NEW TROPHY REMAINS HERE—The brand new trophy donated by the Richelieu Clubs of Alexandria and Cornwall was brought to Alexandria for the track meet, ready to present to the winning school. Glengarry District High School was way out in front and here Scott Campbell and Louyse Poirier accept it for the school from Richelieu presidents, Raymond Legault of Alexandria, left rear and Yves Marleau of Cornwall, right.

New library at Williamstown to be opened in Manor House

The newest branch of Stormont, Dundas and Glengarry County Library System will be officially opened on Saturday, May 24, at 2 p.m., in the presence of representatives of the federal, provincial and municipal governments.

The Williamstown library has been in operation since March. It is located in the old Johnson Manor House, owned by Parks Canada, a section of the Department of Indian and Northern Affairs. The old house built in three stages, is only half occupied by the library. No decision has as yet been taken about the future of the remaining part.

Since last September contractors have worked on the structure, to bring it back to a usable condition. The library part has been renovated in keeping with the character of the old building and the roof repaired; walls have been insulated; central heating and a sprinkler and fire-warning system have been installed. Outside painting and landscaping remain to be done this summer.

The capital cost of the renovations has been born by the federal and provincial governments, under a cost-sharing program between Indian Affairs and the Ontario Heritage Foundation. The building has been placed at the disposal of the board of Stormont, Dundas and Glengarry County Library, which will pay the operating expenditures.

Following the public opening ceremony, Reeve Adrian Gadbois and his Charlottenburgh council will hold a reception for the government officials, in the council chamber.

Thefts reported in the area

Several thefts have been reported in the area, according to Lancaster Provincial Police.

The storm windows were removed on Glen Roy road from a house owned by Mrs. David Sauve. Lumber from a new home being erected by Sonny Russell in that area was also taken. Mr. Russell had been working on the house and left at midnight. When he returned at 6 a.m., 24 sheets of plywood had been stolen.

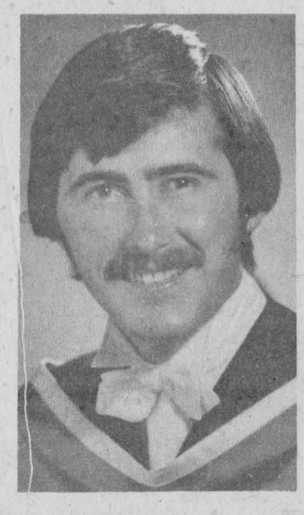
At Pilon's Point, two outboard motors belonging to Serge Pilon were taken, valued at $850.

Heifers killed on roadway

Two yearling heifers owned by Gary Tenbrink of RR 2, Cornwall, were killed last Friday when struck by a car on County Road 19 about a mile west of Summerstown.

There was $600 damage on the car driven by Rejean Ouimet of Cornwall.

Premier Davis to have lunch in Alexandria on June 9th



Ontario Premier William Davis will be in Alexandria on June 9 when he will attend a luncheon in the Curling Club rooms.

His wife, Kathy, will take advantage of the occasion to tour Glengarry Memorial Hospital.

Premier Davis will address a meeting in the Masonic Hall at Winchester, that morning at 10:30 o'clock and following a luncheon appearance here he will go on to a meeting at Vankleek Hill.

Progressive Conservative officials in the riding note that the luncheon here will be open to the public at a nominal charge.

The visit of the premier will follow by a week an organization meeting and nominating convention of the Progressive Conservative party in the new SD&G riding. That meeting is set for Finch on June 2nd.

Start on street renovation

Alexandria started its street renovating program this week, with the section of Derby from Main to Dominion being repaired.

Also on the agenda are Kenyon Street from Main to Bishop; Elgin from Dominion to Bishop and Ottawa from Kenyon to Mill Square.

There will also be 300 feet of sanitary sewers installed along Derby.

TO RECEIVE LAW DEGREE—Robin J. S. McGillis, eldest son of Mrs. Mary McGillis (nee Quinn) and the late Stanley J. McGillis will receive his law degree at Convocation ceremonies, at Queen's University, Kingston, on Saturday, May 24, 1975. Robin is at present articling with one of the largest Corporate Commercial Law firms in Canada, Blake, Cassels and Gradon of Toronto. Mr. McGillis graduated with honors from the University of Windsor in 1968 having been on the Residents Role of Scholars for three consecutive years. His early education was obtained at St. Raphael's, Iona Academy and St. Mary's in Brockville.

Badly injured when struck by car Saturday

An Alexandria man is in serious condition in a Kingston hospital following an accident here Saturday night.

Thomas Hay, 52, suffered two broken legs, a broken knee, five broken ribs and a fractured skull when he was struck by a car while walking on Highway 34 at the southern town limits. Driver of the car was Raoul Meilleur of Alexandria.

The victim was taken to Glengarry Memorial Hospital, then transferred to Kingston. He is the son of Mrs. Thomas Hay of Lochiel.

Unveiling of Iona College plaque Sunday as trustees take over school plant

The unveiling and dedication of the historical plaque of Iona College and the official transfer of Iona Academy from the Holy Cross Sisters to the Separate School Board will take place at St. Raphael's on Sunday afternoon.

The ceremony will start with a memorial service in the St. Raphael's ruins at 1:30 p.m., presided over by Bishop LaRocque. The Glengarry Pipe Band will be on hand to entertain and will lead those present over to the Iona grounds where the dedication will take place.

Cuthbert McDonald will act as chairman for the unveiling ceremony and Richard Dumbrille of the Ontario Heritage Foundation and G. E. Broomhall, president of the Glengarry Historical Society will bring greetings. The historical background will be given by Robert McDonell and the unveiling will be by Sister Clair Macdonald and Sister Simonne Lefebvre. Father O'Brien will dedicate the plaque.

The scene will then shift to the new Iona School where Osie Villeneuve, Glengarry MPP, and Fern Guindon, former minister of labor, will speak. Also on the program will be Terence Wheeler, school trustee, C. J. Lamarche, director of education and Percy Beaudette, area superintendent of English language schools. The keys will be transferred from Sister Clair and Sister Simonne to Gilles Metivier, chairman of the school board. George Lagrue, principal of Iona Academy, will arrange tours through the school for all present.

Former students and anyone interested are welcome to attend.

Fine showing

An exhibition of crafts, fashion show and excerpts from plays was held at Glengarry District High School on Wednesday, May 13th.

The craft work was displayed by L'Union Culturelle Franco Ontarienne, Green Valley, convened by Mrs. M. Lefebvre; by Le Cercle des fermieres of Glen Robertson under Mrs. J. G. Chenier and by Fraternite Alexandria, directed by Mrs. Taubert Lepage.

Lucie Desjardins and Joanne Ranger commented for the fashion show which followed with 26 girls from GDHS exhibiting the latest styles.

The Grade 13 presentation was Acte I, Scene II from "Florence" with Roch Berthiaume, Jocelyne Vachon, Louise Major and Carmen Poirier in the cast.

Act I, Scene III from "L'Avare" was presented by Yvan Desautels and Ronald Leblanc. Act III, Scenes V, VI, and VII were acted by Bernadette Blais, Elaine Aubry, Yvan Desautels, Lorraine Rozon and Marc Gareau.

Acting in Act I from "Tit-Coq" were Carole Derrig, Johanne Larose, Suzanne Joly, Roch Valade and Johanne Ranger.

The actors in "Le Passant Charitable" were: Elaine Aubry, Normand Giroux and Ronald Leduc.

Half-million dollar grant will finance start Lancaster camp

Development of a 100-site camp on the Raisin River at Lancaster was announced by Queen's Park late last week. A grant of $500,000 has been made to the St. Lawrence Parks Commission to get the project underway at once.

The camp will be located on 90 acres of land the Parks Commission is purchasing from the Ontario Government which has owned this tract since Highway 401 was built.

The bush and timber tract stretches from Highway 401 to old Highway 2 and the camp site will be across the Raisin River from Dan's Place and northwest of that marina. A pine grove is reported ideal for a camp site on the Raisin.

Coupled with announcement of the grant for the Lancaster project was a second one, $120,000 allocated for a rehabilitation centre at Cornwall.

Contacted for more information on the Lancaster camp site, Osie Villeneuve, MPP, pointed out the park and camp site in Lancaster Township are overflowing on summer weekends and the new site in Charlottenburgh will provide camping facilities to link with Charlottenburgh Park at Summerstown. Plans are for 100 camping locations to start but Mr. Villeneuve expects this will be greatly expanded in time.

There is the hope, too, that a cloverleaf may be installed at the Fraser Road overpass on 401 and service roads built to provide access to both the Raisin River camp site and Charlottenburgh Park.

