### Annual Directors' Meeting.

At a shareholders' meeting of the Chesterville Larder Lake Gold Mining Company, held on Thursday, Feb. 25th, in Kearns' theatre, the following directors were elected to represent the company for 1915: H. Hummel, J. T. Kearns, W. G. Barkley, C. W. Casselman, John Bancroft, and at a subsequent meeting of the Board of Directors, the following officers were elected: President—H. Hummel. Vice-President—W. G. Barkley. Sec.-Treas.—J. T. Kearns. Two propositions to purchase the property was considered; one by way of a working option, the other one on a cash basis. We understand the figures to be approximately \$250,000.

### Banquet At Finch.

A very enjoyable banquet was held by the students of the Finch Agricultural Class at the Gregory House, Finch, on Thursday evening, Feb. 25th. This marked the close of a very successful Short Course, having an average attendance of forty students.

Fifty people sat down to the table, which was well supplied with the good things which Mrs. Gregory is noted for preparing. E. P. Bradt acted as Toast Master and the following toast list was run off: "The King—our Country," proposed by Mr. J. W. McLeod of Cornwall and responded to by Mr. A. Broder, M. P., Morrisburg; "Agriculture," proposed by L. McBride, Northfield, responded to by Mr. J. A. Ruddick, Dairy and Cold Storage Commissioner, Ottawa; "Our Guests," proposed by H. J. Rutley, Finch, responded to by D. A. McNaughton, Reeve of Finch Village; "The Ladies," proposed by H. Cameron, responded to by Mr. B. A. Ruddick.

This proved to be a very happy way of terminating a very successful Short Course.

### Presentation and Address.

A pleasant evening was spent at the home of Mr. Edward Ouder Kirk, near Dunbar, on Wednesday evening, March 3rd, 1915, when the choir of Dunbar Presbyterian Church gathered to bid farewell to Miss Flo Ouder Kirk, previous to their departure for their future home in Cardinal.

At the close of an evening spent in games and music, Mr. Charles McMillan read the following address, while Mr. Harvey Dillabough, in behalf of the choir, presented Miss Ouder Kirk with a handsome silver fruit plate.

Miss Ouder Kirk, in a few well chosen words, thanked her friends for their kindness. Luncheon was then enjoyed by all.

The following is the address:

Dear Friend Flo,

As we learned of your departure from our midst we could not let you go without in some way showing you our appreciation of your many kindnesses to all. You have ever been a friend and will be greatly missed, as will your ever-willing assistance in all the interests of our church. We have spent many pleasant evenings in your home here, and pray God will bless you in the home you have chosen. The best wishes of your many friends here go with you all. We do not ask you to accept this gift as a befitting token of your worth to us, but merely as a memento of the choir.

Signed on behalf of the choir.

### Red Cross Teas.

The teas given under the auspices of the Women's Institute, in aid of the Red Cross Society, have been most successful, the amount realized from them being \$115.00.

There is a great need for socks for the soldiers and we ask all who possibly can to help us.

Mr. Wesley Cross has very kindly offered to knit the legs of the socks on his knitting machine, and the feet will be knit by hand. They will be ready Tuesday and can be had at any time from Miss McGee.

We also have a supply of material for hospital shirts and nightgowns, which will also be ready at that time for those wishing to help in its splendid work, who cannot knit.

INCORPORATED 1855

## THE MOLSONS BANK

CAPITAL AND RESERVE \$8,800,000.

92 Branches in Canada

A GENERAL BANKING BUSINESS TRANSACTED

CIRCULAR LETTERS OF CREDIT  
BANK MONEY ORDERS

### SAVINGS BANK DEPARTMENT

Interest allowed at highest current rate.

G. M. WHITNEY, Manager, Chesterville Branch

### Personal

Miss Minnie M. Casselman and Miss Hazel Franklin spent Wednesday in Winchester, the guests of Mrs. C. L. Casselman.

Mr. Glen E. Merkley of "Grand View Farm," Chesterville, spent a week with his brother, Mr. R. F. Merkley of Montreal.

Mr. and Mrs. James McNeill of the headline, have moved to Russell. Their many friends regret very much in losing such good neighbors.

### No More War Pictures

Moving picture audiences throughout the province will no longer be thrilled with the stirring scenes of war. An order has been issued by the Ontario Board of censors to the effect that all such films are prohibited during the continuance of European hostilities. The action follows a communication from the military authorities at Ottawa, and all the provinces will be forced to impose the same restrictions. The desire of the militia department is to eliminate scenes which depict actual fighting and the contact of men in death conflicts. Gruesome details have been absolutely forbidden, and anything that represented as occurring on the fields of France or Belgium will not be shown.

### Notice To Subscribers.

In looking over our mailing lists we find a large number are in arrears for subscription to the Record for one and two years, many more for three and four years, some for five and six years, and we are sorry to say quite a number for a longer period. It is necessary that we shall have the money during the next two weeks, and we believe we will not be disappointed in our mission. Be kind enough to look at the label on your paper this week and see how many years you owe, then call or remit amount. We must not forget to thank those who have already paid in advance.

### Red Cross Work.

An urgent call has come from the Hon. Secretary of the Red Cross Society at Ottawa for supplies for the men at the front.

A public meeting will be held in the Town Hall, on Saturday evening next, March 6th, at eight o'clock, to decide upon what work will be undertaken by our band of workers here.

Every person interested—and we are all vitally interested—is urgently requested to be present. A reminder that every person who last fall contributed a dollar is a member of the society, may not be out of place.

It is up to us to do our share—we have already done much—but, like the soldiers, we must keep on doing what we can while the need lasts.

### Who Says That it is Hard Times For The Farmers?

Mr. J. C. Simser, general agent, was at Ottawa on Friday of last week making arrangements for six deliveries of Deering machinery deliveries to be held at the following agencies: Apple Hill, Avonmore, Finch, Cornwall, Aultsville and Morrisburg. These meetings are to be held during the month of March. This speaks for itself that the Deering machinery is greatly appreciated by the farmers of this section.

### TRINITY METHODIST CHURCH CHESTERVILLE

Pastor, REV. H. E. WARREN, M. A., B. D.

Subjects for Sunday, March 7th, 1915.

10.30 A.M.—"The Missionary Challenge to this Generation."  
7.30 P.M.—"How Jesus Related Prayer to Missions."

The annual Missionary sermons will be preached the following Sunday, March 14th, by Mr. W. H. Goodwin of Montreal.

Strangers Cordially Welcomed.

### To Disfranchise Civil Servants.

Mr. Andrew Broder, M. P., who introduced his Bill Monday to disfranchise the members of the civil service, inside and outside, stated that he was consulted with a number of leading members of the civil service, who felt that if the service was to attain its greatest efficiency such a step would have to be taken. He found that the most responsible civil servants were anxious to have politics eliminated and the only way to accomplish this was to take away the voting power of every member of the service who earned what might be called a living wage paid by the Government.

Mr. Broder's Bill will apply not only to the Federal elections, but also to elections for the legislatures the municipal and school boards.

### The Late Samuel Moore

There passed away on Monday morning, Feb. 15th, an old respected resident of Iroquois in the person of Samuel Moore, aged 88 years. He had been ailing for some time, so that the end was not unexpected. He leaves to mourn his death, an aged widow and four children, Frederick, of Valleyfield, Que; Herbert, of Kingston; Mrs. S. Turner, Kingston, and Nettie at home. The funeral on Thursday afternoon was conducted by Rev. Mr. McArthur who spoke in feeling and sympathetic words, full of comfort and hope to the bereaved. For many years Mr. Moore among his other duties, was caretaker of the Public School, and his quiet, kindly ways endeared him to the children, who with the teachers expressed their sorrow and esteem by a handsome wreath placed on the casket. Other wreaths were observed from his daughters and friends of Kingston, besides a spray from Mrs. Carrington, of Ottawa, a friend of the family. Interment was made in Point Iroquois cemetery.—Iroquois News.

