W. M. S. Sectional Meeting Held Here

The Annual Sectional Meeting of the Eastern division of the Women's Missionary Society of Brockville Presbyterial was held last Wednesday afternoon, October 22nd, in St. Paul's Presbyterian Church, Winchester. The president, Miss Helen Jamieson, opened the meeting with Invocation Prayer, followed by Psalm 89. The devotional exercises were taken by Mrs. Myles Marcellus and Mrs. D. A. Dillabough, of Dunbar. The words of welcome were given by Mrs. Wm. Johnstone, and the reply by Mrs. Heustin, of Morewood.

The minutes of the 1946 Sectional, held at Dunbar, was read by Mrs. I. P. McIntosh, and seconded by Mrs. Hallilday. Sixty members responded to roll call.

Reports of Senior Auxiliaries, Y. W. A.'s, Girl Groups and Mission Bands were received from Chesterville, Dunbar, Morewood, Morrisburg, Winchester and Winchester Springs. The president asked for discussions on these excellent reports, showing deep interest and work done in 1946. The prayer of dedication was given by Mrs. Maitland, of Morrisburg.

An instructive report of the Council held in Toronto was given by Mrs. R. D. Ledgerwood. Mrs. Lyle Hunter, of Morewood, gave the prayer, The World for Christ. Mrs. D. M. Morrison, Presbyterial Literature Secretary, renewed the Missionary Literature.

Mrs. Wm. Fitzsimmons, of Cardinal, Presbyterial President, was guest speaker. She chose for her address St. John's Gospel, 16:15, emphasizing that if we followed in our Master's footsteps we would be more successful in our churches, and W. M. S. work also. The world has lost the right idea of sin, which was the greatest evil of our civilization—Christ said, if you love Me, keep my commandments.

The President was in charge of the "In Memoriam." It was a very touching and beautiful service of remembrance. The Presbyterial president and presidents of Senior auxiliaries each lighted a candle in memory of their departed, which was followed by the hymn, "Peace, Perfect Peace." A beautiful basket of flowers was presented by Winchester Auxiliary.

The Question Box was ably handled by Mrs. Fitzsimmons. The questions asked were a testimony of interest in the different departments.

A beautifully rendered duet, "Here Am I, Send Me," was sung by Mrs.

NEXT WEEK IS POPPY WEEK IN WINCHESTER

Commencing on Monday, November 4th, the local branch of the Canadian Legion will conduct its Annual Poppy Campaign. During that week poppies will be sold by school students.

No one of us need be reminded that these small scarlet blossoms are more than merely flowers to wear on our lapels. They have a significance which reaches deep into our hearts. They are symbols of courage.

The poppies, worn next week, which mean so much, bring back the thought of those who sacrificed so greatly. They bring a consciousness of those disabled veterans "to whom we owe infinitely more than gratitude can ever repay, though in our hearts that gratitude is deep and will ever abide."

Each year the Canadian Legion conducts its poppy sale to raise funds for relief work. The poppies are made by disabled servicemen who are physically unfit to work elsewhere.

Those whose patriotic heroism we remember on this occasion are far beyond the need for our help. But we who are sincerely grateful to our war heroes have an opportunity to repay the debt we owe them in a way that they themselves would approve. It is in recognition of this debt that the Canadian Legion conducts their distribution of poppies.

Let us all join to "honour the dead by helping the living." In these days of Canada's remembrance, the poppy carries an added significance in its appeal "to care for him who has borne the battle and for his widow and orphans."

Wear a poppy on Poppy Day and "Keep the Faith."

Hugh Wilson and Mrs. Chas. Cross, accompanied by Miss Irving. The offering was presented by two members of Winchester Auxiliary, with prayer by Mrs. Robt. Kirkwood, of Winchester Springs.

The slate of officers for 1948 was brought in by Mrs. Geo. Wilson, as follows:

President—Mrs. H. Maitland.
1st Vice—Mrs. I. P. McIntosh.
Secretary—Mrs. Halliday.

Mrs. Geo. Meikle, of Morrisburg, extended an invitation to meet there next year, which was accepted with thanks.

