NHL Expansion Provides Real Opportunity For Young Hockeyists, Says Frank Boucher

A young footballer, Burns McPherson of Alexandria became the first holder of the James P. McCaffrey Memorial trophy and young hockeyists were told by a man who should know that expansion of the NHL to a 12-team league would provide them with a real opportunity for the good life.

"There is no end to the wonderful start in life young Canadians can get by playing in the NHL today", Frank Boucher told more than 200 sport fans Monday night at the second annual Lions Sportsmen's Dinner in Alexander Hall.

Former centre star with New York Rangers, Boucher is now commissioner of the Canadian Major Junior Hockey League and he said this opportunity is being sensed in Western Canada. "We are expanding so that every kid who wants to can play junior hockey and at the same time get an education". Running a club these days can be complicated and costly, he told his audience. The clubs pay costs of education and provide spending money and operation of a team costs up to $60,000 a year.

This provision of educational opportunities for young hockeyists should be the practise right across Canada, he suggested.

Among head table guests at the dinner were Bill and Bun Cook of Kingston, wingmen on a New York Ranger line centred by the guest speaker over a period of nearly ten years. Other NHL greats of an earlier era included Aurel Joliat and Dinny Dinsmore and there were many other sports celebrities from Ottawa and Montreal. "Red" Storey, "Red" O'Quinn, Clary Foran, Cecil Duncan, Hap Shouldice, Bill Long, Gordie Perry were there and from the sports reporting world were Vern DeGeer of the Gazette, "Red" Fisher of the Star, Terry Kielty and Ernie Calcutt of CFRA, in addition to other representatives of the Cornwall press and radio.

Representing the Glengarry sport scene at the head table were Rev. C. F. Gauthier, Ben Villeneuve, Doug Baxter, Burns McPherson, Ralph McSweyn, Ernie Gallant, Dan McRae, Michel Boisvenue and the editor. Rev. L. S. Woolfrey gave the invocation and others at the head table, representing sports greats of many years ago were John T. Rayside of Montreal and Duncan J. MacDonald of Cornwall.

Among the Cornwall contingent were "Hank" O'Day, "Paddy" Sullivan and Reg. Woodward.

The centennial theme was emphasized by Chairman Angus H. McDonell in his recollection of many sports stalwarts of an earlier era while introducing head table guests and others in the hall. Also taking a bow were members of the Alexandria midget team, winners of an ODHA championship, who occupied a table on the stage.

Centring the head table was the handsome J. P. McCaffrey Memorial trophy, a reminder that this dinner was also a tribute to that Ottawa sports personality, a native of Alexandria. "Red" O'Quinn, manager of the Ottawa Football Club presented it to Lions President Claude Lemay for annual award to the outstanding Glengarry athlete.

Later Cecil Duncan made the presentation to Burns McPherson, son of Ranald J. McPherson, Alexandria. A student at St. Francis Xavier University, Antigonish, NS. Burns had played an important part in his college team's fine football season of 1966 and had been a top athlete while attending Glengarry District High School.

In his interesting address, Frank Boucher paid a tribute to the memory of Jim McCaffrey and he warmed his audience with reminiscences involving many of the sports' personalities present. He and Bill Cook had been nominated to the Hockey Hall of Fame and Frank thought it more than time that "Bunny" Cook received that deserved recognition of his hockey talent. "We played

Finch Man Died In Area Crash

A Glengarry Transport driver, Clermont Roy, 21 of Alexandria, escaped injury Tuesday in an accident on Highway 34, two miles south of Hawkesbury in which a Finch area resident was fatally injured.

Dead is Louis Lavallee, 76, of Finch, a passenger in a car driven by Anatase Bert Grignon, 22, also of Finch. In fair condition in Smith Clinic is Mrs. Cecile Grignon, 45, of St. Janvier, Que., with head cuts. Her son, the driver, escaped with minor face cuts.

Also in the Smith Clinic in satisfactory condition with chest injuries is Gilles Dupont, 23, of St. Therese, Que. The dead man's wife, 71-year-old Dela Lavalee, was admitted to hospital in shock.

Investigating Hawkesbury OPP said the truck loaded with pulp and paper products was entering the highway from a parking lot when the car plowed into the side of the trailer.

Damage to the trailer's undercarriage was estimated at $500. The car was demolished.