Counties council will decide on South Branch Road in June

Counties council will probably decide the future of the South Branch Road at its June session, according to Charlottenburgh Reeve Adrian Gadbois and Counties Engineer Donald McDonald.

The council wants to widen the road's right of way to 100 feet but the report of an expropriation inquiry released recently said 100 feet was "unreasonable and not necessary."

Counties council has the right to ignore the inquiry report and proceed with the 100 foot right of way but Reeve Gadbois, one of the strongest supporters of the development, said council would have to compromise.

The counties want to widen the road to ensure safer driving conditions and easier maintenance. Opponents say the widening will remove the scenic beauty of the historic road.

Council mulls approval of building permits

Town council argued the need for its consideration of all building application permits at last week's meeting.

Councillors were debating an application from a town resident requesting permission to build a car port.

Reeve Jean Paul Touchette said "it was a ridiculous situation for council to have to consider and approve every minor application submitted to it," suggesting the road supervisor be placed in charge of approval.

"Applications which obviously abide by town regulations and the National Building Code should not come to council," agreed Mayor Bruno Massie.

Councillor Archie MacDougall said that without the council granting permission for such individual projects "further complications could arise."

Council delayed decision until its next regular meeting.

Charlottenburgh council to make survey of rundown boathouses

Charlottenburgh Township council last week expressed concern at the deteriorating situation on the waterfront, particularly with regards to boathouses and boathouse walks which have toppled into the river.

The council, after a lengthy deliberation, passed three separate resolutions to rectify the situation.

More than 15 boathouses, the regular council meeting at Municipal Hall in Williamstown was told, have fallen into the river, turning the scenic waterfront into an eyesore.

The first resolution, moved by Deputy Reeve Roger Lefebvre and seconded by Councillor Ewen MacDonald, called on the ministry of environment and natural resources to enforce removal of boathouse walks which have toppled into the St. Lawrence.

Mr. Lefebvre said many walks have fallen into the water near the waterfront opposite County Road 27.

In another resolution moved by Councillor Morgan Major and seconded by Councillor Gerard Dicaire, the council authorized building inspector Wilfrid Fortin to issue warnings to property owners who neglect boathouses.

In the third resolution—moved by Mr. Lefebvre and seconded by Mr. MacDonald—the Raisin Region Conservation Authority was requested to undertake a survey on the possibility of cleaning up the waterfront of old boathouses.

The council resolution also called on the authority to investigate who has responsibility for the maintenance of boathouses.

"Many of these boathouses are unsightly and unused," Mr. Lefebvre explained. "Urgent steps must be taken to improve our waterfront."

Earlier, Reeve Adrian Gadbois suggested that stiff warnings be issued to property owners who neglect their boathouses.

The reeve said some of the boathouses have been built on Crown land while a few of them have been erected on private land.

"We must authorize a full study to be made on this," he told the council, "We have to find out which of these houses are on crown land."

Mr. Major called for the immediate removal of boathouses which have fallen into the river. He said boathouses, which are still structurally stronger, have to be given a cleaner look.

Vehicles to be inspected

Motor Vehicle safety inspectors will be here next week to carry out inspection of vehicles, police report. They will be located on Park Street.

To practise law in Hull, Que.

A graduate of the Law Faculty of the University of Ottawa in 1973, Jacques E. Pigeon of Alexandria, has been admitted to practise as a member of the Bar of the Province of Quebec. He will be practising with Clement Noel Beauchamp, Hull barrister, under the firm name of Beauchamp and Pigeon.

Jacques is a son of Mr. and Mrs. Bruno Pigeon of Alexandria.

COLORFUL CEREMONY—The Ladies Auxiliary of the Alexandria Legion Branch played host for a zone rally held on Wednesday of last week in Alexandria. Minus flags at the centre table in the Legion Hall here are: Elizabeth Clingen, Zone Rally Secretary; Adele Collin, Alexandria Branch President; Maxine Jerzack of the Provincial Command, guest speaker for the occasion and Zone Commander Ethel Wallace of Cornwall. The piper at left is Colleen McCormick and flanking the centre table are the color parties from Cornwall, Hawkesbury, Apple Hill and Alexandria. They laid a wreath at the cenotaph at the close of the meeting.

Responsibility for delay on plant sewage treatment hard to pin down, council finds

Consolidated Textiles Ltd., and Ontario Ministry of the environment will examine options for sewage treatment systems in the town lagoon.

The decision follows eight years of delay in building a proposed surface aeration treatment plant here to handle effluent from the Consolidated Textiles plant.

Much of the two-hour debate last week centred on who was responsible for the eight-year delay.

Peter W. Benn, vice-president in charge of manufacturing for the textile company, told council Alexandria was responsible for the delay, adding that when the 1971 contract for construction was signed, "the whole matter was taken out of the company's hands."

"When sub-surface aeration was rejected by the town, the company was powerless to proceed," he said. "Yet, Consolidated does feel some moral responsibility for the pollution it causes and we would like to see something decided tonight."

According to council the company was directly responsible.

Mayor Bruno Massie said council "could not be blamed for the delay," especially since there have been several councils since the agreement was signed.

Jerry McKenna, a district officer with the ministry of environment noted there had been several delays "since the original proposals submitted to the Ontario Water Resources Commission (now part of the ministry) were thought to be unacceptable."

Original estimates on that project were set at $115,000 but a year later they had jumped 100 per cent.

Ghislain E. Seguin, Alexandria's consulting engineer, said the matter would have been settled in three weeks had he and Consolidated's engineer, Dr. W. C. Belschner, been able to study the proposals themselves.

Mr. Seguin said the sub-surface aeration system approved by council and the company was rejected by OWRC.

The company now dumps about 2,000 pounds of BOD (waste matter units) in the lagoon, up from 1964-1965 levels of 50 BOD per day.

Councillor Archie MacDougall asked why Consolidated was allowed that level when it presented an obstacle to further construction of homes in the town.

Council was told the ministry would be "quite ready" to see a mechancial (surface) aeration system installed to handle the textile effluent "immediately."

Band did well

David Danskin Jr. of the Glengarry Pipe Band took first place in amateur solo drumming in the Pipe Band competition held in the Black Watch Armouries in Montreal recently.

In a quartet competition the contestants won first and third placings and in the mini-maxi competition they won first and fourth.

Martintown rumor mill

Art Buckland

"My, my, this gardening is fun but hard work," said my good wife as I reclined in our hammock under the cool shade of our majestic maples drinking cool ale. What could I do but agree and ask for another ale?

'Twas a fine weekend of dancing. Friday Phil Poirier and Gordon Hodgins held a dance in their new machinery shed to celebrate the grand opening of their farm machinery dealership. Mary Myers, that good looking pig farmer from Dalkeith area—she once looked after 65 sows and drew water in 8 gallon milk cans on a toboggan—was telling me that she thought the Brigadoons were an excellent group. She and husband Don expect to be at our big night on May 30th at Yon Bonnie Glen. I hope no one in the area misses it.

One of the ladies at the dance decided that it was too warm in the barn for heavy clothing and began to disrobe. I rushed over to her table to dance with her, but I was 10th in line.

A city cousin from Ottawa and our oldest daughter Andrea danced every dance on that concrete floor. They were unable to get up in time for chores the next morning, so mother had to do them while I performed my usual meticulous chore of supervision.

Saturday night, my city sister Barbara, who had come to Glen Falloch especially for a weekend of Brigadoon music, was too tired to make it to the Bide a Wee for that performance. It's just as well because there was such a crowd we had to park near Green Valley and walk into Ewen and Agnes' cosy spot.

The large crowd had the place actually jumping to the lilting tunes of Rob Taylor and his boys. In fact, the Bide a Wee may have moved a few feet from its original Mill Square location.

On Friday night it was good to see Don Ross Sr. and his wife Marguerite out to their first dance in quite a while. Don is not in top health yet, but is feeling much better.

On Saturday people were celebrating after a local hockey banquet in addition to helping that fine couple Mary and Jack McDonell of North Lancaster celebrate their 23rd wedding anniversary.

David Danskin Jr. filled in at drums on Saturday night and performed very well. His parents dropped in at the end of the night and reported that the concert-dance in Maxville with the Clansmen was a success.

This Saturday it's off to the Vankleek Hill Curling Club for the Brigadoons and their band of followers.

The contest ends this weekend. How many common English words can you make out of our beloved county "Glengarry"; and describe spring in Glengarry in photo, prose or poem to win a prize. Prizes will be given out at our big night May 30th at Yon Bonnie.

Two Scotsmen are looking for kilts for May 30th so that they can beat the admission price. If you have one for loan or rent phone 528-4261.

