summer Camp".

Other speakers and topics were as follows: Carol Townsend — School Drop-outs; Debbie Colquhoun — The Earth Worm; Judy Sheldrick — Names; David Styles — Sports; Chris Styles — Astrology; Susan Ewing—School Spirit; Danny Tucker — Poverty

—Michael Saver

BASKETBALL PARTY

Last Tuesday night the girls and boys from Seaway District High School, gave a party for their coaches. Among these included; Mrs. Organ, Mr. Madden, Mr. Stevens, Mr. Phillips and Michael Rooney. Since a lot of hard work had been done by these coaches to make us stars, we presented them with trophies for their great effort throughout the season.

A basketball game was later played and after a deal of hard work, the girls gained victory over the boys by a score of 18-16.

Refreshments were served and games were played.

Maybe next year our coaches will be proud when we gain victory for the school!

—Debbie Scott

BASKETBALL A LA MODE

Friday afternoon, Seaway students enjoyed a unique game of basketball between the Harlem Stars and St. Lawrence Road Runners. Referees Michael Rooney and Darrel MacDonnell were lucky in not having to wear striped suits for ninety-nine years. Every rule in basketball history was broken under their jurisdiction. Yoky surrendered one shoe and Terry Stevens became a depressed queen.

The Road-Runners played fine ball and tallied 88 points versus the Harlem Stars' 102. Seaway students will never forget Pee Wee No. 24, Johnny Flash No. 10, Ray Jones No. 25, Ike Harris No. 53, and Fred Goose Jackson No. 54.

These same stars played in Guatemala city when this writer was only ten years old.

—Rosemarie Pierri

VARIETY '70 REVIEW

Seaway D.H.S. Variety '70 proved to be a great success. Under the direction of Mr. Wayne Johnston, no fewer than 250 students provided an abundance of entertainment to capture full attention of the audience. In addition, both teachers and students had an enjoyable and rewarding experience while preparing for it. Jim McCrank was M.C. to numerous skits, song selections, modern dance groups, and gymnastic routines. Thanks to the skilled services of our television technician, Mr. Peter Riley, this show was taped for future reference and was also shown in various locations in the school at the actual time of the performances. We also extend thanks to the staff advisors and crew who helped make Variety Night a success on both Thursday and Friday night.

—Gloria Pinkus

Here AND There

by Kay Kay

Be Careful!

With water puddles everywhere at this tmie of year, and with creeks and ditches running full, a word of caution to our young people might save us a lot of grief. Already in daily newspapers we've read of near-drownings in ditches.

There's a great temptation by youngsters to play along creek and river banks, pushing at ice or crawling over it. If it breaks or gives way, disaster could hit and claim a young life.

Another thing about the water that gathers along the roadways—watch out for pedestrians when you drive past them.

There's nothing more exasperating for pedestrians than to get mud-spiatered by a careless or thoughtless driver.

School is out for a few days —keep an eye out for them!

Well, the sap's running! Out of the trees that is!

Time to take that annual trek to the sugar bush, but other than the one at Upper Canada Village we don't know of any

(See Page Five)

ers have given up making maple syrup because of the difficulty of obtaining seasonal help. — However, by utilizing labour saving equipment and procedures many producers will still be able to maintain a profitable operation.

This year instead of purchasing your maple syrup at your door or in the store, go to a sugar bush and watch it being made. Most farmers will be glad to show you and your children how it is done. Maple Syrup is delicious on pancakes, ice cream to glaze a baked ham, to make into maple sugar candy or maple butter.

Pure maple syrup is the first taste of springtime in Ontario.