THOUSANDS SAW CARAVANS HERE—Some 13,000 viewed the Confederation Caravans during their visit to Alexandria despite wind which forced an early closing Sunday night and an all-day drizzle of rain Tuesday when school children from all sections of the county bussed in to file through the show on wheels. Officials report 5,800 visited the caravans on Sunday and another 7,000 on Tuesday. Our photographer caught the caravans in formation behind Perpetual Help School (in top picture) and the brief opening ceremonies at 11 a.m. Sunday when George Moir of Ottawa, manager of the show, was being welcomed by Lyall Costello, chairman of the centennial committee and Mayor Raymond Periard. The crew of 34 enjoyed their reception here and the accommodations provided. The Caravans left Wednesday morning for Casselman and a stay in Cornwall this weekend. —Photo by Robert

Pony Lost In Lancaster Fire

Fire of unknown origin totally destroyed a barn and killed a pinto pony on the farm of Victor Latreille on Highway 401 about a mile west of Lancaster, Thursday afternoon of last week.

The farm is rented to Mr. and Mrs. Irenee Larouche.

According to Mrs. Larouche the first intimation she had of the fire was when she looked out of her livingroom window at the side of the house and saw smoke. She rushed out to the barn in an attempt to save the pony, only to find the interior a mass of flame.

"I went back into the house and called the fire department, but ours is a party line and I had a hard time getting through," she said.

When the volunteer firemen under Chief Sydney Gordon arrived the building was a mass of flame and the grass around it on fire. All they could do was keep it from spreading to the nearby house.

The barn and contents were partially insured.

Government Dignitaries At Summerstown Monday For Opening Of New Plant

The new Red Rooster Sportswear Limited plant of Bantamac of Canada Limited had its official opening at Summerstown Station, Monday, when government ministers, company personnel and township officials were among those present.

The plant is the first to be financed through the Ontario Development Corporation and Osie F. Villeneuve MPP explained to the large gathering that the government is trying to locate industries in rural areas so as to retain workers in the country.

Hon. William A. Stewart, Minister of Agriculture and Food, said his department was interested in locating industries in rural areas as such firms support the agricultural aspects of a district.

"New farming techniques do not require as many men as before. Therefore we need industries similar to the Red Rooster to maintain our rural population. It will serve a purpose that can't be met in any other way.

Hon. Stanley J. Randall, minister of economics and development, told the gathering a joint objective of government, private industry and associations was to ensure that spending of government money across the province was planned, directed and applied in a manner that would have the greatest impact on the economic development of all regions of the province.

Mark Gottlieb, president of the parent Bantamac of Canada, Limited said several areas were surveyed before it was finally decided to open the plant just east of Summerstown Station near an intersection of Highway 401. It will manufacture men's sportswear with the possibility of adding a new line of women's and boys' sportswear in the future.

The new plant covers 12,000 square feet and is currently employing some 35 persons. Eventually it is expected it will employ some 150.

J. G. Rowe of Summerstown, industrial representative of Charlottenburgh Township acted as master of ceremonies.

EDITORIAL

IT'S OUR OPINION

Let's Liven Up The Scene

The lure of Expo and the many centennial events being held throughout Glengarry this summer, including Alexandria's Pioneer Days in late June, will undoubtedly result in the return of more former residents than is the normal summer quota. Some will have been long absent, their recollections of the local scene clouded by time and possibly colored by sentiment.

We will be derelict if the impression they get is one of drabness and neglect.

Summer is near and this year all of us should be taking special pains to make our properties attractive. Neat and clean and tidy should be the watchword and especially here in the county town we should be adding a dash of color and gaiety.

Other towns are showing us the way in this centennial year. We passed through Rockland on Friday and that town was gay with flags and centenary banners which apparently were raised to welcome the Confederation Caravans. That same travelling show reached Alexandria early Sunday and in the business section we could detect only three stores that were flying flags. The community as a whole appeared entirely indifferent to the idea of making any special effort to mark Canada's 100th year.

That is not true, we know, but that is the impression the motorist passing through town may get, especially if his travels have taken him through other communities that have gone all out to decorate.

We have heard that flags and centennial emblems are in short supply but if the demand was there we doubt not but that some enterprising local businessman could procure them in quantity.

The Lions Club is asking all Alexandrians to get into the spirit of the thing so that Pioneer Days will be a memorable time of fun and frolic for all comers, especially former residents. Part of the build-up involves decorating homes and places of business to lend a note of gaiety to the local scene.

Let's not be caught with our flags down.

Empty Promises Of Lower Taxes

Some unusually sound advice to the electorate was given by Highways Minister Gomme at the recent Progressive Conservative convention here. "Governments have only one source of funds . . . the people who pay taxes" reminded Mr. Gomme. He added, "Don't be deceived by empty promises of lower taxes and better living conditions. When someone makes this promise at election time, ask him where he's going to get the money".

