

## Here & There

by Kay Kay

This year's Easter Seals campaign is going over with better results than in some years, according to reports from the sponsoring organization. The next drive coming up is the Red Cross canvass on April 8th.

While many people have been thinking its time many of these drives were co-ordinated in one annual campaign, no one has yet got up the nerve to say so.

Each campaign that calls for individual canvassing of homes, is proving harder and harder to organize. For the most part, small town people are more active in numerous organizations and find it hard to find time to take on extra tasks.

The time is not far off when we will have to take the matter into consideration. At a recent meeting called for volunteers to canvass for the Red Cross, the total turnout could be counted without using one full hand—an example of what is happening.

When one or two of these campaigns fall through due to lack of sufficient canvassers, we'll all find time to awaken to the fact we should have done something about it.

We do like to give credit to those men and women who head up these campaigns—they make the rounds, sweating slightly, trying to raise the required canvassing crews and usually end their labors with a neat cash result. It's all to their credit if they can keep it up.

These warm days are bringing thoughts of fishing back into the odd mind—the small fishing huts just east of Prescott are going to take their annual dip one of these fine mornings.

Speaking of taking a dip—now and then youngsters may be (as youngsters will) be tempted to see how much water is in that open ditch just south of the public school along Elizabeth Drive—it's slippery and dangerous and in the past youngsters have had narrow escapes. As a precaution, a fence might help ward off pending trouble.

One thing we've particularly noticed about this month of April—it's income tax time! Another thing, too, is that the guy who has a buck coming back, rushes his neatly written form back to Ottawa, more often than not underlining in red the amount he has coming back. Meanwhile, we have the other Joe who owes the odd quid and who waits until the last day to part with his hard-earned cash. Most send cheques, so that the pain of parting isn't nearly as harsh.

Last week we reminded drivers to take it easy on country roads—especially trucks which are governed by half-load limits during Spring run-off. The odd road we travel is rough enough to discourage fast driving anyway!

## Farm Forum

# Wind Up Year With Dinner

On Wednesday night, March 30th, The St. Lawrence Seaway Farm Forum enjoyed their annual dinner at the home of Mr. and Mrs. Austin O'Dell. This brought to a close another season of interesting discussions on the Farming Industry and agricultural activities. The interest shown in our discussion period throughout the season has been most gratifying and the social hour that followed was always enjoyed by all the members, and we look forward to the 1960-61 series with enthusiasm.

The annual meeting of the Farm Radio Forum will take place at the Seaway Hotel, Toronto, on Thursday, April 7th, and Chas. McInnis has been appointed to represent our Forum as delegate.

On behalf of the members of The St. Lawrence Seaway Farm Forum, I would like to extend to The Iroquois Post our hearty thanks and appreciation for the splendid co-operation in so promptly printing all our Forum reports. We are indeed very grateful and again thank you very much.

The Montreal-Ottawa Conference Branch Annual Meeting was held in Calvary United Church, Montreal, on March 29-30. It was well attended with an almost complete delegation from each of the five Presbyteries. The guest speaker was Rev. R. Catherine McKeen, "Secretary for Younger Groups", Dominion Board, Toronto. The title of her evening address was "Mission to the Uttermost". She challenged each of her listeners, Do we really believe that "Jesus Christ is the Son of God?" Moslems and Jews have a good religion. Should we try to convert them? A real Christian does not say "Jesus Christ is my Lord" but "Jesus Christ is the Lord". Ours must be a shared religion. We have missionaries in 8 countries and are the biggest Protestant Church. We contribute to many other interests, R.A.V.E. M.C.O. etc.

How great in the influence of the Christian Church on the many areas of life, such as politics, Universities, Slum Sections, etc.? Are we free from prejudice in Canada? The personal kind of "Mission to the Uttermost" is the giving of ourselves.

The Secretaries' reports from the various departments showed continued and increased interest. Money remitted to Dominion Board Treasurer was \$152,000 for 1959. This was an increase of \$3,935 over 1958. For this reason, there was \$9,100.00 from this conference Branch for Gifts for Building Advance.

Fine films were shown to emphasize the purpose of the Church. A tape recording was listened to with great interest and appreciation. It dealt with the many considerations being discussed pertaining to the proposed New Organization.

## Seek Trucking Licence

Application has been made by Ralph Hurley, Kemptville, and Harold Somerville, formerly of Kemptville, and now a well-known businessman in Toronto, for a Class A trucking license to serve the community of Grenville and Dundas with package freight pick up and delivery between here and Toronto.

