VOL. LXXXV—No. 37 ALEXANDRIA, ONTARIO, THURSDAY, SEPTEMBER 16, 1976 SINGLE COPY 20c

LIBRARY IN POSH NEW QUARTERS—There was a good turnout of bookworms Monday night when the Alexandria Public Library opened in its larger, grander quarters in the new Sports Palace. The library now takes up more than twice the space available in its former location and the roominess allows for a much larger selection of reading matter. The adult fiction section has been greatly expanded. Official opening is set for October 9th.

Protest teacher reduction at Glen Robertson

Upset because no teacher has been provided for their Grade 4 children at Laurier Carriere Separate School, Glen Robertson, a group of parents and other interested persons met with the Superintendent of Education Tuesday morning in the school. It was a sometimes stormy session.

The 13 students to have occupied Grade 4 have been absorbed in classes above and below. Six will remain in Grade 3 while seven have been moved up to Grade 5.

Superintendent of Education for the RC Separate School Board Jean-Guy Gauthier and School Principal Gilles Joanette met with the group who were promised that the children's education would not be hindered. There were several suggestions to give special care to the 3rd and 5th grades that would compensate for the loss of a 4th grade teacher.

However, parents remain dissatisfied and have obtained assurance of further study. Among arguments of some parents was that some of the fat of board extravagance in spending should be trimmed rather than cut down on instruction.

Mr. Gauthier said the problem was not unique to Glen Robertson and he noted Green Valley faced a similar situation.

A meeting will be held at 8 p.m. Monday, Sept. 20th with officials of the board. The parents hope to have Henri Giroux, area trustee, at the next meeting.

Pending pledges

Committee to borrow

Alexandria Town Council, gave first reading to a by-law Tuesday night which would allow the Arena Management Committee to borrow as much as $400,000 this year.

The by-law was prompted, said Reeve J. P. Touchette, by the fact that Wintario has yet to pay their expected share of the cost. This is not necessarily the fault of Wintario, he said, but more the fault of fund raising programs. Since the arrangement with Wintario is, that they pay two dollars for every one the community raises and a considerable amount has yet to be sent them, they are holding any further payment.

According to a legal opinion received by council it will not be necessary for this by-law to be approved by the electorate as is usually the case when large borrowing by-laws are proposed. The reason being that monies may be borrowed without an electors meeting providing it is to be used for certain purposes and the arena just happens to fall under this category.

Reeve Touchette said that he can almost guarantee the arena will still be operating under a deficit by the end of the year and can see no other way to pay off the already existing expenses without such a borrowing program. He did say, however, that $200,000 would probably be paid back this year.

This by-law gives borrowing approval to the Arena Management Committee and once passed has nothing to do with the town council. The Management Committee consists of representatives from Alexandria as well as Lochiel and Lancaster Townships which would also be responsible for an appropriate share of the loan in the sum of 25% each.

Mental health clinic here to be discussed

The need for a mental health clinic at Glengarry Memorial Hospital will be one of the topics of discussion at the next medical staff meeting.

Three doctors from Cornwall, Dr. A. J. MacLean, Dr. John Went and Dr. J. D. Macaulay, who make up the medical advisory board, will be considering the problem with the local doctors on staff and Mr. Fielotter, administrator of Cornwall General.

Establishment of such a clinic has been debated for some time and now that the hospital has expanded facilities, such a service could be accommodated, Mr. Adams said.

It would depend on whether the doctors felt such a clinic was warranted at this time, the administrator felt. Doctors now have to refer patients to Cornwall and for out-patient service this provokes a problem as transportation then becomes a factor.

If established, this clinic will be open for a couple of days a week.

Mental health topic Inter-Agency meeting

"It is absolutely essential that people within their own community decide what their needs are and present their priorities to the proper authorities; the government would prefer things done this way," Dr. Anthony Miller, psychiatrist at Cornwall General Hospital, told members of Inter-Agency on Friday.

"In this way, people are more likely to have their specific needs looked after, than if they have to decide on outsiders to make decisions for them. A plan that works well in the city might not be at all feasible in a rural community," he explained.

"The psychiatry department at Cornwall General works in conjunction with other units and programs at the hospital and as such becomes involved with many different phases of life-marriage problems, youth counselling, children with learning disabilities, etc.

Many psychiatric diseases are related to problems in their everyday lives, especially those whose lifestyles have not changed for generations and suddenly find themselves in a new situation. On the farm, for example, parents worry about having business carried on, children worry about their obligations to them. Sometimes it is the problem of the psychiatrist to connect people with groups especially suited to solve specific problems.

Time is a big factor in solving problems as well, the doctor explained. If a family court judge refers a patient, it may be some time before the young person can be reached, let alone get treatment started.

"For generations we have shoved people away to institutions. Now a different approach is being taken as people are being treated in a different environment."

Dr. Afted Ahmed, another psychiatrist at Cornwall General who was also present, explained that mental illness is often associated with physical conditions, thyroid, brain tumor, etc., but the major emotional problems are created by the society in which we live.

"A family physician may commit a person to an institution. In this facility the patient is examined and within seven days, evidence must establish necessity for being confined. This requires special criteria, the patient must be in danger of harming himself or others, he cannot be committed for causing a disturbance."

Allan Vallance, chairman of Inter-Agency thanked the speakers and commented on the success of local institutions such as Glengarry Memorial Hospital and Maxville Manor where the people had decided on their needs and were now benefitting from their own ground work. He felt that the efforts of Inter-Agency to promote a mental health clinic at the local hospital might also bear fruit.

Home has 70 patients

Miss Marguerite Proulx has assumed duties as administrator of the Community Nursing Home in Alexandria. She will be replacing Mrs. Ruth Charlebois who has resigned this position. Mrs. Charlebois had been administrator since the home opened in February.

Mrs. Proulx is a sister of Most Reverend Adolphe Proulx, former Bishop of Alexandria. A registered nurse, she has many years' experience as a nursing supervisor in different hospitals and has also had experience as an assistant director in a nursing home. She also worked as director of nurses in Holy Cross Hospital, Spirit Lake, Alberta.

There are currently 70 patients at the Community Nursing Home, a full house.

Mrs. Proulx intends to organize a program whereby the boarders at adjoining Villa Fatima will be able to benefit from the services at the Nursing Home. Open House is being planned for late October.

New, larger quarters Alexandria library

With some shelves still to be filled and carpets yet to be vacuumed the Alexandria branch of the Seaway Valley Library opened to the public Monday night.

The official opening won't be before October 9th however facilities the likes of which this area should be proud are available now.

The old library was closed for the past week to allow for what must have been a well organized move, considering that between nine and ten thousand books had to be packed, transported and shelved again with the least delay possible.

Facilities now boast air conditioning, wall to wall carpeting, concealed lighting, open roomy areas and wall hangings of early Canadian life.

A considerable increase in the French section of the library is scheduled for the immediate future thanks to a grant from Wintario. An addition to those books printed in large type is another feature.

October 9th and the official opening will bring together with our local political and cultural dignitaries, a somewhat special attraction for the young and very young. The Miracle Circle Puppet Theatre and folk rock singer Pauline Proulx of Ottawa, is scheduled to entertain.

