Band And Dancers In Fine Performance On Arts Centre Stage

The Glengarry Pipe Band and Dancers, 44 of them, gave their second performance of the year on the National Art Centre stage last Saturday. Although some of the metropolitan ads said "Glengarry Pipes and Dancers" the Drums were there too, giving their usual support to the pipes. The Glengarry performance was very well received, and their specialty for 1973, the hymn "Going Home", with Pipe-Major Mackenzie doing the solo parts, just about brought the roof down.

The Glengarry Dancers performed three dances, one each time the band appeared, and unveiled their new Step-Dance, a Strathspey, Jig and Reel, done to the music of the full band. While a Strathspey, Jig and Reel is not new, this was the first performance of this particular dance, which Mrs. MacCulloch has adapted to the pipes. Also, for this dance, the girls wore their new red costumes, with sashes of Grant tartan, and the color effect of the dancers and band combined, especially in the spotlight, was spectacular. Rarely has Glengarry been better represented.

Plans are also being completed for the "Breath of Scotland" show, next Tuesday evening. While ticket sales are proceeding steadily, there is not the rush there was last year, when the hall was sold out before show day. This is probably on account of the number of Scottish shows in the area this fall. However, a good crowd is expected and advance ticket sales will close on Thursday (today). Customers not having their tickets today will be able to get them at the door.

Several calls have been received from people in the States, asking if the show could appear in their cities, or if the show couldn't, could Grant Frazer come and sing for them. Grant, apparently, has many fans south of the border. Some of them are coming to see the show at Windsor and Sarnia, and others have indicated they're coming as far as Perth, Cobourg and Guelph to see Wee Alec's gang.

Hit-Run Driver Never Found

An inquest last week in Salem Church Hall, Summerstown, attributed the death of a woman on May 19th to a motor vehicle accident.

Coroner A. B. Peachey was told Mrs. Lilliam Quigg, 52, of RR1 Cornwall, was walking home on Highway 2 near Parco Village, about two miles west of Summerstown.

Her body was discovered early in the morning of May 19th on the north side of the road. She died from multiple injuries, Lancaster OPP reported.

The hit-and-run driver whose vehicle killed Mrs. Quigg was never found. The coroner's jury and assistant Crown Attorney D. W. Johnston made no recommendations.

Saturday Is Apple Day

Glossy red apples will be offered on Alexandria streets on Saturday by the Cubs and Boy Scouts. Your donation for same will fatten the coffers of their meagre little bank account which they need to keep functioning.

Mark Birthday Mrs. Larocque

Mrs. Elizabeth Larocque of St. Joseph's Villa in Cornwall, formerly of the Ninth of Lancaster, was honored last Sunday when 87 members of her family united to celebrate her 84th birthday at a dinner held in the Hub's Bide a Wee Inn.

Her twelve children were present with wives, husbands and grandchildren to present her with a special birthday cake and enjoy an evening of music and song.

Her family included Mr. and Mrs. Real Larocque, Vanier City; Mr. and Mrs. Lucien Theoret, (Doreen) Alexandria; Mr. and Mrs. Rejean Dumouchel (Florence), Mr. and Mrs. Euclid Larocque, RR2 Alexandria; Mr. and Mrs. Jos. Freund (Rita), Ahuntsic; Mr. and Mrs. Jack Reid (Millie), Alexandria; Mr. and Mrs. Achille Larocque, Montreal; Emmanuel Larocque and Mrs. Georgette Larocque, North Lancaster; Mr. and Mrs. Ian Sim, (Laronde) Osgoode; Mr. and Mrs. Jean Lucien Larocque, RR2 Alexandria; Mr. and Mrs. Maurice Welch (Gisele) Cornwall; Mr. and Mrs. Bruno Larocque, Chateauguay.

This October Was Warmer Than Last

October's weather was milder than normal and 10 degrees warmer than was October of 1972, reports George Hambleton, atmospheric environment service observer at Dalhousie Mills. We knew a high of 74° on the 13th and a low of 24° on the 19th.

Rainfall was normal at 3 inches and there were three thunderstorms. The temperature reached 70° or more three times and frost occurred on eight nights.

A year ago it was a different story. Not only was it 10° cooler on the average; the low was 14° and frost was recorded on 17 nights.

He is survived by two daughters, seven grandchildren, a brother Stanley and sisters Minnie and Alexandra of Bainsville and Mrs. Agnes Markson of Alexandria.

North Lancaster Business Expands

A $13,000 expansion has been added to the Glengarry Meat Packing Abattoir at North Lancaster operated by Claude Bourdeau.

The expansion included additional cattle pens, double the former freezer space and a large space for hanging the carcasses.

Claude Bourdeau has also purchased the store in Lancaster formerly operated by Mario Bourdeau and the latter will now join him in the North Lancaster plant with the addition of two extra staff.

Denis Bourdeau will be the new manager of the Lancaster store which will specialize almost entirely in meat along with a few specialty items.

Two Purse Snatchings Here

A crime rather new to Alexandria, purse snatching, has local police looking for a tall, fat man. There have been two purse snatchings, here, in recent days and Police Chief Cleroux notes they are the first such criminal acts since he came here seven years ago.

Lise Delorme, 17, was walking to work at 6 a.m. last Thursday morning when a man came up behind her and grabbed her purse. The incident took place in front of 109 Main St. and she described her assailant as tall and wearing a fur-trimmed hood.

At 1.50 a.m. Sunday morning, Mrs. Roger Martin was walking past the Alexander School on St. Paul St., with her daughter when a man approached and grabbed her purse. Tall, fat, between 18 and 30 years old, he was wearing a ski sweater with diamond checks and a Hallowe'en mask, she reported to police.

