OPERATOR BOB MILLS AT CONTROLS

GTL installs giant computer

The largest "in house" computer in the Canadian trucking industry was installed this week in Alexandria. Glengarry Transport Ltd. owns the huge machine which is also the seventh largest in North America.

The friendly giant is an IBM System Three Model 15 computer which will be a marked improvement over the present system. The machine operates on a magnetic system which records the information on magnetic diskettes and information is fed directly into the processing unit. It feeds back information at 465 lines per minute.

The acquisition will handle all accounts receivable, issue the payroll, and record up to the minute inventory of company equipment. It is expected to cut the workload and double the output of the computer it is replacing at the company.

"Business on Wheels," in a publication featuring Glengarry Transport, writes: "Expanding rapidly as it has been doing, Glengarry Transport must and does keep abreast of developments in the electronic data processing world. Today, the management team utilizes computers to the greatest extent possible, not only for operational information but also in the timing of vehicle replacements. Decisions of the latter type are made on the strength of computerized truck costing reports issued every four weeks." These will now be processed on the company's own IBM System Three.

The article goes on to say: "People who thrill to the sound of bagpipes will tell you that Glengarry County is the home of the annual Glengarry Highland Games with their hundred pipe bands. Others who prefer the sound or hum of tractor trucks and trailers speeding along the highways may be more likely to associate "Glengarry" with the fast growing transport company of that name. With over 1,000 of these Glengarry vehicles on the roads of Ontario and Quebec, many of our readers have undoubtedly spotted those white and yellow trailers with the letters GTL along the sides in contrasting black."

Closing business

Mr. and Mrs. Roddie Dubeau who have conducted Dubeau's Confectionery adjacent to the Town parking lot have decided to close their store. A wholesale firm will be occupying the building in the near future.

Nursing home auxiliary project of Daughters of Isabella

Alexandria Circle 919 of the Daughters of Isabella will serve as an auxiliary to the Alexandria Community Nursing Home.

A special meeting of the group was called following a visit to the new home where the administrator and director of nursing emphasized the need for help with the elderly residents. The women decided they would undertake this work of charity.

As so many of the old people were accustomed to going to church all their lives, the ladies decided to furnish one corner of the auditorium with facilities where services or devotions may be carried out permanently. Mass will be celebrated in this area on the First Friday of each month and the elderly may feel they have a "prayer corner" where they may spend time if they wish.

The executive committee is made up of: Rev. Gilles Deslauriers, spiritual director; Annette Desrosiers, Eva Lefebvre, Laurette Massie, Melina Vaillancourt, Yvonne Carriere, Melvina Meilleur. These along with some 25 members of the Circle, will give their time to whatever may alleviate the task of the personnel at the home.

Last Saturday, the Daughters of Isabella presented to every mother a potted begonia plant in bloom, as a small gift for Mother's Day. Wednesday, May 12th, Rev. Denis Vaillancourt was to celebrate mass at 11 o'clock. Again the Daughters of Isabella will be on hand to help those unable to walk. Many residents are in wheel chairs and considerable time has to be devoted to them.

Water level recording station to be installed at Glen Nevis

A water level recording station will be installed on the Beaudette River in the Glen Nevis area. Permission to erect the station was granted to Environment Canada by Lancaster Township Council at its meeting held on Wednesday, May 5th.

Gerald Carriere, Lawrence St. Denis and Robert Glaude were present as a delegation requesting additional work on the Charlebois drain on Lots 18 and 19 in the Third and Fourth Concessions. Authorization to construct the Fourney drain under by-law 307-76 was also given first and second readings.

Due to the heavy cutback in loans for tile drainage only new applicants will be considered.

A donation of $15 was granted to the Cornwall Branch of the Multiple Sclerosis Society.

NEW TROPHY FOR SPORTSMEN'S DINNER—The Maxville Lions Club has donated a new trophy to the annual Sportsmen's dinner. The Dr. John and Margaret Mutch Trophy will be awarded annually to the top female athlete in Glengarry. Seen above is Maxville Lions President Merton Casey (centre) presenting a cheque to cover costs of the trophy to Alexandria Lions President Jacques Trottier, left, and Chairman of the annual dinner Duncan Macdonell (right). Another trophy is being donated by the Glengarry Soccer Club.

School levy up 10 mills

Alexandria Town Council met Tuesday night but the session was brief due to the absence of Mayor Bruno Massie who is hospitalized for a few days. Councillor Fern Seguin was also absent.

Reeve J. P. Touchette was in the chair.

An additional $50,606 will be required from the public school supporters in Alexandria, it was learned when the Stormont, Dundas and Glengarry County Board of Education presented its budget requirements.

The primary school levy is $75,982, an increase of $11,489 while the secondary school is $149,692, an increase of $39,119. This will mean an additional 10-mill increase to ratepayers.

The chief resolution dealt with the lagoons—"That the Ministry of the Environment be requested to allocate money this year for the improvement to the waste stabilization ponds in Alexandria for the following reasons: (1) Consolidated Textiles and the Town of Alexandria have reached an agreement on cost sharing after lengthy negotiation which lasted over six years. (2) The Ministry of the Environment has earlier this year indicated that money was available for the construction project to be made in 1976.

The town stenographer filed a letter of correspondence asking for an increase in her salary comparable to the rate paid other town employees. An increase of $1.55 per hour was granted.

A letter from Ontario Hydro requested that a representative be given a hearing at the next meeting to discuss the take-over of the street lights.

The Raisin Region Conservation Authority also advised of their summer project soon to begin.

Norman Laperle and Bruno Lalonde were delegated to attend a meeting of Cornwall Council. Mayor Parisien had invited a representation from Alexandria to be there to discuss the building of a regional airport.

Word has been received from the Ministry of Transport that part of the road grant will soon be forthcoming.

Water rates go up in July

Higher water rates will go into effect here in July, Alexandria's Public Utilities Commission announces in this issue.

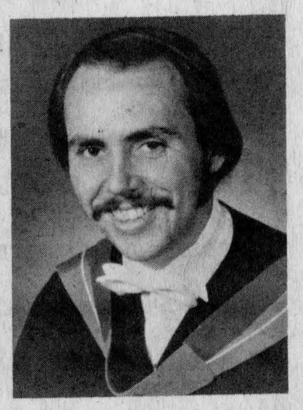
The increase for domestic and non-metered commercial customers will be $1.50 a month to $7.50. They will be billed every four months in the amount of $30.

Rural users of our water, domestic and non-metered commercial, will pay $9.00 per month and will be billed each four months at $36.

Metered industrial and commercial customers increase from 80 to 85 cents per thousand gallons and they will be billed monthly. Industrial users will no longer have a minimum rate.

New service connections for rural customers will entail a $200 fee.

Water consumption is now divided almost half and half between domestic and commercial users, reports Laurent Poirier, PUC general-manager. New rates in recent years have been designed to more equally share costs of water between the two categories.