### Oldest Woman In Ontario

Rev. Robert Elliott Brown, of the Second Congregational Church, Waterbury, Conn., in a letter to The Mail and Empire, states that Mrs. Robert Affleck, who lives in Middleville, Lanark County, is the oldest woman in Eastern Ontario, being now 101 years of age. Rev. Mr. Brown read an item in The Mail and Empire stating that a lady who recently died in Brockville at the age of 100 was probably the oldest lady in that section, and communicated with The Mail and Empire to draw attention to the exceptional age of Mrs. Affleck, who is still hale and hearty.

### MARRIED.

DEEKS—SWERDEGER—At the residence of the bride's brother, J. D. Deeks, Morrisburg, on the 24th inst., by the Rev. Hugh Cameron, Miss Mary Deeks, to Mr. Herbert Delacey Swerdeger, both of Williamsburg.

## UNWRITTEN LAW FREES DAVIS GIRL

Jury Returns A Verdict of Not Guilty  
35 Minutes' Deliberation.

Toronto, Feb. 26.—After having been out thirty-five minutes, the jury trying the murder charge against Carrie Davis returned at 12.20 today, with the verdict "Not Guilty." The "Unwritten Law" was confirmed for the first time in Canada.

The young woman, whose fortune has been remarkable throughout the whole trial, broke down and wept after the words were spoken. The police woman at her side led her out of the dock toward her sister, Mrs. Fairchild, and the two kissed each other affectionately.

"Perhaps the jury has taken a view of the case not absolutely in accordance with the requirements of justice," said Chief Justice Mulock, addressing the sobbing girl, "but they have rendered it. I think when you committed the act of killing Mr. Massey you practically had lost all control of yourself. Therefore, you were incapable at that moment of having a guilty intent or really appreciating what you were about to do. You have had a very strict bringing up by your parents, and you have maintained the highest regard for honor, morality and womanhood. It is this which caused you to take the stronger view of what Mr. Massey had done, but notwithstanding your education and your training were such as to fill you with alarm at the possible consequences of meeting him again under the circumstances.

"Through the very highest motives you did a thing you will regret all your life."

His Lordship told her that it would have been the proper thing for her not to have returned to the house at all, but that her duty to her mistress and her respect for her word had caused her to go back again. She was between two forces, promise and terror. "You had hoped she would return before Mr. Massey did. You were trying to do your duty under these circumstances, and you find yourself where you are.

"You are now a free woman," was his concluding remark, to which the weeping girl replied: "Thank you, judge, and thank you gentlemen of the jury."

The verdict completely clears the accused of any responsibility in connection with the death of Massey, as the jury had the option of bringing in either a murder verdict, a manslaughter verdict, or one of not guilty.

In instructing the jury before they retired, His Lordship said that the case was a very grave one. It admitted of three different verdicts, murder, manslaughter and not guilty. He explained the circumstances which legally constituted the two offences, and he pointed out that malice must be present in order that an offence might amount to murder. The absence of it must be proved by a person charged.

"If you find in this case," he said, "that there was no malice, no premeditation, that her conduct was the result of impulse, you would say there was no murder in her heart.

"I submit to you the story of the case. There seems to be practically no conflict whatever. It was intimated here that she had told a more elaborate story in the witness box than before the coroner and the police, but it should be considered that in this court a more elaborate system of questioning has brought this out."

The jury must ask themselves what was the effect on her mind caused by Mr. Massey's sudden appearance near the house on Monday.

"If possible," he instructed them, "put yourselves in your place. Imagine yourselves in her position when he appeared." His Lordship then went on to outline the events leading up to the shooting. The girl had promised Mrs. Massey that she would not be absent from the house when Mr. Massey was not there, and it was her duty to keep her word. It was a pleasant sight in this age to find some person who would keep promises as the prisoner seemed to have done.

All day Monday after Massey had left the house, she was alone with her thoughts. All that day she was looking for Mr. Massey and Mrs. Massey did not come back. Did they believe the prisoner's story that when she saw Massey everything became "misty," and that the idea seized her at once that he was going to do her harm. The question for them to decide was which class of case would her story come under.

The address of H. H. Dewart, K. C., for the defence was a brilliant effort, in which he made a straight plea of justification, declaring that the girl had a right to defend herself under the circumstances from a brutal, lustful attack. In referring to her strict sense of duty and her early training by her parents he said that

Great Britain was engaged in a titanic struggle in behalf of the same principles which were involved.

"You can make a parallel," he declared, "between the soldier in the trenches and the girl in her humble domestic capacity. It is no more murder or malice than it is for our brave troops to defend the honor of the empire they are so splendidly doing at the front. Her object was to exterminate her master but to protect herself against a fate that she felt would be worse than death."

For the Crown, Mr. DuVernet directed the attention of the jury to what the law stood for, and he declared that it was Carrie Davies' duty if Massey had made an assault on her to report the fact to the proper authorities and lay a charge against him. By her own words to her brother-in-law, when she said she thought Mr. Massey had been drinking and 'he would feel like two cents tomorrow,' he endeavored to show that fear did not exist in her mind, as she had made out in her story. He said that her self-possession on the stand did not show any remorse for taking a man's life. The case was a serious one and must be regarded in a serious way. It was for the jury to maintain the right of the law in the community.

### Beware of Ointments for Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney and Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney and Co. Testimonials free. Sold by druggists. Price 25c per bottle. Take Hall's Family Pills for constipation.

### What Do Your Cows Test?

Supposing you know one of your cows has a test of 3.4 per cent of fat for the first month she is milking, have you any certainty of what she will test the next two months or the last two? One cow in the herd may keep at that first test for three or four months running, another may give far richer milk the third month and the test may increase steadily; or again, with two cows both increasing in the test during lactation, one may increase far more rapidly than the other. Hence, at the end of the season one cow may have given considerably more fat than another which gave about the same weight of milk.

It will thus be seen that the question of sampling as well as weighing a cow's milk is of great importance. Neither is it sufficient to sample and test the mixed milk of the herd; individual quality is worth study. It should be plainly stated in addition that the times demand more attention being paid to testing, for the simple reason that the general average test seems to be steadily increasing. As milk is valuable in proportion to its cream, or to its test of fat, it is important for the dairyman to know which are his high-testing cows. He may want a specially rich milk for his own table use; he may want an extra good price when selling a high-testing cow; he may want to raise heifers likely to test at least as high if not higher than their dams; so evidently it will pay him to know the test of each cow he owns. It is a simple matter to take samples on three days per month, and get a composite sample tested once a month. Ask the factory in your section to do the testing, speak to the dairy recorder about it, or write to the dairy division, Ottawa, for full information about getting your samples tested free.

### Record Shipment By Canadian Firm

The Grand Trunk, and Grand Trunk Pacific Railways have just haddled the largest single shipment of motor cars and carriages ever made by a Canadian Vehicle Factory. The McLaughlin Carriage Co., Limited, of Oshawa, Ont., this week shipped 45 carloads (a solid train) of their McLaughlin automobiles and carriages for Winnipeg, Regina, Saskatoon, Moose Jaw, Edmonton and Calgary over the Grand Trunk System lines.

Business conditions in Western Canada, the McLaughlin Company believe, are founded upon the solid basis of agricultural production, and they see every sign of increased instead of diminished, demand for their products. The vehicles in this train would make a procession three miles long.

Major Mederic Martin of Montreal, member for St. Mary's, stirred the Commons with an appeal for relief of unemployment to Canadian cities.

