School buses are a reminder that once kids walked to school; and did their bussing after they graduated.

Class Of 30 In Grade 13 At Char-Lan

The Charlottenburgh - Lancaster District High School at Williamstown opened with the largest Grade 13 in its history with 30 students. There are 375 students enrolled in the school and 19 teachers.

Facilities in the school are being used to the fullest capacity this year. All classrooms, cafeteria, gymnasium and library are being used for teaching areas. Any increase of students will require additional facilities to be made available in the school as there is no possible room for expansion in the present building.

This year the Board of the school has converted the heating system to the oil system and installed a new intercommunication system. The Home Economics room has been modernized to include a third kitchen with the latest electrical equipment including new stoves, refrigerators, freezers, dish washers, washers and dryers.

The school is now offering the fourth year of the commercial course as well as the Special Commercial and the Arts and Science course.

New teachers include Mrs. Marion MacNaughton of Williamstown, a former teacher at the school, and a graduate of Queen's University. Mrs. MacNaughton has had seven years experience in teaching in Ontario High Schools and has returned to teaching after a short retirement. She will be teaching Latin, French and Mathematics.

Clerk Will Report Minutes

A sometimes heated discussion of news reports emanating from Town Council meetings featured Tuesday's regular meeting, with some councillors claiming inaccuracies and premature reports on council activities.

Mayor Raymond Periard pointed out that minutes of council are open to the public and he wanted it clearly understood that council has nothing to hide.

Following discussion it was decided that the Clerk-Treasurer be authorized to give council minutes to the press or inquiring citizens. If more information is desired on any subject the inquirer shall be referred to the chairman of the committee involved.

Councillor Sam Brunet, chairman of the Fire Committee, reported receipt of three applications for places on the brigade. This would bring the strength to 20. Council agreed that the three be taken on strength on a six-months probationery basis. They are Royal Gareau, Jean Paul Gareau and Armand Chenier.

Final reading was given a by-law to borrow $92,978.90 from Central Mortgage for repayment of costs of sewage lagoons to the Ontario Water Resources Board. Necessary approval has been received from the Ontario Municipal Board for the 30-year debentures.

A cross-walk is to be installed on Main Street at Catherine, primarily for use of school children. Council hopes to have the policeman on duty take on the task of escorting children going to or from school.

Fine Fair Weather Brought Out Record Crowd To Williamstown Fair

TO MIDDLE EAST— Lt.-Col. J. Aime Huot, of Ottawa and Alexandria, leaves next week for a one-year tour of duty with the United Nations in the Middle East. He had previously served a one-year term of duty on the Ghaza Strip.

"Possibly the biggest crowd ever "was the enthusiastic estimate of Fair Secretary Robert McDonell in sizing up attendance at yesterday's final day of Williamstown Fair.

A heavy downpour Tuesday night was followed by cloudy skies Wednesday which cleared before noon to provide a warm, sunny day for Fair goers.

Only disappointment for officers of the sponsoring St. Lawrence Valley Agricultural Society was the non-appearance of two guests who were to have taken part in opening ceremonies. Syl Apps, M.P.P. Kingston, wired his regrets earlier and Wednesday morning officials were contacted by Hon. Maurice Sauve, federal minister of Forestry and Rural Development.

Mr. Sauve faced a very tight schedule in Ottawa and he asked if the opening ceremonies might be moved ahead from 1 p.m. to 12 noon. If that was possible, he suggested, he would come down by helicopter and return immediately after to Ottawa. Fair officials fell in with his plans, but a later phone call informed them it was impossible for Mr. Sauve to leave Ottawa.

There was conjecture that another division might be threatening in the House over the flag issue. Viateur Ethier, M.P. Glengarry, was also an absentee.

W. J. Major, ex-M.P., was pressed into service to officially open the Fair and Duncan A. Condie, a past president of the Fair Board, unveiled the historical plaque at opening ceremonies. Also present were Osie F. Villeneuve, M.P.P. and Dr. G. H. S. Stanley, representing the Archaeological and Historic Sites Board of Ontario.

Holstein entries were particularly heavy at this year's Fair, some 100 fine animals being shown. Jersey and Ayrshire classes were also well filled as were the horse classes. If fall exhibits were fewer in number than usual, the judges found the quality up.

The Allen Midway was popular and other entertainment features included the rodeo and the Glengarry Highlanders Pipe Band.

Sr. M. Mildred Taught 36 Years In Glengarry

Saturday evening, September 5, Sister M. of St. Mildred went to her eternal reward in her 86th year and the 66th of her religious life.

The deceased was a native of Lochiel, the fifth child in a family of eight born to John J. Kennedy and Isabella MacMillan. The family moved into Alexandria in 1893 and Teresa Catherine attended school in St. Margaret's Convent. She entered the Order of Holy Cross in January 1899, pronounced temporary vows of religion in 1901 and final vows in 1906.

Sister M. Mildred had a long teaching career of fifty years, thirty-six of which were, all told, though not consecutively, spent in her "Bonnie Native Glen", whether in Alexandria or St. Raphael's West. She was supervisor and teacher in Billings Bridge from 1936 to 1942. Her last years of active service were spent in Ottawa, from where she retired to the Mother House infirmary in 1959. In 1961 Sister celebrated the diamond jubilee of her religious profession. Failing health since the Spring of 1963 kept her confined to her room. Nonetheless she was comparatively well until a week previous to her death.