A hearing with the Department of Transport was held in Brockville two weeks ago, and while the court transcript is currently holding up final governmental decision, some 30 businessmen in the district voiced their opinions in favour of additional transport overnight service from Toronto.

The company will be known as the Ottawa Valley Express Lines (OVEL) and will have terminals in Kemptville, Prescott and Iroquois.

Ed. Note: We are pleased to see the initiative being taken by these two men in trying to promote another business in our area—all of which adds up to more local revenues and employment—as well, perhaps, to providing an improved service to those in need of efficient, capable and speedy transport services.

Iroquois, installed as president for another year, took place. Communion Service followed, conducted by Rev. C. R. Plaskett, closing a successful conference branch annual meeting.

To continue with the work of the year, Dundas-Grenville Presbyterial will be held in Morrisburg on April 27th with Dr. Stewart Allen as guest speaker. Glengarry Presbyterial to be held at Williamstown on April 28, with Mrs. S. E. Collins, of Angala Africa as guest speaker. Quebec-Sherbrooke Presbyterial on May 10th at Stanstead. Dominion Board in Toronto from May 24th to May 31.

# Lions Club Undertakes Service Project

The announcement this week that the Iroquois Lions Club will spend \$2,000 on providing playground equipment in the community was received warmly. The need for playground equipment has been apparent for some time and the service club has undertaken to provide facilities in both the east and west parks as well as at the swimming beach, fronting the village. The beach facilities are expected to tie in with the planning of the area which already includes the golf course, ball diamond and beach.

The committee investigating the proper equipment to be purchased consists of Lions President C. W. Hodgert, L. C. Davis and Ronald Fader. In addition, Carl VanCamp will represent Council on the committee, since the lands on which the equipment will be placed, is under Council's jurisdiction.

## Visiting Lions

Ten members of Morrisburg Lions Club, headed by President Harold Stinson, joined with the local club at dinner Monday evening. Iroquois Lions plan a visit with Morrisburg shortly.

The nominating committee reported their proposed slate to the members, which was accepted, as follows: President, K. Kirkby; 1st vice-president, K. Beaupre; 2nd vice-president, G. Conger; 3rd vice-president, R. Playfair; secretary-treasurer, D. L. G. Davis; Directors, G. L. Loucks and T. Millar for one year; T. Mulloy and C. Stewart, 2 years; Lion Tamer, R. Fader; tail twister, J. P. Vermette.

Arthur Bowden reported Easter Seals returns ahead of last year with returns yet to come in.

The Jr. W. A., who catered, were thanked by Thos. Millar.

## WOMEN'S INSTITUTE

Iroquois Women's Institute will hold their annual Pot Luck Supper, Wednesday evening, April 13th, 6:30 p.m., at the home of Mrs. A. Banford, Prescott. Convenors—Mrs. D. Hare, and Mrs. H. Gilder.

## UNITED CHURCH W.M.S.

The United Church W.M.S. will hold their Easter Thank offering meeting in the Sunday School room, Tuesday evening April 12, at 8 p.m. Mrs. Stuart Allen, of Cardinal, will be the guest speaker. Everyone welcome.

## FOOD SALE

Hainsville W.M.S. are holding a food sale of home baking in the Civic Centre, Iroquois, on Friday, April the 8th, at 3 o'clock. Everybody welcome.

## Guide Association

# Combination Meeting And Auction Sale

The Girl Guide Association met to hold a combined meeting and auction sale on Monday evening, March 28th, with vice-president Mrs. Edna Hagarty in the chair. The meeting was opened with the reading of the Guide Pledge. Secretary-Treasurer Burnie Sisty read the minutes of the previous meeting and presented a financial report. A cheque for \$25.00 was received from Branch 370, Canadian Legion, and one for \$10.41 from the Junior W.A. The vice-president moved a vote of thanks to these organizations and to Mr. George Brouse for his work on equipment boxes for the Guides and Brownies. Plans were made to hold a cookie drive on Saturday, May 7th. Guides and Brownies will canvass the town that day, selling cookies. A token prize will be given to the district with the most sales.

Members and guests were most generous in their gifts for the layettes for the babies in Korea. Captain Jean Shaver asked for volunteers to test the Brownies so that they may obtain their badges. Any help in this matter will be greatly appreciated. It was then moved to bring the meeting to a close.

An auction sale conducted by Ruth Newman, as auctioneer, got underway with the sale of articles donated by members and guests, which proved highly successful. Convener Doreen Thompson and committee served refreshments after the sale.