## SALARIES OF SINGERS.

Present Day Stars Would Laugh at These Old Time Payments.

In the good old days of 200 years ago or so singers and actors gave the world their greatest efforts for what was undoubtedly considered excellent remuneration, but what in these enlightened times of high priced voices and talents would seem to be pitifully small. And who shall say the performers of the past were not fully as capable as the pampered darlings of the present?

The highest salary paid went to Chasse, who received 3,000 livres, or \$600, a year as her fixed salary, 1,000 livres extra for perquisites, 1,200 livres for Easter and 200 for bread, wine and boots, in those days an extraordinary allowance.

Mlle. Aneler, the first soprano of her day, was a close second, with 4,800 francs, or nearly \$1,000, a year. Today a prima donna receives more than that for a single evening. In a year "La Camargo," the most beautiful woman of her day, received in francs what many of the lesser singers of today receive in a week in dollars—2,700 francs.

Louis XIV. had the reputation of being a most generous manager and dramatic agent, since he granted 200 livres (about \$40) for the first ten performances and about 100 livres for the following. The deviser of the ballet received 120 livres for the first six performances and sixty for later ones.—Argonaut.

## RING OF THE FISHERMAN.

Used by the Popes to Seal Documents of the Holy See.

The ring of the fisherman used by the pope exclusively to seal documents of the holy see shows an engraved figure of St. Peter, the first bishop of Rome, standing in a boat and flinging with two hands a net into the sea.

In 1809, when the French occupied the city of Rome, Pius VII., then pope, was ordered by General Radet to surrender the fisherman's ring. The pontiff refused. He feared that by means of the sanction of the ring the French government would be enabled to issue dangerous documents.

When finally forced to surrender it the pope altered the engraving or stamp with the view of making it useless to his enemies. This seal thus defaced was forwarded to Paris by the French general in command at Rome. Pius VII. in the absence of the fisherman's ring, made use of an iron seal engraved with the figures of Sts. Peter and Paul and inscribed with the words, "Pro Annulo Piscatoris" (in lieu of the fisherman's ring).

The fisherman's ring was kept in Paris until Napoleon I. was overthrown, when it was returned to the sovereign pontiff. The ring is used only to seal briefs. The bulls, more important documents, are stamped with the leaden seal of the ancient parchments.—Indianapolis News.

### Why the Earth Cannot Explode.

The theory is frequently advanced that planets and even suns sometimes explode and that the earth may some day blow up like a bombshell. No celestial body the size of the earth could possibly explode. If the entire molten interior of our globe could be replaced with nitroglycerin and detonated the explosion would not lift the earth's crust. In other words, if we assume that the crust of the earth is from fifty to a hundred miles in thickness it would require something much more powerful than even nitroglycerin to burst the shell. It is necessary only to do a little figuring to see that the pressure of the earth's crust at a depth of from fifty to a hundred miles far exceeds the pressure exerted by the most powerful high explosive.—Hudson Maxim.

### Reckless.

A colored man and his finest girl walked into a drug store. The man bought a one cent picture postcard and a one cent postage stamp. As he started to place the stamp on the postcard the colored woman walked toward the front door.

"Wait a minute, Susie," said the colored man. "I'm not near through." The colored man turned to the clerk and bought a package of chewing gum. As the couple walked out of the drug store the colored man was heard to remark, "There's no limit to me, Susie, when I'm out with you."—Indianapolis News.

### Appropriate.

"That's a queer design you have in the corner of your billhead," remarked Slopoy. "It's merely a little flower," replied the tailor. "Think it's appropriate, eh?" "Yes, it's a forget-me-not."—Philadelphia Press.

### Do You Wear One?

One thing you can wear year in and year out, that never grows monotonous, that never is unbecoming, that people are always glad to see, that never has to be made over or trimmed or sent to the cleaner's, is a smile.—Florida Times Union.

### Township Council.

A special meeting of the Winchester Township Council was held in the clerk's office on Feb. 17th. Members present—P. Kirby, reeve, J. A. Bogart, deputy-reeve, councillors F. Fraser and Geo. Earle.

On motion of Fraser and Bogart, that a grant of \$50.00 be given to assist in procuring a Field Kitchen for the 21st Battalion, C. E. F.

On motion of Fraser and Earle, that the council are fully in sympathy with the resolution of Albermarle Tp., re automobile license fees. A resolution along the same lines be forwarded to I. Hilliard, K. C. M.P.P. The resolution: That considering the very large expenditure made annually by the different rural municipalities in the construction and maintenance of their roads and the largely increased expenditure rendered necessary by automobile traffic; we do therefore respectfully urge that the legislature should distribute to the different rural municipalities, according to their respective road mileages, the full amount collected by the Province for automobile licenses.

Moved by Geo. Earle, seconded by J. A. Bogart, that the reeve and members of council be appointed as delegates to attend the conference with the Legislature at Toronto re Whitney Memorial Road.

Council then adjourned.

A regular meeting was held on Monday of this week. Minutes of previous meeting read and adopted.

On motion of Bogart and Fraser, that Bylaw No. 245, being a Bylaw for the appointment of High School trustees for the year 1915, be read a first time, and was finally passed.

On motion of Bogart and Quart, that the Auditors' Report be received and adopted.

On motion of Bogart and Earle, that the building of bridge over Petite Castore between cons. 10 11, be laid over.

On motion of Quart and Fraser, that the following be added to the delegation to attend the Whitney Memorial Road Convention in Toronto, March 3rd: J. A. Campbell, Walter Rae, J. W. Bogart, P. Allison.

On motion of Quart and Earle, Mr. Thos. McGregor was appointed as commissioner to remove fence obstructing headline between cons. 7 and 8, opposite lot 22.

The council adjourned to meet at Chesterville on April 5th, at 10.30 a.m.

### Slander Case.

Mrs. Annie Casselman, of Matilda, lodged complaint with Magistrate Collison, of Iroquois, against her sister-in-law, Nellie Casselman, for circulating scandal touching her moral character. The case came up for trial here on Saturday, 20th Feb. There were some twenty witnesses for the prosecution and defence; but acting upon the advice of the Magistrate it was agreed among the litigants to settle their grievance by mutual consent, which agreement was concurred in by Messrs. Flynn for the prosecution, and Cline for the defence. The complainant's lawyer drew up a document setting forth that anything defendant Nellie Casselman might have said detrimental to the character of plaintiff be withdrawn and suitable apology made. A similar document was also signed by the plaintiff; each paying half the costs. Magistrate Collison advised the ladies to bury their grievances and go home and live as sister-in-laws ought to, in peace and harmony. The case was accordingly dismissed.—Iroquois News.

### Village Council.

A special meeting of Chesterville Village Council was held on Feb. 5th.

Members present—W. Hamilton, reeve; councillors F. W. Merkley, L. Jordan and J. Murphy.

On motion of Merkley and Jordan, that this council petition the Dominion Railway Commission with a view of obtaining better train connections for travellers either north or south bound at Finch.

On motion of Murphy and Merkley, that the following accounts for cleaning snow off sidewalks be paid: Eli Harper \$10.23, Archie Harper \$6.83, Anson Harper \$1.65, Willis Harper \$1.65, Andrew Harper 75c, Wm. Plantz 75c, Orland Fyke 60c, John Latta 30c, Ross Harper 60c, E. Webb 60c, W. Webb 60c, Dan Dillon 60c, E. Webb work on fire hall \$1.50, John Fyke, work on fire hall \$4.00, Wm. Huxtable, work on fire hall \$2.00. The council then adjourned.

A regular meeting was held on Feb. 26th in the town hall.

All members present except F. W. Merkley.