GRADUATED AS DENTIST—Francois Claude Lalonde, B.A. (Ottawa) son of Mr. and Mrs. Bruno S. Lalonde of Alexandria, recently obtained his degree as doctor in dental surgery at the University of Toronto. He will now be engaged in the practice of dentistry in the Alfred Medical Centre in Alfred, Ontario.

Fertilizer gone from farm gate

A Lochiel farmer who had six tons of fertilizer stolen will probably be looking with envy at lush crops not too many miles from home and wondering if his $1,000 helped the garden grow.

William Van Der Byl had left the fertilizer where it was delivered, right inside his farm gate and before he had time to spread it, someone removed it through the night. The farm buildings are some distance from the road.

A neighbor coming home from a night meeting had seen a panel truck stopped outside the gate but not realizing what was happening, did not stop to investigate.

"If it was removed in such a light truck, it would have had to make about three trips to take it all, so it couldn't have been delivering too far away," comments Mr. Van Der Byl.

Lancaster Provincial Police are investigating.

School closings discussed at joint meeting

A joint meeting between the School Committees of the Lancaster Township Area Public School and the Lancaster Public School was held Monday, May 3, in Lancaster Public School.

Several subjects were discussed. Among them were recent purchases of recreation equipment for the Township School and proposed purchases for the Lancaster School.

A discussion followed regarding who had the right to close the school due to bad weather, in order to prevent the principal and teachers from having to battle their way through impassable roads to be at school even though the school buses had been cancelled.

The S. D. &. G. County School Board has a definite policy on this problem set down for all School Boards by the Ministry of Education in Toronto. The policy states that only the School Board can make the decision to close a school or all the schools in the

Massed bands will play twice

Some pipe band judges from Scotland are a possibility for this year's Glengarry Highland Games on July 31st.

Members of the Games committee got this word Saturday when they met with officials of the Pipe Band and Pipers' Society of Ontario at Maxville to discuss plans for the Games. Society President Tom Weir of St. Catharines and Secretary Bob Allen of London, Ont., were in Maxville for the meeting.

Pipe bands are demanding higher allowances for travel, judges' fees are up and costs of publicity will add to the Games' overhead. As a consequence admission is being raised from $2 to $3 but there will be no change in grandstand prices.

It was reliably reported there will be no Games at Brockville this year, the day following the Glengarry Games. This could affect the number of bands coming to Maxville and it will probably mean more bands will remain in the area overnight, with resultant informal ceilidhs.

Games' Secretary John Jamieson reported the volume of inquiries suggests a still bigger and better games featuring the Clan MacLeod reunion.

15-day term for UIC offence

A 15-day jail sentence was imposed on an Apple Hill resident, Real Lalonde, 28, found guilty of three counts of benefit fraud from the Unemployment Insurance fund. The accused had received overpayment of $358 involving a three-week period from May 4, 1975 to May 24, 1975.

Judge Patrick White heard the case in court here Monday. There was no option of fine.

Maxville arena awaits decision

"Officially, our arena has not yet been condemned," Reeve Hubert Quart of Maxville told the News early this week. "However, on March 17th the Ontario Ministry of Labor asked us to prove it was in fit condition to operate another season. We were given two months to do this."

"We obtained the services of M. S. Thompson, a firm of consulting engineers in Cornwall," Mr. Quart continued, "and Mr. Thompson told us he thought the arena would fail to meet current standards. He has not as yet presented us with the official appraisal. We will not have this for about another week, so until then we will not be making any concrete decisions."

"The Ministry complaint is that the roof will not bear up under a load of heavy snow but we were always careful about this—we never allowed snow to accumulate," notes Reeve Quart. "Sometimes this cost us a lot of money but it was a precaution we felt was justified.

"However, if this building is condemned we will certainly consider a replacement. We already have estimates on another structure and we are thinking of a site near the fairgrounds where the building would have more summer use as well and there would be parking facilities.

"We would prefer to have a new building right in town but parking space is important. We especially found this out last winter when Alexandria was using it so much, and there were more cars around than usual.

"We can't build all by ourselves, but until we know for certain what to plan, we cannot make any proposals to the surrounding townships. However Kenyon and Roxborough people have been making use of the building for years, especially in the minor hockey program so these ratepayers will feel the loss of our arena very keenly as well. We trust they will be expecting to help us do something about it," concluded Reeve Quart.

Committee studying history of the old mill on the square

Bud MacDougald of Toronto, president of Argus Corporation, one of Canada's largest and most diversified holding companies, is a grandson of Glengarry, it is noted in a report presented to last week's meeting of the Glengarry Historical Society.

A son of the late Duncan J. MacDougald, at one time a prominent stockbroker in Toronto, Bud MacDougald is a grandson of John A. MacDougald a native of the Fourth Kenyon and who later served as Registrar of the Surrogate Court for the United Counties in Cornwall.

Mr. MacDougald's grandfather was associated with Hon. Donald A. Macdonald who built on the mill property originally and that accounts for the introduction of his name into a report on the old mill prepared by a special committee. Made up of Robert B. Kerr, Fourth Kenyon, Sister St. Clair, St. Margaret's Convent and Dr. Wilfred Johnston, the committee is looking into the history of the mill property, possible uses to which it could be put and ways and means of achieving that end.

A representative of Heritage Canada was here last week to see the property and advise the committee.

A summary of the report to the Historical Society points out the first mill in what is now Alexandria was erected in 1819 by Rev. Alexander Macdonell of St. Raphael's, later to become the first Bishop of Upper Canada at Kingston. Alexandria was then known by the Gaelic version of Priest's Mills and the first mill, for grinding grain was on the south side of the Garry River, behind the present Simpson Sears catalogue office.

Father Macdonell bought all of lot 38 in the 2nd Concession of Lochiel in 1823 and later sold to Archibald (Archie Breach) McDonald who erected a sawmill to the east of the dam. He also built part of "Garry Fen."

In 1844, Donald A. Macdonald (a brother of John Sandfield Macdonald) purchased all of lot 38. At age 26, he was a successful businessman who had been involved in construction of the Beauharnois Canal. He built an ashery on the banks of the mill pond, put up a carding mill and added a circular saw to the sawmill.

After destruction by fire of the grist mill and carding mill in 1848 Mr. Macdonald rebuilt a stone mill on the site of the carding mill and abandoned the original site. Donald MacPhee had charge of the mill which contained an old-fashioned breast wheel, 12 feet in diameter, and which needed a lot of water to power it.

Grant to fund summer camps

An Experience '76 grant in the amount of $3,500 has been received by an area resident, a student at GDHS, to finance a summer day camp.

Applications will be sought for seven openings on a staff that will operate day camps at Laggan, one day a week, at Glen Robertson and Dalkeith two days a week. The camps will operate from 9 a.m. to 4 p.m. from July 1st to Aug. 22nd.