Her funeral was held in the Mother House chapel, Tuesday, September 8, at 9.00 a.m. Of her immediate relatives a nephew and niece were present — Bernard Asselin of Cornwall, and Mrs. William Cosman, of Saint Laurent. Ill health prevented their parents, Mr. and Mrs. Donat Asselin, from attending. A grandniece, Sister Mary Denis — Mary Ellen Duggan,, of Camrose, Alberta — now a Sister of Providence of St. Mary's Hospital, Montreal, represented her grandfather and father, Charles and Fred Duggan of Camrose, brother-in-law and nephew of the deceased.

Martintown Area House Lost

Fire destroyed a house and two sheds on the farm of Ovila Gagnon, River Road, about three miles east of Martintown, Saturday night.

With the help of neighbors, Mr. and Mrs. Gagnon, both in their 70s, saved their furniture and personal belongings before the two-storey frame building went up in flames.

Mrs. Gagnon noticed the fire in a shed across a driveway from their house about 10 p.m. and called her husband who had just gone to bed.

Martintown and Williamstown Volunteer Fire Brigades saved the barn after sparks ignited the roof. They felt they could have saved the house had they arrived 10 minutes earlier. They spent about three hours at the scene.

Local Couple Marks 50th Date

Mr. and Mrs. Albert Poulin, the former Julienne Michaud, celebrated their 50th wedding anniversary on August 31st. Holiday Weekend Was Accident-Free

Traffic accidents across the nation were **again tragically high over** the Labor Day weekend but Lancaster O.P.P. are happy to report not one death or serious injury in this area.

The fact that all available personnel were on highway patrol may have had a bearing.

Most serious injury reported involved a two-year-old Maxville area girl.

Barbara Ann Van Loon was taken to Hotel Dieu, Friday evening, after being struck by a car opposite the home farm on County Road 20. She suffered a broken leg and lacerations.

The daughter of Mr. and Mrs. William Van Loon she was struck by a car driven by Thomas Phillips, 69, of Maxville, when she wandered onto the road and darted into the path of the car.

Siamese Cukes

Siamese twins of the vegetable world were brought to our office this week in the form of two good-sized cucumbers that grew together as one. They seem to have huddled together for warmth through those cold August nights and decided to make it permanent.

Wilfrid Sabourin raised them in his Chisholm Street garden.

EDITORIAL

IT'S OUR OPINION

Let's Keep It Cool And Clean

Street-corner politicking promises to be hot and heavy in Alexandria this fall. Municipal ballots will be assuming the proportions known in the United States as we are called on to elect council, Public Utilities commissioners and school trustees, while also making known our desires in two referendums.

Citizens will be asked to approve or disapprove the introduction of cocktail lounges. They will also decide on municipal purchase of the Glengarry Gardens as a centennial community centre complete with public library.

There no doubt will be a plethora of candidates offering themselves for the two-year term and the arm-chair politicians will have both personalities and principles to sound off on. Already we hear whispers that the whispering campaign is off and running.

A healthy interest in municipal politics and on such questions as will be up for public decision is much to be desired. It is to be hoped a high percentage of the qualified voters will go to the polls and cast well considered ballots.

It is also to be hoped these will be informed votes, as free as possible of the type of cheap politics that springs from whispering campaigns. From now to December we can expect to hear a multitude of stories concerning candidates and their devious plans to ensnare the gullible voter. Cocktail bars and the centennial project will have their advocates and their detractors.

Alexandria is now on the move and sad it would be if so much heat was engendered in the coming election as to cloud the picture of a progressive community. The cool approach is called for. Fellow citizens are reminded that any statement prefaced by "They say", is almost certainly cheap gossip.

A Brake Against Bureaucracy

The Canadian Bar Association has recommended that federal and provincial authorities study the possibilities of establishing the office of Ombudsman. We agree that there may be a need for this public protector of the rights of the individual citizen.

Sir Guy Powles, who serves as Ombudsman in New Zealand, was in Montreal last week to address the annual meeting of Canada's legal lights. He described the nature of his duties as an official to whom citizens can bring their complaints against the actions of government departments.

The position of Ombudsman is, in origin, Scandinavian. But it has aroused growing interest in other Western countries. New Zealand has already taken action, with very worthwhile results. In Britain, the Labor party has committed itself to appoint an Ombudsman if it wins the coming election.

It is no wonder that Western countries, including Canada, have shown interest. For they all suffer from a common malady, which an Ombudsman can ease, if not cure. This malady is bureaucracy. In every Western country, the power of the state is increasing.

No doubt the bureaucracy does its job fairly well most of the time. But any organization makes mistakes and acts unjustly on occasion. And the larger the organization, the more frequent errors are likely to be. The citizen deserves the right to be able to turn to an impartial official — an Ombudsman — when he feels he has been unjustly treated.

It is suggested editorially that our Members of Parliament will be against the acquisition of an Ombudsman because he would be usurping their role of liaison between the voters they represent and the various departments of government. It can also be argued that the federal bureaucracy is already so big and so powerful that the M.P.'s approach is often spurned or left mired in red tape.

