The Late Mrs. Dain.

The serious illness of Mrs. Dain, sr., ended on Sunday evening in death, the end occuring in Dolgeville, N. Y., where Mrs. Dain was visiting at the home of her youngest son, Harry. After a service there, conducted by the Presbyterian clergyman, the remains were conveyed to Morrisburg for burial, interment being made after the arrival of the train on Monday afternoon in Mount Pleasant cemetery, Rev. Mr. Cameron reading the committal service. Accompanying the remains were the three sons:—William, John and Henry. Will, resides in Utica, John in Morrisburg and Harry in Dolgeville. There are also four daughters, namely, Mrs. Munsell of Utica, Mrs. Warren of Toronto, Mrs. Cole of North Dakota and Mrs. Owen of Texas. In addition deceased leaves five brothers and four sisters—John and Ad. of Alberta, William of Hoasic, Matthew of Froatburn, Frank of Port Hope, Mrs. Barkley of Inkerman, Mrs. Reddick of Glen Becker, Mrs. Bigelow of Vancouver and Mrs. Swerdfeger of Hoasic. The late Mrs. Dain, who had been for fifteen years a widow, was the second daughter of the late George Marselis and his wife Lancy Low. She spent about all of her days in Williamsburg and Morrisburg, making a wide circle of friends who have heard of her passing with much regret.—Morrisburg Herald.

The Late Mrs. Daniel Wood.

The death of Mrs. Daniel Wood removes one of the best known residents of the South Branch. The deceased, who was in her 88th year was a sister of Mr. Dan Cashion, of Cashion's Glen, father of Mrs. Wm. C. Leitch, of Montreal, who is the last surviving member of the family, being in his 82nd year. Her husband was one of the founders of the firm of Frost and Wood, of Smith's Falls. She is survived by a daughter, Miss Margaret Wood, South Branch, and three sons, Angus, of South Branch; Stephen, of Marquette, Michigan; and William, of Colma, Michigan. Her nephews are Mr. Wood, of Frost and Wood, Smith's Falls, and Messrs. James and Angus Cashion, railway contractors, in California.

Hon. Geo. E. Foster, Minister of Trade and Commerce, expects sample grain markets to be opened at Winnipeg and Fort William by Dec. 15th.

CHESTER CASSELMAN.

Died at Dunbar.

There passed away at Dunbar, on Wednesday, Oct. 29th, 1913, Mrs. John McMillan in her 80th year.

She leaves an aged husband, three sons, James and George of Dunbar, William of Winchester Springs, and two daughters, Mrs. E. Droppo of Goldfield and Mrs. D. Webster of Dunbar.

The funeral services took place at the Presbyterian church on Friday forenoon, Oct. 31st, conducted by the pastor, Rev. Mr. St. Aubin, who spoke comforting words to the bereaved.

J. S. Marselis of Dundela to Organize Egg Circles

Mr. John S. Marselis of Dundela, who has successful filled the office of President of the Dundas County Co-operative Poultry Association, has been given a position in the live stock branch of the Dominion Department of Agriculture. His work will be the organization of egg circles in other counties for the co-operative marketing and selling of eggs. Under the system all eggs will be plainly marked, so they may be traced back to their source if they go bad, and in this way it is hoped to do away with what is at present a heavy annual loss. The system is working well in Dundas county, and all farmers in the circles here are receiving from two to three cents per dozen higher than the ordinary prices.

Presentation to Mr. Sadler

A very pleasing event took place in the Presbyterian Church at Cardinal, on Tuesday evening of last week when Rev. Mr. Sadler was made the recipient of a purse of gold on behalf of the congregation. A large number were present to witness the presentation. The chair was occupied by Mr. Wm. Clark who made the presentation. The meeting was addressed by Mr. Clark, Rev. Mr. McArthur of Iroquois, Rev. Mr. Cameron of Morrisburg, and Rev. Mr. Stafford of Cardinal, all of whom paid glowing tributes to Mr. Sadler's good work at Cardinal and expressing sincere regret at his decision to remove to another field. A presentation was made to Rev. Mr. Sadler by the Sunshine club and by the Boys' Bible class of the Presbyterian church. The W.F.M.S. made a presentation to Mrs. Sadler.

McLean—MacDiarmid.

The marriage of Donald N. MacLean of Finch, Ont. to Miss Mary MacDiarmid of Avonmore, Ont, was solemnized at 11 a.m. on Tuesday, Nov. 4, at the home of Mr. and Mrs. J. E. Hood at Earl Grey, Sask. The ceremony was performed by Rev. J. A. Kennedy of Earl Grey. J. H. McDiarmid of Regina, Miss Kennedy and Miss Jennie MacDiarmid were the guests present.

Mr. and Mrs. MacLean left on the one o'clock train for their home in Finch, where they will reside. The bride and groom have an unusually large circle of friends, who unite on this auspicious occasion in extending hearty congratulations and sincere good wishes for a happy wedded life.

In Sane, Gets Five Years.

St. Catharines, Nov. 17— Ernest Clark, who twice attempted to commit suicide, once at St. Thomas and once in the jail here, was examined by physicians, who pronounced him sane. He was taken to Welland today and sentenced to five years in the penitentiary for robbing the Grand Trunk depot at Ridgeway.

Tuberculosis Day

Sunday, Nov. 30th, will be observed as Tuberculosis Sunday in the Churches of Ontario. In response to the suggestions of those engaged in the crusade against the great white plague, representatives of all influential ministerial bodies, as well as scores of prominent laymen, have given their endorsation to the proposal that the pulpit should lend its services to the work of stamping out consumption in Canada. The day will be made the occasion of sermons dealing with the needy sufferers, the methods of treatment and the urging of the educational campaign which is now being carried on.

Mary Allan Barrie Dead

On Thursday morning, Nov. 20, 1913, Mary Allan Barrie, relict of the late William Cowan, died at Chesterville.

The deceased lady was in her 87th year and highly esteemed by all who knew her. She came to Chesterville upwards of twenty years ago to reside with her late brother, Mr. W. N. Barrie, and after his death continued to occupy the residence.

Mrs. Cowan was endowed with a constitution of great vigor and up to a few months ago continued the management of her home and was a familiar figure upon the streets. She was a faithful member of Trinity Methodist Church, regular in her attendance upon its services and taking a keen interest in the religous work of the congregation among the members of whom she will be greatly missed.

In the midst of many years and a ripe old age she passed peacefully away surrounded by loving friends this morning. The immediate relatives in attendance were Miss Barrie of Ormstown, Que, Mr Alexander Barrie of Montreal, and Mr. Samuel Barrie, Chesterville. Her only son, Mr. J. S. Cowan, who recently visited his mother, is in Los Angeles, California.

Mrs. W. H. Fraser of Isle Skye, Que., Mr. Wm. W. Cowan of Stratford, Ont., a step-son, and Dr. R. M. Walker of Chicago, a nephew, are expected to be in attendance at the funeral, which takes place at Trinity Methodist Church, Friday, at 3.30 p.m.

Interment will follow at Huntingdon, Que., on arrival of the New York Central train from Montreal, Saturday morning, Nov. 22nd.

Special Notice.

W. Hamilton expects to receive a car of Corn and a car of Bran, Shorts and Middlings at the station in a few days. He also has on hand a full line of flour and feed and coal. See him before you buy.

Contractors Wife Dies in Cornwall

There passed away at the Hotel Dieu, Cornwall, after an illness of only two weeks, Elizabeth Lalonde wife of John D. D. McDonald, a contractor, who did a great deal of work on the Transcontinental Railway, and a brother of D. R. McDonald, ex-M.P. for Glengarry. The deceased lady was a daughter of the late Wm. Lalonde and was born at Cornwall 45 years ago, and spent all her life there. She is survived by her husband, three young daughters and three brothers, Joseph of Cornwall; Peter of St. Paul, Minn., and William in Los Angeles, Cal.

Jailed for Supplying Liquor to Indians.

Six months in jail without the alternative of a fine was the sentence imposed on John Allard by the Police Magistrate at Cornwall on Monday afternoon. Allard was caught red-handed by Policeman Seymour furnishing liquor to two Cornwall Indians, named Mitchell and Papineau, the former of whom is only eighteen years af age.

Obituary.

Mrs. Edward Whiteside of Metcalfe, was laid to rest on Sunday, Nov. 9th, at Metcalfe. The aged lady had been ill for some time past. She had rallied several times from what appeared to be her last illness but finally death called her on Friday. A very large funeral cortege paid its last sad tribute to one who was highly respected by friends and neighbors. She leaves a husband, three daughters and one son, viz., Mrs. (Dr.) Morrow and Mrs. S. Latimer of Metcalfe, Mrs. J. E. Kyle of Russell and Mr. Orton Whiteside of Coleman, Alta., to mourn her.