The library staff will remain the same as will the operating hours of 6:30 to 9 p.m. on all weekdays, 1:30 to 4 p.m. Tuesday and Friday and 1 to 5 p.m. Saturdays.

80 charges on court docket

Judge Patrick White presided for almost 12 hours Monday when he had to contend with a docket of 80 cases. Court convened at 10 a.m. and it was 9:30 p.m. before all cases had been dealt with. Only 12 of the cases were contested.

The judge is here only every second week now and court observers feel a return to weekly sessions cannot long be delayed.

Park free but watch clock

Parking meters will be a thing of the past for Alexandria as of yesterday morning.

The town parking lot, off Main Street, has for many years been under the watchful eye of those penny pinching parking meters but their time has come.

Their removal, scheduled for Wednesday morning, was not prompted by a sudden generous mood of council but more by a common enemy of all, "obsolescence".

The meters were already second hand when purchased and their original manufacturer is no longer making replacement parts. Therefore council could find no alternative but to scrap them.

This is not to say that it will be a free ride for anyone wishing to use the lot from now on. No, council has seen to that and as soon as the necessary signs can be made and posted a two hour parking limit will be in effect.

TV station asked to retract

A highly sensationalized report on drinking habits in Alexandria that pictured our town as the centre of Saturday night orgies has brought censure on Ottawa television station CJOH. The news report was based on an interview with Police Chief Cleroux.

Over the signature of its chairman, Allan C. Vallance of Maxville, the Glengarry Inter-Agency Group Meeting sent the following letter to the manager of CJOH:

"At our recent meeting of the Glengarry Inter-Agency Group the subject of your interview with the Chief of Police of Alexandria, Sylvio Cleroux, was discussed at great length.

"Our Group's report on alcoholism in Glengarry County was grossly misquoted. In your interview it appeared as if the Town of Alexandria's population of 3,500 swelled on a Saturday night to 10,000 drunkards.

"Our report and the comments of Chief Cleroux were for the entire County of Glengarry, and we feel that the Town of Alexandria deserves an apology from your television station, either publicly in the form of another interview to rectify this situation to your viewing audience in the area, or in the form of a letter directed to the Town Council of Alexandria.

"I am confident that as a media serving the needs and rights of people everywhere in your viewing area, you will be only too glad to correct this mistake."

Meals on wheels to roll

The committee for Meals on Wheels is planning to resume its service of bringing two hot meals a week to shut-ins and convalescents in Alexandria and district.

This service is available at a cost of $1.00 a meal and comes from the kitchen of the Glengarry Memorial Hospital. The Hot Lock, the container used for transporting the meals can accommodate 18 meals. At present there are only four recipients.

It is the hope to serve at least ten to make this project worth while. Anyone wanting to take advantage of this service is asked to contact Mrs. Raymond Rochon 525-2647 before Oct. 5th.

Good turnouts

Removal of the library from centre town to the outskirts will not curtail book borrowing if we are to judge by attendance on the first two days in its new location.

There were 57 bookworms at the library Friday night and another 144 visited it Tuesday, afternoon and evening.

$1,000 gift

Eleven-year-old James Picken of RR3 Alexandria, was the lucky winner of $1,000 raffled by Vankleek Hill Curling Club at the tractor pull on Sunday.

The young lad was accompanying Lloyd Kennedy, Third Kenyon, about the Vankleek Hill Fairgrounds when Lloyd decided to buy tickets for himself and the boy. It turned out to be a $1,000 gift.

James is the son of Mr. and Mrs. Bert Picken on the Lake road.

Lemieux brothers take on bridge opponents

Out full force at the bridge tournament in Cornwall on the weekend, the Lemieux brothers furthered their reputation as card sharks.

Roger and Maurice Lemieux took the men's championship on Friday evening then repeated their feat on Saturday in the open pairs.

But the boys really made history on Sunday as all six brothers, Raymond, Bruno, Maurice, Robert, Leo and Roger entered the Swiss team and while they did not win top honors they made a very favorable impression.

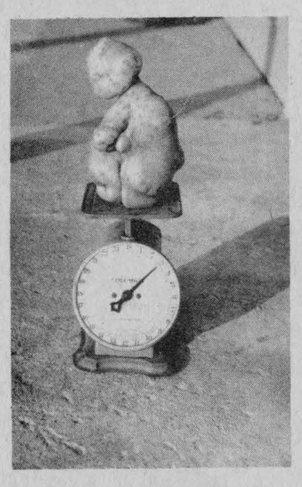
So far as anyone at the tournament was aware, it was the first time six brothers took part in such a contest.

The tournament, the Seaway Valley Annual, was held in St. Columban's Parish Centre and players were entered from all of Eastern Ontario and Western Quebec.

THE BRIDGE PLAYING LEMIEUXS—The six Lemieux brothers of Alexandria took part in the 14th annual Seaway Sectional Bridge Tournament at Cornwall on the weekend and it's believed this may have been the first time six brothers participated in a recognized bridge tourney. Roger and Maurice, at left, captured two men's championships in the Cornwall competition. At right of Maurice are Raymond, Robert and Leo. Bruno, the sixth brother, is missing from the picture. —Staff photo.

Brown Shoe to produce Levi lines

Increased production by a larger staff is promised at the Brown Shoe plant in Alexandria where the production of shoes under the Levi name in Canada will be concentrated.



POTATO PRODIGY—Looking for all the world like an infant child is this unusual product of the potato patch, dug up last week by Louis Martin, 248 Chisholm. The unlikely tuber weighed all of 2½ pounds Mr. Martin avers, and the scales above make it more like 3 pounds. —Staff photo.

The Alexandria plant had been manufacturing Buster Brown shoes for children. This production will be transferred to the Brown Shoe plant at Stirling, Ont., and the local plant will concentrate on the new "Levi's for Feet" men's shoes for the entire Canadian market.

Levi Strauss of Canada, Inc., and Brown Shoe Co. of Canada Ltd., signed an agreement under which Brown Shoe will manufacture and market shoes under the Levi name in Canada, according to a news release by Brown Shoe datelined Perth. A similar arrangement was negotiated last September between Levi Strauss of San Francisco and Brown Shoe Co. of St. Louis, for the rights for the United States.

The new line will necessitate the hiring of additional sewing machine operators immediately at Alexandria, the release declares.

We are now getting the program started, reports Bill Yates, superintendent of the local plant. A start in the Levi shoe production will wait until after the October inventory-taking but we are running trials now said Mr. Yates. There are now some 140 employees and the new production line will demand more girls and sewing machines, he added.

Although Levi Strauss, makers of the famous Levi line of apparel has only been in Canada for five years consumer acceptance was immediate. Their market share has increased dramatically each year and plans are being made to expand all facilities.

Brown Shoe of Canada and Levi Strauss expect to transfer the mystique of the Levi name to footwear. As one Brown official stated "The world per se is not searching for another footwear brand; however the Levi consumer is looking for a brand of shoes that is meaningful, that can be associated with his apparel and feel confident he has coordinated the proper footwear with his clothing." Brown are also counting on the men who believe in Levi's jeans because of their durability, comfort and fit to transfer that allegiance to the shoes that carry the same name.