## NOT QUITE LIKE IROQUOIS

Iroquois residents became so accustomed to seeing houses moved hither and thither three years ago that to them, the sight of a barn moving along holds little interest. Sullivan Brothers, Chesterville, undertook to move this barn last week and though they reached their destination, it hardly seems the

same as James Hartshorne and his boys, totin' a two-storey brick house over a piece of the rough-est territory in Eastern Ontario. We thought the contrast might bring back (fond?) memories. Engraving courtesy The Chesterville Record.

## Close Good Friday

Stores in the Village of Iroquois will remain closed Good Friday, April 15th, but will be open Thursday night, April 14, until 9 p.m. The Bonus Buck draw this week will be \$50.00, split into one \$40.00 draw and two \$5.00 draws.

Mrs. Donald Stone, of Irena, won the \$100.00 main draw last Friday night.

Stores will be open Easter Monday—with business as usual.

## OPENED WEDNESDAY

Shortly before press time on Wednesday Iroquois' newest business opened its doors. The Lio-Mar Restaurant, owned by Mr. and Mrs. L. C. Davis, will be officially opened later but is now in business.

## OPINIONS

## Ours and Yours . . .

## National Wild Life Week

Throughout the civilized world Electric Week is observed during the week of the birthday of the late Thomas A. Edison while in Canada National Wild Life Week is observed during the week of the birthday of the late Jack Miner which this year falls on the week of April 10-17 with Sunday April 10, being observed as Nature Sunday in all churches.

National Wild Life Week is not a week designated to promote the sale of some dusty merchandise, but on the contrary is strictly an educational week to help awaken interest in the conservation of not only bird and animal life but of all God's natural resources, and generations to come will be on the receiving end of the efforts put forth by men, women and children of today.

Through the Provincial Educational Departments all schools have been asked to make it strictly an educational week stressing the need of Conservation. The Provincial Fish and Game Departments have asked all sportsmen's clubs and outdoor organizations to make special observance of the week.

In Canada National Wild Life Week was created on April 18, 1947 by an Act of Parliament of the House of Commons, Ottawa, and by the Members of the Canadian Senate. So popular was the Bill which was introduced by the

late John R. MacNicol, M.P., that it was passed unanimously by the Members of both Houses.

The week as set forth by the Government is always to fall on April 10th which is the birthday of the late Jack Miner and is such an appropriate time of the year as it comes when the birds are returning from the south to nest and raise their young in Canada's breeding grounds.

The week thus acts as a living memorial to the late Jack Miner, Canadian Naturalist, whom Edgar A. Guest, the Detroit poet, always referred to as "the best loved Christian in America."

Sunday, April 10, will be especially recognized as Nature Sunday in the churches of Canada and fifteen thousand ministers have been asked to preach on "God's Great Outdoors," "God in Nature," "God the Creator" or other similar topics and to dedicate and sing the great hymns of the church as memorial to the late Jack Miner. Among Jack Miner's favorite hymns were "Rock of Ages Cleft for Me," "What a Friend We Have in Jesus," "How Firm a Foundation," "Nearer My God to Thee," "Ave Maria" and others.

Won't you do your part and mark Wild Life Week and promote Conservation all year round?

Hon. F. M. Cass Writes  
from Queen's Park

Once again Agriculture and Labour held the spotlight in the Legislature at Toronto. Bill No. 86, being a Bill respecting farm marketing procedures and powers, generated a great deal of debate and was given second reading after a recorded vote which saw both opposition parties speaking and voting against the Bill. It is interesting that a very small proportion of opposition members represent rural areas or are farmers themselves, while a considerable number of Government members who supported the Bill unanimously are farmers. It would seem that this Bill which gives power to the Farm Products Marketing Board to take over any Farm Marketing plan should it founder, as some in the past have done, and operate it during reorganization for the benefit of the producers, is a sure step in the right direction.

The rather controversial Labour Relations Act amendments, after a stormy course in Committee, sparked another debate in the House. However as both Labour and Management are on record as favouring this new Bill against any other suggested amendments, it would appear that it will be good legislation.

During the week more departmental estimates were considered and passed by the House. In each case the consideration was long

usually far into the night, as opposition members continued to repeat their daily speeches. Those of the Department of Education - which showed a general increase in grants to schools but generally not as great as in the previous year, of Lands and Forests, Public Welfare, Energy and Treasury, were completed, leaving only three Departments yet to be considered. It would, therefore, seem that the work of the members for this session is drawing to a close.

During the week Liberal members were hard put to determine whether to attend certain functions of their Provincial Women's Association meeting in Toronto or to attend House sittings. As usual the ladies won.