Many people have their corn in, but who else picked any corn but farmer Cain; hand picked at that. When I first saw him picking—well he wasn't really picking he was standing at the edge of the field with a buggy whip in his hand while Granny, Isabel and the hired hand picked furiously—I felt that perhaps Ewen "Hub" McDonald had been using some other mix besides Glengarry water in my drinks at his Saturday dance. But no 'twas true. I'm not sure, however, whether Irwin is first with the '75 crop or last with the '74 crop.

A practice for the 20th annual Fred Booth Music Recital will be held this Sunday at 1:30 p.m. in our school gym.

Have I upset the applecart in Apple Hill? Certainly not intentionally. The ladies auxiliary of the Hill Legion spend a lot of time and effort finding out the dates of members' anniversaries. Then they plan suprise parties. Good work ladies.

Two ladies of the Street Road, Ann Warner and Marg Laplante, are busy preparing a Highland Dance Competition for the Williamstown Fair in August.

Martintown Mac asks you to be as hospitable at heart as Agnes McDonald, who said to the last couple into the Bide-a-Wee on Saturday night, "The Inn is full, I don't know where we can put you, but come on in you're welcome."

Tickets for our May 30th Farmers' Spring planting dance available at Hub Restaurant in Alexandria, any store in Martintown, or from any Recreation member.

St Raphaels CWL reviews plans

Mrs. Mae Levert, the new president of St. Raphael's CWL, chaired the May meeting at the Parish Centre. Mrs. Helen MacDonald, recording secretary read the minutes of an executive meeting, at which time the following convenors were appointed: Cultural Life, Mrs. Diane Sturkenboom; Church Life, Mrs. Dorothy Graham; Resolutions, Mrs. Pat Major; Organization, Mrs. Marie MacDonald; Community Life, Mrs. Therese Valade; Communications, Mrs. Anna Margaret MacDonald.

Mrs. Levert welcomed the ladies and hoped that with co-operation from all they would have a successful year. She mentioned several upcoming events:

On May 25th, the unveiling ceremony of the Iona College Historical Plaque and the official acquisition of the Iona Academy building. The CWL are asked to cater for the lunch. Mrs. Therese McDonald and Mrs. Dorothy Graham are convenors.

June 1—Diocesan Convention at St. Andrew's.

June 5—Priests Day Mass at St. Joseph's Villa.

August—the Bake Sale at Williamstown Fair.

September 13—the annual Harvest Supper to be held at Iona School.

Mrs. Diana Sturkenboom reported on compiling recipes for a cook book that will go on sale in a few weeks. Mrs. Marie MacDonald reported nine new members. Mrs. Dorothy Graham appointed ladies for the sale of roses and also noted gifts would be given to the First Communion children.

Mrs. Levert asked for volunteers to plant flowers around the parish centre. Mrs. Pat Major is to purchase them. Several ladies also volunteered to clean the church each week.

Rev. M. J. O'Brien celebrated mass prior to the meeting. Father O'Brien also told of several events to be held in the church ruins by various organizations, even a taping by the CBC.

Mrs. Pat Major introduced Mrs. Phoebe O'Brien, who gave a demonstration on Crafts that should make us all more ecology minded; Tin Craft, making use of tin cans, and Three Dimension Decoupage using old barn boards. Mrs. O'Brien donated a tin can lamp that was won by Mrs. Kathleen Emberg. Mrs. Audrey Chretien thanked Mrs. O'Brien and presented her with a gift.

A social hour followed.

Vet Club met

The Glengarry Veterinary Club held its meeting on Wednesday, May 14th, at the OMAF boardroom. Under the direction of Dr. Jim Algire, we discussed mastitis. Under this heading we learned exactly what it is, its causes, the bacteria formed by it and its treatment. Along with the members of the club, Glen Smith, our 4-H co-ordinator, was also present.

At the next meeting, June 11th, we will be discussing reproduction of dairy cattle.

Bainsville UCW had meeting

The May meeting of Bainsville United Church Women met at the church May 15th with the President, Mrs. May Laws presiding. Mrs. Pearl Thompson was in charge of the Worship Service. She read about "Local churches celebrating" and also about the "Hymn Prize goes to Newfoundland." Rev. Geo. Demmons has written the prize winning hymn to celebrate the 50th anniversary of the United Church. The hymn "My God The Spring of all my Joys" was then sung. Mrs. Thompson closed the worship portion with Prayer. Eighteen members answered the Roll Call with verses of Scripture containing the word "Wait." Programs of "Summer Event" to be held in Thompson Hall, University of Ottawa, Aug. 15, 16, 17, have been received.

Mrs. G. Sangster reported for Supply stating there is still a need for bales in Angola. Serving lunch at our anniversary gathering, May 18th, was discussed. A motion was made that our UCW give our church treasurer a cheque towards materials for our church renovations.

Mrs. H. Fourney spoke on the United Church anniversary. She had a recording of speakers talking about the past, present and future of the United Church.

A social period followed with lunch served by the hostesses, Mrs. Douglas Cameron and Mrs. George Snider.

The status of women a nursing issue

"The status of women is not only a social issue, it is a nursing issue too," said Adele Herwitz, Executive Director of the International Council of Nurses. Although the nursing profession is attracting more men, it is still predominantly a woman's profession and "many of the nursing profession's continuing problems are a reflection of the role traditionally accorded to women," declares Miss Herwitz.

This has affected, for example, salary levels for nurses, recognition of the need for university education for nurses and the need for nurse participation in policy-and-decision making in health matters.

ICN's focus for International Women's Year will be the promotion of equality in every respect between men and women as this affects the nursing profession and as this affects the nursing and health care available to all members of society.

Members of the Registered Nurses' Association of Ontario, which marks its 50th Anniversary this year, are also members of the Canadian Nurses' Association and International Council of Nurses.

NEWS OF INTEREST FROM MAXVILLE AND SURROUNDING DISTRICT

Village residents were shocked and horrified by the depredations of a band of vandals who roamed through the town Saturday night smashing shrubs and plants, trampling newly planted gardens and letting the air out of all the tires at a machinery dealer's including the expensive calcium type. Also at the manor where the night shift was unable to go home because all the tires were flat.

They even stole washing off clothes lines. And nobody knows who they were?

The service this Sunday at St. Michael's Anglican Church, Evensong at 7:30.

Construction is well underway at the site of a bachelor apartment complex being built just west of the community hall parking lot. Ron Clare is the owner.

Weekend visitors with Mrs. Simon Colbran and Mr. and Mrs. John Urquhart were Mr. and Mrs. Manford Colbran of Stittsville.

Mrs. Kathleen McLean has moved from her residence on Peter Street and is now settled in one of the apartments owned by Ron Clare near the station. New residents on Peter Street are Mr. and Mrs. Dan MacRae of Dunvegan.

"YOUNG AT HEART" CLUB ENTERTAINED

It took the men to surprise the ladies on the night of May 13th when the "Young at Heart" Club was to be entertained by the men. A rousing musical evening was greatly enjoyed when Murray MacQueen MC'd a spirited and lively program put on by Bob Lalonde and his pupils. Alan MacLeod sang accompanied by his mother on the piano, MacQueen, MacLeod and Trottier on violins. Ed Willard rendered violin solos accompanied by Beverly MacQueen and the three Trottier sisters step danced, accompanied by their mother on the piano and three violinists. All were most generous with their donations.

As the evening progressed the audience of Senior Citizens forgot their advancing years and caught the spirit of the lively music as evidenced by the tapping of toes and clapping of hands. And when an audience of 60 plus really lets go, they make themselves heard by the volume of sound. We are most grateful to Beverly and Murray MacQueen for so ably arranging and managing the program.

Lunch was served and a social hour enjoyed, followed by a short business meeting when three delegates were appointed to attend the annual meeting of Zone 23 at Osnabruck Centre on May 16th. The members responded enthusiastically to the enrolment for the coming bus trip.

Avonmore girl given recognition prior to ordination on June 8th

At a special service of recognition in St. James United Church, Avonmore, last Sunday evening, Miss Jean Barkley, daughter of Mr. and Mrs. Fred Barkley of Avonmore, was honored by the members of her home congregation.

Miss Barkley has just completed all the requirements preparatory to entering the full-time ministry of the United Church of Canada. She is the first ordinand in the history of the congregation of St. James United Church in Avonmore.

Sponsored by the Seaway Valley Presbytery in the Montreal-Ottawa Conference, Miss Barkley was commissioned as a candidate for the ministry from the Avonmore congregation three years ago. On May 7th, Miss Barkley graduated from the Toronto School of Theology with a Master of Divinity degree.

She will be ordained in an impressive service in Dominion-Chalmers United Church, Cooper and O'Connor Streets, Ottawa, on Sunday evening, June 8th, at 8 p.m.