The National Anthem, followed by Thanksgiving Prayer by the President, closed the meeting. The Winchester Auxiliary served a delicious supper. During the social hour, greetings were brought by Mrs. Fitzsimmons, Mrs. Maitland, Mrs. Myles Marcellus, Mrs. I. P. McIntosh, Mrs. Geo. Wilson, Rev. Mr. Heustin, Rev. Mr. MacKinnon and Rev. Mr. Maitland.

Miss Jamieson thanked the officers and auxiliaries for their co-operation. Mrs. Earl Munro, convenor of the Courtesy Committee, gave the words of thanks. The Doxology closed a very profitable and successful Sectional meeting.

Beach Foundry, Ottawa Donates $1000 To Local Hospital Building Fund

The Directors of the Winchester District Memorial Hospital announce the receipt of a donation of $1000.00 towards the Building Fund from Beach Foundry Limited, Ottawa, for which they wish to express their sincere gratitude. A few donations like this is all that is needed to meet the expenes of having the building erected, and that is the urgent wish of the Finance Committee.

Another donation of $200.00 from Mr. J. D. Stewart has also been received with grateful thanks.

Work at the hospital site is progressing steadily. The concrete work in the basement has been completed and the contractors have started to install the frame work in that section. The grounds have been levelled somewhat, and the drainage and sewerage systems completed. Work on the walls is expected to start within a few days, and assurance has been given the directors that the building will be completely closed in before the winter sets in.

Scout-Cub Apple Day Was Grand Success

The first Scout-Cub Apple Day, conducted in Winchester by the local troop of Boy Scouts and Wolf Cubs on Saturday last, was a grand success. Total receipts for apples sold were $123.99. The apples were all procured at cost price, and with other minor expenses, a net profit of $88.75 was derived from the sales.

First prize to the Boy Scout who turned in the most money went to Jack Wilson, while Donald Woods came second, only a few cents behind the winning amount.

For the Cubs, Bob Summers won first prize, with the second award going to Dennis Wyatt.

To all those who purchased apples, or assisted the boys in any way, the Scout and Cub Leaders and the Committee wish to extend sincere thanks. Special thanks is directed to Sargeant Thomas, who did a fine job of superintending the campaign on Saturday.

Members of the Scout-Cub Citizens' Committee are: Dr. W. A. Sherwood, Chairman; Gordon Rice, Vice Chairman; Robt. Woods, Sec'y.-Treasurer; Rev. N. J. Thomas, J. E. Woods and Ralph Walker. The Scout leader is Raymond Summers; Cub Master, Arnold Dukelow; assistants, Miss Jean Wyatt and Mrs. Ed. Libera.

Local People Injured When Car Hits Tree

Mr. and Mrs. Paul Tracy and Mr. Edward Bogucki, all of Hotel Winchester, and Mr. Leon Bogucki, of Montreal, were taken to the Hepburn Hospital in Ogdensburg, N. Y., after the car, driven by Tracy, left the Hammond-Redwood highway and crashed into a tree. Tracy received deep lacerations on the forehead and chin, and his wife, aged 23, has a fracture of the left forearm, a broken nose and deep lacerations of the forehead and left leg. Edward Bogucki, brother of Mrs. Tracy, has a fractured left hip, and his brother, Leon, lacerations of the forehead and left knee. The accident occurred last week while the party was on a motor trip through Norther New York State. Mr. Tracy and Mr. Leon Bogucki have been released from hospital.

MOUNTAIN FARMER HAD BARNS DESTROYED BY FIRE

Fire, believed to have been started by spontaneous combustion in a hay mow, completely destroyed a large frame dairy barn on the farm of Mr. Harold Black, four miles west of Inkerman, on Friday evening last. The blaze was first noticed about 7.30 p.m., and within a few minutes had spread to all parts of the barn. Consumed with the building were about 50 hens, 5 pigs and the season's crop of hay and grain. Most of the machinery, the horses and cattle, were removed from the barn by neighbours, who also assisted in keeping the fire from spreading to the Black residence a short distance away. This was accomplished by the excellent work of a bucket brigade.

The loss, estimated at $9000, is partially covered by insurance.