More legislation reached Committee stage and again the end was in sight. Among interesting Bills introduced was one designed to control the practice of exacting huge bonus payments on certain mortgage transactions. There were also introduced by the Prime Minister certain Bills to provide for Members, Ministers and the Leader of the Opposition an annual indemnity more in keeping with present day standards, and a pension plan. It is generally felt that public service cannot attract and keep the type of man or woman required to deal properly with the huge business that

is now the responsibility of the Ontario Government, without a more realistic approach to this problem. It would appear that the Ontario Legislature has finally provided a suitable plan to effect this purpose and that persons serving the public in the Ontario Legislature will now, long after similar plans have been in effect in several Provinces and the Dominion Parliament, have some rights to security.

At the beginning of the week, in the absence of the Lieutenant-Governor, the Administrator of the Province, Chief Justice Dana Porter, a former Minister of Education, attended at the House to give Royal Assent to the Bills setting up the new Laurentian University of Sudbury and its affiliated Colleges, thereby marking another great milestone in the Province's educational advance,

THE  
BIBLE  
TODAY!

The revival of the Korean Bible Society, since the Korean war when the Bible House in Seoul was destroyed by fire, has moved forward another step. The Bible House was rebuilt and reopened three years ago. A new warehouse for Scriptures has been built on the outskirts of Seoul and was opened last August.

Out of twenty-three applicants for colporteur work in Korea, eleven passed the necessary tests and started work on probation last October. Two of the colporteurs are women and all are graduates of senior high schools. Two are university graduates.

Thus the distribution of the Scriptures will be increased among the teeming population of Korea.

The family and friends of J. Aime Pigeon were saddened by his sudden passing April 3rd, 1959 at the Montreal General Hospital, at the age of 67. Born at River Beaudette, Quebec, in 1892, son of the late Ferdinand Pigeon Sr. and of the late Leonore Glaude, this wellknown and highly esteemed Iroquois-Morrisburg area citizen had been in the employ of the Canadian National Railways for several years as section foreman.

Matilda Township Council met at Brinston on April 1st, with the following members in attendance: Mahlon Zeron, reeve, Wilfred Cooper, deputy reeve, and councillors James Miligan, Dwight Merkley and John Wells.

Tuesday evening, March 31, employees of the Williamsburg Canal and Lock 7, Iroquois, gathered at the Canal Shops to honor A. W. Gammon and W. H. Bow-

Mrs. Jean Casselman, MP, Reports  
Parliament Topics

It is customary for the galleries and the floor of the House of Commons to be completely filled whenever a Minister of Finance brings down his budget.

Last night short and rather square Hon. Donald Fleming, entered the House at eight o'clock and was greeted warmly and enthusiastically. He seemed completely relaxed and his smile included a satisfied twinkle in his eye. The two-hour speech ahead was of little worry to Donald Fleming who loves to make speeches, the longer the better. He knew the contents of the speech were to be admired and the hard spadework had all been done.

It takes about two months to prepare a Federal Budget. Work began on this one the end of January. Many hours a week are then added to the Minister's work which already includes almost daily Cabinet Meetings of two to three hours, caucuses, delegations, attendance in the House of Commons, correspondence, and all the regular work of a Member of Parliament.

For about a month, daily representations are received regarding recommendations of all sorts, taxes and tariffs on innumerable articles are reviewed.

Then comes a month of conferences with highly educated, clever departmental officials as to what is most practical and workable and most generally acceptable towards the goal in view.

Mr. Fleming's goal has been a balanced budget as soon as possible. He had predicted a decreased deficit this year of just under 400,000,000. Unexpected costs such as emergency relief to the Manitoba farmers and heavier demands for money from the Provincial Governments altered Mr. Fleming's calculations by about 12,000,000. Now that we are figuring in billions, this is not a serious spread between Mr. Fleming's prognostication and his achievement.

His is an achievement, in a world where defence of a country is increasingly exorbitant, where research on diseases and every science is equally costly. For example, the cost of setting up only one cobalt unit to fight cancer is \$60,000.

We can be thankful that there are men of Donald Fleming's character who will unselfishly devote himself to the endless study, unselfishly bear the brunt of

sometimes unpopular decisions to hold Canada's economy from runaway inflation.

Mr. Fleming is admired for his excellent, alert and retentive brain, but equally for his sheer physical stamina. When his assistants are pale from exhaustion after very often seven or eight hours unbroken study and debate, Mr. Fleming leaves after midnight with two or three hours further work under his arm to prepare his report for next day's Cabinet meeting.

