Maxville Group Hopes To Promote $700,000 Home For Aged In That Village

A home for the aged to be built in or near Maxville at a cost of $700,000 is the goal of a group of Maxville citizens backed by the village council.

Maxville is willing to put up $50,000 and government grants would take care of half the total cost of construction. Counties Council is being asked to support the project financially and there will probably be similar requests to adjacent township councils.

Some 400 residents of Maxville and district met in the Community Hall Monday night to hear an outline of the plan and to view the model and pictures of an institution of the type proposed.

Allan C. Vallance is chairman of the steering committee and other members are: Hubert Quart, Dr. D. M. Gamble, William R. MacEwen and D. B. McKillican.

Reeve Hugh Smith welcomed the gathering and introduced Mr. Vallance and Osie F. Villeneuve, MPP, who outlined the project.

Mr. Villeneuve told the gathering Maxville and the surrounding district is considerably above the provincial average in percentage of people above 65 years of age. He also said the new hospital at Alexandria is already too small to meet the demands made upon it, with about 15 patients waiting to be admitted.

In addition, Glen-Stor-Dun Lodge at Cornwall, has a waiting list of prospective residents, even though it has now installed temporary or emergency accommodation for 52 more residents than for which the building was designed.

Mr. Villeneuve also pointed out that one of the chief problems of older people was a reluctance to leave the area and people they are familiar with and adjust to a new home in a distant place.

With an increasing number of older people needing care in the district around Maxville, it is important to supply such accommodation close to their homes where residents can keep contact with friends and relatives.

Mr. Villeneuve introduced Noble Drew, director of homes for the aged in Ontario. Mr. Drew referred to earlier proposals that a rest home be built here. This can be done, but a rest home is designated as providing intensive nursing care for persons of all ages.

"A home for the aged," Mr. Drew said, "provides a much broader scope of service. It provides normal care for those who can largely look after themselves as well as special care for senile patients. In addition it will supply bed care much the same as a rest home would provide."

Mr. Drew said he feels strongly that the area needs a new home for the aged, rather than a rest home.

This thinking is influenced, the speaker continued, by consideration of the number of older people in the population. Other factors are the crowding of present institutions and the fact only about half the number of beds per aged person are available in the United Counties as are available in some provincial counties that are most progressive in this respect.

"In addition," Mr. Drew continued, "I have just learned that the project of a new home for the aged to be built by the Religious Hospitallers of St. Joseph is now postponed indefinitely."

Eric Gale, administrator of Glengarry Memorial Hospital pointed out the hospital already has a waiting list and that some 20 per cent of patients might be cared for in the proposed institution. Albert Faubert, reeve of Kenyon, and Charles Blair, reeve of Roxborough, expressed interest in the project as did Rev. Lionel Bourque, Rev. W. E. Henderson and Rev. Russell Ferguson.

Committee To See Counties' Council

The Maxville steering committee seeking establishment of a home for the aged has an appointment today with counties council now holding its January session.

The committee was originally planning for a rest home but since learning of the need for another home for the aged in this area it has hopes counties council will incorporate these plans in its own requirements for a second home.

In such an event, reports Chairman Allan Vallance, the grant of $50,000 from Maxville Village would stand and there would be the possibility of further help from Kenyon and Roxborough Townships.

There are suitable sites available in Maxville, he reports, and there are 19 nurses in the village and immediate area.

TOP SALES REPRESENTATIVE —A. D. D. "Buster" Macdonald of South Lancaster, received national recognition in the furniture industry recently when he was cited for his sales achievements for Kroehler Mfg. Co. Limited and was made a charter member of the companies' "President's Club". Buster was one of 20 sales representatives employed by the Kroehler Mfg. Co. Limited in Canada and the United States to be inaugurated into the President's Club. It is an organization formed to honor the men whose achievements in both sales and service to Kroehler furniture dealers has been of an outstanding nature during 1966. As sales representative for the company in the Maritime provinces, Buster was the winner of the salesman of the year award in 1958.

Another 49 Taking Plan 5 Courses

Some 170 area farmers and women are now attending Plan 5 courses in farming, power sewing and academic upgrading here.

Newest course to open Jan. 9th was the basic training course for upgrading and it is being held in two classes, one at Dalkeith and the second at the local Plan 5 centre. Twenty-four farmers from north Glengarry are attending the course at Dalkeith and 25 are attending here. Mrs. Vachon is teaching in the parish hall at Dalkeith and Mrs. Gerald McGillis has the same course here.

English, Math and Science at the grade 7 and 7 level are being taught and completion of this course should qualify attendees to later take a skilled course such as welding.

John D. Grant, Alexandria, is co-ordinator of the new course which will last some four months.

Local Centennial Committee Hears Projects Review

Members of the Alexandria Centennial Committee met Tuesday night when further details and projects were suggested. Lyall Costello, chairman, presided and minutes of the last meeting held in the Armouries last fall, were read by secretary C. C. Fraser.

Reports were heard from various committee chairmen and Gerald Simpson reported that the Minor Hockey centennial project for Alexandria and District, "Fun on Ice" will take place on the Alexander School rink with dressing rooms in the Alexander Hall, Sunday, January 29th.

Mrs. Bernard Villeneuve's suggestion that the Knights of Columbus Hall be used to exhibit photos, pictures, etc., of Alexandria's outstanding citizens, past and present, was approved and committees will be named. It was also proposed that the hall and grounds might be used for teas, sing-songs, socials, etc., sponsored by various organizations.

Mrs. Raymond Jette reported that the Ladies Auxiliary of the Alexandria Legion would be sponsors of an Armistice Ball on November 11th.

Jean Luc Caron, representing the Richelieu Club presented the program for the Alexandria Carnival on February 25th.

A contest in ice sculpture is an added feature of the carnival which will see all-day entertainment including minor hockey, broomball, snowshoe racing on the lake, skidoo rides, volleyball for girls, football in the snow, barrel-rolling, seesaw and tug-of-war competitions. There will be a bazaar in the former beer store, complete with pie-eating contest, a parade including the carnival queen and her princesses and a free full-course meal for all comers.

