Dillon Saved From Rope

John Dillon will not be hanged for the murder of Constable Shea, having by the report of the physicians escaped death in the scaffold. The report of the specialists Dr. Phelan of Kington and Dr. Burgess of the Verdun Protestant Hospital for the Insane, on the mental condition of Dillon was make known last Saturday. In effect the report is Dillon is not of sufficient sound mind to appreciate the sentence of death by hanging, and that in view of this, the Crown would not be justified in carrying out the sentence of death pronounced upon him in Septem- last. Dillon will likely be sent to the asylum at Kingston.

Post Office Gives Warning

The Post Office authorities have been experiencing considerable trouble for some time past, through certain business firms printing around the spaces allotted to the postage stamps on their envelopes "name rings" or other advertising devices. It was this printing aronnd the stamp that delayed the work of sorting considerably and doubles the liability of making errors. It has been decided to forbid the passage through the mails of any envelopes in which the space around the postage stamp is not perfectly clear from printing.

Narrow Escape From Instant Death

Jas. Barkley, aged 18 years and son of Jerry Barclay of Cass Bridge, came near meeting an instant death on Monday. He was in Chesterville, and like he had done on many a former occasion jumped on a westbound freight train to ride up to Maple Ridge. The train got too much speed up for him to jump and he continued on the train until he reached J. P. Fox's when he made the plunge. He landed about twenty feet away and lay unconscious for some time. When he came too he got up in a dazed condition not knowing where he was. Fortunately he turned east and finally wandered in a half dead condition into the Winchester station, Mr. Johnston, the agent hastily summoned Dr. McLaughlin who went out and fixed up the injured man. The young man had struck on his head, face and shoulder, in which he sustained a deep scalp wound, and broken nose with the side of his face smashed. When he wandered into the station he was so dazed that he could give no account of himself. After being fixed up he was taken home and is now getting along as well as can be expected.—Press.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good!! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

The old fashioned way of dosing a weak stomach, or stimulating the Heart or Kidneys is all wrong. Dr. Shoop's first pointed out this error. This is why his prescription—Dr. Shoop's Restorative is directed entirely to the cause of these ailments—the weak inside or controlling nerves. It isn't so difficult says Dr. Shoops' to strenthen a weak Stomach, Heart, or Kidneys, if one goes at it correctly. Each inside organs has its controlling or inside nerve. When these nerves fail then those organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. Test it a few days, and see! Improvement will promptly and surely follow. Sold by W. G. Bolster.

Eganville Tragedy

Body of Young Woman Found Floating in River

Eganville, Dec. 6.—The usual quietness which marks the observance of Sunday in this town gave place yesterday to excitement, following the discovery of a sad tragedy which took place some time during Saturday night or the early hours of Sunday morning. About 2.30 p. m. some boys standing at the north end of the bridge at the Star Enterprise block, noticed a body of a woman floatin the river near the foundation of the building. A crowd soon gathered, and the body being taken to shore proved to that of Emma Wilkie, aged 29 years, a young woman who for the past year has been a sufferer from a nervous affliction, and whose mental condition has for some time been the the cause of much anxiety to her friends. On Saturday afternoon she left the home of her brother, Mr. Albert Wilkie, half mile from town, and came to Eganville. Her friends thought it likely she would take a train, as she had spoken of doing so. She was melancholy and despondent, and spoke frequently of being tired of life. The hat, fur ruff and mug, which she wore when leaving home, were on the body when found, and in a purse in the muff was $13 in bills. She was a young woman of prepossessing appearance, in many respects accomplished, and was esteemed by her friends, who greatly deplore her sad end. An inquest was deemed unneceessary.

A Daring Robbery

Moncton, N. B., Dec. 3—A hold-up of the wild west variety was successfully pulled off at Lewisville, N. B., a suburb of Moncton, early tonight by two masked men, unknown. The desperadoes entered the store of W. R. Williams just after dark, and with cocked revolvers held the proprietor and two clerks at bay while the till was ransacked and twenty dollars taken. The men then backed out and fled in the darkness. The robbery was done so quickly that the young woman bookkeeper at work in the office did not know it happened till she was told.

Condemned By Physicians.