Mr. Fleming is fortunate to have the steady and experienced Member for Carleton, Dick Bell, as his Parliamentary Secretary. Always known as one not shirking any responsibility or work, Dick has been right beside him these last two months. Dick still has his big job to do. Over this weekend, the Opposition's financial critics, Bill Bennedickson from Rainy River and Hazen Argue, CCF Leader, will concentrate completely on finding faults and weaknesses in Mr. Fleming's decisions. It will be Mr. Bell's job to answer and refute their arguments and defend the government's policies. Assisting him are the main facts that we are well on the way to a surplus for next year without increasing taxation, and also some relief is now given to the more hardpressed Civil Service classifications. Much as I don't envy Dick the job, it is in good hands and there have been worse times.

## Many New Books Available From Library Shelves

Now that the hockey season is almost over and the Play-offs dawning to a close, a good book and a comfortable chair may again seem quite inviting. New additions to the library which should prove interesting are:

"Kriegie" (Prisoner of War), by Kenneth Simmons is the exciting and inspiring story of an American airman who baled out over Germany in October, 1944, and the privations, horrors and struggles which ensued until his liberation by General Patton in person in April 1945.

"You're Stepping On My Cloak and Dagger" by Roger Hall deals in a hilarious fashion with seven years of his military career spent in the O.S.S.

In "Hawaii, Isle of Dreams" Jacques Chegary takes you to that enchanted paradise.

"A Passage to England" by Nirad Chaudhuri. Mr. Chaudhuri recounts his impression of Europe, when, at the age of fifty-seven, found himself able to take his first trip out of India, fifteen weeks in England at the invitation

of the British Broadcasting Corporation.

In "The Ugly American", William J. Lederer and Eugene Burdick, both master story-tellers, pool their knowledge to weave a fascinating tale around people and conditions in South-east Asia.

"The Devil's Advocate", a new novel by Morris West, is based in Southern Italy and concerns an investigation into a proposed canonization.

"The Mansion" by William Faulkner is a novel that moves with driving precision to a climax that is as surprising as it is inevitable.

"The Constant Image", Marcia Davenport's new novel, first since her recent best-seller "Valley of Decision", is an intriguing love story, designed to captivate the femme audience.

Two more of the books requested by the Girl Guides have arrived "The Story of the Girl Guides" by Rose Kerr and "The Wolf That Never Sleeps".

## Review Indicates Population Jump

MONTREAL, Feb. 24—Canada's population will probably pass 18,000,000 this year and increase to about 22,500,000 by 1970, according to the Bank of Montreal's Business Review for February, just issued.

Furthermore, in ten years' time Canada's annual birthrate is likely to be 600,000, so that the wide

for those a little younger are "Secret Castle" by Anne Colver, a delightful story set against an authentic background of the Thousand Islands and "Hop-High, the Goat", a tale of a little Navajo girl and her pet goat written and illustrated by Laura Bannon. For the very young is "The Littlest One in the Family" by Lois Duncan.

and varied demands created by the "baby boom" of the '50's may be only a foretaste of what is to come.

Dealing with likely population trends in the decade ahead, the bank says there is every reason to expect fertility to remain high and mortality to remain low, with immigration at least equalling the relatively small figures of the last two years.

But, just as important as the total population figure is the likely composition of the population by age groups, the B. of M. adds. For "bulges" in the age pyramid have important new implications with the passage of time, producing significant shifts in the pattern of consumption.

Specifically, this is likely to mean there will be important differences in the composition of Canada's population by age groups between the next few years and the later part of the decade, the review forecasts.

### YOUNGER POPULATION

"Briefly," it continues, "the early 1960's will see the large number of those born in the immediate postwar years reaching their teens. But reflecting the low birth rates in the depressed years of the mid-1930's, relatively few are now marrying and will be starting families in the near future."

"In strong contrast, as the decade moves towards its close the teenagers of the early 1960's will become young adults, attending university, taking jobs and forming families; their numbers and

## What's Going On At Legion Branch 370?

### AT THE HOME OF FRANK SHORTT

A most enjoyable day was spent at the home of Frank Shortt, on Sunday, March 27th, when some 34 relatives gathered to surprise him on the occasion of his 80th birthday. A lovely turkey dinner with all the trimmings was served at the noon hour and the diningroom table was centred with a decorated birthday cake and candles. The guests of honor received many nice birthday gifts, and cards, including money.

