ANOTHER GRAND SUCCESS—The color and the crowd was there again at Maxville, Aug. 3rd, for the 21st annual Glengarry Highland Games. The dancers in their varie-colored tartans taxed the floor space of the big dance platform for their opening massed fling and the color was not only in the plaids. Racial origins included the Japanese and Negro, but all were light of foot. Showing the good results of a winter's schooling and its readiness for next year's trip to Scotland, the Glengarry Pipe Band acquitted itself well as duty band and took part in the massed bands presentations. Record Number Bands And Another Throng As 21st Glengarry Games Scored Success

With a record 38 pipe bands in attendance and the usual mammoth crowd, the 21st Glengarry Highland Games at Maxville, August 3rd, scored another solid success. Never before had so many bands gone through their paces in the competitions and despite excellent organization it was well onto evening before the massed bands could present an abbreviated curtain appearance.

A new North American champion band emerged from the Class 1 competition when Clan MacFarlane of St. Catharines, captured top band honors. In second spot a year ago, the MacFarlanes not only forged to first but their drum section won honors in that category and the unit placed first in marching and deportment.

In second place were the Worcester Kilties from Massachusetts; third was the Black Watch Regiment Band from Camp Gagetown, New Brunswick; fourth was the St. Thomas Legion Pipe Band; and fifth was the Canadian Forces Band. Rockcliffe.

The City of Toronto band, in first place last year, finished out of the money this time and had to be content with a second spot in the Slow March competition open to all bands. The St. Thomas Legion Pipe Band placed first in this competition.

Highland House of Woodstock, placed first among Class 2 bands and also had the best drum section in this category. City of Wilmington, Delaware, was second in Class 2, Manchester Pipe Band of Connecticut, was third and the Balmoral Highlanders of Syracuse, placed fourth.

In grade three bands, the Bruce County Junior Pipe Band of Kincardine, Ont., was first; the Black Watch Cadets of Montreal, second; the Rob Roy band of Kingston, third; and the Glengarry Highlanders of Maxville, fourth.

In the girls' band category, winner was the Toronto Girls' Pipe Band with the Glengarry Girls' Band in second spot.

In the drum major's competition, the winner was Norman McKenzie of the 48th Highlanders; Jim Arthur of the Canadian Forces Base, Rockcliffe, came second.

Official opening ceremonies were right on time at 1 p.m. with the full Glengarry band, duty band for the day, escorting the official party to the infield. Chairman Angus H. McDonell introduced Hon. Robert Stanfield who in declaring the Games open spoke of the strong ties shared by his province and Glengarry. President Hugh Smith welcomed all to Maxville and the county

The Alexandria plant of the Brown Shoe Company plans to double existing production and add from 100 to 150 to its present staff, the News was informed Tuesday by M. R. Braid, director of manufacturing at Perth.

The plans for increasing production to that extent are on an 18-month basis but new employees are being sought at once. An advertisement in this issue seeks applications for employment at the local plant.

The stepped-up production will require no enlargement of the present plant, reports Mr. Braid. Work transporters are to be installed to facilitate more efficient processing of shoes.

A new designer of teenage misses style shoes, John Bates has come from England to join the Brown Shoe staff. He will reside in Perth but will work with the Alexandria plant as well.

Police Crack Down On Speeders In Wake Of Second Fatality On Bishop Street

Some 30 drivers on Alexandria streets face speeding charges as the result of a drive by local police to curb dangerous driving. The 30-mile-per-hour speed limit is being strictly enforced and over the past two weeks police have been using radar and an unmarked car. The speed clock is also being repaired and will be put in use reports Police Chief Cleroux.

The crackdown on drivers follows a second pedestrian fatality on Bishop Street within a 10-day period when Denise Lepage, 9, was fatally injured Saturday afternoon, Aug. 3rd.

The daughter of Mr. and Mrs. Jean-Guy Lepage, station, the youngster was walking north on Bishop St., about 4.30 p.m., when a car driven by Lorenzo Campeau, 50, of RR1 Greenfield, climbed the sidewalk and struck her. Police said the vehicle drove onto the east sidewalk then swerved across the street to the other sidewalk where the girl was hit and pinned in bushes fringing the walk.