We use that word "unusual" to describe these candid remarks of the Highways Minister, for it is anything but common to hear this bit of truth uttered by a cabinet minister from a public platform on the eve of an election. Mr. Gomme's leader, Premier Robarts, has rather abruptly shelved plans for a spring election in Ontario and informed guessing now is for voting in October.

Friday's mail brought a release on "The Municipal and School Tax Credit Assistance Act 1967", which Municipal Affairs Minister J. W. Spooner has introduced in the Legislature. A reading of Mr. Spooner's release leaves us with the conviction this bill would qualify for Mr. Gomme's "empty promises of lower taxes".

In essence the bill is intended to provide temporary relief to elderly people on limited incomes from the demands of municipal and school taxes. The bill will permit municipalities, and school boards in unorganized territories, to pass by-laws authorizing a tax credit to any resident owner aged 65 or over. The credit will be one-half the real property taxes to a limit of $150 each year. It will be without interest and financed by the Province, which will reimburse the municipality to the extent of such credits.

No outright gift, this credit rather it is a deferment of taxes until there is a change of ownership in the property. The bill does not baldly mention the possibility of death for the aging taxpayer, when the total of tax credits would become a lien on the property, to be paid by the next generation.

Governments at all levels have only one source of funds, as Hon. Mr. Gomme reminded the Conservative convention. The people who pay taxes will have to meet this added provincial outlay which will prove but temporary easement for senior owners of property. And Queen's Park will be reimbursed when the property is sold, probably to settle the estate.

Don't be deceived by empty promises of lower taxes and better living conditions, no matter the party stripe of the politician who tries to bribe you with your own tax dollars.

Another Paper And A Lot Of Jobs Lost

The World Journal Tribune stilled its presses and shutdown for good last week in New York, leaving the largest city in the United States with only three major daily newspapers. Three decades or so ago New York had more than twenty.

Union restrictions and harassment, coupled with steady losses, had forced the newspaper to stop publication, the final edition announced. Ironically, its closing left 2,600 persons out of work, most of them members of the Newspaper Guild which, with other unions, was demanding a pattern of wage increases averaging 21 per cent over a three-year-period.

The eight-month-old paper was an amalgamation of three of the most famous names in U.S. newspaper history—the New York Herald Tribune, the World-Telegram and the Sun and Journal-American. It had been formed after a crippling 140-day strike last year and had been losing an average $700,000 a month.

That strike, coming on the heels of a series of earlier ones, had brought all three papers to their knees and the merger had been a last-gasp effort to provide New York City with at least two afternoon newspapers. In face of that attrition of jobs the unions involved had continued their demands to the point where the newspaper found it no longer possible to continue publications. "The thing that has brought us to this day is the intransigence of the unions", charged the president of the paper.

Those demanding labor leaders now have 2,600 more unemployed members to fit into a work field which has been steadily shrinking as newspaper presses stopped rolling due to inordinately high overhead costs. Much of that overhead went into escalating wages and fringe benefits in face of the strike threat. Further complicating the daily publishing field was the inroad of television on its advertising revenue.

Now New York City is reduced to the services of three major dailies—the Times, the Post and the Daily News. A side-effect of the shutdown of the World Journal Tribune sees the Post raising advertising rates 20 per cent now that it has no competition in the evening publishing field. The Daily News has raised the price of its paper from seven to eight cents.

In New York everyone is going to pay because of the inordinate demands of irresponsible labor leaders. Residents will be still further limited in the quantity and quality of their news media and will pay more for less of the printed word. Some 2,600 of them have been thrown out of high-paying jobs and will have to move out of the city before they can resume payments into the union coffers.

Their union leaders will continue drawing salaries and expense accounts until so many newspapers across the land have been priced out of business there are no longer enough dues-paying members to keep them in comfort.

There are no winners in a war. It is more than time people decided this applies equally to the strike weapon. One union may be successful for a time in forcing its demands for the better life at the expense of others less organized. But the law of economics eventually catches up just as the unwritten law of supply and demand continues to haunt the planners in government who would put a floor under prices. If rising wages are not tied to increasing production something has to give; and the profit factor must remain or the initiative to produce is lost, and with it jobs.

This is something both organized labor and our socialist thinkers in government fail to face up to.

The editor,
The Glengarry News,

An item in last week's "News" has me worrying again. It stated that James Graham is in charge of having our lake treated with a poison to kill the weeds.