Mr. Shortt has three sons and five daughters, all of whom attended, with their husbands and wives: James Shortt, and Mrs. Andrew Doyle, both of St. Lambert; Mrs. Richard Whittle and Mrs. Harold Milligan, both of Iroquois; Mrs. William McCarthy of Ottawa; Bernadr Howard and Mrs. John Armstrong, all of Cardinal. He also has 16 grandchildren, and three great grandchildren.

### JUST FOR LAUGHS

The third-grade teacher wrote this sentence on the blackboard: "I ain't never had no fun at the sea-shore."

She then turned to her pupils, singled out one of them and asked, "How can I correct that?"

Little Tommy at once responded, "Get a boyfriend!"

those of their children will in consequence be much larger than the numbers in the same age brackets today.

Over the full decade, Canada can be expected to have about 3,000,000 more people under 30 than is the case now, while the population over 30 probably will increase only 1,500,000, the B. of M. believes.

### CHANGES IN "OVER-30's"

Of those over 30, the bank foresees only minor changes in the 30-45 age group. On the other hand, the number of people between 45 and retirement is likely to increase rapidly and steadily in the ten years ahead, so that by 1970 there will be nearly 4,000,000 in these age groups, versus about 3,000,000 now.

Summarizing, the review says, "planners can safely count on an increase at a rate roughly comparable to that of the 1959's. Moreover, the age structure reveals two particularly significant trends. The first, of interest to those who supply the various rising proportion of the population. The second, of interest to those who cater to a quite different range of tastes, is that the middle aged will also, perhaps, surprisingly, increase in numbers more rapidly than the population as a whole."

The district Zone rally was held in the Clubrooms of the local branch on Sunday, March 27th, at 2.30 p.m., with some 40 Legionnaires from out of town and the local branch being present. The meeting was called to order with the local branch president in the chair. After the ceremony of deposition the colors the meeting was turned over to Zone Commander, Comr. E. Simzer. Comrade F. Doran recorded the minutes.

Our guest speaker for the afternoon was Comrade Garth Husk, of Ottawa. Comrade Husk is the District membership chairman and he gave a most interesting talk on M.M. (more members).

Comrade Simzer presented citations to four Branches in the district who surpassed their 1959 membership, Kemptville, Prescott, Winchester and Iroquois. These citations are not easy to come by and any Branch fortunate to receive them can feel very proud of it. Branch 370 is not, however, going to rest on last years laurels but are going to increase their 1960 membership, we all ready have a head start with eight new members to date. We ask all ex-members and Veterans in the district to take two minutes to fill in the application form and return it to any member, only in unity is there strength. We have a service club second to none, let us keep it that and also improve it.

We need your support so don't wait to be approached, if you have the necessary qualifications ask any member for an application form. You will not only be doing yourself a favour but also the Branch and the community in which you live.

### Smile

An optimist is a man who, instead of being sad at the idea of not being able to pay his debts, rejoices in the thought that he isn't one of his own creditors.

Irate taxi driver to fare: "There'll be no charge lady, you did most of the driving".

Two first-graders stood talking in the school playground during recess when a jet plane flew over. "Look at that," said one, "it's a BX-50."

"No, a BX-51," commented the other. "You can tell by its wing sweep."

"You're right," conceded the first youngster. "But it's not going more than 760 miles per hour because it didn't break the sound barrier."

The second lad agreed on this point and remarked, "It's amazing the pressure that develops on those planes when they go into a dive—almost 1,200 pounds per square inch."

Then the school bell rang indicating the end of recess and the first boy sighed, "Let's go back in and finish stringing those darn beads".

## Dies at Mountain

Miss Margarte Hunter Parkinson, died at a Nursing Home at Mountain, after a lengthy illness. She was 74. Born at Kemptville she was the daughter of the late Alexander Parkinson and Isabella Buchanan.

Miss Parkinson leaves to mourn, two brothers, John Alexander Parkinson, California, and Angus M. Parkinson; two sisters, Caroline, of Winnipeg, Manitoba, and Isabella Jane, of Toronto. Another sister Gwendolyn Burch, of Syracuse, N.Y., predeceased her in January 1960.

The body rested at the Rolston Funeral Home where the funeral service was held, and conducted by Rev. W. B. Corkum. Burial was made in the Union Cemetery.

ter of Mr. and Mrs. F. M. Corneil, Iroquois, and the groom a son of Mrs. Elmer Hunter, Cardinal, and the late Mr. Hunter.

The double ring ceremony, with the blessing of the rings, was performed by Rev. J. Leslie Dean, minister of the United Church. Mrs. Hugh Thompson, Williamsburg, was organist and accompanied the soloist, Mrs. Olean English, Iroquois, who sang "The Lord's Prayer", as the bride came to the altar, and "I'll Walk Beside You", during the signing of the register.