She died in an ambulance while en route from Glengarry Memorial Hospital to the Neurological Hospital in Montreal.

Mr. Campeau has been charged with impaired and dangerous driving and with having liquor in a place other than his residence. No plea was entered when he appeared in Magistrate's Court here, Monday as he is applying for legal aid. He was freed on $500 bail.

Speed Limit Being Enforced Reports Chief

Every driver caught exceeding the 30-mile speed limit is being charged, reports Chief Cleroux, on on the present drive to curb traffic misdemeanors. "We used to allow a little leeway", he adds, "but now we are adhering strictly to the by-law.

Some 30 drivers have been summonsed over the past two weeks, half of them last week.

Radar and an unmarked car are being used, mostly on Bishop, Main and Lochiel Streets, but the campaign is not restricted only to those streets, Chief Cleroux reports. A speed clock, once used here, is being repaired and will also be put in play.

"We will keep up the campaign as long as possible with the men we have", declared Mr. Cleroux when queried on the permanency of the present drive.

The intersection of St. Paul and Bishop Streets has also been made a four-way "Stop".

Lost Mother

SECOND TRAGEDY IN TEN DAYS—Bishop Street knew its second fatality in little more than a week, Saturday, Aug. 3rd, when Denise Lepage, 9, was fatally injured as she walked homeward from an afternoon at the park. The car that mounted the sidewalk opposite the Community Centre to carry her into the hedge bordering the walk is seen as a tow truck was preparing to take it away. A long overdue drive against traffic offenders is now underway in wake of this added tragic evidence that accidents can happen here. —Photo by Robert

EDITORIAL

IT'S OUR OPINION

Let This Campaign Continue

In the wake of two pedestrian deaths within a ten-day period on Bishop Street our police force has been cracking down on speeders. Some thirty drivers have already been charged with exceeding the speed limit, we understand, most of them caught on Bishop Street where a speed trap has been in operation as well as an unmarked police car.

We have been told by Chief Cleroux that the drive will be kept up "as long as possible with the men we have". That is reassuring to a point, but we would be happier to hear that this is to be permanent policy with our police force; that the pressure will continue to be applied relentlessly until all who drive in Alexandria have learned to respect the speed limit or have been removed from the wheel.

No doubt there are already citizens railing against such strict enforcement of the law. On the open highway when entering a built-up zone these same drivers no doubt respect the lowered speed limits and yet they have become inured through the years to ignoring the speed restrictions on their own dangerously narrow streets.

Lack of local enforcement of the driving regulations has been primarily responsible for this attitude so commonly held. Surely the deaths of two innocent pedestrians in so short a time should be convincing evidence that a clean-up of the careless driver is long overdue.

We should be encouraging Chief Cleroux and his men to continue their campaign, not only on Bishop Street but everywhere within the town limits. Only by hauling in the speeders will the drinking driver be eliminated. And there are irresponsible drivers without whom our streets would be safer even though they don't mix alcohol and gasoline.

Let this drive continue, by all means. But we trust it is not to be used as an excuse for adding more personnel to the police force. Surely a four-man force should be adequate to carry on day-to-day duties and clear our streets of the bad driver, too.

Too Many Bands?

The 21st annual Glengarry Highland Games was another grand success blessed by ideal weather and drawing the usual huge crowd. The 38 pipe bands in attendance set a new record and perhaps their very numbers proved an embarrassment of riches.

The Games committee probably is wondering if there is a way to limit band entries without discouraging young bands. The curtain appearance of the massed bands was delayed almost until dark because of the many competitors in the band classes. And the massed bands were disappointing in that final show. They failed to countermarch and served up only one full-throated tune when the late crowd was counting on several more.

It seems there were too many band entries to be run through in one afternoon, despite the fine organization and despatch with which the Pipers' Society officials handled the competitions. They took up so much time there was little left for the grand finale; and it is this final appearance of the massed bands that thousands of late arrivals had come to see.

