WARDEN GERARD MASSIE INSTALLED—Lochiel Reeve Gerard Massie of Alexandria, was installed as warden of United Counties Council, Monday morning, the first French-Canadian to hold that office. Reeve Massie has no intention of making a sale. It just happened that three reeves who are auctioneers took part in his installation. First French-Canadian To Be Elected Warden, Reeve Massie Installed Monday

Gerard Massie, reeve of Lochiel Township and one of Glengarry's most progressive farmers, was elected warden of United Counties Council at the first meeting of the 1973 council Monday, at Cornwall.

Reeve Massie is the first French-Canadian to be elected to that post and he expressed himself as "grateful and happy".

Mr. Massie was nominated by Albert Faubert, reeve of Kenyon and Harold Brown, reeve of Cornwall Township. He was installed in office by Mahlon Zeron, reeve of Matilda and dean of counties council.

In his inaugural address, the new warden had a special word of appreciation to the people of Lochiel whose continued support had made it possible for him to aspire to the position. He recalled that it is exactly 30 years since the late Donald B. McDonald of Glen Sandfield, served as warden in 1943, the last resident of the township to be so honored.

This will be a very important year for the future of these counties, Warden Massie foresaw. Past councils have gone on record as opposing the structure of Regional Government being instituted in other areas of the province he noted. A review of the structure of this Council was initiated this past year with a submission of the Executive Committee. It was considered by Council at its December session and will again be brought before you for your further consideration and such action as may be deemed expedient.

The submission, which suggests a reduction in the composition of County Council and the possible amalgamation of certain of the local constituent municipalities, should receive your serious consideration and attention as it is quite evident in the Design for Development Reports 1 and 3 of the Province that local restructuring of Municipal Government is inevitable.

However, when one listens to his radio and TV and reads the newspaper and becomes aware of what is happening in other parts of the world, one realizes how fortunate we are to be living here in Canada, and in particular these United Counties of Stormont, Dundas and Glengarry.

Bishop Adolphe Proulx conducted the invocation and spoke briefly. Raymond Lapointe, clerk-treasurer of the United Counties officiated for the first time since his take-over of the office in August. Adding congratulations were Hon. Fern Guindon, minister of labor and Stormont MPP; Denis Ethier, MP for Glengarry-Prescott; O. F. Villeneuve, MPP for Glengarry; Mayor Ed. Lumley of Cornwall and Mayor Bruno Massie of Alexandria, as well as many other past wardens and friends.

Mr. Massie had a special word of appreciation for his uncle, Ovila Massie, whom he mentioned as having helped him get started in municipal affairs.

As a tribute to his good work in office, past warden Carlton McInnis of Morrisburg, was presented with a color photograph of his installation last year.

Third Brother Dies Within Year

The death of Eugene Goulet in Riverside Hospital, Ottawa, Sunday, Jan. 14th, followed those of two brothers within a period of ten months. Aged 55, Mr. Goulet was on sick leave from Bell Canada when his death occurred due to a heart attack.

His brother, George, died at Cornwall, March 11, 1972, and an older brother, Wilfrid, died at Montreal, July 5, 1972. The late Rev. Albert Goulet, another brother, also was a heart victim a decade ago.

The late Eugene Goulet was born in Alexandria, a son of the late Jovenin Goulet and his wife, Lea Secours. He had been employed with Bell Canada for 30 years, at Hawkesbury, Chateauguay, Que., and Ottawa.

To mourn he leaves his wife, the former Francoise Landriault, and six children, Louise, Jo-Anne, Jean, Paul, Claude and Michel, all of Ottawa.

Six sisters also survive: Clara, Mrs. Laurier Laferriere, Lachute, Que.; Annette, Mrs. Clement Parisien and Gabrielle, Mrs. Rolland Tremblay of Cornwall; Sister Eva Goulet of St. Laurent, Que.; Sister Jeanne Goulet, superior at Green Valley; Marguerite, Mrs. Maurice Lalonde of Alexandria.

The funeral was held Wednesday at Ottawa.

Takes Over Shoe Shop

The shoe shop of the late Sam Brunet on St. Paul St., has been purchased by Mr. and Mrs. Andre Szczygiel who opened for business this week. The couple came here from Montreal a few years ago and have been residents of the 2nd Lochiel.

Local Residents On TV Programs

Appearing on the "Beat the Clock" program this coming week will be Mr. and Mrs. Brian McMenamin of St. Laurent. Mrs. McMenamin is the former Madeleine Faubert of Alexandria and they will be seen on Channel 12 at 5.30 and Channel 8 at 6.30 on Tuesday, January 23rd.

Also featured on TV on Saturday, January 27th, at 8 p.m. on Channel 12, will be Mrs. Ed MacDonald of Montreal, the former Audrey Johnston of Glen Robertson, who will be displaying her marionettes. Mrs. MacDonald was one of a group of 35 who took a course in puppetry at the local high school here some 20 years ago under George Merton of Toronto.

She had continued her hobby and developed into a professional entertainer in this field, staging shows in many different areas. Friends, here who remember her presentations at many local affairs will be happy to see her art on the screen.

Miss H. MacLeod Dalkeith, Dies

A respected resident of Dalkeith, Miss Hattie MacLeod, passed away at the General Hospital, Hawkesbury, on December 29th, 1972, after a short illness.

She was born at Dalkeith, June 21, 1887 a daughter of the late Donald Norman MacLeod and his wife, Annie MacLennan. She was the last surviving member of the family and leaves several nieces and nephews to mourn her passing.

She worked in Montreal for a number of years. For the past 12 years she had been living in her home at Dalkeith.

She was a faithful member of St. Columba Presbyterian Church.

The funeral service was held Monday, Jan. 1st, at the Hillcrest Funeral Home, Vankleek Hill. The service was conducted by her minister, Rev. W. Scott.