This man may have been mobile for similar purse snatchings were reported that same night at Glen Roy, Glen Walter and Vankleek Hill.

Expect Grant For Boys' Club

An LIP grant requested by Chief Sylvio Cleroux to help finance a Boys' Club in Alexandria is being given consideration, the Chief was informed last week.

The formation of a Boys' Club is already well underway with Chief Cleroux as president; Rene Gauthier as vice-president; Claude Brunet as treasurer and Elizabeth Clingen as secretary.

Volunteer directors to date are: Dr. Claude Nadeau, Roger Roy, Georges Lanthier, Guy Cholette, John MacDonald, Lorne Lawson and Mrs. Florence Villeneuve. More directors are needed, including more lady volunteers as large membership is expected. Boys from five years old to 13 are eligible to join.

Andre Delage of Glen Robertson, will be one of the supervisors and if the LIP grant comes through it will pay for the services of a social worker, manager and supervisors, as well as rented equipment.

The club would operate seven days a week in the basement of the police office after school hours and during evenings.

K of C Will Present Chalices

Four chalices will be presented by the Fourth Degree Knights of Columbus in honor of deceased members of their organization. The chalices will bear the name of the donors and the person in whose memory each is dedicated.

The official ceremony will take place on Sunday, November 11th in St. Finnan's Cathedral at the 11 a.m. mass when Bishop Proulx will consecrate the sacred vessels.

A chalice in honor of the late Vicar General of the Diocese most commonly known as "Father Ewen Macdonald" will be presented to Father Leo MacDonell, Rector of the Cathedral and will be kept in the church there.

Mrs. Rene Lacombe and Mrs. Romeo Vaillancourt will receive the chalices in honor of their late husbands and the Periard family will also receive a chalice in honor of the late William Periard.

These chalices will be sent to foreign missionaries for use in their mission stations in various posts throughout the world.

Catherine Now Is Eastbound Street

Catherine Street running from Main Street east by the post office has been designated as a one way street running east to Bishop instead of west as formerly. The approval of the by-law for this request was received on Tuesday and the signs have already been changed.

This makes three one way streets in a row running east as one way streets, St. Paul, Catherine and Kenyon. The move was necessitated because of the difficulty in trying to turn out on Main Street since the car parking has been moved to the east side of the streets.

The fine for all overtime parking in the one hour zones has been raised to $3.00 for each offence and all other parking violations such as being parked too close to a corner, fire hydrant or driveway will be $4.00.

Firemen Busy On Weekend

Alexandria firemen were called to the Glen Robertson area at 8.30 Friday night. The home of Alcide Lalonde in the 1st Concession Lochiel was damaged to the extent of about $1500. The damage was to the outside of the house.

While firemen were at the scene Chief Gerald Charlebois was called back to investigate a report of a bad gas smell at the home of R. Hans von Allmen, Dominion St. South. He and Lieut. Maurice Brunet took the Explosimeter to the house but it showed a nil reading of natural gas. Rather sewer gas had caused the smell.

Firemen were called out again at 11 p.m. to the home of Rheal Paquette, Highway 34, north of Alexandria. A defective oil furnace caused smoke damage estimated at $500.

The siren sounded again at 3 p.m. on Saturday but before the fire trucks could roll police had quenched a fire in the 1967 Meteor of Raymond Lefebvre. The front seat was damaged.

Vacancies Listed At Canada Manpower

A new service to the public is being inaugurated this week by the Canada Manpower Centre, Richard Hickerson, a Manpower Counsellor informed us this week.

The official opening of the "Job Information Centre" at 132 Second Street East, Cornwall, will take place on Friday afternoon at 3 p.m.

At the centre will be a complete listing of every vacancy listed in occupational order. In this manner a person seeking employment may come in and select the job for which he feels best qualified rather than have to wait for an official to contact him to discuss a job opening.

Counties To Host Convention

The Convention for the Association of Counties and Regions of Ontario will be held in the United Counties in 1975, Warden Gerard Massie informed The News this week.

Warden Massie who attended the Convention in Hamilton last week extended the invitation to the delegates at the assembly; the representative from Grenville County seconded the motion and it was unanimously accepted by all voting delegates present. The Convention has never been held further east than Belleville. Next year it will be held in Windsor and the following year Cornwall will undoubtedly play host to the municipal representatives.

Stormont, Dundas and Glengarry usually have the best representation at this Convention each year, it was noted during the roll call, reports Warden Massie. The Warden also had the honor of expressing thanks to J. Wilson, keynote speaker, at the opening function and was later presented with a gift in recognition of his winning the trophy at the Provincial Plowing Match.

The Lochiel delegation had a meeting arranged by Osie Villeneuve with Hon. Gordon Carton, Minister of Transportation on Monday morning to discuss the possibility of having the road from Lochinvar to Highway 417 declared a development road for a distance of three miles.

Also present from Lochiel Township were Clerk Elmer McNaughton and Councillor Hugh McPherson.

Reeve Albert Faubert represented Kenyon Township and Alex McNaughton was present as reeve of Lancaster Township.

Street Section Not To Be Finished

Repaving of the block on Dominion St. North, between St. George and Kincardine, will not be completed until spring. That part of the street was torn up several weeks ago and was to have been renewed this fall but the Cornwall contractor who was to build the sidewalk held up the work.

It is expected the gravel base will be laid now and the paving postponed to spring.

Arrest May Halt Joyriding

An 18-year-old Alexandria youth was caught Monday night while joyriding in a car he had stolen from the Legion parking lot. Constable Roger Levert took him in tow after he had struck a car owned by Gilles Lauzon in the parking lot.

