Kids from other area high schools are probably asking: "What burns McPherson, that makes him so hot"?

G. G. Aubry Nominated As Alexandria's Man Of The Year

G. G. Aubry, local lawyer, has been nominated as Alexandria's man-of-the-year by the local Board of Trade. He will receive this recognition at the annual luncheon meeting of the Eastern Ontario Development Association in Ottawa next Wednesday.

Last year's award went to then United Counties Warden Lloyd McHugh.

Mr. Aubry's leadership in the erection of the Glengarry Memorial Hospital was a factor in his selection by the Board of Trade. The citation accompanying the scroll reads:

The Alexandria Board of Trade has pleasure in nominating Mr. G. G. Aubry of Alexandria as Man-of-the-Year for this area.

Mr. Aubry is a busy and highly successful lawyer in the town of Alexandria where he has practised his profession for about 20 years. He is active in all the affairs of the community, and has been a member of the Glengarry District High School Board for many years. In the recreational activities of the town, and in fraternal circles he has over the years held office and has given the benefit of his knowledge and good judgment.

The Board of Trade bases its nomination, however, on the tremendous part he has played in connection with the establishment of the Glengarry Memorial Hospital at Alexandria which is now completed and is about to admit its first patients.

Mr. Aubry has served as Chairman of the Hospital Board since its inception over five years ago. He has chaired countless meetings

of the Board, he has addressed a large number of groups on behalf of the hospital project, he has waited upon all the Municipal Councils in the area, and all in all he has been the moving spirit and the active agent behind the whole project. Without his expert knowledge, his good judgment and his boundless energy it is doubtful if the Hospital would have become a reality as quickly as it did.

Mr. Aubry's name will always be remembered in connection with the Glengarry Memorial Hospital and we feel that it is only fitting to recognize, at a time that coincides with the official opening of the Hospital this month, Mr. Aubry's outstanding contribution by naming him "M-of-the-Year".

June Clean-Up Planned By Board

Clean Up! Paint Up! Plant Up! is the call of Alexandria Board of Trade to fellow citizens during the period from June 1st to June 30th. The Board's special committee is embarked on its annual drive for a more attractive town and committee chairman John Proulx hopes to have the fire brigade out, possibly Monday night, May 31st, washing down a part of the Main Street business area as a symbolic gesture.

During the week of June 28th, judges named by the Clean-Up committee will tour the town and award a trophy to the block showing the most initiative and cleanliness and the fewest eyesores.

"Don't let your neighbors down" could be the theme of this drive toward a town beautiful.

Grant's Corners Child Fatally Hurt When Struck By Truck Near Home

A three-year-old boy, Harold Ricky Francis Tyo, of RR 2 Cornwall, died of head injuries Saturday night in Cornwall General Hospital, after he was knocked down by a three-ton stake truck in front of his Grant's Corners home.

Ricky broke away from his mother and dashed across the South Branch Road in front of the truck police said. He was struck on the head and thrown eight feet. Driver of the truck was identified as Leslie Taillon, 27 of Cornwall.

Mrs. Harold Tyo, the boy's mother, climbed out of a car with her three children opposite the family home and held them close to her as she saw a truck top the rise 400 feet from the house. The wood truck was headed west towards Cornwall.

Ricky spurted away running across the road towards the family driveway on the north side. He was hit by the right corner of the truck's front bumper.

Mrs. Tyo had just returned home from showing a house to some friends close by. The friends were thinking of moving in and Mrs. Tyo knew the owners of the house. Mr. Tyo was working in a barbershop.

The tot was rushed to the hospital shortly after the accident at 12.45 and remained in critical condition till his death at 7.25 p.m.

The body rested at Miller's Funeral Home. Service of the angels was held at St. Columban's Church Monday at 3 p.m. Burial was in St. Columban's cemetery.

Relatives and friends from Toronto, Ottawa, Cumberland, Chesterville, Cardinal and Cornwall attended the funeral.

Monday A Holiday

All places of business in Alexandria, are expected to be closed Monday, Victoria Day. There has been no proclamation of the holiday by town council, reports Clerk Don Collin, due to the fact it is a statutory public holiday.

Firemen Saved Guaytown House

Alexandria firemen had a busy afternoon Saturday, responding to two alarms in less than two hours.

They were successful in saving the house and barn of John Theoret at Guaytown, one mile north of Alexandria. A combined shed and garage was blazing when they responded to a call at 2.15 p.m. After a hard fight they managed to control the blaze before it could spread to the house, only 15 feet away.

About 4 p.m. they were called out again, this time to a grass fire east of St. Finnan's cemetery.

A Tuesday summons called them to Margaret Street where they controlled a fire in the kitchen of a house occupied by Richard Bouchard. A box containing garbage had flared up igniting the wall.

Considerable smoke damage resulted. The house is owned by Alex Quesnel.

Elected President Assessing Officers

W. Laurier Courville, Cornwall assessment commissioner and a native of Alexandria, was elected president of the Ontario Association of Assessing Officers at the annual meeting of that group in Ottawa, Monday.

A son of Mr. and Mrs. Z. Courville of Alexandria, Mr. Courville has been assessing for 21 years, in Cornwall Township and later in the city.

One-Way Streets On Catherine, St Paul Approved On Trial Basis By Council

Hospital Ready For Some Patients Friday

Glengarry Memorial Hospital is ready to receive its first patient or patients tomorrow but these will be limited to strictly medical cases reports Administrator Eric R. Gale.

There is no blood in the hospital's blood bank yet and as a result the new institution will not be able to handle emergency cases, obstetrics or operations for possibly another two weeks.

Almost all the equipment is now in and another two nurses and some 10 other employees are being taken on staff this week.

Trade Fair Had Excellent Displays

A bigger and better Trade and Sportsman show is already being planned for next year by Gardens' promoter Bill Gallant in wake of last weekend's event. Though disappointed by the comparatively meagre attendance, Mr. Gallant was pleased with the co-operation of local exhibitors.

Their displays far outranked those in similar shows in nearby cities, he reports.

There were 33 booths and those who toured them must have been similarly impressed with the color and variety as well as with the effort which local firms had put into preparing them. The Board of Trade booth, displaying a variety of the products and services produced in Alexandria, left no doubt but that our town is knowing a minor industrial boom.

Some 500 attended Saturday night but Friday's attendance was only half that number.

The platform entertainment included a fashion show with Mrs. Lloyd McHugh as commentator and several local ladies and girls as models.

The big door prize of a tent and camping equipment was won by Kathleen Grant, daughter of Mr. and Mrs. John D. Grant.

Dr. Tallon Honored

Dr. J. A. Tallon of Cornwall was made a senior member of the Ontario Medical Association last week in Cornwall.

Honorary memberships were conferred on three men, Ken McTaggart of the Toronto Telegram, Col. R. S. McLaughlin of Oshawa, chairman of General Motors of Canada and Dr. Ray F. Farquharson of Toronto, chairman of the Medical Research Council of Canada.

Injured Foot

Duncan McNaughtan, Dalhousie Station area farmer, broke four bones in his right foot, recently, when the front-end loader fell on his foot. Mr. McNaughtan was removing the loader from the tractor when it dropped.

Alexandria is to have its first one-way streets next month as council's traffic committee tries to ease the Main Street congestion and the parking problem.

As of June 1st, St. Paul Street, east from Main to Bishop, will funnel all traffic toward Lochiel Township, and Catherine Street will move only west, from Bishop to Main.

Both streets are extensively used for parking, at times on both sides, and they are not wide enough for four cars. The three months of heaviest traffic are expected to show whether this is a constructive move. If it proves so, there may be extension of the idea to other streets running into Main.