Minutes of previous meeting read and adopted.

On motion of Jordan and Murphy, that the following accounts be passed and paid: T. T. Shaw \$34.00, Municipal World \$2.21, Public School \$275.00, High School \$300.00, F. Shirkey \$2.44, Geo. Elliott, reg. B. M. D., \$6.20, M. Durant, coal, \$15.08, Ross Harper \$1.80.

On motion of Murphy and Houlehan, that the Auditors' Report be received.

On motion of Jordan and Murphy, that C. B. Rae be \$5.00 on account.

On motion of Murphy and Houlehan, that no action be taken regarding the Whitney Memorial Road.

The meeting then adjourned.

### Brockville Presbytery Meeting.

The Presbytery gathered yesterday in St. John's Presbyterian church, Brockville, with a large attendance of Ministers and Elders, representing churches as far north as Chesterville, and east as far as Morrisburg.

In the absence of the Moderator, Rev. K. Barton, of Prescott, the Rev. C. W. Shelley of First Church was elected to preside.

The Presbytery nominated the Rev. H. Cameron of Morrisburg as Moderator of Synod to be held at Sherbrooke in May, also nominated Rev. Dr. Scrimger, principal of the Montreal College as Moderator of Assembly.

### City Pride Prompts Busy Man To Beautify Vacant Lot.

The following is taken from the "Pomona Progress," published at Pomona, Calif., and which has reference to a former resident of this place, in the person of Mr. J. S. Cowan, son of the late and esteemed resident, Mrs. Cowan.

"One of the finest places of vacant lot beautification to be seen in the city has been worked out in spare moments by J. S. Cowan, the insurance man. Mr. Cowan believes in making the waste places bloom. His office is located on South Garey and there is a vacant lot north of it, which faces on Third and Garey avenues. A year ago the vacant lot was anything but a handsome site. Today it is clean and attractive.

The lot has been stirred and leveled and cleaned. Walks have been laid out and marked with cobblestone fringes, little flower beds have been established where weeds once bloomed and sowed their dirty seeds, and a fine lawn is in the making. While the corner is by no means a replica of the Busch Gardens, it is nevertheless a good example to follow, and it shows what a busy man, who has some city pride, can do in spare moments.

Mr. Cowan is somewhat of a busy person. He is a resident agent of the New York Life company, and is participating in a unique contest which is being conducted by that institution. Thirty-two weeks ago 40 agents set out to write one policy a week for the company. Today there are only three men who have not fallen down on the weekly average, and Mr. Cowan is one of the three."

### Ottawa Presbytery Names Mr. Turnbull For Moderatorship

Rev. J. H. Turnbull, was nominated at the meeting of the Ottawa Presbytery, in Knox church, yesterday, for the office of moderator of the synod of Montreal and Ottawa. Rev. Mr. Turnbull was nominated last year, but made little effort to obtain the election. Having been nominated by other presbyteries, it is considered that Mr. Turnbull has a very good chance of election. The synod meets this year in Sherbrooke, the second Tuesday in May.

The meeting adopted the special report on the hymnal, recommended that as church union was still pending and financial conditions were uncertain, it was better to leave the matter in abeyance. The presbytery sanctioned the action of the Glebe Presbyterian church in granting Rev. T. J. Thompson six months' leave of absence if he is selected as a chaplain to go with the troops to the front.

A call from Spencerville has been accepted by Rev. C. A. Mullen of Manotick and has been ratified by the presbytery. Rev. James Robinson will be moderator of the Manotick congregation.

### Urge Building Morrisburg Road As A Memorial

Toronto, March 3.—Urging the construction of the Ottawa-Morrisburg highway as a memorial to Sir James Whitney, a large deputation from Dundas waited upon the Ontario government this morning.

The Ottawa-Morrisburg highway is suggested as an alternative for the proposed Ottawa-Prescott road and its advocates by able arguments endeavored to convince Hon. Mr. Hearst and his colleagues that the Morrisburg route was the more advantageous for the whole district.

The deputation claimed that the line would link up proposed great east and west highway with Ottawa and would mean just as much to Ottawa as the Prescott road.

The government promised consideration.

### S. A. Stephen's Death.

Brockville, Feb. 26.—Sydney A. Stephens, a locomotives expert, well-known throughout Canada and the United States, died today after a long illness. He leaves two sons and one daughter, the latter being Mrs. Frank Jones of Montreal.

### Escaped Aliens Caught

Prescott, March 1.—While attempting to cross the river into the United States, at this point, two Austrian suspects were taken into custody Friday. It was discovered by papers found upon them that they were aliens who had escaped from Montreal, and, accordingly, were sent back under an armed escort.

### Military Funeral At Cornwall.

Cornwall, Ont., Feb. 28.—The remains of Private George McPherson, of the transport section of the 21st Battalion, second Canadian Expeditionary Force, who died in the Kingston Hospital of pneumonia, were brought to his home here on Saturday under escort of Sergeant McCracken and Morrice Kennedy, fellow members of the local 50th Regiment. The body was taken to the residence of his brother-in-law, Albert Leblanc, from whence the funeral took place this afternoon to Woodlawn cemetery. The casket was draped with the Union Jack and was covered with flowers sent by Col. Hughes and officers of the 21st Battalion, Capt. S. Morgan Gray, of the 50th Regiment. Rev. Dr. Harkness of Knox church, conducted the service.

Private McPherson, who was 28 years of age, was a native of Winchester, Ont., and a son of the late Wm. McPherson. He is survived by two sisters, Mrs. Leblanc and Miss Barbara McPherson of Cornwall.

### Cheese Factory Meeting.

The annual meeting of the McLean Cheese Factory, No. 3, held at the factory on Monday, 1st March, 1915.  
The following motions were carried:  
Moved by Geo. Baker, seconded by Kenneth Baker, that Herman Hummel be chairman.  
Moved by Kenneth Baker, seconded by Harry Edgerton, that G. M. Whitney act as secretary of this meeting.  
Mr. Geo. L. McLean, the owner of the factory, was then called upon, and pointed out that owing to the war and present financial conditions, material, and supplies for cheese factories had increased in price, and while he did not wish to make any cast iron rule, he wished the patrons to meet him in the matter, and as to the price of making.  
Moved by Geo. Baker, seconded by S. Fetterly, that the patrons pay G. L. McLean one cent and a half for making the cheese.  
Moved by Kenneth Baker, seconded by Geo. Beattie, that G. L. McLean be salesman for 1915.  
Moved by Geo. Baker, seconded by Kenneth Baker, that Robt. McEwen be secretary-treasurer, to receive 15 cents per statement.  
Moved by Geo. Beattie, seconded by Stephen Kittle, that all cheese on hand be insured for \$600 for 6 months, and that the insurance be placed by Mr. G. L. McLean. Premium to be paid by the patrons in the month of June.  
Moved by Geo. Baker, seconded by Ralph Smith, that Herman Hummel and Geo. Beattie be auditors for 1915.  
Moved by Kenneth Baker, seconded by Morley Dillabough, that the factory place its business with the Molson's Bank at Chesterville.  
There being no further business the meeting was adjourned.

Mrs. Elizabeth Snively of Niagara Falls, Ont., celebrated her hundredth birthday.

Mr. J. G. Hess, Collector of Customs at Stratford and ex-M.P.P., for North Perth, is dead.

Forty per cent of the students of the Manitoba Medical College have enlisted for active service.

Lincoln and Welland Tomato Growers' Association decided to hold out together for a minimum price of 30 cents a bushel.

Premier Sir Lomer Gouin, while refusing a measure of war-time prohibition of liquor as not within the powers of the Province, recommended a Dominion campaign to that end.

PARNHAM ALLISON  
R. R. No. 1 Chesterville.