The Lauzon car suffered $400 damage.

The third car stolen here within a week was recovered Saturday morning on the Atlantic Hotel parking lot from which it had been taken the previous night. Garry McDonald, RR2 Green Valley, is owner of the 65 Valiant and he admitted the keys had been left in the ignition.

Evidently taken for a bit of joy-riding, the car suffered no damage.

Police Chief Cleroux suggests there might be fewer such thefts if owners did not leave the car keys so temptingly within reach.

Premier Davis In Cornwall Today

Accompanied by Mrs. Davis, Ontario's Premier will visit Cornwall today, in a visit that he describes as aimed "to meet the people".

The Service Club Council will entertain at a luncheon in the New Parkway Motel and there will be visits later in the afternoon to various institutions. At 5.30 p.m. members of city council and counties' council, and their wives, will be dinner guests and an old-style town meeting will be held in the Capitol Theatre at 7.30 when Premier Davis will answer questions from the audience.

Won Trip In GM Contest

Sales Manager of Glengarry Motor Sales, Lionel Leroux was a top sales award winner in a recent General Motors Contest. His prize was a trip to Bermuda and he and his wife left on Tuesday for that sunny isle to reap the rewards of his achievement.

Power Break

Saturday's power interruption was caused by high winds on the feeder line from St. Isidore, we understand from Hydro officials. Power went off in Alexandria at 11.50 a.m. and the interruption lasted until 1.30 p.m.

Wind caused quite a few breaks in farm connections in the area, according to Hydro.

Area High Schools Will Hold Commencement Exercises This Week

What will possibly be the last official commencement exercise in Maxville High School will be held there on Saturday, November 10th. If plans proceed as scheduled, next year the high school students will be in the new Tagwi building near Avonmore, however due to the semester system there may be a smaller graduation ceremony next June.

Rosaire Leger, Director of Education for the SD&G County Board of Education will be guest speaker for the occasion and Ontario Scholar Gwen MacIntosh will be valedictorian.

There will be 48 diplomas handed out, 16 honor graduation diplomas (Grade 13) and 32 including the commercial and Grade 12 graduates.

A 1963 graduate of Char-Lan, Dr. David Murray will return to the Commencement exercises in Williamstown as guest speaker on Friday, November 9th. Brian MacNaughton will deliver the valedictory.

There will be 22 Secondary School Honorary Graduation Diplomas awarded, 73 Graduation Diplomas and eight Certificates of Training.

Due to the many certificates to be presented at Glengarry District High School there will be no guest speaker. From Grade 13, there will be 44 graduates, the Secondary School Graduation Diplomas including the Commercial Classes will number 134 and there will be 16 Certificates from the Occupations Department.

Carol Major will give the valedictory in English and Robert Bellefeuille will deliver the French valedictory. GDHS exercises are on Saturday night.

Toll Free Phone Calls From Alexandria To Cornwall And Maxville If Customers Agree

Customers on the Alexandria telephone exchange may get an extension of their toll-free calling area to include Cornwall and Maxville.

Ken W. Menard, Bell manager at Cornwall, reports there have been many requests from Alexandria customers for such an extension of toll-free service. Plans to proceed will depend on the willingness of customers here to pay a higher monthly rate.

The Bell office will conduct a customer canvass during the week of Nov. 19th on a random sample basis. Those who have not been contacted by Nov. 26th may express their opinions by calling the Cornwall business office.

The higher rates that would apply if approved by the Canadian Transport Commission would have individual residence services raised from $4.55 monthly to $5.55. The rate for two-party would go up by 70 cents per month and multi-party service would increase 50 cents to $3.85. Individual business service would increase $3.25 per month to $14.10 and extensions would cost 65 cents more per month.

Remembrance Day Ceremonies To Be Held At Cenotaphs On Sunday

Three Legion branches in Glengarry will be holding Remembrance Day services on Sunday and all will be afternoon affairs rather than at the customary hour of 11 a.m.

The parade to the Glengarry War Memorial in Alexandria will form up at Glengarry District High School at 2.15 and will be headed by the Glengarry Pipe Band as it marches to the nearby cenotaph. Major Grant MacGillivray will be in charge and the ex-servicemen will be joined by members of the Ladies Auxiliary, scouts and guides.

The brief ceremony will include the period of silent prayer, laying of wreaths and brief messages from members of the clergy and other invited guests. The parade will then march to the Legion hall where coffee will be served those taking part.

Claude Nunney, VC, Memorial Branch at Lancaster will be in charge of the parades at Lancaster and Williamstown. There will be a voluntary church parade at the 10.30 mass in St. Joseph's Church with veterans and members of the Ladies Auxiliary forming up outside the church 15 minutes prior to service.

The cenotaph ceremony will be at 1.30 p.m. with the parade forming up at the Lancaster Legion Hall at 12.45. It will be made up of veterans, the Auxiliary, scouts, guides and Char-Lan cadets, with pipers.

Brigadier Fraser F. Fulton will take the salute.

The service at Williamstown will be held at 3 p.m. with most or all of those in the Lancaster parade participating.

Glengarry Legion Branch at Apple Hill will hold its parade at 2.30 p.m. Sunday, when it is expected the scouts and guides from Maxville as well as pipers will take part.

Following the service members of the Ladies Auxiliary will serve coffee in the Legion Hall.

Glens Split Weekend Games, With A Home Win Loss In Morrisburg

(by Gary Shepherd)

Last weekend our Junior Glens played host to the Spencerville Bruins in a Friday night contest and on Sunday travelled to Morrisburg for a match with John Rice's Lions.