CENTENNIAL YEAR WARDEN—Seen being invested with his chain of office, Charlottenburgh, Reeve Archibald C. MacDonell faces a busy year in his new office as warden of United Counties Council. The Williamstown-area resident was installed Monday as the January session opened and he will be the 117th warden. Taking part in the ceremony are, left to right, Charles Blair, reeve of Roxborough Township, one of his sponsors, Lloyd C. Davis, reeve of Iroquois, installing officer, and Alex McNaughton, reeve of Lancaster Township, who proposed his election.

Charlottenburgh Reeve, Arch. C. MacDonell Counties' Warden For Centennial Year

Archibald MacDonell, reeve of Charlottenburgh Township, was elected the 117th warden of the United Counties at the inaugural meeting of the United Counties' Council, Monday afternoon. He took the oath of office, administered by clerk-treasurer L. C. Kennedy. Then he was invested with the chain of office by veteran councillor, Lloyd C. Davis, reeve of Iroquois.

Mr. MacDonell was nominated by Alex McNaughton, reeve of Lancaster. The motion was seconded by Charles Blair, reeve of Roxborough. The proposal carried unanimously.

In his address, Mr. MacDonell referred to the Centennial year, and said a tentative date for formal opening the new, non-denominational chapel at Glen-Stor-Dun Lodge has been set for early July. Mr. MacDonell said the forward-looking citizens of these counties had played their part in the formation of Canada a century ago and he felt the citizens of the United Counties should support the same ideals.

"Let us look forward with faith and confidence, not only to the future of these counties, but that of our country as a whole," he said.

Among those attending the inaugural session were Mr. MacDonell's wife, Mrs. Isabel MacDonell; his mother, Mrs. Jerome MacDonell; and his young son, Hugh Charles. His father was unable to attend because of illness.

Students from grade eight of Williamstown Public School and St. Alice Separate School attended in honor of the occasion.

The invocation was pronounced by Rev. Donald B. McDougald of St. Mary's Parish, Williamstown.

Among those who spoke, bringing congratulatory messages to the new warden and 1967 council, were: Mrs. Jean Wadds, MP for Grenville-Dundas; F. M. Cass, MPP for Dundas; Fern Guindon, MPP for Stormont; and Osie F. Villeneuve for Glengarry.

In addition to congratulating Mr. MacDonell, Mr. Guindon referred to efforts to have a new College of Applied Arts and Technology established in Cornwall and asked council to support efforts to have such an institution built in the area.

All the speakers referred to Centennial year and commended council for its support of the observance.

Among those present were past warden, Donald Kyle, who spoke briefly. He was presented with a large, framed photograph of his own installation a year ago as a memento of his wardenship.

To Be 93 Sunday

Mrs. Rory W. MacLeod of the Dunvegan area will mark her 93rd birthday on Sunday, Jan. 22nd.

In remarkably good health considering her years, Mrs. MacLeod is up and about the house every day. She resides with her daughter, Mrs. John D. MacLeod at Skye.

Gets High Posting With Agriculture Dept.

A native of the Fourth Kenyon, Vincent G. MacDonald of Edmonton, has been appointed director of livestock production, grading and marketing for the province of Alberta by the federal Department of Agriculture.

With the department for the past 25 years, Mr. MacDonald won his BSc in Agriculture degree at OAC Guelph and a Master's degree at the University of Minnesota before serving with the RCAF during World War II. He joined the Agriculture department following the war and has been at Edmonton much of the time since.

Mr. MacDonald was reunited with members of his family last weekend while visiting his brother, J. Daniel MacDonald and Mrs. MacDonald, Fourth Kenyon.

New Counties' Warden Is Member Of One Of Glengarry's Old Families

The new warden of the United Counties, Archibald C. MacDonell of Summerstown, is a member of one of Glengarry's oldest families, one which has been interested in municipal politics for generations. He is a great, great grandnephew of Finnan McDonald, of buffalo-fighting fame, and of John McDonald, both with the North West Company.

Now 41 years of age, Mr. MacDonell is a dairy farmer living on the old family home west of Williamstown and directly north of Summerstown. He is a son of Mr. and Mrs. Jerome MacDonell, and is married to the former Miss Isabel MacDonald, a daughter of the late Hugh R. MacDonald and Mrs. MacDonald of St. Raphael's.

They have four children, the eldest Hugh Charles, age six, a daughter, Cathy, four, and twin two year old sons, Jerome and Roy.

Educated in Williamstown schools, Mr. MacDonell became interested in public affairs and was elected a member of Charlottenburgh council 10 years ago. In 1960 he became deputy reeve and in 1964 he became reeve of the township.

During the years he has been a member of counties council, he has headed various committees, including, last year, the finance committee. He is president of the St. Lawrence Agricultural Society, vice president of the Association of Rural Municipalities and president of the Glengarry Progressive Conservative Association.

Interestingly enough in centennial year, is the fact that the first warden of the United Counties, in 1850, was also a Williamstown man, Dr. Daniel E. McIntyre.

McNISH WINNER—Lloyd McRae of Bainsville, won recognition as one of Eastern Ontario's top farmers at the recent meeting of the Eastern Ontario Soil and Crop Improvement Association when he was awarded the W. Harris McNish trophy for outstanding service to agriculture.

Brush Wolf Shot In Glen Roy Area

A long hunt by a party of Glen Roy-Green Valley nimrods on Saturday netted a large male brush wolf. Clifford St. Onge of Glen Roy, shot the wolf in the Munroe's Mills area after the dogs had run it much of the day.

A second wolf hunt was on that day in the Summerstown area, organized by the local Department of Lands and Forests' officers following reports of farmers' sheep lost to wolves.

Wolf dogs were brought in from Portland, Ont., and for four hours 16 hunters, including five Provincial Police officers, heard, and sometimes watched, the chase. Armed only with shotguns the hunters watched helplessly as wolves passed out of range.

The coyotte or brush wolf that inhabits Glengarry and surrounding counties is a relative newcomer to Ontario. In the early part of the century they were restricted to Northwestern Ontario adjacent to the Manitoba border. The first documented record for Southern Ontario was in 1919. The animals spread across the southeastern part of the province has been quite slow and they were not reported from parts of the Ottawa Valley until the 1940's. They are, to a large extent, associated with the broken habitat of agricultural areas.

Cariole To The Museum

A cariole, two seats, for passengers and driver, once used in the livery of "Little Archie" McMillan, Alexandria, has been donated to the Glengarry museum at Dunvegan, by Alex McMillan, Alexandria. Included are the driver's fur coat and a set of sleigh bells.