### Brockville's Agreement With the Hydro-Electric Commission

Brockville, Ont., Feb. 27.—At the request of the Town Council the solicitor is enquiring into the validity of the by-law binding the town to a 30-year agreement with the Hydro Electric Commission of Ontario for the supply of electrical energy. The by-law was passed in July, 1912, and it is claimed that the measure has been voided by the Commission failing to deliver power within nine months thereafter; which is said to have been the promise held out by Sir Adam Beck as inducement to the ratepayers to enter into the scheme. Just now the Commission is completing a transmission line from Morrisburg to Brockville, which has reached the local corporation limits and a contractor has the transformer station well in hand. Several municipalities are being served with hydro-electric power generated at Morrisburg, but doubt is expressed whether the load will be sufficient when Brockville is hooked up. It is learned that the Commission has been seeking to secure rights at Chats Falls on the Ottawa River, where there is enough power to serve this whole eastern section.

Cor. Albert St., Ottawa

## NOISES HIGH UP IN THE AIR.

Where an Echo is Louder Than the Sound That Produced It.

To cause the echo of a sound to be louder than the sound that caused it seems an impossibility, but under certain conditions this can happen, and the echo is sometimes many times greater in sound volume than the original noise that produced it.

This happens away up in the air. For instance, if an aviator is, say, 1,000 or 2,000 feet above ground and some one on the ground fires a revolver there is a brief time when nothing is heard. The aviator can see the smoke from the muzzle of the revolver, then wait a little, then the sound comes to him, not like the sharp report of a revolver, but more like a quick peal of thunder, loud and sharp and really several times greater in sound volume than the actual report of the revolver.

The cause of this is that the air below is much more dense, while up above it is lighter, and there are no hills and trees and buildings to help muffle the sound, so it comes up on sound waves with increasing noise. Having no solid background around and about the aviator, the rebound of the sound waves is greater up there than on the ground.

It is said a man in a balloon may lower an explosive on a cord several hundred feet below his basket and set it off with an electric wire and battery. There is a sharp little "crack" like the report of a Robert rifle; then comes the most terrifying noise, like a great burst of thunder, the loudest ever heard. The actual explosion did not make anywhere near this amount of noise, but the air being much more dense below causes the line of least resistance to be straight up, and so the sound waves expand mightily in an upward direction, increasing the sound.—Boston Herald.

## COST OF A THUNDERBOLT.

What It Would Take In Kilowatts and Cash to Make One.

A Belgian engineer has been making a novel calculation, which he publishes in the Bulletin de la Societe Belge d'Astronomie. It is nothing less than the value of a thunderbolt in kilowatts and in cash.

He took as the basis of his calculation the price that the electric plants of great European cities charge their customers for current.

Measurement of the magnetism of certain rocks containing iron ore, he says, proves that the electric current which magnetized them must have had a strength of at least 6,000 amperes. In reality the strength of the current must have been much greater, since the rocks were at a considerable distance from the spot at which the thunderbolt fell. However, one must be conservative in treating of such matters, and the modest figure of 27,800 kilowatts may be taken as fairly correct.

The lowest price at which current can be supplied industrially when obtained under the most favorable conditions—that is to say, by hydraulic power—is one-fifth of a cent per kilowatt. So the minimum value of a thunderbolt would be \$55.00.

But the author notes that in Brussels, where he lives, the price of electricity is 10 cents a kilowatt. This is the price of current for ordinary household use in New York. At this figure a thunderbolt would come to \$2,980. As the price of electricity varies very widely in different cities, according to the conditions under which it is produced, every one can calculate for him self what it would cost to produce a thunderbolt in the city in which he lives.—New York World.

## Dancing as an Art.

"As a pastime dancing is capable of becoming the most potent influence in favor of national health and beauty that America ever had," declares Troy Kinney in the Century. "As an art it is a vehicle not one shade less eloquent than painting, music, drama or literature. Ballet pantomime, in fact, combines the resources of these, adding for any one attuned to line harmony, a supremely poetic message of its own. It becomes an obligation to consider means by which the present magnificent beginnings of a national choreography may be conserved."

## A Request or a Warning?

Mrs. K. was on a visit to her parents and wrote the following card to her next door neighbor at home:

"Dear Mrs. G.: Will you do me a favor while I am away? Will you put out a little food on our back porch every day or so for the little tramp cat I have been feeding lately? The cat will eat almost anything, but please do not put yourself out."—Ladies' Home Journal.

## A Test.

"When I wants to be plumb satisfied in my mind dat a sistah has been converted and not dess merely pollyfoxin' to be pop'lar," confessed sage old Parson Bagster, "I takes her husband to one side and tells him to let a wet dog into de parlor de fust time it rains."—Judge.

## THE BLOOD IS THE STREAM OF LIFE

Pure Blood Is Absolutely  
Necessary To Health

## "FRUIT-A-TIVES" PURIFIES

These Wonderful Tablets,  
Made of Fruit Juices, Are The  
Best Of All Tonics To  
Purify And Enrich  
The Blood.

Pure, rich blood can flow only in a clean body. Now, a clean body is one in which the waste matter is regularly and naturally eliminated from the system. The blood cannot be pure when the skin action is weak, when the stomach does not digest the food properly, when the bowels do not move regularly, when the kidneys are strained or overworked.

Pure blood is the result of perfect health and harmony of stomach, liver, bowels, kidneys and skin.

"Fruit-a-tives", by their wonderful action on all these organs, keeps the whole system as clean as Nature intended our bodies to be clean.

"Fruit-a-tives" tones up, invigorates, strengthens, purifies, cleans and gives pure, rich, clean blood that is, in truth, the stream of life.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50 trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

## Death of Kingstonian.

Kingston, Feb. 29.—John Crawford, a ward worker with the late Sir John A. Macdonald, passed away to-day at the General Hospital after an illness of heart trouble extending over three years. With the exception of ten years the whole of the late Mr. Crawford's life was spent in Kingston. In these ten years the deceased was a locomotive foreman in the C. P. R. shops at Farnham, Que. Returning to Kingston, Mr. Crawford was a locomotive foreman at the Canadian Locomotive Works. Four years ago the deceased retired from active work.

## Garland's Own Clerk Supplied Dressings.

Ottawa, Feb. 26.—Further investigation of the circumstances connected with the sale of \$18,000 worth of surgical dressings to the Militia Department last August by E. Powell, representing himself as the local agent of Bauer & Black of Chicago, shows that this Mr. Powell is none other than an apprentice drug clerk in the Ottawa drug store of Mr. W. F. Garland, Conservative M. P. for Carleton county.

Mr. Powell was introduced to the Militia Department by Mr. Garland, and secured the order, after representations had been made by Mr. Garland, according to the understanding of the Militia officials, that a profit of only five per cent was being asked. The Auditor-General and the Militia Department authorities subsequently found out that the profit would be 31 per cent on the prices charged, and a refund of \$2,822 has been demanded.

## Subscribe for the Record.

## Judge Dowsley's Debut.

Brookville, Feb. 26.—Judge Dowsley heard his first case here to-day, an action brought by Lewis Neddio to unseat A. E. Pitton, Councillor-elect for the North Ward, on the ground that his property qualification was insufficient at the time of his election. Judgment was reserved for one week.

**Have you Catarrh?**

Is nasal breathing impaired? Does your throat get husky or clogged?

Modern science proves that these symptoms result from run-down health. Snuffs and vapors are irritating and useless.

The oil-food in Scott's Emulsion will enrich and enliven the blood, aid nutrition and assist nature to check the inflammation and heal the sensitive membranes.

Shun Alcoholic mixtures and insist upon SCOTT'S.