Mrs. N. W. Rowell was re-elected president of the Dominion Council of the Young Women's Christian Association at Winnipeg.

For the Carriage of Parcels Post

Ottawa, Nov. 13—That a meeting of official heads of the different Canadian railways with the Postmaster-General would be held in Ottawa on the 20th of the present month to make arrangements for the carriage of the parcels post was the announcement made by Hon. L. P. Pelletier today. The minister is just back from New York, where he looked into the operation of the system in the United States.

Although Mr. Pelletier hopes to have the parcels post system in operation by January 1st, he is not yet ready to give out details of rates and weights of parcels but will have an announcement along these lines shortly before the service is put into operation.

The question of contracts with the railways, which is to be settled on the 20th, is one of the most important features of the parcels post matter. It will mean at least a doubling of the present transportation capacity used by the Government, as is shown by the fact that during the first six months of its operation in the United States some hundreds of millions of parcels are said to have been carried, even before the increase of the weight of parcels allowed.

The parcels post is a much bigger affair than the ordinary public realizes and it has worked almost a revolution in business systems in the United States, where its many conveniences are only beginning to be realized. Many of the big business enterprises on the other side do an immense volume of trade through its medium, and it is even beginning to be used as a method of delivery of parcels to the housewife who orders them in the morning and has them delivered in the parcels post later in the day.

As regards its financial aspect, a recent Washington despatch stated that its operation had returned a profit of thirty millions to the United States Government. In Government circles these figures are regarded as rather exaggerated; in fact, many statements as regards the parcels postal operation on the other side are said to fall under this category by Canadian departmental officials who have looked into the actual workings of the American system. It will probably, however, entail large initial expenses, as there is no doubt that large increases to postal staffs through Canada will have to be made, while it is altogether likely that accommodation will also have to be enlarged in many places.

VITALITY REGAINED KIDNEYS CURED

Health Restored By "Fruit-a-tives"

HAGERSVILLE, ONT., Aug. 26th. 1913.

"About two years ago, I found my health in a very bad state. My kidneys and liver were not doing their work, and I became all run-down. I felt the need of some good remedy, and having seen "Fruit-a-tives" advertised, I decided to try them.

Their effect, I found more than satisfactory. Their action was mild and the results all that could have been expected.

My liver and kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old time vitality. Today, I am as well as ever, the best health I have ever enjoyed, and I unhesitatingly give you this testimonial for publication if you wish"

B. A. KELLY.

In hundreds of letters received by the Fruit-a-tives Company, the same expression is used "Fruit-a-tives is the best kidney remedy in the world". At any rate, these tablets have proved the best to the hundreds of men and women who have been cured by taking them. 50c a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Teach Work of Gardening in Public School.

The Ontario Department of Education has just issued circular 13, which contains information, regulations, instructions and course of study in elementary agriculture and horticulture for rural and village and separate schools. While the subject is not obligatory, it is urged as a new purpose—an education for country lire.

The work must be carried into effect not only in the class room, but also through the encouragement of home gardening schemes, children's progress clubs, experimental and observation plots as well as flower beds and borders on the school grounds and other practical measures. The latter must include either a home gardening plan or a school gardening plan.

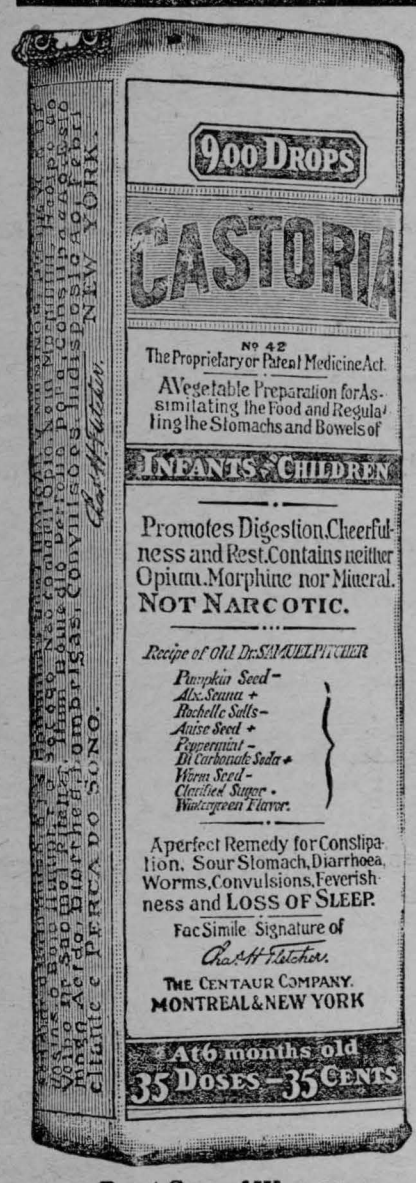

So long as the pupils are not deprived of adequate playground accommodation, the work can be carried on in the school playgrounds, but the plots must be of the standard size, while the teachers must be competent they need not be certificated, though that is recommended, and satisfactory work will carry additional salary. The work should be adapted to local conditions.

Protest Lodged in Chateauguay

Montreal, Nov. 17—The election of Mr. Jas. Morris as M.P. for the county of Chateauguay was protested this afternoon, when petitions to unseat and disqualify him were deposited in the Superior Court at Valleyfield. Bribery by himself and by agents, by payment of money, promises of public offices undue influence, defraying transportation, treating, intimidation and furnishing vehicles illegally are among the charges against the Conservative M.P. and his agents.

Mr. Morris' Liberal opponent was Hon. Sydney Fisher, ex-Minister of Agriculture.

Distribution of Seed Grain and Potatoes from the Dominion Experiments Farms.

By instructions of the Hon. Minister of agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distributien will contist of spring wheat (5 lbs.), white oats (4 lbs.), barlev (5 lbs.), and field peas (5 lbs.). These will be sent out from Ottawa. A distribution of potatoes (in 3 lb. samples) will be carried on from several of the experimental farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applicants must give particulars in regard to the soil on their farms, and some account of their experience with such kinds of grain (or potatoes) as they have grown, so that a promising sort for their conditions may be selected.

Each application must be separate and must be signed by the applicant. Only one sample of grain and one of potatoes can be sent to each farm Applications on any kind of printed form cannot be accepted. If two or more samples are asked for in the same letter only one will be sent.

As the supply of seed is limited, farmers are advised to apply early; but the applications will not necessarily be filled in the exact order in which they are received. Preference will always be given to the most thoughtful and explicit requests. Applications received after the end of January will probably be too late.

All applications for grain (and applications from the provinces of Ontario and Quebec for potatoes) should be addressed to the Dominion Cerealist, Central Experimental Farm, Ottawa. Such applications require no postage. If otherwise addressed delay and disappointment may occur.

Applications for potatoes, from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest branch Experimental Farm in that province.

J. H. GRISDALE,
Director, Dominion Experimental Farms.

Car Conductor's Luck.

Toronto, Nov. 13—James Kent, a street car conductor, received word today from England that he had been left a fortune there of £70,000, approximately $350,000.

The news did not interfere with Kent's "run." He went on as before, but when he came off duty he made application at the Yorkville car barns to be relieved of purchasing a winter uniform, owing to the fact that he expects to return to England about the beginning of December. Meantime he will continue his duties.

Kent is about 35 years of age, and married. After settling in Canada some years ago, he volunteered to serve in South Africa, and went with the Canadian contingent, returning upon the close of the war. He has been employed by the street railway company only since September 17, and is well liked and respected by his fellow workmen.

Cheese and Butter Manufactures.

About thirty of the eighty cheesemakers of Dundas county, together with a few others directly interested in the dairy business, assembled at Winchester Springs on Tuesday afternoon of last week for the formation of the Dundas County Co-Operative Cheese and Butter Manufactures and Makers' Club.

The object of the organization is to encourage a deeper and more general and intelligent interest in all that pertains to the manufactures and makers together from time to time for the purpose of discussing their work and difficulties; and, when practicable, to co operate for the purpose of purchasing factory supplies and furnishings by the most economical methods. Educational work is aimed at; such a thing as a union or a combine is not had in mind.

Tuesday's meeting was presided over by Mr. John A. Campbell of Ormond, while Mr. Preston McIntosh of Winchester Springs acted as secretary.