Pallbearers were Elbert MacGillivray, Bevans MacMaster, John A. MacIntosh, John D. MacLeod, Kenneth MacLennan, Gerard Goulet.

Family, Friends At Inaugural Session

Members of his family and many friends, the Lochiel council and employees and a group of 15 students from Grade 10 of Glengarry District High School, were among those present Monday, for the election of Gerard Massie as warden of the United Counties Council.

The new warden was born in the 2nd Lochiel, 46 years ago, a son of Arcadius Massie, now of Alexandria. He is married to the former Yvette Legault and they have seven children, Nicole, now attending Ottawa University, Jean-Pierre, Gilles, Denis, Danielle, Yves and Chantal.

Active in all area farm organizations, he is now president of the Ontario fluid milk shippers to the Montreal market and is also serving as chairman of the Glengarry Area Planning Board.

A Holstein breeder, Warden Massie operates a 300-acre dairy farm on the McCormick Road and ships to the Montreal milk market.

ICE REMOVED FROM MAIN STREET—Main Street is back to its normal width following removal of a two-foot thickness of ice that lined each curb and left the travelled portion dangerously narrow. A heavy grader was used to break the ice which hung on despite this week's balmy weather that sees daytime temperatures ranging as high as 45 degrees.

Lancaster Village Studying Low-Cost Housing For Senior Citizens

Lancaster Village council starts the new year with prospects for a busy year that should see the village acquire water and sewer services. Approval for the sewage system was received from the Ontario Municipal Board in late November and the next step should be the call for tenders for both services by the Ontario Water Resources Commission.

All members of council were present at the first meeting of the year, Jan. 8th, when accounts totalling $2,931 were passed.

Dorothy Perrier who represents the Industrial Committee, received permission from Council to contact the Ontario Housing Corporation and have them conduct a survey of the Village re the feasibility of building low-cost housing for senior citizens.

Maurice Menard was re-appointed for a two-year period to represent the Raisin Region Conservation Authority.

Warren Milnes and Leonard MacLachlan (at large) were re-appointed to represent council on the Glengarry Planning Board for a three-year period.

Jackie Chenier was re-appointed to represent council on the Doctor's Committee. The Clinic is well under way with work progressing as scheduled.

Authorization was given for an application to be made to the Provincial Incentive program to re-model the fire hall.

NDP Favors Glengarry Link-Up With Stormont In Federal Riding

A new federal riding of Stormont-Glengarry is favored by the Stormont NDP Association rather than the proposed Stormont-Dundas constituency that will be extended westward to include Mountain and Matilda Townships in Dundas.

In a release to us this week, the Stormont NDP officially goes on record as being opposed to the recommended changes in the Electoral Boundaries Readjustment Act. The party intends to submit its alternative proposals to the Commission.

The following proposal has been unanimously endorsed by the executive of the Stormont NDP Association.

In essence, our proposal is that if the boundaries of this riding are to be changed, we propose that the riding be composed of the counties of Stormont and Glengarry and that Dundas be included with some other riding.

Our reasons for the new riding of Stormont-Glengarry are as follows:

(1) The riding of Stormont has closer ties with the riding of Glengarry in that there are a number of people who live in Glengarry but who work in Cornwall, who commute to Cornwall on a daily or regular basis, who regard Cornwall as the main shopping centre for the area and thus the people of Stormont and Glengarry have a close and natural affinity while the people of Dundas, especially Matilda and Mountain Townships do not feel the same affinity, whether it be shopping, working or commuting.

(2) In terms of business and commerce, Cornwall tends to be the supply centre for Stormont and Glengarry and sales routes tend to regard Stormont and Glengarry as reasonably homogenous, whereas Dundas tends to be serviced by Iroquois and Brockville.

(3) On terms of geography and regional familiarity, the people of Stormont are far more familiar with communities such as Alexandria, Lancaster, Martintown, Maxville, Dalkeith, Dunvegan, Glen Robertson and Curry Hill than they are with such communities as Van Kamp, Hallville,

Lost Barn In Fire

A canvass is being made in the Dalhousie area in aid of Hank and Elaine Bowen who lost their barn, three horses and equipment, by fire on Saturday, January 7th. The Bowens bought their farm on Cote St. George Road about a year ago and were operating a riding stable.

Some Support For Stormont Link-Up

The suggestion that Stormont and Glengarry should be linked as a federal riding, made by the NDP in Stormont, found favor with some local political leaders.

President of the PC Association in Glengarry - Prescott - Russell, Brian Black of Green Valley, is quoted as saying:

"The feeling has always been prevalent here that rather than be part of Prescott-Russell we should be merged with Stormont. Organizationally, the riding as it stands now is very bad because we do not have very much in common with them."

He stated, however, that the Conservatives would like to see Dundas remain a part of the riding.

The president of the Glengarry-Prescott-Russell NDP Association, Hugh A. McDonald, supported the idea of the sister organization in Stormont-Dundas.

"When the original riding was set up we should have gone in with Stormont because we do have more in common with them than with the northern part of the riding," Mr. McDonald said. "We have talked about it lately so the idea is not new to us."

G. G. Aubry, president of the Liberal Association had not read the original story and was not in a position to comment.

Doctor Facing Murder Charge

Former superintendent of St. Lawrence Sanatorium, East Front, Cornwall, Dr. Zbigniew Gorecki, 61 of Prescott, has been charged with non-capital murder in the shooting death of his estranged wife, Dr. Irene Gorecki, 37, of Kingston. Dr. Gorecki left the San five years ago.

Provincial police said the woman was shot in the head Sunday while seated in a car in a parking lot on the Canadian side of the international bridge, 10 miles east of Kingston.

The accused, in custody at the provincial jail in Brockville, was scheduled to appear in court Wednesday.

The victim was a radiologist at Kingston General Hospital.

The 12-year-old son of the estranged couple was in a car in the parking lot when the shooting occurred.