Jim tells me the chemical is the type that kills the broad-leaved plants only, and that it will destroy all the weeds in our lake except one—which of course is a long-leaved plant.

Now, I have received a number of reports regarding the experience of corn farmers who have used these chemicals extensively — there are many in the USA who raise practically nothing but corn. And I have learned that as a result, they are now faced with a problem which is infinitely worse than the original one.

For the weed which we call quack-grass is not affected by the poison, and they have found that as soon as the other weeds were

AUREL RETURNS

For sport fans of our generation one of the big thrills of Monday night's Sportsmen's Dinner was seeing in the flesh so many hockey stars who had been part of their adolescent years. The Cook brothers and their pivot man, Frank Boucher, who supplied the scoring punch for New York Rangers in their first nine years of NHL play, were there, Dinny Dinsmore, a Maroons' star in the days when Montreal had two NHL entries; and the "Flying Frenchman" Aurel Joliat who must have been travelling fast in those days to keep up with the immortal Howie Morenz.

There were football figures of stature in Monday's glittering array of athletes young and old, including Red O'Quinn and Red Storey and another "Red" named Fisher and Vern DeGeer were among the many sportswriters. But the hockey greats of an earlier era held centre stage this year and your Rambling Reporter was one of many who got a bang out of sitting in on all the reminiscing.

If we hadn't caught Maxville's Benny Villeneuve huddling with Aurel Joliat we'd never have known, for instance, that this was Joliat's second visit to Alexandria, and they were 50 years apart.

Back in 1917, or was it '18, that 16-year-old Ottawa schoolboy had been inveigled into a hockey game in Alexandria by one of Moose Creek's sports promoters. Benny Villeneuve played on the same line with him on the open-air rink beside Alexander Hall and Aurel was pleasantly surprised to learn that the parking lot where he had left his car was the locale of that very rink.

"I've passed through Alexandria countless times on the CNR "Joliat told us," and each time I visualize that rink and my first professional game of hockey." The Flying Frenchman was smiling when he said that. He had been paid the magnificent sum of one dollar for his travels and puck-chasing.

Joliat and his contemporaries are a rapidly thinning crew and this annual Sportsmen's Dinner provides not only a chance for area fans to see and hear them; it also enables them to get together. The Cook brothers and Boucher had last met in Vancouver at a funeral years ago.

After last year's fine Sportsmen's Show fans were left wondering if it could be duplicated. Our Sports Columnist Angus H. never had any doubts and he came through nobly, both in organizing and conducting an even better show.

NEEDN'T BE EXPENSIVE

Everybody's talking about Expo and to hear them talk this is the finest manmade show the world has ever known.

Some of the stories tell of being "taken" at some of the pavilion restaurants and it's undoubtedly true you're going to pay more for fare at the Fair than you would in a local restaurant. A local visitor thought three bucks was more than enough for one drink of rye.

But Expo needn't be expensive if you're economy-minded. The wife of a weekly editor we know took her son to the Fair on that first Sunday when more than a half-million jammed the turnstiles. Forewarned of the mob, she took along a picnic supper and they enjoyed their meal at one of many unoccupied picnic tables in a setting she describes as "out of this world".

They visited three pavilions, had a wonderful time and it cost her just 50 cents.

Seems if you wanta do things up brown you'll end up in the red, feeling blue. But you can have your cake and eat it, if you bring it with you to the Fair.

UNIT NO. I MET

The May meeting of Unit No. 1 UCW was held in the church on Thursday afternoon. The president, Mrs. L. McKillican, presided.

"God and Man's World", was the topic of Mrs. McKillican's opening meditation. This was followed by prayer.

Mrs. A. D. MacDougall reviewed the chapter in the book, "The church grows in Canada", dealing with "The Protestants in Lower Canada".

Mrs. W. Morrow led in a period of devotion and spoke on "The Bible" a personal letter from God. She stressed the teachings from the Bible.

destroyed and their competition for the plant food in the soil was removed, that the quack-grass flourished beyond belief. It has run riot in their fields and made them a matted mass which is extremely hard to deal with. Quack-grass is the nastiest of all weeds to eradicate because of its underground root system, compared with the weeds which grow singly. So the farmers find themselves far worse off than before they used the chemical.

Wouldn't it be too bad if the same thing should happen to our beautiful and popular little lake—if that one long-leaved weed, with all the space and plant food to itself, should run riot there till the water is so choked with its long floating strands that a boat could not move in it, and swimming would be impossible?