Other recent acquisitions are a washing machine, turn of the century period, donated by Mrs. Annie (Sam) MacDonald, Kirk Hill, and a parlor organ on loan from the household of R. M. Roy, Bainsville.

In acknowledging these donations, Mrs. Edna M. MacMillan notes that with the extra accommodation provided by the new driving shed it will no longer be necessary to hold gifts in storage.

Marked 50th Date

A native of Alexandria, Alex McKinnon of St. Catharines, and Mrs. McKinnon celebrated their golden wedding date Saturday.

Following an anniversary mass at 11 a.m. in St. Patrick's Church they were "at home" at a dinner and reception attended by family and friends.

Among those present was an old Aexandria friend, Dan Maville.

Beards To Be Judged On July 1st

A meeting was held last night to organize the local beard-growing contest and John Proulx reports some 20 men from town and area are already entered. Judging will be held July 1st.

The competition will be open to any resident of Glengarry but to be eligible they must register before Feb. 1st with Mr. Proulx and pay the $5 entry fee. The money will be used for cash prizes for winners in various types of beards.

Similar contests are being held at Cornwall, Hawkesbury and other points. It is hoped to have local winners compete for area honors.

Miss Ettie Kerr Died At 81

Following a lengthy final illness the death occurred Tuesday in McDonell Memorial Hospital, Cornwall, of Miss Ettie Kerr of Alexandria. She was in her 82nd year.

Miss Kerr was the last surviving member of the family of Cosmos Kerr and his wife, Julia McGillis. Born here, she had lived her entire life in Alexandria and had been active in the social life of the community through the years. Miss Kerr had played many roles in the annual St. Patrick's plays and she will be remembered for many fine traits of character.

Among several surviving nieces and nephews are Frank and Wilfred McLeister of Alexandria.

The body is resting at the Marcoux & Morris Funeral Home and the funeral will be held Friday at 10 o'clock to St. Finnan's Cathedral and vault.

New Building Inspector For Lancaster Twp.

Marcel Major of North Lancaster, has been appointed Building Inspector in Lancaster Township, succeeding the late Leo Vincent. A copy of the new building by-law is advertised in another column.

Township council has changed the dates of its February and March meetings from the first Wednesday to the first Tuesday.

Died Suddenly At Peterborough

The sudden death occurred Sunday at Peterborough of Stanley MacLeod, a son of Mr. and Mrs. J. W. MacLeod of Spring Creek, Lochiel. Mr. MacLeod died following a heart attack. He was 56.

Born at Spring Creek he was a son of J. W. MacLeod, former Lochiel reeve, and his wife, Marjorie Beatrice McMaster. He had long been a resident of Peterborough where he was in the real estate business.

To mourn he leaves his parents, his wife, the former Kay Clements; two sons, Robert and Kenneth; three daughters, Marian, Marjorie and Beth, all at home; one brother, William MacLeod, Dalkeith; two sisters, Mrs. Hector (Dorothy) Perrier, Lancaster and Mrs. Betty Henry of Lachine, Que.

The funeral was held Wednesday at Peterborough.

Home Saved

A quick response by local men and the Maxville Fire Brigade saved the home of Norman P. MacLeod, Dunvegan, from destruction recently.

Originating from a chimney fire, the flames caught in a wall and had seriously damaged one bedroom of the home before they were brought under control.

IT'S OUR OPINION

A Good Start On Streets

Centennial year promises us at least one concrete evidence of improvement in the program of street resurfacing planned by town council. It is to be hoped that the contract can be let early enough in the spring to ensure its completion before our summer visitors begin to arrive.

Rebuilding and surfacing of nine streets or parts of them is encompassed in this first program and they will be the ones most in need of improvement. Streets which were torn up for installation of surface water lines last fall have priority as have extensions of streets in new housing subdivisions where a mud and dust problem has to be coped with

No doubt council has long range plans for permanent re-surfacing of the other side streets without too long a delay. We are left wondering if any effort has been made to have the Highways Department re-surface Main and Kenyon Streets which are part of the highways system. With a provincial election promised this summer it might be timely to enlist the services of our Legislature Member in such a cause.

Main Street is especially showing evidence of wear and a program of new sidewalks is also long overdue

The program outlined on another page constitutes a good start and we can look forward to a day when all our streets and walks will be top class.

Expo Will Be Ready, But . . .

Canada's World Fair at Montreal will be ready for its April opening, according to progress reports on the pavilions and other physical features being built on those islands in the St. Lawrence.

We are left wondering if the mental climate of Montreal will be as prepared to make a success of it.

A tough little former Army engineer, Col. Edward Churchill, took over the management of Expo when it seemed nothing would be ready on time and according to reports his leadership has brought the physical plant right up to the schedule laid down some three years ago. The World Fair will be ready to receive the expected millions, the communications network of roads, overpasses and subways should be completed in time to feed those expected millions into and out of Montreal.

But will they come in their millions if Montrealers aren't wearing a welcoming smile.

The bomb blasts of the Separatistes may prove no more than a nuisance, but they could cool the ardor of a lot of people planning to visit la belle province and Expo this summer. The actual danger to life and limb may be minimal but these bombs signify hostility and many may decide to bypass a city where they apparently are not welcome.

Even more threatening to the success of the World Fair than Separatiste bombs is the penchant of Quebec workers to strike. Five thousand teachers in the Montreal area are now out of their classes, railway workers are threatening yet another walk-out, as are the postal employees. Even Montreal's police force is talking strike in early summer just when it will be most needed to cope with the expected crowds.

Organized labor is strike-prone in every province, but over the past year unions in the Montreal area have shown themselves especially restive and ready to use the strike threat. Especially irresponsible have been those in the public services and if the pattern shows no change people may hesitate to make plans for a visit to Montreal that may be spoiled by a breakdown in services.

World Fair enthusiasts may have their ardor cooled, too, by the prospect of gouging by get-rich-quick owners of tourist accommodation. The Quebec government is drafting legislation to freeze costs of accommodation at reasonable levels but there are reports of loopholes in the bill and already stories are circulating of escalating charges in the Montreal area for motel rooms. These reports could build up to the point where people will decide to stay away in droves.