At its Tuesday meeting council also approved purchase of a radar speed check for the police department. At a cost of some $1,000, reports Clerk-Treasurer Don Collin, this check against speed limit violators is to be tried on a 90-day trial basis. If it serves its purpose it will be kept.

Council's budget for fixing 1965 tax rates is virtually set but some last-minute consultation with the town's auditors is required this week before the final figures can be released.

The tax rate will be almost identical to last year's, but Public School supporters may have to pay a bit more. The local school is this year combined in the Lochiel Township Public School Area and there could be a rise in that mill rate.

A special meeting of council tonight is expected to set the rates for 1965.

Council is considering the feasibility of keeping dogs under control all through the year. There have been many complaints concerning the present restrictions, limited to this time of year, and the Clerk was instructed to obtain for study a copy of the dog control by-law adopted by Cornwall. It encompasses the entire year.

Building Inspector Arthur Laporte reported to council that the extension to Alexandria Funeral Home brings the entrance closer to the street line than the building by-law allows. He was advised to enforce the regulations.

Hugh A. McDonald advised council that plans for an extension of Dominion Street South, as proposed in plans for a neighboring subdivision, would seriously affect his own plans for a housing subdivision. He was advised to get together with his neighboring subdivider and come to a mutually satisfactory agreement.

Representing the Richelieu Club, Jean Clement asked for some municipal recognition of visiting delegates to the regional convention of Richelieu Clubs to be held here June 12th. Council voted a grant of $50 to be used in their entertainment.

Main Street parking problems in connection with the liquor store prompted council to authorize Clerk-Treasurer Collin to suggest to the Liquor Control Board that the store be moved to a more ideal location. The problem is aggravated by the fact delivery trucks have no access to the rear of the store and must park on the East side of Main Street while unloading, Council was reminded.

Tenders are to be sought for the asphalt patching of Alexandria streets. The streets committee will first meet to determine the amount of "hot patch" needed.

Glengarry MP Suggests Changes In Loan Regulations For Housing

Criticism of some points in the legislation governing Central Mortgage and Housing Corporation was voiced in the House of Commons, Thursday of last week by Viateur Ethier, MP, Glengarry-Prescott.

After complimenting the Minister for what has been done to improve loans under the National Housing Act, Mr. Ethier outlined the proposed amendments which would make more money available to the CMHC. He continued:

"I would not be the one to try to hold up this legislation, Mr. Chairman, although there are a few gaps that exist at the moment, and I would like to bring them to the attention of the Minister. I agree with the hon. Member for Timmins that a heavy burden is put upon the Minister's shoulders, especially since he was transferred from the office of the Postmaster General to the more extensive office of Immigration. To have also the responsibility of Central Mortgage and Housing Corporation I believe makes this a great task and, I would imagine, a great strain for one man. I would think that a new department should be created and an additional Minister appointed with only the responsibility for Central Mortgage and Housing Corporation. This would give him more time to study and analyze more extensively applications to Central Mortgage and Housing Corporation which are rejected.

"We had very good explanations from the Minister about his meeting with the officials of eight of the ten provinces, and the representatives of many municipalities. But it seems that all previous speakers, including the Minister, have omitted to mention the smaller communities which do not have sewer facilities. It is very nice to talk about urban projects, but I do not think the main goal of Central Mortgage and Housing Corporation was to help urban centres and urban people only; because after all, every cent that we vote in this Government comes from all citizens of Canada regardless of

One Local Winner In Typing Competition Held Here Friday

Mary Macdonald of Alexandria, was the only top local winner in Friday's district high school typewriting competition which brought some 100 competitors from 26 schools to the local high school, Friday.

She was fastest typist in class four, with 49 words per minute.

Mavis Amell of Ingleside, was the only trophy winner to hand in a perfect test. Unrattled by pressure of competition she typed 50 words a minute for five minutes without an error.

Different classes included first to fourth year typists in the competition sponsored by District 27 of the Ontario Secondary School Teachers Association.

Trophies were presented in each for speed and accuracy. There were also trophies in the second and third class for schools with the best overall average.

All entrants wrote their test twice and were allowed to choose which they would hand in.

Class one was a five-minute test for students of grades nine and 10 with less than one year of typing. The highest speed prize went to Judith Bath of Osgoode Township DHS with 47 words per minute. The most accurate test was written by Bernadette Briere of St. Michael's Academy, Cornwall, who had only 1.06% errors.

EDITORIAL

IT'S OUR OPINION

Let's Not Check Too Hard

Our police force has been equipped with a radar speed check and the news leaves us with mixed feelings. We trust it will be used with moderation and will not result in our town earning a bad name with the travelling public.

There are towns in Georgia which the Florida-bound Canadian has learned to sidetrack because of the speed traps which seem designed more to bring in cash to the municipal coffers from unwary motorists than as a safety measure. In neighboring Quebec there are small towns whose police seem similarly intent on enriching the treasury at the expense of the casual motorist.

Word gets around when the fines become too frequent and the municipality that earns such a reputation may find that it is losing more in trade than its police blotter is bringing in. If the new speed check hits many in our trading area it may be only a matter of time before they are going elsewhere to do their shopping.

There is the safety factor to be considered, of course. No doubt the police commission and town council have spent a reported $2200 primarily to curb excessive speeding within the town limits. There is widespread ignoring of the 30 mile an hour speed limit and a small fortune might be made from motorists if a strict check was instituted on the Armouries hill, for example. Residents along Bishop Street have long complained of its use as a speed track and we have little sympathy for the motorist who endangers children by driving like 60 within the town limits.

A crackdown on Alexandrians who ignore our speed limit would have our approval. As citizens they should be driving with full regard for their neighbors' children. The car cowboy who uses our streets on a Sunday to impress the pedestrian maiden might well do with a bit more restriction, too. Any irresponsible driver should be prepared to face traffic court, but we trust our constabulary will use sound judgment in dealing with area people who come here to shop and with the tourist whose first impression of Alexandria could be distasteful, and lasting, if he is hooked for a minor infraction of our local laws.

The new speed check will be used with moderation, we trust. It will be less an extension of the long arm of the law than an ever-present threat to the irresponsible drivers among us. There should be discernible warnings of its use at the entrances to town and those who man it must so conduct themselves as to ensure our town does not earn a reputation as a speed trap.

These increasing costs for policing may be justified. They will prove costly in more ways than one if our town becomes over-policed.

Nine Monuments To His Memory

Ronald Ross, 35, operator of Blue Grass Turf Farm, near Stouffville, Ontario, was killed in the flaming wreckage of his two-seater airplane one day last week. Word of his tragic death was received with regret by many members of the Glengarry Golf and Country Club, for this was the same Ron Ross who 18 months earlier, in the fall of 1963, had put in their permanent greens and installed the watering system on the local golf course.

News of the tragedy came when an officer of the club was endeavoring to reach Mr. Ross by phone, minutes after the tragic fatality, Tuesday evening of last week. He had been freely available for advice in the interim. A graduate of the Ontario Agricultural College at Guelph, he was a specialist in grasses used on golf courses and this special knowledge had been the basis for his business of supplying grass sod for recreational and other developments. The plane in which he met his death had been used to convey him from his Toronto area farm on business ventures.

In the wake of his death officers of the local golf club have been recalling the part he played in the rapid development of their course. The decision had been made in the summer of 1963, to build one permanent green which might provide a guage for future completion of the fledgling course. Blue Grass Turf Farms was contacted for greens' sod and it was at that time Ron Ross put in an appearance to assess the situation.

It was on his recommendation that club officers took the big jump and embarked on an ambitious program to complete all nine greens and tees, and to provide a permanent watering system. He took the contract and Ron kept on smiling through that rainy, muddy fall of 1963 which delayed construction and sent his costs spiralling. The work was completed despite dwindling profits and the owner of Blue Grass Turf Farm remained a friend of Glengarry's golfers, always ready with advice and frequently a visitor, even if it was only to buzz the local course in his plane as he flew from Montreal to his home farm near Toronto.

