TWO TON OF MOOSE—The hunting was good for a quartette of Alexandrians who spent last week in the Hearst area on the spoor of the moose. They came home with this trailer load which weighed in at 4,175 pounds. The bull moose was an 18-pointer with an antler spread of 52½ inches. He weighed 1,375 pounds and there were another bull, a cow and calf to be dragged from the muskeg where they were shot. An extra 650 feet of rope had to be purchased for use in dragging out the carcasses and the task took almost 24 hours. Donat Deschamps and Roger Taillefer are shown with their prey. Jerry Adams and Norman Carriere were the other nimrods. —Photo by Robert

Aerial View Of Town Now At Ile Bizard Presented By Mayor At Twinning Ceremonies

Alexandria and Ile Bizard, off the north shore of the island of Montreal, are now officially twinned.

Mayor Jean Paul Touchette and his Quebec confrere, Dr. Bernard Patry, mayor of Ile Bizard, signed an agreement to that effect, Sunday, when a large and representative party from this town spent the day as guests of Ile Bizard. It was a return visit for the July 1st participation of that Quebec municipality in our Park Opening celebrations.

Members of town council and representatives of various organizations, with their wives, travelled by bus to Ile Bizard, as did the Alexandria Lions Majorette Corps. The party was met at the island bridge where the keys to the municipality were presented to Mayor Touchette.

A three-mile parade followed through the built-up area, ending at the municipal playground where a program of pony races was the feature. At the municipality's old Centennial House the two mayors presided at a joint unveiling of a plaque commemorating the twinning of the towns.

A light lunch was followed by a tour of the island ending at town hall where a display of children's arts and crafts was viewed.

A feature of the civic dinner was the presentation by Mayor Touchette of a painted aerial view of Alexandria. The local newspapers were also twinned in a brief ceremony in which Councillor Ranald J. MacDonald represented the Glengarry News and Publisher Leo Beriault the bilingual Reporter de Jacques-Cartier. Members of the two councils will receive the papers regularly.

Informal entertainment following the dinner included solos by Mayor Touchette, Councillor MacDonald, Mrs. Rene Gauthier and Mrs. Don Collin, as well as stories by Raymond Rochon.

Drop Of 2,000 In Attendance Reported At Highland Games Annual

The Highland Games Committee is in a favorable financial position, it was revealed at the annual meeting held at Maxville Oct. 3rd. Resources of the committee are such that it is able to meet variations in attendance, despite the drop of 2,000 paid admissions from the previous year, which meant about $4,000 less revenue.

Secretary John Jamieson began by reading several letters of thanks which gave interesting sidelights to the main event of the Games Day. The Cornwall branch of the Salvation Army appreciated being allowed to hold a Tag Day on the grounds. Twenty-five old people from the Manor received complimentary tickets for the grandstand. And the OPP traffic safety trailer had 3,000 visitors during the course of the day, the largest number since the trailer went into operation.

Mr. Jamieson warned against complacency, remarking on the astonishing run of good weather since the Games has only been rained out once in 23 years. Retiring president Rod F. MacLennan made a brief speech of thanks for the support and cooperation he had enjoyed during his two years in office.

A new slate of officers was appointed: Chairman Angus H. McDonell, President Walter Blaney, first vice-president Garry Smith, second vice-president, James Campbell. John Jamieson remains as secretary and Mrs. Florence MacLennan as treasurer. Chairmen of the various committees are: Gates, Brian Arkinstall; parking, Cecil MacRae; bands, Peter MacInnes; sports, Don Gamble Jr.; Camping, Garry Smith; Highland Dancing, Alex MacCulloch, Mrs. Verna MacGregor; Grandstand Tickets, Mrs. D. Danskin; Concessions, James Campbell, Garry Smith; Refreshments, Hubert Quart, Dining room, Keith Franklin; dining room convener, Mrs. Aula Smith. Mr. Blaney spoke briefly, emphasizing the fact that Maxville now presents the biggest and best games in the country but that this eminence could only be maintained by continued effort and support, and the constant introduction of improvements.

There was considerable discussion about lack of adequate control over the entrances to the grandstand and the infield. Too many unauthorized persons are getting into the infield and causing interference throughout the day. Entrances will be more securely guarded and new direction signs posted.

From now on photographs and recordings taken at the Games cannot be used for commercial purposes, except with the permission of the Association. There

Also Got Moose

Another group of area hunters, the Titley party, got a moose in the Timmins area last week. He was a big one with a rack spread of 56 inches, reports Alex Titley of Laggan.

Alfred St. Denis Dies

Alfred St. Denis a well known resident of the Greenfield and Alexandria area died this morning in Glengarry Memorial Hospital at the age of 83.

Fiddling Contest Set For Saturday

The eleventh annual Old Time Fiddlers' contest sponsored by the Glengarry Historical Society will be held this Saturday, October 17th, in the Glengarry District High School.

This competition has grown from a one class event to four violin classes plus classes in Scottish piano and vocal as well as the ever popular step-dancing.

The senior competitors aren't hampered by too many rules, but on the advice of the Rev. J. D. McPhail, one of the chief supporters of the contest, the student classes were added. The junior and intermediate contestants are expected to be persons who can and do play by note. This is to encourage the correct playing of the melody while at the same time allowing the individual to develop his or her own style; this despite the fact that the pupils of any one teacher often display many similar characteristics.

Judges of musical events do not have an easy task. The contestant who gives the most pleasure to the audience isn't always the best, so cheering and handclapping, though encouraging to contestants, does not influence the judge. His main interest is authenticity, rythm-timing (do you want to tap your toe?) clarity and tonal quality and in many cases, the use of the instrument.

Those of you who like a bit of mental stimulation along with your entertainment should come to the contest and pit your instinct and judgment against that of the professionals. Come and pick the winners.

Won Horse Events

Three Alexandria horses took ribbons in the Cornwall Horsemen's Association Show held at the Starlite Riding Stables in Cornwall last Saturday.

"King" owned by Ernest Etherington, with rider Robert Leroux, took six ribbons. Mitchell Larocque riding "Candy" placed in three events while Pat Brunet riding "Zanzibar" placed in two.

Funds Available For One New School But Not For Monkland Area

Another $500,000 has been added to the Tri-County Board of Education's 1970 capital allotment, Director of Education, H. D. Shaw told trustees at a meeting Tuesday night.

This brings the total to $3.1 million, enough perhaps to construct one school. He learned of the new amount form the regional department of education director in Ottawa, Mr. Shaw said.