Lands & Forests Report

TAPPING TIME IS HERE ARAIN

Many Eastern Ontario farmers are out in their sugar bushes these days tapping the maple trees in anticipation of the coming flow of sap. Those that use plastic tubing are stringing it from tree to tree while others can be seen hanging the familiar sap pails on the spiles that have been driven into the trees. The main flow is probably not far away and they all want to be ready for the first run of sap as the best quality comes early and usually produces the highest quality syrup. The best maple syrup making months are usually March and April before the buds begin to swell, but good runs can often be obtained in February. The start of the sap run depends on the weather and flows each time a period of below freezing weather is followed by a period of warm weather The danger of tapping too early is largely eliminated through use of germicidal pellets which prevent premature drying up of the taphole.

When boiling sap to make maple syrup vast quantities of steam are produced. It will not be long until you will see steam rising from the many sugar houses as you drive along the main and side roads in the Kemptville District.

Good quality maple syrup seems harder to obtain every year. Many maple woodlots have been cut over and many farm-

STRANGE PALS. A young Russian girl displays her affection for a nine-month-old female wolf that has taken a shine to her. They hit it off as strong pals last year when the wolf, then a cub, wandered into the girl's farm home in Kursk, Russia, in search of a meal. The reception was favorable — as you can see. — TTS Photo

Cardinal News Notes

Cardinal Girls Hockey team finished their season by defeating the Atom All Stars of Cardinal at the Community Rink, which made them winners of a trophy. They also won the consolation prize (a trophy) when they defeated Thousand Island Secondard School of Brockville at Prescott; during a tournament.

They travelled to Ottawa and defeated the Girls team at Rockcliffe Air Base.

Ralph Merkley was manager; Sheila Bush, coach; Betty Tousaw, Captain; ,Linda Crawford secretary-treasurer. Jane Marin received a trophy for the most valuable player on the team.

The latter part of the season the team were given hockey sweaters by Mr. and Mrs. Oliver Robinson and which they were very proud to wear.

The team was started the latter part of the season 1968-69, but only with few practices, because of small numbers out to practice. For 1969-70, they played organized hockey.

Goalie was Debbie Robinson; Defence, Sheila Bush, Judy Byers, Betty Tousaw and Carole Wells. Forwards were: Jane Marin, Jan Marin, Cheryl Kenney, Gloria Holmes, Peggy Hutchcroft, Linda Crawford, Lou Ann Armstrong, Heather Smith, Janice Van Allen, Jo-Ann Kavanaugh, and Rox-Anne Patterson.

A Good Friday Ecumenical Service will be held in St. John's United Church, Cardinal at 9:30 a.m. on Friday, with Canon Fred Payne of St. John's Anglican Church, Prescott, as the guest speaker. Cardinal Clergy will be in charge and combined villiage choirs will provide special music.

Mr. and Mrs. Al Kearns (former Martha Colllison) have arrived in Cardinal, after spending over a year in Sydney, Australia, where he was chartered accountant. They are spending a time with her parents, Mr. and Mrs. Hilliard Collison before taking up residence in Toronto.

The Easter Thankoffering of the U.C.W. will be held in the United Church, Cardinal, on Sunday, April 5th at 8 p.m.,— with "A Visit to the Holy Land", Johnstown ladies will show slides and give a talk as they visited there.

On April 12th, Rev. Harry Seeley of Elgin will be anniversary speaker in the United Church at Cardinal. Rev. Seeley was student Minister in Cardinal, Mainsville and Johnstown before he became ordained.

Arnold Fletcher, Mrs. Gordon Marriner, Ray Grant and Wilfred Coons are patients in Brockville General Hospital.

Eric Alberry is a patient in St. Vincent de Paul Hospital.

KAY KAY—
(From Pa egFour)

other that's close by.

Take along a pair of rubber boots and wear them, even if it is Sunday afternoon.

There's a pleasant feeling to walking through the bush, taking gulp after gulp of that sweet nectar dripping from the trees a drop at a time. It's precious stuff and well worth the time to seek it out.

For a few pennies there presents the opportunity to buy a chunk of maple sugar that will melt in your mouth.

Then back to the sap bucket for one last swig before you slosh away home.

It sounds so good, we might just go to the bush this weekend ourselves!