Golf club officers were saying nice things concerning his work as they surveyed their greens this spring. The open winter had damaged many neighboring courses but our greens had survived splendidly and now are in mid-season form. Ron Ross had built well, we were thinking, when word came of his tragic death. Then came the recollection of many personal qualities we admired — his affability, that knack of quickly putting people on a first-name basis, his young confidence and vigor and get-to-it spirit, as exemplified in his taking to the air in order to cover more ground more quickly.

So intent is a golfer on sinking his ball, he has no thought but of the number of strokes he will need once on the green. But after a game, while relaxing on the lawn and looking over the course, local golfers may recall a putt that holed. They may glance with approval on the smooth, tricky, but eye-caching greens and remember Ron Ross. If he had not lived and learned so much about how to grow grass our course might yet be struggling toward completion.

Those fine nine greens are monuments to the memory of a fine fellow.

You The Public

Excerpt from a recent editorial pertaining to tax raises and school requirements "Because of the new program which is now in full swing more teachers must be added to the staff to give the quality of education YOU THE PUBLIC demands." (Capitalizations ours).

An apathetic little rabbit, this "You the Public", suggests an editorial in the Elora Express. On our soul we would bet that he seldom if ever demands anything — let alone a new educational program. In fact the whole matter of modern education — dreamed up by education experts on the highest level — leaves most laymen and even teachers looking for the light. How can you blame poor little "You the Public" for making demands when he can't even do arithmetic any more?

We have a sneaking feeling that all the demands he is supposed to make and have made would justify a Royal Commission on You the Public. For instance every time a budget is brought down, a smiling Minister announces that it will be impossible to make any tax cuts for the general public and then turns stern and continues that their demands for social services must be paid for.

This may come as a surprise to "You the Public" who had been led during the hectic days of election to feel that these were promises of manna from heaven. In fact they did look that way, packaged for vote selling, and if the politicians know that they were holding out a carrot for the horse could they be blamed if he turned out to be a donkey? Sure, the money had to come from somewhere but the question continues to plague a bewildered "You". Did he really demand it?, or was it offered him? Or, perhaps, was he trailed along in the wake of some particular group which did make demands?

It is all very unnerving, as he takes time out from taking his income tax, his municipal taxes, his county taxes, his unemployment insurance, his social security, his personal deductions, his union fees, his deductions at the source for charity, his hospitalization, his PSI ad inf., ad nauseum. Did he demand or didn't he demand? Or did he just think out loud?

He would seem to be just an acquiescent little cog in a vast maze of machinery moving beyond his power. And yet — not too long ago, just to the south of us, "You the People" went on a real rampage and made his demands known in no uncertain manner. What were these demands? Not primarily for education, for social services, for all those things dreamed up in the ivory towers. He demanded that the constitutional rights of all Americans, regardless of race or color, be respected and guaranteed. And a shaken president and Congress listened and acted.

This is what can happen when the mouse becomes a man.

TOO MUCH POISONING!

Alexandria, Ont.,

The editor,
The Glengarry News,

A short time ago you wrote an editorial in favor of fluoridation of our town water, but giving only one reason: that you have heard that a number of prominent people are in favor of it.

My reasons for being against it are more precise. I know that it is illegal for any municipality to force medication on anyone who does not want it, and I agree with those who feel that it is a terrible extravagance to fluoridate the thousands of gallons of water that are used every day for bathing, washing dishes and cars, sprinkling lawns and gardens, and in industrial processes as Carnation and Square C, when there are 33 other ways in which children's teeth can be treated.

But my main reason for opposing its introduction into our water supply is that it is a POISON. All chlorides, bromides, iodides and fluorides are poisons with one exception—sodium chloride or common salt of which the human body needs an adequate amount for the maintenance of health and life. But the frigthening thing is that it is ANOTHER poison. There are already three poisons being drunk by our citizens in the town water: chlorine, alum and carbon. How much can they stand without physical damage and shortening of their

THE CAMPBELL'S ARE HIDING

Shades of the massacre at Glencoe, we're thinking we may face a ball problem down at the golf club this summer. They're stocking a Campbell ball in the pro shop this year and we're left wondering if they'll work well for a Macdonald.

Time was when a Macdonald might hesitate to take a slap at a Campbell, even when armed with something as lethal as a golf club. Will anything with a Campbell name be content to turn the other cheek and do a Macdonald's bidding?

We tried out a couple of new Campbell balls Saturday and the experience was a bit unnerving. The first one definitely wasn't the subservient type. One whack and it went scurrying into the woods. It's probably still hiding behind a tree. We didn't dare go into the woods after a Campbell.

The other one co-operated a bit better. It stayed on the fairway and let us get in a couple of solid hits but it seemed to have an aversion to going into a hole. It took three putts on No. 1 green before it would drop.

A bit sneaky this one, too, we thought, when it found a hiding place right out on No. 2 fairway. We finally found it; but just in case it might take a notion to drown itself in the Garry rather than get knocked about by a Macdonald we changed balls when we reached the river.

We intend to give these Campbell balls another try and next time we're addressing the ball we'll whisper "Cruachan". That's the Campbell war cry and should lift that ball for a few extra yards.

If that doesn't work we'll have to get in touch with friend Herb Campbell of the Dutton Advance. We've seen him hit some nice Campbell balls.

DOLLARS FOR DROPPINGS

How to get people litter-conscious is one of the big problems of this age of paper wrappings. The street cleaners can have the main drag looking immaculate by 10 o'clock Monday morning and by noon paper has begun to make its re-appearance.

Cigaret packs, kleenex, chocolate bar and gum wrappers, all kinds of flotsam and jetsam will be back in circulation despite the fact the kids are in school and in spite of the municipal trash cans vainly await-

UNCLE WALT'S CHOPPING BLOCK

At my camp at Lost River some years ago I had a spruce chopping block. It had been in service for many years and was becoming rounded off at the bottom so that it fell over frequently, and I knew it would soon have to be replaced by a new one. Then one day, while picking raspberries on an old shanty road with two friends, I found exactly what I wanted. A nice new hunk of spruce a foot in diameter and 15 inches high, in perfect condition. Leaving the others to tote the berries, I carried the block a quarter of a mile and put it in the car trunk. On arriving at the cabin, I immediately cut up the old one for kindling and put the new one on its place.

Next day I had to split some birch logs for the cookstove. Placing one on end on top of the block, I stood back, took a deep breath and took a terrific swing with the axe. The famous legendary Paul Bunyan had nothing on me when it came to swinging an axe. The axe travelled in a big circle, splitting the birch right in the centre and continuing right through the chopping block into the pine needles on the ground.

On the next trip up from town I brought an elm stump that no man on earth could split — not even Paul Bunyan. Imagine anyone bringing wood from the city to the country! But that's just what I did, and as far as I know, that elm stump is still in service.

Be seein' ya!

LOCHINVAR

FARM FORUM REPORT

Lochinvar Farm Forum, the only active forum in Eastern Ontario, had a very interesting and successful season under the capable leadership of Mrs. Neil Blair as chairman.

Prior to the official opening of the Forum season, on October 19th, Lochinvar sponsored a farewell party for Norman and Roddie MacNeil, valued members for many years, who were moving to Vankleek Hill.

The first forum meeting was held on November 2nd at the Blair home, on the topic, the "Price of Life".

The group met regularly every Monday night during the winter at the homes of the members or in the Spring Creek School. Practically every topic produced a lively discussion with special interest in the subjects, "Two Roads to Market", "Rural Adult Education in Ontario", "The Outsiders" and the "First Hundred Years", when we met with the McCrimmon Women's Institute at the home of Hugh Kennedy.