The line to be known as Levi's for Feet will be compact and will have only 12 styles that will retail from $14.00 to $35.00. Only one shoe of the line is made of denim.

The expansion program has been developed as a deliberately slow moving one. Servicing existing accounts will take precedence over expansion into new areas. It is felt the success of the entire program depends on service with fill-ins to assure customers of above average turn over and return on investment.

Although an Advertising Agency has not yet been appointed advertising expenditure will be sizeable. The market "roll-out" will enable the Company to saturate each market with advertising as the shoes are introduced. Brown officials say it will be the most ambitious and comprehensive advertising campaign ever launched by the Company.

So says engineer

Main move good move

The continuing story of which side of Main Street will be the parking side came up again at Tuesday's Town Council meeting.

The subject was prompted by a meeting Councillor Archie McDougall had Sept. 8th with an engineer from the Ministry of Transport. Mr. McDougall quoted the engineer as saying that the reason the west side of Main Street is lower than its east side is compaction. Excessive heavy traffic for the past four or five years is basically the fault.

Should the town switch parking to the west side, said the engineer, the result would be compaction on the east side after the same period of time and once more Alexandria would have a balanced Main Street.

Mr. McDougall said the engineer walked virtually all of Main Street and following his inspection stated that the Ministry would not authorize one cent for the streets improvement as it is presently, in his opinion, "in good shape."

First social events

The first two social events held in the new Sports Palace took place on the weekend.

Glengarry Soccer League's awards banquet was held on Friday night and a wedding reception for Mr. and Mrs. Malcolm MacKinnon was on Saturday evening.

Rev. J. H. Thompson inducted last week

Rev. James Herbert Thompson, formerly of the Cobalt Pastoral Charge, was inducted into the Glengarry East Pastoral Charge by the Seaway Valley Presbytery at the Church on the Hill, Wednesday night, September 8th.

Rev. Sidney Oakwell, Spencerville, presbytery secretary, presented Mr. Thompson. Rev. Henry Funge, Avonmore, was chairman.

Ministerial and lay representatives of the presbytery attended including Rev. Ed McDonald, Williamstown; Rev. Wendy Bulloch, Hawkesbury; Rev. Jack Skues, Lancaster; Rev. Oakwell, Spencerville; Rev. H. A. Funge, Avonmore; Rev. Gary Stokes, Cornwall; Rev. Paul Grassi, Maxville. Members of the four congregations, Glen Sandfield, East Hawkesbury, Dalhousie and Alexandria formed a large congregation. Mrs. Lorna Chapman, Glen Sandfield, read passages of Scripture.

Rev. Gary Stokes, St. Paul's United Church, Cornwall, induction speaker, quoted Scripture out of context from I John: "Beloved, we are God's children now; it does not yet appear what we shall be, but we know that when he appears we shall be like him, for we shall see him as he is."

John looks into the future, he said. "It does not appear what we shall be." He had an incomplete understanding of God's plan, he continued. Minister and congregation in a situation like this must begin their pastoral union with a similar attitude to the future. This means there should be a common willingness to allow a relationship to foster new growth within the congregations as well as within ourselves.

"Both minister and congregations should grow together under the direction of the Holy Spirit with honesty, openess, respect and love of one another until the pieces fit together in a harmonious mosaic" said Mr. Stokes.

In conclusion he expressed best wishes of the presbytery for a long and rewarding ministry together, one that would enable all to get to know one another to express a common faith and service in Jesus Christ Our Lord.

The choir accompanied by Mrs. W. A. MacKinnon, organist, and directed by Mrs. James Wightman, sang "Thou who Thyself didst sanctify" and "Harvest Song".

Born in Belleville, Ontario, Mr. Thompson received his primary and secondary education in Cooksville and Don Mills. As a youth he was a very ambitious newspaper delivery boy who arose very early to cover a large route for the Globe and Mail. But he still had time for activities such as scouting, high school band and as a junior forest ranger in North Bay.

Mr. Thompson graduated from the Ryerson Polytechnical Institute, Toronto, in electronic technology and later was employed with the Ontario Hydro in Peterborough.

Following this period of his life he took to world travel with his twin brother, also a minister, and included the United Kingdom, Europe, Africa, Asia and the Far East. In the two and a half years he was trotting around the world he taught mathematics for a year at the Technical School of Addis Ababa in Ethiopia, Africa.

On his return to Canada he enrolled at York University, Toronto, and took a B.A. Major in Philosophy and served as a student minister in Saskatoon, later Foam Lake, Saskatchewan and then the Canadian Urban Training Centre, Toronto.

In 1971 he studied at the Vancouver School of Theology, Vancouver, B.C., where he obtained a M. Div. degree in theology and served as a student minister in Salem, Alberta, and Coquitlam, B.C. The Cobalt charge was his first pastoral duty following ordination.

Gardening, woodworking, photography, hiking, cycling, camping, boating, swimming, snow skiing, music appreciation are all within his scope of interests.

Mr. Thompson's wife, Louise, is a Public Health Nurse and took her R.N. at Wellesley Hospital, Toronto, and a B.Sc. degree in nursing from the University of British Columbia. The Thompsons are the proud parents of a daughter, Sarah Louise, who arrived in April of this year.

Mrs. Whissell Maxville died

Family and friends of the late Mary Whissell were saddened to learn that she had passed away on Sept. 1st at Kingston General Hospital after a lengthy illness which she bore with quiet courage and christian faith. Mary, the daughter of the late Norman MacInnes and his wife Annie MacMillan, was born in the 6th of Kenyon. In 1948 she married James MacLean (Jim) Whissell, formerly of Retford, Notts, England, and had resided in Maxville since that date.

Mary attended the Ottawa Normal School and taught for many years in local schools . . . Kinburn, Manotick, and the later years in Maxville Public School until her retirement in 1972. Always she was a dedicated teacher who took a keen interest in her pupils and their future. Mary's interests were wide and varied. She was a member of Maxville Presbyterian Church where she worked in many church organizations, especially the Missionary Society, and throughout her whole life participated in activities for the good of the community. She was deeply interested in Scottish music and many times played the piano at social gatherings.

Besides her sorrowing husband she leaves four brothers: Peter, of Kirkland Lake, Lauchlin of Mississauga, Harold of Maxville east, and Winston of Toronto, and three sisters: Catherine B. (Mrs. Norman Child) of Ridgeville, Norma (Mrs. D. A. Hay) of Kitchener, and Myrtle (Mrs. R. J. Robertson) of Ottawa, and several cherished nieces and nephews.

The funeral service was held on Sept. 4th from the Munro Funeral Home to Dunvegan Presbyterian Church with her pastor, Rev. I. D. MacIver of Maxville Presbyterian Church, officiating. Interment was in the adjoining cemetery where Pipe Major John MacKenzie played Amazing Grace at the graveside.

Pallbearers were Peter D. MacInnes, Eddie Carter, Malcolm Grant, Donald Ferguson, Harold Hume, and Neil Scott.