There are countless instances of Canadian citizens being left with no recourse in law, though convinced that they have been dealt with unjustly by their government, whether at the federal or provincial level.

A current case in the minds of many Canadians must be this man Calvin MacDonald who claims he was an undercover Communist for the R.C.M.P., but whose future is clouded because reasons of "security" prevent the government from admitting whether or not he served as a police agent.

An Ombudsman would have power to wade through the red tape which bureaucracy uses so liberally to keep its actions top secret. The Scandinavian countries, New Zealand, among others, have found this office a necessary guard against over government. We have an ever-growing government and a lot of our civil servants are anything but civil on occasion, more master than servant.

Parliament often seems prone to cover up their errors of omission or commission. Where these infringe on individual freedom we would like to see an Ombudsman waiting in the wings, possessing the power to put petty bureaucracy in its place.

Sun Valley Invites Us

The kids have been buying clothes for the new school term like crazy and maybe that's why we sprang a responsive chord for a bit of promotion on a nudist colony. Labor Day weekend marks the end of the summer season and it seems more than a little late for sermonizing on sun bathing.

But perhaps this bit is timed, with malice aforethought, for a season when parents are most conscious of the high cost of clothing.

Perhaps these worshippers of the sun sense the fact this has been a cool, cloudy August in Glengarry. Perhaps they feel we feel robbed of our proper ration of Old Sol and they're pointing up how much we missed by not tanning our hide in Sun Valley Gardens.

That's the name of this nudist colony but we hesitate to inform our readers where it is located because we fear a mass exodus from Glengarry which already suffers from the lure of the cities. Besides, we'd have our local clothing merchants after our hide if we pointed up the savings to be realized by gadding about in one's birthday suit.

Social nudism is the answer to many of our social ills, we read in this press release that includes a picture of a couple in the raw. Perhaps it would cure any social ills we suffer from, but how about our bodily ills? We're subject to head colds and we can't help thinking sunbathing through that cool month of August we knew would have seen us with the sniffles and the sneezes, if not double pneumonia.

And the brochure fails to inform us where nudists carry their kleenex.

The 10th anniversary of Sun Valley Gardens was being observed over the holiday weekend and we feel cheated from the fact their mailing piece reached us only on Saturday, too late for us to zero in on the special events taking place somewhere north of Toronto. A Miss Sun Valley Gardens was to be chosen and if we could have been there who knows but we would have been picked as a judge.

If we hadn't gone to pot years ago we might be more interested in playing it cool with these sun-bathers. When we see some of the street attire now being worn by women we are left with the thought society might have a healthier attitude to sex if more bottom was featured with the topless bikini. And today's girlie magazines would have slim readership if we were all cavorting in what comes naturally.

There's an argument for nudist colonies, we believe. And if we were in shape to argue we'd be tempted to drop our inhibitions and our attire some holiday weekend like Labor Day and get in on this game of volley-ball. Apparently it's more fun than golf when you're not wearing golf shoes.

We've heard whispers there's a nudist colony not too far north of Glengarry. Maybe Peeping Tom can get us an invitation to that one.

The Weeklies Say

FARMING DANGEROUS

Farming continues to rank as the third most hazardous occupation. Only mining and construction have higher accident rates. The farm employer should make an extra effort to be sure that his workers understand their duties and the proper, safe way to operate equipment and handle the materials they use. It cannot be assumed that a high school student can operate a tractor properly because he has a driver's licence — no matter how safe a driver he may be.

POOL RESOURCES

The splendid attendance at the meeting to discuss centennial plans is encouraging considering that most Alberta communities are having a difficult time getting this project off the ground. We are of the opinion that it would be a fine thing if all concerned could develop a completely unselfish attitude towards this matter. In other words, pool all the money for one worthwhile project.

LOTS ARE LOOKING

Summer's officially over though we'll welcome weeks more of warm sunny days such as Monday afforded. But the calendar warns us winter is somewhere over the horizon and we'll soon be thinking of turning up the furnace.

A lot of people are already thinking ahead to winter, we'd say, judging by the flood of inquiries we're getting in this office for housing accommodation. A lot of them are new faces and no doubt some will be employed with Square C Textiles.

Quite a number of new homes have been built here over the past year but housing is still going to be in short supply, it seems. If you haven't yet got your hole to crawl into; better start digging.

SO MANY GREENS

So many greens to make a summer day, notes the Christian Science Monitor:

"The dewy green of morning beyond the window sill; the demure, preening, tidy green of lawns.

"The green fingers (not thumbs) of pine and fir; the gold-dusted green of blossoming cedars; the shiny, dark green of holly hedges in bright sunlight; the soft green of lindens softer still with mists; the dark-red "green" of copper beeches and Norway maples; the blue-green of spruces.

"The casual, unkempt, rebellious green of wild meadows; the gleaming green of parklands after rain; the tangy green of mint beside the kitchen door; pale, rococo-green of curly lettuce leaves in a cool pantry; the curious, important green of a clover leaf under a child's scrutiny.

HOW THE FIGHT STARTED

I often am consulted for
advice in certain cases —
For instance, what to do to make
a lot more parking spaces.
With traffic jams on every hand
there's nothing but congestion
But what to do about it? That's
the Million Dollar Question.