However, perhaps I am worrying unduly, since Jim assured me that permission for carrying out this project was granted promptly by the experts of the OWRC, and they are supposed to know all about such things.

Yours truly,
Dorothy Hope Graham

REGARDING STRIKES

Alexandria, Ont.

The editor,
The Glengarry News,

I wish to commend you on your editorials regarding recreation and matters of municipal policy except for the case of local police control. As citizens we must not retain an inconsistent attitude of criticizing officers for doing nothing and again criticizing them for starting at the bottom with parking violations—but to continue:

As a young man with some reporting experience I also sympathize with your difficulty in obtaining accurate facts. Far too often newsmen are criticized for not getting "at the truth of the situation". Too few people realize that on many occasions people will not state the complete truth to the reporter. In this light I'm sure you will have no objection to my adding (not criticizing) a few details to your last editorial concerning strikes.

To begin with, why are people so concerned with eliminating so-called problems rather than with eliminating their causes?

In general some causes of strikes are:

a) lack of continual consultation between labor and management.
c) tell laborers their union is genuine "virtually" but not "actually" giving them any authority thus resulting in "ready-made frustration".
d) succumbing to the false belief that an economic compensation can satisfy a social frustration.
e) not treating the factory as a social as well as an economic unit in society like they do in Germany and Japan.

And so the above points out of one of the most important principles I learned as a young reporter and that is "no human relations problem is caused by one side, party or factor—a juvenile but perhaps noteworthy observation and principle.

Let's be more specific. In regards to the Security Guard strike, the general idea was that the men wanted higher wages. This is not true except in a vague way; but my point is: why did Expo administration not remove the frustrating factor?

In personal conversation with some guards I learned that for three months they were never paid overtime and administration owed the majority of them from $200 to $350, a sizeable sum for a family man.

Jumping across the fence for a moment I quote Gideon Rosenbluth and H. G. Thorburn (Can. Journal of Economics and Pol. Sc., Nov. '61). In speaking of the Anti-Combines' Act they say:

"The anti-combines administration leads to a policy of enforcement which provides a few spectacular court cases to which the attention of voters can be directed while leaving most business monopolies unmolested. And so it is necessary to admit not only labor gets away with things.

Trusting the above may serve as an addition to your editorial, I remain sincerely,

John P. Libbos, Jr.

100 Years Wrong

A typographical error in a report on sod turning ceremonies for the new Christian Education building of St. Andrew's Presbyterian Church, South Lancaster, made the age of the existing church building 80 years.

In actual fact the congregation at St. Andrew's Presbyterian was formed 180 years ago and worshipped in pioneer church buildings until 112 years ago, when the present structure was built.

together for almost 10 years and all three of us should have been elected as a group", he thought. "Red" Storey, Aurel Joliat, Dinny Dinsmore, Vern DeGeer, "Hap" Shouldice and others came under the speaker's spiked guns as he recalled happy incidents involving them on the sport trail of the years.

A tremendous change has come over hockey since the '20s when Canada had 10 major professional leagues and not a minor one. Television has had its impact, he thought, as he recalled a day in Ottawa when youngsters were involved in every sport and turning pro was a momentous question when it meant one was then barred from all fields of amateur play.

In closing he emphasized that hockey should be fun and expressed the thought some coaches in the amateur field put too much accent on winning games.

Lion Cam Fraser capably thanked the speaker and presented Mr. Boucher with a token of the club's appreciation. Others who spoke briefly were Bill Long, coach of the new Ottawa Junior hockey team, Clary Foran, Terry Kielty, "Red" Fisher and "Red" O'Quinn. Father Gauthier received a standing ovation as he rose to speak. President Claude Lemay welcomed all present on behalf of the Lions Club and Mayor Periard expressed his townsmen's delight in having them as guests.

Prior to the dinner out-of-town guests gathered at Highland Chief Farm and later reminiscing was resumed at the Lion's Den in the Hub hall.

LEGION-AIRES

Alexandria Branch No. 423

Although your Public Relations Officer has taken off, or has been AWOL for one week (actually it was just a weekend) the activities of the Branch were not interrupted.

A report from the hospital visiting committee indicates that, during April, seven cartons of cigarettes given out to veterans in our own Glen-Mem-Hosp., thirty nine packages were distributed to other male patients and two cartons were mailed out to comrades in other hospitals. Weekly visits to the hospital by the committee members has certainly enhanced the name of the Canadian Legion—and a big thankyou is in order for the hard working committee.