Since the weekend is the first real Spring break, we hope all our readers enjoy it to the fullest!

Cards of Thanks

We would like to take this opportunity to thank our friends and relatives who honoured us Saturday evening on the occasion of our 25th wedding anniversary, also for the many cards and gifts we received. Thank you

—Harry and Dorothy Smail 1p

A most sincere "thank you" to my neighbours, friends and relatives who remembered me with visits, cards, gifts and flowers while I was a patient at Winchester Hospital. A very special thanks to the visiting clergy; also to Dr. Clark, Dr. Rosenquist and all the hospital staff for their care and kindness. Your thoughtfulness is deeply appreciated.

—Arthur Johnston. 1c

My husband and I are leaving for Europe, and wish to thank all our friends and acquainitances in Iroquois for their kindness and friendship shown to us while here.

—Yvonne and Tony Kwietniewski 1p

I wish to express my appreciation to the Council of the village of Iroquois for sponsoring me in the "Miss Eastern Ontario Beauty Pageant" in Perth. I enjoyed the experience very much and received many nice gifts. A very special thanks to Mrs. Helen Smith for her encouragement —Arlene Summers. 1nc

I would like to take this opportunity to express my sincere thanks and appreciation to all those who sent me cards and gifts and enquired about me and to help me to celebrate my 83rd birthday. These acts of kindness will always be remembered by me. Thank you all very much. —Mrs. Edith Roberts 1p

I wish to thank friends and relatives for cards, plants and visits while I was in Winchester Hospital. I also want to thank Rev. and Mrs. Stewart for visits they made. I also want to thank the U.C.W. of Hamesville for the lovely plant since I came home. Thanks to all.
—Mrs. M. Fawcett.

Don Hunt

White Paper palming reality

The toughest job facing Finance Minister Edgar Benson these days must be finding someone who agrees 100 per cent with his White Paper on Taxation.

In fact, it would probably be easier to find people who disagree 100 per cent.

But now that Prime Minister Trudeau has come out solidly behind Mr. Benson, it is obvious the White Paper will become law — if not in its present form at least in a form closely resembling the Benson plan.

No piece of legislation has previously been given the advance presentation of the White Paper. Canadians were invited to comment by Mr. Benson in the belief that only by thorough examination could the Government know the feelings of all Canadians.

Some pressure groups couldn't miss the opportunity of jumping in with both feet. A Toronto tailor, John Bulloch, attacked the section on corporation taxes, claiming that the change to a straight 50 per cent level of taxation for all corporation profits would kill the little businessman. Quickly, a public relations firm organized the Canadian Council for Fair Taxation, and the main battle was on. Groups were formed in cities across the country and money poured in to the Council's office.

At a meeting in Toronto, Bulloch, who is general secretary of the council, described the White Paper as "absolute Communistic confiscation."

This phrase was jumped on by Mr. Trudeau, who commented: "That may get him a headline, but it does not get us ahead."

It is unfortunate that the corporation section has drawn so much publicity while sections affecting the vast majority of Canadians lack a leader, although Robert Stanfield lately has been coming on strong.

The "silent majority" surely must consist of the 1 million or so taxpayers that are living on a next-to-starvation income level. In this day and age, it hardly sounds reasonable to give a married man a basic exemption of $2,000 — regardless of his income. He can hardly afford to pay tax if he only makes $5,000.

And the so-called middle-income group (those making between $10,000 and $25,000) must wonder who advised Mr. Benson when he came up with the plan to reduce the tax rate for those making more than $25,000 annually. At the same time, the middle-income group's tax share will go up — which is hardly following the concept of equal taxation. If money must be found to support the poor, that's one thing. But surely the rich don't need to be subsidized as well.

No one quarrels with the plan to eliminate taxation for the low-income group. The Greater Toronto Business and Professional Federation suggests a basic exemption of $4,200 for a married man with two children. It also suggests that instead of eliminating the tax benefits for small corporations, the Government should reduce the benefits.