By all accounts this World Fair at Montreal will be worth taking in. Colonel Churchill has done his job of preparing the pavilions on schedule and Mayor Drapeau is given credit not only for dreaming up Expo but for changing the face of Montreal to make it accessible.

If he and his confreres can do as much to prepare the people of greater Montreal for a show of genuine "hospitalité" this World Fair could be the grand success its promoters promise.

We Have The Right To Know

"A great tragedy of the war in Vietnam is the widespread feeling among people in all walks of life that government news managers in Washington have resorted to trickery and deception in dealing with newspapers and the public. Unreliable war news has shaken public confidence. However, even more tragic and more alarming is the fact that official evasion and suppression of news in connection with Vietnam is merely typical of a long-term trend to deny one of the most basic of our rights—the right to know.

"The right to know is embodied in the first of the 10 original amendments to the Constitution, which states, "Congress shall make no law . . . abridging the freedom . . . of the press . . ." While there has as yet been no overt attempt to abridge such freedom by law, some of the first steps have been taken in this direction — managed news, official gagging of government officials and employees, suppression of politically harmful news, coercion and retaliation for criticism of officialdom.

"As a prominent business spokesman points out, "This matter of politicians and bureaucrats telling the public only what they want the public to know has been proceeding on a constantly increasing scale in Washington for a generation or more."

These observations by a weekly newspaper editor in Minnesota are as apropos of the Canadian scene. Every department of government has its army of public relations officers whose only excuse for employment is to promote the policy of the moment. Releases support the party line and are more and more apt to be distrusted by newspapermen dedicated to the task of informing their readers.

Perhaps a more serious threat to the right of the people to be informed is contained in a bill recently proposed in the House of Commons. It would place restrictions on advertising ostensibly for the purpose of reducing food costs by curbing department store promotions. The taxing device proposed could prove the entering wedge through which government one day might gain complete control of the press.

Advertising revenue is the lifeblood of the newspapers and other media of communication. If ever the politicians assume the power to tax advertising they will have at their whim the control of the press and the consequent abridgement of the people's right to be informed.

If President Johnson's political future is now in doubt in the United States, much of that public distrust undoubtedly emanates from a widely held feeling that he is a master at managing the news. Ignorance breeds fear and the U.S. involvement in Vietnam might be taken in stride by the average American if he felt he was being fully informed on the actual fighting and the measures being taken to reach a just and lasting peace.

Canadians have much the same distrust of news reports from Ottawa or their provincial capitals.

Politicians might be smart to learn that they bear the brunt of this distrust and doubt, even when it may be the bureaucrats who are setting up the smokescreens.

It's A Horrible Death

The death of a four-year-old child in the Ottawa area from rabies should bring home to residents of this county the danger inherent in this dread disease which has had a hold on wildlife here for several years.

The little child, her mother and two other adults were scratched by a strange cat in October. They were given anti-rabies treatment immediately but there is a danger period of six months and the child developed the disease and died Friday.

Free vaccination clinics for household pets are being held throughout Glengarry next week and it is to be hoped residents will prove responsible enough to have their cats and dogs protected.

Dogs should not be running at large and especially is this the case in Alexandria where the law forbids it.

Some are abroad on our streets, however, and we would suggest the by-law should be enforced by the police or be repealed by town council.

HE PUT CANADA FIRST

When our politicians and other Canadians attempt to justify the building of the new natural gas pipeline through the United States, it is a good thing they did not have to make the decision which faced Sir John A. Today there is a Canada because Sir John A. Macdonald insisted on the all-Canadian route.

PRIVY PARADE

Our entry into centennial year went almost unnoted here where it was just another New Year's eve. Some centres across Canada went all out in celebrating on a special scale and probably the most imaginative and wacky do was that in Bowsman, Manitoba, a village of 504.

Residents of that village had a real bash, according to a Canadian Press report.

A new water and sewage system had made outdoor toilets obsolete in Bowsman so on centennial eve these were paraded down the street before being gathered for a gigantic bonfire.

"This is a solemn moment in the history of Bowsman", began the Rev. Jim Liles in his eulogy to a privy. "The time has come to destroy friends who have held up their ends through the years".

The weather-beaten buildings were bedecked with placards and streamers — toilet tissue, of course, for the final salute from the town.

Wonderful, isn't it, what a bit of imagination can dream up. Those responsible might well be made Privy Councillors for centennial year.

We're left wondering if there are any of those Chic Sales specials left in Vankleek Hill which had its new municipal water supply turned on in December. Maybe Andy Boyer could arrange just such a party as they had in Bowsman.

GOOD NEWS FOR FARMERS

Oh, you lucky farmers. A news release reminds us you're soon to be permitted to pay into the unemployment insurance fund if you employ insurable farm help.

Unhappily you can't be insured yourself if you're a farmer; nor can your close relatives. But Big Brother in Ottawa is going to let you make contributions to the fund and you'll have the fun of withholding part of your employee's pay each month and adding an equal share out of your own pocket before going to the Post Office to buy those pretty little colored stamps.

The government will supply you for free with a book in which to put the stamps and you'll be left the pleasure of licking each stamp and rolling the rather pallid flavor on your tongue. You can also look forward to visitors, you people in the back concessions who scarcely ever see anyone. Auditors from the commission will call on you to audit your records and help you with the program.

For the first year at least, surely they won't levy a fine if you haven't got your homework done.

It's to be hoped you farmers are even more happy to be part of the jolly Unemployment Insurance circle of contributors than is the editor of this paper. If you haven't already learned that it's more satisfying to give than to receive the UIC will teach you in a few uneasy lessons.

Farmer contributions to this slush fund start April 1st, which may or may not leave you with the feeling you're an April's Fool.

The average person will fight harder for special privileges than for equal rights.

WE LIKE THE VARIETY

Practically everyone who's mobile seems to be heading for Florida or Mexico this month. No doubt they'll enjoy the sun but if they had already flown last weekend they were missing January weather we wouldn't trade for even a glimpse of a bevy of bikinis.

Say what you want about our Canadian winters but you've gotta admit we get variety of weather. Each week has seven days and each day one wakes wondering what the weatherman has served up. The weekend menu of sun and balmy breeze was to our liking but darned if we don't get a bang out of the occasional blizzard, too, or a serving of deep freeze that doesn't hang around too long.