But the board has a four-pronged plan it wants implemented.

It wants to build a fourth composite school for 800 pupils in east Cornwall; to build a composite school in North Stormont for 800 pupils, between Avonmore and Monkland; to build a machine shop at North Dundas District High School and to extend the shop at Char-Lan District High School.

The board has taken an all or nothing stand on the plans, but Mr. Shaw said the department of education is looking favorably only on the new school in the city.

He said a projected population survey shows there will be a sharp decline in the rural birthrate, eliminating the need for a school in North Stormont. He called the results of the survey "ridiculous."

"I think the Three United Counties will grow," he said.

Board officials aretrying desperately to arrange a meeting with Education Minister William Davis to discuss the allotment.

The officials selected to meet with the minister are Mr. Shaw; board chairman Bryson Comrie; M. O. Beauchemin, superintendent of curriculum and planning; and trustee Sam McLeod.

The department of education would probably suggest the board build an academic school in Cornwall with the grant to be received this year and add composite facilities later, Mr. Shaw said.

He said this would not save any money.

The allotment has to be taken by the board this year or it could be lost, he warned.

Take Montrealers On Drug Charges

A trio of Montreal journalists will appear in provincial court Friday following their arrest in this area Sunday on charges of possessing narcotics.

Lanken was charged with possession of marijuana and released on his recognizance. Chudy and Beker were charged jointly with possession of hashish and released on $150 and $100 bail respectively.

The farmhouse is reportedly owned by the family of one of those charged.

Recognize Ag Rep For Long Service

Agricultural Representative in Glengarry for the past 22 years, James Y. Humphries was presented with a 25-year pin in recognition of faithful service to the Ontario Department of Agriculture and Food by Hon. W. A. Stewart, Minister of Agriculture.

Mr. Humphries was one of several department heads in various branches of the Department of Agriculture in Ontario honored by the Minister in Toronto, Monday, September 28.

Glengarry's agricultural representative joined the department May 21, 1945 in Renfrew and Carleton, later moving to Frontenac and finally to Glengarry County where he has spent the last 22 years, with headquarters in Alexandria.

Poor Response To Adult Courses

Night classes at Glengarry District High School are not proving as popular as in other years. Only six courses have had sufficient registration to warrant classes.

A minimum of 15 is required for each class, notes Vice-Principal Rene Gauthier and in many cases only from five to seven registrations were received. Refunds may be claimed at the school.

Tuesday night courses in interior decorating and antique refinishing are well filled and have no vacancies. The course in sewing is popular and French for beginners needs a few more candidates. Anyone interested may call the school.

Pottery and painting will be the Thursday night courses and there are a few openings in these.

Mr. Gauthier expresses no surprise that registrations have dropped so markedly. Every school offers these courses now and they are reducing the area from which schools formerly drew candidates. He expects to see more interest next year.

EDITORIAL

IT'S OUR OPINION

We Spot A Fire Hazard

We complimented the firemen in our news columns last issue but feel impelled to do so editorially as well. They did a magnificent job in preventing spread of that Monday night blaze and fire watchers among our citizenry must have been impressed with the efficiency and poise they displayed.

That goes, of course, for the members of the Lancaster fire brigade, too. This was not the first time our neighbors to the south have rallied to our aid in an emergency and it is heartening to see how smoothly the firemen in this area work together against the common enemy.

The timing of this blaze, during Fire Prevention Week, seemed more than a bit ironic in view of the infrequency of serious fires in our town. They are unwanted and unwelcome at any time but this fire served the purpose of reassuring us that we are being well served by our volunteer firemen.

While on the subject of fire perhaps we should pass on to the fire chief and town council a reminder that a particularly hazardous fire threat stands unused in our midst. We are referring to the old elevator behind the grist mill, now the Co-op store. Towering above the neighboring buildings it no doubt holds the cobwebbed dust of years of use as a grain elevator and might act as a torch to ignite the business section if fire ever struck at its doddering base.

.The hazard has been pointed out to us periodically through the years and in wake of last week's blaze came the suggestion that council, through the fire chief, might condemn it as a fire threat and arrange for its removal.

"Don't give fire a place to start", is sound Fire Prevention Week advice, not only for householders or businessmen but for municipalities. That unused grain elevator constitutes a potential place for a devastating fire to have its start and there are others in town that could prove equally a menace.

Area fire brigades are serving us well and it behooves us that we cooperate at least to the extent potential fire hazards are kept to a minimum.

Are We To Lose The Welfare Office ?

The trend to centralization is a fact of our times and in the wake of last week's fire has sprung the rumor that the Area Welfare Offices may be moved permanently to Cornwall. The sub-office there is being used temporarily by the local staff and possibly prompting these stories of a permanent shift are the rumors heard periodically through recent years that the area office of the Ontario Department of Social and Family Services was to be moved from Alexandria to Cornwall.

We hope these reports are ill-founded for they might involve the loss of six families now resident here.

If the family is the basic unit of society it is, as well, more intimately and more importantly a cog in the community. Families come and go in this mobile age but in a small town like ours their going leaves a gap we decry even when government policy has nothing to do with their transfer.

In this case of the Welfare office, a permanent move to Cornwall could not justifiably be ascribed to last week's fire. All records are kept in Toronto and all welfare cheques emanate from Queen's Park, we are told. Loss of the local office by fire is but a temporary dislocation and we understand town council has offered quarters in the former Post Office building if something more suited is not available here.

If the Welfare office is moved permanently from town it will not be for the reason Alexandria could not accommodate it. Rather will it be confirmed that the rumors were well founded; that Queen's Park was looking for an excuse to transfer this service to Cornwall, just as was the Health Unit years ago, as have been assessment, education and other services. There would be no courts in Alexandria if that persistent pressure to centralize all regional authority in Cornwall had not been vigorously opposed at the local level.

It is this trend to centralization, to urbanization, that is bleeding rural Canada, its villages and hamlets. When almost all our people have been gathered into a few giant metropolitan areas a big step will have been taken toward wiping out the middle class of citizens. That is the aim of socialists in the federal government and Queen's Park at times appears to be pushing the same policy.

It will be interesting to see whether last week's fire results in permanent loss of this office in Alexandria.

Make The Penalty Fit The Crime

This latest tactic adopted by the FLQ in Quebec, the kidnapping and holding for ransom of innocent people, must be among the most serious crimes imaginable, especially when the threat of death to the victims is used as a bargaining point.