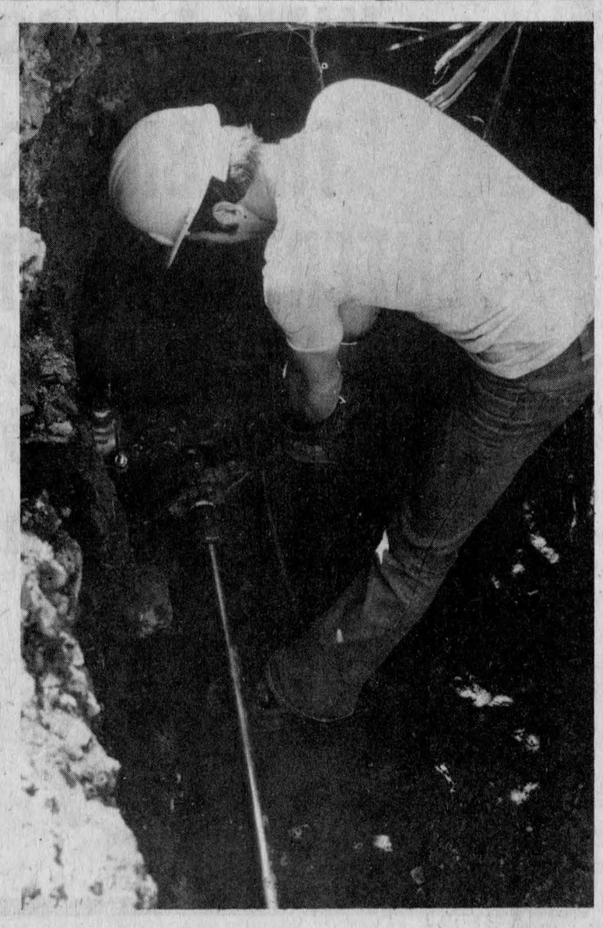
Early start on road work in Alexandria

Roads foreman Jean Guy Levert and his crew on Monday started the reconstruction of St. George St. east from Main to Bishop. The street is being excavated to a new base and there will be a new sidewalk on the south side and a curb on the north.

The block of Dominion Street between Kenyon and Catherine will get attention next and then Catherine and Centre from Main east to Sandfield. Plans are to restore traffic on Catherine each night because of the post office.

The work is expected to take two weeks and the Counties crew will then lay the asphalt surface.

The top photo shows Jean Guy Levert and his town workmen hard at work on the St. George Street project, with the Ministry of Agriculture offices on the right. The PUC are preceding the work of the road builders by replacing all iron service connections with new copper pipe. In the lower photo PUC workman Larry Larocque is doing just this on Catherine Street before the street break-up starts. Staff photos by Barry MacDonald.



CNR veteran died at Capreol

A CNR employee since 1910 and a resident of Capreol since 1944, Angus MacDonald died suddenly on Friday, April 30th, at his home, 99 Young St. in Capreol. He was 85.

Mr. MacDonald was a master mechanic when he retired from the railroad in 1955.

Born at Greenfield, he was the son of Archie John MacDonald and Christena MacDonald of lot 23-4th Kenyon. On Sept. 19, 1923 he married the former Margaret Kennedy of the 4th Kenyon.

Mr. MacDonald served in World War One for four years, rising to the rank of sergeant-major. He returned to the CNR after the war and was stationed at Hornepayne until moving to Capreol in 1944. He lived there since, with the exception of two years in Toronto.

Mrs. MacDonald died in 1959 and he is survived by four sons, Kelvin of Ottawa; Lawrence, Grant and Allan of Toronto; one daughter, Mrs. Charles Larmondin of Capreol. Fifteen grandchildren also survive, as do two sisters, Sister Marie Regina of Adrian, Mich. and Mrs. Katherine Kelly of Syracuse, NY.

A member of the Church of Our Lady of Peace in Capreol, Mr. MacDonald was a member of the Fourth Degree, K of C; a life member of the Capreol branch, Royal Canadian Legion, and a life member of the Brotherhood of Locomotive Engineers.

The funeral was held May 3rd at Capreol with Rev. R. F. Venti officiating. A niece, Miss Margaret McDonald of Ottawa, attended the funeral and a nephew, John (Rory Archie John) MacDonald of Toronto, was a pallbearer.

Mrs. McDonald who celebrated her 88th birthday on Easter Sunday, is the mother of seven children, grandmother of 25 and great-grandmother of seven.

Following mass the family gathered at the home of her son and daughter-in-law, Mr. and Mrs. Gerald McDonald, Kenyon Street. With her to celebrate were: Mr. and Mrs. Finnan McDonald, Tracy, Bobby, Laurie, Ewen and Patricia of Williamstown; Mr. and Mrs. Archie McDougall and family, Alexandria; Mr. and Mrs. Tom Mosher, Wendy, Beth, Roy and Brian, Pointe Claire; Mrs. Cormic McDonald and family, Alexandria; Stuart McDonald, Karen and Clancy of Cornwall, and Mr. and Mrs. Christopher McDonald of Ottawa.

Mrs. Lacombe died Moncton

She spent many summers with her growing family at Glen Robertson until they moved to the East coast in 1952, when he was promoted by the Canadian National Railways to its Atlantic Region. She was an active member in several Service Clubs as well as a member of the Moncton Golf and Country Club.

Committee. . .

was not satisfactory and so D. A. Macdonald in 1855 erected a stone building immediately to the South of the grist mill and installed two boilers and an engine, completed in 1856.

The Montreal Pilot of Jan. 17, 1857, contains a full account of the reception and party which took place at Garry Fen to mark the opening of the saw mill, also a sketch of the mill. Montreal friends took the train to Lancaster where they were met by a procession of wagons to take the visitors by road to Alexandria. The party went on all night and the Montrealers returned to Lancaster to catch an early afternoon train the next day. Glengarry was considered an important grain growing area at that time and the local farmers participated in the party to also honor Mr. Macdonald for having installed steam boilers in the mill. This guaranteed year-round operation. During Mr. Macdonald's tenure as Lieutenant-Governor of Ontario (1875-1880) the mill was operated by A. B. MacDonald & Co.

McDonald and Kendal bought the mill in 1881 and overhauled it to operate a roller mill. It was sold in 1885 to J. O. and H. Mooney for $2,600 and was destroyed by fire a year later.

In 1902 the site was acquired by A. W. MacDougald, Fourth Kenyon (a son of John A. MacDougald) and others. The west end of the building was restored and enlarged to a height of 70 feet; a modern plants was installed, and was described as being "a splendid water power service."

Robert J. Graham bought the property in 1938 and operated a grist mill for many years. Two fires occurred during his ownership; the interior was gutted in 1944. United Co-op of Ontario purchased the property from Mr. Graham about 1950, discontinued actual grinding about 1960 and used it as store and warehouse until removal to a new building this year.