Bail Cancelled Daughter in Jail

Bondsman for Barrie Women Grew Suspicious

Barrie, Ont, Dec. 3—Miss Clara Guthrie, who with her mother was a few days ago committed for trial on a charge of perjury, arising out of the enquiry into the fire which destroyed the Music Hall block and the Guthrie residence, both being admitted to bail, but was today rearranged and lodged in jail.

It appears that Mr. James Goodwin, the bondsman, learned that Mrs. Guthrie and her husband had left town, and, fearing that the daughter might also go away, cancelled his surety $250.

Miss Guthrie when arrested stated that she could give no information as to her whereabouts, as she had been in attendance on Miss Montgomery, adopted daughter of the Guthries, who has been confined to bed since she injured herself by a fall after fainting in the witness box during the fire inquest.

Later Miss Montgomery was removed to the hospital, and two little sons of Mrs. Guthrie were temporarily placed in in charge of the Children's Aid Society.

Railway Man at Brockville Mangled

In saving John Flanagan, an aged, man, who stood in danger of being run over by a Grand Trunk locomotive at Brockville, Wm. J. Harper, aged 24, fell under the wheels, having one leg so badly crushed that it was afterwards amputated below the knee. Harper, who was employed in the ash pit, had turned the switch for an engine and jumped on the front portion to ride back to the shops. Flanagan stepped in the way of the locomotive, and, in reaching to push him to safety, Harper slipped and fell off, one leg going under the wheels.

Recommended As An Ideal Remedy

W. S. BOND, Esq.

Lloydtown, Ont., March 19th, 1909.

"For some years I have been greatly troubled with headaches and indigestion, brought on by stomach disorders, constipation and biliousness. I had tried many remedies with only indifferent success, until "Fruit-a-tives" came to my notice. Being a general storekeeper, I was selling a good many "Fruit-a-tives" to my customers and, remarking how pleased they were with the results obtained from using "Fruit-a-tives," I decided to try them and, I might say, the effects were almost magical. Headaches and biliousness disappeared and to-day I recommend "Fruit-a-tives" to my customers as 'An ideal remedy.'

"I might also add that about three years ago I was laid up with LUMBAGO AND SCIATICA—couldn't get out of bed or lift one foot over the other. A good treatment of "Fruit-a-tives" cured me of these pains and banished the Sciatica and Lumbago so that to-day I am as well as ever and can lift anything necessary."

Coughs, Colds Bronchitis

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhozone is breathed into the sore, irritated throat and bronchial tubes, because its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhozone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis or Throat Trouble.

The wonderfully-soothing vapor of Catarrhozone instantly reaches the furthest recesses of the lungs, produces a healing, curative effect that is impossible with a tablet or lipuid, which goes merely to help the throat or lungs.

To permanently cure your winter ills, your coughs, sneezing, and Catarrh, by all means use a tried and proven remedy like Catarrhozone. But beware of the substitutor. Look for CATARRHOZONE only, 50c. and $1, at all dealers.

CHANGES IN NAVY.

U. S. Secretary Announces Some Radical Alterations.

Washington, Nov. 30.—Secretary Meyer will inaugurate on Wednesday some of the most sweeping changes in the United States navy department since the establishment of the bureau system in 1842.

Summarized the essential changes are:

The selection of four responsible advisors on subjects within the four groups into which duties of the department fall, to be known as the aide for material, the aide for personnel, the aide for operations of the fleet and the aide for inspections.

The grouping of the bureaus into two divisions of material and personnel, according to the nature of their duties.

The establishment of a division of operations of the fleet.

The establishment of a comprehensive inspection system.

The establishment of a modern and efficient coast-guarding system in the navy department at navy yards.

The separation of navy yards' work into two divisions and machinery.

The abolishment of the board of construction and the bureau of equipment.

Henceforth the officers who fight the the ships are to have more influence in the navy department.

Sent For Trial.

Barrie, Nov. 30.—Mrs. S. J. Guthrie and her daughter, Clara, were yesterday committed for trial before County Judge Wismer on charges of perjury. It is alleged they swore to what wasn't taken in giving evidence at a fire inquest.

The woman will appear for trial on Dec. 14. Wm. Goodwin is on the bail bonds.