A Mayor came to me and said,
"Hey, Walt, have you the answer?
Can you give me some good advice?"
And I replied, "I can Sir!
"Just pull down all the buildings
and create all vacant lots,
So then, when someone wants to
park, he'll have a choice of spots."

"Prosperity would follow, for
there'd be a building boom
Building cities in the country
where there's lots and lots of
room.
I know places in the country
where a man can park all day
And later, when he drives off
home there's not a cent to pay."

"But in a town of any size
(I guess they're all the same)
There are no vacant lots because
the buildings are to blame.
Come over to the Grand Hotel
— we can discuss it there",
Said I, while he tagged on behind
a picture of despair.

When I told him what my charge
was for professional advice,
He knocked me down and broke
my specs. I ask you — was that
nice? . . .

Now boxing used to be my hobby,
And so I smacked him in the lobby.
And as he gazed at me in wonder
I kicked him twice in the rotunda.
When he got up and tried to flee
I hit him on the balcony
And socked him a terrific jar
Between the desk and the
cocktail bar.
Then he hit me a lusty whack
And broke my sacro-iliac.
But he ignored my good advice
And never paid me the stated price,
And I can't figure a way to make
Him pay for advice he didn't take.
So now we're each in a separate
cell
For the damage we did to the
Grand Hotel!
Be seein' ya!

Laff Of The Week

"Okay, get your shoe off and get that gunboat up here where we can get a measure on it, dear."

Resume Of Soccer Play-Offs

SEMI-FINALS

Tuesday, August 25—Glen Sandfield 1; Greenfield, 1.

This could well have been the loss of a golden opportunity for Glen Sandfield. Playing good positional ball and exhibiting a strong defensive set up, Glen Sandfield played well enough to have won handily, however time and again good scoring chances were muffed and in play-off ball these opportunities cannot be missed.

Taking a one goal lead into the second half on a goal by Peter Fraser, Glen Sandfield realized the seriousness of missed opportunities when Ron McCormick scored late in the game to give the Kenyon eleven a split in points.

Wed., Aug. 26—McCrimmon, 4; Lochiel, 1.

This was a game that the better team did not win. The score certainly was not indicative of the play as the Lochiel boys played well enough for four or five goals whereas McCrimmon really didn't have one good scoring opportunity.

McCrimmon jumped into a 1-0 lead on a blistering long shot to the top right corner by centre forward Gordie Fraser. This lead was increased to two by Kent MacSweyn when a long blooper found its way into the top corner over the head of MacMillan. The scoring in the first half was rounded out by Fraser with his second goal of the night, once again on a long blooper into the top corner. McCrimmon took a 3-0 lead into the half although it well could have been 2-1 for Lochiel as goalie McCrimmon robbed M. Sauve of a goal with a beautiful sprawling save and was aided by the goal post on another attempt.

In the second half a lazy McCrimmon squad saw their lead whittled to two goals as Ray Quesnel headed one by the agile McCrimmon goalie. A missed penalty shot and a goal that was called back took the steam out of the Lochiel attack. The last McCrimmon marker was booted in by Ralph MacSweyn, once again on a long high shot that fell in behind the Lochiel goalie. Thus with the aid of lady luck and a poor night by the Lochiel goalie, McCrimmon takes a one game lead in the semi-finals and extends their undefeated streak to seven games.

Friday, August 28—Glen Sandfield, 5;, Greenfield, 1.

An injury made the difference. Stalwart rearguard John McLeod, suffering from a wrenched knee, was switched to center forward from his regular defensive position and that was the game. Although Glen Sandfield missed numerous good scoring opportunities in the first half they made no mistakes in the second. They took an early 1-0 lead on a goal by Peter Fraser only to have Greenfield tie it up in the dying seconds of the half on a goal that was hotly disputed by the Glen Sandfield team who maintained that the ball had not passed over the goal line.

The second half was all Glen Sandfield. John McLeod booted in two, rookie Michael Gibbs and right winger Gerald Flaro added singles to give Glen Sandfield their most convincing win of the season. This game more than any other showed the influence of Fraser's coaching. Glen Sandfield's orthodox style of defence whereby the opposing wingmen are covered by the defence rather than by the halves appeared to confuse the Greenfield attack which never really got going.

Stars of this game would have to be John McLeod, Peter Fraser and Murray MacLachlan.

Saturday, August 29 — McCrimmon, 1; Lochiel, 0.

Rookie Glen MacSweyn received a hero's ovation from McCrimmon players and fans at the 15-minute mark of the first half when he dented the twine for the only score of the game, giving McCrimmon a sweep of the semi-finals and the right to advance against the winners of series B.

This game featured a McCrimmon defence at its best as the strategy of coach Johnny Gregor worked perfectly. The task of covering Lochiel's ace forward Ray Quesnel was given to last year's rookie award winner, Rondo MacSweyn who kept the high-scoring forward from getting a direct shot on goal. Goalie Harold McCrimmon was called on to make only three saves as MacDonald and Robinson played their best game of the year on defence. The outcome of the game was in doubt up to the final whistle, however, and more than once McCrimmon fans had their heart beat quickened during a goal-mouth scramble.