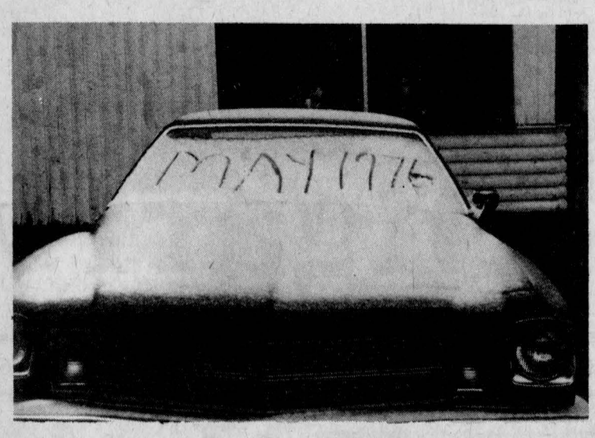
F. Jeaurond widely mourned

Ferdinand Jeaurond passed away May 2nd at Glengarry Memorial Hospital at the age of 71. Death followed but a few hours' illness. He had been a lifelong resident of Alexandria. Born in the 2nd of Lochiel, he was a son of the late Denis Jeaurond and Cecilia Quenneville. He married Ella Mae Lobb who predeceased him in 1963.

To mourn his death he leaves his second wife, the former Aurore (Billard) Secours, four daughters and one son: Alphonse of St. Catharines; Marie Jeanne, Mrs. Leo Therrien of Williamstown; Francoise, Mrs. Jean Fugere and Noella, Mrs. Gaston Blanchette of Ville Laval; Claudette, Mrs. Werner Kreische of Quebec City. Two sons Aurel and Laurent, predeceased him as did one sister, Mrs. Josephine Decaire. Tweny-nine grandchildren and seven great grandchildren also survive as do six sisters and six brothers. They are: Melvina Berlinguette, Vaudreuil; Emma Lauzon, St. Catharines; Marguerite Lapierre, Martintown; Albina Seguin and Florestine Lauzon, Alexandria and Soeur Denis de Jesus of Ottawa; Andre, William and Evariste of Alexandria; Jerome, Joseph and Isaie of Cornwall.

The very largely attended funeral was held Wednesday, May 5th from the Morris Funeral Home to Sacred Heart Church and St. Finnan's vault. Rev. Raoul Poirier and Rev. Denis Vaillancourt chanted the solemn mass of requiem.

Six grandsons acted as pallbearers: Laurent, Yvon and Richard Jeaurond, Denis and Robert Blanchette and Luc Therrien.



AND SO IT GOES—On November 20th 1975 we were swamped with 18.2 inches of snow on our first snowfall of the winter. On May 7th 1976 the memory lingers on as almost two inches blanketed the county to refresh our memories of a gruesome winter.

Mother's Day tea at Manor

Over 200 visitors, a record-breaking number, attended the annual Mother's Day Tea at the Maxville Manor on Saturday. The event is sponsored by the Auxiliary, and convened this year by Mrs. Alma Umphrey. The auditorium was beautifully decorated in shades of yellow and white, and Mrs. Dorcas MacDougall had provided two large baskets of daffodils for the stage. While the guests enjoyed an elegant salad plate and tea, Mrs. Caroline Clay played the piano and Mrs. Vera MacEwen sang Walter Goodwin's well-loved "That Wonderful Mother of Mine." All the resident ladies had lovely corsages which members of the Auxiliary had presented earlier in the day.

Over $200 was realized on the raffle of a quilt for which the Auxiliary purchased the materials and all the work was done and donated by Mrs. William McIntosh. The lucky winner was Mr. Norman Perron of Montreal. Mrs. Blanchette, regional representative of the eastern zone Homes for the Aged, brought greetings to the gathering.

TUG-OF-WAR AT MAXVILLE FAIR

Kenyon Agricultural Society has added a new twist to the entertainment bill of fare at its annual spring fair here. There will be tug-of-war events for both men and girls when the Saturday evening crowd gathers on June 26th. Actually the fair opens June 24th; and it runs until June 27th, which will again be a family day. Entries for the 10-man and 10-woman teams should be sent to Walter Blaney of Maxville. Entry fee is $10 per team. A trophy and cash prizes will be up for grabs to the top four teams, and it is hoped that entries will be attracted from a wide area.

MAXVILLE CWL BUSY WITH PROJECTS

St. James Council of the CWL in Maxville held a Pot Luck supper on April 28th following a mass in honor of Our Lady of Good Counsel. Several members were present.

A short meeting followed in which we discussed means of raising money for repairs to the church steps. It was also decided to make an afghan to raffle for a draw in the fall. Mary Palcich offered to make it for us. We also made roses for Mother's Day to be sold at the masses.

The Council will be putting on the birthday party at the Manor on May 27th. The meeting adjourned followed by a discussion with Father Lefebvre on the celebration of the mass. The Sisters were kind enough to lend us the use of the convent for our supper, for which we were very grateful.

Recreation centre at Lochiel to enforce order on grounds

by Carman MacMillan

The Glengarry Stars open up their soccer in the Ottawa League on Wednesday nights at 8 p.m. at the Father Gauthier Recreational Centre on June 2nd against Jodian Croation. The league this year is called the Premier 1st Division league. That is, the best eight teams are in the league. The Stars will be trying to defend the league championship that they won last season.

The league consists of eight teams: Glengarry Stars, Royals Soccer Club, Jodian Croation, Blue Hawks, Centennials, International, Ottawa Falcons, Maple Leaf Almarsh S. Club.

The teams in this league will also have a reserve division or team playing in a separate league. That enables the team to move players up and down in case of injury or illness. That gives the other seven clubs a total of 32 players they have to sign and also they can use any one of these players at any time. The only team that doesn't have a reserve team is the Stars as they don't fall under that part of the constitution.

Our home games this season will be played in Lochiel at the Father Gauthier Recreational Centre on Wednesday evenings at 8 p.m. The full schedule with time and dates of home and away games will be out by the weekend. The away games look like they are on Mondays or Tuesdays in Ottawa either at Mooneys or Brewer Park.

Don't forget our dance on June 11th at the Bonnie Glen with Sylvester MacDonald and the Clansmen.

The Father Gauthier Recreational Centre board is under fire again this year. The fault of this is on the players and spectators who come to play and watch the games. The complaint is too much drinking of beer and liquor going on by the spectators during, and by the players after the game. The biggest complaint was last season when a few spectators decided it was legal tender to drink in the open on the sidelines during the game. It is impossible for the committee to be at every game and check every car as it comes in to the field.

These few spectators must have thought it was smart to show off by being the only ones drinking. They certainly didn't care what price the other people and players had to pay for their stupidness.

It is illegal to drink beer or liquor at the Father Gauthier Park in Lochiel. If you want to partake in the spirits you only have seven miles to go to a hotel in Alexandria. The Park committee is under a lot of fire and so as not to hurt the good name of the park or the people responsible for its making are going to take a few steps.

The committee is going to have the OPP whether in plain clothes or in uniform, in a plain car or a marked car patrol the field. If anybody is caught drinking he will be charged.