Clara Guthrie, aged 17, was convicted on the evidence of Chas. Lowe, Roy Stone and Bert Scott, who testified that she and her mother had been to Allandale station, arranging to ship two trunks belonging to the mysterious "Miss Meeks." Roy Stone said Mrs. Guthrie had said she was Miss Meeks. Miss Guthrie, at the inquest, had sworn she was not at Allandale.

Mrs. Guthrie faced three charges of perjury in swearing that on her visit to Allandale she was accompanied only by "Miss Meeks"; that the trunks she was shipping contained only Miss Meeks' belongings; and that Miss Meeks was with her when she told the express agent to send the trunks to Allandale. She was convicted on the second of the three counts.

Five Letters to a Telegraph Code Word

Ottawa, Nov. 30.—Some time since the three telegraph companies operating in Canada filed with the Railway Commission new tariffs under which they proposed to count every five letters contained in a telegraphic message as one word. The present tariffs allow ten letters to a word.

The application of this particular rule is chiefly in regard to code messages. The companies asked that the new tariffs should come into effect on Dec. 1, but the railway board will wait until the manufacturers' associations and other parties interested have been given a chance to be heard in protest.

The change will go into force in the United States Dec. 1.

Soldiers v. Farmers In Times of Peace.

London, Nov. 30.—Lord Dundonald, addressing the Veterans' Club, said the mind of the soldier should be largely directed to the advantages of colonial life. When the labor market was overstocked ex-soldiers might be given rations and instructions in agricultural farming near a garrison, and then drafted to the agricultural settlements in Canada, those most liable to join the colors being placed nearest the Atlantic seaboard.

Struck by Train.

Kingston, Nov. 30.—Miss N. S. Aylesworth, aged 50, of Ernestown, was fatally injured yesterday when about to start on a trip to Boston. At Ernestown station, in alighting from a buggy, she stepped backward on the track and was struck by a fast special. She was thrown against the platform and suffered internal injuries. Hurried to the General Hospital in Kingston, she died in a few hours.

Perished From Exposure.

Sprucedale, Nov. 30.—The body of John Middleton, who disappeared suddenly on the evening of Nov. 15, was found in a field belonging to Charles Brown, three miles east of Sprucedale, by W. Thompson. It is believed that Middleton lost his way en route to Emsdale on foot, perishing in the severe cold on that night. The remains were brought to Sprucedale, and the funeral will be held this afternoon.

Bought by Montrealers.

Woodstock, Nov. 30.—The Oxford Knitting Co., established in Woodstock several years ago, was sold yesterday to a Montreal company and will be known as the Shaw-Wennington Co. of Montreal. Most of the capital was held by local business men, who got a good increase on the par value of the shares. The industry will continue in Woodstock.

Gave Sick Child Carbolic by Mistake.

Windsor, Nov. 30.—Carbolic acid swallowed by mistake nearly cost the life of Aileen, the young daughter of Fred Parent, a machinist. The poison was mistaken for medicine by the child's mother and a spoonful was administered before the infant's screams caused the terrified mother to note the error.

James J. Hiss has offered to give Huron College, Huron, S.D., $50,000 for its endowment fund if the college will raise $200,000 additional within the next two years.

A Polish woman in Winnipeg, who is alleged to have drowned her newborn babe in the lavatory of the hotel where she has been employed, is charged with murder.

At Alma Lake, St. Johns, Que., three children, while crossing the Petite Decharge River, on their way to visit their hare snares, sunk through the ice and were drowned.

At Franklin's Bay, Sparrow Lake, near Gravenhurst, on Saturday night about 7 o'clock, Mary Gill, aged 15 years, and her brother, Daniel Gill, aged 13, broke through the ice while skating and were drowned.

As an additional precaution for the safety of the public the Railway Commission proposes to make an order requiring all electric railways under its jurisdiction to instal air brakes as well as hand brakes on their cars.

During the summer Ernest Stanbridge, a servant of the Royal Military College, Kingston, saved three people from drowning. At the college yesterday he was presented with a Canadian Humane Association medal by Hon. William Harty.

Weds by Father's Coffin.