Expo contributions—Our own Mr. 50-50 Lorain Aulenbach should be very proud of the fact that his daughter (Gail) is part of the All Services Women Team taking part in Expo—This group of talented young ladies, chosen from all the branches of the services, will be performing at Expo and will also tour Canada with a show depicting the various folk dances and other interesting aspects of Canadian life — Congratulations Gail — Congratulations Mr. and Mrs. Aulenbach.

On the sports field—Our manager Frank Hamilton reports a growing interest in ping pong. He states that already he has graduated from ping pong to the more sophisticated game of table tennis and he is ready and does hereby, challenge any member to a match—Table tennis anyone?

A salute to the ladies—May Day, May 1st. 1967 was the date that the Ladies Auxiliary and our Branch met and although the writer was not present, reports have it that it was a most successful encounter, and that the way is paved for several other joint affairs to the mutual benefit of our Branch. I think it was indicated that the ladies would endeavor to carry on with the task of taking on the usual $1,000.00 debenture payment. And that brother ain't hay. Thank you ladies.

Of things to come—Are you prepared for honors and awards night, May 26th, or National Veterans' Week, June 11 to 17; and in between the normal activities of our Branch?

Expo Choir To Be Heard At Maxville

The Glengarry Old Time Fiddlers' Association will feature an Expo '67 choir at their party in Maxville Community Hall on Saturday, May 13th. The Cornwall Legion Choir, with 36 male voices, under the direction of John Mullineux, will give a preview of their Expo program, starting off with the traditional Legion song "Tipperary" and including such French songs as "Jonas dans la Baleine".

The choir will be appearing at Band A shell on Thursday, June 15th at 11 a.m. and 3 p.m. and at Band B shell June 16th at 11.30 a.m. and 3.30 p.m. on Isle Notre Dame. The choral group is under the auspices of the Cornwall Canadian Legion Branch 297.

Donations Sought For School For The Retarded

Twelve little Glengarrians from all points in the County are adjusting well to classroom instructions as the Glengarry School for the Mentally Retarded has now completed one month's operation. This little segment of our population who have been so long ignored, now share the same privileges as children in 100 other similar schools across Ontario. Mrs. Alan McCaskill and Mrs. Paul E. Viau who are in charge of the two classes report favorable progress with present facilities and additional supplies are arriving.

One large room rented in the Masonic Hall has been partitioned into two classrooms. They have been repainted in a bright apple green with white ceiling and woodwork and drapes are being made by Program 5. Different organizations have offered financial assistance. The CWL and UCW in Alexandria have donated the profit from their joint presentation of "Portraits from the Past". The Student Council of Glengarry District High School have turned over the proceeds from their dance on April 14th, as also did Program 5 from their dance on April 7th. Jeunesse 225 have promised their June 16th dance returns. The Richelieu Club has donated a Honda for a raffle.

Any additional donations will be welcome as improvements still have to be made to the school and the grounds behind the school have to be landscaped and enclosed.

Inter-Faith Service Held At Martintown

A large congregation assembled in St. Andrew's United Church, Martintown, on Sunday evening, for an inter-faith service arranged to mark centennial year.

Joining in worship together were members of the congregations of St. William's Roman Catholic, St. Andrew's Presbyterian and St. Andrew's United churches.

Participating clergymen for the impressive service were Rev. Cecil Dawson of Long Sault United Church, Rev. Kenneth McDonald of the Presbyterian congregation and Rev. Gordon Villeneuve of St. William's Parish church.

Music was under the direction of Mr. and Mrs. G. W. Avis who directed an ecumenical youth choir and Sister Monique Houde in charge of a junior choir of St. William's.

Rev. Mr. Dawson chose scripture reading from the 1st chapter of Genesis and spoke of the majesty and wisdom of God in creation and of His desire for unity among men.

In meditation on a passage from 1st Epistle of John, Rev. Mr. McDonald emphasized the need for sincerity in confession and petition to God.

Rev. Father Villeneuve based the thoughts which he expressed on verses from the 15th chapter of St. John's gospel making a plea for the spirit of love and unity with God and one another.

The congregation joined in singing great hymns of faith and in reciting loved Scripture passages.

A feature was the winning essay for Glengarry, presented by Bobby Dupuis, who won the public speaking contest sponsored by the Ontario Hydro and the Ratepayer's Association a few days ago.

Prize winners in the speaking contest sponsored by the Centennial Committee, held in connection with the art fair, were Wanda McDonell, winner of the Edo Trophy and Jean McDonald, second prize, both of St. Raphael's Separate School.