After a full and free discussion it was decided to organize, when officers were appointed as follows:

President--M. O. Trickey, Williamsburg.

Vice-President—Joseph J. Payne Brinston.

Sec'y-treas.—Preston McIntosh, Winchester Springs.

Directors—Mr. Alex. Hess for Williamsburg, Mr. Herman Summers for Winchester, Mr. Reynolds for Matilda and Mr. Ducolon for Mountain.

Addresses were delivered by Messrs. Campbell of Ormond, Norval of Williamsburg, Ellis of Chesterville and Gardener of Kemptville.

The unfavorable condition of the weather and roads on Tuesday no doubt kept down the attendance. For instance, there was nobody present from Morewood, the home of Eastern Ontario's largest factory a factory where thirty cheese per day are manufactured. Since Tuesday, however, many cheesemakers and others have been seen who were not present and they have promised to become identified with the institution.

Timely Temperance Topics.

The most important temperance event in this Province in the near future will be the voting on the Canada Temperance Act, which is announced to take place on November 24th, in the counties of Huron, Peel, and Welland. In all of these counties the temperance workers are well organized. In every case they secured the signatures of more than the twenty-five per cent of the electors which is necessary to bring on a contest. The Dominion Government has passed an order-in-council directing the taking of the vote and detailed instructions will be sent to the returning officers without delay. A simple majority of the votes cast will adopt the Canada Temperance Act in the places in which it is submitted.

The figures for enlargement and construction of breweries and distilleries in the United States for the year 1912, as compared with those of the year 1906, and the same for church enlargement and construction, are set out in the following table:—

Year	Churches	Breweries and Distilleries.
1906	$ 5,632,731	$14,578,000
1912	14,870,606	2,937,783

The Legislature of the State of Arkansas has enacted a law providing that hereafter any application for a liquor license must be accompanied by a petition signed by at least fifty per cent of the white adults in the district in which the licenses is to take effect. There is a very large colored population in the State which is said to have been responsible for a great deal of the drunkenness and disorder which exists. The object of the law is partly to prevent the opening of saloons in which these people could obtain liquor. As the anti-license sentiment of the white population is very strong, it is expected that it will be practically impossible to secure the necessary petitions in favor of bar-rooms, and by January 1st next, the State of Arkansas may be absolutely dry so far as the law is concerned.

Created Lieut.-Col.

Ottawa, November 13—Hon. L. P. Pelletier, Postmaster-General; has been created honorary lieutenant-colonel of the 87th Quebec Regiment, according to militia orders issued today. The appointment dates from Aug. 15.

Thos. C. Livingstone, D.L.S., died suddenly at Milton of appolexy, in his seventy-eight year.

Arnprior Orangeman Sent for Trial

Arnprior, Nov. 15—For some months the Loyal Orange Lodge, 501, Arnprior, has sought to adjust a difference of $246.69 found by the auditors to exist between the lodge books and those of Mr. Samuel Keith, who was treasurer up to November last. They claimed to have received no satisfaction and on the case coming before Police Magistrate Grierson for preliminary hearing.

The defendant, Samuel Keith, was charged with fraudulently converting to his own use money amounting to $246.69.

Mr. Keith conducted his own case, while Mrs. T. H. Grout acted for the local Orangemen.

John H. Staigh said he was master of the lodge at the present time.

He had paid to Mr. Keith dues while he was treasurer. He acted as auditor of Mr. Keith's accounts; Chas. Coghlan, Norman Smith and James Rivett acted with me; the last audit was made in December, 1912.

The audit showed that $246.69 was due the lodge by Mr. Keith.

This money has not been paid over to the lodge. Witness was not positive of what has become of it, but up to the present time Mr. Keith has not accounted for the money.

Thos. McCormick is the present treasurer. The $246.69 is the balance due the lodge after giving Mr. Keith credit for all amounts he paid.

Thos. McCormick, treasurer of L.O.L., 501, since January, 1913, said he made a demand by order of the lodge for $245.10, at Mr. Keith's house, and he promised to come to see me; he did not pay me the money; he said "it's pretty hard to take blood out of a stone;" he did not say what he had done with the money.

Enquiry at both banks revealed there was nothing to the credit of the lodge.

Witness swore that he went to Keith's house and to the best of his knowledge Keith or someone else was in the house and slammed the door in his face.

Mr. Keith in evidence on his own behalf said, "During my four years and eight months of office acting treasurer of L.O.L., No. 501, the books of said lodge were audited or a form of audit gone through annually and a hearty vote of thanks was tendered me at the end of each term and I was put back in my office by acclamation for each term by them.

"During that term of four years and eight months I received two annuals or lodge dues for two years; I claim I have not defrauded them one cent and just as soon as they have the books audited by proper auditors and account for my wages during the term of my office the balance due them, if any, they shall receive."

Police Magistrate Grierson considered the evidence sufficient to commit the defendant to stand trial at the next assizes. He was allowed his liberty on providing bail for $800 in two sureties.

GIFTS GALORE ARE OFFERED

In Your EATON Catalogue

JUST THINK!—Christmas is almost with us. A few more weeks and then the joyous season begins. With it comes, of course, the usual tokens of goodwill—the giving and receiving of gifts. "What shall it be?" is the premier thought in most minds, and to many it becomes a great problem indeed. Those of you who have a copy of our Fall and Winter Catalogue need have no such experience. We say this advisedly, because we believe that if you will but take the trouble to look through your catalogue you will find it a veritable storehouse of worthy merchandise. Further than that, there are many pages which list just such articles that are of popular choice and pleasurable interest.

THE TIME TO BUY IS NOW—AND THE REASON WHY

So many conditions may later arise that it is well for us to buy gifts early. To put off your purchase too long often brings disappointment. Sit down now and give this matter your earnest consideration and make your choice while stocks are large and varied. Do not forget, also, that ours is not primarily a Christmas catalogue but a comprehensive showing of articles of daily use in the home or the personal requirement.

If you have mislaid your catalogue, or have not now one from any reason, we will be glad to mail a copy free if you will send us your name and address.

London Clergyman Killed by Automobile

New York, Nov. 18—The Rev. James Ross, D.D., pastor of St. Andrew's Presbyterian church, London, Ont., was killed by an automobile at Fourth Avenue and 23rd Street tonight.

Dr. Ross came here this morning with A. O. Jeffrey, a member of the London Library Board, to purchase books for the City's Public Library. They registered at the Grand Union Hotel, and Dr. Ross went downtown in the afternoon, making a number of purchases on Twenty-third street. He stepped out to get a surface car for the hotel got confused, and walked directly in front of the automobile, which threw him against the curb, fracturing his skull.

At Bellevue Hospital cards were found giving his identity. Mr. Jeffrey was sent for, and told who the injured man was. He died an hour after he reached the hospital. He was 60 years old.

He came to Canada with his parents in 1853 from Peterculter, Aberdeenshire, Scotland. Mr. Ross was educated at Queen's University and became pastor of Knox church in Perth, Ont. Later he was lecturer at Queen's University, and subsequently Professor of Practical Theology at the Presbyterian College, Montreal. He occupied the Montreal post until 1904, when he became pastor of St. Andrew's Church, London, Ont. He was a director of the Canada Bible Society and president of the Western Ontario Bible Society, in 1905.

A. R. Bredin was unanimously nominated by the Liberals of Kildonan and St. Andrew's. Manitoba, in convention at Selkirk, to oppose Hon. Dr. Montague, the new Provincial Minister of Public Works.

LAWSON & CASS,
Solicitors for the Applicant.

Rev. W. M. Loucks to go to Winnipeg.

Rev. Walter M. Loucks, pastor of St. Matthew's church, Ottawa, has accepted a call to All Saints' Winnipeg, and will leave in about two weeks' time. His new charge will be the strongest parish in Winnipeg, the most prominent citizens being members. Only a few of the officers of the church knew of the pending resignation, and the announcement made by the rector himself yesterday morning caused universal regret amongst the parishioners.

He is the third son of Rev. Canon Edwin Loucks and Harriet Mucklestone, and was born in Williamsburg rectory, Feb. 24. 1869. He was educated at Trinity College school, Port Hope, and at the University of Trinity College, Toronto. He graduated as bachelor of arts in 1888 and in theology in 1890, and took his M. A. in the same year. In 1894 he married the elder daughter of the late William Pite, M.D., of Perth, and has two daughters and one son.

He was curate of St. John's church, Peterboro, from 1890 to 1893, and of Christ church cathedral, Ottawa, 1893 to 1902. He became rector of St. Matthew's church in the Glebe on October 1, 1892, secretary and registrar of the House of Bishops in April, 1909, and clerical secretary of the diocese of Ottawa in June of this year. He is a member of the corporation of Trinity College, Toronto.