For the teams who play in the park, we on the park committee would advise that if you want to, do your drinking at home after the game or in the hotel. Keep your park free of charges and if you see any spectators abusing the law, warn them that the police won't be far away.

SOCCER TEAM OFFICIALS—Finishing a successful season of indoor soccer at Ottawa, the Glengarry Stars were headed by, left to right, Coach Carman MacMillan, Co-Captain Norman Laliberte, Captain Hugh MacGillivray, Co-Captain Earl MacLennan, General Manager Gerald Simpson. They are seen with the plaque awarded the team as winners of the indoor league. Staff photo—Barry MacDonald

Men's fastball league opens May 30th

The Men's Fastball League will get underway on May 30th this year with five teams submitting their respective rosters. The drafting of new players has taken place and the teams have been practicing and loosening up pitching arms for the oncoming season.

The five teams involved are the Alexandria Builders Supplies, The Chippers, Bergeron and Hope, Glengarry Motors, and a Dalhousie entry. Interest is keen and a successful season is widely anticipated. The games will be played on Sunday afternoons, Monday and Thursday nights.

The Monkland team which played in the league last year did not submit an entry for this season.

Pat Killoran, last year's outstanding pitcher, will also be missing in this year's line-up and the league will greatly miss this player's colorful contribution.

School . . .

(continued from page 1)

system. The Board in turn has delegated this power to the Director, Mr. Leger.

On days when transportation has been cancelled, the onus is on the principal of each school to get to work or to delegate someone to be at school. The principal can, in this situation, telephone his or her staff and tell them to stay home with no loss of pay. Nor will the Board lose grant money because the school is closed. This rule is designed to protect the children in the event one should walk to school, and finding it locked, not be able to get in out of the storm.

It was also decided that at the end of this school term all members of both School Committees would resign and that in September there would be another joint meeting of parents from both schools to elect one School Committee to serve both schools.

Early May wedding

BOISVENUE—CLEROUX

A lovely spring wedding took place in Sacred Heart Church on Saturday, May 1st, at 4 p.m. when Sylvie Cleroux became the bride of Robert Boisvenue. Rev. Denis Vaillancourt officiated at the ceremony and Suzanne Viau provided the organ music while Lorraine Beriault was soloist. The bride's twin brothers, Luc and Claude were altar boys at the nuptial mass.

The bride is the daughter of Mr. and Mrs. Sylvio Cleroux of Alexandria and the groom is the son of Mr. and Mrs. Rene Boisvenue, also of Alexandria.

Given in marriage by her father, the bride was lovely in a floor-length gown of white pompadour with bodice and sleeves of sheer. The bodice featured a v-shaped frill edged with rows of yellow daisies which were also featured on the wedding ring collar. A matching Juliette cap secured her floor-length veil and she carried a Colonial bouquet of daisies and carnations.

She was attended by her sister Johanne Cleroux, and the groom's sister, Denise Boisvenue. They wore floor-length gowns of yellow and carried Colonial bouquets of yellow mums and mixed flowers.

Andre Boisvenue was best man for his brother and Michel Vaillancourt was usher.

The reception following the ceremony was held at Sacred Heart Parish Hall where the groom's cousin, Camille Martin of Lachute, acted as master of ceremonies during the supper hour.

For their trip to the Bahamas, the bride donned a light blue pant suit with carnation corsage. The couple will reside in Alexandria.

Out of town guests attended the wedding from Ottawa, Cornwall, Asbestos Mines, Montreal, Gatineau, Aylmer and Vanier.

ENGAGEMENTS

EWING—MILNE

Mr. and Mrs. William Ewing Sr., of Vankleek Hill, Ontario, announce the engagement of their daughter, Isabel Anne, to Mr. Peter John Milne, son of Mr. and Mrs. John A. Milne of Yorkton, Saskatchewan. The marriage has been arranged to take place on Saturday, the 26th June, at Knox Presbyterian Church, Vankleek Hill.

Attended conference

Sister Kathryn Cameron represented the Glengarry Arthritis Society at the Eastern Ontario Region Conference held in Trenton on the weekend.

The society which had been inactive in the county for some years was organized last Fall. The Knights of Columbus organized the collection campaign in the county and members have been lending their support to get the organization on a sound footing.

CWL marks 20th date

"The Catholic Women's League has been a model for other organizations in the diocese to follow," Rev. M. J. O'Brien told members of St. Raphael's CWL at their twentieth anniversary banquet held in Green Valley Pavilion on Wednesday, April 28th. Now pastor of St. Francis de Sales parish in Cornwall, Father O'Brien was parish director of the St. Raphael's group for 14 years and head of the diocesan organization for more than 25 years.

"The parish unit is the most important of the four levels in the organization," he said, "and young women should be encouraged to join, to keep up to date with discussion in the church and gain inspiration from each other."

The parish director, Father Scott, expressed his sorrow at leaving the parish where the women had played such a great part in the life of the Christian community.

The president, Mrs. Rudolph Levert, acted as master of ceremonies and called upon conveners for brief summaries of the year's highlights. Reporting were Mrs. Dorothy Graham, Mrs. Diane Sturkenboom, Mrs. Pat Major, Mrs. Marie MacDonald and Mrs. Audrey Chretien.

Among some of the accomplishments were: the work of the banner committee members who figuratively depicted the liturgical calendar throughout the year; the publication of the parish cookbook; support to Shalom House; the serving of lunch to bereaved families following funerals; the formation of the Friendship Club for senior citizens in the parish; the sponsorship of the Brownies; assistance to Sister Maejanet Macdonell's parish in South America. There are 83 members.

A film was shown explaining the preparation of children for their First Communion.

'From the old rail fence'

by Anna Margaret

"She may have bathroom privileges today," Doctor Bourdeau said to the nurse accompanying him on rounds at Glengarry Memorial Hospital. This, over my prone body which had been facing the ceiling for four successive days and wondering how the fingermarks could possibly have gotten up there.

Privileges, indeed! I pondered the word. For the nurse, or for me, I wondered, and realized it was for both as I beheld the smile when she marked her chart. Strange how I had never thought that being able to go to the bathroom by myself was a privilege. Alas! One has merely to be deprived of the ability to so fend for oneself for a time, to discover there are a great many privileges one has, which are not recognized as such.

The response to the call for assistance is answered promptly by both nurses or orderlies I found, and progress would naturally offer a choice of containers, even for females. One, I've heard called a slipper pan, was obviously designed by an architect who hated his mother and mankind in general and I could visualize him laughing fiendishly as he pictured the nurses carrying these vessels, their hands dripping. These inventions are shaped somewhat similar to a saucer and are about as effective. I'd suggest they be junked anytime in favor of disposable diapers to save the dignity of the patients and the up-chuck job of the nurses who have to change the bed and hose off the embarrassed victim therein.

Then there is the larger stainless steel variety. Strange, I thought I had covered all the rooms in the hospital on the open-house tour last year but I never noticed the deep-freeze room where these are kept.