Given in marriage by her father, the bride was charming in a floor-length original white gown, with entire bodice of crepe with over dress of white frosted chiffon, and square neckline, long sleeves coming to points over the hand and a full flowing skirt. A Juliette cap of white petals and seed pearls held her finger-tip veil of tulle illusion, and she carried a cascade bouquet of pink sweetheart roses, white carnations and stephanotis. Her only jewellery was a single strand of pearls, a gift from the groom.

The matron-of-honor, Mrs. David E. Corneil, sister-in-law, of the bride, Montreal, wore a street-length gown of marine blue shantung, with matching headress, and her flowers were a bouquet of pink carnations and white poms.

Robert Martin, Ste. Rose, Que., was groomsman, and the ushers were David E. Corneil, Montreal, brother of the bride, and H. Bruce Hunter, Cardinal, brother of the groom.

Following the ceremony a reception was held in the Church Hall, with the bride's mother receiving the guests attired in a Dior blue lace dress with matching hat and accessories and she wore a corsage of pink sweetheart roses. The groom's mother assisted in receiving, wearing a navy crepe dress with a cyclamen pink accessories and a corsage of white carnations and mums.

Mr. and Mrs. Hunter left by plane on a wedding trip to Amsterdam, Holland; Paris, France; and London, England. For travelling the bride changed to a frosty plum cashmere suit, with grey hat and grey antelope accessories, and a corsage of white carnations. Just before leaving the bride presented her wedding bouquet to the groom's mother, Mrs. Elmer Hunter.

On their return they will reside in Montreal.

Guests attending the wedding were from Aylmer, Montreal, St. Rose, Point Claire, Que., Cooksville, Toronto, Lindsay, Woodville, Thorold, Niagara Falls, Avonmore, Spencerville, Cardinal and Iroquois, Ontario.

## THE RECORD WORLD

## Canadian Hit A US Threat

by Gary Parmeter

## PICKS OF THE WEEK

JACK SCOTT is at his very best on his new Top Rank release. On a two sided threat, JACK does a change of pace on a ballad called "Burning Bridges". This country-flavoured weeper features a string section, a crying steel guitar, and a fine vocal by JACK. On side two, the Windsor-born artist gives out in his usual style on a rockaballad entitled "Oh, Little One" which is also quite good. Since I prefer "Burning Bridges", "Little One" will probably be the bigger side because the record buying public has always disagreed with me on this guy's material. JACK clefled both songs. (He also has an LP forthcoming called "I Remember Hank Williams".)

I remember they used to call a certain country artist "Mr. Teardrop" because of the so-called 'tear' in his voice. There is now a handsome, popular young singer on the scene on whom the nickname might be more fitting. His name is MARK DINNING and he's already had a number one hit with "Teen Angel" and he is trying for two with a new MGM release called "A Star Is Born (A Love Has Died)", written by the same folk who clefled his first one. This one tells the sad tale of a fellow who has lost his gal after she has hit the big time in the entertainment biz. Although they both had planned big things for her, her success has gone to her head and she has now forgotten him. It's a sad one, and gee, it's pretty. MARK sings it so well too. It was MARK'S tear drenched voice and the pretty melody which first appealed to me when I heard "Teen Angel", and I thought it would be big. I feel the same way about this. The old HANK WILLIAMS tune, "You Win Again", is number two.

## SPOTLIGHT ALBUMS

"I LOVED YOU IN SO MANY WAYS"—BROOK BENTON—Mercury MG 20565. A collection of new tunes, seven of which were written by the artist, as well as one standard, "Someone To Watch Over Me". Includes "So Close", "In A Dream", "If You But Knew", and, of course, "So Many Ways".

"LONELY BLUE BOY"—CONWAY TWITTY—MGM E3818. The

popular singer in his third album sings the title tune, plus "Just Because", "Pretty Eyed Baby", "Blue Moon", "My Adobe Hacienda", and also "Heartbreak Hotel".

"SING A HYMN WITH ME"—ERNIE FORD—Capitol TAO 1332. Something of a switch here, as along album - of hymns, by the entertainer who has had four best selling hymn albums that have sold 1,600,000 all together. This deluxe double jacket set includes "Onward Christian Soldiers", "I Love To Tell The Story", "Shall We Gather At The River", and "What A Friend".