## GEORGIA BLOODHOUNDS.

Keen Scent Enables Them to Perform Almost Incredible Feats.

What the Georgia bloodhound can do seems almost incredible. A convict sleeping in one bunk of a hundred shod and clad precisely as the hundred convicts about him, may slip his chain and flee. Ten miles away he may meet his fellow prisoners again, may run to and fro among them or walk with them a mile and leave them.

Six hours after these bounds, put on his track where he slipped the camp will follow him to where he met his gang, will tread his track in and about with hundreds of tracks, take it up where he leaves them and run him down though he cross convict gangs every mile he runs.

This escaping convict, clad in stripes cut from the same bolt with a hundred others, may run through the woods, touching weeds and bushes as he runs. Fifty other convicts may run through the same woods in every direction. The dogs will hold his scent, running full tilt, breast high. If he makes a curve of forty-five degrees the dogs will not run the line, but will catch his scent thirty yards away and across the angle, though it were filled with the convicts who had eaten and slept with the fugitive.

Often a dog will carry a scent in a gallop, running parallel thirty yards to the windward. An uncanny and terrible little beast is the red bone hound, trained for the hunting of man.—Philadelphia Inquirer.

## SAVED BY A WAGER.

Doomed by the Surgeons, Hay Bet He Would Live, and He Did.

When Colonel Hay, notorious for his love of gambling and betting, was severely wounded in the Peninsular war two brother officers came across his apparently lifeless body.

"Poor Hay! He's gone at last," said one named Winsor.

A faint voice came from the ground. "I'll lay you a hundred he's not." His death seemed only a question of minutes, but he continued, "Enter the bet and you, Marston"—addressing the other officer—"be witness."

He then fainted. When he was taken to the hospital the surgeon told him the bullet could only be removed by sawing through two ribs and introducing a child's hand to extract it, as forceps could not touch it. "The chances are," he added, "that you will die under the operation."

"If Winsor will make his bet double or quits I'll consent," said the colonel. Winsor agreed.

"Now saw away," said Hay. "I won't die." And he did not.

"But for that bet," he said afterward, "I should be a dead man. It was my determination to win it that kept me alive."—Pearson's Weekly.

## Information.

It was a very fashionable concert and the artists very well known ones, but the two young things were too busy with picking out their peculiarities to hear the music.

In the midst of a beautiful selection the pianist suddenly lifted his hands from the keys and one of the young things was heard to say clearly:

"I wonder if that hair is his own?" The old man who sat beside her was slightly deaf, but he turned with a benevolent smile.

"No, miss," he imparted pleasantly; "that is Schubert's."—Philadelphia Press.

## Old Forts of Antwerp.

As long ago as 1641 an English traveler to Antwerp was impressed by the extensive character of its fortifications. "The gaffs, ramparts and platforms are stupendous," writes John Evelyn in his diary. "But there was nothing about this city which more ravished me than those delicious shades and walks of stately trees, which render the fortified works of the town one of the sweetest places in Europe; nor did I ever observe a more quiet, clean, elegantly built and civil place than this magnificent and famous city of Antwerp."

## Compensation.

If it is true, as our business philosophers tell us, that "those who never do more than they get paid for never get paid for more than they do," then it is quite clear that if you want to get paid for more than you do you must do more than you get paid for. Even a philosopher ought to see how impossible that is, but, of course, the true philosopher cannot be expected to hesitate over a mere impossibility.—Life.

## One Drawback.

"What's the matter, old man?" "I was out last night where a lot of my friends repeatedly sang that I was a jolly good fellow."

"Weren't you?" "I guess I was, all right, but I can't get my wife to believe it."—Chicago Herald.

## Her Flattery.

Mrs. Green—Do you ever flatter your husband? Mrs. Wyse—Yes, I sometimes ask his advice about things.—Boston Transcript.

## Cornwall Will Start Vigorous Publicity Move.

Cornwall, March 1.—At the annual meeting of the Cornwall board of trade in the council chamber, the following officers were elected: President, C. H. Cline; vice-president, A. E. Currie; secretary, R. Dodd; treasurer, E. O'Callaghan; auditors, J. A. Chisholm, J. C. Alguire; Councillors P. E. Campbell, W. V. Boyd, J. C. Alguire, A. McCracken, J. E. Snet-singer, J. A. Chisholm, G. R. Phillips, N. J. Fraid, W. Hodge, G. A. Stiles, W. Gibbens and Dr. W. B. Cavanagh.

In view of the completion of the Cedar Rapids power line, which will furnish electric energy to almost any extent, and the building of the C. P. R. to St. Polycarpe, and the probable entrance of the Canadian Northern by a branch from Hawkesbury, as well as the river navigation in the summer, which make Cornwall an ideal location for almost every kind of manufacturing, it was decided to enter upon a vigorous publicity campaign, to secure some of the industries that will undoubtedly be established in Canada upon the cessation of the war.

The board will act in conjunction with the town council, and the advantages of Cornwall will be extensively advertised in Canada and the United States.

## Murderer Green Hanged.

Brandon, Man., Feb. 25.—Harry Green was hanged here this morning for the murder on May 17th last of Thomas Hill. Green confessed to the crime before the trial and made no supplementary statement.

## TO BUILDERS!

If you purpose building let me quote you prices on your roofing.

## Cornwall General Hospital.

This institution provides skilled nursing and care at very moderate rates to those able to pay, and without charge to indigent persons from the three United Counties, other than the Municipal Grants.

It is kept up by:

1. Fees from paying patients.
2. Grants from the Government and Municipalities.
3. Donations and Subscriptions from Churches, Corporations, Societies and Individuals, the last being the largest source of revenue.

## You are asked to assist in this work

The nucleus of an endowment fund has been established by a legacy recently received, and parties remembering the Hospital in their wills may stipulate that bequests made by them shall go to this fund.

If you would like a copy of the last Annual Report, drop a card to the Secretary, who will be pleased to send you one.

J. T. KIRKPATRICK, F. D. McLENNAN,  
President. Sec'y-Treas.

TORONTO, ONT.

#### 11th Annual Convention Canadian Seed Growers' Association.

The 11th Annual Convention of the Canadian Seed Growers' Association will be held at Ottawa on March 11th and 12th, 1915. The day sessions will be held in the Carnegie Library Hall, Metcalfe Street, and the evening sessions in the Railway Committee Room of the House of Commons. The sessions this year are of special interest and importance, in view of the unusual conditions which prevail in Canada at the present time. The matter of increased production is intimately associated with the use of better seed. The means which are being taken to produce seed of better quality and breeding in larger quantities will be discussed by experts from the different Provinces, and will therefore occupy the chief attention. Some of those who will address this Convention are Dr. Jas. W. Robertson (President), Dr. C. C. James, Professor C. A. Zavits of Guelph, Mr. George H. Clark, Seed Commissioner, Ottawa, Mr. J. H. Grisdale, Director of Experimental Farms, Ottawa, and Dr. C. E. Saunders, Ottawa. The reports of the Board of Directors and of the Secretary will show the progress which has been made in the growing and handling of Registered Seed during the past season. It is hoped that a large number will be present on the occasion of this Convention.

#### Judgment Rendered by Court in Calgary.

Calgary, Feb. 26.—A judgment of far-reaching importance to real estate men and buyers of property in Alberta on agreement of sale after February 16, 1912, was handed down by the court here this morning. It interprets a clause in an act of the Alberta Legislature, passed on that date, by which no lot was to be sold by agreement of sale or otherwise unless the plan of the subdivision was registered. The plaintiff bought fourteen lots from the Boulevard Heights Company, of which D. S. McCutcheon is President, and the court held that because the plan was not registered when these lots were sold under agreement of sale, plaintiff is entitled to recover the sum of \$1,500 he had paid on them. This decision will be taken to the Privy Council.