The lack of bathroom privileges is also a painful experience if one is in a room with other patients and the stream of visitors goes on throughout the day. Custom frowns on the host or hostess yelling "I gotta go" in the middle of a pleasant conversation, but holding tanks are rather a standard size and there comes a time when restraint can only end in tragedy.

It may be coincidence but soon as a patient says, "I'm sorry about this but I've gotta go," the visitor immediately, but wisely, says, "Well, I'm sorry but I gotta go too," and makes up stammering excuses about the friends he has to visit down the hall. He knows that while curtains may be pulled around a bed this is no protection at all from a fragrance far removed from the scent of new-mown hay or fresh pine forests.

And so, when the privilege is granted in the hospital, it is a time for all-round rejoicing and prayers of thanksgiving as one realizes there are people who must endure this condition every day of their lives. Only experience makes one more understanding and sympathetic.

My stay in hospital was but a week, entirely unexpected and unscheduled due to a sudden muscle spasm in my back. But each time I spend some time in GMH as a patient, I feel we are indeed blessed to have such a building in our community. It has a small town, countryside, friendly atmosphere that must surely be an aid to recovery, and I find all the people who come into my room are a contribution to the morale of the place in their own way—the doctors who bother to say hello even when you are not their patient; the nurses who drop in momentarily even when they are on another ward; the maintenance men who tell you about the weather while they are adjusting the water pipes; the kind nurses, orderlies, x-ray technicians, therapists, waitresses and the lab folk. And while I've had a variety of fine people wait on me at different admissions, I've always been lucky enough to have Mrs. Levert, Mrs. Decoeur and Mrs. Dumouchel come around to keep the room in order and their everyday pleasantness must have contributed immensely to the recovery of a good many patients as well as my own.

There are a great many others who run the place one does not see each day and I can't figure out who told the ladies in the kitchen I was so fond of plums, but I suppose word gets around. Bless you ladies, you sent my favorite fare.

So to Gerry, Betty and all the folk who keep GMH a wonderful place to recover in,—keep up the good work!

No reason to rush

Town council is hesitant about ceding control of land in the Loch Garry watershed to the Raisin Region Conservation Authority. It has appointed a committee to begin serious negotiation with the Authority but most members of council would like further assurance of what use will probably be made of the 550-acre tract before the land is transferred.

We mean no reflection on members of the Authority when we express agreement with council's concern. There does not appear to be any reason for hasty action and we feel our town should retain some decision-making in the future development of a watershed whence comes our municipal water supply.

The Ontario government is now embarked on a policy of curtailed spending and we doubt there will be money voted for such conservation programs over the next few years. The Raisin Region Authority is already committed to a controlled flow in the Raisin River and to an extensive development at Gray's Creek. It will hardly be in a position to start improvements at Loch Garry in the immediate future.

Much could be done to improve our water supply but we doubt the Authority would be able to improve the stream bed where it is needed most, in the swampy morass just west of our lake.

Until the Authority comes up with plans for improvement of the watershed, and gets the green light for financing its work from Toronto, we see no reason to rush an agreement that would remove council's control over development of the tract in question.

Somebody loses, somebody wins!

Pity the poor distributors of Wintario lottery tickets. They've had their cut from the sale of Wintario tickets reduced for the second time since the Ontario government got into the lottery racket a year ago.

From now on the lottery distributors will get only 2.5 per cent on the first 100,000 tickets sold in their area and two per cent on remaining sales. That's quite a comedown from the seven per cent they were pocketting when the lottery was started last May. In July that excessive cream off the top was reduced to 4.5 per cent and now those poor area distributors are hit again.

Did we say "poor"? Those Wintario distributors are but going from affluence to Easy Street. Ever since that first Wintario a year ago, sales have been in the millions and the thirty or so distributors across the province have been dividing up a pot that may have topped a quarter-million dollars when they were blessed with seven dollars on every one hundred tickets sold. They were raking in that big money every two weeks, mind you, and even at 4.5 per cent their commission must have put them in a high income tax bracket.

At the lowly new rake-off of 2.5 per cent each distributor will be pocketting $2,500 on the first 100,000 tickets sold in his area. That seems like fairly adequate pay every two weeks, even if the local distributor personally delivers all the tickets to be sold by his retailers.

Lest he feel badly treated, Wintario will allow the distributor to add a half-cent a ticket to his commission on the first 100,000 of sales to cover advertising expenses. That adds up to another $500 every two weeks; and one is left wondering what advertising these distributors pay for. Could that be a kickback to party funds?

Wintario was a harmless way to replenish provincial coffers, we thought, until reading the statements of some prize winners who are in the habit of buying 40 or 50 tickets for every draw. No wonder ticket sales have been way above expectations if some people are spending so much so often in the slim hope of hitting the jackpot. And if so much is being spent for Wintario tickets, have these people any money left to meet their municipal taxes?

The lavish commissions being paid by Wintario and the millions being spent on recreation grants in a time of supposed retrenchment suggests perhaps we should have second thoughts concerning government lotteries.

These unions are right

Three labor unions whose members are affected by the drastic cutbacks in health care spending have demanded a full judicial inquiry into the entire question of what is to be done about the cost of hospital and medical care. We believe that their demand is fully justified, writes the editor of the Wingham Advance-Times.

In the two or three years prior to the introduction of the Ontario Hospital Insurance Plan in 1960 this column pointed several times to the danger of uncontrollable costs which were inherent in the scheme. This fear was not born of our own profound foresight, but rather by the demonstrated fact that the United States, with ten times Canada's resources, was afraid to provide a public service which might eventually bankrupt the nation. In fact, a nation-wide health insurance plan does not exist to this day, 16 years later.

Ontario's ambitious health care plan was enlarged later to include coverage for doctors' services as well as hospital costs. As predicted, the bill which had to be paid out of the public treasury mounted to the point where government felt forced to call a halt—and the halt was in the form of an order to close hospitals and cut back on the number of beds with little or no regard to the impact of that order on the communities affected.

There is no denying the pressing need for health cost controls. Continuing at the past rate of expansion, health care could eat us up at the expense of all other services we expect from government. The grievous error lies in the precipitate action which has struck fear into the hearts of patients and hospital staffs.

As the unions suggest, a full inquiry into the entire subject, conducted by people who are thoroughly acquainted with the problem and yet are completely neutral in their interests, is overdue. Merely chopping out existing health care facilities is not the answer. Like most other problems of major public concern, the high cost of health care has not been created by any single factor. Many over-priced supply and labor services have contributed to the dilemma—and it cannot be solved over night.

Overdue for critical examination are the traditional hospital procedures which are so complicated and time-consuming. Even small hospitals are snowed under by piles of paper, every sheet requiring the time of well-paid clerks. Admittedly the demand for forms, histories and documents has been born out of the rule that extreme care must be taken where human life is involved, but it is time to re-examine the entire records procedure. We live in an age which is highly conscious of and skilled at the development of more efficient methods.