The return of Jim MacGillivray to the Lochiel line released Jim McMillan for forward duty and he was a constant threat on left wing. Hubert Hay, the main cog in the Lochiel team, played his usual stable game and is responsible for the fighting spirit of the Lochiel team. Goalie Carmen MacMillan redeemed himself as he pulled off a couple of good saves on close in drives, thus keeping Lochiel in the game. The lone goal of the game was a clean-cut goal and one on which he had no chance. After making a diving save on a low drive from the wing, MacMillan was out of position for the rebound which MacSweyn booted home.

Now, McCrimmon with an eight game unbeaten streak on the line, await the winner of series B.

Monday, August 31—Greenfield, 2; Glen Sandfield, 1.

The third game of series B will go into the record books as being the longest game of the series. Leading 2-1 at what appeared to be the final whistle Greenfield players and fans were aghast to discover that the game was not really over but that it had been called with two minutes remaining to play.

The reasoning behind the referee's decision was that after ordering a Greenfield player off the field and awarding a free kick to Glen Sandfield the same player kicked the ball. Feeling that the player was deliberately refusing to obey his decision, the referee called off the game. Greenfield's reasoning was that the player did not know he had been ejected and thinking that the free kick was in their favor kicked the ball.

The decision was left in the hands of the league. After a lengthy meeting it was decided that the game would be continued Wednesday night. Thus at what really amounts to half time Greenfield had a 2-1 lead and would go into Wednesday's game leading by one goal.

The third game of series B (or the first half of the third game) was a replica of game one with Glen Sandfield outplaying Greenfield but not capitalizing on good scoring opportunities. Burns MacPherson from a goal mouth scramble put Greenfield ahead 1-0 early in the second half. Their lead was increased to two on a gift goal. A misjudged ball by goalie J. A.

Maxville Takes Softball Loop Title Continues On Hunt For Valley Honors

A large crowd gathered at the Maxville Fair Grounds Sunday to see Maxville Merchants crowned Border Softball League champions after a thrilling 6-3 victory over Lancaster Dodgers.

The victory gave the local entry the series four games to two. Maxville now continues in Eastern Ontario softball playdowns.

The local team built up an early five-run lead, played some loose defensive ball in the middle innings to allow Lancaster to score their three runs and added a run with a late game rally.

Lancaster played hard throughout but the team was foiled by steady pitching by Neil Scott and some sparkling defensive play in the late innings.

Tempers flared briefly in the late innings when Harold Hume, shortstop for the Maxville team, stole third base and Lancaster disputed the play, contending he had not returned to second between pitches.

Resume Of . . .

(Continued from Page 3)

Kennedy bounced over his head and was tipped into the corner by Joe Winsik. From here in it was all Glen Sandfield as they made their bid to get back in the game. Their only goal came on a penalty shot with Dougal MacLeod denting the twines. Stars of this half of the game were Peter Fraser and Allan Campbell for Glen Sandfield and Russell Raymond and Ron McCormick for Greenfield.

One of the largest crowds of the season witnessed Monday night's game and few if any went home discouraged with the calibre of play. As has been the case all season, this was another evenly contested game with as much excitement as one could wish for.

Bruce Chisholm Died At Windsor

Ambrose (Bruce) Chisholm, of Windsor, Ont., died on Monday, August 24th, in the I.O.D.E. Hospital, after a lengthy illness. Born at Lochiel, December 7th, 1900, he was a son of the late Archie Chisholm and Theresa McGillis, of Loch Garry.

He went to Windsor 30 years ago and worked for the Canadian Breweries Ltd., until he retired in 1962. He was a member of St. Alphonsus Church.

Mr. Chisholm leaves to mourn his daughter, Mrs. Frank (Mary) Faust, and two granddaughters, Karen and Gail, Detroit, Mich., as well as three brothers and two sisters. They are Colin Chisholm, of Cornwall; Mark, of London, Ont.; John, of Linton, Scotland; Mrs. John MacMillan (Grace), of Alexandria, and Mrs. William MacMillan (Cora) of Soquitlam, B.C. One brother, Donald A., was killed in World War I and a sister, Christena, died in 1927.

The largely attended funeral was held Wednesday, August 26th from the Sutton Funeral Home to St. Alphonsus Church. Rev. Father Crowley chanted the Requiem Mass, and recited prayers at the graveside. Burial was in the Heavenly Rest Cemetery.

Pallbearers were six friends, all of Windsor: C. Sandford, R. Sinicac, G. Cyphery, H. Whitesell, V. Donahue, J. Murtagh.

McCrimmon Booters New Champions Last Night With Third Straight Win

McCrimmon maintained its unbeaten record in cup play-offs, last night, and brought the season's soccer play to a close with a 4-1 win over Glen Sandfield which wrapped up the league championship. The win was McCrimmon's third straight in the best of five series.

The largest crowd of the season ringed the lighted Lochiel field to witness a keenly fought, well-played game. Gordie Fraser booted home two for the winners, singles going to Bevans McMaster and Bruce Kennedy.

John MacLeod got the only score for Glen Sandfield.

An Ottawa referee, Helmut Kreleher, handled the game.