COUNTY SCHOOL TRUSTEES' AND RATEPAYERS' ASSOCIATION PLANNED

A meeting of ratepayers and trustees from various parts of Dundas County was held in the Assembly Hall of the Winchester Public School on Friday night to consider the proposition of organizing a County School Trustees' and Ratepayers' Association. The meeting was held under the auspices of the Provincial organization of Trustees and Ratepayers. Mr. W. J. Stewart, County school inspector, acted as chairman. He pointed out that most of Southern Ontario from Belleville west was organized into County units; but that Eastern Ontario had few such organizations. He thought it would be a good thing to see Dundas County organized on a county basis, and perhaps this county could show the way to other Eastern Ontario counties.

By a show of hands the members present voted in favour of organizing the County; but after three trustees had been proposed for the position of president and all had declined the honour, it was moved, seconded and carried that the school inspector was to name a committee whose members would have the task of obtaining a president, vice president, secretary, and one representative from each municipality, which would constitute the executive committee of the County organization.

Afer this matter had been completed, Mr. Stewart called upon Rev. J. L. Mills, Secretary of the Ontario Trustees' and Ratepayers' Association, to address the meeting. He first outlined briefly the work carried on by the association, explaining that it consisted of the following departments: Urban, Rural, Separate School, County Council, Township School Area, and a number of delegates at large. Mr. Mills said the organization carried weight with the Department of Education, and through its various departments tried to sponsor the best in educational procedures. He also stated that there seems to be a desire for the formation of one association or federation of trustees for the whole province. He then demonstrated the use of one of the latest sound projectors equipped with microphone, so that it could be used when required as a public address system. He said the price of this machine to schools was $575.00. Many members from the audience seemed keenly interested in this machine, and asked several questions about its operation. Mr. Mills quoted the price of the School Journal, official publication of the Provincial organization, to be $3.00 to individual school boards, which included membership and the privilege of sending one delegate to the Easter meeting in Toronto. For Township School Areas the price is $10.00, and the magazine is sent yearly to each member of the board. For urban schools the fee starts at $5.00.

As a result of the affirmative vote in favour of a County association being formed, it now becomes the task of the local school inspector to get a committee together with the object of asking trustees in the various municipalities (one for each municipality) to act as members of the association, along with the president, vice president, and secretary. The association, when formed, will have as its object to stimulate interest in educational progress locally, by such means as inviting Departmental officials to address local meetings, sponsoring public-speaking contests, perhaps sending a delegate to the Easter Convention in Toronto, and generally to encourage such education practices as may be found most beneficial.

Deceased was born in Edwardsburg Township in 1862 and was the son of the late Peter Riddell and Caroline Weston. When a young boy he moved with his parents to Oak Valley, along the Nation River. In 1892 he married Eliza Jane Mills, of Avonmore, and in 1906 he purchased the present home.

The funeral service, which was largely attended, was held at Vancamp United Church on Friday at 2 p.m. and was conducted by his pastor, Rev. G. S. Gervan, assisted by Rev. H. Warren, of Ottawa, a former minister who preached their daughter's funeral service 40 years ago, and also Rev. N. Thomas, of Winchester United Church.

Mr. Gervan chose as his text the 1st verse of the 90th Psalm. In speaking of the deceased, he referred to his Christian character and his interest in the Vancamp Church. Chamber Commerce Offers Suggestions

The regular luncheon-meeting of the Winchester and District Chamber of Commerce was held at Hotel Winchester on Friday evening last, with the president, Mr. Arnold Dukelow, presiding, and 28 members present.

It was decided that a committee approach the town council at the next council meeting with the following recomendations:

1. Yellow caution light to be suspended on highway 31 at intersection of Main and St. Lawrence Street.
2. That permanent street signs designating the names of streets in the town be put up.
3. That a study should be made and consideration given to the installation of more modern street lighting such as is presently in use in Morrisburg and Williamsburg.
4. That some of the side streets in town get more adequate street lighting.
5. That action be taken immediately to have a water connection made under the C. P. R. tracks at the station to give residents on the south side of the tracks adequate fire protection.