The Arab air pirates won some measure of success with it when some of their comrades were freed from European jails in return for the plane passengers they held as hostages. Now the Quebec liberationists have turned from bombings to this even more cruel crime.

They must be stopped or people of any prominence will no longer be able to feel safe even in their own homes. Messrs. Cross and Laporte will be only the first two unfortunate victims unless the penalty for this type of crime is made so severe as to discourage its use, not only in Quebec or Canada, but in all parts of the world.

A wave of kidnappings in the U.S. in the 1930's was only ended after the crime had been made a capital offence punishable by death. Some such legislation is called for to meet this threat and the federal Parliament should clear the way by revoking that misguided law that wiped out the death penalty for murder. The shooting of two policemen in Alberta last week is but another reminder that our society is not civilized enough for permissive attitudes to crime.

The Ruins At St. Raphael's

The decision to proceed with planning for a new, smaller church at St. Raphael's seems eminently sensible, though no doubt there will be sentimental regret that the historic old church is not to be rebuilt on the still standing walls. That would not be financially feasible, nor is a church capable of seating one thousand practical for the dwindling population of that parish.

The building committee recently named will concentrate on planning for a new edifice more suited to present day needs and in a cost range that can be afforded. A decision on the fate of the stone walls of the old church may be involved and time consuming. Whether they are to remain standing or be razed will probably depend on the measure of financial help offered by the senior levels of government.

Already a national historic site, the church area at St. Raphael's is so steeped in history there should be little question but that its ruins will qualify for financial assistance from the National and Historic Parks Branch of the Department of Indian Affairs and Northern Development. That branch of government does not give aid to a site or structure of religious importance unless it no longer be in active use for religious purposes. Restoration of the walls as a memorial ruins should qualify the site for federal help as it fits this and all the other criteria contained in branch policy.

St. Raphael's Church was prominently associated with the life of a great Canadian personage, Bishop Alexander Macdonell. It qualifies, too, as a notable example of the work of early master builders, designed as it was without pillars to support its roof. Only the walls remain, but they still evidence the craftsmanship that went into the building of this first Catholic church in what is now Ontario.

That should qualify the site for monetary assistance from Queen's Park, even if its value as a tourist attraction is not touted. St. Raphael's, in Bishop Macdonell, provided one of the early members of the Legislative Council of Upper Canada. It also was the birthplace of Ontario's first Premier, John Sandfield Macdonald.

The federal and Ontario governments, through their historic sites branches, should prove ready and willing to maintain those walls of the old St. Raphael's Church as a relic of pioneer accomplishment. If more financing is needed it could be forthcoming from area municipalities for those ruins, we venture to prophecy, will in years to come provide Glengarry with a unique and imposing memorial to the achievements of its pioneer settlers.

Even in its present skeleton form, St. Raphael's Church remains an impressive site. Those walls should dominate the hill and overlook the graves of pioneer settlers long after most of us have gone. If governments fail to see historic value in those ruins we have every confidence Glengarrians at home and abroad will finds funds for their maintenance.

FIFTY YEARS AGO—

Friday, October 15th, 1920

In an auto accident at Cascades on Wednesday, Archie Curry, Curry Hill, met instant death, and his companion, Ernest Brady, Lancaster, was badly shaken up. — R. M. Wright, late of Winnipeg, arrived in Maxville on Monday and has taken over the business of the Maxville Drug Store from McEwen and O'Hara. — A meeting of returned soldiers held here on Wednesday for the purpose of forming a Glengarry branch of the Great War Veterans' Association, named the following slate of provisional officers; president, Lt.-Col. A. G. F. Macdonald; 1st vice-president, Capt. J. A. Macdonald; 2nd vice-president, A. Watson; secretary, D. R. MacDougald; treasurer, A. Gordon Macdonald; executive committee, Messrs. Lalonde, Dore, Danis, F. G. Chisholm and T. J. Bathurst. — Our fellow citizen, P. A. Ferguson, received a wire on Friday, conveying the news that his brother, Donald Ferguson, had been accidentally killed while engaged in bridge building operations at Chicago.

SIXTY YEARS AGO—

Friday, October 14th, 1910

While engaged with several others in completing the roof of the addition to the Ottawa Hotel here about 11 o'clock Tuesday morning, Angus Gillis, carpenter, met accidental death in a 30-foot fall to the ground. — Leo Marcoux recently placed on the Alexandria-Green Valley route, an up-to-date bus, which is a great improvement on the open carriage in which he daily carried patrons to and from the CPR. — John McMartin, who left here in April, for Bangor, Sask., and later worked in Osaquan, Ont., arrived home on Friday. Associated with him were the following Glengarrians: Ranald and Dougal Cameron of McCormick; N. Baker of Laggan and John A. McDonald of this place. — The commodious barns and out buildings, the property of G. H. McGillivray, McGillivray's Bridge, were destroyed by fire Friday evening, with most of the contents.

SEVENTY YEARS AGO—

Friday, October 12th, 1900

The lifeless body of Morris Fitzgerald, 5-1st Kenyon, was found on the road within sight of his home Saturday morning. He was returning from the factory when the attack struck him down. — E. de Bellefeuille, who is engaged at North Lancaster in erecting a store for J. F. Cattanach, spent Sunday in town. — A Guay, the well-known furniture dealer at Maxville, was here on business, Tuesday. Mr. Guay has just invented an extension bed spring, which he is having patented in Canada and the United States. — Donald McKenzie of St. Elmo, was riding into Maxville one evening last week mounted on a fractious young horse. Frightened by a barking dog the horse jammed young McKenzie against a telephone pole, breaking his leg, and finally threw him to the ground.

The Weeklies Say

UP TO MEN

The men of Canada have for months now been telling the women to stand up and be counted in the fight against the fashion czars, to show the spunk usually reserved for family discussions and save the marvellous mini from being replaced by the monstrous maxis and midis. Now along come the fashion designers telling men what they'll be wearing this fall. Will the men show the women how the fight against fashion dictators is won?

FACILITIES NEEDED

The mining industry is only successful when facilities are available to transport its products to market . . . As in the past it's a case of northern wealth waiting for economic realities to catch up.

THINK POSITIVE

Paint a pretty picture of your community, your region and the province in which you live . . . Once you get proud of your community, you'll find everything looks brighter and cleaner.

MONEY VS. DISASTER

The North Okanagan health unit needs about $6,000 to avert a major German measles epidemic. We cannot afford an impending disaster to occur for the sake of a few thousand dollars. In some instances, it is foolish to consider the cost when much more is lost by delay or needless penny-pinching.