Trophy night for the Glengarry Soccer loop is set for Saturday in Alexander Hall here. Red Storey, a famed personality on the sport scene, will be guest speaker and a capacity crowd is expected.

LEGION-AIRES

From Alexandria Branch No. 423

Busy Branch Boosts Business.

September the 2nd was indeed a busy day for our Branch with a general meeting and a Zone Executive meeting scheduled for the same time. The L. and M. Room was turned over to the visitors while we conducted our meeting upstairs.

Get this you guys — attendance 14 (at the general meeting) and out of the 14 seven were Veterans of the 1st War. So it was "thank goodness for the older vets". Once again they saved the day.

Sports—Zone Shuffleboard Tournament, Long Sault, Sat., Sept. 12, will be attended by the Cracked Team of Ray Periard, Gavin McDonald, Conrad Lajoie, Joe Fontaine, Gerald McGillis, Robert Sabourin and the Branch Sports Officer John Grant. Good Luck Fellows.

H. J. Summers, Zone Sports Officer, was here to present the Golfing Prizes to B. Villeneuve, D. R. MacDonald, J. Ranger, and L. McHugh. The runner-up prizes went to H. D. McCuaig, V. Barker, C. W. Mutchler, and R. Macdonald. V. Barker got the prize for High Gross while the Low Gross went to D. R. MacDonald. Good going guys!

Welfare—The Silent Service.

Larry Sicard submitted his report on Welfare for June and July as follows: letters received 9, pension increases obtained 1, letters written 5, Widow's supplementary allowance obtained 1, partial War Veterans Allowance appeals granted 1, interviews 5, other forms completed 3. It is a pity that more cannot be said of Larry's department. It is in this field of welfare and rehabilitation that the Legion does its greatest work, and receives the least recognition, this lack of publicity is to save embarrassment to the recipients of welfare and assistance. "They Serve Best Who Serve In Silence".

John Grant advised the members to watch Channel 6 for a new series of pictures and events of the 1st World War to start Sunday night.

Dates to remember:

Draw for Calgary vs. Ottawa Football Pool Sept. 12, at Branch 423.

Zone Shuffleboard Tournament, Long Sault, same date.

Zone Rally, Long Sault, Sept. 19, election of Zone Officers.

Proposed District Convention, Pembroke, Sept. 26 and 27.

Do You Remember.

Sept. 1, 1939, German Luftwaffe bombarded Polish cities, thus setting off the Second World War. Gee was it that long ago? ?

That's nothing says a voice in the rear. On November 29th, 1964 a certain Legion member (prominent is the word) will celebrate the 50th anniversary of his enlistment (First World War). He's a modest fellow so I won't mention his name, but his initials are Charles Dear. Any volunteers for the celebration.

If anybody can beat that, let me know, it would be newsworthy.

NOW YOU CAN SAVE MONEY ON HEARING AID BATTERIES with one of the New Battery Chargers

It's just what every hearing aid user has been waiting for. It's cheap to buy. Cheap to operate. Lasts a lifetime. Charges batteries while you sleep.

MOOSE CREEK

ALEXANDER D. McKAY

Once again the solemn fact that in the midst of life we are in death was brought before the minds of all when it was learned that Alexander Daniel McKay, of Moose Creek, had been called to his Eternal home on Wednesday, September 2nd at the age of 87 years.

Not enjoying good health for the past number of years, he had been a patient in the General Hospital (Annex) Cornwall since October, 1963, in which institution he passed peacefully away on Wednesday.

Mr. McKay was born on April 28th, 1877 at Stanley Bridge, Prince Edward Island, a son of the late Donald McKay and his wife the former Miss Jessie MacLeod. He received his early education in Stanley Bridge and at the age of 18 years he went to Medicine Hat, Alberta, where he was employed for several years with the Bell Telephone Co. of Canada and later was employed in Winnipeg.

On December 26th, 1906, he married the former Miss Margaret Blair, of Moose Creek, who predeceased him on July 22, 1955. They operated a general store in the village of Moose Creek, a store situated on the premises where the Community Hall now stands.

Over fifty years ago they purchased the farm at Tolmie's Corner where Mr. McKay was a successful farmer. In 1946 Mr. and Mrs. McKay moved to the village of Moose Creek where Mr. McKay had served for several years as a Police Village Trustee. In 1957 Mr. McKay returned to his farm residence to reside with his son, Stanley McKay and family.

Mr. McKay leaves to mourn, one son, Stanley W. McKay and one daughter, Mrs. Alex MacLean (Olive), both of Moose Creek, also nine grandsons. A daughter, Fairley McKay, predeceased him on February 23rd, 1931.

The funeral was held on Friday afternoon, September 4th from his late residence to Knox Presbyterian Church, Moose Creek, where the service was conducted by Mr. Raymond E. Glen, Student Minister, who brought a comforting message to the bereaved relatives basing his remarks on Habakkuk Chap. I verse 12 "Art thou not from everlasting, O Lord, My God, we shall not die".

The combined choirs of the Presbyterian Church and the United Church led in the service of praise

UNIVERSITY EDUCATION PROGRAMME

A comprehensive, life-insured plan for financing a college education for boys and girls now in high school

If you are like most parents with children in high school, you are probably wondering how you are going to meet the costs of financing your youngster's college education. To help parents solve this problem, the Bank of Montreal has introduced its University Education Programme—the first life-insured plan of its kind in Canada.