Rev. Paul Grassi inducted at Maxville

The induction of Rev. Paul Grassi into the Maxville United Church Charge took place on Thursday, September 9th.

Rev. Grassi was introduced to the congregation by Rev. Sydney Oakville of Spencerville, secretary of the Seaway Valley Presbytery, and by the clerk of the session, Harold Crawford. Rev. Henry Funge of Avonmore, chairman of the Presbytery, conducted the induction service.

Other clergy present were Rev. Ed McDonald, Williamstown; Rev. Walter Judge of Merrickville; Rev. Leonard Ferguson of Chesterville and the guest speaker, Rev. Clifford Allen of Ingleside.

Special service was presented by the choir and a reception hosted by the UCW in the church basement following the service provided an opportunity for the congregation to socialize.

Rev. Grassi will also be in charge of the United Church in Moose Creek.

The new clergyman is also the son of a minister, Rev. Colin B. Grassi, now retired, in Beamsville, Ont. He received his Bachelor of Arts and Theology and his Master of Divinity from Queen's and was ordained at the London Conference in 1972.

Rev. Grassi has been in Prince Edward Island where he served the Bideford Charge until coming to Maxville this summer. He enjoys flying, sports cars and sports in general.

Mrs. Grassi is a former elementary school teacher and they have one son, Matthew, who is two-and-a-half.

Two teams tied in Calcutta

Eleven teams of golfers took part in the Calcutta sweepstakes at the Glengarry golf club on Sunday. The last big club event of the season, the competition was played under ideal weather conditions, unlike Saturday's play for the Angus H. McDonell trophy when a cold wind chilled participants.

Two combos tied for first place with best aggregate scores of 16 under par. David Amelotte, Doug Gallant and Janette Abbey made up one winning threesome while the other trio included Peter Shennett, Ron Macdonald and Alice Amelotte.

In third place was the trio of Ricky Duchesneau, Richard Bellefeuille and Germaine Lalonde.

Four-player units in Saturday's "family" play for the Angus H. McDonell trophy were made up of two men, one lady and one junior. The winning combo included Richard Bellefeuille, Peter Shennett, Nicole Vincent and Alain Menard.

A "Monkey" tournament on Sept. 26th will wind up the club competitions.

Lochiel strengthening hold on first place

Lochiel bombed Alexandria 45—0 and Williamstown (Hope's Auto Parts) edged by North Lancaster (Cathy's Tavern) 14—13 in Glengarry Touch Football games last weekend.

Lochiel now has a four-point lead over second place North Lancaster, while Williamstown has moved to within two points of second place. Each team has two games left to play in the regular schedule.

Theo Oetelaar led Lochiel with singles each and Paul Poirier scored one single. Campbell MacGillivray, Theo Oetelaar and B. J. MacDonald picked off two Alexandria passes each, and Luc Lacombe, Roch Lajoie and Barry MacSweyn had one interception apiece.

The Williamstown and North Lancaster game was one of the better contests of the season. It saw a North Lancaster Colts' 4th-quarter drive fall short of victory. It was an incomplete pass into the end zone on the last play of the game. Randy Larocque and Clair Crawford scored the touch-three touchdowns, Paul Poirier had two and Barry MacSweyn scored one td. B. J. MacDonald and Roch Lajoie scored two downs for Williamstown, while J. P. Claude and Doug Dumouchel scored for North Lancaster. Williamstown converted one td to Randy Larocque and Hubert McDonell scored the winning point on a kick through the end zone. Bill Robinson also kicked for a single for North Lancaster.

Sports Palace to have ice by October 1st

Ice will be installed in the Glengarry Sports Palace about October 1st, providing construction is complete by that time, reports Mike Depratto, recreation director.

The schedule will be very similar to the one in former use when the Alexandria Community Centre was in operation.

Men's broomball will be scheduled for Monday and Thursday nights, ladies' broomball on Wednesday nights and Industrial Hockey will be played on Sunday afternoons.

Junior B hockey will vary from Friday to Saturday nights so the minor hockey evening hours will be in accordance, and play will be all day Saturday as well.

Girls' ringette will be on Tuesdays, in the early evening. Children's broomball will be on Friday afternoons after school.

Meeting of ladies' broomball

Ladies will resume broomball play with approximately the same ice time as other years. A meeting is scheduled for Thursday, Sept. 23rd to get things organized for the coming season.

President Valerie Larocque and Secretary Anna Margaret Hay expect registration enough for six teams, with play on Wednesday nights. Girls 15 and over are eligible.

Glens start training next week

The weekend of Sept. 25th will mark the opening of the Jr. Glens first training camp in the Alexandria Sports Palace.

A move to the North East division this year will involve some new competition as well as maintaining some of the competitors from years past. The old rivals, Embrun '72s, will be back and what better way to kick off the new season than a game with the Metcalfe Jets on Oct. 15th at 8 p.m. in the new Sports Palace.

Coach Joe Kelly invites any hockey players between the ages of 14 and 20 and living in Glengarry or vicinity to try out for the team.

This year's club president is Gary Shepherd and Gerry Simpson is Manager, with Jake Ryan as his assistant. J. T. Hay, Rod Shepherd and Roch Lajoie will act as assistant coaches.

Bridge news

On Wednesday, Sept. 8th, the Alexandria District Bridge Club re-opened. Their games are held at the K of C at 7:30 p.m. every Wednesday except the third Wednesday of the month. On the third week they will be held on Thursday at 7:30 p.m.

Bridge results last week are as follows: 1st Leo and Roger Lemieux; 2nd, Aretha Charlebois and Howard Cunningham; 3rd, Archie Lebrun and Jack Raymond; 4th, Rose McDonald and Florida Thauvette tied with Rhea and Theresa Lemieux.

Dairy Goat Society to meet

The St. Lawrence Valley Dairy Goat Society will hold its September meeting on the 19th at 8 p.m. in the Township Hall, Williamstown.

Several prospective members are expected to attend and plans for a special fall show will be discussed.

Stars still battling for top place in soccer

by Carman MacMillan

On Saturday, September 11th, the Glengarry Stars played in the third round of the Ottawa cup against Merivale, a recreational team and came away with an 8 to 0 score.

The Merivale team only had nine players and they were out-played through the whole game. The first half saw the Stars come away with a 2 to 0 score but after the break they started to put it all together and outclassed their opponents in the last half. Donald McNaughton playing in goal for the Stars didn't have but two shots on him the whole game. Our goals were by John MacPherson 3 and Allan Byers, Bert Massia, Hugh MacGillivray, Earl MacLennan and Pierre Theoret all with one each.

Stars next game will be played Monday in Ottawa against the Royals soccer club at 6 p.m. at Mooney's Bay complex.

The cup game Monday, Sept. 13th against Royals was one of the best soccer games in Ottawa this season. The 6 p.m. kickoff did not allow us to have all our players but the 12 players we did have put on a fine display of soccer.

The first half was our half scoring two goals, one by Bert Massia and the other by Hugh MacGillivray. The second half the Royals came back with two goals. The highlight in the second half was Allan Byers stopping a penalty shot. The game then had to go into overtime with two 15-minute halves.

The save of the game in this was Keith Massia twice saving the ball from going into the open net.