DEMAND CHANGE

Until mankind reaches a stage of social enlightenment where each individual considers the fact that "bad" news should be happening at all is a personal failure on his part, editors will headline negative events. Only when a reader himself demands that papers print more good news, will changes occur. —West Vancouver (BC) Lions Gate Times.

A REFUSAL TO LOVE

To say that we love is not difficult. It requires no effort, no sacrifice. But proving we truly love God is something altogether different. Christ has given us the test: "If you love me keep my commandments." God's commandments are guidelines for loyalty which can be described as love in action. On the contrary, the violation of God's commandments is a refusal to love.

WANT SELF-HELP

Benson has announced that he will back down on his severe proposals for taxing mining companies . . . We seem to be starting to get the message that Canadians do not want to be taxed out of all incentives to improve themselves, in the name of illusionary social services. —Yellowknife (NWT) News of the North.

Operating A Printing Business

William Forbes, editor of Canadian Printer and Publisher has been scanning the Auditor-General's inventory of the six Queen's Printer bookshops across the country and, to put it mildly, there has been some over-stocking. The report says that of 4,800 copies of Fishes Of The Atlantic Coast, printed in January 1967, full 3,705 remain on hand with a retail value of $31,000.

Rideau Hall, An Illustrated History of Government House became available in June, 1967 with a press run of 8,000 copies and a retail price of $12; 7,000 remain on hand. Flora of Manitoba (plants, not a Scottish lady) is a 600-page book printed in 1957. There were 1,283 copies on hand in 1965 and there are still 1,150 copies in stock.

Stocks of photographic slides bought in Europe with good Canadian dollars, sporting titles like Egypt—Paintings From the Tombs and Temples, and Toulouse Lautrec, are still on hand to the tune of 8,913 sets with a retail value of $38,000. In two years the Queen's Printer bookshops sold only 100 sets of slides of Canada's Parliament and they still have 1,500 sets on hand, with a retail value of $9,000. The present retail value of books and slides on hand is slightly over $7,000,000.

Editor Forbes asks: "Could you run your business like that?"

SCRAMBLED EGGS

That old puzzler, "Which came first, the chicken or the egg?" has its modern counterpart in the interprovincial war now escalating as barriers go up against the free movement of eggs and broilers from one province to another.

In this case, it seems, the eggs came first. Quebec's egg marketing board sought to protect its producers by excluding eggs from other provinces. Our neighbor province produces a lot of broilers for sale in other parts of Canada so Ontario and five other provinces have retaliated by controlling the flow of Quebec broilers into their provinces.

Seems simply an instance of provincial marketing boards playing a game of tit for tat that they are not legally permitted to get into. We're left wondering why the referee, the federal government, doesn't step in and give them all a match penalty.

Your Rambling Reporter is no constitutional lawyer but he seems to remember learning in school that there were to be no restrictions in trade between the various provinces. Section 121 of the British North America Act states "All articles of growth, produce or manufacture of any one province shall . . . be admitted free into each of the other provinces."

That seems to include almost everything, including eggs and broilers, and one would suppose Ottawa would quickly have put its stamp of disapproval on Quebec's banning of eggs. Instead the federal government is working up bill C-197 which is designed to solve the current poultry marketing problems.

We're not familiar with provisions of the bill which would ations. We can only guess that establish national farm marketing agencies to cope with such situbill will be so vaguely worded as to complicate the situation even more.

Seven of the ten provinces are now engaged in the chicken, egg war and if these products can be excluded from a province the day may come when beer and lumber and all kinds of things are restricted in interprovincial trade. What a future that suggests for Canada.

A few bad eggs, according to news reports, are enough to leave a lot of us looking chicken.

FOR WHICH WE GIVE THANKS

If that nigh perfect weather we knew last weekend was Indian summer we feel inclined to take off our hat to the redmen. They know what to order in the way of late fall weather calculated to leave us more reconciled to winter's approach. And arranging for those warm, sunny days on a holiday weekend was sheer genius, providing so many city types a chance to take in the technicolor showing of the autumn maples.

Lending spice to the weather appreciation were the false forecasts of first snow. Basking under last Thursday's sun our enjoyment might be marred by the news that snow could reach our area Friday. Comes another fine summerish day, but the forecasters held out the possibility of snow on Saturday. And so the Indians kept coming up with their type of summer through Saturday and Sunday and the weather forecasters must have been biting their nails, wondering how the redmen managed to keep the snow at bay and leave the rest of us in a mood for thanksgiving.

After all those threats of snow squalls we were willing to settle for a rainy Monday, even if the rain resulted in our Rough Riders fumbling away a very important football game at Hamilton.

That was Thanksgiving weekend weather for which we give thanks.

If this balmy weather lasts another week we'll still be in a mood for thanksgiving.

BUYING OFF THE FARMER

Premier Robarts has found 20 million dollars of our tax money he figures is surplus and so he's generously giving it to Ontario farmers who were at the point of rebellion because of the burdensome education levy on farm acres. Those millions are meant to mollify our farmer friends until a provincial election can be held, probably early next summer.

Once his Tory government has been returned for another four years we can imagine how much sympathy Queen's Park will show for protestors against the 1971 education tax. A cheap bit of bribery at our expense, it adds up to, and we're wondering how many Tory-voting farmers will fall for it.

The tax laws haven't been

FARM OUTPUT HIGHER

"Agriculture continues to lead the Canadian economy in terms of output per man, last year showing an 8.8 percent improvement over 1968".

Jim Cochran, head of the animal production division, Kemptville College of Agricultural Technology, was guest speaker at the annual banquet of the Glengarry Plowmen's Association in Maxville United Church hall following the day's plowing match north of Maxville on the William Kippen farm, Oct. 7.

These gains were achieved by fewer people, some two percent decrease in employment. In terms of output person agriculture registered a whopping 11 percent gain, he continued.

"It is estimated that Canada will have slightly more than 300,000 farmers by 1980, yet sales of agricultural products will only bring cent income for 150,000 families."

He stated that most of the exciting developments for the farmer in the next decade will come from an information system formed by agents such as food processors, machinery and fertilizer manufacturers. "We must not give agribusiness an excuse for not becoming involved.

"The new farmer will be more highly educated, more specialized, have larger holdings, and be capable of utilizing increasingly scientific developments, technological tools, specialized services and highly developed marketing systems.