Miss Barkley's field education included three summers, the first in Saint Luke's, Toronto, an inner city church; the following summer in St. Damase Church in Quebec City, a French language ministry; and most recently at Bedard, Que., a rural parish in the Eastern Townships.

During the school year she worked with senior citizens in a home for the elderly. She was assistant to the University of Toronto United Church chaplain and served as chairwoman of the Canadian Theological Students' Conference in 1974. She was involved with the Worship Committee at Emmanuel College and the Students' Council of the Toronto School of Theology. She was actively involved with the Association of United Church Theological Students last year during its founding years.

In the weeks between her graduation from the Toronto School of Theology and her ordination early next month she is taking a chaplaincy course at the Whitby Psychiatric Hospital. Miss Barkley will be settled in the Montreal-Ottawa Conference in July at a point yet to be announced.

Miss Barkley attended the Avonmore Public School and graduated from Cornwall Collegiate and Vocational School. In 1972 she received her Bachelor of Arts degree from Queen's University, Kingston, with honors in History and Sociology.

Rev. H. A. Funge, minister of St. James United Church in Avonmore, was in charge of Sunday evening's Service of Recognition. Rev. Dermot Arscott, Prescott, commissioner of Ministry and Personnel for the Seaway Valley Presbytery, represented the Presbytery.

At the fellowship hour that followed a presentation to Miss Barkley was made on behalf of the Avonmore congregation and friends.

by Emile Hurtubise

The familiar "Play Ball' cry of the umpire will be heard next week at the Park diamond. The Alexandria Men's Fastball League gets underway on Monday, May 26th, with a doubleheader.

Two new teams were added to the circuit this season and now with six entries it should have more balance. Doubleheaders are scheduled three nights a week, Mondays, Thursdays and Sundays. Games are to begin at 7 and 8:30.

Teams entered are Bergeron and Hope, Mike Depratto as coach; Alexandria Pizzeria with Lorne Lawson; Chippers with Andre St. Denis; Glengarry Motor Sales Rockets, Bob Leroux; A.B.S., Rejean Menard and Monkland will be coached by Maurice Massia.

Several new players will be seen this season. Coaches have been putting the players through their paces regularly and anyone was welcome to try out. A few youngsters have shown well in pre-season training and we are told they will be used regardless of their age, if they can prove themselves.

Last season a weak entry hurt the league somewhat, and Secretary Mike Barbara promises to have solved that problem with six strong entries for the start of the new season. Most of last year's top hurlers are expected to be back, Pat Killoran, Serge Vaillancourt, Ken MacDonald, Bob Latreille, Robert Lobb, Leo March and Hubert McDonell, when he recovers from the leg injury he suffered playing hockey.

The local league has consistently improved the calibre of play to the point where it can now field a team that can compete favorably in most tournaments. But how long will they be able to do this without developing their own players? Most other sports have a minor system; why not fastball or softball?

The sport has always been a favorite in elementary schools but it ends there. GDHS does not include softball in its sports program. We feel it is time the Men's Fastball League took over the promotion of minor ball to continue the draft of future players.

Minor ball was organized here a few years ago under the guidance of such sportsmen as Hoppy Gallant, Elmer Richer, Mike Barbara, Gerry Simpson and others. Several good players now with the Men's Fastball League gained valuable experience from this minor ball program.

Fastball has attracted a regular following to the Park and the fans are eagerly awaiting the start of the new season. The setting of the ball diamond with rows of bleacher seats to accommodate the crowds also offers a lot of scenery and visitors to the games are often heard commenting on the beauty of the lake at sunset.

The Park with its many facilities also has its drawbacks. The hungriest breed of mosquitoes swarm the area of the lake and make life miserable for all, especially after sun down. A few years ago the area was sprayed to control the pesty insect but the practice has been discontinued for some reason or other. Could the town officials not look into this matter again?

Sports Slants . . .

The *golf club* is enjoying its best start in years and golfers have been taking advantage of the ideal weather. The course is playing well with plenty of roll as in July or August. . . *Bobby Laframboise,* a popular youngster here a few years ago and now making his home in Sarnia, was married last Saturday. A couple of Bobby's former hockey mates *Roch Lajoie* and *Blair MacDonald* will take the big step in June. . . *GDHS* athletes scored well in their track meet last week almost doubling the points of their nearest competitor, 210 points to 139 for La Citadelle. General Vanier had 136 and Cornwall Collegiate 128.

Senior soccer starts Saturday

Glengarry Soccer League resumes activities on May 24th at Lochiel. Last year's champs Pine Grove, again coached by Barry MacSweyn, meet their challengers for the championship last year, Greenfield, with Russell Raymond returning as their coach.

Play continues during the week with Lochiel, coach Hubert Hay, visiting Alexandria Clansmen, coach Gerry Simpson, at Greenfield Park on Tuesday, May 27th, and on Wednesday the 28th, Glen Sandfield, coached by Ron MacLachlan, meet Pine Grove at Lochiel.

Friday, May 30th, Alexandria hosts Greenfield in Greenfield and on Saturday, the 31st, Lochiel meets Pine Grove.

Throughout the season Greenfield and Alexandria Clansmen will make Greenfield Park their home fields while Glen Sandfield, Lochiel and Pine Grove will play host to their opposition at Lochiel.

Scout and Guide notes

The Alexandria Scouts and Guides will be having an evening of fun and games in the Alexandria Park on Monday, May 26th, when the boys and girls will join for some friendly competition.

The Guides have been out calling at the doors for their annual cookie blitz.

An enrolment day and fly-up for the Guides will be held in June. They will be going to camp in Milles Roches from August 7th to 10th.

THE BEST ALL YEAR—The Lefebvre Foodorama Bowlers were the gals who finished in first place this season and here they are, posed happily with their trophy on awards night. Left to right they are: front row: Carole Lajoie, Lucie Poulin, Diane Quenneville. Back row: Anita Michaud, Rollande Theoret, Irene Quenneville, Therese Seguin and Germaine Lalonde. Missing from picture is Helen Cleroux.

Tennis club plans qualified instructor to give lessons

Robert Leduc was elected president of the Alexandria Tennis Club at the annual meeting held May 14th. Serving with him will be:

Vice-President—Ken Brown

Sec.-Treas.—Gerry Lalonde

Director of Membership—Suzanne Laliberte

Director of Promotion, Rules and Regulations—Maureen Lafrance

Directors of League and Tournaments—Jean Luc Caron, Gerald Ouellette

Director of Court—Raymond O'Connell

The membership fees for this season have been set as follows:

Family	$14
Men	$10
Women	$5
Students over 16 on June 1, 1975	$3
Under 16	50 cents

The club is going to make arrangements to have a qualified instructor to give lessons during this summer. Everyone who would be interested in taking these lessons is asked to contact any one of the directors and give their name, telephone number and address in order that the course can be properly organized.

The courts have been open for the last two weeks and the attendance so far is good. Many new racket wielders have shown interest in the game and the directors are looking forward to a very successful season.

The directors have been informed that the Park and Recreation Committee has agreed to install a drinking fountain near the tennis courts. They are very grateful to the Town of Alexandria for this improvement which has been requested by many members.

Membership cards are available from any of the directors mentioned above for the coming season.

Teams in finals

The GDHS soccer team wiped out all the competition they met in the Eastern Ontario tournament held in Smiths Falls last Friday.

Goalie Erwin MacLennan registered four shut-outs when the team defeated Carleton Place 4-0; South Grenville, Prescott, 2-0; La Salle, Kingston, 2-0 and Almonte in the finals, 1-0.

John MacPherson tallied three for the squad and singles went to Brian Filion, Kenny MacLeod, Ronnie MacPherson, Keith Massia, Scott Campbell and Earl MacLennan.

They go on to the All-Ontario finals on May 31st.

GDHS athletes win in first S D & G meet

Glengarry District High School's track and field team acquitted itself well, Thursday, when it dominated the first track and field meet under the new Stormont, Dundas and Glengarry grouping. The meet was held at the Alexandria school and had participants from the 10 secondary schools in the United Counties.

GDHS athletes garnered a healthy 210 points to take a commanding lead over the runners-up, La Citadelle of Cornwall, with 139 points, and General Vanier, with 136. A third Cornwall school, CCVS, had 128.

Tagwi Secondary School athletes amassed 72 points while Char-Lan trailed with 21.

It was the first meet conducted under the new SD&G grouping and so all first place scores went into the record book as new records. Glengarry District High School athletes won 17 first places, one fifth of the events, and so took that number of records. Terry Epp in midget boys, Deanie Bourgeois in midget girls and Heather Mitchell, in junior girls were three GDHS athletes setting two new records each.

As in the recent relay meet, GDHS got extra-fine placings from its girls, though the boys also finished strongly. Glengarry's girls amassed 129 points while its boys were rolling up 81 points against stiff competition.