The game was still tied and then went into two halves of 10 minutes each way. These were sudden death with the first goal winning.

Needless to say the Stars and Royals played flawless soccer through these two halves and the game ended.

The game is washed out and a replay will be played on Thursday, Sept. 16 at 9 p.m. at Mooney's Bay Complex.

Our league game against the Royals on Wednesday night in Lochiel has been postponed until a later date.

As deacon, Mr. Bryan may be appointed to co-ordinate the Church's charitable works, promote the work of the St. Vincent de Paul Society, organize clothing drives and campaigns to assist the needy, assist in the adoption of children or the provision of foster homes and in times of disaster, assist in the organization of a relief program and fund collection.

Mr. Bryan will also visit and pray with sick, aged and shut-in persons and may organize groups to assist the sick and aged and instruct lay ministers from various parishes in their program of assisting the sick and bringing them communion.

The deacon may promote various forms of youth organizations in the parishes and schools of the diocese and assist those which are already active. He may assist in leading retreats and developing apostolic groups of young people, bringing them more fully into the life and prayer of the diocesan Church.

He may also be called upon to assist parishes in preparing for the sacrament, organizing marriage preparation courses, working with parents and parish teams in preparing for the sacraments and serving as a counsellor to individuals and families in need of guidance.

Mr. Bryan gave up a successful business in Cornwall two years ago to work for the Diocesan Centre where he felt he could be of better service to the community. He is also active in both the Optimist Club and the Knights of Columbus and has been involved with the Children's Christmas Fund for 10 years and was diocesan representative for development and peace for the past six years.

Couple had lawn wedding

WILCOX—SIMMONS

The lawn at her parent's home was the scene of a lovely summer wedding when Marney Simmons became the bride of Frank Roy Wilcox. Rev. Douglas Kinsman of Cornwall officiated at the nuptial vows and Jack Watkins of Beaconsfield played the organ music. The ceremony took place under an evergreen arch studded with summer flowers.

The bride is the daughter of Mr. and Mrs. C. Robert Simmons, Bainsville, and the groom is the son of Mr. and Mrs. Brian George Wilcox of Edmonton.

The bride was given in marriage by her father. She wore a full length gown of white Swiss voile with bodice gathered to a low scoop neckline, long sleeves with full flare cuff and gathered skirt featuring insets of satin ribbon and French lace. A spray of baby's breath held her train length veil which was trimmed with French lace. She carried a cascade bouquet of tiger lilies, sprays of wheat and English ivy.

The bride was attended by her sister, Mrs. Gail Danaher as matron of honor and by Mrs. Debbie Wilcox and Mrs. Karen Dale. They wore floor length gowns of grey and pink multi-stripe silk and carried bouquets of Boston fern and baby's breath; Gail's being centred with a white orchid and the others with Fuji mums.

Michael R. Wilcox was best man for his brother and ushers were another brother, Peter Wilcox and Constable Douglas H. Thomas.

A buffet dinner was served to guests seated about the lawn with Michael Wilcox acting as master of ceremonies. Guests were present from U.S.A., Nova Scotia, Ontario and New Brunswick.

For their wedding trip to points in Quebec, the bride wore a beige gabardine suit with tan leather accessories.

They will reside in Toronto.

Piping school next week

The Glengarry School of Piping and Drumming will begin lessons on Saturday, September 18, in conjunction with the Continuing Education program of the SD&G County School Board. As had been previously announced by the Ministry of Education, piping is now a recognized credit in three Secondary Schools in this area. As the School of Piping and Drumming is expecting an increase in piping students, it is of utmost importance that a good number of new students register in the snare, tenor and bass drumming classes.

The first term will consist of six lessons and registration will take place on Saturday, September 18th. All new pupils in piping are to report to the Maxville Senior Public School at 9 a.m. and drummers at 1 p.m. at the Maxville Community Hall.

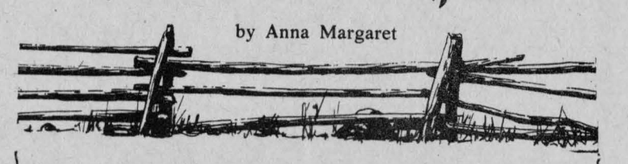
Former pupils at their regular times.

All prospective pupils in both piping and drumming are asked to register promptly in order that the various classes may be re-organized as soon as possible.

Anyone interested in taking either piping or drumming lessons please contact Pipe Major J. T. MacKenzie at 527-5259.

'From the old rail fence'

by Anna Margaret



The Iroquois Post carried a story last week of four young college grads who were going to open a theatre. These young folk are not going to offer today's everyday film fare. They intend to show films of by-gone days such as their parents' loved and would like their children to see, as well as general family entertainment.

They have my admiration. I just hope my generation will not let them down by their lack of patronage.

My generation do not go to movies very much. Although we grew up in an age when movies were the major entertainment, our excuse is that we do not enjoy today's average movie presentation. That's pure cover-up, of course. So few of us go to movies we would be poor critics at evaluation.

But we let our children go. We drive them there and go pick them up. Mostly we don't bother to accompany them and offer flimsy excuses.

When "Jaws" came out a while back I was not overly anxious to see it. The reviews I heard did not inspire me with any great urge to rush out and get in on the big thriller.

My kids all beat me to it. Number Six son who was about ten at the time, advised his father "I don't think you should take Mom. It would really upset her."

Who knows, maybe our kids will decide what is right fare for their parents? I hope they do a better job for us than we have done for them.

****

Many young mothers watched their children board the school bus last week for the first time. It's a very different experience from by-gone days.

Time was, when Johnny started school he walked to the neighborhood school a mile or so down the road. He was one of two or three beginners.

Mother knew pretty well what he'd be up against. She knew his teacher, all her life, probably. She knew all the other kids in the school because they were the children of near-by neighbors, some of them cousins. She knew his curriculum would be much like the one she experienced.

Today when Johnny boards the bus, chances are Mother doesn't know the driver who will have Johnny in his care for perhaps an hour or more each day. She doesn't know many of the kids who will be riding with him; whether they will be friends or tormentors. She probably hasn't met his teacher and if briefly, doesn't know much about this person who will be in charge of her child for about six hours a day from now on. The curriculum has changed so much she doesn't know what to expect.

Mother probably has never met the trustees who make decisions about her child's school. What kind of people are they, what are their ideals, she suddenly wonders, knowing so many of their ideas may reflect on her child's education.

And then there is the school superintendent whose name she doesn't even know, let alone know anything else about the influence this man will have on her child.

There are all the classmates and their parents who are just part of a large sprawling community and whom mother may never meet. All these too, will leave their mark on her child's life.

Small wonder mother feels helpless and apprehensive as she gazes after the school bus which vanishes into this unknown vacuum where she has just leased her offspring.

Thank God for guardian angels. Their job is getting harder all the time, too.

IT'S OUR OPINION

The Glengarry News

ALEXANDRIA, ONTARIO, THURSDAY, SEPTEMBER 16, 1976

SECOND SECTION

Speed limits are being ignored

One day of aircraft patrol, presumably on Highway 401, resulted in 55 speeding charges, according to the weekly press release of the Ontario Provincial Police at Lancaster. And that brought the thought, perhaps there should be regular aircraft patrols, not only of our major highways.