At the Community Centre on Friday, the locals came out on top with a narrow 4-3 decision over Jim Farmer's rugged Bruins.

It took Alexandria only 15 seconds to hit the scoreboard as Claude Roy tipped in a Brian Filion pass. Nine minutes later, J. T. Hay made it 2-0 and at this point it looked as if the Glens were going to run away with the contest.

However, the stubborn Bruins kept their goal puckless for the balance of the first period and then John Simpson scored the only goal in the second frame narrowing the count to 2-1.

At the beginning of the third period Robert Boisvenue scored on a breakaway and then four minutes later J. T. Hay notched what proved to be the winner, taking a pass from Cameron McLeod. The Bruins came back with two goals by Pat Hutton and Jack Westrate but couldn't get the equalizer and the game ended 4-3 in Alexandria's favor.

Referee Phil Lecompte had a busy night handing out 12 minors, 6 majors and 6 game misconducts.

On Sunday in Morrisburg, Ken McDonald's charges dropped a narrow 7-6 decision to the Lions before over 450 fans. Referee Aime Leblanc commented after the game that this was the best match he has seen this season.

In the first period Morrisburg outscored the Glens 4-3 as Hugh Gillard and Dave Hess each netted a pair. J. T. Hay, Rod Shepherd and Claude Roy replied for the Glens.

Morrisburg took a 5-3 lead early in the second period as Chuck Lawlor scored. At 12.55 Ken Blair narrowed the count to 5-4 and 48 seconds later J. T. Hay tied it up with his second of the day. Ernie Larocque put the Glens ahead at 17.50 but Lions Ernie Duval made it 6-6 with only one second remaining in the frame.

Both clubs had several good scoring opportunities in the final period but Ernie Duval was the only player on either club able to blink the light giving the Lions a 7-6 decision.

Referee Leblanc handed out 16 minor penalties in this game with the Glens getting seven of them.

This weekend the Glens have only one game. They travel to Metcalfe on Sunday afternoon for a 2.30 p.m. contest with the Jets.

Team officials feel the Glens are not playing up to par yet as several players are involved in both hockey and football. Football ends this Friday when the GDHS Gaels take on Plantagenet in the one game final. Good luck to the Gaels.

Lancaster Curlers See Big Season

The Lancaster and District Curling Club is doing extensive refurbishing of the club in preparation for another successful curling season. At an executive meeting held on Thursday, November 1, the first steps toward the committee heads being chosen were taken, when the President, Duncan MacArthur agreed to draw up a tentative list of men to head the different committees. Plantagenet Here Friday For Deciding Play-Off Football Game

(by Angus H. McDonell)

We wrote the past few weeks that the Glen - Pres - Russell school football league was running parallel with the CFL—no one team pulling away from the others. And again, like the big league, it was after the final games last Friday, in Hawkesbury and Vankleek Hill, when the scores were posted that the first and second place teams were decided via the point system because Alexandria, Plantagenet and Vankleek Hill had won all their games except one.

The GDHS Gaels had just topped Hawkesbury 35-1 while VCI handed Plantagenet their first loss of the season 19-13. So now the points scored and those against involving Gaels, VCI and Plantagenet, only, had to be checked. Gaels scored 44 points and had 16 tallied against them, which is a plus 28; Plantagenet scored 22 and had 26 against, a minus 4, while VCI counted 26, four more than Plantagenet but they had 50 points against them, a minus of 24. The school league has to use this rule because the teams play each other only once whereas in the CFL there is a three-game, won-lost count to go by.

So this exciting finish has Gaels in first place, Plantagenet second, VCI third and Maxville fourth. Hawkesbury, Rockland, Williamstown and Casselman close out the standings.

So we have Plantagenet here Friday, (tomorrow) at 1 p.m. in a sudden death game against Gaels with the James A. McArthur Trophy, emblematic of the EOSSA "B" championship, at stake.

In the other games last week Maxville, using younger players for experience were tied with Casselman 6-6 at half time then went on to win 32-12. Rockland blanked Char-Lan 14-0.

In Hawkesbury Gaels had an early try for a field goal but a bowling green snap didn't give Cleary Morris any chance; however, a few minutes later Cleary counted a single on a low three-point try. There was a repeat point near the end of the first quarter and Gaels were ahead 2-0 and didn't allow the Hawks a first down. Early in the second Hawks fumbled on their three stripe and Barry MacDonald sliced through for Gaels' first TD. The convert was blocked. Hawks, still having difficulty getting up field, pulled the old Hamilton quick kick to set Gaels back but for a short time. Brian Lawson hit Tom Danaher with a pass over center and Danaher got to Hawks' three before being pulled down. A 55-yard pass and run play. Barry MacDonald bulled through to the end zone for the major and Morris was true with the convert. Gaels led 15-0 at half time.

Gaels immediately had good field position in third on a fine run back by Danny Leger. There were a couple of turn overs as Gaels fumbled and then Hawks had to give up the ball on a third down try for yards. Then Danaher on the reverse galloped around the left end for a big gain. Gaels came up with their other favorite as Lawson faked a pass handing off to Brian Filion who triggered an end zone strike to Rejean Poirier. Morris split the cedars and Gaels now led 22-0 as they changed ends. At the five-minute mark in the final Lawson crossed up Hawks by giving the ball to Barry MacDonald who shot through the middle on a clever draw play that was good for six and Morris added the convert. Barry is not unlike Ronnie Stewart when Russ Jackson used to call on him. Barry runs low with knees pumping and he scored his fourth TD minutes later on an off tackle burst through the Hawks' line. The convert was wide and then on the last play of the game Hawks boomed a single to avert a shutout. Final 35-1.