Outstanding individual results in the six classes were marked up by:

Midget girls—Deanie Bourgeois, GDHS

Junior girls—Julie Holmes, North Dundas

Senior girls—Allison Mitchell, CCVS

Midget boys—Terry Epp, GDHS

Junior boys—J. Cousineau, La Citadelle

Senior boys—Brian Paul, North Dundas

Team trophies went to these schools:

Midget girls—GDHS, 47 points

Midget boys—La Citadelle, 51 points

Junior girls—North Dundas, 40 points

Junior boys—La Citadelle, 35 points

Senior girls—CCVS, 51 points

Senior boys—3-way tie, 33 points each to GDHS, North Dundas, General Vanier.

GDHS athletes broke three EOSSA records in Thursday's trials.

Deanie Bourgeois of Glengarry, the top midget girls performer of the day, set a new record in the long jump with a leap of 4.95 metres. The previous record was 16' 1½'' set in '73.

Sylvie Charlebois surpassed the old mark in the midget girls' discus with a toss of 29.21 metres. The previous record was 89' 11''.

Louyse Poirier was the other GDHS athlete to break an EOSSA record. Miss Poirier leaped 4.60 metres in the senior girls long jump. The record was set in '74 by Janet Dick of Cornwall Collegiate at 16' 2½''.

Miss Dick set another new mark in the senior girls 800 metres. The Cornwall athlete went the distance in 2:21.8 minutes, knocking 11 seconds off the previous mark.

Placings by athletes from Glengarry District High School, GDHS, Tagwi Secondary School, TSS and Char-Lan District High School, Char-Lan, follow:

Parks and Campsites are among our greatest natural attractions.

This is what Ontario is doing to expand and protect them.

The Ontario Government has a firm policy of establishing and maintaining provincial parks and campsites.

This year, for example, four new provincial parks and over 600 new campsites are being developed for the enjoyment and recreation of Ontario residents—bringing the total number of operating parks to 120 and campsites to 21,000.

The new parks are:

Silent Lake Provincial Park, 1860 acres situated 13 miles north of Apsley on Highway 28.

85 campsites are available, but no motor boats will be allowed. Regular fees apply.

Ferris Provincial Park, situated one mile south of Campbellford on County Road 31, has been expanded by adding 87 campsites, comfort stations, and boat launch ramp for access to the Trent River System. Regular fees apply.

Bronte Creek Provincial Park, at the Queen Elizabeth Way and Highway 25, midway between Toronto and Hamilton, will be open without charge this year for day-use and picnicking. Among its special features are a children's farm and nature hikes.

Ouimet Canyon Provincial Park, near Dorion on Highway 27 about 35 miles east of Thunder Bay, provides walking trails along the canyon's edge to give visitors a spectacular view of the "Grand Canyon of Ontario." No admission charge.

Additional campsites are under construction at several existing provincial parks—Algonquin, Bon Echo, Killbear, Fairbank, Remi Lake and Ivanhoe.

Curriculum expansion plans for Glengarry High causing concern

The lack of a report from the SD&G county board of education's French Language Advisory Committee (FLAC) at the board's general meeting last Tuesday night irked Trustee Sam McLeod.

Mr. McLeod said he was surprised there was no report because "there has been a considerable amount going on with FLAC lately," and referred specifically to proposed courses to be offered in French at Alexandria's Glengarry District High School this fall.

Mr. McLeod said English-speaking parents in the area are concerned that curriculum expansion for French-speaking students could result in lack of sufficient classroom space during the next five years.

"I want the board to show me that that won't happen," he said.

At a board meeting March 11, FLAC stated in an information item contained in that meeting's agenda that one of its priorities for 1975 would be to review courses offered in French at Glengarry District and attempt to expand the curriculum to meet the needs of French-speaking students.

At its last meeting April 16, FLAC members agreed to take concrete steps to educate prospective high school students and their parents as to the limitations of French-language courses now offered at bilingual high schools in the United Counties.

FLAC chairman Clement Charette said at that meeting only a certain number of courses can be offered in both French and English and then only in high schools which have an adequate number of French-speaking students requesting such courses.

"We should find out where teaching in both languages at one school will lead," said Mr. McLeod last week. "We should know what's going on with FLAC."

The trustee said a full report covering all implications of the French-language curriculum at Glengarry District should be presented to the board.

"I've got to be concerned and I've got to have some answers."

he said and added that a study should have been made of French-language programs during preparation of the board's 1975 budget when full implications of any such program could have been considered.

Mr. McLeod said there would have to be some staff changes at the school to accommodate the needs of French-speaking students with the expansion of the program, which should ideally continue through all grades.

"When you start a program in Grade 9, you don't stop in Grade 10 or 11."

He said the board was entitled to a complete analysis of the school's plans for the next four to five years.

"I want to know what is going to happen from 1975 to 1980 at this school," Mr. McLeod stated.

Trustee G. E. Desjardins, one of the board's representatives with FLAC, replied the committee had met with the administration, principal and staff at the school who made their wishes known as to what type of courses were needed.

Director of Education Rosaire Leger said French programs had been discussed during preparation of the budget and five more teachers were approved.

NEW HOSPITAL EQUIPMENT—One of the new additions to the physiotherapy department at Glengarry Memorial Hospital is this whirlpool bath donated by the Daughters of Isabella. We caught some of the members who were touring the hospital on the official opening of the new addition and while they consented to pose none of them was willing to get in the tub to demonstrate.

Foster parents Association had meeting at Glen Robertson

The Foster Parents Association held their April meeting at the home of Mrs. Emile Hurtubise, Glen Robertson. The meeting was conducted in French, with Father Gilles Deslauriers of Green Valley, as special guest. Father spoke on the subject of "Teenagers of Today." He is much involved with youth and spoke out of his own experience and concern. He covered the spectrum of young people, their families, the drug and alcohol cult, school and church problems and offered some helpful suggestions in dealing with various difficulties. Father Deslauriers serves on 38 committees and at the conclusion of his one hour talk had to rush away to attend yet another meeting. Mrs. Pauline Roussin expressed the thanks and appreciation of all present to Father Deslauriers for taking time out of his busy schedule to come to us.

A pleasant addition to the program came when Foster Daughter Anita Rivette favored us with a selection of guitar and song numbers and Lynne Hurtubise rendered several piano solos. Thanks to the hostess, her friends and her daughters was expressed by Chairman Dave Hiltz of Apple Hill, as the evening came to a pleasant conclusion with delicious refreshments.

Due to the holiday weekend coming on the third Monday, a meeting will not be held in May. The season's program will conclude with an area meeting in June to be held at the Agency, 27 York Street, Cornwall, when those attending the O.F.P.A. Conference in Hamilton will be telling us what they learned.

APPROACHING MARRIAGE

JUSSEAUME—HALL

Mrs. Florence Bougie of Cornwall announces the approaching marriage of her daughter Thelma Jusseaume to Garfield Hall, son of the late Mr. and Mrs. William Hall of Lancaster. The marriage will take place May 30th, 1975 at Nativity Church, Cornwall at 4 p.m.

Lancaster 4-H club met

by Elaine Aubry

The spring resurgence of the Lancaster Horse Club is under way after six months of inactivity. May 15th marked the first time, excluding the organization meeting, the members met; it was held at the North Lancaster Township Hall.

After the opening of the assembly by the 4-H pledge there was a discussion of the record books which their junior leader, Willa Peters, explained how to maintain. Then groups were formed to discuss the main parts of the horse, the many breeds and certain diseases which are commonly found. Also a quiz on general agriculture was given in order to refresh everyone's memories.

After all this hard work, refreshments were served. We will hold our next meeting on June 19th at the VLN Farm in Lancaster.

To hear talk on Iona Academy

The Glengarry Historical Society will meet at the Church on the Hill, Alexandria, on Thursday, June 5th, at 8 p.m.

The speaker will be Sister Claire Macdonald and her subject "The Story of Iona."

Sister Claire was born in the 4th of Kenyon and has spent almost all her life in Glengarry. She was a teacher and also principal of Iona Academy, St. Raphael's West, for 43 years from 1930 to 1973. She is well qualified to tell the story of Iona.

The next general meeting will not be until Thursday, September 4th.

We cordially welcome visitors.

Iona roof in need of repairs

Whether to do major repairs to the roof of the old Iona Academy is a matter to be decided at this week's meeting of the SD&G Separate School Board.

During a recent board meeting, Trustee Terrence Wheeler asked that "a bigger band-aid" be applied to the leaking roof. Pat Cooper, board business administrator, said that about $500 has been spent for minor repairs and clean-up at the academy but that major renovations are required.

He said the board will have to decide whether to hire an architect to design repairs to the roof that features an ancient architectural style.