We witnessed the colorful opening performance of the massed bands and it was as moving and spine-tingling as ever. But this year the bands seemed too crowded and not quite up to their massed performances of other years. The sound system was not up to par and this may have marred the enjoyment of the spectacle for those in the big grandstand.

Those thousands may have had a feeling of frustration, as we did, during the band competitions. A band marched onto the infield, went through its paces, and marched off. People in the grandstand had no idea which band was playing and they had no clue how well or ill it was faring. The competing bands were too distant from the grandstand and the pipers playing for the highland dancing were setting up a sound curtain through which the bands could not be heard.

This predominance of the dancing has been a weak point in the general picture over the years to our mind, and possibly a poor sound system this time added to the frustration of those in the grandstand. They couldn't keep up with the band competitions and the great majority of Games' goers, we feel, are there to see and hear the pipe bands.

The dancers add to the color and action of the Games, but too steady a diet through the entire afternoon is hard to stomach when a more colorful competition is being spoiled as a spectacle. Another year, to our mind, the Games would be even more enjoyable if the dance stands were set up in the corners of the infield and the centre stage was left clear for the pipe bands to strut their stuff within hearing of all.

The men of Maxville scored another huge success and we trust they will accept a bit of criticism which we mean to be constructive. This 21st Glengarry Highland Games continued to confirm the Maxville event as the biggest of its kind anywhere in the world. It might be just a bit closer to perfection, though, if the number of participating bands was limited on a quality basis and the music they make was made more audible to the thousands who come to Maxville each year because the pipe bands are coming.

A Fast Growing City Is Saskatoon

One of the two fastest-growing cities in the world (or is it on the continent?) was the setting for last week's convention of the Canadian Weekly Newspapers' Association. We had been in Saskatoon nine years ago and certainly it has grown tremendously in the interim.

New housing developments have expanded the city's limits and now high-rise business and apartment blocks are abuilding to cope with a population already at the 125,000 mark. Saskatoon's economy has been spurred by the underground wealth of potash being mined just 15 miles away and by the big dam on the South Saskatchewan River.

The City of POW, a livewire Board of Trade calls Saskatoon; and the "pow" is derived from potash, oil and wheat.

As on our last visit to Saskatoon we envied the city its Board of Trade which goes all out to welcome visitors and help make their stay pleasant. Its members were at the airport to roll out an actual red carpet and an excellent girls' pipe band, the Bonnie Bluebells, was skirling a welcome we found warming. Board of Trade members acted as guides on a tour of the city and were on hand to serve in any other way needed.

We could not but contrast this civic-minded group with the disinterest shown here in Board of Trade work. In the span of only 65 years, Saskatoon has grown from 113 souls to 125,000 citizens. Its trade board may not be entirely accountable, but Alexandria could use a good measure of the civic spirit shown by the businessmen of that Western city.

One of the attractions of our visits to Saskatoon is the re-union with Mr. and Mrs. Walter Telfer of the Humboldt Journal. Walter was a busy convention chairman but both he and Helen found time to entertain the editor from Glengarry and Helen had to catch up with all the news from her home town, Lancaster.

We thoroughly enjoyed our short stay in Saskatoon and wish we might have been able to bring back a sample of the civic spirit Alexandria sorely needs and which that city seems to have in abundance.

Let This Be The Last Mail Strike

Canadians breathed a collective sigh of relief last week with news that the mail strike had been settled. For businessmen, at least, the three-week interruption of mail service demonstrated how essential a service the post office provides. Everyone must have learned a new appreciation of its value.

Most people, we expect, were critical of the postal workers for walking off their jobs. Some may have condemned the Treasury Board for not granting what they see as "reasonable" demands of the workers.

These criticisms miss the mark, says an editorial in the Saskatoon Star-Phoenix. The real culprit is the system which allows strikes to disrupt so vital a service. Surely man's genius is capable of devising better ways of determining whether labor is making impossible demands or management is being unconscionably stingy.

The Staff Relations Act of 1967 granted postal workers and some other federal employees the right to strike for the first time It thus extended to those employees a bargaining weapon mightier than any they had previously. If this weapon is to be denied them, as the public interest demands that it should, a suitable substitute should be provided.