Down in Florida we doubt they're appreciating the lengthening day with its promise of long summer nights to come. A bare sidewalk down there is so commonplace they miss the thrill we know from melting snow.

There are still a couple of weeks of January to get through and February can have its share of frigidity. But we're getting closer

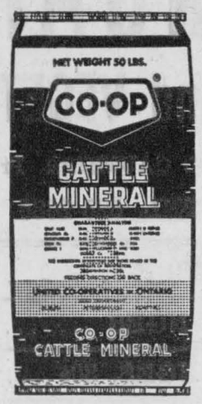
IMPORTANT NEW DEVELOPMENT FROM CO-OPERATIVE RESEARCH:



New CO-OP Cattle Mineral A fights phosphorus deficiency in milking cows.

A shortage of phosphorus reduces milk production. Too much Calcium in relation to the Phosphorus has the same effect. That is why Co-operative Research has developed new CO-OP Cattle Mineral A. This formula contains Calcium and Phosphorus in *equal proportions* . . . the same ratio found in *milk itself* . . . to assure you of maximum *milk production*. CO-OP Cattle Mineral A also contains salt, iron, iodine and important trace elements, plus vitamins A and D. Discuss the advantages of CO-OP Cattle Mineral A with your Co-operative feed specialist now.

Divide Honors At Hawkesbury As Senior Hoopsters Lose, Juniors Win

Glengarry District High School's basketball teams won and lost at Hawkesbury, Friday, as the seniors dropped a close 51-42 decision and the local juniors won 31-15.

R. Ladouceur was the home school's big gun in the senior struggle as he scored 18 points. L'Ecuyer had 11; R. Charlebois and J. Y. Lascelle 7 each, P. Menard 6 and G. Page 2. Paul Rochon scored 17 for the visitors; Ken Mosher had 10, Neil Macdonald 8, Charlie O'Brien 4 and Larry Filion 3.

In the junior game K. Dextras scored 15 points for Alexandria; Brian Libbos had 7 and two points went to M. Amelotte, P. Hurtubise, T. Laframboise, R. Jeaurond and R. Lalonde. In the home team, Pepin counted six, Timbers, Allard, Paquette and Denis counted two apiece and Seguin had one.

Maxville Jrs. Beat Cardinal Broncs

Maxville's Junior Millionaires added a 7-3 victory Sunday on home ice when Cardinal Broncos were the victims.

Pierre Maisonneuve scored two for the victors and singles were shared by Don Benton, Ron Beausoleil, Bob Latreille, Andy Guindon and Don Blaney.

Scoring for Cardinal were Gerald Belanger, Bryan Armstrong and Bob Baldwin.

LEGION-AIRES

LEGION ZONE G-4 CURLING BONSPIEL

The Roaring Game got off to a good start shortly after 10 a.m. Saturday, January 14, at the Alexandria Curling Rink.

Draw master Gordon Symond, Zone Sports Officer, reports that he experienced a few anxious moments in drafting the tournament schedule but with the assistance of John Grant and Gerald Blair, host Branch co-ordinators of the event, the eight teams which registered were soon given their ice time and from 10 a.m. until 9.30 p.m. the teams, with the assistance of and direction from the spectators gallery, battled it out for the prizes.

The eight rinks which registered were as follows: Cornwall, three, with skips, Dick Gamble, Ivan DesCotes and Ed Lariviere; Lancaster, two: skips, Pete Bonneville and Don Snider; Hawkesbury, one: skip, John Dunn; Alexandria, two: skips, Jack Caley and Gerald Blair.

The Ivan DesCotes (Cornwall Rink) with Bill Baxter 2nd, Morley Whitham 3rd, and Len Stidwill lead battled with the John Dunn (Hawkesbury Rink) of Lawrence Chateauvert 3rd, Roger Cote 2nd, and Bernie Bogue lead for the grand prix. A beautiful hand hammered stainless silver tray suitably engraved was presented to each member of the Cornwall rink, while the runner-ups Hawkesbury, each received a lovely silver stein (mug) also engraved to mark the occasion.

The Cornwall rink with Dick Gamble skip, Angelo Lebano lead, Don Huggett 2nd and Jerry Grant 3rd, battled with the Alexandria rink, Gerald Blair, skip, Gordon Monk lead, Harry Main 2nd and Cameron McCormick 3rd, for the Consolation prize. The Cornwall rink won the victory and the prize, a suitably engraved cigarette lighter was presented to each player.

In making the presentations Gordon Symond commended the teams for the fine spirit of comradeship and sportsmanship displayed throughout the event. He moved a vote of thanks to Comrades John Grant and Gerald Blair, Host Branch co-ordinators and to Branch President James Hubbard for the hospitable manner in which the players were received. To the members of the Curling Club for the use of all the facilities and he congratulated the members of the Ladies' Curling club for the outstanding food and cheerful service provided throughout the long day.

Host Branch President James Hubbard acknowledged the efforts of the Sports Officer, Gordon Symond in organizing the event, he also thanked those responsible for the success of the bonspiel and encouraged all the Legion members to continue to foster and promote Legion sponsored sports events and activities which brought about unity and fostered comradeship amongst members of the branches from zone to Dominion levels.

Alexandria Legion Branch members who participated in the games were: Jack Caley, Phil Kaufmann, Jim Hubbard, D. O. Collin, Gerald Blair, Gene Macdonald, Gordon Monk, John Grant, Cameron McCormick and Harry Main.

Lawrence Fraser Martintown, Dies

An esteemed resident of Martintown, Lawrence C. Fraser passed away on Monday, Jan. 2nd, at the Cornwall General Hospital where he had been a patient for ten days. Mr. Fraser was the eldest son of the late Hugh Fraser and Elizabeth Clark and was born in the 2nd con. Char. on Nov. 3rd, 1895. He had been a resident of the River Road, Martintown, for the past 58 years.

He was predeceased by his wife, the former Catharine Lamabe, who died in 1931. To mourn he leaves a son, Clark Fraser of Cornwall; two brothers, Alexander on the homestead, Martintown; Leslie of Cornwall and one sister, Mrs. Ernest McPherson (Lillian) of Lancaster.