The Centennial queen and princesses were introduced by Rev. M. J. O'Brien of St. Raphael's and the young ladies presided over prize giving ceremonies.

The art fair and related events were all sponsored by Charlottenburgh Centennial Committee. The large entry list and the interested audience were considered by members of the committee to indicate that the project was a substantial success.

Auditors' Report, Township Of Lancaster

The Council and Ratepayers,
Corporation of the Township of Lancaster,
North Lancaster, Ontario.

Pursuant to our appointment as auditors of the Township of Lancaster, we have audited the financial records of the Corporation and School Boards for the year ended December 31, 1966 and submit herewith our report together with the financial statements and supporting schedules as indicated in the index included herein.

SCOPE OF AUDIT

Our audit was conducted in accordance with generally accepted auditing practice having regard to the instructions of the Department of Municipal Affairs with the exception that our examination of the operating accounts consisted of a series of tests which we considered applicable in the circumstances. We did not audit all transactions and we did not verify title to municipal property.

We have endeavoured to ensure that all receipts have been properly recorded in the accounts, but as is usual in an audit of this nature, it is not possible to verify receipts from miscellaneous sources.

Additional information with respect to the scope of the audit is presented in the questionnaire included herein.

COMMENTS RESPECTING REVENUE FUND BALANCE SHEET

ACCOUNTS RECEIVABLE—PROVINCE OF ONTARIO — $25,329.09:

This amount represents an estimate of the following subsidies receivable as at December 31, 1966:

Road maintenance and construction	$23,773.09
Welfare assistance	1,556.00
Total	$25,329.09

TAXES RECEIVABLE—$129,513.55:

We note the effective action which was taken to improve the collection of taxes receivable. The taxes receivable now amount to approxiately 54% of the current tax roll as compared to 70% of the current tax roll a year ago.

TEMPORARY LOANS—$120,000.00:

We would point out that the bank loans are in excess of 70% of the uncollected balance of the revenues for the year and as such are subject to the approval of the Ontario Municipal Board. The continuation of the present policy of providing a reserve for working capital will remedy this situation.

DEFERRED REVENUE—$5,999.46:

Details of this account appear on schedule 8. The overlevies for schools, county rates and hospital should be taken into account in calculating the 1967 levies.

CAPITAL AND LOAN FUND—$12,229.17:

This amount is due from the capital and loan fund for advances on construction of drain projects with funds borrowed from the revenue fund rather than by the selling of debentures.

The projects are:

Naylor Creek	$ 962.20	
Ferguson Drain	2,390.18	
Filion Drain	8,237.54	
Seguin Creek	937.35	
		12,527.27
Repayment on Theoret Creek		298.10
		$12,229.17

We have not seen Ontario Municipal Board approvals for the amounts expended on the Ferguson Drain and Seguin Creek projects. A grant for two-thirds of the amount expended on the Filion Drain has been applied for. This expected grant will be reflected in the accounts when received.

RESERVES:

An amount of $11,000.00 was provided as a reserve for working funds. We would recommend that this procedure be continued to the extent permitted by Section 297 (2) of the Municipal Act. We would also draw your attention to the suggestion of the Department of Municipal Affairs that they would entertain a request to transfer the full amount of the surplus balance to the reserve for working funds.

COMMITMENTS:

The Corporation is committed to make the following grants to the Glengarry Memorial Hospital out of taxation revenues:

1967 — $8,000
1968 — $7,325

COMMENTS RESPECTING SCHOOL BOARDS:

We have made recommendations concerning the approval of particulars of expenditures in the minutes and that cheque signing be under joint custody for R.C.S.S. No. 10 and C.R.C.S.S.

We have brought to the attention of the Township School Area Board that their surplus balance at December 31, 1966 amounted to 44 percent of their 1966 expenditures. The Public School Act which allows a reserve for working capital of up to 20 percent of expenditures requires that the current years budget make due allowance for the previous years surplus.

We have again made recommendations to the Glengarry District High School Board regarding improvement in control over cafeteria, book deposits and other sundry sales and revenue and have qualified our report in regard to being unable to verify receipts from miscellaneous sources.

COMMENTS RESPECTING INSURANCE COVERAGE AND PROPERTY:

We wish to recommend that consideration be given to the necessity of insurance coverage to cover robbery, burglary and loss of valuable Corporation records. We also recommend that a register of municipal property be set up, showing legal descriptions, so that verification of title could be made as prescribed by the Department of Municipal Affairs.