Under this comprehensive programme, parents, guardians and sponsors of high-school students can spread the cost of a university education over periods of up to nine years, thus keeping monthly payments to amounts they can afford without hardship. *And the cost to the parent is only a fraction of the interest paid on a straight loan programme.*

HOW THE PROGRAMME WORKS

Under the basic plan, the parent agrees to make monthly payments to the Bank starting, say, two years before the student enters university, and terminating one year after graduation. In return, the parent receives an annual sum from the Bank at the start of each of the four university years.

VARIANTS OF THE PLAN

Several optional plans are available under the programme, and these vary as to the number of years in which the parent wishes to make monthly payments, as well as to the amount required annually for university expenses. Plans are based on objectives ranging from $1,000 to $8,000 payable to the parent in four annual instalments.

Here is an example of how one of the basic plans can be varied to suit your needs:

OBJECTIVE: $4,000

To be paid to the parent in four annual amounts of $1,000 each

OPTIONS	YOU PAY MONTHLY	PERIODS OF PAYMENT	YOUR PAYMENTS BEGIN
Plan A	$49.55	7 years	2 years before university
Plan B	42.78	8 years	3 years before university
Plan C	37.56	9 years	4 years before university

LIFE-INSURANCE FEATURE

If the parent concerned should die after the start of the programme, the funds for education specified in the agreement will be advanced by the Bank each year without any further payments being made by the family or the estate.

HOW TO JOIN THE PROGRAMME

See the people at your neighbourhood B of M branch. You will receive a warm welcome from a staff who will be pleased to give you further details and to help you select a plan suited to your needs. *Ask for your copy of the Bank of Montreal University Education Programme folder.*

P.S. If you need help in financing a student already in University — or planning to register this year—talk to your B of M Manager. Chances are he can arrange a tuition loan with extended payments adapted to your circumstances.

SPORTS in the GLENS

by ANGUS H. McDONELL

The Junior "A" camp of Club De Hockey Canadien Inc. has sounded the clarion call, bidding young hopeful candidates to report 9 a.m., Saturday, September 26, at Maurice Richard arena.

They will be greeted by Coach Claude Ruel and his staff.

Checking in the day previous at the Queen's Hotel will be an unheralded and unsung 18-year-old defenceman from the Glens—Willie Terry. Willie is a son of Mr. and Mrs. Melvin Terry, near Laggan.

We had a pleasant and enlightening chat with young Terry a few evenings ago relative to sport in general, and hockey in particular.

At the outset we told William, or Willie, that we were going to call him "Bill", because he will be tagged with this short for Willie soon after the hockey training gets underway.

Bill Terry is not overweight, in fact, we think him a bit on the light side. However, at 18, with three junior years to go, his fine physical clean-cut appearance certainly is favourable.

Down through the years this writer has used a lot of ink beating the drums on behalf of our minor hockey players. Here is a first-rate example supporting the claim that our youngsters and coaches should receive greater support.

Like a number of N.H.L. players,

Bill Terry learned to skate on a "pond behind the barn". He played with Laggan and Alexandria Public School. As a pee wee, bantam and midget he was coached by John Grant and John Gregory McMaster.

Following a juvenile game in Cornwall, while playing for Alexandria, Jerry Brown, a Maple Leaf scout, tipped the Toronto Club that young Terry should be brought to the Gardens' late Summer hockey training camp. Bill Terry reported last August (1963) to the Leaf junior coach, Jim Gregory, and jumped the ice hurdles with the best of them during the session.

Last Fall, young Terry, then 17, worked out with Hawkesbury Juniors of the Ottawa-Hull League. He was promptly signed by Coach Claude Drouin. Coach Drouin considered this youngster deserved some scouting, and Canadiens' junior coach Claude Ruel's appraisal resulted in Bill Terry being placed on Les Habs' list. So on Friday two weeks hence, a humble Glengarry farm boy will sign the register at the Queen's Hotel, Montreal, where he will live with this group of ambitious youngsters bidding for a position with Canadien juniors, the first arduous step to the N.H.L.

We asked Bill Terry how he developed his skating legs in view of the fact he left school in Grade Eight. "Two hours skating on the pond behind the barn in the morning after finishing the chores and before going to the bush", was the straight-forward reply, ringing with sincerity.

Shades of Dizzy Dean pitching a baseball by the hour with a milk pail nailed to the barn door as a target. Ditto Gordie Howe, Bobby Hull, Murph Chamberlain and scores more.

We think it is fitting that Glengarry has representation with Canadiens because minor hockey in the Glens, we predict, is heading into a great era. Already we have grads playing in colleges. The Glens' minors recorded history at Lake Placid last Spring. A few leading juniors have attended hockey schools recently. However, the most important factors of all are the new artificial ice plant in Maxville, and Alexandria Council almost unanimously voting in favour of the agreement drafted by our fine citizen, businessman and sportsman, Jean-Paul Touchette, and the owners of Glengarry Gardens that could, and should, result in Alexandria ownership.