Examination of the extremely high cost of almost everything purchased by hospitals and doctors would also yield some interesting facts and a system of competitive bidding might produce surprising reductions in pricing. Elimination of costly inspection services, often duplicated and triplicated by overlapping areas of responsibility, would save more millions.

There are dozens of hidden corners and cozy nooks into which a dedicated inquiry might poke its nose. Why not replace that wide-swinging axe with a nice, sharp probe? Let our health ministry people reach down for the roots of the problem instead of chopping off the branches.

NIGGER IN THE FUEL

Imperial Oil will no longer sponsor Hockey Night in Canada after the imminent end of this season and that suits us. We're more than a little tired of those commercials that show men searching for oil and gas on the Arctic shelf.

The message that this is an expensive business and still more money is needed to underwrite the search for new wells doesn't sit too well at a time when there are plans to boost the prices of fuel oil and gas another 10 cents a gallon or more. You know who's going to pay for all those new wells in the Arctic—you and us, the consumers.

For years and years we've been hearing how the rich mining and oil corporations require tax write-offs to help finance searches for still more mines and wells. Somehow they never get around to paying their full share of taxes because of this need to finance new searches for wealth. And yet these big corporations keep accumulating riches at the expense of us poor consumers.

They pump out Canada's natural resources and the governments split the profits with them by means of taxes on our consumption.

We'd say there's a nigger in the woodpile somewhere, if it wasn't that wood is obsolete as a fuel.

Higher gas and oil prices will leaves us paying through the nose, through the hose.

SUMMER'S SLOW IN COMING

You can't rush nature. Farmers learn that lesson early and your Rambling Reporter is having it brought home to him on the second weekend in May, as cold and miserable a time as we suffered through back in March. And with snow, yet!

Hard to credit the fact we were playing golf on a hot Easter Sunday in mid-April. That was the earliest start of the golf season we can remember and there was the promise of a record long summer on the fairways.

It may still be a good summer but that early start was too good to last. Rain and cold weather have curtailed our outings to no more than a half dozen and then Friday came that overnight snow to leave one completely disgusted.

Hard to keep us humans happy, isn't it? We spent the weekend cussing the cold and it's quite probable we'll be kicking again in a few weeks if a heat wave makes it uncomfortably hot for a game of golf.

Right now, though, we'll settle for an end to this cold weather—and no more snow, please!

Snow drops are not our idea of May flowers.

SHOOT THE LOBBYISTS!

The gun lobby is busy at Ottawa and across the land striving to discourage proposed legislation that would restrict the use of guns. The merchants of death must maintain their production and sales even though death and suffering are what they are sowing.

"Guns don't kill—it's people that do," you'll hear them argue and there's so little logic in such arguments one would think our legislators would send them packing.

People need guns for their own protection, is another empty argument when the truth is that many homicides involve the use of that very gun that was supposed to protect. It's true that too many of today's criminals are armed, but it's that factor the proposed legislation is supposed to discourage.

There is no earthly reason why anyone who is law-abiding should carry a revolver. The only way to discourage their use by criminals is by making the mere possession of these guns a major crime with a long prison sentence mandatory. As with revolvers, so with any automatic weapon that has only one purpose, wholesale slaught-

Weeklies say...

It's different now

Today there are increasing demands that the municipalities provide work instead of having able-bodied welfare recipients sitting on their butts.

In depression days it was the custom to have relief recipients cut wood or do other municipal jobs in order to receive a handout.

However, things are different now. By putting those receiving welfare on their payroll, municipalities must pay Workmen's Compensation and unemployment insurance fees, Canada Pension, perhaps part of OHIP, deduct income tax—yes, and perhaps holiday pay, too.

Considering the added expense and bookkeeping involved it is questionable whether there would be much benefit in municipalities insisting on relief recipients working, even though the idea is a good one. —The Dutton Advance

In spite of the problems that television filming creates, we believe the proceedings in the Ontario Legislature and the House of Commons should become regular programming.

Few of us get to see our members in session at Queen's Park or at Ottawa. News writing can't begin to supply the sort of immediate coverage that television can. Hansards, with complete records of what was said, go only to relatively few people and much must be filled in with imagination in the reading. With the technology we have to show watchers all across Canada what is happening in parliaments, it is a shame we are not yet able to see the proceedings.

Here at the newspaper office we are reduced to combing through the House of Commons Debates for federal news. They arrive in reasonable time. Ontario reports do not. What our member said and did in the Legislature is available two weeks later and hardly news. (We are writing about verbatim reports, not press releases). The daily newspapers can only report the newsworthy remarks from newsworthy people. A weekly is concerned with matters of local concern.

The sooner television coverage of our parliaments is allowed the better. The tube is here to stay for goodness sake.

"The public surely won't mind a slight increase in the price of gas and heating oil. The extra revenue will be used on research by the oil companies," said Minister Gillespie. While you're at it Mr. Gillespie, here's another one. A farmer friend of mine is doing research to develop a can which will require milking only once a day (sometime after the morning news and before the mail arrives). Surely the public won't mind paying more for their milk to finance this sensible project. Mind now, he's not guaranteeing anything, but . . .

UCW HAD MEETING

The monthly meeting of the Glen Sandfield UCW was held on the afternoon of May 6th at the home of Mrs. Henry Kronwald. Mrs. William MacLennan opened the meeting with a few words of welcome to the ladies and turned proceedings over to Mrs. Charles Chapman for the devotional part. Mrs. Arnold MacRae read one of Mrs. Chapman's two poems for the day, entitled "The Mother's Prayer." The theme of the message was a tribute to mothers and dealt with the trials of coping with young children and the rewards and fulfilment in the keeping of "God's Little Lambs," of following their lives to adulthood. The thought for the day was "The hand that rocks the cradle rules the world." "Into the hands of women is given the care of the world's great leaders, thinkers, theologians, scientists, educators, among others. What a power for good, do we hold in that hand.

Mrs. Angus MacLennan had the scripture readings. Mrs. Gilbert MacRae read the second poem, called "Mothers."

Mrs. William MacLennan had five chapters of the study book, "The Feathered U.E.L.'s" dealing with the lives of the Indian United Empire Loyalists.

The president opened the business part of the meeting. Mrs. Chapman read the minutes. The financial report was given by the treasurer, Mrs. Angus MacLennan. The secretary had some correspondence concerning coming Presbyterial meetings and news about the summer event in July. The offering was taken up and dedicated in prayer. The penny sox are going strong again this year, with some of the ladies wanting two of them.

Mrs. Angus MacLennan thanked Mrs. Kronwald for hosting the meeting. A delicious lunch was served by our hostess and a social hour followed.

H.M. MacKenzie died at 76

Harry MacRae MacKenzie died May 4th at the Community Nursing Home in Alexandria.

Born at Glen Sandfield, March 13, 1900, he was a son of Roderick MacKenzie and his wife, Jessie MacCuaig. He was the last surviving member of his family, having been predeceased by his twin brother John P., and brothers Herb and D.A.