#### Rainboth Loses In O'Brien Case and Pays Costs.

Montreal, Feb. 27.—Judgment was rendered yesterday in the court of King's Bench in the appeal of E. J. Rainboth, land surveyor of Ottawa, against M. J. O'Brien, railway contractor, of Renfrew. The appeal was dismissed. The plaintiff had claimed an undivided quarter interest in some timber limits valued at \$2,000,000 situated in the upper Ottawa district, under alleged agreement entered into with the defendant, O'Brien, in 1901.

The superior court at Bryson maintained plaintiffs action, ordering defendant to give plaintiff a quarter interest or \$500,000. Mr. O'Brien appealed to the court of review in Montreal and that tribunal reversed the trial judge's decision. Mr. Rainboth then took the case to the court of King's Bench here.

In dismissing his appeal the court of King's Bench ordered Mr. Rainboth to pay the costs in all courts.

#### Obituary Record

Brockville, Ont., Feb. 26.—Sydney A. Stephens died at his home here today, after a long illness of Bright's disease. Deceased was a native of the township of Elizabethtown, and had reached his 68th year. He had made a specialty of locomotive engineering, in which he gained a wide reputation in Canada, and the United States. He was for some years connected with the old Brockville & Ottawa Railway, subsequently with the Grand Trunk and, still later, with the Rhode Island Railway. The surviving members of the family are his widow and three children, Mrs. Frank P. Jones and Sidney Allan, Jr., of Montreal; and Thomas, of St. Louis, Mo.

#### Historic Site For Park

Ottawa, Feb. 26.—An order in council has been passed authorizing the transfer from the Hudson Bay Company of some 160 acres of land in Saskatchewan, said to be the site of the old Government buildings of the Northwest Territories, at Swan River, near Fort Pelly. This land, which is to be set aside as a public park or reserve in commemoration of the historical factor with which it is associated, will be exchanged for other land of an equivalent value to be granted the company in its stead.

#### Hotel Man Dead From Mishap

Peterboro, Ont., Feb. 26.—Arthur Mulhall, proprietor of the American Hotel, died this morning as a result of an accident. He fell down stairs in his hotel last night and suffered a fractured skull.

#### Potash In Agriculture.

For many years the Stassfurt mines in Germany have been particularly the sole source of the potash compounds used for fertilizing purposes on this continent. Among the evil effects resulting from the present war, therefore, may be counted the cutting off from the markets of the world the supply of this material. Dr. Shutt, Dominion Chemist, regards this circumstance as not so serious as some may consider. In order to place his views before the farmers of Canada Dr. Shutt has issued Circular No. 7 of the Experimental Farms, "Potash in Agriculture." It takes up the subject under several heads and reaches the following conclusions:

"It is only our light, sandy and gravelly soils that are markedly deficient in potash and this element in only specially called for by clover, potatoes, roots and leafy crops generally. There is yet some potash in the market though it will probably have to be purchased in the form of a complete fertilizer. We have several Canadian sources of potash available to the farmer—notably liquid manure, wood ashes and sea-weed—materials rich in this useful constituent and which are more or less readily obtainable in many parts of the Dominion. And lastly there are the indirect potassic fertilizers, which though not adding to the sum total of the soil's potash yet may serve a useful purpose by liberating it in available forms and thus in times such as the present may help to tide us over until potash compounds are once more upon the market."

This circular is available free at the Publications Branch of the Department of Agriculture at Ottawa.

#### Of Interest To Swine Raisers.

"Swine Husbandry in Canada" is the title of Bulletin No. 17 of the Live Stock Branch of the Department of Agriculture at Ottawa. This publication describes the bacon hog and discusses his breeding and rearing.

The breeds of swine reared in Canada are described and a history of each is given. An interesting section is devoted to the production of pork on Canadian farms. The information was evidently secured from practical farmers in cheese factory and in creamery districts and in sections where hogs are raised without dairy by-products.

The bulletin concludes with articles on hog cholera and tuberculosis, written by the Veterinary Director General and the Chief Meat Inspector, respectively. This bulletin is generously illustrated and printed in sepia brown ink. Copies are available to those who apply for them to the Publications Branch of the Department of Agriculture at Ottawa.

#### Flag Station Shipping.

Toronto, Feb. 26.—Railways must change their system of shipping goods to flag stations if the Association Boards of Trade of Ontario can make them. The railways at present refuse to take any responsibility as to the safe delivery of the goods, and get the shippers or consignees to sign a release, without which they refuse to ship goods to flag stations. The Hamilton Board of Trade requested that the matter be discussed, and the association today decided to appoint a committee of shippers, railway men and consignees to consider the matter, gather information, and if necessary, go to the Dominion Railway Board.

The officers for the year were elected as follows: President, Mr. R. Home Smith, Toronto; first vice-president, R. L. Frost, Hamilton; second vice-president, R. Meek, Kingston; third vice-president, William Taylor, Owen Sound; secretary-treasurer, F. G. Morley, Toronto; Executive, A. Hewitt, Lieut.-Col. Brock, Toronto; J. F. Black, Sudbury; D. L. Jemmett, Cobalt; D. B. Wood, Hamilton; Alex. Stewart, Guelph; D. L. Darroch, Collingwood; T. A. Gordon, Sarnia; W. J. Taylor, Woodstock; E. A. Horton, St. Thomas; L. J. Breithaupt, Berlin. The honorary presidents are as follows: W. J. Gage, Toronto; Dr. H. T. Reason, London; Col. W. N. Ponton, Belleville; A. J. Young, North Bay.

#### Grose Gets Nine Months For Causing Man's Death.

Peterboro, Feb. 25.—Evidence in the charge of manslaughter against Edgar Grose in causing the death of William O'Brien at a local hotel on Christmas Eve was concluded at the Assizes this afternoon. The jury, after an hour's deliberation, returned a verdict of guilty with a strong recommendation for mercy. Considering this and the result of personal inquiries into Grose's previous character, Mr. Justice Britton imposed a sentence of nine months' confinement in the local jail. G. N. Shaver, Toronto, acted for the Crown, and G. N. Gordon of Peterboro defended the accused.

The proposal to contribute a field kitchen for the members of the third contingent will be discussed.

#### Obliging Conductor.

The fussy lady had noticed that the rude man sitting beside her on the street car had expectorated on the floor. The fussy lady immediately signaled the conductor, and that official came in to see what was wanted.

"Do you allow spitting in this car?" demanded the fussy lady.

"Well, no," replied the conductor. "But you can come out on the platform if you want to, lady."—Cincinnati Enquirer.

#### Knew His Limitations.

"I don't want to brag about myself. I've done many foolish things in my time, but I've been wise in one way."

"What's that?"

"I never had an idea that I could paper a bedroom myself."—Detroit Free Press.

#### The Careful Wife.

"Wife, I wish you'd buy me a couple of five cent collar buttons. I need 'em badly."

"All right; just as soon as somebody has a sale."—Kansas City Journal.

#### Satisfactory.

Mrs. Gabb—Are your new neighbors all right socially?

Mrs. Tabb—Oh, yes—their children stand even lower in their studies than mine do.—Kansas City Star.

#### Twisted Logic.

Pat—So ye don't expect Miss Mulligan will accept ye? And why not?

Mike—So that she will. It is always the unexpected that happens. Pat.—Brooklyn Eagle.

The desire of appearing clever often prevents one becoming so.—Rochefoucauld.

#### Wasted Effort.

Peter Thompson went to visit his son in Montreal. It was his first visit to the city, and the young man showed him all the sights, concluding with an ascent of Mount Royal. In a burst of enthusiasm young Thompson said:

"See, father, isn't it wonderful down there?"