The lowered speed limits appear to be completely ignored by many drivers and one seldom if ever sees a police car patrolling area roads.

Maximum speed limit on our highways is now 50 miles per hour and drivers take it for granted they are permitted to travel at 60 m.p.h. without chancing a charge of speeding. But motorists who stay religiously at or below that 60 m.p.h. mark find a steady stream of vehicles challenging to pass. If the driver holds it down to a bit over 50 he can count on a growing trail of vehicles where the road is too curvy for safe passing.

If the police were looking for speeders they would find them in plenty, in our opinion, and not only from the air. There are still heavy feet on the gas pedal and perhaps they are getting away with it because the lower speed limits were made law with the unpopular seat belt legislation.

There is no way the police can be expected to enforce the wearing of seat belts. None, at least, that would not entail continuous hold-ups of traffic. The seat belt legislation is not enforcable, in the view of the police, and so they do nothing to ensure the motoring public is belted up. Perhaps their antipathy to the seat belt legislation has affected their attitude to the lowered speed limits.

A lot of motorists are keyed to the new speed limits in the causes of safety and of energy saving. If the law is not to be enforced on all, though, the slower driving legislation may prove an added traffic hazard.

If the seat belt legislation cannot be enforced it should not be on the statutes. If the present speeding limits are not to be enforced by the police they might better be removed from the law books as well.

Much to learn from Quebec

There is a grave danger that bilingualism will be made the scapegoat for many of the far more serious problems that threaten Canada's future, writes Kenneth McDonald, columnist with the Canadian Federation of Independent Business.

The blazing absurdities of the federal program—trying to make 55-year-old civil servants fluent in French; sending senior mandarins and wives on year-long immersion courses—have obscured the legitimate goal of bringing a sense of partnership to the two founding races.

It's a tragedy that Canadians should be engaged in a national debate on an issue like language, a debate which serves only to weaken the national fibre. The political focus in a country such as Germany, for example, is on issues such as apprenticeship training and co-worker determination, which serve to strengthen the nation.

It's easy to sympathize with Quebec's concern for the preservation of its traditions and language. Though Quebeckers represent 25 per cent of Canada's population, they are a shrinking minority on the North American continent. And despite what people may think in Victoria or Charlottetown, Quebeckers aren't trying to push French down anyone's throat—that's been the preoccupation of self-seeking politicians and bureaucrats.

Small business has much to learn from Quebec. It is the most progressive of all the provinces in the development of policies to strengthen small businesses and local communities—attitudes more European than North American. In relation to the rest of Canada, Quebec has the largest small business community.

Yet Quebec suffers more than the rest of Canada from the power confrontations among Big Labor, Big Government and Big Business. An independent Quebec could be dominated by the labor unions which have repeatedly declared that their objective is to destroy the free enterprise system.

What is needed, in Quebec and elsewhere, is a set of common goals and objectives around which the whole country can unite. Faced, in the 1980s, with oil possibly as high as $20 a barrel, with a de-valued dollar and with slower economic growth, it is time for the nation to pull together, not fall apart.

Together we need to build a more governable society in which social tension and alienation are reduced; family and community life strengthened. These are goals which French and English Canada can share.

Back to the castle

Life must have been pretty rugged back in the days when the well turned-out gentleman wore a tin suit and his lady rode her palfrey side-saddle. The world was a rough place. The fellow who wasn't handy with a sword didn't last long. Not only did he have to fend off his neighbor who lived in the castle over on the other side of the hill, but every time he and his family ventured out across the drawbridge they had to face thieves and footpads along the way. The world was a violent place in those times.

As centuries went by men and women and their children gradually forged a society in which personal safety was not a problem. Their personal body-guards and retainers were replaced by police forces; the walls around their castles gave way to green lawns and the battlements became picture windows. The world became safe, even for the weakest and most defenceless.

Two weeks ago, writes the editor of The Wingham Advance-Times, a friend of ours who lives in Guelph was a little perturbed when he found that the Italian lady who comes to their home to help with the cleaning had failed to arrive by noon. Inquiry disclosed that she and her twelve-year-old daughter had left their home early in the morning, but found a little later that they had to return. When they unlocked the door a couple of thugs were robbing the place. The robbers then proceeded to beat both mother and daughter so badly they wound up in the hospital.

A week later we met the same friend and this time he showed up with a plaster on the side of his face, and a left eye so battered it had come within a hair's distance of blindness. Seems he had taken his teen aged sons to Detroit to watch a ball game. Not being fans of the Detroit team the boys cheered lustily for the visiting club. A group of young fellows seated nearby took exception to the Canadian boys' attitude and after the game was over they followed along, hurling insults, and finally, in the midst of a crowd of thousands, proceeded to work over the father.

As far back as ten years ago big advertisements appeared in some American papers, offering, for a stiff price, housing accommodation in a "village" setting. The residents, so the ads said, could dwell in peace. There would be armed guards at all entrances. Complete shopping and entertainment facilities would be provided, so it would be unnecessary to venture out into the dangerous world beyond the gates. Locked buses would be available for those rare occasions when the residents wanted to go farther afield.

Civilization has come a long way. We have learned how to travel to the moon, but when we want to sleep soundly we must get back behind those castle walls. Thank God, life hasn't reached those fearsome proportions in our smaller towns. Let's make very sure we keep it that way.

Expensive negotiations

(The Dutton Advance)

Teachers receive most criticism for burdening the taxpayer, but there are cases where trustees do a pretty fair job of it as well.

Readers will recall that last fall Toronto school teachers were involved in a salary dispute resulting in a strike which dragged on for several weeks before a settlement was reached. Facts revealed recently show that those negotiations not only resulted in a 39 per cent increase in teachers' salaries but the trustees also got in a few licks at the taxpayer.

During negotiations, the trustees and officials involved spent more than $44,000 on meals and liquor. Another $36,000 was used on hotel rooms and a further $19,000 for meeting rooms in different hotels. Add that up and it comes awfully close to $100,000. At one time it would just about take care of a year's teachers' salaries for a school the size of West Elgin.

The Metropolitan Toronto school board vice-chairman, George McLeary, is reported to have been upset at the expense account. He admitted it involved "a fair amount of boozing," which would appear to be an understatement.

And with all those schools closed during negotiations why was it necessary to rent hotel and meeting rooms? Why couldn't they have used school facilities and saved $55,000?

LETTERS to the EDITOR

NEED A LOCAL ARCHIVES

Goderich, Ont.

The editor,
The Glengarry News,

The enclosed copy of a letter written by Father Ewen 48 years ago may be of interest to you and your readers. Especially as Father Ewen mentions a need that is very acute in 1976—that of a local archives in which to store the mass of material, ranging from old letters, through pictures to taped interviews with old timers that is the basic material of Glengarry's story.

Col. Alexander Fraser, to whom the letter was addressed was Provincial Archivist of Ontario at the time and I'm sure in Father W. J. Smith, Chairman of the Concert Committee, most of your readers will recognize the Rt. Rev. W. J. Smith, now the retired Bishop of Pembroke.