He married Ethel Margaret Grant who predeceased him in 1948. Surviving are four children, Myrna, Mrs. W. G. Southam, Morin Heights, Que.; Bruce of Thunder Bay; Anne, Mrs. Duncan MacNaughton, Dalhousie Station, Que., and Alastair of Alexandria. There are also eight grandchildren.

"Little Harry" as he was known to both young and old lived most of his life in the area. A love of music and of his Scottish heritage made him a welcome visitor throughout the county.

The funeral was held at Glen Sandfield United Church with the Rev. Fred Tees officiating. Pallbearers were: Rae MacLennan, Ian MacCuaig, Bill Cattanach, Lloyd MacMillan, Gordon MacMillan and Roger Lauzon.

Burial was at St. Columba Cemetery, Kirk Hill.

Restricting the ownership of guns is an infringement of civil liberties, the lobby will argue when its real purpose is to foment crime, revolution and other restrictions on man's freedom to enjoy life and liberty.

If society is ever to get gun laws that discourage their use by criminals it may be necessary to shoot members of the gun lobby first. Certainly their arguments should not carry weight with our law makers.

Old communion vessels in use as Maxville church marks 150th date

As a part of the observance of the sesquicentennial year of the congregation of St. Andrew's Presbyterian Church, Maxville, history will be relived briefly on Sunday morning, May 16th. At the service of worship on that day the Sacrament of the Lord's Supper will be observed as it would have been 150 years ago. The Communion Vessels used in 1826 will be used in the serving of the elements, and prior to the participation by the congregation, there will be the procession of the "Bringing In" of the bread and wine in accordance with the custom followed for many years in the Church of Scotland, and in the early history of many Church of Scotland congregations in Canada.

The Maxville congregation was formally organized in 1826 by the Presbytery of Montreal, and was then known as the Indian Lands congregation of the Church of Scotland. In the same year a new frame church was erected. This building, because it was painted white, was commonly known throughout its history as "The White Church." It stood in the centre of what is now the Maxville Cemetery until 1899 when it was demolished to make way for the erection of the present red brick structure on the Main Street of the village.

In connection with the 150th anniversary of the congregation this year a cairn is to be erected to mark the site on which The White Church stood, and in which the Presbyterians of Maxville and the surrounding area worshipped for 73 years, from 1826 to 1899. The present St. Andrew's Church was formally opened and dedicated on January 14, 1900.

Toronto postpones lagoon's improvement

Improvements to Alexandria's sewage lagoons, scheduled to get underway this spring, have been postponed at least until 1977.

The Ministry of the environment has advised council that inflation and the government's restrictions on spending rule out work on the project this year. Priority will be given to projects affecting municipalities not now boasting such services, council was advised.

Disappointment was expressed by members of council when the ministry's decision was reported at last week's meeting. Councillor Bruno Lalonde recalled that only a month ago town engineer Ghislain Seguin reported he was assured the lagoon project would go ahead because the project was so far advanced.

Successive town councils have been under pressure for nearly a decade by the ministry to improve the sewage disposal system. After long negotiation an agreement was reached late last fall with Consolidated Textiles Ltd. to end seven years of talks and proceed with installation at an estimated cost of $448,084.

Extremely high prices by tendering firms caused the town to ask for new tenders and a start early in May was anticipated subject to successful bids.

Mayor Bruno Massie expressed the town's disappointment with the change. However, he noted that the problem is no longer the fault of the town for any failure on its part to carry the project forward. Reeve Jean Paul Touchette noted that at least the town had taken the initial steps and was no longer directly responsible for the problem of river pollution.

J.W. Lavigne died here

The death of John William Lavigne occurred at Glengarry Memorial Hospital on May 2nd. He was born at Vankleek Hill but lived in Alexandria all his life. He was a son of Alexander Lavigne and Florence Picard.

He married Geraldine Lavigne, daughter of Mr. and Mrs. Paul Lavigne. In addition to his wife he leaves six daughters and one son. They are: Mrs. Raymond Bellefeuille, Juliette, Alexandria; Mrs. Denis Sabourin, Yvette, Dorion; Mrs. Roderick Lavigne, Lucille, Ottawa; Mrs. Andre Hamelin, Diane, St. Eugene; Mrs. Jules Dicaire, Rita, Dorion, Que.; Mrs. Pierre Decoste, Cecile, Alexandria; Jean Lavigne, at home. He is also survived by two sisters, Mrs. Mary Jane Ladouceur, Cornwall; Mrs. Arthur Lavigne, Alexandria, and one brother Edward Lavigne, Alexandria; as well as by 14 grandchildren.

The funeral was held on Tuesday, May 4, from the Morris Funeral Home to Sacred Heart Church where Rev. Denis Vaillancourt offered the mass.

Pallbearers were: Jean Paul Lavigne, Raymond Lavigne, Raymond Brunet, Michel Lavigne, Normand Lavigne and Denis Lavigne.

George Calvank died at 87

George Calvank passed away in Glengarry Memorial Hospital, Alexandria, on April 27th, following a short illness.

Mr. Calvank was born in Vankleek Hill on March 25, 1889, where he resided for a number of years. He married Anna Jane McPherson in March, 1916, and farmed at Kirk Hill where he resided until the time of his illness.

Mr. Calvank is survived by his wife, one son, Leslie, at home; Mrs. Henry (Ena) Smith of Scarborough; Mrs. George (Vera) Carrie of Ottawa; six grandchildren and five great grandchildren.

The funeral was conducted by Rev. Forbes at Hillcrest Funeral Home, Vankleek Hill.

The pallbearers were Glen Calvank (grandson), James Calvank (nephew), Lynus McPherson (nephew), Elbert MacGillivray, Alexander MacLeod and Kenneth MacDonald.

Burial was in St. Columba Presbyterian Cemetery, Kirk Hill.

Mrs. Cattanach died two weeks after her husband

Within two weeks of the death of her husband, the late Clarence Alexander Cattanach, Margaret Donalda Cattanach died in the Cornwall General Hospital, on Sunday, April 25th. Mrs. Cattanach was the daughter of the late Donald MacCrimmon of Lancaster, and Sarah MacKenzie of Glen Sandfield.

The late Mrs. Cattanach was born in 1887 in Lancaster, but at an early age went to Williamstown where her father kept a general store. She spent the rest of her life there. In her early years, she was a valued member of St. Andrew's United Church choir. For years, she was active in the Women's Institute and its community projects and in the women's organizations of St. Andrew's Church.

Her funeral was from the McArthur and MacNeil Funeral Home, Cornwall, to St. Andrew's United Church and cemetery, Williamstown. Rev. Edwin McDonald conducted the service.

The pallbearers were Robert Cattanach, Neil Cattanach, Armstrong MacCrimmon, Alastair MacKenzie, Bruce MacKenzie and Anson Raymond.