Woman Injured When Hit By Bus

Mrs. Kenneth Nixon of the Laggan area, suffered a fractured leg and concussion Friday, when struck by a small bus as she walked along County Road 21, a half-mile east of Laggan. Mrs. Nixon, 70, is reported in good condition in Glengarry Memorial Hospital where she was conveyed for treatment.

According to a report of the accident, Edward Barry, 33 of Dalkeith, was attempting to pass two cars when his small 1972 bus struck Mrs. Nixon who was walking in front of the cars.

Opp Constable Jerry Gillissie of Lancaster, investigated.

ANTI-BURGLARY DEVICE—Local insurance agent Ron Masson demonstrates for Police Chief Sylvio Cleroux the use of the Vibrograver electric marker which is designed to discourage theft of movables. The marker permanently engraves on any surface a licence or other number the householder may use to identify his possessions. The identification cannot be removed and is said to discourage thieves from taking objects they will not be able to dispose of. Households so protected will have a decal in the window easily recognizable by a potential burglar. Mr. Masson has purchased two of the markers, one of which will be kept by the police. They can be borrowed for a 48-hour period by anyone wishing to mark his movables.

Town Council To Apply For Extra $5,000 Winter Works Program, Help Recreation

Already granted $3,300 under the per capita provincial-municipal winter works program, town council will apply for another $5,000 to be used to supplement the recreation program. Council had been notified additional funds are available under the plan.

A suggestion from the Raisin Region Conservation Authority that the old mill at Martintown be purchased for office and storage use by the Authority was rejected by council. It was felt the old mill was much larger than needed to fill the Authority's requirements.

Now holidaying in Florida, Councillor Martin Clement wrote to resign his chairmanship of the Sanitation and Property Committee, suggesting it be given to Councillor Fern Seguin. He declined to accept and council concurred with a suggestion of Councillor Ranald MacDonald that the entire committee set-up be reconsidered at the next meeting.

A grant of $100 to the music teaching program at Laggan Public School was approved. Morlin Campbell was present to support the request and pointed out the program was run by the Laggan Home and School Association and was open to all residents of the school area.

Denis Vaillancourt appeared for the carnival committee and was assured of council's co-operation in use of the arena, traffic control and other matters.

Fraser Campbell, Maxville, New Chairman Board Of Education

Representative from this area on the SD&G County Board of Education, Fraser Campbell of Maxville, was elected chairman of the board at the inaugural meeting Wednesday night of last week. Joe Gunn of Cornwall will serve as vice-chairman.

This year of 1973 will be loaded with decisions by the board which should affect each individual in the school system as well as the taxpayer, Mr. Campbell declared in his inaugural address. He cautioned trustees that the ratepayers will be expecting increased wisdom and knowledge, clearer and sounder thinking as well as wise decisions.

"We must always examine our position, our objectives and the areas in which a trustee may make the greatest contribution," Mr. Campbell said. "In this day it is more important than ever that each representative of the people understands the economic status of his ratepayers before he tackles the problems of school costs, new projects and the extra expenditures his board may plan."

Mr. Campbell stated the time had come when all trustees should have an insight and understanding of what goes on in the classroom because of decisions that will be made by the board in the upcoming year.

He said decisions will have to be made regarding several building projects which are in the early stages of construction; a decision on the semester system in secondary schools would have to be arrived at. He said the selection of a new director of education would be required in the near future. The chairman spoke of adjustments to future plans of the board which may result from further cutbacks in funds alloted to building programs.

"These decisions can make the year interesting and challenging," he concluded.

The annual meeting of Maxville Fair Board will be held a week later, at 1.30 p.m. Saturday, Jan. 27th at the Maxville Curling Club. A smorgasbord will follow that evening.

IT'S OUR OPINION

Might Eliminate All Deputy-Reeves

Counties Council is on the right track, we would say, in considering ways in which to reduce its numbers. A membership of thirty-three is not only costly and unwieldy, it is out of all proportion to the very limited duties and responsibilities our counties council is called on to deal with.

Reduction of the number of deputy-reeves is a worthwhile suggestion that might be extended to complete abolition of the post. No useful purpose is served by any municipality having dual representation at the council board, in our opinion. If the reeve of a municipality is not capable of looking after its interests at the counties' level perhaps the voters of that municipality will prove more selective at the next election.

Counties Council is now made up of twenty reeves and thirteen deputy-reeves. Elimination of the latter group would provide a more workable roster of twenty county councillors and we doubt the quality of deliberations would suffer to any extent.

It could be argued that some of the smaller villages would then carry as much weight in decision making as others with several times the population. If that is a valid argument it could be overcome by providing extra voting power to each reeve according to the number of people represented.

The suggestion that Maxville, Lancaster and Finch lose their representation and become amalgamated with the townships in which they lie will no doubt be adequately refuted by the residents of those villages. It would mean only a reduction of three in the size of counties council and probably generate more ill will than it is worth.

Such a move, too, would leave members of counties council looking not a little like hypocrites. Collectively they have been critical of the provincial government's plan for regional government because of the loss of local autonomy that would ensue. Any steps to eliminate local autonomy in three of our municipalities would leave council in a very poor position to argue against similar action on a much larger scale by Queen's Park.

Removal of representation from these three villages would also result in a serious imbalance in representation at counties council from the county level. Elimination of all deputy-reeves and the removal of representation from Maxville, Lancaster and Finch would leave Dundas with eight members at the counties board, just one less than the combined representation of Stormont and Glengarry. Stormont would be down to four, and Glengarry to five reeves.

In its planning to streamline representation, counties council is motivated by a desire to have some say in Toronto's planning for regional government in this area. That is constructive, but if one is to judge by what is happening in other sections of the province there is little or no consideration given local authority against the mandates of the planners in the municipal affairs' branch. Their plans for this end of the province are already mapped out and will be imposed on us even though regional government is not working out satisfactorily.