He was predeceased by two sisters, Mrs. Hugh Symons (Alice) of Williamstown, in 1928 and Mrs. Arthur Farlinger (Mabel) of Martintown, in 1963.

He was a member of St. Andrew's Presbyterian Church, Martintown.

The funeral was held on Wed., Jan. 4th, at McArthur Bros. and MacNeil Funeral Home with Rev. W. L. McLellan of St. John's Church conducting the service.

The body was placed in Woodlawn vault to await spring burial in St. Andrew's cemetery, Martintown.

Pallbearers were Donald Farlinger, Lester Farlinger, nephews, William Smith, Stanley Foulds, Hugh Munro and Clarence Bethune.

Alex G. MacEwen Died At 62

A widely known resident of Maxville, Alex G. MacEwen died Dec. 21st in Cornwall General Hospital. He had been in failing health for six months.

Supervisor in western Glengarry for the Dairy Herd Improvement Association, Mr. MacEwen was a brother of the late W. A. MacEwen, former warden of the United Counties.

Born on the family homestead east of Maxville on Nov. 3, 1904, he was a son of the late Peter H. MacEwen and his wife, Mary Jane MacIntyre.

Mr. MacEwen farmed the family homestead until 1949 when he moved to Maxville. He had been employed by the herd improvement association for the past 16 years.

Active in the community, he was a member of the board of managers of St. Andrew's Church and was active in a number of farm organizations. He was a staunch calf club supporter in the county.

Mr. MacEwen is survived by his wife, the former Mae Campbell; by one son, Robert; and one daughter, Lorna. Two nephews, W. R. and Peter MacEwen also survive, as does a brother, Archie of Fort William.

Funeral services were conducted by Rev. Iver D. MacIver in St. Andrew's Presbyterian Church, Dec. 24th. Burial was in Maxville Cemetery.

Pallbearers were W. R. MacEwen, Peter MacEwen, David MacGregor, D. J. Hartrick, Hugh Robertson and Harold Cameron.

Many At Funeral Georges Menard

A resident of Green Valley since childhood, Georges Menard died Dec. 21st. He was 71 and had been in failing health for the past year.

To mourn he leaves his wife, Bertha Brunet, two sons and nine daughters: Aime and Jean-Paul of Green Valley; Laurette, Mrs. Roger Blondin; Dora, Mrs. Rene St. Germain; Therese, Mrs. Marcel Secours; Rejeanne, Mrs. Walter Maheu; Marie-Claire, Mrs. Roger Chevrier of Montreal; Clara, Mrs. Leo Dubois of Rigaud; Leonne, Mrs. Jean Ranger of Dalhousie; Colette, Mrs. Maurice Sauve of Glen Robertson; Denise, Mrs. Carl Collette of Lancaster.

Two brothers and three sisters also survive: Baptiste, Cornwall and Louis, Green Valley; Mrs. Armand Lajoie, Mrs. Jos. Lajoie, Green Valley; Mrs. Arthur Leger, Cornwall and 23 grandchildren.

The funeral was held Saturday, Dec. 24th, to St. Mary's Church, where the requiem mass was sung by Rev. Emilien Houde, assisted by Rev. Lionel Joyal. Burial was in St. Mary's cemetery.

Pallbearers were Armand Menard, D'Assise Emond, Real Henri, Rene Menard, Gerard Leger and Wilfrid Lajoie.

Announcement was made a couple of weeks ago of Bell Canada's Centennial Fellowship Program. For years our Company has been interested in education projects, from the High School Science Programs to those at university level. And now, as a Centennial Year project, the Fellowship program has been established to support the further development of post-graduate education — one of the urgent needs of the Canadian educational system. I was most interested to note that the fellowships will be truly a Canadian program. They are for exceptional Canadian students who plan to do graduate work in a Canadian university or college. Beginning this year, 1967, this program will be administered by the Association of Universities and Colleges of Canada and will provide four new fellowships each year to assist students to achieve their educational objectives at a post-graduate level. And, there will be no restrictions as to the nature of the studies the successful candidate may pursue. Preference, however, will be given to those subject areas which appear most directly relevant to the scientific, political, social or economic needs of Canada. We at Bell Canada hope that by commemorating the past 100 years in this way, we are also assisting some of the young Canadians who are the future of our country.

****

I've decided to make an addition to my list of resolutions for 1967. After hearing a brief run-down on the bewildering variety of projects which will help celebrate Canada's Centennial, I think I'd better take a deep breath and "go into training" for the busiest, most exhilarating and interesting year most of us will ever experience. From the sound of things no one should be able to say "I've nothing to do" during 1967. The difficulty will come in trying to select the most interesting of the nation-wide projects in addition to our own local celebrations. Already the Confederation Train has begun its coast-to-coast tour to bring Canada's story to 63 cities and the Confederation Caravans, which tell the same story, will visit 657 more communities. Ten teams of hardy Voyageurs will follow the treacherous, 3,500 cross-country route of the original Voyageurs between Alberta and Montreal. In the summer 13 teams of mountaineers will climb 13 of the highest unclimbed, unnamed peaks in the Rockies and name one for each province and the Northern Territories with the highest peak designated Centennial Peak. For sport enthusiasts, the Pan-American games will be held in Canada for the first time — in Winnipeg, July 22 to August 7. The RCMP will stage special performances of their famous Musical Ride. And, of course, there is Expo 67 — the fantastic spectacle of Man and His World being held in Montreal from April 28 to October 27. Expo people feel that all roads will lead to Montreal this year as millions of Canadians and their guests make a visit to Expo 67 part of their Centennial Year plans. While you are there, I hope you will also visit the Telephone Association of Canada pavilion, which, I understand, is even now quickly nearing completion. There you will see an exciting film "Canada 67". I'll tell you more about that in another column. Sounds like a fascinating year to be a Canadian, doesn't it? I hope you enjoy just as many of the celebrations as you possibly can.

The Corporation of the Township of Lancaster

BY-LAW No. 567-57

A By-Law to Regulate the Construction of Buildings Within the Boundaries of the Township of Lancaster

WHEREAS it is considered desirable for the adequate development of the Municipality of the Township of Lancaster to control the construction of buildings within the said Township:

AND WHEREAS authority is granted under Section 388 of The Municipal Act to exercise such power:

THEREFORE the Council of the Corporation of the Township of Lancaster enacts as follows:

(1) This By-Law shall be applicable to all types of buildings and structures, hereafter erected within, moved into, or within the boundaries of this Municipality.