HITHER AND YON —

Hube (Cornwall-Long Sault) MacAlear among those deserving the glad hand for junior lacrosse coaching . . . Cornwall Juniors eliminated St. Regis with a few unfortunate beefs . . . It was ever thus . . . While on lacrosse we noted recently young Rory McCormick handling a stick near Cornwall Marlboro playgrounds with signs of potential ability . . . Rory wouldn't have to borrow this trait, as his grandfather, Frank, his dad and uncles could all wield the gutted hickory with finesse . . . Among the many Labour Day weekend visitors of the sport fraternity, we noted Earl (Ottawa) Leroux . . . Earl looks chipper after a bout with the ticker . . . Ottawa press giving F/L John B. MacDonald plenty of ink re his surf riding that tops water skiing . . . Maxville Merchants softball team, like the old Yanks of Ruth and Gehrig, now holders of the Duncan McDonell Memorial Shield, Border League Playoff Cup, having eliminated Lancaster on Sunday 6-3 . . . By the time we go to press, Maxville will be in Eastern Ontario Intermediate playdown championship finals, meeting Kemptville or Smiths Falls . . . Jubilee (Maxvile) rink will soon have artificial ice machine in operation . . . Come early November formal opening with hopes of two top-flight clubs playing an exhibition game . . . one, possibly Peterboro Petes . . . The weatherman really smiled during the past holiday weekend, and our Golf Club set a new attendance record on Sunday . . . Another record may have been added as young John K. (N.D.G.) Lapierre, age eight, could be the youngest shareholder . . . John can really whack a golf ball at this tender age.

The shrill howl of the wolves has been heard in Kenyon, and we don't mean the football wolves on the Rough Rider and Alouette's trail either, following their respective disastrous showings in Edmonton and Regina . . . Donald Ian (Gen. Motors) MacDonald, the latest to hear the crafty timber prowlers along the Bell Phone line . . . By the way, the same Donald Ian is about to walk the plank as he joins the benedicts.

This week closes out another successful Glengarry football (Soccer) season . . . for our money the highlight was the play of the Glen Sandfield Club that brought the Fraser Clan into the finals . . . this was good for football in the Glens . . . Sorry to be absent from Saturday's banquet and hear one of Canada's top sport personalities in "Red" Storey . . . after four years of endeavour, without a holiday, we are breaking away from our daily chores.

LOANS FOR STUDENTS
Guaranteed by the Government of Canada

Purpose: The purpose of the Canada Student Loans Act is to facilitate bank loans for students who need financial help to continue full-time studies beyond secondary school level at Universities and other educational institutions.

Who can apply: Any Canadian citizen, or anyone resident in Canada for one year who intends to live in Canada after completion of studies, may apply for a loan under the Act. An applicant must be enrolled or intend to enroll as a full-time student at an educational institution approved by provincial authorities, and must meet the standards of academic qualification and financial need established by the student loan authority in the Province in which he applies.

Amount of loans: Depending upon individual circumstances and financial need, loans up to $1,000 a year may be made, with a maximum of $5,000 during a student's academic career. The Provincial Authority receiving applications and determining eligibility will issue a certificate to each eligible student stating the maximum amount the student may borrow. This Certificate of Eligibility is required before a student can arrange a Government Guaranteed Student Loan with the bank of his choice.

Repayment: **Interest-Free and Delayed Repayment Period**
To assist students, the interest on loans during the period a student continues full-time studies, and for six months thereafter, will be paid by the Government of Canada. During this same period no repayment of principal is required, nor will any service charge or fee be payable by the student.

Method of Repayment
Borrowers will begin to pay interest and to repay loans six months after they cease to be full-time students. The current interest rate to students is 5¾% per annum. Normally the repayment period will be five to ten years. Borrowers have the right to repay loans in part or in full at any time without penalty.

Life Insured
In the event of the death of a borrower responsibility for repayment of the loans will be assumed by the Government of Canada.

Where to apply: A list of approved educational institutions in Ontario is contained in a brochure now available at banks, universities and other educational institutions. Ontario residents planning to attend one of these institutions should apply directly to that institution for a Certificate of Eligibility.

Ontario residents planning to study in other provinces or countries should direct enquiries to: Department of University Affairs, Suite 600, 344 Bloor Street West, Toronto.

The above notes are based upon the Canada Student Loans Act 1964 and are for reference only. All applications and loans are subject to the full terms and conditions of the Act.

CWL Plans To Further Vocations

St. Finnan's Parish Council C.W.L. held their first meeting of the season in the Church hall Monday evening with approximately 25 members present. The president, Mrs. Archie M. MacDonald was in the chair and Father J. D. McPhail opened the meeting with the League prayer.

The president announced that the annual bursary of $100 was awarded to Alan Macdonald for the highest standing in Grade XIII. Alan will be attending McGill University this fall.

Mrs. Lloyd McHugh, Spiritual Convener, said a few words regarding the effort the organization will make this year and every year to further vocations. Father McPhail also spoke on this subject and stressed the need for the lay people to take an active part in helping to finance the seminarians.

The Maxville C.W.L. are holding a fashion show on Tuesday, September 15th and everyone is welcome.

There will be a Bake Sale at the Hub on Saturday, September 19th. The proceeds will be for the annual scholarship fund.