The Worst January We Knew

January is well on its way and weather-wise it could have been worse. In fact it could have been a lot harder to take in many ways, as our thirty-years-ago column reminds. It recalls the worst January in memory, that winter of 1942-43 when Glengarrians entered the new year without lights, power, telephone, telegraph; an early January when heat was a problem, when meals and communications were all fouled up.

That was the winter of the big ice storm on December 30th that pushed us back to a realization of some of the hardships our forefathers must have had to contend with as normal conditions. Alexandria was without power, lights or telephone for more than two weeks, and knew a second interruption when our sub-station transformer blew. Maxville and other centres had an even longer interruption of power and Dunvegan still had no lights on January 29th, a month after the big ice storm.

That was the January the News issued a "baby edition" of four tiny pages. Our typesetting machines idled, the copy for that edition was set by hand and the press turned by "mule power" to report on the storm and warn of a long power interruption.

Actually, Alexandria was back on circuit in two weeks as 300 Hydro workers, brought in from across the province, braved rain snow, wind and sub-zero temperatures to raise nine miles of poles and wire in the Martintown area in ten days. Then followed our second interruption and it was January 21st before we were back to normal activities and comforts.

It was recalled as the worst storm in forty years and it is as well that long power break occurred at a time when we were less dependent on electricity for heating and cooking than are today's residents of Glengarry. As it was, some heating systems dependent on blowers had to have grates changed, other people had to quit heatless buildings and there was a shortage of lamps, coal oil and flashlights. The Garry Theatre was closed for 16 nights; Williamstown High School re-opened only on January 24th.

That entry to 1943 was a particularly bleak one, even without the war. But that long power interruption served a useful purpose. Those Hydro lines feeding Alexandria through Martintown had long been a source of service breaks and that storm triggered a more reliable Hydro service for town and area. Power interruptions are almost unknown now, thank goodness, for we are woefully dependent on electricity to warm and feed us and power our industrial and farm equipment.

Perish the thought we should have to endure again such a catastrophe. This time our people would be almost completely helpless until the lights came on again.

Difficult it is to credit the fact there are middle-aged residents who cannot remember that time we entered a new year by the flickering light of candles. We recall it as a comforting reminder that there have been Januaries that were harder to live through than this one of 1973. Before you find out how brief is a fortnight we will be buffeting our way through February and winter's back will have been broken.

This is not the worst January we have lived through. Believe you me.

Encourage Swiss Ownership

The Davis Government has survived yet another attack on its integrity. Attorney-General Dalton Bales has investigated the business of a $50,000 donation by the Fidinam Company to Ontario's Tory campaign fund and has found no connection with the fact the Workmen's Compensation Board is supplying Fidinam with fifteen millions of dollars to help finance a new building in Toronto.

Another embarrassing charge has been swept under the rug at Queen's Park, but its refuting does nothing to embellish the reputations of the Attorney-General, the Premier, or his government. The people of Ontario have long been cynical in the matter of political pay-offs and they realize the party purses are not replenished without at least the promise of some favor in return.

The bureaucrats who make up the Workmen's Compensation Board will have elaborate new office space in the new Fidinam building. That should be worth a generous loan from the fund, but Board officials must have disliked the blast of publicity that discredited them for the second time in months. The Fidinam affair had been preceded by disclosure in the Legislature of a personality clash among WCB officers. As a result one man had been fired, but his generous treatment included a year's salary and full pension.

Panic must have gripped the Board because of these airings of questionable administration of the Workmen's Compensation fund. There followed a most unusual and extensive advertising campaign in all the Ontario media which could have had as its purpose the winning of friends among those who report the news.

It would seem a thorough house-cleaning is overdue in the Workmen's Compensation Board and throughout the Toronto bureaucracy, but there is another aspect of this Fidinam deal that may merit even more study. At a time when governments are at least paying lip service to demands for greater Canadian ownership of our resources, funds controlled by the Ontario Government have been loaned to a foreign corporation on very questionable terms.

And that, apparently, is only part of the picture. That $15 million the WCB is loaning Fidinam to help finance its Toronto building may be augmented by another $33 million from the Canadian National Railways' pension fund.

Foreign ownership of our assets is being screened and discouraged, the federal government would have us believe. And yet a Swiss-backed company can come in with seven million dollars to invest and build a $50 million Toronto building with financial help from funds controlled by the Ontario and Ottawa governments.

Surely that original seven million investment could have been raised in Canada, when men of means are ready to pay more for a hockey franchise, without government assistance.

This Fidinam deal seems to be on a par with Manitoba's overly-generous loans to a foreign investor that were followed by the retirement of then Premier Duff Roblin. We doubt Ontario's Premier Davis could be moved out so easily, even if it were found these Swiss investment funds were actually owned by the crime syndicates.

If Canadian investors are to be encouraged to foster Canadian ownership of our corporations surely they would have been given an opportunity to get in on such a deal as this Fidinam one, where two of our governments are supplying most of the money that will enrich some Swiss.

The News is still not back to normal, but with power restored Wednesday night, we are publishing a paper, four pages of which are dated January 1st. The type for these was already up when the December 30th storm struck, bringing a two-week power cut-off. Hydro men, some 300 strong, restored power to Martintown, Apple Hill and Alexandria, Wednesday night, but Maxville may be another ten days without lights. Be Intelligent About Our Resources

(Smiths Falls Record-News)

Recently, the Massachusetts Institute of Technology, a respected scientific body, issued the report of a study on world problems. According to the computer-based "global model" set up by the researchers, by the year 2040 the world will have exhausted its non-renewable supply of resources and face economic collapse.

As average citizens, we may not know much about world economics, but we can all update our own use of resources. For one thing there's that big user of natural resources — the family car. It consumes gas, oil, base metals in the form of repairs, water, and returns deadly gasses to the atmosphere in the form of sulphur dioxide and carbon monoxide —that's pollution. We could budget the use of the car and do what a lot of urbanites are doing — taking to bicycles. It is not unusual to see whole families out cycling on Sunday.