(2) In respect to any matter not covered in this By-Law, the National Building Code (last edition) shall apply.

(3) The regulations of this By-Law shall be enforced by the Building Inspector or other official appointed by the Municipal Council. No person shall commence the excavation for or the erection of any new building or the repair, alteration, or addition to any existing building until he has obtained from the Building Inspector, a permit to proceed with the erection, alteration, repair or addition, except that no permit shall be required for repairs or alterations that do not exceed $500.00 in cost.

(4) The duties of the Building Inspector shall be:
(a) To keep proper records of all applications and plans received, permits and orders issued, fees collected, inspections made, reports and documents connected with his duties and reports to the Municipal Council.
(b) To examine and approve plans and specifications submitted with applications for permit.
(c) To collect prescribed fees for permits.
(d) To issue permits signifying approval of applications previously submitted and for temporary occupancy of streets.
(e) To enter and inspect any building or premises at any reasonable time.

(5) Any building permit issued by the Building Inspector, under the provisions of this By-Law shall expire when no building construction is started within six months from the date of issuance.

(6) Without prejudice to the operation of any other By-Law, it shall be the duty of the Building Inspector upon instructions from the Council of the Township of Lancaster, to take necessary measures to institute proceedings against any person who contravenes any of the provisions of this By-Law.

(7) Application shall be made in writing, on forms obtainable at the office of the Building Inspector or Township Clerk.

(8) Every applicant for a permit, shall file with the Building Inspector:
(a) A statement of the estimated cost and proposed use of the intended building.
(b) Duplicate plans and specifications for the construction, alteration, addition or repair of the building for which a permit is required.
(c) Duplicate copies of a plot plan and the location and dimensions of the building thereon.
(d) Any other information which may be required for By-Law enforcement.

(9) For every permit issued where the value of the work to be done is estimated at not more than $1,000.00, a fee of $5.00 shall be paid to the Building Inspector and when the estimated value of the work exceeds $1,000.00, an additional fee of $1.00 for each $1,000.00 or fraction thereof.

(10) Any person desiring to remove a building from one location to another within the Municipality, shall first obtain a permit to do so from the Building Inspector.

(11) When any building is removed from one location to another and is within the above area, it shall be made to comply with the requirements of this By-Law with respect to construction. Any such required alteration shall be made within ninety days of the location of the building within the area.

(12) Whenever, in the opinion of the Building Inspector, any building or part thereof, is by reason of its dilapidated state, faulty construction or otherwise in an unsafe condition as regards danger from fire or risk of accident, the Building Inspector may give to the owner of such a building, or his agent, notice in writing specifying wherein such unsafe condition exists, and upon receipt of such notice, the said owner or his agent, shall forwith put such buildings or parts thereof in a safe condition or demolish same, and when in the opinion of the Building Inspector any building or part thereof, is in such condition that immediate precautionary measures must be taken, in order to avert an accident, the Building Inspector may pull down, repair or renew any such building, or part thereof, at the expense of such owner or his agent and such expenses may be recovered in like manner as municipal taxes.

(13) No single-family one-storey dwelling shall have an area of less than 500 sq. ft., and no single-family dwelling of more than one storey shall have an area of less than 400 sq. ft.

(14) Nothing in this code shall require the removal, alteration, or abandonment of, nor prevent continuance of the use of or occupancy of any existing building, unless in the opinion of the "Authority Having Jurisdiction" that such building constitutes a hazard to safety for adjacent property.

(15) All exterior wall covering shall be applied in such a way that all sheathing and framing beneath is effectively protected from the weather. Materials used for exterior wall covering must meet with the approval of the Building Inspector.

(16) Every building, exclusive of sheds and garages not used for human habitation, shall be erected on concrete, reinforced concrete, concrete blocks or stone foundation.

(17) Every roof shall be covered with one or more of the following materials, provided that other materials may be used if approved by the Building Inspector—
(a) Built-up roof coverings;
(b) Wood shingles;
(c) Metal roof coverings: (1) Sheets (flat or corrugated);
(2) Shingles;
(d) Bituminous composition roof coverings.

(18) All chimneys hereafter constructed shall be of stone or brick laid in cement mortar or of reinforced concrete and shall be at least 8" in thickness on all sides unless lined with vitrified tile flue lining in which case the chimney shall be not less than 4" in thickness on all sides exclusive of plaster and all such chimneys shall be built on a solid foundation from the ground up. "Selkirk-type" chimneys which comply with the regulations of the Fire Underwriters of Ontario are permissible in lieu of the above chimney construction.

(19) Tops of every chimney shall be at least 4'10" above the top of the building of which it is a part if the roof is flat, and at least 2'10" above the ridge if the roof is pitched.

(20) Every chimney shall be provided with a metal clean-out door at the base.

(21) When Municipal water supply is not available, a plumbing system shall be mandatory, but any new plumbing system that is installed in any building and any of which alterations or additions are made, shall comply with the requirements of this by-law. When no plumbing system is installed, there shall be provided sanitary privies, chemical closets or other means for the disposal of human excreta, approved by the Medical Officer of Health.

(22) All electrical installations and equipments shall conform to the rules and regulations made by the Hydro Electric Power Commission of Ontario.

(23) Any person convicted of a breach of the provisions of this By-Law shall forfeit and pay, at the discretion of the convicting magistrate a penalty not exceeding the sum of $50.00 for each offence, exclusive of costs.

(24) A copy or notice of this By-Law, shall be kept posted in the office of the Township Clerk, and available to the public and be published in The Glengarry News, the first week of each year hereafter or otherwise brought to the attention of the public, as the Township Council may from time to time decide by resolution.

(25) The Township of Lancaster or its agents, shall not be liable either directly or indirectly, for any loss or injury to life or property due to any failure of construction or during the construction of any building or structure erected under the provisions of this By-Law.

(26) This By-Law shall come into force and effect immediately upon the passing thereof.

SPORTS in the GLENS

by ANGUS H. McDONELL

The NHL clubs have passed the halfway pole. Jockey "Toe" Blake can see some daylight both in front and over his shoulder. He is on the outside with Les Habs and must now crack the whip to gain an improved position for the stretch run to the wire.