Discussion took place regarding the apparent lack of interest in municipal affairs and the possibility or value of starting a "get out the vote campaign" in the near future in an effort to have as great a number at the polls as possible in the December election.

A committee, headed by Mr. N. W. Beach, comprising Messrs. J. L. Dixon, Robert Woods and J. K. Ault, was appointed to make a complete survey of all commercial and residential properties and lots available in the Village of Winchester so that accurate information might be placed in the hands of the Dept. of Planning and Development.

On motion of the meeting, a resolution is to be forwarded to the Eastern Ontario Associated Boards of Trade to be presented at its November meeting, opposing the importation and sale of oleomargarine in Canada.

Business Changes Hands

Mr. W. C. MacDonald has announced the sale of his Farm Machine Business on Main Street, West, to Mr. Lloyd Holmes. The new owner will take possession on November 1st.

In disposing of his machine business, Mr. MacDonald expresses the wish that his many customers will continue to give their patronage to Mr. Holmes, a young man with considerable experience in farm machinery. Mr. MacDonald will continue to conduct his Fuel Business and is at present erecting an office building at his coal yards on St. Lawrence Street.

WARNING
To Halloween Pranksters

To those boys and young men who use Halloween Night as an occasion to damage and destroy public and private property, while performing pranks, I issue a strong warning that if there is a repetition of this practice this year, every effort will be made to learn the identity of the pranksters and charges will be laid against them. Pushing over outside toilets, removing door steps and damaging farm vehicles, cars, etc., all come under the category of damaged property.

Have your fun, boys, but please do not play pranks that is going to cause innocent citizens, and especially widowed women, the expense and trouble of repairing damage caused by you. I appeal to you to use common sense this Halloween and ask for your co-operation in eliminating those pranks that cause public inconvenience.

ALL VETERANS BENEFIT BY POPPY SALES

Very shortly, November 11th will be here again and with it millions of Canadian citizens will be wearing blood-red poppies in remembrance of the one hundred thousand heroes who gave their lives for Canada in two world wars.

Entrusted with the sale of these poppies and wreaths made by disabled veterans at Vetcraft shops in Montreal and Toronto, the Canadian Legion will have thousands of volunteer workers on the streets soliciting sales. In 1946 these workers sold more than 4,500,,000 poppies and this year the total is expected to be increased.

The monies received from the sale of the poppies and wreaths is used solely to take care of indigent veterans, widows and orphans of deceased veterans. No profit whatsoever is kept aside for any other phase of Legion work. All veterans benefit by the sales whether they are Legion members or not.

In 1946 the Legion Dominion Service Bureau obtained $246,710.24 in retroactive pensions alone, representing 1181 "lost cases" that had in the majority applied to the government for a pension and been turned down. Exceeding last year's figures the Bureau, to the end of September this year, has obtained $292,067.48 in retroactive pensions for 1152 applicants. When figured in a sum total for the rest of the applicants' lives, this will run into millions of dollars.

All this means that the municipalities will be relieved in no small measure from the burden of looking after distress cases, and the federal government unburdened with additional relief agencies throughout the country.

In Toronto and Montreal, the poppies are turned out in their millions by older veterans who are physically unable to earn a living in the commercial world. For them it is a year-round occupation paying them a living wage.

In addition to the practical side of buying and selling poppies, the Legion does not forget the main thought behind the poppy which is the symbol of remembrance for Canada's dead heroes.

The origin of the poppy is extremely fascinating. In Rome mythology the red poppy was the symbol of death dedicated to Somnus, the god of sleep.

For centuries the red poppy, which grows wild in Europe, has been associated with the battlefields of Europe, especially Flanders, where it grows abundantly in the wheat and uncultivated fields.

Poppies grow profusely on the battlefields of this territory and superstitious people believed the red flowers came from the blood of the slain. Throughout the centuries writers referred to the profusion of poppies that sprang up on the battlefields of Ramillies, Landen, Fontenoy and Waterloo.