The building, now closed, is the former bishop's residence.

Goat owners to form group

Area goat owners or enthusiasts are invited to an organizational meeting to be held Sunday, May 25th, at 7:30 p.m., at the Township Hall in Williamstown.

Membership in this unit of the Ontario Goat Society will include the magazine with its news on goats.

Further information may be obtained from I. E. St. Jean, Williamstown.

VALADE—CHARBONNEAU

The marriage of Francine Charbonneau and Ronald Valade took place at St. Mary's Church, Green Valley, on Saturday, May 3rd, at 4 p.m. Rev. Patrick Breton officiated at the service and Paul Viau was organist and soloist.

The bride is the daughter of Mr. and Mrs. Aurele Charbonneau of Green Valley. and the groom is the son of Mr. and Mrs. Victor Valade of Glen Norman. Mr. Charbonneau gave his daughter in marriage.

The bride was gowned floor-length in a gown designed and made by her mother. It was polyester satin, with square neckline, full sleeves with banded cuff and long full skirt ending in a train. It featured panels of appliqued lace. Her elbow length veil was secured by a bandeau of floral petals studded with pearls. She carried a bouquet of American Beauty roses.

She was attended by her sister, Mrs. Romain Boisvenue and her sister-in-law, Mrs. Claude Valade. The flower girl was Miss Valade. They were gowned floor-length in blue.

Claude Valade was bestman for his brother and Romain Boisvenue was usher. Daniel Charbonneau was ring bearer.

The reception following the ceremony was held at Green Valley Pavilion. The couple then left for a trip to Niagara Falls, the bride wearing a beige pant suit with corsage of yellow mums.

They will reside in Cornwall.

EDITORIAL

IT'S OUR OPINION

Thoughtless and inconsiderate

May is clean-up time and most of our citizens have taken advantage of the recent wonderful weather to clean up the winter's debris and freshen up the landscape.

Properties have been perked up but we still have the recurring problem posed by so many litter bugs. Town workmen can have the Main Street looking immaculate by 10 o'clock of a Monday morning and by noon paper has begun to make its re-appearance.

Cigaret packs, kleenex, chocolate bar and gum wrappers, all kinds of flotsam and jetsam will be back in circulation despite the fact youngsters are in school and in spite of the municipal trash cans which are anything but plentiful.

It seems the kids are not the chief culprits. People who might scream if cigarette ash was dropped on their carpeting think nothing of grinding a cigarette into the sidewalk or tossing away that empty pack. Perhaps a special plaque for litter buggery should be presented that irresponsible motorist who empties on walk or road that mess of corktipped butts that is overflowing his or her car ashtray. Another such plaque might go to him who has the bad habit of throwing his beer or pop bottle on another's lawn or shattering it on the roadway. Real kid stuff that.

Littering is a difficult thing to eradicate. It's easier to drop what's unwanted than discard a bad habit. That practise of littering might not be so widespread, though, if the guilty had any conception of how thoughtless and inconsiderate they prove themselves when they drop their debris.

A more gracious way of life

If there was nostalgia among older residents of Glengarry in the destruction by fire of Thornhill manor at South Lancaster, the sense of loss was probably for a way of life that such luxurious mansions exemplified. The big house had been vacant for years and a prey to vandalism that had left only the shell of the building for the flames to consume.

Thornhill was too large for most people to afford in this era of high cost housing. There are still those affluent enough to buy big homes but there is the even more serious problem of upkeep. Gone is the servant class of cheap labor that could supply cooks, maidservants, sewing women, gardeners, grounds keepers and other categories of domestic help.

A century ago when Thornhill manor was being built in its 350-acre park, a householder need not be rich in order to afford servants. Education for the masses and a higher standard of living have virtually wiped out that class. Money cannot buy services so readily procurable at the turn of the century and a flow of immigrants must be maintained to provide services now considered too menial by most native Canadians.

No one would want to go back to a day when most people were too poor to own homes and showplaces such as Thornhill could be maintained because of the cheap labor then available. Only the millionaire can afford domestic service today, if he can find such help, and a plugging of tax loopholes might do away with many of those most affluent.

That way of life is probably well gone but it was slower-paced, more gracious, less the rat race that we find ourselves keyed to today, in our frantic drive to keep ahead of the Joneses.

A failing system

No doubt you are as tired of reading about strikes as we are—but no responsible commentator on today's scene can fail to observe the step-by-step path to radical change which a few labor dissidents are forcing upon the entire working force. Obviously the case of the letter carriers in Montreal is the most blatant, but their pattern is becoming all too common in this land, suggests an editorial in The Wingham Advance-Times.

It is positively incredible that a comparatively small number of public employees should be permitted to create such a costly and long drawn-out disruption of public and private life.

It is high time to evaluate the sort of skills and services which are rendered by the striking members of trade unions and for us to decide collectively through our legislators whether or not we shall replace such dissidents with people who are willing to do their jobs for reasonable remuneration and with dependable guarantees of reliable service. The letter carriers have already been promised pay increases which, in themselves, would have constituted a fairly good wage only a few years ago. Considering the comparatively low level of education and skill required to deliver letters to the households and businesses in a city, they are receiving outlandish wages. By comparison those people who operate turret lathes or computers, or people who have graduated from upper schools and universities are grossly underpaid.

And the public, the people who pay the letter carriers' wages, must wait patiently through all this—when in a matter of a few short weeks an entirely new staff of more willing men and women could be trained to do the work so arrogantly refused by a small group who defy the entire nation.

Canada is not prepared to take much more of this nonsense. The right to strike is not sacred—it is granted by the fair-mindedness of the Canadian voter. And citizens of this land are just about ready to get tough. Let every one of our elected members of parliament bear that in mind.

Pause that preserves

No one questions stopping at a crossroad: not bicyclists, truck drivers, motorcyclists, milkmen, car drivers, bus drivers, policemen in patrol cars. No one. In fact, even seldom-used gravel roads in the country have stop signs at crossroads obediently observed.

Why is it, then, that when the crossing involves a railway line the rules of the road are different, asks an editorial in the Leamington Post and News? If anything, you'd think that the rules for stopping would be even stiffer. Trains travel at higher speeds. They can do far more damage to whatever they hit. And, at least in the case of passenger trains, far more people can be injured, especially if a train is derailed—which would be not at all unlikely if the collision were with one of the behemoths that currently travel our highways, cement trucks, transport trailers, gasoline tankers and the like.

Yet only school buses are required to stop at level railway crossings. While a long string of level crossing accidents—such as the collision that occurred at Welburn, near St. Marys, between a Canadian National Railways passenger train and a car in which a mother and her three-year-old son were killed and her husband critically injured—proclaim the need to revise the rules of the road.

Warning signals at level crossings aren't enough. And besides, there are many crossings without warning signals. Provincial legislation is needed requiring the erection of regular stop signs at all level crossings and penalizing the drivers of all vehicles that fail to come to a full stop.

It's your money

(Exeter Times-Advocate)

We have a sneaking hunch that the federal government is aiding and abetting our economic troubles by pandering to the will-not-works.

Whatever anyone says, it is an undeniable fact that thousands and thousands of people, particularly young people, are living at our expense. They have no desire to work and they are perfectly content to live off welfare. Alternately they work for the minimum amount of time in order to qualify for unemployment insurance benefits. Naturally we exclude all the genuine welfare cases.

Under the present set-up we can do little about it. It's like giving an intoxicated person black coffee. All it means is you have a wide-awake drunk on your hands.

Give these people enough to live on and they will scrounge the rest.

Robert Andras has the right idea. He will shortly introduce legislation in the House of Commons whereby unemployed Canadians will be forced to take training courses in order to qualify for unemployment insurance benefits. Emphasis will be on transforming the unemployment insurance scheme from an income support measure into a plan to provide for better work opportunities in the future.

Many of these welfare recipients are highly intelligent people. They have adopted their way of life by choice and, as we said before, the government is aiding and abetting them, by allowing them to live this way. Give them the 'black coffee', namely welfare, and they will continue to thumb their noses at any suggestions that they should demean themselves by working.

CRAFTS SHOW PLANNED

St. Eugene, Ont.

The editor,
The Glengarry News,

Glengarry Crafts will be holding a Crafts Exhibition and Sale entitled "Spring Festival" on Saturday, May 31st, and Sunday, June 1st, at the Nor-Westers' Museum in Williamstown, between the hours of 1:30 p.m. and 5:30 p.m.

It is expected that there will be at least 15 crafts represented at this exhibition and sale and we would appreciate it very much if you could let your readers know of this event.

The members of Glengarry Crafts also wish to thank you for your kind assistance in promoting the recent show held in Cornwall.