Stuart Arkinstall, Dunvegan, president, was chairman of the event. J. Y. Humphries, agricultural representative and association secretary-treasurer, presented the awards. Mr. and Mrs. Norman MacLeod, Skye, showed colored slides of a trip to Britain and Denmark. George Hay, Russell, plowing match judge, commented on the excellent plowing conditions. United Church Women's association catered to the banquet.

HYDRO COMMISSIONERS HONORED—Glowing tribute was paid to Eastern Ontario Hydro commissioners with a combined total of at least 155 years of "dedicated service to the people of the Province of Ontario" at the annual meeting of the Eastern Ontario Municipal Electric Association. Long service certificates were presented to, back row, left to right, H. A. Gilmer, Iroquois Hydro, Gerry Joly, Alfred Hydro, Raymond Tourangeau, Alfred Hydro OMEA president D. G. Hugill of Sault Ste Marie, who made the presentations, O. E. Rothwell, Lanark PUC and Reeve E. J. Leeson, of Havelock, a Hydro commissioner for the last quarter century. Front row W. R. Armour, Carleton Place Hydro, C. A. Baker, Trenton PUC and R. H. Gammon, Alexandria PUC.

18 Fiddlers Perform

The Community Hall was filled to capacity for the latest Old Time Fiddlers' Concert and Dance presentation. This one featured Winston (Scotty) Fitzgerald of Sydney, NS, accompanied by his guitarist, Eastwood Davidson, and Mrs. Merle Muma on the piano. Dave Lafave of Cornwall's CJSS was master of ceremonies.

There was a splendid turn-out of old time fiddlers, 18 of them on stage at one time, and they got the evening off to a brisk start with a rousing rendition of Big John MacNeil. Scotty Fitzgerald showed his mastery of the violin in three old Scottish selections, and he accompanied Gilles Roy of Cumberland, who gave a spectacular display of step-dancing.

Mrs. Carolee MacIntosh of Maxville sang two solos. The Road to Dundee and the Stout Heart. Old time fiddler Ray Couture played for the Junior MacCulloch dancers, and there was a spirited pipe duet by Pipe Majors John MacKenzie and Dave Danskin, a Scotch medley which included "The Road to the Isles" and "The Barren Rocks of Aden".

A guest feature was a step dance by Mrs. MacLennan of Cape Breton, accompanied by Wilfred Gillis of Christmas Island.

Mr. Fitzgerald came back with some slow and lovely rhythms which delighted the audience. He manages to convey his great pleasure at their presence the moment he steps on stage, the mark of a great performer. There were several people in the audience with their recorders going, taping their favorite pieces. Sensitive modern electronic equipment has made this quite feasible and popular.

Step-dancers Gilles Roy, and Debbie Lowe of Carleton Place, gave another demonstration of fine footwork, and there was a violin duet by Rudy Meek of Aurelia, and Dawson Girdwood of Perth.

changed and there is no indication the Robarts' Government means to even try to remove education costs from the burdensome tax on farm land, or to hold down the escalating costs of education.

Premier Robarts is reported ready to retire after the next election has been won and the NDP have come up with a new leader in Lewis, who promises to be more radically Left than his predecessor.

That should leave breathing space for a Liberal comeback in the province if the party could come up with a leader more dynamic and capable of wooing the voter. Nixon doesn't fill the bill.

Low Scoring Featured Both GDHS Victories Over Hawkesbury

(by Angus H. McDonell)

Alexandria's senior and junior Gaels won both ends of last Friday's inter high school football doubleheader here to keep in stride with the close playoff race. Both scores were the hockey type as the older Gaels won 7-6 while the youngsters came through with two field goals for six points and kept the fledgling Hawks off the score board.

Vankleek Hill had no problems in Williamstown, overpowering Char-Lan 44-0. In Plantagenet the first half was quite an even duel going into the rest period a 6-6 tie with Maxville. In the second half the Indian Lands crew surged to the front scoring 19 points to win 25-6.

The first three quarters of the senior game on the GDHS gridiron were scoreless, that is officially; however, one major score was called back on each team for roughing and both missed a field goal try,, a possible total of 20 points. Net result 0-0 starting the final quarter.

Late in the third the Hawks worked their way deep into Gael's end and Darcy Conway was one of the visitors who churned up a lot of yardage. Then at 1.05 of the final period Hawk's quarterback Pierre Laviolette called on his star full back, Gaetan Proulx, to crack the Gaels' line and the call was top value for a TD. The convert was missed.

Gaels came right back with a fine kickoff return and more ground was gained when Donnie Morris sliced through Hawkesbury's defence for 20 yards. This was the spark that kept Gaels on the move and Quarterback Bethune put a lot of polish on a fake handoff then gave the leather oval to "Moose" McCormick who barrelled around the right end to tie the score 6-6. Murray McDonald was dead on with the convert giving GDHS a 7-6 lead at 5.25.

With the clock moving to the final three minutes, Hawkesbury blocked a Gaels' punt at midfield to create more than a little anxiety on the home bench and among the fans. Then came the key defensive play of the game. In a hope to gain field position to at least kick a tieing single, Pierre Laviolette sent a Hawk flanker deep in the left (east) side and fired a bomb pass that looked good until the Will-o-the-Wisp back Dannie O'Brien cut across to cover, leaped high and collared the ball on as fine an interception as you will see anywhere. Gaels then played ball control till the final whistle holding their squeaker lead 7-6.

In the junior game neither squad could put together a payoff sequence in the opening quarter but early in the second, the first play in fact, J. T. Hay, with a soccer style kick, split the posts to give the young Gaels a 3-0 lead. There was no further scoring until the six minute mark of the third quarter when J. T. Hay was again true on another field goal try increasing the count to 6-0 and this was final.

In Williamstown, Arthur Higginson and Paul Brunet each counted two majors for VCI while single TD's were chalked up by Mike Hudson, Sid MacCallum and Jacques Martin on a blocked kick. Dave Gibbs was good for a convert while Sid MacCallum tallied a convert on a pass from Mike Hudson. This 44-0 win kept VCI in first place as they are still undefeated.

After Plantagenet scored an early six points, fullback Richard Scott led Maxville right back with two majors while Garry McIntosh and Garry MacKillican each added six points on TD's. Daryl Ferguson counted a convert single to round out a 25-6 score.

The final schedule games are slated for tomorrow (Friday). Both Alexandria teams play in Maxville and in Vankleek Hill VCI host the senior and junior Hawkesbury troops. Williamstown travels to Plantagenet. The young Gaels are assured of a first place finish but in the senior's case a victory over Maxville is a must to keep playoff hopes alive.