Few Canadians object to the capital gains tax in view of the obvious need for additional revenue by the Government. But we feel the idea of including all household effects in this category and declaring a tax every five years is uncalled for. In fact, if the measure is carried out, we predict the Government will spend more money collecting the tax than the revenue received.

Finally, Mr. Benson and Mr. Trudeau are correct when they say Canadians are prepared to get less and pay more than Americans in order to remain Canadians.

But surely there doesn't have to be such a major difference between the average Canadian and average American. The Monetary Times estimates that a Canadian makes 30 per cent less than his American counterpart and after paying for his taxes and food and shelter, the Canadian winds up with about 30 per cent less.

In other words, the $10,000-man in the U.S. pays about the same in taxes as the $7,000-man in Canada. The additional $3,000 is all to spend or save.

Let's hope the authors of the White Paper on Taxation will consider this when drafting the legislation later this year.

Hard Work Pays Off

by Miriam Coligan

It is an enjoyable experience to visit the Village of Cardinal and discuss municipal activities with its citizens. This small town, the home of Canada Starch Company, is progressive and forward-looking. It is wholeheartedly committed to the better way of life concentrating momentarily on recreation and housing.

The Cardinal and District Community Centre opened for Christmas activity. This modern, beautifully designed building, costing $140,000.00 is debt free. Municipal Council, Canada Starch, the local branch of the Royal Canadian and voluntary donations by local citizens accomplished the miracle. Money and services given freely and enthusiastically by engineers, architects, skilled workers and the ordinary fellows in town were contributing factors.

The Community Centre Association is planning a fund-raising blitz the week of April 7 to raise the $55,000.00 needed for an artificiall ice plant, seating facilities and a concrete floor. There is a bank balance of approximately $4,000 in the bank. Frank Trewartha, chairman of th eCommunity Centre Committee has no doubt as to the success of the campaign. Overall cost of the project is approximately $190,000.00.

During the past summer a softball diamond was built north of the Community Centre. The area was levelled, tile drained and lighting activities conducted with the result that the lights are ready to be hooked up for the opening of the baseball season.

J.C. Riesberry is enthusiastic over Cardinal's work in the field of recreation. He said, "We have a new arena for skating; an enormous hockey, baseball and broomball program for young and old; a winter carnival; a well-supervised swimming pool; regular dancing and record hops for the young people; an excellent library; the Sunday night Cosy drop-in centre for youth; and a licensed day nursery. He enumerated clubs for senior citizens, adult activities, church organizations, cubs, scouts, brownies and many others. He concluded, "The statement that there is nothing to do in Cardinal is not a "statement of fact; it is a state of mind."

Norman Gaylord, member of Cardinal Council discussed housing. He said, "In 1968, through an exchange of land with the Canada Starch Company, the municipality gained access to approximately 10 acres of land north of No. 2 Highway and east of Walker Street. Immediate plans were made to develop the area for housing and recreation"

He added, Re-zoning of the property from commercial to residential has been time-consuming but an announcement from Council relative to the availability of lots will be forthcoming". The Community Centre, public building and other recreation facilities are located in this area and it promises to become a desirable and attractive subdivision of the village. Mr. Gaylord added, "If I were not tied up with owning property in the old part of town, I would get myself one of these lots".

At the March meeting of Cardinal Council, Reeve A.C. Cassel man told a delegation representing senior citizens of the community that, "during recent visits to Toronto considerable spade work has been done toward obtaining low rental housing units for senior citizens and" he added, "Council will carry the ball and keep things rolling in that direction".

Cardinal fire-fighters, winners of the recent fire-prevention, nation wide competition, are finallizing plians for their second annual "Fire Queen Contest". It will be held Friday evening, April 24 at the Benson School auditorium. An interesting program is scheduled for the occasion. The Fire Queen Contest is planned as a supplement of Cardinal Fire Department's Fire Prevention program for 1970. The Fire Force will be moving into a new combined fire hall and public works building later this spring. It is located between the Community Centre and the baseball park, in the new subdivision.