A labor court or commission, as proposed at various times in many quarters, might provide the answer. Or the federal employees who have elected to choose the right to strike may prefer the arbitration alternative chosen by other federal employees.

These arguments are made with some reluctance, since they might tend to weaken the power of labor while management may be more to blame. Great caution must be used, therefore, to ensure that any alternatives which are adopted will not cause hardship to workers.

If reasonable care is taken to preserve the interests of all concerned, finding ways of preventing another postal strike could point the way to greater labor-management harmony in other areas as well.

The Weeklies Say

NO NEED TO ACCOUNT

If one man attempted to short-change the Receiver-General of Canada by $500 in income tax payments, the full force of law and order would be marshalled against him . . . There is, in our society. a form of personal accountability, but by contrast, there seems to be no form of governmental accountability . . . The federal government annually misspends millions of dollars, and no one seems to care. Not only that, but there is apparently no drive by Members of Parliament to do anything about a situation which creates disrespect for government.

—Rouyn-Noranda (Que.) Press

REGRETS LOSSES

Being of a Conservative mind, we were somewhat disappointed in the rejection by the electorate of such men as Dalton Camp, Duff Roblin, Wallace McCutcheon, Alvin Hamilton, Michael Starr and Davie Fulton. Men of their calibre should be representatives in Ottawa whether they sit in opposition or as the government. They are men who have dedicated their lives to the service of others and who could contribute to the governing of this country. Their defeat could only have come from the magnetism of Mr. Trudeau. We hope that in future elections they will again allow their names to stand.

—The Jarvis (Ont.) Record

WAS AN IDEALIST

To lose him (NDP Leader T. C. Douglas) means the loss of a man who continually promoted a program of social reform, some of which was idealistic for these times but still the kernel of thought and often the fact for action. —Melfort (Sask.) Journal

Strive To Be Happy

(Uxbridge Times-Journal

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they too have their story.

Avoid loud and aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans.

Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism.

Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass.

Take kindly the counsel of the years, gracefully surrendering the things of youth. Nature strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatique and loneliness. Beyond a wholesome discipline, be gentle with yourself.

You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should.

Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noisy confusion of life keep peace with your soul.

With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

WITH OUR

RAMBLING REPORTER

by Ed.

WE FLEW

Your Rambling Reporter speeded up his gait more than a few thousand per cent last week when he took to the air on a quick trip to Vern DeGeer's favorite city, Saskatoon. It was his first taste of travel by plane and after jetting all the way to Ottawa, Saturday, he's gotta admit flying gets one places fast.

That homeward flight in a DC-8 also provided a fascinating bird's-eye view of the prairies and we were surprised to see so many small lakes and timber tracts. The wheat fields are there in abundance, as we knew them from the train window, but air travel opened up a whole new vista of woods and water we had not seen on other, more earthbound, trips to the West.

Our introduction to flying was not too interesting. All the way west we were up above the clouds and that unending sea of rolling white soon grew boring. The cloud cover stayed over Saskatoon until Friday but cleared in time for us to enjoy the view all the way back to Lake Superior. when night closed in.

Air Canada provided a varied initiation to flying. We sped by jet most of the way but a four-engined Viscount carried us from Winnipeg to Saskatoon and proved as smooth-sailing and almost as comfortable as its bigger and faster brothers of the sky. Now we know the qualms of coming down through cloud for a landing and those of a first nighttime touchdown. We're also left marvelling at the efficient use of space that permits the serving of a hot meal to almost one hundred passengers.

Your Rambling Reporter enjoyed this new experience of fast travel by air, but he's not entirely sold on it, probably because he likes to ramble. There's still a lot to be said for train trips, if you've got the time.

Visiting football teams should have the edge. They've gotta touchdown when their plane lands.

AFFLUENT OR INDULGENT?

Our seat mate on the plane from Saskatoon was a resident of that city heading for Ottawa, we learned in casual conversation. His daughter had been working in Bytown for the summer, he told us. Daddy had driven her there, left the car with her and was now coming East to pick her up and drive back to Saskatoon.