RULES BROKEN OR IGNORED

The editor,
The Glengarry News

'Letters to the editor' reflect a range of interests and concerns on the part of the contributors; the space allocated serves as the 'soap-box in Hyde Park' (Glengarry counterpart). It seems a pity that some of the verbal attacks on the Inter-Agency report are not aired in writing; comments like "Rev. - - - - - is a peace-loving, careful man; he never mentions alcoholism," and, "be careful, you never know when it will come to your door," and the favorite of all, "I never kick a man when he is lying in the ditch," etc.

Now neither do I kick him,—rather, I prefer to help him out of the ditch and remove the obstacle that made him stumble and fall therein; I would have to be labelled a "plastic Christian" if I were interested only in what came to my door alone, and not becoming concerned about what was a threat to the homes throughout the nation.

It would appear that popularity is the most sought after, rather

They'll Do It Every Time

WITH OUR RAMBLING REPORTER

by Ed.

Next holiday is July 1st and we'll order up a serving of the same weather we so enjoyed last weekend.

SOMEBODY LOSES

The Ontario Lottery Corporation had its first drawing last Friday and your Rambling Reporter wasn't among the lucky people who were winners of varying slices of the $716,400 pie that constituted the prize money.

We musta known our ticket would be one of the many non-winners for we had given it away as a birthday present.

Tickets for that first draw sold like hot cakes and no doubt Wintario will score another big success in the present draw, set for May 29th. Two grand prizes of $100,000 should assure a sellout of all available tickets, as was the case early in the first draw.

The Ontario Lottery is proving popular, just as everyone knew it would. Most people are ever ready to wager a buck, especially one of today's cheap but plentiful ones. It's about the only way one can get into the easy money today, without joining the rackets and beating the income tax boys.

Wintario should earn quite a few millions for the Ontario Government over the year and it stands to make a lot of its agents rich, so generous is the cut they are being given for little or no effort. It's a painless method of taxation but the trouble is Queen's Park will find ways to squander the draw proceeds and we'll still be paying painfully high taxes.

Wintario won't save us any tax payments and it probably will prove costly for a lot of small local organizations that have depended on draws to raise needed money. The people who will be plunking down dollars each month to buy Wintario tickets are the same ones who have been supporting church and service club draws and all the other ticket sales that help feather young couples' nests. Who knows, even bingos may suffer in time.

These Ontario lotteries will prove popular with the big winners but they will leave losers in their wake, too.

So many raffles now, maybe they'll be organizing a lottery on the draw of your breath.

MONUMENTS TO HIS MEMORY

The greens at the Glengarry Golf course wintered exceptionally well and all were in fine playing condition for one of the club's earliest starts. Winter kill was almost unknown as far as our greens were concerned and this is generally the case each spring, though one or two greens usually suffer to some extent from the winter weather.

Remarking on the fine condition of the greens this spring, one of our golfing partners made the remark that they were a real tribute to the man who installed them 12 years ago. Other golf clubs face the expense of replacing one or two hard hit greens every spring, he noted. We have been exceptionally lucky in that all our greens have come through for us winter after winter. They are a testimony to their builder, the late Ron Ross, he concluded.

A decade ago the editor was paying a similar tribute to Ron Ross, operator of Blue Grass Turf Farm, near Stouffville in the Toronto area. Mr. Ross had met death the previous week in the flaming wreckage of his airplane and the editorial recalled how it had been decided to build the first permanent green on our new golf course in 1963. Blue Grass Turf Farms had been contacted for greens' sod and it was on Mr. Ross' recommendation that the club decided to proceed with installation of all nine greens and a watering system. He had taken on the contract and as that editorial of a decade ago concluded "those fine new greens are monuments to the memory of a fine fellow".

Blue Grass Turf Farms had served us well, back in 1963 and when club officials get around to working on the second nine holes there's little doubt the Stouffville grass experts will be invited to put in a bid.

than wisdom, and the clergyman who has the courage and faith to preach about 'sin and salvation' (remove these from the Scriptures and what is left?) is, in the present time, as unpopular as were the prophets of the Bible. Every rule in the "Book" is being broken or ignored.

Just as the magicians reached their limit with their powers of enchantments (Exodus 8) so, possibly, earlier than we think, God will say, "No Further!" and Canada, too, will say, "This is the finger of God."

AVONMORE

FOUR CHRISTENED

In an impressive service four children were presented in the Sacrament of Baptism administered in St. Andrew's Presbyterian Church, Avonmore.

The service was conducted by Rev. Dr. E.G.B. Foote, Ottawa.

The children who were baptized were Michael John Amsing, son of Mr. and Mrs. John Amsing; Angela Grace McIntyre, daughter of Mr. and Mrs. John McIntyre; Alan Kenneth Prodonick, son of Mr. and Mrs. Howard Prodonick, and Lana Jean Robertson, daughter of Mr. and Mrs. Bernard Robertson.

ROBERT GIBSON DIED

Relatives and friends throughout the area were saddened by the announcement of the death of Robert (Bert) Gibson, who passed away suddenly at his home in the village of Avonmore.

Mr. Gibson was in his 59th year.

Born in Avonmore, he was the son of the late John Gibson and his wife, Annie Duff. Mr. Gibson was also predeceased by one brother Cyril.

He spent his entire life in the Avonmore community.

The body rested at the Brownlee Funeral Home, Finch, where the funeral service was conducted by Rev. T. C. Reinhardt, Ingleside, rector of St. Mark's Anglican Church, Avonmore.

Pallbearers were Arnold Mills, Fred Barkley, Richard Poapst and Kenneth Ferguson.

Interment was made in the family plot in Paul's Hill Cemetery, Avonmore.

NEW RESIDENTS GIVEN HOUSE-WARMINGS

Two families, recently having built new homes in Avonmore, were given house-warmings by their former neighbors and friends of the Finch-Newington community.

Mr. and Mrs. Wesley Meldrum and Miss Betty McElheran were pleasantly surprised as 32 friends arrived at their new home, just west of the village. Among these friends were Mr. and Mrs. Maldwyn Watkins, who had moved to Avonmore earlier.

Each couple was presented with a beautiful flag lamp. Miss Betty McElheran was the recipient of a string of beads and a potted lamp was given to Mr. and Mrs. Watkins for presentation to Mrs. Watkins' father, Dan Campbell, now a patient in the Cornwall General Hospital.

Archie G. MacMillan made the presentations to Mr. and Mrs. Watkins. Edwin Waldroff did the honors for Mr. and Mrs. Meldrum.

A social time and lunch rounded out the activities at the Meldrum home. Then the group left to spend a time socially at Mr. and Mrs. Watkins' home.

Leonard McIntosh, deputy reeve of Roxborough Township, welcomed the couples to the municipality.

Both honored couples expressed their deep appreciation to those responsible for arranging such a memorable evening, and to all those who were a part of it.

PRESENTATIONS MADE AT RECOGNITION SERVICE

Miss Jean Barkley, who is awaiting ordination into the Christian Ministry of the United Church of Canada, was honored at a Service of Recognition in her home church, St. James United Church, Avonmore, Sunday evening. The sanctuary was filled with relatives, neighbors and friends from Avonmore and surrounding communities.

Rev. H. A. Funge conducted the service in an atmosphere of worship, praise and joy. He brought an appropriate message on the theme "Speak All the Words." The singing was bright and cheery with the praise led by a choir of girls, under the direction of Brian McMillan at the console.

Rev. Mr. Funge spoke of the inexpressible happiness that Jean's many friends share as she reaches this important milestone in her life which has been dedicated to the Glory of God and the service of others.

Rev. Dermot Ascot, Prescott, representing the Seaway Valley Presbytery, extended his and the Presbytery's congratulations and best wishes to Miss Barkley.

Highlighting the service was a series of presentations from all groups within the St. James' congregation.

Among the presentations were those from the Sunday School, made by Terry Montgomery and Jeffrey Johnston; the Choir, by Gwenyth McMillan and Cathy Flanagan; the United Church Women, by Mrs. Russell Marjerrison and Mrs. Elmer Park; the Married Couples Club, by Maldwyn and Mabel Watkins; St. James' congregation, Elmer Park and Charles Rielly; The Session, by Jamieson Campbell; and the minister, Rev. H. A. Funge, by his daughter, Miss Georgena Funge.

Miss Barkley, in thanking one and all for the many honors conferred upon her, referred to her years spent in her home church as very happy ones. She referred to the satisfaction she has enjoyed during her years of study and preparation for the ministry in the knowledge that she enjoyed the support of the home congregation. She asked for the same support as she prepares for the service of ordination and the assumption of pastoral duties.

Following the Service of Recognition, a reception was held in the church hall. A sumptuous lunch was served by the ladies of the congregation.