We can budget our use of electricity by using electrical appliances less. Every time you use an electrical appliance you're using a natural resource in one form or another. Do we need dish-washers that waste tons of water every year when dishwashing by hand would use a fraction of the water? What's wrong with pushing a shovel to clear the snow? Try working out on a rowboat or a quiet canoe at the lake instead of roaring about in a motor launch. See how many ways you and your family can cut back on natural resource spending next summer. Your neighbor may be burning up resources like crazy, but maybe he'll catch on and follow your example. It's our world and we each have some responsibility for it.

MINOR HOCKEY WEEK

The editor,
The Glengarry News,

Minor Hockey Week is being observed in Canada from Jan. 20th to Jan. 27th, 1973.

Slogans for Minor Hockey Week are:

"Don't send —take your boy to the arena—and stay to see him play."

"Minor Hockey Week is a family affair."

"Minor Hockey Week is a MAJOR community affair."

"To keep a boy out of hot water—put him on ice."

"Keep in step with Canada—observe Minor Hockey Week."

May we make a sincere effort to attend all events of Minor Hockey Week as an expression of the interest and support, we, the citizens of Alexandria and district, have in our youth and Canada's National Sport.

Let us pay tribute towards those clubs, organizations, businessmen, news media and individuals who contribute so generously to the ADMHA.

Many volunteers invest their time and energy in making this sport a realization in our community.

We can best express our gratitude to them, by adhering to the Minor Hockey Week slogans, and interpreting them to be used, not only during Minor Hockey Week, but throughout the entire hockey season.

Thank you, citizens of Alexandria and district for your support of minor hockey.

Interested.

DICTATORIAL ATTITUDE

(The Uxbridge Journal)

Our biggest disappointment of the year 1972 was the proposal put forward by the Ontario Government for boundaries in the new Regional Government scheme as it affects Ontario County. The area, long since an entity, will be hacked away and doled out here and there. And the supposed several months alloted the municipalities for deliberations has been cut back to February 28th.

If one thought Darcy McKeough was less than lenient one should now pause and look at the almost dictatorial attitude of the Davis government.

WITH OUR

RAMBLING REPORTER

by Ed.

People who haven't yet broken New Year's resolutions may be kinda regretful they didn't make any.

HUMOR IN SIGNS

Some storekeepers have a sense of humor, as some of these signs would prove, suggests the columnist in The Ridgetown Dominion:

In Optometrist's Window—Eyes examined while you wait.

In Service Station—Maps refolded.

In Department Store — Many happy returns. We expect them.

In Doughnut Shop—This place recommended by dunkin' hands.

On Electrician's Truck—Let us remove your shorts.

In Travel Agency—Please go away!

In Hosiery Shop—Your face may be your fortune but your legs draw interest.

Other signs that would put us in good humor would be signs of an early spring.

NO WONDER WE'RE COLD

If we could eliminate a few radio programs it might be a lot easier for the housewife to survive our winters. That thought came to mind one day last week when the radio happened to be turned on during our lunch hour.

In less than an hour that one announcer interrupted his record playing and ads to inform us, at least five times, that "the present temperature outside our studio window is 5 below zero." While we were still shivering at the thought, each time that sadist followed up with the chilling forecast that the mercury would tumble to 20 below come night.

If we recall correctly that was an FM program we were tuned in on. That's Frequency Modulation, isn't it? Then why wasn't that announcer modulating the frequency of his dire forecasts?

Only seldom are we tuned in on radio and that windy announcer was such a chill factor we're more liable to turn on him than to turn him on. No wonder women can't keep warm even with the thermostat at 80, when their radios keep reminding them after every record that it's a record cold day.

Actually our winters are getting colder, according to geologists who have been studying past history and its' ice ages. It takes about 10,000 years for the cycle to complete itself so there's no rush for a set of Stanfields. But it seems we're heading for another ice age and recent winters have been colder than we've been used to. If you can believe those scientists the glacial cold is slowly easing itself our way and a few centuries from now people will have more to worry about than the ecology.

By that time your Rambling Reporter will have been cold for a long time and he won't be worrying about the prospect of limiting his intake to iceberg lettuce and eskimo pies.

These geologists can have their theories but the fellow we get most of our weather forecasts from, Ti-Fou MacMoron, has a different idea as to why we're minding the winters more. As he sees it, all these chickens that are following birds down south for the winter are rocking the boat.

He'll remind you of big boats that capsized because too many passengers rushed to the port side or was it the poop deck? That's what's happening here, MacMoron believes. So many Canadians are rushing south to find the sun they're creating an imbalance, Ti-Fou insists. Their collective weight is tilting the globe to such a degree the sun can't find us shivering stand-pat Canadians.

We've tried to argue with him that fellows like Angus H. and Ernie Pelley and Paul Roy aren't that heavy they could make such an impression on the way the earth turns, even with the added weight of their wives. Granted they're living off the fat of the land, we've admitted, but Florida is on our side of the equator and soaking down there in the sun they're still not rocking the boat.

MacMoron won't be convinced and he's now lobbying at Ottawa to have the government outlaw winters in Florida. Let those birds spend their winters skiing in the Laurentians, he claims, and us stay-at-homes will feel warmer knowing how cold they are.

He may have something the scientists haven't taken into account.

Maybe our winters are getting colder. But they're a lot easier to take since we quit hauling out ashes.

TO IMPROVE HALL

Maxville Village Council met last week and made arrangements for some improvements in town. Street lights are going to be installed along the new section of Carr St. leading east from Main. The major project will be considerable improvement of the facilities at the Community Hall. Through help from a provincial plan for winter employment—the Provincial Municipal Employment Incentive—a grant of $2,000 has been obtained towards labor costs, and more funds may be requested later. Council provides funds for materials—work will be done on the basement of the hall, and the dining room, more washroom facilities will be installed, and the storage rooms altered.