Looking into the crystal ball hither and yon . . . what do we see in this week's playoffs . . . well both Plantagenet and Alexandria have sturdy defences . . . both quarterbacks can fire a pass . . . both have effective end sweeps . . . the edge . . . to Gaels as we think they have a more varied attack and no doubt in Cleary Morris a fine kicker, tops by a county mile in the league this year . . . Gaels by a TD and a field goal . . . In Toronto we think Andrusyshyn's boot could well be the difference for Argos, plus the old theory that the home grounds and 33,000 fans are good for a TD . . . how can you expect the best team in Canada, on paper, Als to win when they have only one pass TD credited to Terry Evanshen all season . . . Terry is among the top receivers in the CFL or any other league . . . Out West sentiment rides with BC on account of our Glens' Ivan . . . but sentiment doesn't win football games especially when Ron Lancaster is calling the plays and his arm like a .303.

ganizer for the NDP, Miss Melody Morrison representing Mike Cassidy, MPP of Ottawa, members of the press from Toronto and Ottawa, and other interested persons, as well as Cassburn representatives from both telephone exchanges, and other Cassburn residents.

The Minister of the Cassburn United Church, Rev. David S. Fearon, welcomed the group, and stated that representatives of any political party interested in the plight of the Cassburn people would have been welcome. Mr. Fearon explained that the reason NDP people had come to seek information about the problem, is that to date they have been the only party to show any interest in Cassburn's problems in this regard. Any of the other parties requesting use of facilities, seeking catering by the UCW ladies as was done last night, or wishing to have similar meetings, would be equally welcomed.

The meeting saw one possible easy solution for the immediate Cassburn problem—to extend the 632- (Hawkesbury) exchange to include the Cassburn area. It was pointed out by area residents that 632- lines already come along Sandy Hill Road to within a half mile of the community. If the few telephone subscribers in Cassburn were placed on the 632- exchange instead of the 675- and 678- exchanges as at present, the Cassburn people would be able to telephone one another without extra charge, as well as call L'Orignal and Vankleek Hill. At the same time, the basic rate of the 675- and 678- exchanges would not be affected—a factor which led residents of these two towns to vote down extended area calling during a survey made by Bell Canada in March 1973.

However, the meeting saw that a basic principle is involved here: the problem of telephone subscribers everywhere who live near the boundary of telephone exchanges where Long Distance toll charges are in effect. Rev. David Fearon proposed, in a brief, that the following basic principle should be adopted, to apply everywhere: "That no toll charge should be levied on calls made from any given telephone exchange to any adjacent or neighboring exchange which touches upon it from any given direction. In other words, it would seem just, to pay a small toll charge to reach an exchange two exchanges over, but not to play a small toll charge to meet the next exchange, as the Cassburn people must now do to reach their neighbors."

This principle was adopted by the meeting as a principle of basic justice.

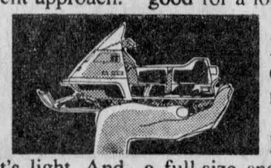
snowmobile buyer's guide

When you're out looking for a high performance snowmobile, don't be taken in by size.

Most people think high performance snowmobiles are big. Simply because most of them are. But with the SS, we took a different approach. We made it compact.

There are certain advantages inherent in a compact snowmobile. First of all, it's easier to handle on a tight trail. But more important, it's light. And lightness is essential when you're after performance.



Imagine a Volkswagen with a Ferrari engine

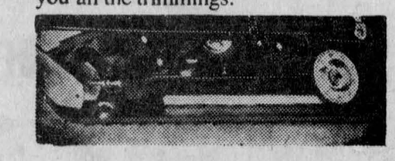
The Elan SS weighs in at a compact 330 lbs. But, instead of powering it with an appropriately compact engine, we gave it a super-tuned 293.5 cc Rotax twin. So SS moves out like a Volkswagen with a Ferrari engine. Just how hot can you get?

Less than 1/3 of a pound per square inch

But the lightness of the SS is good for a lot more than an excellent power-to-weight ratio. It also allows for an incredible ground pressure ratio.

Because, although Elan SS is shorter than a full-size snowmobile, its track is a full-size snowmobile track. So, as well as being light on its feet on hard-packed snow, SS has the flotation you need to hustle you through the deep stuff. And do it safely and surely with a wide 25-1/2" ski stance and a responsive ground leveller slide suspension.

SS gives you the guts of a high performance machine. But it also gives you all the trimmings.



Extra performance features

Add in extra performance features that are standard equipment like shock absorbers, ice-gripping carbide ski runners, our new positive response Square Shaft clutch and extra comfort features like our 3-layer foam sandwich seat, and extra value features like our full one-year warranty, and you've got a complete high performance snowmobile that just happens to be a little smaller than the big ones. And a lot less expensive.

You don't have to go big to go great

So if you're looking for a high performance snowmobile, just remember one thing:

You don't have to go big to go great. See Elan SS at your Ski-Doo dealer's.

EDITORIAL

IT'S OUR OPINION

Surely We Can Count On Hydro

So there we were reading about further increases in the prices of oil and gas and worrying over the possibility of a shortage of fuel oil in the dead of winter. It was a chilling thought as we pictured our heatless home and wondered whence we'd flee to thaw out.

We were worrying about future troubles and suddenly found something more immediate to bother us. The lights flickered on and off a few times and finally gave up. It was Saturday and the hands of the electric clock were stopped minutes short of noon. An hour later the power was still off, lunch was indefinitely postponed and that sweater an Ontario Government cabinet member once suggested we wear about the house to save sales tax had been put to use as the chill set in.