Died at Farran's Point.

This community was shocked and grieved to learn of the sudden death of Mrs. Wm. S. Scott, on the evening of Tuesday, 11th inst.

The deceased had been enjoying her usual good health and was spending the evening in the midst of her little family when the summons came.

An unsuspected weakness of the heart was the apparent cause of death which was instantaneous. Medical assistance was summoned at once, but life was extinct before the physician arrived.

The deceased, who was a daughter of Mr. Geo. Hodgins, was held in highest esteem by all who knew her. Mrs. Scott possessed a kind and loveable disposition which endeared her to all. She is survived by her husband and two children, her parents, two brothers and one sister. The funeral service, which was conducted by Rev. N. McLaren was the most largely attended in this community for years.

Relatives from a distance being: Miss Sadie Scott, Chesterville; Miss Nell Scott, Toronto; Mr. and Mrs. Ernest Johnston and Mr. Will Johnson, Brockville; Mr. George Robertson, Miss Pearl Robertson, Mr. Arthur Robertson, Mr. and Mrs. C. A. Robertson, Mr. and Mrs. Guy Robertson, Mr. and Mrs. David Gillispie, and Mr. and Mrs. R. A. Shearer of Cornwall, besides many others from various parts of Osnabruck Township.

The floral tributes were as follows: anchor from husband and children, wreath from parents, brothers and sister, pillow from Mrs. R. Scott and family, spray from Mr. and Mrs. Ernest Johnson, boquet from Mrs. Aaron Crites, wreath from Messrs. C. M. Rombough, Ralph Fetterly, Wm. Hollister, Bert Daugherty, C. Hollister W. Alexander, Wm. Edwards, Miss Ida McEwen, Miss Leila McEwen, Mrs. R. Hart, Miss Canham.

The pall-bearers were: Messrs. Orton Rombough, Ralph Fetteriy, Wm. Hollister, G. Flynn, Wm. Edwards and Archie Gallinger.

The sympathy of the community is extended to the bereaved family.

Gravenhuret to Vote on a Repeal By-Law.

Gravenhurst, Nov. 18— The Council at its meeting to-night decided to submit a local option repeal by-law to the electorate at the municipal elections which take place on January 5. Local option has been in force here three years. It was adopted by a majority of twenty two over the requisite three-fifths. Both parties are confident of victory, more particularly on account of the by-law being submitted to the electors by the consent of both the Alliance workers and the antis. The necessary petition for the repeal was signed by twenty-five per cent of the electors.

Rev. Angus Flynn died of blows inflicted with an axe by his wife at Thorne, Alta., when he was trying to defend their baby daughter.

Medal Contest.

The leading feature of the programme of exercises to be held on Dec. 15th in honor of the entrance graduates of Chesterville Public School is a medal contest in oratory. It is hoped that these exercises, if successful, will be made an annual event in our school, and as a stimulus to better expression in reading or speaking that medals or other suitable trophies will be awarded the contestant in elocution or oratory, annually.

Children desirous of entering the contest should begin in the lower grades to give short, original addresses at the monthly exercises held in the school for this purpose. We solicit the co-operation of parents in the work of speaking and debating by the children, for we believe at no later date can a child be so easily trained to maintain self-control before an audience as in these early years of his life. It is surprising how quickly a boy gains confidence in his own efforts when he can be induced to make the first attempt. Only three of our pupils were courageous enough to register for the first contest and very generous trophies will be the awards. The gifts with names of donors will be announced later.

Letters of commendation re this work has been received from Sir James Whitney, The Education Dept. at Toronto, Dr. J. F. White, Prin. Ottawa Normal School, Dr. Putman, Inspector of Public Schools of Ottawa and others.

A cordial invitation is extended to all friends and supporters of the school.

Tuberculosis Day

Friday, Nov. 28th, is to be known as tuberculosis day in the schools of Ontario. On that day the teachers of all the schools of the Province are asked by the National Sanitarium Association to talk with their pupils about the dangers of the great white plague and each one's responsibility for taking care of his of her own health. The treatment of the disease will be discussed and advice given as to the best way to prevent spreading it by those who may be its victims. Literature is being sent to all teachers that they may inform themselves. If they will do this and observe the day, it ought to result in much good from a health standpoint.

Goes Insane and Jumps in front of Train to Die.

North Bay, Ont., Nov. 19—In full view of hundreds of horrified spectators at the crowded union station Monday at eight o'clock, a man stepped in front of the Soo express coming into the station, and was crushed to death beneath the wheels.

He was identified by letters in his pockets as S. M. Archibald, from Brentwood, N. S., who has been visiting friends in Porcupine. He leaves a wife and family in Nova Scotia, where the body was shipped today.

No reason was assigned for the accident, except theory that the man went suddenly insane and stepped before the incoming train. He had a ticket to Montreal and forty dollars in his pocket.

"Corpse" Looks on as Family Mourns

Hamilton, Nov. 19—To walk into his home where the members of his family were gathered about a casket that was supposed to contain his dead body, which had been cast up by the waters of Lake Huron, following the storm of last week, was the experience of John Thompson, 422 North John street, this evening.

On Monday Thos. Thompson received a message from his daughter at Sarnia that her brother John was aboard the steamer James Carruthers when it sank last week on Lake Huron. He at once left for Goderich, where a number of bodies from the Carruthers had been washed ashore and were in the morgue. He reached that place late at night and was at once shown a number of bodies that lay there awaiting identification. He noticed that the toes on the foot of one of the corpses were crossed, as were his son's, and decided to further examine it. On the arm was a tattoo mark with the initials "J.T." This was identical with one on his son's arm. On the nose was a mark similar to one his son bore, and besides this there was a similarity in the teeth. Lastly there was on the leg of the corpse a scar from a burn similar to a mark on his son's.

Soo Ratepayers Carry Dry-Dock Bonus By-law

Sault Ste. Marie, Ont., Nov. 17—The by-law to grant a bonus of $20,000 a year for twenty years, to the newly organized Lake Superior Dry-dock & Shipbuilding Company which was voted on today by the ratepayers of this city, was passed almost unanimously. Out of 1,125 votes polled there were only 47 registered against the by-law. The result was 1,078 for the by-law being 1,031 majority in its favor, and 320 above the required two-thirds of the vote polled.

The feeling all over the city tonight is that this will give an impetus to the future business of the Soo. Already the company has placed a deposit of $25,000 in the Bank of Commerce as a guarantee that the work will be commenced not later than April 1, 1914. According to the agreement it will now be required to pay $25,000 more for the site which it requires, and which will be located at the present Bellevue Park, which up to the present has been the only park the town possessed, and which was only opened on Dominion Day last. This the citizens are perfectly willing to give up in order to increase the industries of the town.

Fast Silk Train

Montreal, Nov. 17—A special train of 14 cars arrived here to-day from Vancouver, carrying $2,000,000 worth of silk, brought from the Orient by the Empress of Japan. The "silk special" was despatched across the continent at express speed for New York, via Montreal, to meet the Christmas shopping demands.

Peterboro' Man Appointed

Peterboro' Nov. 18—H. B. Cowan, managing editor of Farm and Dairy, received word today that he had been appointed honorary member of the Canadian Council of Agriculture.

Mr John W. Laidlaw, Reeve of Westminster township, the nominee of the East Middlesex Temperance Alliance for the Legislature, was selected unanimously by the Liberal convention as its candidate in the approaching bye-election.

A new Minister without portfolio, to represent Nova Scotia, is considered likely, and Mr E. N. Rhodes, M.P., is mentioned for the seat.

NEWINGTON

Mr. G. F. Jardine was in Cornwall over Sunday.

Mr. Elmer Scott has a number of men engaged in digging a well on his property.

Mr. Chris Lang of Avonmore, formerly of Newington, is buying poultry here every Monday.

Some parties broke into Mr. Gordon Helmer's storehouse last week and emptied a pork barrel of about 125 pounds of pork.

Dr. Reynolds, who practised in the village for the past year, during the absence of Dr. Dickey, was renewing acquaintances in town last week.

Mr. Geo. Fyke, who sold his farm south of the village to Mr. Isaiah Runions, has purchased the bakery and dwelling. corner of Main street, from Mrs. Austin Snetsinger.

Mr. R. J. Snetsinger of Grimsby, formerly of Newington, is visiting his brother, Mr. Wilson Snetsinger and his brothers-in-law, Messrs. J. Martin and G. F. Jardine.