The local library saw more than 2,000 books on the move during the past month. Addition to the library shelves include Morris Renek's "Siam Miami", "The Death Committee", by Noah Gordon, Arthur Willkinson's — "Your Canadian Law", as well as the new book on the force of advertising, "The Hidden Persuaders" by V. Packard.

Back we come to Sports with bouqutes for the ladies. The Community Centre, accomodating over 1000 spectators (500 seated and 500 standing when completed) is always filled to capacity when the ladies' broom ball teams battle it out with

Cass Looks To New Budget After Easter

Following the new procedures of the House, the debate on the Speech from the Throne concluded on the last day of the Session before the Easter recess. This clears the way for introduction of the 1970 Ontario Budget when the House reconvenes on the last day of March. Actually, apart from the introduction of some score of Government Bills and the first organization meetings of the Standing Committees of the House, the first four weeks of this Session of the Legislature have been occupied exclusively with speeches in the Throne Speech debate. Upon its conclusion the usual N.D.P. and Liberal motions of no confidence were put the House and, of course, defeated by the Government Members' vote. The salient points debated by all Members were naturally the Federal Government's White Paper on Taxation and its possible effects on the people of Ontario, the ever present problem of inflation with its attendant evils of rising costs, and reduction in buying power of our dollar and increasing unemployment. And, of course, for none of these pressing problems is there a self evident or accepted solution.

Apparently undeterred by the results both good and bad arising from new regional municipalities recently created, the Minister of Municipal Affairs and the Treasurer and Minister of Economics released two more regional studies of areas in south western Ontario. However, so far there is small indication of any studies or other action in this direction for our part of Ontario.

Controversy still rages both in the House and in the Press over allegations and statements of the "crusading" N.D.P. Member for High Park concerning conditions in our Provincial Institutions. Although many of these matters appear to be rather clever though, sinister polliitical moves, one is always inclined to wonder if indeed there may not be some fire amidst so much smoke. It is possible that the whole subject will be referred by the Government to an appropriate Committee for further and factual investigation.

The ending of the Throne Speech debate and its attendiant votes of no-confidence on Thursday, March 19th, prevented Prime Minister Robarts and your Member from being present at the official opening that day of the new Prescott Plant of Rehau Plastiks of Canada Ltd. This was a very great disappointment for your Member as he had had the privilege of turning the first sod for the new factory and was anxious to see the final result. This newest addition to the economy of our area is most certainly another "shot in the arm" for our workers and businessmen.

"I think crop insurance has proven its worth."

Ross A. Dulmage, South Mountain.

Crop insurance protects you against the hazards of a bad year — the weather, plant disease and insects.

Farming is a risky business. Crop production costs increase steadily, year by year. In contrast, crop yields vary — depending largely on unpredictable natural hazards which you can't control. But now you can protect your investment in seed, fertilizer, sprays, etc. — with crop insurance. Crop insurance guarantees your production — so you can cover your costs.

Rates are low — Federal and Provincial Government participation means you buy this comprehensive coverage for **less than half the cost.**

'No-claim discounts' — can reduce premiums by as much as 25%.

Premiums are deductible — At tax time, your crop insurance premiums can be listed as deductible expenses.

For peace of mind — find out how crop insurance can benefit you. Talk to your local agent — he's listed below

APPLICATION DEADLINE MAY 1st (SOYBEANS AND WHITE BEANS JUNE 1st)

Crop Insurance details and application forms available from:

LORNE MELLAN

NOTE — At this time I would like to thank all people in Minor Hockey in the E Classification in Zone 3, for a fine job in having our play-offs run off so efficiently. When the results are final I will let everyone know who the respective division champions are in the E Classification.