On the talkback from these programs, Lochinvar had the honor of having their findings reported on the air. Also mentioned on radio broadcast, talkback on the "Church in Conflict", was the decision of the members that the moral force encouraged by the Church may be strengthened by conflicting standards outside. Rev. and Mrs. MacLean of St. Columba Presbyterian Church, Kirk Hill, were guests and assisted greatly in the discussion at this meeting held at the home of Roy Barton.

On January 25th, at the Fraser home, William Ewing of Ewing Seeds, Vankleek Hill, spoke to the forum and the 4-H Homemaking Club leaders on variety of garden seeds, followed by a round-table discussion on forage seeds with the men present. Before leaving, Mr. Ewing invited the group to his home, where the Forum met on February 22nd and was addressed by J. A. E. Comeau, manager of the Royal Bank ,Alexandria, on all types of loans. Mrs. Comeau was also present.

The Lochinvar Farm Forum and the Glengarry Farm Safety Council met jointly on February 15th, in the Glengarry District High School, listened to the broadcast and had discussion groups. At a later date, "The Split Personality of Farm Organizations", was the topic of a speech by Fraser Campbell, secretary of the Glengarry Federation of Agriculture to the group and he also outlined the Farmstead Improvement Competition, which this year is for the farm entrance.

Osie Villeneuve, MPP, drew a large attendance to the Spring Creek School when he discussed the "Claims of Age", followed by a question period. On the following Monday night, the Agriculture Representative, J. Y. Humphries gave an illustrated talk using comparative charts on the state of agriculture in Glengarry, stressing the fact that the potential of the soil is not being fully utilized.

Over 70 people, many of them 4-H members gathered at the Kirk Hill United Church Hall on March 29th, to listen to A. M. Barr, principal of KAS outline the courses available at the college, and the opportunities open to graduates. He illustrated his talk by the showing of beautiful slides. A question period followed.

The annual meeting was held at the home of Hugh Kennedy on April 5th. Mrs. Neil Blair and Mrs. Kenneth MacDonald gave reports on the 25th anniversary annual meeting of Ontario Radio Farm Forum held in Toronto, April 1st at the King Edward Hotel.

The Forum closed the season with a Euchre party in the School and a birthday party for Roddie MacNeil at the home of Donald Fraser.

In the fall, the group is looking forward with anticipation to another successful season under the new organization, the Rural Learning Association, which is a result of the merger of Ontario Farm Radio Forum, Ontario Folk School Council and Ontario Rural Leadership Forum, which Mrs. Edith Storr, Ontario Farm Radio Forum Secretary outlined when she spoke at the annual meeting of the Glengarry Federation of Agriculture in the fall.

where they live; and I am sure that all hon. Members including the Minister, know that many of the tax dollars we are voting also come from rural communities and rural people.

"According to my experience during the last three years in this House, Mr. Chairman, many of the people who want to build outside large towns have had their applications rejected by the officials of Central Mortgage and Housing Corporation because of the absence of sewers. It seems that the way the Act written now, it is just about impossible to get loans for subdivisions in a small community. This being so, it is impossible for these smaller centres to grow big enough to have an adequate assessment which would make them qualify, under the Municipal Loans Board, to borrow the funds necessary to instal sewers. The way the law is written now, it prevents these small centres foreseeing the day when they will be able to qualify for Central Mortgage and Housing Corporation loans.

"So I would recommend and urge the Minister to include a clause under this Act so as to make it more flexible and give these smaller rural communities their right to qualify for such loans. Maybe it would require more investigation by the department, but I think surveys could be made by civil service engineers, who could make land tests to see if the subdivisions are located on ground where there would not be any danger, even with septic tanks, of polluting the ground and the wells of the surrounding area.

"I fully agree that some of these subdivisions were opened in areas where the land is very poorly drained and, this being so, could not qualify; but I do not think it is proper or justified to class all these subdivisions in the same category, which is being done under this Act. because some of the subdivisions are very well drained, and they are still being rejected for loans. I believe that at the moment to qualify for any loan with which to build a private home, in Ontario anyway, one must have a lot of at least 15,000 square feet. If, for security measures where pollution is concerned, bigger lots were required, I would suggest that the lots be divided into 25,000 to 30,000 square feet, thereby giving more draining facilities to the septic tanks and eliminating the problem of pollution. With the recommendation of the engineers I believe that, with these changes in the specifications, the large majority of these subdivisions could be divided so they would qualify for a loan under this Act.

"Once again, Mr. Chairman, I do not seen why the rural people should be discriminated against because the subdivision on which they wish to build is not large enough to instal sewers. I believe that if a clause were included in this Act which would rectify the injustice which exists toward the rural communities, then and only then could we justify voting the kind of money which the Minister is asking us to approve. Only when this is done can we say that Central Mortgage and Housing Corporation is really doing the job it was first intended to do, and that was to help every Canadian own his own residence.

"Mr. Chairman, this is all I have to say at this time. I shall have a few more remarks to make when the Bill is before the House."

Men's Spring Rally Held At Finch

Under the sponsorship of the Presbyterian Men's Council of the Presbytery of Glengarry, the annual spring rally was held in St. Luke's Presbyterian Church, Finch, recently. There was a large attendance, several churches throughout the Presbytery having withdrawn their regular evening services.

John D. McLennan, St. Elmo, chairman of the Presbytery Council, presided. Rev. William McI. Craig, minister of St. Luke's Church, presided at the organ console, and directed a men's choir which gave leadership in the service of praise.

Assisting in the service of worship were S. Albert Begg, Crysler, who lead the Scripture, and Kenneth McDonald, Martintown, who led in prayer.

Wallace Murray, Ingleside, was guest soloist, and he brought as his message in sing "In My Heart He Has Planted a Song".

The men's choir rendered the anthem "Who Is On The Lord's Side?"

Guest speaker was Rev. John Anderson, minister of the Presbyterian Churches in Kemptville, Merrickville and Oxford Mills. Mr. Anderson chose as his theme Man's Chief End", and he explained that in the act of creation and in man's redemption God's purpose was His own glorification. He offered practical applications by which man can glorify God in his daily round of activities.

An offering in support of the Presbytery Council's project, that of providing bursaries to those men of the Presbytery preparing for the ministry of the Presbyterian Church in Canada, was received. During the past academic year seven men from the Presbytery are pursuing their studies in university and in Presbyterian College, Montreal. They are Raymond Glen, Lloyd Fourney, Robert Fourney, Jens Jenson, William MacLellan, Kenneth McDonald and Wallace Murray.

It was announced that the annual "PM" Conference was to be held at Carleton University, Ottawa, May 14-16. Theme of this year's Conference was to be "Reaching Forth". Approximately 200 men were to attend.

Rev. John Fortier, Lancaster, Presbytery's Convener of Evangelism and Social Action, pronounced the Benediction.

Convention Of Glengarry County WCTU Held Recently At Kirk Hill

The annual county convention of Stormont and Glengarry Women's Christian Temperance Union was held at Kirk Hill United Church on Tuesday, May 4th. There were afternoon and evening sessions. The themes were "God is always seeking good workers for his service" and "To find these workers is one of his most important tasks".

The county President, Mrs. Jas. MacMillan, declared the convention open. The worship service was in charge of the Lochiel Union. Mrs. Douglas McMillan read the scripture, Mrs. Brodie had the meditation based on the verse "Bring up a child in the way he should go and when he is old he will not depart from it".

A courtesy committee was appointed consisting of Mrs. Hay, Glen Sandfield and Mrs. Athol McDonald, Lancaster.