Mr. Lyman Alguire, now in the employ of Mr. Donald Gormley of Russell, has purchased the Martin Eastman property in this village. The sale was made by Mr. J. Bancroft, real estate dealer.

Mr. Geo. Nichols shipped seven carloads of cattle for the New York State markets from Northfield and Russell on Tuesday and went to Lancaster on Wednesday to purchase another lot. Mr. Nichols spent part of the day in Cornwall.

In the gale of Sunday night, the roof was ripped off Mr. Silas Warner's barn east of Newington. Some of the boards were carried a distance of three acres and driven into the ground. The roof was 24 x 52 and the barn contained the season's product of every kind.

Mr. Roy Duff, who purchased the Jardine homestead from Mrs. Maggie Jardine, has removed to the property and had a most successful ploughing bee on Monday. Mrs. Jardine and her mother-in-law, Mrs. Wm. Jardine, have removed to Montreal to reside with the former's son, Mr. Albert Jardine, who is in the employ of his brother.

The lantern lecture in the Presbyterian church on Monday evening, was a decided success. The programme preceding the lecture was much appreciated by the large audience present. The solos by Mrs. Gosling and Mr. J. L. Gordon were most pleasingly rendered. The views thrown on the canvas by the pastor, the Rev. Mr. Gosling, showed scenes among the miners and loggers of British Columbia; well selected and interspersed with sacred songs, chiefly of a missionary character. This is the first entertainment of its kind ever held here, also the first since Rev. L. E. Gosling's arrival. Mr. Gosling spent some years in the work in the West before coming East to these congregations. His services will be greatly appreciated by the congregations under his spiritual direction.

Mr. John Dunbar, who resides in this village, but who works part of the old Dunbar homestead in Bush Glen, had the misfortune to lose a stack of hay valued at $100 on Monday night, 3rd inst. The fire is supposed to be the work of an incendiary, as a man was seen running away from the fire.

A second fire occurred on Monday afternoon, 10 inst., when the barn of Harvey Thompson, on the farm he purchased from his father, Joseph Thompson, south of Newington, was destroyed. The loss was fully covered by insurance.

Another fire occurred on Monday night, south of the village, at Dixon, when the cheese factory owned by Mr. H. T. Bowman, fell a prey to the flames. This fire is also supposed to be of incendiary origin, as there has been no one in the factory for about two weeks. The loss was partly covered by insurance.

CRYSLER

Miss Bluff of Ottawa, is visiting Mrs. P S. Robarts at the Union Bank.

Mr. and Mrs. Fred Leveille and Miss Frances Senecal of South Indian, were in town for the euchre party on Wednesday evening.

Miss Bertha Montgomery has returned home from Ottawa.

Mr. and Mrs Thos. Braithwaite spent the week-end in Ottawa.

Mr. Lapointe of Peterborough, was in town this week putting a separator in the cheese factory.

Dr. J. D. McMaster paid a visit to Toronto this week.

The store owned by H. Bingham, and now rented by Wm. Boyce as a grocery and poolroom, was completely destroyed by fire about 12.30 midnight on Wednesday. There was a euchre party in town on the same evening and in consequence a large crowd quickly gathered, and every possible effort was made to save the buildings and contents. Very little was saved from the grocery, but some things from the barber shop, which was connected to the building, were taken out.

SANDTOWN

Rev. L. D. Buro of Massena, N.Y., returned home on Tuesday.

Rev. Alonzo Pettingill is spending a week with friends at Massena, N.Y.

Mr. Clayton Helmer is spending a week with Mr. Walter Stewart at Morewood.

Mr. Donald Nado and Mr. Clayton Helmer spent a couple of days with the former's parents at Morewood.

The death of Mrs. Nelson Waldroff took place at her residence here on Wednesday, Nov. 5th. The late Mrs. Waldroff was not in good health for the last few years, but was able to be around. On the morning of her death, in coming down stairs, she fell on the last two steps. But she recovered herself and had started the fire, when she called for help. She was then laid on a lounge and passed away in a few moments. Her death was a great shock to the community. She will be greatly missed, as she was a kind and loving wife and mother and a good neighbor, held in warm regard by all who knew her. She was a member of the Advent congregation here, where she will be especially missed, as she was a ways ready and willing to do her part in the Master's service. The funeral service in the Advent Chapel was conducted by the Rev. Mr. Buro of Massena, N.Y., assisted by the Rev. Mr. Hunter of this place, interment being made in the Sandtown cemetery. There were forty carriages besides people on foot in the cortege. The pall-bearers were Messrs. Edward and Allen Ostler, John Dunbar, Robert Scott, Daniel Hehir and Alex. Shaver. Mrs. Waldroff leaves to mourn her loss a husband and three sons, George and Herman of Manitoba, and Robert at home; two brothers, Alex. and John R. Boal of this place, and three sisters, Mrs. Wm. Shaver and Miss Susie Boal of this place, and Mrs. Warner of Osnabruck Centre. All were present at the funeral but the two boys in the West. The late Mrs. Waldroff was sixty-six years of age.

Big Ship Owner Left Large Estate

The will of the late Robert Reford, well-known ship owner of Montreal, has been filed for ancilliary probate in the City Surrogate Court. Deceased left an estate valued at $2,436,517, of which $425,715 represents his Ontario securities. The executors have provided for $40,000 to cover the succession duties. His holdings in Ontario consist of stocks in various industrial, mining, insurance and commercial enterprises totalling $418,025 real estate $5,900, mortgages $1,800. Outside the province his principal holdings were: C.P.R. stock $1,141,925, shares in steamships and shipping companies $216,480, real estate $342,000, which includes the palatial residence and grounds at 260 Drummond street, Montreal, inventoried at $227,000. The balance consists of stocks in banking, insurance, transportation, industrial and other companies.

His bequests to charities total $7,500, divided between nine Montreal institutions. To his widow he left an annuity of $10,000, with the use for life of the family residence in Montreal and the country home at Little Metis, Quebec. In addition, the executors are directed to invest $100,000 for her benefit, at five per cent interest. She is to have the right to claim the principal at any time, on giving three months' notice to the executors and may dispose of it by will as she pleases at her death. The balance of the estate is divided among his sons and daughters. The executors are given $1,000 each for managing the estate.

Rifle Jams and Shoots its Holder

North Bay, Ont., Nov. 15—Archie Stevens, an Indian trapper, was accidentally shot and killed by his own rifle Wednesday, while hunting on the upper Sturgeon river. Stevens with his son, was hunting on the Sturgeon river about 14 miles north of Warren, and on Wednesday afternoon about 5 o'clock left his son at the camp while he took his rifle and started on a deer trail. Not long after his departure, the boy heard a shot and thought his father had located the deer, but when night closed down and his father did not return, he became apprehensive and paddled three miles down the stream for help. The searchers found the body in the locality where the shot was heard. The bullet had entered the head.

Evidently the rifle had jammed and in making an adjustment had been accidentally discharged with fatal results.

Big Drydock for Halifax.

Halitax, N. S., Nov. 14—Hon. Robert Rogers, minister of public works, was given a reception by the Conservative Party in the Masonic Hall tonight. During the evening the minister announced that the largest dry dock in the British Empire would be built on Halifax Harbor, probably on the Dartmouth side. He also stated that he would give his support to the construction of a bridge across the Narrows, connecting Halifax and Dartmouth.

Hon. Mr. Hazen, who was expected at the meeting, was not present. He did not come to the city.

Montreal Boy Tells of $16,000 Bank Robbery

Vancouver, B.C., Nov. 18—A. J. McQueen, former Montreal boy, who was wounded by bank robbers who looted the Union Bank at New Hazelton of $16,000 on Tuesday last, reached the city last night, and is now in the General Hospital He gave a vivid account of his experience.

"The ledgerkeeper and myself," he said, "had been out to dinner and returned to the bank about 6.30. My companion entered the bank first and I followed. I became aware that somebody else was in the building, but thought it was one of the other clerks.

"Even when some one stepped in front of me in the dark and called out "Money, money give me money," I thought it was a joke and put out my hand to push him away. The answer was a shot and I remember nothing more until I found the ledgerkeeper bending over me. Since then, however, I learned that he was covered by four other men and marched to the safe. This he was forced to open and was covered by one man while the rest got the cash."

Col. Balderson still Refuses to Give Way.