In 1693 the French, under Marshal Luxembourg, defeated the Anglo-Dutch under William III at Landen. Macaulay, in his history of England, wrote of this battlefield:

"During many months the ground was strewn with skulls and bones of men and horses, with fragments of hats and shoes, saddles and holsters. The next summer the soil, fertilized by twenty thousand corpses, broke forth into millions of poppies. The traveller, who, on the road from Saint Tron to Tirlemont, saw that vast sheet of scarlet spreading from Landen to Nierwinden, could hardly help fancying that the figurative prediction of the Hebrew prophet was literally accomplished, and that the earth was disclosing her blood, and refusing to cover her slain."

The association of the red poppy with the battlefields of the First World War was largely the result of the popular poem by Colonel John McRae, Canadian physician, soldier and poet, who died of pneumonia in France in 1918. His poem, "In Flanders Fields," was pencilled on a page torn from a dispatch book by Colonel McRae during a lull in the 16 days of fighting at the Second Battle of Ypres.

The poet submitted it anonymously to "Punch" and the editor, recognizing the beauty and originality of the poem, printed it in a heavily leaded type. The original manuscript is owned by the Royal Victoria Hospital, in Montreal, where the author had practised medicine.

AUTUMN MIRAGE

Spring we may welcome more heartily. Autumn we are the more loathe to let go. The days, shortened by early twilight, become yet more precious, as do most things when demand begins to exceed supply.

Over our autumns impends always that feeling of imminent departure. Autumn is like a short sojourn in some far and lovely land. From every peak we climb, from every tower of momentary delight, from every window looking on the year's sunset—we can see in the darkening harbor the shadow of a great ship. It is a vessel built for long and arduous travelling through work-a-day oceans back to a work-a-day world.

No other season builds this strange mirage. Winter, spring, summer, lead each to the very doorstep of the other.

Only from the edge of autumn, standing on gold with deep purple overhead, do we look out as if on unchartered distances. Only here are we touched with the feeling that, come autumn after autumn through a long procession of years, we may not meet this moment again, or ever find this one exquisite promontory.

THAT'S RIGHT!

The National Farmers' Union as the spokesman of Britain's agriculturists, have issued a statement pledging an all-out effort from every farmer. It said: "There is not the slightest doubt that as far as human endeavour can go the goods will be delivered. Farmers will try to beat the clock."

LOOK FOR INSECTS

(Cornwall Standard-Freeholder)

Every effort should be made to discourage insects from hibernating in and around the garden. All standing crop remnants should be pulled and burned. Crop refuse lying on the ground should be raked up and destroyed. It is advisable also to burn over waste land surrounding the garden, and headlands in particular, to kill any eggs or hibernating insects, if this is possible without creating a fire hazard.

SLOW-DOWN

(Wall Street Journal)

In Boston, the painters' union prohibits the use of brushes more than four inches wide. Why? Here's the answer by Ernest A. Johnson, secretary-treasurer of that city's Building and Construction Trades Council. He says: "If a larger size were used, it would not be physically possible for the workman to push a bigger brush all day. Try it some time and find out."

But out West, where men must be stronger, the Los Angeles union allows a brush 6 1-2 inches wide to be used on most surfaces. So far, there have been no reports of painters dropping from exhaustion.

THAT NEW LOOK

(Almonte Gazette)

So far most editors have carefully refrained from taking part in the long skirts—short skirts discussion, for the simple reason that even in this changing world they hardly expect to have to make a personal choice in the matter. They simply hide their heads like the ostrich and say: "It can't happen here." But can't it?

To-day we received a picture from the U. S. A., captioned "The New Look," and here is what it depicted. Two highlanders, one old and bent and one young, but decked alike in kilts and sporran, were standing on a corner watching a third kiltie swagger by. And no wonder! His kilts had been lengthened to his ankles—a sair sicht for sure. However, the picture now hangs in the Gazette window and local Scots may judge for themselves.

W. H. S. NEWS NOTES

(By Allen Davidson)

Football

On Wednesday, October 22nd, the Iroquois Football Club visited Winchester. Here the local club rolled up a score of 49 to 16 in a fast, wide open game. The Winchester club began rolling from the first whistle when they capitalized on an Iroquois fumble on the opening kick-off. Harry Keyes and Allen Davidson each received three major counts, while Gordon Helmer got two and Bert Duncan one. Sarge Thomas converted for four points. Allan McIntosh, a newcomer to the Winchester team, played a fine game and succeeded in pulling down many an opposing player. For Iroquois, E. Martin and C. Cooper each scored a touchdown, while Tommy Sheppnerd picked up six points by scoring a major and converting it.