Mrs. J. U. Tanner, Lancaster, conducted the memorial service in memory of five members who had passed on since last convention. These were Mrs. R. J. McLeod and Mrs. Brodie, Lochiel; Mrs. Fourney and Mrs. A. E. MacNaughton, Lancaster and Mrs. Halliwell, Cornwall. Mrs. Tanner based her remarks on "Take Ye away the stone". "Christ expects us to do His work".

It was announced that the Provincial Convention will be held in Kitchener on May 18, 19, 20.

Then followed the reports of the various departments. Mrs. Crowder, Cornwall read the resolutions which will be sent on to the Provincial Convention.

The afternoon address was given by Mrs. McKelvy. By the use of flannelgraph and diagrams, she brought out the facts about alcohol and what follows its use. She said for every $1.00 received in revenue the government has to pay out $2.50 to support jails, hospitals, police, etc. 50 per cent of fatal accidents in Ontario involve drinking.

During the supper hour greetings were brought from Rev. R. H. McKelvy and Rev. Mr. Hurst, Kirk Hill. They congratulated the WCTU on their work especially among the children. Greetings were also brought from the UCW Maxville by Mrs. McEwen and by Mrs. McPherson, Kirk Hill. Mrs. Sproul told of her organization in Cornwall where wives and friends of alcoholics are encouraged.

The evening session opened with a worship service conducted by the Cornwall Union. Miss Mae Earle led in prayer. Mrs. Helena McLeod based her remarks on Nehemiah "Each of us has a place to fill to make the world brighter and a better place in which to live".

An interesting feature of the evening was the presentations of prizes and awards to pupils who had written the National Temperance Course and the Poster Contest. There were 146 entries in the former and 86 in the latter. Mrs. R. H. McKelvy deserves great credit for her work among the children. She speaks in all the rural schools of Lochiel and Lancaster. There were eight pupils who won the coveted 5-year pin and one student, Isabel Blair of Alexandria High School, won a 10-year pin. This is a great achievement.

Mrs. L. McPherson, Kirk Hill and Mrs. Jamieson of Glen Sandfield, were in charge of the election and installation of officers for 1965 and 66. The slate is as follows:

County President, Mrs. Jas. McMillan; Corresponding Secretary, Mrs. Fred Crowder; Recording Secretary, Mrs. J. U. Tanner; Treasurer: Miss M. J. McLennan; Vice President, Mrs. Brodie.

Heading the departments were: Evangelistic, Mrs. Brodie; Citizenship, Miss Mae Earle; Fairs and Exhibits, Mrs. Alpin McGregor; Flower Mission, Miss Mina McMillan; Little white ribboners, Mrs. Helena McLeod; Non-alcoholic fruit drinks, Miss Sarah Campbell; Press, Mrs. W. H. McWhinnie; Scientific Temperance instruction in day schools, Mrs. R. H. McKelvy; Temperance Study Course, Mrs. McIntyre; World and Canadian Missions, Mrs. Leslie Handy; Outpost Group, Mrs. Jamieson.

The courtesy committee gave its report. Rev. Mr. Hurst pronounced the benediction and the convention closed.

PSI Objective Is Reached

The PSI sponsored Stormont, Dundas and Glengarry Community Health Plan reached its objective early this week. PSI spokesman, Charlie Stone, told this newspaper that the rapid and general acceptance of the plan by County residents indicated an awareness of the need for comprehensive medical care.

The plan offered to the United County residents is PSI's comprehensive Blue Plan which was previously available only to employed groups. All United County residents are eligible to enrol during the enrolment period. There are no restrictions because of age or condition of health and coverage is provided for chronic or pre-existing conditions.

To further facilitate enrolment, PSI is opening temporary information centres at the following locations: On Tuesday, May 25th only, in Alexandria at 2 Main St., telephone 989. On Thursday, May 27th only, in Winchester at the corner of Main and St. Lawrence (Keyes Tot Shop), telephone 774-2209, and on Friday, May 28th only in Morrisburg, store No. 31 (next to the Dutch Shop), telephone 543-2417.

Mr. Stone cautioned that no applications can be accepted after the deadline and urged that residents wishing to enrol contact one of the PSI Information Centres as soon as possible to avoid the possibility of being overlooked.

AUDITOR'S REPORT - TOWNSHIP OF LANCASTER, 1964

The Reeve and Members of Council,
Corporation of the Township of Lancaster,

North Lancaster, Ontario.

Gentlemen:

Pursuant to our appointment as auditors of the Corporation of the Township of Lancaster we have audited the financial records of the Corporation, the Township Public and Separate School Boards and the Glengarry District High School Board for the year ended December 31, 1964.

The results of our audit are presented in this report which includes: (1) Comments; (2) Opinion; and (3) Schedules as shown in the preceding index.

SCOPE OF AUDIT

Having regard to the regulations of the Department of Municipal Affairs respecting municipal audits, out audit comprised the verification, subject to the qualifications hereinafter set forth, of the assets and liabilities of the Corporation at December 31, 1964, together with an examination of the operating accounts for the year ended on that date. In the latter connection we made a series of tests of revenue and a detailed audit of expenditures.

COMMENTS

We did not verify the title to real property owned by the Corporation or the school boards nor was a list of the equipment owned by the Corporation or the school boards nor was a list of the equipment owned by the Corporation presented for our examination.

Debenture debt assumed from other municipalities for the Glengarry District High School Board in the amount of $67,985 has been taken from a schedule supplied by the Town of Alexandria. This amount does not agree with the records of the Glengarry District High School Board nor does it conform to the liability as shown on the Corporation's financial statements at December 31, 1963. In our opinion this liability should read approximately $98,000.

Temporary loans in the amount of $120,000 outstanding at December 31, 1964 are in excess of 70% of uncollected revenues for the current year as provided under Sec. 329 (3) of the Municipal Act.

We are not in a position to determine the adequacy of the insurance coverage carried by the Corporation and the school boards.

In the absence of general ledgers it was not possible for us to prepare capital balance sheets for all school boards.

We were unable to verify school board receipts from miscellaneous sources and in some instances proper vouchers were not submitted in support of disbursements.

No fidelity bonds covering the Secretary-Treasurers were carried by the school boards of P.S.S. Nos. 1, 4 and 16 and R.C.S.S. No. 1.

AUDITORS' OPINION

Subject to the qualifications concerning:
1. The title to real property;
2. Debenture debt assumed from other municipalities;
3. Temporary loans;
4. The insurance coverage;
5. School board capital assets;
6. School board receipts and disbursements;
7. School board fidelity bonds.

We hereby report that in our opinion:
(1) The financial transactions which have come under our notice have been within the powers of the municipality.
(2) The audit has been conducted in accordance with the instructions of the department of Municipal Affairs.
(3) The financial statements present fairly the financial position of the municipality as at December 31, 1964 and the results of its operations for the year ended on that date.

WAS 90 MONDAY

One of Maxville's oldest citizens, Frank Douglas Schell has reached another milestone. On Monday of this week, May 17th, Mr. Schell observed his ninetieth birthday anniversary at his home here, where he has resided alone since his retirement.

He was a brick layer of high repute and many are the works of his hands throughout the length and breadth of the district—proof that when Frank Schell did a piece of work he did it well. He is an apt reader of good literature, a lover of little children and all the beauties of nature and despite his advanced years he still retains all his faculties.

CWL HAD MEETING

Attendance was very good at the May meeting of the Maxville CWL. This meeting was preceded by a potluck supper to celebrate one year since organization. May, being the month dedicated to Our Blessed Lady, the rosary was recited by all members lead by Mrs. Duncan MacDonald, spiritual convener.

The sum of $40, made by the sale of roses on Mother's Day, was sent to the missionary sisters. Mass in honor of Our Lady of Good Council, held April 26, was well attended. Four members from our council made the CWL retreat in Alexandria the first weekend of May.