Chicago, Nov. 30.—Standing by the coffin containing her father's body, Miss Juniata C. Howard was married yesterday to Irving Herrott, an attorney. Mr. Howard was a prominent horseman. Last week he was fatally injured by an automobile. His last wish was that his daughter should be married in his presence, but before the license could be obtained he became unconscious.

New Control For Trust.

New York, Nov. 30.—Acting for a group of individuals whose identity is not disclosed, Henry P. Davison of J. P. Morgan & Co. has acquired a majority interest in the stock of the Guaranty Trust Co. of this city, an institution with deposits of more than $90,000,000 through the purchase of the holdings of the Harriman estate and the Mutual Life Insurance Co.

Unearthed a Skeleton.

Brock Road, Ont., Nov. 30.—A human skeleton, apparently the remains of a male person, were unearthed about a foot below the surface on the McIntosh farm near Brock Road, Ontario County, last week. The C.N.R. construction gang are at work and in grading east of the Brock Road made this find. No one knows anything of the identity of the grave.

Slashes His Throat.

Uxbridge, Nov. 30.—Wm. Wallace, a gardener, aged 84, who lives at Sandy Hook about a mile from here, early yesterday morning slashed his throat, four times. Dr. Shier had to put ten stitches in to close the wounds. The old man says he does not know what made him do the deed. He will likely recover.

Austrian Consulate In Winnipeg.

Winnipeg, Nov. 30.—Increasing immigration to the prairie provinces has resulted in a decision by the Austrian Government to establish a consulate in Winnipeg. Dr. H. Schwegel, the Austro-Hungarian consul at Montreal, has been selected for the new post.

Gompers Calls on Taft.

Washington, D.C., Nov. 30.—President Gompers and other A. F. of L. officials yesterday laid before President Taft the resolution of the legislation committee adopted at the recent Toronto convention.

Sailors In Union.

New York, Nov. 30.—Coolie crews on Pacific mail steamships controlled by the Harriman system and on steamers running from Puget Sound to China, controlled by James J. Hill, will be denounced at the fourteenth annual convention of the International Seamen's Union of America, which opened in New York yesterday.

It is said plans will be discussed to weld the marine workers of the world into a gigantic union. J. Havelock Wilson, leader of the British seamen and member of the English Parliament, presided.

With the perfecting of the international union the seamen contemplate the formation of a series of demands which will be presented to the employers, including: Uniform wage scales for long and short voyages; the number of engine room, and boiler room employes carried on each ship to be regulated according to the coal tonnage of the ship; the selection of every crew to be under the supervision of a representative of the sailors' union.

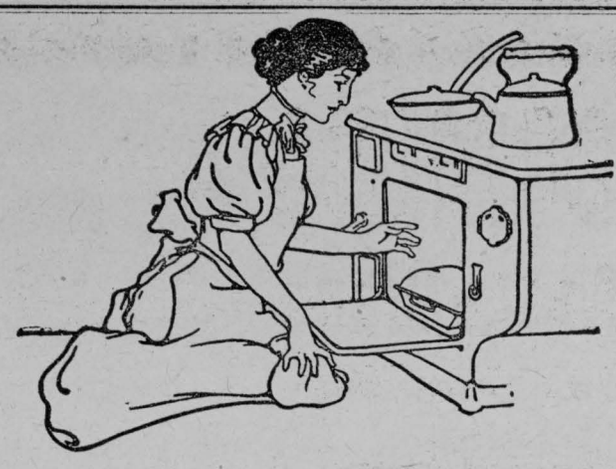

Woman Was Set on Fire.

Tampa, Fla., Nov. 30—Marie Acosta, a young widow who was fatally burned in her home at West Tampa Sunday night, declared in an ante-mortem statement yesterday that a rejected suitor, Miguel Comez, had set her afire.

She said that he, with two confederates, forcibly entered her home on Sunday night, bound her hand and foot, and saturated her clothing with gasoline and touched a lighted match to her.

Torpedo Boats for Toronto Fair.

London, Nov. 30.—George Gooderham, M.P.P., and Dr. Orr hope to secure for the Toronto Exhibition next year a small flotilla of war vessels, consisting of torpedo destroyers and submarines, the object being to give exhibitions on the lake opposite the exhibition grounds. Messrs. Gooderham and Orr left yesterday for Sheffield, Birmingham and Glasgow. Dr. Orr sails on the Celtic Saturday.