Last Weekend At Golf Course

The trophy night dinner and dance of the Glengarry Golf and Country Club, Saturday night in Alexander Hall, signals the close of another successful season. The club house will close after weekend play though flags will remain in position for use of the more ardent golfers.

Free Entry To Exhibition Hockey On Sunday

The executive and management of the Glens Junior B Hockey club welcomes the Cornwall Junior club to their first exhibition game of the season on Sunday afternoon. There will be no admission and the club hopes everyone will be out to give their vocal support.

Coach Bill Upper has been impressed with training camp, some of the youngsters notably, Rodney Shepherd, Michael McCormick, Robert Boisvenue and Serge Vaillancourt. They all worked hard and they are easy to coach he reports. North American Clan MacMillan To Meet On Games Weekend

William MacMillan of Montreal was elected president of the Glengarry and District Clan MacMillan Society at a dinner meeting held at Avonmore last week. Executive members include Harold MacMillan of Hawkesbury as treasurer and Paul MacMillan of Cumberland as secretary. Past president is Fred B. MacMillan of Cornwall.

The board of directors includes Miss Elsie MacMillan, Douglas MacMillan, Clarence MacMillan, Colin MacMillan, Clifford MacRae, Larry Smith and Auley Morrison.

The Clan MacMillan decided to make two grants, one of $150 to the Heather Branch of the Royal Canadian Legion at Finch, which is organizing a pipe band and will use the MacMillan tartan as its official tartan as a tribute to the many MacMillans who came to the township, when the district was first opened for settlement.

The other grant was for the same amount to Rev. Somerled MacMillan, Paisley, Scotland. Mr. MacMillan is the bard and historian of the Clan MacMillan, and has completed a book called Bygone Lochaber which he plans to publish shortly. The Society will contribute to the cost of publication.

Harold MacMillan, who is president of the North American branch of the Clan MacMillan as well as treasurer of the local branch, spoke on the value of the book, which represents the culmination of many years work by Mr. MacMillan and deals with the background and history of the Murlaggan MacMillans and other Highland families, especially the Camerons of Lochiel and many families from the central Highlands who were forced to move to North America at the time of the clearance.

A number of members of the society placed advance orders for the book with Harold MacMillan to ensure its early publication.

The group was welcomed to the Presbyterian Church hall here by Fred B. MacMillan, president of the district society for the past two years, Kenneth MacMillan acted as master of ceremonies. Reports on finances and society activities were presented by Harold, William and Paul MacMillan.

Mrs. Jean MacMillan of Montreal announced that the 1971 clan gathering for the continent of North America has been tentatively organized for the weekend of the Highland Games at Maxville, with the location, probably, at Macdonald College, Ste Anne de Belleveue, Que.

The guest speaker was Dr. Lloyd McLellan of St. John's Presbyterian Church in Cornwall, who referred to the leadership given to the Scottish people, especially by the Scottish clergymen who often brought entire congregations with them to settle in Nova Scotia or Glengarry County. Dr. McLellan also spoke on the motto Miseris succurrere disco, I will try to relieve the distressed, which is the motto of the Clan MacMillan.

"Never before in history," he said "have the MacMillans, or anyone else, so many opportunities to aid the distressed in mind or body. It is a noble aim to exert oneself to help those who need it."

Dr. McLellan was thanked and presented with a gift on behalf of the Society by Clifford MacRae.

The program included a series of slides on the world gathering of the MacMillans in Scotland last summer, which was attended by several represenatives of the local society. Paul MacMillan acted as master of ceremonies and leading singer for the entertainment period, which featured pipe music by Robert MacMillan, and songs by Miss Sylvia McMillan and Miss Mavis MacRae.

Police Hunt For Bank Robber Halted Friday As Identity Known

As many as 60 members of the OPP participated in last week's hunt for a bank robber in the area east of Vankleek Hill and all cars travelling area roads were stopped and thoroughly checked until the search was called off Friday.

The big manhunt followed last Wednesday's robbery at the St. Eugene branch of the Bank of Montreal when $23,000 was stolen.

One of the two men involved was captured after a police chase which resulted in ditching of the escape car. The money and two guns stolen from the bank were recovered but the manhunt for a heavily armed robber resulted when one of the bandits got away.

A search dog and an airplane were brought in early Wednesday evening but a heavy fog that night may have helped the hunted man get clear.

Police have the name of the suspect and it is expected Quebec police will bring him in once the FLQ kidnap emergency has eased.

Police said two armed and masked men entered the bank at 2.35 Wednesday afternoon and held the staff at gunpoint. Taken from the bank was an estimated $23,000, it was reported.

As they were fleeing the bank, the robbers were spotted by OPP officers in a patrol car. There was an immediate pursuit and gunshots were fired as the suspects fled the village of 300 in a car bearing Quebec licence plates.

After a six-mile chase on County Rd. 13, the suspects ditched their car, and ran into nearby woods.

One man was arrested immediately. The other man escaped. Shots were fired as he fled into the woods.

Aged Priest Died In Florida

A member of the Jesuit Order who had resided in Florida for the past 20 years, Rev. Alexander MacDonald, SJ, died Saturday, Oct. 10th at Miami. He was 89.

Father MacDonald was born on February 9, 1881, in North Lancaster and at the age of twenty-two he entered the Society of Jesus and was sent to Sault au Recollet near Montreal for his novitiate. After following the usual Jesuit course of studies, he was ordained in 1921. The years 1921-23 he spent at Loyola in Montreal as Prefect of Discipline, then went to Poughkeepsie, NY, for his final year of training in ascetical theology. In 1924 he returned to Loyola to teach religion. In 1925, however, Father MacDonald was assigned to the Northern Ontario missions, where he remained for the next twenty-five years, working out of Sault Ste Marie, Port Arthur, Armstrong and Garden River. Because of the severe climate in which he was working, Father MacDonald was afflicted with arthritis, which seriously hampered his movement. Consequently, in 1951 he was sent as an assistant to the Gesu Parish in Miami, Florida.

He is survived by three brothers and one sister, Roderick P. MacDonald, St. Andrews; Angus of Cornwall; John of Winnipeg; Elizabeth, Mrs. Irwin Kirkpatrick of Ottawa.

The remains were conveyed to Alexandria and rested at the Morris Funeral Home until Wednesday when the funeral mass was concelebrated in St. Finnan's Cathedral. Rev. E. J. Dowling, Acting Provincial Director of the Jesuit Order, Toronto, Rev. C. C. Ryan SJ, Msgr. J. A. Wylie, Msgr. D. A. Kerr, Rev. Leo MacDonell concelebrated. Several other members of the Jesuit Order were present.