Mrs. Allan Douglas read an invitation to all members to attend a banquet in Cornwall all on May 23 and also the annual diocesan convention in Alexandria on May 24.

Mrs. Ovila Doth reported that clothing was distributed to less fortunate families. The CWL is also willing to dress any children in need for their First Communion and Confirmation on June 6.

UNIT TWO, UCW MET

The May meeting of Unit 2 of Maxville UCW was held at the home of Mrs. Harold Willis. The leader Mrs. Howard McEwen, opened the meeting with a question "Is this New Age a Catastrophe or an Opportunity"? Her remarks and the Bible reading were an introduction to our sturdy "God is History". This was followed by prayer. Secretary, Mrs. Donald Munroe read the minutes of the April meeting. Thirty-one answered the roll call.

Convener of Community Friendship and visiting committee, Mrs. C. B. McDermid, reported that 56 cards and letters had been sent during the first four months of 1965. She stressed that this important phase of our work is the privilege and duty of each member. Librarian, Mrs. Florence McNaughton reviewed several books from our Circulating Library.

Mrs. Harold Willis, secretary of the Christian Education committee, reported many planned activities made by that committee at a recent meeting.

The function of United Church Women was read in unison after which Mrs. Donald McEwen, president of UCW made an appeal for delegates to attend the Glengarry Presbyterial in Newington on May 7th. Reports of the Presbyterial will be given at the general meeting, May 11th, which also is Citizenship night. This program will be under the leadership of Mrs. Eddie Hunter convener of Citizenship department.

Tentative plans for a picnic meeting to be held on June 29th were brought forward by Mrs. D. C. Munro. Leader of Group One, Mrs. D. A. Campbell, presided for the remainder of the meeting.

ON HOLDING THE LINE

With the first long weekend of the summer coming up, I'd like to take a little space in the column to pass along some statistics on the highway-accident picture in Ontario, and congratulate drivers for the remarkable showing made last year in holding the death rate down. The Bell's interest in safety is, I believe, well known, and the fact that the Company operates the largest fleet of vehicles in Canada makes road safety all that more important to us.

According to figures released by the Canadian Highway Safety Council, Ontario highway accidents took 2,424 lives last year — three lives more than in 1963. Apart from Newfoundland, which actually lowered the number of deaths, Ontario's increase of roughly one-fifth of one per cent is almost incredible — especially when compared to neighboring Quebec and Manitoba, where deaths tragically increased 20 and 11 per cent, respectivtly.

I sincerely hope that as we take to the road this summer we will not only continue to hold down the death rate, but actually begin to pare it away as in Newfoundland. Our highways will become safer and safer for all of us if each one — driver, passenger, pedestrian and cyclist alike — will accept a continuing responsibility to see that they do so. Summed up very simply, this means that Road Safety is everyone's responsibility, and all the time. Right?

OUTDOORS AT HOME

I wonder if Canadians would be so appreciative of the spring and summer if Canada had a warm climate all year round? Well, no matter, the fact is that we don't have a warm climate all year round, and so we take as much advantage of it as possible while it's here. This doesn't only mean trips and excursions and picnics and the like, but "outside living" on the porch, patio, or under the family trees. And this can sometimes present a problem because "inside living" still has to go on as well. For example, the telephone is probably considered a part of "inside living" by most people — perhaps because it's more or less "tied down" by a wire. Yet there are two solutions which let people enjoy as much "outside living" as possible while still keeping in easy touch with friends. One is the Bell Chime, which can be set to ring loud enough to be heard outdoors (it also has a regular ring, plus a soft musical tone that's perfect when a family member is resting). The other is a portable extension with a weatherproof jack. What would you do with an outdoor extension during the winter months? — Well, you take it back in with you and use it as a regular extension! If you're interested, we'd be glad to tell you more about it — just give us a call at our business office.

ing public use.

Seems the kids aren't the chief culprits. People who'd scream if a cigaret ash was dropped on their carpeting, think nothing of throwing even an empty beer bottle on someone else's lawn. The streets are theirs too, but they treat them like dirt, liberally littering without a second thought for the litter cans.

If the Board of Trade has a few extra bricks it might in desperation try the trick being used in Providence, Rhode Island. The civic clean-up committee plans to place 25 one-dollar bills in empty cigarette packages and other paper littering the streets. Anyone picking up the proper paper will be richer by a buck.

It just might make us more litter conscious. But Alexandrians are such litter-buggers they'd probably pocket the dollar and throw the paper back into the sidewalk, rather than into the nearest can.

Littering is a difficult thing to eradicate. It's easier to drop what's unwanted than discard a bad habit.

lives?

Not only that, but consider the other poisons that are absorbed every day by the young lad (or lass) for whom this additional one is supposed to be intended. In the morning he brushes his teeth with a toothpaste full of sugar and containing a fluoride of which he naturally swallows some. (Some children like it so much they swallow a great deal). If he drinks coffee he gets caffeine, in his toast he gets a bleach called "agene" and a number of other poisons. (The Pure Food and Drug Act of Canada permits the use of 300 poisons in the processing of foods). His jam may contain chemical flavoring and coloring which are poisons. If the dishes have been washed in detergents and not thoroughly rinsed, he gets some, and they being coal-tar products are carcinogens (cancer-causers). (I expect to see a great increase, in 10 years or so, of skin cancer among women whose hands are regularly exposed to detergents).

On his way to school, along a highway or city street, he breathes in fumes from cars, trucks and buses which destroy more of his red blood corpuscles. At noon he eats meat which has been "tenderized" by an injection of a drug, and had monosodium added, potatoes, other vegetables and fruits which have absorbed, by capillary action, poisons from artificial fertilizers and pesticides. The "iodized" salt contains potassium iodide, the pickles contain sodium benzoate and the green juice in the leafy vegetable and salad is chlorophyll. If he smells the javex his mother has used in the kitchen or bathroom, he is breathing in chlorine gas, if he eats a chocolate bar he gets a bromide, and soft drinks contain chemical flavorings and colorings as well as a large amount of sugar.

With such a daily intake of poison, can the child of today possibly live to the age of thirty, with or without teeth? . . . I wonder. At any rate, I think he is getting far too much already, without adding another.

I have noticed that ARDA are considering developing the Loch Garry region for "recreational" purposes. Does this mean that our water supply is going to be lined with cottages? If so, will this not lead to pollution? I have seen cottagers throwing garbage into the water at their doors, swimming in it, washing their dogs and cars in it, and running their boats on it. (Every time the motor is started, a beautiful rainbow of oil spreads out over the surface). If I were a young mother, I would not want to make up my baby's formula every day with water in which people had swum, thrown garbage, washed cars and dogs, and run motor-boats no matter how many poisons were added to it by the town at the pumping-station. I venture to hope that our Town Fathers, who I am sure have the citizens' welfare at heart, will take immediate steps to see that our water is kept safe from pollution, and that they will keep the weeds in the lake cut this summer, to prevent the recurrence of bloodsuckers and "swimmer's itch" this year.

Thank you, Mr. editor, for allowing me this space.

Yours sincerely,
Dorothy Hope Graham

GAELIC COLLEGE

Lochiel, Ont.

The editor,
The Glengarry News,

If Williamstown's earliest settlers were of Highland Scot. U.E. Loyalist stock, what could be more fitting than to include a Gaelic College in the restoration plans? Characteristic features of the Gaelic culture are portrayed at the annual Highland Games in Maxville, but opportunity to study the Gaelic language and to revive the Gaelic singing, is sadly lacking in Glengarry County.

A census compiled in 1852 by Col. Alexander Chisholm for Glengarry, showed a great predominance of Highland Scots. Of their descendants who still live in the county, few can read or write Gaelic. How many years since a Glengarrian has won the Gaelic Scholarship at Queen's University?