We had been stewing over a possible shortage of fuel oil this winter and here was a threat even more grim. All the fuel oil in the Mid East couldn't keep us warm if there was no power to fire the furnace. Power interruptions through the winter threaten not only a cold house but a cold plate eaten by candlelight. The prospect is not inviting.

Saturday's power interruption was the third within a period of a few months and it left us wondering how prone to accident is the new feeder line from St. Isidore that now supplies our Hydro needs. Stoppages of service had been almost unknown in recent years over the feeder line through Martintown but since the changeover we had experienced two interruptions in September and another Saturday, on a day when wind was scarcely noticeable here.

It is to be hoped members of the local Public Utilities Commission have satisfied themselves that the town is not being ill-served by Ontario Hydro through this switchover to another source of power. If there is the prospect of periodic service interruptions because of the condition of this feeder line the HEPC should be pressured to return us to a more reliable source of power.

We in Eastern Ontario face the grim prospect of a shortage of fuel oil this winter. Surely we should be assured by Hydro that we will at least be able to count on a steady flow of power to fire the oil we get.

Well Worth Keeping

The other day we overheard a conversation in which the United Nations was being dragged over the coals. Like its predecessor, the League of Nations, the UN was berated because it could do nothing to stop the war in the Middle East, it cost too much to operate and it should be scrapped, etc.

That is arrant nonsense, suggests an editorial in The Wingham Advance-Times.

As a matter of fact the war in the Middle East has been stopped. Certainly it is true that the basic problems have not been solved, but at United Nations' insistence the bloodshed has been halted and the combatants will come to the conference table to talk instead of going to the battlefield to kill.

The same thing happened when Egypt took over the Suez Canal. Somehow or other a major war was prevented.

No matter how ponderous the proceedings of the UN appear to be it is the only agency in this world equipped to do anything at all about stopping wars. And in addition to its difficult role as a keeper of the peace, the UN is responsible for countless other benefits to mankind. How about UNESCO and UNICEF for two examples?

Perhaps the UN would be even more successful if all the people in those countries which support it would quit complaining and back the organization to the hilt.

Entrenched Governments Breed Distrust

Readers with a bent for politics could be excused for considering last week that the provincial Liberals in Quebec had done themselves proud while their counterparts in Ontario had demonstrated a negative attitude closely akin to a death wish.

In Quebec, the Bourassa Government had flattened all opposition in Monday's general election, grabbing 102 of 110 seats for the incumbent Liberals.

At Toronto the previous day, the provincial Liberal leadership convention had returned the mantle to Robert Nixon who had twice previously failed to inspire support in general elections. Nixon was no shoo-in this time round, but the party machine apparently preferred him to either of the other two aspirants for the leadership, Donald Deacon and Norman Cafik.

That was poor tactics in the opinion of the editor of The Prescott Journal who suggests the Tories could be had. Ontario Liberals were thinking too much like Conservatives in choosing Robert Nixon and in not being willing to take a chance on one of the other two candidates, he avers. A change in leadership could have given them a chance to offer Ontario voters an alternative to Bill Davis and the Conservatives.

There is a feeling of unrest in the province's electorate about the continued health of the Conservatives, the editorial suggests. The number who are calling for a change is growing. These people do not have any great beefs about the province's government, which is the best in Canada, but the years of positive acceptance are slowly giving over to a negative thought that is difficult to understand. Maybe it is because our traditions have dictated for generations that we should refuse what we do not want instead of working for what we do want. Ontario voters will re-elect Davis in the next provincial election, not because they like the Conservatives' successful record, but because they don't think Nixon can be a winner, the Prescott editor concludes.

Somebody loses, somebody wins and the Ontario Liberals are the losers because of their decision to stay with Nixon, at least one editor believes. Another sees the Liberal sweep in Quebec's general election as a vote against independence.

Separatism has been rejected by the vast majority of Quebecers, notes an editorial in the Lachute Watchman, to the point that there will be a number of Liberal members who will be sitting across the House from the government. The government was given a mandate and it is hoped that they accept the strong mandate for the reason it was given—to oppose separatism, not to ride uncontrolled over the populace.

The subject has been well aired, and Mr. Levesque's statement that the PQ would set the stage this election to take over in four or five years time was listened to, and acted upon, by the vast majority of Quebecers who wish to remain a part of Canada.

The two editorial writers, one in each province, hint at a common distrust of the government in power that is probably a reflection of public opinion. There is the undeclared wish the Ontario Liberals had chosen a leader with more potential to end the long Tory reign of power. In Quebec, the hope is that the too-strong Bourassa Government will not let itself become dictatorial.

We the people will tend to more distrust of all entrenched governments, the more government intrudes on our everyday life.

Door Left Unlocked

Convicted murderers won't be hanged but will they be kept in prison long enough? That's the question left unanswered after Parliament's five-year extension of the hanging ban notes an editorial in The Smiths Falls Record-News.

The 119-to-106 vote continued the Government's policy of requiring a life sentence for all convicted murderers with the exception of those who kill prison guards or on-duty policemen. These killers would continue to draw the death penalty.

However, nothing was said with regard to present policies under which a murderer becomes eligible for day parole or temporary leave after three years and for full parole after 10 years.

When Solicitor-General Warren Allmand introduced changes to the parole system last June he made a point of saying that he was introducing no changes in parole for murderers because this would be done in conjunction with the Government's bill to extend the ban on hanging.

Three weeks later, Mr. Allmand did suggest changes. They would deny day parole or temporary leave until a convicted murderer had served seven years and full parole until he had served 20 years.