The original of this letter is in Col. Alexander Fraser's papers in the Archives of Ontario—a voice from the past and a voice we all revere. Father Ewen loved Glengarry and its people.

Sincerely,
Ewan Ross

FIGGER ME THIS

We're a sucker for any kind of a puzzle and so we were licking our lips when a lady asked us to solve this problem. She understands how it works, she says, but she'd like to know the law of mathematics that's involved.

We found ourself biting a lip or two before we came up with the answer. What we know of the laws of mathematics wouldn't fill a thimble and we doubt any such laws are needed to explain this Ethiopian conundrum.

Try it and see if you come up with the same explanation we've arrived at. Here 'tis:

In Ethiopia, all one needs to know to find out how much money should change hands in a commercial transaction is how to count and how to multiply by two, and divide by two.

Example No. 1—
7 oxen at $22—

Multiply by two	Divide by two (Discard ½'s)
~~7~~	~~22~~
14	11
28	5
~~56~~	~~2~~
112	1
154	

(Ethiopians think that all EVEN numbers in the division column are BAD and must be thrown away together with their corresponding numbers in the multiplication column. The sum of the numbers remaining in the multiplication column represents the proper amount of money. $154)

Example No. 2—
9 balls of yarn at 89 cents—

9	89
~~18~~	~~44~~
~~36~~	~~22~~
72	11
144	5
~~288~~	~~2~~
576	1
801	

Price of yarn $8.01

See, it works! But why? If any three of our five readers want to know why, we'll give you our reasoning next week.

So you figgered it out, smartie! Well, figger me this: A golfer hits the ball with his four wood; so what does he yell "fore" for?

WE'LL ALL PAY MORE

Over at the golf course members are being asked to sign a petition forwarded by Ontario golfing authorities. The Davis government is being asked to think twice before including golf courses in land to be assessed at 100 per cent of market value when the new assessment formula is introduced, probably next year.

If that happens, golfing authorities predict, almost every golf course across the province will be taxed into bankruptcy. They estimate some courses on the fringe of Toronto and other cities would be assessed at a rate of more than $100,000 an acre. Fairways near small towns would have lower valuations than that but they would still be in the hundred thousand dollar range of assessment and their tax bills would as well be impossible to meet.

Golf courses have always had special treatment from the taxing authorities because of the large area they require and the purpose they serve. Otherwise they would never have been able to meet the tax bill. That would be particularly true with today's inflated land values and assessments based on market value.

Rather ironic would it not be if a government that is spending millions of Wintario dollars to encourage sports at the local level brought in taxing legislation calculated to kill so popular a sport as golf.

Not only golfers should register dismay at the thought of market value assessments at a time when the value of all property is so badly inflated. It will be a bonanza for the Ontario Treasury but the Ontario taxpayer will find

Aunt Molly sat in her favorite rocking chair in her living room overlooking the Morrisburg Seaway, as she read her favorite newspaper, the Substandard Freeloader. An article entitled "County Road more Scenic Now" caught her eye. Well, bless my outhouse, she thought, I haven't been on South Branch Road since we moved from the home Garlough farm 30 years ago. The road certainly was a beautiful road at that time. I think I'll give my nephew Petey Waterhole, a call and get him to take me for a drive. Being in Federal politics, he can always take time off.

She phoned Petey or Pierre as he is known in Ottawa. Peter took the call while floating in his riverfront pool of unknown sources, (that's unknown financial sources Marge, not water sources); he helicopted down and landed on Ken Carter's jump ramp and made his way to Aunt Molly's.

Later as they drove toward County Road 19, Aunt Molly remarked that she had always remembered that road for its trees, the open country and the gentle hills and curves.

"I'll tell you what, Petey, I shall describe what I remember and we shall see how today's reality matches my memory. Now I don't want to see the old home place again because only rats have been living in it since we moved away."

"Do you mean conservatives, Aunty?" Pierre asked. "Don't be funny with me, my boy, you are trying to control inflation by using the methods advocated by the Conservatives. Ah, here we are approaching Grant's Corners. I remember the year that Granny Cain made her son quit drinking beer and the beer store here at the time had to close."

"Oh, but this should be a lovely corner; wide open spaces to the west, huge oak trees where we would gather acorns in the fall for winter coffee; and majestic maple trees which were tapped every spring."

"Well aunty, I see no oak trees, a lot of houses bordering the road on the west, and a group of dead maples lining the road further on."

"Oh, this is horrible," cried Aunty Molly.

"Perhaps the three united counties of Glenstordun could be given a LIP grant, by our enlightened federal government to glue on plastic maple leaves."

"Just drive on, things will get better. I remember the huge well-kept front lawns being a beautiful part of a leisurely Sunday drive out here. But what are those green plastic bags doing lying on these much smaller lawns than I recall? Must be that the Atkinson brothers feed mill is using these bags and just dropping feed off where they used to put it right in the barn for us."

"No, aunty" Pete Waterhole replied, "people put their garbage in these bags and leave them out for Donnie Ross and I happen to know that he is doing a good job of taking all the garbage around here."

"That's very nice of that young fellow. In my time we at least had the decency to put our garbage in the back yard. I've had enough—I can't recognize this as the good old branch. Just stop here at the Kinloch intersection; I want to check for something I left in the ditch. I always had to take the corn liquor away from my son, I won't tell you which one, because he's big in the Seaway now."

"Big in the Seaway is he? I have often thought that we should have put John Diefenbaker in the Seaway."

Aunt Molly searches the ditch and returns to the car with a piece of paper. "No, nothing left, just this note which says 'Thanks . . . Ewen'."

"That's too bad aunty, but here, try some of my 35-year-old Cognac."

"Well it's not Glengarry champagne, but it will have to suffice. Let's go home before I cry."

Happy birthday to drummer Guy Leroux in my favorite band, the Brigadoons. This week the Brigadoons play in Longue Sault arena; if you've never been to Longue Sault or never heard the Brigadoons, come along Friday, Sept. 17. You will also support local lacrosse. Jack McDonell your 'V' and 'V' man (Volvo and Volkswagen) would like to see you there.

Our second annual Scottish Concert is coming up in the majestic ruins of St. Raphael's church, on Sunday, Sept. 19. Come and enjoy the Brigadoons, the MacCulloch dancers of international acclaim, Pipe Major John MacKenzie and a guest fiddler. You don't know where it is Martha?—just turn north at Lancaster toward Alexandria and turn west at the flashing light, for two miles and you will be at one of the most interesting sites anywhere in the world. The concert starts at seven and costs two dollars for adults. Martintown Recreation and Cultural Committee is sponsoring the event.

Many of the performers will also appear at the Ottawa National Arts Centre on October 29th for a wonderful Scottish variety show titled Glengarry '76. Phone me at 528-4261 if you want tickets, or if you want to buy a copy of 'Canadian Celtic' a new long play album by Brigadoons.

Wilfred Beaudette, the son of Martintown's famous vet, said that he thought he saw me at Radium Springs when he went out West recently for a relative's wedding. My good wife was quite upset when he told her because she said that if she ever caught me in anyone else's springs, the divorce papers would be on the table for sure.