Yours truly
Edna M. MacMillan

Glens Score Eight To Show Improved Attack While Losing To St. Andrews

Another fine lacrosse crowd hovering on the 200 mark were at the Gardens Tuesday night and saw a much improved Glens Juniors squad match strides with the St. Andrew's visitors although losing 14-8.

The win was the third successive for St. Andrew's who are tied for first place with Cornwall. Alexandria have yet to be the victors but indications are bright that the Glens will hit the win column shortly.

A pair of goals each by Lee and Alguire of St. Andrew's with singles from Ferguson and MacGregor gave the visitors a two goal first-period lead as the Glens potted four, a double counter by McDonald and one each with McPherson and O'Brien the marksmen.

The second twenty was a throwback to old style box lacrosse with close checking and pattern plays that resulted in a 3-2 count. Alguire scored his third goal at the two-minute mark to give the visitors a 7-4 lead. Near the half way count McMillan tallied for the Glens and two minutes later Henry gave Alexandria a real lift as his tally brought the home forces within one goal of tieing the score at 7-6.

Before the period ended St. Andrew's regained their lead margin on goals by McAlear and Smith.

The visitors moved further ahead in the closing frame with a five goal effort. Alguire scored his fourth of the game while Blackadder, McAlear, MacGregor and Smith added singles. Alexandria's final two goals were twined by McDonald and O'Brien to make the final count read 14-8.

Next Tuesday night, at 8 o'clock, the Glens meet Alexandria's old rivals, Cornwall Island Indians, playing as Massena Warriors.

AUDITOR'S REPORT - TOWN OF ALEXANDRIA

TOWN OF ALEXANDRIA

To the Mayor, Members of Council and Ratepayers
Municipality of the Town of Alexandria,
ALEXANDRIA, Ontario.

Pursuant to our appointment as auditors of the Municipality of the Town of Alexandria, we have audited the books and accounts of the Municipality and its related Boards and Commissions for the year ended 31st December, 1964 and have prepared therefrom the attached statements as set out in the preceding index.

Subject to our comments relating to the Waterworks Department, we have obtained all the information and explanations we have required.

CAPITAL AND LOAN FUND BALANCE SHEET

ACCOUNTS RECEIVABLE — $519.22

This represents drain and sewer expense being recovered over a period of years as agreed by Council. We are not aware that approval of the Ontario Municipal Board has been obtained to defer collection of these accounts nor the financing of them out of current funds.

REVENUE FUND BALANCE SHEET
CASH ON HAND AND IN BANK

We have reconciled all cash and bank balances and have obtained confirmation of all bank accounts. All monies reported to have been received are deposited in the bank and all payments are made by cheque.

INVESTMENTS

We have received confirmation from the banks of investments held for safekeeping and have accounted for all revenue therefrom. The other investment represents a long-term trust deposit of funds being held temporarily on behalf of the Water Works Capital Account.

ACCOUNTS RECEIVABLE

The sundry accounts receivable in the amount of $170.00 and amounts due from other Municipalities in the amount of $1,008.33 represent, largely, long past due accounts. We would recommend that your Council review these accounts and determine whether or not they are collectible. If they can not be collected appropriate action should be taken to write them off.

TAXES

We have examined and tested the 1963 Assessment and Collector's Rolls and have sent verification notices to all of those shown to be in arrears.

BANK OVERDRAFT AND TEMPORARY LOANS

The bank overdraft and temporary loans in the amount of $67,012.17 exceed the borrowing limit permitted by Section 329(2) of The Municipal Act R.S.O. 1960, and so far as we are aware, no permission has been obtained for this additional borrowing. We would point out the provisions of Section 329(2) with respect to penalties which could be incurred.

DEFERRED REVENUE

In determining the 1963 residential mill rate, there was an under-application of Unconditional Grant in the amount of $5,064.15. At the suggestion of the Department of Municipal Affairs, this amount has been brought forward as a deferred revenue and should be taken into account in preparing the 1965 budget.

We would recommend that the over and under levies as set out by Schedule 8 be taken into account in preparing the 1965 budget.

RESERVES

The 1964 budget provided for the setting up of a reserve for working funds in the amount of $9,729.85. We would recommend that this reserve be increased out of future budgets to an amount considered adequate for the proper financing of the Town's affairs.

DEFICIT

Tht 1963 accumulated surplus of $9,729.85 was included in the 1964 estimates, and prior year adjustments amounted to a net of $3,339.18. The deficit for the year amounted to $5,565.71 and the accumulated deficit to $8,904.89.

GENERAL COMMENTS
ASSESSMENTS

Certain fixed assessments had been granted which appear to be contrary to Section 379 of The Municipal Act R.S.O. 1960, which is now repealed.

INSURANCE

As there has been no appraisal of insurable values we have been unable to report on the sufficiency of insurance carried. Schedule 19 sets out the insurance coverage and we would again recommend that a review be made, particularly of the coverage on the Public Utilities office building and filtration plant. Schedule 20 sets out the officials who are bonded and the extent of their bonds.

We would again recommend that the Council review the coverage of the Fidelity Bonds and determine that the amount of coverage is adequate having regard to the funds under their control.

PUBLIC UTILITIES COMMISSION—WATERWORKS-SYSTEM

The amount of $14,425.90 shown as "Due from Town Revenue Fund" represents unexpended debenture funds of the Waterworks Department. We would point out the provision of Section 303 of The Municipal Act R.S.O. 1960 with respect to unexpended debenture funds.

There has been no proper control of Waterworks revenue and we have not been provided with all the information and explanations we have required. We have been unable to determine that all revenues billed or received have been properly recorded in the books of the Department. At the request of your Council we are presently carrying out a further investigation of these records and will be reporting thereon in due course.

PUBLIC UTILITIES COMMISSION—HYDRO ELECTRIC SYSTEM

These statements have been prepared in accordance with methods adopted by the auditors of the Ontario Hydro Electric Commission.

We have endeavoured to comply with the regulations of the Department of Municipal Affairs.

CERTIFICATE

Subject to the above comments, we hereby report that, in our opinion:

(1) The financial transactions which have come under our notice have been within the powers of the Municipality.
(2) The audit has been conducted in accordance with the instructions of the Department of Municipal Affairs.
(3) The financial statements present fairly the financial position of the Municipality at 31st December, 1964 and the results of its operations for the year ended on that date.

SPORTS in the GLENS

by ANGUS H. McDONELL

We are writing this stint in our Laurentian Hotel nineth floor room, overlooking Dominion Square, Montreal.

Never before have we seen this hub of downtown Montreal exemplifying so much greatness and being so attractive.

A page has been plucked from the Spring flower fashion show program in the likes of Ottawa and Vancouver, as both the City of Montreal and the Sun Life have joined forces to put on a colorful eye-catching tulip display, flanked by manicured swards of Paddy green grass. Mother Nature lends a hand with the trees in new leafy shades of finery resembling debutantes. The tourists were having a field day with their cameras, while Montrealers, too, from park benches admired the setting in brilliant sunshine.

From our room window there is a semblance of New York. Dorchester Street traffic is dwarfed as it flows through the canyon of glass and stone created by, in part, the Bank of Commerce, Place Ville Marie, Hydro Quebec and the Queen Elizabeth Hotel.

However, there is enough left of the sedate old Windsor Hotel to retain pleasant memories of another era. The Sun Life Building and St. James Cathedral (now known as Mary Queen of the World) are surrounded, but not submerged, thus giving balance to the new look. Add a few horse-drawn "hacks" and this is still Montreal.

Looking down Windsor Street another change is taking place. This will be of interest to Glengarrians far away who retain nostalgic memories of this great North American city.