Ottawa, Nov. 17— Lieut.-Col. Balderson, the independent Conservative candidate in South Lanark, was again in Ottawa to-day interviewing Hon. Robert Rogers in connection with the party dissensions in the riding and the prospects for the coming by-election. Col. Balderson still declines to give way in favor of the regular nominee of the party, Dr. Hanna, and demands a new convention.

It is probable that Mr. Rogers will use his influence to secure this as being the only way now left to secure some semblance of party unity. The Conservative Executive in South Lanark is to meet tomorrow night to re-consider the whole question. Col. Balderson expects the by-election to come off during the second week in December. The Macdonald by-election will probably be held on the same date.

Farmer's Mysteriyus Death.

North Bay, Ont., Nov. 12—Frank Maxwell, a farmer residing near Eau Claire, thirty miles east of North Bay, was shot in the leg while hunting on Tuesday and died from loss of blood before he could be brought out to his home. There seems to be some mystery attached to the affair, as no particulars are available of the shooting, beyond the fact that Maxwell was shot and died shortly after. Crown Attorney McKee left tonight for Eau Claire to make an investigation.

Winter Storing of Celery Plants.

Celery may be kept pretty well into the winter by digging the plants so as to leave as large a root surface as possible Remove a few of the scraggly outer leaves and set closely in a cool cellar or in boxes. An ordinary dry goods box from 14 to 18 inches wide and three to four feet long makes a good package for storing celery. Put a little dirt in the bottom of the box, then set the plants in a row close together, just covering the roots with soil. Place another row next to the one first set, as close to this as the soil will permit, in every case setting the plants about the same depth as they grow in the field. Celery stored in this way should not be bleached in the field. If the plants become dry and wilt slightly, they should be watered, care being used not to wet the foliage of the plant any more than is absolutely necesssary as this is apt to cause decay. Store the boxes at a temperature as near freezing as is safe, usually about 35 degrees. If stored at a higher temperature, the celery will grow and is apt to decay.

A School Teacher's Enterprise.

One of the most interesting letters recently received by the Dairy Commissioner, Ottawa, is from a school teacher in Alberta who asks for milk record forms and literature on the subject of Cow Testing, because—now listen: Some of the boys in the school are starting a contest in recording the production of individual cows to last one year.

This opens up a most promising field for every school teacher and for thousands of boys in our country schools. In this we would be following somewhat slowly in the wake of many schools in the United States and New Zealand where the use of the Babcock milk tester has been taught for some time. In a dairy like this, we should be out blazing trails for other teachers and boys to follow.

No better work could be taken up by such lads, for any record work of that kind must infallibly lead to better, vastly better, conditions on dairy farms. Probably these Alberta lads will soon be excellent dairymen obtaining seventy-five or one hundred dollars per cow.

Needless to say the Dairy Division will be only too ready to supply blank forms and instructions in all such cases.

Broke Away from Guards.

Belleville, Ont., Nov. 17—While walking from the court room where he had been sentenced to a term in the Central prison, to the jail today, Ralph de Shine escaped the police and turnkeys who were in charge of him and succeeded in getting away. The police are now scouring the country for him. The first warrant was made out for him 12 months ago, charging him with the theft of $10. He was arrested here on October 31.

Three fresh charges of theft, of receiving stolen property, and of inciting two boys to steal, were laid against him, and he came up today before Judge Deroche. He was sentenced to three months in the central prison, or two years less one day if his behavior is bad, under the new reformatory law.

Warning to Jewellers.

Ottawa, November 17—Twenty convictions under the Gold and Silver Marking Act have been made at Winnipeg alone by Mr. W. Ryan, inspector of the Trade and Commerce Department. These are principally of small jewellers who display alleged bargains in supposedly pure gold and silver watches Some eighteen similar convictions were made by the same official in Montreal some time ago.

Travers Asks Parole.

Kingston, Nov. 17—With two years of his sentence still to serve, William R. Travers, ex-Manager of the defunct Farmers Bank, has applied for parole, alleging ill-health. Mr. Travers has certainly failed to a marked degree during the past year. When the Prison Reform Commission saw him a few weeks ago, they were quite shocked at his decline, and there is every reason to believe that he will be pardoned.

The ex-Bank Manager gave most valuable evidence to the Commission regarding conditions in the prison, and what was needed. He has served about three years, and deducting good behavior time from his sentence of six years he would come forth from prison about October, 1915.

London's Water Commission and Street Railway have entered into a contract for the supply of direct Hydro power current to the latter $36 per horsepower.

In any soil, on any farm, the CLIMAX earns money for you every minute you use it

Very Strong

You can rip sod land with the CLIMAX and a 3-horse team—so it MUST be built strong! Yet the teeth won't smash if they strike a stone—their joints unlock and fly back to pass over unharmed.

Manitoba College used a CLIMAX on land rank with wild mustard; got rid of that bad weed; and grew oats 71 inches in the straw *without a weed in the whole crop!* The CLIMAX certainly does destroy weeds!

Easy Handled

Each pole has a tilting lever; and these, with the pressure lever — all in easy reach of operator — exactly regulate depth of cut. Teeth go right for the roots of the weeds, and rip them out of the soil.

This is the stiff-tooth cultivator that gets the weeds OUT of the soil—not merely cuts off their tops or just tickles the roots a little. On dirty land you surely need the

Prison Farms so Nice that Men come Right back to them.

Next to a nice, quiet-villa in the suburbs, situated on a nice, cheap car-line, one of the most pleasant places to live is an industrial farm, according to Rev. William Finlay, superintendent of the industrial farm in York county, which receives with welcoming arms Toronto's drunks, short termers and other flotsam and jetsam of the police court. Rev. Mr. Finlay did not say this in so many words when he lectured in the Y.M.C.A. hall last night, but he said many things about his own industrial farm that gave the clear impression that the farm was a very desirable place to live on.

Rev. Mr. Finlay is a humorist. He is a Presbyterian minister with the graceful rhetorical powers of a baseball rector. He can describe a thirst.

Here is Rev. Mr. Finlay's description of the thirst that belonged to one of his patients at the farm—a big Scot.

"A thirst that would make Jonah's whale look like a Finnan Haddie. That man hit the tank 15 years ago, and is going a mile a minute, with a thirst you couldn't buy."

"I have never been in a reformatory, and I have been in jail only a few times, said the reverend gentleman. "Two years when the government first lifted its hand to start the industrial farm movement, I was a decent Presbyterian minister. Now, although I don't know much about industrial farms, I have had more experience with regard to them than any man in Canada."

This Presbyterian minister holds decided views on the subject of architecture.

"There's only one style of architecture worth anything," he declared; "the old square farm house with a hall—a big, seven foot wide half, with rooms on each side, the dining room at the back, the kitchen away at the back of that, and the bed-rooms upstairs. That style of architecture has never been improved upon.

"And that is the sort of house that stands in the middle of the industrial farm to the north of Toronto. Several other wooden buildings have been put up since the farm was started on May 5, 1912, and tonight 92 men are sleeping out on the farm.

They are well fed, are those men, who are fortunate enough to escape the jail for the healthier life of the farm." Here is a sample menu:

"Breakfast: Oatmeal porridge, milk, fried potatoes, eggs and bacon.

Dinner: Soup—"and it is soup," declared the superintendent. "A chef ought to get six months who serves soup cold." —bread, two vegetables and pudding, or baked apples.

Supper: Fried potatoes, bread and something to take the place of meat.

No bread and water for the industrial farm hands. "Bread and water fare brings in bread and water work," declared the superintendent. And the penitents on the farm have to work to support the institution.

"Starvation and hair shirts may have been all right years ago," said Rev. Mr. Finlay, "but when a man has been on a five weeks' 'bat' he doesn't know where he's at, and bread and water won't pull him round."

And because they attain the dignity of useful workers they must wear workers' clothes. No strives for them.

Rev. Mr. Finlay believes in what he calls the old system of the practice of medicine. Castor oil, "salts" and mustard plasters are his favorite remedies when the men claim to be sick.

"Where do you feel the pain," is the superintendent's first question. On hearing that the pain is located in the back of the head, the reverend gentleman mutters something about not being able to afford to have typhoid fever, and pours a stiff dose of castor oil down the patient's throat. That, and the free, open air life, keep the patients healthy.

"No first offender should ever go to jail," said Mr. Finlay, in describing the class of men to whom the farm would be of most benefit. "There ought to be some way to get first offenders on an industrial farm. We can also deal with common drunks, and the words common drunks hide a mulitude of other sins."

Only three men out a hundred take it into their heads to run away from the farm, according to the superintendent, although opportunities are many.