Glens Lose Two Out Of Three On Weekend To Lower Lead Margin

Over the past two weeks Alexandria Glens have let their comfortable 12-point lead in the North Division of the St. Lawrence Jr. "B" league dwindle to six points. In their last five outings they have managed only one win, defeating the South's cellar dwelling Spencerville Bruins 6-5 on Friday night in Spencerville. Saturday they were beaten by the Cardinal Broncos and on Sunday suffered a home-ice loss at the hands of the Metcalfe Jets.

In Spencerville on Friday, Robert Boisvenue's three-goal performance sparked the Glens to a 6-5 victory over the Bruins. Bob Hanson, Brian Filion and Mike Duranceau added singles. Barry Coleman played exceptionally well in goal for the locals as the Bruins utshot the Glens 46-33. Referee Ron Haines handed out nine minor penalties, with the Bruins receiving five of them.

On Saturday, in Cardinal, the Broncos took a commanding 3-1 lead in the first period and then scored two more in the second on the way to a 5-3 victory. Mike Quinn, Bruce Trewartha, Rod McIntosh, Dick Byers and Mike Millikin all scored singles for the Broncos. Alexandria marksmen were Brian Filion, Cameron McLeod and Rod Shepherd. Cardinal outshot the Glens 35-31. Referee Doug Casselman handed out 13 minors with Cardinal picking up seven of them.

In Alexandria on Sunday, the Metcalfe Jets upset the Glens for the second time in two weeks outscoring the locals 8-6. Metcalfe held a 3-2 lead at the end of the first period. By the end of the second it was 7-4 for the Jets. The Glens fought back in the third narrowing the score to 7-6, but then Metcalfe scored again and the game ended 8-6. Metcalfe scorers were Steve Morris with three goals, Bill Unsworth with two, while Bob Woods, Ken Kelly and Larry Shields added singles. Michel Duranceau had three for the Glens while Robert Boisvenue added two and Brian Filion a single. Referee Phil Decompte handed out 84 minutes in penalties with the Glens picking up 43 of them.

On Jan. 20th, the Glens travel to Spencerville and then on Sunday they host the Cardinal Broncos at the Community Centre. Game time is 2.30 p.m.

Past Presidents To Be Recognized At Golden Jubilee Dinner Of Curlers

First play at the then new Alexandria Curling Club took place in late February of 1923 and the golden anniversary of that event will be recalled at a golden jubilee dinner and dance to be held Saturday night, Feb. 24th.

Club presidents over that half century will be remembered when their pictures will be placed in a position of honor on the clubroom walls. Charter members will also be recognized, their names inscribed on a memorial plaque.

Former members of the club, not now active curlers, and friends are being extended a special invitation to participate. Those interested in attending the dinner, or the dance that follows, should contact Duncan A. Macdonell, chairman of the anniversary committee.

Members of the committee met Sunday night to further plans for the dinner-dance and other events that will mark the club's half-century. Former club curlers may be invited to bring rinks to a one-day anniversary bonspiel though no date has been set for this event.

At the jubilee dinner past presidents, or next of kin of those not now living, will be invited to hang the pictures.

Top Rink In Spiel

An Alexandria rink skipped by Jeannette Crevier was top two-game winner and captured the Molson trophy in a Business Girls' Bonspiel at Brownsburg on Saturday.

The rink was made up of Lucille Lalonde, Francoise Lefebvre, Arlene Adams and Miss Crevier.

Parade To Launch Minor Hockey Week

Minor Hockey Week in Alexandria will be ushered in with a parade of the young players on Friday evening.

The parade will commence at St. Joseph's School, proceed north on Main Street and east on Elgin to the Community Centre. Official opening ceremonies will be presided over by Mayor Bruno Massie and local dignitaries.

The first item of the week's program will follow as the lads in the atom division challenge their mothers to a hockey game.

One of the week's highlights will be a peewee tournament the following weekend, January 26th and 27th.

Recreation Board Lancaster Plans Fun Weekend

A fun weekend, Feb. 10-11, is among plans of the Lancaster Recreation Committee which held its inaugural meeting for 1973 at the Village Office on Jan. 10th.

Chairman Michel Bourdeau welcomed new members to the committee and letters of appreciation were to be sent retiring members of the 1972 committee.

A brief review of last year's activities recalled the Walkathon held with the help of the Lancaster Fire Department and which brought in $1800. Recreation dances proved most successful and they will be continued this year.

This year's activities are well under way. A weekly Bingo is being held every Tuesday night at St. Joseph's Center. The date for the Snowmobile Rally and Races is set for Sunday, February 11th, with a Spaghetti Supper being served from 4 p.m. on. A pre-rally dance will be held on Saturday, February 10th, at St. Joseph's Center with the Alley Kats orchestra, buffet lunch and refreshments available. The Fire Department is helping with this large event.

The new rink has been completed and is in wide use. Jacques Lapierre is in charge and a schedule has been drawn up to accommodate everyone.

Members of the 1973 Board are: Michel Bourdeau, chairman; Heather Prowse, recording secretary; Reeve W. J. Cumming, Dorothy Perrier, representing council, Marlane McDonald, Keith McKay and Sterling Zeran, members-at-large.

They hope for generous community support of their program, especially during Fun Weekend.

MARTINTOWN

MARTINTOWN UCW LOOKS BACK 10 YEARS

Mrs. Athol Edgar was hostess for the postponed annual meeting of Martintown United Church Women, held on the afternoon of January 4th with 15 members in attendance.

The President, Mrs. Ewan Christie opened the meeting with the reading of the poem "The Gift Jesus Brought."

Miss Emma Urquhart was in charge of the worship period assisted by Mrs. D. C. Murray and Mrs. Marland Murray. Miss Urquhart led in a discussion of modern day films using reference material from the January United Church Observer.