Mother Martin's, across the street from Windsor Station, soon will be no more. First to give way to progress was Drury's Steak House, then the famed Glengarry hotel officially known as the Arcade, and now it's Mother Martin's. The new CP hotel "Le Chateau Champlain" will gobble up the site to become a posh hotel that is intended to top all posh Canadian hotels. This will be Place du Canada.

However, Martin's, noted for fine cuisine and dining atmosphere since 1861, is relocating around the corner on St. Antoine, next to the Gazette building. We were told by manager Pol Martin that renovations call for an exact replica, moving everything from the famous paintings to the fine old bar and brass rail in the seafood room. This, many will be pleased to hear.

So as we pack our luggage, ends another pleasant weekend. Of course, the main objective was attending the Charles Fleetford Sise Chapter Convention, Telephone Pioneers of America, Queen Elizabeth Hotel.

The late Clarence (Mr. Telephone) Ostrom was always a faithful attendant, and this year three veterans of his former staff in the old Ostrom Exchange were on hand to carry out the tradition — Mrs. Hugh MacKinnon, Mrs. Harold Lapierre and Mrs. Angus H. McDonell (Hilda, Catharine and Bertha "Sandy Ranald" MacDonald).

HITHER AND YON

There was no Canadian entry, like Northern Dancer, in Saturday's Preakness, however, there was considerable hometown support behind the winning horse, Tom Rolfe, due to 24-year-old jockey Ron Turcotte hailing from Grand Falls, NB . . . Alex DaPratto, vice president, ODHA, accompanied by Mrs. DaPrato, left Wednesday by train for Victoria where the CAHA hold their annual pow-wow.

We liked the second period of Tuesday's game . . . the pace seemed slower but pattern passing plays were tried and frequently completed . . . St. Andrew's scored three while Ourtown netted two . . . "No", grinned De Geer as he lit another cigar, "but I'm sure that would be something." "Well," continued the former Canadien star defenceman, "the Irishman said "I'll bring the eats"; "I'll bring the drinks," assured the Frenchman. "That's fine," quipped the Scotchman, "I'll bring the family".

Ottawa's Ray Ashton, Jr. last Friday won the Canadian .410 guage championship at the St. Janvier, Que. shoot with a 94 score. Ray is a grandson of Ward Ashton, a noted former Alexandria resident and machinist in the flourishing days of Schell's Saw Mill and Foundry.

Kenyon Juniors Met

The first meeting of the Kenyon Junior 4-H Calf Club was held in the Maxville Community Hall on May 6, at 8 o'clock. Twenty members were present. The Agricultural Representative, Mr. Humphries, handed out pamphlets, signs, and booklets on the care and feeding of the calf.

The officers were elected as follows: President, Ewen Marjerrison; Vice-President, Billy Shields; Secretary-Treasurer, Carol McEwen; Press Reporter, Phyllis McRae.

Rod MacGillivray Widely Mourned

The community was shocked to learn of the death of Roderick MacGillivray which occurred so suddenly at his home in Cornwall, April 16th. He was 65 and due to retire in two weeks' time.

Mr. MacGillivray was the son of the late Mr. and Mrs. Donald H. MacGillivray and was born at McCrimmon's Corners. Due to ill health he had to quit farming and went to reside in Cornwall, where he was employed on the security force at Domtar Pulp and Paper Ltd.

He was very interested in sports, a member of the Canadian Legion at Cornwall, the Masonic Lodge AF and AM, Alexandria, the LOL, No. 771, MacCrimmon.

He is survived by his widow, the former Jessie M. MacCrimmon, three daughters, Mrs. Douglas Thompson (Reta), Mrs. Jack Hollingsworth (Sheila) and Barbara, all of Cornwall.

He was the last survivor of a family of six boys and one sister. A brother, Donald R., passed on three weeks ago at Maxville.

His remains rested at McArthur and MacNeil Funeral Home in Cornwall until Monday afternoon, April 19th, when they were conveyed to St. John's Presbyterian Church for service at 2 p.m., conducted by the pastor, Rev. L. MacLellan. Hymns sung were "The Lord's My Shepherd" and "Abide With Me".

The remains were conveyed to the vault at Woodlawn Cemetery for burial at a later date.

A delegation from Branch 297, Royal Canadian Legion, formed a guard of honor at the funeral home and the pallbearers were Melvin Vogan, Ross MacLeod, Charles Shayler, Roy MacMillan, Duncan MacDonald and Dougald MacGillivray.

The many floral tributes, sympathy cards and friends who called at the funeral home showed the high esteem and regret held in his passing.

Never get mad at somebody who knows more than you do. After all, it isn't his fault.

Presbytery Had First Meeting In Hawkesbury

For the first time in its history, Glengarry Presbytery of the United Church met last Thursday in Hawkesbury.

Until January of this year, Hawkesbury, and the neighboring charges of Vankleek Hill and Riceville had been part of Ottawa Presbytery. By action of Montreal and Ottawa Conference, however they were added this year to Glengarry Presbytery.

The minister of the Hawkesbury United Church, Rev. J. H. Lynn was elected chairman of Presbytery for the ensuing year.

Other elections were that of Rev. J. Clare Kellogg of Cornwall, who will continue as secretary-treasurer, and of A. A. Morrison of Ingleside, as statistical secretary.

The executive reported it had proved the calling of two ministers to charges within the Presbytery; Rev. George Clifford of Ottawa, to St. Paul's Church, Cornwall; and Rev. Cecil Dawson of Westmeath, Ont. to the charge of Long Sault-Lunenburg which will soon be created. By action of Presbytery, this new charge will come into effect on July 1, combining the former charges of Long Sault and Lunenburg.

This will be the fourth such amalgamation to have taken place in the Presbytery in recent years.

The chairman of Presbytery, Rev. W. A. Glazer of Long Sault, in Brantford in July, presided at the meeting. In a brief report of his year as chairman, Mr. Glazer spoke of the ferment in the church and its reflection within the Presbytery. It is not an easy time, he said, either for congregations or for ministers, but it is a challenging time and one that makes demands upon a Christian.

The Presbytery expressed to Mr. Glazer its warm appreciation of his work during the past six years and especially during his year as chairman, extending its best wishes for the future.

NEED IS CITED

Much of the afternoon session was given over to a consideration of the Christian Education Committee report. The convener of the committee, Rev. H. W. Giffin of Ingleside, spoke of the need for leaders at Camp Kagama.

Mrs. Giffin spoke of girls' work within the Presbytery, and particularly of the formation of a St. Lawrence Seaway Committee on CGIT work, embracing all the CGIT groups within the churches of this area. Presbytery endorsed the formation of this committee and appointed Mrs. Frank Gallinger of Long Sault, as the representative from the United Church on the committee.

Rev. D. G. MacKay of Williamstown, announced that recently 15 members from the Presbytery attended a rural life conference at Lachute, Que. Reporting on the conference were A. Fraser and L Shaver of Riceville, S. McNairn of Long Sault, and Mr. Glazer. Mr. MacKay announced it is hoped in the future to hold such a conference for this Presbytery.

In connection with missionary outreach, the Presbytery gave its approval to the holding of a mission Sunday when ministers will visit one another's churches to present the challenge of mission, on a Sunday to be chosen by the executive.

Arthur Boal, student minister at Newington, was transferred at his own request from Montreal to Glengarry Presbytery. It was also announced that Glenn Gemmell, student minister at Finch, has successfully completed his third year of training at United Theological College, Montreal. He was thereupon licensed to preach, and was recommended by Presbytery to the Montreal and Ottawa Conference for ordination.

Rev. F. E. Ball of Cornwall, who has been Protestant chaplin at the sanatorium at Glen Walter, asked to be relieved of this responsibility and Rev. D. G. MacKay of Williamstown, was appointed in his place.