Interment was in the Jesuit Cemetery at Guelph.

Drop...

(Continued from Page 1)

was a request for platforms for all the individual pipers, on the grounds that the grass turf deadens the "lift", particularly in the pibroch, and this inconvenience might discourage some contestants from coming back another year.

It seems clear that the North American Championship, and the generous five prizes offered to Grade "A" bands is what attracts the large number of these bands and the crowd, to Maxville. Not nearly as much prestige is attached to the "C" bands.

Another suggestion was forwarded from an individual piping enthusiast. He wanted a special section of the bleachers reserved, at extra cost, for those who wished to concentrate on the individual piping, without the constant distractions of the general audience.

Continual improvement of the grounds goes on, under the auspices of the Kenyon Agricultural Society. This fall the parking lot west of the grandstand has been graded and levelled, and seed sown. Since there has been a very large increase in the numbers of campers coming each year, land has been purchased in order to double the space for accommodation.

The goal in mind is always a better Games for next year.

Church Board Had Meeting

A meeting of the Official Board of the Glengarry East Pastoral Charge was held in the Alexandria United Church on Oct. 7th. There was a very small attendance due to a number of other events taking place the same evening.

The Rev. Mr. Baugh presided, and expressed his gratitude for the opportunity given him to spend six weeks in England with his mother this past summer. C. C. Fraser gave the financial report of the Charge, and a special meeting is called for Monday, Oct. 19th, to consider it.

Other matters dealt with included a request from the Legion, the Bible Society canvass, a date for a speaker on Drugs and Alcoholism. Mr. Baugh mentioned the publications supper to be held in Cornwall, and noted that the 1971 calendars are now available and that the "Observer" subscriptions are due in December. Times of services will remain as they are until East Hawkesbury closes for the winter. A Christmas Eve service is being planned for Glen Sandfield.

Wallace Hope gave a report on the possibility of changes to the heating system of the local Sunday School room, and he and R. J. Graham each offered the use of a truck for the removal of the debris left in the cellar after the repairs to the furnace.

Historical Society Hears Address On Early Navigation On The Ottawa

The Glengarry Historical Society held its October meeting on Thursday, October 1st, in the Board Room, Department of Agriculture, Alexandria. The speaker of the evening was Dr. W. Harold Reid, MA, DD, President of the Historical Society of Argenteuil, and Vice-President of the Province of Quebec Museums Association, whose topic was "Early Navigation on the Ottawa River". Dr. Reid traced the history of river navigation through Indian, French, British and Canadian periods, from early canoes, lumber rafts, barges and steamers.

An interesting sidelight was the mention of the old Carillon and Grenville Railway, which ran from Carillon to Grenville during the period 1854-1910. It was termed the "last Broad Gauge" railway line, the name of "broad gauge" referring to its rails being 9 inches farther apart than those of modern rails. The equipment was broken up in 1914 for scrap iron, but Dr. Reid told of one of the old wooden coaches still being used as a storage shed on a farm near St. Eugene. One of the smoke stack spark arrestors was discovered in a garden in Carillon, being used for a flower bed, and it is now on display in the Museum at Carillon. Slides were used to complement many of the historic developments spoken of by Dr. Reid.

The Duke of Wellington instigated the concept of the now-obsolete canals at Carillon, Chute a Blondeau and Grenville to avoid the rapids and work on them was started in 1819.

Mention was also made of a famous "son" of the district, the Hon. John Abbott, who became the first Canadian-born Prime Minister, serving 1891-2, after the death of Sir John A. Macdonald. The Argenteuil Museum houses many mementos of the Abbott family.

The business meeting preceding the guest speaker dealt with reports of Society activities. Mrs. V. F. Crowley spoke of the Antiques Show held recently, which was successful, and announced that the 1971 show has been planned for Sept. 17th and 18th at the Green Valley Pavilion.

Mrs. W. A. MacKinnon, Committee Chairman, announced that the annual Fiddlers' Contest will be held Saturday evening, Oct. 17th in the Glengarry District High School.

An Essay Contest for Grade 11 has been organized, under the chairmanship of Mrs. J. Russell Harper, and informative literature has been sent to the Heads of History Departments in the three District High Schools. Four interesting topics involving Glengarry history, past and present, have been presented as essay projects and it is hoped that many Grade 11 students will participate.

The next meeting of the Glengarry Historical Society will be on November 5th, (Thursday), 8.30 p.m. in the Board Room, Department of Agriculture, Alexandria, when Miss Frances Halpenny, head of the compilation of the "Dictionary of National Biography" will be the guest speaker.

Club Has 10 Members

Fall activities have commenced for the Bainsville 4H Club which has an enrollment of ten members. The theme for this club is "featuring Fruit", instruction being given in the buying and using of fresh, canned and frozen fruit.

The club meets each Thursday evening, alternating at the homes of the leaders, Mrs. D. B. Simmons and Mrs. William Mitchell.

The executive members for this club are, Roseanne MacLean, president, Laurie Milne, secretary and Diane Samson, treasurer.

Wm. J. Young Died In Ohio

William J. Young, 78 of 980 Gulf Road, Elyria, Ohio, died August 29th, at his home, apparently of a heart attack.

He was born in Alexandria, July 24, 1892, son of the late Archie Young formerly of Alexandria and his wife Sarah Finlan, formerly of Greenfield. He lived in Elyria 48 years. He was a self-employed steel contractor from 1923 to 1955. His company erected many buildings in Lorain County, Pennsylvania, and in New York. He also worked in South America, Alaska and many states. As well as a structural steel worker he was also a steeplejack and bridge builder.

From 1955 to 1970 he was owner of the Outdoor Advertising Co. He was a member of the Elyria Chamber of Commerce, St. Jude Church and Catholic Sunshine Club and was past Faithful Navigator for the Fourth Degree Knights of Columbus, past Grand Knight of the K of C and was a member of the Elk Club.

Survivors include his wife Fannie, four daughters, Mrs. Ralph (Evelyn) Irolla and Mrs. Daniel (Marjorie) Zinsmeister, both of Kendall Park, NJ; Mrs. Gary (Alyce Jo) Corbett of Elyria, Mrs. David (Nancy) Hemminger of Cincinnati; two sons, the Rev. Arthur Young of Louisville, Ky. and John A. of Fort Wayne, Ind.; three brothers Al and George of Spokane, Wash. and Claude of Duluth, Minn.; two sisters Sara Young of Duluth and Sister Alberta of Washington, DC.