Rev. Mr. Finlay declared that the inebriate, or "common drunk," was a result of absolutely wilful civic neglect. He suggested that more supervision should be placed upon young boys to prevent their going astray.

"You should not only register the birth of every child," declared the superintendent, "you should follow him all through life."

Dr. R. W. Bruce Smith, inspector of prisons, praised the industrial farm movement. He used the increasing number of commitments to prove the uselessness of the present prison system.

"The jail," he said, "is supposed to inculcate a wholesome respect for law and order, and a fear of punishment. It is supposed to be a salutary influence for good. Is it any of these things?

"The torture idea of punishment has lingered too long," he went on, in describing the changing attitude of society to the problem of crime and punishment.

"The inmates of our prisons," said Dr. Smith, "are abnormal, as a result, directly or indirectly, of our social system.

"They are misfits. Being weaklings, they fall. Should you keep them locked up for that reason? I have yet to learn of any man being reformed by being committed."

Dr. Smith told of the case of an Ottawa man, 70 years old, who has been committed 90 times.

"A term on an industrial farm would have met his case," said the inspector.

There was great applause when Dr. Smith pointed out how the earnings of the men on the farms are paid over to their wives and children.

"No, they don't elope," said the inspector. "Every man is on his honor to help the farm."

"And if, after a man is discharged, he feels himself in danger of falling, he can come back to the farm. Isn't that better than the ticket of leave system," asked the doctor. "Men do come back to the farm. They have to report to the farm, instead of being discouraged by that damnable system of reporting to the police."

W. P. Archibald also addressed the meeting, presenting some interesting figures relating to the prison and industrial farm systems.

Wireless Towers for Long Range.

Ottawa, Nov. 14— When the chain of wireless stations now in course of construction by the Canadian Government are finished and in operation it will be possible for a passenger on an incoming steamship to communicate from mid-ocean as far inwardly as Fort William. This is a greater range of wireless zone than has ever been operated in any country.

In connection with implementing the service the wireless station on the Tarte pier is to be newly equipped with apparatus of a longer carrying capacity. All down the river and Gulf the Government stations are in regular operation, while the new ones being built at Toronto, Kingston and Port Burwell will be completed this fall, and the last mentioned will be operated during the winter.

With eight powerful stations on the Great Lakes operating in conjunction with those at Montreal, Quebec and on the sea, the wireless system on Canadian waterways will thus be complete and second to none in range and efficiency to similar services in any country.

Shoots at Wife, Kills the Infant.

Montreal, Nov. 18—Pierre Picard, until recently a city detective shot and killed his infant son this morning. According to police information, he quarreled with his wife in his home, 93 Milton street.

He fired at her, the bullet striking the child in her arms. Picard had not been living with his wife for six weeks, but returned this morning.

His wife refused him admission, but he entered by the window. He chased her upstairs, the shooting taking place during the heated argument. Picard has been arrested.

Home Buttermaking

Market reports invariably quote creamery butter higher than dairy butter which is the designation given to that which is made on the farm. It is unfortunate that circumstances at times make it impracticable for dairy farmers to patronize a creamery. When this can be done, not only are the profits, as a rule, increased, but much hard work is taken away from the overburdened members of the family.

There is no good reason why butter made in the home dairy should not be as fine as that made in a creamery where cream produced under all manner of conditions has to be made up. All that is necessary is the carrying out of a well established system in feeding the cows, caring for the milk and cream and the churning and putting up of the butter. In order to teach the proper method of carrying out these various operations, there has been prepared, under the direction of the Dairy and Cold Storage Commissioner at Ottawa, a bulletin entitled "Buttermaking on the Farm," written by Mr. Geo. H. Barr, chief of the Dairy Division.

This work, which may be secured free from the Publications Branch of the Department of Agriculture, explains the common defects of dairy butter as well as the conditions that are necessary to produce fine flavored cream. It then deals with churning, washing, salting, working and packing butter, and considers the modern necessary utensils and their care. These are shown in clear illustrations.

This bulletin, which is No. 17 of the Dairy and Cold Storage series, concludes with the following recommendations:—"Keep good cows, feed them liberally, keep them comfortable and clean when in the stable, skim a rich cream and keep it cool, churn at a temperature that will give a flaky granule in the butter; use clean, pure water for washing butter not more than three degrees colder or warmer than the buttermilk. Put the butter up in neat, clean, attractive packages, and keep everything in and about the dairy clean and attractive."

WEALTH OF HAIR

Parisian Sage is the Preparation that Grows Hair, Stops Dandruff and Makes Hair Gloriously Radiant

Money back says W. G. Bolster if Parisian Sage does not eradicate all dandruff, stop splitting hair, falling hair and scalp itch, and put life and lustre into the dull faded hair of any man, woman or child.

Parisian Sage is pleasant and refreshing. No cheap perfumery odor no disagreeable concoction, but a daintily perfumed tonic—one that is not sticky or greasy—that proves its goodness the first time you use it.

Baldness and faded hair are both caused by dandruff germs. Parisian Sage kills the germs and causes the hair to grow abundantly.

Large bottle at W. G. Bolster's and druggists everywhere. Regular price 50c.

Demonstration Cows

Are your dairy cows making good profits? It is necessary to find out, for at the famous National Dairy Show held in Chicago the last week in October, the authorities had gathered nine demonstration cows to prove for one thing how easy it is to lose good money feeding poor cows. All feed was weighed, all the milk was weighed and tested, the results of each day were placarded in bold figures above each cow. These two furnish the extremes for one day. A 7-year-old grade Jersey consuming 21 cents worth of feed produced only 18 cents worth of fat. This means that she incurred a loss of 8 cents for that day, that the feed cost of one pound of fat was 52 cents, that the feed cost of 100 lbs. of milk was $2.53, and that for every dollar's worth of feed given to her she yielded only 62 cents worth of product.

Close to her was a 7-year-old grade Guernsey that on the same day consumed only 28 cents worth of feed; but notice what she did with it. She produced two and a quarter pounds of fat worth 79 cents showing therefrom a profit of 53 cents. Her pound of fat cost under 11 cents to produce, while every dollar's worth of feed gave three dollar's worth of product.

It has been demonstrated over and over again that similar conditions exist in each province. Just as soon as the keeping of dairy records becomes general, the profits from feeding cows may be expected to increase rapidly The Dairy Division, Ottawa, gladly supplies feed record forms and a herd record book; apply for them today, and make sure, by systematic records, that each cow in your herd makes a good profit on her year's work.

Made Big Round-up of Blind Piggers.

South Porcupine, Nov. 16—The biggest clean-up in the blind pig circles which has ever been attempted in this camp and district was quietly pulled off by the Provincial License Department last week, which resulted in 16 convictions for infractions of the Liquor License Act and one pigger sent down for a term. By the raid the Provincial Department is ahead just $1,600, the minimum fine of $100 and costs being administered in each case.

The following is the list of those convicted:

South Porcupine—Joseph Hudon, John Low, Angus McKenzie, Dominique Ross, Mrs J. Dewar, Geo. Perault, Jas. Huddleston, P. Guertier, D. Deschernier, William Wilson, "Doc" Campbell, Frank Rich.

Timmins—Mrs. Mike Cattelo, Mike Cattelo.

Porcupine—Joseph Ritz, William Bertrand.

During the last week in October four spotters were sent to visit the district by the Provincial Department. One Italian, a Frenchman and two English-speaking detectives completed the group, and these men, although strangers in camp, were able to buy liquor just as freely as they cared to, and as a result very few escaped. Those whose names do not appear on the list, and who were also caught, will appear at a later date.

Gov't Donates $25,000

Ottawa, Nov. 17—The Government has granted the sum of $25,000 towards a fund for the survivors of last week's wrecks on the Great Lakes. At a meeting of Council at noon today, it was decided to set aside this sum to alleviate the sufferings of the victims of the calamity which caused so much loss of life and damage to shipping.

In connection with the disappearance of the steamer Leafield, on Lake Superior, during last week's gales, the Department of Marine and Fisheries has responded to an appeal for help from Collingwood, and has decided to send a tug out to look for the missing vessel which is supposed to have been lost on Manitou Island. The Government steamer Lambton is now patrolling the shore of Lake Huron looking for bodies of wreck victims near Goderich and Sarnia.