Reports of the Units, portfolio officers and executive members all indicated a year of interest and activity. The secretary reviewed the year's work by the 34 members revealing that much had been acomplished in supply work, community friendship and social activities. The treasurer reported a substantial bank balance after our commitment to the Mission and Service Fund had been fully met. The president reviewed briefly the first ten years of our work in UCW and expressed her gratitude for the co-operation of all members during her year as president.

Mrs. Susan Clark in a most interesting manner recalled the highlights of her trip with the United Church Observer Tour as they visited Oslo, Leningrad, Kiev, Moscow, East Germany and Copenhagen last summer. Postcards of interesting buildings and scenes were of special interest. Mrs. Clark was thanked by Mrs. Christie for her travelogue.

Mrs. Hugh MacDiarmid read the report of the nominating committee. The following officers were elected and installed by Mrs. Kenneth McDermid for 1973:

President, Mrs. Ewan Christie; 1st vice pres., Mrs. George Kinloch; secretary, Mrs. Marland Murray; treasurer, Mrs. K. Barton Sr.; Christian and Missionary education, Mrs. Leslie West; literature and communications, Mrs. C. R. McIntyre; community friendship and visiting, Mrs. Campbell Murray; supply and social assistance, Mrs. Athol Edgar; nominating committee convener, Mrs. K .McDermid; stewardship and recruiting, Mrs. George Kinloch; press and publicity, Mrs. Salem Thomson; membership, Mrs. Athol Edgar; finance committee, Mrs. K. Barton, Sr., Mrs. D. C. Murray; Christian citizenship and social action, Miss Emma Urquhart; unit leaders, Miss Emma Urquhart, Mrs. D. S. Mcntosh, Mrs. George Kinloch, Mrs. Douglas Murray; food canvassers, Mrs. G. R. McIntyre, Mrs. D. H. Campbell, Mrs. K. McDermid and Mrs. Salem Thomson.

Mrs. Salem Thomson expressed appreciation to the retiring secretary, Mrs. Finlay McIntosh, for her efficient and dependable service during the past nine years.

Mrs. Christie returned to the chair for new business. She advised that an article from the clip sheet informed members that no further shipments of used clothing would be sent overseas, and requested that donations of money to purchase clothes be made instead. Accordingly a motion was passed to forward the sum of $100 by the church treasurer to the missions and service fund as a super gift for overseas relief and inter-church aid.

The following appointments were made:

Official board, Mrs. Ewan Christie; nominee for election to board of managers, Mrs. K. Barton; manse committee, Mrs. Douglas Murray, Mrs. Edwin Sansom and Mrs. Campbell Murray, all reappointed.

The meeting closed with some new year thoughts by the president, followed by a benediction.

LANCASTER

George Alenik returned to Toronto last week, after spending the holidays with his family here.

Mrs. Muriel Blackburn has returned to South Lancaster after spending the holidays with her son, Kenneth Blackburn, Mrs. Blackburn and family and with her daughter, Mrs. John Crampton, Mr. Crampton and family, Ottawa.

Mrs. George McCallum, Mrs. John R. Fourney and the Misses C. A. and M. J. McLennan attended the WMS Presbyterial in Cornwall last week.

Mr. and Mrs. John R. Fourney left Wednesday to visit their son, Robert Fourney, Mrs. Fourney and family at Forest, Ont., where they attended the induction of Rev. Robert Fourney into his new charge at St. James Church there. They also visited friends and relatives in that area.

Alex Black of Cornwall has been spending a few days with his niece, Mrs. Greta Gardner of East Front.

All extend best wishes to Tom Fourney who is a patient of Cornwall General Hospital.

The community extends congratulations to Donna Smits, eldest daughter of Mr. and Mrs. Gerard Smits of the 3rd Concession, Lancaster, on her being chosen as a contestant for carnival queen in Alexandria last week. Best wishes are also extended to her fellow contestants, Peggy Acheson and Linda Denovan.

In the absence of Rev. Kenneth MacDonald, who is for a few days a patient in the Cornwall General Hospital, the Sunday Service at the Stone Church was conducted by Douglas McNaughton.

LAGGAN

We were sorry to hear of the accident Mrs. Kenneth Nixon had on Friday. She is now a patient in Glengarry Memorial Hospital and we wish her a speedy recovery.

We extend our sympathy to Mrs. Katie Anderson, Rev. and Mrs. Jack Anderson, Sarnia, and Mr. and Mrs. Lloyd Anderson, Montreal, in the death of the former's brother, John Dougal MacDonald at Glengarry Memorial Hospital on Saturday.

Visitors with Mrs. Donald MacLeod on Sunday were Mrs. Gordon Cameron, Huntingdon and Mr. and Mrs. Arthur Wilson, Vankleek Hill.

Mr. and Mrs. Ransom Nixon, Ottawa, spent the weekend at his parental home.

Area Representatives Here For WI Meeting

On January 8th, 1973, the Provincial Board Member of the Women's Institute for Eastern Ontario, Mrs. Donald McLachlan, held a meeting in the Ontario Agriculture Board Room, Alexandria. Representatives from Prescott, Stormont, Dundas and Glengarry districts attended. Russell district was unable to send delegates.

Dates for the district annuals were discussed. Glengarry's has been set for May 23rd, to be held in Knox United Church Hall, Lancaster.

Mrs. McLachlan presented a very detailed and interesting report of the board members' meeting held in Toronto, Nov. 20-24, 1972.

The officers' conference will be held May 1st to 3rd, at the University of Waterloo. The representative from the district level is the convener of citizenship and world affairs.

The triennial of the FWIC is to be held at Banff, Alberta, June 19-22. Each district is requested to send an article worth $3 for the bazaar table to their board member by March 22.

It was stressed that each member try to get women interested in the WI to help increase their membership.