His son, Father Arthur Young celebrated the funeral mass with many priests from the Franciscan Order con-celebrating. The Franciscans also sang the mass. Burial was in St. Mary's cemetery.

Clinton and Sarah Mary McDonald of Greenfield are cousins.

Synodical W.M.S. Met At Huntingdon

Balmy weather and beautifully colored trees all added to the enjoyment experienced by WMS ladies who journeyed to St. Andrew's Presbyterian Church in Huntingdon, Que., for the fall executive meeting of the Montreal-Ottawa Synodical.

The President, Mrs. P. W. Murray, opened the meeting with devotionals. The theme for the day was "Interpretation". Mrs. G. McLogan, secretary for children's groups and Mrs. J. O. Forrester, secretary for adult groups spoke of the practical ideas obtained while attending the Leadership Training Centre held in Guelph. Mrs. McLogan mentioned several of these which she had already put into practice such as new ideas of worship, choral reading, puppets and bead craft. Mrs. Forrester had some of the ladies busy making posters and collages.

It was agreed that, instead of having Presbyterial workshops, more of that type of work should be done at auxiliary level.

Miss M. Boyd, regional secretary, stressed the importance of assistance being offered to Presbyterial secretaries.

A panel on interpretation, communication and education was conducted by members of the executive.

The change in admistration of all overseas mission work as a result of the Board of World Missions to be set up in 1971 was explained. It was felt that Presbyterial Executive should be responsible for impressing on auxiliary members the fact that it does not affect our work as a group and also that we shall be operating on the present basis until 1972.

The afternoon session was closed with devotions conducted by Miss D. Blaise, 1st vice-president.

A delicious luncheon and afternoon tea were served by the host ladies.

Members attending from Glengarry Presbyterial were Mrs. W. M. Boyd, Cornwall; Miss Bertha Ferguson, Dunvegan; Mrs. J. J. McClevertey, Ingleside, and Mrs. W. McMaster, Finch.

Concerned about the cost of prescriptions?

...your Ontario Government is... and is doing something about it.

Everyone concerned about the cost of prescriptions finds the whole thing quite mystifying.

Drug manufacturers' prices vary. Pharmacies' dispensing fees vary. Doctors prescribe, but don't always know about prices. The result is that you, the patient, have no way of knowing if your drug bill is reasonable or not.

Now the mysticism is being removed.

For many months the Ontario Department of Health has been working on a program that will help everybody in Ontario to obtain prescriptions at reasonable cost... "PARCOST".

The key is a book that has been supplied for the professional use of every physician, dentist, hospital and pharmacist in the province. Titled the Comparative Drug Index, it lists many of the high quality drugs now available. And it tells how much each one costs.

For the first time, this revealing information has been assembled in one book, compiled by an authoritative group of doctors and experts who have evaluated, without bias, quality products from over 60 different companies. And it makes possible, quick easy cost comparisons of drugs that meet highest quality standards, enabling your doctor and your pharmacist to take active parts in the PARCOST program.

Also, your Ontario Government has obtained the co-operation of participating pharmacists in agreeing to standardized pricing methods.

Everyone can help make the PARCOST program work. Discuss it with your doctor or pharmacist. And when you have a prescription to be filled, look for the PARCOST symbol at the drug store. Displayed on the door or window, it tells you that the pharmacist is co-operating to help you obtain prescriptions at reasonable cost.

ODAF DATA

A report from your Glengarry Agricultural Office

by J. Y. Humphries

It was suggested in a previous column that this was the season of the year at which corn growers in particular should take a look at their crop for the purpose of planning fertility programs for 1971. I would suggest that you might likewise evaluate your weed control program and start making plans for next year.

Post emergence treatments with atrazine and oil have done a wonderful job of controlling annual broadleafed weeds and quack grass and will likely continue to do so. A problem of annual grass control, however, is now developing in fields under continuous corn. Atrazine is not effective in controlling many of these including crab grass, green foxtail, old witch grass and nut grass.

It would appear that under a continuous corn program we may have to become more specific in our spray programs and select chemicals and practices to control specific grasses. Many people realize they have a grass problem but have failed to identify the particular grass. A large number of chemicals have been developed specifically for the control of certain species of grass. These include Sutan, Ramrod, Lasso, Bladex and some yet to acquire a trade name.

The 1971 edition of "Chemical Weed Control" will be available late in the year containing specific recommendation for the use of these chemicals. To be of value one should determine the species of grass causing a problem in 1970 in order to tailor your program of weed control in 1971 to these recommendations.

years." The roll call was answered by bringing an antique and such articles as keep-sake ring, candle molds, shaving mug, iron crimper, ancient spoon, old photographs, soup plate, bell and books. Mrs. Stanford MacCrimmon commented on the motto, one can value a house to the last penny, but none can value a home. Mrs. MacCrimmon quoted articles from Edgar Guest testifying to a true home.

The minutes were read by Mrs. Penelope Grant, who also gave the financial report.

The quilt was discussed and it was decided to have it quilted and ready for the January meeting.

The visit of an Avon speaker will take place at the October 15th meeting in the McCrimmon hall. An invitation was extended to all who wished to attend as well as other organizations who would like to take advantage of this event. Tea will be served and a bake sale held.

Mrs. Keith MacMillan and Mrs. Lynus MacPherson will attend the Senior Training Course for the project, "The main dish makes the Meal." The annual area convention at the Sky-line Hotel was announced and plans were made to have members attend; final arrangements to be made at the October meeting.

The president thanked all who assisted at the garden party and read a poem "When your ego's in bloom", Mrs. Morlin Campbell and Mrs. Bobby Campbell will be McCrimmon's leaders for the 4H Homemaking project "Featuring Fruit."

A special treat at this meeting was furnished by Mrs. Mora MacLeod, attired in an 18th century gown worn at a wedding held at the Bullfrog Tavern and which Mrs. Ann Kennedy had donated to the Museum. She spoke on "Fashions through the Years". Mrs. MacLeod's talk proved to us that some of the things we frown on today re young people's apparel were quite common years ago even the lady's wigs. Mrs. Vernon Crowley thanked Mrs. MacLeod for her talk and appreciation was expressed for her gracious hospitality at the museum. An old-fashioned lunch was served consisting of scones and jelly, oatmeal date cookies, lemon bread and current tarts. Mrs. Alex Barton said the grace.