AUDITOR'S OPINION

Subject to the qualifications concerning:
(1) Lack of verification of title to real property.
(2) Inability to verify receipts from miscellaneous sources.
(3) Examination of operating accounts by a series of tests.
(4) Bank borrowings.

We report that, in our opinion:
1) The financial transactions which have come under our notice have been within the powers of the municipality.
2) The audit has been conducted in accordance with the instructions of the Department of Municipal Affairs.
3) The financial statements present fairly the financial position of the municipality as at December 31, 1966 and the results of its operations for the year ended on that date.

SPORTS in the GLENS

by ANGUS H. McDONELL

Thank you. Thank you so much. That is what we say to all who in any way helped to make Monday's Sportsmen's Dinner a success.

This was not a one or two-man effort. It takes several spokes to make the wheels turn efficiently and this writer has never received better help on any such occasion as that rendered by the members of the Lions Club and others like 'Biel Poirier, Cameron McCormick, Gordon Berry, Vern De Geer, Gerald Marcoux and Murray MacQueen.

Now that Alexandria and Glengarry's sport history has been rewritten we trust the up and coming generation will keep our native land here in the Glens in a lofty niche on the sport map where we so richly deserve to be.

Thanks again everyone.

In a recent column we related some stories found in old copies of the News. We continue on that theme:

On another page we noted a couple of hockey games and as you would expect Bernie Sullivan scored four goals and one more by Williamstown's Barrett to win over Alexandria 5-2. Joe and Eddie Lalonde scored Ourtown's goals. Just below this coverage we spotted one of this writer's first bits of hockey reporting that obviously had been given the necessary polish by the late editor, Col. A. G. F. Macdonald. The Third Kenyon tied Alexandria (seniors) 7-7. Alexandria tied the score on the last play of the game. We can still hear the howl from Danny Sandy Angus MacDonald, A. K. MacIsaac and Johnnie Allan Cameron claiming "Doc" Cheney pulled a "slow whistle play".

Let's move on another decade to the "Hungry Thirties" and lacrosse at Chisholm Park. On Saturday, July 8, 1933, Cornwall Celtics were opening the second half of the schedule in Ourtown. In the week previous Alexandria had lost two games. They almost beat the Indians which would have been the Islanders first loss that summer; but they didn't. Alexandria had several changes in their lineup. Murray McDonald was in goal, Joe Marcoux made his first appearance of the season and Yvon Renaud was down from Ottawa. Benny Haynes (Montreal AAA), Frank McCormick, Wally and Billie "Saddler" Macdonell all scored but Angus George and Angus Thomas came up with two extra to win 8-6. In the other game that week, Alexandria lost to Cornwall Canadiens 11-6. Frank McCormick again led the way with other goals by Jim Weir, the "Saddler" brothers and Paul Pilon.

One of the next year's highlights in sport was the grand opening of Maxville's Jubilee Rink with F. L. McMillan, president and J. Walter Smillie, sec'y-treas.

Our last of those interesting copies to leaf through slowly in a mood of nostalgia was the 1948 News history-making issue reporting the "Gigantic Glengarry Games Revival". Martintown won the tug-of-war and the Gamble trophy while Lloyd Kennedy won outright the Caber Cup. Despite great efforts by Alexandria's track and field stars of that era, 'Biel Poirier, Howard Morris and Jim Weir failed to better the exhibition 16 lb. hammer throw of 80'3" by Toronto's burly police inspector John Cobb.

We presume the Rambling Reporter covered the lacrosse game that night in the Gardens for the News as he wrote. "perhaps a little on the weary side after spending the day at the Highland Games, Alexandria Maroons showed up none too well losing to the Indians 12-10". There were too many Hemlocks, Roundpoints and Seymours to contend with. Andy Anderson scored a hat trick, Guy Henry and Ian McCormick each two and singles by Cameron, Ronnie and Lee McCormick.

Finally, the Black Watch Scots of Montreal were on their way to play the All Stars of the Glengarry Football League. Archie MacGillivray was to play goal with Buddie MacDonald and Donald MacSweyn the fullback defence. Hubert Hay, Keith and Grant MacMaster were the half line trio. Dougald MacGillivray centred the forwards with D. R. O'Brien and Ewen MacPhee insides while on the outside patrol were Eric Reasbeck and Bernard "Baba" Villeneuve. Alternates were Ian Stewart, C. Wightman, Alden MacMillan and Gerard Goulet.

The Scots not only found their way to the "Games" but also won the football exhibition game, 4-2.