A short report of the plans for the area convention to be held in Cornwall, Oct. 18-19, was given by Mrs. Wm. McLean, president.

It was urged that branches take more interest in displays for the Ottawa Fair.

Before the meeting adjourned Mrs. McLachlan played a recording of a report from Mrs. Pirdy and Mrs. Noblett of a meeting they attended for the Vanier Institute of the family held in Quebec. which proved to be very interesting.

Ladies Aid Met At South Lancaster

The first meeting for the new year of the general Ladies Aid of St. Andrew's Presbyterian Church, South Lancaster, was held on Wednesday, January 10th.

Mrs. Edna McDonald opened the meeting with devotions.

Mrs. Les Harkness read the financial report for the past year which proved to be very successful due to a spring smorgasbord, summer bake sales, two weddings, fall anniversary supper, demonstration and the annual Christmas tea and bazaar.

The ladies are buying new equipment for the kitchen and have completed carpeting the newly renovated sanctuary and study.

Tentative dates to keep in mind for 1973 are:

Saturday, April 28th — Spring smorgasbord supper, 5-8 p.m.

Saturday, October 20th — Fall supper, 5-8 p.m.

Saturday, Dec. 1st — Christmas tea and bazaar.

Several bake sales will also be held during the summer months, on Fridays.

(Continued from page 1)

Rowena, Hainsville and Haldo—especially those in Mountain and Matilda Townships, which have already any real ties with Stormont and Cornwall.

(4) In terms of family ties, many people in the Cornwall area are ex-residents of Glengarry and have relatives and friends in Glengarry, whereas there is not nearly the same tendency for Dundas residents to be drawn to the Cornwall area for residential or social purposes.

(5) In terms of radio coverage, CJSS, the English language station, covers most of Stormont and most of Glengarry whereas it does not cover Mountain and Matilda Townships in Dundas as well as a good part of Winchester Township, thus the natural line of communication is Stormont-Glengarry not Stormont-Dundas, in terms of English language radio.

As for French language coverage, CFML covers all three counties but the French speaking population in Dundas is rather limited in comparison with that of Glengarry, which regards CFML as their French language station.

(6) In terms of newspaper coverage, the Standard-Freeholder is the No. 1 daily newspaper in Glengarry, where is has excellent coverage, whereas it has very poor circulation figures in most of Dundas, where people tend to be Ottawa oriented in their daily reading habits. In fact, the Freeholder is not even available on the newsstands in many Dundas communities thus, once again, the ties between Stormont and Glengarry are close, frequent and long standing in terms of reading habits and communication via the printed word.

(7) In terms of telephone rates, there is no toll charge from Cornwall to Lancaster on the east or Ingleside on the west, whereas telephone calls to and from Dundas involve tolls. In effect then, almost half of Glengarry enjoys toll free communication with Stormont but none of Dundas does so, again, it is obvious that Stormont and Glengarry share a natural affinity that does not apply to Stormont and Dundas.

(8) In terms of Church administration, there are very close, traditional ties between Cornwall and Alexandria since the seat of the diocese is in Alexandria and the largest centre in the diocese is Cornwall, where inevitably the Bishop spends much of his time.

(9) Glengarry will be "merged" with Cumberland Township, which is a part of the Ottawa-Carleton municipality and thus a part of metropolitan Ottawa. The current population of 9,000 in Cumberland Township will inevitably increase greatly in the next ten years and consequently, the interests of the peiple of Glengarry will suffer as the power base moves towards the Ottawa area and away from the communities of Eastern Ontario not directly under the aegis of the Ottawa area.

(10) In terms of education, the community college in Cornwall tends to serve the region of Cornwall, Stormont and Glengarry, whereas Dundas tends to be served by the satellite campus, situated in Brockville. The Department of Manpower tends to serve as far west as Morrisburg for its retraining programs whereas Dundas residents tend to be served by the Brockville facilities, again, the natural axis here would seem to be Stormont-Glengarry rather than Stormont-Dundas.

In closing, I would like to point out that a riding of Stormont-Glengarry would have 79,782 residents, which is 1,023 people closer to the suggested average figure of 84,000 per federal riding than Stormont-Dundas.

—Fondly remembered by niece Claire. 3-1p

MacDONALD—In loving memory of dearest Archie Angus, who left us Jan. 17th, 1968.
Two pain-filled eyes are sleeping
Two willing hands are still
For one who suffered far too much
Is resting in God's will.
You never said good-bye to us
And perhaps it's just as well
We never could have said goodbye,
To one we loved so well.
—Still sadly missed and lovingly remembered by Aunt Dot and Uncle Tom McBride,
Toronto. 3-1c

PICHIE—In loving memory of a dear husband, father and grandfather, Mayo Pichie, who passed away January 19th, 1972.
A silent thought, a secret tear
Keeps his memory ever dear,
Time takes away the edge of grief
But memory turns back every leaf.
—Ever remembered by his wife and family,
North Lancaster, Ont. 3-1c

LAVIGNE—In fond memory of Ernest Lavigne who died 3 years ago on January 23, 1970.
The blow was great, the shock severe,
We little thought the end was near
And only those who have lost can tell,
The pain of parting without farewell.
More each day we miss you father,
Friends may think the wound is healed,
But they little know the sorrow
That lies within our hearts concealed.
—Ever remembered by his wife, Irene Lavigne,
Alexandria. 3-1p

LEROUX—In loving memory of a dear sister Geline Leroux who passed away Jan. 20th, 1972.

—Always remembered by Lionel, Winnie, Jeffrey, Tracey and Lee Leroux,
Ottawa. 3-1p

LEROUX—In loving memory of a dear friend Geline Leroux who died January 20th, 1972.

And comes with us everywhere we go,
No one can replace you.

Lynda and Bobby.

MacDONALD—In loving and sad memory of a dear son Archie, who passed away Jan. 17th, 1968.