We didn't probe further into the whys and wherefors, which were none of our business. But we were left mulling over this evidence of an affluent society which permits a man to spend a few hundred dollars on air travel in order that his darling daughter can have the car for the summer. Or was he the overly-indulgent type? Or what motivated him?

Of course there were all kinds of situations which might explain such a set-up and as our jet sped through dusk into darkness we let our imagination run free. The car was probably her own and daddy had insisted he accompany her on the long trips there and back. Or maybe this was his idea of a holiday. A few days of motoring, fly back to the job and do it again in reverse later.

There were other possibilities. Maybe daddy liked the night life over in Hull; could be he had a government job and an expense account that allowed periodic visits to home base at little personal cost.

We'll never know whether that fellow from Saskatoon was affluent, indulgent or what made him our seat mate. He was a fine travelling companion, though; and he gave us something to think about.

Can't figure it. You seldom hear boo's at a political convention but there's plenty of it available.

NIX ON NIXON

There's the possibility we'll rub the wrong way some of our U.S. readers who vote Republican. And some who are in the Democrat camp may take umbrage, too, when we air our views on their election prospects.

Richard M. Nixon walked away with the Republican presidential nomination at Miami last week, much to no one's surprise. He had the party machinery almost solidly behind him and we knew he was a shoo-in; but we kept hoping a miracle would happen and Rockefeller would be the fellow called in to carry the GOP colors.

Don't ask us why we don't like Nixon but we distrusted him way back in 1960 and our dislike has solidified since. Could be Time magazine doesn't go for Nixon and that's where we keep up with the U.S. scene.

We feel likewise with Hubert Humphrey who appears to have

the same inside track with the Democratic party machine. Seems almost certain he'll be the choice at Chicago later this month and we'll see it as a sad state of affairs for the U.S. people.

They're going to have a choice between Nixon and Humphrey, it seems, and we sympathize. For 10 years we Canadians were given a choice between Pearson and Diefenbaker and they were so far from choice we refused to give either a majority.

Such a minority vote under the American system could be more serious. There's the threat of a man called Wallace holding the balance of power.

You might say we Canadians have no business sticking our noses into U.S. politics; and that's true up to a point. The point is that Canada's economy is overly-dependent on the state of affairs in the States. And your Rambling Reporter is worrying over the possibility the U.S.A. may be as lacking in leadership as Canada was over the last decade.

That can lead to chaos.

Look what an important month August has been. Columbus sailed from Spain in August 1492. Talking motion pictures were shown for the first time in New York City in August 1926. The first message by Atlantic cable was sent in August 1858. World War 1 began in August 1914. World War II ended in August 1945. The Red Cross was established at Geneva, Switzerland in August 1864. My "spies" are at work again and word they are sending back from visits to Man and His World in Montreal glow with enthusiasm. It's Expo without the jostling crowds but all the sparkle and world-in-miniature interest of last year. Two of the more eye-catching buildings have changed character inside this year. The former British Pavilion, now topped by a gigantic flag of Montreal, features the Music Belfry and has become a meeting-place for music lovers. The other section of the building has become Cars of Yesteryear where exhibits pay tribute to the pioneers of the automobile. The 20-storey geodesic bubble which last year housed the American exhibit has been transformed into a fascinating aviary and garden area — really, an exotic indoor park. Some 800 birds of 150 different species are housed in enormous cages. In fact, in one section, visitors walk into a tropical garden to be greeted by flamingoes, peacocks, toucan birds with their huge beaks, and dozens of other brilliantly colored birds from tropical lands.

Several new exhibits are fascinating this year. The Humor Pavilion gives a fun-filled look at the lighter side of life: Dolls representing people from the five continents and the way they dress provide a lesson in history and is a veritable museum of man in the Mirror of Man Pavilion. The Telephone Pavilion now has two sections. Canada 67 brings back the thrilling Walt Disney Circle-Vision 360 film. The other section of the building is now Montreal 326 and recalls the 326th anniversary of the City of Montreal. Poland and Ireland are two new participants in Man and His World. And for those who wish to relive Expo 67 there is a memorial pavilion where the great moments are remembered. A collection of flags of the participating countries, costumes worn by the hostesses of the various nation pavilions, slides, photos, reports and newspaper clippings are all there. Again this year Man and His World seems to be the place to visit for a comfortable, quick voyage around the world.