Martintown Mac reminds you to conceal your criticism, but to reveal your compliments.

August was cooler, wetter

This past month was about 5° cooler and much wetter than normal, reports George Hambleton, weather observer at Dalhousie. Normal rain fall is 2.90" (7.4 cm.) but 3.6" (9 cm.) fell in August on 12 occasions.

The high was 87° (31) and the low dropped to 31° (-1) and 32° (0) on the 31st and Sept. 1st (killing frost). It was the earliest frost since Aug. 25, 1971 (32°) (0°). Four thunderstorms occurred this past month.

One year ago the average temperature was 3° warmer than normal and less than 1" (2.5 cm.) of rain fell on seven occasions with three thunderstorms occurring. The high was 95° (35°) and low was 30 (3°).

Over 80° (27) was recorded 12 times in August '76 and 16 times in 1975.

On August 30 this year the high only reached 58° (14) and the lowest high for the day in August '75 was 71° (22).

He is the last member of the staff as organized by A. W. McDougald in 1898. Mr. McDougald has gone out to the territory of Athabaska, about 200 miles north from Prince Albert, on a land hunting expedition.—Considerable alterations and improvements are now being made to Hugh Munro's commodious dwelling house on St. George Street.—Mr. Forester's new house on Bishop Street is nearing completion.

One of the most interesting and fashionable events that has taken place in this town for some time occurred on Monday morning when Miss Margaret Chisholm of this town, was united in matrimony to Edward J. McDonald, also of this place.—The first practise of the newly organized Fire Brigade was held Saturday and proved most satisfactory. S. S. Robson, who had been nominated Captain on the north side of the bridge, has resigned the position in favor of Donald J. McDonell, whose appointment was confirmed.—During the past three weeks, Wesley Hayes of Cornwall, and assistant, have been employed as scavengers by a large number of our citizens. Within a short time, Mr. Hayes will visit Vankleek Hill and other neighboring villages.

purposes. Knowing the immense interest you have always taken in the perpetuation of the traditions and accomplishments of the Highlander in every field of action, I make bold to ask you to honor us with your presence on that occasion, and to tell us something of the achievements of our kinsmen of Glengarry in Canada, for instance—Simon Fraser, Col. John McDonell, or any other historic Highlanders you choose.

The Bishop of Alexandria, although not a Glengarrian himself, nor even a Canadian, has intimated from time to time that it is his wish that something be done to preserve for the generations of the future, anything that relates in any way to the wonderful work of the Glengarry Highlander, not only for the advancement of this historic county but for the welfare of our Dominion as a whole. There are, in our possession, some documents of great value which we hope to have as a nucleus for the building up of an archives for our Glengarry people. Scattered throughout the County also, are many other documents and articles of great historic worth which would be readily donated to us were we to be instrumental in erecting a suitable building where they would be preserved with a care befitting their true worth. Such men as J. A. Macdonell, KC (Greenfield) and A. D. Macdonell of this town have heirlooms and manuscripts of every description and it would be a pity to see these things pass out of Glengarry and perhaps into the hands of people who would have but little estimate of their worth.

We know that the building up of the archives of Ontario or any part of it, is dear to your heart, particularly the archives of those parts of Ontario which we can truly call our Highland home. And so, we will take advantage of your presence among us, and your intimate knowledge of the work, in order to consider the manner of beginning an archives and of preserving for the generations of tomorrow, the honorable and historic deeds of those Lions of Judah, our Highland forebears.

I trust that you will be able to honor us with a visit, a pleasant one, we hope, for you and an enjoyable and useful one for the people of Glengarry.

With kindest regards, I am,
faithfully yours,
Ewen J. Macdonald, P.P.

And another personal letter if space and inclination permit—

Dear Sir:

After some weeks spent among our ain folk in the Glens, imposing on their hospitality, importuning them with questions and generally taking up their time, Royce MacGillivray and Ewan Ross feel they must say a heartfelt thank you.

Especially we must thank those who put documents of all sorts at our disposal, to read, copy and photograph. All of these were very helpful, they shed light on many dark corners of our story. In some few cases documents were offered that we didn't get around to looking at—this was entirely because of lack of time and not because we aren't interested.

Also Art Buckland's "Martintown Rumor Mill" in the Aug. 12, Glengarry News reminds us, if a reminder were needed, how much we owe to those authors, ranging from Ralph Connor through Dorothy Dumbrille to Rhodes Grant who already have written such excellent portrait stories of the people of Glengarry. All their books are on our shelves and have been read and reread and will be read again.

It is not too much to say that those who already have written about Glengarry gave us our basic education in Glengarriana. In making use of the education they gave us, we hope we don't let them down—they have done good work in their different fields, very good work indeed.

Sincerely,
Royce MacGillivray
Ewan Ross

Called to three early morning investigations

Constable Bob Latreille was kept busy over a two-hour period early Sunday when he investigated three accidents.

An Alexandria man is charged with driving while impaired and with failing to provide a sample of his breath as the result of an accident at 1 a.m. on Main at Peel. He was driving north when he lost control and hit a parked car. No one was hurt.

Germain Delorme, 17, of Alexandria suffered serious cuts at 2:14 a.m. when his motorcycle struck a utility pole at Main and Victoria. He was treated at Glengarry Memorial before being transferred to Hotel Dieu in Cornwall. He faces a charge of careless driving.

An hour later, Constable Latreille was called to the corner of Dominion and Derby where a vehicle had struck the verandah on the home of Mrs. Rene Pigeon and did $1,000 damage. The driver left the scene and police are now looking for him.

In an unrelated incident, Thursday night, a Hawkesbury youth was stopped and is charged with driving while impaired. The alcohol content in his blood was .23, almost three times the permitted count.

Won at Ottawa Ex

In her first entry of handcrafts at the recent Ottawa Ex, Mrs. Exalpha Bourcier, Alexandria, won three first prizes and as many third-place finishes.

Her firsts were for quilt, cross-stitch; decorative cushion and wall hanging, crewel embroidery. Third places were for quilt with applique, toy dog in wool and afghan and cushion to match.

Mrs. Bourcier has been doing this work for years but now that she is over 70, she says, she has more time to devote to it.

Three hurt in car crash

Three people standing by their parked car at Main and Derby suffered minor injuries at 9 p.m. Friday in a three-car accident. Leonard McIntosh and Michael O'Donell of Toronto, escaped with cuts and bruises while Caroline O'Donell complained of a sore head and neck.

According to the police report, Emile Laverdure of Lachute, proceeding south on Main, turned out to pass a vehicle and struck a parked car owned by George Anderson of Verdun. It then glanced off and struck the McIntosh car near which the three injured were standing.

Laverdure is charged with careless driving and with having liquor in a vehicle, readily available.

He said during the same period last year, 46 new homes built accounted for the expenditure of $1,060,500.

Mr. Fortin said money this year has been spent on bungalows, renovations, repairs, additions, garages and a wide variety of other things.

Most of the money, he said, is being spent on construction of new dwellings and bungalows.

Some of the dwellings and bungalows being constructed in the municipality are worth $55,000.