But these changes were linked with an amendment he proposed which would have banned hanging for the killing of policemen and prison guards, too. His amendment was thrown out by the Commons Justice Committee, with the parole changes trailing along behind it, and neither proposal has been resurrected.

If the Senate approves the bill in its present form, it will leave the public inadequately protected and more than ever aware of the failings of existing parole and temporary leave regulations. What is needed is an amendment that will give courts the power to decree what will be the minimum time a convicted murderer must serve before he can become eligible for parole or leave.

WITH OUR

RAMBLING REPORTER

by Ed.

If a pipeline to Sarnia can supply all of Ontario to Brockville, surely there's oil enough to keep the rest of us Ontarians warm. And a bit more for Montreal.

A LINE TO BE BREACHED

The Borden line they call it, that arbitrary oil policy line that makes this neck of Ontario dependent on an undependable flow of imported oil through Montreal while all the rest of the province warms itself on cheaper fuel oil from Alberta.

The Borden line was dreamed up during World War I and judging by the way in which the line snakes its way across Eastern Ontario a lot of crooked politicians and oil magnates must have had a hand in locating it. The line leaves the interprovincial border, the Ottawa River, east of North Bay and zig zags down to the St. Lawrence from a point west of Pembroke to the St. Lawrence shore just west of Brockville.

We'd never even heard of the Borden line until the threat of fuel shortages erupted and not too much is being written even now concerning its reason for being. We can imagine, though, that Quebec wanted to keep its own refining plants at Montreal and that the oil companies preferred to supply some oil to the U.S. midwest rather than extend the pipeline across Ontario. So the Borden line was dreamed up but why Glengarry and other counties in Ontario were put in the Quebec zone we'll never know.

If the guys that dreamed up that line weren't crooked it's more than possible there'll be more than a little crooked dealing in oil if ever that oil policy line divides the haves and have-nots of needed fuel oil and gasoline. If dealers in Kingston and other centres west of that line are swimming in oil and gas while tanks are dry to the east of it the prospect is for an entirely new type of bootlegging. Cost won't mean a thing and millionaires will be made on both sides of that imaginery line because of the overheated demand for fuel.

It'll probably cost us a pretty penny if a shortage does develop this winter but we're suggesting to our friendly supplier of fuel oil that he make contact now with a dealer on the other side of the line ready to refill his tank truck. That line comes close to Perth so all he'd have to do is hike up Highway 43 for a hot load of heat.

We don't make a habit of encouraging bootlegging or other illicit deals, mind you, but we weren't around when that stupid Borden oil policy line was dreamed up and we feel cheated. If Energy Minister Macdonald thinks we'll be content to be frozen into an icicle this winter he has another think coming.

If he hasn't got enough energy to guarantee heat to all of Canada this winter he'd better find a hole and hibernate.

Maybe we distrust credit cards because it was so tough to obtain credit when we needed it.

NO CREDIT TO US

Mr. Henry Hall, vice-president, American Express Company of Canada, cordially invited your Rambling Reporter this week to apply for the American Express card. Darned nice of Henry to think of us. American Express is a big concern and if we had any use for credit cards we might be tempted to send in our application to Mr. Hall.

Guess we're old-fashioned because we like having on hand all the cash we need and we value money so little we get a kick out of dishing it out. We don't ramble far and so we have no need of credit cards which probably come in handy when one is travelling. Over the past few years we've rejected several invitations to equip ourself with credit cards, primarily because we see no use for them and incidentally because we wouldn't have a place to keep them on our person.

As it happens we don't even carry a billfold and so we'd have no compartment in which to keep credit cards. Our rambling takes in only a few blocks usually, so we like to travel light, especially in summer, and we've never known the need for a pocketbook. What cash we have is carried in our pants' pockets and it's a comforting feeling to finger that filthy lucre and know no pickpocket is going to have a binge on his takings

Dangerous, More Dangerous

(The Ridgetown Dominion)

While words like honorable, trustworthy and dangerous are hard to define, we find it hard to understand the definition of dangerous as understood by the Canadian Penitentiary Service.

One would think a dangerous man would be sent to a maximum security penitentiary and a less dangerous man would be sent to a minimum security penitentiary.

The penitentiary at Collin's Bay has been much in the news because of the number of escapes. Last week four convicts picked a lock, crawled through a duct to the boiler room, tied up two employees, stole a car and escaped with knives as weapons.

So now they are described as dangerous, but to be sent to Collin's Bay they had to be described as not dangerous. Yet one had used a firearm in an attempt to wound, attempted breaking, entering and theft, and broke patrol. A second had been convicted of armed robbery with a dangerous weapon and attempted escape. The third was serving life for stabbing and beating a cab driver to death. The fourth had been proven guilty of breaking, entering, possessing an offensive weapon and robbery. He had beaten up a 95-year-old man and robbed him. This latter offence was while he was escaped from another prison.

These men were in a medium security prison because they weren't considered dangerous. We can only wonder what a man has to do to be put on the dangerous list.

Gaels On The Warpath

(by Tish Filiatrault)

Hopes are high as the various teams at GDHS proceed towards championship victory.

On Friday, our Senior Gaels football team took their place at No. 1 as they beat Hawkesbury 35 to 1. At the same time VCI beat Plantagenet, determining our 1st place standing. Football heroes of the day were Barry MacDonald with four touchdowns and Rejean Poirier one. This Friday at home our Gaels play for the cup against Plantagenet. Go Gaels, Go!