NEXT GAME THURSDAY

by Lynne O'Brien

Due to an appeal by Kemptville Royals, that they were eliminated from Intermediate A playoffs by a Senior A club, namely Syracuse Stars, who officially became a Senior A club as of December 31st, 1969, the ODHA has ruled that the Syracuse Stars are ineligible for intermediate A branch competition and therefore Morrisburg finished their series with Syracuse and will continue on in branch playdowns.

Morrisburg will meet the winner of the Shawville-Kemptville series in a best of 5 series. The 1st game is in Morrisburg, on Thursday, March 26th at 8:30 p.m. The 2nd game on March 27 at the home of Shawville or Kemptville and back to Morrisburg Sunday, March 29th at 7:30 p.m. If the 4th and 5th games are necessary they would be March 31st and April 1st.

Combines lost 5-3 in Syracuse Saturday night to finish off the exhibition series. The Stars led 1-0 after the 1st period and it was tied 2-2 after the 2nd period Bill Craig and John Garriety scored 2 apiece for the Stars with Derek Holmes the single. Big Doug Casselman scored twice and assisted on the other goal. Mel Tomality scored the single goal and assisted on Doug's 2 goals. Roy Pyke assisted on all 3 goals.

7 minors were handed out, 4 to Morrisburg. Combines outshot the Stars 44-31.

Fans please take note that the 1st game is in Morrisburg on Thursday night and that the following day is a holiday. Please come out and give support to this fine team.

In Memoriam

LAPIER — In loving memory of a dear husband and father, Wilfred Lapier, who passed away March 25, 1967.
When evening shadows are falling
And we sit here all alone
In our hearts there comes a longing
If only he could come home.
Friends may think we have forgotten
When at times they see a smile
But they little know the heartaches
Our smile hides all the way.
Ever remembered by wife Molly and family always. 1p

GARLOUGH — In loving memory of our dear brother Dalton Calvin Meredith who was killed in a tragic car accident on March 23rd, 1961.
Your memory is a keepsake,
With which we will never part
God has you in his keeping.
We have you in our hearts.
—Ever remembered by brothers, Gerald, Lee, Donald, Raymond Mahlon, Rodney and Lonnie; sisters Clara, Tousaw, Beatrice Head, Emma Hollister, Grace Stewart, Marie Ostrander, Sheila Scarbo, Ginger Angel; nieces and nephews. 1p

STRADER — In loving memory of Everett Strader who passed away April 29, 1959; Ella Strader who passed away March 3, 1964 and Wilda Locke who passed away February 24, 1968
We do not need a special day
To bring you to our mind
For the days we do not think of you
Are very hard to find
Wonderful memories woven in gold
This is the picture we tenderly hold.
Deep in our hearts their memory is kept.
To cherish always and never forget.
—Saddly missed by Carmi, Beulah and Garnet
Elaine and Billl 1p

CARDINAL

A good number attended the General Meeting of the UCW of the United Church here, when Mr. John Mohan, Principal of Benson Public School, was the guest speaker and emphasized the "Changes in Education at the Elementary level".

He divided the group into small groups and everyone had something to do thus showing that working together is a good idea and to exchange ideas.

Mr. Mohan came to Benson School last September, but took up residence before that. He was introduced by Mrs. D. E. Baker and thanked by Rev. R. Pentinga.

Mrs. Baker and her committee of Mrs. Ed. St. Louis, Mrs. Wilfred Coons and Mrs. Aubrey Seeley were in charge. The theme was "Citizenship and Social Action".

Mrs. John Armstrong was pianist and Mrs. Alex Roy sang "The Stranger of Galilee.

Mrs. Armstrong read an address and Mrs. Ann Howley presented a Life Membership Certificate to Mrs. Alex Roy and also the pin to her, as she leaves the end of this month to reside in Ottawa, since her husband the CNR Station closing here was transferred there, due to some time ago. Mrs. Roy was a very valued member of the UCW the church and the choir and was completelly taken by surprise, but thanked all. A tasty lunch was served by Unit One of the UCW.