The line-ups were:

Iroquois—Snap, L. Safford; ends, E. Martin and M. Morran; quarter, T. Sheppherd; halves, C. Davis and John McGowan; subs., M. Boggart, A. Fraser, C. Cooper, C. McInnis.

Winchester—Snap, Bill Olive; ends, Harry Keyes and Glen Carkner; quarter, Sarge Thomas; halves, Allen Davidson and Gordon Helmer; subs., Bert Duncan, Bev. Casselman, Allan McIntosh, Art. Goodenough, Earl Parks.

On Friday night, Chesterville visited Winchester. The local club won 34 to 20, but the game was poorly played. The Winchester club definitely had an off night. However, G. Helmer succeeded in getting three touchdowns, while Allen Davidson, Art. Goodenough and Glen Carkner each got one. Sarge Thomas converted four. For Chesterville, Tommy Moran scored two touchdowns while Giles got one. Merkley kicked two converts and a field goal.

Chesterville—Snap, Fleming; ends, Fawcett and Sullivan; quarter, McMillan; halves, Moran and Giles; subs., Johnstone, Merkley and Barclay.

Big Game Tomorrow.

Winchester visited Cardinal last night. There are only three games remaining to be played by each team. The final game scheduled for the local campus will be played tomorrow afternoon at 3 p.m., when Morrisburg Collegiate Institute will be the visiting team. W. H. S. was defeated by Morrisburg two weeks ago and our boys will be out to win tomorrow's game in order to stay in the running for the league championship. This should be the best game played here this year, so come out to-morrow afternoon and support your local High School team.

A dollar won't do as much for folks as it used to. The reason is that folks won't do as much as they used to.

ONTARIO IS ON PROSPERITY STREET

You can help Hydro keep her there – Save Electricity

Ontario has made giant strides since the war. Her output from factories, farms and other industries has expanded enormously. In fact, her progress has been phenomenal.

Here is the rub. Since industry in Ontario depends so heavily on Electricity, this wonderful expansion has resulted in insistent calls for more and more Hydro power.

What is the Answer? Just this: Hydro has many new power developments under way, but it takes several years to build new generating plants. In the meantime Hydro asks each of you good Ontario citizens...homemakers, workers, farmers, storekeepers, business men to do your part... to Save Electricity. It should be easy. All of us use it lavishly—more so than any other people on earth—because Hydro rates are so low.

Every saving, no matter how small, will be worth while. Don't burn lights needlessly, use your electric range with care. Turn off motors and appliances as soon as you are finished with them. Please do your part and save electricity, everywhere you can. It's needed during every daytime hour.

Every bit of Electric Power saved will be used to maintain employment, to make more jobs, to keep Ontario on Prosperity Street.

Save Electricity — Maintain Employment

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

KARS NEWS

Home Destroyed By Fire

Fire, believed to have been started from a spark from the chimney, completely destroyed the fine farm home of Mr. Chas. Dillon, one and one-half miles west of Kars. Owing to the extremely high wind, the fire spread rapidly and very little of the contents were saved. Mrs. Dillon has been a patient in the Ottawa Civic Hospital, and is at present staying with her sister. Mr. and Mrs. Dillon's daughter, Mrs. B. Klatt, her husband and five small children also resided there, and they lost most of their belongings also.

Congregational Activities.

Numerous activities have been carried on during the past week by St. John's Anglican Church. On Wednesday evening, Mr. Cooke showed the first of a series of pictures on Palestine. The series consists of five films and will be shown once a month for five months. Other films of an educational nature were also shown. On Friday evening, the congregation held a chicken supper in the school auditorium, its purpose being to welcome Mr. and Mrs. Cooke and family to Kars. Mr. Hilliard James, one of the wardens, was chairman, and guests who spoke briefly were Rev. W. H. Bradley, of North Gower, and Rev. Canon N. R. Burke, rector of St. John's Church, Ottawa. Mrs. Harry Saunders contributed two solos, accompanied by Mrs. Wm. McLeod. Mr. Cooke very feelingly expressed thanks to the members for their kindness to he and his family.