Mrs. B. Robert died at 83

Funeral service for Mrs. Blanche Robert, 83, a native of Alexandria and formerly of 320 Belmont St., Cornwall, and Glen-Stor-Dun Lodge, was held May 6th from Boulerice Funeral Home to St. Felix de Valois Church where Rev. Gilles Malencon officiated.

Predeceased by her husband Aquila, Mrs. Robert was the daughter of the late Mr. and Mrs. William Murphy of Alexandria. She leaves a sister, Mary Belle Lacombe, several nieces and nephews.

Honorary pallbearers were members of Les Filles d'Isabelle.

Pallbearers were Richard Allinotte, Melvin Gerard, Billy McNally, Ronald Marcil, Leon Robert, Lawrence Robert.

Burial was at Sacred Heart cemetery.

If you have Green Foxtail in your feed corn, you should have Ekko® in your field.

Annual grasses, particularly Green Foxtail, are the reasons you need Ekko in a corn-after-corn operation.

Ekko is a safe, economical, one-package herbicide that saves you work while controlling broadleaf weeds and grasses.

Ekko offers the same flexibility of application times you've been accustomed to with AAtrex: pre-plant incorporated, pre-emergence and post-emergence in an oil-water emulsion.

And Ekko is safe to corn and is effective right up to the three-leaf stage of grasses.

Ekko was designed to give season-long control of grasses in continuous corn operations, so only corn can be planted the year following application.

A suggested method of controlling grasses is to plan on two years of corn. Use Ekko the first year and AAtrex® combined with a short-residual grass herbicide, the second year. Then, your field will be ready for a change of crop in the third year.

Ekko. The convenient, easy-to-use, one-package corn herbicide that prevents grass build-up and gives you clean fields right up to harvest.

Thomas Proulx died at 69

A resident of northern New York State for the past 23 years, Thomas H. Proulx died in hospital at Massena, NY, on May 14th. A native of Alexandria, he was 69.

Mr. Proulx was born here Sept. 27, 1905, a son of Moses Proulx and his wife Marie Girard. On August 22, 1929 he married Rose Meloche and they continued to reside here until moving to North Lawrence, NY, 23 years ago.

Surviving are his wife, three sons and two daughters: Joseph R. Proulx of Central Square, NY; Bernard of Massena, Thomas E., Miss Marie Proulx and Claire, Mrs. Donald Frary, all of North Lawrence, NY.

Twelve grandchildren also survive as do one brother, William Proulx of Cornwall, and two sisters, Helen and Lily Proulx of Montreal.

The funeral was held Saturday, May 17th, at 10 a.m. to St. Lawrence Church, North Lawrence, where Msgr. Patrick Reilly offered the mass. Interment was in Hillcrest Cemetery, Lawrenceville.

In Europe they call us "Canada Fats".

Education co-ordinator will be hired by county board

The SD&G county board of education will hire a community education co-ordinator, if the ministry of education provides the necessary grants.

The board will ask for $8,625 for July 1 to Dec. 31 and $10,000 for 1976. The grants would cover most of the candidate's salary, fringe benefits, travel expenses and professional development.

Duties of a community education co-ordinator would be to act as a resource person and assess the interests and needs of the various school committees throughout the United Counties and meet with different groups and agencies which show interest in further involvement with programs or activities involving schools.

The co-ordinator would offer information, ideas, assistance and guidance at the invitation of groups interested in developing programs related to school communities. He or she would also discuss with principals, how school use can be extended to the community, assist schools in utilizing various services available to them and assess the overall development of community education and report to the board through the director of education.

A report on the duties of a community education co-ordinator, prepared by J. F. Woods, chairman of the board's community education committee, states that the co-ordinator will not perform duties ordinarily performed by principals.

The report also states that the co-ordinator will not unilaterally introduce or control any programs in the community.

Director of Education Rosaire Leger said the board plans to hire the co-ordinator for one year, subject to review.

Trustee Fraser Campbell expressed skepticism about a community education co-ordinator.

I'm disturbed because a co-ordinator could encroach on the autonomy of principals," Mr. Campbell said. "Unless he's bridled, he could become a real monster."

"The role of the co-ordinator is to incite interest and encourage people to embark on various community education projects."

To a question from Trustee Sam McLeod as to qualifications for a community education co-ordinator, Mr. Leger replied consideration will be given to experience, academic background and ability to relate to people.

Trustee Joan Findlay echoed Mr. Campbell's concern.

"I'd hate to see a co-ordinator hired and then see only two or three projects for him to co-ordinate," she said.

Trustee Albert Morin said too much emphasis was being placed with the principal of each school.

"For community use of schools," Mr. Morin said, "you need people interested in using the school to organize activities."

Trustee Lorne Mellan expressed support for the idea and said such a person was needed to "tie in" recreational as well as educational services in a community.

Trustee Lorne Thompson suggested a co-ordinator and principals could complement the work of one another.

Mrs. Findlay said smaller communities often resent "outsiders telling them what to do," and added she would rather see projects come from the people in the community itself rather than at the instigation of a co-ordinator.

Trustee Eugene Legault supported the idea of hiring a co-ordinator but suggested the board would be premature in hiring one now.

Superintendent of Education A. E. Kelley said a co-ordinator would not initiate projects, but would act in an advisory capacity only.

Trustee Sam McLeod said it would be unfortunate to delay hiring a co-ordinator and application for grants, "should begin right away."

Woodlot owners offered 50 tax rebate

Up to 20,000 owners of private woodiots in Ontario may qualify for a tax rebate under a provincial program approved by the Legis lature.

Natural Resources Minister Leo Bernier said that the property owners would get a 50 per cent rebate on municipal and school taxes, if their lands are under proper forest management. "At current tax rates, the rebate would average about $100 per owner, or $2 million for 20,000 owners in the Province," Mr. Bernier said.

According to the Minister, the purpose of the Managed Forest Tax Reduction program is to provide an incentive for woodlot owners to manage their forests so as to obtain the greatest possible yield of wood and wood products from their lands.

This Ontario program is said to be the first of its kind in North America.

"Proper management of private woodlots under this program would also provide other benefits —a healthy wildlife habitat, conservation of water, recreational benefits, and a pleasing landscape," Mr. Bernier said.

"Any resident of Ontario owning forest land not assessed as part of a farm will qualify."

The Natural Resources Minister said that the current yield from the seven million acres of small private forest land holdings in Ontario was estimated at approximately 100 million cubic feet of wood annually. With proper management, the yield was expected to more than double.

Application forms for the tax rebate will be mailed to about 70,000 forest landowners as identified by the Ministry of Revenue from current tax rolls. Others who feel they may qualify should contact the local Ministry of Natural Resources Field Offices. (

Mr. Bernier explained that the tax rebate program is retroactive to January 1, 1973 to bring it in line with the Ontario Government's farm tax reduction program which came into force at that date. The reason is that many woodlot owners applied for rebates under the farming program at that time and did not qualify although they were growing tree crops on their lands. The new program would take such property owners into account.

The Managed Forest Tax Reduction program will be co-ordinated by two Ontario ministries. The Ministry of Natural Resources will set the forest management criteria and field audit the program. The Ministry of Treasury, Economics and Intergovernmental Affairs will administer the tax rebates, as it does the Farm Tax Reduction program in co-operation with the Ministry of Agriculture and Food.

Kemptville provides training in journalism, enrolment increases

Today's budding agriculturalist may need more than a thorough knowledge of soils, plants, animals, and economics. He may need training in journalism and the Kemptville College of Agricultural Technology provides just that.

"The number of jobs for agricultural graduates in areas associated with journalism is steadily increasing," explains T. G. Meagher, lecturer in the English and Social Science Section of the College. "For example, one of our graduates now writes reports on Canadian agriculture for the United States Embassy, while another works for a wool growers' magazine. Even the graduate who returns to the farm may someday have to explain the position of a farm organization or marketing board to the public. In addition, government and industry agricultural extension workers have to be able to express themselves clearly to farmers through the news media."

The college's journalism course is an elective for both its senior agricultural and food and fashion students. To ensure the students get as much practical experience as possible, it is limited to those with a marked interest in journalism and some writing ability.

The journalism students are taught how to research and write different kinds of news articles. They write, lay out and take photographs for their own newspaper published several times each fall, which reflect their agricultural interests. The course includes a tour of the printing plant and the printer teaches a few sessions.

"One of the most difficult things for students to learn is how to gather information," says Mr. Meagher. "They have to learn to use all the available tools, such as the telephone, to track materials. That is why they are given problems, such as finding out the home telephone number of a particular farm machinery company president, or determining the amount of fertilizer there will be in a particular part of Ontario during the coming spring."

For more information on the journalism course, contact Kemptville College of Agricultural Technology, Kemptville, Ontario K0G 1J0.