McCrimmon Takes First Place In Soccer, Teams Now In Play-Offs

(by Maurice Sauve)

This year the league standing ended with a tie for first place between Lochiel and McCrimmon and also a tie for third place between Greenfield and Glen Sandfield.

To determine a definite result final-death games were played in both cases. McCrimmon really poured it on as they trounced Lochiel 5-2 in an exciting and well played fixture. The game was nip and tuck and was 3-2 at one point. Scoring for McCrimmon was Campbell MacGillivray with 3 goals, Rhondo MacSweyn and Hugh MacGillivray with one each. Hubert Hay and Maurice Sauve retaliated for Lochiel.

The other final-death game involving Greenfield and Glen Sandfield was so close that it ended in a 1-1 tie forcing the game into a twenty-minute overtime period. At this point Greenfield went on a scoring rampage and added three goals making the final victory 4-1. Albert Gill booted 2, Jackie Smith and Wilbert McDonald one each. Murray McLachlin had tied it up earlier.

Play then entered the semi-finals. McCrimmon took the first game of best out of three series defeating Greenfield 3-1. Hugh MacGillivray, Rhondo MacSweyn and Russell Raymond netted singles for McCrimmon and Jackie Smith got Greenfield's.

Greenfield came back Monday and outdid McCrimmon 2-1. Albert Gill and Wayne MacMillan scored first for Greenfield, then Hugh MacGillivray booted one for McCrimmon.

Saturday night will thus see the deciding game of the series between these two clubs at the Lochiel Recreation Centre.

The series between Lochiel and Glen Sandfield was also full of action. In the first game, Glen Sandfield quickly moved ahead 1-0 but then were dealt a crushing blow as Kay Hay was flawless on four goals and Maurice Sauve a single. Simon Methot scored for the losers.

In the second game both teams were determined to win but only a 1-1 tie was realized. Kay Hay headed one in for Lochiel while Billy McLeod tied it up for Glen Sandfield.

Coming games are: Sat., Aug. 18th, Greenfield vs. McCrimmon; Mon., Aug. 20, Lochiel vs. Glen Sandfield.

Morrisburg's Win Leaves Glens With Backs To Wall In Final Series

(by Angus H. McDonell)

The Glengarry Glens tonight (Thursday) face elimination from the ELA Jr. "B" lacrosse finals as a result of losing to Morrisburg 6-5 on Sunday and here on Tuesday 6-3. The Mets need one more win to take the series and then meet the Quebec finalists.

While this paper's staff were on holidays Morrisburg and Alexandria won their semi-final series defeating Cornwall Celtics and Wildcats in three straight respectively.

As in Sunday's game, Morrisburg again on Tuesday displayed a bit more finesse around the net both defensively and on the attack. The Mets five-man blue line blockade backed by superb goal-tending appears to shift the slight balance in favor of the Dundas club.

One of the largest lacrosse crowds in some years attended.

The first period was scoreless until the 14.35 mark when the visitors Jim Cameron tallied. Jim Notman added goal two early in the second while Charlie O'Brien's goal-crease shot was disallowed. The Glens continued to press and were rewarded when Lorne McIntyre fed Ken Huntley in close to end the second frame 2-1 with the Mets in the lead.

Ken Huntley counted his second goal as the Glens drew even at 2-2 but Jim Cameron came right back with his second score to move the Mets ahead 3-2. Lorne McIntyre who had earlier assisted Ken Huntley came through with the Glens third marker. Before the quarter ended Steve Casselman and Jim Notman each scored a single and the Mets held a 5-3 edge going into the final period.

and it was on with the Games as 188 highland dancers marched in to present a colorful massed fling.

The bands marched on in units of five or six and then joined in a memorable massed serving of music for the assembled thousands. With a minimum of delay the band competitions were underway with the girls' bands leading off. Senior dance classes went through their paces and track and field events proceeded simultaneously.

Second in caber tossing last year, Glendon Wood of Martintown, took first place this time.