On Saturday afternoon, the Little Helpers and their mothers were entertained at a party at the Rectory. A short service was held in the church at which the children presented their mite boxes. Later, games were played and a dainty lunch served. Mrs. H. Jarvis is the Little Helpers' secretary.

On Sunday, Major General Anderson, a layman from Ottawa, addressed the congregation. At the close of the service, the infant son of Mr. and Mrs. John Clingin was baptized by Rev. F. A. Cooke and received the name of John Russell.

BODY FOUND IN RIVER IS IDENTIFIED

Positive identification of the body of Jack Halstead, 19-year-old lookout of the collier Milverton, who had been missing since the collision of his vessel with the tanker Translake, below Iroquois last September 24th, has been made by his father, Capt. William Halstead, of Port Colborne.

The body of the youth was recovered in a bay south of Ogden Island not far from Waddington last Friday morning by two American duck hunters, exactly one month after the disastrous collision. Recovery of the body brought the known toll of dead to 12 and accounted for the last member of the crew.

LET'S TALK THIS OVER

GERTRUDE DOUGLAS, Rural Organizer, 140 Wellington St. Winchester, Ont. Phone 2.

Farmers - Attention!

Wanted: A number of progressive farmers in Eastern districts who would like to set out a commercial block of Red Raspberries, either for your local trade or for shipping to recommended city dealers. Recent Ontario-Quebec production figures, prices at 40-60c per quart and dealer reports would indicate short supplies everywhere.

To encourage a limited planting of new high yielding patches, a well known nursery is sending a special representative of many years' experience in commercial production to personally interview and educate interested farmers in raspberry culture. This should result in higher unit yields, longer patch life, less hand labor, and when translated into dollars at normal prices a relatively high ratio of profit is assured.

Because of the present shortage of good planting material, bookings can only be made for SPRING PLANTING, 1948, limited to one acre.

If genuinely interested in berry growing as a sideline to farming, write Box 457, Campbellford, Ontario, on or before October 31st, giving location of your farm. Our specialist will call later and completely analyze the business, soil requirements and preparation, up-to-date cultural practices, home markets and surplus shipping, cost of planting, estimated yields and profits per acre. Late replies cannot be covered.

Here comes Handsome!"

Can you name us a male, modest though he otherwise be, who fails to get a secret bang out of public appearances with a creation as gorgeous as this one?

Well, you need only take charge of this beauty for a while to see how much, much *more* it does for you than flatter your masculine ego.

Touch off the eager power in its eight big Fireball cylinders and see how your pulses start pounding.

Swing back the top with a touch on the handy control—run up the door windows as windscreens—and feel the spirit of adventure start welling up in your soul.

Head out where you can match this Buick's easy stride against the stretching miles. Route yourself where ruts and gravel can pit themselves in vain against the flawless gentleness of fluid, all-coil springing. Get the sweet feel of this light and easy wheel—sample the heft and size of this ever-steady traveller.

In truth, here's the sort of playmate a man can spend a lifetime seeking. Here's good friend, boon companion, lively, dependable, eager partner for any frolic or any travelling task.

We're sorry we can't deliver your Buick today . . . So many wise people say "Buick's the only buy," that we're still 'way behind on our orders. While you wait, keep your old car smooth-running and safe—depend on your Buick Dealer's expert service.

WEDDINGS

SCOTT—DAWSON

An interesting wedding ceremony took place at the Rectory, Maitland, Ont., on Wednesday afternoon, October 22nd, when Miss Muriel Bessie Dawson, third daughter of Mr. and Mrs. Hilton Dawson, of Algonquin, was united in marriage with Mr. Donnie Harold Scott, son of the late Mr. and Mrs. James Scott, of South Mountain. Rev. R. Booth officiated. The bride was attended by Mrs. Ralph Dawson as matron of honour, while Mr. Garfield Wright, of South Mountain, acted as best man.