"Well," said his father, "if it's so wonderful down there what did you drag me up here for?"—Everybody's.

#### Salute of the Sword.

The sword salute of military officers has two meanings. The first position, with the hilt opposite the hips is a survival of the crusader's action of kissing the cross hilt of his sword in token of faith, and the lowering of the point is a token of friendship, implying that it is not necessary to be on guard.

#### A Wet Blanket.

Hokus—I never knew such a wet blanket as Flubdnub. Pokus—That's right. If that fellow should jump from the frying pan into the fire he would put the fire out.—Life.

Lenity is a part of mercy, but she must not speak too loud for fear of waking justice.—Joubert.

## BUY FROM A WELL ESTABLISHED COMPANY.

The most important point in selecting an automobile is to know the reputation of the Company—"Who is Behind" it.

New makes of automobiles come and go year after year.

The question of service should also be considered carefully. Do not buy an "orphan" car for which you may have difficulty in securing repair parts and service, after purchasing.

The McLaughlin Carriage Co., Limited, of Ottawa, is one of the oldest vehicle industries in Canada—built up on Canadian capital—in business for over forty-five years building high grade carriages, and in the eighth year of automobile manufacturing.

This company has such an extensive organization that an owner can secure dependable service at any of the twelve branches conveniently located throughout Canada.

Every McLaughlin Buick has the famous VALVE-IN-HEAD Motor, that is guaranteed to produce and deliver more power than any other motor of equal size of any make, and on a lower consumption of gasoline.

In Montreal, the Branch Salesroom is located in the Somner Building, 260 Ontario St. West, and the garage, carrying a large stock of extra parts, is at 1570 St. Lawrence Building.

McLAUGHLIN CARRIAGE CO., LIMITED  
OSHAWA, ONT.

### Local and District News.

Mr. S. H. Barkley has purchased one of the new houses on Albert Street and has taken possession.

Mr. John L. Helmer of the ridge has rented the dwelling of Mr. Philip Froats, situated opposite Mr. O'Keefe's foundry. He is moving to town to-day.

The Ladies' Aid Society of Trinity Methodist Church, will meet in the Sunday School Hall next Wednesday afternoon, March 10th, at 3.30 o'clock. In the evening the ladies will serve tea from 5.30 to 7, to which the public are cordially invited to attend.

At a meeting of the Winchester Township Council held at Winchester on Monday, several delegates were appointed to go to Toronto and wait on the government in connection with the Whitney Memorial Highway proposed between Ottawa and the St. Lawrence. Reeve Kirby, Deputy Reeve Bogart, councillor F. Fraser, and Reeve Hamilton of this place, were among the number who went.

Brockville Recorder: Chief H. J. Grasset, of Toronto, has notified the local police to be on the lookout for one George Tummonds, charged with attempting to shoot his wife. Tummonds is described as being 40 years of age, five feet eight inches in height, medium build, very white hair, scar on end of upper lip. He was dressed when last seen in a dark overcoat. He is a jeweler and may be found going from house to house soliciting work.

Brockville Recorder: Anthony Belfoy committed a disturbance in the Chinese restaurant on Buell last night for which he was taken into custody at 9.30 by County Constable Dyer. This morning in default of \$6.50 Belfoy went up for 21 days. John Spinks, who claims his home is in Iroquois and that his parents live in Ogdensburg, was also intoxicated and disorderly yesterday. He too, will have his mail sent to the counties bastille for three weeks in default of \$6.50. Roy Wilson a tramp, claimed that if given time he would make tracks for Montreal at once. His wish was granted.

The Allan liner Mongolian sprang a leak about 1,000 miles from St. John's Nfld, and is returning to Halifax.

### Local and District News.

"The Rivals," in two reels, will be given in Star Theatre, tonight and tomorrow night.

Mr. Geo. Dillabough has purchased Mr. Orta Harper's house on Queen street, above the English Church.

Dr. J. C. Byers, of Spencerville, has been appointed a coroner for the united counties of Leeds and Grenville.

Mr. J. H. Hughes, assistant superintendent of the C.P.R., has been transferred from Smith's Falls to Ottawa and left that place on Monday to take up his new duties at the Capital.

The Woman's Missionary Society of Trinity Methodist Church, will meet in the Sunday School Hall next Wednesday, March 10th at 2.30 p.m. Visitors made welcome.

Whitaker, the Optician, will be at Winchester, Monday, Mar. 8th; Chesterville, Tuesday, Mar. 9th; Russell, Thursday, Mar. 11th; Finch, Friday, Mar. 12th.

Morrisburg Leader: Col. J. Wesley Allison, who for the past five months has been actively engaged in connection with militia matters abroad, arrived in town on Saturday of last week and will spend a few days with his family before returning to Russia.

H. Epstein, R.O.C., Optician, will be at Saucier's Jewellery Store, Chesterville, the first Saturday in the month and Winchester the first Friday.

The statutory holidays for 1915, fall as follows:—Good Friday April 2; Empire (or Victoria Day) May 24th, is on Monday, and the King's birthday June 3, and Dominion Day are on Thursday. Labor Day is on Monday, Sept. 6, and Christmas is on Saturday; Easter falls on April 4th.

Mrs. W. L. Belton has returned to her home in the West, after visiting her aunt, Mrs. John Cunningham, who has moved here again, and is occupying Mr. Jas. Cunningham's house.

Ottawa Citizen: The East End skating rink was the scene of a very painful skating accident when Clifford Merkley, clerk in the Toronto General Trusts Corporation, fell to the ice and received a severe gash over his left eye, requiring several stitches. Clifford is a son of Mr. and Mrs. J. C. Merkley of this place.

For delicious flavor and all round fine quality there is no tea equals Salada. And then it is not cheapened with dust as many teas are.

The annual concert and entertainment will be given in the Music Hall, on St. Patrick's night, March 17th, under the auspices of St. Mary's congregation. The program will be given by the pupils of St. Mary's School, assisted by the best local talent. General admission 35c. Reserved seats 50c. Plan of hall at Bolster's.

An enjoyable day was spent on Saturday last at the home of Mr. and Mrs. L. S. Bell, Dixon Corners when a number of guests were entertained, among whom were Mr. and Mrs. A. Deeks, Mr. and Mrs. Colin Robertson, Mr. and Mrs. Henry Robertson, all of east river road; Alex. Shaver, of west river road, and Mr. and Mrs. Thos Deeks, of Williamsburg.

The Kitley township man who made such a haul out of last week's Records, has been distanced by Mr. Hubert Maitland of Kilmarnock. Out of one tree Mr. Maitland sold \$50.00 worth of logs, kept one log that he values at \$10.00, has \$10.00 worth of wood from the limbs and got two coons in the top that he does not know the value of. A few trees like that would pay for a good farm.

James Dillon, a young man residing in Lansdowne, was brought here by Constable W. I. Mallory yesterday afternoon and remanded on the serious charge of giving obnoxious drugs to a young woman of the same locality with a view to performing an illegal operation. This morning Dillon was released on bail himself in \$1,600 and two sureties, A. I. Haffie and Albert McNeill for \$800. — Brockville Recorder.

Robert Martin of Carthage was killed by being struck by a special C. P. R. train near Listowel, in a blinding snow-storm.

### Oppose C. M. B. A. Increase.

Ottawa, Feb. 28.—Notice is given in the Canada Gazette that several members of the Grand Council of the Catholic Mutual Benefit Association of Canada are applying to Parliament during the present session for an act postponing and suspending the coming into force of any increase in the assessments proposed to be levied under the legislation of two years ago, until the grand trustees submit to a regular or special convention of the association, the proposed increased assessments.