MONTREAL, Nov. 29.—(Special.)—At the Montreal Stock Yards, West End Market, the receipts of live stock for week ending Nov. 27, were 2400 cattle, 2000 sheep and lambs, 2000 hogs and 600 calves. The supply this morning for sale was 1500 cattle, 1400 sheep and lambs, 1000 hogs and 300 calves. Cattle prices scored a further advance, attributed to smaller supplies and more seasonable weather. A feature of the trade was the keen competition between packers for canning stock and prices were ¼c per lb. higher, at 2c for cows and 3c for bulls. Owing to the higher prices demanded for butchers' cattle trade was somewhat slow early in the day, but the demand improved, and a good trade was done both for local account and for shipment to outside points. Choice steers sold at 5¼c to 5½c; good, at 5c to 5⅛c; fair, at 4½c to 4¾c; medium, at 4c to 4¼c; common, at 3¼c to 3¾c per lb. Sheep and lamb prices were fully maintained. Supplies were fair and an active trade was done. Lambs sold at 5¾c to 6c and sheep at 3½c to 3¾c per lb. Trade in calves was quiet on account of small offerings, but demand was good and sales made at from $3 to $10 each.

Humor and Philosophy

By DUNCAN M. SMITH

GRAND BENEFACTOR.

I WONDER who invented kissing,
Found out the way
To work the proper combination
That's called in play?
Who was the first to get in action
And frame the plot?
If Adam didn't know about it
He missed a lot.

Or was it, after all, invented?
Or did the art
Come second nature to the ancients
Without a chart?
A fellow ought to tumble to it
Some moonlight night
Without directions neatly printed
If he were bright.

At any rate, through all the ages
It's led the race
In every land and every language
A merry chase.
It's given mankind a lot of pleasure,
And here and there
It's made for him a lot of trouble
He couldn't square.

And now the sober son of science
Has placed a ban
On it—in other words, to kissing
Has tied a can.
But will man heed the words or treat them
Much as a joke,
Take this advice and cut out kissing?
Just watch his smoke.

A Decaying Race.

Nothing has called so sharply attention to the fact that the Indians have fallen sadly and far from their high estate as much as the fact that a bad Indian in California who had to be hunted by a sheriff and posse was named Willie Boy.

The name sounds more like that of the hero of one of our popular songs. Willie Boy! The next thing we know we will hear of bad Indians named Rollo and Percy.

Think of a race that has turned out such warriors and scrappers as Rain-in-the-Face, Scar-on-the-Ear, Patch-on-the-Trousers and others known to Indian warfare and dime novel fiction having Willie Boy as its star desperado!

It is enough to cause a cigar sign to weep.

Mutual Experience.

"Parting is such sweet sorrow," said the sentimental young man.

"It is, indeed," agreed the bewhiskered wanderer with whom the sentimental young man had met by chance.

"One hardly knows whether joy or pain predominates."

"That depends," replied the more practical one. "If the old man helped you out with the toe of his boot, don't take it so hard. He might have set the bulldog on you."

As Usual.

"He used to be madly in love with her."

"Isn't he now?"

"No."

"Mercy, what did she do to disillusionize him?"

"Married him."

Great Cause.

"There is no pole at the north pole."

"That's too bad."

"I guess it is all right."

"Hadn't we better start a society to get the rich interested in buying one for the place?"

The Scorcher.

There was a young fellow named Haight,
Who went at so rapid a raight
He blew out a fuse
And punctured his shuse,
So Mr. Haight's gaight wrecked him straight.

Needed Aid.

"You can get anything you want in this place by simply touching a button."

"I was in here the other night, and I couldn't."

"Maybe the electricity wasn't working."

"Yes, it was."

"Didn't the waiter come when you touched it?"

"Sure, but the first thing he asked me was if I had any money."

PERT PARAGRAPHS.

Of course there's no use worrying, but think of the fun some people have working night and day at it!

Lots of people would be almost sensible if they had some sense.

Being able to have what you want doesn't always lessen longings.

Don't blame a man for being up in the air if he has a good aeroplane.