Trophy winners in dancing were: 8 and under—Cathy Wilson of Ottawa; 10 and under—Karen Derry, Montreal; 13 and under—Wilma Gibson of Scarborough; 16 and under—Sheryln Ann Conway, Scarborough; open competition—Scotty Porter of Montreal.

Ideal weather conditions were again a feature of Games' day which concluded with a well attended dance in the Community Hall featuring the music of Angus MacKinnon and his Scottish Country Dance Band. Also drawing a good attendance was the Friday night pre-Games concert featuring the history of the pipes.

8—In Memoriam

GILMOUR—In memory of a dear wife, mother and grandmother, Myrtle Gilmour, who passed away August 6th, 1965.
I said to a man, who stood at the gate of the year,
Give me a light that I may tred safely into the unknown.
And he replied,
Go into the darkness and put your hand into the hand of God.
That shall be to you better than light,
And safer than the known way.
—Ever remembered by Maurice and family.
Lancaster. 33-1c

MacSweyn—In loving memory of my dear brother John K. MacSweyn who passed away August 18th, 1967.
Gone from those who loved him
Into a Heaven of rest,
To the Home of a loving Savior,
Sweetly his soul is at rest.
His life is a beautiful memory,
His absence a silent grief,
He sleeps in God's beautiful garden,
In the sunshine of Heavenly peace.
—Loved and remembered by his sister Katie.
McCrimmon, Ont. 33-1p

MacSWEYN—In memory of John K. MacSweyn who passed away August 18th, 1967.
In tears we saw you sinking,
Our hearts were almost broken,
You fought so hard to stay
But when we saw you sleeping
So peacefully free from pain
We could not wish you back
To suffer that again.
—Sadly missed by wife and family.
McCrimmon. 33-p

MALONE—In loving memory of our darling grandson and nephew Earland Malone who was killed accidentally on August 17th, 1967.
Sweet little flower of heavenly birth,
He was too fair to bloom on earth.
—Sadly missed and always remembered by his grandmother, aunts and uncles, Mrs. Beth Morrison and family.
Montreal. 33-1c

MALONE—In loving memory of a dear nephew Earland Elden, accidently on August 17th, 1967.
O' blessed little sunbeam,
O child of love and prayer
We give thee to the keeping
Of the tender Shepherd's care.
—Always remembered by Mr. and Mrs. Cecil Morrison and daughter Nancy.
Petawawa, Ontario. 33-1c

MORRISON—In memory of a dear nephew and cousin Norman Roderick Morrison, who was accidentally killed on August 17th, 1967.
No longer in our life to share,
But in our hearts you're always there.
—Always remembered by Aunt Sarah and Uncle Bill, cousins Billy
Montreal. 33-1c

MORRISON—In loving memory of a dear brother and uncle Norman Roderick (Rodney) accidently on August 17th, 1967.
In that bright, eternal city
Where no tears e'er dim the eye
In the home of Mary Morrison
We will met him bye and bye.
—Sadly missed by Mr. and Mrs. Cecil Morrison and daughter Nancy.
Petawawa, Ontario. 33-1c

MORRISON—In loving memory of a dear son Norman Roderick Morrison, who was accidentally killed in Montreal, August 17th, 1967.
I wonder if he knew that I
Was thinking of him all day long,
The son that was so soon to die
The while I mingled with the throng.
Now in his room the shades are drawn
His brave voice is forever numb
And from his eyes the light is gone,
He cannot see me when I come.
—Ever remembered by his Dad, Lewis Morrison.

MORRISON—In fond and loving memory of a dear son and brother Norman Roderick (Rodney) Morrison who was accidentally killed on August 17th, 1967
Little we knew when we awoke that morn'
The sorrow that day would bring,
A day of remembrance sad to recall,
Without farewell you left us all.
But we will remember our whole life through,
The last few words we had with you.
If we could have life's dearest wish
And all earth's treasures too,
Or pick from Heaven what we could
Dear Rodney, we would ask for you.
Because the wound is deep and would not heal,
Only those who have lost know how we feel,
A beautiful rose in God's garden of rest,
The saying is true, God chooses the best.
—Sadly missed and always remembered by his mother, sisters and brothers.