Given in marriage by her father, the bride was charming in a powder-blue gown with black accessories. Her only ornament was a pearl necklace, a gift from the groom, and she carried pink roses.

The matron of honour wore a midnight blue gown with black accessories. Her flowers were red roses.

Following the ceremony, a reception was held at the bride's parental home. Mrs. Dawson, mother of the bride, who assisted the bride and groom in receiving the guests, was attired in a turquoise blue dress with black accessories.

Later, Mr. and Mrs. Scott left on a motor trip to Toronto and Niagara. For travelling, the bride wore her wedding dress, with grey coat and black accessories.

On their return they will reside at South Mountain.

A story that never ends...

THE TALE your Telephone Directory tells is never finished. Year after year more names are added, more people whom you can call, and who can call you. Right now we're busy with unfilled orders . . . adding still more telephones just as fast as materials become available.

More people are using their telephones more often. Our constant aim is to make the service better, too, better in every way.

More telephones . . . better service . . . and always at the lowest possible cost. It all adds up to greater value for every telephone user.

WIN FREE TRIPS TO BRITAIN

Free trips to Britain were won by two Ontario farmers at the International Plowing Match at Kingston last Friday. They were Glen McFaddin, of Millbank, and Russell Hare, of Nanticoke, who placed first and second in the Esso Champions tractor class. Imperial Oil will pay their expenses to Britain to permit them to compete in matches there this winter.

They will be accompanied by W. L. Clark, president of the Ontario Plowmen's Association, as coach-manager, and by Alfred Brunton, of Tara, and John Capton, of Ossweken, winners of the Trans-Atlantic class for horse-drawn jointer plows, sponsored by Salada Tea. The five men will sail on a six-weeks' trip to the British Isles next January.

Glen Alexander McFaddin, 38, was born on the 250-acre farm where he now resides in Wellesley Township, Waterloo County. He has been plowing in competitions for several years, and placed in many local and provincial matches. He is unmarried.

Russell Beam Hare, 42, has also been a farmer all his life, and now runs a 155-acre mixed farm, plus 50 rented acres, in Walpole Township, Haldiman County. He is married and has four sons. Since 1928 he has been competing in plowing matches and has won prizes in all but three. His best year before his present victory was 1938, when he took three first prizes and the grand championship at Minesing.

William Lyman Clark, of R. R. 2, Gormley, has been on his present 50-acre dairy farm for 22 years and previously lived at Agincourt. A veteran horse plowman, he has a record of three wins and four seconds in provincial meets, as well as many successes at local matches.

The Esso Champions class this year was open to the "Esso Champions Special" winners, who competed in Ontario Plowmen's Association branch matches in Ontario, and to plowmen from other provinces. This year there were 19 entrants in the final match at Kingston. Besides the trip to Britain, winner Glen McFaddin received a gold medal, and as runner-up, Russell Hare was presented with a silver medal.

Fred Timbers and Alex Black, last year's Esso winners, made the trip to Britain on the Queen Elizabeth and saw many phases of agriculture in England, Scotland and Ireland. An unusually severe winter, however, robbed them of their chance to compete with British plowmen, when frost and snow made plowing impossible. The 1947 winners are confident that they will have a chance to show what Canadian plowmen can do against Britain's best.

LOOK BEFORE YOU LEAP

Glib gallants who won fair maidens with false promises may be ancient but their blandishments seem to work as well today as ever before. Read in The American Weekly magazine with this Sunday's (November 2) issue of The Detroit Sunday Times, how the damsels who succumb are frequently neither lonely nor neglected, but beautiful and presumably worldly-wise.

REMEMBRANCE DAY IS STILL NOVEMBER 11th

Remembrance Day in Canada is still November 11th, despite the fact the United Kingdom will observe Sunday, November 9th, as Remembrance Day for the dead of the First and Second World Wars, a State Department official has announced.

The official said it was the practice in England for the King to direct by proclamation the day to be set aside for this purpose, while in Canada, Remembrance Day is fixed by statute as a Nov. 11th holiday and the date could be changed only by an Act of Parliament. Remembrance Day has never been a holiday in the United Kingdom.