We were not too surprised at a few of Canadiens' early lapses. Success is very heady wine. However, we are beginning to wonder, like others, if they will catch up to either Rangers or Chicago? This is going to be a formidable task as Rangers are no flash in the pan and with Golden Boy Hull moving into high gear this could be Chicago's year to break the top place jinx and be first under the wire.

Canadiens are having one of those years that befall the best of clubs in football, baseball and hockey. They are too solid to fall apart but, obviously, all is not well in their camp.

This is only a mere co-incidence but we are wondering if hockey history is about to repeat? Some years ago, one of the great all time promoters (Conn Smythe) and one of the great all time hockey ivory hunters, organizers and "brains" in club personnel (Frank Selke) came to the parting of the ways. The Canadiens' organization grabbed Frank Selke like Gluey Hughie Campbell latching on to a Ron Lancaster pass.

Within a short time, Frank Selke set up a major junior hockey organization in Quebec. This was the feeder to Les Habs and their minor clubs. The late Dick Irvin and Toe Blake did the rest.

In Toronto, Leafs sagged. In fact, they didn't really get rolling until Punch Imlach became general manager and coach.

Canadiens' top brass revamped their front office not long ago. Kenny Reardon moved on by himself. Rocket Richard was assigned a glorified post that scouts tell us he never did relish. These moves and others were minor in comparison to the forced retirement of Frank Selke.

Within two years, Canadiens are in trouble, we do not know the answer but we do recall the co-incidence.

HALLS OF FAME

Last week references to two Halls of Fame, lacrosse and football, hit the sport pages.

In New Westminster, the building to house the lacrosse Hall of Fame is under construction. Already 10 persons have been selected. As one would expect, Western Ontario players are prominent because the OLA ruled supreme in the East when box lacrosse replaced the field game.

We are wondering about Glengarry nominees? Paddy Brennan of the famed Montreal Shamrocks is mentioned so that's the 1900-14 era. That, too, is Glengarry's reign in the Ottawa Valley. So, otherwise, we have no hope of recognition of outstanding Alexandria-Williamstown stars in any other era. However, at that time, two New Westminster stalwarts in the Pacific Coast League were Sibby Nichols of Alexandria and Ran MacDonald from the St. Raphael's-Williamstown area. Possible in choosing representatives of the great Salmonbellies; either or both sons of Glengarry may be enshrined.

Now the other Hall of Fame. Should Regina News readers see a grey thatched sportsman with a youthful stride jogging along Princess Street or the office building, 808 McCallum Hill, that will be "Hub" Bishop. Hub will be delighted to hear, hence his sprightly step, that Baz (Montreal Star) O'Meara confirms there is a strong move on foot to have the late Reverend William Stanton, OMI, inducted into the Football Hall of Fame. Father Stanton was, as many Ottawa U students like Father Gauthier, Johnnie MacIntosh, Mickey McDougall and Dr. Dolan, to mention a few, will tell you, a great coach. He was the first to get rid of the old baggy pants, canvas vests, and heavy shoulder pads. One of Father Stanton's finest proteges was Ottawa's Silver Quilty when the latter was only 16 years old.

Father Stanton's foresight was not confined to his priestly life and football. When Bill Cook was a mere youngster, Father Stanton predicted that Bill Cook would be the greatest wing of his time. How true!

Hub Bishop is one of the leaders in the campaign to recognize Father Stanton. And Hub is also the first to beat the drums to have Father Duncan (Glen Sandfield) MacDonald and Stuart (Lancaster) Rayside listed in the Football Hall of Fame representing Glengarry. The late Jim McCaffrey was another booster.

Wouldn't the forthcoming Alexandria Lions Club Centennial Sportsmen's Dinner, May 8, be an opportune time to make an official pitch to the powers that be?

HITHER AND YON

It was pleasing to meet a few of the visiting sport fraternity in Ourtown last weekend . . . Vincent (D. A. - 4th Kenyon) MacDonald dropped in on his return flight to Edmonton . . . Vincent, who is a close ringer for his cousin D. R. McPherson, Winnipeg, tells us he agrees with our slogan, "See Canada First", with Edmonton a must. Vince McIntyre down from North Bay . . . Vince commented that on his mine tours he invariably meets someone from either Glengarry or Cape Breton. Norm Byrne and Finnan "Paddy" McDonald also in town. Finnan claims one of the greatest games must be Canada's win over Russia last week. We agree, but knowing we will be classed an old fogie; we are not convinced that any current hockey line in any league can excell in pass pattern plays and scoring the Frank Boucher, Bill and Bun Cook trio of the original NY Rangers.

That was a fine "Gathering of the Clans" in the Legion Hall, Sat. eve., when a well deserved tribute was paid to Donald J. McPhee and his bride-elect, Ann Gouthro . . . they will take that long walk down the center aisle shortly . . . congratulations.

Gerry George, a one time holiday scribe of the News, writes from Africa . . . Gerry is a member of the Kenya Institute of Education, Nairobi . . . The Georges like their current home . . . the kiddies are brown as nuts quips Gerry . . . Gerry tells us he is doing some shooting . . . with guns and golf clubs . . . Gerry felled a gazelle (similar to our deer) . . . with the irons he shoots golf in the 60's . . . is that the score card, Gerry, or the weather mark?

While on the shooting theme, Cliff St. Onge, accompanied by Cameron MacDonald, brought a wolf to the end of the trail last Saturday near Munroe's Mills . . . Bill Kennedy has a new hound . . . a pup from the Winchester Springs Kennell . . . "Snookey" Bradley's pint size hound went off on a yelping run last Saturday to show neighbor Bill Kennedy's new pup that he isn't the only wheeler-dealer in the bush.

Another young Glengarrian moving up in the railway field . . . Louis (Lancaster-Montreal) Bougie taking over an important post with the CN in Campbelleton, NB . . . Louis also has definite plans for that walk down the center aisle.

The roar in St. Catharines generated by Coach Peanuts O'Flaherty must exceed Niagara Falls as the Junior Black Hawks fail to get out of a slump . . . The Jr. Hawks will meet Jr. Canadiens in the Forum, Sat. 1.15 p.m. January 28 . . . no doubt the fans will be on hand to greet Laggan's Willie Terry.

Remember Minor Hockey Week coming up.