A couple of months ago when talking about the BEAU-MARK'S great recording of "Clap Your Hands" on Quality, I said "It's a common thing for Canadian record companies, like Quality, to pick up American hits and distribute them in Canada, but in this case, I believe the situation should be reversed." Well, I'm here to tell you, and very glad to do so, that some smart American label has done just that. The Shad label last week released the disk in the U.S. and it pulled a Pick Of The Week in Cash Box, the most influential trade paper. This disk by the Montreal group, who also wrote the tune, is a delightful rouser and it is now a strong contender for the U.S. charts. If it does take off, I'll keep you informed of its progress. (DICK COOK of WSTS picked up a copy in Canada a few weeks ago and it's already a big item on the Top Forty down there.)

Speaking of rare occurrences on the Canadian - U.S. scene: BROOK BENTON'S new Mercury record, "Hither And Thither And Yon", just released last week in the U.S., has been out in Canada for over a month. Figure that one out if you can.

RCA Victor was claiming sales of 1,275,000 for the new ELVIS PRESLEY waxing "Stuck On You" and "Fame And Fortune" 10 days after he cut the record. A gigantic manufacturing and supply effort had been prepared and was put into action by the label insuring that a minimum of 1,000,000 copies would be pressed within five days of ELVIS'S first session. Presses in New York, Hollywood, and Indianapolis were working full time preparing for the flood of orders which poured in from distributors. The colour sleeves for the disk were printed some time before the singer's discharge and therefore don't have the titles of the songs on them, although ELVIS picked those two songs to record, among others, while he was in the service.

Apparently DICK CLARK likes the TOMMY SANDS deck - "You Hold The Future"; he's played it every day for week and weeks. TOMMY even has a new record out now (which virtually eliminates the changes of the other record's becoming a hit) yet ol' DICK keeps plugging away on

## Fetch-ing!

My name is Charpin and I'm a papillon, one of the few in Canada. Like most other dogs, I'd like to get outdoors and play a game of "Fetch." But I'm a TV and fashion show star so must content myself with looking "fetch-ing" in my new Easter hat, especially designed by a Toronto department store.

## High Quality Exhibits at Fair

High quality exhibits and good attendance featured the S.D. and G. Seed Fair held in Chesterville, March 28th and 29th.

Feed as well as seed is exhibited at the Fair and there were over fifty entries in the hay and silage classes.

Glengarry farmers were the leading winners in the seed classes.

Grand Champion exhibit was an almost perfect sample of Timothy seed shown by Miles McMillan, Dalkieth. Mr. McMillan received the Eaton Trophy.

Premier exhibitor and winner of the Simpson-Sears trophy was Hugh Fisher, Maxville.

Bill Franklin, Greenfield, was the winner in a small Junior Judging Competition.

Dundas farmers came to the front in hay exhibits winning four of five classes. Angus Smith, Chesterville, had the Champion lot of hay and was winner in classes for alfalfa, mixed and grass hay.

Gerald Adams, Williamsburg, had reserve champion lot with his winning second cut hay.

Mr. John Russell, Canada Department of Agriculture, J. W. MacRae and Neil Stoskopf,

"You Hold The Future".

The new JIMMY DARREN disk will probably get the same treatment since it's the title tune of the CLARK movie - "Because They're Young".

While on the subject of DICK CLARK, Channel 5, Plattsburg, carries the last part of "American Bandstand" from 5:00 to 5:30 each weekday, therefore you can catch a solid hour of "A.B." every day by switching from 7 to 5-at 5.

Then of course on Wednesdays at 5:30 if you've nothing to do and want a chuckle or two, you can turn over to Channel 8 for "Dance Date".

RUSS REARDON, WAIR, Winston-Salem, N.C., will soon broadcast a 15 to 20 minute segment of jazz chatter - while parachuting from 18,000 feet. Hope his chute opens or there won't be any chatter, just splatter.

## SAFE DRIVING PAYS BIG DIVIDENDS—

Good companions make pleasures greater, chores easier. Yet companionship does not need to be demonstrative. Even the silent presence of an in-tune companion offers satisfaction, and a kind of reserve strength.

Drivers sometimes get this feeling of good companionship in heavy traffic, points out the Ontario Safety League. It may occur when cruising at 50 m. p. h. en route to the cottage, on a summer weekend; or when crawling bumper-to-bumper through the city in a blizzard.

It happens when a man suddenly realizes that he is driving quietly and well, and everyone else seems to be doing the same. A feeling of mutual respect and confidence links all the drivers around into a relaxed, competent group. No-one shouts, pushes or elbows. Everyone makes the best of things, makes steady progress, and makes friends.