On Thursday the junior girls remained undefeated and in first place by defeating Hawkesbury 33-26. They did not stop there but went right on to beat Maxville on Monday by a score of 70 to 9. The girls will play at home on Thursday against Rockland in a sudden death semi-final game. Good luck!

The senior girls basketball team were not to be left behind on Thursday. They started in traditional fashion, allowing Hawkesbury seniors to gain a substantial lead in the first half and then bounced up with a terrific 3rd quarter winning the game 31-28. On Monday they played a very hard battle against Maxville. They held their place until the 4th quarter where Maxville came ahead and won 27-23. The seniors thank their coach Mrs. Johns for a really great season!

Our Midget girls basketball team started their season off right by a win of 14-5 against Hawkesbury. On Saturday the girls travelled to Plantagenet and participated in the Glengarry Prescott tournament where they made an excellent showing led by Penny Filiatrault. The girls lost their playoff game with Vankleek Hill by 1 point. Scorers were Anna Cadieux 8 pts., Janice Barker 4, Aline Brunet 5, Terry Gagnon 2, Penny Filiatrault 14, Betty Lacombe 14, Karen MacDonald 8, Valerie McLaughlan 4 and Joanne Wood 8 points.

This weekend the GDHS soccer team lost their first game by a close score of 4-3 to the Glengarry Stars of the Ottawa "A" division. The team held the lead until the last two minutes, when the Gaels had two quick goals scored on them. Scoring for GDHS were Bert Massia, Kevin Gratton and Roger Ladouceur.

From Students' Council, this Friday they will hold the annual Football Dance featuring the band "Smith and Smith" from Kingston. Drawing to a close was the school's fund-raising campaign to help raise money to sponsor student activities throughout the year. On Friday the Students' Council held a Friday night club in which the gyms were opened and then followed by a record hop. All proceeds go to the soccer team to help pay for their trip to Sarnia.

In all aspects of activity at GDHS "success" is being highlighted. It is hoped by all that the activities in search of victory obtain their goals and bring honor to our school!

from us.

Credit cards are taking over from cash, we know, but the green stuff feels better to us and we'd get precious little fun out of life if we spent most of every month worrying whether our purchases on credit weren't surpassing our cash position at the bank. We like to spend, see, and buying on credit would soon find us in the bad books of these friendly people like Henry Hall who don't realize we're a compulsive spender.

We'll stick to cash, at least, until the day when the police state requires us to carry identification. Then we'll have to be burdened by a billfold and so we might decide to carry a credit card as well. Till that unhappy day, thanks Henry, but no.

8—In Memoriam

MONTGOMERY — In loving memory of my dad Everett Montgomery who departed this life sixteen years ago Nov. 11, 1957.
What would we give if we could say,
We're going home to see Dad today.
To hear his voice and see his smile
To sit with him and chat awhile.
So you who have a father
Cherish him with care
For you never know the heartache
Till you know he isn't there
—By his loving daughter, Brenda McIntyre and son-in-law Peter, Ottawa, Ont. 45-1c

8—In Memoriam (Continued)

MONTGOMERY — In loving memory of my father Everett Montgomery who departed this life sixteen years ago Nov. 11, 1957.
I had a wonderful father with a heart of gold
Who was worth more to me than wealth untold
Without farewell he fell asleep with only memories for me to keep
If he could have spoken before he died
These are the words he would reply,
This life for me has truly passed
I loved you to the very last.
And weep not for me but courage take,
And love one another for my sake.
—His loving daughter, Sheila Johnson, son-in-law Eric and grasdson Brent, Orillia, Ont. 45-1c

MONTGOMERY — In loving memory of my husband Everett Montgomery who died Nov. 10, 1957.
May the winds of heaven flow gently
On a quiet hallowed night
Where the one I loved is sleeping
And will never be forgotten.
It was a sudden ending
Too sudden to forget
For those who loved you dearly
Are the ones who never will forget,
—Always remembered by his loving wife Mary Alice, Maxville. 45-1c

MONTGOMERY—In find and loving memory of my dear father Everett Montgomery, who departed this life on Nov. 10, 1957.
They say time heals all sorrows
And helps us to forget,
But time so far only lets us know
How much we miss you yet.
—Sadly missed by his daughter June Hough, son-in-law John and grandchildren, Orillia, Ont. 45-1c

MacCUAIG—I wish to thank my relatives and friends for their kindness, flowers and cards at the time of my dear wife's death. These expressions of sympathy are greatly appreciated. —Kenneth A. MacCuaig, D. A. and Myrtle, Alexandria. 45-1c

SAUVE—In loving memory of a dear husband and grandfather Hilaire, who passed away Nov. 7th, 1972.
One year has passed and gone
Since the one we loved so well
Was taken from our home on earth
With Jesus Christ to dwell.
The flowers we placed upon his grave,
May wither and decay,
But the love for him who sleeps beneath,
Shall never fade away.
—Always remembered by wife, Fleurette, Denise, granddaughter and family. 45-1p

STEWART—In loving memory of a dear mother, Christy Ann who passed away on Nov. 6th, 1972.
As time unfolds another year,
Memories keep you ever near,
Silent thoughts of times together,
Hold memories that will last forever.
—Anna Mary, Maxville. 45-1c

LAJOIE—In loving memory of the late Isaie Lajoie who died ten years ago, November 6th, 1963.
You bade no one a last farewell
Nor even a good-bye
And in our sad and lonely hearts
We keep on asking why.
Since you were called away
So many things we had to share
Had you been left to stay
Your resting place we visit
And place the flowers with care
But no one knows the heartache
When we turn and leave you there.
—Always remembered by daughter, Rejeanne, son-in-law Guy Decoste and family. 3rd Kenyon. 45-1c