Boys Smothered at Kincardine

Kincardine, Ont., Nov. 16—A melancholy accident occurred here yesterday by which two lads lost their lives. They were playing in the wheat bin of the Farmer's Elevator while the grain was being shipped on a G.T.R. car. They were drawn in until the chute was obstructed. The man at work below went to see what the trouble was, and was told by another boy. They tried to shovel the grain away, but the attempt was futile. They then cut the outside wall near the chute and let the wheat run on the ground until they were able to extricate the bodies. Medical men made every attempt to restore life, but the spark had fled. The unfortunate lads were Harvey McCullough 7 years of age, son of W. J. McCullough, liveryman, and Johnnie McGregor, 9 years of age, son of Duncan McGregor, teamster.

Ontario's Fur Industry.

Toronto, Nov. 18—In order to build up in Ontario an important fur industry, the Provincial Government has decided to use the Algonquin National Park as a supply ground for any farmers starting fur farms. Arrangements are now being made to this end by the Department of Forests and Mines. Traps are being devised that will capture the animals without injuring them, and pens will be built at the park, where the animals will be kept after captured until disposed of. Trapping will start in earnest this year.

Strange Disappearance

(Ottawa Citizen)

Mr. George Green, one of the best known residents of Stittsville, left his home suddenly on Friday morning last, and since that time his whereabouts is a complete mystery to his family and friends A few minutes before eleven o'clock he remarked to his wife that he was going to Carleton Place to see a man on business, and boarded the C.P.R. westbound express leaving Stittsville at that hour. When he did not return that night his family became rather uneasy, and their anxiety deepened as the days went by and nothing was heard of him. The man whom he had ostensibly started out to see in Carleton Place was phoned to, but he had seen nor heard nothing of him, enquiries were made throughout the town, but no one apparently had seen him, though the conductor of the train on which he had travelled to the Junction town is quite certain that he got off there. Diligent search has been made for him for the last four or five days, but not the slightest trace of the missing man has been found.

One thing that adds to his family's anxiety is the fact that at breakfast that morning he was heard to make the remark that this might be the last meal he would take there for awhile.

Mr. Green kept a hotel at Stittsville for many years; he also had a general store and was a dealer in coal, cement and other commodities, so that few men in the county were better known. What could have led to his strange disappearance is a mystery to all. He was devoted to his home and family, and was supposed to be doing a good business.

Mr. Green is about 50 years of age. He is of sandy complexion, his hair slightly turning grey, and he is stoutly built. He has a wife and two children, a son of about 17 and a daughter of about 15.

The man above referred to arrived at Brockville last Saturday night and spent Sunday, a guest at the Central Hotel. He is an intimate friend of John McRae, who lodges at the hotel, and the two were together more or less all day Sunday. In the evening Mr. Green attended one of the churches and on Monday morning paid his bill and departed, without telling anyone of his intended destination, nor did he tell Mr. McRae anything concerning his business. A brother of Mr. Green was here this week, but from this point his travellings seem to have been lost trace of.

The remains of Mr. John Hollister who met his death accidentally at Waddington a few days ago, were interred in the cemetery at Williamsburg on Wednesday. Rev. D. A. Ferguson conducting the burial rites. The deceased, who was 38 years of age, was the son of the late Mr. Hiram Hollister (who died in 1910) and Mrs. Carolina Hollister who survives. His death was caused by a load of logs rolling on him off a railway track, crushing his body. He was married a year ago this month, this being a second marriage. There were three children by his first wife—two daughters and a son. There are also two surviving brothers, Milo of Winchester Springs and Henry at California, and three sisters—Mrs. Mike Casselman of Winchester Springs, Mrs. John McDonald of Ottawa and Mrs. M. G. Robinson of Massena. There was a brother (Elgin) that met an accidental death in June last by falling off a train. The sympathy of the community goes out to the bereaved ones.

The Victoria Memorial Museum and Art Gallery at Ottawa, is to be open to public on Sundays hereafter.

"Browns Nurseries are famous for their fine Peach, Apple, Plum and Cherry trees. They have the best nursery soil in Canada and are the largest growers of trees in the Dominion. All scions and budsticks are cut by one man, and he has been in their employ many years, so no mistakes are made by usiug wrong scions or buds. Send in list of the stock you need, and get their prices. Write for agency as they have some unoccupied territory in this County."

Mr. A. P. Louch of A P. Louch & Co., Brockville, Ont., was in town today soliciting orders for electric wiring. This company operates an up-to-date electric supply house, and we feel confident that any work entrusted to them will receive prompt and careful attention.

Geo. Burch and J. Lucas of Smiths Falls, were two members of the crew of the steamer Regina, which is the craft supposed to have turned turtle in Lake Huron. Burch was a watchman and Lucas a deckhand.

On Wednesday night of last week John Moore, of Newboro, who lived alone, was badly burned by the upsetting of a lamp. His limbs from the feet to knees were severely burned. Dr. King was called and dressed the wounds. He is now resting comfortably.

The residence of Mr. J. C. Merkley at Berwick, was destroyed by fire on Saturday, Nov. 8th. The cause of the fire is unknown. The residence was valued at $2,000, and Mr. Merkley carried an insurance of $1,000 in one of the companies represented by Mr. D. Monroe of Cornwall. Mr. Monroe went to Berwick and adjusted the loss.

In last week's issue, it was omitted to mention the floral tributes of the late Mearl McLean, which were beautiful and received from the following:—an anchor from the Chesterville Public School, sprays from her Sunday School Class and Mrs. Daniels. Smith's Falls; cut flowers from Mrs. J. Foster and Mrs. W. G. Bolster, a wreath from the family.

Mr. Charles Gamble of Manotick was buried on Sunday at Johnston's Corners. He was in his seventy-seventh year and had not been in good health for some time. He was one of the best known and most highly respected residents of Gloucester Township. He leaves a large family to mourn him, among them being Mrs. S. Stephenson of Russell and Mrs. Johnson of Chesterville.

A farmer carrying an express package from a mail order house was asked by a merchant, "Why didn't you buy that bill of goods from me? I could have saved you the express, and besides, you would have been patronizing a home store which helps pay the taxes and build up this locality." The farmer looked at the merchant a moment and then said, "Why don't you patronize the home paper and advertise? I read it and didn't know you had the stuff I have here.

Rev. W. McDonald of Sudbury, formerly pastor at Lanark, has received preferment very unexpectedly. He has been notified by Hon. Frank Cochrane of his appointment by the Government as one of three delegates to the American Purity Convention which meets in Minneapolis on Nov. 5th to 12th. Mr. McDonald is an active enthusiastic worker in social work and no better appointment could have been made.

Master in Chambers Dies in Toronto

Toronto, Nov. 12—J. S. Cartwright, master in chambers at Osgoode Hall since 1903, died at his home here this morning.

Mr. Cartwright was a brotner of the Deputy-Attorney General, John R. Cartwright, K.C., and was a cousin of the late Sir Richard Cartwright. Though holding aloof from political discussion he was always deeply interested in public affairs.

He was born at Kingston and was educated at Rugby, England. He married on June 1st., 1866, a daughter of the late Hon. Wm. Ceney, who died in 1889, and was married secondly to a daughter of Geo. A. Young. He was called to the bar in 1868 and became a King's Counsel in 1902. He was appointed registrar of the Queen's bench division of the high court division in 1883, from which post he was promoted to his late position. He was an Anglican.

Dominion Revenue from Incorporations

Ottawa, Nov. 18—That the Dominion reaps a good revenue from the companies which seek Dominion incorporation is evidenced from the figures for the first seven months of the year ending October 31. Up to that date no less than $140,165.60 was paid into the Dominion Treasury in the shape of fees for the issuance of Dominion letters patent and supplementary Dominion letters patent. The fees are fixed according to the capitalization of the company, $50 being charged for the first $1,000 capitalization. A sliding scale as the capitalization increases is provided, the amount per thousand, however, decreasing as the big fiures are reached.

As compared with the revenue for the corresponding period last year, there is an apparent falling off this year. In 1912 the revenue for the first nine months was $175,187.90 an increase of $35,000 over this year. This, however, was accounted for by a fee of $24,000 in July for the Brazilian Traction and Power Company and by another large fee of $13,000 in April of 1912.

Cornwall General Hospital.

This institution provides skilled nursing and care at very moderate rates to those able to pay, and without charge to indigent persons from the three United Counties, other than the Municipal Grants.

It is kept uy by;

1. Fees from paying patients.
2. Grants from the Government and Municipalities.
3. Donations and Subscriptions from Churches Corporations, Societies and Individuals, the last being the largest source of revenue.

You are asked to assist in this work

The nucleus of an endowment fund has been established by a legacy recently received, and parties remembering the Hospital in their wills may stipulate that bequests made by them shall go to this fund.

If you would like a copy of the last Annual Report, drop a card to the Secretary, who will be pleased to send you one.
